CHATHAM, N. B., APRIL 25, 1901.

The Deal Trade.

Messrs. Farnworth & Jardine's Wood requirement of 1st inst., says that the deal market is dull, the arrivals in excess of requirements, deliveries unsatisfactory and the maintaining of prices difficult.

EASTERN EXTENSION CLAIMS: An Ottawa despatch says that \$270,000 for the Eastern Extension claims have been placed in the supplementary estimates.

Starting Facts!

It is not an encouraging thing to contemplate that at the inception of the work of supplying the Town of Chatham with a water system, a loss of several thousands of dollars has been incurred.

The last contract made was one of over \$13,000, and it was rushed through the council, seemingly impelled by the presence of a gentleman from Montreal, backed by the statement made openly at the Board that acceptance of the pumping machinery in which he was interested had been recommended by Mr. Freeman C. Coffin.

Mr. Coffin visited Chatham last week and, in consequence of his evident annoyance over this contract, we made some enquiries which show that a wrong has been done to the town, involving a large sum of money, and that in order to carry the matter through at the Town Council not only were Mr. Coffin's advice and recommendations unheeded, but they were misrepresented.

Mr. Coffin, while naturally averse to saying anything that implied censure upon those entrusted with the duty of guarding the Town's interests, could not be expected to be silent when, by the ignoring of his advice as engineer, an obligation for some thousands of dollars in excess of his estimates was incurred for some reason which cannot be explained in any satisfactory way.

The facts, briefly stated, are that ex-alderman Watt, although not chairman of the Public Works Committee, but acting as the chairman in his absence, appears to have carried on the correspondence relating to the water works business in his own name, instead of that of the chairman, or the mayor.

Mr. Watt submitted to Mr. Coffin, for his advice thereon, the tenders for the pumping machinery, which advice he received in due course. Mr. Coffin advised the acceptance of the lowest tender, that of the Smart-Eby Machine Company, of Hamilton, Ont., and assured Mr. Watt that the pumping engines that company offered were as good as those offered by another tenderer at a considerably higher price.

Mr. Coffin advised that the Underwriters' pump offered by the same company be contracted for, as it also was tendered for at a much less price than by the other tenderer.

Notwithstanding this, the higher tender was accepted, Mr. Watt stating in council that Mr. Coffin recommended it, when, as we have shown, he did exactly the opposite.

Included in the tenders were offers for 66-inch boilers. The original specifications, prepared by Mr. Coffin, called for 60-inch, but he enlarged them to the 66-inch, but it was proposed to run the Town's street-lighting plant from the water power house. When Mr. Coffin wrote to Mr. Watt advising the acceptance of the Smart-Eby Company's pumping machinery, he did not recommend the acceptance of their tender for the boilers, but that of Messrs. Miller, of Chatham, acting for J. McDougall, of C. de Montreal, which was the lowest; and he instructed Mr. Watt to the effect that in view of the purchase of the Electric Light Company's plant by the town it would be necessary, before closing with Messrs. Miller, to have them revise their offer and make it for 60, instead of 66-inch boilers, as the latter size would be ample. And he particularly instructed Mr. Watt not to close the contract until he received from him (Mr. Coffin) the specifications on which it was to be based.

This advice of the town's engineer was also ignored and the contract closed for 66-inch boilers, they being included in the tender which the Montreal gentleman came to Chatham to have put through at the last meeting of the late council. The specifications were not Mr. Coffin's, but those prepared by someone else and the whole business was hurriedly closed up and the Town, by the method pursued and by acting against its engineer's advice, is a loser by some \$4,000.

We make no comment on the facts presented, further than to say that it is

the duty of the Town Council to follow them up. It may be too late to save the Town from the loss that has come to it by the departure made from the advice of its engineer, at the instance of ex-alderman Watt, but the episode is a warning to the new board to take every precaution to avoid similar experiences through such irregularities as those which have led to what has the appearance of a scandal at the outset of the Town's water works contracting.

FOR COONS, horse all, stoppage and fever use the GRANGER CONDITION POWDERS. A genuine Condition Powder, Blood Purifier and Tonic. The Granger is guaranteed superior to any so-called Condition Powders in small and large packages.

THE PETITION AGAINST MR. GIBSON M. P. The Supreme Court at Fredericton on Saturday morning, in the case of Mr. Gibson for a rule nisi to rescind the order of Judge Gregory made in January for a substitute service of the petition on respondent.

Judges Barker and Gregory in their remarks stated that they did not concur in the comments as to the respondent made by Judges Hanington and Laundry while the case was being argued.

A. J. Gregory, counsel for Gibson was granted a five days extension in which to file preliminary objections to the petition and costs were awarded the petitioner.

THE BRITISH BUDGET. The British budget adds two pence additional to the income tax, making it one shilling two pence.

It does not provide for increase in the duties on beer, wine or tea. The budget provides for a duty of four shillings two pence per hundred weight on refined sugar.

There is no increase in the duty on spirits or tobacco. A duty of two shillings per hundred weight is imposed on molasses.

River sugar policy being 98 is to pay duty gradually diminishing according to each degree of purification to a minimum of two shillings at a polarization of 76.

The total expected yield of the new taxation is £11,000,000, of which £4,100,000 will be from coal.

The Chancellor of the Exchequer proposes to suspend the sinking fund and borrow £80,000,000.

The loan will be in consols. The Chancellor was particular in emphasizing the declaration that the new duties were not protective, but had become necessary for the purpose of meeting the war charges in South Africa and the expense of military and naval operations in China.

He said that the cost of the South African War had more than doubled that of the Crimean and Great Britain.

MORNING, DO NOT FAIL TO SEE that you obtain the original and genuine McLean's Vegetable Worm Syrup, pleasant and effective at all times.

THE LAST ELECTION. An Ottawa despatch says:—The return of the Clerk of the Crown in Chancery of the general election of last fall was presented to parliament to-day.

The number of rejected ballots in the election were 7,718 as against 13,871, which would tend to show the immense superiority of the existing ballot form over the discarded ballot of 1896.

With the improvements the government is recommending this session there is reason to believe that the proportion of spoiled ballots can be reduced to an exceedingly small proportion.

The total vote by provinces was as follows: Ontario, 426,083; Quebec, 237,269; Nova Scotia, 107,836; New Brunswick, 68,340; Prince Edward Island, 21,129; Manitoba, 41,780; British Columbia, 26,451; and Northwest Territory, 29,618, making a total of 952,496.

In the general election of 1896 the total vote cast was 835,600. The largest majority, 2,722, was secured by the Prime Minister in Quebec East, and the smallest majority, 1, in North Bruce. The blue book includes special report of the returning officer in West Durham, where no return was made.

turning her back on him for reasons well known. Mr. Morrisey promised him that he would support Mr. Tweedie, who was to run as Surveyor General, instead of that, within a month he was a candidate against Mr. Tweedie.

MR. MORRISEY AS A CANDIDATE. Then in 1892, when the Blenheim School trouble was raging, who was a candidate? The same Mr. Morrisey, then in 1895 who was a candidate? The same Mr. Morrisey, and every time against the interests of Mr. Blair and Government, and the Catholics of the country, whom he, Morrisey is now put forward as the champion of.—Then in 1899, when he presented to the voters of the Blenheim School, who was a candidate? The same Mr. Morrisey, and every time against the interests of Mr. Blair and Government, and the Catholics of the country, whom he, Morrisey is now put forward as the champion of.—Then in 1899, when he presented to the voters of the Blenheim School, who was a candidate? The same Mr. Morrisey, and every time against the interests of Mr. Blair and Government, and the Catholics of the country, whom he, Morrisey is now put forward as the champion of.—Then in 1899, when he presented to the voters of the Blenheim School, who was a candidate? The same Mr. Morrisey, and every time against the interests of Mr. Blair and Government, and the Catholics of the country, whom he, Morrisey is now put forward as the champion of.—Then in 1899, when he presented to the voters of the Blenheim School, who was a candidate? The same Mr. Morrisey, and every time against the interests of Mr. Blair and Government, and the Catholics of the country, whom he, Morrisey is now put forward as the champion of.—Then in 1899, when he presented to the voters of the Blenheim School, who was a candidate? Major and Mrs. Snowball, President Noonan of the Citizens' Band directed the singing of that organization on Tuesday evening. It was also Miss McEwen's piano solo. Mr. Gibbs' solo was well received. An inspiring number was Mrs. Cameron's solo, accompanied by Miss Burtie McDonald on the violin, which was most enthusiastically and deservedly received.

Several members of the new council were also present at the evening last week.

Supreme Court - Fredericton, April 19 - Re the estate of Michael Adams, ex-parte Creighton; Geo. W. Allen, K. C., moves for leave to appeal.

The King v. John S. Sweeney, ex-parte Geo. Robertson; Geo. W. Allen, K. C., on behalf of the crown, the municipality of Gloucester and certain owners of land affected by the writ of extent, moved that the lands of the crown be removed from certain lands held under the writ of extent, that the lands given to the crown by John Sweeney be delivered up, and that discharge may be entered thereon, and that the cost of the application be paid out of the lands in the hands of the receiver general. Rite nisi.

Northumberland Circuit Court - The case of Wm. J. Kelly vs. J. D. Creighton was heard before His Honor Judge McLeod at an adjourned sitting of the Northumberland Circuit, held in St. John last week. There is also a case of the same kind against the Trustees of the Town of Chatham which stands on the same footing as to its merits.

It appears that in July 1890 Wm. J. Kelly obtained a mortgage on his homestead and field property to secure the money lent. Afterwards, in February 1891, Mr. Muirhead's interest in those properties was sold to N. C. Polson & Co., Kingston, and bought in by Hon. L. J. Tweedie for \$11 for each acre.

It was also contended by counsel for the Bank that the Sheriff's deed was not in a position to be set aside, and that, therefore, the action at law must fail against the defendants, and that whatever remedy the mortgagee would have to be in the Court of equity must be sought there.

Hon. L. J. Tweedie thought this a fair proposition and moved it be carried out, and in the course of his remarks he took occasion to commend the St. John citizens for the wise and business-like way they had handled this matter. He referred to the fact that the late Wm. J. Kelly, who was a resident of Westmorland, was in Africa, and it was agreed to make a claim on the patriotic fund on behalf of his father, G. H. B.

Special From Kingston, Ontario - Kingston, Ont. It is a pleasure to announce that a new 25 cent size of Carleton Place is now on sale in every drug store in Canada. This is the only remedy that can be implicitly relied upon to cure Catarrh, Asthma, and Bronchitis. It cures quickly, permanently. Relief from Carleton Place is quick. New, throat, head and lungs cleared as one breath from the inhaler. Try it today for that cold. Prepared by proprietors of the St. John's Nervine, and guaranteed to cure or your money back. Sold by C. P. Hickey.

Price Webber's Laxative - All Season received a despatch this morning from Price Webber, stating that the town hall at Magog, Quebec, which has been destroyed by fire, and had lost everything. Mr. Webber's best friends in St. John will learn of his loss with sincere regret. This disaster follows upon other recent troubles. Last year the small-pox scare put his company out of business in Chatham. Later a valued member of his company died in Miramichi. Mr. Webber was called away for a time owing to the death of a near relative. In fact, Mr. Webber has met with many troubles during the last couple of years, which would discourage a less sanguine temperament and less energy than his possesses. He will have the help of his friends in all over the province in this last blow, for Mr. Webber has always endeavored to carry out his obligations and has made many friends everywhere. - John Star Bird.

Mr. Webber estimates his loss in securities and contents in the Magog town hall fire at \$6,000. He had no insurance.

The Mills Lumber - As stated in last week's ADVANCE, the Lynch mill, at Chatham Head, was set on Tuesday, 19th.

The Lynch mill, at Chatham Head, was set on Tuesday, 19th.

conform to usage so far as to refer briefly to a few matters connected with the duties of the new Town Council. - He felt that Chatham was to be congratulated on the character and ability of the gentlemen it had chosen to serve as aldermen. Important matters were to be dealt with by them in the afternoon, when, as the town was entering upon the responsibility of municipal ownership of important public franchises. It already had been determined by the Council to take over the electric lighting service, and similar matters were made for the construction of a water and sewerage system. It was important that the members of the Council should give to these large public interests and undertakings their best judgment and attention and their personal best efforts in selecting men to fill important positions in connection with them, so that the people should be served to the best advantage.

He was aware that the members of the board, being busy men, could not afford to give all the time and attention that would be necessary for the thorough oversight of the work that was to be carried out, and it was, therefore, all the more necessary that those whom they might select for that duty should be competent men.

He felt that the gentlemen he had had in mind to select for that duty were all men of high character and ability, and he was confident that they would perform their duties to the satisfaction of the people.

He felt that the gentlemen he had had in mind to select for that duty were all men of high character and ability, and he was confident that they would perform their duties to the satisfaction of the people.
