TRANSVAAL MINES TO BE TAXED TO HELP IN PAYING THE WAR

Sir David Barbour Recommends a Toll of Ten Per Cent. on the Profits—Orange River Colony Not Able to Pay Anything—Lord Milner Seated Amid Cheers.

London, June 13.—Sir David Barbour, who is the Chancellor of the Exchequer, has announced that he has recommended that the Transvaal and Orange River colonies should contribute towards the cost of the war, in proportion to the size of their resources. Sir David's proposal is that a tax of 10 per cent. on the profits of the mines should be levied on the basis of the profits of 1928.

After paying this, Sir David Barbour estimates that the mines will be better off than before, as they will save 600,000 per year on dynamite, owing to the abolition of the monopoly in that commodity.

The Orange River Colony will be unable for some years, to meet the ordinary cost of administration and pay its share of the cost of the war.

After paying this, Sir David Barbour estimates that the mines will be better off than before, as they will save 600,000 per year on dynamite, owing to the abolition of the monopoly in that commodity.

The Orange River Colony will be unable for some years, to meet the ordinary cost of administration and pay its share of the cost of the war.

EX-PREMIER HARDY DIED LAST NIGHT

FROM THE EFFECTS OF AN OPERATION

Hovered Between Life and Death Since Sunday—End Came at 10.10.

Ex-Premier Hardy died at 10.10 o'clock last night in the Toronto General Hospital from shock, occasioned by an operation for the removal of the vermiform appendix which was performed in that institution Sunday morning by Drs. Cameron, Primrose and Starr.

Deceased had been attending to his duties as Surrogate Court Registrar until a week ago last Friday, when he was stricken and compelled to go home. His illness seemed to be a bilious attack, and was of rather a mild nature until Saturday, when the presence of appendicitis was noticed. Owing to the generally bad condition of the patient, the disease was of a particularly virulent character, and the consulting physician, Dr. Cameron and McPhedran, decided that an operation was necessary.

Accordingly, Mr. Hardy was taken on the night to the General Hospital, where he underwent an operation. The operation was successful from a surgical point of view, but the patient was too weak to recover from the shock, and sank gradually until death ensued at 10.10 o'clock last night. The arrangements are carried out by the family residence, 86 St. Albans-street, to-morrow afternoon to the Union Station, where the remains will be placed on board the C.P.R. train at 2.15 o'clock for Toronto. If these arrangements are carried out the remains will be interred in Bradford cemetery on Sunday afternoon.

Born in a Memorable Year.
His father, Arthur Hardy, K. C., was born Dec. 14, 1837, at Mount Pleasant, Ont. He received his education at the Mount Pleasant school and the Rockwood Academy in Toronto. Called to the bar in 1865, he began the practice of his profession in Bradford, where he was very successful. He was elected to the office of Justice of the Peace in 1880, and was appointed Queen's Counsel in 1876 by the Ontario Legislature.

In 1878, Mr. Hardy entered political life, being elected in the interest of the Liberal party. He was elected to the House of Commons in 1879, and was re-elected in 1882, 1885, 1888, 1891, 1894, 1897, 1900, 1903, 1906, 1909, 1912, 1915, 1918, and 1921. He was appointed Minister of Justice in 1907, and held that office until 1911. He was also Minister of the Interior from 1911 to 1913, and Minister of the Privy Council from 1913 to 1915.

Mr. Hardy was a member of the Ontario Bar Association, the Ontario Legislative Association, the Ontario Conservative Association, and the Ontario Liberal Association. He was also a member of the Ontario Historical Society, the Ontario Genealogical Society, and the Ontario Archaeological Society.

Mr. Hardy was a man of high character and high ability. He was a devoted family man, and was loved and respected by all who knew him. His death is a great loss to the country, and his memory will be long and fondly remembered.

CANADIAN BUTTER IN SCOTLAND AND THE COMPLAINTS RECEIVED

Dealers in the Land of the Heather Bought the Cheaper Grades and Are Not Satisfied—They Demand Rebate From Shippers, Yet Order More Largely Than Ever.

Montreal, June 13.—(Special)—The communications received by the Department of Trade and Commerce from dairy produce importers in Scotland and the North of England were the subject of a lot of discussion along William-street to-day, and while the trade admit that there has been all their views with dairy butters, largely in 70-pound tubs, and, as you know, none of our finest creamery butter is put up in such a package, but in 50-pound, square-shaped boxes. Our best butter, that is the cream which brings the best prices here in Montreal, goes chiefly to the London market, the Scotch demand running largely to a cheaper article. The statements of some of the correspondents in regard to the matter which has been brought to the little weight need be attached to a lot of the opinions that have been given. They

come from disgruntled importers, who happen to have been on the wrong side of the market last season, a fact that is plainly shown by their threat that they are going to make the Canadian factoriesmen disgorge some of the profits they allege to have been realized. But, perhaps, the best answer that I can make is to point to the exports of Canadian butter so far made this season. If British buyers were so dissatisfied with Canadian butter last season, they certainly show a curious anxiety to get hold of it this year, as they have increased their purchases almost 300 per cent., having taken already almost 35,000 packages, against 10,000 for the same period last year. The Scotch butter has also advanced largely from 12c to 12 1/2c per pound, owing to keen bidding at country points by representatives of British importing firms. The difference between Canadian and Danish butter is only 1/2c per cwt. this year, against 10c to 12c last year, and so far our shipments have been only fiddler goods.

The Butter and Cheese Association intend to take some official action in regard to the matter shortly at a special meeting, to be called to answer some of the wholesale charges made.

Prospects for an Abundant Harvest in the Township of Markham Were Never Brighter.

THE HAY CROP PROMISES WELL.

Portion of Old Yonge Street in the Village of Thornhill to be Closed.

Prospects for an abundant harvest in the Township of Markham were probably never brighter than at the present. Following what was at the time thought to be an excessive rainfall, the present warm weather is having a most beneficial effect.

Springing of all kinds, with the possible exception of barley, in low lying portions of the land promises magnificent yields, and not for many years has the hay crop given indications of more generous returns.
