PRESENTATION TO GAUDET PLACID

Just before the meeting of the N. S. Historical Society closed Dr. Armstrong said he had been asked to perform a very pleasant duty and he proceeded to present to Mr. Placide Gaudet, a silver spoon that belonged to his ancestors, the French settlers here from 1605 to 1755. Mr. Gaudet was completely surprised as he did not know there was such a heirloom in existence, and was most agreeably affected. In his reply he spoke of his very kind reception here by all Bridgetown, and he had never spent a happier week in his life than this one, as the people had given him every courtesy, respect, honor and love, and also a fine basket full of Bellevue apples that he was carrying back to Ottawa.

The silver spoon has an interesting history. Over fifty years ago it was excavated by some workmen in the truckyard by the riverside on what was the homestead of the Bellevue's, ancestors of Mr. Gaudet, and also of Bishop LeBlanc, of St. John. It was bought from the workmen by the late Weston Fowler, and cleaned up and found to be solid silver, and has been in the Fowler family ever since, and Mrs. Fowler, who is now living, hearty and bright, and over eighty years of age, with her family, wished to pass it over to this distinguished descendant of this family.

Big Campaign on For School for Blind

Mass Meeting Held Sunday Evening -- Addresses By Chief Organizer Down and Miss Ellis

A mass meeting which taxed the seating capacity of the building, was held on Sunday evening in the interests of the Campaign for the Blind. Mayor Warren presided and referred in a most sympathetic manner to the cause and to its claims for support even among the many worthy demands being made on the public purse.

The first number of a varied and excellent programme was an organ selection of merit by Mr. Lamey, a pupil of the Blind School at Halifax.

This was followed by an excellent address by Miss Ellis, of Digby, formerly a pupil at the school, but now one of its teachers. She outlined the character of this work and its needs. "The Blind as she fully expressed it," have no physical compensation for those things which are taken away. Only indomitable will and strong intellect carries them along. Their only law of compensation lies in the hearts of God's people.

At the conclusion of the address which was followed with interest and

well received from the talented young lady, Mr. Lamey again favored with an organ selection, followed by Mr. Erle Spicer, of Berwick, who sang to splendid effect, "What of the Night; What of the Day".

Mr. J. F. Downs, official organizer for the Campaign, then in the course of an excellent address, presented in a distinct manner the needs of the school and the objects of the present campaign. There was an existing deficit of \$40,000 and \$100,000 was needed to clear this off and provide for present and future needs. Reference was made to the broom factory which provided employment for blind persons. This would have been closed but a short time ago but for the generosity of the government. He dwelt also on the work accomplished by the school in rendering self-supporting persons afflicted with blindness and gave instances where graduates were enabled through instructions given them to rise to positions of honor and prominence, and instances where the others became self-supporting. A little less on mere pleasure and a little more to help the unfortunate would result in seeing the objective accomplished. He closed with a strong appeal for public support in this most laudable cause.

A vote of thanks was moved by Rev. C. W. Robbins, seconded by Rev. E. E. Underwood and passed to those taking part in the evening's program. To this a suitable response was made by Mr. Down. It was moved that the Women's Institute take charge of the campaign locally.

Annapolis County S. S. Convention

Big Rally of Workers—Delegates Warmly Welcomed at Lawrencetown. Splendid Addresses

A large and enthusiastic rally of the Sunday School workers of Annapolis County gathered at the Demonstration Building, Lawrencetown, on Tuesday, Sept. 12th, the first session opening at 10 a. m., Dr. J. B. Hall, County President, in the chair. Devotional exercises of an interesting character were conducted by Revs. A. H. Whitman and W. H. Rackham. A warm-hearted address of welcome was extended to the delegates and visitors by the President, to which Rev. W. S. Smith, of Paradise, responded in a fitting manner, outlining very clearly the wonderful progress and present position of the Sunday School which is now world-wide in its influence for good. In the absence of the Secretary, Mrs. E. H. Freeman, Rev. A. H. Whitman was appointed Secretary.

Rev. R. F. Allen, of Nictaux, followed with an excellent address on our Sunday School program for Teenage Boys and Girls. This program known as the Canadian Girls in Training for Girls and Taxis Square of Boys, was fourfold in its scope, standing for development along physical, intellectual, social and spiritual lines. Its ideal is Jesus, who increased in wisdom and stature and in favor with God and man. The C. S. E. T. program provides the proper training for the all-round development of the growing boy and girl. Best of all, it provides training for fellowship with God and man. The C. S. E. T. program provides the proper training for the all-round development of the growing boy and girl. Mr. Edwin J. Elliott and Mr. S. N. Jackson, of Clarence, and Mrs. Annie L. Saunders, of Nictaux. We express our thanks to God for such souls, and would place their names on record, trusting that their consecrated lives may be an inspiration to all who in Church and in Sunday School remain to carry on the work of the Master.

CAMPAIGN FOR THE BLIND

The Future of 600 Blind Canadians Hangs in the Balance

September 19th, 1922

The Women's Institute, in their usual public spiritedness, have undertaken to devote a large portion of their valuable time to the task of bringing to the notice of the people of this community the urgent need for a better financing of the work which is being done for the blind.

This is part of a drive for funds which is being carried on all over the Province. Enough money must be raised to carry on this all important work or it must be definitely understood that the work for the Blind will be curtailed.

This appeal is not an appeal for charity, but an appeal for a practical expression of community self interest. The blind of Nova Scotia can be taught to become independent of all public appeals. This campaign is to provide the funds for this vitally necessary instruction.

What The Money is For

The funds which it is expected the present Campaign will produce are to be used in these connections.

To discharge the debt of \$40,000 which is owed by The School for the Blind.

To make up the deficit of \$130. between the cost of maintaining each pupil of The School for the Blind for one year and the present financial resources.

To pay the debt against the new building of The Maritime Division of the Canadian National Institute for the Blind. This will take about \$35,000.

To carry on the work of the Canadian National Institute in Halifax. This costs about \$2,000 a month.

We Are Fighting Hard Facts Not Abstract Theories

It has been said that the care of blind citizens should be a responsibility to be borne by governments, not by individuals.

This theory is not disputed, and this campaign does not dispute it. But the facts which press upon us, and with which we must deal are that at the present time the government support is not sufficient to carry on the work.

Are we to stand aside and argue, while 600 blind fellow citizens are left in the hopeless misery that comes when a blind sufferer is denied an opportunity to learn remunerative and interesting trade or profession?

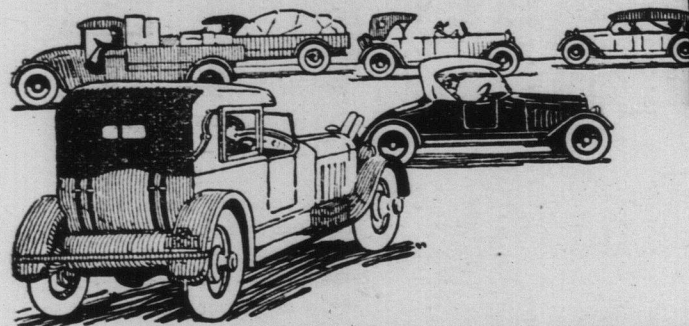

This campaign says NO! We say that the facts of present conditions cannot be met by theorizing on possible future eventualities.

A Quick Start-Yes!

and smooth acceleration,
full power, and big mileage
from this New Gasoline

The first quality which you demand in gasoline is of course unusually quick starting ability. But good gasoline must also possess other qualities if you are to get out of it all that your money should buy.

It must pick up quickly and accelerate smoothly.

It must deliver the maximum power and speed which your engine is designed to develop.

It must run your car or motor boat the greatest distance for the least money.

It must be of uniform quality with supplies available everywhere, so that your carburetor, once adjusted to burn it efficiently, will not need to be changed as would be the case if you were constantly switching from one fuel to another.

For years we have been working to develop such a gasoline. At last we have succeeded—and the new Imperial Premier Gasoline which is now being supplied from our Imperoyal Refinery meets every requirement of modern types of carburetors and engines.

The new Imperial Premier Gasoline will start your motor even more quickly than Queen Gasoline which some motorists have been using. As it excels Queen Gasoline—a special fuel for lighting plants

(not motors)—in many other ways and can be sold for less, we have concentrated on the production of this one superior quality motor fuel—the new Imperial Premier Gasoline. We do not manufacture any other gasoline for engine use.

We urge you to test out the new Imperial Premier Gasoline and convince yourself that it is everything we claim. Compare it, if you will, with the results which you get from any other gasoline no matter what its price.

The new Imperial Premier Gasoline is produced in our Imperoyal refinery. The men who make it and the men who sell it live and make their money—and spend it—in the Maritime Provinces.

Make this test:—Have your tank filled with the new Imperial Premier Gasoline. Then have your carburetor set to use this new fuel so you really can enjoy to the full, the satisfactory trouble-free service which a lean, economical mixture will give you.

Stop at the Red Ball Sign for the new Imperial Premier Gasoline.

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Cartier says Zam-Buk is regarded by his family. Mr. Cartier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely ended. Since then his family is never without it. "Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor,' and are never without it." Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. All dealers, 50c box.

WEDDING MARSHALL-ARSENEAU

A quiet but pretty wedding was solemnized on Wednesday evening, September 6th, at the home of Mr. and Mrs. J. I. Foster, when Mary Hilda Arseneau, of Moncton, N. B., became the bride of Eric Gladstone Marshall, son of Mr. and Mrs. Wheelock Marshall of Beauséjour. The ceremony was performed by Rev. Clyde W. Robbins, pastor of the Baptist Church, in the presence of immediate relatives. The house was tastefully decorated with cut flowers, with garretted trimmings, and carried a shower bouquet of sweet peas. She was attended by the groom's sister, Mrs. Merrill Goldsmith, who wore white silk. The double ring service was used, little Miss Erma Clark bearing the rings on a rose cushion. Mr. Merrill Goldsmith assisted the groom, and Miss Ellen Marshall presided at the piano. Following the ceremony, dainty refreshments were served, after which Mr. and Mrs. Marshall motored to Melvern Square. The bride travelled in a suit of navy blue, with wrap of sand color, and hat of the same shade, with silver trimmings. Upon their return the couple will reside in Bridgetown.

WEST PARADISE

Mr. and Mrs. Chas. Whidden, on returning from their honeymoon, were given a rousing serenade last Monday evening. After refreshments were served the bride delighted those present with several vocal selections. A party from Windsor consisting of Mrs. Bullivant, Mrs. John Daniels, with son, Wallace, and daughter Cora, have been visiting for a few days at the homes of Mrs. John Daniels and Mrs. Frank Poole.

Miss Irma Campbell, who is in charge of the Primary Dept. at Paradise school, spent the week-end at the home of Mr. and Mrs. B. W. Saunders.

OBITUARY

At Rosindale, Mass., on the 25th of August, 1922, their passed away, Mr. Warren Marshall, aged 74 years. Mr. Marshall was born in Hillsboro, N. B., but when quite a boy he came to Nova Scotia, when he learned the blacksmith trade with James Carleton, one of the most efficient tradesmen of his time. He sat up business at Central Clarence where he had a very large patronage and established a neat little home for himself and family but by unfair means by those he took for friends he lost his nice little home.

Mr. Clarence and elsewhere he built up a large circle of friends. He united with the Clarence Baptist Church whilst living there. From Clarence he moved to Middleton, where he remained a few years, and then moved his family to the States. About four years ago he received a stroke of paralysis from which he never fully recovered and on the 25th inst. he received a second stroke which caused his demise.

He was a man with a genial kind-hearted disposition, and had a large circle of friends which was shown by the beautiful floral gifts and the large circle of friends who attended the obsequies.

The funeral services were conducted by the Rev. Dr. Arthur E. Hamman, pastor of the East Baptist Church, of Lynn, Mass., where the same pastor conducted the funeral of his late wife, Phoebe E. Marshall, he was laid to rest in Pine Grove Cemetery beside his life companion.

The pall bearers were Gordon Shaw, James Babner, Morton Marshall and Frank E. Hawthorne.

He leaves three sons, Alburn L. Marshall, of Middleton, N. S.; Clifford K., of Rosindale, Mass., and Morton L., of Middleboro, Mass., and five daughters: Mrs. Luella Babner, of Rosindale, Mass.; Mrs. Rose M. Hawthorne, of Lynn, Mass.; Mrs. Charlotte Emmott, of Beverly, Mass.; Mrs. McLeod Shaw, of Quincy, Mass., and Miss Clytie Marshall, of St. Paul, Minn. Our sincere sympathy goes out to the bereaved sons and daughters, who are left to mourn his loss.

PARADISE SCOUTS ENJOY CAMP FIRE AND CORN BOIL

The boys and girls met about eight o'clock on the South side of the Annapolis River near Paradise. A large fire was built and two large pots of corn were boiled which soon vanished. Camp fire songs were sung and a few selections were given by the girls and boys. The enjoyable "get together" wound up with the Girls and Scouts yells. Three good hearty cheers and "God Save the King".

The girls were in charge of Miss Banks. The boys in charge of Ass. Scoutmaster Ralph Gillis.

There are seventeen girls in the "chewala" Camp Fire Girls of Paradise, with Mrs. W. S. Smith as Guardian, and Miss B. Durling as Assistant. The Paradise Troop of Scouts consist of Scoutmaster F. Balcom, Assist. Scoutmaster Ralph Gillis, Beaver Patrol, Leader Karl Starratt, Edgar Bent, Kenneth Phinney, John Phinney, Hardy Freeman, Eugene Balcom, Edgar Bent, Clinton Gault, Owl Patrol, Leader Richmond Longley, Malcolm Leonard, Raymond Longley, Lawrence Saunders, Warren Longley, Graham Longley, Reginald Darling, Carroll Longley.

This is a very thriving little Troop with a big future. It is regretted that Scoutmaster Balcom is away for a few weeks, but Troop meetings are going to be carried on under the Assistant Scoutmaster Ralph Gillis.

These boys are very interested in Scouting and they are taking this opportunity to thank all those that are taking an active interest in them. The Scoutmaster and those in charge are planning a very active and busy winter, so next summer the first Paradise Troop will be a Troop of active real Boy Scouts always ready to do their "daily good turn".

CAMPAIGN FOR BLIND SCHOOL

The present Autumn witnesses thru our Province a campaign in the interests of the School for the Blind, a splendid and well managed institution which for a long period of years has stood a monument to the energy of Principal Sir Frederick Fraser and the considerate sympathy and support of the government and the people of the Maritime Provinces.

The past few years have witnessed drives for various purposes so that now, more than ever, the appearance of a new one is made the subject of a closer scrutiny.

Our people are sympathetic and public spirited, and no affliction cutting off the gateways of knowledge and enjoyment is more to be commiserated than that of a loss of sight. Of all the afflictions this is the hardest to be borne. How hard can be only realized adequately by the sufferers. Nevertheless even in this regard and in a call for money the public wish to know why the extra demand at this time. They are entitled to know, and the facts as they have reached us are persisted herewith, for some may think that the present call is unnecessary, seeing that the governments of the Maritime Provinces grant subsidies to the School for the Blind at Halifax. The grants, too, have been increased to amount to \$400 per capita. The cost of board, lodging, nursing and attendance at the school amounts to \$530 per annum per pupil. This leaves, therefore, a deficiency of \$130 to be met per scholar.

Possibly to some the cost of maintenance may seem too large, but it must be remembered that blind people require more attention than those

blessed with sight and their education is more comprehensive including literary, musical and industrial.

It has been established that our Provincial School is maintained at a cost less per pupil per annum than that of any institution for the Blind in North America that of one in Arkansas only excepted. Here the cost is \$570 and in this state the fuel problem is negligible. At Ontario school in Brantford wholly supported by the Government the cost per pupil per annum is \$800.

The present campaign is being put on by the School for the Blind in connection with the Canadian Institute for the Blind, an organization whose business it is to extend knowledge for the prevention of blindness and also to care for the adult blind, a class outside the age limit of the school. These latter are often made up of those who have become blind in later life and have no means of support.

The Institute trains such persons in self-supporting occupations, provides material for such occupations in their own homes at cost price, and also undertakes to dispose of their products. The funds are mainly voluntary contributions. The Government last year contributed \$2,500 to its support but that of course does not begin to finance the work. The proceeds of the present campaign will be divided equally between the school and the Institute and the campaign itself is essential to the proper continuance of the work of both.

Confidence is expressed that the public spirit of Nova Scotia will see to it that School for the Blind will be kept fully up to the splendid standard which has so long been maintained.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

"The lands are lit
With all the Autumn blaze of golden-rod,
And everywhere the purple asters nod,
And bend, and wave, and flit."
—Helen Hunt Jackson.

We understand that the railways have not yet been able to run two trains in opposite directions on a single track, yet that is what the Highway Board are trying to do on the main trunk road between Deep Brook and Smith's Cove. They should double track the road the same as has been done in the sand on the North side of the Annapolis River above Bridgetown. The automobilists would have done so long ago only there were no sleepers or foundation on either side in many places, hence were compelled to adopt the single track. It is a full art to drive a car of this section of the road when many other cars are moving too and fro. Please, gentlemen of the Road Commission, give us a roller and do something once for all with the Winchester Hill and adjacent section.

With the continued wet weather the outlook for potato crop in this vicinity is a poor one. Some of the farmers report their crop hardly worth the digging, others that from 25 to 50 per cent. are bad. The crop itself is very large so that while the loss is serious yet it will not be so bad as it might have been. The grain has suffered greatly and in many cases was cut by hand, as it was beaten down too badly for a machine to do the work. The meadow hay will probably remain uncut, as the water is over them. Only a short time ago we were informed you could take a boat anywhere over "Flanders". The crop on the marshes is good, but the ground is so wet and the weather so wet that it is not all in yet.

During this week a campaign is being carried out to obtain funds for the School for the Blind in the City of Halifax—a house to house canvass is being made and the committee feel sure a ready response will be forthcoming. It is a most worthy object from every view point. Handicapped as they are, the Blind look with implicit faith to us who can see. We cannot break faith with God ourselves or with the blind of the Province of Nova Scotia. Just ask yourself, "Do I attend the baseball matches? Do I go pleasuring in my car? Do I use

tobacco? Are these hard times? and then take your pen and write a proportionate subscription to the School for the Blind.

While Mr. Ward was working in his barn on Thursday, Sept. 16th, putting back hay on the scaffold, the ladder on which he was standing turned over and threw him down. He had presence of mind enough to grasp the ladder with his arm as he fell, instead of his falling on the threshing machine and perhaps killing himself, he fell in the mow, striking on his head, which, while very painful, is not serious. His friends are congratulating him on his escape.

On Saturday night late or early Monday morning an entrance was forced into the store of Mr. W. C. Rawding. The burglar opened the cellar door, forced a stairway hatch, smashed a panel in the door from the hall to the store, lifted a hook and entered the store. Opening the till he took the silver, a little over a dollar, leaving the coppers behind. He also took a few other things. The work does not look like that of a professional, nor of a stranger. Now while there is a place waiting in the penitentiary for the person who did this, if he continues this work, there is also a respectable place in this community for him, if he will repent him of the error of his ways, and strive to make a living lawfully.

We are very sorry that the people of Annapolis Royal and other readers of the Spectator were deprived from reading an account of the Old Church service, which appeared in The Monitor, The Courier, and in The Halifax Herald, and Morning Chronicle. A full account was sent to the Editor with the same request as to the Editor of the other papers. It is only right that the Annapolis people should know that the Old Church Committee did their part.

The Highways Board bridge painting crew are in Clementsport painting the iron bridge in the village. The weather has been so unfavorable that they have been greatly handicapped. Large corrugated galvanized pipes are lying beside the road near Cook's bridge awaiting the Highways Board bridge construction crew.

Miss Bertha Potter is spending her vacation at Hantsport and Halifax.

IN THE SHADOW OF POOR HEALTH

In This Condition Relief Comes Thru Dr. Williams' Pink Pills.

When the shadow of poor health falls upon you; when hope fades and life itself seems scarcely worth living, then is the time you should remember that thousands just as hopeless as you feel, have been restored to the sunshine of health through the use of Dr. Williams' Pink Pills. The rich red blood which these pills actually make, strengthens the whole system. The nerves are strengthened, headaches vanish, the appetite improves, and once again there is joy in life. Among the thousands benefited by the use of this medicine is Mrs. Joseph Robinson, Oshawa, who says:—"Some time ago I was in an anæmic condition and so weak I would faint away at times. I had no appetite, could not do my housework; in fact life seemed scarcely worth living. I was exceedingly pale and tried doctor's medicine with no good result. Then one day I saw Dr. Williams' Pink Pills recommended for a similar condition and I got a supply. I continued taking the pills until I had used about a dozen boxes, and they have made me a well woman. I can now do a good day's work about the house, have no more fainting spells and can go about more actively than I did before. I believe these pills just the thing for pale, weak girls and women, and if given a fair trial will do for them what they have done for me."

You can get these pills through any medicine dealer, or by mail at 50 cents a box, or six boxes for \$2.50, from "The Dr. Williams' Medicine Co., Brockville, Ont."

SAFE, because the oil tank is away from the heat, and because the height of flame cannot vary. Clean, because there are no wicks to smoke or need trimming.

Burners can be regulated to give degree of heat desired, and when not in operation are left completely up out of oil contact. The asbestos lining and dead air space, and glass door of "Success" oven ensure heat retention and visible baking.
