L. C. Parkin Explains Dealings With Minister of Public Works.

Toronto, March 10 La C. Parkin of Dundas, Ont., was the chief witness called before the public accounts committee of the Ontario Legislature this morning. He was asked to explain his dealings with the minister of public works in regard to a contract for eight five-ton chain-driven trucks at \$9,100-\$72,800, and six three-ton worm-driven trucks at \$7,516.50-\$45,099; a total of

\$117.899. Mr. Parkin told how on December 27, 1919, Hon. Mr. Biggs called at his garage at Dundas and spoke regarding the need of the department for the trucks in question. On December 30, there was a conference in the minister's office at the Parliament buildings at 8 o'clock in the morning. Later witness saw the deputy minister of highways, and George Hogarth, engineer in the department, in the minister's office, and

the contract was drawn up. Parkin said that, so far as he knew, no other person had tendered. Altogether he made \$13,800 commission, hone of which had been paid to any other parties. City Experiencing Most Progressive Year, Says Building Inspector.

With building figures certain to reach quarter of a million by Thursday, there is now not the slightest doubt that London is experiencing one of the most progressive years in its history, Building Inspector Arthur M. Piper declared

The significant feature of the record amount of construction which is being done is that it is made up of many small jobs. There have been few contracts since the beginning of the year that involved more than \$10,000.

Thirty houses are under construction compared to a dozen which had been started by this time last year. Many more are expected as soon as it is certain that the spring weather is here to stay.

stay.

A fitting climax to the building activities this month was the board of education's application today for permit to make an addition to select before buildings amounting to \$12,500. This brought the total for March to \$142,580, and the total for the year to \$248,140. Last March the figures were only \$99,360, and the total for the year at that time, \$172,000. OF LIBERTY LEAGUE F. G. Heximer took out a permit for a 2-story brick veneer dwelling at Ardaven place, to cost \$6,500, and E. No. 1 committee of the city council will have a fairly busy session at its regular meeting this afternoon. The Ontario Railway and Municipal Board's report on street railway operation for February likely will be presented. As it shows a deficit for the first time since the board took charge of the road, it may be a subject for discussion. Recent developments regarding wages will not affect the council. The agreement regarding these is between the men and the board, and the aldermen have nothing to do with it.

A plan to throw more difficulties in the way of hold-up men will be advanced by Ald. F. E. Harley, who is acting mayor today. He will suggest that, owing to the present unrest and the many hold-ups which have occurred in the city that the clearing house be requested to have its members arrange to have the banks open for an hour Saturday evenings for the acceptance of deposits only. ### MEMBERS OF RELIGIOUS ORDER ARE CRUCIFIED

Albuquerque, N. M., March 30.-Two men were crucified at the Penitente village of Abique in Northern Mexico on Good Friday in observance of Holy Week in rites performed by members of the Hermanos De Luz, Brothers of Light, a religious order, according to B. J. Nordfeldt and Gustave Baumann, artists of Santa Fe, N. M., who arrived here today Nordfeldt and Baumann say they were members of a party of two dozen tourists who witnessed the crucifixion

and the flagellation ceremonies connected with it. For more than a half hour, the artists say, the two human sacrifices were tied to huge wooden crosses, at the end of which time they were taken down, bleeding and exhausted. The condition of the men is said to be serious, and

their recovery in doubt. "The Penitentes formed in a long procession," said Mr. Nordfeldt, "and marching to slow weird music, beat themselves with thorn whips soaked in brine water to wound themselves and make their wounds smart. One man carried a large wooden cross under the weight of which he fell exhausted frequently. The procession ended with the erection of two crosses, with members of the order tied to them.

"It is considered an honor among the Penitentes to be selected for crucifixion.

Magistrate Tells Prisoner He Is Heading For the Reformatory.

Elmer Miller, who has been held by the police on a charge of vagrancy for some weeks, admitted in police court today that he had escaped from Jackson Prison at Jackson. Michigan, where he was serving a 15-year sentence for house-breaking. He was sentenced last August. A few weeks ago, Miller was arrested while sitting under a tree at the corner of Cheapside and Richmond street. Previously he strenuously denied that he had ever been in jail before. Yesterday a telegram came from the Michigan prison and his picture and finger-prints were forwarded also. Then the prisoner admitted to Detective Harry Down that he was the man wanted. He will be returned.

### IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhai Deafness, go to your druggist and get 1 ounce of Parmint (double strength), and add to it ½ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

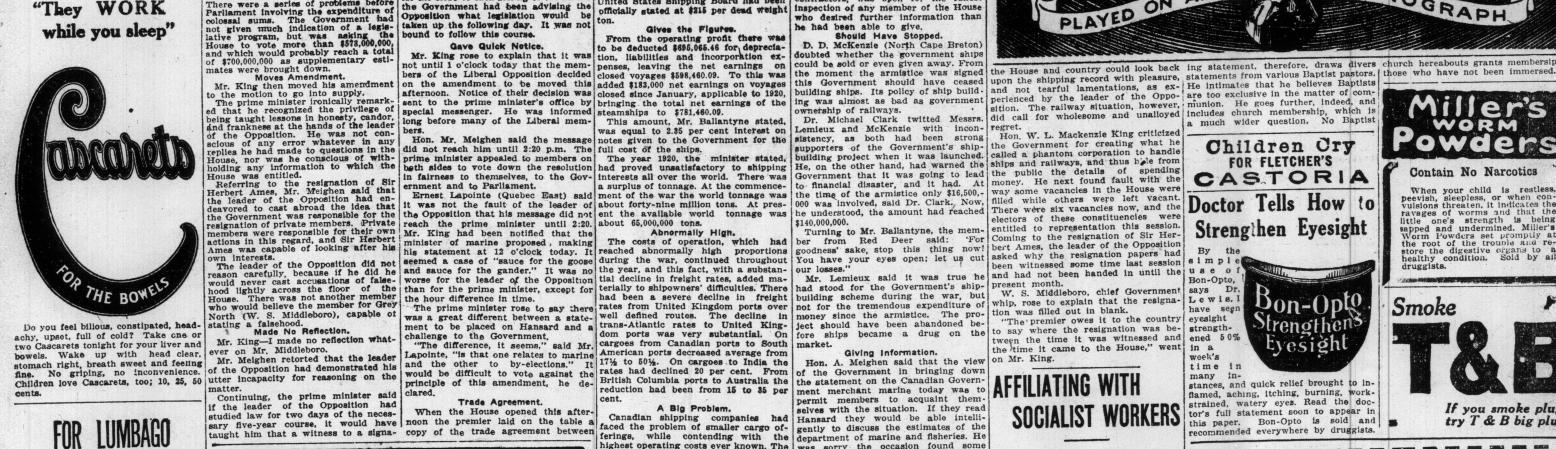

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhai trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.—Advt.

many Complaints.

Hon. R. Lemieux (Maisonneuve) said many complaints were being received from many sources against the new method of payment of the income tax. Last year's method whereby the tax-payer stated his income and then received notification of his tax was more satisfactory. Hon. Arthur Meighen, in the absence of Sir Henry Drayton, said the regulations in question had been under consideration and he believed a the finance minister had in mind another method which would not be open to the objections now being made. Hon. H. S. Beland (Beauce) asked if the Government had considered allowing until the last of April for payment of the tax as was done last year. Despite gloomy forebodings when bars were abolished, the good hotels have made far more money, managements are better, environments are cleaner and revenues higher. This is shown by the wonderful profits made by those who invested in the King Edward

Hotel when it was taken over by the United Hotels Company of America. Not only has their bond interest been regularly paid—they are now getting 10% dividends on the Common Stock, which was originally given away as a bonus.

An equally profitable investment is offered to buyers of the 8% Cumulative Preferred Shares of the King Edward Construction Company Limited. The dividend of 8% on the Preferred Shares is unconditionally guaranteed, and the dividend of 10% on the Common Stock Bonus is assured under the term of the lease (as soon as the hotel addition is in operation). For these reasons we recommend this investment to those who desire a high return on their money and a sound security. Write for descriptive circular. Address:

## 77 Boys in Big Cage Tourney Tomorrow

Western Ontario Collegiates and Highs. Make Splendid Response-12 Games Before Winner Is Decided.

Seventy-seven boys, representing eleven Western Ontario high schools, will battle for the basket-Thursday and Friday at the local armories. Each team has been trained to the minute, and the local fans are promised twelve fast games before the winners are decided. It is in these schools that the future senior players are developed, and from all reports most of the teams in the tournament have had the advantage of some good coaching. As each team will have at least two games a day, the length of periods has been cut to fifteen minutes each, so that the strain will not be too much. The following schools have filed their qualifications and will arrive here on Thursday morning: St. Thomas C. I., Chatham C. I., London C. I., St. Marys C. I., Goderich C. I., Strathroy C. ### FULL OF AGE, BUT NOT TO START JUNIOR SOCCER LEAGUE OFF NEXT TUESDAY PETROLEA IN SARNIA

Three Teams Already in Sight and Six-Team Circuit Looks Probable.

Plans will be laid this week for the ormation of a junior football league, and a meeting to organize the circuit vill probably be called for next Tuesday

night at the armories. The Machine Gunners, the 1st W. O. R. and the Grand Trunk Shop apprentices are three clubs already looking for a berth in such a league, and 1st Husars could probably furnish a fourth

sars could probably furnish a fourth eleven. The league need not stop at four teams, however, and it has been suggested that the further additions to the league come from the city churches. Almost every church could enter a team, and they would have much experienced material from the public school leagues, which will not be in operation throughout the summer months, when the proposed junior city league should be going at its strongest.

L. and D. to Heip.

The London and District Football Association Council have signified their willingness to aid in any way they can and will attend the meeting when it is called. The older organization could supply referees and act in an advisory capacity to the juniors. The junior league would be a great school of development for young soccer players, and that is the foremost need of soccer if it is to reach permanence in Canada and amongst Canadians. Of course as long as Britons settle here soccer will always be maintained, but it is to the interest of the game to seek to get a canadian following as well.

At the same time a junior league would be a great training ground for any be seen practicing on the park and lower lots. ### SECRETARIES!

With the London and District Soccer Association's opening games little more than a week away, the matter of getting the games published and publicity for the league has not been drilled into the club secretaries. Last year, through the efforts of "Billy" Bissett the efficient league secretary, every game was handed into The Advertiser, and as a result soccer boomed, and blazed the way for the splendid season of which the teams are apparently at present on the eve. With eight or nine local clubs, playing on some days simultaneously at widely scattered fields, it will this year be absolutely necessary for some member of each club to record the games and act as publicity man. And that man, whoever he is, will be doing just as valuable work for his club as any player or any other official of the organization. The matter needs immediate attention or soccer will sink again into the blissful oblivion cut of which it issued last spring.

Tormation from the north ward, have vision teams.

One thing is certain—if the White Sox lose a game this year it will be characterized their entry into rugby lost on the square, and it is much more worthy to have tried and lost in order for the team to make a real solution for anything in the junior ranks.

James Crusinberry, Chicago Tribune writer, visiting the White Sox, tells an interesting story of the rebuilt I found Collins and Murphy with a half Gleason crew and of the splendid spirit that abounds in their camp. SARNIA, March 29.—Five Petrolea entries for the coming city amateur boxing championship were received by the Moose promoters this morning. The bouts will be held in the city hall on April 4. Included among the "Hard Oil" entries is Slaver, who will likely be pitted against Lozier in the welterweight class.

With the receipt of the Petrolea entries the worry of the promoters is practically over. This will put a competitive aspect to the series that would otherwise be missing.

Ray Schalk is working harder than he ever did before, not only to get himself into shape, but in adding Manager Gleason in the instruction of young pitchers who need to learn a lot of the little artful tricks.

The latter was seldom started in a game last year but did a lot of relief work. Kerr appears to be better than ever and much ahead of last year in condition.

Faber has been troubled some this spring with a sore arm and young pitchers who need to learn a lot of the little artful tricks.

OAT MARKET UNSETTLED

Few Bags of Potatoes Bring 90 Cents Per Bag Retail.

The local market was comparatively small on Wednesday morning. About fifteen loads of hay and two loads of straw were offered. The demand for both was not very active. The prices slumped somewhat with this condition. Hay sold at \$22 and \$24 per ton, and straw at \$10 and \$11 per ton.

For the first time this month, live hogs exceeded the demand. It was stated on Tuesday that there would be a good demand on Wednesday. They sold for \$13 and \$13.50 per hundredweight, with the majority of the sales around the maximum quotation. Fat sows sell for \$8 and \$8.75 per hundredweight, with the majority of the sales around the maximum quotation. Fat sows sell for \$8 and \$8.75 per hundredweight. Dressed hog prices were lower today. They were plentiful and it is thought that this is the reason for the drop in prices. From \$18.50 to \$19 per hundredweight. Oats are in an unsettled condition. Tuesday there was a good demand, and prices went higher. Today there were large supplies, and the demand was poor. All loads went at \$1.50 per hundredweight. By the bushel, they sell for-51c.

NEW YORK STOCK EXCHANGE New York, March 30-Wall Street, 10:30 a.m.-Price tendencies were irregularly higher at the opening of day's stock market, yesterday's rally being for the most part well sustained or extended. Rails and oils were the leading issues, with food specialties and utilities. American telephone forfeited a very small part of yesterday's substantial gain, but coppers continued to ease as a result of adverse trade conditions. Preliminary quotations for foreign exchange gave promise of an active day in that quarter. British and active day in that quarter. British and talian rates approached their maximum

Strength Compels dmiration

A Man is just as Young and Strong as his Blood

No man can fight the battles of life and hold his own if his blood is not pure, for rich red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wager that such a man has coursing through his veins rich, red blood. Many people have thin, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form. Contains no alcohol.

CENTRAL BUTTE, SASK .- "I have used Dr. Pierce's Medical Discovery for a number of years, and am pleased to recommend it as a blood purifier. I know it has no equal, as I used it for my boy. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive to-day had it not been for the 'Medical Discovery.' I also keep it on hand for coughs, as it differs so from other cough medicines, instead of upsetting the stomach, as most cough surprised on it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sopner."—MRS. PERCY WOOD.

THE value of the lighthouse is especially appreciated by seafaring folks. Many fascinating stories of averted disasters originate from these structures the world over. Their first purpose, however, is preventing the loss of human life. In this they are closely connected with the purpose of Milburn's Heart & Nerve Pills, around which there are also interesting facts of averted disasters.

People to-day are using Milburn's Heart & Nerve Pills as their "Lighthouse" on which to steer a course for good health. There are very few to-day taking an active part in any walk of life who do not require, at some time or another, an additional food for the Heart & Nerve system, for without these properly carrying in any way you owe out their duties every other organ in the friends to try a box of
