HOW ARE YOUR NERVES?
A Great Nerve Tonic
The daily grind of life burns up man's vitality faster than he renews it. He gets shaky, starts at trifles, tosses in his sleep, is ready to fly off the handle any minute.
The nervous man is nervous because his blood is so thin his nerves are starved to death.
He needs Ferronase.
Its first action is upon digestion. It stimulates secretion of gastric juices, ensures perfect digestion, prepares the food so that it can be at once assimilated.
Hence the blood is nourished, is fortified, made redder, richer, stronger.
To the whole organism is imparted a vim, endurance and reserve of vigor that the nervous man never knew before.
The restorative power of Ferronase is marvelous. In a month it will make you feel like new, just as it did Mr. Karl E. Newsome, of Rothesay, who writes: "I owe a debt of gratitude to Ferronase which saved my life after a severe seige of nervous prostration. About a year ago my health gave out. I was in such a weak, irritable condition I could not work, and found that three doctors did nothing for me. My druggist recommended Ferronase as the best preparation for nervous troubles so I commenced with one tablet at noon. Every box of Ferronase that I took did me more good than the previous one, and it wasn't very long before I was strong enough to move around again. In three months I was completely cured. Ferronase braced up my nerves, gave me a strong, healthy constitution, and certainly a marvelous restorer and tonic."
Try Ferronase—sold everywhere by druggists in 50c boxes.

A New Wine
Canadian Grocer—Plans are reported under way for the manufacture for use in Canada and the United States of a line of fermented but dealcoholized wines the invention of which has been stimulated by the large area that is coming under prohibition laws. This wine, it is stated, will find a ready market amongst the liquor consuming public, but it is non-intoxicating and free from all injurious constituents. It will be distributed through the drug and grocery trade in both countries.
Does She Give Rain Checks?
"That young fellow was here this afternoon."
"Was, pap?"
"And again tonight. What does this mean?"
"Looks like a double-header, dad," said the nonchalant girl.

Every 10c Packet of
WILSON'S FLY PADS
WILL KILL MORE FLIES THAN \$8 WORTH OF ANY STICKY FLY CATCHER
Clean to handle. Sold by all Druggists, Grocers and General Stores.

LOCAL NEWS
Charlie Chaplin, Gem tonight, in "Police." It's a hummer.
Of course you can pass over on our special bus, but you'll lose money if you do.—Wissel's Cash Stores, 248 Union street.
Men of Sedentary Habits find Rexall Orderlies the ideal laxative—their action being genuine and natural. Sold only by Rexall Drug Stores, 15c and 25c boxes. The Ross Drug Company, Limited.
A BOX BETWEEN TWO
Two persons may join in renting a life deposit box, each receiving a key. The safety of valuable documents is thus insured. Boxes are rented for \$5.00 per year and upward, according to size, by the Bank of Nova Scotia at Prince William street, Charlotte street, or North End branch.
We are making lots of disturbance in the shoe trade. Can't help it. We must close out all summer shoes.—Wissel's Cash Stores, Union street.

PRESENTATION TO SOLDIER.
Sergeant E. G. McEachern of the 29th Nova Scotia Highlanders, was made the recipient of a wrist watch last evening by the members of Havelock, No. 27, L. O. G., of which Sergeant McEachern is a member. The watch was suitably inscribed and was presented by Kenneth J. MacLure in a suitable address, which was ably responded to by Sergeant McEachern.
Such Ignorance! Voila, of Course!
She was attended by her sister, Miss Laura Western, as maid of honor, who wore pink bolts with pink lace over-drape—Kenyon (Minn.) Leader. Now tell us what it really was!—New York Evening Telegram.

Summer-Spoiled Skin
Removed by Absorption
As undue summer exposure usually leaves an unattractive surface of tan, freckles or roughness, often freckles, too, the sensible thing to do is remove the surface. There's nothing better for this than ordinary mercuriol which actually absorbs, gently, gradually, so there's no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercuriol wax at the drugstore, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.
Don't let those summer wrinkles worry you; worry breeds more wrinkles. Banish them by bathing the face in a solution of powdered mercuriol. It will remove the spots, which have a white film on them. It will be found wonderfully effective.

Don't Forget Our Great

Tired, Aching Feet and Limbs
are promptly relieved by applying Absorbine, Jr., the antiseptic liniment. It is soothing, healing, and invigorating—puts vim and energy into jaded muscles. One of the many enthusiastic users writes: "I received the trial bottle of Absorbine, Jr., all right and at that time was unable to walk without a cane, just around the house. I used it freely and inside of two days could walk without limping, something I had not done in two months. I went to the drug store and procured a 1.00 bottle and today can walk as good as ever. I'll never be without it. I am recommending it to everyone I can, for I am a living witness.
Absorbine, Jr., should always be kept at hand for emergencies. I used it sent postpaid. Liberal trial bottle for 10c. in stamps.

WILL YOU TAKE TWO AT OUR RISK?
So many customers who suffer from run down nervous condition with its consequent ills of insomnia, indigestion and general debility are being greatly helped by Zocite—the nerve tonic, that we wish to have every ailing person in this town try this really famous remedy. It is all that a tonic should be and more than any other tonic is. It combines the most precious of health-building substances, Glycerine-Phosphates are the actual element of the human body in most assimilative form. You know the value of God Liver Oil and the invigorating effects of tonic wine. In Zocite these are combined into an exceedingly pleasant tonic which in two weeks will work quiet wonders in your health. If at the end of two weeks' honest trial you cannot report real progress toward health we will refund the purchase price. Doesn't this convince you that you should start trying it today? E. Clinton Brown, sole distributing agent.

KING CONSTANTINE FIRES GREAT GENERAL

Athens, Aug. 7, via London—General Panoyotis Danglis, former minister of war, chief of the general staff during the first year of the Balkan wars, has been named one of the inventors of the famous French 8-inch gun, has been removed from his post as royal aide de camp by King Constantine. General Danglis was minister of war in the Venizelos cabinet of 1915, which resigned on Oct. 5 of that year. An Athens dispatch on July 24 told of his election as president of a league formed by adherents of former Premier Venizelos to counteract the effect of the formation of anti-Venizelos leagues among the demobilized Greek reservists. Extension of Parliament London, Aug. 8—The expected bill prolonging the life of the present parliament, on account of the war, will be introduced in the house of commons by Premier Asquith on Monday.

DR. REID'S SIX CHILDREN WHO WERE SAVED

These little folks' father perished in the big bush fire in New Ontario, and they are now staying at their uncle's home in Toronto. The children are (left to right): May, aged seven; Beulah, eight; Jimmie, two; Iris, twelve; Cyril, five; and Norman, ten.

Fate May Decide Who Gets Woman

Application in Divorce Action is Help up by English Justice; Both Men Are at Front

London, Aug. 8.—Fate is to decide a divorce action in which two Canadians are concerned. One is the petitioner, the other the co-respondent. Both men are in France, the result of one of them being killed. Justice Hargrave Deane observed, in giving his decision, there will be an end of the matter. He regretted it had been brought before the court, and was not inclined to do anything in cases where soldiers at the front were concerned. He therefore refused to grant the application for leave to serve papers on the co-respondent.

Lost Child Now Safe at Home

Wanders Twenty Seven Hours in Ashland Woods; Baby Ryder Happy After Thrilling Experience

Ashland, Aug. 8.—Baby "Steve" Ryder, who was found in the woods after a twenty-seven hour absence yesterday, will have an interesting story to tell about himself when he gets back to age when he will be allowed to go out and mingle with the other fellows and talk over past performances. Baby "Steve" is the son of Mr. and Mrs. Thomas Ryder of Dorchester and a grandson of Dist. Chief Stephen J. Ryder of the Boston Fire Department. The Ryders have a summer place at Lincolnville about a mile from here.

Nine Recruits Were Signed On

Six Already For Colored Battalion; Lieut. Anderson of 69th Killed; News of the Soldiers

A total of nine recruits enlisted in St. John yesterday. It is said that the St. John Brass Band may enter the service of the colored battalion as a unit should they go through it. It would bring considerable credit upon the colored people of this city. Four enlisted yesterday, but their names are being withheld until after the meeting to be held in the Temperance Hall in St. James street tonight.

Six Brothers Fallen

Rev. F. P. Dennison's six brothers have all fallen in the great cause. Yesterday Mr. Dennison received word that the sixth brother, the youngest of the family, had paid the supreme sacrifice. Word was received yesterday by Frank Marshall, of West St. John, that his son, Private Thomas Marshall, infantryman, had been wounded in the back, but that the injury was not serious.

Officers to Go

There are reported to be 600 odd officers of all ranks, mostly above lieutenants, who have been in England for months for lack of command and for various other reasons. If these men are satisfied to take lower ranks it is stated that most of them can be assimilated. It is not willing to go to the front as subalterns, it is believed that the government will ask them to enlist as privates or drop from the pay list. There are more than 8,000 supernumerary and unattached officers in Canada, and it is understood, the same alternative will be given to them.

Lieut. Anderson Killed

Many St. John people who met Lieut. Anderson of the 69th battalion while that regiment was in St. John have been grieved to hear of his death in France. The information received here is that he had been in the trenches only about an hour when he was killed. He was with a draft sent to France to reinforce another regiment.

A Patriotic Family

Private Thomas Marshall, who has been wounded in the back, is one of three sons of Mr. and Mrs. John Marshall, St. John street, west end, in Akiak. He will not be sixteen years of age until next month. He enlisted here with the 69th battalion, and later transferred to 19th battalion. He is at present in a hospital in France. His brother, Private John, was severely wounded last fall and has been in the hospital since, but is expected home any time. Another brother, Michael, is in the Vancouver Highlanders, and a brother-in-law, Arthur Colwell, is in the No. 5 Co., C.A.S.C., now in France.

Unsightly Rash on Baby's Face

Healed by Cuticura Trial Free

"When my baby was only three days old, unsightly rash appeared on his face and back of his head. It would discharge a watery fluid which irritated him, and he couldn't keep from scratching. His face became disfigured and he couldn't sleep. It was pronounced eczema. It took one cake of Cuticura Soap and two boxes of Ointment to heal him." (Signed) Mrs. F. J. Crawford, 92 Finkle St., Woodstock, Ontario, October 11, 1915. Sample Each Free by Mail With 32-p. Skin Book. Address postcard: "Cuticura, Dept. J., Boston, U.S.A." Sold throughout the world.

Germans Even Put Navymen in Gray

Scouring Country for Any Male Who Can Prevent the Allies Entering Germany

London, Monday, Aug. 7.—An Amsterdam correspondent telegraphs the following: "It is clear from information reaching Holland that the last two months have been spent by the German military staff in Berlin in reading some military arrangements in order to release every single available fighting man. Every garrison has been practically cleared of every trained man, leaving a minimum of inefficient with experienced officers for any normal and possibly abnormal duties that may arise in the towns throughout Germany. "This latest and possibly the last mustering of men has secured a very considerable addition to the fighting forces. The men thus collected have been sent to certain centres within easy reach of the east or west fronts. Thus I learn that Cologne recently had to provide for 180,000 men. Germany's manpower may, therefore, be regarded as now at the absolute maximum on all fronts, the authorities having been forced by the urgent necessity of the military situation to adopt extreme and heroic measures in a final desperate effort, to hold up the Allies' advance toward German soil. The minimum number of German munition workers compatible with safety has been retained in the workshops, recourse being had to foreign labor on even a greater scale than hitherto.

WASHINGTON ALARMED BY SPIES AT PANAMA

Washington, Aug. 8.—Activities of persons suspected of being spies employed by foreign governments to acquire information regarding the nature and extent of the defenses of the Panama Canal have made the administration decide to request Congress to supplement the existing laws against the improper acquisition of knowledge of military and naval plans and fortifications. Several of the military powers of the world are believed to have undertaken to obtain information as to the character of the defenses of the canal. The latest incident to excite suspicion is the operations of a little Japanese power vessel, ostensibly a fishing launch, which sought to obtain a permit for pearl fishing in the water of Panama Bay and vicinity. The canal authorities have been warned that this craft appeared to have been making surveys, and that these were not confined to the water, but extended to the isthmus proper.

Twinges of Lumbago

Poisons left in the blood by deranged kidneys cause rheumatism, lumbago, headache and bodily pain. Lasting cure is only obtainable when the activity of the kidneys is restored. This is best accomplished by Dr. Chase's Kidney-Liver Pills, because of their combined action on liver, kidneys and bowels. The system is cleansed, the blood purified and the poisons and acids disappear. One pill a dose, 30 cts. a box, all dealers, or Edmaness, Bates & Co., Ltd., Toronto.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong. Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. CLOY, 1555 North Gulick Ave., Decatur, Ill.

High School Medals

Announcement was made yesterday by Superintendent of Schools H. S. Bridges that the Parker silver medal for excellence in mathematics in grade XI, in matriculation examinations, has been awarded to Samuel T. McCavour, of the St. John High school, son of Mr. and Mrs. Samuel F. McCavour, Princess street.

Horace Wetmore received the second highest honors, only a few points separating him from the medal winner, Miss Mary Chelston, winner of the Corporation gold medal for general excellence in all courses in grade XL, was the generally the winner of the Corporation

LOST—LADIES GRAY SUEDER handbag, containing small black purse in vicinity of King square. Kindly return to 38 Coburg street. 46161-8-10

You Salesmen!

Salesmen of Canada! Have you considered what an asset is real foot comfort. A salesman whose thoughts are handicapped by the fatigue resulting from much walking on hard heels isn't giving himself a chance to be efficient.

By using Cat's Paw Cushions, your fatigue is cut to a minimum. By thus lessening fatigue you increase your ability to make better sales.

CAT'S PAW CUSHION RUBBER HEELS

Made of a high-quality, long-wearing rubber, Cat's Paw Heels have a Canvas Friction Plug which makes them slip-proof on wet, icy, or polished surfaces; and the canvas is sufficiently hard to make a slight noise and prevent that "stealthy" feeling ordinary rubber heels give.

You need the Cat's Paw Heel to give you a light, lively step—and above all—to assure you of real foot comfort, enabling you to concentrate your thoughts upon your customers and your line. Cat's Paw Heels in all colors and sizes. Carried by all first class dealers and repair men. 50c attached.

Look for the black cat on the orange colored box. The Walpole Rubber Co. of Canada, Limited, Montreal

Morning Cables Tell Of New Advances by Allies

Vienna, via London, Aug. 8.—The loss of the Gorizia bridgehead to the Italian forces is admitted in the Austrian official statement issued today. A withdrawal to the eastern Isarno, the statement says, was necessary to avoid severe losses to the defenders of the bridgehead because of the desperate attacks made by the Italians.

London, Aug. 8.—Prisoners are still surrendering by the thousands as a result of the Italian operations, says a Central News despatch from Rome. Over 10,000 prisoners have been captured in two days the despatch adds.

New York, Aug. 8.—A despatch from Saloniki to a news agency here today, says: "French and Serbian forces on the Greek front are in contact with Bulgarians and there has been severe fighting."

"On July 30 in conjunction with the French, an attack was made by British naval aeroplanes on benzine stores and the barracks at Muelheim. The machines met with a very heavy anti-aircraft fire, but succeeded in gaining their objective and carried out a successful bombardment. Our machines returned safely."

London, Aug. 8.—A proclamation foreshadowing the surrender of Lemberg, capital of Galicia, was issued by the governor of the city on August 4, says an Exchange Telegraph Company despatch from Bucharest. On the same date, the despatch adds, the evacuation of the city by the civilian population was ordered. The proclamation declared the Austrians would return shortly to wrest Lemberg from the Russians.

London, Aug. 8.—The British pushed forward their lines at places east of Trones Wood, on the Somme front, last night, the war office announced today.

Paris, Aug. 8.—Notable gains have been made by the French in the Somme region, according to the official statement issued by the war office tonight. In two days they have carried German trenches along a front of more than three and a half miles to a depth of from 300 to 500 metres.

Henderson Resigns Portfolio Arthur Henderson, president of the board of education, has resigned his portfolio in the British cabinet. This resignation does not apply to his membership in the cabinet. He will be retained as labor advisor. The Marquis of Crewe, Lord president of the council, will take over the extra duties as president of the board of education.

Harbor Survey Before Council

Commissioner Russel Gives Notice of Motion For Survey on Which to Base Unified Plan

A resolution asking for \$2,500 for a complete survey of St. John harbor, including Courtenay Bay, with the idea in mind of unifying the harbor and railroad facilities to complete a scheme of unified development, was presented for a week's consideration by Commissioner Russell at the close of the common council meeting yesterday afternoon. The commissioner distributed copies of the resolution to the other commissioners and the mayor, and asked them to think the matter over during the coming week. The resolution read as follows:

The application of William E. Scully for the lease of lots Nos. 976 and 977, fronting on Charlotte street, Brooks ward, together with an option to purchase for a term of seven years at \$54 per year, was considered upon the recommendation of Commissioner Russell, but it was not acted upon until further value in the vicinity could be determined.

Mr. Wardrop read recent communications from L. B. Wilson, manager of the Atlantic Sugar Refineries, relative to the extra item on their tax bill. Commissioner McLellan said that there seemed to be little need of questioning the addition of \$84 above the regular tax of \$2,000 when it was plainly stated on the tax bill in large letters that the money was for patriotic purposes, and asked why, if the company insisted upon being so exacting, it did not inquire why their bill was \$1,000 less in 1915.

L. B. Wilson, manager of the Atlantic Sugar Refineries, in his letter to the council strongly denied the fact that the sugar refinery had refused to pay the patriotic tax. Com. McLellan reiterated his statement that the steamer Empress had no wireless, although she has a capacity of 800 passengers. The offer of the use of the Tucker barn was referred to the park commissioner.

The renewal lease for Frank Garson of lot No. 820, Guys Ward, for seven years at the rental price of \$14.50 per annum was authorized. It was decided by the council that, as agreed, they would send to the department of marine and fisheries half the cost of the repairs made to South Rodney wharf and Union Wharf.

Dangers of Fire At The Hospital

Dr. Walker Wonders What Would Happen to Patients—Evidence Completed in Ryan Inquest

The taking of evidence at the inquest into the death of James A. Ryan was concluded before Dr. W. P. Roberts, coroner, last night. A verdict was not reached, however, as it was nearly midnight when the court adjourned. The typewritten copy of the evidence will be ready for the jury in a few days and adjournment was made until Wednesday, the 18th inst.

Dr. Thomas Walker, president of the hospital board, was on the stand and gave some pertinent evidence with respect to the present hospital. Aside from the fact that the building is obsolete and unfit to meet present day conditions, Dr. Walker laid emphasis on the fact that there is considerable danger owing to the present location of the furnace in the basement. Every time the fire bell rings, Dr. Walker said, he waited to count the strokes and if it were not for the fact that the hospital is situated on a hillside, he would not like to send any of his family to the epidemic hospital. Miles E. Agar, one of the commis-

sioners, also dealt with the danger from fire owing to the present arrangements, and said that in his opinion St. John hospital men are the equal of any on the continent. Were the local practitioners given the proper facilities he was of the opinion that many who now go to other places for treatment, would come to St. John, which, even from a mercenary standpoint, would be a good thing and be a matter of prestige to the city.

Dr. H. L. Walker, the house surgeon, gave the result of the post-mortem examination made on the deceased. Dr. Walker said that Mr. Ryan was suffering from an incurable disease and it was his opinion that, knowing this, the intention was to escape from the hospital and get far away. He scouted the idea of suicide as unlikely for, had the deceased entertained such an idea, he had opportunities on every hand to carry them out. Dr. Walker was also emphatic with respect to the need for better hospital accommodation for the city. He cited one case where a patient had contracted measles, after an operation, and had been removed to the epidemic hospital, where he caught diphtheria and died.

The value of the present site for an hospital also came in for consideration, the opinion of Dr. Thomas Walker and Mr. Agar being that it is the best in the city and they gave their reasons.

The first witness of the evening was Miss Gilfoil, a student nurse at the hospital, who was recalled to repeat certain portions of the evidence she had already given.

Rev. Harold Coughlan, of the Cathedral, was next called, and told of administering the last rites to Mr. Ryan. He had spoken to Mr. Ryan who was only able to answer him with his eyes.

Mrs. Joseph Quinlan, sister of Mr. Ryan, was next called. In answer to a question, she said that she had never expressed the thought that her brother

ment showing the number of patients admitted annually into the hospital since the year 1905. In that year the number was 1,085. For the past year it was 2,082.

Partnership Dissolved J. S. Harding and Albert E. Church, agents for the Prudential Trust Co. and Chalmers and Dodge motor companies have dissolved partnership.

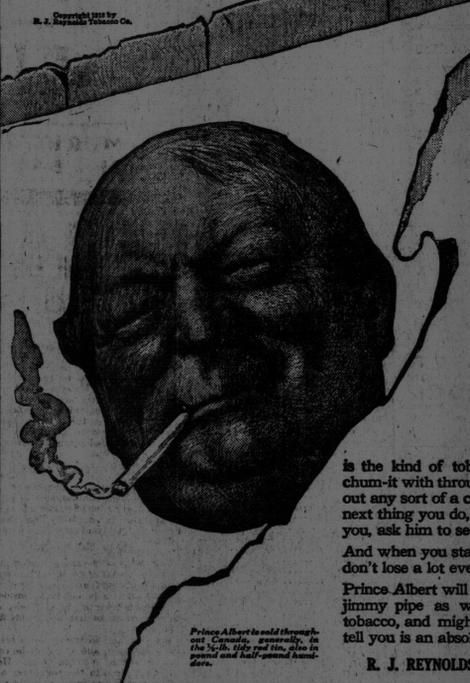

Submarine Bremen Reported Sunk by Accident

New York, Aug. 8.—A news agency despatch from Bern, Switzerland, published here today, says: "The Berliu Tagblatt announces that the German submarine Bremen, which was to have arrived at an American port, has been sunk through an accident to her machinery, according to a despatch received here this afternoon."

should be taken to the asylum instead of to the General Public Hospital. Dr. Donnelly, the next witness, gave evidence as to Mr. Ryan's actions in the hospital, adding that he did not consider that special watching was necessary.

The hearing was then adjourned until Wednesday the 18th inst., when a verdict will be brought in. Mr. Kelley put into evidence a state-

You get the joy of Prince Albert tobacco rolled into a cigarette!

QUICK as you hook Prince Albert up to the "papers" and a match, the joy's flavor and fragrance and coolness come across! And you realize you never before rolled such pleasure into a cigarette! And, besides, the patented process by which Prince Albert is made cuts out bite and parch! Prince Albert has always been sold without premiums or coupons. We prefer to give quality!

PRINCE ALBERT the international joy smoke

is the kind of tobacco you've yearned for; the kind you can chum-it with through thick and thin—and smoke a lot of without any sort of a comeback! It's so good and friendly! The next thing you do, get some P. A. If your dealer cannot supply you, ask him to secure it through his wholesaler.

And when you start to roll Prince Albert it stays put and you don't lose a lot every crack out of the box! Prince Albert will meet your smokeappetite fair and square in a jimmy pipe as well as in a cigarette! It's a revelation in tobacco, and mighty well worth your time proving what we tell you is an absolute fact!

LEARNING TO SWIM (From the Pittsburg Christian Advocate) A professional swimmer, who learned to swim in the Danish Royal Navy, says that any person can learn to swim in fifteen minutes. "Have you ever seen a fish making a knot of itself? The water will not support you if you do the yourself into a knot. "Lie down here on your back on the sand, straighten your body like any human body almost any length of time. Why? Because every square inch of your body surface is spread upon the water, so to speak, giving it a chance to support you properly. "Your head weighs about twenty-five pounds. Now the minute you raise your head—and every beginner does that instinctively to see where he is—you go down. You are simply trying to break a natural law which refuses to be broken. As soon as you raise that twenty-five pound lump of bone and brain from contact with the water, how can you expect the water to carry it? But if the head is allowed to lie easily in the water, leaving only the face exposed, and then the hands and feet be kept under the

THE BIG LEAGUES Only One Game Played in National League Red Sox Gain on Leaders Washington Nearing Cellar; Philadelphia Americans Tie League Record For Consecutive Losses; St. Louis Continues to Win

Rain prevented six of the teams in the National League from playing yesterday. Philadelphia took advantage of the idleness of the Braves to creep up several points on them. In the American League the Red Sox crept up their series with the White Sox by hitting Rowland's pitchers hard. The Browns are playing like champions. It would be a great surprise if they forgot ahead and clinched the pennant. They are now only one game behind Detroit. Washington is nearing the cellar, but the team has no chance of occupying it, as Connie Mack will remain there until the end of the season. The Philadelphia Americans have tied the American League record for consecutive defeats.

Odd Fellows Elect Officers Frederickton, Aug. 8.—The members of the Grand Lodge, Independent Order of Oddfellows, met in Frederickton yesterday. The day was devoted to the opening of the Grand Encampment and the following officers were elected: Grand patriarch, J. G. Thompson; Moncton; grand high priest, L. H. Beanson, Sydney, N. S.; grand senior warden, C. Horton McKay, Pictou, N. S.; grand scribe, Melville McKean, North Sydney, C. B.; grand treasurer, C. A. Sampson, Frederickton, N. B.; grand representative, W. H. Buchanan, North Sydney, (for two years); grand junior warden, D. R. Wilson, St. Stephen. At the session of the lodge, an assembly of the officers elected were—President, Mrs. Ida Pollard, Yarmouth, N. S.; vice-president, Mrs. Mary B. Bayne, Moncton, N. B.; warden, Mrs. Victoria Goodwin, Pugwash, N. S.; secretary, Mrs. Mary McKean, North Sydney, C. B.; treasurer, Mrs. Janet McGowan, Moncton. The officers are to be installed tomorrow morning's session by retiring President Mrs. Mary H. Baker of Woodstock.

SPORT NEWS OF THE DAY HOME AND ABROAD BASEBALL Killed By Pitched Ball. New York, Aug. 8.—An injury sustained in a baseball game resulted in the death of Martin Meyer, twenty-four years old, a pitcher on a line representing a Long Island railroad electric shop. Meyer was hit on the head by a pitched ball while at bat in a game on Saturday. He resumed playing, but later became unconscious. Daubert Out of Game. Brooklyn, Aug. 8.—Jake Daubert, first baseman of the Robins, had to retire in the first game on Saturday because of severe pains in one of his legs. He will be out of the game for a few days. Evers Has Neuritis. Boston, Aug. 8.—Johnny Evers has, it is feared, a case of neuritis. A physician who was called found rather pronounced symptoms. He is suffering considerable pain in his neck on the left side, which extends down his left arm to his fingertips. Johnny has trouble with his neck for three years, and whenever he catches cold it seems to trouble there. He has had little sleep in the past three nights, and a short rest did him a lot of good. Perhaps a lay-off for a week or so would have a similar effect now. Aquatic Ventures Aground. Newport, R. I., Aug. 8.—The fifty foot sloop yacht Ventura, owned by Commodore George F. Baker, Jr., of the New York Yacht Club, was still aground Tuesday on Penikese Island where she struck during a fog while Monday's race of the New York Yacht fleet was in progress. The yacht went aground at high water, making her removal a somewhat difficult task. The crew went aboard the steam yacht Itha. Former Champion Killed. Milwaukee, Wis., Aug. 8.—Tom McCormick, former welterweight champion of Great Britain, was killed in action at the French front last month, according to information received here today from London. McDonald Wins at Halifax. Halifax, Aug. 8.—Boddie McDonald was given the decision over "Wild" Bill Fleming of Bangor in the tenth round at the Arena tonight. Fleming injured his hand and gave up the contest. McDonald had the best of the bout throughout.

CHARLIE CHAPLIN at the GEM MARY PAGE DRAMA CHAPLIN THREE-FEATURE BILL YOUR SURE TO ENJOY! "POLICE! POLICE!" MARY PAGE Getting near the end of the Gem's remarkable serial. Can you solve the riddle yet? This is chapter 10 "The Crew." STILL ANOTHER An interesting drama, "A Modern Knight," Art Accord and Nita Davis. A story of the cowboy and the movie—two parts—will round out a great programme.

FIRST SECRET SESSION HELD French Deputies Debate War in Private Resolution in Public Discussion Gave Opportunity For Criticism of War Leaders; Fear of Joffre as Possible Dictator? (Toronto Mail and Empire.) Recently the first secret session of the Chamber of Deputies was held. The French constitution provided for such a gathering, but oddly enough insisted that however secret the debates might be there should be no private votes. The electors of France must know how every deputy voted on every motion. So the deputies met and debated in secret for a week, and then finally the curtain was raised and they voted upon a carefully prepared motion. It might be thought that the bill or resolution that they finally and publicly disposed of would frustrate their secrecy; that they were permitted to come in silence to the very denouement of their deliberations and to hurt forth to the world their secret. This supposition does little justice to the French. The meeting of the deputies in secret was an event in the first magnitude, yet the motion put to a ballot would seem to be of no more importance than a last year's weather forecast. The Great Republic. It is to be remembered always that France is a republic, that France dreads the possibility of any "man on horseback" and dictator, who might arise in times of national distress and then force their will upon the people. It is not surprising that there were in France many who feared that Joffre might become another Napoleon in peace or war. Joffre had earned his title in war. Therefore there has been considerable criticism of Joffre for many months past, not so much for what he has done or has failed to do as for what he might be able to do. And France loves liberty, and fears a French autocrat more than a German autocrat. There have been many criticisms of Joffre prompted by this secret fear that the generalissimo was getting to be too big a man; and other criticisms prompted by the suspicion that he was not a great enough man, that he was not a great mistake that these sentiments of distrust should be given voice publicly; obviously the French Chamber could not deny itself the right and perhaps the duty of making these expressions private. So the secret session was arranged. A Socialist Triumph. The idea was a Socialist one. While the French Socialists appear to have been loyal and enthusiastic as any other body of Frenchmen since the beginning of the war, they were especially reluctant to relinquish any of their rights of free speech, and when they felt that he was not a great enough man, that he was not a great mistake that these sentiments of distrust should be given voice publicly; obviously the French Chamber could not deny itself the right and perhaps the duty of making these expressions private. So the secret session was arranged.

authority in France. Inferentially, the High Military Command, i. e., General Joffre and his staff, are their servants. Second—The Chamber of Deputies will take a greater initiative in pushing the war. It will not interfere in the technical business of the Higher Command, but it will see to it that there is no laxity in getting things ready. In other words, it will see to it that the soldiers have plenty to eat; that they get all the ammunition they need; reinforcements at critical points, and plenty of food and shelter on equal terms. Third—There will be more secret sessions, or in other words, the Chamber will continue to keep an eye on what the chief generals do. Furthermore, it will send a delegation to the front and to the ammunition factories to see to it with their own eyes that trenches are dug, guns put up, and shells made. Fourth—While giving the present cabinet a renewed lease of life, it does so on the strict understanding that the government takes notice of the lessons of the past and goes resolutely to work pushing the war and "backing up" the Higher Command. This is especially significant in view of the oft-repeated assertions of Senator Clemenceau that the government has "abdicated" before the Higher Command. Just One France. In other words, the war will be prosecuted by France more vigorously than ever—radi nobody ever accused France of being slack in this respect. The deputies forced the government to take them into its confidence, and explain things that looked dubious, especially some of the matters concerning Verdun. The government was able to satisfy the deputies; Joffre was able to satisfy the government. More than ever France is "one harmonious whole." From the beginning of the war there has been a hope in Germany that internal differences might lead to France quitting the fight, that a quarrel among factions might hasten what German military successes had begun. The secret session of the Chamber has shattered this hope. France is one—she is France. Events that have happened since this secret conference have added to the wisdom of the decision then privately arrived at. France will be at the mercy of no dictator, no foreign Condemner. Confidence in Joffre has never been higher.

Proposal to Employ Returned Soldiers in Manufacture of Gasoline, Canada's Rich Deposits Ottawa, Aug. 8.—If a proposal now being put before the government meets with success the worst nightmare will be removed from the life of the motorist; gasoline, it is promised, will be plentiful and cheap. What is being asked is that the government encourage the development of the oil-bearing shales, of which there are known to be large deposits in New Brunswick, in parts of Saskatchewan and Alberta, and to some extent also in British Columbia. These shales exist not only in commercial quantities, but the resources are so rich as to provide for all Canadian requirements, and then some. This at least is the case which is being put before the government by Louis Simpson of Ottawa, who has made an exhaustive study of the problem. Or rather it is one side of the case. The other side has to do with the employment of returned soldiers, the suggestion being made that instead of assisting men to go on the land, or as an additional measure, the government help in the establishment of a new great industry capable of providing employment for a very large percentage of the men who come back. Those members of the government who have considered the question have not expressed themselves definitely with regard to it. The oil imports from the United States are increasing by very large amounts annually as the Canadian consumption increases, and the price of gasoline has advanced steadily. There is said to be little chance of relief from United States sources, as the consumption there is rapidly catching up with the production. The proposal for re-employing Canadian oil-bearing shales will be taken up with the government again during the next few days. Opposition Convention Opponents of the provincial government in York are to meet in convention at the Fredericton Opera House on Saturday, August 19, at 1:30 p.m., to select candidates for the legislative assembly. The indications are that the gathering will be a large and representative one.

A Quarter Buys Quarter Section Registration Fee Only Cost to Lucky Laborer Who Took First Prize in Last of Great Western Land Drawings Spokane, Wash., Aug. 8.—It cost George Lennon of Spokane less than five cents to be awarded the best quarter section of land on the diminished Colville Indian reservation, in the drawing recently held here by the government. The name of Lennon, a young laborer, was drawn first from a list of 90,000 names. He gets his choice of 160 acres of land from a total approximately 800,000 acres thrown open to settlement. The lucky young man was employed on a construction crew at Sandpoint, Idaho, when notified of his good fortune. Immediately he boarded a train for Spokane. En route he was a celebrity, the man of the hour, for the last great land drawing has been a live topic in the northwest for many months. People came from all corners of the United States to try their luck. "I registered some time ago and then forgot about it, so I was very much surprised when told that my name was the first one drawn," said Lennon. "I shall look over the reservation thoroughly and locate on the best quarter section available." Five thousand five hundred names were drawn, and among these are to be distributed about 1,500 pieces of land. The drawing of the first numbers was a

HAPPY CHILDREN OFF TO BISHOP'S PICNIC

At about eight o'clock this morning the children at the Cathedral were sent off for the annual Bishop's picnic to be held Long before the hour set for the usual march of the Sunday school children, the kiddies thronged the vicinity of Sydney street. At a few minutes to ten the word was passed around that the march was about to commence and the boys and girls took their various places.

Headed by the City Cornet Band, the parade began. Then came the little girls, dressed in white, all full of excitement and pleased with the thought that the day, to which they had been looking forward with such expectation, had at last come. About three hundred girls were in line in charge of Rev. M. P. Howland and Rev. H. L. Coughlan. Then came the boys, over three hundred in all, and they, too, were full of joy and expectancy of what the day held in store for them. Rev. Wm. Duke and Rev. H. Belliveau headed the boys. His Lordship, Bishop LeBlanc, accompanied by Rev. J. J. Walsh, D. P., brought up the rear of the march, they occupying a barouche.

The line of march including along the south side of King Square, down King along Mill to the station, where the children entrained for the grounds at Torryburn. All along the line of march people thronged the streets to see the boys and girls and listen to their noisy but joyful chatter and, undoubtedly, many expressed the wish "if they were only young again just for a day."

Circuit Races Today

Pittsburg, Aug. 9.—A third effort was made today to open the Grand Circuit meeting, which for two days has been postponed owing to heavy rainstorms, which broke over Brunot's Island shortly before time for the first race to start. Rain, which continued to fall until late last night, made the track fairly heavy.

Mr. and Mrs. S. Leslie Chapman, Moncton, announce the engagement of their daughter, Viola Inogone, to Geo. Everett Maltby of Amherst, N.S. The wedding is to take place in August.

The Man In The Street

Big day today for the Cathedral children; the weather man should be kind to the kiddies, especially after one disappointment.

If Michael Murphy of the 290th falls in battle, he will have his work cut out explaining to St. Peter how he happens to arrive at the pearly gates clad in kilts.

The visitors to the city who find daylight time confusing, are respectfully urged, when they go home again, to join the agitation to make it universal next summer; that would solve the problem.

Have you made a date with Sister Susie for next Saturday?

Susie must be a popular dame, judging from the numbers who are planning to take a trip by C. & N. R. to meet her on the next half-day.

And not even the most jealous wife or sweetheart is raising her voice in protest.

The thoughtfulness of a local drugist in going to lunch last Sunday and leaving his door unlocked was much appreciated by the patron who wished to use the telephone, consult the directory, wait for a street car—which, of course, are the chief uses of a drug store. However, he pleads that it was not thoughtfulness, but thoughtlessness, in forgetting to lock the door.

The school boy already is beginning to cast an anxious eye at the calendar; but vacations can't last forever.

North end folk may like summer weather, but they don't mind the winter snows are an improvement over the Main street pavement.

Of course it is not the same man who kicks about the tax rate who also wants to know why we cannot have more permanent pavements.

Summer Sleighing

Recently St. John experienced the warmest day of the summer but, despite this fact, persons who happened to be in Waterloo street yesterday, witnessed an unusual sight when a large sleigh, which was being dragged towards Union street by two big horses. The misfit mode-of-conveyance brought forth many a smile and passing comment from those who chanced to see it. However, it was only a removal from one stable to another, but the supernatural claim it is a sign of an early winter.

Speaking of Elevators

It isn't every company that would so thoughtfully raise a million dollar gift.

But a million dollar elevator that would do more than a million dollars' worth of damage by the use of the wrong site is worth more than a glance before it is accepted.

A paragraph in another evening paper indicated that it is preparing to change its attitude regarding the site. It got some practice in "hopping" when the Valley Railway route was at stake.

The morning government organ seems to think that the main purpose of the proposed route is to elevate Mr. Hasse's reputation for practical statesmanship.

Let's hope that, when it comes, it will be more successful in its real purpose.

Meanwhile, if the plans cannot be agreed upon, there will be no C. G. R. elevator for the year after next.

But still it may be ready in time for the Valley Railway that was to bring trains to St. John by next February.

Alcohol vs. Water

The fact that a water main laid in 1838 is still doing good service may lead our temperance friends to remark on the value of water as an aid to longevity.

Just fancy the fate of that conduit if it had been beer instead of water!

A contemporary remarks that a farmer could produce enough alcohol on an acre of land to run machinery to do all the farm work. On less ground than that he could raise enough to make him not give a hoot whether the farm work ever was done.

MAJOR MCKEAN TO RETURN IN COMMAND OF SUPPLY TRAIN

Popular St. John Officer, Invalided to England, Soon in France Again—Sergt. Duplisa Coming Home

The interesting news that Major McKean, who left here with the C.A.S.C., is about to return to France soon from England as O. C. of a supply column, is contained in a recent letter from England. The writer pays a high tribute to his popularity with the boys, and adds that they would give up their lives for him any time. The letter also conveys the advice that Sergeant Duplisa on his way to Canada.

Extracts from the letter which was received by Mrs. Alexander DeVenne from her son, Q.M.S. William DeVenne of No. 5 C.A.S.C., now at Shorncliffe, are as follows:

"Just a line to let you know we are both well and happy. I am writing this letter in the Y.M.C.A., where they are holding a meeting. Here we can secure stamps, thus saving us a trip to the post office. We had a delightful trip across the ocean, being just like a mill pond. Harry was sick for about four days. He has a fairly good job now, being batman for three of the officers, and is about half a mile from here. At the present time I am taking a musketry course, as one has to be able to use the rifle on getting to France. It is as essential as a raincoat on a wet day in Canada.

"Sergt. Geo. Duplisa is back from the front and he tells me 'water is fine. Duplisa is on his way back to Canada and expects to leave on Aug. 6. It is surprising the number of fellows you meet from N. B. and St. John.

"The houses here are all brick and stone. The English people are great gardeners, and they certainly look after them. 'I had a couple of long talks with Major McKean since coming over. He is going to return soon to France as O.C. of a supply column. He is very popular with the boys, and I think many of them would lay down their lives for him. Do not worry about us, as it will be all over sooner than we expect. But we all want to get to France before the end of the year, and then Mr. Kaiser will be a common citizen in the world.

OLD WATER MAIN TOO TOUGH FOR CUTTING

Took Whole Night to Do Work Which, on Modern Pipe, Would Take an Hour—Jardine Alley Connections Complete

The work of connecting a ten inch main from Jardine's Alley to the main in Prince William street was completed this morning. The work was commenced to make the connection early last evening, and despite their utmost endeavor it was not until this morning that the task was accomplished.

It took the men more than six hours to cut through the main in Prince William street, which is more than seventy-eight years old. Speaking of this, Commissioner Wigmore said that it usually takes from fifteen minutes to an hour to cut through a pipe made at the present time, but the old main was of such a fine quality that they were practically unable to cut through it and eventually had to resort to a cold chisel which, at best, could only hack the metal piece by piece. The pipe, which has been in use for over three-quarters of a century, was only corroded about one and a half inches.

Now that the connection is made water is flowing through the ten inch pipes instead of old corroded four inch pipes from Prince William street to Water street and along Market square. The pipes which were in use were sufficient, Commissioner Wigmore said, for domestic use, but were practically useless for fire protection. He has installed a ten inch pipe and attached two of the most modern types of fire hydrants, one at the foot of Jardine's alley and the other in Market Square.

Speaking of the supply in these new pipes the commissioner remarked that, for every inch increase in size of a pipe, the capacity is increased four fold.

He said he had grave doubts if he could have succeeded in making the connection of the two mains if it had not been for an electric torch which he used to heat up the metal. He attached it to the battery in his motor car and, with fifty odd feet of cord, he was able to carry an incandescent light to any part of the trench, which was of great assistance to the men engaged cutting through the pipe and making the connection.

LANCASTER ANXIOUS ABOUT WATER SUPPLY

Fear Shortage This Winter, Owing to Greater Winter Port Business, Unless Promised Improvements Are Effected

The matter of improvement in the water supply, so far as the high levels are concerned is again bothering the people of Lancaster, who expected the work of providing the temporary system, as far as Moore's Hill, would have been under way by this time.

With predictions of a greater winter port business than ever, property owners realize that a larger consumption of water will follow as a natural course, and those who were without the necessary liquid last winter are apprehensive for the coming season.

August is now well under way, but September is looked upon as a fine weather month and it is understood that the job for temporary relief at least will only take from five to six weeks time.

Commissioner Wigmore's statement last year that conditions would be remedied before another winter is being confidently repeated, and it would be a great relief to the Lancaster people to see the workmen actually on the job.

Hamilton Backslides

Hamilton, Ont., Aug. 9.—By a vote of nine to six, the council last night decided to drop daylight saving and return to standard time commencing 10 p. m. Sunday, Aug. 13.

Macaulay Bros. & Co., King Street, St. John, N. B.

LOCAL NEWS

NO CRIME WAVE HERE

Things were exceptionally quiet with the police last evening, there being only two arrests and these for minor offences. One was ordered by the court to be examined by a physician and will be dealt with accordingly. The other was fined \$8 for drunkenness.

GASOLINE LOWER

Owners of automobiles and motor cars will be pleased to learn that gasoline has taken a slight drop and is now selling at thirty-four cents instead of thirty-five and a half a gallon. The drop of one cent and a half is made on wooden barrels and one cent on chaldrons. While this reduction is slight, it is at least an indication that the supply is more than equaling the demand and further reductions may follow.

THE MATATUA POSITION

St. John's, Nfld., Telegram—The revenue cruiser Fions, Capt. English, which was on protection service at the scene of the wrecked steamer Matatua at Peter's River, St. Mary's Bay, returned to port this morning. The Matatua is still in the same position and the chances of refloating her are considered good. The work of salvaging her cargo of lumber commenced this morning.

Private Frank McManiman, writing to a friend in Fredericton, tells some interesting experiences with the British Salonica force. He is still in C Company, 3rd Battalion, Dorset Regiment, attached to the 7th Battalion, Royal Munster Fusiliers. He writes from somewhere in Greece under the date of July 12. Extracts from his letter are as follows:

"I am well and still on top. I have seen some pretty hard times since I last saw you, and may see lots more before this war is over, but the news is better every day for us, and I can't see how the Germans can keep up much longer unless they can spring some new surprise. But to tell the truth I expect to see another winter of it, anyway.

The weather is awfully warm out here and the flies and reptiles are awful. This country is full of fever and other sickness. I don't care much for it. A person can see some very ancient and interesting things though. Salonica is quite a place. It was once owned by the Turks. A person sees some bustle there, as it is a great seaport town and all steamers come there. It has a fine harbor. I saw the place where St. Paul preached to the Thessalonians. It is called Mount Cortus and is three thousand feet above sea level.

While digging trenches we have taken out old stone coffins buried thousands of years ago, and some of the bodies here in good shape still.

GROVER CAMPBELL STILL MISSING

The Calais police have taken up with Sheriff Bryson of Aroostook county the matter of the disappearance from Haynesville, in January last, of Grover Campbell, a native of Woodstock. Young Campbell, whose father now resides in Calais, has been missing since Jan. 28. His father fears that he has been the victim of foul play, as he always kept his relatives informed as to his whereabouts up to January of the present year. Relatives in Woodstock have heard nothing from him for some time prior to his disappearance. — Jan. 28.
