BUILDING OF THE COLLEGIATE INSTITUTE MAY BE COMMENCED IN 365 DAYS AFTER DISASTROUS FIRE

Efforts Will Be Made To Have "First Sod" Turned April 23—Trustee A. A. Langford Is in Toronto Today Endeavoring To Have Plans Approved by the Minister of Education.

There is a probability that the anniversary of the burning of the collegiate institute on April 23rd, 1920, may be celebrated by the turning of the first sod for the new central high school which according to the plans of the board of education is to form the principal school in a unit system of high schools in the city.

Trustee A. A. Langford, chairman of No. 3 committee, the committee which has control of high school education in the city, is in Toronto today for the purpose of securing the approval of the department of education to the proposed plans for the new building. Efforts to secure a stated appointment with the minister or deputy minister of education not succeeding, Mr. Langford in view of the urgency of the matter, if the work is to be carried out this year, has gone to the Queen City on the chance of being able to secure the necessary interview today.

MADE \$13,800 ON TRUCKS SOLD TO ONTARIO GOVT.

Dundas Dealer Gives Evidence Before Special Committee.

SALES TOTALLED \$117,899

L. C. Parkin Explains Dealings With Minister of Public Works.

Toronto, March 30.—L. C. Parkin of Dundas, Ont., was the chief witness called before the public accounts committee of the Ontario Legislature this morning. He was asked to explain his dealings with the minister of public works in regard to a contract for eight five-ton chain-driven trucks at \$1,900, \$72,800, and six three-ton worm-driven trucks at \$7,516.50—\$45,099; a total of \$117,899.

Mr. Parkin told how on December 27, 1919, Hon. Mr. Biggs called at his garage at Dundas and spoke regarding the need of the department for the trucks in question. On December 30, there was a conference in the minister's office at the Parliament buildings at 3 o'clock in the morning. Late witnesses said the deputy minister of highways, and George Hogarth, engineer in the department, in the minister's office, and the contract was drawn up.

GRANTS PERMISSION TO NAME ASSISTANTS

Electoral Officer in Toronto Requires More Help.

Ottawa, March 30.—Authority to appoint additional assistant officers in ridings where there is a congestion of voters seeking to get their names on the list for the forthcoming provincial referendum was given this morning by Lieut.-Col. Bisgar, chief electoral officer, to Judge Edmund Coaksworth of Toronto. The latter is chief revising officer for Toronto, and has been requested by Lieut.-Col. Bisgar for such authority following the representation of the Toronto referendum committee that unless more officers were appointed, hundreds of voters would be left off the lists.

MACFADDEN, HOTRUM SENT FOR TRIAL ON A CHARGE OF MURDER

Evidence Given at Sabine Inquest Is Repeated.

Toronto, March 30.—Roy Hotrum and William MacFadden were this morning committed for trial on a charge of murder of Cecil Sabine, a druggist in this city.

RIOTS BREAK OUT IN ST. THOMAS ISLAND

Labour, March 30.—Grave riots have broken out on the island of St. Thomas in the Gulf of Guinea. The police force, which has been increased to 100 men, has not been granted, have raided provisions stores, and twelve persons have been killed in street fighting that en-

partment of the plans, the next step will be the consideration of the plans by the board itself at its regular meeting on Tuesday next, April 5. In view of the desire of some of the trustees for economy it is possible that some changes or eliminations may be made, but the committee in charge are hopeful that in the main the plans will be found acceptable. If the board approves the plans two weeks will be necessary to complete the building and award the contract. These matters having presumably been settled without a hitch approximately another two weeks will be occupied by the contractor in getting on to the ground for the preliminary work so that a start on the actual work of rebuilding the collegiate may be under way by May 1st.

BLIND BURGLAR IS ARRESTED

Chad Springs Harner, N. Y., March 30.—A curiously-shaped footprint discovered on a sofa in the home of William T. Lockwood in Huntington, which was robbed early yesterday, led to the arrest today of George Hawhurst, the first blind burglar the police here have ever heard of. Hawhurst, who has been blind from birth, confessed, and the police say that he also had robbed the home of Mathew Curley, in both instances relying upon his sense of touch and hearing to guide him in his operations. His loot comprised a few bottles of grape juice and an alarm clock.

BUILDING TOTAL FOR YEAR HITS QUARTER MILLION

Thirty Houses Are Under Construction in London.

MANY CONTEMPLATED

City Experiencing Most Progressive Year, Says Building Inspector.

With building figures certain to reach a quarter of a million by Thursday, there is now not the slightest doubt that London is experiencing one of the most progressive years in its history, Building Inspector Arthur M. Piper declared today.

The significant feature of the record amount of construction which is being done is that it is made up of many small jobs. There have been few large contracts since the beginning of the year that involved more than \$10,000.

Thirty houses are under construction compared to a dozen which had been started by this time last year. Many more are expected as soon as it is certain that the spring weather is here to stay.

MEMBERS OF RELIGIOUS ORDER ARE CRUCIFIED

Albuquerque, N. M., March 30.—Two men were crucified at the Penitente village of Abique in Northern Mexico on Good Friday in observance of Holy Week in rites performed by members of the Hermanos De Luz, Brothers of Light, a religious order, according to B. J. Nordfeldt and Gustave Baumann, artists of Santa Fe, N. M., who arrived here today.

Nordfeldt and Baumann say they were members of a party of two dozen tourists who witnessed the crucifixion and the flagellation ceremonies connected with it.

For more than a half hour, the artists say, the two human sacrifices were tied to huge wooden crosses, at the end of which time they were taken down, bleeding and exhausted. The condition of the men is said to be serious, and their recovery in doubt.

"The Penitentes formed in a long procession," said Mr. Nordfeldt, "and marching to slow weird music, beat themselves with thorn whips soaked in brine, water to wound themselves and make their wounds smart. One man carried a large wooden cross under the weight of which he fell exhausted frequently. The procession ended with the erection of two crosses, with members of the order tied to them. It is considered an honor among the Penitentes to be selected for crucifixion."

MANITOBA TO GRANT MONEY TO ENTERTAIN GOVERNOR GENERAL

Winnipeg, March 30.—The Legislature last night voted down straight a resolution proposed by John Queen, Labor member, that no public money should be spent on banquets or receptions in honor of the Duke of Devonshire when he visits the city, believing that the money could be better devoted to relieving distress among the unemployed.

GREATER PENALTIES UPON GERMANY ARE BEING CONSIDERED

British Officials Hold Conference and Discuss Action.

Paris, March 30.—A London dispatch to the Petit Parisien says that Prime Minister Lloyd George has suggested to the British cabinet that the question of imposing greater penalties upon Germany as a result of her refusal to pay the 12,000,000,000 marks in reparations before May 1, as demanded by the reparations commission.

SUGGESTS BANKS OPEN FOR ONE HOUR SATURDAY NIGHTS TO RECEIVE DEPOSITS ONLY

Plan To Throw More Difficulties in Way of Hold-Up Men Is Advanced by Ald. F. E. Harley—Will Be Discussed by No. 1 Committee of City Council.

No. 1 committee of the city council will have a fairly busy session at its regular meeting this afternoon. The Ontario Railway and Municipal Board's report on street railway operation for February likely will be presented. As it shows a deficit for the first time since the board took charge of the road, it may be subject for discussion. Recent developments regarding wages will not affect the council. The agreement regarding the streetcar men and the board, and aldermen have nothing to do with it.

A plan to throw more difficulties in the way of hold-up men will be advanced by Ald. F. E. Harley, who is acting mayor today. He will suggest that, owing to the present unrest and the many hold-ups which have occurred in the city, the clearing house be requested to have its members arrange to have the banks open for an hour Saturday evenings for the acceptance of deposits only. Citizens who receive their

wages late Saturday or who have large sums of money on hand at the end of the week would be glad of the opportunity to put it in a safe place, he thinks, and the possibility of bandits getting any large sums would be greatly reduced.

Ald. Harley will suggest also that the recent amendment to the assessment act, regarding the assessment of dividends paid by joint stock companies, be referred to the city solicitor for his interpretation in reference particularly to the exemption for persons having no other source of income. The present interpretation whereby all the dividends from a stock company are taxed is a hardship in many cases. Widows or persons unable to work often have an income only from stock of this sort. Ald. Harley thinks it is unfair to tax every dollar.

The committee will have to decide whether it will permit the opening of an undertaking establishment on the north side of Queen's avenue, between Waterloo and Colborne streets.

BERLIN GOVERNMENT COMPLAINS THAT ECONOMIC INTERESTS ARE AFFECTED

Peace Treaty is Only Intended to Make Good the Deficiencies in the Entente's Coal Production, and Not to Enable the Entente Nations to Traffic in the German Product.

Berlin, March 30.—Protest against the sale by allied governments to neutrals of coal delivered by Germany on the reparations account is made in a note addressed to the reparations commission and the Belgian cabinet by the German Government. It is asserted that Belgium is disposing of German coal in Holland and that coal aggregating several thousand tons has been offered for sale abroad at prices below those Germany is able to quote. As a result, the note declares, German economic interests are being severely injured.

It is declared that such sales are permissible only with the consent of Germany, and that she is entitled to participate in any profits made.

The note argues that coal delivered by Germany under the terms of the peace treaty is only intended to make good the deficiencies in the Entente's coal production, and not to enable the Entente nations to traffic in the German product.

BULLET IS EXTRACTED FROM CONVICT'S BRAIN

Ossining, N. Y., March 30.—Recovering today from an operation for removal of a bullet that had pressed his brain for four years and caused hallucinations, epilepsy and suicidal tendencies, Leon Dowaki, a convict, was believed to be returning to a normal mental state.

The operation was performed in Sing Sing prison hospital yesterday by Dr. William L. Chapman, Brooklyn brain surgeon, following the removal of the bullet from the rare operation while sitting in a wheel-chair.

Four years ago Leon Dowaki was wounded in a street fight. One bullet was embedded almost two inches within his brain, and another lodged behind the right ear. The official in charge said not to have affected the prisoner's mind, was not removed.

INDIVIDUAL CITIZENS USE HALF DAY FROM WORK TO FIND NAMES TO BE ADDED ON VOTERS' LIST

Man, Wife and Two Daughters, Bearing Cards From the Temperance Forces, Find Names in Black and White—Enough To Drive Man To Drink, Declares Citizen With Much Heat—313 People Register Up To Date.

Sixty-seven names were added to the city voters' list this morning by the court of revision sitting in each of the wards for the purpose of adding names to the list to be used in the Canadian temperance act referendum, to be held during April. Up to noon today a total of 313 successful applicants had appeared before the board.

This morning's session proved the busiest since the opening of the courts of revision in the afternoon. The offices were crowded during the greater part of the morning by people asking for information, the majority of whom were indignant.

Scores upon scores of citizens appeared before the courts to register because they had received cards from the temperance forces informing them that their names were not on the lists. In almost every instance the applicants discovered that, on applying, their names were included in the lists prepared in 1919.

According to one of the officials, everyone in his ward must have received a notification more than 100 card-bearers appeared before him during the morning. Many of the people who had lost time from their work in one instance a man, his wife and two daughters, all bearing cards, had appeared before the official in charge. A diligent search, the official in charge revealed the fact that the names were all on the list. When this information was handed out, the man grew exceedingly wrathful, for he and both of his daughters had lost a whole half day from work in order to drive a man to drink, he said.

To show that these cases were not the only ones the revising officer showed the reporter a score of cards which applicants had thrown away in disgust. Then to prove that there were no favored ones the official said that both an old and his wife had received cards this morning.

For the benefit of all those wishing to ascertain whether their names are on the list, the temperance committee has volunteered to give the required information to persons calling 30. By calling this number applicants will save the revising officers much work and avoid much confusion.

To accommodate workers who have difficulty in getting away at other times, the court of revision for the referendum at 885 Hamilton road will be open Friday night from 7 until 9 o'clock. The announcement was made today by F. B. Lavender who is in charge of the registration.

Ward 1 this morning, 20 names were added to the voters' list, making a total of 112 names. Ward 2, 5 names were added, making a grand total of 117 names.

Ward 4, where E. W. M. Flock is in charge, was again the most fruitful in successful applicants. During the morning 25 names were added to the list, bringing the total up to 120.

Ward 3 up to date has had the least number of voters added. The most faithful in this morning's session were the 14 names added this morning. A woman called on Mr. Gunn this morning and was quite disappointed because she had received a card from the referendum headquarters, but her name was not on the list, and addressed to her in stead of Mr. Gunn. Mr. Gunn explained to the woman that even temperance workers make mistakes.

In the court where Mr. Lavender is in charge, two names were added to the list, making a total of eight since Monday morning.

"BACKBONE" GERMAN COMMUNISTS' REVOLT HAS BEEN BROKEN

Uprising in Central Sections of Country Dying Out.

Government Buildings Still Protected by Troops.

Berlin, March 30.—Advices from Central Germany state the Communist revolt which appeared by threatening last week, is rapidly disintegrating into minor outbreaks. Declaration is made that the "backbone" of the revolution there has been definitely broken. Sporadic strikes are reported from Halle and Jena, where electric power plants are shut down, and an attempt is being made to precipitate a general strike in large industrial plants in the city.

Communists are still interfering to some extent with railroad traffic at various junction points in Western Germany.

Labor leaders identified with the Majority and Independent Socialist parties declare attempts by the Communists to precipitate a general strike in large industrial plants in this city have failed. They say that votes taken among workmen showed an overwhelming majority in opposition to the strike.

There was no occasion for the security police to interfere with gatherings during the day. Government buildings and police headquarters, however, were given military protection.

BIRD NOTES

(Contributed by Meliurath Ornithological Club.)

Unfavorable weather kept the "field men" from going out Tuesday morning, so no new arrivals were recorded. The cold snap would probably retard migration to a greater or less extent, but a trip should have been made notwithstanding, as on some of the least likely days something in the bird line of great interest is apt to be seen.

It might be of interest to mention the large number of bluebirds that are seen this spring, more than many previous years. The bluebird is our true harbinger of spring. While a few of our early birds, such as robins, blackbirds, song-sparrows, etc., may stay during the winter, the bluebird never does, and so when we hear his sweet warble some early March morning, we know that spring has also arrived. It is pleasing to know that this pretty, gentle, beneficial bird is here in larger numbers this year.

Another showy bird that has increased of late years is the cardinal, a handsome fellow, whose clear whistle may be heard almost every morning. He is rather shy, and is more often heard than seen. Citizens who are congratulated on the fact that these birds, so scarce a few years ago, are breeding here, and steadily increasing in numbers. J. R. McLEOD.

BRICK ST. RESIDENTS FAIL TO APPRECIATE BENEFIT OF HYDRO

Reluctant To Take Up Proposition Made by P. U. C.

Failure of the residents of Brick street to appreciate the great benefit of the extension of Hydro power lines to their homes, was given by Assistant Manager A. O. Hunt of the public utilities commission, as the apparent reason for an evident reluctance of the people of that section to take up the plans have been laid before the residents of Brick street, the bigger of the two schemes calls for the extension of the Hydro power lines from Waterliffe road to Byron and thence along the side road at the back of the residences, a distance of approximately five miles and providing service to 30 homes. The second and smaller scheme provides for an extension of the power line from the waterworks east along the north side of the sidewalk and providing service for only seven homes. The first scheme would cost the public approximately \$230 while the cost of the second would be \$225 to each of the seven householders benefited.

"Naturally," said Mr. Hunt, "the first thing that the householders see when the proposition is put before them is the \$220 or the \$225 cost, but he fails to realize that in addition to all the advantages of light, power, protection from fire risks, cooking and cleanliness, he is making a permanent investment of his money in a proposition to which there is no depreciation, no overhead charges and no cost of maintenance, while the probability is that in course of time the Hydro power served over the line to his home will be cheaper than it is today.

"The investment of \$200 in a new rug for the home, a mechanical washer, a new piano, or a phonograph, or a piece of farm machinery is taken as a matter of course and made although the investor realizes that the investment will depreciate in value, that there will be certain overhead charges and maintenance costs to be paid, and to keep the article in efficient and serviceable condition.

"Another fact that is lost sight of is that in the near future the country will be undertaking the work of carrying Hydro power to the people in the country districts in similar manner to the way in which the cities and towns have done it for their people and when this comes about such lines as have already been constructed by the enterprises and far-sightedness of groups of country residents will have taken over as a necessary part of the country system at their cost price and the money laid out by individuals reimbursed in full.

BILLETS WANTED FOR YOUTHFUL ATHLETES

Secretary of the Chamber of Commerce Will Be Glad to Hear from Householders.

A splendid opportunity is now afforded the citizens of London to assist in the encouragement of good, healthy sport. From Thursday of this week until Saturday, some 75 to 100 high school boys of Western Ontario will visit this city to take part in a basketball tournament. The billeting of these youthful visitors has been taken up by the Chamber of Commerce and others interested, and an appeal has been made to householders to cooperate in the matter. This appeal is especially addressed to "the authority who really decides matters of this kind in the household," and the mere men who depend upon their authority for maintenance and comfort are asked to use their influence on behalf of the boys.

Billets are required from Thursday afternoon until Saturday morning, which means that the boys will claim the hospitality of their hosts for two nights and possibly a third. The secretary of the Chamber of Commerce will be glad to hear from those willing to assist.

DAYLIGHT SAVING

Ald. Wenige Will Put Proposition Before No. 1 Committee and City Council.

Desperate efforts on the part of the city council to save the citizens from excessive gas prices relegated the question of daylight saving to the background for a time. Now that a definite stand on the gas question has been taken the civic solons will be able to concentrate their attention on measures for preserving the sunlight.

Ald. W. A. Wenige today again announced his intention of bringing the matter before No. 1 committee. He intended to do this at a previous meeting, but the pressure of other business was too great at the time to permit of a suitable discussion. There is still plenty of time for thorough consideration of the measure. Even its most ardent advocates do not suggest that it be put in effect before May 1, so that the council will have more than a month in which to make up its mind.

TORONTO, March 29.—It is announced by Canadian National Railway headquarters here today that John B. Windross has been appointed manager of the Chateau MacDonald Hotel at Edmonton.

Nothing Smarter--Nothing More Serviceable than Tricotine or Taffeta In Street Frocks for Women

Perhaps never before were fabrics so important for the success of the new spring frock, for this season the fabric emphasizes as well as adorns the simplicity of the mode. Tricotine and taffeta are the most popular materials which are cleverly fashioned with charming new neck lines and elbow-length or new bell sleeves; tunic, panel and apron skirts. Hand-embroidery is interestingly used as trimming.

Here Are Smart Exclusive Models

Misses' model of Navy Tricotine, eyelet embroidery is attractively used in this dress; short sleeves, blouse and tunic embroidered, very pretty girle of self strap caught together with metallic cords; plain skirt on silk lining. Price \$75.00

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with the fingers. Truly! Your drugist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, corn between the toes, and the calluses, without soreness or irritation.

"They WORK while you sleep"

Do you feel bilious, constipated, head-achy, upset, full of colic? Take one or two Cascarets tonight for your liver and bowels. Wake up with head clear, stomach right, breath sweet and feeling fine. No griping, no inconvenience. Children love Cascarets, too! 10, 25, 50 cents.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves You! You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard, which gives it its power. It will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.

Rely on Cuticura To Clear Away Skin Troubles

When you have a case of eczema, dandruff, or any other skin trouble, Cuticura is the only remedy that will clear it away. It is a clean, white ointment, made with oil of mustard, which gives it its power. It will not blister. Many doctors and nurses use Cuticura and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.

RHEUMATISM

A Remarkable Home Treatment Given by One Who Had It. In the year of 1915 I was attacked by muscular and sub-acute rheumatism. I suffered as only those who are thus afflicted can know. I tried many remedies, but soon found that I obtained no relief. Finally I tried a treatment that cured me completely, and such a grateful condition has never returned. I use it instead of a number who were terribly afflicted, even bedridden, some of them 75 to 85 years old, and the results were the same as in my own case. I want every sufferer from any form of muscular and sub-acute rheumatism to try my improved "Home Treatment" for its remarkable results. Don't let the price of a bottle stop you. Write today. I will send it free to try. After you have used it, and it has proven itself to be what long looked for means of getting rid of such forms of rheumatism, you may send me \$1.00 for One Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. I will send it to you after you have used it longer, when relief is thus effected by free. Don't delay. Write today. Mark H. Jackson, 1150 Dundas Street, Toronto, Ont. Mr. Jackson is responsible. Above statements true.

LIBERAL LEADER DEMANDS WRITS BE ISSUED TO FILL VACANCIES

Declares Government's Action is Without Parallel in History—Accuses Premier Meighen of Constantly Evading Vital Questions—Amendment is Lost.

OTTAWA, March 30.—By Canadian Press—After four hours of heated debate, the Government at an early hour this morning carried a division with a majority of 31. It arose on an amendment by the leader of the Opposition to a motion to go into supply, the motion being: Against, 59; for, 28; majority, 31.

Liberal's vote solidly for the amendment; Government followers solidly against. The National Progressive split. Messrs. Johnston (Last Mountain), Kennedy (Glenarry) and McDonald (Temiskaming) voted with the Opposition; Messrs. Clarke (Deseronto), MacNutt (Saltcoats), Thomson (Qu'Appelle), Caldwell (Victoria-Carleton), Wright (Bathurst), Gould (Aspenbluff), Halbert (Ontario North), and McDermond (East Elgin) voted with the Government. Fred Davis (Neepawa), the only cross-bench member, voted with the Government.

It was shortly after the opening of the evening sitting that the surprise came. There was a motion before the House to go into supply. Hon. W. L. Mackenzie King, leader of the Liberal Opposition, moved an amendment declaring that representation in Parliament being a fundamental right of the people, writs should be issued at once to fill the existing vacancies in the House of Commons and that polls should be held at the earliest possible time, so as to insure representation of all constituencies during the present session of Parliament.

Without Parallel. "There is no parallel in history to the Government's attitude," he declared. He declared Mr. King, as he again pressed for information on the full circumstances concerning the resignation of Sir Herbert Ames as member for St. Antoine.

The prime minister warmly charged the Opposition with seeking map verdicts and the glory that lay behind them. He complained that the Opposition had not shown him the courtesy of proper notice of the amendment. It was not till 2:20 in the afternoon, 40 minutes after the House opened, that he had received word of it.

Charges Evaded. Mr. King asked the prime minister to reply to him with a straight and straightforward statement. Every reply so far, Mr. King said, had been in the nature of an evasion. He asked that in the future the prime minister give the country the information to which it was entitled.

There was no parallel to the Government's attitude, he declared. There were a series of problems before Parliament involving the expenditure of colossal sums. The Government had not given much indication of a legislative program, but was asking the House to vote more than \$575,000,000, and which would probably reach a total of \$700,000,000 as supplementary estimates were brought down.

Moves Amendment. Mr. King then moved his amendment to the motion to go into supply. The prime minister remarked that he recognized the privilege of being taught lessons in honesty, candor, and frankness at the hands of the leader of the Opposition. He was not content with any error made in any reply he had made to questions in the House, nor was he conscious of withholding any information for which the House was entitled.

Referring to the resignation of Sir Herbert Ames, Mr. Meighen said that the leader of the Opposition had endeavored to cast aspersions on his own actions in this regard, and Sir Herbert Ames was capable of looking after his own interests.

The leader of the Opposition did not reason carefully, because if he did, he would never cast accusations of falsehood lightly across the floor of the House. There was not another member who would believe the member for Grey North (W. S. Middleboro), capable of making a falsehood.

Made No Reflection. Mr. King—I make no reflection whatever on Mr. Middleboro. Mr. Meighen retorted that the leader of the Opposition had demonstrated his utter incapacity for reasoning on the matter.

Continuing, the prime minister said that the leader of the Opposition had studied law for two days of the necessary five-year course. It would have taught him that a witness to a signature attested the authenticity of that signature without regard to the date on which any document was signed. The interest tyro knew that.

A. R. McMaster (Brome) questioned if this applied to the signature of a will. Mr. Meighen replied that a will was in the nature of a special application in which the date was important. Mr. Meighen argued that the law did not demand a date at all. It was the business of Sir Herbert Ames to decide when he would resign when that resignation was to come before the House. The Government was not responsible. Will be Included.

When papers dealing with the resignation of Sir Thomas White were brought down there would be included a statement from the department of justice relating to the tenure of the seat by Sir Thomas White. This statement would be of more importance than the opinion of individual members. Five seats were vacant—Yamaska, York-Sunbury, Medicine Hat, West York and St. Antoine. Mr. Meighen explained that in 1919 Parliament had altered the election law limiting the discretion of the Government as to when by-elections should be held to six months after the election in chancery had declared that the prime minister asked why the present Government should be dissolved by the leader of the Opposition when the law was covered by the law. Has Same Rights.

France and Canada. The original of the agreement, he explained, was now in the possession of the British Government. C. G. Powers (Quebec South) questioned the minister of marine regarding the Quebec City charging discrimination against the port of Quebec by the Canadian Government. Mr. Meighen replied that no communication to that effect had reached him. He would look the matter over and there had been any discrimination, actual or alleged.

J. A. Robb (Huntingdon) called the Government's attention to a recent newspaper dispatch which stated that Bermuda had rejected the trade agreement with Canada. Mr. Robb asked if this would affect the validity of the agreement between Canada and the other islands of the British West Indies.

Many Complaints. Hon. R. Lemieux (Maisonneuve) said many complaints were being received from many parts of the country. Last year's method whereby the taxpayer stated his income and then received no return was not satisfactory. Hon. Arthur Meighen, in the absence of Sir Henry Drayton, said the minister of finance was under consideration and he believed the finance minister had in mind another method which would not be to the satisfaction of the Opposition.

Hon. C. H. Bland (Beauce) asked if the Government had considered along with the railway, the operation of the tax as was done last year. The premier replied that Sir Henry Drayton would be able to answer this question when making the other announcement.

Made a Profit. Hon. C. H. Bland, minister of marine and fisheries, announced that gross revenue from closed voyages of the Canadian Government merchant ships during 1920 was \$10,027,442; operating expenses \$8,733,017, leaving an operating profit on closed voyages during the year of \$1,294,425. Including depreciation, liabilities and incorporation expenses, net earnings on closed voyages closed since January and applicable to 1920, the total was \$2,250,000. Including net earnings on voyages closed since January and applicable to 1920, the total was \$2,250,000. The Government's entire program, when completed would comprise 65 ships of an approximate total displacement tonnage of 374,254 tons.

From the operating profit there was to be deducted \$695,000 for depreciation, liabilities and incorporation expenses, leaving net earnings on closed voyages \$1,555,000. To this was to be added the net earnings on closed since January, applicable to 1920, bringing the total net earnings of the Government's entire program, when completed would comprise 65 ships of an approximate total displacement tonnage of 374,254 tons.

Should Have Stopped. D. D. McKenzie (North Cape Breton) doubted whether the government ship could be sold or even given away. From the moment the armistice was signed the Government shipbuilding program was almost as bad as government building ships. Its policy of ship building was almost as bad as government building ships. Its policy of ship building was almost as bad as government building ships.

Mr. Meighen closed his statement saying that every contract made, every voucher paid, every letter and telegram exchanged between the department and contractors, was open for the fullest inspection of any member of the House who desired the information that he had been able to give.

Should Have Stopped. D. D. McKenzie (North Cape Breton) doubted whether the government ship could be sold or even given away. From the moment the armistice was signed the Government shipbuilding program was almost as bad as government building ships. Its policy of ship building was almost as bad as government building ships.

Canadian shipbuilding had faced the problem of smaller cargo offerings, while contending with the highest operating costs ever known. The percentage of increase in the price paid for the principal requirements as between the years 1914 and 1920 had been approximately 125 per cent. The principal requirements as between the years 1914 and 1920 had been approximately 125 per cent.

When he made his statement in connection with the shipbuilding program to the House last session, Mr. Meighen said there were 24 vessels in commission, consisting of 22 departmental vessels, with an approximate deadweight tonnage of 131,000 tons, had been completed and commissioned. The ships remained to be completed were 41 vessels, consisting of 39 departmental vessels, and five from 3,500 to 8,000 tons each.

Decision of Majority Wing of British Independent Labor Party. SOUTHPORT, England, March 23.—The majority party of the Independent Labor Party decided to affiliate with the International Socialist Workers' Union, recently formed in Vienna, on the understanding that the party retained freedom to pursue its own national policy, as laid down in the conference in session here. It was made clear in the resolutions providing for affiliation, however, that this was not a new international, but a temporary union.

RESIGNATION OF REV. DR. HUGHSON CAUSES SURPRISE

Raises an Issue on Which Baptists Are Divided. TORONTO, March 29.—The Star prints the following excerpt relative to the resignation of Rev. Dr. L. S. Hughson from the Baptist pastorate at Stratford: The resignation of Rev. Dr. L. S. Hughson from his Baptist pastorate at Stratford to join the Presbyterian ministry has caused somewhat of a sensation in Toronto church circles. He is an outstanding Baptist, a graduate of Woodstock College, a D.D. of McMaster University. Moreover, in leaving the Baptist church he raises an issue on which the Baptists themselves are divided. He does not discuss immersion and infant baptism. A wire today reported him as refusing a statement on these questions. On the other hand, he deals with what is known as "close communion." Nominally, the Baptists do not offer communion to others than immersed believers. Actually, most Baptist churches in Toronto would not think of refusing communion to any member of another denomination who desired it, and in some these are actually invited. Dr. Hughson's part-

Toronto Hotel Accommodation Inadequate

The growth of Toronto as a manufacturing, jobbing, and retail shopping centre has put a burden upon Toronto hotels which it cannot carry. Despite gloomy forebodings when bars were abolished, the good hotels have made far more money, managements are better, environments are cleaner and revenues higher.

This is shown by the wonderful profits made by those who invested in the King Edward Hotel when it was taken over by the United Hotels Company of America. Not only has their bond interest been regularly paid—they are now getting 10% dividends on the Common Stock, which was originally given away as a bonus.

NEW BILL TO PREVENT PROBES BEING HALTED BY INJUNCTIONS

Action Can Only Be Taken by Consent of the Govt.—Premier Drury Justifies Abolition of Provincial Fuel Controller.

(Special to The Advertiser.) TORONTO, March 29.—Business had precedence in the resumed deliberations of the Provincial Legislature today, and Government orders had right-of-way during practically the whole of the afternoon sitting. On a question of privilege, the House debated briefly the abolition of the fuel controllership, which was objected to by Hon. G. H. Ferguson and justified by Premier Drury. Then it swung into committee and made good headway in passing the Government's measures, among them Hon. Walter Rolfe's measure amending the minimum wage act.

Bill To Be Amended.
Premier Drury announced a bill amending the bill recently introduced as an amendment to the public inquiries act, which stipulated that no public inquiry should be halted by injunction proceedings without the consent of the Ontario Government, as the timber probe was halted by the Spanish Rier Pulp and Paper Mills, Limited, injunction.

St. Marys Veterans Aroused Over Appointment of Enumerator.

TORONTO, March 29.—The name of the Ontario High and Public School Trustees' Association was changed this afternoon to the Ontario School Trustees' and Ratepayers' Association. A resolution was passed, asking the Government to increase the grant of \$7,500 so as to make it a total of \$15,000 for propaganda purposes. A deficit of \$175 was reported by the treasurer of the association.

Says Gap Too Wide.
President J. H. Scott, speaking before the trustee section, regretted the lack of permanency of the trustee engagements. In his opinion there should not be changes except at the end of regular school terms. He deplored the lack of parental control, and said that too many boys were allowed to run wild at night in cities and towns with the inevitable result that they went to picture shows, where they picked up ideas that in many cases led to crime or petty misdemeanors. Mr. Scott said he thought that too many subjects were being taught in schools, instead of the schools sticking to essentials.

Says Gap Too Wide.
S. B. McCready, speaking before the school health and physical section of the association, said there was a wide gap between the practical and theoretical, and this gap should be eliminated by the public schools which should take part in the world-wide educational movement to improve health, prevent disease and mitigate suffering.

The Proper Way.
S. A. Hiteman of Kingston said the proper way to teach arithmetic was to let the pupils work out problems from their everyday life, problems that came before their parents in a business way—thus the pupils would see the practical application of arithmetic and would take a greater interest in the subject.

Library Work Needed.
In the English and history section of the Ontario Educational Association this afternoon Prof. W. E. MacPherson of the Ontario College of Education advocated increased library work among high school pupils and claimed that library work was more necessary today than ever before on any high school program. In a discussion on the subject Miss Stewart of the Humberdale Collegiate Institute, Toronto, expressed the belief that special efforts should be made to develop a strong high school library.

Ferguson Objects.
Hon. G. Howard Ferguson, Conservative leader, referring to newspaper reports that the office of fuel controller for Ontario was to be abolished, urged that the office was self-supporting and should not be wiped out. Premier Drury replied that the Government was discontinuing the office. "I have been of the opinion for some time, and the Government is of the opinion now," he said, "that the less we interfere with the ordinary business of the people the better. Of course, during the war it was different."

Liberal Leader Objects.

ST. MARYS, March 29.—Following is a copy of the letter received from Dr. M. Steele, M.P., for South Perth, in reply to a protest from the St. Marys Branch of the G. W. V. "I may be permitted to say that the work of census commissioners requires an officer who has not only the necessary qualifications, but who can devote most of his time for from three to four months to the work, who has a general knowledge of the riding and of the people of the riding, inasmuch as the appointments of the enumerators is in his hands, and it is necessary, if the work is to be done with reasonable accuracy, that the enumerators should be carefully selected."

GUELPH JAIL EMPTY; FIRST TIME IN YEARS
GUELPH, March 29.—For the first time in several years the county jail is without an occupant. Governor McNab lost his last two "guests" today, when Colonel Laughran of Maryboro Township, who was sentenced to two years for birth concealment, and James Williams, the local man who was given five years by Mr. Justice Mastron at the spring assizes for attempted rape, were taken to Kingston penitentiary.

FOR LOVE OF BETTY

By May Christie. (Copyright, 1920, by the McClure Newspaper Syndicate.)

TO SEE YOU

Here there was peace and quiet, at any rate.

you in the still watches of the night, fear not, for

"Up from the east the wild north winds are blowing.

Under the skies grey arch; Smiling you'll watch the shaken elm-trees, nodding, nodding.

It is the winds of March."

And—The Mail-Box has been waiting for this letter, March Wind, especially as you are so kind to have to remain indoors this wonderful weather.

Dear Miss Grey—1. Please send the bonnet pattern when it is sent in and I will give you a choice of colors.

2. Does anyone know the name of a fine tating silk?

3. I would like if someone who has expertise making crocheted and knitted slippers, would tell me how the soles are sewn on and if they can be purchased at shoe stores? I mean the soles.

4. I read the account of Mrs. McPherson's (the faith-healer) meeting in London, and have wondered if any of the readers witnessed the cure in London if so I would like if they could give a short account of it.

5. If anyone has tried chiropractic treatments for colds and catarrh, please let me know if they were of any benefit to you. What was the result?

After reading enough of the enclosed for postage on the bonnet, you may put the rest in the fund.

Ans.—1. The bonnet pattern was sent out several months ago and was never returned. Maybe someone can desire to tating silk, crocheted and knitted slippers, Mrs. McPherson and her associates. Thank you for stamps.

The Way to a Man's Heart. Dear Miss Grey—It has been a long time since I wrote to you last.

I am sending you the words of "Pretty Kitty Kelly" and "Hilawath's Melody of Love," asked for by Carnation.

Now to ask you a question which I hope you won't refuse to answer as we are having quite a time over. Do you think a girl should make a cup of tea or coffee for a boy friend before he leaves for home in the evening, also give him cake and fruit?

Hoping you will not think my question out of place to answer and print will sign my name TOPTV T.

Ans.—I would not make a practice of serving refreshments, but occasionally I think it is a nice idea, and I am quite sure the boys appreciate it. Thank you for inclosures.

A Lemon Filling. Dear Miss Grey—May I come in? I have started to write to you several times, but I got heart failure at the last moment, so my letters have never been sent.

I would like to have the S. F. P. please. And am sending a dime for C. H. F. I wish it were more, but my husband has just returned from the hospital himself.

Here is a recipe which I often use and find very good for lemon-filling: Lemon-Filling—Juice of 1 lemon, grated rind of 1, 1 cup of sugar, yolks of 2 eggs, 1 cup boiling water, thicken with 4 table spoons of cornstarch, let come to a boil.

Beat the whites of the eggs and spread on top of filling. Let brown in the oven.

I am afraid this is getting too long, so must take my departure. Wishing the Mail-Box every success. P. S.—May I come again Miss Grey?

Ans.—Am mailing you a stocking-foot pattern. Many thanks for hospital mite and recipe, also for songs.

Chestnut and Mona. Miss Grey, dear friend, just another new dear trying to wedge her way into your cozy corner. What a wonderful help the Mail-Box is.

I look for it the first thing when I "hear" come.

The weather is surely wonderful for this time of year. I have lived in town now for over three years. Previous to that my home was on a farm. Spring is the best time to live in town.

I think it a good idea if some one would start it. I myself, would help along as much as I could. As for disposing of the quilt when finished I hope it is presented as a souvenir to Miss Grey for her kindness to us all. I am space in front to catch the dust, while the books themselves look rather lost.

Dear Miss Grey—I have just finished reading today's paper, and you just can't imagine how enthusiastic it makes me feel. When you mention books I feel so much. I want to read them so much. Wasn't Betty-Ida-at-Home's letter just wonderful. My I bet she's got a good idea after the quilt was made to take chances on it and in this way raise more money for the hospital.

FULL OF AGE, BUT NOT WISDOM

JOHNNY COULTON still dreams he is the king-pin bantamweight champion of the world. He did nothing but press certain part of the body of the would-be lifter. Most of Coulton's friends think he ought to stick to this line of endeavor.

TO START JUNIOR SOCCER LEAGUE OFF NEXT TUESDAY

Three Teams Already in Sight and Six-Team Circuit Looks Probable. With the London and District Soccer Association's opening games little more than a week ago the matter of getting the league published and publicized for the season was not being taken into the club secretaries.

The Machine Gunners, the 1st W. O. R., and the Grand Trunk shop applicants are three clubs already looking for a berth in such a league, and it is estimated that probably four or five more could probably furnish a fourth eleven.

The league need not stop at four teams, however, and it has been suggested that a further addition to the league come from the city churches. It is estimated that some members of each club to record the games and act as public relations men. That man, whoever he is, will be doing just as valuable work for his club as any player or any other official of the organization.

The matter needs immediate attention and the club men into the blissful oblivion cut of which it issued last spring. With the London and District Soccer Association's opening games little more than a week ago the matter of getting the league published and publicized for the season was not being taken into the club secretaries.

Experts Say Kansas Person Will Give Benny Leonard Rocky Ride

Meeting Between Two Will Give Dopesters Something To Worry About—Other Gossip. For the first time since Benny Leonard stopped Freddy Walsh and won the world's lightweight championship at the Manhattan Casino, May 28, 1917, by a knockout in the ninth round, a notable prizefighter champion has appeared on the scene.

The newcomer is Rocco Tozzo of Buffalo, known in the ring as Rocky Kansas, and the manner in which he has won the title is a matter of interest to the boxing public.

His knockout victory over Mitchell, which he supplemented by defeating the Buffalo native in a ten-round decision, but the Buffalo native in a possible ten-round decision, but the Buffalo native in a possible ten-round decision.

FIVE ENTRIES FROM PETROLEA IN SARNIA CHAMPIONSHIP BOUTS

Two Soccer Games for Saturday Afternoon. SARNIA, March 29.—Five Petrolea entries for the coming city amateur boxing championship were received by the Moose promoters this morning.

The bouts will be held in the city hall on April 4. Included among the "Hard Oil" entries is Slaver, who will likely be pitted against Lozier in the welter-weight class.

With the receipt of the Petrolea entries the worry of the promoters is practically over. This will put a competitive aspect to the series that would otherwise be missing.

Ralph Bennett, who waded through the 125-pound class at the county championship bouts with little opposition, will likely run up against some Sarnia ringsters in that class, well able to make him step. He was about the coolest boy in the ring during the last matches and created a favorable impression upon the Sarnians who witnessed him in action.

Wanderers Practicing. The Wanderers, according to information from the north ward, have been taking to their soccer with the same spirit and willingness that characterized their entry into rugby last fall and they will, within the course of another week or so, be ready to appear in the junior ranks.

While lacking, to a certain extent, in the finer points of the overseas game, the 1920 city league rugby champions are taking to the game with the same gusto the "Hard Oil" juniors have given them a battle and are reckoning themselves as well up in the running for junior honors.

The junior game, which will be staged first, will commence at four o'clock, the senior fixture being billed for five thirty.

Both Point Edward and Sarnia have been practicing hard for these contests. The Blue and White having learned their lesson when the aggressive "Hard Oil" juniors gave them a beating in the city on the 10th of Friday.

The board of referees of the London and District Council appointed three new members. Hugh Morgan, T. J. Farr and R. Grundy are the three men who will take care of some of the games this year.

It is the intention of the council to switch the referees out of their own district and this will do away with the appearing too often in the same group.

It looks as if the board have completed a good job on their very important mission. Last year the refereeing was good in spots, but there was much dissatisfaction that might have been prevented if the referee question had received the same attention last spring that it has this.

Cleveland and Eveleth Teams Play For U. S. Title

CLEVELAND, March 29.—The Cleveland and Eveleth, Minn., hockey teams will play a four-game series to decide the championship of the United States Hockey League. The first two games will be played at Cleveland Friday and Saturday nights, and the third and fourth games at Eveleth April 5 and 6. Ice conditions at Eveleth prevented any of the games there.

Tommy Burns Now Owner of a "Pub" in England

LONDON, March 29.—(By Canadian Press.)—Tommy Burns, former world's champion heavyweight pugilist, was today granted a saloon license in the court at Newcastle-on-Tyne. The court remarked: "He will be a good chucker-out."

CHARGED WITH MURDER.

BROCKVILLE, Ont., March 29.—The grand jury at the assizes here today brought in a true bill in the case of Derrick Tennant, the 79-year-old farmer of the Township of Yonge, who is charged with the murder of his son, Robert Wood, an adjutant, on Feb. 27, 1920. An adjournment was made until 9 o'clock tomorrow morning.

LANDIS DENIES KINNEY REINSTATEMENT PAPERS

CHICAGO, March 29.—Judge Landis, commissioner of baseball, today denied the application for reinstatement filed by Walter W. Kinney, pitcher with the Philadelphia Athletics, who was charged with violating his contract last May to play with an independent team at Franklin, Pa.

Kinney deserted the Philadelphia Club when the Franklin team offered him a \$500 increase in salary. From the evidence introduced it was brought out that the Philadelphia Club had advanced him \$1,000 preliminary to the start of the 1920 season, that he had been granted a 50 per cent increase in salary, and that he left the club without notice, owing about \$500 which he has never attempted to repay.

Rebuilt White Sox Have Great Spirit in Camp

Kid Gleason and Company Look for Sympathy From One—Three Old Hurlers Are Still Good. James Crunberry, Chicago Tribune writer, visiting the White Sox, tells an interesting story of the rebuilt Gleason crew and of the splendid spirit that abounds in their camp.

One naturally would suppose there would be little left of a baseball team sported by all those stars caught in the grand jury net last fall. So it wasn't surprising while visiting the major league camps to find expressions of sympathy on every hand for Kid Gleason, manager of the once great White Sox. It was surprising, on the contrary, when calling on the Sox camp to find not only Kid Gleason, but all of his athletes in quite high spirits and looking for sympathy from no one.

After spending a couple of three days with this new Sox outfit, one rather catches that same spirit and finds himself believing that after all the White Sox team isn't a total wreck. Big League Stuff on Hand. Rather, one discovers that in the new camp there is big league stuff. It may not be as high class as that which is going and which should have made a runaway race of the 1920 season, but it does seem to be firm and sturdy enough to give a lot of the rivals some real battles, even to scoring some of the recognized first division teams.

One thing is certain—If the White Sox lose a game this year it will be lost on the square, and it is much more worthy to have tried and lost than never to have tried at all. High Morale on Team. The general morale of Gleason's outfit is a splendid one. The fellows of the old crew who came through clean have lost the depressed expressions they wore all last year, when they went through a season without association with those who afterwards were banished.

Ray Schalk is working harder than he ever did before, not only to get himself into shape, but in adding Manager Gleason in the instruction of young pitchers who need to learn a lot of the little artful tricks of the slab to "get by" in the big league. This mingling isn't only on the ball field in practice, but during the hours of leisure. For instance, one evening I found Collins and Murphy with a half dozen of that recruits over in a music store having a phonograph party and acting like a lot of college boys on a tour.

The same evening I detected Ray Schalk seated in a secluded spot in the hotel with one of the promising young pitchers, and learned afterwards that Ray was wising the young man up to a lot of things, such as a balk motion and covering up so the rival team wouldn't be calling to see when he was pitching a curve ball and when the fast one was coming over.

And Gleason himself is constantly watching his boys. Perhaps some youngster did something wrong on the ball field that day at the time Gleason said nothing about it. But in the evening he will single out that fellow and maybe while buying him a soda will tell him about the mistake and how to correct it.

The whole atmosphere of the camp is filled with a spirit of loyalty and aggressiveness, and things move with such harmony and apparent confidence that it seems the team must get good from a purely technical point it seems that the chances for success are piled high. The fellows look good and the outfield, since Harry Hooper was procured, appears quite acceptable.

But there must be not only one but two or three young pitchers make good in order for the team to make a real thing. Getting two or three young hurlers to the front in one spring is quite a task.

C. P. R. NET EARNINGS ARE \$33,153,044.60

Gross Earnings For Year 1920 Were \$216,641,349—Surplus \$450,358. MONTREAL, March 29.—(Canadian Press.)—The fourth annual report of the Canadian Pacific Railway, which will be presented to the shareholders in May, was made public today. It shows gross earnings for the year to December 31, 1920, of \$216,641,349.30, and net earnings of \$33,153,044.60.

After all charges, pension fund contributions and other items have been paid there is left a net surplus for the year of \$450,358. Working Expenses High. Working expenses for the year amounted to \$470 per cent of the gross earnings, and the net earnings to 13.26 per cent, as compared with \$1.29 per cent in 1919. Gross earnings in 1920 exceeded those of 1919 by \$27,712,283, and the net earnings by \$22,008. The large addition of \$39,422,251 in working expenses is, it is stated, in the report, due to the increased application in Canada of what is known as "the Chicago rate" arrangement, which added approximately \$12,000,000 to the payroll for the year, to the increased cost of fuel and materials, and to the charging of the year's federal taxes into operating expenses where they formerly belonged.

Fair Traffic Heavy. "The heavy car traffic movement of freight during October and November, and the first half of December, under the tariff prescribed by the railway commission, effective September 13, enabled the company to absorb these charges and earn its usual charges, dividends and a modest surplus," and the report regards the year's operations as satisfactory.

DEFICITS OF CITY LINE ARE NOT EXPLAINED

Manager Unable, Off Hand, To Give Information Asked.

SWITCHING COST \$30,000

Interesting Facts Brought Out At Probe Into Hydro Radials.

TORONTO, March 29.—Reasons why St. Catharines had voted strongly for hydro-electric radial for the city were given here today before the royal commission inquiring into the Ontario Hydro-Electric Power Commission's radial railway projects by J. E. Riffer, proprietor of the St. Catharines Brass Foundry, and Ald. Howard E. Rose.

Mr. Riffer spoke of existing delays in moving freight, and said that any line that would give delivery in Toronto from St. Catharines or vice-versa in 24 hours would get all the business. Ad. Rose stated that the merchants of St. Catharines were handicapped owing to the absence of electric radial facilities from the district west of that city.

He questioned Mr. Richards as to the first six months' business in any one year, and pointed out that the company's report showed an apparent deficit each first six months up to 1919, except in 1916, when there was a surplus. The witness said he could not say whether it was a factor or not in other years the January to June operations had not shown a surplus.

NEARLY CRAZY WITH ECZEMA

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and torturing relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers. No. 4 committee transacted routine business tonight with Ald. W. McIntyre presiding.

TAX RATE WILL BE 36 MILLS FOR GUELPH

Four-Mill Increase Over the Figures of Last Year.

GUELPH, March 29.—At an adjourned meeting of the council tonight the civic budget for the year, as presented by the finance committee, was adopted, which gives Guelph a 36-mill tax-rate. There was little discussion on the estimates, the aldermen being of the opinion generally that there was no option but to tax the people 36 mills in order to properly finance the city for the year.

WANT PLEDGE BEFORE SIGNING AN AGREEMENT

Windsor Committee Will Insist on Settlement of Fares.

WINDSOR, March 29.—Maintaining that the Belle Isle and Windsor Ferry Company, operating between Windsor and Detroit, should give some undertaking that the present fare of 25 cents for 25 cents would not be decreased, or that the company would agree to increase them to eight for 25 cents, members of the transportation committee of the city council conferred with Walter Campbell, president of the company, this afternoon with a view to reaching an agreement on certain water rights sought by the ferry company from the Dominion Government.

In order to make improvements to their wharves, the ferry company wishes additional rights on the river. The Canadian Government, in turn, will not grant these privileges unless they are recommended by the city of Windsor. Plans of the company's proposed wharves were submitted to the meeting, also plans of a new boat which the company undertakes to build provided the city recommends the company's claims before the Dominion Government.

AGED CYCLIST KILLED BY RUNAWAY TEAM. TORONTO, March 29.—Andrew Redick, 72-year-old cyclist, was struck and instantly killed by a runaway team on Queen street here this morning. The team was attached to a market gardener's wagon, and becoming frightened, galloped down the street at a terrific speed, colliding with the elderly cyclist and fracturing his skull.

WINDSOR, March 29.—Writers were issued today against the board of education and Dr. C. S. Biehn, school dentist, as joint defendants by Robert Wilson, acting for Lawrence A. Chandler and his father, Arthur L. Chandler, claiming \$5,000 damages. The action arose out of the extraction of four teeth from the mouth of young Lawrence, the boy's father claiming the teeth should have been filled. As a result of the incident, a charge of delinquency was made against Miss Mabel Nash, school nurse, which was investigated at a special meeting of the trustees, the nurse being exonerated.

HOUSE WAS FIRED. DUBLIN, March 29.—Forty armed civilians called at the home of William Fleming early this morning and demanded that he and his son, Robert, hand over a gun in their possession. They refused, and the raiders set fire to the house. Fleming and his son attempted to escape, but the son was badly wounded. He crawled into an outhouse, where he was found by the police.

CORK MURDERS WERE REPRISAL FOR EXECUTIONS

Soldiers Were Attacked While Out Walking With Girls.

DUBLIN, March 29.—The murders of unarmed soldiers in Cork on the eve of the recent execution of Sinn Feiners were reprisals for the executions, says an official statement containing details of the military investigations, issued today. The reports state that the soldiers in most cases were walking with girls on the streets and that they were attacked by men who tore them from their arms and shot them in the presence of the young women, finishing the wounded soldiers off as they lay on the ground.

MILITARY FUNERAL. LONDON, March 29.—The funeral of the late Capt. R. G. Peck, who was killed in action in Ireland, took place today at Loddiswell, Devonshire. The coffin was carried on a gun carriage by six artillery horses, preceded by a full troop of the 9th Dragoon Guards, who acted as a firing party. The Bishop of Glasgow officiated.

SAY DENOMINATIONAL SCHOOLS ARE VITAL. Bishop Fallon Declares Legislature Would Not Dare To Interfere.

HAMILTON, March 29.—Bishop Fallon of London, Ont., addressing 600 members of the Knights of Columbus in the Royal Connaught Hotel here tonight on education, said it was his firm conviction that the fathers of confederation favored denominational schools, and that they wished the Catholics of Upper Canada to enjoy the same privileges as were provided for the Protestant minority of Lower Canada. He declared that denominational schools were such a vital part of the constitution of Canada that no legislature dared to interfere with them. So far as Quebec was concerned, Bishop Fallon said, Protestant denominational schools had worked out most satisfactorily. They had been accorded complete justice in Quebec. As for Ontario, he said, he was doubtful if the Catholic minority had been accorded the same spirit of fairness that the Protestant minority had been shown in Quebec.

SAY DENOMINATIONAL SCHOOLS ARE VITAL. Bishop Fallon Declares Legislature Would Not Dare To Interfere.

HAMILTON, March 29.—Bishop Fallon of London, Ont., addressing 600 members of the Knights of Columbus in the Royal Connaught Hotel here tonight on education, said it was his firm conviction that the fathers of confederation favored denominational schools, and that they wished the Catholics of Upper Canada to enjoy the same privileges as were provided for the Protestant minority of Lower Canada. He declared that denominational schools were such a vital part of the constitution of Canada that no legislature dared to interfere with them. So far as Quebec was concerned, Bishop Fallon said, Protestant denominational schools had worked out most satisfactorily. They had been accorded complete justice in Quebec. As for Ontario, he said, he was doubtful if the Catholic minority had been accorded the same spirit of fairness that the Protestant minority had been shown in Quebec.
