BRANTFORD'S NEW GENERAL ---SUNSHINE FAVORS EVENT--- POST OFFICE OPENED TO-DAY

Brilliant Gathering Marked Historic Occasion in City's History — Union Jack Provided Dominant Note of Loyalty — Stirring Speeches by W. F. Cockshutt M. P., Postmaster-General Casgrain, Mayor Spence and Mr. Fisher.

To-day has witnessed with fitting ceremony the formal opening of Brantford's fine new Public Building by common consent the most notable structure in this city, and one of the best of its kind in the entire Province of Ontario.

The contract was awarded to P. H. Seord and Sons, on March 26th, 1913 and they had it finished within the specified time. In every detail they carried the work to completion in a manner which has resulted in a building which is not only a monument for the city, but also to the contractors and to all who were connected in any way with its construction. In all essentials every item has been carried out with the best of workmanship and material, under the strict supervision of Mr. Geo. W. Hall, supervising architect, with Mr. John Graham as clerk of the work.

HON. MR. CASGRAIN
Postmaster-General.

The building consists of four floors, basement, ground, first and second floors. The cost was approximately \$300,000.

Upon the goodly crowd present to join in the National Anthem and then gave expression to the delight and the satisfaction which all experienced upon the auspicious occasion. It was indeed a beautiful building and one of which there was every cause to feel just pride. The Government, through Mr. W. F. Cockshutt, had certainly most generously recognized the needs of Brantford citizens.

Definite Answer Awaited

By Special Wire to the Courier.
Washington, June 17.—Considerable speculation was being indulged in here to-day as to whether General Carranza would continue his course and fight on or modify his attitude in view of overtures for peace in Mexico by General Villa. Some definite word from the constitutionalist chief as to whether or not he will accept Villa's proposals was awaited here with much interest, as upon his answer probably hinges the next move in the situation.

The ground floor contains a spacious public lobby, working space for the post office sorters, stamp lobby, money order and registered mail department, customs examining room, weights and measures office, gas inspectors' office, a mail receiving room. The Postmaster's and Assistant Postmaster's offices are situated conveniently to the entrance, with the inspectors gallery just above. This floor is finished throughout in marble, marble mosaic, Keen's cement and quartered oak fittings, with brass and beveled chipped glass trimmings.

BRITISH STEAMER SUNK.
By Special Wire to the Courier.
London, June 17.—The British steamer Tafford, of 234 gross tons and owned in Liverpool, has been torpedoed and sunk by a German submarine. The crew was saved.

The elevator, which is situated close to the east entrance and surrounded by a marble stair case, runs from the basement floor to the top of the building.

Other Successes Scored in the Isonzo Region Make Italian Offensive More Secure in the Advance For Possession of Triest.

DEDICATION PROCEEDINGS.
Hon. Mr. Casgrain and Mrs. Casgrain, accompanied by his secretary, Mr. Fowler, arrived on the morning train from Toronto and were met by Mayor and Mrs. Spence, and Mr. and Mrs. W. F. Cockshutt. At 12 o'clock the dedicatory proceedings took place. Caretaker Charles Vanlicet, had the magnificent building in splendid order. There was a flag bedecked platform with a large Union Jack in the rear and the chair was occupied by Mayor Spence. He first of all called

COMPULSORY LEVY FROM ALL CLASSES FOR LOAN

London June 17.—That the new war loan will be issued early in July is anticipated by the Stock Exchange, and it is believed that it will be more popular in its terms than was the first one, the expectation being that it will appeal to even the smallest investors.

is discussing the practicability of a compulsory levy from all classes to the war loan.

RUSSIANS ARE FEELING PRESSURE OF OVERWHELMING NUMBERS

New Attack Develops in Russian Poland and a Series of Retreats are Recorded in Baltic Province as Well as Galicia.

New York, June 17.—The campaign against the Russians, on which the Germans are now concentrating their offensive efforts, is developing another phase, in a violent attack in Russian Poland. At the same time the Germans are pushing back the Russians in the Baltic provinces and, with the help of the Austrians, in Galicia.

German attacks for the past three days around the village of Litzkoff near the Windau River have been successful, and the fighting Tuesday ended in our favor. In the region of Popeliary our troops crossed the Vento. In pursuing the enemy, our cavalry sabred hundreds of Germans and made some dozens of prisoners.

Official Statement
Petrograd, via London, June 17.—Occupation by the Germans of additional villages in the Shavli district and further south in the region east of Miraimpol is admitted by the Russians, in a statement issued last night at the war office. It is claimed, however, that the invaders suffered heavily in futile attacks beyond the Niemen, and that ground lost north of Przasnysz has been regained.

On the western front, beyond the mid-Niemen, the enemy has sustained heavy losses in the past two days in fruitless offensive attempts.

The great battle along the San in west Galicia, is reported to be continuing fiercely with fresh Austro-German forces constantly entering the combat. The statement follows:

North of Przasnysz, by energetic counter attacks we occupied all the advanced trenches which the enemy had held since his attack on June 12. In West Galicia the battle on the San continues with increasing fierceness, the enemy continually sending in fresh forces into the fight.

COL. RYERSON IS RETURNING WITH REPORT ON RED CROSS

London, June 17.—Col. Dr. Ryerson, president of the Canadian Red Cross Society, who came over to make an official inspection of the society's work at the front, has now completed his tour and sails for Canada on the 6th of this month on board the Espagne.

BATTERY BOYS LEFT TO-DAY FOR HAMILTON

Quiet Departure With Only a Few to See Them Go.

The following gallant soldiers have enlisted for service with the 31st Battery and left to-day. Very few turned out to say farewell, but that few were close relatives, as several little scenes showed at the Grand Trunk at 9:30 this morning:

FAREWELL VISIT TO OFFICERS AND SOLDIERS

Brantford Civic Heads Visited Niagara Yesterday.

Yesterday morning, the Mayor and several Aldermen journeyed down to Niagara-on-the-Lake, to give a last farewell to the Brantford officers and men. Mayor Spence presented Col. Ashton, Captains Miller and Fraser, Lieutenants H. Walsh and J. Genet and Sergeant Major Oxtoby, with fine automatic revolvers. Colonel Ashton and S. M. Oxtoby made very appropriate replies.

Big Labor Conference in Chicago

Chicago, June 17.—With the strike of Chicago's 14,000 street car men ended by the acceptance of arbitration Mayor Thompson laid plans today to settle four building trade strikes which have forced 15,000 workers into idleness since April.

Leaders of the local unions had planned to meet Mayor Thompson today to discuss the situation.

NEW "FEDS." CLUB.
By Special Wire to the Courier.
New York, June 17.—President Jas. A. Gilmore of the Federal League, announced here to-night that in company with several of the league's club owners he would go to Boston on Saturday next to meet a group of Boston men who wish to establish a Federal League club in that city for next season.

OIL TANKER SUNK.
By Special Wire to the Courier.
San Francisco, June 17.—The oil tank steamer Desaba, under charter to the British Government, was sunk by a German submarine off the coast of North Scotland on Monday, according to a cablegram received today by Robert Mitchell, treasurer of the General Petroleum Company, from Andrew Weir, a British oil financier.

MIX-UP IN SCORES.
Chicago, June 17.—The result of the competition in the Tom Morris golf cup for the best score by a team of eight against par was undecided last night on account of a mix-up in the scoring. The Sioux City boat club of Sioux Clay, Iowa, turned in a score of 19 down to par, but later it was asserted that an error had been made which could not be corrected until an official ruling had been obtained.

Dublin Fusiliers In a Brilliant Charge on Turks

LONDON, June 17.—Turkish troops in the Dardanelles have been repulsed in their attempt to recapture the trenches lost by them to the British on June 12, according to an official statement on the situation in the Dardanelles made public here to-day.

On the night of June 15 a party of the enemy, led by a German officer, made a gallant attack on the trenches occupied by one of the British brigades. A few of the enemy were killed on the parapet, but a majority of them fell before reaching our trenches. Fifty dead were counted, including the German leader and his Turkish subordinate.

These trenches were captured by us on the night of June 12. After a strong attack the Turkish positions were enfladed by our machine guns from right to left. The Dublin Fusiliers attacked with the bayonet. When the trenches were occupied they were found to contain 200 dead Turks. Twelve prisoners also were taken. Our casualties were very slight."

ZEPPELIN KILLS SIXTEEN IN RAID

Forty Deaths the Result of Two Latest Attacks on the East Coast.

London, June 17.—Sixteen civilians were killed and 40 injured by bombs dropped from a Zeppelin on the north-east coast of England during a raid Tuesday night. Several fires were started by projectiles from the Zeppelin, but these were quickly controlled. The raid is generally regarded as the German reply to the bombardment of Karlsruhe, capital of Baden, by a French aeroplane squadron, where, according to the latest reports, 19 persons were killed and 14 seriously injured.

The British Official Press Bureau last night announced that 24 persons, including 19 women and children, were killed in the last previous Zeppelin raid on the east coast. This raid took place the night of June 6, a few hours before Lieut. Warneford, V.C., destroyed a Zeppelin in Belgium. It had been reported previously that five persons were killed and 40 injured in the raid of June 6.

OFFICIAL REPORT ON RAIDS.
The official report issued last night is as follows:
"Further enquiries show that the casualties in connection with the visit of a Zeppelin to the north-east coast Tuesday night amounted to 16 killed and 40 injured.

"It is now possible to state more exactly the casualties resulting from an airship raid on another portion of the north-east coast on the night of June 6. The number of deaths there was 24, comprising five men, all civilians, 13 women and six children. There were also 40 cases of more or less serious injuries. The principal fires were in drapery establishments, a lumber yard and a terrace of small houses."

Reports were received yesterday of aerial activity in several other quarters. British aviators, according to an Amsterdam despatch, attacked the German military aerodrome at Gron-

garde, near Ghent, in an effort to destroy Zeppelins housed there. The French War Office announces that German aeroplanes, operating singly yesterday dropped several bombs on Nancy, St. Die and Belfort. "At Nancy only," says the official report, "several civilians suffered by the attack."

Laid to Rest

All that was mortal of the late Benjamin Godfrey was laid to rest in Mt. Hope cemetery yesterday afternoon. Impressive services were held at the house and grave the Rev. Matthew Kelly officiating. The pall bearers were T. Druce, C. Ions, W. Hodge, T. Cartwright, A. McWhirter and H. E. Phipps, brother musicians of the deceased. Representatives were present from the Brant city band, local A.F. of M., and the Paris band, while a large circle of friends gathered at the home to pay their last respects and show their sincere sympathy to the bereaved ones. The floral offerings were large and numerous, and included wreaths, Kitchen Overall & Shirt Co. employes, Crown Electric Co. and employes; broken harp, Brant City Band; sprays, Mrs. Cocksbutt and family, Miss Maloney, Mr. and Mrs. W. R. Waddington, Mr and Mrs. A. McWhirter, Mrs. Daley and daughter, and Brantford Musical Protective Association.

Obituary

The death occurred this morning of Alice, the beloved wife of John Barrowclough, 81 Ontario Street. Deceased, who attained the great age of 83, succumbed to a paralytic stroke. She and her husband formerly resided near Salt Springs, but have lived in Brantford the last few years. She leaves in addition to the sorrowing husband, two children to mourn her loss, a son in Onondaga and Mrs. J. R. Featherstone at home.

The granddaughter of Donald McLean who piloted Prince Charles as a fugitive among the Western Isles, has just died in Tiree at the age of 86.

THE PRESENT WAR JUSTIFIED

Strong Address by the Bishop of Huron—Mr. W. F. Cocksbutt Coins New Phrase.

(London Free Press)
The Synod of Huron this morning accomplished something that for some time it has been striving, when it passed a resolution sanctioning the appointment of committees whose duty it will be to report the findings of the general and provincial synods to the local diocesan governing body. The objects of the move were explained by Mr. Charles Jenkins, of Petrolia, and Rev. Canon Tucker of this city, the latter declaring that the end in view was to secure greater efficiency for the whole church by spreading abroad the big questions being grappled with by the general and provincial synods.

During the session of the question, Mr. W. F. Cocksbutt, of Brantford, made a telling and witty speech along the lines of religious education in the public schools, to which subject Mr. Jenkins alluded, and declared that it now was further advanced than 30 years ago. Mr. Cocksbutt took strong exception to Mr. Jenkins' statement, declaring that the latitude allowed by the Government was a great deal more than was being taken advantage of and that the clergy had shown that they were not willing or able to be at the schools at stated and regular times to impart religious instruction. "In my judgment, we cannot go faster than public opinion," said Mr. Cocksbutt.

RED CROSS WORK.

The problem of keeping up funds for the continuance of Red Cross work has been engaging the attention of the Women's Patriotic League for some time past, and it has been finally decided to dispense for the present, with all forms of entertainment, tea, concerts, etc., in aid of the league, and to make a direct appeal to citizens for monthly contributions during the next six months.

PERAMBULATING ENCYCLOPEDIA.
The speaker caused a ripple of laughter when he designated Mr. Jenkins, whose weighty utterances are always listened to with interest as a "perambulating encyclopaedia of ecclesiastical terminology."

THE BISHOP REFERS TO THE WAR.

Declaring that three out of every five Canadian soldiers who had so far enlisted were members of the Church of England. His Lordship the Bishop of Huron in his annual charge to the Synod yesterday afternoon asserted that the Church of England should insist that Church of England chaplains be appointed to go with the troops in proportionate ratio to the number of Church of England men serving with the colors.
SOME WARS JUSTIFIED
The idea that all war is unjustifiable was branded as an erroneous idea by the speaker who declared that Christianity dealt with men and nations as they are. "We find selfishness and violence in men and nations, and therefore we must deal with these qualities," declared his lordship, who queried: "Can they be dealt with without violence?"
In further justifying a cause such as Britain's present one, his lordship said: "We will accept this kind of a sacred duty to God and man."
Speaking of the war as a judgment, his lordship said that although this view was not popular, still we would be missing the divine lesson if we failed to see it as a judgment on the nations. War was the logical and inevitable consequence of disobedience of God's law and, while we justified Britain's cause, still she was not entirely blameless. We would be short-sighted if we could not see in it more than a mere judgment on Germany. Secularism had repudiated religion and we had made ourselves the centre instead of God. "To-day we saw the complete breakdown of secularism."

League of Peace Meet To-day in Philadelphia

Philadelphia, June 17.—Men distinguished in many walks in life gathered at historic Independence Hall today at a conference to consider the adoption of proposals for a league of peace and to decide upon steps to be taken with a view to obtaining the support of public opinion and of governments. The meeting was called by the National provisional committee, which includes in its membership, well known publicists, educators, peace advocates, editors and economists and was presided over by former president William H. Taft. The plan was largely the idea of the former president and is understood to have his personal though unofficial endorsement.

The morning session of the conference was limited to formal addresses, among the speakers being John Bates Clark of Columbia University; Theodore Marburg, of Baltimore, former United States Minister to Belgium, and Edward T. Filene, representing the Chamber of Commerce of the United States.

APPOINT REGENT.
By Special Wire to the Courier.—The Star has published a despatch from its Athens correspondent setting forth that Greek newspapers supporting former Premier Venizelos, are asking that the Chamber of Deputies meet immediately the results of the recent general elections are known, to appoint a regent on account of the illness of King Constantine.

SOCIETY OF FRIENDS.
By Special Wire to the Courier.—Philadelphia, June 17.—Four young members of the Society of Friends will sail from New York on Saturday for France and Belgium where they will serve with the English Friends' Ambulance unit in the war zone. The recruits, who are the first Friends to volunteer from this country are recent graduates of Haverford College.

SHAG'S SENATORS GIVE SLAB'S BRANTS A SLAM

Good Game With Daily "Skeleton" Feature of Dunlop's "Bone"—Brants Went Down to Utter Defeat.

The game yesterday was a closely contested one, and well played by both teams. With the exception of one or two loose plays, the fielding was good, and the fact that four double plays were made proves that the fielding was quick and snappy.

In spite of the fact that Dunlop had two errors chalked up to his credit, he played a fine game, picking up some very difficult drives. His batting eye was in far better shape yesterday than it has been since the season opened.

Burrill was the same old Buster; as reliable as ever, both in his batting and fielding. One of his catches is worth special mention. In Ottawa's eighth, Shag slammed out a long drive to centre field fence, but Buster was right on the spot to receive it when it got within reach.

Creswell pitched a fairly good game, allowing only one walk.

The heavy artillery of the Brants, Foran and Dunn, had an off day in their batting. Ivers, Mullen and Fried made only one single apiece.

Since the season commenced, not more than two double plays have been staged, but in this game four doubles were pulled off.

In Ottawa's first inning, Fuller slammed out a double and scored the first run of the game by the aid of Bullock's single and Shag's sacrifice.

In Brantford's first, Ivers walked, and made second on Rooney's error. He was left on second, for the other batters either fanned or were put out.

Ottawa made a single in their second, but the Brants smashed out a couple and managed to tie the score. Mullen started with a single, Dunlop followed with another single, and Fried sacrificed, allowing Mullen to score. Lamond forced Dunlop out, and the inning ended when Creswell fanned.

The Senators rapped out two singles in the third frame, and the Brants did nothing. In the next innings, Shag's outfit again forged ahead by one run. Powers scored this by his single to centre field, and his steal. More runs might have been made but Carlton and Lage were put out by the Brants double play, Dunlop catching a nice fly and after putting his man out on second, pegged to Ivers in time to put Lage out.

The Ottawa's retaliated in the Brants fourth by making a double play also, just when some scoring might have been done. Neither teams did anything remarkable in the fifth. When the Senators went to bat in the following frame, they made only one single. Fried's splendid catch saved a very possible double.

The Brants again tied the score in their sixth, Ross walked Ivers, Burrill rapped out a hot drive over

Jr. Stars Defeated East Ward Bunch

Although the score was very much one-sided affair, the Stars defeated the Park Nine from the East ward in a very interesting game of ball last night, 15-5. It was really a batting practice for the Stars, the opposing pitchers being unable to do anything with them. The battery work of the Stars featured. Batteries: Stars, Davis, Walters and Williams, Baxter. Park Nine, Donohue, Bremner and Elliott.

BOSTON WANTS FEDERALS

That Boston capitalists are anxious to have the Federal League place a team in that city next year, was the statement made recently by President James A. Gilmore, of the Federal League despite the fact that baseball is a losing proposition throughout most of the country this year. Mr. Gilmore stated that for some time men in Boston had been in communication with the league officials in regard to the matter, and that the Bostonians were willing to show the necessary money, and had selected a location which could be used in case a team was placed there. Mr. Gilmore said that he might pay a visit to Boston before he returns to the West and look further into the matter. He said it was a question whether the Federal League would place a team in New York or Boston next year, and it looked as if New York would be the place. He stated that surely one of the two cities would be selected for a team. The matter has been discussed informally by the league magnates, but no definite action has been taken, and he did not expect that any would be taken until later, as there was plenty of time to go into the matter carefully before next year.

"PEPPER JOE" YEAGER RELEASED BY MONTREAL

"Pepper Joe" Yeager has been released to Jersey City by Montreal, and the Royals will not seem the same when again they come to the Island Stadium, Toronto. Yeager has been a member of the Royals for seven years.

Never a rowdy ball player, Yeager knows how to be aggressive and more or less noisy without offering offense to players or spectators. He has seen many years of service, having been in organized baseball for 20 years. He first attained prominence about 17 years ago as a pitcher for Detroit. At

BRYAN BRAINSTORMING
By Special Wire to the Courier

Washington, June 17.—Asserting that preparedness provokes rather than prevents war and that the upheaval in Europe was a result of the false philosophy that "might makes right," former Secretary of State Bryan today in the second of his series of three statements on "the causeless war" submits an argument against military preparation by the United States and praises the course of President Wilson in the international emergency.

ANNUAL EXCURSION TO O. A. C. GUELPH

North and South Brant Farmers Spent a Pleasant and Profitable Day.

About five hundred farmers and their families, with a sprinkling of city folk, took in the excursion to the Ontario Agricultural College yesterday, held under the auspices of the North and South Brant Farmers' Institutes. The committee in charge had made good arrangements, and everything was carried out in schedule time.

Arriving at Guelph the excursionists, together with about two hundred from Simcoe County, assembled in the gymnasium for lunch. So well were the details carried out that the whole 700 were seated and fed in about half an hour. At the conclusion President Creelman welcomed the visitors and outlined the best way to see everything of importance on the 700-acre farm to the best advantage in the short time at their disposal.

The experimental plots were first visited, where Prof. C. A. Zavitz, B. S. A. acted as conductor and explained the different crops, when planted, how fertilized, etc., and answered dozens of questions that were fired at him from all sides. The experimental grounds at the O.A.C., which are under the direction of the Field Husbandry Department, consist of about 75 acres of land, which are divided into upwards of two thousand plots, and on which experiments are being conducted with varieties of grain, root, tuber, grass, clover, fodder, silage and other crops, with artificial barnyard and green manures, with methods of cultivation, selection of seed, dates of seeding mixtures of grains, pasture grasses, etc. In addition the Department directs co-operative experiments on five thousand farms throughout the Province. All of these experiments are conducted with the greatest care and for several years in succession to secure strictly accurate results. An immense amount of thought and care is required in supervising these plots and summarizing the results for presentation in bulletins, lectures, etc.

After inspecting a large number of the plots a visit was paid to see a ditching machine at work under the direction of the college drainage expert. Ten years ago such a machine was unknown and ditches had to be dug by hand, whereas now there are upwards of one hundred of these in various parts of the Province. The machine, which is driven by a 20 h.p. gasoline engine, dug a ditch about four feet deep and a foot wide at the rate of about a foot a minute. The services of the drainage experts are at the disposal of any farmer who desires them, and the average cost of ditching with this machine is about 35c per rod. In turn the pigsties, cattle barns, horse stables and poultry plant were inspected and their workings explained by the professors in charge. Everything about the different stables, etc., was scrupulously clean and provided very useful object-lessons for the visiting farmers.

While the men were viewing their part of farm operations, the ladies visited Macdonald Hall and Macdonald Institute and a butter-making demonstration in the dairy building. At the Institute Miss Nixon of St. George, who is in charge of the household economy department, demonstrated various labor-saving appliances for use in the home to relieve the housewife of some of the drudgery associated with the farm. She urged her hearers to insist on having these devices, reminding them that the men never hesitated to buy any machine that promised to lighten their labor. She hesitated to buy any machine that promised to lighten their labor.

KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-tives" The Great Kidney Remedy

HAGERVILLE, Ont., Aug. 26th, 1913.
"About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. Having seen 'Fruit-a-tives' advertised, I decided to try them. Their action was mild, and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever."

cars for the rush hours early to-day and the great armies of workers were obliged to again depend on the thousands of motor buses, moving trucks, ice wagons and railroad suburban trains for transportation. Officials of the traction systems telegraphed to eastern labor agencies not to employ any more men as strikebreakers.

TAKE PLACE TUESDAY
Winnipeg, Man., June 16.—The body of Archbishop Langevin is expected to reach Winnipeg Saturday morning, and the funeral will take place Tuesday morning at 10 o'clock from St. Boniface Cathedral. The body will lie in state in the cathedral on Sunday and Monday, but definite arrangements in this connection have not yet been made. The funeral will be an impressive spectacle, church dignitaries attending from all over Canada.

NOVELTY TROT

San Francisco, June 16.—A novelty trot, with women drivers for a Panama-Pacific exposition trophy was one of three races scheduled for to-day in the exposition light harness meeting. Four horses have been entered for this event and the winner was to be determined by the winner of two heats.
