PROBS: Moderate to fresh north to east winds; showers, but generally fair.

SHOT DAUGHTER AND THE TOOK POISON
Bodies Found Together in Parlor of Farmer Willoughby's Home near Norwood—Demented Man's Deed.

NORWOOD, Aug. 17.—(Special.)—After slaying his 6-year-old daughter by bathing her body, strychnine poisoning her, and laying her on a couch in the parlor, Thomas Willoughby, a prominent farmer living about two miles from here, took his own life this afternoon. Willoughby had been unwell for some time, and recently, it is said, had shown signs of despondency.

The tragedy was discovered when the wife of a neighboring farmer entered the Willoughby home on an errand. Mrs. Willoughby was away shopping in Norwood with her 8-month-old baby. The neighbor was startled by low cries from the parlor, and hurrying into the room, found the body of Sarah stretched on the sofa and still lifeless and attended to her. She was a penic the woman rushed for some one to assist her, and when, a few minutes later, she returned with a doctor, Willoughby was found on the floor. There was one other member of the family in the house when they returned, little Harry Willoughby, aged 6, but he could do nothing.

The fact that the time before, but had found no one there, he said.

A search revealed a double-barreled shotgun, with one barrel recently used, in the woods, and there were also blood stains and grains of shot on the floor. It was here apparently that the murder had been committed. The girl had been shot in the head.

The body of the girl was found in the room of the garments which she usually wore. It was found in a heap in the corner of the room, and the demented man had washed the body before dressing it in the new clothes.

Willoughby was a man of about 35 years of age, and was generally respected throughout the countryside. Quite recently his health began to fail him.

While the theory of murder while in possession of the shooting gun has been accidental and that, in his anguish, Willoughby then ended his own life.

Coroner Grey of Peterborough, called on to the scene of the tragedy and made a hurried examination of Willoughby's body, declares that he found no outward trace of poison.

In the case, the coroner has to be at the post mortem, and he has to be at the death of the theory of the man's death is that he died of the shock and remorse following upon a realization of his deed. It is thought more probable, however, that Willoughby died from the effects of a poison not readily detected.

An inquest has been ordered for tomorrow at 1 o'clock.

LONDON CHILDREN TIPLERS
Forty Per Cent of School Pupils Said to Drink Alcohol Regularly.

LONDON, Aug. 17.—A great hubbub, participated in chiefly by medical men, temperance workers and teetotalers, stirring England to-day as the result of the statement of F. G. Mackereith, in the current number of The Lancet, that 40 per cent of the London school children under the age of eleven drink alcohol more or less regularly. Mackereith says he got his figures from several of the London County Council infant schools.

"There appears no doubt," he says, "that a similar state of things exists in every part of Christian Europe, excepting in the countries of the farthest north. It would be interesting to learn whether the figures I obtained from schools chosen haphazard are true of the rest of the country."

"In one school of some three hundred infants," I found that 118 per cent drank alcohol daily; 34.1 per cent drank occasionally, and 54 per cent were members of the Band of Hope."

WORKED MANY BOGUS CLAIMS
Montreal Trio Must Answer a Lot of Charges.

MONTREAL, Aug. 17.—(Special.)—The three men, Alford, Shykoisky and Katsoff, who have been in jail for several weeks, waiting for the police to gather up evidence against them as bogus claims agents, are liable to have a great deal to answer for before they see liberty again.

They have been committed for trial at the next term of the King's Bench and in the meantime the C. P. R. secret service are unearthing a series of bogus claims which the above named trio worked off upon the unsuspecting companies, such as the Grand Trunk, the C. P. R. and the Montreal Street Railway.

It transpires that the men always had a raft of creature comforts ready to sweep the board, had been hurt or had lost articles of value, many of which were paid for by the companies rather than go into the courts.

ALWAYS GLAD TO RECEIVE AID.

ST. JOHN, N.B., Aug. 17.—(Special.)—Hon. James Bryce, British Ambassador to the United States, in an address before the Canadian Club to-night, declared that Britain would always be ready to receive naval assistance from her colonies.

The ambassador denied the statements that there is anything in the kindred spirit of the United States toward Canada. He was glad that the two races in Canada were uniting for the good of the Dominion.

The Toronto World

NEW SILVER FIELD IN THE ALGOMA DISTRICT

Rush of Prospectors Due to Reports That Discoveries Are Equal to Cobalt's Earliest Surprises.

Editor World, Toronto: We ask your assistance in inducing the government to establish a recording office at Thessalon, in view of the rush of prospectors to the country to the immediate north of here. The excitement is caused by discovery of silver indications.

A. A. Burk, President Thessalon Board of Trade.

When spoken to last night Hon. F. Cochrane, minister of lands, forests and mines, stated that the request from Thessalon was new to him, and that he would make a definite statement about a recording office until he had received more information regarding the extent of the silver deposits. According to The Algoma Advocate, published at Thessalon, indications of a rush to the new silver area which is located in the Township of Otter, 28 miles north of Thessalon, by a good prospectors found a splendid show up there last fall, but kept it quiet until he had recorded their locations this spring, when they are quite enthusiastic. A search revealed a double-barreled shotgun, with one barrel recently used, in the woods, and there were also blood stains and grains of shot on the floor. It was here apparently that the murder had been committed. The girl had been shot in the head.

The body of the girl was found in the room of the garments which she usually wore. It was found in a heap in the corner of the room, and the demented man had washed the body before dressing it in the new clothes.

Willoughby was a man of about 35 years of age, and was generally respected throughout the countryside. Quite recently his health began to fail him.

While the theory of murder while in possession of the shooting gun has been accidental and that, in his anguish, Willoughby then ended his own life.

Coroner Grey of Peterborough, called on to the scene of the tragedy and made a hurried examination of Willoughby's body, declares that he found no outward trace of poison.

In the case, the coroner has to be at the post mortem, and he has to be at the death of the theory of the man's death is that he died of the shock and remorse following upon a realization of his deed. It is thought more probable, however, that Willoughby died from the effects of a poison not readily detected.

An inquest has been ordered for tomorrow at 1 o'clock.

THREE EIGHTY MARK FIRST IN OPEN EVENT

Highest Score in Canadian Club Match, G.G.F.G. Winning Team Prize—High Wind For O.R.A. Meet.

LONG BRANCH, Aug. 17.—(Special.)—Pete P. Armstrong, of the 12th Regiment, Hamilton, carried off the high individual prize in the Canadian Club match, the Ontario Rifle Association annual event, at the annual Ontario Rifle Association meet. The team prize was won by the Governor-General's Foot Guards. Over 300 marksmen competed.

A strong wind and cold damp atmosphere made things disagreeable for the marksmen, and the result that the scores averaged unusually low.

West Well Represented.

Ontario and the western provinces marksmen from the eastern sections of the Dominion are conspicuous by their absence. In past years the maritime provinces have sent fairly large contingents to the Ontario matches, but this year Sgt. Laman of the 1st Canadian Artillery, Halifax, and one or two others have the honor of representing the Atlantic seaboard. Manitoba sent 10, the Alberta Provincial Association 15, the Rossland and Nelson Companies of the 102nd Regiment, the R.M.R. 3, and the Vancouver Companies of the 4th D.C.O.R., 11, including several who took part in the recent matches at Bisley. The militia staff, Ottawa, and the young militia officer and his bride of a year ago.

Her death took place to-day at the home of the parents of the young woman, Capt. and Mrs. William H. H. Murray, in the city of Toronto. It was totally unexpected, for it was believed that Mrs. Murray was recovering rapidly from an operation performed a few days ago, and about her bedside were the members of her family.

The wedding of Lieut. Murray and pretty Margaret Helen Hennessy took place here on April 27, 1908. It was one of the prominent social events in Catholic circles, in view of the pretty romance attached. The prominence of the bride, an only daughter of the Queen's Own Rifles of Toronto, and a prominent business man in that city, gave the romance interest.

The couple first met at Niagara Falls. He was then a young man, and she was studying at Loretto Academy. They became fast friends, and this relationship deepened after Miss Hennessy returned to her home here the lieutenant followed, and the announcement was made of their engagement.

BRITISH CONTRACTOR MAY BID FOR CANAL WORK

Sir John Jackson Will Go Over the Georgian Bay Route to Study the Difficulties.

OTTAWA, Aug. 17.—(Special.)—It is understood that Sir John Jackson, the British contractor, now in the city, will, on leaving Ottawa go over the more difficult part of the route of the Georgian Bay canal, with a view to studying the project, and later on making a proposition to the government for construction. If the work is undertaken by the government, Sir John and his interests would be likely to be affected.

Sir John Jackson was created Knight in 1895 for his services in engineering. He is one of the largest contractors on public works in the British Isles. He built the last section of the Manchester Ship Canal, and laid the foundations of the Tower Bridge, London. He has constructed the docks and large works at Dover Harbor, and is at present carrying out work for the admiralty at Devonport, Simon's Bay, South Africa, and Singapore. In addition to the great public works which he has constructed, Sir John has served his country as a member of the royal commission, who investigated the conduct of the South African War.

LEUT. MURRAY BEHEAVED SAD WORD FROM LYNN

Bride of a Little More Than a Year Succumbs Unexpectedly—Wedding Tinged With Romance.

LYNN, Mass., Aug. 17.—(Special.)—The sad death to-day in Lynn of Mrs. Margaret Helen Hennessy, wife of John Allan Murray of Toronto, and formerly one of the most popular young women of the Shoe City, has ended the charming romance of the young militia officer and his bride of a year ago.

Her death took place to-day at the home of the parents of the young woman, Capt. and Mrs. William H. H. Murray, in the city of Toronto. It was totally unexpected, for it was believed that Mrs. Murray was recovering rapidly from an operation performed a few days ago, and about her bedside were the members of her family.

The wedding of Lieut. Murray and pretty Margaret Helen Hennessy took place here on April 27, 1908. It was one of the prominent social events in Catholic circles, in view of the pretty romance attached. The prominence of the bride, an only daughter of the Queen's Own Rifles of Toronto, and a prominent business man in that city, gave the romance interest.

The couple first met at Niagara Falls. He was then a young man, and she was studying at Loretto Academy. They became fast friends, and this relationship deepened after Miss Hennessy returned to her home here the lieutenant followed, and the announcement was made of their engagement.

HAVE ALDERMANIC PULL SO CIVIC LABORERS LOAF

Discharged Montreal Employee Gives Instances of Patronage Vice—Mayor Wanted as Witness.

MONTREAL, Aug. 17.—(Special.)—Two important facts concerning Mayor Payette came out before the royal commission this morning.

One was that Commissioner Cannon intended to summon the mayor as a witness; the other is that the mayor is away traveling, and his absence is indefinite.

Leopold Coppee, who was dismissed from the city, after revealing the fact that the city was losing \$34 per week through shoddy pay lists, proved an instructive witness. Coppee gave some extraordinary examples of the manner in which work is "scamped" on the city streets and men employed who are not paid.

"One day," he said in brief, "our gang was told to dig a hole and join pipes at the bottom of it. The hole was dug and the pipes about to be joined when a foreman came along and told us to fill it up again. Next year we had to dig the same hole again and join the same pipes that ought to have been joined on the first occasion."

"As a rule, the city street work is very poorly done. Out of a gang of 40 men, at least 10 do nothing at all, in some cases it is because they are too old and in other cases because they are too lazy. When complaint is made to the inspectors about them, the inspectors say that the men are friends of the aldermen and the mayor."

Ald. M. Martin told the truth when he said that the foremen did no work at all.

Patronage is the great vice in the road department. All the foremen are supported and backed up by the aldermen. That is the worst feature. I paid for my loyalty to the city with my head, and I am now out on the streets looking for work, just because I told the truth."

CANADA'S NAVY TO SAIL TWO OCEANS

And Work Will Begin Practically Simultaneously on Both Coasts, Says Official Statement.

LONDON, Aug. 17.—(C.A.P.)—A lengthy statement is published giving the "general lines" of the scheme of Canadian naval defence.

According to this, the formation of a nucleus of a Canadian navy will be begun immediately on lines suggested by Sir John Fisher in 1907.

Canadian ambition would not be satisfied by a mere contribution of money. Canada wants her own navy. On this point the supreme consideration is the constitutional freedom of state, and to this, questions of strategy, no matter how important, must be subordinated, says the statement.

Respecting details, the disposition of ships, etc., these are not yet concluded, but it is obvious that Canada would not be fulfilling her own undertaking if she placed all her eggs in one basket. She has two oceans to consider and will begin practically simultaneously on both coasts.

The scheme also includes an increase of dock facilities. It is unlikely that the naval forces will be limited to Halifax, Esquimaux and Prince Rupert; possible Quebec and Montreal. The scheme also includes an increase in securing the fullest acceptance of the scheme which he (Deakin) advocated in 1907. He also drew attention to the fact that the construction of a unit would have complete control of the proposed Australian unit in time of peace and would be retained in time of war to decide whether the circumstances of any given emergency in time of war would warrant the transfer of the unit to the admiralty as proposed.

The annual cost to Australia would be something over \$750,000.

Sir John Fisher's written proposals in behalf of the admiralty some months ago gave Australia a lesser degree of control over the local navy than was given in Deakin's now triumphant scheme. Deakin warmly criticized Mr. McKenna's conciliatory policy.

MONTREAL RESTRAINED FROM SPENDING MILLION

Court Grants Injunction Asked For by Citizens' Committee, With \$10,000 Security Deposited.

MONTREAL, Aug. 17.—(Special.)—The city hall gang, which has been carrying out any of the works authorized under the famous million dollar resolution of Alderman Giroux, has been restrained from spending a million dollars for damages which may be incurred by the city, should the grounds of injunction be held valid when it comes up to be made permanent.

No date is set for hearing of the application to make the injunction permanent.

The road department will thus be unable to proceed with any of the works voted by the twenty-three majority, but there are already votes totalling nearly half a million for works awaiting or in course of execution.

DIED IN THE BUSH

AGED RECLUSE EXPIRES WHILE OUT PICKING BERRIES.

NORTH BAY, Aug. 17.—(Special.)—James Lattimer, aged 70, living near Callender, went out picking berries two days ago, and a search party found his dead body in the bush this morning, death resulting from natural causes.

Lattimer was in comfortable circumstances, but eccentric and had not been living with his wife and family for some time, leaving them at the homestead at Barrie and living the life of a recluse on the outskirts of Callender.

CONFERENCE HARMONIOUS

Sir Frederick Borden Denies the Sensational Report.

LONDON, Aug. 17.—(Special.)—Sir Frederick Borden, interviewed by the Canadian Associated Press, described the American despatch announcing that Australia and Canada are combining to meet the Japanese peril, as sheer nonsense.

Respecting The Times' correspondent's idea that some one in an authoritative position should call the progress of the defence conference negotiations to Canada, Sir Frederick remarked that negotiations were confidential. They were proceeding satisfactorily, and any reports published must necessarily be mere guesswork.

RUSSIAN PRINCE HERE

Studying Methods of Colonization in New Ontario.

Prince George Luon, President of the Organisation of Young Finns, returned to Ontario, accompanied by his secretary, and the secretary of the Russian consulate at Montreal, who acted as interpreter, called at the parliament buildings yesterday to confer with Mr. Mackenzie King.

He wanted to know about the government surveys in New Ontario, the opportunities for development and the methods employed. Most of the information desired he could have obtained from the minister of lands, forests and mines, but by some mischance he landed in the parliament building and did not succeed in making himself known to any member of the government.

Luon, a Finnish noble, cannot speak a word of English, but he was here on an important mission, the nature of which he refused to reveal. To-day he will visit the Ontario Agricultural College at Guelph, and on his return will inspect the entire district between New Liskeard and Collingwood, touching as many engineering parties as possible. Later on he will proceed to Manitoba and the northwest provinces.

SUICIDE AND SEPARATION

STURGEON FALLS MAN COULDN'T BEAR TROUBLE WITH HIS WIFE.

NORTH BAY, Aug. 17.—(Special.)—Zoel Dutzick of Sturgeon Falls, aged 40, committed suicide on the lake shore at North Bay this morning by taking paris green.

Dutzick was separated from his wife, who works in a local hotel, and last evening sent for her to attempt a reconciliation. She refused to live with him, and he stated that he was not long for this world, which held nothing attractive for him away from his wife and two children.

The body was unidentified at the morgue until the afternoon, when Mrs. Dutzick was called.

CONTROLLER WARD WAVERING?

CITY HALL GOSSIP SAYS HE'S PONDERING OVER MULLOCK SITE VOTE.

A story which may or may not be well founded, has it that Don Quixote Ald. Foster is to have a Sancho Panza in his hitherto lone battle in the city council against the sale of the Cherry-street property to the National Iron Company.

Controller ward will, so the report says, be found at Friday's special meeting to have switched his vote and the Controller's reasons for a change of attitude—if change there has been—has been his personal property, but a guess might be ventured with a reasonably good chance of coming near the mark.

Whatever anyone else may think, he knows that The Evening Telegram has a light burning in the window for the returned wanderer. To turn from his course, even at the eleventh hour, will be assumed by his side-cut to regard popularity with the above-named paper. Perhaps later on, it may even think more kindly of the sea-walk project, which he fathered and which the hostility of that journal assisted materially in defeating last June. With that opposition tempered a little by feelings of gratification, possibly the sea-walk may yet be built.

This may all be merely guess-work. The course of events on Friday will tell.

2400 HOUSES DESTROYED

EARTHQUAKE IN JAPAN DESTROYED A LOT OF PROPERTY.

OTTAWA, Aug. 17.—The following telegram has been received by the Japanese consul-general from Tokio, in connection with the severe Japanese earthquake of Saturday last: "Severe earthquake in Shiga Prefecture on Aug. 14, at 3.30 p.m. Instant deaths, 31; injured, 167; houses totally destroyed, about 2400, and houses with small damage, innumerable."

GREAT FIRE AT GLASGOW

MILLION DOLLARS DAMAGE IN THE RETAIL SECTOR.

GLASGOW, Aug. 17.—Fire starting at an early hour in the retail business quarter of Glasgow to-day destroyed several squares of buildings. The damage is estimated at \$1,250,000.

TAKES DEAD SISTER'S PLACE

AND GOES TO VANCOUVER TO BECOME A BRIDE.

NEW YORK, N.Y., Aug. 17.—(Special.)—Miss Emma Kinney, of Blairtown, N.J., is here enroute to Vancouver, where she will wed Robert Johnson, who was to have married her sister, now deceased.

Miss Kinney is the daughter of James Kinney. She is pretty and only twenty. Both she and Mr. Johnson mourn Elizabeth, the sister, who died only recently.

FEAR YANKEE RETALIATION

KINGSTON, Jamaica, Aug. 17.—(C.A.P.)—Assured that the newspapers strongly proposed arrangement for reciprocity between the West Indies and Canada, believing that the United States would certainly retaliate.

LOST A FINGER

ANNE HOWE, aged 16, of 386 College-street, got her hands in a press at the Bryant Press yesterday afternoon and it was found necessary to amputate a finger at St. Michael's Hospital.

W. R. NURSEY NAMED INSPECTOR OF LIBRARIES

Succeeds Late T. W. H. Leavitt in Important Office—Assistant Two Years.

WALTER R. NURSEY has been appointed to the office of inspector of public libraries, which was rendered vacant by the death of T. W. H. Leavitt. Mr. Nursey for two years acted as Mr. Leavitt's assistant, and during the latter's illness represented him at the last meeting of the Ontario Library Association.

Mr. Nursey is the author of books and monographs on a variety of subjects, his latest book being "The Story of Isaac Brock," which was published a few months ago under the auspices of the Ontario Library Association.

Mr. Nursey came to Canada 40 years ago. He served as a volunteer in the Fenian raids of 1866 and later became one of the pioneer settlers in the west. With the late Alexander Begg and Hon. Gilbert McMicken, he founded the Winnipeg Herald and Winnipeg Times, and represented Manitoba as special commissioner at the Indian and Colonial Exhibition in London in 1886.

For the past two years Mr. Nursey has been assisting the late Mr. Leavitt to establish the system of traveling libraries in this province.

"This is a promotion," said Hon. Dr. Fyfe to The World yesterday, "and I believe the government has secured a most capable official."

A WATCH FOR JAMES SIMPSON

GLACE BAY, N.S., Aug. 17.—(Special.)—James Simpson, vice-president of the Trades and Labor Congress of Canada, before leaving for Toronto to-night was invited to meet the officers of the U. M. W. at Glace Bay Hotel, when he was presented with a gold watch and complimentary address.

SHOOTING ENDS FIGHT

MARINE ENGINEER HELD FOR MURDER AT PORT ARTHUR.

PORT ARTHUR, Aug. 17.—(Special.)—Hugh Harman, second engineer, and Albert Walker, watchman, of the steamer Andrew Carnegie, now lying at the dock here, went on a spree last night and quarreled and fought, the encounter culminating in Walker being shot dead by his bibulous and quarrelsome companion.

The fight and shooting occurred on board after the men had returned from the city. Harman was arrested, charged with wilful murder. He claims he shot in self-defence.

The homes of both men are in Cleveland, Ohio.

FLOUR PRICE REDUCED

WINNIPEG, Aug. 17.—(Special.)—To-day the Lake of the Woods Co. made a reduction of forty cents a barrel on the price of flour.

MINTO ST. RESIDENTS MUST HAVE WATER SUPPLY

Board of Control Orders Other Than Local Improvement Plan—City Hall Notes.

When the seven residents of Minto-street petitioned some time ago for water service they found that the contract of a main would be \$700. Ald. Hilton brought the matter to the attention of the board of control yesterday morning and the controllers told George Mitchell and the department would have to find out some feasible solution of the situation.

According to the local improvement plan which was approved for the full cost of the main, which would be 300 ft. long and run along Colina-avenue, on which there are no property owners, there are no property owners.

As the first conference of the heads of departments of a plan to establish a city garage was unsuccessful, the controllers directed that the officials should report before the council assemblies on Friday.

The board granted a special permit to St. Cecilia's Roman Catholic church, for the erection of a spire 135 feet high.

An order was given by the board for the payment to William Hoyle, Canadian engineer, of \$325.00 for four "marble" pillars in the eastern corridor of the city hall on the ground floor.

The lowest tender submitted for the erection of a new fire hall on Perth-avenue was \$21,762, or \$323 less than the estimated cost. The tenders were referred to the city architect for a report.

That day labor be used by the city engineer in the construction of overhead electrical wires, the decision of the controllers yesterday.

NEW HIGH SCHOOL BOOKS

Department of Education Authorizes New Edition at Reduced Prices.

In addition to the new set of readers which the department of education has succeeded in supplying the public at prices hitherto unheard of in Canada, new textbooks have been authorized and will shortly be issued to high school pupils. In every case the new books will be an improvement over the former ones, with an added reduction in price.

The new series will include: Ontario school bookkeeping, price reduced from 20 cents to 15 cents; German grammar, new edition reduced from \$1 to 60 cents; high school arithmetic, new edition reduced from 60 to 50 cents; high school chemistry, new edition reduced from 50 to 40 cents; Ontario high school laboratory manual in chemistry, new 20 cents; Ontario public school writing course, 5 cents.

The high school books, the chemistry of Prof. A. P. Knight, which sold for 50 cents, will be replaced by a book published by the Macmillan Co. The intention is to have these books distributed by the teachers to give the pupils additional help, lines to those contained in the ordinary text-books, which will give a wider range of movement.

CANADA'S MONETARY SYSTEM

Official Commission From U.S. to Make Enquiries Here.

NEW YORK, Aug. 17.—Explaining the purpose of a two days' session of a sub-committee of the National Monetary Commission, held in the Plaza Hotel, Secretary A. B. Shelton of the commission said that the meeting had been called to arrange the work of the members of the commission prior to the general meeting of the commission in Washington about the middle of October.

A sub-committee has been appointed to make a personal examination in Canada of such features of the Canadian system as have not already been covered by the investigation of the commission. The sub-committee will consist of Representative Vreeland, chairman; Senators S. Burrows and Daniel Manning; Representative Wood and Robert Bonnington. The sub-committee will visit Canada some time during the month of September.

Laid Behind the Counter Until Relief Came.

TERRIBLE SUFFERING OF AN OWEN SOUND CONTRACTOR AND BUILDER.

Mr. Wm. Kearns, Owen Sound, Ont., writes: "Having read some of the testimonials of cures effected by Dr. Fowles' Extract of Wild Strawberry, I thought it advisable to say a word of praise for its merits.

"Some years ago I was much troubled with stomach trouble and cramps. I used Dr. Fowles' Extract on the floor in agony and on one occasion I went into a faint after suffering intensely for four hours. A short time after this, in driving to town, I was attacked again and had to lie down in my truck. When I reached the drug store I asked the druggist for a quick remedy and laid behind the counter until relief came. The remedy I received from the druggist was Dr. Fowles' Extract of Wild Strawberry. Whenever, after that time, I felt cramps coming on I found speedy relief in the above mentioned remedy, and I am now cured of this distressing ailment. The bottle is small, but its contents effect a marvelous cure. I can recommend it highly for the cure of cramps."

Dr. Fowles' Extract of Wild Strawberry has been on the market for 85 years. It is not a new and untried remedy. Ask for it and insist on getting what you ask for. Refuse substitutes. They're dangerous.

Price 35 cts. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Some Hints to Keep People Well.

Ninety-nine per cent. of the ordinary sicknesses are caused by the bowels, the kidneys or the skin.

As you know, these organs are the great purifiers of the human system. They filter impurities from the blood and pass them from the body. If the kidneys, bowels, or skin weaken or get tired out or fail to do their regular work, then the blood becomes laden with impurities and poisoned. If it be the fault of the kidneys, then the skin is overworked in its efforts to throw off the excess of urea or waste matter. The glands become inflamed and enlarged—pimples break out—and there may be a rash or eczema of the skin.

If it be the fault of the skin, then the kidneys are strained by overwork and there is constant pain in the back, dizziness, neuralgia, headaches and rheumatism. If it be the fault of the bowels, the blood is poisoned, the skin and kidneys weakened, the stomach upstagnated, and of course, there is Constipation and Biliousness.

How easy it is, then, to be free of all these troubles!

"Fruit-a-tives" is not merely a remedy for any one of these troubles but a cure for all. "Fruit-a-tives" acts on the skin, the liver, and the kidneys. "Fruit-a-tives" keeps all these great organs well and strong and thus insures the blood being always pure and rich. With "Fruit-a-tives" in the house to take at the first sign of not feeling well, you need not have a day's sickness in a box, 4 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

BRITISH BUDGET RIGHT SAYS REV. DR. MCKAY

Thinks House of Peers Will Accept It Despite Lord Lansdowne's Threat.

Rev. Dr. McKay, editor of The Canadian Baptist, has acquired pronounced views of British conditions, after a six weeks' visit to England, Scotland and Ireland. It was his first trip across the Atlantic and beyond the predilections of a Baptist environment the land of Great Britain with an open mind.

Speaking to The World yesterday in his sermon at The Canadian Baptist office, Dr. McKay said: "My trip was purely for a rest and I was greatly benefited in health by the ocean breeze and the change of scenery. I was greatly impressed by the British Empire as seen from its metropolitan centres in the old land. Everything seemed to be going on well, and the evidences of want were not so apparent as might be expected. I traveled about London and saw but little open evidence of prevalent destitution. The worst I saw in this respect was in Dublin, where, outside the hotel, I was shocked to see half a dozen barefooted girls in ragged attire, from 13 to 17 years of age, eagerly eating pieces of bread from the hotel garbage cans.

"In Scotland the statements of Rev. George Jackson concerning the ratio of intemperance to the population, which the Atlantic and beyond the predilections of a Baptist environment the land of Great Britain with an open mind.

Speaking to The World yesterday in his sermon at The Canadian Baptist office, Dr. McKay said: "My trip was purely for a rest and I was greatly benefited in health by the ocean breeze and the change of scenery. I was greatly impressed by the British Empire as seen from its metropolitan centres in the old land. Everything seemed to be going on well, and the evidences of want were not so apparent as might be expected. I traveled about London and saw but little open evidence of prevalent destitution. The worst I saw in this respect was in Dublin, where, outside the hotel, I was shocked to see half a dozen barefooted girls in ragged attire, from 13 to 17 years of age, eagerly eating pieces of bread from the hotel garbage cans.

"While making no study of the political situation, it was apparent that the Lloyd-George budget had overshadowed other public issues, and was widely commending itself to the majority of the people. Of course the house of lords may block it, but it looked as if they would be unwise to do so."

"The storm, which passed towards the east, has met near Grimsby, by another coming towards the west, and when the two currents of air met the temperature was so reduced as to cause rain to fall as heavy as in any other large and were blown with great force. Fortunately the wind was erratic and skipped a large area, or the damage would have been very severe. As it was, many grapes, vines on the lake shore were cut to pieces or blown down, and large quantities of peaches, plums, and pears were bruised so much for use, or were blown down the trees.

The windows in several houses were smashed by the hailstones which fell on the roof and over the top of the city, and in Glanford Township they mowed down the standing grain. It is thought that much of this will be saved, however."

TEMPERANCE BEER AGAIN

Six More Samples From Cobalt to Be Analyzed.

Another seizure of alleged "temperance" beer has been made by the government inspectors at Cobalt, and six samples have been received by Eudo Saunders, chief license officer, to be analyzed. These samples have been forwarded to the government analyst, whose report is awaited with some apprehension. A subpoenaed file with barrels and bottles is meanwhile under surveillance, and the manufacturer who shipped the liquid as temperance beer is also anxious, notwithstanding the "temperance" proclivities of the thirst-quenching fluid. It is also said to have the effect of producing an unwarranted exhilaration.

GRAIN VESSEL SINKS

"Glenarry" Gets Worst of Collision in Cornwall Canal.

MONTEREAL, Aug. 17.—With 20,000 bushels of wheat on board, the steamship Glenarry, bound for Montreal from Kingston, is sunk at the Atwater Bridge in the Lachine Canal.

She struck the concrete island on the floor in agony and on one occasion I went into a faint after suffering intensely for four hours. A short time after this, in driving to town, I was attacked again and had to lie down in my truck. When I reached the drug store I asked the druggist for a quick remedy and laid behind the counter until relief came. The remedy I received from the druggist was Dr. Fowles' Extract of Wild Strawberry. Whenever, after that time, I felt cramps coming on I found speedy relief in the above mentioned remedy, and I am now cured of this distressing ailment. The bottle is small, but its contents effect a marvelous cure. I can recommend it highly for the cure of cramps."

Dr. Fowles' Extract of Wild Strawberry has been on the market for 85 years. It is not a new and untried remedy. Ask for it and insist on getting what you ask for. Refuse substitutes. They're dangerous.

Price 35 cts. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

IN SOCIETY

Ernest Shipman, formerly of Toronto, who married Roselle Knott, has left the theatrical business and is now in the service of the Republic of Panama.

Mrs. E. Ryan of Euclid-avenue left Saturday afternoon for a trip to Chicago.

Mrs. Charles Plowman and Miss Minnie Plowman of Toronto are the guests of Mrs. Dale Thorne, Ontario.

Mr. and Mrs. J. E. Whelan of Regina, Sask., are in the city on a visit to Mr. Whelan's old home at 283 Palmerston-avenue.

Mrs. P. Trumb has gone to Galt for a fortnight's visit.

Miss Isabel Mitchell has returned to the city after having spent a vacation at Pennell House Lake Rosseau.

Mrs. Pudney left Northern Heights Saturday for Three Rivers, Quebec, to join her husband.

Mrs. Alan Macdonald, Mrs. Beverley Macleod and Miss McCaig are at Little Metis.

Mrs. and Miss Piers and Mrs. L. Sutherland are at Little Metis.

Rev. Dr. and Mrs. Hugh Johnston of Baltimore have been spending a few weeks in the home of their daughter and son-in-law, Mr. and Mrs. W. A. Firstbrook, Grace-terrace, Moore Park.

Master Bertie Johnston of Montreal is visiting at the home of his aunt, Mrs. McQueen, Manila, Ont.

Rev. Chan McKay, chancellor of McMaster University, and his brother, the Rev. Dr. McKay, editor of The Canadian Baptist, have just returned from a six weeks' visit to England.

Mr. Gordon N. Sanderson has returned to New York, having spent a very pleasant vacation with his parents on Parley-avenue.

Mrs. Harry White and daughter Nora of 70 Euclid-avenue are spending the month of August in London and Stratford.

Mrs. Frank Irwin and Miss Helen Irwin of Clendenan-avenue, West Toronto, are summering at Shabong Park.

W. S. Britton Foster of 844 Lake Shore, Centre Island, has gone west. He will visit Winnipeg, Calgary, and Vancouver, returning by Sea Francaise.

Mrs. Mrs. C. W. Wakon and Master Cecil of Gladstone-boulevard have returned from a visit to London.

Miss Ina E. Wilson of Gladstone-boulevard has returned after spending her vacation with friends in Erin.

Mr. and Mrs. G. A. Wheeler and family are visiting in Erin.

A meeting of the Women's Institute will be held to-day at the home of Mrs. A. Barker, when Mrs. Shaw will read a paper on work for a household.

SWERT OVERBOARD

Young Man Drowned in Lake Erie Before Companions' Eyes.

PORT DOVER, Aug. 17.—While the gasoline launch returned to this port from Selkirk, having on board Howard Coll, the only son of Richard Coll, Cleveland, Ohio, who had attained his twenty-first birthday on Sunday last, and Roy Dell and Hazen Waddle, she struck a severe swell and midway the boat in tow filled with water and sank in a few minutes. A furious sea struck the tug, pulling Coll in. The painter, run-overs and the launch's engine rendered the launch temporarily unmanageable, and the two younger lads were forced to watch their companion drown. They managed to repair the hull and run under the shelter of Peacock Point.

HAIR DAMAGES FRUIT

Bad Storm in Grimsby District on Monday.

HAMILTON, Aug. 17.—Fruit-croppers from Winona and Grimsby who came into the market here this morning report that the rainstorm which passed over the city about 2 o'clock yesterday afternoon turned to a hailstorm of un- usually heavy hail, and the result was caused serious damage to fruit trees and grape vines.

The storm, which passed towards the east, has met near Grimsby, by another coming towards the west, and when the two currents of air met the temperature was so reduced as to cause rain to fall as heavy as in any other large and were blown with great force. Fortunately the wind was erratic and skipped a large area, or the damage would have been very severe. As it was, many grapes, vines on the lake shore were cut to pieces or blown down, and large quantities of peaches, plums, and pears were bruised so much for use, or were blown down the trees.

The windows in several houses were smashed by the hailstones which fell on the roof and over the top of the city, and in Glanford Township they mowed down the standing grain. It is thought that much of this will be saved, however."

JAPAN NOT MENTIONED.

LONDON, Aug. 17.—The Canadian Associated Press has the highest authority to state that Japan has not been mentioned or discussed in any way by the imperial defence conference.

100 RURAL MAIL ROUTES MOSTLY IN CANADA WEST.

OTTAWA, Aug. 17.—Up to the present time about 100 free rural mail delivery routes have been established by the postoffice department, principally in Western Ontario, Manitoba and Saskatchewan. There is little demand for routes from the either the Maritime Provinces or Quebec. The department establishes routes wherever they are applied for by the residents of a district, providing the application receives the approval of the divisional inspector. The people served pay for the boxes.

Monday, August 30.—3 p.m. Reception at the City Hall by the Worship the Mayor and City Council.

Monday, September 6, Labor Day.—1. Visit to the Exhibition Grounds in the morning. 2. Luncheon with the Directors. 3. Special Grand Stand entertainment and Military Tournament.

G.T.P. A GREAT WORK

Archie Smith, Sc. Boro Old Boy, Tells of Construction.

Archie Smith of Cochrane was in the city yesterday. He is a Scarborough old boy, but has been building railways all over America for the past ten years. He is now in charge of a construction gang of 90 men and more, on the line of the G. T. P. This line is graded for 90 miles east of Cochrane and the laying of rails is only delayed by the fact that the squaring of the Abitibi is a difficult bit of bridge work. It is hard to get firm and quick footings for a 250 foot span. Mr. Smith declares the grade of the G. T. P. will be the finest in America.

He notes a fact common to the or-

CONSIDERS HAVE DAY AT WINDSOR TRACK

Jockey Burns Carries Off Riding Honors With Two Wins—Sewell at 10 to 1 Wins Fourth.

WINDSOR, Ont., Aug. 17.—(Special.)—In spite of the threatening weather a good crowd attended here this afternoon. Three favorites, however, the talent, the ranks of well-placed outsiders.

The 28 books doing business suffered severe losses, despite the fact that the track was the worst of the meeting. Jockey Burns carried off the riding honors by guiding two favorites to victory; Woolcasta, in the first, and Banville, in the fourth.

Woolcasta, in the first, and Banville, in the fourth, were the winners of the first and fourth races, respectively. In the second race, Sewell, who was held at 10 to 1, won.

MacDougal of Porters Hill fourth, a mile back on the Queen's royal corte.

At the St. Matthew's Lawn Tennis Tournament the best women players in the world will participate, including Miss May Sutton, Mrs. Hannam, Mrs. Beard, Miss Summerhayes and Miss Moyes, all champions or ex-champions of different localities.

The international tourney, which opens on the Queen's royal corte on Niagara-on-the-Lake, on Monday, will probably be the best in the history of this long-established affair.

The persons of the Queen's royal corte will appear in the persons of five of the crack players from California, Ontario and there are confident expectations that Parker, the New Zealand international, will be on hand. But perhaps of even more general interest among the two dozen entries, stand out prominently the names of Miss May Sutton of Pasadena, Cal., and Mrs. Hannam of Toronto, the former of whom is the acknowledged champion of the world, and the latter, representing the highest of English and Canadian tennis, challenging her for the title.

THE GATEWAY OF THE WEST.

In the annual report of the Vancouver Board of Trade there is the best evidence of the extraordinary expansion of Canada in its western members.

Many photographs show the city and its magnificent and beautiful harbor from different points of view.

City statistics and details of schools, churches and other matters indicate that the western gateway of Canada is laying a solid foundation for the future.

"A MODERN EXPONENT."

Local observers have often remarked that The Telegram is not a judicious friend. In taking up the cudgels last night for Hon. S. H. Blake, K.C.

On Tuesday last a 22-calibre Stevens single-loading rifle was stolen from the blacksmith shop of Frank Saul in Walsh village, a man named A. B. Nelson had brought it in to be repaired.

On Saturday night Emery Shelley walked to the Village of Walsh and shot a box containing 50 22 calibre rim fire, black powder cartridges, and the balance of the box are in Constable Abel's possession, as is the rifle.

Young Shelley, who was at Saul's on the Tuesday before the shooting, claims to have got the rifle from an Englishman at Ayon, about 30 miles away, in exchange for a suit of clothes and some money.

But if The World, bound to find analogies with Martin Luther and Hon. Mr. Blake, we could imagine the monk of Elisenbe proclaiming the epistle of St. James, "an epistle of straw," and the doughty K.C. hurling an ink bottle at him on account of his diabolical higher criticism.

Municipal government by commission in the United States is proving itself to be all that its advocates anticipated and is steadily growing in public favor.

His mother says Emery said: "If I shot that old man I'd not know if I was in heaven or in hell. I just saw her go down the road. Come on out here. I want to talk to you."

When the girl stepped out from the house he is said to have produced a revolver and with an air of the professional bravo threatened: "Now you be very careful what you do or say, because I'm onto you!"

Another time he is said to have held up three smaller school boys with a pistol and made them march off to a wood where he held them until his bravo spirit wore off.

His mother, who was married a second time, was on trial once for shooting her second husband in the leg. The first husband, it is related, before he died, confessed to having burned down churches, so that he could add the property to his land.

The Shelley family is a large one. Mrs. Shelley married again, after her first husband's death, and the family had a hard struggle to keep the roof from the door. They live some little distance from the Hall home, but young Shelley and Hall know each other well, and it is said that the old man had warned several boys in the neighborhood not to trespass on his small farm.

Inglis will be at 2 p.m. Thursday at Walsh, with the preliminary police court hearing at Simcoe on Friday. Michael Hall funerals this afternoon was largely attended.

THE LATCH-STRING IS OUT

To you at the plant WHERE "THE BEST" DRINKS COME FROM. Everybody in the establishment, from chemists to bottlers, takes a personal pride in aiding to prepare McLAUGHLIN'S BEST Beverages.

The making of these famous drinks is something more than a mere BUSINESS. Everything that goes out must be such as not only to MAINTAIN the reputation of the house, but to WIDEN IT. And it is THE BEST and McLAUGHLIN'S are synonymous.

In ordering the following see that you get McLaughlin's. Your dealer will supply you if you insist. Ginger Ales, Hop-Tone, Sarsaparilla, Lemon Soda, Tona Cola, Lemon Sour, Lime Juice and Soda, Hygeia Distilled Water.

McLAUGHLIN Master Maker of Pure Temperance Beverages. 145 to 155 Spadina Ave. Where the Best Drinks Come From

point to a still further adoption in the United States of municipal government by commission.

BOY SHOT AT A BIRD NO THOUGHT OF MURDER

That's What Emery Shelley Says, and To-day Detective Will Try to Prove His Story.

SIMCOE, Aug. 17.—(Special.)—Coincidence seems to connect Emery Shelley the 15-year-old boy, who is in jail here, pretty closely with the death of Michael Hall, who was felled by a bullet in the back of the head on the threshold of his cabin, two miles north of Walsh, Sunday afternoon.

The boy has admitted that he was shooting in the bush across the road from the Hall house at about the time 3.30 p.m.—that the tragedy occurred. The boy's name is Emery Shelley. Abel of Fort-Rowan, he said he fired three or four shots at a thrush from this bush. The last shot killed the bird, he said, and he carried the songster home and fed it to the cat.

These bits of evidence fit pretty well with what Mrs. Hall's story. She says she heard a shot and immediately her husband fell forward thru the door. As she rushed to raise his head, thinking he had fallen in a fit, a second shot struck the house over her head, a third hit the house high and to one side, and a fourth shattered the window at the side.

On Tuesday last a 22-calibre Stevens single-loading rifle was stolen from the blacksmith shop of Frank Saul in Walsh village, a man named A. B. Nelson had brought it in to be repaired.

On Saturday night Emery Shelley walked to the Village of Walsh and shot a box containing 50 22 calibre rim fire, black powder cartridges, and the balance of the box are in Constable Abel's possession, as is the rifle.

Young Shelley, who was at Saul's on the Tuesday before the shooting, claims to have got the rifle from an Englishman at Ayon, about 30 miles away, in exchange for a suit of clothes and some money.

But if The World, bound to find analogies with Martin Luther and Hon. Mr. Blake, we could imagine the monk of Elisenbe proclaiming the epistle of St. James, "an epistle of straw," and the doughty K.C. hurling an ink bottle at him on account of his diabolical higher criticism.

His mother says Emery said: "If I shot that old man I'd not know if I was in heaven or in hell. I just saw her go down the road. Come on out here. I want to talk to you."

When the girl stepped out from the house he is said to have produced a revolver and with an air of the professional bravo threatened: "Now you be very careful what you do or say, because I'm onto you!"

Inglis will be at 2 p.m. Thursday at Walsh, with the preliminary police court hearing at Simcoe on Friday. Michael Hall funerals this afternoon was largely attended.

R. E. McKay, of 783 East Queen-st, makes a specialty of cleaning and repair work in connection with plumbing, steam and gas fitting business. Estimates cheerfully furnished, and all work promptly attended to.

13TH MAN FIRST IN O.R.A.

Continued From Page 1.

were more troubled by the wind blowing against the muzzle of their guns than by the drifting of the bullets. The latter could be gauged as the wind was fairly steady, but it was impossible to hold the guns still.

Sights in Use.

The B. S. A. (Birmingham Small Arms), peep sight, has been disallowed here, although its use was permitted at Simcoe, to the disappointment of many marksmen who are convinced that it is the peer of all.

Pte. W. J. Clifford of the 10th R.G.A. Toronto, is a slight of his own invention, and is doing excellent shooting. Besides the sights authorized by the militia regulations, the match committee has authorized the use of the McCalley Improved, the B. S. A. bed, the Clifford and the British Territorial Army sights.

Because the large number competing, the range officers are strictly enforcing the rule which limits marksmen to 45 seconds in which to fire each shot.

Yesterdays' Matches.

The only matches completed to-day were the Canadian Club match, open to all, and the Tyro match, restricted to members from the Province of Ontario, who had never won a prize at any National Dominion or Provincial Rifle match.

Maxwell of the East York R.A. with a 47 score won the medal and the high prize of \$8 in the Tyro match. The team trophies were won by the 10th Royal Rangers, about 180 competing.

The first stage of the City of Toronto match was shot, as well as several other revolver matches.

To-morrow the main events will be the first cadets match, the Macdonald and Mackenzie match, the Macdonald and Mackenzie match, the Macdonald and Mackenzie match.

About half of the men attending the meet are camping on the ground, some 10 tents being required to cover them. The catering privileges has been secured by Mrs. Burrows, who serves meals at 25 cents each in the largest building on the grounds.

EATON'S DAILY STORE NEWS

As in June and July, Store Closes Saturday at One o'Clock during August. No Noon Delivery Saturday.

Why the August Furniture Sale is Growing By Leaps and Bounds

A whole page full of description couldn't tell of the assortment good qualities, good designs, and good values, half so well or convincingly as a walk through the long aisles of furniture ready for your inspection.

Furniture of every description, strong, reliable, handsome, well made serviceable furniture, better by far in quality and construction than any we've ever offered before during the August sale for the same money.

And remember when we're judging and comparing values and qualities it means judging and comparing with our everyday high-grade stock—the fact that it's for August sale doesn't in the least affect our standard of excellence. These samples good values for Thursday.

CHIFFONIER, quarter cut oak, rich golden finish, polished, serpentine shaped top, size 19 by 34 inches, six serpentine shaped drawers, fitted with brass handles, and all fitted with locks, except two top drawers, strong corner posts, with shaped legs, plain but neatly shaped standards, and mirror frame fitted with a British bevel plate mirror, size 16 by 20 inches. August sale \$14.50. Similar to above in mahogany finish. August sale \$14.50.

DRESSER, surface oak, rich golden color, shaped double top, size 18 by 40 inches, two deep drawers, fitted with locks and brass handles, top is fitted with two small drawers and hat cupboard, large bevel plate mirror, size 18 by 36 inches. August sale \$6.55. DRESSER, similar to above, in oak, rich golden color. August sale \$11.00.

CHIFFONIER, quarter cut oak, rich golden finish, polished, large double top, size 21 by 45 inches, four extra deep and one medium sized drawer, fitted with brass handles, panelled ends, shaped pediment on back, all drawers can be locked. August sale \$19.75. CHIFFONIER, similar to above in mahogany. August sale \$19.75.

DRESSER, hardwood, figured surface oak, rich golden finish, double top, size 21 by 40 inches, two small top drawers, size 21 by 40 inches, two small top drawers, with shaped fronts, one deep linen drawer, strong corner posts, with shaped legs, plain but neatly shaped standards, supporting a large oval shaped British bevel plate mirror, size 20 by 40 inches wide. August sale \$11.50.

CHIFFONIER, new design, selected quarter cut oak, rich golden finish, polished, large double top, serpentine shaped, size 19 by 34 inches, four deep linen drawers, fitted with brass handles, two small top drawers, plain standard, supporting a shaped mirror frame, and fitted with a British bevel plate mirror, size 14 by 24 inches. August sale \$15.50. CHIFFONIER, similar to above in mahogany finish. August sale \$15.50.

WARDROBE, hardwood, surface oak finish, golden color, extreme height, 11 feet 5 inches, extreme width, 8 feet, 11 inches, depth 1 foot 8 inches, large panelled door, fitted with lock, one deep drawer, fancy pediment top. August sale \$13.70.

O'Keefe's Pilsener Lager is a Food. O'Keefe's "Pilsener" Lager is a food like bread. Malt is nourishing and fattening, like wheat. Hops are strengthening and invigorating. Doctors will tell you that O'Keefe's "Pilsener" Lager is the perfect food—tonic for those who are "run-down," through overwork or sickness.

SAVE YOUR WAGES. The wage-earner who saves systematically paves the way to a financial independence. Take a dollar, or so of your next wages and open a savings account with this company. Interest paid 4 per cent.

BRIDGE CONTRACTS. Sealed Tenders addressed to the undersigned will be received up to 12 o'clock noon on Monday, August 23rd, 1909, for Bridges and Culverts on the Wagon Road on the Montreal River at Smyth to Gowanda, as follows: One bridge at Last Lake, 200 feet long with approaches. Two bridges at Long Point Lake, 35 feet long with approaches. Four bridges between Lost and Leary Lakes, 25 feet long with approaches. Two bridges at Miller Creek, 25 feet long with approaches. About 400 feet of side-hill bridging near Lost Lake. And about 45 culverts.

AMENDING NAVAL DEFENCE ACT. LONDON, Aug. 17.—(C.A.P.)—In the house of commons to-day Hon. Mr. Alfred McKenna presented a bill to amend the Colonial Naval Defence Act, 1875, and a bill to make better provision for the British possessions. Both were read the first time.

Deck Hand Drowned. PORT ARTHUR, Aug. 17.—(Special.)—John McDermott, 39 deckhand on the lake coast trading company's barge Van Allen, was drowned at Simpson Island last evening. McDermott was about 35 years of age, and well-known. He was missed at 11 p.m. and a search was made but he could not be found. It was feared that he had fallen into the water. Drapings books recovered the body.

EXPLOSION KILLS FIVE. VANCOUVER, B.C., Aug. 17.—(Special.)—Word was received to-day of an explosion which wrecked the dynamite house of the Western Explosives Company at Tuntstall, B.C., Bowen Island, yesterday and caused the death of five men.

CITY AND FERRY COMPANY

ARE JOINTLY RESPONSIBLE

For Condition of Affairs at Hanlan's Point—Water Pressure Inadequate.

"We the jury, are satisfied that the death of Miss Clara Andrews was accidental."

"We find that the responsibility for the condition of affairs existing at the time of the explosion, jointly with the City of Toronto and the Toronto Ferry Company."

"This was the verdict given, but by Coroner B. B. Orr's judgment at the inquest held in the Morgue last night."

"The witnesses were unanimous in their opinion that the explosion was accidental. The pressure was very poor."

"I think there should be a fully equipped fire department over on the island," said Deputy Coroner B. B. Orr.

"The fire started from the boiler room, and the pressure was very poor. The fire started from the boiler room, and the pressure was very poor."

"The fire started from the boiler room, and the pressure was very poor. The fire started from the boiler room, and the pressure was very poor."

"The fire started from the boiler room, and the pressure was very poor. The fire started from the boiler room, and the pressure was very poor."

NO. 1. BARTLETT SHAFT

AT DEPTH OF 110 FEET

Drilling Will Soon Be Commenced

From the Hundred Foot Level Station.

Word has been received from the superintendent of the Bartlett shaft of Gowanda, that the No. 1 shaft has been carried to a depth of 110 feet.

The shaft, as will be remembered, is located 100 feet from No. 1 shaft, and is operated from the same power plant.

NEW FIND ON BEAVER

On the 200-Foot Level—Champion Drillers Arrive.

COBALT, Aug. 17.—(Special)—Beaver has made a new find at the 200-foot level. The vein is eight inches wide of five thousand ounces and is near the rich vein they were working.

Glifford Cobalt shaft is only a few hundred feet distant from the Beaver one, it has the 200-foot level and a station is being cut and will be cross-cut to pick up the Beaver vein. Beaver has nearly a car of high-grade ready for shipment.

The Butte champaign drillers, Jim Pickens and Louis Page, are here to take part in to-morrow's drill contest, and have been invited to do so as representatives of the Tulelake mine. These men are probably the greatest in the world. The Glifford, Cobalt, McPhail and other shafts are local favorites and stand a good show for second place.

Marcell Mines.

An offering of stock in the above company is made to-day and should appeal strongly to those contemplating a mining investment, as every dollar spent. They deserve credit for fully exploring the property and demonstrating the existence of values before going to the expense of putting on a plant which they now feel justified in doing, as they have shipping ore in sight to work.

These shares should commend themselves as a good purchase.

New York Grain and Produce.

NEW YORK, Aug. 17.—Flour—Receipts, 37,443 barrels; exports, 12,718 barrels; dull and about steady; winter striated, \$4.30 to \$5.15; winter extra, \$4.50 to \$4.80; new winter low grades, \$4.40 to \$4.70. HOLDERS SHOULD WAIT THE PRESIDENT'S LETTER

President of Peterson Lake Co. Will Issue a Statement Regarding Valuable Mine.

D. M. Steindler, president of the Peterson Lake Silver Cobalt Mining Co., in another column issues a letter to the shareholders asking them to withhold their proxies until he gives all the facts in a letter of which he is sending out to every name in the list of shareholders.

The Cobalt Nugget of the 14th inst. describes in the above report the progress that is being made in the Kerr Lake mine, and particularly in the development of the great revenue producing vein, the "Jacob's" or No. 3.

STRIKE ON BEAVER

Seven-inch Vein Showing 5000 Ounces Uncovered. President Culler of the Beaver Mining Company received a wire from the Cobalt camp yesterday reporting that a seven inch vein, running 5000 ounces to the ton, had been struck on the property.

ANNOUNCEMENT! WE HAVE UNDERWRITTEN AND OFFER FOR SALE 25,000 SHARES OF MARCELL MINES, Limited

No personal liability. Incorporated under Ontario Companies Act. Prospectus filed at office of Provincial Secretary Nov. 11, 1908. Authorized Capital, \$500,000. Over 200,000 shares yet held for Treasury

Property consists of 40 acres located in the rich Southeastern Corner of James Township in solid diabase formation, adjoining the famous Devlin property which has 5000 oz. ore at 100 feet, establishing depth, and the Lucky Godfrey which is also producing silver.

Statement of Progress.

- 1. Over 3000 feet Surface Trenching on veins. 2. Over 25 veins exposed in solid diabase formation and more being discovered as work progresses. 75% of acreage not yet prospected. 3. Four veins showing native silver at surface. 4. Of the few veins developed, No. 10 vein assayed average of 1066 oz. silver at surface. 5. Shaft 45 ft. on No. 2 vein shows 7 inches width calcite 100 to 2800 oz. obtained and improving steadily.

As the result of the above and in view of the low capitalization this property commands attention. The shares are offered at 50 cents per share for immediate subscription.

Certificates will be issued by The Trusts and Guarantee Company. Wire orders and mail cheques to

Draper Dobie & Company, Traders Bank Building, Toronto, Canada.

To the Shareholders of the Peterson Lake Silver Cobalt Mining Co.: A notice has been sent out calling a meeting to be held October 6th and asking for proxies in favor of A. F. McLaren.

It is my purpose to place the entire facts before you in a few days, and I would, therefore, request you to kindly withhold signing of any proxies until you have an opportunity of considering the other side of the situation.

(Signed) D. M. STEINDLER, President. August 18th, 1909.

NO CHANGE IN SENTIMENT INDICATED.

Proceedings were somewhat tame at the Toronto Stock Exchange today. A wave of realizing permeated most markets, and the local market was no exception. Losses from yesterday were shown in most of the active issues dealt in, but these were small and indicated nothing more than the immediate cessation of extreme bullishness and not any definite change in general sentiment.

World Office, Tuesday Evening, Aug. 17.

Slight Weakness Apparent In Domestic Securities

Trading is on the Easy Side - Wall Street Closed Firm After the Reaction.

World Office, Tuesday Evening, Aug. 17. Trading was on the easy side today at the Toronto Stock Exchange, being limited to some 20 of the listed issues, and an easier tone was in evidence throughout. The price changes were generally narrow.

Speculative interest was centered in Twin City again, transactions in this issue constituting the bulk of the day's business. Opening quotations were unchanged yesterday's close and the shares sold up to 109 7/8 during the day and closed only an eighth lower.

Toronto Sugar Market.

St. Lawrence sugars are quoted as follows: Granulated, 47.75 per cwt. in barrels. No. 1 golden, 44.75 per cwt. in barrels. No. 2, 43.75 per cwt. in barrels.

New York Sugar Market.

Sugar - Raw firm; fair refining, 3.8c to 3.9c; centrifugal, 9c test, 4.08c to 4.11c; molasses sugar, 3.2c to 3.3c; refined steady.

Winnipeg Wheat Market.

Wheat - October 96c, December 96c. Oats - October 35c, December 34c.

Chicago Market.

J. P. Bickell & Co., Lawlor Building.

Chicago Cossip.

J. P. Bickell & Co. say at the close of the day - Dull, featureless market; cash demand sufficient to absorb arrivals without decline.

Speculative interest lacking. Leading interests favoring further decline. Short interest large, but nothing at the moment indicates sustained advance. Barring unfavorable harvesting conditions, market will prove a trading affair until something more definite is known of effect of the initial movement of spring wheat on cash values. Accepts moderate profits.

Barrett, Patten & Co. (Beatty & Glasco) wired: "The market opened steady to a shade under yesterday's close and has been dull but firm all day, with light trade and small fluctuations. Prices and premiums for winter wheat are giving the open concern some interest. In September makes the shorts extremely nervous. We look for nothing more than a recovery market pending the harvest of the spring wheat crop."

Corn - The selling was largely by the buyers of the crop and a rally occurred before the close on further reports saying rains did not amount to much. Provisionally - were active, covering a rather wide range.

R. B. Lyman & Co. wired R. H. Holden: "Wheat - The market opened steady to a shade under yesterday's close and has been dull but firm all day, with light trade and small fluctuations. Prices and premiums for winter wheat are giving the open concern some interest. In September makes the shorts extremely nervous. We look for nothing more than a recovery market pending the harvest of the spring wheat crop."

Corn - The short interest was largely reduced yesterday. There was some damage reports in circulation this morning, but the trade paid little attention to them. Oats - Have ruled steady.

Build Up A Reserve Now

Now, while your earning power is good, why not convert part of it into a Cash Reserve that will, later on, yield a competence for old age?

You can easily do it by regularly depositing a part of your income in

Day's Doings in YORK COUNTY

MUSICAL SOCIETY IS FORMED IN N. TORONTO

Town Will Soon Have Brass Band—West Toronto Man's Clever Work—County News.

NORTH TORONTO, Aug. 17.—(Special.)—That North Toronto will shortly have an up-to-date brass band, the equal of any provincial town, is now assured. This much was plainly indicated at a meeting of those musically inclined, held at the town hall to-night. It was a good meeting as such meetings go, not large, but full of enthusiasm and attended by men who are in earnest and who will not stop short of success.

S. J. Douglas was in the chair, and after stating the purpose of the meeting, which was to form a brass band, it was unanimously decided to organize under the name of the North Toronto Musical Society, with S. J. Douglas, president, M. C. Clark, vice-president, W. J. Lawrence, secretary-treasurer, and an executive committee composed of Mayor Brown, R. B. Boulden, Robert Klink and H. Malins.

The "North Toronto Citizens' Band" was decided upon as the name of the organization, and while many of the parts have already been assigned, a number of vacancies are open to those who would like to affiliate themselves with the band. The vacancies are for two altos, three trombones, one baritone, two bass, two E flat bass, and two clarinet players.

The members are especially desirous that those having instruments and who were formerly connected with the old band, should ally themselves with the new organization. There is a lot of latent musical talent in North Toronto which only needs to be developed. A capable instructor will be secured. The matter of financing the band was discussed and it was decided to make a careful canvass of the town and report at the next meeting of the committee, which will take place on Tuesday evening. A good hearty response is looked for.

A. M. Warren, Mayor Brown, D. D. Reid, W. J. Lawrence, S. J. Douglas and others have taken a lively interest in the matter, and its success is now assured. Let everybody give a helping hand financially and otherwise.

The regular meeting of the town council, scheduled for to-night, did not materialize owing to a number of causes, all unavoidable.

West Toronto North Toronto East Toronto

known here, will preach at Davenport-road Church (Presbyterian), for the next two Sabbaths.

EAST TORONTO.

EAST TORONTO, Aug. 17.—Miss Pearl Nicholson, who has been spending a few days with friends in East Toronto, left yesterday for her home. William and Frank Marks of Oshawa are visiting their sister, Mrs. Gunn of Danforth-road, East Toronto.

Considerable excitement was caused this afternoon when the 4.45 Kingston-road car on its way to the Woodbine Jockey Club, was overturned. The pole was too badly bent to be used again, and the forward one was turned around and used to bend the car on its interrupted journey.

COBOURG HORSE SHOW Many Prominent Horse Owners Here—First Day's Awards. COBOURG, Aug. 17.—(Special.)—The first day's showing of Cobourg's fifth summer Horse Show brought out a fine exhibition of horses in all classes. The entry fees last year totaled \$850, this year they are over \$1200. Over 120 entries are made in the high jumping, red coat and saddle classes. Many Toronto exhibitors have entered, including Crowe and Murray, Amellius Jarvis, Sir Henry Pellatt, Robert Davies, Mrs. Schenker, Alfred Rogers, Jas. Milne and others.

TRACK FOREMAN KILLED Moving Radial Car Hit Sledge That He Was Carrying. GALT, Ont., Aug. 17.—John McVicar, a track foreman of the Galt, Preston and Hespeler street railway, was accidentally killed this afternoon by being struck by a car near the golf links station. He was 60 years of age, and leaves a widow and 4 children.

HONORS FOR STRATHCONA. WINNIPEG, Aug. 17.—(Special.)—When Lord Strathcona arrives here next Wednesday, he will be publicly received, the militia cadets corps, council, St. Andrew's Society, and other bodies turning out. He will be asked to become hon-pres. of the Canadian International and Selkirk Centennial-Exhibition of 1912.

WHAT YOU NEED FOR THE COUNTRY. You need some handy-balm ready for blistered hands, sunburned skin, cuts, burns, bruises, stings, and the many little accidents incidental to open-air life. Zam-Buk is the ideal balm. It is antiseptic, soothing, and healing. It soothes stings or barbed wire scratches. It cannot become poisonous wounds. If Zam-Buk is applied, it soothes sore, aching feet, heals baby's chafed places, cools patches of sunburn, relieves the pain of blisters. Mothers should see that the country cottage is never without Zam-Buk. Purely herbal, it may be regarded as Nature's own healer. Apply it to all skin injuries, rashes, eruptions, and diseases. All druggists and stores.

H. H. FUDGER, President J. WOOD, Manager. Store Closes Daily at 5.30 p. m.

THE ROBERT SIMPSON COMPANY, LIMITED

PROBABILITIES. Moderate to fresh north to east winds; showery, but generally fair. Wednesday Aug. 18.

A \$30.00 Custom Suit for \$18.95

WE beg to announce to regular patrons of our Custom Tailoring Department, and to others who would care to investigate our claim to having tailoring facilities equal to any in town with prices of decided moderation, that one of those occasions when we clear up our stock of suitings has been fixed for to-morrow, Thursday, August 19. We intend to make up to measure in the every day business sack style all that cloth which we do not care to have competing with our new goods for fall at a price.

This means that you pick your choice of materials which, when made up, would cost you at any other time and right here in this moderate-priced store from \$23.50, to \$32.00—good round Canadian dollars.

The clearing price is set at \$18.95—not enough to cover expenses, but enough to give our tailors a storm of work at a period when it would otherwise be overly calm.

First-class workmanship, of course. Money back on complaint. \$18.95.

Want a Rain Coat? GOOD idea to have a Rain Coat for weather like we've been having. Take one on your holiday trip. \$10.50 to \$13.50 ones clearing in the Men's Store Thursday at \$6.95.

Men's \$2.50 Pearl Hats \$1.00. Men's English All-wool Cashmere Jerseys, small 2-inch collar, navy with white or red stripes on collar and cuffs. Regular \$2.00. Thursday 95c.
