### TO STIMULATE CROP PRODUCTION

Provincial Minister of Agriculture  
Makes Important Announcement

Through plans which Hon. J. F. Tweeddale, minister of agriculture, is perfecting, it is expected that the farmers of the province will be materially benefited. The provincial government, beginning this year, proposes to furnish ground limestone to all parts of New Brunswick at a price not higher than \$5 a ton delivered, and possibly as low as \$4 a ton. By using lime as fertilizer for certain crops the farmers, it is believed, will be able to increase the production by from 50 to 100 per cent. At the present time prepared fertilizer is worth \$65 a ton a cost which places it beyond the reach of many, except in limited quantities.

Hon. Mr. Tweeddale, who is at the Dufferin, came to St. John yesterday to interview the divisional freight agents of the railroads in the hope that the transportation lines will be able to grant special freight rates for lime. Just now lime is classified with such expensive commodities as general fertilizer. While Hon. Mr. Tweeddale's proposition will have to be referred to the headquarters of the railroads, he is confident that concessions will be made, as a reduction in freight rates would have the effect of enabling the farmers to produce larger crops and furnish more business for the transportation lines in the fall and winter when the crops are moved to market. Some of the railroads in the United States are hauling farm materials very cheaply in order to aid the producers to raise larger crops and give more traffic to the rail lines.

The minister predicted that a very large wheat acreage would be under cultivation this year in New Brunswick, because of the higher flour prices. Since the Foster government assumed office, six modern flour mills had been erected at central points in the province and these were producing fifty barrels of flour each per day, as good as western and Ontario flour. The government paid a bonus to each mill having a capacity of fifty barrels of \$2,000 and is protected from loss by fire by insurance policies. Several mills of a capacity of twenty-five barrels daily had also been built in the province during the office of the present government.

#### Mrs. Wiley's Death

The death of Mrs. Margaret Wiley, of Jacksonville, occurred

at her home January 13 of pneumonia. She was 75 years of age and widow of the late Andrew Wiley. Six children survive—Ada and Belle at home, Robert and Harry in the west, Hugh and Herbert at home and one sister, Mrs. Charles Wiley, of Jacksonville. The funeral took place Thursday. The deceased was highly respected by all who know her and her death is sincerely regretted.

### SPEAKER HEARD AT BOSTON DINNER

Rev. A. A. Rideout, Formerly of  
Hartland, was Orator at the  
Canadian Club

A "ten strike" was made by the Canadian Club of Boston for its January dinner, in its speaking talent, a feature that is welding its membership and constantly enlarging its ranks so that it is close upon one thousand. Rev. A. A. Rideout, of the Blaney Memorial church, Dorchester, a native of Hartland, and whose last New Brunswick pastorate was at the George Street church, Fredericton, talked of "Canada in the New World Order," first catching the attention in the Dominion's share in the great conflict and pointing with pride to its herculean task of having, in six weeks after England accepted its aid sent 33,000 men on the way to the battlefield. He thrilled his listeners when he told of the heroic stand Canadian soldiers had taken in every fight. He was proud of the spirit which put nearly half a million men overseas. He didn't forget to extol Britain's navy. "England and the United States stand for the same liberties and the same kind of justice. Put them together, and they can rule the world. Canada is for international good will with its neighbor and Canadians who have been adopted will see to it that such is brought about, said the speaker, who roused such enthusiasm that his audience rose in compliment.

#### Torturing, Itching Eczema

Mrs. J. H. Hoeth, Paspebiac, Bonaventure Co., Que., writes: "Thanks to Dr. Chase's Ointment I have been completely cured of that horrible disease eczema. I was held as if in prison from going among other people, for I was ashamed of the raw, flaming sores. Doctors could do nothing for me and I was almost desperate with suffering when I began to use Dr. Chase's Ointment. In one month I was completely cured and think that this was little short of a miracle."

### FINE SPEED WAS SHOWN

Tuesday's Races were a Surprise  
for all Hands

The races on the ice near the lower mill on Tuesday afternoon proved about the prettiest sight seen on the St. John river for many a season, but it is disheartening to the Hartland Driving Club, composed of a number of business men anxious to do more for the town than to merely create sport, that townspeople do not give the races more attention.

The chief point of antagonism to the ball games and the movies is that they cost money. One has not to pay to see a horse race. On Tuesday afternoon a great bunch of speeders was on the ice. There were some very close finishes and most of the races were won neck and neck. The attention of Woodstock and Fredericton horsemen is directed to the following:

CLASS B	
Cassie W.	1 2 1 1 McLeod
Lady Bell	2 1 2 2 DeWitt
Time: 31, 33, 32, 32.	
CLASS C	
Sweet Alice	1 1 2 1 MacIntosh
Molly Wood	2 2 1 2 Thornton
Time: 34, 35, 33, 35.	
CLASS D	
Gray D.	1 2 1 1 Britton
Neddie M.	3 1 2 3 Plummer
Faye M.	4 3 3 2 McQuarrie
Lady Dufferin	2 4 4 4 Kennedy
Time: 40, 36, 35, 37.	

The next race will be held on Tuesday afternoon at 2 o'clock. The cost of keeping up the track is considerable and since each race attracts a large number of outsiders with money to spend it would be good business if the local business men help to sustain their weekly meets. In last week's report Howard Kennedy's horse was given fourth place when it should have been given first.

## VALUES IT MORE THAN A FORTUNE

### Power Gains Eighteen Pounds Rheumatism Disappears After Taking Tanlac

"I consider what Tanlac has done for me to be worth more than a fortune," said George Power, of Halifax, N. S., while talking to the Tanlac representative a few days ago. Mr. Power lives at 20-1/2 Rottenburg St. Halifax, has lived in Nova Scotia all his life and is a well known employee of the Nova Scotia Tram and Power Co.

"I've actually gained eighteen pounds since taking Tanlac, and I feel better in every way than I have in twenty-eight long years, and what's more I have spent hundreds and hundreds of dollars on medicines and never got a particle of good until I found Tanlac," continued Mr. Power.

"I had rheumatism in both my legs from the knees down, and in damp weather I just had to stay at home from work. My ankles bothered me too, and I don't believe anybody in the world ever suffered from rheumatism as bad as I did for it was just a sharp shooting pain that would go through my knees, down my legs and into my ankles like somebody was sticking a knife through me, and I would be in such agony that I would turn as white as a sheet. When these attacks came on me I wouldn't be able to sleep a wink but would roll and tumble all night long, and my joints would swell and my knees would be as stiff as a board and I couldn't walk a step for two or three days at a time and would be laid up at home flat on my back with my knees so stiff I couldn't bend them at all.

"I noticed where Tanlac was being highly recommended by people right here in Halifax, so I decided to try it. And I wouldn't take anything in the world for the good it has done me. If anybody don't believe that I am a well man, and that the rheumatism has left me entirely and that I never feel even a trace of it, just tell them to see me. My appetite has picked up and I have gained in weight, and feel better in every way and can sleep fine at night. Tanlac is the greatest thing I have ever seen, and I want you to publish this statement for I want everybody to know what this medicine will do."

Tanlac is sold in Hartland by Estey & Curtis Co., in Bristol by Dr. G. W. Somerville, in Centreville by Stevens Bros., in Woodstock by E. W. Mair, in Benton by W. E. Porter, in River de Chute by Daniel B. Baird, and in Florenceville by A. B. Lovely and in Bath by Bath Drug Co.

#### Card of Thanks

We wish to thank our pastor, neighbors and friends for all their services rendered during the illness and death of our loved father and husband. We also extend our sincere gratitude and thanks to Rev. M. H. Manuel (Presbyterian) and the pastor, church and choir of Centreville.

and Family

### WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. A. Bernard, La Presentation, Que. writes:—"I have used Baby's Own Tablets for my baby and am well satisfied with them. I have recommended them to several of my friends who have also used them with beneficial results." The Tablets are a mild but thorough laxative which regulate the stomach and bowels and thus prove of benefit in cases of indigestion, constipation, colic, cold, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Charles T. Boyer

The death of Mrs. Charles T.

Boyer occurred at 9 o'clock on Saturday evening, January 10. Mrs. Boyer had been ailing for several months with a complication of diseases resulting from old age, having reached the age of seventy-three years. She was a lifelong member of the Baptist church and a faithful and constant Christian until the end. She was loved and respected by all the community and will be missed by a large circle of friends. She is survived by her husband and four children, Howard of Grafton; Lorne and Mrs. James Banks, both of East Florenceville, and Miss Gertrude at home. The funeral services were conducted from her late residence at 3 o'clock on Monday by Rev. F. E. Bishop, pastor of the Baptist church.

#### As The Farmer Sees It

(Farmer Magazine.)  
Farm life is on the up grade. Keep your eye on the politicians! Let us get back to the country model school.

Party government always prefers party to good government. Canada marketed an over-abundance of sheep last fall.

Live stock men see a good future in European trade.

Ideals are better than deals as a watchword for public office. Lambs at \$49 per cwt. at the Toronto show ought to encourage sheep-raisers.

Less literature and better literature should be the slogan of all government departments.

Multitudes of city people, bred on the farm, are in sympathy with the farmers government.

Make your school section more real to your farm, and the teacher's work more of your work this year.

Farmers are noticed by their absence from the provincial buildings asking jobs. The farm develops few hangers-on.

Black Hector will travel Europe to advertise Canada's live-stock business. This is a splendid move by the Dominion department of agriculture.

#### Greatest Rule of Health.

With all their differences in regard to disease, its cause and treatment, doctors are of one mind in regard to the one greatest rule of health, viz: "Daily movement of the Bowels."

Unnumbered thousands of people suffer almost continuously as the result of constipation who could be readily cured by Dr. Chase's Kidney-Liver Pills.

#### Predicts Sweep For Farmers

Winnipeg, Jan. 9.—That the farmers of New Brunswick will probably win eleven out of thirteen seats in that province at the next dominion election was the opinion expressed by S. E. Elkin, M. P., of St. John, who had been attending the annual meeting of the Union Bank shareholders in the city. Labor people in the maritime provinces were not taking a great interest in politics, he said, and are staying solid with the international organization.

### New Treatment That Knocks Rheumatism

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder. Reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid, and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent.

Mr. Delano says: To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will if you have never previously the treatment, send you a full size 75c package free if you will send your name and address with 10 cents to help pay the postage and distribution expense to me personally.

F. H. DELANO, 1652 Griffin Square Bldg., Syracuse, N. Y. I can send only one free package to an address.

## SIGNS OF THE TIMES

Some people, especially in Eastern Canada, seem to imagine that the farmers' political movement is but a temporary impulse, lacking in momentum and likely to "peter out," to a large extent, in a year or two. Such people do not read the signs of the times or they would realize that the Farmers' party is only one manifestation of the broader movement which has been rapidly developing in the county since the war, and which demands that straight forward methods and progressive policies shall displace the old practice of playing the game for the benefit of party rather than the people. If the party with the new national policy are true to their principles they will be far more likely to gain in strength than to weaken and disappear like some other farmers' movements. The present movement is broader and the people in town and country are more ready for it.

## AN ADVERTISING MEDIUM

The Observer as an advertising medium is well established, and advertisers find it the best paying medium. The old custom of traveling around looking for bargains has long since been given up. People now depend on the newspapers for this information. If you do not advertise you cannot expect customers to wear out their shoes looking you up. They all read the OBSERVER, and if your advertisement is not in its columns, IT SHOULD BE, if you hope to get a fair share of the public's patronage.

## Condition of Dr. Curtis

Friends of Dr. Curtis will regret to learn that late last week a message came from the Royal Victoria Hospital, Montreal, where he was being treated, that he was stricken with paralysis. Mrs. Curtis and R. W. Cameron, his son-in-law, left immediately to be with him. Latest reports are that his arm and leg were entirely useless and that he was speechless but conscious. This and the fact that he enquired for the Telegraph and the Observer indicates his general condition. His recovery may never be complete but his physicians give out word that he may regain speech and fair use of himself. The doctor's many friends sincerely hope to see him back soon greatly improved. A correspondent to the Globe writes:

Dr. I. B. Curtis, who for about thirty years has been practicing in Hartland; left last week for a well earned rest. The doctors has not been well for some time and undoubtedly his ill health is caused by hard work. In all these years the doctor has been constantly going on many a long drive, in all sorts of weather.

Founded on Historic Facts and Sustained by Tradition  
Written by W. D. Kearney and printed in 1864 by W. S. Gilman at Presque Isle, Maine

The Observer is about to undertake the re-printing of the above well-known volume, now almost out of print. To print a new edition of this quaint book involves an outlay upwards of \$500. Before we undertake the work we must have a reasonable guaranty that we can sell a sufficient number at \$1.00 to pay us.

We feel certain that there are a number of people, especially among the older generations, both in New Brunswick and Maine who would desire a copy of this book. It will be printed in quarto form, 9x12in, and nicely bound in stiff board covers. It will not be a large volume for the money but it is certainly a volume that every descendant of the early pioneers will want to own.

Diphtheria has been lurking in the vicinity for several weeks. On Thursday the home of Guy G. McCollom of Ashland was saddened by the taking away of their daughter Enid Kathleen, aged 14. On Sunday the same household was stricken a second time when the 17-year-old daughter Bessie Blanch was taken by the dread disease. Two other members of this family, including the mother, have had a run of the disease but are recovering. Four cases, none fatal, have been reported from Cloverdale.

At Hartland Albert Buchanan has had the disease and Kenneth Thornton is also quarantined with diphtheria symptoms.

# Are You a Gambler?

You'll probably answer "no". You'll emphatically declare that you never risk your money on games of chance. That, however, does not give you a clean "bill of health" on the gambling proposition. The most dangerous, careless, unmindful, reckless gambler of all is he who gambles with his future and the future happiness of his family. Are you staking those precious things—banking on your luck that the "dice of fate" will not turn against you? Are you gambling that the next throw will not bring to you, a fire that will wipe out your property, sickness that will abate your salary, a serious accident that will halt your earning capacity or even the extreme calamity of death?

## Are You Gambling Against These Elements of Daily Occurrence?

and then, too, there are the smaller set backs. Someone may burglarize your house, steal your car, break your window glass or you may have an auto collision. These are all the chances you are taking every day unless you protect yourself with insurance. The premiums are so small and the risks so great that natural precaution, good business judgment and a proper sense of responsibility all admonish you to let a good reliable insurance company carry the burden of chance. Don't gamble with fate—the dangers fall on thousands of heads every day.

## On The "Wet" Aroostook Line

General Winfield Scott held the forts on the Aroostook county line in Maine in 1839, when the boundary between Canada and the United States became at that Point a matter of international menace. It is a coincidence in history, as aided by national prohibition, that now, fourscore years after the original disturbance, another "Aroostook trouble" looms on the same old border. By the way of Bangor comes an estimate that such a standing army as will afford at least one soldier for every twenty five feet of the line, day and night, will be required to bring to an irreducible minimum the invasion of the Pine Tree State by hard stuff from New Brunswick.

At the moment a war-time dry spell is presumed still to have its grip on our Canadian neighbors up there. The grip is wholly presumptive. The man from Maine with a thirst in his being and money in his pocket has no trouble with either if he is strong enough to cross the border. And if he chooses to bring back by bottle what he has not drunk over the bar it is a rare customs man who stops him. The Volstead law can change neither the distance over the line nor the disposition of customs men.

New Brunswick enterprise is said to be directing itself merrily toward a material appreciation of the fresh trade opportunity indicated for an opening in 1920. Provincial dry bonds are expected to dissolve themselves early in the coming year. The problem of putting things across for Maine and her visitors will then, barring the raising of that standing army—which must be a host with three eight-horse reliefs—be extremely simple.

From the Bangor point of view, it is confessed that no way is apparent to dodge this new Aroostook

## HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HENNING, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

## Yankees Wonder Why Grand Falls Runs to Waste

We are still wondering why the immense powers of the Grand falls, St. John river, are not turned to account these times. With wood getting scarcer and coal also scarcer and poorer and higher, the power from this cataract should be worth millions and millions of money. Northwestern New Brunswick is indeed a home of water power, the falls from many smaller streams being very considerable and being able to produce a large amount of power. Why not get after them and get them to producing? The power ought to be useful, and the heat that they might give us certainly could be worth much.—Fort Fairfield Review.

## Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.

Why are Peps best for children? Because they contain absolutely no harmful drugs. Because, when dissolved in the mouth, they are breathed down to the air passages and lungs—not swallowed to the child's delicate stomach, which is so easily upset; and because they are so pleasant to take that children never refuse them. Peps provide health-giving pine forest fumes in pastille form. When these pastilles are dissolved in the mouth they throw off pine vapor, such as is breathed by dwellers in pine forests, and which is so highly recommended by the medical profession as being without equal for all ailments of the throat, breathing passages and lungs. These pine vapors released when Peps are taken, penetrate to all parts of the breathing organs, bringing relief and healing to the sore and inflamed membranes, ending that tight feeling in the chest, making breathing easy and stopping any cough. Keep Peps handy this winter and use them freely. Give them to the children when the first symptom of a cough or a cold appears. Just as suitable for adults. All dealers 50c. box.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

## GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

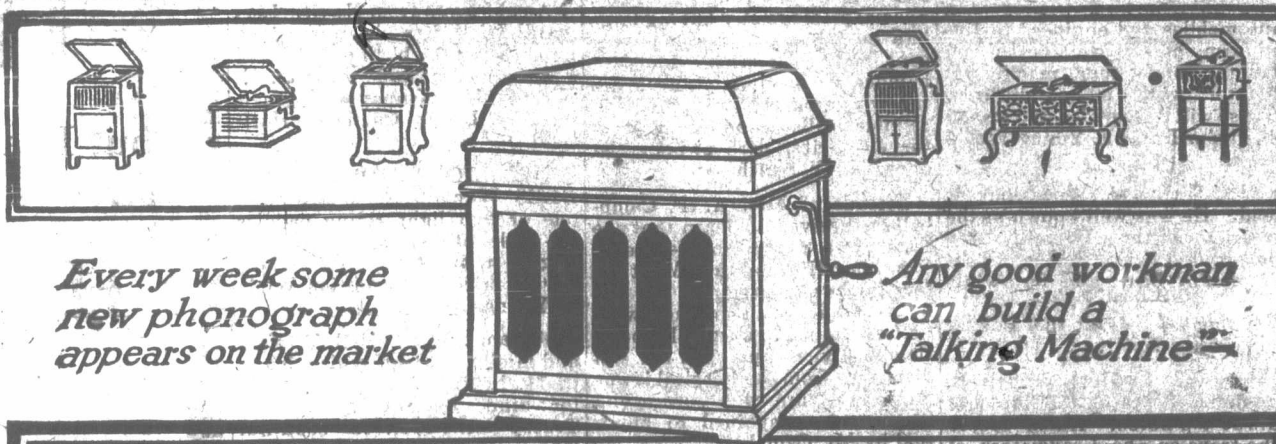

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

## "CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

every way it is superior to ordinary phonographs and "talking machines!"

The tone has been pronounced superior to that of other well-known phonographs by scores of phonograph experts after striking tests. The genuine Diamond Point Reproducer is permanent—no changing of needles. The wonderful Amberol Records, in

shape and composition, are practically unbreakable and last for years and years!

All the world's best music is recorded on these Amberol Records, from popular songs and dance music to grand opera sung by the world's greatest artists. Every month new Amberol Records are issued with the latest hits and new recordings of famous artists.

Go, listen to other phonographs and "talking machines" if you will—then come here and listen to the wonderful Amberola. Above all remember that the name and fame of the greatest inventor of the age guarantee its superiority.

Last but not least, Edison has succeeded in making this remarkable phonograph to sell at prices considerably lower than inferior "talking machines."

## Presentation to Father Hayes

The most enjoyable event of the yule tide was a large Christmas tree by the ladies of St. Joseph's congregation, Newburg for their pastor, Rev. Father Hayes. The tree was erected at the home of Mr. and Mrs. Joseph Cunningham, and costily but useful gifts of all sorts were placed thereon by young and old. The hostess of the party escorted Rev. Father Hayes to the room and it was a most pleasant surprise for him when he learned the tree was for him only. After removing the dainty gifts from the tree he thanked them all most cordially for their kindness as well as their thoughtfulness in remembering him at this joyful time. As the midnight hour approached a delicious lunch was served with tea and coffee after which music and dancing were continued for an hour and the happy crowd returned to their homes wishing their pastor and all a happy New Year and many of them.

## A TONIC FOR THE NERVES

The Only Real Nerve Tonic is a Good Supply of Rich, Red Blood

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of to-day. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirit, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin curing yourself to-day by taking Dr. Williams' Pink Pills.
