BULGARIA JOINS GERMANY

Definite Decision Has Been Made, Say London Advices, and War in the Balkans Cannot Be Averted.

LONDON, Oct. 1.—The hope expressed yesterday that war in the Balkans might be averted virtually has been abandoned, according to the belief expressed in official quarters.

The statement made by Sir Edward Grey, the British foreign secretary, in the house of commons this afternoon, confirming rumors that Austro-German officers had arrived in Bulgaria, just as they did before Turkey threw in her lot with the Germanic allies, is taken by officials to mean that Bulgaria too has definitely decided to join them.

Rumania With the Allies. Athens never had much confidence in the Bulgarian assurances that Bulgaria's mobilization was quite innocent, it was asserted here today, and the other capitals have now been forced to the same conclusion.

MORE GUNS AND PRISONERS TAKEN AND GROUND GAINED

New Progress Realized by Allies in Givenchy Wood Where Prussian Guards Were Captured and Violent Bombardment Stopped.

PARIS, Oct. 1.—New progress for the allied troops in the Givenchy wood, the capture of additional German machine guns and prisoners in the Champagne region, and the stopping of a German bombardment in the Argonne by a French counter-offensive, are recorded in the French official communication, made public tonight.

"Some shells have been thrown from a long range on Verdun and Nomeny by the enemy batteries, which were immediately counter-attacked by our artillery."

"Our ships 'Alacaz' bombarded during the night of Sept. 30-Oct. 1 the junction of Amagne Lucuy and the stations of Attigny and Vouziers. The ships were shelled all along its journey, especially at Vouziers, where it found itself surrounded by numerous clusters of incendiary rockets."

Total Sum Expected to Be Realized by This Week End.

NEW YORK, Oct. 1.—Subscriptions amounting to approximately \$365,000,000 appeared to be in sight Thursday night towards the \$500,000,000 issue of Joint Anglo-French bonds, according to a declaration made by the president of one of the largest national banks in the city.

The \$365,000,000, it is assumed, represents the total pledges tabulated up to Thursday night and includes the chief large bank subscriptions and those of wealthy individuals entering the list of underwriters.

Two Noted Britons Killed in Action in France and at Dardanelles.

LONDON, Oct. 2.—Among the deaths at the front announced by the war office are those of Lord Petre, a lieutenant in the Coldstream Guards, who succumbed to wounds received in the recent fighting in France, and Lieut. the Hon. Maurice Henry Nelson Hood, eldest son of Viscount Bridport, who was killed in the Dardanelles.

GERMAN THRUST AT RUSSIA IS CONSIDERED AT AN END

Enemy's Offensive From Riga to the Pinsk Region Has Been Arrested, Despite Heavy Reinforcements.

LONDON, Oct. 1, 7.45 p.m.—The Petrograd correspondent of Reuter's Telegram Company sends the following: "Military writers, in the light of the latest despatches, are of the opinion that the great German thrust east of Sventitsany (on the main line of the Warsaw-Vilna-Dvinsk-Petrograd railroad), may be considered at an end."

"In the region of Gredzen, north-west of Lake Sventan, after a fierce bombardment, the Germans attacked and seized some of our trenches. The fighting continues."

"In the region of the Village of Gudi, slightly east of Lake Naroch, our cavalry attacked infantry protecting enemy convoys, and seized a number of wagons and seventy prisoners. At another place we captured over 100 wagons and horses and dozens of prisoners, many Germans being sabred in the pursuit."

BRITISH HOLD ALL POSITIONS WHILE AIRCRAFT BOMB ENEMY

Hostile Counter-Attacks Have Weakened, But Seventeen Air Combats Are Reported in Which Germans Were Worst.

LONDON, Oct. 1.—There was no change today in the situation on the British front in the western theatre of the war, according to an official report from Field Marshal Sir John French, commander-in-chief of the British army in the field.

"On the 29th the enemy made several attacks on our positions northwest of Hulleuch. Severe fighting continued all day, with the result that we maintained all our positions except on the extreme left, where the enemy gained about 150 yards of a trench. Our position has been firmly consolidated. The hostile counter-attacks have now weakened."

"On the afternoon of the 29th, near Hooge, the enemy fired a mine under our trenches south of the Menin road, gaining a footing in our front line. Counter-attacks delivered on the 30th recovered all but a small portion of the trench lost."

"Today there has been no change in the situation on our front. During the last seven days our aircraft have been very active. Seventeen air combats are reported, in only one of which was a British machine worsted. A German machine was brought down inside our lines. Yesterday attacks were made on the railway in the hostile area. The main lines are known to have been damaged in fifteen different places. Five, and probably six, trains were partially wrecked and the locomotive sheds at Valenciennes were set afire. Considerable interference thus has been caused to the German railroad organization."

COUNTER ATTACKS REPULSED ALL GAINED GROUND IS HELD

Allies Stand Firm on Western Front, While Russians Hold Positions and Attack in the East.

LONDON, Oct. 1.—The belief that Bulgaria has taken sides with the central powers and Turkey and that the Anglo-French and Russian troops will assist the friends of the entente allies while it momentarily has diverted the attention of diplomats has not dampened the interest of the public in the situation in the eastern and western theatres of war.

In the east the Russians appear to be making much better efforts to hold their positions, for except just in front of Dvinsk and in Volhynia the Germans claim to have made no progress while between those two points and in Galicia, according to a Berlin official report, all the attacking is being done by the Russians. Indeed the Russian troops, by encountering the attack which Field Marshal Von Hindenburg launched at Minsk from the northwest, have succeeded pretty well in straightening out their line from north to south.

Italy also is showing signs of renewed activity and has commenced an offensive along the Isonzo River, particularly against the important Austrian position of Tolmino. Nothing has been heard of the much talked of Austro-German offensive against Serbia or of the operations on the Gallipoli Peninsula.

FACED SHOT AND SHELL

Fifteen Makers of History Are Placed on Honor Roll.

By a Staff Reporter. OTTAWA, Ont., Oct. 1.—War office despatches to the Canadian Government intimate that

Major James A. Hesketh of the Strathcona Horse has been made a companion of the Distinguished Service Order. The announcement says: "For conspicuous gallantry and devotion to duty on Aug. 1, near Messines, when a magazine in a farm containing much small arms, ammunition and many bombs and grenades was set on fire by the enemy's shells. One box of ammunition began to burn, and the cartridges were exploding in all directions when Major Hesketh left his dug-out, entered the farm still under heavy shell fire, and removed all the ammunition. The risk was very great, and, but for his gallant action, the reserve ammunition would have been destroyed."

ITALIANS CARRIED TOLMINO HEIGHTS

General Offensive Gains Santa Maria and Santa Lucia.

POSITIONS SOLIDIFIED

Enemy's Fierce Counter-Attacks Compelled Recession on Mrzli and Vodil.

ROME, via Paris, Oct. 1.—The following official communication, received from main headquarters of the Italian army under current date, was given out here tonight: "In the mountainous part of the theatre of operations frequent heavy fogs hamper the work of the artillery, but enabled the infantry sometimes to make bold raids in small groups, which, approaching the enemy's position, destroy the accessory defences, open large breaches in the barbed wire entanglements and alarm the defenders."

"In the Tolmino section our troops during the night of Sept. 30 attacked all along the front from Mrzli to Vodil—Monte Nero—and the heights of Santa Maria and Santa Lucia, succeeding notwithstanding the enormously difficult terrain, rendered still worse by bad weather, in conquering very strong enemy detachments and taking a certain number of prisoners. The enemy in force counter attacking violently, the success we realized at the price of strenuous efforts on the left wing on the spur of Mrzli and Vodil could not be maintained. On the right wing, on the heights of Santa Maria and Santa Lucia, it was, on the contrary, possible to strengthen and maintain the ground conquered."

HAMILTON NEWS

HAMILTON CITIZENS ARE DISSATISFIED

Think More Soldiers Should Be Sent to the City for Winter. BARTON WILL FIGHT

Township Instructs Lawyers to Proceed With Appeal to Railway Board.

By a Staff Reporter. HAMILTON, Saturday, Oct. 2.—There seems to be great dissatisfaction in some quarters of the city over the official arrangements made for winter quarters for the troops now at Niagara camp, as announced by the military authorities last week.

Mayor Walters and St. Clair Balfour were in Ottawa yesterday for the purpose of conferring with the military authorities with a view to getting the 30th, 31st and 40th Batteries here for the winter. According to the department of militia, these units are to winter in Toronto, possibly at the Woodbine race track.

Building Alterations. Association held one of its city's old landmarks will soon be a memory. It is to be wrecked to make way for the dormitories planned by the building committee of the T.M.C.A.

Brother Killed in Action. W. J. Newman, who has been actively connected with the campaign, and many messages for the commanding officer under a very heavy rifle machine gun and shell fire.

Now the Worry Starts. Controllers and aldermen, particularly the latter, are already commencing to worry about the coming year.

There is little likelihood of Mayor Walters being appointed to the position, and there is a likelihood of all the present aldermen being re-elected.

Appeal to Railway Board. Smarting and angry, the citizens of Barton Township will attempt to force the city to take over the sewage disposal plant.

Word received from Ottawa yesterday was to the effect that John D. McKinnon, the former manager of the local east end branch of the Union Bank, who was accused of stealing \$25,000 from the bank.

Money is Needed. Unless the citizens of Hamilton and Wentworth County open their purses, a branch of the Women's Patriotic League, yesterday shipped seven cases to the London committee.

Teachers Contribute to Fund. At the annual meeting of the Wentworth Teachers' Association it was decided that every teacher should donate two dollars to the purchase of new chairs for the Red Cross hospital.

Sixteen Men Walked Out Last Night—Wages Were Reduced. GIRLS WERE TAKEN ON

Service Maintained by Calling Into Play All Available Reserves.

Sixteen waiters at the Cafe Royal, the cabaret restaurant on East King street, went on strike at 6 o'clock last night, following the cutting of the pay of two new men at salaries of \$20 per month.

"When the Cafe Royal opened up they paid their waiters \$30 a month and their boards," said Mr. White. "After two or three weeks we were informed that our wages would be cut to \$25 a month, which we accepted after a lot of grumbling."

YORK COUNTY AND SUBURBS

REASON DOES NOT JUSTIFY RESULTS. BAD WEATHER HITS NEWMARKET FAIR

Races, However, Were Held and All Were Keenly Contested. YORK PIONEERS THERE

Rally Was Held Followed by Reunion in Pickering College.

Unfavorable weather conditions coupled with a comparatively light show of horses together with a small attendance than usual combined to detract somewhat from the interest usually attached to Newmarket fair held on the society's grounds there yesterday.

The attendance was in the neighborhood of 5,000 and one of the outstanding features was the rally of the York Pioneers on the grounds during the afternoon followed by the luncheon and social re-union at Pickering College in the evening.

The main building has probably never been surpassed in the number and quality of the exhibits. The ladies this year giving more than the average attention to the culinary and dairy departments while in fancy work the display was immense.

RAIN SPOILED FINAL DAY OF OAKVILLE FAIR

New Grand Stand Never More Needed Than Yesterday and Average Crowd Was Out.

OAKVILLE, Oct. 1.—A heavy rain, commencing about two o'clock and continuing all afternoon, spoiled what otherwise looked like a record crowd for the last day of the fair.

The addition of a new grand stand was never more needed to shelter the spectators than yesterday. The grand stand, with a capacity of about one thousand, everything was carried out to one corner of the fair grounds.

EXPECTED TO PAY RENT OF HOSPITAL

Old General Will Not Be Given Unless Agreement Reached.

WANTS AN EXTRA FEE

Auditor Will Not Audit Hydro Books Gratis, He Says.

The hospital authorities have advised Mayor Church that the old General Hospital will not be turned over to the city for military purposes unless the latter agrees to pay the monthly rental of \$750 without question, and without maintaining the right to appeal for a reduction to the property committee. The mayor is not pleased with this, and will get in touch with the members of the property committee as soon as they return to the city.

In the meantime Street Commissioner Wilson and Property Commissioner Chisholm have been instructed to clean out the buildings and get them in readiness for the troops.

City Auditor Sterling does not intend to audit the books of the Toronto Hydro Commission gratis. He has notified the board of control that he will retain for himself the portion of the hydro fee that is left after he has paid for any extra help required to do the work. The mayor was against giving him any extra fee, but the board took no action.

Property Commissioner Chisholm has recommended that F. L. Brown be appointed to take charge of the civil labor bureau at a salary of \$1100 per annum. Mayor Church declares himself in favor of T. A. Stevenson, secretary of the District Trades and Labor Council, but the controllers decided that as the bureau has to be reorganized they would leave the appointment over until a report on the whole proposition was ready.

WILLS PROBATED

Dr. Arthur J. Johnston, W. H. Rowntree and J. W. S. Corley, applied for letters probate of the will of the late Mrs. Mary Ann Baily, who died on Sept. 12. The valuation of the estate is fixed at \$40,872 and is made up mostly of realty.

By a will made March 11, the annual income from the house at 33 Elmwood avenue, is to be paid to her husband William Baily during his life, and afterwards the estate is to be divided equally among the three children.

The late Mrs. Elizabeth Le Cocq, who died on Sept. 17, left an estate valued at \$18,585, which is to be divided among her six children.

The estate is composed of 287 Christie street, valued at \$10,000; No. 628, 630 Clinton street, valued at \$5,000, cash \$1,585 and \$1,950 in miscellaneous assets.

Letters probate were asked yesterday in the surrogate court of the will of the late John Real, a retired railway engineer.

His estate consists of the premises, 655 and 657 Wellington street, valued at \$2500.

Schooldays—and After

In our boyhood days we thought most of the wisdom worth having was to be obtained within the four walls of the old log school-house, but we have since learned that Experience is the greatest of teachers.

One of the most important lessons taught by it is that to neglect provision for the future is to neglect one of the chief influences that make for better, happier living.

The most complete form of such provision is found in the Canada Life Monthly Pension Policy. It gives you complete protection against poverty or want in your old age, and until then it is straight insurance protecting those depending upon you.

Without such protection, your chances of enjoying your old age without having to work hard for your living are, at best, 5 out of 100. Let us send you literature explaining why this is so, and how you can positively guarantee your own comfort and ease for the days when your earning power is lessened and your need greater than ever. Some Say Degree Should Be Revoked, But It May Stay.

Prof. George L. Robinson's "neutral" views had been known to the senate of Knox College before the degree D.D. was conferred, it is almost certain that the honor at the hands of the local Presbyterian college would have been withheld. Dr. Robinson aroused a strong protest when he told the Knox College alumni that he considered Britain had been equally to blame in bringing about the great European war. By mutual consent, the lecture of the McCormick Theological Seminary, which was to have been given in Knox College last night, was called off.

The only way to handle men like Rev. George L. Robinson is to intern them," was the text of a telegram received by Mayor Church yesterday from a Chicago man. Knox College men say that Dr. Robinson has a right to his views, but that he has no right to accept an honor from Knox College while holding such opinions. Condemnation has been expressed on all sides by the alumni of the college, by members of the board of governors of the university and by Presbyterian ministers and the public in general. It was the most

talked-of subject in the Presbyterian Synod yesterday.

WILL NOT CANCEL IT.

The consensus of opinion is that since the honor has been bestowed, it can hardly be canceled, but others of more warlike spirit have said that the only thing to do is to revoke the degree conferred by Knox. Dr. Robinson left for Chicago last night. "Supremely bad taste" and "essentially foolish" were some of the opinions expressed by the Presbyterian ministers when asked what they thought of Dr. Robinson's action. Principal Gandler said that the degree was conferred for Dr. Robinson's scholarly attainments, and that his views were not known at that time. Dr. J. O. Orr of the board of governors of the university thought that it was up to Knox College to do something in the matter, altho the university has nothing to do with the degree which Knox cares to confer.

Prof. Robinson said that he blamed both sides for the war because Germany had been engaged in building up an army for 40 years, and that Britain was equally to blame because she had built an immense navy which had boldly called herself the "mistress of the seas."

OTHER CHARGES TO COME AGAINST EX-MINISTERS

Sir R. Roblin and Dr. Montague to Be Accused of De-struction.

WINNIPEG, Oct. 1.—Immediately upon the conclusion of the present preliminary investigation of conspiracy charges against four former ministers, other charges against three of them will be taken up according to the present intention of the crown. Charge of perjury against J. H. Howden, former attorney-general, and charges of destruction of public documents against Sir Roland Roblin and Hon. Dr. Montague will then be proceeded with in a preliminary investigation.

FORTNIGHT'S FIGHTING TO CLEAR CHAMPAGNE

Excellent Results Obtained by French Artillery—Abundance of Munitions.

PARIS, Oct. 1.—The military critic of The Temps estimates that the battle in Champagne is likely to last a fortnight.

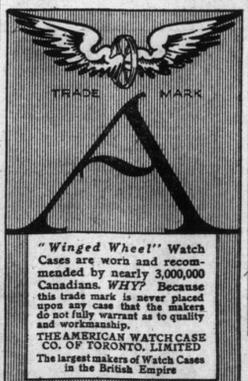

"It cannot continue without incidental checks," he continues, "but the silted upon the whole front today are in a good situation. The soldiers are filled with ardor. The supply of munitions is abundant. Artillery men are obtaining extraordinary results. Fine weather enables the aviators to observe accurately the effects of the fire."

CAMBRIDGE MEN AT FRONT.

LONDON, Oct. 1.—Ten thousand Cambridge men are fighting or in training to fight for the defense of their country. Already 470 have been killed, 700 have been wounded and more than 300 have won distinction on the field. These figures were given today by Vice-Chancellor James in his address at the beginning of the academic year.

TAUBE LANDS IN BULGARIA.

PARIS, Oct. 1.—A German Taube, flying over Galafat, was shot at by Bulgarian troops, according to a dispatch received from Bucharest today. The German machine was flying toward Serbia. After being shot at by the Bulgarians it changed its course and landed near Palanka, Bulgarian territory.

PALPITATION CAUSES COLLAPSE

Now in Wonderful Health through Dr. Cassell's Tablets

So bad she thought she was going to die.

Also had Acute Dyspepsia and Simply awful Headaches.

No treatment tried was of any permanent avail.

Obtained Quick Relief and Speedy Cure through

DR. CASSELL'S TABLETS

Elderly folk all over the Dominion who suffer from Dyspepsia or heart palpitation should read this story. They will then know what wonderful power there is in Dr. Cassell's Tablets to cure these torturing maladies...

"I can't praise Dr. Cassell's Tablets enough for all the good they have done me," says Mrs. G. Harris, of Charnham street, Hammersmith, England. "When I first got them," she continues, "I really thought I was going to die, and now to see the splendid progress I have made, it is almost a miracle. For years I had suffered with my heart, and windy dyspepsia, and this brought me so low that I had hardly any strength left. I was much troubled with Dyspepsia, too, and simply awful headaches. My head used to ache till I really wished myself dead. I had spent on treatment, but it was of no use. I was told I could only be patched up, that there was no real cure. Once I tried a convalescent home, but I came back from it rather worse than when I went in. I was getting weaker as the years advanced, and oh! so helpless."

"It is only about a year since I first got Dr. Cassell's Tablets. Their quick relief was wonderful. First they gave me sound refreshing sleep, and then I gained strength rapidly. The windy spasms and heart grew stronger. Now I am in wonderful health."

It is the wonderful power of Dr. Cassell's Tablets to feed and strengthen the nervous system that has made them the most popular remedy in the British Empire.

Large Sale in Britain Popularity Now World-Wide

Remarkable as these cures undoubtedly are, the facts as here given are true in every detail, and are simply the unadorned story of what Dr. Cassell's Tablets are accomplishing every day in homes both here in Canada and elsewhere. Make a trial of Dr. Cassell's Tablets today. You will never regret it. They are a remedy of world-wide repute for Nervous Breakdown, Nerve Failure, Lassitude, Anemia, Kidney Trouble, Dyspepsia, Stomach Disorder, Wasting, Palpitation, and they are especially valuable for nursing mothers, and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep on hand a few boxes in case of emergency. A free sample will be sent on receipt of 5 cents for mailing and packing by the Toronto agents for Canada, H. F. Ritchie and Co., Ltd., 10 McCaul Street, Toronto, Ont.

Of course, I had medicine. I also tried other things. But it was useless. I tried it until I was almost blind. I tried Dr. Cassell's Tablets. Then I grew better. All pain left me. All the sickness and palpitation I could eat without fear, and now I am as well as ever in my life."

SATURDAY MORNING, OCT. 2.

Professor Robinson as Peer Gynt

Certain persons were to be spewed out because they were neither hot nor cold. They never did anything very wrong and they never did anything very good. As enemies they are contemptible. As friends they are an Egyptian plague.

Professor Robinson presents a very fair type of the mind that cannot see the great underlying principles which redeem or condemn all human action, which is, as the old Hindu maxim has it, ever surrounded with error as the flame is involved in smoke. It is not in humanity to be wholly perfect, but it is fortunately in humanity to discriminate between justice and cruelty, between truth and deception, between good faith and treachery.

Whether the angels fight for Great Britain or not, we believe that Great Britain is fighting on the side of the angels. Professor Robinson says he thinks that the cause of the allies is equally bad with that of Germany. When Erasmus began her present rilly in the stink and ameked Messrs. Holstein Great Britain and France did what Professor Robinson wants them or wanted them to do when Germany overran Belgium. Their non-interference resulted in the annexation of the Danish provinces. Other annexations followed, and Prussia, now dominating Germany, has still others in view.

Professor Robinson thinks it is all right, and that Great Britain should not have interfered. And yet he thinks he is not a very German. The good book which he is supposed to be familiar with tells the professor and men are judged by their works and not by their professions. No doubt his intentions are good, but he is not a good judge of intentions or he would have revised his decision to accept a degree of honor from a college which abhors his sentiments, as he must have known.

It is to be regretted that Professor Robinson and his views have obtained such publicity, for they are not of great intrinsic importance. They will injure more the fine body of men with whom he has been associated than he will injure either Germany or the allies, for we feel sure that Germany would have none of him on his own showing. We commend him to Ibsen and "Peer Gynt."

A New Soil Fertilizer.

At the recent meeting of the British Association for the Advancement of Science much interest was taken in a new soil fertilizer which was discovered by Dr. W. B. Bottomley, professor of botany in King's College, London. This product of laboratory research he has called "humogen," and it is made from peat, of which Ontario has large deposits, it will invite special attention here. An article by Winifred Fairfield in The London, England, Daily News, describing the new fertilizer, states that the most important element in soil fertility is the bacterial life in the humus, and of that the most valuable bacteria are those that can assimilate nitrogen from the soil air and add it to the soil. They are therefore known as "nitrogen fixers" and for some time scientists have been trying to find a suitable medium for their cultivation. Among other substances peat was tried, because it was known to be particularly rich in plant foods. After long experiment a process was devised by which the peat was treated with certain bacteria taken from the soil, which releases those plant foods and makes them available. Having done this work the peat is sterilized with live steam and is then inoculated with the "nitrogen fixing" bacteria.

The results of the first experiment with "humogen" were satisfactory, the land treated being greatly enriched in nitrogen. Dr. Rosenheim of King's College found that some Chinese peas, watered twice in six weeks with a solution of "humogen" in the proportion of two ounces to four gallons, presented an extraordinary contrast with untreated plants in size, foliage and flowers. A market gardener found that he could, by means of a top dressing of a spoonful of peat, raise a plant in two months which without peat, would require six

GETTING TOO HOT FOR HIM

How the Western Wheat Grower is to Be Helped.

The price of wheat is fairly high and appears to be ascending firm. Even the Alberta farmer, who has to pay fifteen cents to get his wheat to the head of navigation, has such an enormous crop this year that his return per acre will be good, even tho his profit per bushel be small. Continual rains have interfered with the wheat harvest, and some farmers will be able to carry their wheat without borrowing any money upon it, but we think it quite likely that the banks, or the government thru the banks, will be called upon for \$100,000,000.

The Winnipeg correspondent of The Montreal Star writes his paper under Thursday's date: "Wheat is ten cents a bushel lower here than in Chicago; in Liverpool Manitoba No. 1 northern is worth ten cents more than the corresponding Chicago grade. There is therefore a spread of twenty cents and people are asking who gets this profit out of the western Canadian farmer."

However, as the fiscal conditions which make this spread possible are not likely to be corrected, if at all, until the next session of parliament, the World proposes at the moment to discuss the situation of the Canadian farmer with his big surplus of wheat as it is today. He is face to face with the fact that the crop must go out very slowly. There is practically no ocean space at Montreal, and for what there is the carriers are demanding the actual prohibitive rate of 38 cents a bushel.

The farmer ought not to pay this rate, or at least he should hold his wheat until he gets a price that will net him a fair profit. If there be no stampede to sell at almost any price in order to get the ready money, the Liverpool buyers and all other buyers will have to pay a fair price for the wheat as they need it. In the meantime we hope that the sub-committee of the cabinet, which under the guidance of its chairman, Hon. Robert Rogers, has already secured some additional tonnage for the export of wheat, will continue the work and ultimately get a reduction in rates. They are likely to succeed, because later on the admiralty may release some ships and then we have every assurance that a great many "tramp" vessels will come to Halifax and St. John, N.B., who will not go up the river 1000 miles to Montreal. So on the whole we think the farmer who carries over his wheat will find less trouble in getting it over sea and in getting a reasonable freight rate and a profitable price than at present.

The Brandon Sun in a recent issue agrees that the farmer should be in no haste to market his wheat, but declares that a great many farmers cannot afford to carry over their crop, but must sell in order to get ready money, imperatively needed for pressing debts and necessities. But, if we understand the progressive policy announced by Finance Minister White, no farmer will be forced to sell his wheat to get ready money. As soon as he has his wheat in shape to sell, he can store it in the local elevator, get his warehouse receipt, and then go across to the bank and borrow up to 80 per cent. of the "market" value of his grain. The money will be there to loan on his crop, and he will not have to go, cap in hand, to beg for it.

In short, Mr. White is saving the situation for the Canadian wheat-grower, much as U. S. Secretary of the Treasury McAdoo is saving the situation for the American cotton planter. The credit of the government is to be used for the benefit of the farmer, so that he cannot be held up and stampeded by anyone. He can meet any pressing demand out of \$0 per cent, he borrows on his crop, and then sell when he gets a fair price. We think the price is likely to go up, so that the farmer, without suffering any present inconvenience, will get more money in the long run. And the chances now favor a

U. S. TO ASK RECALL OF CAPT. VON PAPEN

German Military Attache Implicated in Archibald Case, Like Dumba. WASHINGTON, Oct. 1.—Unless Capt. Von Papen, the German military attache, is voluntarily withdrawn by his government, indications today were that within a short time the United States would request his recall. All the papers carried by James F. J. Archibald, the American correspondent involved in the case of Dr. Dumba, have now been placed before state department officials, and while final decision will await the return of Secretary Lansing, it became known today that the documents disclose a transgression of diplomatic proprieties on Von Papen's part, such as had caused the recall of the Austrian ambassador.

In the list of documents now in possession of the state department are four cipher letters from Dr. Dumba, some from Capt. Von Papen and some it is believed, from Count Von Bernstorff, although on the latter point official confirmation was lacking.

In the batch, however, were letters from Count Von Bernstorff introducing Mr. Archibald to the German ambassador, which so far as officials would disclose, indicated that the German ambassador had violated diplomatic proprieties.

SOME ESSENTIALS FOR IMPROVEMENT

New Views on Accounting and Budgeting Given by Dr. Brittain.

ELECTIONS ON POLICY

Should Not Turn on Personalities, But on Program Named.

Dr. Horace Brittain was the principal speaker at the luncheon given yesterday in the National Club by the Bureau of Municipal Research. His address was an exposition of the new views of accounting and budgeting which are deemed essential for the improvement of the business administration of the city hall. George H. Gooderham, M.L.A., occupied the chair and the attendance was large and influential. Copies of a specimen budget, in which the city's finances for the current year are set forth in model form, were distributed, and apparently gained much approbation from the many financial experts present. Dr. Brittain displayed a copy of the budget form used by the City of Sheffield in England, in which the circle or wheel form of showing the proportion of revenue according to source, function and expenditure is adopted.

The head of a large public utility told The World that he could readily adapt the method to his affairs. Dr. Brittain stated that the object of the budget method was to enable the taxpayer who could not read to see at a glance where his taxes went, what for and who got them. The whole budget could be shown in one circle and in great detail.

Elections on Policy. Brittain, he said, should not turn on personalities but on policy. The only way to secure this was to present the policy before the election. This meant getting the budget ready in December. It was only by laying all the cards on the table that the voters could understand what they were voting to vote for. Aldermen would hesitate to lay anything before the voters which would not stand criticism.

The taxpayer would not hesitate to pay off if he were given good reasons for the expenditures required. The time to plan was before work began, and if the argument were valid that the budget would not be prepared until the year was well begun, then it could be still better prepared at the end when all the expenditures had been made.

With regard to actual expenditures, Dr. Brittain showed that a proper classification enabled the leaks to be traced. Sometimes too high-priced a man was put on low-priced work. Under the present system this could not be discovered. They did not know whether they were paying too much in salaries or whether the budget had been made of how much money had been spent. It was impossible to know whether sums had been advanced to the city hall or not. He believed the Exhibition charges were not proper charges. No public utility should make money out of the city, but he doubted, if the charges were properly apportioned, if it could be shown that the Exhibition was run at a loss.

Waste would amount for from 10 to 20 per cent. of loss. He was satisfied there was no graft in the city hall, but there was much unnecessary expense. The departments might be cut down from 17 or 18 to 7, or perhaps 5.

The early budget was the most effective method of reform. The bureau, he said, would engage in no personalities and would back no candidates. Dr. Brittain's talk was received with prolonged applause.

Mayor Church said he had changed his mind as to the usefulness of the bureau since January and after seeing it at work. If they were incompetent at the city hall at least they were honest. They had an honest tax rate this year for the first time and there were other improvements. The city should have a first-class bond department of its own to study the market. This statement was applauded. C. A. B. Brown raised the point that the government did not permit the trustees to prepare the educational estimates for the succeeding year. Dr. Brittain thought legislation could be obtained to accomplish this. The mayor thought he could prepare a much simpler budget if his hands were not tied by the Municipal Act. Not a dollar of overdrift would appear in the works department this year. All work done was in the estimates and the only expenditures not estimated were a few unforeseen war

MICHIE'S BEAURICH CIGARS. ONLY EIGHT CASES SMALLPOX SHOWN. Smallest Number for Month in Twenty Years and No Deaths Reported. Only eight cases of smallpox are reported for the month of September by the provincial board of health and no deaths resulted from any of these. This is the lowest number of cases reported for any month during the past twenty years. In September of last year there were 14 cases, but no deaths. Among the other communicable diseases whooping cough showed a great increase over the corresponding month last year, 114 cases being reported, as compared with 94. Tuberculosis showed 101 cases, with 54 deaths, as against 100 cases and 80 deaths in 1914. There were 148 cases of typhoid, 140 of diphtheria, 106 of measles and 76 scarlet fever. The total number of deaths for the month was 85, exactly the same as in September, 1914.

Rugby Opening Game at Hamilton

GRIDIRON SEASON OPENS AT HAMILTON

T.R. and A.A. Play Tigers Today—Rain Stopped the Practices Yesterday.

Yesterday's rain put a damper on the Rugby practices, and only a brush-up on the signals was the order.

T.R. and A.A. leave on the 1.15 p.m. C.M.R. train for Hamilton today to play the Tigers. The Black and White outfits will start their regular team, but lack of condition will mean many changes, and all the candidates will get a chance. The Tigers have had two weeks' more practice than T.R. and A.A.

The West Toronto Victorias (Senior City League) will hold a practice at Oakmount Park today. The players, please attend. New players will be made welcome.

Dons' Rugby team will practice this afternoon from two to four o'clock at Key Gardens.

It is now doubtful if the Tigers will succeed in getting Harry Ghasford out. He is not very anxious to play, and cannot spare the time from business.

The City Playgrounds Senior City Rugby team will practice on Riverside No. 4 football field this afternoon at 2 o'clock. The Playgrounds have lost so many players because of the war, that having joined for the front, that the senior teaming with the boys' team, to form a league. The team entered in the Senior City League is composed of the following left at all the Playgrounds. The following and any others are to be at the field for the first work out: Eastman, Casciato, Perini, Beckett, Boyland, Williamson, Davenport, Calhoun, H. and M. Samuel, Fineman, Brody, Hughes, Galinger, D. and L. Pearson, Borsook, Smith, Albright, Morrison, Winters, McLeary, Perini and Abate.

An Ottawa despatch says: Coach Shaughnessy, the Ottawa football coach, is experiencing a great deal of difficulty with the back field situation. The candidates out for the positions behind the line are scarce, and with two exceptions those that are on hand are not of the class capable of competing against other top guards in the Big Four. Captain Dave McCann at quarter has brought the list down to three exceptions: one, George Boucher, who has improved about one hundred per cent. over last year's form. Shag is hoping that Eddie Nagle will put in an appearance pretty soon if he is coming at all, and will fill one spot at half. In the meantime he is shifting the line back to the rear guard with the hope of making a half back. Up to the present time Shag has used three first teams, ends having been switched to the back field. Abelson and Tubman were the latest ends to be changed, and in yesterday afternoon's practice Abelson played half, while Davies and George McCann were on the ends. The practice yesterday afternoon lasted two hours and a half, and better progress was made towards rounding the team into shape than has been accomplished at any previous practice. The second spring a huge surprise on the first team by plunging them for a touch in the first minute of play. After Shag gave them a good call the first settled away and held the seconds scoreless for the rest of the scrimmage, while McCann, Boucher, Quilly and Abelson got thru for touchdowns. Dave McCann at quarter handled the team in great style and was a fixture at that position. Soper was taken from the back field and put at middle wing, where he did some telling work. Conyers worked on the back field with Boucher and Abelson, and Quilly was at flying wing. Today Shag will have a chance to see all his candidates in action when they line up against the old boys in a game in aid of the Red Cross Fund. Shag plans to give every player that puts in an appearance.

The Capital Intermediate O.R.F.U. team will practice at Jesse Ketchum Park this afternoon at 2.30.

SEND PRAYER BOOKS TO SOLDIERS' CAMPS

The bishop of Toronto's fund for prayer books for the overseas forces, amounts to \$465.75. The first thousand prayer books have been sent to the camp. The objective is \$1000 to supply 5000 copies, and the bishop is most anxious to receive subscriptions towards this worthy and timely object.

The bishop of Toronto will make a visitation on Sunday to the Parish of Georgetown, opening and dedicating the new rectory and preaching harvest thanksgiving sermon on St. George's and St. James' within the parish limits.

TWO NEW TORONTO COMPANIES FORMED

OTTAWA, Ont., Oct. 1.—Among the companies incorporated this week are the following: Dominion Brake Shoe and Foundry Co., St. Thomas, capital stock \$200,000; Canadian Duplex Steam Trap Co., Walkerville \$40,000; Ashlee Timber Co., Toronto, \$300,000; United Jewellers, Toronto, \$25,000.

Amateur Baseball

The final wind-up of amateur baseball brings together Kaidons, senior amateur champions of Toronto, and 30th Century the Hamilton City League champions, at the Broadview Field today at 3 p.m. The teams will battle for the flag hung up by the Moose Society, emblematic of the inter-city championship.

The championship game of the baseball season will be staged at the Beach this afternoon, when Captains of the Northern Senior League and Wellingtons of the Beaches League hook up. The Toronto Captains have already won the McMillan Cup for good in the Northern Senior League, and have only to win the Green O'Leary Cup to become the possessors of the Cup of the Caps which make his final appearance, as he leaves Monday with the Aquatic Battery. It is likely that Stanley and Hawkins will be the oppositely minded men, and as Hawkins is going great guns at present, it promises to be a battle royal.

NATIONAL WINNERS IN BATTING MOOD

Pound Boston Recruit to All Corners—Big Ed Walsh Wins a Game.

At Boston (National)—The Philadelphia found Nehf's delivery easy of solution yesterday, and won, 9 to 2. The Braves went hitless for six innings, but in the seventh and eighth obtained five hits off Mayer for two runs. Score: Philadelphia... 10 1 0 4 1 0 0 2—9 14 2 Boston... 0 0 0 0 0 1 1 0—2 2 Batteries—Mayer and Adams; Nehf and Blackburne.

At St. Louis—A batting rally in the eighth gave St. Louis a victory over Pittsburgh, 8 to 2. In this inning Hill weakened, and the locals hit for two singles and a triple. Adams, who then relieved Hill, also was hit for a triple and a single. This, coupled with a base on balls and two errors, netted St. Louis six runs. Score: St. Louis... 8 15 2 Pittsburgh... 1 0 0 0 1 0 1 0—3 7 2 St. Louis... 0 0 0 0 0 0 0 8—11 3 Batteries—Hill, Adams and Gibson; Doak, Sallee and Snyder.

At Chicago (American)—Ed Walsh had little difficulty holding St. Louis safe yesterday, thereby winning his third straight game of the season. The visitors were blanked 4 to 0. Only two hits were made off Walsh until the eighth inning, when he eased up after Chicago had won the game. Score: St. Louis... 0 0 0 0 0 0 0 0—0 7 8 Chicago... 0 0 0 0 4 2 2 0—8 8 1 Batteries—Kooib, Phillips, Hoff and Agnew; Walsh and Schalk.

LARGE DEPUTATIONS VISIT COMMISSION

Representatives of Hotelkeepers See Members, But All Refuse to Say Anything.

Large deputations representing the liquor interests, headed by James Haveron, K. C., counsel for the Hotelkeepers' Association, continue to visit the parliament buildings, but they refuse to make any disclosures regarding their interviews with the members of the cabinet and the license board.

No decision has been announced by the latter in connection with the regulations they propose to enforce. Chairman J. D. Flavelle and Fred Dane left the city again last night and it is probable that nothing will be made public until the beginning of the week. Both members refused to make any statements when interviewed yesterday.

MANY MEN AT FRONT

Master Mechanic Patterson of the G. T. R. shops at Stratford stated yesterday that over 300 employees had left the shops and were now in the trenches. Vice-President of the G. T. USUAL PERCENTAGE ONE FAVORITE WINS

Frosty Face Only Horse to Reward the Public at Hillcrest Park.

Only one favorite got home in front at Hillcrest Park yesterday. Long shots, outsiders, second choices and everything but public choices scored. Frosty Face was the only one to reward at public odds. A bad looking spill occurred in the third race when Pickets took Swede Sam across the field on the turn out of the back stretch. The Monk went down and Sherlock Holmes tumbled over the Monk. Both boys were able to get up and Sherlock Holmes took a four mile gallop.

THE RESULT: FIRST RACE—Purse \$300, for 3-year-olds and up, selling, about 5 furlongs: 1. Knight of Pythias, 98 (Jenkins), 5 to 1 and 2 to 1.

GRAND OPERA HOUSE TO PLAY ALL HIGH-CLASS PRODUCTIONS

Historic Theatre to Be the Home Again of the Klav & Erlanger Offerings—Julian Eltinge to Open on Thanksgiving Day.

When the late Sir Henry Irving played the Grand Opera House some years ago he made a curtain speech in which he referred in complimentary terms to the historic playhouse. Its immense stage accommodation and its conveniences for the presentation of massive productions and large companies. Many changes have taken place in local theatres since the days of Irving, but with all the changes none will interest theatregoers more than that which will take place with the close of the Saturday evening performance on Oct. 3, when the Grand will come into its own again and be made the home of the high-class musical and dramatic productions. Since the destruction of the Princess Theatre negotiations have been going on between Messrs. Klav and Erlanger, the prominent New York producing and booking managers; Mr. B. C. Whitney of Detroit and Mr. A. J. Small, the owner of the Grand Opera House, to present all their big attractions here, with the result that arrangements have been made whereby all the Klav and Erlanger offerings will be given at the Grand. The new policy, however, is sufficiently elastic to allow of the presentation of several of the most popular of the moderate price attractions, and these will be presented at the scale of prices in vogue at the Grand for so many years. It is over forty years since the Grand was first erected and there is not a playhouse on the continent that can boast of a record such as that enjoyed by this famous old theatre. All the leading artists for the past forty years have at one time or another acknowledged the appreciation of a Toronto audience over the footlights of the Grand, and it is gratifying to the leaders of the stage of today to know that they will have an opportunity of dis-

playing their talents on the stage tantamounted at one time by their illustrious predecessors.

A Fashion Treat.

The first of the Klav and Erlanger attractions will be presented on Thanksgiving Day, opening with a special holiday music, when Julian Eltinge, the star all admirers will present his newest and greatest success, "Cousin Lucy," direct from the Geo. M. Cohan Theatre, New York. On the opening performance Mr. Eltinge will wear a wardrobe of special creations which are made and sent to him each week by New York's foremost designers. These gowns represent advanced styles, which will be on view in local stores for six months. No woman can afford to miss this fashionable treat.

Among the first of the notable offerings booked are the following: The famous English stars, George Arliss, in a new play, and Cyril Maude (last seen here in "Grumpy"), who will also present a new play; Montgomery and Stone in the biggest of New York's musical successes, "Chin Chin"; Henry Miller and Ruth Chatterton, co-stars in Jean Webster's world-famous "Daddy Long-Legs"; Mrs. Patrick Campbell, in a new play, "Potsah and Perimutter"; "Under Cover," said to be one of the greatest dramatic productions of recent years; "Kick In," the latest and brightest of comedy successes, with Richard Bennett in the lead; "The Song of Songs," and "It Pays to Advertise."

A. J. Small will personally supervise the bookings, many of which will be played at his other houses in London, Hamilton, Kingston, Ottawa and other cities in Ontario. James W. Cowan, who has been in charge of the Grand for the past fifteen years, will continue as house manager here.

clation. Delivery, of course, was subject to their issuance. The opening price was 98, the figure set by the underwriters and the Anglo-French commission as the price the general public is to pay. They fell to 97 1/4 and later went back to 98. At the close of the market they were quoted at 97 3/4 to 98.

The books will be open for subscription to the general public before Oct. 15. It was definitely decided today that payments on the bonds would be payable in three instalments, as follows: Oct. 15, 25 per cent.; Nov. 15, 25 per cent.; Dec. 15, 50 per cent. Purchasers desiring to pay the full amount in cash upon taking their bonds would be permitted to do so, it was said.

HOW TO SAVE \$10.

By taking an elevator any man can save \$10. That looks improbable, but it is true. Just because Pascoe & Herr are on the second floor of the Kent Building, southwest corner of Yonge and Richmond streets, they can offer \$25 values at \$15. The saving in overhead expenses enables them to do this to the profit of their customers. They are so sure they can please the public that the money will be returned should any purchaser decide he has not saved \$10.

to await the result of that eventually, but that French diplomacy favored an immediate initiative for the purpose of overcoming any Bulgarian menace to Serbia before it could be put into effect.

Bulgaria Did Not Reply.

A minister of the Balkan states said today that Bulgaria had never replied to the joint note of the triple entente allies, submitting Serbia's concessions to Bulgaria with regard to Macedonia. Instead of replying, this minister said, Bulgaria had ordered a mobilization within a few days after she received the allied joint note. This mobilization, in the opinion of the minister, was in itself an adverse reply, and he expressed the belief that Bulgaria did not intend to make any further answer to the allies.

WOULD RECOVER PAYMENTS.

J. S. Moffatt, a minor, agreed to purchase some property in Weston from A. B. Moffatt, but finding that he could repudiate his bargain failed to carry out the purchase. He paid over \$300 for taxes and interest and is now suing to recover this amount. The case is being tried before Justice Sutherland in the non-jury assize court.

NORWEGIAN SHIP SUNK BY FOE'S SUBMARINE

COPENHAGEN, Oct. 1.—The Norwegian barque Actia, 568 tons gross, with a cargo of props from Krageroe to Leith, was set on fire by a German submarine at a point 20 miles south of the Nahe, at the southern extremity of Norway. The Actia's crew of 11 men was towed in a small boat by the submarine to a point on the shore near the Nahe.

Buy now and save money. You can buy CEETEE UNDERWEAR this Fall, about one-third cheaper than you will probably have to pay for it next Fall.

"CEETEE" UNDERCLOTHING

ALL PURE WOOL - GUARANTEED UNSHRINKABLE MEANS ECONOMY PLUS COMFORT

Wool has gone up from 50 to 75% in price since war was declared, yet "CEETEE" UNDERWEAR remains the same price at present because most "CEETEE" dealers had the foresight to place their orders for fall requirements before the great advance in wool and yarns, and the fact that we had a large stock of wool on hand, therefore made up what we could out of our old stock at the old prices, but in the future we shall be compelled to charge higher prices according to the market price of wool and CEETEE UNDERWEAR will, of necessity, cost much more.

EXPANSION RULED IN STOCK MARKET

Huge Total Turnover Registered in Sales at New York.

STEEL TOTALS FIFTH

Attention Also Still Focused on Coppers and Other Utilities.

NEW YORK, Oct. 1.—With U. S. Steel as leader today's market gathered fresh strength and moved to greater heights on an expanding volume of business. In the first two and a half hours, transactions averaged about 340,000 shares per hour, with some diminution at midday. But for that brief breathing spell the day's dealings would have exceeded all records for years. Even so, the turnover swelled to the huge total of 1,610,000 shares, Steel alone contributing almost 20 per cent. Attention was focused upon Steel from the beginning, with its initial offering of 12,000 shares at 78 5/8 to 79 7/8, a gain of 5-8. Before noon it had risen to 80 1/2 on individual offerings which ran up to 10,000 shares. Towards the close it rose to 81 3/4, with the fraction of its stock was seemingly on an assured 5 per cent. dividend basis.

Coppers and certain of the utilities which figured conspicuously yesterday. United Railways, common and preferred, Philadelphia Company and Pacific Telephone and Telegraph were again at high prices during the forenoon, but lapsed later when some of the shares regained positions of speculative importance. Westinghouse was the outstanding figure of that group, advancing 7-8 to 132 1/4 on offerings of large blocks. General Electric also became prominent rising to 118 1/2 to 119 1/4, with the fraction. Dealings were numerous and various movements in General Motors, American Friction, Virginia Coal and Coke, American Steel Foundries, the Fertilizer issues and various other stocks of nondescript character. Total sales again matched buying orders in the final dealings, resulting in comparatively minor reverses from top prices.

At no period during the session did the railroads show more than a moderate degree of strength and trading in these issues was at all times negligible. In the last hour some selling of Canadian Pacific caused heaviness in other transportation shares. Baldwin Locomotive, Tennessee Copper and Lackawanna Steel also reacted on the downward side.

The only feature of the bond market, in which trading was large, was higher prices for convertible issues. Total sales \$4,390,000.

From the "Ould Sod" via London English Made Coats \$25.00

KENNETH DURWARD OF LONDON MAKES COATS, AND WE SELL THEM.

The coat we wish to draw your attention to this morning is just the kind of coat to buy now and enjoy comfort and satisfaction from its Irish material and English style until it's worn out. And you'll have a hard time wearing it out. In the little cottages in Donegal is woven the Donegal tweed. No rush and no hurry there. Hand looms and plenty of time, and the result is the famous Donegal tweed. This is the material of which these coats are tailored. It is light and warm, and will wear like well — like Donegal tweed. The colors are light grays, with flecks of color—brown, red, the green of the shamrock. The sleeves are silk lined, the pockets are patch pockets, the buttons of leather; sizes 34 to 44. The price **25.00**

Men's \$2.00 and \$2.50 Sample Soft Hats at \$1.00

Manufacturers' and jobbers' half-dozen sample lots, in fine imported fur felt, 1915 shapes and all the new and most worn colors. Regular \$2.00 and \$2.50. Saturday **1.00**

500 Men's Derby Hats, new fall and winter styles, English fur felt, good quality of trimmings and finish. Usually \$2.00. Saturday **1.00**

Christy, King, Battersby, Mallory, and other English and American-made Soft and Stiff Hats, in the leading styles for fall and winter wear; latest colors and black. Special **2.00, 2.50, 3.50** and **4.00**

Men's and Boys' Golf Caps, with or without bands, in fine quality navy blue serges, new pattern tweeds, in check, stripe and fancy, well finished, silk lined. Saturday **45**

Young Men's Soft Hats, made from special quality American fur felt; can be worn in the fedora, or with a telescoped crown; navy, gray, brown and slate. Saturday **1.45**

Boys' Hats, latest American shapes, in tweeds, cords, velvets and fancies; rah-rah, Tom Tucker, telescope and Mexican designs. Special **45, 75** and **1.00**
