VOL. XXXI.—No. 11,267

ROOT AMENDMENT LOST BY OVERWHELMING VOTE

Reciprocity Bill, However, is Not Out of the Woods Yet

Senator Lafollette Will Offer Tariff Amendments for Free Paper, Lumber and Lumber Products, and Reduction in Many Other Schedules—Other Senators to Force Consideration of Wider Tariff Revision.

DID AMERICAN PAPERS SUPPRESS THE NEWS?

WASHINGTON, June 26.—The Canadian reciprocity bill emerged from its first ordeal in the senate to-night unscathed. The root amendment, proposing a modification of the wood pulp and print paper section of the agreement, was defeated after seven hours of debate, by an overwhelming vote. The friends of the amendment were so satisfied of its defeat that a roll call on the vote was not demanded.

Trying to Rush Reciprocity.

WASHINGTON, June 26.—A persistent and perhaps day by day effort, beginning to-morrow, to advance the Canadian reciprocity bill in the senate by getting unanimous consent to fix a definite time for a vote on it, and, on separate days, on the house, wool and free list bills as well, will be made by Chairman Penrose of the senate finance committee. He does not count upon immediate success for his efforts, however.

With the Root amendment to the wood pulp and print paper schedule of the bill disposed of to his satisfaction, Mr. Penrose, after a canvass of the senate, announced that his plan had met with more encouragement than he had anticipated.

The stand-pat Republicans made little or no objections and the Democrats none, but generally the insurgent Republicans were not agreeable to the proposition. They want time to present the issues fully to the country and to the senate. Even these objections Mr. Penrose hopes to overcome in time, and if his first request to-morrow is not accepted, he will repeat it day after day.

There is some apprehension among Republican senators that the wool bill might pass if a vote should be reached, but they affect to feel assured that in the event of such a contingency, the president would veto the measure under his promise to postpone all tariff legislation until a report can be received from the tariff board.

During the day there was a general tightening up of the lines in favor of the reciprocity bill. The friends of the measure on the Democratic side continued the canvass of the situation, and when the senate adjourned, declared the amendment would receive not more than four votes.

condition of Archbishop O'Connor's who is critically ill at St. Basil's hospital. St. Charles was announced at an early hour this morning. On Friday it was learned that his grace was very weak and that little hope was held out for his recovery. He is 72 years of age.

IF THE IMPROVEMENTS KEEP UP

SHADE OF COLUMBUS (in 1942): Great Christopher! What city is that? SMALL BOY: Dat ain't a city—it's the latest thing in ships. —Chicago Inter-Ocean.

R. J. BORDEN PUT HECKLER TO ROUT

Opposition Leader Given Non-partisan Reception in Calgary on Birthday—Addressed Two Meetings.

CALGARY, June 26.—(Special.)—The Conservative leader celebrated his fifty-seventh birthday to-day by addressing two audiences on reciprocity and by opening the new city hall of this city with a golden key. Mr. Borden came up to Calgary from Lethbridge this morning, and on his arrival here was presented with a civic address of welcome. A large number of citizens turned out and gave him an enthusiastic, non-political reception. After the ceremony at the city hall, the party was driven around the city and then returned to High River, where he addressed a public meeting attended by about six hundred people.

The audience at High River contained a large infusion of members of the United Farmers of Alberta, who were badges bearing the word "reciprocity." An address was also presented to him in behalf of this body. It was couched in the same terms as that read at Montreal by the provincial secretary of the organization.

Speakers were interrupted with a frequency which has been rare during the tour. G. H. Perley, the first speaker, when he was speaking of the origin of the reciprocity agreement.

"We asked Laurier for it," came a voice from the crowd. "Did you ask for reciprocity?" Mr. Perley asked back. "We asked for free trade," was the reply.

A Different Proposition. "It is not free trade," replied Mr. Perley. "It is like climbing a ladder by beginning at the top."

Then, after Mr. Borden had concluded his speech, James Hogg, an old-country heckler, rose with a list of carefully prepared questions, which he read verbatim to the speaker.

Mr. Borden began his replies by asking how Mr. Hogg had voted at the last election. "I was not here," answered the heckler.

Mr. Borden: "I thought you came recently from the country, where they have a practice which is called heckling, and it is a good thing."

"Yes," replied Mr. Hogg, "that's because we have more just laws than in this country."

Mr. Borden then proceeded to answer the questions. They included a wide range, from block signals on railways to mergers. The former he assigned to the railway commission, the latter to the tariff commission. He stated his belief that the government now had, however, to compel publicity of railway accounts, but announced his willingness to support other legislation for that purpose if necessary. He defended subsidy subsidies as necessary in Nova Scotia between points where there was no rail communication.

Watered Stock. "Would he like to see the present watering of stock?" asked Mr. Hogg. There was \$25,000,000 watered stock in the G.T.R., was Mr. Borden's reply, and the commission had not investigated it. Would he abolish bonuses to industries? He favored rather protection.

Mr. Hogg promptly declared that Mr. Borden had evaded most of the questions, and pressed for a definite answer on watering of stock. The audience was impatient; the chairman asked Mr. Hogg to desist, but Mr. Borden answered that he would favor a bill to prohibit it. Mr. Hogg still wanted to go on, but the crowd had had enough and he had to sit down.

Mr. John Herron, the federal member, spoke and said he might not be a candidate at the next election. President Blackley of the Conservative Association, who presided, to-day made the father of a boy, whose birthday will thus coincide with that of the Conservative leader.

Navigation Merger Ratified Yesterday

Capital of R. & O. Co. Raised to \$10,000,000—Five New Directors Named.

MONTREAL, June 26.—The big navigation merger, including the Northern and Inland Company, and the Richelieu and Ontario, is now practically an accomplished fact, the arrangement for the consolidation having been ratified at a special meeting of the shareholders of the Richelieu & Ontario Navigation Co., held to-day, with the president, Rodolphe Forget, M.P., in the chair. The basis of consolidation was approved, as well as the increase of the capital and the appointment of the additional directors.

The capital of the company is raised to \$10,000,000, the directors having the power to exchange shares of the Northern & Inland Co. for those of the Richelieu.

The five new directors named are: John R. Binning, W. Grant Morden, and C. A. Barnard, K.C., Montreal; Edmund Bristol, K.C., M.P., Toronto; and James Playfair, Midland, Ont.

SUFFRAGETTES IN MEXICO

Demand the Right to Vote and to Hold Office.

MEXICO CITY, June 26.—A suffragette movement which promises to become a factor in Mexican politics under the new regime was launched yesterday by a woman's club, of which many of the leading women of the capital are members. In a petition directed to Emilio Vasquez Gomez, minister of the interior, they style themselves "friends of the people" and demand the right to vote and hold office. They announce their choice of Francisco I. Madero Jr. and Dr. Francisco Vasquez Gonzalez as president and vice-president respectively.

CHARGED WITH THEFT OF BONDS

PITTSBURGH, June 26.—A. L. Pearson, an attorney, and president of the Union Realty Co. of this city, and Samuel M. Caranahan, a clerk, employed in the office of Holmes, Wardrop & Co., brokers, were arrested here to-day, charged with the theft of bonds valued at \$10,000, belonging to the brokerage firm.

Pearson is prominent socially. His father, Gen. A. L. Pearson, was at one time commander of the troops of the state.

Both men were held in default of \$12,000 bail each.

Presentation to Pastor.

KINGSTON, June 26.—(Special.)—Rev. E. Leroy Rice, pastor of the First Congregational Church, was presented with a cabinet of silver by his congregation. He will be married shortly.

MODERN DANAE'S BANK WENT BUST

Seattleites Indulge in Grabbiest When Gold Reserve Makes Sensational Break—Silken Security Deposits Couldn't Stand the Strain.

SEATTLE, Wash., June 26.—(Special.)—Miss Rose Culver, a local real estate broker, lost a good part of \$200,000 when the First National Silk Stocking Bank busted here this afternoon. Miss Culver, who was the sole depositor of the shattered repository, has just completed a sale, the proceeds of which were the noble 200,000 of which was made to Miss Culver showed that her ticket and made a temporary deposit in the safety deposit vault most conferred by farmers and females. The gold was heavy but the hoistery light, and when Miss Culver essayed to mount the steep steps recently installed upon local street cars, the seam of the stocking seemed to give up the unequal struggle against the weight of the metal which shines like the sun, but which weighs like lead.

Immediately there was a golden shower and a grabfest among folk, among whom the subsequent returns made to Miss Culver showed that her ticket and made a temporary deposit in the safety deposit vault most conferred by farmers and females. The gold was heavy but the hoistery light, and when Miss Culver essayed to mount the steep steps recently installed upon local street cars, the seam of the stocking seemed to give up the unequal struggle against the weight of the metal which shines like the sun, but which weighs like lead.

Boys Had Great Time

OTTAWA, June 26.—"Tell his excellency whole contingent given excellent position, Constitution Hill, both days. Boys most enthusiastic. (Signed) Cole."

This was the cable message received Saturday by Col. Sherwood, Dominion commissioner of boy scouts, from Lt.-Col. F. Mendon Cole, who is in charge of the coronation contingent of boy scouts.

Lord Kitchener had arranged for the whole contingent to be present as privileged spectators, while those selected to represent the organization of the new bank is due, was elected president, and Robert Bickerdike, M.P., vice-president.

The directors chosen were: Rodolphe Forget, M.P.; Robert Bickerdike, M.P.; Sir George Garneau, Hon. L. O. Tallion and J. N. Greenshield, K.C., representing the Canadian stockholders, while those selected to represent the French and other European holders are: Chomerau Lamothe, governor of the Bank of France; Raoul Sautier, commissioner of the Bank of Paris and Pays Bas; George Martin, president of the controlling commission of the Comptoir National d'Escompte de Paris, and S. Badel, banker, of the French capital.

10,000 BARRELS OF OIL BURNED AND 2 LIVES LOST

Oil Barges and Tug Burned to Water's Edge—Warehouses and Wharves Destroyed.

PORT ARTHUR, Tex., June 26.—Two lives were lost, half a dozen men were injured, some seriously, three oil barges and one tug were burned to the water's edge and about 10,000 barrels of oil, two large warehouses and over 500 feet of wharves were destroyed as the result of an explosion, which was followed by a fire in the Port Arthur harbor and waterfront to-day. The loss is about \$300,000.

Capt. Frank Weber of the barge Humble and Samuel Siero, an Italian laborer, lost their lives in an explosion aboard the Humble, where the fire started.

If the flames swept rapidly over several small vessels belonging to the Texas Company and spread to two large warehouses that concern. These, together with the wharves, were soon a mass of ruins. Other buildings were slightly damaged.

BROKE THE RECORD.

HALIFAX, June 26.—Records between New York and Halifax were eclipsed this morning on the arrival of the Red Cross Liner Florizel, which made the run from New York to this port in forty-three hours. Twenty-five years ago a schooner made the run in fifty-six hours, and until the present no sailing vessel has ever been able to duplicate that record. The Florizel brought 150 tourists from New York, and sailed for St. John's, Nfld.

Organization of New Bank Was Completed

Rodolphe Forget, M.P., Chosen President—French Capitalists Subscribed Three-fourths of Capital.

MONTREAL, June 26.—The organization of the Banque Internationale du Canada was completed to-day and the new institution will shortly begin business. The first annual general meeting of the shareholders was held and directors were elected at a meeting of the directors to-day. Rodolphe Forget, M.P., to whose energetic efforts in interesting French capital in Canada the organization of the new bank is due, was elected president, and Robert Bickerdike, M.P., vice-president.

The directors chosen were: Rodolphe Forget, M.P.; Robert Bickerdike, M.P.; Sir George Garneau, Hon. L. O. Tallion and J. N. Greenshield, K.C., representing the Canadian stockholders, while those selected to represent the French and other European holders are: Chomerau Lamothe, governor of the Bank of France; Raoul Sautier, commissioner of the Bank of Paris and Pays Bas; George Martin, president of the controlling commission of the Comptoir National d'Escompte de Paris, and S. Badel, banker, of the French capital.

It was announced that out of a capital of \$10,000,000, the French group had subscribed \$7,500,000, while the Canadian holders had furnished the sum of \$2,250,000, ten per cent of which had been already paid. Representatives of the bank will proceed to Ottawa to-morrow and ask a license from the treasury board, and as soon as these formalities are completed the bank will be open for business.

AUTO STRUCK WOMAN

Motorist Didn't Stop and Police Will Investigate.

Fortunately the injuries of Mrs. George Gray, 29 O'Hara-ave, were not serious when she was struck down by an auto at Queen-st. and Dundas-ave. at 9:55 yesterday morning, when she was stepping out from the curb to cross street car, but the autoist did not stop to see, according to the reports secured by the police, which gave the number of the car as 8980.

The woman, who sustained contusions of the arm and side, was taken home by her son, who was with her.

NEARLY RUN DOWN.

KINGSTON, June 26.—(Special.)—Capt. P. Desmore of the schooner Cornelia has registered a complaint with U. S. Consul Johnson. He claims that the steamer Rochester came near running down his schooner at 2 a.m. Sunday while the Rochester was bound from Buffalo to Rochester. Capt. Desmore said as a sailing vessel he had the right of way, but that the steamer would not give way. When it became evidently dangerous he steered the schooner right at the big steamer, and this resulted in the Rochester changing her course.

MADE PICTURE OF SCINTILLATING BRILLIANCE

Covent Garden Opera Transformed Into Floral Palace for Coronation Performance—100,000 Rose Blooms Used—Indian Princes Most Gorgeous in Great Audience.

LONDON, June 26.—One of the most magnificent spectacles in connection with the coronation was the command performance to-night in Covent Garden, the interior of which was transformed into a veritable floral palace, wreathed with England's fairest flower. Those privileged to be within the great auditorium will long remember the gorgeous, scintillating picture, the fragrance of 100,000 perfect rose blooms, the noble company of men and women representing the royalty of the world, and all the most distinguished in British official and social life, who filled every box and every stall.

The King and Queen drove from Buckingham Palace in a state coach, escorted by Life Guards. On their arrival their majesties were received by the chief state officers and escorted to the royal box, while the brilliant audience rose.

The royal box consisted of ten boxes in the centre grand tier thrown into one, providing 100 seats, nearly all of which were occupied by guests of royal rank. Flanking the royal box were two other large boxes, each occupied by 100 representatives of foreign countries in gorgeous uniforms, and the representatives of the dominions. About half the stalls were allotted to the suites of the distinguished guests.

Picturesque Indian Princes. In point of picturesque attire, the Indian princes, glittering with jewels, were easily first, eclipsing the royalties in their most splendid uniforms. Special American Ambassador Hammond sat in the second row of the royal box, between the Duke of Connaught and the Grants. Duchess of Hesse, his plain evening dress rendering him conspicuous by contrast.

The King was in an admiral's uniform and wore the Order of the Garter. The Queen's gown was of delicate pink, over which the blue rib and of the Garter showed in marked relief. On her bosom were the royal orders of Africa, on her head a diamond fleur-de-lis and a maitre cross. The Queen was escorted to the royal box by Crown Prince Frederick William of Germany, and the German crown prince entered on the arm of His Majesty.

Altho rain again fell to mar the occasion, dense crowds gathered on the Covent Garden to witness the arrival and departure of Their Majesties and the royal visitors. After the performance the royal guests, the special envoys and members of the Colonies corps attended a ball given by the Duke and Duchess of Westminster at Grosvenor.

Renowned Artists Took Part. Renowned artists took part in the gala performance. The program opened with a scene from the second act of "The Barber of Seville," followed by the second act of Gounod's "Romeo et Juliette." Then came Act III of Rossini's "The Barber of Seville," and Tableau II of the Russian ballet, "Le Pavillon D'Armide."

Among the artists were Mmes. Melba, Destinn, Tetrazini, Berat and Kirkby Lunn, and John McCormack, Sammarco, Franz, Bassal and Malatesta.

LACK OF MOISTURE.

Field crops in the farming district around Toronto, which show the effect of the continued heat and dry spell, represent also the damage which the fruit crops in the Niagara and Grimsby districts have sustained.

From observations made by The World correspondent yesterday, it is apparent that peaches will not be as plentiful as last year. Early peaches will certainly be a short crop, and the later varieties will fall off in point of quality.

Strawberries are doing for practical purposes, and in this connection the task of the fruit-grower has been accentuated by difficulty in obtaining competent pickers. Raspberries do not promise a large yield, and imported gooseberries are inferior in size to those of former years.

Shipments of cherries have been going on for some days, and while the yield is fairly large, the fruit does not seem to be as well matured as usual.

Plums ought to be in large quantity, also plenty of apples. The rain of yesterday was not sufficient, and the land needs good soaking.

It was stated that Toronto prices for outside points, altho the Montreal market is said to have been the least profitable.

Rain Now Means Good Crops.

The rain of yesterday came just in time to save the strawberry crop in Western Ontario, and did good other work along the line everywhere. The weather man promises us more of it, so that we should have a personal arrangement for a good story.

What about a light weight raincoat or a good umbrella? The Dineen Company has on sale some select umbrellas and a line of superb all rubber overcoats in the very latest patterns. All prices in raincoats up to twenty-five dollars.

The morning paper is becoming more and more the paper of the masses. The live, up-to-date news or women of the present day is no longer content to wait for twelve hours to learn of the daily happenings. The big events in sports and business rarely happen where the man happens and the complete story appears in the Toronto Morning World. Have it delivered before breakfast. Any address in the city or suburb for twenty-five cents per month. Phone M. 6396.

Mail Orders for These Goods Should Reach us FIRST MAIL WEDNESDAY. Mark Corner of Envelope "City Ad."

EATON'S DAILY STORE NEWS

Have the EATON Plane Demonstrated to You in the Musio Hall, Third Floor.

Cannot promise phone or mail orders. —Second Floor, Queen Street.

THE T. EATON CO LIMITED

WORKS WELL IN SPOKANE. SO WHY NOT IN TORONTO?

Three Months' Trial of Commission Government an Unqualified Success.

SPOKANE, Wash., June 26.—(Special)—Three months' trial of the commission form of government in Spokane has convinced many, including the severest critics of the plan, that the affairs of the municipality to-day are conducted with greater efficiency, economy and despatch than under any administration since the incorporation of the city in 1881. Many wastes have been stopped, numerous abuses have been corrected and modern methods are now employed in all the departments. The business of the city is conducted in the same manner that a successful merchant or manufacturer operates his store or factory plant.

Robert Fairley, commissioner of finance, said to-day that, while there is nothing certain yet relative to a reduction in taxes, he is prepared to show that the taxpayers have received 10 per cent worth of work for every dollar expended by the commission. Commissioner Fairley has resolved to request from more than 100 cities in various parts of the country for copies of the Spokane charter, which is declared to be the most advanced practical plan in America.

The Morning World is delivered before breakfast to any address in Toronto or suburbs for twenty-five cents per month. Phone M. 5368.

C. P. R. TRAIN DERAILED.

VANCOUVER, June 26.—All the passenger cars of the Toronto train which left Vancouver at 9 o'clock Sunday morning, were derailed at 6 o'clock last evening at Ashcroft. The train was going slowly and none of the cars were overturned. Five passengers were slightly injured.

St. John's Lodge Officers.

On Saturday, the evening of St. John the Baptist Day, the following officers of St. John's Lodge, No. 75, G.R.C., A.F. & A.M., were installed by R.W. Bro. Fred G. Inwood, P.D.D.G.M., assisted by W. Bro. Chas. E. Howarth, and Past masters of the lodge: H. G. Lansley, W.M.; J. H. Warner, L.P.M.; John M. Owsen, S.W.; G. F. Dodge, J.W.; John A. Sutherland, chaplain; R. R. Davis, treasurer; John Rogerson, secretary; E. S. Calder, S.D.; A. A. Daniels, J.D.; Jas. Knowles, D. of C.; Chas. F. Boddy, I.G.; Chas. H. Fair, S.S.; J. A. Carr, J.S.; H. S. McHenry, organist; Joan Young, tyler.

Hebrews Again Remanded.

The eight pugilistic Hebrews who were charged with aggravated assault and disorderly conduct arising out of religious riots in "The Ward" two weeks ago, were remanded a week in police court yesterday morning.

A PACIFIC EXPEDITION

President Simon of Hayti Will Use Persuasion Before Resort to Force

PORT AU PRINCE, Hayti, June 26.—President Simon has started out again at the head of his troops for the purpose of bringing about peace in the northern districts of Hayti. He left today with a large force under his command aboard the cruiser Antoine Simon, his destination being Cape Haytian, but the cruiser will call at St. Marc and Port-au-Prince.

Joined the Rebels.

KINGSTON, Jamaica, June 26.—Many Haytian exiles who are arriving here report that Gen. Finche, formerly a warm adherent of President Simon, has joined the rebels with a large force in the northern section of the republic.

REV. MR. MARTIN'S DEATH

Prominent Presbyterian Clergyman Passes Away at Bradford.

Rev. William A. J. Martin, who died at Bradford yesterday, was a member of the foreign mission committee of the Presbyterian Church for the past nine years. He graduated from Knox College in 1888, after which he became minister of St. Paul's Church, Toronto. In 1896 he became pastor of Knox Church, Guelph, and in 1898 succeeded Rev. Dr. Cochrane in the pastorate of Zion Church, Bradford, where he worked up to his death.

St. John's Lodge Officers.

On Saturday, the evening of St. John the Baptist Day, the following officers of St. John's Lodge, No. 75, G.R.C., A.F. & A.M., were installed by R.W. Bro. Fred G. Inwood, P.D.D.G.M., assisted by W. Bro. Chas. E. Howarth, and Past masters of the lodge: H. G. Lansley, W.M.; J. H. Warner, L.P.M.; John M. Owsen, S.W.; G. F. Dodge, J.W.; John A. Sutherland, chaplain; R. R. Davis, treasurer; John Rogerson, secretary; E. S. Calder, S.D.; A. A. Daniels, J.D.; Jas. Knowles, D. of C.; Chas. F. Boddy, I.G.; Chas. H. Fair, S.S.; J. A. Carr, J.S.; H. S. McHenry, organist; Joan Young, tyler.

Hebrews Again Remanded.

The eight pugilistic Hebrews who were charged with aggravated assault and disorderly conduct arising out of religious riots in "The Ward" two weeks ago, were remanded a week in police court yesterday morning.

WILLIAM P. STANLEY IS DEAD AT AGE OF 77

One of the Most Prominent Citizens of Town of Parkhill for Many Years.

PARKHILL, Ont., June 26.—The death occurred this morning in Parkhill of Wm. P. Stanley, J.P., after two months' illness, at the age of 77 years. The deceased was born in London Township and was one of a family of eight sons and three daughters, of whom one sister, Mrs. John Armitage of Lucan, survives. The late Mr. Bernard Stanley of Lucan was the eldest brother.

The deceased was the senior member of the firm of Stanley, Dwight & Co., Lucan, millers. He was a member of the firm for 22 years. He moved to Parkhill in the year 1884, where he carried on a successful insurance agency.

High School Exams.

The following is the number of children writing on the entrance examinations in the high schools and collegiate institutes in the city: Harbor 310, Parkdale 278, Jarvis 268, Malvern 78, Oakwood 219, Riverside 169, Technical 44, Humberdale 158, De La Salle 217, total 1728.

TO PORCUPINE ON SATURDAY

Daily Service on T. N. O. Branch Soon to Start.

In their anticipations of having the government railroad to Porcupine completed and in running order by Dominion Day, the T. & N. O. Commission have fulfilled their plans to the letter. The first passenger train will run into Porcupine on Saturday afternoon, July 1, was the announcement made by Chairman Englehart, yesterday afternoon.

The officers of the commission, myself included, are going up north on "Friday evening," the chairman stated, and we will make the journey into Porcupine on Saturday.

The T. & N. O. Commission have also completed arrangements for a regular schedule of trains to porcupine every day, and this schedule will go into effect on Monday morning next.

ONE HUNDRED YEARS OLD.

QUEBEC, June 26.—Ambrose Guay, the oldest citizen in Quebec, to-day celebrated the 100th anniversary of his birth, and the event was a memorable one. Over 300 relatives and friends assembled at his residence to do him honor, and after a mass at St. Jean Baptiste Church, there was a banquet. Mr. Guay is still in good health and spirits, but he was splintered away by his friends while the celebration was at its height. In order that he should not be too much fatigued by the event.

New Steamer to Montreal and Quebec.

The Ontario and Quebec Navigation Company has gotten out a very handsome folder announcing the advent of the new steamer Geronia, which will be put on the route (about July 15) between Toronto and Quebec, touching at Charlottetown, Trenton, Belleville, Deseronto, Piquon, Kingston, Gananoque, Brockville, Prescott, Ironquon, Morrisburg, Cornwall, Montreal. This steamer will run all the seasons and will be the only one plying between Toronto and Quebec without change. Information can be had at the office of A. F. Webster & Co., corner King and Yonge-sts., regarding this new service.

New R. and O. Boat.

QUEBEC, June 26.—The steamer Saguenay, the new boat for the Richelieu and Ontario Navigation Co., arrived in port this afternoon about 3 o'clock and proceeded for Sorel. The vessel is a fine looking craft, and she made the ocean trip in splendid style.

WOULDN'T STAY SUPPRESSED.

OTTAWA, June 26.—The famous "crack" in the walls of the new Victoria Museum has been re-plastered, but appears to be opening again. A determined effort was this time made to hide all traces of the big crevice. It was filled in from ceiling to floor, while the opening which has appeared right across the floor inside the entrance door was also closed. It has started to re-open, however, particularly near the ceiling, where it is already quite wide. Just what will be done should it continue to widen at an appreciable rate is not known.

Autolists Rode on Grass.

William Bain was fined \$5 and costs for driving his auto on the sward in High Park on Coronation Day. In revenge he switched on another autolist who had done the same dastardly deed. Robert Anderson paid \$5 for the same offence.

Liquor and Tobacco Habits

A. McTAGGART, M.D., C.M., 25 Young St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice; Hon. G. W. Ross, ex-Premier of Ontario; Rev. N. Burwash, D.D., President Victoria College, Toronto; Right Rev. J. F. Sweeney, Bishop of Toronto.

Dr. McTaggart's vegetable remedies

for the liquor and tobacco habits are healthful, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited.

If you are one of those persons who prefer an Extra Mild Ale, an Ale that combines richness, extra fine flavor and sparkling clearness, you should try Carling's SPECIAL SELECT ALE, put up in crown-stoppered bottles.

It is a Special brew, and has won renown for its delicacy of flavor. It can be easily digested and assimilated by those who are unable to drink a heavier Ale.

Especially adapted for Home Use, it is guaranteed to please the most fastidious. Costs no more than our other brands. ORDER from all dealers, cafes and hotels. Demand Carling's.

The Toronto World

FOUNDED 1850. A Morning Newspaper published Every Day in the Year. WORLD BUILDING, TORONTO.

Corner James and Richmond Streets. TELEPHONE CALLS: Main 3308-Private Exchange Connecting All Departments.

will pay for the Daily World for one year, delivered in the City of Toronto, by mail to any address in Canada.

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of the World.

TUESDAY MORNING, JUNE 27, 1911.

NORTH TORONTO AND ANNEXATION.

The Town of North Toronto is an independent and separate municipality, and has full powers as such.

Let the council at its next meeting close up the North Toronto one, and then the other sections can be dealt with on their respective merits.

THE ONTARIO RAILWAY BOARD. It seems rather strange that all the critics who were so eager to jump on the Ontario Railway and Municipal Board a short time ago, have not had a word to say in eulogy of the recent action of the board.

BY RAIL TO PORCUPINE. In the announcement of the opening of the new train service to Porcupine next Friday, Ontario has another evidence of the value of government by commission and public ownership.

NORTHERN ONTARIO PROSPECTS. There is but one opinion held by the members of the board of trade who visited Northern Ontario last week. The World has been chaffed for its enthusiasm over this wonderful country, but the board of trade ex-cursionists now agree that not half had been told.

MADE 30 KNOTS AN HOUR. HALIFAX, June 26.—The American steam yacht Scyllian, owned by Nathaniel Straus, banker and philanthropist, of New York, arrived at Liverpool, N.S., yesterday afternoon from Bar Harbor. The yacht is commanded by Captain Basil Richardson, a Nova Scotia skipper. After coaling, she proceeded this morning for the Thousand Islands.

PIANO COMPETITION TONIGHT. There is no doubt that the eight young pianists, out of the enormous number of entries, have qualified for the finals in the Bell Company's piano contest, to be held at the Association Hall this evening.

TRULY SPOKEN. How often the student, facing a difficult thesis paper, for which he has not thorough preparation, "just guesses" his way through it, and is surprised when the professor, who has been watching the plausibility of his effort, fails, as the boy did of whom Punch tells.

IMPERIAL SPELLING REFORM.

Spelling reform received the endorsement of the Imperial Educational Conference during its recent session in London. The meetings were held under the chairmanship of Mr. Walter Runciman, president of the board of education in the British Government.

OUR BOOK CENSORS. The London, England, Bookseller, has the following from an Ontario correspondent: The principal topic of conversation among the book trade in the Province of Ontario has been the action of the police in the city of Toronto in exercising a censorship over the sale of what they call improper literature.

PARTISAN CRITICS.

When The Evening Star talks as independently to its Liberal friends as The World does to Sir James Whitney about taxation or other matters, it will have earned the right to censure. The Star never addressed a paragraph to Hon. A. G. MacKay on the tax question, although Sir James has read columns in The World calling his attention to this grievance.

MORE ABOUT TOWN PLANNING. In 1908 the City of Liverpool obtained a special town planning act from parliament granting exceptional powers in connection with the laying out of estates, street widening and other improvements of kindred character. This act anticipated the general acts of 1909 carried by Mr. John Burns, president of the local government which, British cities are working towards the bettering of civic conditions.

PIANO COMPETITION TONIGHT. There is no doubt that the eight young pianists, out of the enormous number of entries, have qualified for the finals in the Bell Company's piano contest, to be held at the Association Hall this evening.

TRULY SPOKEN. How often the student, facing a difficult thesis paper, for which he has not thorough preparation, "just guesses" his way through it, and is surprised when the professor, who has been watching the plausibility of his effort, fails, as the boy did of whom Punch tells.

CORNS SO SORE, CAN'T WEAR YOUR BOOTS? Limping along for years, why don't you get a move on, keep up to date, and get a corn out of your foot? You had a corn or a sore on your foot, and you were in a kind of a corn, actually, and you were in pain by simply using Putnam's Pain-Expeller Extra.

TRULY SPOKEN. How often the student, facing a difficult thesis paper, for which he has not thorough preparation, "just guesses" his way through it, and is surprised when the professor, who has been watching the plausibility of his effort, fails, as the boy did of whom Punch tells.

RADIAL CO. NOT BOUND TO STICK TO YONGE ST.

But Ontario Railway Board Will Make Terms As to New Right-of-Way.

The order of the Dominion Railway Board for the elimination of the C.P.R. and C.N.R. level crossings on North Yonge-street, and the construction of viaducts, has compelled the Toronto and York Radial Railway Company to leave Yonge-street. The Radial Railway's application for the approval of the plan, profile and book of reference for the deviation of its line westerly from Yonge-street to the southerly end of its Metropolitan division, has been in part approved by the Ontario Railway and Municipal Board.

Board Will Make Terms. "The applicants, the Toronto and York Radial Railway, plan, which they ask us to approve, shows level crossings over Farnham, Woodland, Walker and Wickson-avenues. The city and large number of residents in the neighborhood of these crossings make common cause in opposing the approval of the company's plan showing level crossings over these streets.

Need Third Rail. The board asks for more information regarding the city's claim that it is their tracks for the company to take over. The board asks for more information regarding the city's claim that it is their tracks for the company to take over.

Tunnel Scheme Costly. "The board were strongly urged to make it a term of their order that the city should provide for the construction of a tunnel from a low spot near the intersection of the street and the level of the street.

Big Conservative Picnic. At Uxbridge on Wednesday, June 28—Fine Program Provided. The Conservative convention to be held at Uxbridge on Wednesday, June 28, promises to be a big success.

PIANO COMPETITION TONIGHT. There is no doubt that the eight young pianists, out of the enormous number of entries, have qualified for the finals in the Bell Company's piano contest, to be held at the Association Hall this evening.

TRULY SPOKEN. How often the student, facing a difficult thesis paper, for which he has not thorough preparation, "just guesses" his way through it, and is surprised when the professor, who has been watching the plausibility of his effort, fails, as the boy did of whom Punch tells.

CORNS SO SORE, CAN'T WEAR YOUR BOOTS? Limping along for years, why don't you get a move on, keep up to date, and get a corn out of your foot? You had a corn or a sore on your foot, and you were in a kind of a corn, actually, and you were in pain by simply using Putnam's Pain-Expeller Extra.

TRULY SPOKEN. How often the student, facing a difficult thesis paper, for which he has not thorough preparation, "just guesses" his way through it, and is surprised when the professor, who has been watching the plausibility of his effort, fails, as the boy did of whom Punch tells.

AT OSGOODE HALL.

ANNOUNCEMENT. Judge's chambers will be held on Tuesday, 27th, at 11 a.m.

Non Jury Assizes. Peremptory list for non-jury assizes to-day at 10:30: 1. Eby v. Foster (continued).

Master's Chambers. Before Cartwright, K.C. Master. Neville v. Eaton and International Heating Co.—R. C. H. Cassels for defendant. Motion by defendant for an order postponing trial on ground of absence of Cyrus S. Eaton on important business.

McEachern v. G.T.R. Co.—O'Rourke (Les & O. D.), for plaintiff. A. H. Gibson for defendant. Motion by plaintiff for an order compelling defendant to produce a plan and profile with the board showing the route of the proposed line.

Before Britton, J. Re Mack and the Board of Audit of United Counties of Stormont, Dundas and Grenville—R. A. Pringle, K.C., for plaintiff. W. B. Lawson, K.C., for defendant. Motion by plaintiff for an order compelling defendant to produce a plan and profile with the board showing the route of the proposed line.

SHADOWED FOR WEEKS. Alleged Experience of Star Witness in Lorimer Investigation. WASHINGTON, June 26.—Shadowed for weeks by detectives instructed to get anything possible against him, Clarence S. Funk of Chicago, star witness in the present Lorimer investigation, complained of day to day to the local committee enquiring into the Lorimer election. The statement produced was the alleged experience of him, Clarence S. Funk of Chicago, star witness in the present Lorimer investigation, complained of day to day to the local committee enquiring into the Lorimer election.

FISK MUST DIE. OTTAWA, June 26.—(Special)—The governor in council has declined to interfere in the case of John Fisk, awaiting execution in Calgary for murder. An appeal for clemency or a new trial was made on the plea that Fisk was committed largely on the testimony of an accomplice. Fisk will be hanged to-morrow morning.

Horrible. "Wear, wake up!" said Lamping Lem, shaking his fellow traveler's shoulder. "Wake up! Wots de matter wit you?" "Fuh!" asked Weary, half opening his eyes.

DR. CHASE'S OINTMENT. PILES. Dr. Chase's Ointment is a certain cure for piles, hemorrhoids, and all protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. Dr. Chase's Ointment is sold by all Dealers of EDWARDS, BATES & CO., Toronto.

IF OUT OF TOWN, WRITE JOHN CATTO & SON 55-61 KING STREET EAST, TORONTO.

CAN LOCALITIES SELECT MODE OF LIGHTING? City's Power Commission is Anxious to Meet Wishes. But Uncertain as to Practicability.

At a special meeting of the hydro-electric commission last night there was a lengthy discussion over those streets on which the residents want underground wiring and cluster lights.

The commission, while favoring the idea of allowing freedom of selection, was undecided as to how the payment of the more expensive work could be made.

The board will meet just as soon as the report is ready, declared P. W. Ellis to the World last night.

After the meeting, which nearly 12 o'clock, the board went to that section of Charles-street between Church and Jarvis-streets, where the lights have been laid out at alternate and opposite positions for experimental purposes.

It appeared to be the general opinion of the board that the row of lights directly opposite each other shed equal light, and were at the same time more uniform in appearance.

MRS. CAMPBELL'S SUDDEN DEATH The death occurred suddenly last night of Sarah E. Campbell, wife of William Frank Campbell, accountant.

DARTMOUTH HOTEL BURNED HALIFAX, June 26.—Fire to-night has destroyed the Hamilton House, an hotel in Dartmouth.

Use Gibbons' Toothache Gum, Price 10 Cents.

CALLAUX WILL GIVE AN ANSWER TO-MORROW

Has Made Progress Towards Organizing a Strong Cabinet for France.

PARIS, June 26.—M. Callaux, minister of finance in the Moin cabinet, who was requested by President Fallieres to form a new ministry, announced to-night after advising with his friends, that he would be unable to give a definite answer to the president before to-morrow.

While as yet nothing definitely has been decided upon, it is understood that M. Callaux, in addition to the premier, will take charge of the ministry of the interior.

Vienna, June 26.—Baron Von Eberner, who has been premier since November, 1908, and became minister of the interior, resigned to-day as the result of the recent elections.

Every night, as the summer advances, the crowded condition of the larger hotels in Toronto becomes more evident.

During the past few years Canada has become better known by the people of the British Isles.

OPIMUM WORST FOE OF MISSIONS IN CHINA

Large Section of Population in Grip of Drug—Rap for Colonizing Methods.

The terrible ravages of the opium traffic in Central China formed the topic of an address filled with earnestness delivered by Mrs. James Smith, returned missionary, at yesterday's session of the Christian and Missionary Conference in Parkdale Tabernacle.

Rev. H. D. Campbell, a missionary to the Congo, and who is at present on furlough, elaborated on the riches of Africa, its wild animals and the needs of its human inhabitants.

He gave his reasons for why he would preach the Gospel only and not heed the temporal needs of the people.

Gourlay Pianos

like rare old violins possess a tone that improves with use.

Why does a Stradivarius occupy such an exalted place among violins when others may be bought for so much less.

Because of its purity of tone.

So, also, it is the purity of tone in Gourlay Pianos that has won for them such an exalted place in the esteem of Canadian musicians and music-lovers.

Over 4000 Gourlay owners are ready to testify that the tone improves with use.

Gourlay Winter & Teeming 188 Yonge St. - Toronto.

COLLIERY FLOODED

Believed Water Leaked in From the Ocean.

HALIFAX, June 26.—A report reached Sydney to-day that the colliery at Port Hood, owned by Mackenzie & Mann, is badly flooded.

It is believed that the water is from the ocean, the shaft being located about 500 feet from the shore.

It is believed that the water is from the ocean, the shaft being located about 500 feet from the shore.

VETO BILL

Lord Lansdowne Gives Notice of Series of Amendments.

LONDON, June 26.—Parliament re-assembled to-day after the coronation recess, and the struggle over the veto power of the lords will be immediately resumed.

In the house of lords, Lord Lansdowne gave notice of a series of amendments to the veto bill, providing for the exclusion from that measure of bills such as that relating to Irish home rule, for a joint sitting in cases of a disagreement between the two houses, and for a referendum in other cases.

It is quite certain that the government will not accept these amendments if passed, another deadlock and eventually the creation of 500 additional peers seems the only outcome, unless the lords yield.

It is quite certain that the government will not accept these amendments if passed, another deadlock and eventually the creation of 500 additional peers seems the only outcome, unless the lords yield.

Porcupines Keep on Upward Track--Hollinger Moves a Little

Porcupine Gold Camp

Still Making for Higher Prices Are the Porcupine Gold Issues

Market Keeps Right on Advancing, But Drops Back a Little Late in Day--Cobalts Left out in the Cold.

World Office, Monday Evening, June 26. The week opened in a most auspicious manner on the local mining exchanges, the market continuing in the bullish frame of mind which characterized it at the close of last week, and which saw prices of the Porcupine issues moved up in lively order. Opening quotations for the gold stocks to-day were in most instances right at the high prices made on Saturday, and it was not long before the upward movement was fairly under way again. It was late in the day before selling of importance was encountered, and even then the liquidation, due in the most part to profit-taking, did not bring about any material declines. The net result of the day's operations was a number of small advances in the usually active issues, and it was noteworthy that the movement included the larger Porcupines, which last week, in spite of almost semi-consciousness last week, and came out of it for the first time to-day. Hollinger touched \$13.70, a gain of 45 points from the opening quotations, but over half of this was lost again in the late trading, the shares closing offered at \$13.40, in the face of an extremely slack demand. In the cheaper issues Dome Extension was up to \$7, but lost two points from this on the afternoon board; Swastika moved up over a point to \$11.25, Vipond sold up to \$9 and back again to \$6. The other issues showed similar movements. Foley-O'Brien was a strong point, the price picking up considerably on the price advanced to \$1.70, a gain of 20 points over the opening sale, which was also the low figure for the day. The Cobalts were decidedly quiet, with weakness in Beaver and strength in Timiskaming the only features. The latter issue recovered to \$6, a gain of 2 1/2 points, but a point was off to \$5.25 a loss of over a point. The market took on a somewhat tired appearance late in the day, but the tone was in the main satisfactory, and it was felt that the upward movement had by no means reached its culmination, the a period of rest would not come at all amiss.

PRICE OF SILVER.

Bar silver in London, 34 3/4 oz. Bar silver in New York, 62 3/4 oz. Mexican dollars, 40c. New York Curb. Chas. Listing Eldorado

Inception of Trading in New Porcupine Issue. Eldorado passed the listing committee of the Toronto Stock Exchange yesterday, and will be called on the market to-day. There was a very strong demand for the shares yesterday, with a sale after the market of 5000 shares at \$5. Recent operations on the Eldorado have uncovered veins of big values. Samples recently submitted to assayors from a vein 40 feet wide recorded a valuation of \$17.50 to the ton. Ten men are now working on the Eldorado under the supervision of Mr. John Konkko, and A. P. Seymour, M.E., is consulting engineer. Mr. Seymour wired yesterday that a new vein had been discovered averaging \$2.40 to the ton. The Eldorado owns 120 acres and this capitalization is only \$500,000.

ON FOLEY-O'BRIEN

Engineer Geddes Brings Out Some Remarkable Ore Samples. Walter C. Geddes, mining engineer, who has charge of the O'Brien Mine, passed thru Toronto yesterday en route for New York. Mr. Geddes had several very fine samples of ore taken from the 100 ft. level of the Foley-O'Brien, showing free gold and sulphides. The strike on Foley was made in a drift about 100 feet from the shaft, and when Mr. Geddes left, the drift was 17 feet in the vein without reaching the wall rock. Engineer Geddes is particularly impressed with Foley because of the values found at depth, and regards the strike as one showing permanence by this particular property.

Porcupine Gets Ready To Receive Visitors

Thru Trains From Frederictonhouse to Golden City Expected This Week. PORCUPINE CITY, June 21.—(From Our Man Up North.)—Railway construction men state to-day that a sufficient amount of gravel will have been spread on the grade by Saturday night to permit the running of trains from Frederictonhouse River into Golden City without a change. The ballast is on the track now to within a mile north of the station at Golden City. With the coaches coming clear thru each night, travel will be much easier. The trip may then be made with ease. Considerable freight and express is coming in each morning on the work train, and several local buses are expected the first of the week that they will be able to get in goods in carloads. With the shipping in of freight which is absolutely necessary in larger quantities, local market prices are expected to fall materially. From the first of the week on during the summer, bigger crowds are expected with the arrival of each train. The hotels are prepared to accommodate all who come. Chas. Fox.

Balloon Fell Into Sea.

BREMEN, Germany, June 26.—One of the four balloons which ascended at Paris Saturday, fell into the North Sea near the Island of Juist, of the East Frisian group, yesterday. A violent storm prevailed at the time and the aerial craft was carried rapidly out to sea. Two persons were aboard her. The other three balloons made landings on the East Frisian coast. A rescue boat was sent out as soon as possible to the aid of the distressed balloon, but later returned, having recovered only an empty basket marked "R. G. B."

FINE GOLD ORE SAMPLES SHOWN AROUND TOWN

Ex-Mayor Lang of Cobalt Has Remarkable Specimens From Find on La Palme Properties.

So far the great gold-bearing reef, or belt, or zone, whichever it is to be called, in Porcupine, runs from Three Nations Lake to Pearl Lake, in a southeasterly and northeasterly direction. Three Nations Lake is south of the Timiskaming and Northern Ontario Railway extension into Porcupine, and three miles before you get to Porcupine at the head of Porcupine Bay. Pearl Lake is six miles beyond, so that a well defined belt of at least nine miles in length, and at least half a mile wide, is now known to contain free gold in large quantities, and sulphides of gold in still greater quantities. South of this, and more or less parallel to it, is the second belt, the greatest exhibit of which is the Dome and the Dome properties associated with it. The length of this second belt has not been so well defined as the former one. One of the surprising finds in connection with the north or Pearl Lake belt—which includes Hollinger and all the associated mines—was reported in the city yesterday morning by former Mayor Lang of Cobalt, who is in connection with some claims on each side of the railway, near Three Nations Lake. The specimens brought in yesterday—and there is no doubt as to their authenticity—show a marvellous run of free gold and of sulphides. Some of the specimens of quartz with free gold are very much like the specimens which Mr. Edwards sold the Dome property; in fact, they are surprisingly rich, and are like the other fine specimens that came out of the northern belt from the Hollinger, Pearl Lake and other properties. These specimens, as mentioned in The World of Saturday last, came from the La Palme Gold Mines, Limited, north of the station about three miles northwest of Golden City. The T. and N. O. crosses some of the claims, which are numbered on the map 10,783-45-7 respectively.

The reef from which the samples were taken runs northeast and southwest. The samples are composed of quartz and ankerite, with spectacular free gold showings in the quartz, and the ankerite is in sulphide form. The reef, which has only recently been discovered, averages about 48 feet in width, but has been traced across three of the company's claims. Assays are started to run from \$5 to over \$300 in gold to the ton. The samples were brought down by Mr. John Stevenson of Cobalt, and were sent out from Porcupine by M. L. Bozan, who has charge of the work on the properties. The following letter accompanies the specimens: Dear Sir—I am sending some samples down here until late on the 23rd, so I could not get them to you before. This and is running and the assay is not easy to tell how big it is, but what you can see of it looks more than good. I have free gold in three small veins besides this. You can see the gold here, take some wonderful samples out of it. I could send you down an ore sack full of it if you want it. I wish you would not send anyone to see it all you want to open it up, as I have buried so that it would take me some time to uncover it. I have to keep it safe, it is so easily high-graded that a thousand dollars could be taken out in a very short time. M. L. Bozan.

So Says Toronto Broker, Who Sees Symptoms of a Boom Not Far Off.

A prominent member of the Standard Stock Exchange said yesterday that the Porcupine movement is just beginning, and the indications are that a gradual increase will take place, and before September a broad market will be an established fact. Cobalt stocks are likely to remain quiet in Porcupine. "I am of the opinion," said he, "that a steady advance in Porcupine stocks will run until December. It is quite possible that the centre of the great movement will be right here in Toronto. A large portion of the stocks are owned in Toronto and Montreal and the Toronto exchanges have been wise enough to list all the distributed issues so as to protect the public by giving them a competitive market. The railroad into Porcupine will be in good running order by the middle of July, and owing to the ease and comfort with which visitors can see the new gold fields, I look to see a great many men of substance from New York, Boston and Philadelphia visit Porcupine within the next month. After these visitors return, their homes and reports will have a great effect on the Eastern States will be headed for the new gold fields. In mining speculative movements that have taken place in the United States within the last few years, the excitement was confined to citizens of the United States. I have met many people from the States who have visited Porcupine and they are all enthusiastic as to the outlook. I predict that the Toronto market will be a busy time this winter trying to keep up with the avalanche of business. They will find business coming in from our own country and from every important town and city in the States, as well as a good share from Europe."

Big Things in Sight for Porcupine Market

So Says Toronto Broker, Who Sees Symptoms of a Boom Not Far Off. A prominent member of the Standard Stock Exchange said yesterday that the Porcupine movement is just beginning, and the indications are that a gradual increase will take place, and before September a broad market will be an established fact. Cobalt stocks are likely to remain quiet in Porcupine. "I am of the opinion," said he, "that a steady advance in Porcupine stocks will run until December. It is quite possible that the centre of the great movement will be right here in Toronto. A large portion of the stocks are owned in Toronto and Montreal and the Toronto exchanges have been wise enough to list all the distributed issues so as to protect the public by giving them a competitive market. The railroad into Porcupine will be in good running order by the middle of July, and owing to the ease and comfort with which visitors can see the new gold fields, I look to see a great many men of substance from New York, Boston and Philadelphia visit Porcupine within the next month. I predict that the Toronto market will be a busy time this winter trying to keep up with the avalanche of business. They will find business coming in from our own country and from every important town and city in the States, as well as a good share from Europe."

Trek Into Bristol Twp. is No Sham Affair

Porcupine Stirred Up Over Stories of Rich Finds in the New District. PORCUPINE CITY, June 21.—(From Our Man Up North.)—Reports from the new gold find in Bristol Township to-day state that rich values are being recovered in a strong, healthy-appearing quartz in a country rock of Keewatin character, and some of the samples exhibited here amply bear out the reports in toto. Mine men who examined the quartz rock found that the rich pieces came from pockets, but inasmuch as the gold appears across the top of the lead for more than 70 feet, according to the owners, the pockets must continue across the top of the lead. Prospectors who came in last night state that the quartz shows for a distance of 800 feet on the surface and is known to be 100 feet wide. The most important fact in connection with the Bristol find is that the quartz comes in the Keewatin schist. Many of the quartz deposits to the west and north of Bristol appear in the schist, sedimentaries, and little or no interest was taken in them by mining engineers who visited that section. Another important fact in connection with this find is that if you lay a rule on the map it will be noted that the belt beginning at the Rea and running southwest thru the north end of the Hollinger continues in a southwest direction right into the heart of the district where the Bristol find was made. In the western part of the Township of Golden, directly east of Bristol, a free gold find was made last March in which a quartz outcropping for a distance of 300 feet yielded values. The strike of this lead is in the course of the Bristol find.

Dronee Dead.

Thatcher, one of Barnie's oldest residents, dropped dead this morning from heart failure. The deceased was the daughter of the late Titon toward, formerly of Brockville, and was born here in 1838. She is survived by her husband and the brother, Edward C. Howard, Washington, D.C.

ELDORADO PORCUPINE

When we identified ourselves with a Porcupine promotion we assured our clients that we did so purely on speculative grounds. In selling ELDORADO shares we asked no one to buy unless they were willing to take the chance inherent in mining speculation. From reports from thoroughly competent engineers we feel satisfied that ELDORADO promises to become one of the real mines of the Porcupine Camp. We sold ELDORADO at 10 cents a share and yesterday it was hard to get the stock at 15c. We cannot say what price will be reached for the shares, but if the present showings are maintained it will sell at many times this price. Remember that the capitalization of ELDORADO is only \$500,000, and that the company owns 120 acres. All orders for this or other mining shares executed on the Standard Stock Exchange.

As a special incentive to arise early on Wednesday morning, our Housefurnishing Department will show a range of Brussels Carpet that are very adaptable for parlors, diningrooms, dens, libraries, walls and stairs, and the colors are useful and varied, and include crimsons, fawns, greens, blues, rose and light tan. Some have 6 borders to match. We sell this range usually at \$1.25, \$1.40 and \$1.45 per yard, and the sewing, laying and lining, costs 11c per yard extra. Wednesday, we will sell them sewn, laid and lined. Complete for, per yard .1.23

The 8 o'clock buyer gets the best selections.

Bring rough measurements with you. We will send special workmen to take exact measurements if necessary.

Worth \$15.00. Selling Wednesday at 9.98

Interesting Corset Announcement

Demonstration of Rengo Belt Corsets. Our lady friends are cordially invited to meet Miss Anderson, of New York, who for the next few days will be in attendance in our corset section to demonstrate and explain Rengo Belt Corsets, the most famous and wonderful corset made for women of medium or stout figure.

Rengo Belt Corsets have all the attributes of perfect form-reducing corsets, without the unsightly and uncomfortable straps and buckles so common in many so-called reducers.

Rengo Belt Corsets have all the beautiful lines that give a woman's figure the symmetry and grace that only perfect corseting can give. Consult Miss Anderson and she will tell you why most women should wear Rengo Belt Corsets.

This store is the sub-selling agent for these famous corsets in Toronto. Rengo Belt models to suit every figure in three qualities, \$2.25, \$3.50, and \$5.00 a pair.

For Summer Homes and Verandahs

SUMMER FURNITURE

For several seasons the Robert Simpson Co. have been in search of a really first-class make of reed furniture. We have succeeded in making a contract with a firm for the entire output of their factory. This furniture is made in exclusive English design to our order, and consists of chairs, rockers, tables and settees. Every piece is artistic. Good workmanship and materials are a guarantee of their strength. Color is a particularly handsome dark tan. It is impossible to obtain this furniture elsewhere.

Prices from \$10.75 to \$26.00

The Robert SIMPSON Company Limited
