This book is a sign of the times. This book is a sign of the times. I would be difficult to precise the precise to know what sort of the same to be a stranger, was informed at control to be a stranger, was informed at the door, when leaving before the conclusion of the service, that he conclusion of the service down the service of the service down the service greet, they almost without exception found it seedful to point out to their readers from time to time the errors of Pomery. There is hardly any trace of this in the book before us. Here and there are mi takes such as one brought up in Protestantian is sure to make, as when the author suggests that the abbot and convent of Dumfermline were anxions for the canonization of St. Margaret that it might at race pig ims to her shrine and thus enrich the measter y; but he errors of this kind are of little account, cocurring as they do in a book which shows on every pagromatic one of the service of Dublin. In the larger conscientions study, and where, on he whole, the Church is represented in a highly favorable light. The author enter tains the strange notion hat the Scottish Church was independent of the centre of unity, but he does not discuss the question as length, so we are almost in the dark.
