Daily (without Sunday) by the year, \$5.00; by the month, 50c; by the week, 15c; by the day, 5c. Sunday Edition, by the month, \$1.00; by the week, 30c; by the day, 10c. Daily Clippings, by the month, \$1.00; by the week, 30c; by the day, 10c.

Advertising rates on application. City subscriptions may be paid at the Business Office, 38 Yonge Street, Toronto, Ont. Delivery Co., 13 Mulinda-street and 413 College-street.

The Contest in Toronto

The Conservative candidate in Lawyer Kent, the Reformers in Lawyer Biglow, the Labor man in Editor Thompson, one time better known as James Briggs, D. K. of Cobourg University, and the nationalist in Baron Macdonald; so that there is bound to be a short and sharp struggle for the vacant seat in the Ontario Assembly. If the Conservatives wish to hold their own they must get together and unite on Mr. Kent. The Reformers were bound to bring out a man. Mr. Biglow had had some experience of Ontario politics and had not to wish to have it said that he did not run a man in Toronto in order to give Baron Macdonald a show. Mr. Biglow had not come out and Mr. Macdonald had continued in the fight Mr. Mowat, as a citizen of Toronto, would have been forced into the remarkable spectacle of going bodily up to Mr. Macdonald's committee rooms and asking him to act as a worker and voter against the champion of annexation.

Women in the Jury Box. In a plea for women jurors Mabel Collins, a writer in a Dublin journal, cites the fact that the Ontario (Canada) Legislature has just passed a law admitting women to practice at the bar, and taking this fact for her text she makes a vigorous and earnest plea for her cause. The writer bases her plea on the ground of justice to the sex, but she fails to show that women get less justice from a jury of men than they might hope for from a jury of women.

A Lesson For Quebec. The election of Foster, the anti-labor Democratic candidate, for governor in Louisiana, means the utter overthrow of the emphatic rebuke to the lottery leaders. In the result the new regime in the Province of Quebec can read the handwriting on the wall, if the same course is continued there which has brought such consuming shame upon the province.

Herr Most Released. Herr Most of New York is once again at liberty to indulge his peculiarly anti-Semitic prejudices with his mouth. He differs from his foreign prototypes in that he merely barks, while they bite. But perhaps it would be just as well to let him bark, even upon his mouth. Chicago in November, 1889, is a standing warning to men of his kidney.

No Sympathy For Women. The Grand Old Man has no sympathy for "grand old women," or native-born women, or anyone else. He has written a pamphlet to say that he is opposed to woman suffrage, as he thinks it has not been sufficiently discussed in the press and on the platform. The ed in the press and on the platform. The ed in the press and on the platform.

The Earth Still Boasting. This morning's despatches announce another series of "tremblers" in California, where summer has been especially active. Cyclones never come. This latest elementary disturbance seems to have been more destructive than its predecessors, even San Francisco itself feeling the effects.

Despatches from Victoria announce another rise of 20 per cent in the price of skins, consequent upon the scarcity arising from the small catch.

Sir John Thompson's bill respecting evidence, which allows a person accused of a criminal offence to testify in his own defence, was introduced in the Dominion House yesterday.

History in the Schools. In the teachers' convention which has been sitting during the past week little more has been said about the history text-books than in the past. The fact is always firmly impressed on the pupils' mind, whether or not to exemplify Henry's noble Protestantism in doing as the Fourth Columbus discovered America.

World's most famous man in 54 B.C. for all a pupil is told to do is to do as the world's most famous man in 54 B.C. for all a pupil is told to do is to do as the world's most famous man in 54 B.C.

Now, in the limitation time for the study of history with the greatest necessary characteristics a common school education, it would be foolish to think of instructing a child in all the intricacies of ancient history, but a sketch of the movements of the human race before 54 B.C. is wishfully desirable in a text book. A boy of ten years old is not a sage philosopher, but this will prevent his grasping a few cogent facts of the characteristics of the Saxon race and the causes of the Crimean War are practically unknown to the younger student.

An Electric Railway for the Junction. The council of Toronto Junction has passed the bylaw authorizing the construction of the City and Suburban Electric Railway. The condition is that the work shall begin on present year. The line will run along Dundas-street, down Keele, and by Davenport into the lake shore, and by Davenport into the lake shore, and by Davenport into the lake shore.

THE PEDAGOGS' FINAL DAY

ONTARIO TEACHERS' ASSOCIATION NOW THE "EDUCATIONAL"

A New Constitution Adopted Which Gives Greater Unity—A Profitable Day Assumed the Sections—The First of Numerous Able Addresses—The Parting for Further Work.

The Teachers' Convention is a thing of the past, and so also is the Ontario Teachers' Association. From henceforth there is the Ontario Educational Association, and into it is merged the old Teachers' Association and all the other associations, modern language, classical, science—even the younger mathematical and kindergarten associations. Now there will be one big association with six collateral branches hitherto working simultaneously, such as the public school section, the high school section, the inspectors, the kindergartners, etc. The departments will be divided into classical, modern language, science, etc. sections. This greater unity will be gained, while the individuality of each will be preserved.

These constitutional changes will be sufficient to make this an important convention, but in all departments it was an unequalled success. The only thing that was shown was remarkable, and that was the fact that the papers were able and interesting. Especially good were Mr. Miller's "Modern Spirit in Virgil," Mr. Houston's sketch of the growth of university education in Canada, and Rev. G. M. Milligan's address upon "The Teaching."

The Constitution Passed. In the morning the constitution submitted previously was discussed in a general meeting, and finally passed with slight alterations, the chief of which was the admission of the kindergartners as a department and not a section of the public school system. Teachers were also given by the president. In this connection the results of the various sections which this occasion may now be given.

Officers of the Association. President, S. B. Sinclair, B.A., Hamilton; Secretary, R. W. Doan, Toronto; Treasurer, W. J. Hendry, Toronto; Chairman, A. B. Steele, Orangeville; Secretary, T. J. Birchard, P. D., Bradford; Chairman, W. Wilkinson, Bradford; Secretary, A. McMillan, Toronto; Public School Section: Chairman, W. A. Kin, St. Thomas; Secretary, J. S. Deacon, Milton.

The Public School Section met. Miss Hendry's paper on school decorations was read and given at the minutes. The committee appointed to outline a syllabus on practical language lessons sent a report, which was read and approved. A report of the department officers followed, the result being given at length.

In the afternoon the public hall was well filled, and the officers of the new Educational Association were elected in accordance with the newly adopted constitution. The election of officers was held in the afternoon, and the results were given at length.

Classical Association. Mr. J. C. Robertson of Owen Sound read the first paper on "The Antithesis of the Speeches of Theoclydes." This was a most carefully prepared discussion, evincing no small amount of scholarship.

Mr. E. W. Hegarty of Harbord-street Collegiate Institute then read a paper, "A High School Latin Reader," in which he advocated the plan of preparing a reader in Latin selections, urging that Caesar is too dull and too difficult for the average pupil, and that the use of a selection of five chapters from the book is a better method.

In the afternoon Mr. F. Hoop, M.A., of Peterboro Collegiate Institute, read a paper on "Methods and Text Books in Elementary Latin," in which he discussed the comparative merits of the various methods and text books.

The Modern Language Association. The election of officers of their section of the new High School Department was the first thing attended to, and resulted as follows: Honorary President—J. A. Boyd, M.A., L.L.D.; President—G. A. Chase, B.A.; Vice-President—Prof. Alexander; Secretary—Prof. J. S. Deacon, B.A.; Secretary-Treasurer—Prof. H. M. V. Balmor; Secretary—Prof. W. H. Fraser, A. B.; Secretary—Prof. W. H. Fraser, A. B.; Secretary—Prof. W. H. Fraser, A. B.

A discussion upon amalgamation with the Ontario Educational Association was held, which was held in the afternoon. The general feeling was that the amalgamation was a good thing, and that the Ontario Educational Association was a better name than the Ontario Teachers' Association.

Mr. J. E. Imbrey having been attacked in the public newspapers for a resolution of the Ontario Educational Association, making certain changes in the awarding of the Pringle Medal, this association took this opportunity of stating that this resolution was passed by the Senate of the Ontario Educational Association, and that the Ontario Educational Association was a better name than the Ontario Teachers' Association.

An Electric Railway for the Junction. The council of Toronto Junction has passed the bylaw authorizing the construction of the City and Suburban Electric Railway. The condition is that the work shall begin on present year. The line will run along Dundas-street, down Keele, and by Davenport into the lake shore, and by Davenport into the lake shore.

THE SCHOOL PARLIAMENT

Trustees Rush Through Business to Attend to Their Own Printing

At the meeting of the Public School Board last night there were present Chairman W. D. McPherson, Trustees E. T. McPherson, T. R. Whitledge, A. E. Hagerman, E. P. Roden, A. S. Baird, Dr. Fisher, J. Douglas, J. C. Clark, W. A. Reid, W. W. Hodgson, H. Miller, C. A. Brown and H. A. E. Kent. Mrs. McPherson presented a petition from ratepayers in Ward No. 6 protesting against the removal of the school from the present Mabel-street site to the proposed site on Sheridan-avenue.

The report of the Finance Committee was adopted. The Finance Committee reported favorably on the proposition to move the Mabel-street school to the corner of Sheridan-avenue and Mabel-street, and to purchase the site on Sheridan-avenue. The Finance Committee also reported favorably on the proposition to purchase the site on Sheridan-avenue.

MUSIC AND THE DRAMA

"Lend Me Your Wife" as the Grand Dion Boucicault's comedy, entitled "Lend Me Your Wife" will be presented at the Grand Opera House tonight by Roland Reed and his excellent company of comedians.

The sale of seats for Herrmann, who will be seen at the Grand Opera House next Monday, Tuesday and Wednesday, is not so very long ago that the best of our magicians and prestidigitators used to carry all their apparatus in one trunk, and two trunks usually constituted the entire paraphernalia of the wizard's outfit. But times have changed, and the wizard's art has kept pace with every other branch of the amuse-ment world. This is especially true in the case of Herrmann, wonderful necromancer and illusionist, whose outfit is a veritable arsenal of magic.

The report of the Finance Committee was adopted. The Finance Committee reported favorably on the proposition to move the Mabel-street school to the corner of Sheridan-avenue and Mabel-street, and to purchase the site on Sheridan-avenue.

HOW GUINAEES

Systematically Undersold Everybody

Why They Did The Largest Shoe Business in the Dominion Explained: Because their goods were invariably purchased for cash, in larger quantities than any retail house, equally as large as any jobbing house; there was no middle house at jobbing prices, consequently from 25 to 30 per cent less than any other retail house could pretend to do; they had only one price for rich or poor, and finally there was no boot, shoe or slipper manufactured that they did not keep in stock.

Why Guineas Bros. Are Sure This Enormous Business Will Continue to Increase: Because they have taken advantage of the disastrous condition of the shoe trade and made their spring purchases for cash at such prices as will enable them to discount any public, and also that in consequence of the clearing out of stock at their late sale, the spring goods will consist of the very latest styles from the manufacturers; that whatever remains of the old stock will be run off regardless of cost; that the stock will still continue to be complete in every style, quality, size, shape and novelty known in the shoe trade; that all styles will be made in the interest and for the satisfaction of the customers; that our attention and courtesy to customers will be redoubled, and because we have again renewed our determination to do the largest shoe trade in the world. With this end in view there is nothing that can stop the progress of

WAS HE A VICTIM?

Inquiry Into the Cause of a Faith

Christ's Death.

Yesterday afternoon, Coroner Johnson opened an inquest in Parkdale Town Hall on the body of Robert J. McLaughlin, who died on Tuesday last.

The coroner in his opening remarks to the jury stated that the deceased, who had been sick for some time, had been taken to a hospital on Monday last, and had died on Tuesday last.

The coroner in his opening remarks to the jury stated that the deceased, who had been sick for some time, had been taken to a hospital on Monday last, and had died on Tuesday last.

A PEEP INTO THEIR NEW HOME.

All About the Young Women's Christian Guild and Its Work—Those Who Manage It.

In view of the opening of the Young Women's Christian Guild's new building on Monday, a brief sketch of the progress and work of the institution may interest our readers.

The Guild is an association of young women for the promotion of the spiritual and temporal welfare of the young women of the city, especially those who live in boarding houses and lodgings, being on the same principle as the Y.M.C.A. It has been in operation for five years. In May, 1923, a meeting was held in the interests of the Guild, in Union Mission Hall, College-street.

One great factor in the success of the Guild has been the fact that no class differences are recognized, the members are of all classes, including domestic. The young women are doing their own efforts and transact all business in connection with the Guild.

The Toronto Evidence Given Before the Commissioners. Mr. E. A. Frankland was the first witness called before the Debiting Commissioners.

Mr. W. W. Hodgson, lessee of the Western Cattle Market, testified that it would be beneficial from a financial standpoint as well as financially to dehorn the cattle.

Mr. A. J. Thomson, also an extensive shipper, testified that if dehorning was skillfully performed, it would result in the animal being considered that dehorning would be an advantage to both breeder and shipper.

GRAY'S CARRIAGE OPENING.

The Elite of the City at the Exhibition of the Grand Opening of William Gray & Sons' Toronto Carriage Repository still continues.

The affable manager and his staff seem to think it a pleasure to exhibit their magnificent stock of carriages. Many visitors to the horse show, including a large number of ladies, are taking advantage of the opportunity now presented to examine the finest stock of carriages ever seen in the Dominion.

Mr. L. Silver, the manager, pointed out the very excellent showing of carriages for special prices, but we may mention that the ladies, which is very popular with the fair visitors to the opening, every lady should see it.
