## CHINA FLOATS A HEAVY LIAN

Belgian Syndicate is  
Willing to Furnish the  
Sinews of War.  
Imperialist Forces Now  
Seem to be Having  
Slightly the Better of  
it.

Massacre Feared at Peking,  
and City is in  
State of Panic—Thousands  
Fleeing.

Peking, Oct. 28.—The report of an imperialist victory in the vicinity of Hankow, which has been received from the Minister of War, General T'ien Tehang, has revived the drooping spirit of the administration. An additional source of comfort has been found in the conclusion of a loan agreement which Chinese officials say, has just been arranged with the Belgian syndicate, having French and British connections. The loan is for \$18,000,000, the price being 96, with six per cent. interest. The syndicate received four per cent. commission. The financial groups representing the four nations interested in the loan—United States, Great Britain, France and Germany, took under advisement a proposition for a loan of \$3,000,000 for the United States financiers decided that the present was an inopportune moment. The diplomatic body held a meeting this afternoon and considered a request from the viceroy of the province of Chi Li for permission to police Tien Tsin with troops which is considered by the international protocol of 1902. The ministers, however, decided to permit the viceroy to do so, owing to the serious conditions which prevailed. The ministers decided also to authorize the consuls at Hankow to deal temporarily with all questions arising out of the situation, but the foreign ships carrying anything which was threatened by the rebel leader, General Li Yuan Heng, cannot be permitted.

Want Neutral Zone.  
Regarding the appeal of Shanghai business men through which a thirty mile zone around Shanghai has been declared neutral, the ministers declined to consent on the ground that it was a matter for decision by the powers. Certain ministers considered that foreigners have no right to ask authority over such an extent of territory.  
Panic prevails at Peking. Both Manch and Chinese families are taking precautionary measures against immediate disturbances. The Chinese are alarmed owing to a report that the Manch garrison intend to begin a massacre if they meet with reverse at the hands of the rebels in the south. The Manchus are said also to be in fear of a massacre on the part of the Chinese. Both continue to desert the capital. Wagon loads of furniture are moving into the country; all trains are crowded and the eight banks are receiving deposits and lumps of silver and gold.  
Continued on page two.

## PRISONER ATTEMPTS SUICIDE IN ANDOVER

John Murphy Gashed His  
Throat with Pocket Knife—  
Wound Penetrated Wind  
Pipe—He will Recover.

Special to The Standard.  
Andover, Oct. 29.—Using the jack-knife which he used to fill his pipe, John Murphy who is serving a sentence of thirty days imprisonment imposed by Judge Carleton on Thursday for assault, attempted suicide in his cell early this morning by cutting his throat. Doctors Willing and Peat who were called found the cut had penetrated his windpipe and sewed up the wound.  
Murphy is about 37 years of age. He belonged originally to Waterford, Ireland, but has worked in the United States and Canada for about eight years. Early in October while his sentence was low he assaulted a 13 year old boy named James Gamblin in an effort to obtain some money from the lad. It was for this offense that he was committed to jail. Murphy is said to have shown symptoms of insanity. The state of his mind was probably inquired into and he may be sent to an asylum.

## MAY CALL FOR NEW TENDERS FOR WARSHIPS

Tenders for Canadian Ships  
Asked by Late Government  
Called for Vessels of Type  
Now Obsolete.

## COL. HUGHES GOES WEST.

Special to The Standard.  
Ottawa, Oct. 29.—The Borden government decides to go on with the building of the Canadian navy new tenders may be asked for. The naval department received half a dozen tenders last May. No action has been taken on these tenders except that the three or four highest were put aside and the deposits amounting in the aggregate to some three-quarters of a million, have been returned.  
In the meantime a year and a half has elapsed since the navy bill passed Parliament. The bill provides for the construction of cruisers of the improved Bristol class. This type is rapidly becoming obsolete and has already been superseded in British Admiralty construction. The result is that the government if it accepts any of the last May's tenders, which are based on the naval service bill, would be spending an enormous amount of money on ships already out of date.  
The tenders cover the construction of hulls and the placing of the armor plate for the protected deck, while the armor itself is brought from England.  
Col. Hughes, minister of militia, left tonight to attend the Thanksgiving manoeuvres near Hamilton. He will then go west for a fortnight's trip, accompanied by Maj. Gen. Mackenzie, for the purpose of satisfying himself by personal inspection as to a number of problems as to drilling rates, buildings, etc., which are up for consideration.

## A GRIM REMINDER AT A JOLLY FEAST

Big White Elephant at New  
York Giants Jollification  
Revives Memories of  
Last Week's Defeat.

New York, N. Y., Oct. 28.—A big white elephant stalked across Broadway in the white light district tonight and crowded its way into a hotel dining room where the New York baseball Giants were being given a complimentary dinner. It was only a ghost of a beast manufactured and stuffed with men from a nearby theatre, but was so realistic even the police were for a moment deceived. The elephant was introduced as against Glass's rallies, the home run maker who was a hero of the recent Philadelphia victory in the world's series.  
A number of other old features marked the dinner. Twenty-two waiters dressed in the New York baseball costumes served at the table and motion pictures were thrown on a screen depicting the first game of the world's series. A special song written by Big Bill Edwards, the former Princeton star who is now street cleaning commissioner was sung by a colored quartette, mentioning each player by name.  
The dinner was given by a number of admirers of the Giants in appreciation of the winning of the national league pennant. Among the speakers were Commissioner Edwards, Andrew Freedman, Job E. Hedges, John J. McGraw and Hugh Jennings. All of the players were present except Mathewson, who was away on a hunting trip.

## CANADA IS SMOKING AND DRINKING MORE HEAVILY THAN BEFORE

Ottawa, Oct. 29.—Canada's consumption of liquor and tobacco shows a marked increase for the past fiscal year.  
The per capita consumption of spirits was 359 gallons against 315 gallons in 1910; that of beer was 4,424 gallons against 3,776 gallons; that of wine 104 gallons against 97 gallons; while the tobacco used grew from 2,940 pounds per capita to 3,011 pounds.  
The total quantity of tobacco smoked was 18,903,222 pounds against 17,961,279 pounds in 1910, and 17,217,710 pounds in 1909.  
The cigarettes smoked reach the enormous total of 585,935,379 against 453,095,128 in 1910, and 368,758,130 in 1909.  
The cigars smoked numbered 227,585,692 as compared with 209,820,851 in 1910, and 192,105,366 in 1909.

## MYSTERY SURROUNDING WILLIAM RYDER'S DEATH NOT SOLVED BY INQUEST

Jury Returned an Open Verdict and  
Refused to Specify Whether Death  
Was Due to Suicide or Murder.

One Medical Witness Swears that Suicide was  
Impossible, While the Evidence of Other Witnesses  
Pointed Strongly in the Direction of  
Homicide -- Copy of Proceedings Sent to Attorney General Grimmer.

There was definite testimony given at the Ryder inquest this morning against the theory of suicide in this now much talked of case. Dr. Eliza Thorne, of Havelock, who was associated with Ryder at the time of his death, was definite in his statement that Ryder could not have inflicted the three wounds found on his person, and he is impossible for any man suffering from such injuries to take off his shirt and throw them from him. Other witnesses told of the movements of the Ryder family and of the deceased during the time intervening between Monday and Friday of the week in which the body was found.  
Mrs. Ryder was herself on the stand, and her testimony was much longer than at the last sitting of the court. She made a good witness, but at times she was moved to tears as the incidents connected with the case were reviewed. Mr. Fowler gave Mrs. Ryder every consideration and reassured her at several points of her distress. Mrs. Ryder could not say that she had any knowledge of the death of her husband and hoped that if his death was accompanied by any means, the murderer would be found.  
On the conclusion of the evidence of Mrs. Ryder, Mr. Grimmer called on the evidence of Dr. Thorne, who also addressed a few words to them. The jury then adjourned to consider their verdict.  
After an absence of less than ten minutes they returned the following unanimous verdict: "The death of William H. Ryder came to his death by bullet struck through the body, but owing to the nature of the evidence we cannot say that they were self-inflicted or otherwise."  
The jury was then dismissed, and a full report of the evidence will be sent to the Attorney General for review.

Dr. Thorne's Evidence.  
Dr. Thorne, of Havelock, was the first witness. It was he who with Dr. Burnett, held the post mortem on Ryder's body. He stated he found three bullet wounds, passing through the body. One was between the third and fourth ribs; the second to the side, and the third under the arm all three passed through the lung; one went through the shoulder blade, and one cut the fifth rib.  
The wounds were slightly burned. The wound on the outside was not burned and would indicate that it was fired at a longer range. The shot was fired at the arm all three bullets with which the wounds were made were of large calibre.  
Suicide impossible.  
He did not think that all of the wounds could have been self-inflicted.

He would not say that any two of the shots could be self-inflicted. He swore that any one of the shots would have disabled a man and he would be unable to fire a second shot. From the directions from which the bullets took the wounds were not self-inflicted.  
Ryder was dead in his opinion, before his shirt was taken off. The shock of the ball striking the bone would have knocked Ryder out. In order to inflict those wounds Ryder must have had the rifle on a level with his breast. This would only be possible where there was a hillock on which to rest the gun.  
Examined as to the condition of the shirt worn by deceased, Dr. Thorne thought it would be impossible for the deceased to have thrown them nine feet to the left. It was absolutely impossible that Ryder could have done that.  
In answer to Coroner Wallace, Dr. Thorne declared that Ryder wounded as he was, could not have raised his arms to have taken off his shirt.  
How the Body was Found.  
Newton W. Manning, of White's Mountain, who was present just after the body was found, told of seeing the body at 11 a. m. on Friday. The body was lying in the open woods. It was the presence of the clothing which was thrown forward. His testimony was the same as that of others who were present at the inquest. He saw the clothing, etc., and recalled that the shoes had been clutched at the feet. He also noticed that a branch had been shot off. The bullet which did this had come from east to west, and had apparently passed through Ryder's body. If it had passed through the body, Ryder must have been standing in place where the bullet struck him. He must have then swung around and fallen.  
One shirt was laid with the collar towards the body. The braces worn by Ryder were at the side of the two shirts and midway between them. He was not disturbed. There were two empty shells, behind the body on the left side, and one behind the right side. Both extracted shells had been found on their ends. He identified the stick produced in court as the one found at the scene. The ground was burned underneath where the outer shirt lay.  
After talking things over he went to the Ryder home and later returned. There was a fire there but it would be hard to make a careful examination of the body in the light.  
The body was removed by order of Hanford Price, Dr. Lamont, and then said it was suicide. Manning stated that the butt of the rifle was near the left knee and the end of the barrel out past the body and away from it.  
Continued on page four.

## LAKE CHAMPLAIN IS STILL AGRAND

Heavy Wind Yesterday Interfered with Work of Floating  
C.P.R. Liner at Montreal—  
Lightening the Cargo.

Montreal, Oct. 29.—The C. P. R. steamship Lake Champlain, is still aground opposite the city, no attempt having been made today to pull her off, owing to the heavy wind that was blowing. Some four hundred tons of cargo have been lighter, however, and it is expected that she will be pulled into the channel. The rudder and propeller got entangled with some floating object, although the nature of the object is not yet known. The vessel is making water slowly and it is not thought that she is seriously damaged. All the passengers were removed safely, and sailed this week end the first and second class on the Grampan, Saturday for Glasgow, and the steerage on the Sicilian for London.

## MEMORIALS TO THE LATE KING EDWARD

London, Oct. 29.—The Bishop of Norwich today dedicated at Sandringham church two memorials to King Edward. One of these was a solid silver altar redos, a gift of an American, whose name has not been publicly announced.

## MR. BORDEN GUEST AT A LUNCHEON

Premier Entertained by Members  
of Anglo-American  
Peace Centennial Committee  
in New York.

## LEAVES FOR OTTAWA.

New York, Oct. 29.—Hon. Robert L. Borden, the new premier of Canada, was the guest of honor at a luncheon given yesterday at the Lawyers Club by members of the Anglo-American Peace Centennial Committee. Mr. Borden made a brief address in which he declared that there was no reason why the recent events in Canada should in the slightest degree interfere with the cordial relations existing between the Dominion and the United States.  
Among those who attended the luncheon were, Oscar Straus, former ambassador to Turkey, Courtenay W. Bennett, British consul general in New York, Andrew Humphrey, general secretary of the Peace and Arbitration League, and T. Kennard Thompson, vice president of the Canadian club.  
After attending a memorial service to the late Edward M. Sheppard, the distinguished lawyer, who was a candidate for the senatorship of this state last January, and a personal friend of the Canadian Premier, Mr. Borden accompanied by Mrs. Borden, left this evening for Ottawa. They had quite a number of Canadian callers at the Hotel Belmont, during their stay here. Senator George A. Cox and Mrs. Cox, who are also staying at the Belmont, spent a portion of the afternoon with Mr. and Mrs. Borden.

## ITALIANS REPULSED THE TURKS

Attacks on Outskirts of Tripoli  
Easily Repulsed According  
to Despatches from Rome—  
An Officer Killed.

## ARABS BEATEN BACK.

Rome, Oct. 28.—A despatch from Tripoli of current date, says that in the early morning hours, small forces of the enemy made three successive attacks. These were chiefly directed against the Italians guarding the Boumellana Wells, but the Turks were easily repulsed. Reconnoissances by the aeroplanes disclosed an oasis on the left of the Italian position still occupied by the enemy. It is now stated that the Italian force sent out to examine the telegraph lines was attacked by 200 Arab horsemen, who were driven off after the Italians were reinforced. Military critics here are of the opinion that when a signalling system from the aeroplanes has been perfected the real direction of engagements will devolve upon officers in these machines.  
According to further official reports the Turks have resorted to all methods of opposing the invaders, including the poisoning of wells. This, however, has failed of its object, as, in compliance with the orders of General Caneva, which have been strictly enforced, nobody is allowed to touch water without it first having been scientifically examined.  
Turks Beaten Back.  
Tripoli, Oct. 29.—Turkish forces yesterday attacked the town of Homs, not far from Tripoli, but were repulsed with heavy losses. The Italians had two killed and two wounded.  
The Aeroplane in War.  
Rome, Oct. 29.—Official reports from Tripoli describe the great value of the aeroplanes in the war. By their reconnoissances it has been possible to learn several hours in advance the movements and strength and some of the weaknesses of the enemy. In this way the Italian commander has been able to distribute his troops in such a manner as to make almost certain the repulse of an attack from any direction whatever.

## FREDERICTON LADY DEAD

Special to The Standard.  
Fredericton, Oct. 29.—Miss Ellen O'Brien, who lived with her brother, Mr. Jeremiah O'Brien, on Charlotte street died today. She was 66 years old. The funeral will take place on Tuesday.

## JOSEPH PULITZER AT DEATH

New York, N. Y., Oct. 29.—Joseph Pulitzer, proprietor of the New York World, died at 1:40 o'clock this afternoon on board his yacht off Charleston, S. C. News of his death was received here today.

## TWO MEN IN THE LINNELL CASE

## WENT THROUGH WHIRLPOOLS IN A MOTOR BOAT

Capt. Klaus Larsen of Detroit  
Makes His Second Trip  
Through Niagara — Says  
He Has Enough.

## WILL CROSS OCEAN.

Niagara Falls, N. Y., Oct. 29.—Captain Klaus Larsen of Detroit made his second Niagara trip from the catara to Lewiston this afternoon in a motor boat, completing the six miles of stormy water in 25 minutes and coming through without a scratch.  
But he is through with Niagara adventures. "No more for mine," he said, as he stepped out of the boat at Lewiston. "The trip today was worse than last year. The water was above normal and the wind added to my troubles. There was not a minute that I wasn't working for all I was worth. Now let some one else try it, but next year I will make a trip across the Atlantic in the Niagara. Any boat that can take me through the rapids and the whirlpool can take me to Europe."  
Larsen started from the Canadian Maid of the Mist dock at 1:50 o'clock and swept under the lower steel arch bridge five minutes later. Coming in to swift drift, where the river breaks from the calm upper reach to the rapids, he veered toward the Canadian line. The boat was behaving perfectly. She rode the smaller waves without a tremor, but caught by the fierce current about midway of the rapids she was hurled up and almost clear of the mountains of water to be lost to view in the spume as she came careening down into the valleys. Once the craft was side swiped and almost keeled over by a comb, but she righted herself and went on.  
The rapids took hardly more than a minute. But it was a minute that tried to the utmost the nerves and sinew of the man. The watchers were fearful that the engine had been put out of commission in the tumbling waters, but as the Niagara entered the whirlpool it was seen that the engine was working perfectly.  
In the trip down last year Larsen's engine failed him in the pool, and from that point on man and craft were playthings of the river. Larsen kept towards the American side of the pool, but he was caught in a cross current and was almost drawn into the vortex. Only the kind of work with the tiller prevented trouble. Once clear of the whirlpool, and in quieted water, he kept the boat about and headed her up stream, so that he might get a chance to put things shipshape before the final rapids, the Devil's hole rapids. As Larsen worked he told a greeting to the watchers and shouted that all was well. He was badly buffeted in the lower rapids, but managed to hold a course close to the Canadian side, and at 2:14 o'clock he passed under the Suspension Bridge at Lewiston. He had made the five miles between the bridges in 19 minutes.

## LOVE LETTERS WRITTEN BY AVIS LINNELL, TAKEN FROM HER ROOM.

Friend of Prisoner's Under  
Suspicion and May  
Be Indicted as an Accessory.

## TRUNK FULL OF MISSING LETTERS WOULD GREATLY STRENGTHEN THE STATE'S CASE AGAINST PASTOR.

Boston, Mass., Oct. 29.—District Attorney Pelletier, it was learned today will ask the Grand Jury to hand down two indictments instead of one in connection with the charge that the Rev. Clarence V. T. Richeson poisoned Avis Linnell, his former sweetheart.  
The District Attorney intends charging a man who is a close friend of Mr. Richeson, with being an accessory after the fact in the case because he spirited away from Richeson's room a grip of love letters written to the minister by Miss Linnell shortly before her death. Mr. Pelletier decided to ask for another indictment after he had endeavored without success to compel the lawyers for Richeson to surrender the letters.  
The securing of these letters of which there are a trunkful, is said by the police to be of the greatest importance to both sides, as they are believed to contain statements that would greatly strengthen the case of the state against the accused pastor. For that reason District Attorney Pelletier, although defeated in the first attempt will make every effort to compel the attorney of the defence to return the grip over to him, and of course the defence will resist to the bitter end for the same reason. Richeson evidently saw this point before he was arrested for he called Detective Burns on the telephone and told him to go to the rooms occupied by the pastor on Magazine street, and take charge of all letters and photographs found there. Burns obeyed and thereby scored a point which may in the end, be the one that will set the minister free. He then turned them over to the attorneys for the accused pastor. When today they are standing by him, the congregation unanimously voted to withhold any comment on their pastor's arrest, upon the Grand Jury has taken action.

## MAY BE CHANGE OF JUDGES FOR TRIAL OF THE M'NAMARAS

Los Angeles, Cal., Oct. 28.—Strong possibility of an appeal for a change of judges marked the close today of the third week of the McNamara general trial which ended in a general snarl. One such demand already has been refused by Judge Walter Bordwell, the refusal being backed by an affidavit from Judge George C. Hutton, presiding judge of the twelve departments of the superior court of Los Angeles county, certifying the impartiality of Judge Bordwell.  
A further appeal if made would be based on a great extent, it is known, upon two rulings made today by Judge Bordwell, in which he denied challenges by the defence against A. C. Winter and Walter N. Frampton as jurors. So far four challenges have been passed by both sides, two are under challenge, and six others are in the jury box awaiting examination.

## ELECTION PETITIONS IN SIX CONSTITUENCIES IN NEW BRITAIN WILL BE FILED IN FREDERICTON TOMORROW.

On Saturday the liberal party decided to file election petitions against Messrs. O. S. Crocker, M. P., York (Co.), Thomas A. Hart, M. P., of Charlottetown and Geo. W. Fowler M. P., of Kings-Albert. The conservatives will file petitions against F. B. Carvell, M. P., of Carleton (Co.), Col. H. McLean, M. P., of Queens-Bury, and Hon. William Pugsley, M. P., of St. John City.  
Tomorrow is the last day on which the petitions can be filed. The papers will be filed with T. Carleton Allen, K. C., clerk of the supreme court, at Fredericton, and the sum of \$1,000 must be deposited with each petition.

## THREE MEN KILLED IN HEAD-ON COLLISION

Canton, Ohio, Oct. 29.—By a head-on collision of a freight train and an engine and caboose on the Lake Erie and Alliance Railway near Minerva, 18 miles south of here tonight, three trainmen were killed. The dead: Gabriel Johnson, brakeman, Alliance; L. W. Frederick, fireman, Alliance;

Frederick Loucke, engineer, Alliance. The cause of wreck is not clear, but it is said to have been due to a confusion of orders.

The People and Scenes in The Boston Murder Case

MISS AVIS LINNELL, The Hyannis, Mass., maiden, for whose death the Rev. Clarence Virgil T. Richeson is held responsible.

CLARENCE V. T. RICHESON, Baptist pastor held for murder of Avis Linnell.

MISS VIOLET EDMANDS, Brookline, Mass., society girl, daughter of wealthy M. Grant Edmands—She was to have been married to the Rev. Clarence Virgil T. Richeson Oct. 31, the day he faces preliminary trial on the charge of murdering his former sweetheart, Avis Linnell of Hyannis, Mass.

Home of M. Grant Edmands, in Brookline, Mass., where the Rev. Clarence Virgil T. Richeson sought protection when Boston police were after him on charge of murdering Miss Avis Linnell—in the room whose window is marked with a cross Richeson spent the night, while a cordon of police kept watch of the house—Behind these walls today Richeson's fiancée, Miss Violet Edmands, is protected.

HOME FROM DOMINION CONVENTION OF W.C.T.U.

Mrs. T. H. Bullock Back From Sherbrooke, Tells of Interesting Meeting of "White Ribboners."

Mrs. T. H. Bullock arrived in the city Saturday morning after having attended the biennial convention of the Dominion W. C. T. U. in Sherbrooke, Que. She said that the gathering was a most successful one in every way. There were 89 delegates present from all over Canada and a large amount of work was done. Some of the delegates came from as far west as Alberta and Saskatchewan. The most important thing was the making of arrangements for a W. C. T. U. missionary to work among the children of foreigners in the west to teach them not only the principles of the order but the rudiments of domestic science. The following officers were elected: President, Mrs. Gordon Wright, London; Vice-president, Mrs. McKinney, Clareholm, Alberta; Corresponding secretary, Mrs. Hattie Stevens, Toron-

THE CANADIAN RED CROSS SOCIETY

Empress Marie Feodorovna Prize Competition.

The Empress Marie Feodorovna prize competition is to be held in conjunction with the Ninth International Red Cross Conference, Washington, D. C., May 7-17, 1912. Programme: 1. A scheme for the removal of the wounded from the battlefield with the minimum number of stretcher bearers. 2. Portable wash-stands for use in the field. 3. The best way of carrying dressings for use in regimental aid posts and dressing stations. 4. Wheeled stretchers. 5. Transport of stretchers on mule back. 6. Easily folding portable stretchers. 7. Transport of the wounded between warships and hospital ships and the coast. 8. Best method of heating railway carriages by a system independent of steam from the engine. 9. The best model of portable Roentgen apparatus for the employment of X rays at the dressing stations and on the field of battle.

Persons intending to compete for these prizes must forward to the general secretary at Toronto, on or before Dec. 23rd, 1911, a statement of such intention, giving the number of exhibits to be prepared for the exhibition of their inventions. Articles entered in this competition must be received carriage prepaid at Washington, D. C., on or before April 15, 1912. Arrangements are being made with the United States customs for the free entry of objects intended for the competitions. Further information may be obtained from Dr. C. R. Dickson, general secretary Canadian Red Cross Society, 192 Bloor street, West, Toronto.

Stops a Cough IN ONE NIGHT

CATARRH AND WEAK THROAT NOW CURED WITHOUT SWALLOWING DANGEROUS DRUGS. By Breathing the Scolding, Healing Vapor of Catarrhose All Throat and Catarrhal Trouble is Quickly Cured.

It's simply wonderful to think how quickly a bad throat or catarrh can be cured with Catarrhose. Its rich balsamic vapor is carried along with the breath into the innermost recesses of the lungs, bronchial tubes, and chest cavity. It is impossible for the germ of any disease to live. Thus soreness in the chest is at once alleviated—phlegm is loosened and ejected from the throat, old-standing coughs are removed.

"I suffered from an irritable, weak throat for three years. I had a severe cough, pain over the eyes, constant bad taste in my mouth, and noises in my ears. It was chronic catarrh. Nothing gave permanent relief till I used Catarrhose in one hour it relieved, and in a few weeks drove all trace of catarrh from my system."

"TMOETHEUS A. SALMON, 'No. 6 Lopez Street, Kingston, Ont.' REMEMBER THIS—You breathe Catarrhose and it will cure any throat, chest or bronchial cold. Large size, guaranteed, costs \$1.00, and lasts two months; smaller sizes, 25c and 50c. Beware of imitations and insist on "CATARRHOSE" only. By mail from the Catarrhose Co., Buffalo, N. Y., and Kingston, Ont.

MAY RENEW RAILWAY STRIKE. London, Oct. 29.—The strike is grave danger of a renewal of the railway strike, meetings of the men in the chief centres have refused to accept the report of the railway commission and have expressed themselves as ready to renew the struggle if called upon by the executives of the unions.

ST. JOHN, N. B., MONDAY, OCTOBER 31, 1911.

## OUR GOODY HERITAGE.

The fruit exhibition which opens this evening marks a new development of agriculture in this Province. While fruit growing is not entirely a new departure in New Brunswick the present Government has inaugurated a policy under which it will occupy a position of greater importance than heretofore. The success which has followed the efforts of those who have taken up apple growing in Nova Scotia has had a decided influence on the agricultural progress of a considerable section of the Province and has enriched the men who developed the industry. It may be said that apple culture in Nova Scotia, although only a comparatively small area of the Province has been given over to it. For many years the principal agricultural export has been apples and the trade increases year by year.

It is difficult to understand why the agriculturists of this Province have given so little attention to fruit growing and have been so slow to take advantage of New Brunswick's great natural resources in this particular branch of their business, but the fact remains that culture has been a neglected industry, and it will be a matter of general rejoicing that this condition of things is likely to change and that in future greater attention will be given to it.

According to the census of 1901 Canada produced 1,236,042 bushels of apples. New Brunswick's share in this production was 12,750 bushels, while Nova Scotia is credited with \$9,309. In 1901 Carleton county was the largest producer of apples with Westmorland next. Queens and Sunbury, Albert and York followed in the order named. The next census will probably change the order somewhat, though Carleton will probably continue to hold first position. In all other branches of horticulture Nova Scotia led New Brunswick. In small fruits, which can be produced in abundance, the census returns would indicate that not enough was produced for home consumption—that is the farmers did without strawberries rather than engage in their cultivation. As an indication of the lack of interest in fruit and vegetable culture in this Province it may be pointed out that the total value of these crops in New Brunswick was set down at \$279,660, while the figures given for Nova Scotia were \$1,326,101. In the matter of field crops New Brunswick makes a better showing, the figures being: New Brunswick \$7,706,695, Nova Scotia \$3,429,229. The census of 1901 indicates a greater growth of population in New Brunswick than in Nova Scotia. In the latter Province there has been a falling off of about 20,000 in the rural population, while the indications are that the rural population has increased in a greater ratio than the urban population, a condition which was unexpected.

We have heard much lately about the market for agricultural products and one of the stock arguments in favor of reciprocity was that the farmers would have new markets opened up to them. As a matter of fact New Brunswick is still a large buyer of every class of agricultural products. We do not raise enough cattle for our own consumption, notwithstanding the existence of the marsh lands of Tantramar and the fine intervals of the St. John river. The sheep of the Province do not provide us with wool sufficient for our needs. The demands of the winter port trade alone showed a shortage in poultry, of which there ought to be an abundance. We have no apples or other fruits or vegetables for canning, and import all the canned goods that we consume. The dairying industry is confined to one or two counties and the production of butter and cheese is barely sufficient for present requirements. There is not a single line of agriculture in which we are meeting the demands of the home market and producing a surplus, excepting potatoes and turnips. The development of horticulture would be followed by the establishment of canning factories, which would necessarily handle other farm products and keep much of the money at home which now goes to enrich the farmers of other sections of Canada.

The Government has done well by the farmers in allowing the intelligent management of an orchard are substantial from a financial standpoint and the labor is not so exacting as in dairy farming alone. It also tends automatically to other lines of agriculture and will in a very short time lead to greater prosperity in the agricultural districts without interfering with any other branch of farming or in any way lessen the production of field crops which must always remain the mainstay of the country. The exhibition which opens today will be a further revelation to the people of what New Brunswick has already accomplished in fruit culture. It is the best showing that has yet been made and congratulations are due to all those who have made such an exhibition possible.

**AN INDUSTRIAL COUNCIL.**  
The British Government has, in recognition of some suggestions put forward by Sir Charles Macara some months ago, decided to establish forthwith an industrial council which will be presided over by a man of experience and judicial mind under the title of "Chief Industrial Commissioner." The council is to be a special government department with an advisory body composed of a few well known men with the widest experience, representing both capital and labor to whom disputes are to be referred before the stage of a lockout or strike is reached. The main object of this industrial council is to deal with those quarrels between labor and capital that have become so frequent of late in England, and from which, whatever the result, the unfortunate public always suffers.

On the first of these councils Sir Charles Macara, Sir Hugh Bell and other well known men in the great industries will serve, and on the side of labor representatives of the older and newer schools of trade unionism—men of the stamp of Mr. Thomas Burt, M.P., and men like Mr. J. E. Williams of railway strike notoriety. The members of the council are to hold office for one year.

The British Government has given this council its blessing and sent it on its way rejoicing. But the success of the new departure depends largely on the spirit in which both sides approach the tribunal. Efficient machinery for the settlement of disputes is an excellent thing, but no plan devised by the ingenuity of man can meet cases in which reason and moderation are the badge of one side only. This innovation on the part of the British Government looks like a serious attempt to counteract much of the industrial unrest that has been one of the features of the year in the old country.

## THE MURDER RATE IN THE UNITED STATES.

The murder statistics of the United States were discussed at the recent annual meeting at Omaha of the American Prison Association. Judge De Courcy, who read a paper dealing with this subject, pointed out that the United States in 1910 had 8,975 homicides, an increase of nearly 900 over the total for the preceding year. This is close upon 100 homicides for each million of population—a rate which may well be regarded with the gravest concern by every thoughtful citizen of the neighboring country.

Judge De Courcy, in the course of his paper, looking for an aspect of the subject that would afford some relief from the depressing effect of these figures, said that the most important thing is whether the murder rate in the United States is increasing or decreasing. He showed that in 1894, 1895 and 1896 there were more homicides than in 1910, the total for 1896 having been 10,560, or 118 for each million of inhabitants. The plain fact is that whatever such comparisons may show, the annual total of homicides in the United States continues to be shocking in its volume.

A fact dwelt on by all who took part in the discussion that followed Judge De Courcy's paper is that the Southern States are the largest contributors to that annual total. In the closing year of the last century the average number of murders in the United States was 9,944—about 1,000 more than they had last year—and that number not less than 5,489 were committed in fifteen Southern States. It was stated that when towards the close of the year 1904 it was reported to Governor Vandeman of Mississippi that over 200 murders had been committed in that state between January 1 and April 1 of that year, he was sceptical, and wrote to the sheriff of each county for statistics, and he learned that, while the figures first reported were erroneous, it was true that 297 homicides had been committed between New Year's day and November 15. Of the murderers 230 were negroes and 227 negroes had killed negroes. Governor Vandeman's investigation showed that the negro murderers were nearly all young men, and that many had given way to the homicide impulse in gambling games.

One of the speakers at the American Prison Association's meeting at Omaha is reported as having said that England's very low homicide figures are often referred to, but England has no negro problem, and also that "Canada's excellent murder record has been cited as proof of its superior civilization, but Canada has no negroes," while foreign immigration is only beginning to affect its "cities and towns." With all due allowance for the considerations thus set forward, the fact remains undeniably that the murder rate in the United States is shockingly high, and that the administration of the criminal law is not such as to bring about just and prompt punishment of murderers.

## WHEN MISFORTUNE FALLS.

(From the New York Mail.)

Sometimes a clergyman goes wrong. That is sensible, because it is so very unusual. It is out of the humdrum of everyday happenings, and that makes it what reporters call good stuff. But it is a tremendous civic misfortune to have a minister go wrong. It hurts every decent interest of society. No upright man, no every day man, no merchant who values credit among men, but hopes the story is not true. To glaze over it is to be careless of the welfare of our little growing children, our young sons and daughters, whom we send to Sunday school and urge to attend church.

We can measure the moral stamina of men's hearts, we can detect the secret material of their lives, by the way they can guess at their own hidden lives by the way they talk about a man of honor, integrity and real high-mindedness—a man, and not a President of the United States, got drunk at a dinner was a cringing sorrow. They refused to believe it as long as they could. They proved it, hid it and spoke of every circumstance that covered it untrue. This they did because we love our country; because a drunken President would be a calamity worse than famine.

Heaven knows that, in this nervous age of ours, we need every steady prop and stay. We need a pure Church. We need clean men in the character of all teachers of righteousness—men who are professionally not "on the make," but who profess to serve for the love of their fellow man. And he is the baser criminal who laughs in derision over the fall of any such man.

## OFFICIAL RETURNS.

In the official returns of votes cast in 1910 out of 221 constituencies in the recent election, Ontario carries off the palm as the main contributory factor in the turnover. The Conservative majority so far is 55,000 and this will be increased when complete figures are received. The Liberals led in Quebec by about 11,000, but this will be reduced on the final computation.

In Nova Scotia there is a Liberal plurality of 1,931, to be slightly increased by the vote in South Cape Breton, which returned a Liberal. In New Brunswick the Liberals led by 912, and this will be slightly increased by returns from Northumberland and Sunbury-Queens. On Prince Edward Island the Borden Ministry had 600 majority. In the West the figures from Manitoba indicate a lead of 2,000 so far for the Government, and this will be added to. The incomplete returns from Saskatchewan and Alberta will be largely Liberal.

In 194 constituencies for which there have been returns rendered 563,970 votes were cast for Conservative candidates, while the aggregate Liberal vote totals 521,896, showing the popular majority for the Conservative Government to have been 37,744 on returns so far received. As the Liberals had a popular majority last time of 24,000 the turnover will aggregate upwards of 60,000.

## Current Comment

(Ottawa Citizen.)

The people of the Maritime Provinces naturally object to the reduction of their representation in Parliament, due to the growth of the rest of the Dominion; but if their views should prevail the whole scheme of representation as formulated in the British North America Act, would have to be revised. In other quarters than the Maritime Provinces this might be deemed desirable, but would almost certainly give rise to a great deal of opposition and friction.

(Vancouver News-Advertiser.)

No suggestion has yet appeared in the Liberal press that the allowance to the Leader of the Opposition should be discontinued, nor has it been suggested that Sir Wilfrid Laurier when receiving this allowance will be in the pay of the Borden Administration.

(Toronto Mail and Empire.)

There is one very marked difference between politics in Canada and in China. In China the leaders of the defeated party need not speculate as to what will become of them.

(Bangor News.)

Oh, well, Turkey always gets it in the neck along about this time of the year, anyhow.

## MYSTERY SURROUNDING WILLIAM RYDER'S DEATH

Continued from page one.

Witness attempted to hold out the rifle from him and made an effort to discharge it with the stick, Manning was unequal to the task, the gun being very unsteady in his grasp.

On orders of Hon. James A. Murray witness took charge of the salits and found that their position had been changed from where he had first seen them, but they might have been moved by the coroner.

Manning knew Ryder to be a quiet, sober and industrious man. He was quite intimate with him for a long time, and he knew him to be 44 years of age. He also knew Mrs. Ryder.

He had been in the Ryder home and had known of troubles between Ryder and his wife. There had been quarrelling and Mrs. Ryder seemed to be hard on her husband. This was only on one occasion.

In answer to Jurymen Kay, Mr. Manning stated that there was no room in which Ryder could have rested the butt of the rifle.

Witness stated that he was unable to find any marks on one side of the braces worn by deceased, while the other side was burned. When Dr. Lamb viewed the body he did not remove his gloves and made no examination of the body of the man.

## Evidence of a Quarrel.

Dennis O'Regan, who walked home with Ryder on the night previous to the shooting, was then called. He lives two miles from the Ryder house. Witness went to Hampton with deceased on October 29th, to attend court. He and Ryder agreed to go to Susex and Ryder was to drive witness. Mrs. Ryder objected to her husband taking the horse and asked if O'Regan would drive. Witness told her husband to drive and he would pay for it. On Tuesday, Ryder stayed at O'Regan's all night. Ryder and witness came from Hampton together Tuesday night. Neither had been drinking. Ryder was not a drinking man and only once, at a frolic, had he drunk. Witness said that he was a quiet, sober man.

On Tuesday night Ryder and witness found Mrs. Ryder's horse at the mill. Mrs. Ryder, who in reply to her husband, said to him, "You drunk, miserably drunk, get out of this. You do not try to help me or do anything for me." The daughter also said Ryder was worthless.

Ryder had done all right that day having been down to Hampton and got his travelling expenses. He had been to the mill and had paid for the horse in kind. She did not stop, however, and witness called to witness, "Get out of here, Ryder has no room here for you." Ryder stated afterwards that he had tried to throw his coat in the wagon and somebody tried to throw it out. Ryder all this time was being abused and called miserable and no good. Witness then asked Ryder to keep back and let them get out of the house. He did not go, but stayed there till nine o'clock and arrived at three in the morning. They had no money and witness had breakfasted at some home when he, O'Regan, got up at 9 o'clock. Witness was not at the scene of the shooting, but in a car to Jordan mountain to search there.

Harvey Parlee, the next witness, told Mrs. Ryder calling at the home of Mr. Cusack on the 29th of October, remained in the house for 10 or 15 minutes and said she would wait for him to drive off in a quarter of an hour.

## An Important Witness.

Richard Melvin, who followed, gave some of the most important testimony of the day. Mrs. Ryder called at his home in the Parish of Havelock and looked for the body, but it was raining and she did not go down until the morning. He went to the house and was sent by Mrs. Ryder in an easterly direction as the way her husband proceeded when leaving the house. Mrs. Ryder said to witness, "I am pretty sure he is there somewhere dead or alive. Don't overdo it, but go to the left and later was called to where the body was found. He saw footprints ploughed by a woman's shoes, and he saw the Kenneth Cusack about the matter and the latter said that Mrs. Ryder had gone across the meadow with him.

## Mysterious Footprints.

Mrs. Ryder made a statement to the effect that the night before her little girl went across to Mr. McDavitt's and that she went in that direction the bullets had come. She said that if the footprints were there they must have been those of her daughter. Mr. Melvin said to her, "That is not so, they were too large." Charles Perry was then recalled and told Mrs. Ryder calling at his home on Thursday. She stated that her husband had been out and she had sent a search party out for him. This was about five o'clock. She stated that her husband had gone out and she had not returned. He fired down on Friday and saw Mrs. Ryder. She told the search party to "go well over that way." They took

the direction indicated and found Ryder's horse and returned to the house 10 or 15 minutes after the body was found. He was with Charles Perry, John McDavitt and Beverly Cusack.

## No Signs of Grief.

Mrs. Ryder asked if her husband was dead, and witness told her "yes." She replied that it was just as she expected. She exhibited no signs of grief and made no exclamation. She told her there were three bullet wounds and that they were all through the heart. About twenty minutes later she fainted. Kenneth Cusack, who lives at the Ryder house, said he was 17 years of age. He looked not over 10. His father brought out nothing startling. He told of Ryder's return home on Wednesday, of harnessing a horse for the house and saw witness the horse when Ryder decided not to go to a sale and took his gun and went down the Millstream road. After firing on the house and saw witness the horse when Ryder decided not to go to a sale and took his gun and went down the Millstream road. After firing on the house and saw witness the horse when Ryder decided not to go to a sale and took his gun and went down the Millstream road.

## HARVEY STATION.

Harvey Station, Oct. 27.—R. H. Hanson, B. A., School Inspector, for York Co., was examining the schools of this district this week.

Mr. and Mrs. Frost of Vancouver, are visiting relatives here and are the guests of Mrs. Smith, who is Mrs. Frost's aunt.

Wm. T. Coburn and Mrs. Coburn, were visiting friends on the Naikwaaks early this week.

Wm. Messer and Mrs. Messer, have gone to St. Stephen on a visit. Several moose and deer have been shot in this neighborhood. Feathered game have also been plentiful.

Among the list of non-resident hunters here recently, were Mr. Salisbury of Boston, and Mr. Chestnut of Fredericton.

Wesley Coburn, of James Coburn and Son, has taken over the business formerly conducted by his father and himself, and will continue the same. Lumbering operations are not likely to be as extensive in this part as last year.

Miss Flora Harper, of the Provin-

## A Sad Bereavement.

Mr. and Mrs. A. E. Hamilton have undergone a particularly sad bereavement in the death of their five-year old daughter, Clara Mabel B., whose burial took place yesterday from the Hamilton house, Exmouth street. The child died on Saturday after a four days' illness of congestion. Mrs. Hamilton is an invalid with an infant less than a week old, which made the illness and death of the little one especially trying and sad. Rev. Mr. Pinkerton, of the Silver Falls Methodist church, conducted the funeral services yesterday and interment was made in Fernhill. Appropriate music was rendered by several members of the Exmouth street church.

## Harriers Off to Moncton.

The Harrier Football team will leave this morning for Moncton where they will play the Moncton fifteen this afternoon. The locals have taken a strong contingent and expect to win.

serious quarrels in the Ryder family. She was not aware of any incident a year ago in which a gun was used. John McDavitt said he and his daughter had heard the shots fired about 12 o'clock. His daughter, Nellie, was looking for the turkeys when the shots were fired.

The Footprints Again.  
William Melvin recalled, said the woman's tracks seen by him were all alone and went all the way across the road. James Melvin, William Melvin, Jr., and Marshall Cusack were all prepared to swear to this. Witness was positive that he could not have been mistaken as to the remark Mrs. Ryder made to him in regard to the location of her husband's body.

This concluded the evidence and after a short consultation with the coroner, Mr. Fowler addressed the jury. He pointed out the difference between the testimony offered. He pointed out that a shot had been fired that passed through the body of the deceased and cut off a twig back of him. This shot was evidently fired in a direct line breast high and after being struck the deceased had wheeled around and had fallen on his face. The other two shots had been fired, if by another person, while the body was on the ground. Mr. Fowler did not believe that a man in Ryder's condition could have fired the three shots, and taken off his shirt and thrown them away on his left or wounded side. If the question of foul play was to be considered a motive must be looked for. Would the differences between husband and wife supply a motive? He did not think so. Who then would be the person to commit the crime? The more the case was considered, the more the mystery deepened.

The jury was perfectly competent to bring in a verdict of suicide or murder and could name the person suspected, or they could bring in an open verdict stating that the deceased had come to his death by gunshot wounds.

Coroner Wallace then addressed the jury briefly and referred to the fact that they had the guidance of the highest medical testimony and the services of one of the most capable lawyers in the province. He complimented the jury on the intelligence displayed and thanked them for their close attention.

The jury then retired to consider their verdict and after a short absence returned an open verdict as stated in the opening paragraphs of this article.

Laura McDavitt did not hear any shots fired and had not heard of any

TESTIMONIAL

NO. 3785. I had a dreadful attack of cold, after setting on my chest, that fourteen different remedies couldn't break up. I rubbed on Nervine three times a day, used Nervine as a gargle, and was completely restored. I have induced dozens of my friends to use Nervine, and they are all delighted with its wonderful power over pain and sickness.

SATURDAY WAS A QUIET DAY IN MARKET

New York, Oct. 28.—The excitement which the stock market responded to yesterday with the government's suit for dissolution of the U. S. Steel Corporation had disappeared almost completely by the time trading was begun today. In place of the flood of selling orders there was a buying movement of sufficient proportions to prevent an extension of the decline in the steel securities. During most of the session both the common and preferred stock ruled about yesterday's final prices, and both issues closed with substantial fractional gains. The general market exhibited a strong tone, and a large part of yesterday's losses were recovered. Chairman Gary's opening remarks in the House, in which he regarded as to some extent responsible for the movement. The Steel Corporation's five reasons why, in his opinion the suit should be decided in its favor, did not place the matter in a new light, but the confident tone in which the corporation asserted its position was thought to have exerted a quieting influence. Another factor in the market's position was the steel stocks was the demand from the short interest, which apparently judged it wise to cover upon a rather extensive scale. In the general stock market, pronounced strength was shown by the Harriman stocks, copper and a number of the industrial sudden gains, and Canadian Pacific developed especial strength, advancing 2 1/2.

The rise in prices was foreshadowed by the strength shown by American stocks in London before the opening of the Trading here. London account was on a much smaller volume than yesterday. A small decrease in net earnings for September was reported by the Reading Company, a gain by the Coal and Iron Company having been more than offset by a decline in other divisions. The New Haven road reports, regarding whose dividend rate have called forth statements from President McLean, reported a small increase in net for last month. Signs of improvement in business were noted by the mercantile review, although the basic features of the situation are not essentially changed. Advice from Pittsburgh was that the U. S. Steel suit was not expected to affect the iron market. Bonds were firm with a large demand for the Erie issues. Total sales, par value, \$192,000. United States three's advanced 1/8 on call, on the week.

YOUNG SAYLOR KNOCKED OUT. New Orleans, La., Oct. 29.—Floored his man seven times, Joe Mandot of this city knocked out Young Saylor of Indianapolis in the fifth round of a hard fighting fight before a large crowd at the West Side Athletic club this afternoon. They had been matched for a 29 round bout.

Are You Dyspeptic? Then Wake Up to the Fact Today That Your Trouble Is Curable.

Thinness, tiredness, poor color, loss of appetite and despondency indicate Dyspepsia and Stomach Disorders. You don't require a harsh, gripping medicine. Best results come from Dr. Hamilton's Pills of Mandrake and Buttermilk, which contain soothing, stimulating vegetable ingredients that strengthen the stomach and bowels as nature intended. When this is accomplished all trace of stomach misery and dyspepsia disappears. You will find Dr. Hamilton's Pills a scientific cure for all forms of stomach distress, headache, biliousness, bad color, liver complaint and constipation. Not half-way measures—but lasting cure for these conditions follow the use of Dr. Hamilton's PILLS. REFUSE A SUBSTITUTE. All dealers sell Dr. Hamilton's Pills, 25c. per box, or from the Cattaraugus Co., Kingston, Ont.

Canada Machinery Corporation 6% Bonds Every dollar of bonds issued secured by over three dollars of assets. \$400,000 bonds against \$1,237,000 assets. Earnings sufficient to pay bond interest five times over. Last year company's earnings preferred client to pay bond interest, preferred stock dividends and leave balance equal to 8 per cent. on common stock. Price upon application.

CLOSING COTTON LETTER. By Direct Private Wires to J. C. Mackintosh & Co. New York, Oct. 28.—Today's cotton market as a whole was comparatively dull and devoid of interesting features. It was apparent that the demand for cotton was weaker than the dips, this demand appears to originate with the general short interest which is considered to be large. A portion of this interest, whether consciously or not, is under the impression that there is little margin above the cost of production, above the recent level and are willing to cover at that price. Meantime the gradual enabling this portion of the short interest to cover and many people express the opinion that it is only a question of time until the enormous movement will, through hedge sales, have reduced the short interest to insignificant proportions. The prospect seems to be that there will be more cotton available during the next six months than will be absorbed by the demand. Under the circumstances we again advocate sales on all strong spots. JUDSON & CO.

HARVEY A. M'GOY DIED YESTERDAY. Harvey A. McGoey, one of the best known trainers and race drivers of harness horses in New Brunswick, had been identified with racing all his life, having conducted public training stables in Port Fairfield, Maine, and towns as well as at the race track here. Although but a young man, he was well known to the followers of racing throughout the Maritime Provinces and the New England States; had driven many races and had given a large number of horses, standard records. His sudden death comes as a great shock to his many friends. The late Mr. McGoey, who was 35 years old, is survived by his widow, formerly Miss Cameron, of Marsville, and one son, also his mother, two brothers, Grayson C. McGoey, Port Fairfield, Maine, and Charles McGoey, Toronto, and three sisters, Mrs. Colburn, formerly of Stanley, Mrs. H. Morgan, of this city, and Mrs. Austin J. McEllan, of Boston. He was a member of the Knights of Pythias in Port Fairfield, Maine. The funeral will take place on Monday afternoon at 3 o'clock.

FISTIC FACTS, BY TOM

Thomas C. Andrews is known wherever boxing has a hold upon the public as an authority on matters pertaining to the sport. His record book is official. His recent world tour with American boxers gave him a more comprehensive idea of the scope of the sport than is possessed by any other writer. He will write a weekly letter on important events in the boxing world—Sporting Editor. (By Tom Andrews.)

The English boxers, whose coming has been looked for, arrived in New York Oct. 24. They will rest, to recover their sea legs and settle down to business about Nov. 1. It is likely they will show in New York first, at Tom O'Rourke's club. Boston, Philadelphia and Toronto are bidding for them and D. J. Tortorich of the West Side Club, New Orleans, plans to use them as stars. The New York press is interested in their appearance here.

Tom Andrews Orleans club is interested financially in their appearance here. Sid Smith and Billy Marchant, the night members of the party, were busy before leaving England. Smith defeated three men four days apart. His last victim was the French crack Gildard, to whom he gave 12 pounds. Marchant also won a trio of battles. London papers say Marchant will succeed Driscoll as featherweight champion. Success for both boys in this country is predicted by English writers.

English fans have a high regard for Bombarier Billy Wells' ability, even if he's not given a chance as receiver general for Jack Johnson. From London an expert and friend writes me as follows: "I see where a New York writer says Wells would have been easy for present American heavyweights. On what promises he bases his opinion I cannot say, but he will get the biggest surprise of his life when he sees Wells in action."

"Because Wells would prove a poor match for the black champion is no argument. Is there any American heavyweight who can make Johnson ever sweat? When Wells beat Flynn, the American scarcely ever laid a glove on him. Any man who will hold the worst heavy in America."

"Tom O'Rourke of New York has proposed to Wells that he go to the United States, and he may, but will not decide until after his bout with Gunner Molt. If he defeats Molt he has agreed to meet the South African, Fred Starbuck. This match will show whether Wells has increased in stamina."

The fact is that Tom O'Rourke's offer to Wells was \$4,000 or the privilege of 25 per cent. of the gross receipts and two steamer tickets. I believe he will come to this country.

The latest boxing sensation in Europe is George Carpentier, the French welterweight, who defeated

His recent world tour with American boxers gave him a more comprehensive idea of the scope of the sport than is possessed by any other writer. He will write a weekly letter on important events in the boxing world.—Sporting Editor.

(By Tom Andrews.) The English boxers, whose coming has been looked for, arrived in New York Oct. 24. They will rest, to recover their sea legs and settle down to business about Nov. 1. It is likely they will show in New York first, at Tom O'Rourke's club, Boston, Philadelphia and Toronto are bidding for them and D. J. Tortorich of the West Side Club, New Orleans, plans to use them as stars. The New Orleans club is interested financially in their appearance here.

Sid Smith and Billy Marchant, the fight members of the party, were busy before leaving England. Smith defeated three men four days apart. His last victim was the French crack Gillard, to whom he gave 12 pounds. Marchant also won a trio of battles. London papers say Marchant will succeed Driscoll as featherweight champion. Success for both boys in this country is predicted by English writers.

Manager W. E. Ames wants to get Smith against Johnny Coulon, for the bantam title and prefers Marchant's own weight—115 pounds. Marchant wants to meet the best 124 pounder and then Abe Attell.

English fans have a high regard for Bombarier Billy Wells' ability, even if he wasn't given a chance as receiver general for Jack Johnson. From London an expert and friend writes me as follows:

"I see where a New York writer says Wells would have been easy for present American heavyweights. On what premises he bases his opinion I cannot say, but he will get the biggest surprise of his life when he sees Wells in action.

"Because Wells would prove a poor match for the black champion is no argument. Is there any American heavyweight who can make Johnson ever sweat? When Wells beat Flynn, the American scarcely ever laid a glove on him. And Flynn isn't the worst heavy in America.

"Tom O'Rourke of New York has proposed to Wells that he go to the United States, and he may, but will not decide until after his bout with Gunner Moir. If he defeats Moir he has agreed to meet the South African, Fred Stonebeck. This match will show whether Wells has increased in stamina.

"I can say that Tom O'Rourke's offer to Wells was \$4,000 or the privilege of 25 per cent. of the gross receipts and two steamer tickets. I believe he will come to this country.

The latest boxing sensation in Europe is George Carpentier, the French welterweight, who defeated

HARRIERS AND MONCTON'S IN A TIE GAME

The football game on Saturday between the Harriers and Moncton City resulted in a tie, neither team scoring. There was a fairly good attendance and the game was an exciting one.

The Harriers kicked off and a scrum was called on the fifty yard line. The Harriers rushed the ball down the field and a free kick was awarded them. They tried a place kick but failed. The Moncton boys bucked up at this stage and carried the ball well into the Harriers' territory, and for a few moments things looked serious for them, Finley saving the situation by one of his long punts. The Harrier halfbacks then got busy, Clark making an especially good run. The game then settled down, neither team having the better of the play. The first half ended with the ball on the Moncton twenty-five yard line.

The first part of the last half was anybody's game, good football being played by both teams.

The Harrier backs nearly scored at this stage, Brooks getting the ball on the throw in from touch, and breaking clear passed to Howard, Clark finally getting the ball about ten yards from the line, but was forced into touch. Moncton then forced the pigskin down the field, and the last ten minutes of play saw the Harriers' scrum putting up a defence that the visitors could not break through. The game was marked by the quarrelling of players on both teams, several exciting affairs that look better in the squared arena than on a football field being just stopped in time.

The lineup: Harriers: Forwards: Mackay, LeLacheur, Doyle, Turner, Cummings, Greason, McLeod, March, Sewell, Shaw, Cosman, Brooks, McFarland.

Quarters: Keefe, Cochran, Malcolm, McIsaac, F. Brown, Gilbert, P. Brown, Halves: Clark, O'Neill, Drinan, Donald, Churchill, Cummings, Fullbacks: Howard, C. Brown, Finley, Campbell, Sandy Thorne referred satisfactory.

As the result of his splendid showing against Jimmy Clabby at Wingham, Mike Gibbons of St. Paul has an offer from Hugh McIntosh, to go to Australia this winter.

The West-side Athletic club, New Orleans, will not open the big clubhouse across the river from New Orleans until Oct. 29, when Young Saylor, who beat Bat, Nelson, will meet Joe Mandor, the Memphis boy, who has been beating all comers. They will go 20 rounds and the winner may meet Freddy Welsh or K. O. Brown.

Joe Rivers, the Los Angeles Mexican, who made a whirlwind rush of the featherweights until he bumped into Johnny Kilbane, wants to try the east, and his manager, Joe Levy, is negotiating with New Orleans, Memphis and other eastern clubs for matches. Tom McCarey is trying to hold the Mexican in the west for matches with either Kilbane or Frankie Conley.

SID BURNS.

FOOTBALL HERE TODAY.

The followers of the struggles on the gridiron will see good football this afternoon when the Moncton Aberdeen High School pigskin chasers will clash with the local High School fifteen, on the Marathon grounds. The game will start at 3 o'clock sharp. The second High School team will play the second Carleton team, making a double-header for this afternoon. As both teams are in the best of condition a good afternoon's sport is assured.

THAYER BOOTING THE CALFSKIN

HALFBACK THAYER.

Thayer is a Pennsylvania star. He is a fast-running halfback, at his best in a broken field. He has an educated toe and can make the oval perform in a startling manner when the occasion demands.

A BICYCLE RACE THIS AFTERNOON

The 20 mile bicycle road race for the Dunlop Tyre trophy will be one of the events of this afternoon that great interest is taken in. The fastest cyclists of the Maritime Provinces are competing and the course is from the Every Day Club hall on Union street to Rothesay and return. The entrants are: Joe Foote, of the D. B. C., of Dartmouth, N. S.; W. A. Moir, Wanderers Club, Halifax; Nelson Winchester, of the Charlottetown Abegweits; T. C. Oulton, of Amherst; W. H. Smith of the Every Day Club, St. John, and H. M. Cochrane, Bloomfield, N. B.

JACK JOHNSON IS A MASON NOW.

London, Oct. 29.—The recent somewhat hurried initiation of Jack Johnson, the negro prizefighter, into a Masonic lodge of Dundee, has raised a storm of protest throughout the country. The grand lodge of Scotland, presided over by the Marquis of Fife, has ordered a searching inquiry into the matter. The Dundeeites ridicule the interference of the grand lodge and maintain that Johnson is as good as any Scotchman.

ROTHESAY BEATEN IN FAST GAME

Special to The Standard. Fredericton, Oct. 29.—By defeating Rothesay College school team by a score of 6 to 0, here on Saturday afternoon, the Fredericton high school won the championship of the inter-scholastic football league of New Brunswick and will have possession of the trophy offered by the students of the University of New Brunswick for the first year.

The Fredericton team won all their games with the exception of that played with the St. John high school at St. John, and there was great celebration over the winning of the championship. After the game the Rothesay team was entertained at a supper at the Y. M. C. A. social rooms where speeches were made by Dr. R. C. Foster, the principal of the Fredericton high school, and others.

The game was played at Scullys Grove and proved an interesting contest for the large number of spectators who gathered to watch the two fast young teams battling for the championship honors. Fredericton scored one try in each half and in the second half particularly kept the play almost entirely within the Rothesay team's territory. The Fredericton quarterbacks played effectively, Harvey scoring the last try while Vanwart at fullback and Barber who scored the first try and Steves on the half line were also prominent. Hibbard and Brown were among Rothesay's best men while Dan also showed up strongly. Arthur McCuskey was the referee and gave general satisfaction.

The lineup: Fredericton High School: Fullback: Vanwart, Halves: Steves, Oldham, Belliveau, Harbour, Quarters: Edgecombe, Harvey, Oulton, Dalen, Forwards: Suter, Lechard, Turner, Oliver, Case, Harrison, Hobkirk, Bell, Boone, Wright (spare).

The victorious team owe their victory largely to the constant and timely work of their coach, C. M. Lawson, the classical master at the school, a U. N. B. graduate.

SATURDAY'S FOOTBALL RESULTS

Ottawa, Oct. 22.—Ottawa sprung a big surprise today when they defeated the Hamilton Tigers in easy fashion in a somewhat dull football match. Hamilton swamped the Ottawa fourteen in Hamilton in their previous game this season, but today playing at home, Ottawa showed a remarkable reversal of form and won by 22-9. The Hamiltonians had been picked to win the interprovincial championship, but today's result makes both Ottawa and Toronto Argonauts look like serious contenders.

Toronto, Oct. 28.—The Montreal football fourteen, fallers in the interprovincial league, put up a far better exhibition than was expected today against the Argonauts and only lost on the last quarter when the heavier line of the locals smashed down all opposition and long kicking by the backs piled up six points on rouges and in touch behind kicks, the score being 12-8.

Montreal, Oct. 28.—Toronto variety practically clinched the interprovincial football championship today when they defeated McGill in a brilliant game by 26-22. The McGill backs were playing away below form and repeated fumbling gave the fast Toronto wings opportunities which they were not slow to take advantage of.

Kingston, Oct. 28.—Ottawa College today defeated Queen's University by a score of 12-10 in a good game of football. The visitors played superior ball in the second and third periods, but in the last quarter were pressed hard to maintain their lead. Their win puts them on a footing with Toronto Varsity, but they have not shown the form of the Toronto team, and it is thought practically certain that they will fail to defeat them when they visit Toronto later in the season.

Advertisement for Tooke Collar, featuring an illustration of a man in a suit and a collar. Text: 'Style and Comfort in a Tooke Collar. Made in 1/4 sizes for Canadians by 25% For Canadians by Canadians. Tooke pays No Duty—See the point? Ask your dealer to show you the "VICEROY" with the new TOOKE Lock Buttonhole holding the collar tight together in front.'

GOOD FIELD RACE TODAY

The Halifax Herald and Mail's road race, which is a regular feature now of the sporting year, and is regarded with much interest throughout the province will be run in Halifax today commencing this morning at ten o'clock. The long distance running game is wanting in popularity and probably for this season the number of entries for the event is smaller than usual. Some of the fastest men in the country have, however, entered and the competition should be keen for the honors.

The official entry list as published in the Halifax Herald on Saturday morning contains the name of a St. John man who will represent the list of entries is as follows: Mackins, Gunner George, R. C. G. A. A. A. Myatt, Robert (unattached), Smyth, Corporal, R. C. R. A. A. A. Duhart, Corporal, R. C. R. A. A. A. Loughton, Private, R. C. R. A. A. A. Lafranco, Corporal, R. C. R. A. A. A. THE EDISON PHONOGRAPH

is the popular instrument for the same reason that popular music is popular—it makes the biggest hit with the biggest crowd

—not only because of its great popular repertoire; not only because of its equally noteworthy classical repertoire; not only because of the true-to-life rendering which the sapphire reproducing-point insures; not only because of the Amberol Records, or because it is the instrument on which you can make your own records at home—but, because all these things form a combination which everyone recognizes as the greatest thing in the musical world today—the Edison Phonograph. Everyone wants the Edison—every home needs it—anyone can afford it. There is a style at almost every price. Go to an Edison dealer's and see and hear the Edison Phonograph today.

British Records—French Records. In addition to our regular monthly list of Edison Standard and Edison Amberol Records, we issue regularly a number of British and French Records. Our British and French Record catalogues contain the complete list of these selections, published in record form. Be sure to get them from your dealer when you go to buy your Edison Phonograph—and ask to have the new Record Supplements mailed you free every month. A complete line of Edison Phonographs and Records will be found at W. H. Thorne & Co., Limited, 42-46 Prince Wm. St.

### AROUND THE CITY THANKSGIVING DAY IN THE CITY HOTELS

St. John Arts Club. The opening meeting of the St. John Arts Club will be held at the home of Mrs. C. K. Allan, tomorrow evening.

Particularly Appropriate Menu Cards Tell of Appetizing Dinners for Guests at Local Hotels Today.

In honor of Thanksgiving Day the city hotels have prepared menus of especial excellence for their patrons and while today is one that can be best spent at home, still the men who are obliged to be at the city hotels on this occasion will fare sumptuously in conformity with the class of the dinner offered the menu cards are more elaborate than usual and will form pleasing souvenirs of the day.

The Victoria Hotel has a menu card that is very neatly gotten up and is bound in imitation Morocco leather with a Thanksgiving card that is appropriate to the occasion on the cover.

The DuFour has an especially good card that is bound in dull finished grey paper with the DuFour crest in the lower right hand corner, above this and showing through from the inner page there is a first class picture of the emblem of Thanksgiving and altogether it is a very natty card.

The Clifton House makes it a pretty white booklet with a neat Thanksgiving card on the outside.

The Borden Dinner. The complimentary dinner to be tendered the Hon. R. L. Borden, prime minister of Canada at the Mayflower Rink in Halifax on the evening of Thursday, Nov. 2nd, promises to be one of the most remarkable tributes ever paid to a public man in Canada.

A Painful Accident. Fred Haggerty, who lives in Guilford street, Carleton, was painfully injured on Saturday. He had been helping a neighbor, William Fitzgerald, to put up a self feeder when the top fell off striking him in the face and head. He was thrown over the banister cutting his head and neck quite badly. Dr. Neve was called in and found it necessary to put a number of stitches in the wounds.

Boy Scouts Plans For Day. The scout patrol connected with the Y. M. C. A., Trinity church, Germain street Baptist, and Centenary will meet this morning at the St. John Ice Co. buildings in the park for a paper chase, the finish will be at the Y. M. C. A. building. The races must be back in time for dinner. The Harp Ave. troop in charge of Morris Hambro, will spend the day at Fry's Pan Lake.

Wants Protestant Detention Home. A meeting will be held at the Mayor's office on Wednesday, Nov. 1st at 9 a. m., at which the Municipal and Common Council are requested to attend. This meeting has been called at the request of J. King Kealey, county secretary, for the purpose of taking into consideration the desirability of providing a detention home for Protestant children from tender years, who cannot be adequately provided for at the Orphan Asylum under existing conditions.

On An Inspection Trip. Dr. J. W. Daniel, ex-M. P., and John Kelly, Inspector of Lighthouses and other aids to navigation, who have been on a trip down the bay in the government steamer Stanley, returned to the city on Saturday. Speaking of his trip to a reporter, Dr. Daniel said they had found the lighthouses and fog whistles in a very satisfactory condition, but in his opinion the life saving stations were not up to the mark, the lifeboats at most of them being too small for effective service. The doctor enjoyed the trip immensely.

Collided With Dredge. Last Saturday morning the government tug Helena while towing a loaded mid scow from the dredge W. S. Fielding collided with the dredge Stonellitter, at anchor in the channel, brooking four or five of the iron plates on one side of the Stonellitter, which caused quite a commotion on board of the dredge, the crew being at dinner at the time. The Stonellitter had hold on a large hauler and had to let it go to save herself from sinking. A tug came to the Stonellitter's rescue and towed her up to her berth at the West end, where she now is, and where repairs will have to be made before she can work again.

An Interesting Lecture. The Rev. J. A. Duke spoke for an hour yesterday afternoon before the St. Peter's Y. M. C. The subject taken up were, Ancient Rome and Stories from the Life of St. Peter. Illustrated views were shown of the ancient Roman ruins, the Appian way, early Christian martyrs thrown to the wild beasts, the assembly of the cardinals when they met to elect a new Pope, and the crowd before the Vatican waiting for the result. The Rev. J. A. Duke gave a short lecture with each of these pictures, describing the incidents as they took place. A very large crowd was present as these lectures are very instructive.

Mrs. L. A. McAlpine. Mrs. L. A. McAlpine, wife of Dr. L. A. McAlpine, and daughter of the late Rev. J. B. Shenton, died at her home on Princess street yesterday afternoon. Mrs. McAlpine who is survived by her husband, mother and Mrs. Gronlund, a sister, was taken ill with pneumonia while in New York, and was brought home. Drs. Emery and Walker were called in but her illness would not respond to treatment and after a few days sickness she succumbed. Mrs. McAlpine was a prominent church worker, and was actively engaged in the Epworth League of the Queen Square Methodist church, and was also president of the King Square Literary club, who will greatly miss her. Mrs. McAlpine was very popular and made many friends who sincerely mourn her loss and extend their sympathies to her bereaved husband.

### MOTOR BOAT PIRATE CAUGHT IN EASTPORT

Motor Boat in St. John and Continued Along Coast Looting, when he Could, Until Captured.

After stealing a motor boat here a man supposed to be a foreigner was arrested on Saturday morning in Eastport, and will be tried there for bringing stolen property into the United States. Besides the theft of the boat he is charged with stealing \$25 worth of goods from Capt. Lovett's sardine boat on the way down, as well as stealing \$50 worth of goods from another boat at Back Bay.

The boat was stolen about a week ago Wednesday from Duke street slip. It was owned by Ralph Preston, 294 British street. Mr. Preston's son Ralph got word of the missing boat at LePreux and from there Harry Preston, a brother of Ralph, Jr., followed the thief all the way to Eastport, sticking to the trail until the man was finally arrested in Eastport. Harry is now in Eastport and Ralph will leave this morning for there to give evidence against the man.

The first indication Mr. Preston received that his boat was heading down the bay was a letter from Mont Hope, of Little LePreux in which he said that Capt. Dan Cassidy had seen the boat there. The man put in there and in answer to questions said that he was out buying apples for his father who lived in St. John. He stayed there all night, but next morning he endeavored to sell the boat which managed to get away from Cassidy.

That before he finally left he stole goods of different kinds to the value of \$25 from Capt. Lovett's sardine boat and then went on to Back Bay and helped himself to gasoline, rubber boots, rubber coats and other articles from another boat, his booty this time being valued at \$50. From Back Bay the unknown was chased by a party in a motor boat, but he managed to get away from them.

The boat stolen was a valuable one. It was a 20 foot lapstreak with a 4 H. P. Perfection engine and was a fine racing craft. It is expected that the boat will be brought back to the city either Tuesday or Wednesday.

## N. B. APPLE SHOW WILL BE BETTER THAN LAST YEAR

Particularly Fine Showing of New Brunswick Grown Fruit to be Displayed in St. Andrew's Rink-Opens Tonight

The fruit show which will be opened in St. Andrew's Rink this evening will be the best one held last year and should prove a great attraction, as well as a source of pride, to all interested in the development of the fruit lands of the province. In addition to the exhibits from the experimental orchards in different parts of the province, which are being made by the Provincial Department of Agriculture, there will be 45 private exhibits. Altogether there are upwards of 1,000 entries.

On the tables there will be 1,500 plates of apples, and arranged around the sides of the rink there will be 700 boxes of apples and about 75 barrels. There will also be an exhibit of 200 jars of jellies and some small fruits. A feature of the show will be the exhibits of spraying machinery, pruning and other orchard tools and implements.

The official opening of the show will take place this evening at 8 o'clock. It was expected that Premier Fleming would be present at this event and deliver an address, but circumstances have arisen which will prevent him attending. Hon. Dr. Landry, the commissioner of agriculture, will be the principal speaker, and it is expected that C. N. Vroom, President of the New Brunswick Fruit Growers' Association, Hon. Robert Maxwell, W. W. Hubbard, secretary for agriculture, Prof. Blair of Macdonald College, and Prof. McNeil, chief of the federal fruit department, will also deliver addresses.

On Tuesday morning judging of the exhibits will take place, the judges being Prof. W. S. Blair, Prof. W. T. Macoun, Prof. P. Shaw, A. G. Turney and others.

At 10 a. m., Tuesday, there will be a meeting of the executive of the Fruit Growers' Association, and at 2 p. m. there will be a general meeting of the association, at which business matters connected with the organization will be discussed and officers for the ensuing year elected. In the evening at 9 o'clock, the members of the association will hold a banquet at the Victoria Hotel.

The programme for Wednesday, consists of addresses and discussions on various phases of orcharding. The principal speakers will be Professor W. S. Blair, Prof. W. T. Macoun, and Prof. P. Shaw.

The present officers of the N. B. Fruit Growers' Association, are as follows: Honorary President, Hon. J. D. Hazen; President, N. Vroom, W. B. Gilman, Fredericton; County directors: Albert—H. L. Steeves, Lower Clivedale; Carleton—J. B. Daggert, Centreville; Kings—Maj. O. W. Wetmore, Clifton; Queens—S. L. Peters, Westmorland—B. Charrier, Chartersville; St. John—W. E. Bowman, St. John, Secretary, A. G. Turney, Fredericton; Treasurer, H. Wilmoit, Oranoch.

Nickel Starts 10 A. M. Today. A programme of comedy, melodrama and exciting outdoor stories, with popular and classical music has been chosen for the Nickel Theatre giving bill, which starts at 10 a. m. today. Read the advt.

Promenade Concert. Do not make any other engagement for tomorrow night but attend the promenade concert to be held in the tenary church schoolroom under the auspices of the Free-to-Serve and Loyalist clubs of that church. Admission 15 cents. Come and bring that friend of yours with you.
