HARDING VICTORY RENEWS MATTER OF RECIPROACITY

Hon. T. A. Crerar Asks About Canada's Policy

In Speech in Prince Albert Talks of Tariff and Scores Premier Meighen for Statements About Farmers' Organization.

(Canadian Press.) Prince Albert, Nov. 5.—In his speech here last night, Hon. T. A. Crerar said the question of reciprocity had been revived by the election of a republican administration to replace the democrats.

The new administration might bring the matter forward again, and the speaker said he would like to know the policy of the government on the question of reciprocity, should the question again come into the realm of practical politics as it very well might. The best market for Canada's hard wheat had been the United States, and also the best market for her potatoes and other products.

Mr. Crerar declared that the Massey-Harris Company had told the tariff commission at Winnipeg it could thrive without tariff protection. Canadian farm machinery was competing strongly in the Argentine, the United States, and other countries with other machinery. Why could it not compete in Canada with other machinery?

"Trade is the life blood of the country," said Mr. Crerar, "and I cannot see the importation of goods at the same time sending trade commissioners all over the world to drum up trade for Canada. Imports pay for exports. Why check imports and hope to build up exports?"

Mr. Crerar took up criticism against the farmers' organization and said their platform was criticized as a class policy and all the old bogies were raised of class against class. This criticism came from those who were interested in keeping the common people down to the level they had been heretofore. He declared he was surprised to see even the prime minister make statements such as this.

"The prime minister" he said, "is fully or not misrepresented people who were as loyal as any citizen in this country. I repeat I regret that the prime minister should make such statements."

Hon. Mackenzie King, speaking in Winnipeg, said Mr. Crerar, made many statements "with which I do not agree, but I do agree when he said the effect (of political recognition), of the farmers, the labor men, the returned soldiers of this country were to be welcomed rather than discouraged."

James Fleming Found to Have Had Nothing to Do With Woodbridge Robbery.

Toronto, Nov. 5.—James Fleming, a bank accountant, who was arrested in this city on Wednesday morning on a charge of stealing \$18,000 from the Royal Bank at Woodbridge, Ont., was acquitted yesterday. When he appeared before the county magistrate, the bank unreservedly withdrew the charge against him and he stepped out of the police court absolutely cleared of any suggestion that he had had a part in the disappearance of the \$18,000 which was said to have been stolen.

Fleming, who had been accountant in the Royal Bank at Woodbridge for some time, had just been appointed manager of the branch at Bolton, Ont., and was starting on a vacation before taking over his new duties when the bank robbery occurred at Woodbridge.

TELLS OF KHAKI UNIVERSITY

Dr. Frank Adams Heard Before Canadian Club.

Dr. Frank Adams, dean of the faculty of applied science in McGill University, gave an excellent address to the Canadian Club at luncheon in his honor at Bond's last night. He told of his experience with the "Khaki University," which had given education to 50,000 Canadian soldiers on active service during the war end of that number 8,000 were taught to read and write. In opening his address he said that the present time was the most critical in the world's history and unless those who are in charge of the various democracies throughout the world were trained in the democracy failed. He said according to Lord Milner Canada was the most to be envied of all countries because of its present lack of social unrest. Dr. Adams in his address urged that more education be given the people of Canada and other countries, especially the foreign element in our domain. The situation in Russia was discussed and the menace of the rising tide of color and the desire for democracy aroused in the dark races was also discussed and Dr. Adams advocated the education of these masses of people. He described the system by which education was brought to so many soldiers overseas through the efforts of the university which he is associated with and also other organizations.

NOT GUILTY OF MANSLAUGHTER

Verdict in Renforth Case, Delivered Yesterday—Recommendations of Jury.

The jury returned a verdict of not guilty on both charges against Harold Beverly, Jack Wilkinson, Charles Ross, John Kennedy, John Dean and Allan Currie, in the circuit court at Hampton yesterday afternoon. The verdict is as follows: "We, the jury, through our foreman, agree that the prisoners are not guilty of the charges according to the evidence delivered, and we would recommend that the prisoners be acquitted of both charges. We also advise the prisoners to be more cautious in the future. We also recommend that the building on the side of the road be moved from the bounds, also the culvert lengthened in the interest of the traveling public. (Signed) A. W. Coeman, foreman." The building that was struck by the car that killed Virginia Garrett is partly on the public road and is occupied as a store by George N. Colby. The jury was out twenty minutes.

AMNESTY IN POLAND.

Paris, Nov. 3.—The Polish government granted amnesty to all political prisoners on last Monday, says an unofficial despatch from Warsaw.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 108 G. Maxwell avenue, Mansquan, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

The four mills of the American Woolen Company at Lawrenceville, Mass., closed last night for the rest of the week and next Monday will go on a four-day a week schedule. Lack of orders was given as the reason for the curtailment.

Sir Hamar Greenwood, chief secretary for Ireland, in the house of commons yesterday gave statistics showing that the military and police were not falling in their efforts to maintain the strictest discipline. Nine constables are under arrest, two of them charged with murder. Every charge against the troops has been inquired into and disciplinary measures taken. Deputy Lord Mayor O'Callaghan has been elected lord mayor of Cork succeeding the late Terence MacSwiney.

Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas.

"Tanlac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan of Peabody, Kansas, one of the most prominent stock-dealers in the Middle West. "It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac I was in an awfully run-down condition. I was all off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to agree with me. At times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. That is just the condition I was in when I started to take this medicine. It took just six bottles to make a man of me. I now have a fine appetite, everything tastes good and my digestion is perfect."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me." Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station and by the leading druggists in every town.—(Adv't.)

CITY AS COAL DEALER.

Vancouver's Mayor Says He Can Under-sell Dealers.

Vancouver, Nov. 4.—Having made tentative contract arrangements for a monthly supply of 10,000 tons of Blackstone Company's coal from Lovitville, Alberta, Mayor Gale yesterday urged the city council to start a coal business as a municipal utility.

Present dealers' prices range close to \$16, but the mayor's contract enabled him, he said, to supply coal at \$11.70 for first class screened lump, or \$10.45 for run of mine.

PUBLIC'S INTEREST IN COUNTRY'S CROP

(Vancouver Sun)
Down on the prairies the grain-grower has had a terrific struggle to harvest a bumper crop. All over Canada the people have been watching his efforts, but the frantic calls upon the cities for more help have not been answered.

The only visitors have been general managers of banks and scouts from the various commercial interests, who have gone out to look the farmer and his problem over and see how he was getting along. The press reports and interviews with these gentlemen have been eagerly looked for, and read with great interest by the whole country, not with the idea of helping out and sharing in the farmer's loss, should he be unsuccessful, but with the whole-souled motive of trying to figure out just how much of that crop money they can get their hands on.

The prairie situation is duplicated, on a smaller scale throughout the rural districts of Canada, and will continue to exist until the government and our people as a whole take a greater interest in what is really our most important industry—farm production.

The farmer is put on the receiving end of every loss due to tempests, climatic conditions, and acts of God; and on the paying end of every fiscal policy. This is not good enough.

So long as we have a government at Ottawa whose interest in the farmer and his problems is so limited that it confines agricultural appropriations to one per cent. of the country's revenue, and then, because the farmer raises a class of classes him as a scold, Canada cannot develop in the right direction.

SCOUT ORGANIZATION TO COMBAT ILLITERACY.

Madrid, Oct. 17.—(A. P. Correspondence)—Former Boy Scouts in Spain have decided to inaugurate a campaign throughout the country to combat illiteracy. The resolution founding a society just formed for that purpose says: "We consider the existence in Spain of 60 per cent. of the population who can neither read nor write constitutes a veritable scandal for the nation. After carefully analyzing the problem, we have reached the conclusion that a medium of good-will on the part of the governing classes would be sufficient to solve it."

The society resolved to form free classes in every big city where boys will be given instruction in the elements of reading, writing and arithmetic. Later similar classes are to be started for adults of both sexes. The teachers will be chosen from volunteers among educated people and the society hopes to enlist the services also of professional teachers from the national schools to give instruction in the evening.

Coal in Alberta.
The coal production of Alberta mines in August was 878,000 tons, which was 225,000 tons ahead of the monthly average for the season. An interesting point in connection with the output is the fact that 75,000 tons of Alberta coal have been exported to the United States since the season opened.

Mr. Cunningham, the rector, united in marriage William T. Maber, son of John Maber of St. John, to Miss Madeline Estelle, daughter of Mr. and Mrs. Edwin E. Wetmore, also of this city. They were unattended. Mr. and Mrs. Maber will reside in St. John.

TO RENT HOUSES

Twenty Are Now Complete and Two Have Been Sold—No More Construction for Present.

The twenty houses undertaken by the St. John County Housing Board have been completed, with the exception of a few finishing touches and it is planned by the board to rent those not sold for the winter. This is being done in order to protect them from damage by frost. Two of the houses have already been sold and others are now under negotiation. Ten of the new buildings are in McKel street, Fairville, and the other ten in Champlain street, in the Parish of Lancaster. The tenancy of the houses is now being given until May 1, but the board plans to continue rental until the houses are disposed of. Members of the board were in consultation this morning with Warden Bullock, of the Municipal Council, with regard to the order of the council to discontinue building on completion of the blocks then under construction.

DR. G. N. PEARSON OF SUSSEX IS DEAD

Passes Away in Sleep at Home

He and Wife Had Been in Hospital Here But He Returned to Sussex Yesterday—A Man of High Character.

Friends in this city were profoundly shocked this morning to learn that Dr. George N. Pearson had died last night at his home in Sussex. As related in the Times a few days ago, both Doctor and Mrs. Pearson were patients in the General Public Hospital in this city, coming down less than ten days ago. It was while bringing Mrs. Pearson in their car to the hospital that Doctor Pearson was stricken with heart trouble, and after reaching the hospital lay for two or three days in a very serious condition. He rallied, however, and became very anxious to return home. To a friend on Thursday he said he did not intend to remain in hospital much longer, and yesterday morning he suddenly decided to go. Against the advice of the physicians, who warned him of the grave danger, he insisted on having his car brought from Sussex yesterday morning and he went home. He seemed to stand the journey fairly well, and last night he asked Miss Sybil McAnn to go into his room about eight this morning to close his window. She went in and found that he had passed away, probably soon after midnight.

To Mrs. Pearson lying ill in the hospital here, the news of his death was almost overwhelming. She had said to a friend a few days ago that she was very anxious about her husband, as she had seen for some weeks before he was stricken that he looked very gray and worn, although he continued to go about the arduous duties of his profession with his customary disregard of self. To the same friend the doctor had expressed regret that he had not insisted last summer on his wife taking a prolonged rest, though she seemed then to have recovered from a severe illness of the springtime. Each, lying in hospital, was grieving for the other, and now the link is broken.

Dr. George N. Pearson was a son of the late George Pearson of Apohaqui. As a young man he taught school for a short time, then took up a study of medicine, graduated, and settled in Sussex, where he has practiced his profession for thirty years or more, building up a large practice and taking an active interest in the affairs of the town and county. Exceptionally well informed, he was keenly interested also in provincial and federal politics, and was twice a candidate, though unsuccessful, for a seat in the provincial legislature. He was a man of high character, kindly and generous, and will be sorely missed by a great number of families whose physician he has been for years. He is survived by his wife, who was a daughter of the late Charles Secord of Apohaqui, by two sisters and two brothers. The sisters are Mrs. James Manchester and Mrs. Lisson, who live near Sussex, and Miss Alice Pearson, a nurse in Newton, Mass. The brothers are Howard of Apohaqui and Albert E. Pearson, barrister, of Sussex. There is also a foster-daughter, Miss Sybil McAnn, who has lived with Doctor and Mrs. Pearson since her childhood, and who was inexpressibly shocked this morning when she entered Doctor Pearson's room to find that he had passed out of life. To her and other relatives, and above all to the devoted wife, will go out the profound sympathy of the people.

It was expected that Doctor Murray would come down today and accompany Mrs. Pearson back to her home, and that the funeral, her husband would take place on Sunday, but arrangements had not been completed.

Mr. Justice White, when told this morning of Dr. Pearson's death, was greatly shocked and paid a warm tribute to him as a physician and as a citizen of Sussex. He said the doctor's intimate friend had known that he was suffering from heart trouble, and felt that he was working too hard. Of his services to our town Judge White said that Dr. Pearson was a member of the school board and took a very active personal interest in school affairs, of which, as a former teacher, he had valuable knowledge.

Mrs. Pearson was taken home to Sussex this afternoon.

PARIS IMMORTALS
MAY ADMIT WOMEN

New Campaign is Started to Break Down Traditions of French Academy.

Paris, Nov. 4.—While for years French poets may have sung the charms of woman-kind for generations, but modern Frenchmen, as typified by members of the French Academy, decline to believe in the right of the fair sex to be listed among the "immortals." The recently formed Belgian Academy, according to M. Maurice Maeterlinck, is going to admit women to its sacred councils, but not so the French savants whom the nation has been delighted to honor.

There are only 40 places provided in the French Academy, and they are all needed for men who win wars, write romances, or produce a comedy destined to fill Parisian theatres — and the purses of the theatrical managers. There is no room for the mothers of such men, for the women who sacrificed every comfort to nurse the heroes of many battles or developed the nation's character by writ-

ing books which, according to critics, excel those of the sterner and more enlightened sex.

However, the fairer aspirants to Academy honors have found a champion in M. Raymond Poincare, France's ex-president, who has assured one female investigator that he will not be the last to grasp the hand in fellowship of the first woman elected to the Academy.

Other members of the historic insti-

tution, however, point out that the Academy has traditions which will be hard to break. Men like M. Paul Bourget and M. Emile Boutroux profess to see a danger in revising additional practices which might lead to literary anarchy and a striving for an excess of individualism in French literature.

M. Alfred Capus, one of the newest members of the Academy, and perhaps for that reason somewhat dogmatic in

his views, says: "The day women are admitted to the Academy—or a stranger—the Academy will collapse. It exists only as long as it remains unchanged; it must be mystical or it is nothing." Equally obstinate is M. Rene Boylesse, but, unlike M. Capus, he expresses the regret that the first Academy did not contain few illustrious feminine members, thus to establish a precedent.

HAS STRANGE PARALYSIS
Purdue Youth is Kept Alive by Artificial Respiration.

Chicago, Nov. 4.—As the result of a football game, Edwin Wolff, 21 years old, a senior at Purdue University, Lafayette, Ind., is near death at his home in Michigan City, Ind.

For twenty hours the boy, although unconscious, has been completely paralyzed, and for three days he has been kept alive by artificial respiration, three men working over him in two hour shifts. Two of the men work together, compressing the boy's lungs and then letting them fill with air, as is done in reviving a drowning person, and every two hours the third man relieves one of the other two.

"We don't know what the disease came from," said Mr. Wolff, the boy's father. "He suffered an injury to his spine in the football game at the University about ten days ago and this disease may have resulted from the accident."

HELD TEA AND SALE.

The Ladies' Association of the Church of England Institute tea and sale held yesterday afternoon in the Institute was one of the most successful in the history of the organization and netted a substantial sum for the funds. Mrs. A. W. Daniel, the president, received the guests and Miss Tingey was the treasurer. The rooms were prettily decorated with ferns and the refreshment table had as centerpiece a bowl filled with red asters. Mrs. J. V. Young and Mrs. J. H. A. Holmes were presiding at the pouring of the tea and coffee. The conveners of the tea committee were Mrs. T. E. G. Armstrong and Mrs. Russell Sturdee. They were assisted by Miss Hilda Shaw, Miss Lily West, Miss Kathleen Skelton, Miss Pierce, Miss Grace Estey, Miss Peters and Miss DuVernet. At the home cooking table Miss Bessie Seely was the convenor and her assistants were Mrs. Dixon, Mrs. W. J. McKean and Mrs. William Foster.

The quarterly meeting of the board of directors of the Protestant Orphanage was held yesterday afternoon in the Britain street home with David Hipwell, the vice-president, in the chair. The greater part of the meeting was occupied with routine business, the hearing of reports, all of which were encouraging, and the passing of bills. Some gifts were gratefully acknowledged. Preparations were made for the winter's work.

PATIENTS MUST APPEAR IN COURT

Charge is Made That They Are Illegally Detained in Insane Hospital.

New York, Nov. 5.—A writ of habeas corpus requiring the production in court of eighty-one inmates of the Manhattan State hospital was granted by Supreme Court Justice McAvoy, upon application of Louis Cohen, a lawyer, who had just been freed from the institution, by the court as "sane and well-balanced." Cohen failed in an attempt to have the court pass at once on the cases of the men whom he said were "improperly detained and illegally committed" and re-entitled to the right of suffrage. Their hearings were set for November 23, Justice McAvoy ruling that the hospital authorities should have time to prepare themselves to meet the allegations and to be represented by the state attorney general.

Dr. Marcus H. Helman, superintendent of the hospital, told the court that he could not produce all the inmates mentioned in the writ, because he didn't have enough keepers to escort them and because several of them were sick and some were dead.

SCHEME TO REFORM NEW YORK GANGS

Six Ring Battles Fought in Biltmore Ballroom for Stillman Movement.

New York, Nov. 5.—"The first bout, ladies and gentlemen," piped Joe Ruddy, of the New York Athletic Club, "is between Al Schoenfield and Charlie Martin, the latter of Harlem. Both boys weighed in at 128 pounds. Referee, Dan Hickey of the New York Athletic Club."

Bang! A flashlight, then sip, up-percut, whallop, jab, poke, punch, tap, rap, bluff, feint and then repeat—and all in the main ballroom of the Hotel Biltmore last night. Alpheus Geer, Union Club member, who writes under the name of "Marshall Stillman," interested John McE Bowman, the hotel man, in a plan to reform gangsters and halt the supply by having the lads do their fighting with their fists instead of guns.

That was some time back, and last night Mr. Bowman, having thought the matter over put a twenty-four foot ring in his Biltmore ballroom and invited about four hundred of his friends to have Mr. Geer give a practical demonstration of his scheme. Six fights in all were put on—the fastest between Bob Fitzsimmons, jr., and "Eddie" Nugent, the latter middleweight champion of the American Expeditionary Forces.

After the bouts Mr. Geer explained his movement and representatives of what were described as the "Boulevard gang" and the "Wales avenue gang" spoke. Both of these gangs are in the Bronx.

THE HIGH Y CLUB

A very interesting address upon the boy life of China, India and Japan was given by J. H. Fowler, Canadian foreign work secretary of the Y. M. C. A., at the first monthly luncheon of the High Y Club, held in the Y. M. C. A. dining hall yesterday at noon. There was a large attendance of members, with the president, Roland Rockwell, in the chair, and it was proposed that substantial help for the boys of India would be provided this year by the club members. The club was reorganized for the 1920-1921 season on Monday last with the following officers: President, Roland

Just a Minute, Please!

"Now that I have your kind attention, I'll slip you some second-hand information."

MINUTE and hour-hand information, too. About the Ingersoll Waterbury watch. Of course, you've heard of the Waterbury, but maybe you don't know him intimately. He's worth knowing—a bright, smart, stylish little watch—twelve size—jewelled to give him accuracy and smoother movement. And he costs but \$7.00.

For 75 cents extra you can own Waterbury Radiolite, who tells time in the dark.

Waterbury is a watch of the distinction and beauty of an expensive chronometer, along with the sturdiness and durability of the famous Ingersoll Maple Leaf.

Yet this combination of qualities costs, as I said before, only \$7.00, or \$7.75 for the Radiolite.

THE STORY OF JOS. OUILLETTE, DEAD AT AGE OF 105

The Times published the other day a news item about the death of Joseph Ouilette, at Pokok, York County, at the age of 105. The Fredericton Mail says: Those who knew him intimately say that he was born on the Restigouche River in 1815, the year of the battle of Waterloo. Mr. Ouilette had resided in the vicinity of Pokok for more than fifty years and followed the occupation of a guide and trapper. During the winter months he frequented the lumber camps on the Pokok and Shogomoc rivers and was known to every lumberjack within a radius of twenty-five miles. As a trapper in his younger days he was very successful. He had many encounters with bears and other wild animals. He was also an expert fisherman, familiar with every pool on the Shogomoc waters.

"Mr. Ouilette, according to tradition, was born in an Acadian village on the banks of the Restigouche river. During the American war, in company with a man named Diamond, the grandfather of Mrs. Hiram Amiel of Hawshaw, he made a canoe trip from his home by way of the Restigouche and St. John rivers to Pokok, where he engaged in trapping. Mr. Diamond afterwards located at St. Leonard. He died seven years ago at the age of ninety-six. Talking to friends before his death, he said that he had known Ouilette since boyhood and that the latter was his senior by two years. This would make Ouilette 105 years of age at the time of his death. Mr. Ouilette was active up to a few years ago, when he became a parish charge. He had two sons living in the west but could not be persuaded to go and reside with them. W. E. Seery, of this city, who knew Ouilette intimately, says there is little doubt that he was past the century mark. Mr. Seery had the old guide for

a companion on several fishing trips on the Pokok and says he found him a very competent and trustworthy woodsman."

PAID \$25 FOR A WIFE: NOW HE WANTS IT BACK

New York, Nov. 5.—"I gave \$25 for a wife and I want it back," Stanley Foreman, 37 years old, of 67 East Twenty-fifth street, Bayonne, announced to the lieutenant on desk duty in police headquarters in his home city.

"How come?" asked the lieutenant, as he started to draw his long legs from beneath the desk. "Did you get the wife?"

"Not for long," replied Foreman. "I gave John Pitski the \$25, one night a year ago, was introduced to her the next night, and married her a week later. Then I found that she was a widow with two children but neither she nor the children cared to remain at home with me any longer than a week at a time. Now they've blown away again, and I want my money back from Pitski. He got me a wife but she doesn't stick to me."

"What was the woman's name before you gave her yours?" inquired the lieutenant.

"Helma Wyofsky," answered Foreman.

"Case closed," declared the lieutenant. "She only wanted to change her name."

THE soft cuff was designed for comfort and convenience. The Kum-a-part cuff button was created for soft cuffs—and you'll never know what you missed until you wear a pair.

Statement by Comiskey. New York, Nov. 5.—Jacob Ruppert and T. L. Huston, owners of the New York Club of the American League, last night made public a statement from Charles A. Comiskey, owner of the Chicago American, dealing with the 1919 world series scandal.

The statement, a reply to a request from the New York owners, seeks to counteract an impression that prevailed that Mr. Comiskey had been delinquent in exposing the scandal and that credit should go to President Johnson of the American League for doing so.

Mr. Comiskey declared that the first intimation he received of crookedness in the series was regarding H. C. Redmond of St. Louis, who claimed he lost \$5,000 on the White Sox by being double-crossed. Redmond was interviewed, said Comiskey, by Manager Gleason and "Tip" O'Neil, but the story he told was so vague and uncertain in character that no one would be justified in taking affirmative action such as would destroy the character and reputation of men.

Dempsey in Montreal

(Montreal Gazette.) Furnishing food for argument as to the respective merits of the challenger and defender of the heavyweight title, Champion Jack Dempsey gave a four round sparring exhibition that was witnessed by nine thousand persons.

Royal arena last night. Dempsey did not create the favorable impression that George Carpentier did in his appearance here some time ago, and did not display the finished style of the European champion. While Carpentier showed science and finish in his exhibition, Dempsey demonstrated the fact that he is a rugged fighter and can land a hard punch.

Dempsey showed marked improvement over his last appearance in Montreal, which was previous to meeting Willard. He is faster and showed better footwork, which with his strength and hitting ability gives him a chance against any member of the heavyweight class.

Dempsey sparred the four rounds with his sparring partner, Bill Tate, a color-

AT QUEEN SQUARE

Mae Edwards Players Will More Friends in Their Second Production.

An exceptionally good bill holds the boards at the Queen Square the last half of the week. The Mae Edwards Players present the four act comedy drama, "Idle Wives", together with a complete change of vaudeville and musical programme. Miss Edwards added to her laurels by portraying a role utterly different from her first here, and doing it wonderfully well. As the spoiled, extravagant wife, she was so lovable that while one wanted to shake her for her heartlessness one couldn't blame Mr. Corbin as the husband, for grating her every wish. Miss Edwards won many new friends last night, and strengthened her hold on those she already had made. Mr. Corbin had his opportunity, and took advantage of it. He showed himself as an actor of much ability. He appears to be at his best in dramatic roles of the heavier type. Miss Gertrude Riggs, as "Aunt Gretchen", a gruff, crusty, but good hearted old business woman, gave an excellent delineation and many a hearty laugh. Her abrupt changes of style when the real woman cropped through her surface gruffness were fine. Miss Riggs is a character woman to do credit to any company. Her vaudeville act was a scream from start to finish. The company add two new people to their roster this week, making a total of fifteen. The vaudeville bill is fully up to the standard set the first half, the orchestra played a nice programme, and good houses are growing better. Manager Smith announces that starting next week the matinee policy will be three a week. Mondays, Wednesdays and Saturdays.

This represents a reduction of approximately twenty-five per cent.

BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood. On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some serious lung trouble. Mrs. Brice Culham, Sheffield, Ont., writes: "In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much. I then got a 60c. size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds." Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; three stars over the trade mark; price 35c. and 60c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

It is denied in official circles that the government has intended to confiscate the mines, but it is asserted that drastic arrangements for the hospital.
