CENTRAL POWERS EXPRESS DESIRE TO ENTER ON PEACE NEGOTIATIONS THREE THOUSAND PRISONERS TAKEN BY BRITISH IN BELGIUM Haig Completes Victory With Advances at Many Points

BRITISH ADVANCE AGAIN TO COMPLETE VICTORY

Field Marshal Haig Reports Additional Gains South of Tower Hamlet, East of St. Julien, as Well as at Other Points—More Than Three Thousand Prisoners Taken in Offensive.

London, Sept. 21.—The number of German prisoners taken by the British in yesterday's fighting on the Belgian front now exceeds 3,000, according to the British war office statement tonight. The British yesterday repulsed several strong counter-attacks of the enemy, who suffered exceptionally heavy losses.

The text of the statement follows: "Further evidence shows the continuing and obstinate nature of the enemy's counter-attacks yesterday, in which he suffered exceptionally heavy losses and gained no advantage.

"During today's fighting of minor character has taken place on different parts of the battle front. We have advanced our line at a number of points and have beaten off further German counter-attacks. This morning English county troops attacked and captured a collection of German trenches and concrete strong points south of the Tower Hamlets.

"Later in the day the enemy launched a powerful counter-attack against the Tower Hamlet ridge. This attack was repulsed after heavy fighting. East of St. Julien regiments from Liverpool and Lancashire gained possession of a fortified farm where a party of the enemy had succeeded in holding out during a previous attack.

"The number of prisoners taken by us in yesterday's fighting so far reported exceeds 3,000.

A despatch of R. T. Small, staff correspondent of the Associated Press from British Headquarters in France, says: The great British victory yesterday east of Ypres has demonstrated the futility of the German new system of holding the line with troops scattered over a great depth and depending mainly on shell holes and small redoubt defences in place of the trenches formerly employed.

Perhaps some would prefer to say that the superiority of British workmanship again has been shown. In either case the fact remains that the enemy's system of maintaining the front attacked yesterday proved a failure.

As a result he now finds himself with a shattered system which he cannot replace by returning to the old plan of holding the front line trenches strongly. For it is straightening his line over the blown-up positions by the dominating British artillery.

German officers taken prisoner were impressed greatly by the magnitude of the British success, and have expressed great dissatisfaction with their own higher command. They freely admit the great efficiency of the British artillery preparation before the attack and characterize as awful those tremendous barrages which swept over the German territory ahead of the assaulting troops.

Great Carnage of Germans. The vast number of German bodies which lie in the muddy shell holes within the territory traversed by the British and the devastation wrought by the big guns give added strength to their testimony.

The British infantry did not proceed without opposition to their objective, but the details of the fighting show no particularly spectacular features.

The whole operation was a most accomplished with such clocklike regularity that it left one gasping. It was as if one had witnessed the wiping out of a city by a huge dynamite mine, which does its work instantaneously.

The German prisoners clearly feel the weight of the blow inflicted. They are dazed by it and many of them look on the situation as dark indeed for their force. There was little change in the situation this afternoon. The British were resting on their laurels and consolidating their gains at most places, although local battles were in progress at some points where the Germans were still clinging to some re-

British Statesmen to Stay at Home Neither Premier, Lord Derby Nor Smuts Can Visit United States.

London, Sept. 21.—The visit of a leading British statesman, either Premier Lloyd George, the Earl of Derby, minister of war, or General Smuts to the United States has been under consideration for some time, but the difficulties in the way of such a journey virtually preclude it. This assurance was made in a statement from an authoritative source today, on the suggestion made in the United States that a visit by one of the three men would be appreciated in the United States for the purpose of countering anti-British propaganda.

ARGENTINA EXPECTED TO ENTER WAR TODAY

Chamber of Deputies Will Decide on Crisis With Germany—Troops Will Be Despatched to Europe Immediately Following Declaration.

Buenos Aires, Sept. 21.—The chamber of deputies late today postponed discussion of the crisis with Germany caused by the unfriendly action of Count Von Luxburg, the dismissed German minister. This postponement was taken after receipt of a statement from Foreign Minister Pueyrredon that the government has received new information which he will present to the congress tomorrow.

Approval of the resolution by the deputies before night was predicted in these quarters. Such action, it is considered, would virtually assure an actual rupture, as the senate has already passed the resolution favoring the break and President Frigoyen has announced that he is willing to follow the dictates of the people.

GERMANY PAID MONEY TO CONTROL CONGRESS

American Government Exposes Part of Von Bernstorff's Activity to Prepare for Beginning of Ruthless Submarine Campaign.

Washington, Sept. 21.—The American Government's publicity spotlight revealing German intrigue in neutral lands, turned today upon the expenditure of money by the Berlin foreign office in an effort to influence congress on the eve of the ruthless submarine campaign which drove the United States to war.

Secretary of State Lansing made public, without comment, the text of a message sent by Count von Bernstorff to Berlin last January, asking authority to use \$50,000 to influence congress thru an organization which the foreign office was reminded had performed similar service before. To supplement this move Von Bernstorff suggested an official declaration in favor of Ireland for its effect here.

The organization to be employed was not named in the message, and Mr. Lansing did not discuss its identity. It was freely suggested among other officials, however, that it was one of the various societies which flooded members of the house and senate with peace messages when President Wilson was asking that a state of war be recognized.

Another Amazing Chapter. This disclosure adds another chapter to the amazing story begun with the publication of the famous Zimmermann note in which Germany proposed an alliance with Mexico and Japan against the United States, and which has included the German-Swedish breaches of neutrality in Argentina and Mexico. It connects the German favor of Ireland for its effect here.

BRITISH ADVANCE MADE WITH GREAT PRECISION

London, Sept. 21.—(Via Reuter's Ottawa agency)—Telegraphing from British headquarters in Flanders, a Reuter correspondent says: "The more one hears about yesterday's great fight the more one admires the mastery tactics and indomitable gallantry displayed. Never has a British army had to tackle a tougher proposition, than that set by the attack on the defensive area of great depth, held so densely that it may be estimated that there was an average of over four Germans to every yard of front."

"To the British troops, which served General Plumer so well at Messines, tell what might have been expected to prove the stiffest part of the great day's task. They acquitted themselves nobly. For the Australians it was the most completely suc-

GERMANS' NEW DEFENCE PLANS DISMALLY FAIL

British Success Brings Complete Collapse to Latest Enemy System.

OFFICERS ADMIT IT

Dejected Lot of Prisoners Confess to Ruin of Hindenburg Tactics.

London, Sept. 21.—(Via Reuter's Ottawa Agency)—Telegraphing from headquarters Reuter's correspondent tonight says: "The most triumphant feature of yesterday's splendid victory is the death blow dealt to German faith in the invulnerability of their new method of defence. The effect of the collapse of this has been very serious upon the prisoners, and captured officers, who hitherto would have been laughing and supercilious, are now literally bowing to their captors. They confess defeat in what they regarded as their strongest point. They now regard the future with dismay."

"The fighting generally was of a hand-to-hand character. Therefore a large proportion of the prisoners who are wounded speak most respectfully of the terrible effect of our barrage, which for three days cut off all rations and loved a fearful toll of death. Advancing troops confirmed this statement because they found immense numbers of corpses. The enemy has never participated in a bloodier battle."

"The official report today reads: 'More detailed accounts of yesterday's battle confirm the completeness of our success. The German troops were looked upon in some quarters as likely to hasten materially the decision in favor of a break.'

"During the evening local attacks delivered by us in the neighborhood of Tower Hamlets and northeast of Langemarck cleared up a number of strong points and completed the capture of our objectives in those localities."

"The clear light of the latter part of the day enabled our troops to obtain warning of impending attacks, and in every case the advancing lines of German infantry were destroyed by the concentrated fire from our rifles, machine guns and artillery."

"The Chinese probably could reach France by January 1. An abundant number of fairly trained soldiers is immediately available for the expedition. The premier is in favor of sending 300,000 men, and the provincial authorities are heartily in support of the plan. In the event that the Canton provisional government gives its approval of the war with Germany."

RUSSIAN POLITICAL SITUATION MIXED

Keen Interest is Shown in the Coming Democratic Congress.

DISSENSIONS HAVE IMPAIRED VOTING STRENGTH OF MAXIMALISTS.

Petrograd, Sept. 21.—Russia's political situation of immediate interest is the democratic congress summoned by the central soldiers' and workmen's council, which is to meet in Petrograd on Sept. 25, and which is being proclaimed as of more importance than was the recent congress at Moscow.

The program of the democratic congress so far as known is to 'settle the question of organization or autonomy which will lead the country to a constituent assembly.'

It is practically certain that Premier Kerensky will address the congress, as he still is a member of the central council of soldiers' and workmen's deputies, but he may do so in that capacity and not as prime minister.

In view of the early convening of the democratic congress and the uncertainty as to the temper of that body, it is regarded as likely that no further cabinet announcements will be announced at present. The chances for victory of the Maximalists in the congress seemingly are not as great as might be indicated by their domination in Petrograd and Moscow councils, according to gossip in government circles, due to a split in the social revolutionary party, of which a substantial group declared for Premier Kerensky and against an exclusively socialist cabinet, similar attitude is assumed by a large element of the Maximalists, who stand for a continuation of the war.

It is pointed out, however, that even in the event of the defeat of the Maximalists and the formation of a coalition cabinet without the social democrats, they will continue the opposition that wrecked the last cabinet, and a serious difficulty still remains to be overcome.

TRIBUTE TO VATICAN

Pope's Efforts for Peace Followed With High Respect.

London, Sept. 21.—The statement that Great Britain had asked for further information from the Vatican, with a view to replying to Pope Benedict's peace note, is authoritatively denied.

Amsterdam, Sept. 21.—The German Government in its reply to the peace note of Pope Benedict, a copy of which has been received here, 'cherishes a lively desire' that the appeal may meet with success.

His majesty has been following for a considerable time, with high respect and sincere gratitude, his holiness' efforts in a spirit of true impartiality to alleviate as far as possible the sufferings of the war and to hasten the end of hostilities.

The clear light of the latter part of the day enabled our troops to obtain warning of impending attacks, and in every case the advancing lines of German infantry were destroyed by the concentrated fire from our rifles, machine guns and artillery."

EMPEROR OF AUSTRIA FERVENTLY DESIRES TO REACH BASIS FOR PEACE

FAVORS ARBITRATION

Willingness to Eliminate Rule of Armed Force Professed.

Amsterdam, Sept. 21.—Peace would come from the recent proposals of Pope Benedict, if the belligerent nations would enter into negotiations in the sense of the pontiff's suggestions.

Emperor Charles of Austria-Hungary says in his reply to the Vatican note. The emperor sees in the Pope's peace plan a suitable basis for initiating negotiations toward a just and lasting peace and expresses the hope that the nations opposing his own may be animated by the same ideas.

Austria-Hungary's ruler received the pontiff's note with a thankful heart and with an expression of confidence that the pontiff's efforts may lead to the realization of the emperor's desire for a lasting and honorable peace for all parties.

Freedom of the seas is one of the peace hopes of Emperor Charles, in order that heavy material burdens could be taken from the nations of the earth and new sources of prosperity opened to them.

The reply received here in a despatch from Vienna, was handed to Monsignor T. Valre di Bonzo, the papal nuncio at Vienna, on Thursday. Austria is prepared, the reply states, to enter into negotiations for the submission of international disputes to compulsory arbitration.

The Austrian emperor admits that the future arrangement of the world must be based on the elimination of armed force and on the rule of international justice and equity.

The Pope's idea of negotiations between the belligerents for an understanding for simultaneous reciprocal reduction of armaments on land and sea and in the air, by which the high seas, which rightfully belong to all nations, will be opened equally to the use of all, is supported by Emperor Charles.

The text of his reply follows: "Holy Father,—With due veneration and deep emotion we take cognizance of the new representations your holiness has furnished of the holy office entrusted to you by God, make to us and the heads of the other belligerent states, with the noble intention of enlisting all the nations to a unity that will restore peace to them."

"With a thankful heart, we received this fresh gift of fatherly care which you have sent us, always bestow on all peoples without distinction, and from the depth of our heart we greet the moving exhortation which your holiness has addressed to the peoples of the world, which reaches beyond earthly things, and thanks to the high conception of his duties laid upon him, stands high above the belligerent peoples, and who, inaccessible to all influence, was able to find a way which may lead to the realization of our own desire for peace, lasting and honorable for all parties."

Long-Chartered Aim. "Since ascending the throne of our ancestors and fully conscious of the responsibility which we bear before God and man for the fate of the Austro-Hungarian monarchy, we have never lost sight of the high aim of restoring to our peoples as speedily as possible, the blessings of peace. Soon after our accession to the throne, it was vouchsafed the counsel with allies, to undertake suggestions which had been considered by our illustrious predecessor, Francis Joseph, to pave the way for a lasting and honorable peace."

"We gave expression to this desire in a speech from the throne delivered at the opening of the Austrian Reichsrath, thereby showing that we are striving after a peace that shall free the future life of the nation from rancor and a thirst for revenge, and that shall secure them for generations to come, from the employment of armed forces."

Eliminate Armed Force. "Happy in the thought that our desires from the first were directed towards the same object which your holiness today characterizes as one we

U.S. NOT SURPRISED

Washington, Sept. 21.—Favorable replies from both Berlin and Vienna to Pope Benedict's peace proposals were not unexpected in the United States and the allied countries.

Whether or not the action of the Pope was influenced by Austria, as has been frequently suggested, the acceptance of his peace plans in line with the policies of those governments in making their people feel that they are waging a purely defensive war against a group of nations bent upon their destruction.

CHINESE TROOPS TO HELP ALLIES

President and Cabinet Desire to Contribute Three Hundred Thousand.

Peking, Monday, Sept. 17.—(Delayed)—The president and the cabinet have agreed to the plan of sending a trial division of 24,000 Chinese soldiers to France if money, equipment and shipping are available. The entente allies have approved the proposition and France is eager to receive the contingent.

The Chinese probably could reach France by January 1. An abundant number of fairly trained soldiers is immediately available for the expedition. The premier is in favor of sending 300,000 men, and the provincial authorities are heartily in support of the plan.

SAVINKOFF'S INTENTION TO ENLIST AS PRIVATE

Kerensky's "Strong Man" Ready to Sacrifice All for His Country.

Petrograd, Sept. 20.—(Delayed)—Boris Savinkoff, former minister of war, according to the newspapers has declared his intention of enlisting as a private in a "striking battalion."

M. Savinkoff is Premier Kerensky's strong man. He was recently war minister, military governor of Petrograd, and commanded the troops operating against General Korniloff in the recent revolt.

THE FORMAL FALL EXHIBIT OF FURNITURE AND HOUSE-FURNISHINGS

Will Begin on Monday and Continue Throughout the Week

Affording You An Excellent Opportunity for the Selection of All Things Decorative, Convenient and Comfortable for the Furnishing or Re-furnishing of House, Flat, Clubroom or Hotel

FURNITURE

A magnificent display of historical, period and characteristic furniture, of upholstered chairs and sofas, of brass beds and bedding, of kitchen and pantry tables, and cabinets, and of office and board-room equipment—featuring particularly William and Mary, Queen Anne, and Louis XVI. designs for drawing-room, living-room, dining-room and bedroom furnishing. Five floors of the Furniture Building will be set forth in gala display. The Furnished Home on the Third Floor will be a centre of special interest. A demonstration of the making of the well-known Marshall Mattress and the working of the Portable Electric Sewing Machine will be other things well worth seeing.

FLOOR COVERINGS

Wilton and Axminster Rugs in all their beauty of modern weaving will be the chief feature in the showing in the Floor Coverings Section on the Fourth Floor, exhibiting in their wide variety reproductions and adaptations of fine Persian and Caucasian designs, French floral effects, English chintz patterns and plain band-border styles. There will also be on view a splendid assemblage of Oriental rugs, Brussels and tapestry squares, Scotch wool squares, rag rugs (with a demonstration of the weaving of these on an old hand-loom), carpets and linoleums.

DRAPERIES

Chintzes—Shadow Cloths—Wool Tapestries—Figured Velvets—Silk Brocades—Casement Silks—these are but a few of the fabrics that will make up the superb display in materials for curtains and coverings. The making of lamp shades and knitting bags by clever needlewomen will be one of the many special attractions in this department.

WALL PAPERS AND PAINTS

All the charming designs of present vogue in wall decoration will be exemplified in a splendid presentation of paper from English, American and Canadian mills—plain tinted papers, grass-cloths, soft leather effects, two-tone conventional designs, tapestries, English chintz patterns, characteristic and period designs, nursery pictorial friezes and washable papers for bath-rooms, pantries and kitchens.

PICTURES AND FRAMING

The framing of soldiers' photographs in wood or gilt, with the cap or collar badge of his battalion or regiment as decoration for the frame—this is to be one of the attractions in the picture department. Artistic hand-carved frames in swing and gate effects will also be displayed, and some very lovely inlaid mahogany and antique gilt frames—these also for photographs. Prominence will be given, too, to the delightful hand-colored platinum pictures by David Davidson and Fred. Thompson, the subjects including quaint interiors, gentle landscapes and several "homes of the poets"—pictures so popular for bedrooms and simple drawing-rooms.

LAMPS AND ELECTRIC FIXTURES.

Floor lamps, tall and handsome; table lamps, in a host of artistic shapes and useful sizes, and bed-stand and dressing table lamps of the quaintest description—you will find all these in the Housefurnishing Week display in the Light Fixtures Department in the Basement. The shades for the lamps are a joy to behold. And besides the lamps are electric light fixtures in delightful variety, deserving of particular mention being the collection procured from the display of electric fixtures at the Canadian National Exhibition this month, including many new and pleasing designs in brush brass, gilt, butlers' silver and cast-iron, suitable for all the rooms of the house.

What the Country Lost

What the country lost by the murder of the government's railway bill in the senate may be temporary, but it is significant. The bill to amend and consolidate the Railway Act was a statesmanlike measure which received careful attention from a special committee of the house of commons, and was debated at length by the house itself.

The bill, as it passed the house, compelled the Bell Telephone Company to exchange business with independent companies without exacting a surtax or compensation. It required railways and municipalities to combine under the guidance of a railway commission in building railways so that the same bridge might accommodate not only railway traffic but vehicular and pedestrian traffic as well.

On the whole the defeat of the bill is a public calamity. We can only hope that the Borden government, when returned to power, will compel the senate to pass the measure at the next session. Meanwhile, public opinion has advanced a great deal, and much has been accomplished in reorganizing the great public service corporations.

The Railway Act of 1908 was a step in the right direction. It established the board of railway commissioners and gave to the public a court easy of access, where their grievances could be heard promptly and disposed of with little expense.

Soon after 1908 a demand arose for an extension of the railway board's jurisdiction. A bill was introduced in parliament by W. F. Maclean, M.P. for South York, placing telegraph, express and telephone companies under the jurisdiction of the railway board.

Lord Rhondda on Food Prices. Lord Rhondda has uttered his determination that the food consumers of Great Britain are not to be plundered by profiteers. He is going to limit the profits, or in other words to fix prices, and he hopes he declares to hear that Mr. Hanna of Canada and Mr. Hoover have taken the same course.

The latest attempt is by the milk producers, and it seems to be a particularly ungrateful attempt in view of the protection given the butter trade against oleomargarine and other artificial butter compounds. The world has supported this embargo as well as the interests of the farmers as well as of the public, and as a result the price of butter gives the dairy farmer a solid basis for his business.

FOOD WASTAGE IN CANADA ENORMOUS Annual Loss Estimated at Seven Dollars Per Capita. Ottawa, Sept. 21.—The enormous wastage of food through the Dominion is indicated in statistics compiled by the food controller. It is estimated that, owing to carelessness and inefficiency, there is wasted in garbage every day food to the value of \$66,000,000, or about \$7 per head of the total population.

CHESTERFIELD SAID "Whatever is worth doing at all is worth doing well." This principle has been applied to the manufacture of "Winged Wheel" Watch Cases for more than 30 years.

"Choose You This Day Whom Ye Will Serve." Editor World: One thing above all others that people are concerned about these days is, what are we fighting for? There are two answers for the statesman "Progress." The indifference of a great many people today would surprise me if we were not aware that the movies are amongst us, which, to a large extent, are responsible for the education of today's generation.

POLITICAL NEWS

The last session of the twelfth parliament came to an end by prorogation on Thursday. It was one of the longest sessions in the history of the Dominion, having extended from January 18 to Sept. 20. It was broken, however, by a ten weeks' adjournment on account of the prime minister's visit to England, and therefore in the matter of continuous sittings it exceeded the session of 1905 and 1906 respectively.

The present parliament was elected on Sept. 21, 1911, and will expire by legal limitation, if not sooner, dissolved, on Oct. 6, 1917. It is, of course, the longest parliament since confederation, having lived fully six years.

The third parliament was under the premiership of Mr. Mackenzie. It was elected in 1874 and after holding five sessions was dissolved August 9, 1878. The general election of 1878 resulted in the return of Sir John Macdonald and the Conservative party. The parliament then chosen, the second parliament of Canada, was the most short-lived in our history.

In 1896 there was a Liberal landslide and many new faces appeared in parliament. Sir Wilfrid Laurier became premier and very easily in the general election of 1900, he defeated the Conservatives. The remedial bill met with obstruction which today would not be tolerated.

U. S. PLANS TO CONTROL OCEAN SHIPPING RATES New York Exporter Will Act as Chairman of Charting Board. Washington, Sept. 21.—A step toward closer government regulation of all ocean shipping and rates was taken today when the shipping board appointed Welding Ring, New York exporter, chairman of the new charting board, to act as an agency or the shipping board.

Blind Colonel Mulloy's Mother Died at Winchester Yesterday. Kingston, Sept. 21.—Mrs. Mulloy, mother of Lieut.-Col. L. W. Mulloy of the Royal Military College staff, died at Winchester, Ont., at the age of 82. Col. Mulloy's wife has been called to Seattle owing to the serious illness of her father.

THE DOMINION LIBERAL-CONSERVATIVE ASSOCIATION has commodious quarters in the Ryrie Building, on Yonge street, but it was stated yesterday that Organizer Birmingham was in Ottawa. Organizer Birmingham has commuted quarters in the Excelsior Life Building, on Toronto street.

The Conservatives of Kent County, Ontario, will nominate a candidate for parliament at Chatham on Sept. 29.

DECREASE IN NUMBER OF SOLDIER PATIENTS Ottawa, Sept. 21.—The total number of patients enrolled on the books of the various hospitals, convalescent homes and tuberculosis sanatoria of the military hospitals commission in the count of September 8 shows a decrease of 386 from the number of the previous week, making the present registration in Canada 8255. This figure includes "in" as well as "out" patients. The convalescent hospitals include 3190 "out" patients and 3968 who are staying in the hospitals. The sanatoria are caring for 3870, of whom 991 are "in" patients. The remaining 868 men are patients in various general hospitals.

PUBLIC TO SUPPORT DOMINION'S LOAN

Financiers Believe Issue Will Be Absorbed Under Six Per Cent. WIDER ACCEPTANCE Steps Taken Will Insure More Individual Subscribers.

Ottawa, Sept. 21.—Prominent financiers interviewed here today are most hopeful of the success of the new Dominion war loan to be floated before the new year and of wide acceptance by individual investors, small and large, throughout the country. Contrary to the opinion prevalent in some quarters, the best authorities do not think it is at all necessary that Canada should establish at this time a 6 per cent. rate for its domestic loans.

The existing war loans have recovered from the slight price depression in some quarters, the best authorities do not think it is at all necessary that Canada should establish at this time a 6 per cent. rate for its domestic loans.

DECREASE IN NUMBER OF SOLDIER PATIENTS Ottawa, Sept. 21.—The total number of patients enrolled on the books of the various hospitals, convalescent homes and tuberculosis sanatoria of the military hospitals commission in the count of September 8 shows a decrease of 386 from the number of the previous week, making the present registration in Canada 8255.

pet and amid a hurricane of cheers, planted the blue and white starred ensign of Australia where it could be seen far and wide. It was an act of proud defiance of the Hun.

"Further north the South Africans were doing splendid work. They swept forward toward their mark with irresistible elan, and although it is too early to gather the full story of the deeds of those springtanks, who are still amidst the smoke pail overhanging the front, I know they have taken a noble part in the great advance.

"Regarding the homehand troops, they fought through at very coherent pitch and with their traditional dash and valor. The Germans simply could not withstand those waves of khaki. The Killies, with the famous English line regiments, and who shall say that either got the best of it in that glorious competition. They got there, one and all, and they made up their minds to stay.

"Throughout the day the enemy's guns pounded away, and there were many counter-attacks launched and broken. I watched late into night the lurid palpitating sky and wondered what the undulating thunder might be recording. But this morning we are holding onto our gains. Just as Vimy and Messines, and aided by beneficial weather, we are consolidating, so that every hour lessens the chances of success of the most desperate efforts the enemy can make.

"The strategic significance of yesterday's victory must eventually manifest itself unmistakably. The value of this gain cannot be measured by the mere acreage of recovered territory, but that is satisfactory.

"It was a battle for the commanding position and we have won a victory which leaves the enemy in this wide tract of Flanders at a serious disadvantage."

GENERAL ALEXIEFF'S RESIGNATION REPORTED

Petrograd, Sept. 21.—General Alexieff has resigned his post as chief of the general staff under Premier Kerensky, the commander-in-chief of the Russian armies, according to newspaper reports today.

The resignation is said to be due to differences with the premier, the latter insisting on the removal from headquarters of all officers under suspicion of complicity with General Korniloff.

BANKS TO FINANCE EXPORTS OF WHEAT

Sir Thomas White Arranges for Eighty Million Dollar Advance.

ORGANIZE FOR LOAN

Meetings at Ottawa Arrange for Campaign for Issue.

Ottawa, Sept. 21.—The minister of finance today discussed with the executive of the Canadian Bankers' Association the important question of the financing of the exportable surplus of Canada's great wheat crop, which is to be purchased chiefly by the imperial government thru the wheat export company. Arrangements are made whereby the banks will supply a credit of \$50,000,000, holding the wheat as security until the wheat reaches the seaboard, when they will be repaid by the British Government. It is expected that this arrangement will at once start the purchase of western wheat, which has been held up pending the completion of financial arrangements for its movement to the seaboard. This was one of the matters which the minister discussed with Lord Reading at Washington.

GOVERNMENT WILL FIX PRICES OF SCRAP IRON

Minister of Customs Appoints Supervisor of Metal and Fibre.

Ottawa, Sept. 21.—The appointment of a supervisor of metal and fibre is indicated in an order-in-council, which also authorizes the minister of customs to fix the price of scrap iron and scrap steel, rags, waste and other materials of metal or of animal, vegetable or mineral fibre.

RIOT AT ANTWERP.

Amsterdam, Sept. 21.—According to The Handelsblad, while Cardinal Mercier, the primate of Belgium, was going to the cathedral at Antwerp in full pontifical dress last Sunday he was hooted and hissed by a group of Flemish and anti-French agitators. A riot resulted and the police interfered with drawn swords. Later, as the cardinal was leaving the cathedral, rioting again broke out. Stones were thrown and sticks were freely used. Two of the agitators were severely injured. Several of the rioters were arrested.

NEW CHIEF OF STAFF FOR RUSSIAN ARMIES
General Tchermisoff Succeeds General Alexieff, Under Kerensky.

Petrograd, Sept. 21.—The resignation of General Alexieff as chief of the general staff has been followed by the appointment in his place, of General Tchermisoff, whose predilections are highly democratic. The appointment of M. Tchermisoff is the signal for drastic reforms, but the immediate motive for a change in the incumbency of the post is not publicly known.

One report is that General Alexieff resigned in order to free the hands of Premier Kerensky with whom he consented to take the post on the condition that the new cabinet would be a coalition one, and which would be the dismissal of all higher officers guilty of even passive support of General Korniloff, or suspected of counter-revolutionary tendencies. During the first days of General Korniloff's revolt it was expected that General Tchermisoff would take supreme command of the army.

HARDEN URGES GIVING UP FOE CLAIMS TO BELGIUM
German Editor Thinks Allies Would Make Peace This Year.

Amsterdam, Sept. 21.—Maximilian Harden, editor of Die Zukunft, in a speech in Berlin yesterday, said he was convinced peace was attainable this year. If Germany promised to waive the right to rule Belgium. This statement aroused a hostile demonstration from the audience and many persons cut the hall. After the interruption Herr Harden continued: "We think too much of waging war and not enough of politics. Whoever brings us peace, whether Socialist or Pope, is welcome." "The fate of Belgium must be brought to a speedy decision. Either we must annex Belgium or state openly that we never had any such intention. In any case, the German people must decide for themselves their own lot."

WILL CONTROL LAKES Provinces to Win Concessions Because of the Food Shortage.

Ottawa, Sept. 21.—As a result of the food shortage arising out of war conditions, the three prairie provinces are likely to secure control of a portion of their natural resources...

operation is all the more desirable because of the fact that some of the provinces have the lakes which are available for winter fishing only...

If the proposed interprovincial fishing organization is carried thru as expected, the western provinces will be assured of a permanent and continuous supply of fresh fish...

In connection with this proposed plan, consideration for the interest of the United States will be given to this extent, that the food controller hopes to see the volume of production in the prairie provinces increased sufficiently to enable the Americans to obtain their usual supplies and to avoid a reduction of Canada's export trade.

Kaiser Goes Thru Budapest On Way to Bulgarian Capital

London, Sept. 21.—A despatch from Bern, Switzerland, received today by the British admiralty thru the wireless press, says:

"Emperor William has passed thru Budapest, Hungary, on his way to Sofia, the Bulgarian capital. It is believed to be the emperor's intention to try to smooth over difficulties which have arisen between Bulgaria and Germany."

"Germany and Austria have demanded military aid which Bulgaria has refused. On the other hand, Bulgaria has asked similar aid which the central powers have refused."

UNIFORM PAY RATE IN U. S. SHIPYARDS

United States Government to Eliminate Competition for Men.

Washington, Sept. 21.—The first systematic action to discourage employers from enticing workmen from industrial plants, thus preventing industrial evils caused by large floating populations, came today in an announcement by Chairman Hurley of the federal shipping board, that conferences of shipbuilders would be called soon to frame voluntary agreements on the subject.

Labor disputes in Pacific coast shipyards, causing suspension of the government building program, constitute the immediate reason for this course. Application of the principle to other industries in all parts of the country has been considered, however, by officials who have observed the serious possibilities arising out of competition of employers for workmen in war industries.

CALIFORNIA RACING EARLY IN NOVEMBER

Western Opinion is That Conditions Are Precarious for Winter Sport in South.

BY BERT E. COLLYER.

(All Rights Reserved by Collyer's News Bureau) Chicago, Sept. 21.—Taking advantage of the three favorable decisions affecting the federal courts arising out of the New York situation, a select committee of the most influential citizens have decided to hold what is confidently expected to be the first meeting of the California racing commission...

Conditions, as they are understood by those in close touch with the sport, indicate that present winter racing is in a most precarious situation. Having a real sport-loving people, it is impossible so long as "Curley" Brown is at the helm, Jurek never filled a demand except on the part of those who were interested only in the commercial side of the turf.

That Mr. Coffroth has an opportunity which comes none too often in a man's lifetime is well appreciated by those who have had the opportunity to see him in action. He has hardly more than a year's experience in the business, but he has proved himself to be a most capable and energetic manager.

For the good of the turf, for the good of racing in California, because he is an ideal spot for the pasture during the winter months, we should like to see Mr. Coffroth lay the foundation upon which the future structure of racing on the coast may be securely built.

WEEKLY SPORT LETTER

By Frank S. Menke.

Those white-hooped warriors from Chicago should triumph in the coming battle for the highest honors in baseball, if the "breaks" of the game are split fifty-fifty.

The Giants probably will depend almost entirely upon left-handed pitching, using White Sox clubbers' bats on left-handed pitching. So the season they have ahead is a most interesting one.

On the other paw, the Giants have been extremely fond of offense pitching. That being the case, it doesn't look very hopeful for them in the facing of Russell, Williams, and possibly Danforth.

It is on the pathways that the White Sox should have a tremendous edge. They have stolen 184 bases in 141 games, and have stolen 138 in 137 contests.

Measuring the relative merits of the players in their respective positions, one finds this: George Burns and Gandil are about even in first-basing and in batting power.

In the outfield, assuming Jackson will play right, the White Sox have a tremendous advantage. The big southerner certainly is playing a game far beyond that of Robertson, and has just struck his true batting stride, which, if continued, will put him in the center of the honor must go to the White Sox.

Behind the bat, the honors go to the White Sox. So, in the analysis of the players at different positions, one finds that the Giants have the advantage at short, third and left field, while the White Sox lead in second, right and centre fields, and behind the plate, with first base fifty-fifty.

Provided that both teams play up to the usual form and that luck doesn't become a potent factor in deciding the titular battles in baseball, the White Sox should win six games or less.

Count Von Bernstorff Tried To Split America in Factions Washington, Sept. 21.—In voicing the general resentment in congress over disclosure of Count Von Bernstorff's message, Vice-President Marshall today gave out a statement declaring the disclosure was proof of the German Government's effort to divide America into factions, by corrupt means, if necessary. "This ought to end forever any and every doubt in the minds of any Americans as to the justice and necessity for this war. It proves that the German Government was seeking all along to split us into factions, by corrupt means if necessary, and possibly by plotting in time to win the war in Europe and then to humiliate and subjugate us. He who is now not whole-heartedly for the war runs a grave risk of being suspected of retreating from the fifty thousand. This is an honest congress and all its members will resent this insult to its intelligence and honor."

Manitoba College Will Not Reinstate Bland and Irwin Winnipeg, Sept. 21.—After a session which lasted till nearly 2 o'clock this morning, the fall Wesleyan College board decided that Professors Bland and Irwin should not be reinstated on the college faculty. An official statement covering the matter was issued by the board. It declared that it was the unanimous verdict of the members that the action taken by the committee on staff in dismissing the two professors should be endorsed.

POLSON IRON WORKS LIMITED - TORONTO STEEL SHIPBUILDERS, ENGINEERS AND BOILERMAKERS OAKKEYS WELLINGTON KNIFE POLISH METAL SILVERSMITHS POLISH POLISHES FURNITURE POLISH EMERY CLOTH WELLINGTON MILLS, LONDON, ENG. Wholesale and Retail Figures Show Still Further Increase. Ottawa, Sept. 21.—Prices in the food budget again record advances. The upward movement had shown some cessation in July. The index numbers of the labor department for August show, however, an advance in both wholesale and retail prices. In index number reached 245.0 for August, as compared with 212.6 for July, 1907. In August last year and 194.5 in July, 1914. In retail prices the average cost of the weekly family budget of staples in sixty cities was \$11.53 at the middle of August, as compared with \$11.92 in July, \$11.89 in June and \$8.63 in August, 1914. The increases appeared in salt pork, bacon, eggs, milk, butter, rice, beans, evaporated apples, prunes, sugar and tea. There was no great advance in the average for any of these commodities, while potatoes averaged 16 cents per peck lower than in July. In fuel, coal and wood prices, were higher.

SETS AN EXAMPLE IN WAR THRIFT

Civic Expenditures Have Been Kept Well Within the Estimates.

A statement issued by Finance Commissioner Bradshaw shows that in these days of thrift campaigns, Toronto as a municipality, is setting a fine example to the citizens. According to the statement the municipal expenditure up to August 31 was \$7,774,744, as compared with \$8,478,087, which is the eight months' share of the \$12,122,556 provided by the estimates.

The list of properties to be sold for taxes next week were originally 890 parcels of land, but about 200 have been redeemed by the payment of the taxes and costs. It is estimated that when the sale is held the list will have been reduced to about 400. Among the properties is the old Palmer House, which is being sold to the city against which there are taxes and costs up to 1916 amounting to about \$14,000, which with 1915 and 1917 will amount to about \$20,000. It is not considered likely that the owner of the land on which the building stands will allow it to go up for sale.

Since the war started Toronto has paid a staggering sum in payment of soldiers' insurance policies. Up to September 30, the payments were: Paid by the city directly, prior to 1917, \$389,000; during 1917, \$1,008,000; paid to companies as premiums previous to 1917, \$741,038; premiums during 1917, \$105,558; total cost to the city, \$2,244,722.

The report also shows greatly increased business in the business of the Toronto Hydro Commission. For the first half of the year the figures were \$32,110 for power, and \$44,590 for lighting.

"THE PUBLIC BE DAMNED" COMING TO THE STRAND

Long-Expected Sensational Motion Picture Will Be Seen Here All Next Week.

The long expected is coming at last. For days past, not only among patrons of the motion picture, but among the housewives and housewives of Toronto, the advent of "The Public Be Damned," the great sensation picture of the week which will fill the bill at the Strand Theatre for the entirety of next week, has been eagerly awaited. Much heralded as "The Public Be Damned," the great sensation picture of the week which will fill the bill at the Strand Theatre for the entirety of next week, has been eagerly awaited. NOTED MUSICIAN OF MONTREAL

Advises the Use of "Fruit-a-tives," the Famous Fruit-Medicine.

MR. ROSENBERG.
589 Caspary St., Montreal.
April 20th, 1917.
In my opinion, no other medicine in the world is so curative for Constipation and indigestion as "Fruit-a-tives." I was a sufferer from these ailments for five years, and my severity of Intestinal Paralysis with nasty headaches, belching gas, drowsiness after eating, and pain in the back, tried pills and medicines of physicians, but nothing helped me. Then I was induced to try "Fruit-a-tives," and now for six months I have been entirely well.

"I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion—to try 'Fruit-a-tives,' and you will be greatly surprised at the great benefit you will receive." A. ROSENBERG.

VETERANS NUMBER OVER TWENTY-TWO THOUSAND

Toronto Branch of G.W.V.A. Heads List With More Than Two Thousand Members

According to N. F. R. Knight, secretary-treasurer of the G. W. V. A. who was in Toronto yesterday, the membership of the association is now about 22,000. Toronto heads the list with 2200, Winnipeg being next with 2000.

In answer to conflicting statements regarding the pay of returned men transferred to the special service unit, a letter from the secretary of the Toronto and York-Fairview branch to the G. W. V. A. states that the sum of not more than \$20 a month is paid in the case of men returned from active service, but not to those who have been found unfit for military training in Canada and England.

Dr. E. Mitchell of Chabrey's Locks Convalescent Home, Ont., was at the headquarters of the military hospital commission yesterday, arranging for the eight more soldier patients to be sent to the home.

Capt. E. Ryan, chief medical officer of "D" unit, has been granted indefinite leave of absence, owing to his wife's illness. Capt. C. McKay is acting as chief medical officer.

Alfred Thompson, M.P., the medical superintendent of the military hospitals commission, is making plans for a careful supervision of the hospital patients discharged from the commission's sanitarium, with a view to preventing the detrimental effects of unsuitable environment and over-exertion.

MUCH LITIGATED WILL 'AGAIN BEFORE COURTS

Appellate Division Reserves Judgment in Action Over Christian Scientist's Estate.

The will of the late Mary Helen Orr, Christian Scientist of Bobcaygeon, Ont., is once again before the courts, this time before the appellate division.

Miss Orr died in June, 1916, leaving a \$200,000 estate to be disposed of according to a will made in 1912. The estate was left in trust; \$10,000 was to go to the mother church in Boston to be used in spreading the truth. The will concluded with the statement: "The whole of my estate must be used for God only."

L. F. Heilmuth, K.C., appearing for the Christian Scientist Church, held that the entire estate was to be used in the spread of the cause of Christian Science, while E. D. Armour, K.C., for the official guardian, argued that the belief was one that offended against the criminal code, and the church was not therefore, such an institution that would accept a gift for charitable purposes.

Judgment was reserved.

EDITOR REFUSED BAIL

Isaac Bainbridge Remanded for Week on Serious Charge.

When Isaac Bainbridge, editor of "Canada Forward," a socialist paper, appeared in police court yesterday morning on a charge of circulating information calculated to interfere with recruiting, Magistrate Denison remanded him for one week. Bainbridge was allowed out on bail, but after Magistrate Denison was informed that he was Bainbridge's second offence he ordered him to be held without bail.

THEFT IS CHARGED.

John Donet, 123 York street, was arrested yesterday afternoon by Detective Croome on a charge of theft. Richard Smith, 6 Ozley street, who swore out the warrant, charges that yesterday afternoon he entered the store owned by Donet on York street in the company of a prisoner \$5 to purchase goods with. Smith stated that Donet went into the rear of the store and when he came back denied that he had received any money.

OPPOSE RISK'S SUGGESTION.

The board of control will not approve the suggestion of Ald. Risk to enter the dead meat business. At a meeting of the board yesterday it was estimated that it would take about \$1,000,000 to enter the business, and the controllers were not prepared to invest this amount.

SUNDAY SCHOOL BOARD'S SESSION

Marked Progress in Educational Work of Methodist Church.

The general board of Sunday schools and Young People's Societies of the Methodist church, which has been in session all week in the city, finished its business Friday afternoon. Among the matters of general interest dealt with by the board showing the progress which the Methodist church is making in the religious education and training of its young people are the following:

The constitution of a national advisory Sunday school council was heartily approved and representatives appointed to help carry the same into effect. A number of constitutional amendments in the machinery of the church were recommended to the general conference, the most important being the reorganization of the agencies of the church at work in the conferences and districts, so as to bring the Sunday schools and Epworth League work together.

The board instructed its education section to co-operate in the unified program of religious education in Normal schools of the province and expressed itself as willing to co-operate with those colleges as may have or appoint professors in religious education. The same is true of churches having religious education programs on their staff. Departmental graded lessons as a part of the lesson system of the church were found to be increasing and their more general use was most heartily commended. A systematic course of reading for district Sunday school secretaries and others, with examinations and awards, was established and a committee appointed to outline a suggested course of study for probationers for the ministry. The fuller incorporation of the "Canadian standard efficiency tests" in Sunday school and Epworth League programs was strongly advised, and "Canadian Girls in Training" was adopted as the official program of the church for 'teen age girls.

PRODUCERS WILL WELCOME ACTION

Milk Producers' Association Not Afraid of Being Indicted.

E. H. Stonehouse of Weston, president of the Milk Producers' Association, is not afraid of being indicted by the county crown attorney or anyone else, according to his statements yesterday. The producers, he says, welcome an inquiry into the present situation. The price was fixed after full consideration had been given to the cost of feed and labor, and until that price was changed by the retailer, a matter of fact, the retailer did not concern with what the retailer did. He could sell at whatever price he liked but as far as the association was concerned the price would be no less than \$2.50.

He fails to find any there should be any objection to the increase. As a matter of fact the price could not be sold cheaper. The cattle food that was spoken of as being so plentiful represented cash at the present time. It was a matter for the high court. The indictment will have to be laid under section 498 of the criminal code, charging combination for the restraint of trade. Section 583 of the code says that any offence charged under section 498 will have to be tried by the high court.

GOVERNMENT MAY HAVE TO ENTER FISH BUSINESS

Dealers Claim That They Cannot Operate on Two-Cent Margin Proposed.

The Toronto fish dealers claim that they will be unable to handle the fresh water fish that the Ontario government is bringing in at a 2c per pound profit. But the provincial authorities insist that to force their scheme thru, and it was officially announced yesterday that they will go into the fish business rather than tolerate exorbitant prices.

Various companies thruout the city yesterday stated that they would not be able to work on the margin proposed by the government, as this, they claimed, would not allow them enough to cover their loss by shrinkage.

"I don't think the government will suffer any," said an official who is closely in touch with the situation. "They would not be affected very much anyway because 80 per cent. of the present catch that is now made in Ontario is exported to the United States. That is one reason for the high price of fish here."

MOLDERS SUPPORT GOMPERS.

Rochester, N.Y., Sept. 21.—By a vote that lacked one of being unanimous, and that one, not a delegate, from Reading, Pa., the International Molders of North America today voted approval of the war policies of Samuel Gompers, and adopted the adverse report of the committee on the resolution of censure proposed by the Reading, Pa., local.

STOPS MESSAGES FOR U. S.

Copenhagen, Sept. 21.—The Frankfurter Zeitung says that the Swedish embassy, which has taken over the affairs of the American embassy at Constantinople, has been ordered to cease the transmission of cipher messages for America.

FOUND GUILTY OF THEFT.

Stanley R. Avery was sentenced to 30 days' hard labor in police court yesterday when he was found guilty of theft of \$50 from J. Fleming. Avery was employed as a collector for Fleming, who is a tax bailiff, and did not turn in the money collected.

DIED OF INJURIES.

PLAYS, PICTURES AND MUSIC

"The Sky Pilot" will be seen in this city at the Royal Alexandra on Monday evening, Sept. 24, and week. The scenic and lighting effects are reported to be unusually striking. In the cast of players are such New York favorites as Brandon Tynan, Regina Wallace, Ernest Anderson, Harry D. Southard, Eddie Heron, Louis Leon Hall, Elia Frederic, Isabel Winlocke, Edwin Caldwell, Joseph Lawrence, Theodore Heinrich and Edward Broadley.

Princess Opera. The date for the opening of the new Princess Theatre, which has been so eagerly anticipated by Toronto theatre-goers, is now being announced for Monday night, Oct. 1, and the attraction on that auspicious occasion will be Klaw and Erlanger's big musical show, "Miss Springtime." This notable musical comedy success will be presented here by its original sponsors with all of the features that made it so extremely popular during its long runs in Boston and New York last season. "Miss Springtime" has one of the most important musical comedy casts and companies that have ever toured the Klaw and Erlanger management.

"Mutt and Jeff Divorced." Bud Fisher's famous cartoon creations, Mutt and Jeff, are coming to the Grand Opera House next week in their new fun festival, entitled, "Mutt and Jeff Divorced," and it is said to be the happiest medium in which these popular comedians have taken the principal roles. Divorce is the theme on which this new production is founded. The musical numbers and costume effects are said to be the equal of many of the high-priced offerings, while the company comprises a number of clever specialists, with a splendid singing and dancing chorus.

"Nursery Land," a delightful little novelty playlet serving to introduce Bert Kalmar and Jessie Brown, headlines the bill as the next week. Will Oakland, supported by a capable cast, offers his newest musical festival, "Danny O'Hill, U.S.A." Novelties, the singing musician and sings as well as she plays. Virginia Lewis and Jean White present a refined and original dancing act. A clever travesty on the stage, entitled "Monday Morning," will be presented by Lew Madden and company, while the bill is headed as the greatest whirlwind dancers appearing before the public. Mankoff and company are Japanese acrobats, and with Heiter and Pachgo, in a musical diversion, and feature film comedies, complete an excellent bill.

At Sheela's. The ways of a maid with a man are proverbially wretched, but as the ways of a tomboy with a man, when Marguerite Clark is that tomboy, there's more to be said. As "Lord Tommy" she lives thru many and varied adventures in "The Amazons," her latest photodrama production, which will be given in conjunction with an all-star vaudeville bill of seven acts, at the new theatre, Yonge Street Theatre and Winter Garden.

As the headliner of the vaudeville attractions, Dan Bruce and Margo Duffet, with their company, will offer "His Wireless," a satire in one act. James Paddy, the professional champion high and broad jumper of the world, the added attraction, is one of the few athletes who can make a stage entertainment worth while. The Columbia City Four, the extra added feature, will sing a number of new songs and parodies, punctuated with a delightful line of patter. Other bookings include Beatrice MacKenzie, singing and dancing comedienne; Dix and Dixie, who will show how nimbly they can trip the light fantastic; The Three Honolias, who play a variety of musical instruments; and Plott, a clever character singer. The comedy films include "Lonesome" Luke, in "Wild Women"; "Birth," coming to Toronto; "Birth," the remarkable moving picture, which shows the sanctity and

Relieve Indigestion With Magnesia Neutrate

Avoid Deadening Drugs and Artificial Digestants

Pain in the stomach after eating, indigestion, dyspepsia, flatulence, gas, etc. are almost invariably due to acidity and food fermentation. To attempt to cure the trouble by using digestive powders and pills or deadening drugs is like trying to relieve a wound from a splinter of glass by applying ointment without first removing the splinter. Each case the cause remains and the trouble gets worse. The common sense thing to do when your stomach hurts is to remove the acid and stop the fermentation by means of a simple and safe remedy, such as Magnesia Neutrate, which can be obtained of any druggist. A teaspoonful of Magnesia Neutrate in half a glass of hot water after eating, instantly neutralizes the acid, stops food fermentation and thus enables the most confirmed dyspeptic to enjoy the heartiest meals without the slightest pain or inconvenience. Try this simple plan at once and forget that you ever had a stomach.

Stuart, special provision has been made by the British Government for sending the British soldiers in the front lines. A large squad of women gardeners is busy employed by the War Office in the trenches to join them. The department will constitute a branch of the regular army. Miss Edna Phillips, assistant director of the Kew Botanical Gardens, has mapped out the scheme of the military cemeteries, but already been carried out for the beautification of the military cemeteries, but various districts had been covered.

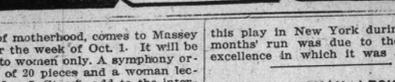

Don't Stop To Count Them

There are 250 cups of strong, rich tea—all from a pound package of Red Rose. That seems a very large number, but then you must remember that Red Rose Tea is composed chiefly of the strong, rich Assam teas from Northern India, which yield an astonishing amount of tea essence.

Why! You can brew five generous cups from about one cent's worth of Red Rose. Doesn't it seem a real war-time economy to use Red Rose Tea, which tastes better and goes further?

dures of motherhood, comes to Massey Hall for the week of Oct. 1. It will be shown to women only. A symphony orchestra of 20 pieces and a woman lecturer, Mrs. J. Stuart, add to the interest of this educational feature film.

The Hippodrome. New York critics are unanimous in their opinion that "Come Thrill," the five-part Universal feature, which heads the Hippodrome bill next week, is the greatest "crook" play ever filmed. Herbert Rawlinson, the eminent Canadian screen star, will portray the leading character. "Six Imps and a Girl," a musical melange, heads the vaudeville bill in "Back to Buffalo." Charles Deland and company present an amusing comedy sketch that contains many bright lines and much clever material. The Edith Richardson Trio, three dainty maids, sing and dance in pleasing fashion, while Dorothy Earl, a diminutive maid, sings the newest of the season's song successes. James and Arnes Lu Veal, Evans and Sidney, "Team and Bull" film comedy and the Pathe News complete an excellent bill.

Gaiety. The comedy department is one of the strongest features of the "Oh, Girl" production, which, on Monday, will enter upon a week's engagement at the Gaiety Theatre. Peter S. Clark, the producer, engaged Julie McCree, burlesque's foremost author, to write him a book that would be real comedy and not merely alleged comedy.

Star. Every principal a star, every chorus girl a beauty, every number a novelty, every song a hit and then some, is every word that can be said in praise of the "Speedway Girls," M. Baker's creation, coming to the Star next week. In the "Speedway Girls" Mr. Baker has created a new standard for good old burlesque.

"On Trial" at the Regent. "On Trial," as presented at the Regent Theatre this week, is a remarkable story told in a unique way. Frank Oldfield, the baritone soloist, will sing today and will continue to please those who hear him. Next week there is a double bill, headed by the patriotic play, "The Slacken."

Earle Williams at Madison. For the first half of next week the feature film at the Madison Theatre will be the Greater Vitaphone film, "Transgression," a powerful photodrama of love, politics, honor and intrigue in a big city, and starring Earle Williams as Cortez Griffith. The bill will also include Billy West in a screamingly funny King Bee comedy in two acts, "She Hero."

"Flora Bella" Coming. "Flora Bella" will be the attraction at the Grand week of Oct. 1, with a splendid cast and a gorgeous production. The wonderful hit scored by

FOOD CAMPAIGN MAY BE CONTINUED NEXT WEEK

Reports from the headquarters of the food campaign are still optimistic as far as the whole, but it is impossible yet to know what the final counting will be. Mrs. Groves and Miss Macdonald were in charge yesterday when literature, signed and otherwise, came in, signifying that various districts had been covered.

"My wife has been experimenting in cereals for the last two years," said one man, "and we have been eating all kinds of bread, and there is one thing that Hanna promised to do and that is to see that I get the best of bread, and that is to see that the price of substituting grains should be lowered so that the loaf will only a percentage of flour should be cheaper than the ordinary baker's bread."

The honorary governors who will visit the Toronto General Hospital during the week commencing on Sept. 28 are Mr. John D. Ivey and Mr. Charles N. Candee.

Missionaries for China. Presbyterian Workers League for Foreign Field on Tuesday.

Among missionaries of the Presbyterian Missionary Society who are sailing for China by the Empress of Russia on Sept. 26 are Dr. H. T. Hulst, a graduate of Toronto Dental College; Miss M. D. Thompson, graduate of Toronto General Hospital, and Miss Ina Lascales.

Missionaries returning to their posts after furlough are: E. N. Meusen and wife, Rev. H. H. and Mrs. Irb, and Dr. J. B. Thompson and Mrs. Thompson. All are bound for the western field.

Charged with Theft. Alleged to have stolen pencils from the offices of Croft & Sons, Limited, 48 Wellington street, Gordon Willes, 16 Delaware avenue, was arrested yesterday afternoon by Detective Mulholland.

Approved Recent Purchase of Property Adjoining Willard Hall and Received Reports.

At the opening meeting for the season of the W.C.T.U., held in Willard Hall, members from the districts throughout the city assembled and the opening service was led by Mrs. Whiting of Lytle Union. Mrs. W. C. Ward called the meeting to order. The recent purchase of property adjoining Willard Hall was discussed and approved, and as a result a long waiting-list of girls anxious for home-accommodation will be taken in.

Reports proved that during the holiday season good work was done even with unfavorable weather. The sum of \$84.35 was made thru a picnic, after deducting all expenses, while the lists of fruit, flowers, jellies, candies, ice cream, and other goodies, including twenty-four dozen eggs taken to the Orthopaedic and Base Hospitals, reflected a dozen interest in the brave sons of other mothers. More efforts in this line are under contemplation.

No action having been taken by the school board in regard to the Pape street school investigation, the matter has been handed over to the minister of education. The subject of the transit and general comfort of members to the provincial meeting at Cornwall this month, closed the business of the meeting.

Queen Street Red Cross Auxiliary. During the summer the members of the Queen Street Red Cross Auxiliary, taken to the Orthopaedic and Base Hospitals, have worked untiringly in the making of soldiers' comforts, with the result that they have been able to ship to the Canadian Red Cross headquarters the following articles: 82 pyjama suits, 46 towels, 24 anti-

vermin shirts, 13 helpless jackets, 14 pillow slips, 12 face cloths, 81 five anti-vermin shirts and 229 pairs of socks have been sent to the Union Jack I.O.D.E. Mimico. The wool was supplied by the latter society. The auxiliary resumed its meetings on Sept. 18.

North Toronto Women Meet. Reports read at the annual meeting of North Toronto Women's Patriotic League show that \$3926.45 had been received during the year, and the Queen Street Red Cross department had expended \$1742.60, and the relief department \$1544.60. The total amount paid out by the two departments since the beginning of the war had been \$12,981.23. The total number of articles made since the war began was 56,456.

BROKER SPONSORS ORR PROPERTY

High Assay Returns From Samples From Main Shaft.

Under the caption "Silver—An Equal Valuation Soon—Gold," Hamilton B. Willis in his market dispatch yesterday, diagnosed the unique situation in the precious metals...

It is of interest to those concerned in mining securities to know that the recent public stock offering of Kirkland Porphyry Gold Mines at 40 cents per share was heavily over-subscribed...

"On Labor Day you are all aware I visited the Orr property and picked off the dump sufficient ore to convince me of this being a strictly high-grade proposition. Before leaving I asked Manager Cecil to send me down some of the ore blown out in the next round of shots at the bottom of the main shaft...

"To say I was surprised is putting it mildly, but such assy returns only strengthen my opinion regarding what will be met when development is carried to depth, and candidly I look for this property to become the Hollinger of Kirkland Lake.

"Samples taken across a width of 54 feet on the surface of an outcropping further to the south of the Orr vein ran \$120 to \$200 per ton in gold, and I doubt very much if Porcupine ever could show such high values over such a surface width, or in fact any other gold camp on this continent. Stripping of this new vein is now in progress, and already a length of several hundred feet has been opened up running clear across the property in a southwesterly direction. This vein comes in on the east from the Lake Shore workings, then new vein on Kirkland Lake Porphyry is the extension of the main vein on Lake Shore.

"At a depth of 300 feet on the Lake Shore mine this vein runs exceptionally high in gold and is described to me by men who have recently been underground as a "riper" ore, but inasmuch as vein length is concerned, it is believed, Kirkland Porphyry Gold Mines will receive the greatest benefit therefrom.

"The main shaft on Kirkland Porphyry is now down about 75 feet, but not until a depth of 300 feet is reached will the first working level be established. A shaft in the side of this shaft set in for a total width of 12 feet showed all vein matter and the hanging wall nowhere in sight. As such results were met with in shaft sinking on the northerly or westerly extension of this identical vein by the Tech-Hughes or Beaver-McKane, Mine Manager Cecil's statement that the main enrichment of the Orr vein will be found in the Kirkland Porphyry properties is apparently being proven by sinking operations conducted. As I go to press I am officially advised the ore hoisted in shaft sinking during the past two weeks and now lying on the dump is worth considerably over \$5000.

"The expense attached to this development work represents less than \$1000 so that, it is obvious, Kirkland Porphyry, as was the case at Tough-Oakes, will prove highly profitable from the ground up, and by the time a depth of 300 feet is reached this dump ore will contain a very large amount of money and go a long way in helping this company attain the self-supporting stage. At present all work is being carried on by hand steel, but as the machinery and electric equipment for an eight-drill company is now being installed much greater speed in sinking will be recorded. Within three months, Manager Cecil states, he will be down 300 feet, and soon after the blocking out of a very large tonnage of high-grade ore will begin. Mr. Cecil in his official report estimates the ore in the ore vein above a depth of 700 feet to contain \$5,000,000 gross values in gold.

"As this estimate is made upon a ratio of \$8 to the ton, the first assay I obtained from this vein, at a depth of 46 feet, running \$161.10 to the ton, clearly indicates Mr. Cecil was ultra-conservative in his estimate. It is of vital importance to know that the Orr vein continues to run regularly as sinking proceeds, and if such proves the case to a depth of 300 feet, as well as values persisting, there is no doubt that the Orr vein will be one only to defy all operating mine costs, but go a long way in financing the erection of a big mill.

Pure Silk Bengaline Neckties, 25c

The 50c Kind

Just recently we negotiated with a large, prominent manufacturer for his fall supply of high-grade Bengaline Neckwear. We bought it at a price sufficiently low to offer the regular 50c grade today at 25c. The collection embraces eighteen of the season's latest shades, as well as white and black. They are large flowing end, four-in-hand shape; 50c value. Today, each .25

The Greatest Shoe Sale We've Held This Season Now in Full Swing!

Still Thousands of Pairs of the Famous "Astoria" Boots for Men at the Extremely Low Price, \$5.45

The Regular Prices of These Boots Are \$8.00, \$9.00 and \$10.00---Bona-fide.

You need not take our word for it; go to the nearest store that handles this famous shoe, there you will see the same shapes and the same qualities priced at either \$8.00, \$9.00 or \$10.00—and they are fair prices, too, based upon the regular wholesale cost. But we didn't pay regular prices for this special purchase, nor anywhere near regular prices, so you don't have to either if you will come here today.

They are not "seconds"; they are not odd lots or samples, or old styles. It is a sale of clean, new, fashionable boots. Five of the lasts are shown here. There were more than 4,000 pairs of these five shapes alone when the sale started and there are still plenty of them. Then there are other good shapes, made of tan calf, black and tan storm calf, gunmetal and patent leathers; heavy viscolized waterproof soles; heavy and light weight Goodyear welt and cushion sole boots. The five boots illustrated above are as follows:
