Reliable Furniture

Over a quarter of a century of public service has proven the worth of MARCUS' RELIABLE FURNITURE. Our organization was built on "Satisfaction at any cost" principles, and the only safe way to attain and maintain those principles was through reliable goods.

The public never needed reliable furniture more than today! The mounting cost of everything has naturally affected the furniture world as well. You have to pay more, and in self-defence you should protect your purchase by insisting on absolute reliability.

CANADIAN CLUB HEARS GRAPHIC WAR STORY

Dr. E. J. Ryan Tells His Experiences in Egypt and Arabia — Election of New President.

One of the most intensely interesting and graphically descriptive addresses that has ever been delivered before the Canadian Club of this city, was given last evening by Dr. E. J. Ryan, late of the Army Medical Corps, when he told of his experiences "With Lawrence in Arabia." It was the annual meeting of club and although the address occupied a considerable length of time, Dr. Ryan never once lost the attention of the audience and the interest with which all listened was evidenced when at the conclusion of his address, with loud applause he was asked to tell more of his experiences.

After the speaker had concluded the election of officers and other routine business such as the reading of the reports of the different officers, was transacted. A. M. Belding was elected president for the coming year. Sir Douglas Hazen, the president, was in the chair and he introduced the speaker, saying that he had known him since he was a boy at school and afterwards at the university he attended. He explained that when war broke out Dr. Ryan, who was then in the United States, had hurried back to Canada and had enlisted with the Canadian forces. He had served throughout the war in several theatres and with distinction. Sir Douglas concluded by wishing Dr. Ryan every success in his practice in this city.

Following the address the president, in his report, stated that nineteen lectures had been given during the year. Gratifying reports were also presented by the secretary and treasurer.

H. O. McInerney, chairman of the nominating committee, read the report of that committee, which was accepted, the following new officers being elected: President, A. M. Belding; first vice-president, Horace A. Porter; second vice-president, High Sheriff A. A. Wilson; secretary, C. A. Roman; treasurer, George M. Ross; literary correspondent, W. F. Hatheway. The financial and property committee was as follows: R.

Safe as the Bank of England

NEVER has a policyholder suffered loss through the failure of a regular life assurance company operating under charter from the Dominion of Canada. Can as much be said of any other class of business?

The soundness of each Canadian life company is rigorously tested, and the renewal of its license each year depends upon the result of an examination into its affairs by inspectors from the Government Insurance Department. Where else are trust funds so carefully guarded?

To guarantee the fulfilment of policy contracts, the Dominion Government has fixed a minimum standard of reserves to which every company is obliged to conform. The Imperial Life maintains reserves greatly in

excess of the Government standard. Every regular life assurance company in Canada must at all times provide security of an amount at least equal to its liabilities to policyholders. The Imperial Life provides security of more than \$130 for every \$100 of liability to its policyholders.

A deposit is required to be made with the Receiver-General by each regular life assurance company doing business in Canada. The Government deposit maintained by The Imperial Life is more than four times the amount required by law.

Just write your name and address on the coupon below and mail it to us. Then we'll send you a free copy of our booklet, "A Few Facts." This booklet contains many distinguishing features of The Imperial Life—features which ensure absolute security and liberal profits for lapsing policyholders.

PAINT AND POWDER FOR WAITRESSES WAS BANNED; THEY QUIT

Fairmont, W. Va., April 28.—Waitresses of the Watson Hotel here went on strike when the management undertook to interfere with what the girls believe to be "women's rights." The hotel authorities posted in the kitchen a notice forbidding the waitresses to "paint or powder their faces in the dining room." Although the place was crowded with patrons at the time, the girls quit in a body. "Give us back our paint, and we will give the public food" was the strike slogan.

DON'T STRAIN YOUR EYES

Squinting, frowning and headaches are characteristic of eyestrain.

When this condition exists good health is impossible without the use of suitable glasses.

Arrange for an examination today and know the exact condition of your eyes.

If you need glasses you should wear them. If you don't need glasses we will tell you so.

O'Brien, W. J. S. Myles, T. H. Somerville. The following were elected members of the executive, J. E. Searle, C. J. Morgan, H. D. Smith, R. Ewing, E. J. Ryan, and all past presidents as additional members of the executive.

A vote of thanks, moved by C. B. Allen and seconded by M. E. Agar, was tendered to Mr. Roman for his admirable work as secretary.

The new president was called upon and he said that the club could not expect him to fill the position with the grace, dignity or eloquence of his immediate predecessor but he would do his best. He referred to the next speaker who would address the club, Lieut.-Colonel F. George Scott and also one immediately after him, General Sir Arthur Currie. He wished to thank Dr. Ryan personally for what he termed one of the most interesting and most graphic addresses ever given before the club.

The following new members were elected: A. P. Paterson, H. R. Ross, E. J. Alexander, E. A. Goodwin, W. E. Anderson and W. J. Linton.

Elgin Watches

The Railroad Man

"On time? Yes, sah, we ah right on de dot!"

A little regret, perhaps, as your Elgin tells you there is no more time for sleep—but then, the satisfaction that the day can be carried through as you planned it; breakfast at 8.30, that business appointment at 9.30, the 11.40 west.

And all the while you slept, the mighty engine was rushing on through the night—the engineer checking his Time by his Elgin from station to station—and the conductor reporting "On Time" at every stop.

"On Time" spells achievement not only in railroadng, but in every walk of life. Let the Elgin direct you.

Keep your appointments by The Elgin and you will always be on Time.

There is a Jeweler in your vicinity who carries a pleasing selection of Elgin watches—faithful guardians of Time.

By George! I Came Near Forgetting That Cake!

Pretty serious mistake to make when the head of the house asks the husband to do an errand and have him forget—as any experienced married man can testify. Especially when the orders are in the direction of bringing home something for the table with company due for the evening.

But it's never too late to remember to come here to this busy bake place for table things because we are open every night just for such emergencies.

So our friend up in the corner of this space may yet secure a reprieve for his near-crime and appease the wrath of the divinity that awaits him at home.

Everything that the palate could possibly demand in the baking line is here in wide abundance and made by a past master in the art.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, APRIL 28, 1920

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

LOWERING PRICES

More wise, and more likely to produce desired results than the run on overalls is the movement for a more general use of old clothes. Chauncey M. Depew's remark that "the blue denim fad will create such a demand that the workmen, who really need overalls, will suffer" is well-founded, but nobody can increase the price of partly worn clothing which the owner may choose to wear a little longer.

According to the International Institute of Agriculture at Rome, relative to the winter cereal crop of 1919 and 1920, the total area under wheat in Spain, France, Scotland, Rumania, Bessarabia, Canada, the United States, British India, Japan and Tunis is 94,920,000 acres, being 82.2 per cent of the 1918 and 1919 figures, and 91 per cent of the average of the five previous years.

The conference of boy scout leaders in this city at the end of this week will be the first under the new order of things which makes New Brunswick a separate unit with headquarters in St. John. The Commercial Club drive for funds in behalf of the Boy Scouts' Association has put it on its feet for this year and a notable development is anticipated.

Portland, Maine, is to have a new pier constructed by the state. A site has been selected and it is expected the initial development will soon begin. The Maine port is to have enlarged facilities for handling trade, of which a great deal originates in Canada.

THE ABUTTOR IN HALIFAX

It is proposed in Halifax that abutters shall pay, not less, but more, a joint committee from the city council, board of trade and trades and labor council has been at work for some time on proposed changes in civic taxation and has submitted its report.

1.—That the abutters on a street traversed by the street railway shall pay all cost of street paving between sidewalks.

2.—That the abutters on each side of the street pay the sum of \$2.50 per lineal foot for any sewer built on that street.

3.—That the abutters pay the full cost of oiling the streets.

It is evident that the case of the widows, which was so effectively used in St. John recently, did not move the representatives of the city council, the board of trade and the trades and labor council of Halifax; nor did the argument in favor of general assessment appeal to them any more than it has done in other progressive cities in Canada and the United States.

THE TIMBER PROBLEM

The chief forester of the United States, Col. William B. Greeley, warns the people of that country of the seriousness of its timber situation, as shown by the necessity for heavily increased imports from Canada. He recommends the adoption of the French system of conservation, which permits only small cuttings in any one timber area in one year or series of years.

EFFORT TO RESTORE IVENS TO METHUEN MINISTRY

Winnipeg, April 28.—The Winnipeg Free Press says: "When the Methodist court of appeal meets in Toronto on April 30 it will make final disposition of the effort to reinstate William Ivens, now serving a prison term for sedition, conspiracy, and will also deal with the case of Rev. A. E. Smith of Brandon, both of whom have been relieved of their ministerial relationship to the Manitoba conference."

NEGRO YOUTH IS CONDEMNED TO DEATH

Indianapolis, April 28.—William Ray colored, aged nineteen, was sentenced to be electrocuted on August 5 by Judge James A. INTERRUPTIONS

I have a hundred tasks in mind, a hundred useful chores; I have the eight-day clock to wind, the cat to chase outdoors. I'm planting rhubarb, that our pies you'll praise in glowing terms; and soon I'll have to swat the flies, and boil uncounted germs.

CANADA—EAST AND WEST

DOMINION HAPPENINGS OF OTHER DAYS

THE TAKING OF TORONTO

On April 26, 1813, in the second year of the war of 1812-14 between the United States and Great Britain, the Americans sent a fleet against York—now Toronto—from Sackett's harbor. All winter it was known that an attack was planned against the Canadian city from that place, but it was not until dawn of this day that the hostile ships were seen approaching.

While this fight was going on in the woods near the city where this landing was made, a terrific explosion occurred in the town. The magazine of one of the largest batteries defending the place had blown up, through, it is said, a very ordinary accident.

The retirement of Mrs. T. N. Vincent from the presidency of the Free Kindergarten Association will be regretted by all friends of this benevolent institution, which should really be a part of the public education system.

A National Wheat Growers' Association for the United States is now in process of formation, and it is said it will be the largest combination of farmers ever attempted.

IN PARLIAMENT

Ottawa, April 28.—Yesterday in the House of Commons, second reading was given to a bill amending the soldiers' settlement act, which also amends the committee stage. Progress was reported on the bill to amend the opium and drugs act. A bill to bring inland shipping and coastwise trade under jurisdiction of the railway commission came up for second reading.

BE A SPORT

You may call yourself dull in a fit of despondency. Or drop all your pep, and say you don't care. But I'll tell you, my friend, that's a habit to break.

In planning this world not a single mistake was made in the building. So when you complain. Take stock of yourself. You're the chap that's to blame.

When you wake in the morning don't look for a cloud. You know what's behind it. Just swing in the c e v d.

Be one of them, cheerfully, singing along. You may get a bump, but that's not your song. Perhaps one will hear it who needs just encouragement now. Your song may be it.

What matter if yesterday's failures were big? Today is your day, so get in and dig. If you meet any trouble, why just change its name.

And call a ladder. They oft lead to fame. But whatever you do, be quick and begin. You never can tell just how much there is in it.

—James Tates in Forbes Magazine (N. Y.)

IN LIGHTER VEIN

As the powerful motor car dashed along the French country road a tangle of dust and fumes the owner leaned toward the chauffeur and yelled out:

"Where are we now?" "Just running into Paris, sir!" roared back the man at the wheel.

"O, don't bother about little details!" he shrieked back. "I mean what country?"

A Word of Advice. "Mr. Jobbins," said the head of the firm, "I notice there's a considerable item for meals in your expense account."

"Er—I was entertaining customers and prospective buyers, sir."

"All right. But I hope you will bear in mind that we are selling tractors and no lady of the chequer ever buys a tractor."

THE WOMEN'S AUXILIARY

Mrs. Walker Resigns From Chair After Seventeen Years.

At the afternoon session of the seventeenth annual meeting of the Fredericton diocesan branch of the women's auxiliary yesterday, Mrs. R. Pitts-Randolph was appointed convener of the nomination committee. Mrs. Thomas Walker, the president, gave her annual report. It was announced by Mrs. George F. Smith that Mrs. Walker was resigning her position which she has so efficiently and faithfully filled for the seventeen years. An address expressing gratitude and appreciation of the faithful service of the president, was read by Mrs. Smith. This address was signed by the honorary president, Mrs. Richardson; first vice-president, Mrs. George F. Smith; second vice-president, Mrs. L. R. Harrison; and third vice-president, Mrs. B. Pitts-Randolph. An album containing a record of the branches of the W. A. formed under her leadership was presented to Mrs. Walker by Bishop Richardson. Mrs. H. J. Roberts, recording secretary, in her report said that the membership has increased considerably during the last year. Mrs. W. D. Foster, corresponding secretary, gave an interesting account of the annual meeting of the dominion board at Hamilton. Mrs. John Hay, Dorcas secretary, for her report made a pleasing reference to the resigning president, Mrs. Walker. Miss Portia McKee, secretary for juniors, also gave a report. Mrs. Cortland Robinson reported for the girls' branch, and Miss Sadler gave the latest report. Mrs. G. C. P. McIntyre, treasurer, said that there is a total of 4292 paid-up members and the receipts for the year amounted to \$10,220.08, with \$7,143.33 disbursements.

Reports of branches were given as follows: Fredericton, Loyalist, eighty-six members, reported by Mrs. G. F. A. Wainwright; St. George's West St. John, reported by Mrs. Corey Green; Bonaventure, St. James the Less, reported by Mrs. Beverly Reeves, thirty-three members; Derby, St. Peter's, twelve members reported by Mrs. Clara Hitchcock; St. Paul's, reported by Mrs. Ruth Thurber; Lieford, twenty members, reported by Mrs. Henry Gallop; Clifton, reported by Mrs. A. G. F. Chatham, St. Mary's report sent by Mrs. Geoffrey Stead, St. Paul's, read by Mrs. Bate, sent by Mary M. Baldwin; Devon, St. Mary's, nineteen members, reported by Mrs. Friel; Georgetown, forty-one members, reported by Mrs. H. D. Buckland; Gladstone, sixteen members, reported by Miss M. Smith; Greenwich, forty-two members, read by Mrs. J. McAider; Hammond River, twenty-three members reported by Mrs. A. E. Dickson, Miss C. Prince secretary.

After the reading of the branch reports all the meeting listened to two instructive addresses on health matters; the speakers being Dr. Farris and Dr. A. Trueman.

In the evening a meeting of the girls' branch was held in the hall with Miss L. B. Jarvis as president and Mrs. Cortland as secretary. Matters of business were taken up and discussed. A reception for the visiting delegates and the clergymen and their wives was held in Stone church at 8.30, under the direction of the girls' branch in the city.

COUNTS MUCH
FOR IRELAND ON
SENATE ACTION

Sermon of Bishop Fogarty of
Killaloe — Declares United
States a Mighty Ally.

Neagh, Ireland, April 28.—Reservations to the treaty of Versailles, adopted in the United States Senate on March 18, by which that body went on record as sympathizing with Ireland and declaring she should be admitted to the League of Nations as soon as self-government is attained, "registered the death of tyranny in Ireland," said Monsignor Michael Fogarty, Bishop of Killaloe, in a sermon here Sunday. He declared the independence of the action of the senate "could not be overstated," and that it "applied the principle of freedom to Ireland."

"If Ireland had had one day's rest from the reign of terror she suffered," he declared, "she would have celebrated with solemn services in every church throughout the land that declaration of America. But in her manacles, from dungeons and from above the graves of her martyred dead, she saluted the great people of America for this declaration of sympathy and hope in her national struggle."

"She rejoiced," he continued, "not only for her own sake, but for the sake of justice and honest truth. She rejoiced there was still one nation whose flag was not interlarded with vile hypocrisy. With such a mighty ally, Ireland could afford to bide her time in calm confidence. Unfled, resolute and determined, it was a matter of a short time until tyranny was overthrown and national justice was made triumphant."

"There is a future already visible in Dublin Castle," he said, "and cement cannot be made that will close it again. In a few years Dublin Castle will be with the bastille of Paris, in the limbo of time."

FRIENDS TENDER BEST WISHES.
A large number of friends of Mr. and Mrs. William Kerr, who were married yesterday afternoon, gathered at the Union Depot last evening to tender their best wishes on the departure of the bride and groom for their new home in Quebec. Both are very popular in St. John, the bride's old home, and for several years the winter home of the groom, for Mr. Kerr, who is one of the head officials of the C. P. O. S., has been coming here for the winter past season for some time. A host of friends in St. John, in Halifax and in Montreal will wish Mr. and Mrs. Kerr long life and prosperity.

SINGING IN THE SCHOOLS.

Editor of The Times-Star:
Sir—Some of the teachers wish to thank One Interested in Music for her kindly reference to our work, I say "her?" advisedly, since we fell sure that it was a woman who paid attention enough to details to tell just what she heard. A kindly pat on the back is such an unusual thing for us that we appreciate it very much.

I was told by one of the executive of the Society of Music that it was proposed to them to make the work of the schools a part of one of their programmes, but that the proposal was laughed out of court. Why so? We teachers are not eager for publicity, but the aim of the society (of which many of us are members) is to foster a love of music, and where can we begin better than with our children? These exhibitions of school singing are given in many towns, encouraged as much as possible. Why not here?

I should like to see yearly festivals where the children would receive encouragement from the lips of these folk, on whom they look as all-wise in musical affairs.

Might I ask One Interested if she could tell me where to get music specialties by harmonium for children's voices? Also, if she could recommend one or two such songs simple enough for beginners, and one or two really good choruses (unison). I am,
Yours respectfully,

MINERS WIN IN CROW'S NEST PASS

Calgary, April 23.—The coal miners' strike in the Crow's Nest Pass, which has more or less affected the mines in that district since the beginning of March, has now been settled, according to information given the Canadian Press yesterday at the office of the director of coal operations, the United Mine Workers of America having gained a complete victory.

Now that this dispute has been settled, the new wage scale in line with that adopted in the United States will soon be discussed. This will mean an additional increase of approximately 11 per cent in the miners' wages.

NEW STOCK ISSUE FOR MERCHANTS BANK

Montreal, April 23.—It was announced by the management of the Merchants Bank of Canada yesterday that a new issue of stock would be made to the extent of \$2,000,000, which will bring the stock of the bank up to \$10,500,000. This new stock will be issued to shareholders at the rate of \$100 a share, at the rate of one new share for four already held.

It is said that the issue is made to meet the growing business demands of the Dominion of Canada.

President, Royal Securities Corporation, Ltd.

We summarize as follows from a letter from Adolph Zukor, President of the Corporation—

1. Famous Players Canadian Corporation is being organized to build, operate as well as acquire by purchase and lease, a chain of motion picture theatres of large seating capacity from Coast to Coast. In these theatres the Corporation will display the highest class motion pictures available, including first-run films produced by Famous Players-Lasky Corporation of New York, and any of its subsidiaries.
2. Corporation has twenty-year franchise from Famous Players-Lasky Corporation of New York, who are the largest producers of motion pictures in the World, supplying 75% of theatres in Canada and United States.
3. Corporation leases or controls sixteen motion picture theatres with a total seating capacity of 15,000, mostly located in Ontario and Western Canada. Entire proceeds of this issue will be available for construction of additional theatres, which should give the Corporation operating theatres with seating capacity of 30,000 by latter part of 1920, and 45,000 by Spring of 1921.
4. Assets consisting of existing Theatres leased or controlled, etc., have a going value of not less than \$1,250,000. To this must be added cash proceeds of \$4,000,000 First Preferred Shares, making a total of assets of about \$5,000,000 as against \$4,000,000 First Preferred Shares outstanding.
5. Earnings from existing theatres are at the rate of \$200,000 per annum. With negotiations and construction under way completed, it is estimated earnings for fiscal year commencing September 1st, 1920, will be in excess of \$650,000. Full benefit of expenditure of proceeds of \$4,000,000 First Preferred Shares will accrue to Corporation for year commencing September, 1921, for which period earnings after depreciation should be not less than \$1,200,000, which after payment of Preferred dividends should show earnings in excess of 10% on Common Shares.
6. Expert and technical management will be supplied by Famous Players-Lasky organization, which operates profitably over 100 motion picture theatres in the United States, employs over \$30,000,000 in its business and pays 8% dividends on this capitalization.

(Application will be made in due course to list both First Preferred and Common Shares on the Montreal and Toronto Stock Exchanges.)

The larger portion of this issue having been sold, we offer the unsold balance at a price of—

100 and accrued dividend, yielding 8%
Carrying a Bonus of 25% in Common Shares
(One Common Share with every four Preferred Shares)

Payable: 25% of the par value on application.
25% of the par value on June 1st, 1920.
25% of the par value on July 1st, 1920.
25% of the par value on August 1st, 1920.

Common Stock Bonus will be adjusted to even amount by purchase or sale of fractional share at the rate of \$30 per share.

The right is reserved to allot none, or a portion only, of the amount applied for. If only a portion of the amount applied for is allotted, the balance of the deposit will be applied towards payment of subsequent instalments. Payments may be anticipated in whole or in part at any time. Interest will be allowed on payments at the rate of 8% per annum. Interest will be adjusted upon final payment.

IN HONOR OF MRS. BLANCHARD.
Mr. and Mrs. Abraham Craft, 182 King street, west, entertained friends Monday night in honor of Mrs. Craft's aunt, Mrs. Alice Blanchard of Cambridge, Mass., who is visiting in the city. The evening was pleasantly spent with music, games and dancing and dainty refreshments were served.

PRESENTATION.
Roy S. Searle was given a very enjoyable birthday party at his home, 35 Broad street, last night when fifty or more of his friends gathered to give him appropriate greetings and to present to him a handsome watch. Wendell Belyea made the presentation. Mr. Searle was greatly delighted and heartily thanked the donors. Games and dancing prolonged the enjoyment and dainty refreshments were served.

HEARTILY WELCOMED.
George M. McDade formerly of this city now of Chatham, N. S., returned to the city yesterday after some months at Saranac where he has been recuperating after an illness. Many friends were pleased to know that he has been restored to good health. Mr. McDade is a member of the Chatham Council, Knights of Columbus, and visited the local council at their meeting last night. He received an enthusiastic welcome.

CIRCUIT COURT.
Before Judge Chandler hearing was continued this morning the case of Harris vs. Garson. The case has not yet gone to the jury, as counsel considered it necessary to produce rebuttal evidence which occupied this morning's hearing. Counsel were to address the jury this afternoon. Dr. W. B. Wallace, K.C., and Roy A. Davidson appear for the prosecution, and D. Mullin, K.C., and K. A. Wilson for the defence.

LOOKING FOR RELATIVE.
The common clerk this morning received a letter from Miss Catherine Lynch, a social worker at the Medfield State Hospital, Medfield, Mass., saying that Celia F. Rafferty is a patient there and is in a critical condition. She has no relatives in the States, but informed the hospital officials that she had a brother Martin residing in St. John. Miss Lynch asked that information be passed to his present address if forwarded if possible. No Martin Rafferty appears in the city directory. The common clerk will be pleased to have any information as to his location.

IS ACQUITTED.
In the county court this morning before Judge Jonah, John E. Kelly, charged with having stolen a policeman's hat, was tried under the speedy trial act and acquitted. Mr. Seligson, owner of the coat, known as the hat, made the arrest gave evidence. The accused denied having any knowledge of the affair. He was corroborated by two lads named Morris and Flynn, who had previously pleaded guilty to stealing the hat. His Honor acquitted the accused. C. H. Ferguson appeared for the crown, and W. M. Ryan for the defence.

NO CHAIRMAN YET.
The New Brunswick Public Utilities Commission is still without a chairman, and as a result the cases of the New Brunswick Telephone Company and the York and Carleton Telephone Company's applications for increase in rates were set over to May 26 at this afternoon's meeting. A petition was presented by representatives of the St. Stephen Electric Light and Power Company for permission to increase their rates. Commissioners Michaud and Connel and the secretary, Fred P. Robinson were present, but no business was transacted beyond the adjournment.

BIG SUM FOR RAILWAY WORK AT ST. JOHN

Land for Trackage for Government Line to Be Expropriated, Is Report — The New Station.

It was said at City Hall this morning that an appropriation of \$1,500,000 had been approved by the C. N. R. for the preliminary work on the new railway station and yards at St. John. It is anticipated that arrangements will be made for the provision of eight through tracks on the same level as those at present in existence and that the street traffic would be raised on a viaduct over the rails.

It is understood that the plans call for an extension of the street level yards extending beyond the One Mile House, but that the new tracks would not interfere with the land included in the Rockwood playgrounds. The most northerly track, it is thought, will be immediately south of the road which divided the playground site from the railway property.

From present indications it is taken that the work on the new station will be commenced this year.

It is said that plans of expropriation are now being considered whereby additional land will be secured between the One Mile and Three Mile House.

It has been realized for some time, but brought particularly into prominence during the last winter that additional trackage is necessary for the St. John yards. Securing extra land to the northward of the present tracks will help make provision for this. Expropriation will effect the Magee, Drury and Ann Gray estates.

LIKELY HAVE THE DAYLIGHT

Matter to Come Up This Afternoon and Whole Council Seems Favorable to a Three Months' Period.

It is expected that the matter of daylight saving will be taken up at this afternoon's meeting of the common council and from the expressions of the commissioners this morning, it is anticipated that St. John will have the measure, but for a shorter period this year.

Commissioner Jones said that a motion to be presented to the council will likely ask for the adoption of the scheme from about the middle of May until early in September and that he was ready to support the measure. Commissioners Thornton and Fisher said they favored the measure about a three month period and Commissioner Bullock also indicated that he was agreeable to the move. Those interested in gardens and the evening baseball leagues have been rather anxious on this point but there is now declared no doubt that they can go ahead with their arrangements.

LAST NIGHT'S FIRE

As a result of fire, which destroyed a section of the Dearborn building in Prince William street last night, several firms are today without office or fixtures, in addition to Dearborn & Company, W. E. A. Lawton, the Peabody Sales Corporation, Ltd., The St. John Pilot Commission, Angus McDevail and C. H. Knouell. While it was impossible this morning to get an estimate of the loss, it was said, it might not be so heavy as indicated at first. The front building was entirely gutted and all office fixtures either destroyed or damaged, but the damage to Dearborn & Company's office mill was said to be slight. There was \$18,000 insurance on the building, which was placed in various offices through Lockhart & Ritchie. There was also \$18,000 insurance on Dearborn & Company's stock. In addition the individual firms carried insurance on their office fixtures. C. H. Knouell carrying \$500 with the Norway Union and the Toledo Scale Company \$1,000 on some scales.

The reason the fire did not spread to adjoining buildings is good work of the firemen and to the fact that there were fire walls between them. It is also said that fire doors kept the flames from breaking through to Dearborn & Company's office mill.

Some of the firms burnt out have already secured temporary quarters and will be able to carry on. Many of them lost valuable papers, etc., and W. E. A. Lawton said he lost plans, etc., which cannot be replaced.

There was still some fire this morning in the debris, and a hose was kept playing on the ruins all morning.

When the fire was first seen a little after 11 o'clock it had already gained much headway, and in a few minutes the whole upper building was in flames. The fire raged fiercely until well after midnight and kept the firemen at work until some time later.

THE MAP CORRECTED.

A few weeks ago the secretary of the St. John Board of Trade drew the attention of the minister of the interior to the fact that a map issued by his department, and which purported to contain a list of ocean trade routes from Canadian ports, contained no trade route from the national port of St. John. A map with these trade routes marked therein was forwarded through Mr. Wigmore, M.P., to the minister. Mr. Wigmore writes the Board of Trade that (Hon. Mr. Meigher deeply regrets the omission, and that a revised map will go forward at once. The request is made that upon receipt of the revised map, the old map be destroyed.

NOTHING KNOWN OF THIS THEATRE REPORT.

Another theatre report current today is that the Imperial Theatre is being taken over by the Famous Players-Lasky people. Nothing is known locally about the matter and it is not believed to be a correct report.

port throughout all these islands. He found that while the Royal Mail Steam Packet Company was giving excellent service in handling the heavy export trade, which has increased remarkably within the last few months, yet there was much need of better transportation facilities, especially in the case of the French islands, Guadeloupe and Martinique, where he spent several weeks. These islands were completely isolated from Canada and were absolutely under the trade control of the United States.

The French of these islands, he says, are very keen to do business with Canada, their ally, and Baron Coppens, member of the House of Assembly of Martinique, delivered an excellent speech extolling the wonderful work and assistance that Canada gave to France in the cause of justice and liberty. On his trip through the British West Indies, the colonel remained several days in Barbados, Trinidad, Georgetown and Demerara, visiting also the islands of Antigua, St. Lucia, St. Vincent, Dominica, Montserrat and St. Kitt's, everywhere he says he met a most loyal and friendly people. They were keenly interested in all Canadian matters and especially in the export and import trade.

YEAR'S RECORD OF CRIME IN NEW YORK

Albany, N. Y., April 28.—Not a chorus girl or a manicurist or a model trod the grimy path of crime in New York state during 1919—at least according to the criminal statistics prepared by Secretary of State Francis M. Hugo. His record, however, deals only with convictions reported to him from the courts. But the printers and the editors! The

criminal printers numbered fifty-nine last year, as against forty-six the year before. As a matter of fact there aren't many editors in New York state's 10,000,000 population, and the record shows only two as having fallen from grace during twelve months. Reporters are leading lives of almost complete righteousness. Only one was included in Secretary Hugo's report. In 1918 there were four.

It appears that there has been a general decrease in crime in New York state. In place of 57,316 persons con-

victed in the courts in 1918, a total of 55,39 is shown for last year. The gain has been as great among women as among men.

The farmer positively wallowed in crime in 1919; there were 237 of him, as compared to 149 the year before. Forty-seven discouraged saloon keepers landed before the bar of justice.

The report shows twenty-two first-degree murderers, thirty-five second degree, seventy first-degree manslaughter and forty-four second degree.

TAKE YEARS TO CATCH UP EVEN AT THE TOPMOST SPEED

Moscow, March 2.—(Associated Press correspondence)—Russian railroad shops working at a maximum of peace time capacity, will require more than ten years to restore normal traffic with the present facilities of production, according to a survey recently published in the Economic Life, he chief needs are shown to be the importation of rolling stock

and the home development of the transportation industry.

The survey shows that in 1914 the number of locomotives was approximately 20,000 with 16 per cent unfit for use. The present number of locomotives is about 10,000 with fifty-nine per cent out of commission or in need of repairs, and the number of cars 250,000. Lines in operation have also diminished about 20 per cent.

The maximum pre-war production in the Russian shops was 1,800 locomotives and 40,000 cars annually, and the number

that retired each year was 1,300 locomotives and 20,000 trucks. The present need is for 15,000 locomotives and 450,000 cars.

KICK ABOUT AMERICAN RYE.

London, Aug. 28.—The chief constable of Greenock has a kick against American whiskey. "Whatever the composition of American rye whiskey, its effects are terrible," he said. "It not only poisons those who drink it, but maddens them as well. I have a terrible time trying

to arrest any person who takes too much of it. It is like trying to get a wild Indian into the jail. We call it 'snake bite' at Greenock."

SOME PERFORMANCE. Aylesbury, April 27.—Although he has received several offers to play semi-professional baseball this summer, "Bill" Schofield has turned them all down, and also to young men about the game...

is to leave it alone or else try to make a livelihood from it exclusively. Playing semi-professional weekly games takes one's interest from his regular work, is his theory.

Once a year "Bill" takes out his baseball uniform and glove, and that is on Patriots' Day, when he pitches against the High School team for the Alumni.

Baseball experts who have watched Schofield work predicted a brilliant career for him, but he holds a responsible position as traveling salesman for a local jewelry manufacturing firm and has turned a deaf ear to all offers.
