WORKING ON PLANS OF NEW NURSES' HOME

Present indications point to an active spring in the building industry according to F. Neil Brodie, architect of St. John. Mr. Brodie said that in addition to the usual amount of smaller work he is now working on plans for several public structures in different parts of the province, work on which would likely be started early in the spring.

Among the principal works now being planned, Mr. Brodie said, was the Memorial School at St. Stephen a nurses' home in connection with the Miramichi Hospital at Newcastle, a new school for Rev. J.J. Ryan in West St. John; a community building for Rev. J.J. McDermott in the parish of St. John the Baptist, Lower Cove, which will be erected on the lot adjoining the former Wiggan's orphan asylum, now being used as a school. Mr. Brodie is also preparing sketch plans for proposed new \$350,000 vocational school building in St. John.

THE WORKMEN'S COMPENSATION ACT

Important Conference on January 10th.

A conference regarding the Workmen's Compensation Act has been called by Premier Veniot for the afternoon of January 10 in the government rooms. Representatives of the employers, employees, government and Compensation Board will be present. A Conference of employers coming within the scope of the act has been announced for January 9th in the Board of Trade rooms at 2:30. Among the questions to be discussed will be whether the principle of the act should be supported; whether the act now in force is the most suitable type for New Brunswick; if the present rates of compensation are satisfactory; what changes should be recommended to the government.

NARROW ESCAPE

Leonard Driscoll, the thirteen year old son of Mr. and Mrs. George Driscoll of Nelson had a very narrow escape from drowning on Monday afternoon. Young Driscoll with several companions, was skating on the board ice in front of Maloney's Mill when he ventured out too far and broke through in the deeper water. He was pulled out and escaped with little more than a severe ducking.

Majority For Doucet Is 208

Richibucto, Jan. 2.—At the declaration proceedings here to-day the complete figures for the recent by-election in Kent were:

A.J. Doucet (Con.)—3,643
Alfred E. Bourgeois (Lib)—3,435
Majority for Doucet 208.

Railway Accident

Three persons were injured and the passengers badly shaken up at the C.N.E. station at Sackville Wednesday afternoon when the Ocean Limited from Halifax to Montreal struck one end of the Maritime Express bound from Montreal to Halifax. The express and postal cars were tipped over and Walter Campbell, express messenger sustained a sprained arm. No other damage was done to the Maritime. The locomotive of the Limited was damaged but not disabled. Gayboury who had had a broken leg was struck on the injured member by a water bottle and slightly hurt. The conductor of the Limited was cut over one eye. There was little delay to traffic.

SAYS OIL IS CURING TRACADIE LEPERS

In a report to the federal Dept of Health, Dr. J.A. Langis, Supt. of the Leper Station at Tracadie; N.B. expresses the opinion that the chaulmogra oil treatment developed by modern medical science is a cure for the dread malady.

Canada has two leper stations, one at Tracadie and the other at D'Arcy Island, B.C. The medical officer at D'Arcy Island reports steady improvement in the condition of the two patients under his care, where the oil treatment is also used. He acknowledges the courtesy of American medical authorities in Honolulu who furnish the preparation free of charge. The five patients at D'Arcy Island are Chinese. A Russian afflicted with the disease is receiving treatment at the William Head quarantine station.

At the close of the fiscal year eleven patients were under care at Tracadie; 6 men and 5 women. One new case, a Chinese; whose trouble was diagnosed in a Montreal hospital was admitted. Seven of the patients are French-Canadian natives of Tracadie and surrounding country one an Islander; one of French and Scotch descent and one a Chinese. No deaths occurred at the station during the year.

HAD A KICK COMING

Would you do as James King did in "Adam and Eva"

There are times when a man is quite justified in losing his temper. A specific instance of this is to be found in the Paramount-Cosmopolitan production, "Adam and Eva" coming to the Opera House Wednesday next.

Suppose you were to come home night after night and find your daughters entertaining a houseful of lounge lizards at your expense. Would you protest? Well, that is just what James King in the picture does.

The strings on the family money bag are suddenly drawn tight, and the "master" heads himself to South America for a much needed rest, placing in charge of the household a young "go-getter." James King is reported bankrupt. Result the regeneration of the entire family. But James is not bankrupt, and on his return the fireworks start.

Marion Davies is in the stellar role with T. Roy Barnes playing opposite her.

"Moir's are conceded by all lovers of good chocolates to be the best in Canada and we are specializing in Moir's this year, having bought 6 packages to 1 of other makes." The London Fruit Store, New Glasgow.

All last year experiments were carried on in Moir's laboratory

and in the plant to produce a certain article that would stand apart from anything now on the market. Splendid results were attained—but perfection is the goal and so the article has not yet been produced. It may take a year more, but no matter how long it takes it will not be placed on the market until it is perfected.

Incidentally, this is the policy aimed at for every article made by Moir.

"WHOOOPER" SERVICE NOT SATISFACTORY

The changes which took place on Sunday in the C.N.E. time table insofar as the "Whooper" is concerned is most unsatisfactory to the residents of the districts through which this train runs and also to Newcastle. The "Whooper" will run three days a week—Monday, Wednesday and Friday arriving in Newcastle at 2:35 p.m. and leaving at 5:30 p.m. the same afternoon. No connection will be made with other local accommodation or the Ocean Limited going South but the new schedule is put in operation so that the "Whooper" will connect with the Edmundston train and also for the purpose of catering to the city of Fredericton.

This is a grave injustice to residents of the up-river sections who now will be deprived of coming to Newcastle to do their banking and other business, returning to their homes the same day as in the past. During the election campaign of 1921 the Liberals were going to make this train a daily one but like many other of their promises had been unfulfilled. Instead, it has been becoming worse every year, until the present schedule which is about as bad as it possibly could be.

The Newcastle Town Council has forwarded the following resolution to Mr. L.S. Brown; Moncton; Gen. Man. of the Atlantic Region in connection with the new train schedule:

"Whereas, it has come to the attention of the Town Council of the Town of Newcastle that a proposed change in the time table of the Canadian National Railways will shortly come into effect, whereby the time of the Fredericton Branch train will be changed to arrive at Newcastle at 2:35 p.m. and depart at 5:30 p.m.

"And whereas this change would deprive the people of the up-river districts of the privilege of trading in Newcastle, working a hardship both to the people of these sections as well as to the merchants; professional men and banking interests of the Town of Newcastle,

"And whereas this service has been in existence for upwards of thirty-five years and has been a profitable branch line throughout its existence.

"We the Mayor and Town Council of the Town of Newcastle hereby strongly protest against the said change it being detrimental to the town as well as to the sections served by this branch and we hereby request you to cancel this proposed change or at least delay it until a delegation from our town and district have the privilege of personally discussing the matter with you."

Sir Louis Davies May Retire Soon

An Ottawa special says Eugene Lafleur, K.C., Montreal is to be appointed to the Supreme Court to replace Hon. L.P. Brodeur according to a report current in semi-official circles. With this report was another that the new judge might become immediately chief justice upon the resignation of Sir Louis Davies, or that at least he would occupy this post within a few months.

HON. L. P. BRODEUR LIEUT. GOVERNOR OF QUEBEC DEAD

Had Only Been in Office as Lt. Gov About One Month.

Quebec, Jan. 2—After being in office as Lieutenant Governor of the Province of Quebec only a month; Hon. Louis Philippe Brodeur died this morning at his official residence Spencewood.

Mr. Brodeur was taken ill on his return from a trip to Montreal last Friday. He rallied slightly from time to time; but last night it was seen that the end was near and the last rites of the church were administered.

L. P. Brodeur was born at Beloeil or Aug. 21, 1862; the son of Toussaint Brodeur; one of the patriots of the rebellion in 1837. He studied at the Seminary at St. Hyacinthe and later at the University of Montreal. Called to the bar in 1884 he was created Queen's Counsel in 1899. In 1891 he was elected to represent Douville in the House of Commons being re-elected at all the succeeding elections till 1908. He was Deputy Speaker from 1896 to 1900 and Speaker from 1900 to 1904. He then took over the portfolio as minister of the Interior in the Laurier administration and was later minister of marine and fisheries. He was one of the representatives of Canada at the Imperial Conference in 1909. In 1910 he introduced the first naval

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact. Mr. John E. Guilderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since". 50c. a box, 6 for \$2.50, trial size 25c. bill establishing a naval service in Canada. He next represented Canada at the conference in Washington following the Hague decision relative to the North Atlantic fisheries. He was appointed to the Supreme Court of Canada twelve years ago. Mr. Brodeur married Emma Brillion daughter of Mr. R. Brillion, Bellevue, by whom and five children he survived.

Assault And Battery

Thomas Jefferson Jackson a large colored gentleman; was being tried for assault and battery upon his wife, Irene. The Judge asked him to state his case.

"Judge, Ah's a hard-working man. Ah is. T'other day Ah comes home from work all tired. Ah looks round for my wife and don't see her, so Ah goes upstairs and dere she is pranking herself before a mirror. Irene Ah says where is mah meals? "Go on, man" she says "Ah ain't got no time for you. Ah is a member of a lodge now. Judge this made me sore and. Ah asked her again for my victuals and she said "Ah done tol' you once Ah ain't got no time to bodder wid you. Ah belongs to de Ladies Artillery ob de culled eagles." Judge Ah picked her right up and threw her out of de window and said "If you's an eagle; den fly."

TWO BURNED TO DEATH

Wm. Pine an aged recluse, who lived about five miles from Harcourt, Kent; was burned to death in his cabin last week. Since the death of his wife, which occurred some years ago, Mr. Pine has been living alone and not having many visitors, save the few neighbors who live nearby; he built himself a shack two years ago in a hardwood grove near the residence of George MacPherson and here he has lived his few wants being attended to by his kind hearted neighbors.

JUDGE MARTINEAU TO PRESIDE AT DELORME TRIAL

Mr. Justice Martineau has been assigned by the Attorney-General's Department to preside over the trial of Father Adelard Delorme on a charge of having murdered his half-brother, Raoul Delorme, the Ottawa college student. The case will be taken before the Court of King's Bench next month. Official announcement of the selection of Mr. Justice Martineau as presiding judge at the Delorme trial was made Wednesday.

R.L. Calder, K.C. will prosecute for the Crown and the defence will be in the hands of Alban Germain, K.C. In order that the terms of the Court of King's Bench shall be more evenly distributed over the year, it was decided recently to hold the forthcoming term in February instead of in March as has previously been the custom.

Russia has more literates, and at the same time, more bookshops than any other country in Europe.

The largest consignment of silk from the Orient for many months, consisting of 5,500 bales, valued at \$9,000,000, formed part of the cargo of the "Empress of Russia" recently.

A shipment of silk from China, consisting of ten carloads, valued at two million dollars, was forwarded from Vancouver to New York under special guard over the Canadian Pacific lines recently.

The first of a series of six new seaplanes being constructed for the Canadian Government has just been delivered. The new planes are to be used in forest patrol for the prevention of destruction by fire.

Following the disastrous earthquakes and fires which devastated large areas in Japan, the Canadian Pacific Lines "Empress of Canada" were the "Empress of Australia" were the first to offer accommodation for thousands of refugees, while the officers and men of the vessels did splendid work in organizing and assisting rescue parties.

The rapid increase in the export butter trade of Saskatchewan during the past year or two, has been the outstanding feature of the Provincial dairy industry. Recently the Saskatchewan Co-operative Creameries made a shipment of 25,000 lbs. of butter to China.

For almost two decades the major portion of the world's supply of cobalt has been derived from the silver-cobalt-nickel arsenides of the Cobalt district, according to figures compiled by the Dominion Bureau of Statistics. The cobalt production of Canada in 1922 was 569,980 pounds, which at \$3.25 a pound, would be worth \$1,852,370.

Canada's trade within the Empire is increasing. For the twelve months ended July, Canada exported to other parts of the Empire goods amounting to \$453,437,899. This is in comparison with \$354,992,074, the figure for the corresponding twelve months previous. Imports from British Empire countries during the twelve months' periods were: Ended July, 1923, \$195,811,190; ended July, 1922, \$153,185,581.

A wheat crop of 382,514,000 bushels is forecasted in a report issued by the Dominion Bureau of Statistics. The report is based upon the condition of crops at the end of July, and indicates that the Prairie Provinces will produce 357,295,000 bushels of wheat if weather conditions continue favorable. Manitoba, it is expected, will have a total wheat yield of 44,468,000 bushels; Saskatchewan 211,051,000; and Alberta 191,776,000 bushels. Alberta is the only province to show an increased yield as compared with 1922.

A party of five journalists, representing the leading newspapers of Switzerland, who recently arrived at Quebec, are the guests in Canada of E. W. Beatty, President of the Canadian Pacific Railway. They will tour the Dominion in the interests of Swiss colonization. Stops will be made at different points where Swiss people are farming, and opportunity will be given to members of the party to converse with them and get first hand knowledge as to the desirability of Canada as a place for Swiss colonists.

In a letter on "Canada and Land Settlement," published by the Morning Post, Sir Geo. McLaren Brown, European manager of the Canadian Pacific Railway, says that the agricultural salvation of Western Canada lies in mixed farming, which calls for smaller and more numerous agricultural holdings than wheat growing does, and results in closer settlement and better communication. The bigger and more densely settled the rural population, the more social amenities there are and greater advantages generally, 13 8079.

THE UNITED CHURCH OF CANADA

Advertisements are now being carried in a number of daily papers giving the following notice:

"Notice is hereby given that application will be made to the Parliament of Canada at its approaching session, for an Act making provision for the completion of the union of the Presbyterian Church in Canada, the Methodist Church and the Congregational Churches of Canada, to form The United Church of Canada; providing for the admission thereto of Local Union Congregations; providing for the holding, use and administration of the property thereof; and providing for the carrying of the said union into effect.

Dated at Toronto this 7th day of December, 1923."

New Canadians Start For Canada

A Busy Scene at the Liverpool Dock.

THE facilities for handling outward bound passengers at the Canadian Pacific dock at Liverpool, England, are as perfect and speedy as any in the world. As will be seen from the picture above of future Canadian citizens boarding the "Montcalm", the travellers pass from the street and railway station levels to waiting rooms on the dock side, and crossing the bridged wharf, board the ship by the saloon deck where they are received and assigned to quarters. Their baggage is handled from below and with despatch. A travelling belt carrier operated by an electric dynamo eliminates the necessity of many noisy and slow moving winch hoists which, when used and not too carefully operated, are the cause of many trunks and boxes being damaged, so that the baggage is carefully loaded and distributed almost as quickly as the passengers are received. It is usually planned to have all the passengers aboard at least half an hour before sailing time, and the gangway is down for their reception about three hours before that time unless special trains are scheduled to arrive earlier. As for other dock-side facilities, the Montcalm commenced to take on coal and discharge cargo, mostly package freight, at six o'clock of the morning of a recent arrival. By 2.45 in the afternoon she had taken 1,000 tons of coal into her side bunkers, and at the same time she was unloading 1,700 tons of freight, this being discharged by 7.15 the same evening.

HEADACHES FOR WEEKS

They Soon Disappeared After Using Dr. Williams' Pink Pills.

Every woman, at times, finds the routine of housework irksome. But how much more difficult are the daily tasks of the home to the woman who is nervous and run-down? She prepares meals for the family but has no appetite for food. What she does eat distresses her, headaches and dizziness follow, there is a fluttering of the heart, and the complexion becomes pale. In cases of debility of this kind building up the blood is generally effective. By improving the quality of the blood and increasing its quantity, nourishment is carried to the shattered nerves. The appetite invariably improves and gradually the exhausted system is toned up and the whole outlook of life is brightened. Mrs. Geo. Grant, R.N. No. 1, Markdale, Ont., tells for the benefit of others the great benefit Dr. Williams' Pink Pills were to her in a run down condition. She says:—"If anyone can strongly recommend Dr. Williams' Pink Pills I feel I can. For over 4 years I had been troubled with my nerves; and for weeks at a time I would suffer terribly with headaches. My blood was very thin; I had no appetite; could hardly go about. I was afraid to stay alone in the house as I feared something would happen me. Finally I decided to try Dr. Williams' Pink Pills and they have made me a new woman; and I am now the picture of health. I have increased in weight, the headaches come no more; and my nerves are as good as ever they were. Before taking Dr. Williams' Pink Pills life was a burden; now I enjoy living; and I hope some other woman will take courage from my experience; for I feel sure that what this medicine did for me it can do for others. You can get these pills from any drug store or mail order house. At 50c a box, from the Dr. Williams Medicine Co., Brockville.

Mr. L. S. Brown to Continue As General Manager

According to a Montreal despatch referring to rumors that have received circulation in the Maritime Provinces lately that L. S. Brown general manager of the Atlantic Division of the Canadian National Railways, is to be retired, Sir Henry Thornton, President of the system, stated Monday that there was not a word of truth in those rumors. Mr. Brown will continue in his present position as general manager of the division, he said.

Young Woman's Extraordinary Story.

Bertha Potter: 22 walked out into the sunshine Wednesday for the first time in five years and told the authorities that she had lived that entire period in a potential dungeon a virtual prisoner in the hands of William Lent, 62; in the centre of the town of Bear River, Digby County. The story of the girl's life; her incarceration and her untimely release coincide with the arrest of the man in the case on a charge of seduction, bears all the earmarks of fiction but has been vouched for by special agents sent out by Hon. W. J. O'Hearn, Attorney-General for Nova Scotia. Lent has a wife living in Massachusetts.

Canada's highest lookout station has been completed and will be ready for use next year. It is situated on Mount Gairner, near Revelstoke, British Columbia, and is 8,623 feet above sea-level. It will be used for the detection of forest fires and for meteorological and other observations.

The Canadian McIntosh red apple is the champion dessert apple in the British Empire, so judges at the Imperial Fruit Show, which opened in Manchester recently, adjudged. They also decided that Cox orange pippins, from British Columbia, on the whole, are the best of the sixteen exhibits from overseas, and winners therefore, of the "Daily Mail's" fifty-guinea cup.

What is declared to be a world's record for the transportation of grain has just been achieved by the Canadian Pacific Railway. In one period of 24 hours there were moved from Winnipeg for the head of the lakes 1,775 loaded cars. The best previous record, also held by the Canadian Pacific Railway was 1,475 cars, moved east on October 25th, 1921.

One thousand young buffalo will be taken from the Dominion park at Wainwright, Alberta, and taken to the north in the region in which wood-buffalo are found. Hon. A despatch from London says that the gold medal of the British Dairy Farmers' Association has been awarded to the Government of Ontario for its collection of dairy produce, including cream, butter, poultry and eggs, at the Dairy Show held there recently. First prize in the colonial farming section, namely the silver medal was won by the Ontario Beekeepers' Association of Guelph, and the bronze medal was awarded to H. Leclerc, of Montmagny, Quebec.

Details have just been announced concerning the "Aorangi," the new motor ship that is being built by the Union Steamship Company of New Zealand. The motorship is under construction at the Clyde yards of the Fairfield Shipbuilding Company and when completed will be the largest motorship in the world, having a displacement of 20,000 tons. On the Pacific she will be exceeded in size only by the "Empress of Canada" and the "Empress of Australia," of the Canadian Pacific Railway Company, which is her agent.

All grain shipment records for the prairie provinces have been shattered during the past two months. Since the commencement of the crop year, September 1st, loadings totalled 321,596 cars, representing 160,053,085 bushels, against 168,795,320 bushels handled in the same period last year. Of this quantity, the Canadian Pacific loaded 68,469 cars, representing 100,807,065 bushels, against 94,071,220 bushels during the 1923 period.

NOT TO BE FOOLED ALWAYS

It is becoming more obvious every day that people see many reasons why political parties should refrain from basing their election campaign on promises and misrepresentations. The public is gradually arriving at the conclusion that "Honesty is the best policy."

During the 1921 federal election campaign, the public heard a lot of trash about what a grand business administration Canada would be given if only Mr. King were elected as Prime Minister. Everything would be put to rights and the "new broom would sweep clean."

There was to be no lost time and the members were to get right down to business and correct all the grievances etc. that existed in the country.

Taxes were to be reduced; the Newcastle-Tracadie Branch Railway was to be built and even EXTENDED to Redbank; and "The Whooper" was to be made a daily train between Newcastle and Fredericton. The people know what has occurred in this respect.

These are only a few of the many promises, misrepresentations etc. that were made to the people of Northumberland County by the Liberals, if they would only elect them. The people did elect them and now realize that they were fooled—good and plenty.

After they were elected the Liberals assured the people that Parliament would be summoned in the autumn but it was not long before this policy was found to be unworkable and was abandoned. It was then announced that the sessions would begin early in each year. This year Parliament is not likely to open until the middle of February—two weeks later than last year—and is not likely to close any earlier than 1923, which continued until July.

Again, there was a great cry in 1921 about "government by orders-in-council." Mr. King was going to put a stop to this sort of thing, but he still goes on governing by orders-in-council notwithstanding that he is Prime Minister. His latest performance in this regard took place a few days ago when an order-in-council was passed exempting certain things from the operation of the Sales Tax.

The MacKenzie King Government has certainly been SOME business government. While seeking power everything the other fellows did was all wrong, but once that power was gained, everything they said they would do, they forgot all about and have paid no attention to the many protests of the public.

However, you can fool some of the people, some of the time, but you can't fool all the people all the time and the present government

was recently given an example of this in the by-elections held in Halifax and Kent. They will realize it more fully when they go to the country.

HON. R. B. BENNETT
IN A FISTIC BOUT

Winnipeg Newspapers tell of a lively episode in which Hon. R.B. Bennett of Calgary, native of Hopewell Cape, Albert Co. and at one time resident of Chatham figured. The account is as follows:

"R.B. Bennett, a Calgary lawyer a member of the benchers of Alberta and one-time Minister of Justice in the Dominion of Canada, engaged in a fistic encounter which, one time threatened the dignified atmosphere of the court in Calgary, Alberta on a recent afternoon, having as his opponent, A.A. Ballachey of High River, Alberta.

"The two legal gentlemen had been engaged in a rather vigorous opposition in a case in the court in the morning, one word bringing on another."

"The case was about to be resumed in the afternoon and the counsel were all ready for action. His Lordship not yet having taken the bench Bennett stated the law in a certain case and suggested that his opponent accept his word for it. Mr. Ballachey was not in any humor for accepting anything and very plainly said so. Mr. Bennett did not like the attitude of his opponent and said that only one other lawyer in Alberta had ever adopted any such blackguardly attitude towards him and that lawyer was not practising at the present time.

"Do you mean to call me a blackguard?" asked Mr. Ballachey. "Well you heard what I said" was the answer.

"The High Kiver barrister thore upon rose and smacked his learned friend in the face.

"Mr. Bennett returned in kind and there followed one of the neatest altercations of that kind that is seen in places even more pugilistically belligerent than a solemn court of law. Another gentleman of the law finally stepped in between the contestants and separated them. They backed away to their respective corners and His Lordship came in and went on with the case."

Treat Sore Throat
With Vicks

Follow the Example of this
Nova Scotia Lady

Mrs. F.S. Myra of Bridgewater, Nova Scotia writes: "I am delighted to let you know of the good Vicks VapoRub has done me. A few weeks ago I had a very bad sore throat. I happened to have a sample of Vicks in the house so I used it and it did my throat so much good that I bought a bottle from my druggist. I cannot praise Vicks VapoRub too highly."

Treat one cold with Vicks VapoRub and you will adopt this external treatment for the cold troubles of the family. Vicks is a salve that acts like a plaster and a vapor lamp at the same time. It is absorbed and inhaled.

When the children come in wet sniffing apply Vicks liberally over throat and chest and cover with a warm flannel cloth.

Treated at bedtime the child is usually better next morning and all the bad after-effects of internal dosing are avoided. Croup attacks are kept away too.

At all drug stores, 50c a jar. For free test size package write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

Although Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

Here and There

A gaily bear barbecue will be one of the features of the Winter Carnival at Banff in February.

Ten Canadian and three United States teams have already entered for the Eastern International Dog Derby, which will be run during the Winter Carnival in Quebec, February 21, 22 and 23.

Progress and bright prospects in the development of sodium sulphate in Saskatchewan is reported by the Bureau of Labor and Industries. Sodium sulphate recovered from Saskatchewan deposits is now being used in the manufacture of glass at Redcliff.

A report of the British Columbia Industrial Commission Department shows loans to industries amounting to \$1,176,604 embracing 60 plants. Repayments have been made on principal by 55 industries. Total repayments amount to \$181,425, of which \$11,245 was interest.

For the purpose of extending Canadian trade in Greece, Turkey and the Eastern Mediterranean, W. McL. Clarke, Canadian Trade Commissioner at Milan, Italy, has been instructed to visit these countries and report on the opportunities for the sale of Canadian goods.

E. D. Calvert, noted guide and sportsman of Rivy River, who has done much towards bringing tourists from all parts of the United States to the Lake of the Woods, states that the tourist traffic this year has greatly exceeded all previous years and anticipates a greater increase next season.

United States grain shipped from Canadian ports during the crop year, September 1, 1922 to August 31, 1923, totalled 55,000,000 bushels. This meant total landings of approximately 110,000,000 bushels, as it was necessary for the grain to pass through the elevators at lake ports and at ports of exit.

Miss Marion Towne, of Berlin, N.H., who in three years since she first put on a ski, has achieved fame through her daring and graceful jumping, has expressed her desire to compete with Canada's best girl ski jumpers at the winter sports carnival in Quebec on February 21, 22, 23 and 24th, during which time she will make exhibition jumps.

Further indications that the year 1923 will create a record in ocean traffic are shown by figures given out at the headquarters of the Canadian Pacific Steamships. Bookings for westbound sailings were exceptionally large, while those for sailings to the Old Country for Christmas and the New Year were in advance of the traffic of any previous year.

The Calgary Board of Trade is taking interest in the proposal of large British interests, which involves the utilization of western straw for the manufacture of paper and other products, and is gathering all possible information with respect to the development of industries. Hundreds of thousands of tons of straw are burned in the prairies every year, which it is claimed has a commercial value.

St. Jovite, Quebec, has been chosen once more as a movie location, and arrangements have been made by Conrad Nagie and Alma Rubens for the transportation of themselves, party of 17 and equipment to that place during the early winter. Last winter Lionel Barrymore and Seena Owen located at St. Jovite for the filming of "Snow Blind" prior to taking other parts of the picture around the Chateau Frontenac, Quebec, and Windermere, British Columbia.

Traffic through the Lachine Canal in 1923 showed an increase over that of 1922 in almost every particular, the total grain carried being 88,235,270 bushels, as compared with 87,821,212 in 1922, the best previous year; coal receipts totalling 813,591 tons, compared with 384,375 tons; the ship tonnage operated being 15,462,200, against 4,786,543; shipments of pulpwood totalling 356,830 tons, against 313,134 last year; the cargo tonnage being 4,411,183, compared with 1,380,328; and the number of passengers carried totalling 78,697, against 69,392 in 1922.

ATTACKED FROM WITHIN

We are willing to give our property and even our lives when our country calls in time of war. Yet the call of Christian education is today of even greater importance than was ever the call of the army or navy. I say this because we shall probably never live to see America attacked from without but we may at any time see our best institutions attacked from within." —Roger Babson.

Alone From Uscilug to Milwaukee Via Canada Eleven-year-old Polish Boy Makes Long Voyage Alone. Travelling does not tire or trouble this little fellow. Though he does not speak any English other than two or three words which he picked up en-route, he travelled alone from his home at Uscilug on the Russia-Austrian boundary to Milwaukee, burdened only with a small valise and a sheet of tickets and immigration documents. Ketch Herz is his name. Orphaned by his mother's death three years ago, he was going to his father in Milwaukee, who had made arrangements for his transportation. When Ketch arrived at Warsaw he was conducted by an agent of the Canadian Pacific Railway to Antwerp.

These he was given a ticket almost as long as himself which would carry him through to his destination. Crossing to England he sailed on the "Metagama," being, from the time he left Warsaw, under the care of the Canadian Pacific. The direct mileage from Milwaukee to Uscilug is not by any means the full mileage of his travels. The ship's officers estimate that he ran at least twenty miles a day over the vessel, and the port officials had an anxious time when he made surreptitious peregrinations in search of someone who spoke his own tongue. He was glad, of course, to meet his father, but what an adventure it is to travel far and alone!

Price Changes of Dr. Chase's Medicines By increasing the contents of the boxes the cost to the user remains unchanged THIS revision of prices affects only three of Dr. Chase's Medicines—the Kidney-Liver Pills, Nerve Food and Catarrh Powder. In spite of the constantly increasing cost of doing business ever since Dr. Chase's Medicines were placed on the market many years ago there has been no change in the prices of these three medicines to the consumer. It has now become absolutely necessary to make some changes, but this has been worked out in such a way that the cost to the user remains the same. The slogan for Dr. Chase's Kidney-Liver Pills will therefore remain "One pill a dose—One cent a dose," for while the price will be 35 cents instead of 25, the contents of the box will be 35 instead of 25 pills as formerly. The same applies to Dr. Chase's Nerve Food, which will sell at 60 cents a box instead of 50 cents, since the contents of the box is now 60 pills instead of 50. With the exception of Dr. Chase's Catarrh Powder, which is now 35 cents a box, the prices of Dr. Chase's other medicines remain unchanged. Dr. Chase's Almanac has now been mailed and distributed to practically every home in Canada, 1,550,000 copies, if you did not receive yours kindly advise us and we shall mail you a copy free of charge. Canada Lures World-famous Stars

That the two-fold attraction of Canada's audiences and Canada's scenic and climatic allurements, especially at Banff, is proving irresistible to many great concert, theatrical and movie stars is well brought out by the sheet of photographs reproduced above, which represents some of the famous artists who have recently visited Canada. The majority of the originals of these pictures need no introductions to Canadians. Sophie Breslau, that brilliant contralto singer, who is shown about to start her tour of this country from the Canadian Pacific Railway's Windsor Station, Montreal, made a great hit everywhere. Dame Clara Butt retains her place in the hearts of British audiences. Calli Curci's golden voice has enraptured millions. Elsie Janis, internationally known impersonator, and her "Mamma" foregathered with the Mounties at the C. P. R. station at Banff and got a big thrill. Jack Holt, famous movie star, was on his way to the Orient when he posed for the Canadian Pacific camera. The perennial Pavlova expresses her appreciation of services rendered aboard the "Empress of France". Doug and Mary had the time of their young lives holidaying at the Canadian Pacific hotel at Banff, where the picture reproduced was taken.

OBITUARY

IRENE SOMERS TOZER
 The death of little Irene Somers, adopted daughter of Mr. and Mrs. Tozer occurred on Monday from pneumonia. The little one was seven years of age. Much sympathy is felt for the sorrowing relatives.

CHARLES F. FERGUSON
 Word was received here yesterday announcing death from pneumonia of Charles F. Ferguson of Richibucto, Kent County, N.B. which took place Saturday evening, Jan. 5th at his home in New York City. Deceased left Richibucto about 35 years ago and has been identified ever since with the retail dry goods business of New York City, holding the position of floor manager for Stearns & Co. at the time of his death. A Monster Hog Is Killed In Neguac

The smelt fishing at Neguac has been a poor business so far for the want of ice. The cold weather we had, made some ice along the shore, and the fishermen had ventured to see their nets, but a storm with a high tide, has taken the ice away with ten or fifteen nets and perhaps more.

Lewis N. Allain of Neguac killed a pig recently that weighed 712 pounds, which is about the biggest killed in the vicinity for many years. He had killed one a few years ago that tipped the scales at 612.

WEDDINGS

NASON-STUART
 A wedding took place on Saturday morning at 9 o'clock at the home of Mr. and Mrs. H. H. Stuart; Sunny Brae; when their elder daughter, Eulah Margaret, was united in marriage to Mr. P. A. Nason, of Welsford; N.B. The ceremony was performed by Rev. J. L. Lund.
 The bride and groom left on the afternoon train for Welsford where they will reside.

The bridal party drove to the home of the bride after the ceremony, where a dainty luncheon was served. Mr. and Mrs. Murray will reside in Newcastle.

Minister of Justice Has Resigned

Ottawa, January 3—Sir Lomer Gouin, Minister of Justice, has resigned from the government because of ill-health. Following to day's meeting of cabinet council Premier King announced that the resignation had been accepted to take effect immediately. No announcement in regard to his successor has yet been made.

Sir Lomer's resignation follows a considerable period of illhealth. Shortly after the close of last session in company with Hon. G. P. Graham, Minister of Railways, Sir Lomer went to Geneva to represent Canada at the assembly of the League of Nations. His health then was not good. When the assembly concluded its labors the two Canadian delegates left Geneva for London to join Premier King as Canadian representative at the Imperial Conference but on the way Sir Lomer stayed over in Paris for several days, detained by the condition of his health, he did not reach London till the Conference was well under way.

To Fill Engagement In Virginia

Mr. Chester Frost and his popular players in the Frost's Bostonian orchestra left Moncton Wednesday afternoon enroute to Virginia where they will fill an important engagement at one of the largest hotels in that State. Mr. Frost stated that he was very much pleased with New Brunswick and that he was looking forward to the time he would return which he hoped would be in the not distant future.

Bathurst Capture First By Default

Campbellton forfeited its scheduled game with Bathurst Wednesday evening for the McLellan Cup-no Campbellton rinks showing up. The next match scheduled is for Jan. 9 between Newcastle and the Bathurst club.

SUNNY CORNER

Miss Angeline McDonald spent the Xmas holidays at the Corner, quite a number gathered at her home on the first night of the New Year and had a merry time.
 Mrs. Hiram Whitney was the guest of Mrs. P. Tozer the former part of the week.
 We are glad to note that Mr. Alan Nolan who had several ribs and his collar bone broken in the early part of December is able to be up and around again.
 Miss Lottie Holmes spent Xmas with her sister Alice.
 Miss Kathleen McKenzie who has been in Plaster Rock for the past three months was home for the holidays.
 Mr. and Mrs. S. McDonald, Nelson spent Wednesday at the former's parents home here.
 Sunny Corner was visited by a snowstorm on Dec 31st which has made the sleighing very much better, besides convincing the people that at last Father Winter has arrived in all his glory.

London, January 3—Ewan Moore, London Manager of the C.P.R. Department of Colonization and Development, 62-65, Charing Cross, has received the following letter from his Brussels office: "Dear Sir—I beg to advise that a certain Mr. Martin, Avenue des Courses, Bruxelles, who has formerly resided in Canada, brought over by our Line in April of this year a shipment of Canadian potatoes. They were planted soon after arrival, at Boisfort, a suburb of Brussels, where an exhibition of land products was held on Sunday last. A certain Mr. Lemmens planted 2 1/2 acres with Mountain Green and Irish Cobblers. His crop amounted to over 500,000 lbs.; one plant bore 9 lbs. 2 ozs., one potato weighing well over 2 lbs. This particular plant has been lent to us for window display and has attracted a great deal of attention. Mr. Martin has 400,000 kilos of Canadian potatoes in Belgium, which are not to be sold for immediate consumption, but only for reproduction—Yours very truly,
 (Signed) C. DE MEY, Agent."

TO CHANGE NAME OF C. P. R. LINER

The Canadian Pacific Steamships Company announces that in future the Empress of Britain will be known as the Mount Royal and will become a monoclase type of liner. The necessary transformation is now being made.

She is now in Liverpool and will go to New York leaving that city February 23 with excursionists for a trip to the West Indies. She will return to New York and will sail from that port on March 27th for Liverpool.

No Fuel Shortage Expected In 1924

Returns issued by the mining department show that both imports from mines for the ten months ending Oct. 31 were well above the three year average. "When considered in conjunction with the mild weather of November and December," says the mining branch "these facts seem to preclude the possibility of a fuel shortage in Canada this winter."

Here and There

Each acre of corn grown in Ohio costs on an average 46.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.63 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their meals and lodging, and more than 100,000 Canadian workmen are engaged in converting forest products into one form or another.

The large party of Hebrideans who were brought to Canada on the Canadian Pacific Steamships "Metagama" and "Marloch" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the Canadian Pacific steamer "Montcalm". These colonists are proceeding to Ontario and western points where they will take up farm work.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association, and there is a possibility of something being started in this connection in the near future.

A single pair of potato bugs would, without check, increase to 60,000,000 in one season; the hop aphid, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions.

Canadian air pilots flew 294,449 miles carrying 9,200 passengers and 77,450 pounds of mail in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 3,622 passengers. Manitoba pilot carried 1,922 passengers and British Columbia pilot 2,177.

A company has been formed in Navarino Bay, off the west coast of Greece. The promoters state that there is a mass of \$25,000,000 in bullion and other forms still at the bottom of the bay, where it was sunk with the united fleets of Egypt and Turkey by the united British, French and Russian fleets in 1827.

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would die out" or cast away a lighted match or cigarette end.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

BIG BUILDING WAS MOVED 85 FEET

Chicago, Jan. 2.—A seven-story 7,500-ton brick building was moved 85 feet here with its elevator, light and telephone service intact and during which its offices were open to tenants who found it necessary to enter.

The Illinois Central Railroad in its terminal improvements now being made was presented with the alternative of dismantling the building or moving it. The structure was erected about 30 years ago but it was in such excellent condition the latter course was taken. The actual moving was accomplished in 21 hours, but it required three months' preparation. What is believed to be an outstanding engineering feat was described by Hugu Philipppe, who superintended the work.

"Twenty-three tracks, consisting of four or more rails each and extending completely under the building and over the foundation at its new site were used" he said. "The tracks were placed five to eight feet apart and 2,000 steel rollers were spaced about 12 inches. Six hundred thousand board feet of timber was used for cribbing purposes preliminary to jacking up the building and placing it on the rollers."

"Four capstans, each operated by two horses, were employed as motive power. From each capstan a lead line of three-fourths inch steel wire cable was carried down to and through a series of twenty-five blocks, twelve of which were movable and attached to the building and thirteen of which were fixed and anchored to twenty-foot steel rails driven about fifteen feet into the ground and braced against the new concrete foundation. The average speed of moving was four feet per hour."

"The building was also turned slightly and moved six and one-quarter inches in a westerly direction, accomplished by slightly skewing the rollers."

CALAGARY.—Those who knew Grand J. L. Vice-President Canadian Pacific Railway, in the olden days in the West, can recall his remarkable prowess with a gun. Although he now has little time for hunting expeditions he has by no means lost his well-known aim. While his party was proceeding at a rapid speed between Weyburn and Lethbridge his party noticed a coyote some fifty yards away. "Oh, we wouldn't hit it," remarked one of the guests. "Taken" said the Vice-President. Bang went his gun and the coyote rolled over. "The 'Call of the West,'" remarked the Vice-President with a smile.

MEDICINE HAT.—Within the past year, three locomotive engineers of the Medicine Hat division, James Fisher, Tom Penhale and Henry Hardy, have been retired from active service of the Canadian Pacific Railway on pensions. All three are veterans in service, have been driven construction trains in the pioneer days of the building, and for many years of late have been promoted to passenger runs. Tom Penhale is the oldest in service with the company, having enlisted in 1851. He has taken an active civic part in the community, and was an alderman of the city for several years. "Jim" Fisher has spent fifty-one years of his life railroading, covering during the entire period over two million miles in the cab of a locomotive. He started as fireman on the Intercolonial, and joined the Canadian Pacific in 1881—having pulled a passenger train for the past thirty-six years. Henry Hardy hired with the company in 1837 at Broadview, and later worked on a construction crew on the Prince Albert branch in 1856.

Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestines." When your stomach digests food properly it is absorbed without forming poisons. Poisons bring on early old age and shorten your life. 15 to 30 drops of "Kidney Syrup" after meals makes your digestion sound.

The Changing Public Mind

Halifax Herald: On more than one occasion we have referred to a widely accepted fact in regard to Canadian public opinion. There is a marked change in the public mind but it is quite evident that the government at present holding office in this country does not appreciate the development of independent spirit which has taken place.

There are probably constituencies in Canada where electors can be bribed with their own money, as was the fashion in former years. These, however, are the exception today. During the last five years there has grown up in Canada a consciousness which is repelled by such electioneering methods; and the constituency of Halifax in this province and the county of Kent in New Brunswick are outstanding illustrations of the changed condition of public mind.

It may be said with unquestionable truth in regard to the election in Halifax that every one of the old and discredited party methods was brought into action in behalf of the government candidate; but the effect were in vain. It is just as true that in the more recent Kent county election every ancient resource was explored. There, bold attempts were made at wholesale influencing of the electoral judgment by promises of public works.

Firebrand appeals were made in the hope of arousing racial and religious prejudices. Even "Conscription" was resurrected and carried through the constituency on the shoulders of campaign speakers imported from the province of Quebec. But Kent rebuked the firebrands by electing an opposition candidate.

The Government and its supporters should learn from these elections that the public mind can no longer be swayed by romances and appeals to cupidity which once did effective service for political parties. The people in many parts have learned how to see through such subterfuges; and to apply their own judgment with fine discriminating sense to the issue of election campaigns. The number of electors who cannot be swayed by appeals to prejudice is fast decreasing. The number of electors who do their own thinking and their own judging is rapidly increasing.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out cold and by their use the baby will be able to get over the winter season in perfect safety.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NO CASE

In a divorce case the counsel of the lady plaintiff pleaded among other reasons incompatibility of temper and described the husband's character as "brutal, violent, passionate."

The husband's counsel then arose in his turn and represented the lady as being "Spitfire, angry and waspish."

"I beg your pardon" interrupted the judge "but gentlemen I really don't see where the incompatibility of temper comes in."

Here and There

In 1922 Canada produced minerals estimated to be worth \$100,000,000, an increase of practically \$6,000,000 over the previous year.

A British silk manufacturing firm has decided to establish a large plant near Quebec city for the manufacture of artificial silk yarn.

A train nearly a mile long and drawn by a single locomotive recently carried 105,600 bushels of grain over the Canadian Pacific western lines.

Almost sixteen and a half million bushels of wheat were exported from the port of Vancouver during the period September 1, 1922, to May 31 of the present year, according to figures issued by the Merchants Exchange.

Among the large number of unaccompanied women on the last westward voyage of the Canadian Pacific liners "Montclair" and "Melita" were twenty-three who were coming to Canada to be married in various parts of the Dominion.

An official in charge of the cattle shipments from the Port of Montreal recently stated that nearly 40,000 head of store cattle would be shipped from the port this year. He declared the rush seasons would be the months of August, September and October.

On her last eastward voyage the Canadian Pacific liner "Empress of Canada" established a new trans-Pacific record of 8 days, 10 hours and 55 minutes from Yokohama to Vancouver. The previous record, 8 days, 18 hours and 31 minutes, had been held since 1914 by the "Empress of Russia" of the same line.

If public deposits in banks and loan companies can be taken as a fair indication, the Canadian is the world's richest man, according to a statement made by F. A. Hatch, retiring president of the Ontario division of the Canadian Manufacturers' Association. These deposits amount to more than two billion dollars, or \$250 per capita.

According to a report of the Dominion Bureau of Statistics, 62,273, 169 tons of railway freight originated in Canada in 1922, and 26,581, 631 was received from foreign countries, making a total of 88,854, 800 outgoing. Also 62,548,578 tons terminated in Canada and 25,438,906 were delivered to foreign connections, making a total of 87,987,484 tons.

A distinct type of sheep, adapted to prairie range conditions and said to possess superior wool and sheep qualities, has been developed by H. C. Harvey, an Alberta sheep raiser. It will be known as the "Rommetlet," and has been evolved after eight years' experimenting with crosses of the Romney-Marsh with the Rambouillet. As evidence of the wool production from this species, Mr. Harvey's annual clip is 120,000 pounds.

That Canada was gradually becoming more and more of an industrial country, and that Canadians themselves were not truly aware of the fact, was the opinion expressed before the Winnipeg Rotary Club by Prof. R. C. Wallace, of the University of Manitoba. He stated that during the past twenty-five years the population of Canada had increased 80 per cent., the railway mileage 120 per cent., while the industrial life of the country increased 700 per cent.

St. Hyacinthe, Que., has the distinction of having developed the world's largest organ plant, and by native invention and improvement evolved an instrument which receives praise from the world's first artists. An organ recently shipped by Casavant Freres of that place to Paris, France, is absolutely the first to leave the American continent for Europe, the movement having heretofore been in the opposite direction, and was so shipped because the purchaser desired the finest and most up-to-date instrument that could be secured.

Fears The End Of British Liberals

The Daily Mail each day becomes more excited over Mr. Asquith's refusal to support the present government. It tells Mr. Asquith that if he finally refuses to do so his party will be faced with destruction.

"We do not hesitate to say that putting the Socialists in office will be the most important change this country has seen since the Norman conquest" says the newspaper.

Railway News

Winnipeg, Man.—Since the commencement of the crop year up to Oct. 1st, 85,335,374 bushels of wheat have been marketed by the Canadian Pacific Railway western lines, it was announced at the local office recently. During the same period the company handled 12,229,772 bushels of coarse grain and for the same period last year 56,164,115 bushels of wheat were marketed as well as 6,940,658 bushels of coarse grain. Total cars loaded to date amount to 52,773 as against last year figures of 48,257.

There is every indication that the volume of travel to Europe during November and December will this year be heavy. It is already apparent that the number of those who intend spending Christmas in the Old Country will be unusually large, and the Canadian Pacific Railway is making special arrangements to accommodate the traffic. A special through train will be run from Winnipeg to the steamer "Montcalm," sailing from St. John, N.B., on December 12, and through tourist sleepers will run from Edmonton, Calgary, Saskatoon, Regina and other western points to catch other C. P. R. sailings from St. John, thus giving a through service from these cities to the Old Country.

Bow Island.—The Canadian Pacific Railway Company has a gang of men at work here on the improvements to their pumping plant, and when completed there will be quite an improvement to the volume of water that can be pumped from the river. The work includes the putting in of a new boiler and pump at the river, so that they can use natural gas as well as gasoline, and thus be sure of fuel at all times for pumping, and does away with water trouble and having engines run for water. It also increases the service here and practically does away with supply at other points.

H. R. Miles, division engineer, has charge of the work and has a crew of eighteen men working with him under Foreman W. J. Oliver. It will take at least three weeks for the work to be completed. When finished they will be able to fill the present water tank, which holds 16,000 barrels, in three hours. When it is considered that there will be at least twelve to sixteen trains daily taking water here it means there must be a supply of it on hand at all times. This new installation will meet the requirements.

Winnipeg.—Western Canada's export business in fruit, potatoes and other lines of produce has developed to such proportions that exporters are now arranging to establish big collecting warehouses in Winnipeg and other cities of the prairie provinces. The Canadian Pacific has granted special storage in transit privileges at Winnipeg, Regina, Moose Jaw, Lethbridge and Calgary on carload shipments of apples in boxes originating in British Columbia.

Under the new arrangement the shipper has the privilege of holding this produce in Winnipeg or any of the other western cities named for a period of six months and then on reshipment he gets the advantage of the through rate.

St. John, N.B.—The prize awards to section foremen on the New Brunswick district of the C. P. R., for the best sections of rails, roadbed, etc., have been announced recently by General Superintendent J. M. Woodman. His prize of \$50 for the second best went to N. Mason on the Shogomoc sub-division. The first prize of \$100, given by Manager J. J. Scully, was announced a few days ago. Of third prizes of \$25 each, one given by Superintendent Boyles of Brownville, is awarded to W. E. Nason, on section 5, Mattewamkeag sub-division; and one given by Superintendent Gilliland of Woodstock, to T. Abbott for section 11 on the Shogomoc sub-division. The list of roadmaster prizes of \$10, the sub-divisions and the winners, follow:—

- Roadmaster, Telford, St. John; winner, W. B. Harris.
- Roadmaster, Owens, Shore Line; winner, T. Gidden.
- Roadmaster, Hodgson, Moosehead; winner, B. Beadeau.
- Roadmaster, Bird, Moosehead; winner, E. Plante.
- Roadmaster, Richardson, Shogomoc; winner, B. Saunders.
- Roadmaster, Lister, Gibson; winner, B. Clark.
- Roadmaster, Walsh, Edmundston; winner, W. H. Morill.

NEW LAMP BURNS
94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps.

It burns without odor, smoke or noise—no pumping up, is simple, clear, safe. Burns 94 p.c. air and 6 p.c. common kerosene (coal oil).

The inventor, J. M. Johnston, 216 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

THE PULPWOOD COMMISSION

According to press reports the Royal Commission on Pulpwood is about to resume its peregrinations about the country which came to halt a few weeks ago.

Considering the state of Canada's finances and the fact that the Government finds itself under the necessity of imposing a new and increased sales tax on everything the consumer has to buy the waste of money—to say nothing of the utter futility involved in the creation and continuance of this Commission cannot be characterized as anything less than an outrage upon the public.

Any excuse which might have existed to justify the Commission, disappeared when the Government passed the new notorious secret order-in-council exempting pulpwood under contract for a period of ten years from the operations of any embargo that might be imposed under the recommendations of the Commission. This, together with the Government's pledge that wood from farm lands would also be exempt, removes the last vestige of possibility that the present Government can or will do anything to protect this great natural resource of Canada from foreign depredation for the rate at which Canada is being depleted of her pulpwood.

Trade returns show that for the first eleven months of this year 1,416,000 cords of pulpwood have been exported to the United States an increase of 445,000 cords or more than 45 per cent over the corresponding period of last year.

The "evidence" already taken by the Commission emphasizes the special character of its proceedings, the great bulk of it consisting of monotonous repetitions by American pulpwood buyers and their representatives that an embargo would injure the business of exporting pulpwood—which is precisely the object and the justification for the proposed embargo. The so-called "information" which the Commission is credited with gathering consists largely of extravagant misstatements of no value and not only misleading

NOTICE OF SALE OF Real Estate For Taxes

Notice is hereby given that under and by virtue of a Warrant issued by the Town Treasurer, Collector and Receiver of Town Taxes of and for the Town of Newcastle in the County of Northumberland in the Province of New Brunswick delivered to me for execution for the purpose of realizing the amount stated therein being for ordinary Town Taxes in the said Town assessed against the Estate of the Late Stanley W. Miller on the lands and premises hereinafter mentioned there will be sold at Public Auction in front of the Town Hall in the Town of Newcastle aforesaid at Twelve o'clock noon on Wednesday the Sixteenth day of January next, all that piece or parcel of land situate in the said Town of Newcastle bounded Northerly or in front by the Kings Highway, on the upper or Westerly side by Ledden lane and Easterly and Southerly by lands owned by Samuel J. Miller, with the buildings and improvements thereon and the appurtenances to the same belonging.

Dated this Tenth day of December, A.D. 1923.

JOHN H. ASHFORD,

A constable of the said Town of Newcastle.

in themselves but whose propagation is seriously injurious to Canada's best interests.

But even the agitation for an embargo has had at least one good effect. It has brought into being no less than twelve applications for locations for new pulp mills in this country, which indicates beyond any doubt that if the American market for the wood is cut off there will follow a domestic demand sufficient to absorb all the reasonably available wood and Canada will be benefited by the revenue derived from its manufacture in this country. Of course if the Government persists in its policy of allowing the free export of the wood these new mills will not be built in Canada.

But the expense of the Commission, the members of which receive from \$25 to \$35 a day each, and \$15 additional for travelling expenses is an inexcusable imposition on the tax-payers. Surely a country which bears the enviable reputation of being the only one in the world, outside of Germany whose public debt is increasing and whose national budget fails to balance can find better uses for the tax-payer's money than in paying for the need less joy-riding about the country of a useless Government Commission

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Cartier says Zam-Buk is regarded by his family. Mr. Cartier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely ended. Since then his family is never without it. "Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor,' and are never without it." Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. NEPTUNE TO VISIT WORLD CRUISERS

The certificate as shown above will be issued to all passengers aboard the Empress of Canada who appear before Neptune, as did those passengers on the Empress of France last year, who are shown in pictures 2 and 3.

When to travel upon the sea was to venture in great danger it was usually thought wise by the voyagers to propitiate the god of the waters by making gifts to him before setting sail, and oftentimes, when Neptune displayed his wrath at sea, human sacrifices were made to him. To our superstitious ancestors the son of Saturn and Ops had great power over the waves, especially those of the sea, and had, therefore, in his hands the welfare of all vessels and their human and other freight. The worship of Neptune was early introduced into Rome, and July 23rd, "Neptunalia," was his feast.

As science reduced the terrors of the sea, and education and higher civilization erased the sometimes terrible superstitions from the minds of the world, so the worship of and sacrifices to Neptune ceased, but even to this day he is venerated by many Latin and Scandinavian sailors and no ship crosses the equator without some recognition being made of him. Usually this takes the form of a burlesque performance in which those who are making their first "crossing of the line" are initiated into

the mysteries of the deep. The unique photograph reproduced above was taken aboard the Canadian Pacific "Empress of France" while on a "Round the World" cruise last year. Neptune boarded the great liner in the early morning of the day on which the "line" was crossed, and held court. He was attended by the Royal Barber and other high officials who assisted in the initiation ceremony. Most of the passengers were summoned to his august presence and were tried for their misdemeanour, punishment or praise being awarded without favor. Those who produced evidence of having been "initiated" before were, of course, exempt from trial.

This year, when Neptune boards the Empress of Canada, which leaves New York on a Round the World cruise on January 30th, his secretary will issue to all those who pass before the God of the Waters, certificates to that effect, which will be countersigned by Captain S. Robinson, R.N.R., who commands the vessel, and which, besides being valuable souvenirs of the trip, will exempt the holder from further trial.

CRITICISM

There is no truer test of a man's qualities for permanent success than the way he takes criticism. The little-minded man can't stand it. It pricks his egotism. He "crawfishes." He makes excuses. Then when he finds that his excuses won't take the place of results he sulks and pouts. It never occurs to him that he might profit by the accident—Napoleon Hill.

CHURCH UNION ABANDONED

In view of the fact that Church Union is a very lively question at the present time, and that meetings addressed by speakers in favor of and in opposition to the measure are being held throughout the Dominion, the following will be of interest to a large number of our readers:—Church Union has been abandoned as a practicable project in Australia according to Dr. S. Angus, professor of the New Testament at the University of Sydney, New South Wales. Professor Angus said it was one which had occupied the minds of Australian churchmen for the past twenty years and had recently been dropped as it threatened to disrupt the church.

The glacial Rockies as a movie location.

"AND just then," said Otto Paul Schwarz, of Switzerland, in describing a trip in the Canadian Pacific Rockies. "we saw a huge Bergschrund." "And did it bark at you?" he was asked. "Or do they bleat?" "Ach, no. A bergschrund is not a bird. It is a huge crevasse where the ice has slipped down the rock wall and cracked. The next stumbling block we came to was a chimney. This is a hard business. It means bracing your back against one wall and your feet against the other and doing what you call on this side 'the shimmy' till you get to the top. Icicles fifteen feet long hung above us." "It is a great life, this one of mountain climbing, especially higher up where the glaciers are. Imagine a river of ice with a depth of something like 1,000 feet. Great crevasses reach down, it seems, to the bowels of the earth, peaks and minarets rise from its uneven surface and glisten in the sun which can never warm them; a giant green-white force, irresistible, stupendous, with an alluring fascination which the lovers of the outdoors cannot deny." "The picture above was taken on the 'roof of Canada' near Banff, and the huge glacier which the party is traversing will, in years, perhaps, help to make fertile the prairie plains. Travelling at the rate of about four inches each day, nothing can withhold it, but another generation of sightseers will have come and gone before the ice on which the climbers stand will have found its way down to the warmer valleys where it will melt; and in the meantime, snow from the even higher peaks will press and pack and so, so far as the present day world is concerned, the life of this wonderful natural force is without end."

NAMED RADIO INSPECTOR
John M. Colton, who was formerly in charge of the Newcastle wireless station; but now Government radio instructor in Montreal in the summer and in St. John in winter has been appointed radio inspector of the Montreal district permanently.

A GREAT MISTAKE
To stop your ad. is to take down your sign. To stop advertising—if you are still in business—instantly to your customers that you are indifferent to their custom and that you do not consider it worth going after.

NEWCASTLE AFTER CUP
To-morrow, two Newcastle rinks skipped by R.W. Crocker and Wm. Gifford will journey to Bathurst, in an endeavor to lift the McLellan Cup which is emblematic of the "Kearin" Game, and which has been held by Bathurst for a number of years.

WILL ASSIST PARISH
Rev. A.R. Yeoman, rector of Derby and Blackville; has undertaken to give Sunday services in the parish of Ludlow and Blissfield once a month until such time as a new clergyman is appointed to that Parish.

X'MAS ENTERTAINMENT
The annual Christmas entertainment of the Methodist Church was held in the basement on Tuesday evening. A very pleasing program of recitations, dialogues, songs etc was carried out after which old Santa Claus made his appearance much to the pleasure of the smaller children and presented all the children present with a bag of candy and an apple.

AN ENDURANCE TEST
Every day since they had started housekeeping his bride had given him the same kind of breakfast food and finally he mustered up courage to make a gentle inquiry "How does it happen that we have this every morning?" he asked. "Oh George!" she exclaimed, "They give blue coupons with every package and for 100 coupons you can get the loveliest rocking chair. You have only to eat 90 more packages."

EDWARD SINCLAIR LUMBER COMPANY INCORPORATED
A charter has been issued under the name Edward Sinclair Lumber Company Limited, incorporating William Munn Sinclair, Edward Sinclair, Ernest A. Sinclair and others to take over and carry on the lumber business formerly carried on by the Sinclair Company the petition having been forwarded by E.A. Reilly, K.C. of Moncton. The authorized capital is \$600,000.00 divided into shares of \$100 each, with Head office at Newcastle. This Company takes over the lumber lands and mills of the Sinclair Co.

15 BELOW
It was 15 below zero here on Saturday morning and 18 below Sunday morning. This was the coldest snap of the season.

It didn't cost Adam a nickel when Eva turned over a new leaf. But when the modern Eve goes out on a gown-buying spree! Ask Adam in "Adam and Eva."

LET EVERYBODY WORK
Prosperity depends upon enterprising and unflagging work. All citizens of Newcastle should put their shoulder to the wheel to make 1924 much better, as it promises to be, than 1923.

CALENDARS
We acknowledge with thanks calendars received from Canada Printing Ink Co.; Lounsbury Co. Ltd. and the Ontario Equitable Life & Accident Insurance Company.

There is only one way in which MORSE'S Tea is not economical, people are likely to drink a lot of it, likely to ask for still another cup please. And you cannot blame them when you know how good a well made cup of tea really is.

AFTERNOON TEA
The Women's Missionary Society of St. James Church will hold an afternoon tea in the Hall on Thursday, January 17th. Tea will be served from 4:30 to 6:30. Come and spend a sociable hour. Tea 25c.

A PLEASANT PARTY
On New Year's Eve, a large number of the local Methodist congregation gathered at the Parsonage and tendered Rev. A.W. and Mrs. Brown with a surprise party in the form of a kitchen shower. A most enjoyable evening was spent.

APPLIED FOR LICENSES
Edward J. Morris of Newcastle has applied for a retail license under the Prohibition Act for his drug store in Nelson and Guyon A. Mersereau of Chatham has also applied for a license for his store on Water Street, Chatham.

INSERTION CHARGES
Our charge for inserting Cards of Thanks, In Memoriam, Engagement Announcements, Obituary Verses, etc. is 10 cents a line and money must accompany the copy or no insertion will be given. Promises to pay when in town or some future time will not do. Our books are full of such charges.

NEW YEARS
New Year's Day passed off quietly in Newcastle. The day was cold and blustery and the usual New Year's calls were to a large extent curtailed. Nevertheless a good sized gathering attended the matinee in the afternoon while many others enjoyed the fine skating at the rink.

WEEK OF PRAYER
The annual week of Prayer is being held this week in the local Protestant churches. The meetings will be held as follows:—Monday and Thursday in St. James Hall, Tuesday and Friday in the Baptist Church and Wednesday in the Methodist Church. An invitation is extended to all to attend the meetings and share in the spiritual blessings which will follow.

CHURCH UNION ABANDONED

In view of the fact that Church Union is a very lively question at the present time, and that meetings addressed by speakers in favor of and in opposition to the measure are being held throughout the Dominion, the following will be of interest to a large number of our readers:—Church Union has been abandoned as a practicable project in Australia according to Dr. S. Angus, professor of the New Testament at the University of Sydney, New South Wales. Professor Angus said it was one which had occupied the minds of Australian churchmen for the past twenty years and had recently been dropped as it threatened to disrupt the church.

INTENDS TO REMAIN SPEAKER OF COMMONS

"I have heard no word of such a thing" said Speaker Lemieux. "I intend to remain as Speaker of Parliament." This denial was to the rumor connecting his name with the appointment of a successor to Mr. Justice Brodeur, of the Supreme Court. There will no doubt be an appointment within a few weeks. Other names mentioned are Eugene Lafleur, K.C., Montreal and Premier Taschereau of Quebec.

A LONG SERMON

TO TAKE NURSING COURSE
Miss Roberta Cool of Moncton left Saturday afternoon for Boston where she will enter the Peter Bent Brigham Hospital as a student nurse. She was accompanied as far as St. John by her mother.

1924 BUSINESS
Mr. Donald Fraser says:—"I hope for more thrift both in private and public affairs for New Brunswick for 1924 and more public interest in politics. Business prospects, in my opinion, are only fair on lumber and pulp but general business is likely to be good as there should be plenty of employment in New Brunswick in 1924."

BEST PICTURES AVAILABLE
Mrs. Wm. Richards has made arrangements to have the pictures available presented this year in the Opera House. The productions of six of the leading film companies have been arranged for and patrons of moving pictures are assured of having an opportunity of seeing nothing but the best on the screen at the Opera House during 1924.
