## HARVEY WITHOUT BAIL

The Ex-Treasurer of Coughlin Will Stand His Trial in the Criminal Court on Oct. 31.

On Oct. 31, (Special)—This afternoon at 4 o'clock the court house was filled to its utmost capacity by ratepayers and others, all eager to get a glimpse at the defaulting treasurer Harvey, and to hear what he had to say when brought before the judge. The crowd was badly disappointed, as the prisoner was taken by way of the County Court Clerk's office, and smuggled up to the judge's chambers, where he appeared before Judge Chidwick. Besides the prisoner and counsel, the reporters were present. After being questioned Harvey pleaded not guilty to all the charges and elected to be tried before the County Judge on Oct. 31, at 10:30 a.m. E. F. E. Johnson has the case in hand for the Attorney-General and A. H. Macdonald, Q.C., for the prisoner. Mr. George Edwards, accountant, Toronto, was present, but his services were not required. Charles L. Nelles, one of Harvey's bondsmen, was also present to encourage him. Some seven or eight charges will be tried, and these are not sufficient to convict the crown authorities say others will be brought up. Harvey looks well, notwithstanding the crowd in waiting, and when breathing the sweet air of freedom he familiarly greeted the reporters. The crowd in waiting vowed vengeance on the authorities for not having the proceedings conducted in the court room.

Mr. Macdonald applied for a reduction of bail, but was informed by Mr. Johnson that he had no authority from the Attorney-General to accept bail, and in the meantime Harvey will be an inmate of the jail.

**CAUGHT AT LAST.**  
Adolphus Cohen Cole, Who is Alleged to Have Stolen Half a Million Dollars.

Philadelphia, Oct. 15.—Adolphus Cohen Cole, formerly a banker at 211 Canal-street, New York, and an alleged absconder, was arrested this afternoon in the Broad-street station of the Pennsylvania Railway. It is alleged that Cole got away with \$500,000, which belonged to the Italian banking houses in New York and Pennsylvania, two years ago. Cole was committed to await the arrival of the Italian government, which is now in the hands of the Italian government. He is said to have been in the hands of the Italian government for some time.

**The Town Get the Best of It.**  
Windsor, Ont., Oct. 15.—The case of Wigle and the Kingsville Gas Company against the village of Kingsville resulted in at least a partial victory for the municipality. The plaintiffs sought to restrain the village from proceeding under a recent by-law to supply the village with gas in opposition to them. The judge decided in favor of the village on all points except that of the partition of the by-law, which he reversed.

**Photography.**  
The cinematograph that is showing at 96 Yonge-street is the perfection of photography. It is not to be wondered, therefore, that the professors of the art who have been in convention in the city when they visited the exhibition were exuberant in their manifestations of appreciation. The exhibition closes on Saturday night.

## AGAINST PERSONALITY.

A number of appeals against the assessment on personality and income were heard of the court.

Mr. George F. Shepley, Q.C., appeared on behalf of the T. Eaton Company, who appeared against the assessment of \$100,000 on personality, and asked that the appeal be heard forthwith. Mr. B. Johnson had also appealed on the ground that the assessment was not high enough and the court had decided to take all Mr. Johnson's appeals on Wednesday next at 10 o'clock.

Chairman Proctor ruled that the appeal would have to stand until that time. Mr. Shepley contended that, as Mr. Johnson's appeal was not to be heard at that time, their case should be heard at once. The court refused to take up the appeal until Wednesday.

John J. Palmer secured a reduction of \$300 on his personality assessment for printing machinery. Frederick Kelp, 76 York-st., assessed at \$4000 on personality, and asked that the assessment be reduced to \$1000. Mr. Palmer contended that an error had been made in giving the information to the assessors and that the court had decided to take all Mr. Johnson's appeals on Wednesday next at 10 o'clock.

## HUNTING FOR MISS STEIN'S BODY

A Search Party Was at Work All Day Yesterday and Went to One-half of the Bush.

The story of Annie Stein, told in yesterday's World, it would seem, judging from the facts at hand, has reached its final chapter. Before the search party started yesterday morning to scour the bush for the body of the girl who had the following facts to justify its errand, Constables Sanderson and Kennedy arrived in Markham on Wednesday evening and took up the case there and in the neighborhood. Their work brought to light that a Dr. Husband, a dentist, lately of Streetville, had on Tuesday, the day before the news of the girl's disappearance was out, passed through Markham, Burtonville, Unionville and other places, and was seen in each of these places. There were no disquieting rumors out then and no one was thought of as being connected with the case. It was not until the letter of the girl's disappearance was out that the search party was started. The work began at the spot where the letter of the girl's disappearance was out, and continued until the body was found. The body was found in the bush, and was taken to the hospital. The search party was at work all day yesterday and went to one-half of the bush.

Niagara Falls, Ont., Oct. 15.—(Special.)—The plant of the Canadian Plastic Veneer Company, a branch factory of a large American firm, which for some time past has been offered for sale, was today removed to a few weeks to Chelms, Mass.

The factory has been built and in operation here for eight months and employed on an average 50 hands. The manager stated that the removal of the plant to Chelms, Mass., was the result of the fact that the Canadian government had refused to grant a license for the export of plastic veneer from this country.

Officer Kimmons brought in two men named John Stanley and James Reene from St. Catharines this morning, charged with stealing two dress suits from the store of a local merchant, and the importation of wheat from California would prevent acute famine.

**TRADE IN CANADA.**

R. G. Dan & Co.'s Daily Bulletin says: There is rather a more cheerful feeling apparent in Montreal business circles.

The movement of merchandise is somewhat freer, though it can hardly be called brisk, and some houses report money coming in a little more freely.

The tendency of the trade is somewhat better, but it is not general. Cheese shipments last week were heavy, over 100,000 lbs., and they are likely to continue at the rate of 100,000 lbs. or more.

The market for the remaining four or five weeks of the season is not very bright. In staple groceries there is a better general distribution, and the market is somewhat better.

A limited number of shares will be sold to the public at one dollar per share, fully paid up and non-assessable, in lots of not less than 25 shares.

Stock must be paid for when subscribed, and will be allotted in the order in which it is applied for.

Order taken at intervals along the vein for several hundred feet shows an assay value of over \$17 gold per ton. The cost of mining and milling is fully covered by \$5 per ton.

The samples were taken by the well-known and reliable expert, Mr. Hewitt, with the utmost care, in order to obtain the true average.

The vein is undoubtedly a true fissure of great continuity.

Mr. Hewitt's average assay value of Saw Bill in March last was \$16.00 per ton.

The low capitalization of the Hawk Bay Company, taken into conjunction with the strong indications of the presence of a large body of rich gold-bearing quartz, warrants the expectation of very large dividends.

READ THE PROSPECTUS and take an intelligent interest in Ontario's Rich Gold Region.
