Prussian Militarism Still in The Saddle in Germany

New Chancellor More Reactionary Than Was Hollweg

Maiden Speech Shows Him Out-and-Out Kaiserite — Admits Food Conditions Bad and Bids Germans to "Hold Out" Till Allies Seek Negotiations for Peace

Copenhagen, July 20.—Dr. Michaelis, the new imperial German chancellor, in his address to the Reichstag on Thursday afternoon declared his adherence to Germany's submarine campaign, asserting it to be a lawful measure justifiably adopted and adapted for shortening the war.

Dr. Michaelis opened his speech with a hearty tribute to Dr. Von Bethmann-Hollweg, the retiring imperial chancellor, whose work he said history would appreciate.

Repeats Fable The chancellor declared that the war was forced upon unwilling Germany by the Russian mobilization and that the submarine war was also forced upon Germany by Great Britain's illegal blockade starvation war.

The faint hope that America, at the head of the neutrals, would check Great Britain's illegal blockade, Germany's final attempt to avoid the extremity by a peace offer failed and the submarine campaign was adopted. The submarine war, he continued, had done all and more than had been expected and the false prophets who had predicted the end of the war at a definite time had done a disservice to the fatherland.

As To Peace. In regard to peace Chancellor Michaelis said: "The burning question in our hearts, however, is how much longer the war is to last. With this I come to a matter which stands in the centre of all our interest and all our proceedings today. Germany did not desire the war to last. It desired to bring about a peace which would stand in the centre of all our interest and all our proceedings today. Germany did not desire the war to last. It desired to bring about a peace which would stand in the centre of all our interest and all our proceedings today.

"The Germans," he said, "wish to conclude peace as combatants who have successfully accomplished their purpose and proved themselves invincible. A first condition of peace is the inviolability of Germany's territory. No party is possible with the enemy demanding the cession of German soil. We must mean of understanding and agreement. We must give and take, guarantee conditions of the existence of the German empire upon the continent and overseas."

Dr. Michaelis's words on this point require a careful reading and are capable of various interpretations other than a surface one. His German indicates a willingness to make peace only as victors and in his use of the words "understanding" and "give and take" (the German words are "verständnisung und abmachung") he reveals the Bethmannian ideas of readjustment of the frontiers and colonial possessions by bargaining rather than the restoration of the status quo.

"Peace," he said, "must offer the foundation of a lasting reconciliation of nations. (loud cheers) It must," he continued, "as expressed in your resolution prevent nations from being plunged into further conflicts through economic blockades and provide a safeguard that the league in arms of our opponents does not develop into an economic and political league against us. These aims may be attained within the limits of your resolution as 'Holding Out'."

We cannot again offer peace. We have loyally stretched out our hands

TRADE AFTER THE WAR

Two Suggestions by Special Committee to Canadian Senate

Ottawa, July 20.—A special committee of the senate appointed to consider the best method of conserving and increasing domestic and overseas trade, so that prosperity might not unduly suffer when the stimulus resulting from munitions orders was removed, today reported to the senate.

It first recommended the securing of orders for overseas trade to replace munitions orders, and, second, the establishment of a Canadian trade corporation bank to finance the overseas contracts.

BENNETT NEAR DEATH; WIDOW OF SLAIN SOLDIER ALSO IN HOSPITAL

Ampton, Ont., July 20.—A coroner's jury last night returned a verdict holding William Bennett of Maisonneuve, Montreal, responsible for the death of Lieut. Bruce M. Letch, of Montreal, whom he shot on a road near Sand Point on Monday afternoon.

Bennett may never face trial, as he is hovering between life and death in a hospital in Renfrew, with a bullet in his head. Letch's widow was taken to a Montreal hospital yesterday. She is suffering from a bullet wound through the right lung and one through the head.

N. Y. NATIONAL GUARD IN THE TRENCHES BY NOVEMBER

New York, July 20.—News from Washington that the New York National Guard will be in the trenches in France by November intensified the mustering in preliminary of 20,000 men mobilized at the various armories in the city. Plans for the entire guard of the state to participate in a great send-off parade were nearing completion yesterday. The upstate regiments, it was said, would probably be sent to Spanghore by the way of this city in order that they might participate in what is expected to be one of the greatest military spectacles ever staged in New York city. The date of the parade has not been decided upon.

DRAWING FOR AMERICAN WAR ARMY IS BEGUN

Washington, July 20.—Drawing for the war army began in the senate office building this morning. It is estimated that from ten to twelve hours will be required to draw all the 10,500 members required to fix the order of liability of each of the ten million men registered. As the numbers were called out by an official who, blindfolded, drew them from carefully sealed capsules, they were dashed over the wires of the various press associations to every part of the United States.

ADVANCE OF THE FRENCH GREAT PIECE OF WORK

Germans Caught While Troops Were Being Shifted

ATTACK WAS A SURPRISE

Further Account of Brilliant Achievement—Enemy Thrown Into Confusion by Unexpected Infantry Charge Which Carried Force Far Beyond Objective

London, July 20.—The correspondent of Reuters at French headquarters sends the first description of the French success of July 17, between Hill 804 and Avocourt wood, on the right bank of the Meuse. He says: "It was a brilliant example of a perfectly staged infantry operation in which every possibility was provided for, and its success was due not only to the meticulous preparations but to exact knowledge of the position and value of every piece of the enemy's game."

"The French objective was the recovery of the flat topped saddle between Hill 208 and the heights of Avocourt Wood, which were captured by the Germans on June 28 after a short but heavy bombardment in which 400 guns were suddenly turned on to a mile and a half of front trenches. "As usual the value of Cols Pommeroy, who occupies the old Cameron farm near Nashua, village, met with a heavy loss yesterday afternoon, when lightning set fire to his barn and destroyed three of them. The loss in the village of Pommeroy was also heavy. Mr. Banks also lost the contents. The fire began about five o'clock. It was accompanied in its early stages by a gale and tremendous rain. Crops were beaten almost flat, but recovered with today's fine weather. At Gibson, a portion of the Iron Brothers was blown down. A box car in the C.G.R. yards is said to have been struck. At the Mayville cotton mill, the switchboard was burned out and all lights in the mill were extinguished."

Fredericton, July 20.—E. A. Banks, who occupies the old Cameron farm near Nashua, village, met with a heavy loss yesterday afternoon, when lightning set fire to his barn and destroyed three of them. The loss in the village of Pommeroy was also heavy. Mr. Banks also lost the contents. The fire began about five o'clock. It was accompanied in its early stages by a gale and tremendous rain. Crops were beaten almost flat, but recovered with today's fine weather. At Gibson, a portion of the Iron Brothers was blown down. A box car in the C.G.R. yards is said to have been struck. At the Mayville cotton mill, the switchboard was burned out and all lights in the mill were extinguished."

"It is significant of the manner in which the Germans were forced to abandon their positions, that they had no division fit to replace the tenth reserve on such dangerous ground. The 29th division which was sent for to replace the 10th. It was at the moment when the relief was being effected that the French unexpectedly launched their attack. "Prisoners of all these German divisions have given graphic accounts of the state of confusion into which they were thrown by the sudden lightning-like dash of the French infantry. No resistance was made. Every officer and man of the French assaulting troops had been carefully rehearsed in the part he had to play. "The German trenches and works were smashed to pieces by the bombardment and there was practically nothing to check the rush of the French, who without pause passed over their objective, which was their old trench line on the crest, establishing themselves 800 yards down the northern slope around which was German before June 28."

THE RATIONING OF THE EUROPEAN NEUTRALS

Washington, July 20.—Plans by which the United States will relieve Great Britain of the task of rationing the European neutral countries have about reached completion. Within a short time it was learned yesterday, the British system of issuing letters of assurance for American exports to the neutrals will be entirely superseded by the export license arrangement.

NEW YORK CONSIDERS FAIR FOOD PRICES

New York, July 20.—The problem of providing 30,000,000 meals a day for the 10,000,000 people in and around New York city and to have these meals provided at fair prices with the food in fair proportion to the supply and demand here and by the Allies, is to be worked out by the central committee of the New York Food Distributors' association. Those who attended the committee meeting, which was the first of its kind since the Civil war, acted for 25,000 food distributors.

TOUR NEW ENGLAND TO RECRUIT FRENCH-CANADIANS

Boston, July 20.—At British recruiting headquarters it is announced that Abbe Doyan, chaplain in the 22nd Battalion of the Canadian overseas forces, would arrive here soon to make a tour of New England cities in which there is a large French-Canadian population. Accompanied by Lieutenant Pierre Chevalier of the same battalion he will seek recruits for the Canadian army.

Germans In General Attack Upon French But They Fail Again

Paris, July 20.—The Germans made a general attack last night on the whole sector of the Aisne front between Craonne and Valenciennes, using large bodies of troops. The war office announces that the French without their fortifications assaulted and maintained their positions everywhere. The ground before the French positions was strewn with German dead. "An energetic counter-attack enabled us to regain a position which the enemy had penetrated. We hold the crest of the plateau entirely. The enemy still holds a position about 600 metres long near the northern edge of the plateau where one of our first line positions was destroyed by the bombardment."

TWO AMERICANS SHOT IN PLOT TO KILL KAISER?

(J. M. Robinson & Sons, private wire telegram.) New York, July 20.—London reports two Americans shot in plot to kill Kaiser. Chairman Denman of United States shipping board, in a letter to the British government, says German U-boats sink 1,000,000 tons a month. 20,000 miners in Kentucky and Tennessee demand eight-hour day and recognition of union.

FURTHER LOSSES IN YORK COUNTY ARE CAUSED BY LIGHTNING

Fredericton, July 20.—E. A. Banks, who occupies the old Cameron farm near Nashua, village, met with a heavy loss yesterday afternoon, when lightning set fire to his barn and destroyed three of them. The loss in the village of Pommeroy was also heavy. Mr. Banks also lost the contents. The fire began about five o'clock. It was accompanied in its early stages by a gale and tremendous rain. Crops were beaten almost flat, but recovered with today's fine weather. At Gibson, a portion of the Iron Brothers was blown down. A box car in the C.G.R. yards is said to have been struck. At the Mayville cotton mill, the switchboard was burned out and all lights in the mill were extinguished."

PTE. H. McLEOD IS REPORTED SEVERELY WOUNDED IN THIGH

Mrs. H. McLeod of 27 Brussels street received word this morning that her husband, Pte. McLeod, had been officially reported admitted to No. 9 British Red Cross Hospital, Canada, July 12, with gunshot wound left thigh, severe. Pte. McLeod went overseas with a New Brunswick unit and has been with several units since crossing although in the trenches only since April last. He has lately been with a famous fighting battalion from his own native province. Besides his wife Pte. McLeod has one little girl. He was twenty-four years of age and was a doughboyman. His brother, Thomas, who went overseas with the first contingent. He will be three years at the front in August and will be only eighteen years of age next September.

BANK LOSSES CASE

Fredericton, N. B., July 20.—In the case of Josiah Hallett vs. The Bank of Montreal, tried before the York county court, the jury, this morning, brought in a verdict for the plaintiff for the full amount claimed, \$185, with interest to the amount of \$2425, with costs. This case attracted much attention on account of the time during which it has been pending and on account of the circumstances. The plaintiff asked the local branch of the Bank of Montreal to forward \$300 to him at his place of business in Millville, in January 19, 1916. On January 25 he took from the Millville post office the package which, when opened, contained only \$105.

LITTLE LAD SHOTS BROTHER IN TRYING TO GET HIM UP TO GO TO HIS WORK

Montreal, July 20.—Ronald Nault, aged six, of 2880 Cartier street, this morning shot and killed his fourteen-year-old brother, Francis. The little fellow heard his mother call his brother to get up to go to work. Thinking to hurry the mother, Ronald got a revolver, which happened to be loaded, and after calling upon Francis to get up, pulled the trigger. Francis was shot through the eye.

WANT GOVERNMENT TO TAKE CONTROL OF GOLD STORAGE PLANTS IN CANADA

Toronto, July 20.—The district trade and labor council passed a resolution last night demanding that the government take over the control of the gold storage plants of Canada, and the commander eight per cent. of the profits made on gold stored by the William Davies Company and other packing concerns from January 16 till the time the government assumes control of the gold storage plants.

TO FACILITATE A SHIPMENT OF HARD COAL TO ST. JOHN

Fuel Controller Magath, Leaving For New York, Sends Wire to Dr. J. H. Fink—Statement by Letter. Dr. J. H. Fink, appointed by the provincial government in connection with the fuel supply matter, and whose energetic work has already proven beneficial, said today to the Times: "The statement in the Telegraph this morning attributed to me is correct, but the heading of the item that the coal in question is to be sold at the price quoted is misleading. I have no knowledge as to the prices at which this coal is to be sold."

KILTIES ARE TO LEAVE NEW YORK TONIGHT FOR CHICAGO

New York, July 20.—The Canadian Highlanders, who have been here this morning to recruit for the British army, will make their final appearance tonight at a mass meeting to be held at the Waldorf-Astoria hotel. All indications are that one of the largest crowds which ever filled the garden will be on hand to cheer the Kilties before they leave for Chicago, where they are to appear next week in the interests of "British recruiting week" in that city. Lord Northcliffe will be the principal speaker at the meeting tonight.

REASONS ASSIGNED FOR RESIGNATION OF RUSSIAN STATESMAN

Petrograd, July 19.—The resignation of S. M. Perevezief, minister of justice, was due partly to the revelations in a letter from Gen. Brusiloff's chief of staff to the effect that Nikolai Lenin, radical socialist, is an agent of the German general staff at Lenin's connection with the alleged chief German agent in Russia, Maxime Koslovsky.

CALLS ON WOMEN TO ORGANIZE TO PREVENT WASTAGE OF FOOD

Toronto, July 20.—W. J. Hanna, chief food controller, has issued a call to the women of Ontario to get together in convention and discuss organization plans with a view to securing widespread support for the approaching campaign to prevent food wastage.

Think German People One With Government

Unionist Business Committee Write to Bonar Law and Urge Course That Will Affect Matters When Peace Negotiations Come

London, July 20.—The Unionist business committee, one of the most influential groups in the House of Commons which the war has produced, sent Andrew Bonar Law, chancellor of the exchequer, a letter yesterday wherein they urged their views of various political matters, including America's entry into the war, economic policy and revolutionary movements in labor centres. The letter cites present events as having caused doubt in the minds of the writers as to whether the government following the development in Germany with proper regard for the facts. They urge that it is a mistake to suppose that the Germans were unwillingly driven to war by the emperor and Prussian militarist and that any democratic movement in Germany is likely to sweep out militarism from the country. The German people as a whole, the letter says, are in entire sympathy with the government and there is no reliable sign that the German social structure will not stand the strain of war to the end.

It is therefore urged that Great Britain in consultation with its allies, adopt practical decision and act thereupon with a view to carrying out the resolutions of the Paris economic conference. The writers fear otherwise that Germany will be at a great advantage when peace negotiations begin and will be able to introduce discord among the allies. The deputation was reported to be satisfied. According to the same sources, the deputation made plain-spoken complaints of some of the minister's appointments, especially that of Winston Spencer Churchill, the minister of munitions, who it is alleged, they described as peculiarly unfitted by temperament and character for this post.

BIG BATTLE OF IDEAS IS GOING ON NOW IN RUSSIA One Element Wants Victory Before Democracy, Another Wants Peace Before Democracy, and Another Wants Democracy Before Peace

The meaning of the conflict of competing ideas which has led to a collision between the bourgeoisie and proletariat in Russia (the two forces that made the revolution) is lucidly set out in the following way in the New Europe:

It had long been inevitable that such a conflict would arise as soon as the question of the final destiny of the country, the question was, what form the conflict would take.

Mr. Mitjokov declares that the future of democracy depends upon decisive victory, while Mr. Lenin maintains that peace is the necessary condition of democracy. Between these two extremes stand the Radicals and the Moderate Socialists, who demand the formulation of democratic war aims, so as to prepare the way for peace.

For Mr. Lenin, peace first, then democracy. For Mr. Kerenski, democracy first, then peace. In the present crisis it is the last idea that has prevailed. The Council of Labor Deputies, by the simple majority of thirty-five, has decided to support the provisional government on the basis of imperialism. This means the continuation of the war, accompanied by a clear statement as to what Russia and her allies are fighting for.

What Mr. Kerenski demands is, that Russia and her allies should fight, not for the sake of victory, but for the sake of democracy. If we can convince the Russian people that our objects do not differ from theirs, the battle of ideas in Russia will not have been fought in vain.

The difficulties raised by the new Russia are not mere juggling with words; they are fundamental. Since the Revolution Russians look at the problems of Europe with new eyes and we who are the allies of Russia must try to see Europe through Russian eyes.

The party in Russia that desired a separate peace were swept away in the first few days of the March revolution; the party that is now agitating for peace is demanding, not so much peace between Germany and Russia, as peace between all nations. We oppose them not for their motives but for their tactics, for we are convinced—and the vast majority of the Russian people are convinced—that there can be no peace as yet with autocratic Germany.

BRITISH PUT 78 ENEMY AIRSHIPS OUT OF COMMISSION

Spectacular Fighting in Last Few Days—One Britisher Attacks 15 Germans

British Headquarters in France, July 20.—(By the Associated Press)—Not since the war began has such severe air fighting been witnessed on the British front as recently. Great squadrons of opposing aircraft have clashed. From the outset the British airmen maintained the upper hand and today it may be said still hold the ascendancy.

Since July 12 the British have brought down at least forty-one German machines. The British have had twenty-eight machines listed as missing. Many thrilling stories are being related. One British machine, carrying the pilot and an observer, sighted five enemy machines together.

How to Buy City Real Estate, or How to Find Purchasers

Somebody Wants to Locate in Every Part of This City

City realty is the bed-rock of financial worth. It is an investment that presents liberal returns and steady appreciation in value. Owing to business demands, removals, deaths, settlements of estates and many other causes, there are always rare bargains to be picked up for cash or on terms. Many owners who are considering offers now would listen to your proposition if you were on hand.

Why not reach all those who have offers on the same day? Our Little Want Ads will reach the people you wish to reach.

Also these columns open the way for quick sales to owners. It makes no difference what class of property you wish to buy or sell. There is always somebody waiting to talk business to you. It will cost you but a few pennies and will enable you to deal direct with principals, if you—

THE PROVINCIAL ROADS.

The provincial public works department will do well not to be disturbed by the violent clamor of the opposition press about the condition of the roads.

Neither should friends of the government become over-anxious to have money hastily spent for temporary repairs.

The people should be content with a very moderate expenditure on temporary repairs, in order that the government may go ahead with as large a programme as possible of real road work.

The government has four years in which to carry out a practical road policy. If at the end of that period it has made a real improvement in the roads, the complaints of today will all be forgotten.

But what are the people themselves doing? We are all familiar with the man who refuses to lift a stone out of the road in front of his house because he regards that as the work of somebody else.

A TIMELY PROTEST

An editorial published in the Conservative Montreal Gazette some weeks ago is commended to those Conservative papers which are beginning to raise the race and religion cry for purely partisan purposes.

"Those who seek to punish Quebec for not calling men for service in Europe in the same proportion as Ontario and the western provinces, should not fail to remember that there is an element in this province which has done as well as the number in any other part of Canada.

After moving an amendment that diversity students be exempted from the conscription bill, and having it accepted, Sir Robert Borden yesterday moved to have it struck out again.

THE GERMAN CHANCELLOR.

The speech of the new German Chancellor shows clearly that he is opposed to any peace except on Germany's terms.

"Herr Michaelis," says M. Cambon, "seems to be of the type of disciplined, brutal Prussian functionary, a Liberal so long as he is not in power, but a Conservative and reactionary as soon as he is charged with public functions.

The Bangor Commercial says: "Reports come to us that some of the farmers are considering allowing their hay crops to rot in the fields because of the difficulties of harvesting and the possibilities as they view them, that the harvesting will not prove lucrative for them.

The following from the Montreal Star is very timely, in view of the present political crisis in Canada: "The movement for a union government at Ottawa must be kept within proper bounds or it may become a movement for disunion in Canada.

The Ottawa correspondent of the Standard makes it clear that the government has no intention of enforcing the conscription act before the general elections are held, and he intimates that these will not be held until the latter part of September.

Those who are very optimistic over the war situation should study the map and ask themselves how much territory has been taken from the Germans in the last few months.

Maj. Gen. F. B. Maurice believes the Germans are incapable of making any really great effort on the western front because of the wearing down of their man power.

The Conservative now frankly admit that they cannot get along without the help of the Liberals.

The Standard says parliament is "performing the last rites over the conscription bill." In other words, Sir Robert will lay it away on the shelf until after the elections.

A coroner's jury finds that Robert Harris was murdered. The next step is to convict the murderer.

The Russian government has the Petrograd situation well in hand.

LIGHTER VEIN

The Lawyer Knew Defendant—I don't know what I would have done if it hadn't been for you.

As It Looks to Him Now Wife—Did you ever have more money than you knew what to do with?

That Thousand Pound Look "It pays to be cheerful."

The Letter, Probably Clerk—Did you notice that the office boy has dark circles under his eyes?

Stung Stella—Was Jack wounded at the front, then?

Making A Noise Like An Onion Sir J. M. Barrie heard two actors discussing the power of expression and how much could be conveyed by gestures without speech.

"How's your boy Josh getting along with his studies?" "Pleasantly," replied Farmer Cornwell. "He don't bother 'em none."

THE OLD OF THE MOON

Writer Says Science and the Bible Both Opposed Superstitions Re Crop Sowing.

(Newark Evening News) One of the most persistent beliefs is that which attributes some sort of inexplicable influence to the moon. Early last spring a newspaper devoting much of its space to agricultural affairs said: "The time to plant winter potatoes is in the old of the moon in the month of May."

RECENT DEATHS

Louis Patrick O'Hara.
 The death occurred yesterday of Louis Patrick, the infant son of Mr. and Mrs. Francis O'Hara, aged three months, at his parents' home, 50 Castle street.

William McConnell.
 Less than a month after the death of his father, who passed away here under sad circumstances on June 27, William McConnell died suddenly yesterday in Boston. Word to this effect was received by his brothers here and the body is being sent on for burial, which will take place today from Chamberlain's at 3 o'clock.

It will be remembered that William H. McConnell, the father, fell into the waters of the harbor last month and died two days later. The news of the son's death, therefore, was a great shock. Mr. McConnell was forty-eight years of age and left St. John twenty-five years ago, being since then engaged in the dry goods business. Four brothers survive—John and Harry, of this city; Joseph, of Sydney, and James, of Boston; also three sisters—Mrs. J. R. Leck, Mrs. Charles Knodell and Mrs. John R. Sharpe, all of this city.

John Ahearn.
 Halifax, July 19—John Ahearn, aged ninety-two years, passed away at his home, 124 North street, last night. Mr. Ahearn was a veteran both of the Crimean war and the Indian Mutiny and to his last days was able to talk in a most interesting manner of those events.

Madeline Brewer O.
 Fredericton, N. B., July 19—Madeline, the two-year-old daughter of Councillor Thomas Brewer, of Hawkhaw, died this morning from the effects of poisoning. It seems that while playing about the house late yesterday afternoon the child came across some liquid fly poison and swallowed a portion of it. She, at once, became violently ill.

Rev. J. E. Brown.
 Rev. J. Eastburn Brown, for many years rector of St. Paul's Reformed Episcopal church in Moncton, died yesterday at Coal Branch where he had been living since his retirement from the ministry eight years ago. He was eighty-four years of age. During his active ministry he was a prominent figure in religious and temperance circles.

INCREASED PAY ON I. C. R.
 Moncton, July 19.—Negotiations between the C.G.R. mechanics and the management for increased pay have been concluded. The men asked for an increase of seven and eight cents an hour and the management offered six cents. This offer has been accepted.
 The employees affected are those in the general shops and engine houses and the increase applies all over the government system. Some 1,100 or 1,200 men in the Moncton shops are affected.

Mixed Orders All day long they drilled him in the foot squad and his greatest difficulty came in the order, "mark time; march." Over and over for his special benefit the drill sergeant gave that order. In the evening he was put on patrol on officers' line and told to keep the walk clear of all but officers and their families, and to challenge everybody after a certain hour, also, to advance but one member of any party unchallenged for recognition. About 10.30 p.m. two figures showed up under an electric light. The new sentry, "Hail! Who's there?" "Officer of the day and daughter." "Advance officer of the day to be recognized. Mark time, daughter!" Philadelphia Evening Ledger. Mrs. Thomas Reid and Mrs. Fred Peters of Roxbury had charge of the golf tea yesterday. During the afternoon there were putting and approach matches for the ladies.

Conscription Will Not Be Enforced Before Election

Present Prospects For Two Months Interval Before Vote is Taken—Union Government May Follow Elections Before Conscription is Dealt With

Ottawa, July 19.—It is frankly admitted in government circles today that there is little likelihood that the government will make any attempt to actually enforce conscription before the coming general election is held. The machinery with regard to the appointment of local tribunals to hear exemption applications may be set in motion and the first class of men subject to conscription will be left in abeyance until the people have spoken and a new parliament is elected. The act will nevertheless remain on the statute. Its administration will be under a new parliament and in all probability under a new government.

Whichever side wins the chances are that the new government will be union government. Only under a "union" or "national" non-partisan administration could there be established the public confidence and the public assent necessary to the practical and adequate enforcement of conscription. That is the excuse to be given by Sir Robert Borden for not proceeding promptly to enforce conscription as soon as the bill passes parliament a week or so hence. That, too, is the attitude taken on the Liberal side of the house.

The political motives behind the prime minister's belated coalition proposals, the conditions of a discredited cabinet personnel and a moribund parliament, the manner and circumstances of the introduction of the conscription issue have all combined to make a union government impracticable at present, as Mr. Pardee declared last night.

Ottawa, July 19.—On top of his decision to have a general election Premier Borden today frankly abandoned patriotism for politics. The leader of the government undertook himself to pilot his final amendment to the military service bill through committee of the house. At the last consideration of the bill he moved an amendment to insert divinity students among the classes who were exempt from compulsory military service. Today, following a vigorous protest from pro-Protestant members of his party, he executed a sharp volte face and moved that the exemption he previously inserted should be struck out.

Hon. Rodolphe Lemieux moved in amendment that the terms of the United States exemption to divinity students be adopted. The amendment was defeated by a vote of 74 to 40 and Premier Borden's latest proposal endorsed by a vote of 72 to 32. Liberals who voted with the government on the final division on the bill in committee were Messrs. Pardee, Nesbitt, Ross, Graham, Oliver, Buchanan and Guthrie.

Premier Borden made ingenious efforts to ride both horses. He endeavored to placate Quebec by explaining that he accepted the interpretation of Hon. Charles Massey that the removal of the words "divinity students" would not interfere with young Roman Catholics in the province of Quebec in training for the priesthood, since they would be included in the term "clergy." At the same time the premier diligently endeavored to satisfy the insurgents in his party by eliminating the clause he himself inserted when the bill was last before the house. Dr. Eugene Forster, his own supporter, essentially referred to Sir Robert's gymnastic "as dancing to the tune of the Organ-grinders."

With a view to nullifying down the premier to some definite line of policy and to disclosing his actual intentions, Hon. Mr. Lemieux submitted his amendment in exact accordance with Sir Robert's own declaration on Hansard at the last sitting on the bill. The voting followed: An important feature was brought up during the evening sitting by Hon. Geo. P. Graham, who asked if Salvation Army officers were included in the exemption granted to "ministers." The premier replied that he really had not considered the point. Hon. Mr. Lemieux urged that the Salvation Army officers were equally entitled to exemption with clergy of all denominations, and the solicitor-general finally stated that such officers as held corresponding positions to ministers of various denominations would be exempted.

IN FAIRVILLE THEATRE.
A concert was held last evening in the Fairville theatre, Fairville, in aid of the French Red Cross. The proprietor of the theatre, T. J. O'Rourke, loaned the theatre and a six reel picture, without any expense whatever, to the Lancaster Red Cross, under whose auspices the entertainment was held. In addition to the picture, vocal selections were rendered by Miss Blanche McColgan and Master Purdy Cowie. Miss Beatie Myles read very effectively, and Private George Keats of the 8th Ambulance Corps gave an exhibition of dancing. The theatre was very tastefully decorated by members of the society also acted as ushers. At

Harris Death Caused By Persons Unknown

Coroner's Jury Brings in Verdict But Does Not Attempt to Name Perpetrators of Crime — New Evidence Introduced at Last Session

Following the most sensational and most interesting session of the hearing and a direct and clear-cut address by the coroner, Dr. F. L. Kenney, the jury last night brought in a verdict in the Robert Harris murder inquest. The court was crowded during the session and the intensity of the interest was demonstrated in the fact that the vast majority remained one hour and twenty minutes until a verdict was brought in.

Finally, the jury at 11 o'clock returned the following verdict: "We, the undersigned jury empaneled to inquire into the death of the late Robert Harris find that he came to his death on June 22, 1917, at the St. John Infirmary from fracture of the skull, complicated with hemorrhage and meningitis. The said fracture of the skull was due to being struck on the head with some instrument on June 14, near the Haley house, Rockland Road, at the hands of some person or persons unknown, which person or persons did feloniously and wilfully, and of his or their malice aforethought, cause such said injuries against the peace of our land, the King, his crown and dignity."

New Evidence in Case.
The new features brought out were further established that Carland and O'Brien were together before 10 o'clock in the morning, on June 16, as they stated. Remarks made by O'Brien to one of the witnesses also had an interesting color.
It was stated that on the night of the assault O'Brien wore working clothes and a brown cap, while the next day he wore working clothes and a dark peak cap. Dr. Baxter produced a brown cap in court which a witness stated looked very much like one O'Brien wore that night. Spectators in court were wondering where the crown authorities secured this brown cap.
Following the inquest it was stated at police headquarters that nothing further had developed in the case. No arrests have been made in the murder case and no charges have, as yet, been made.

Drinking the Next Day.
Lawrence Lambert, a striking plumber, was recalled and submitted some of the most important and most interesting evidence of the inquiry. On the morning of June 16, following the night Harris was assaulted, he stated that he met Carland and O'Brien about 9 o'clock at the union hall. They went to Carland's home, where Carland, he thought, produced a bottle of gin. Then they came back to the hall, when Carland and O'Brien were arrested.

In the afternoon, in company with the two O'Briens, he went to Carland's house again and more gin was brought to the cellar. Dunn came and warned them that someone was watching across the street and then the party left and went down Long wharf. Later they went to Joe O'Brien's workshop where the witness stayed until 8:30 o'clock. About that time he saw Joe O'Brien, went up the street to Keller's where they had a drink of beer. After leaving there O'Brien still seemed vexed and said, "What the hell's the matter with you. Harris has got the pill. Why can't you give Farrell the needle." He asked concerning the next occasion he met O'Brien, witness replied that one evening he was working on a job in

intended, has resigned his post. Although his resignation is already in the hands of the hospital commissioners they have requested him to maintain the position until the latter part of August or thereabouts so that they will have a chance of finding a suitable man for the position.
It will be remembered that Dr. Macaulay took over the position of superintendent when Dr. D. C. Malcolm went overseas and has maintained it ever since. Dr. Macaulay has since that time entered partially into military duties and together with his practice has been kept very busily engaged supplying the demands of the different matters demanding his attention.
Dr. Walker pointed out that at the Victoria hospital in Montreal, the Victoria General Hospital in Halifax, the Manhattan eye, ear, nose and throat hospital in New York and in many other large institutions, medical men have been supplanted by business men as superintendents. He said that in that great New York hospital the superintendent knew nothing of medical work, nevertheless he was the superintendent. In addition to this it is very difficult to secure a medical man at the present time owing to the war.
SCHOOL BONDS SOLD.
At the meeting of the financial committee of the school board at their rooms yesterday afternoon, it was decided to accept the tender of the Eastern Securities Company to take over the bond issue of \$20,000 at 94%. This was considered a very good price as the Halifax school board only succeeded in getting 86 on the recent issue of bonds. J. V. Russell was in the chair and the other members of the committee present were: E. R. W. Ingraham, R. B. Emerson, M. Coll, George E. Day, Herbert Green, Mrs. James Dever and Mrs. E. R. Taylor. Later in the afternoon the building committee met with the chairman, M. Coll presiding. Much discussion was undertaken on the problems confronting the committee this year, matters of cost and of making certain repairs. It was definitely decided to repair the heating fixtures in the La Tour school and the contract was awarded to W. E. Emerson. It was also decided to have the Albert school painted.

Superintendent of Hospital Resigns
The indications are that St. John before many weeks will adopt the plan already in practice in many of the larger cities in Canada and the United States and that a business man will be appointed as superintendent of the General Hospital.
Dr. A. E. Macaulay, the present superintendent, has resigned his post.

August Records
"WE'LL BE There—On the Land, on the Sea, in the Air" is a ringing defiance sung to a foe—sure to strike fire in the soul of Canadians! Bugle-calls, drum and the splendid baritone of Arthur Fields make this record truly great. Also like it in patriotic strength are these other

U. S. Bride For Prince of Wales

Suggestion That His Royal Highness Marry an American

Thorne Democratic—And Would Not Suffer in Respect Because of Marriage With Commoner

A writer in Tit-Bits urges that the Prince of Wales should marry an American bride. He says: In the vital interest of the people of Great Britain, the marriage of our heir-apparent with a daughter of America would be universally approved. It would more closely weld the two great English-speaking nations. Even the most extreme of our democrats would be in sympathy with the symbolic union of royalty and republicanism. Both countries should be benefited by this seal of a cordial understanding.

Our Prince is approaching the important hour when he will enter the great kingdom of home and family life. It is generally understood that King George holds pronounced views upon the marriage question, and if any opposition arises against the project of the choice of a bride from America, it will not come from the king. There may be objectors who will discuss precedent, and affirm that historic rule cannot be broken. But this is a question for King George and his statesmen.

Nothing can be more unthinkable than a repetition of royal matrimonial alliances with Germany. The monarchic status in this country could scarcely survive such a disaster. Whither shall we look for a worthy consort for our future sovereign but to free America? The possibility is strictly practical, and the suggestion is one of great dynamic weight. This alliance would stimulate the progress of sane democracy throughout the world. It is only blind prejudice that can pretend to minimize the immense spread of democratic sentiment, which has been widened by events of the past three years.

We are democratizing every ancient and revered institution. The throne itself is democratic. Kings and princes stand for the people, and not merely for the privileged classes. King Albert of Belgium shares the dangers and privations of the field, and is literally dragged out of hot corners by his solicitous comrades. Our prince has thrown himself, with true British energy, into the combat with that effete form of monarchy that the humanity of the world utterly discredits. This is a patriotic struggle against royal oppression and tyranny, and royal soldiers are fighting with the crusading allies to crush this barbaric despotism. The ascendancy of democracy is undoubted. What could be more fitting and opportune than the union of England and America through the marriage of the Prince of Wales with a daughter of our kinsmen in the west? The proposal is a patriotic scheme of world-politics, and no dream of the mere sentimentalist.

There is one indisputable plea for the marriage of a member of a royal family with a bride of the democratic caste. Every scientific investigator of heredity knows the physical, mental and moral dangers of constant intermarriage. It is one of the tragedies of royal families that the narrowness of choice in royal spouses becomes a curse. The old intermarrying families tended to become extinct.

Royal caste is necessary in regard to observance of rank and formality. But does this hinder marriage outside the royal clan? Not at all. When plain Miss Jenkins marries Lord Glenborough she becomes one of the patrician caste, and is recognized as a peeress. The democratization of sovereignty does not imply a wanting respect for kinship. Today the popular and the respected monarch is the democratic monarch. This is true of every country except Germany.

TWIN PARTNERS. To the Editor of the Times-Star:—Sir:—"The harpies carry off lonely soldiers to their homes, make them drunk, often with vile liquor, and inculcate them, likely as not, with diseases which, thanks to the beneficence of well-meaning fools, have had free trade granted among us."

It has long been known to all social workers that the women have of late become a hot-bed in which social vice found its chief source of life and strength. Wherever the moon is, there will it brood like also. Destroy the saloon and a long step has been taken towards ridding the world of this awful foe to its physical and social welfare.

Our enemies murder, slaughter, butcher (call it what we may) our men in what today is spoken of, perhaps all too lightly, as "the game of war." But awful as these consequences are, they are not to be compared to the disastrous effect upon the future well-being, physical and moral, of the victims of this twin partner of the saloon evil. Generations unborn will begin life with the seeds of death sown in their bodies, and the community will reap the whirlwind in the impaired vitality, and consequent inefficiency of its members, and in the burden of caring for a people prematurely unfit. "Behold how great a matter a little fire kindleth." From the top down—that is the way alcohol works. It first attacks the most delicate part of man's mental machinery, his moral nature. Conscience lulled to sleep with physical and mental powers still alert, the work of the temptress is made easy.

With the deadly drink problem not yet completely solved in our own land, and with conditions in the Motherland as they are, to keep silence will be criminal, to falter will be sin. J. H. HAZLEWOOD, Department of Social Service. Stopped Him "Does your husband grumble much about the meals?" "He used to but not any more. I stopped him."

In These War Times you want real food that contains the greatest amount of body-building material at lowest cost. The whole wheat grain is all food. Shredded Wheat Biscuit is the whole wheat in a digestible form. Two or three of these little loaves of baked whole wheat with milk and a little fruit make a nourishing, strengthening meal.

HARD COAL THAT COULD SELL AT \$9.85 TO \$11.25

Dr. J. H. Frink, appointed recently by Premier Foster to investigate the coal situation, made the announcement last evening that some hard coal was on its way to St. John to sell for \$9.85 per ton and two lots are coming for \$11.25. Dr. Frink's statement to The Telegraph follows:

"I have made a pretty close study of the coal matter and the local dealers have given me every opportunity to acquaint myself with the conditions under which they are doing business, not hesitating to show me their invoices, expense accounts, correspondence, etc. While this statement can be borne out by the facts I can only say that those persons hesitating to purchase their winter's supply must use their own judgment, the dealers generally being of the opinion that if people delay ordering their coal they may regret it. I have information which is not hearsay for I have seen the invoices and know that coal which has been purchased in Pennsylvania within ten days is now on the way to St. John at \$8.85 a ton. I have spoken of this to several dealers and they say they accept my statement without hesitancy. They say the explanation lies in the fact that the parties who bought the coal had a 'pull' at the mines, had a friend who was a mine-owner or had other special privileges.

"It is true that I have seen the invoices of the dealers and their coal is quoted at a much higher rate than this special shipment of which I speak. I am sure also that coal has been purchased in Pennsylvania within the last ten days to cost \$8.50 at the mines and, at a freight of 85c, it will cost in St. John \$11.25. There are two lots of this, one of 1,500 tons and the other of 500 tons.

"The mere fact of these shipments coming through at these prices under whatever arrangements have been made bears out my contention that the price of coal can be reduced through co-operation between the United States and Canada in regulations governing forwarding coal from the mines."

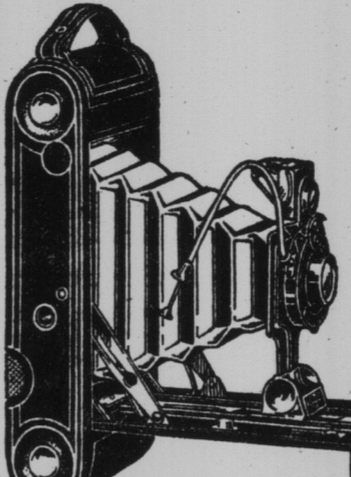

Board Re-Elected A careful analysis of the work accomplished during the past year at the Home for Incarcerated Women, held at the annual meeting held at the home. The members of the board as it was composed last year were re-elected as follows: R. B. Emerson, F. B. Ellis, S. Gregory, C. W. Hallam, John Kelly, G. Fred Fisher and F. P. Starr. Former members re-elected were: Mrs. Meddies Silas Alward, Thos. Walker, Struan Robertson, R. O'Brien, W. D. Forster, E. C. Ekin, David McCallan, W. C. H. Grimmer, H. A. Powell, H. S. Bridges and John McAvity. The members of the original board, of course, remain members of the board, as follows: Dr. Thomas Walker, Dr. Silas Alward, Dr. R. P. Inchee, E. H. Turnbull, W. H. Turnbull, Judge Ritchie and S. D. Scott. A vote of thanks was tendered by the board and presented to Dr. Thomas Walker, former president, for his efforts in connection with the institution and his untiring interest in the welfare of the inmates. A vote of thanks was also passed to the various pastors and members of churches in the city who had taken charge of the Sunday services during the past year.

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES To put strength into her nerves and color into her cheeks.

There is a beautiful, healthy, rosy-checked woman who has not a hair out of place. The trouble in the past has been that women have not had enough iron. They have not had the iron that is so essential to their health. They have not had the iron that is so easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, overworked, haggard-looking women. It will give them a new life. It will give them a new vigor. It will give them a new beauty. It will give them a new health. It will give them a new happiness. It will give them a new life. It will give them a new vigor. It will give them a new beauty. It will give them a new health. It will give them a new happiness.

NOTE: NUXATED IRON recommended by Dr. Fredmond King can be had from any good druggist who has a supply of it. It is dispensed in the form of a pleasant-tasting liquid. Wasson's Drug Store sells it.

Deeds Which Won Second Bar To Major C. W. McLean's D.S.O.

London, July 19.—The official Gazette last night announced awards of military decorations to several Canadians. Among the honors is the award of the second bar to the D. S. O. to Major Charles Wesley Weldon McLean, son of Brig.-Gen. H. H. McLean, M. P. for Queens-Sunbury (N. B.). There are over a dozen awards of the Distinguished Service Order and several military crosses, while a number get a bar to the military cross.

Twice the same day Major McLean went forward at great personal risk into a heavy barrage fire to reconnoiter. The following day he led a party under heavy shell fire to extinguish a fire which threatened to cause grave casualties, and succeeded in saving guns and munitions.

Eleven V. C.'s Won by Canadians.

Eleven members of the Canadian force have now won the Victoria Cross during the present war. The names and ranks at the time of the awards are: Captain F. A. C. Scrimger, A. M. C.; Color-Sergeant F. W. Hall, 8th Battalion (killed); Lance-Corporal F. Fisher, 18th Battalion (killed); V. C.'s all awarded in June, 1915. Lieutenant F. W. Campbell, 1st Battalion (killed).

award made in August, 1915; Private (acting corporal) L. Clarke, infantry; Private J. C. Kerr, infantry, awards made in October, 1916. Captain T. W. MacDowell, D. S. O., infantry; Lieutenant F. M. W. Harvey, Canadian force; Lance-Sergeant E. W. Sifton, infantry (killed); Private W. J. Milne, infantry (killed), awards made June, 1917; and the above mentioned award to Lieutenant R. G. Combe.

More Honors.

The king has conferred the following decorations on members of the Canadian force at Buckingham Palace: D. S. O.—Lt.-Col. Charles Templeton, A.M.C.; Lt.-Col. John Warden, infantry; Major John Jenkins, A.M.C.; Major Terence Jones, infantry.

Military Cross—Major Royal Ewing, infantry; Capt. R. Luton, A.M.C.; Capt. John McGregor, A.M.C.; Lt. John Carl, infantry; Lt. Francis Gray, infantry; Lt. Porteous Jerdan, infantry; Lt. H. Jonsson, infantry; Lt. William Nutter, infantry; Lt. Charles Power, infantry; Regt.-Sergt.-Major William White, infantry.

Awarded Commission.

J. V. Keirstead, C. S. L., has been awarded his commission as first lieutenant, after qualifying with the officers' training corps at Bexhill, Sussex, England. He expects to be attached to a New Brunswick battalion at the front in the near future. Mr. Keirstead took a leading part in the organization of the commercial travelers' platoon of the 104th Battalion, with which he went overseas, and his promotion is a well earned honor. Before enlisting, he traveled for T. H. Estabrooks & Co., Ltd. All the men on home service in the city are being divided into categorical

classes as to their physical condition. Those who are fit to go overseas will be taken note of and used for that purpose when the conscription draft comes into force. On the other hand, those who are unfit for overseas duty will be given positions which they are capable of undertaking.

Promoted to Captaincy.

Lieut. D. W. Clarkson, a former officer of the 148th Westmorland and Kent Battalion, was recently promoted on the field to the rank of captain. He has been on the firing line serving with distinction as a subaltern of a noted Montreal corps. He is a son of David Clarkson, of Stoney, who was last year provincial grand master of the Orange association. He was some time ago reported killed, but it finally turned out that his identity had been confused with that of an officer of the same name hailing from St. John.

Recruits.

Three recruits were secured in the city yesterday. They were:—T. Smith, Glasgow, Scotland; G. Warren, Norfolk, England, Forestry Company, and Private 'Tus, Fredericton, No. 8 Field Ambulance.

Men Who Do The World's Work Wear Made-To-Measure Clothes

It is invariably true that men who do the world's work, men who figure things out, insist upon a personal individuality in their clothes that can only be had in custom-tailored, made-to-measure garments; they know that merchant tailor individuality never comes in ready-cut, standard-size "Brand" Garments.

Hundreds of these men have learned from experience that it is possible to get for only Fifteen Dollars from the English & Scotch Woollen Co., the best that the local tailor can give in personal service. They have learned that we offer a combination of personal services and advantages made possible through our Mill connections and our Dominion-wide Tailoring system. Our output of thousands upon thousands of garments a year enables us to offer you a service unequalled anywhere.

Made To Your Measure

How can we afford to offer custom tailor service for Fifteen Dollars? Our enormous Dominion-wide service and our Mill connections answer the question. In our Plant we tailor thousands and thousands of garments a year—many times more than the local tailor's output. Hence, we can profitably offer our services at a less profit per garment than can the local tailor. Huge output at a small margin—that tells the story of those remarkable English & Scotch Woollen Company's Fifteen Dollar Made-to-Measure Clothes.

Says That Present Champions Are Hurting Boxing
New York, July 18.—Al McCoy, who won the title on a fluke punch from George Chip, has been a positive hindrance to the sport. He has refused to box a long bout for the title and has made the middleweight championship the subject of jest all over the world. He cannot retire too soon for the good of the sport, says a writer in the New York Sun.
Kilbane, the featherweight champion, has again been a serious drawback to the sport. His tactics have not tended to raise the standard of boxing and if he steps down and out the result will be to infuse new life in the featherweight division. Herman, the new bantam champion, has not had as yet a chance to show his hand. Kid Lewis seems inclined to keep busy his challengers in the welter division and so does Battling Levinsky, the king of the light heavies. However, if the title holders in the heavy, middle and feather classes were to abdicate and give others a chance to tussle for the honors it would have a beneficial effect on boxing as a whole.
Worse Than War
"You'll have to go to a dentist and get your teeth fixed, before we can take you," said the enlisting officer.
"Get whis! If I've got to suffer all that pain to go to war, I don't want to go."

ever, Manager "Larry" Lajoie stated last night that the club was angling for a couple of first-class leaguers, and he expected to secure them shortly.
North End Roses Win.
The North End Roses won the best of a series of five games by defeating the Athletics last evening by a score of 16 to 4. Batteries were: Irwin and Tansman; Jacobson, Strang and Cohen. Score by innings:

MORE COAL FOR BAY STATE
Flow of Anthracite Into New England to Be Greatly Increased, Hereafter
(Boston Transcript, July 16.)
Beginning today the flow of anthracite coal into New England by the "all-rail" route will be heavily increased, and shipments of larger tonnage will be kept up steadily. The Philadelphia and Reading Railroad, which procures a quantity of the hard coal output of the country, will hereafter—under its agreement with the New England coal committee—ship solid trainloads to twenty-eight different distribution points in this territory.
The first load of fifty cars left Shamokin and Mahanoy, Pa., Sunday morning. It was delivered to the New Jersey ship solid trainloads to twenty-eight different distribution points in this territory.
This means twenty-five hundred tons of coal coming into New England, practically without stop, by way of Rotterdam Junction. The size of shipment is likely to increase to three or four thousand tons.
This new method of shipment, which carries at one time on the same train thousands of tons of fuel destined for one locality, requires only a classification of the dealers' orders in railroad headquarters. But it yields, through its simplicity of handling, a great reduction in shifting of freight cars and much greater speed in unloading and gain in time of return of a given number of cars to the loading point. It has grown out of the serious coal situation in New England as investigated by the New England Coal Committee. The complaint of difficulty in getting returns from interior points proved that the haphazard way of making up train-loads was in a great degree responsible for unnecessary work and confusion. The Coal Committee asked of the coal roads only that shipping be done in the most direct manner and guaranteed greater expedition in car returns.
The production of anthracite at the mines has shown a great increase in the last two months, practically a million tons a month. Clearing the tracks by the agreement secured by the coal committee will immensely facilitate moving into New England the bulk of an average year's supply of hard coal, increased by the district's proportionate share of the total increase at the mines. The coal committee will go to Washington tomorrow to confer with the New England senators, to take every means to speed up deliveries of tide-water where already tonnage is waiting to transport it to New England.
An Irish Tragedy
A tourist calling at an Irish cabin to obtain a glass of milk, noticed on the top of a chest of drawers a glass shade under which were a brick and a faded rose. He inquired why the owner of the shanty should cherish two such dissimilar objects.
"Share, sor, there's memories attached to them," said the Irishman. "Feel this big dent in me head? Well! it was that brick that made it."
"But the rose?" said the visitor.
"The rose is off the grave of the man what threw the brick," replied the host.

DIVER SEARCHES FOR THE MISSING PILOT

PILOT ROBERT DOHERTY

Relatives of Pilot Doherty, who is supposed to have fallen off the pilot boat on last Wednesday night and been drowned, have not as yet given up the search for his body.

This morning Diver Fred Doyle went down near the Pettinewh where the boat was lying on Wednesday night, but found no trace of the missing man.

LOCAL NEWS

THE BERRIES
Strawberries were retailed this morning at nine cents and selling by the crate at eight cents. The local merchants anticipate that when the river boats arrive in town this afternoon that the price may drop.

BURIED TODAY
The funeral of William McConnell, who died in the United States, took place this afternoon from Messrs. Chamberlain's undertaking rooms. Services were conducted by Rev. Neil J. McLaughlin, and interment was in Fernhill.

MILFORD WON
Last evening the "Milford Stars" defeated the "Pettinewh Stars" on their own grounds to the tune of 18 to 11. Heavy hitting in last inning clinched the game for the winners. The batters were: Sweet and McKinnon and Boyce and Snodgrass.

THE HARRIS CASE
Chief Slespion when asked this morning if there would be any immediate developments in the mystery surrounding the death of Robert Harris now that the inquest was over, said that it was rather premature for any statement. There was considerable evidence at hand which did not make its appearance at the coroner's inquest but would come out in time. At present, he said, there was nothing for publication.

CONGRATULATIONS
The birth of a son to the wife of Major T. Mahon McAvity, D. S. O., divisional staff C. E. F., was announced in a cablegram received yesterday by John A. McAvity, father of the major. The message, which was dated from Sandgate, England, on July 18, was sent by Mrs. Helen McAvity, McAvity's mother, who has been with her daughter since the return of Hon. J. D. Haesen to Canada.

ASSAULT CHARGED
Samuel K. Cohen, aged forty-four years, giving his birth place as Russia, was before Magistrate Ritchie this morning for an alleged assault on Arthur Deaton on the 19th instant. Cohen was arrested by Sergeant Jounney and left a deposit of \$50 for his appearance today. The case was postponed until next Tuesday as there was some misunderstanding on the part of the prosecution as to the hour for which the case was set.

PRESENTATION
Miss Dorothy Wark, of 96 Spring street, was pleasantly surprised last evening when about twenty of her girl friends called at her home and presented to her a beautiful pendant. A very enjoyable evening was spent in games and amusements of various kinds. Refreshments were served and the party broke up about midnight. Miss Wark is about to leave the city with her parents for her new home in Moncton. The party was arranged by the Misses Flora Ross and Gladys Williams.

KNIGHTS OF COLUMBUS
In the Knights of Columbus hall last evening several new members were initiated into the first degree. The degree work was carried out by Dr. W. P. Brodeur, grand knight; Harry Regan, deputy grand knight; William M. Ryan, chancellor; Maurice Mullane, warden, and P. J. Fitzpatrick, financial secretary. Following the degree exercises, a smoker was greatly enjoyed. The council was honored by the visit of several outside members, including the members of a degree team passing through the city on the way from the United States to Sydney, C.B., to assist in degree work of the organization there. Mr. Joyce of Salem council and Mr. Coyle of Charlottetown were present during the evening. Jamie Kelly, now playing at the Opera House, contributed pleasantly to the impromptu programme.

SPEAKS OF POSTAL CONVENTION

Frank Walsh, of the night post office staff, who returned home yesterday from Winnipeg where he was attending a dominion wide postal convention, said that it was one of the largest and most successful conventions of its kind ever held in Canada. In former years only delegates from western cities attended these postal conventions, but this year they were present from all over. The object was to devise means for bettering the efficiency of the service both from a public standpoint as well as a departmental. At the convention Mr. Walsh had the honor of being chosen vice-president for New Brunswick. Next year it is planned to hold the convention in Toronto. While in Winnipeg the citizens and city officials did all in their power to make the delegates' stay a pleasant one. Throughout the city proper large banners bearing the words "welcome" were prominent. At a banquet tendered the visitors the mayor presided.

MR. CLARK ON STAND TODAY IN ESTEY CASE

Figures of Discrepancies Between Cash Book and Bank Book Given at Preliminary Investigation

The case of Westley H. Estey, charged with the embezzlement of funds while in the employ of Charles A. Clark of the City Fuel Company, was resumed in the police court this morning. In the absence of Dr. W. B. Wallace, C.C., William M. Ryan appeared in the interests of the prosecution. John A. Barry appeared for Estey.

A feature of this morning's session developed when Mr. Ryan, following the giving of some evidence by Mr. Clark, asked the court for an adjournment. Mr. Barry was quickly to his feet and strongly objected to an adjournment. He said he hoped it was not the intention of Mr. Clark to prolong this case. He said that it was an injustice to his client to let the public get the evidence piece by piece and thus be allowed to formulate their own opinion, whereas he could produce evidence to do things about the books that were kept by Estey and of which Mr. Clark knew absolutely nothing.

The court expressed the opinion that the case should be brought to a close as soon as possible. A question also arose as to the employment of counsel for the crown while the case was in the preliminary hearing in the police court. Mr. Barry said that he knew that Dr. Wallace would not prosecute until the case reached the high court. If it went there, his client would come here, he said, at his own expense, and the case, so far as Estey personally was concerned, was not costing the province of New Brunswick one cent.

Adjournment was eventually made until this afternoon, when it was thought the examination would probably be finished.

Mr. Clark testified that he conducted a coal business at 84 Bay street. The defendant was employed with him as bookkeeper and cashier under salary for six or seven months until September 8, 1914. He paid Estey \$11 a week. The defendant had power to do his banking.

Mr. Ryan here introduced a document showing the defendant's authority to act for Mr. Clark. The paper was kept in the Bank of British North America, where he did his business.

Mr. Clark said the defendant had left his store on one day as if to go to dinner. He failed to return. The witness produced a cash book kept by Estey and showing the latter's hand-writing. The book was marked by the court for identification.

On June 4, 1915, the witness said, the cash book showed that Estey had charged \$408.65 to the bank. The bank book showed a deposit of \$268.55, thus showing a discrepancy of \$140.10. Mr. Barry here interrupted and said he would submit all these figures and thus avoid taking them up separately and thereby necessitating proving them.

On June 14, 1915, the witness said, the cash book showed that Estey deposited \$102, while the bank book showed only \$47 deposited, thus leaving a discrepancy of \$55. On October 10, 1915, cash book and bank book showed a discrepancy of \$271.88; November 19, discrepancy of \$40; December 26, \$141; December 24, \$40; another deposit in December showed a difference of \$186.10; February 14, 1916, \$119.21; June 24, \$100; August 8, \$45; August 11, \$20; August 27, \$10; September 11, surplus of \$239.90; October 26, \$148.20; December 1, \$188.41; December 2, \$20; December 3, \$84; December 10, \$80; December 31, \$70. This latter one was proved on request. The total difference amounted to \$299.04.

The witness said his liabilities in the bank when Estey went away amounted to a note for \$1,200; one each for \$1,000, \$250 and \$300. He said after Estey's departure for Boston he had the books audited. He himself went over them and they showed a shortage of more than \$7,000. This latter piece of evidence was objected to by Mr. Barry, but was allowed under objection. Here Mr. Ryan asked for a postponement, as he wished to consult Mr. Clark's books.

SERGEANT JAMES INNIS GAVE HIS LIFE IN THE WAR

Mother in St. John Learns of Death of Her Eldest Son at Vimy Ridge

Mrs. George Innis, 118 Somerset street, received a letter yesterday from her daughter, Mrs. Roland Hey of Barron-in-Furness, Eng., telling of the death of her eldest son, Sergeant James Innis of the 1st Kings Own Royal Lancasters. Sergt. Innis had been in the army for seven years. His time had just expired when the war broke out, but he was at the front within a month after war was declared. He had been twice wounded before he met his death at Vimy Ridge. He was thirty-one years old and unmarried. His father, George Innis, enlisted in St. John two years ago last May and went over on the hospital ship St. George. He is now on his way home and is expected tonight.

Besides his father and mother, Sergt. Innis leaves five sisters and three brothers. Two of the sisters, are in England, and the other three with the three brothers are living in St. John. The family will have the deep sympathy of loyal citizens.

FOUR BROTHERS CAPTAINS.
A cable from England on Sunday conveyed to Captain James Meikle, of New Glasgow, news that his brother, Capt. Thomas Meikle, had died in Cardiff, Wales. Until a few months ago the deceased was the first officer on the New Glasgow owned steamer "Pontiac." He was a native of Pictou town and the youngest of four brothers who all followed the sea—Capt. Richard Meikle, New Glasgow; Capt. John H. Meikle of Brooklyn, N. Y., and Capt. James Meikle, now of New Glasgow. Mrs. Cyrus W. Archibald of Truro, is a sister.
