BIG BEAR COMES INTO COLLISSION WITH THE POLICE.

WINNIPEG, June 7.—Lieut.-Gov. Aikens has received a message from Gen. Middle-ton's camp, near Fort Pitt, dated June 2, to the effect that Rev. Mr. and Mrs. Quinney, Mr. Cameron and two halfbreeds, who have been prisoners with Big Bear, escaped, and were now in Gen. Strange's camp, twelve miles from Fort Pitt. Mr. Quinney states that none of the women have suffered any indignities. Gen. Strange says that Big Bear's band has broken apart, virtually into two parties, and he has still the McLean families and

wounted men, and hopes to catch hig Bear
yet.

Mr. Cameron, one of the prisoners
rescued, gives the names of the Frog lake
murderers. He says the Wood Crees
saved the prisoners' lives, the Plain Crees
wanting to kill them. He states that Mrs.
Delaney and Mrs. Gowanlook have been
well treated. All the prisoners were
comparatively well treated, and no
indignities were offered them.

FORT PITT, N.W.T., June 3, via Battleford, June 6 .- Gen. Middleton with 50 men each of the 92th, Midland and Grena-diers and a Gatling left to join Gen. Strange this evening. All the mounted men left early this morning.

An Engagement With the Bear. Fort Pitt, June 4.—Captain Steel with seventy mounted scouts and police had an engagement with Big Bear at Two Lakes miles southeast of here, yesterday He came upon the Indians as they were striking camp and immediately attacked them. Finding their front too strong he executed a clever flank movement, taking the Indians in the rear and driving them in disorder across a creek, where he was unable to follow on account of his small force. The Indians numbered fully 250. He saw no signs of the prisoners during the fight.

Capt. Steel sent an interpreter to McKee with a flag of truce. He advanced but was fired on. He got near enough to be heard and called out to Big Bear in Indian, who replied indistinctly. McKee said, "If you will deliver our people we will cease

to clean you out."

Capt. Steel's loss was three wounded,
Sergt, Major Furry in the breast, Bill
West, a scout, in the knee, and J. Fisher

The Russian report that Abdurrahman, the ameer of Afghanistan, has been murdered by his suite, is not credited at the British foreign office. Couriers from Cabul arrive at the British posts on the Afghan frontier twice a week regularly. In the latest reports brought to the British agents at these posts there was no news of any actual disorder in Afghanistan, but the general situation in the ameer's dominions has been described in all recent reports as one betokening danger to Abdurrahman's authority. This has been attributed to the discontent among the tribal chiefs over the ameer's failure to distribute among them the sums of money which the chiefs believed he received from the Earl of Dufferin, vicercy of India, at the recent durbar at Rawal-Pindi, with which to subsidize the Afghan tribes. It would not be surprising if some of these disappointed chiefs should have resolved to adopt murder as revenge upon the ameer. disappointed chiefs should have resolved to adopt murder as revenge upon the amer. Sunday Street Cars.

Editor World: I read with pleasure A number of years ago Toronto had a etters that are appearing in your issues favoring the running of cars on Sunday. I think it would be a good thing. Now the summer weather has arrived many a man would be glad to take his wife and children for a few hours? ride on Sunday if his means would allow him. He could do that were the cars running. I don't see why Toronto should be so far behind other civilized cities in this respect. I cannot conceive of any harm arising from running a few cars, but I know the good it would do. Some people kick against anything in the shape of progress, and would close the parks if possible. I think it would be much better for the working portion of Toronto if they would avail themselves of the present fine weather than to listen to the ravings of some clergymen that Toronto is blessed with. Yours respectfully,

Catarrh-A New Treatment. Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh attained by the Dixon treatment for catarrh.
Out of 2000 patients theated during the past
ix months, fully ninety per cent, have been
cured of this stubborn malady. This is none
the less startling when it is remembered that
not five per cent. of the patients presenting
themselves to the regular practitioner are
benefitted, while the patient medicines and
other advertised cures never record a cure at
all. Starting with the claim now generally
believed by the most scientific men that the
disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted
his cure to their extermination; this accomplished, the catarrh is practically cured, and
the permanency is unquestioned, as cures
effected by him four years ago are cures still.
No one eise has ever attempted to cure catarrh in this manner, and no other treatment effected by him.

"Dr. Limooln who was at the funeral of ex-Secretary Frelinghuysen, says ex-President Arthur looked very unwell. He is suffering from Bright's disease. During the past year it has assumed a very aggravated form."

That telegram is act IV. of a drama written by ex-President Arthur's physicians. In act I, he was made to appear in "Maisria," of which all the country was teld when he went to Flerida.

No, nature has not been remiss. Independent research has given an infallible remedy for this common disorder; but of course the bigoted physicians will not use Warner's safe cure, because it is a private affair and cuts up their practice by restoring the health of those who have been invalids for years.

The new saying of "how common bright's disease is becoming among prominent men!" is getting old, and as the Englishmen would say, sounds "stupid"—especially "stupid" since this disease is readily detected by the more learned men and specialists of this disease. But the "common run" of physicians, not detecting it, give the patient Epsom salts or other drugs prescribed by the old code of treatment under which their grandfathers and great-grandfathers practiced!

"None in the least," said Nelly, arbitrarily. "Now sit down here at the head of the banquet, and mind you do justice to everything."

victor on this occasion, amid the wildest delight of the Ontario partisans. But the stay of the rubber at any point was of short duration, so warm and active were its handlers. Again the Ontario flags were in danger, but Ted Smith was not himself, and the ball went wide. To the centre once more, and amid ories of "good boy, Mary," Blight, the Toronto centre, sent in a capital drop. It was Ryan, the son of Peter, who distinguished himself this time, as he did frequently. Irving dodging eleverly was the next to come in prominence, but the Toronto home just then were scattered, and Hull, playing like a hero of Sparts, returned the missive whence it came, and a face was necessary. After that the play was brisk but short. Sam Martin stopped one beauty from the same player was treacherous and accomplished its purpose by winning the game for the Ontarios in 20 minutes. Hubbell, who had received a blow on the right hand that almost incapacitated him, made a miss and a serimmage followed, out of which Martin deftly secured the ball, passed in front of the flags, towards which he turned his back and made a quick shot over his shoulder. It told and wild huzzas rent the air.

shoulder. It told and wild huzzas rent the air.

Like the first the second game opened with an assault on the Ontario citadel. Once more Wilson proved himself the expert and accomplished goal-keeper that he is. Not only did he stop a well-directed throw, but by clever dodging got a good run down the field and completely for the moment changed the aspect of the game. A second attack on the same flags was brought to a summary ending by Eckhardt receiving the ball on the nose. On the face that ensued between Small and Smith the latter proved successful, but he held the ball too long and Burns clevely relieved him of his charge. Up the rubber bounded and another hitch occurred. Some in the audience became impatient and shouted "Go on and play lacrosse," "Go on, Tommy, you can thrash them," presumably meaning a plucky Ontario home man. Once more the ball was in rapid flight, Hubbell and Garvin at the one end and Hull and McGovern at the other helping it in its hasty despatch. At length "Mary" Blight, whose plucky consistency, and not contrariness, in good play wasmost marked, sent in a dairy from the

secured it and the last named were foiled, but "Pluck" got in one on the head and was hissed. Blight, again to the fore, threw on the flags, Eckard received the shot and with one of the eleverest pieces of manceuving of the day, captured the third game of the match and the second for the Torontos in three minutes.

"We've got em," joyfully exclaimed the Toronto admirers ranged along the east fence. The Torontos were playing down in the fourth game. A flurry in centre field and Captain Major Hamilton hastily claimed a foul. Almost before the words were out of his mouth the ball had passed the Ontario goal-keeper and Toronto backers saw the money won in their pockets. But "foul" had been claimed and had to be allowed. From the face the ball traveled upward and the hopes of Ontario admirers were raised. Bonnell and Morrison came into collision and engaged in an improvised wrestling match

Lacrosse and Athletics at Montreal, MONTREAL, June 7 .- The intermediat champsonship lacrosse match vesterday between the Young Shamrocks, Montreal and the Metropolitans, Ottawa, drew a good crowd to the grounds. The Young Shamrocks had a poor team, but good enough to beat the Ottawas 3 to 1 in 3, 15, and 4 minutes. The Mets won the first game in 3 minutes when playing with the wind. J. At length in Mary" Blight, whose plucky consistency, and not contrariness, in good play was most marked, sent in a daisy from the right centra, which reached Joe Irving at the right time and spot. With remarkable precision he made his shot, which caromed against Eckhardt's stick, deceived for their first game, won in fifteen minutes.

The boys in blue, who were somewhat nervous at starting in, were now all cockawhoop, but the lads in grey were not discouraged. They knew they were playing a cracking good game and the score only stood one each. With a vim the third game was entered upon. The play was short and sharp. Blight from the face scratched the ball to Dixon, who lost no time in sending it on its mission. Clarke was equally prempt on the return, and Garvin out of a tough tussle whirled the rubber high in air from the ground. It was a clever piece of work, but the direction.

Immediately the ball was in motion every faculty not only of the players, but of the spectators, was strained to its utmost to watch its progress. Its first directions was northward towards the Ontario flags, but its stay was not long and like a thing of life it flew down the field from a capital shot of McGovern, only to be returned in the vicinity of Fred Dixon, who made the first throw for goal. Wilson, with the perversity of his race called "Shorty" on account of his height, was on the alert and checked the ball in its well-meaning flight, and a race ensued between Bonnell and Crown, the little fellow proving the victor on this occasion, amid the wildest delight of the Ontario partisans. Cooper and Congdon's bowling was very effective, especially the former, who took 12 wiekets for 24 runs. For the Toronto club G. G. S. Lindsey and G. N.
