

The Waterdown Review

THE BIGGEST LITTLE PAPER IN ONTARIO

VOL. 4.

WATERDOWN, ONTARIO, THURSDAY, APRIL 20, 1922

NO. 50.

NOTICE TO CONTRACTORS

Pursuant to the requirements of the Canada Highways Act, separate sealed tenders marked "Tender for Contract No." will be received by the undersigned until 12 o'clock noon on Thursday May 11th, 1922, for work on the Provincial Highway.

Contract No. 619. Bituminous Penetration Pavement, Clappison Corners to Blacks Corners, 3 miles.

Contract No. 544. Concrete Culverts, Abutments and Bridge Floors, Waterdown Bridge.

Plans, specifications, information to bidders, tender forms and tender envelopes may be obtained on and after Monday, April 17th, 1922, at the office of the undersigned, or from G. G. Greig, Resident Engineer, Waterdown.

A marked cheque for \$1,000 payable to the Minister of Public Works and Highways, Ontario, or a Guaranty Company's bid bond for a similar amount must be attached to each tender. A Guaranty Company's Contract Bond for 50% of the amount of the tender will be furnished by contractor when contract is signed. All bonds must be made out on Departmental forms.

The lowest or any tender not necessarily accepted.

W. A. McLEAN,
Deputy Minister of Highways
Department of Public Highways, Ontario
Toronto, April 11th, 1922.

C. A. A. Ball Team Organized

The C. A. A. Ball club held its first meeting in the Memorial Hall on Monday, April 17th, with a good attendance. Everything points to a busy season with a first class team, the best that has been in uniform for some time. With such a twirler as Ralph Warner on the mound and another pitcher to help out, and Harold Alger and Lawrence Walker to do the receiving, the steel trap shortstop Earl Warner, a third sacker like Harry Hood, the old standby James Gray on first, a noted six footer on second and some of the weak places in the field strengthened it looks stronger than ever this year. At the first practice on Saturday the boys had a fine line-up. Parties wishing to secure the old reliable team can do so by calling on the secretary, David Currie, or the Manager Norman Walker, and should be done early as they are already booked for several places.

Pie Supper and Concert

The choir of Knox church are holding a Pie Supper and Concert at the church next Wednesday evening, April 26th. A splendid program has been arranged consisting of solos, duets, quartettes, choruses, violin selections and elocution. The concert will commence at 8 o'clock, after which the pie supper will be served in the Sunday School room. The admission is 25c.

Horning-Fowler Wedding

A very pretty wedding was solemnized in St. Luke's Church, Burlington, Wednesday afternoon at three o'clock, when Miss Gladys Bertha, daughter of Mr. Robert C. and the late Mrs. Fowler, and Mr. Oliver M. Horning of Waterdown, were united in the bonds of matrimony by the Rev. G. W. Tebbs, rector of St. Luke's Church. To the strains of Lohengrin's wedding march, played by Mrs. L. Sykes, organist of the church, the bride entered the church on the arm of her father. She was becomingly attired in a navy blue tailored travelling suit with mohair hat to match, wore a corsage bouquet of sunset roses and lily-of-the-valley, and carried an ivory bound prayer book, the gift of the Rector. She also wore a set of Isabel fox furs, the gift of the groom. The couple were unattended. The ushers were Harry Horning and Stanley Sawell. During the signing of the register, Miss Ada Aspinall, of Toronto, sang a solo very acceptably. The choir also assisted in the service. The church was beautifully decorated with smilax, palms and flowers for the occasion.

After the ceremony the guests returned to "Apple Grove," the home of the bride's father where a dainty buffet luncheon was served. The bride was the recipient of many useful and costly gifts, showing the high esteem in which she is held by her host of friends in the district. The happy couple left on a wedding to New York and Atlantic City, and on their return will reside at Waterdown.

Guests were present from Toronto, Hamilton, Clarkson, Waterdown, Brantford and Burlington.

Mr. Alex Davidson, secretary of the Corn club, reports the theft of a large quantity of beans from the club's store-room. A reward will be offered.

A meeting of the members of the Agricultural Society and all others interested will be held in the Township hall Tuesday evening, April 25, to further consider the purchasing of a fair grounds site.

A meeting of the Directors of the Agricultural Society will be held in the Township hall Saturday evening April 22nd at 8 o'clock to arrange seed crop competition. The prize money for last year's contest has been received and will be paid to winners.

Greenville

Mrs. S. Church of Fruitland is visiting with Mrs. I. N. Binkley.

Miss Margaret Adams of Dundas is spending the holidays with Miss Shirley Morden.

Mr. J. Walker and his mother Mrs. G. Walker of Mt. Albert spent the week end with friends here.

Mr. Brock Green has sold his farm and purchased a house from Mrs. Moxley.

There was a very enjoyable concert and dance at the hall Easter Monday eve, but owing to the rain there was not a very large attendance.

Carlisle

Special Easter services were observed on Sunday in the Methodist church. There was excellent music by the choir. The pastor, Rev. Mr. Hendershot, delivered very forceful sermons both morning and evening.

Mr. and Mrs. P. S. Green, who have been spending the winter at Miami, Florida, have returned home looking well and report a pleasant trip.

Mr. John C. Eaton, who is a medical student in Toronto, is spending the Easter holidays under the parental roof.

Some of the farmers have started seeding, but on account of the backward weather have made little progress.

Mr. and Mrs. Donald McQuarrie of Toronto were week end visitors at the home of the latter's parents, Mr. and Mrs. Thos. Mills.

Miss Vera Gastle, of Toronto, is the guest of Mr. and Mrs. W. O. Gastle.

Miss Ethel Eaton of Wheatley, is spending her vacation under the parental roof.

On Wednesday evening last the boys of the Tuxis Square held their annual banquet. Many of the parents were present and were honored by seeing the able manner in which their boys managed the affair. The boys set the tables and waited on them in such a splendid way that it spelled success. The toast to the fathers was proposed by Mr. Lorne Fogle and responded to by Mr. John Harper, and the toast to the mothers was proposed by Mr. Wm. Hendershot and responded to by Mrs. John Bennett. Addresses were given by Mr. J. L. McKelvey of Hamilton and Rev. J. Hartley of Galt.

The Methodist Church Garden Party committees are preparing to make the annual First of July celebration the biggest and best ever held in Carlisle. With one of the finest baseball diamonds in Canada and some fast teams we look for a big day. The evening program, not completely arranged, promises to be a great drawing feature.

The annual business meeting of the Methodist Adult Bible Class will be held on Wednesday evening April 26th, at 8 o'clock. The committee is planning to have an entertainment and social. The gentlemen of the class have accepted a challenge from the ladies whereby the gents are to prepare and serve the lunch. This plan is somewhat of a novelty, and something without a precedent is expected.

Swift Current, Sask. has a mill rate of 86 mills. That burg is certainly well named.

Locals

Miss Bella Drummond is spending a few days at Cheltenham.

Miss Grace Rutledge is spending the Easter holidays in London.

Mrs. J. Smiley and Mrs. F. Klodt spent Saturday with friends at Brantford.

Miss Dorothea Greene entertained a number of her school-mates Tuesday afternoon.

Mrs. W. J. Spence and children visited relatives in Lowville during Easter holidays.

Mrs. Chas Thompson, of Kilbride, is visiting her daughter, Mrs. John Daley, this week.

Wm. A. Drummond is visiting his daughter, Mrs. Arthur Field, at Clarkson this week.

Miss Mary Dougherty entertained a number of her friends at a party Wednesday evening.

Mrs. Nettie Carey of Hamilton visited over Easter with her daughter, Mrs. Elmer King.

Mr. and Mrs. J. Agnew of Milton were the guests of Mr. and Mrs. N. McMillan on Thursday last.

Mrs. James Walker and daughter of Hamilton were renewing acquaintances in the village this week.

Mr. and Mrs. A. Field of Clarkson spent the week end at the home of Mr. and Mrs. W. A. Drummond.

Mr. Lorne Featherston and Miss Letty Ellis of Toronto spent the week end at Mrs. A. L. Featherston's.

Mr. and Mrs. Featherston and daughter of Lowville were Sunday guests of Mrs. A. L. Featherston.

The choir and A. Y. P. A. of Grace church spent a very enjoyable evening at the Rectory last Wednesday.

The membership committee of the Wayside Gleaners class will meet next Tuesday with Mrs. Jane Baker.

Miss Isabel Leake, after spending the holidays at the Rectory, is returning to the Deaconess' House, Toronto.

Miss Beatrice Bennetts of Niagara Falls spent Easter at the home of her parents, Rev. S. and Mrs. Bennetts.

The Sterling Markets of Hamilton has purchased Mr. J. Shelton's meat market. The Waterdown store will be No. 14 in their chain of meat shops.

Mrs. Esther Small of Kilbride and Mrs. Ferdinand Slater of Hamilton, attended the bazaar and concert last Thursday, the guests of Mrs. A. Newell.

Mrs. Maria Church, mother of the late George Church of this village, died at the home of her daughter, Mrs. Ira N. Binkley, Greenville, on Thursday in her 99th year.

Mr. Ed. Blagden, who has been spending the winter months in the West, returned home last week. He says there is no place can compare with Waterdown for him.

The Ladies' Aid of the Methodist church held a very successful bazaar in the Sunday School room last Thursday. The proceeds of the day was over \$100. The ladies wish to thank all who assisted in making it such a success.

Avonsyde Farms Dairy

Pure Ayrshire Milk of Quality

Drink More Ayrshire Milk — Free from Tuberculosis

Milk For Under Nourished Children

An average gain in weight of three pounds in forty days, as a result of milk feeding, was recorded in the Jesse Ketchum School, Toronto, where 48 under-nourished children were given half a pint of milk a day. The greatest individual gain was 8 1/2 pounds. A marked improvement in appearance, disposition, interest and ability was noticed as a result of the milk diet.

"A pint of Ayrshire milk a day,
For every child they say,
Builds bone, tooth and muscle,
Gives strength for a tussle—
Of course such food will pay."

Bright Clouds

To the Members of Grace Church:

In concluding this present series of letters, the Rector expresses his appreciation of our Easter services. The heartiness and earnestness of the congregations were very gratifying. Attendance at the Holy Communion was record.

Dark and bright clouds alike betoken God's presence. "Who can number the clouds?" "Dost thou know the balancing of the clouds?" The Lord was present in the cloud in the tabernacle in the wilderness. That brilliant manifestation staidied for the rule of Moses. It impressed the people with the facts of God's power and tender guidance for all who would serve Him. Clouds in our sky tell us Jehovah promises to blot out our sins. Clouds obscure our sun for a few hours, but see in the evening the silver lining reveals the warmth above. Lo! the rainbow reminds us of God's covenant. Easter, again and again, bids us gaze upwards with confident hope. His victorious triumph over the grave clears our vision that in faith we can, with John in the Revelations, see one like unto the Son of man sitting upon a cloud. We look forward with joyous confidence to that "Morning without clouds". Then "God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, neither crying, neither shall there be any more pain; for the former things are passed away."

H. J. LEAKE.

FLOWERS FROM SEED

Beauty and Fragrance for All at Very Small Cost.

Most Annuals May Be Sown Indoors For an Early Start—A Few Simple Remedies Suggested for Insect and Other Pests—Annuals May Be Transplanted.

(Contributed by Ontario Department of Agriculture, Toronto.)

Among the varieties that should be started early indoors are Petunias, Verbenas, Antirrhinum (Snapdragon), Pentstemon glaziovides, Salvia, Ageratum, Centaurea gymnocarpa (Dusty Miller), Pyrethrum (Golden Feather), and Lobelia. The four kinds last named being of a dwarf habit of growth are very useful for planting around the edge of flower borders. The Lobelia does best in light soil and where it does not get too much sun. The first named varieties being of a taller habit better suited for the centre of flower beds or borders. There are no summer decorative plants that can be raised from seed that will make a finer and more continuous display in the flower garden during summer than those named, if the seed is started early in a window, hot bed, or greenhouse, and the plants given even ordinary care and attention. If sown out of doors early in May they are very late in flowering. All the plants before named will also be found very useful for helping to fill up window and verandah boxes, rustic stands, and hanging baskets. Being of a perennial or lasting nature, many of them can also be successfully dug up in the autumn before frosts, and placed in pots or boxes for indoor decoration during early winter. Those late in flowering, such as Ageratum, Snapdragon and Pentstemon are especially useful for this purpose. Seed should be saved from the best types of all of the plants named during the summer months for the next spring sowing. The Dusty Miller does not seed the first year, as a rule. A supply of cuttings may also be obtained from most of the plants named, if the old plants are kept in a cool window during winter.

Tall Plants for Centre.

If a few tall plants for the centre, or at the back of a large border are required, plant a few seeds of the Ricinus (Castor Oil Bean). These may be planted about an inch deep in shallow boxes early indoors in April, and transplanted singly into

3 or 4 1/2-inch flower pots when three or four leaves are started; or one bean may be put in the same sized flower pot mentioned, and the plants allowed to grow there until planted out in the garden about the second week in June. All of the seedling plants started early as suggested should be transplanted when from four to six leaves have developed into good soil singly into 2 1/2 or 3-inch pots or be set about 1 1/2 inches apart in shallow, well drained boxes filled with good soil.

Some Annuals Suggested.

A few varieties of annuals such as Asters, Chinese Pinks, Phlox Drummondii, Zinnia, Balsams, Marigold, Coreopsis, Scabiosa, Calendula (pot Marigold), Mignonette, Schizanthus (Butterfly flower) and other varieties if needed, may be sown indoors early in April for early flowering or they may be sown out in the border about the second week in May for later flowering. A great many annuals such as Poppies, Nasturtiums, Ten Week Stock, Silene Armeria (Catchfly), Gypsophila elegans, Nigella (Love in a Mott), Annual Larkspur, and other similar annuals do not transplant or succeed as well when sown indoors. It is best to sow these last named out of doors early in May where they are to grow. Sweet Alyssum and the Purple and White Candytufts are among the best dwarf edging annuals we have, and should also be sown out of doors early in May. Early sown Sweet Alyssum is often attacked by the small black flea beetle, that completely destroys the plants. Plants from seed sown later (end of May) are seldom attacked. The best remedy for this flea beetle is to spray the plants with a solution of Paris Green, made by first well mixing a small teaspoonful of Paris Green (or Arsenate of Lead) in a tablespoonful or two of cold water, then add water to make one gallon. Dusting the plants with Pyrethrum Powder, wood ashes, or soot are also good remedies. Another good annual, especially for a hot, sunny position is Portulacca. The seed is best sown broadcast on finely raked soil, and the seed raked in very lightly. Thin the plants later on from four to six inches apart. If you have a dry, hot, sunny position where very few plants will grow, try some Portulacca. If a few early Nasturtium plants, or of any climbing annual are wanted for window or verandah boxes, put two or three seeds in soil in three-inch pots in April, they will transplant much better from pots than from boxes. Nasturtiums are one of the best annuals for window boxes. The seed may also be sown rather thickly in window boxes out of doors early in May, and the plants thinned to about six inches apart later on. All annuals may be transplanted to advantage singly into small pots.

This list of annuals given may be

extended considerably, those mentioned are among the most satisfactory for the average flower grower. —The late Wm. Hunt, O. A. College, Guelph.

Manure.

Much of the fertilizing value of manure is lost when piled in the barnyard till spring. Plan to haul it out to the fields as made. There, when spread or piled in small heaps, the bulk of this valuable by-product is utilized by next season's crops.

DANDELION CONTROL.

Four or Five Sprayings With Iron Sulphate Will Do the Trick.

Little attention was paid to the dandelion as a weed thirty years ago, but with the clearing up of lands and removal of obstacles to the spread of the weed great increase of the nuisance is seen in grass land everywhere. The dandelion cannot succeed on land that is well cultivated, but areas of grass, whether pasture fields, roadways or lawns, are usually heavily infested. Large areas cannot well be treated unless the use of the land is such as to permit heavy expenditures. Small areas, such as lawns and portions of golf courses, may under proper management be kept free of dandelions.

Spraying with iron sulphate, four or five applications during one season, will generally free a grass area of the pest. But the treatment must be repeated every third year. The first spraying should be applied just before the first blooming period of the dandelion and followed by two others at intervals of three weeks. Two further applications should also be given during September or October. Spraying should not be done during the hot, dry period unless water can be applied to keep the grass growing vigorously. Grass areas that are sprayed usually blacken considerably after each application, but this burned appearance disappears after a few days. Areas that are being sprayed for the eradication of dandelion should be well fertilized, and grass seed should be applied to keep up the required number of grass plants to form a good turf. White clover is killed by iron sulphate spray, so cannot succeed under this method of dandelion control. The strength of solution to use is 1 1/2 pounds to one gallon of water. —L. Stevenson, Secretary Dept. of Agriculture, Toronto.

Why a \$5,000 Bull Was Sold for \$50.

When a certain farmer a few years ago sold his registered Holstein bull to his local butcher no records had been made by any of the bull's daughters. Within a year eleven of the daughters freshened at the ages of two and three. Records were made of milk and butter-fat production, and to the astonishment of everybody the average milk production was 14,502 pounds and the average butter-fat production was 573 pounds.

But before these records were available the bull was dead and his hide had become leather. Because there were no records, a \$5,000 bull had been sold for \$50.

For Mud and Slush You Need these Rubber Boots

Every farmer—every member of his family—every man who works out-doors in all kinds of weather—needs the dry, foot-comfort given by Ames Holden Rubber Boots.

For use on the farm, Ames Holden Rubber Boots are easy to wear because they're ounces lighter in weight, but they have the toughness that only pure rubber—pressure-cured—

and years of experience in making rubber footwear can give.

Ames Holden Rubber Footwear is built for long wear, otherwise the iron-clad guarantee couldn't be tied to each pair. We stand behind it because it means full value for your money.

A PICTURESQUE BARGAIN.

Canadians Have Treaty With Northern Indians.

"And this agreement shall go on forever and aye."

Thus in part runs the wording of an agreement between the Canadian Government and certain nomadic tribes of far northern Indians who live to-day much as their forefathers did hundreds of years ago. The carrying out of this treaty presents one of the most interesting sights to be viewed on the far northland, but one seldom seen by the traveler, as it occurs only once a year and in places remote.

In the far northland, says Francis Dickie, in the Western Home Monthly, though the Indians still have the same hunting and fishing privileges as their forefathers and are practically as independent as before the white man came, the Government in return for the nominal taking of the country made a treaty about half a century ago in the name of the "Great White Queen," which reads in part: "Her majesty agrees that each chief after signing the treaty shall receive a silver medal and suitable dog, and every third year thereafter he shall receive a new suit of clothes." Every common member of the tribe yearly receives \$5; the chiefs \$25; and the headmen \$15. In addition each tribesman receives as much ammunition and twine for nets as amounts to the value of a dollar. Certain places throughout the northland, generally some trading post on the bank of one of the larger rivers which flow through the region, are the appointed meeting places. To these once a year the Government agent comes carrying in his grips tens of thousands of dollars in one and two-dollar bills. Larger denominations are never used.

Out on the open plain the agent stands surrounded by the vast concourse of red men, chiefs, headmen, aged hunters, young bucks, squaws and myriads of children. One by one the Indians come forward and receive their yearly treaty, the white man checking off each name in his book as he pays. The agent is always a man carefully chosen for his work, one with knowledge of the natives gained by years of close personal touch. Generally he speaks one or more languages.

As there is little possibility of the land ever being settled, that part of the wording of the treaty which stipulates that the Government will yearly pay out so much money per person according to their rank "forever and aye," in all likelihood will be paid forever and aye, in keeping with the original wording, which is more than can be said of many treaties made with aboriginal people by the white invaders.
