

PROBS: Unsettled, with some Senate reading room (Jan 12-1912) SENATE P O

KILLED HIS WIFE AND THEN SHOT HIMSELF

William G. Will of Hamilton Demanded Money, and When He Did Not Get It He Took a Shotgun, Murdered His Wife and Then Blew His Head Off.

(By Staff Correspondents.) HAMILTON, Thursday, Sept. 19.—With a double-barrelled shot gun, Wm. G. Will, 114 Tisdale street, yesterday afternoon murdered his wife, and a few moments later turned the weapon on himself and blew his face and part of his head off.

Will followed her, and just as she reached the front line of the house, he emptied the contents of one barrel of the gun at her, and the charge struck her in the side of the face as she turned to look at him.

Will followed her, and just as she reached the front line of the house, he emptied the contents of one barrel of the gun at her, and the charge struck her in the side of the face as she turned to look at him.

Sir John to Use Royal Box For Arena Concerts

As an evidence of the interest which is being taken in the Arena Musical Festival, by the public men of this country, it may be said that Sir John Gibson, K.C.M.G., lieutenant-governor of the Province of Ontario, has graciously consented to use the royal box of the Arena for every one of the eight concerts.

DAVIS AND WIFE ACQUITTED IN VANCOUVER

Couple Will Be Brought to Toronto to Face Charge of Having Stolen Bank of Montreal Bills in Possession—No Evidence of Connection With Robbery.

VANCOUVER, B.C., Sept. 18.—(Can. Press.)—Walter E. Davis and his wife, who were taken into custody at Toronto a short time ago, and brought here charged with connection in the robbery of the Bank of Montreal at Westminster a year ago, were dismissed this morning by Magistrate Edmonds of Westminster.

Had Stolen Money in Possession. Walter Davis and his wife, Alice Davis, were arrested at the Palmer House on the night of Saturday, August 16, after a month's effort by Toronto detectives to trace their source a number of stolen Bank of Montreal bills, which had been in circulation thru the medium of downtown hotels, drug stores and tobacconists.

FEDERAL ID ON PULP WOOD EXPORTS

Canadian Manufacturers' Association Will Send Deputation to Ottawa, With Strong Request That Development of Paper-Making in Canada Be Encouraged.

OTTAWA, Sept. 18.—(Special.)—Legislation which will absolutely put a stop to the exportation of pulp wood from Canada to the United States is being urged on the government by the Canadian Manufacturers' Association.

It is learned from an absolutely reliable source that a big delegation, composed of leading members of the association, will wait upon Premier Borden shortly, and place the matter fully before him.

CANADIAN PUBLIC HEALTH CONVENTION

Dr. C. A. Hodgetta of Ottawa, Dr. Paaveau of Quebec, Dr. George Porter of Toronto, Dr. W. H. Hill of London, Dr. J. W. B. McCullough, chief health officer of Ontario and new president of the C.P.H.A., and Dr. Duncan Anderson of Toronto, on the steps of the Physics Building.

DUKE HONORED IN VANCOUVER

Brilliant Reception Marks Completion of Trip to Coast—Duke's Hearty Appreciation.

VANCOUVER, Sept. 18.—(Can. Press.)—With perfect weather Vancouver presented a brilliant spectacle as the governor-general, the Duchess of Connaught and Princess Patricia made their entry here amid the cheers of the tens of thousands of people who thronged the streets thru which the royal visitors proceeded on their way from the station to the courthouse, where the civic address of welcome was presented.

With the guard of honor, the Duke of Connaught's own regiment standing at salute, and with the regimental band playing the national anthem, the royal train arrived at 2 o'clock. Taking their places in the carriage waiting near the platform, the royal guests, escorted by a detachment of the British Columbia Mounted Horse, proceeded on their tour of the city.

The duke said in replying to the mayor's speech: "My arrival here may be said to mark a period of special interest for me in my official service as governor-general, for I have as such crossed the continent for the first time. I shall have great pride in informing His Majesty the King, when I convey to him your message of loyalty and devotion, of the splendid spirit which prevails in Vancouver, and I can assure you of the deep satisfaction which this will afford him."

The royal party were taken on a motor tour around Stanley Park, after which the duke called upon Sir Charles Tupper at the residence of Sir Charles Herbert Tupper. Tonight the duke was the guest of officers of the 6th Regiment, the Duke of Connaught's Own Rifles.

New Zealand To Follow Canada.

LONDON, Sept. 18.—(C.A.P.)—The Times' Wellington correspondent wires that in the house of representatives yesterday Hon. Mr. Myers asked the premier whether the time had not arrived when New Zealand should follow Canada and ask representation by a minister at the imperial defence committee. He suggested the difficulty of distance could be overcome by the appointment of a minister for external affairs.

Premier Massey replied that the government would seriously consider the matter during the recess with a view of submitting the proposals next session.

Britain Lukewarm to Canada.

LONDON, Sept. 18.—(C.A.P.)—F. E. Smith, M.P., speaking last night at Darlington of his trip to Canada, said: "Today she is anxious to come to an arrangement whereby every ounce of imported manufactured goods should be made by Englishmen, she doesn't intend to give the manufacturers and workmen of this country an advantage over her own people. This offer was held out when other markets were declining, and there wasn't a single country in the world which wouldn't have accepted a similar offer from Canada. There wasn't a country which had not tried to get far inferior terms from Canada."

PURSUIT LED TO SHEEHAN'S HOME

Waldo's Secretary Kept Him Locked Up, So Private Detective Gives Testimony.

NEW YORK, Sept. 18.—(Can. Press.)—Investigation today by the aldermanic committee of the affidavit made by Police Captain John T. Reth that \$10,000 had been demanded of him as the price of his promotion during Commissioner Bingham's administration, developed testimony associating Winfield R. Sheehan, secretary of Commissioner Waldo, with a man "supposed to be getting graft."

The testimony was given by D. J. Keleher, a private detective, who said he had been assigned in December last by Alfred G. Johnson, the under-sheriff, whom Reth accuses in his affidavit of having demanded the \$10,000 from him, to follow a lawyer named Norton. This man, "by common rumor," he said, was supposed to be collecting graft from his office at No. 115 Broadway. He trailed Norton, he testified, to Sheehan's house. Sheehan discovered him there and kept him locked in while he sent for two detectives: Norton, he said, collapsed.

GUNMEN PLEAD NOT GUILTY.

NEW YORK, Sept. 18.—Harry Horowitz, alias "Gyp the Blood," and Louis Rosenzweig, alias "Latty Louie," charged with being two of the four men who fired the shots that ended the life of the gambler, Herman Rosenthal, entered pleas of not guilty to indictments of murder in the first degree when arraigned before Supreme Court Justice Goff today. The plea was made thru their attorney, and neither of the gunmen had a word to say in court. They were remanded to the Tombs pending the naming of the date for their trial.

DROPPED BOMBS INTO WARSHIP FUNNELS.

NEW YORK, Sept. 18.—(Can. Press.)—A London cable says: King George watched the sharp battles in East Anglia yesterday between the blue and red armies, congratulating the territorialists on their splendid work. It is reported that bombs were dropped down the funnels of the warships from a height of 100 feet with absolute accuracy.

WIDER POWER TO GARNISHEE

Ontario Grocers Seek Legislation to Protect Themselves From Losses in Trade.

(By Staff Correspondents.) HAMILTON, Thursday, Sept. 18.—A change in the provincial act relating to farm-shops will be asked by the recently-organized Ontario Retail Grocers' Association, the second executive board meeting of which was held in the board of trade rooms here last night. The grocers will ask the government at the next session of the legislature to amend the act so as to further protect them against "dead beats," many of whom under the present act cannot be garnished.

The association passed a strong resolution denouncing the ever-increasing practice of members of the "Wholesalers' Guild of selling direct to the keepers of boarding-houses, hotels and restaurants, and the secretary was instructed to write the guild in regard to the matter, and to suggest that the two organizations get together in an effort to settle amicably some of the grievances peculiar to the grocery trade.

New Officers. In accordance with the charter which has just been received from the provincial government, officers were elected last night, as follows: President, D. W. Clark, Toronto; first vice-president, John Diprose, London; second vice-president, James Main, Hamilton; third vice-president, W. J. Mellon, Brantford; secretary, W. C. Miller, Toronto; treasurer, Thos. Shaw, London; executive committee, James Burns, Brantford; J. D. Wisdom, Barrie; W. L. Bailey, Colborne; Bruce Allison, Windsor; W. J. McCully, Stratford; John Scott, Woodstock; C. McCausland, Paris; J. A. McIntosh, Hamilton; F. S. Mearns, K.C., Toronto.

J. C. WHITE TO SPEAK.

Will Be Chief Guest at Laymen's Missionary Banquet.

J. Campbell White, New York, general secretary of the International Council of the Laymen's Missionary Movement, will be the chief speaker at the fifth anniversary celebration here on Nov. 3.

JOS. OLIVER IN SECOND PLACE.

WINNIPEG, Sept. 18.—Thirty thousand Oddfellows from all parts of America, representing all branches of the order, marched thru Winnipeg streets this afternoon before vast throngs of people. The mayor proclaimed a half holiday in honor of the event. Mr. Joseph Oliver of Toronto was second in the contest for the position of deputy grand sire, being defeated by Mr. Daniels of Georgia. The Los Angeles delegation are working hard to get the 1913 convention.

Alberta Elections in November. EDMONTON, Sept. 18.—(Can. Press.)—The Alberta general election will be held between Nov. 15 and 18. At a session of the Legislature in October a redistribution bill will be passed and twelve new seats added. Edmonton and Calgary each will have three members.

STORE FOR RENT Victoria (near Shuter St.)—14 x 40. Good display window; \$45 per month. Five-year lease. H. H. WILLIAMS & CO. 35 King Street East.

COBALT CORDIAL TO LIBERAL CHIEFTAIN

People of Silver Town Entered Sir Wilfrid Without Regard to Politics—North Ontario Will Benefit by Wider Markets is Contention of Laurier.

(By a Staff Reporter.) COBALT, Sept. 18.—(Special.)—A typical Northern Ontario welcome, spontaneous in its heartiness and one in which party differences, if not forgotten, were at least thrust into the background, was given Sir Wilfrid Laurier and his lieutenants, faithful in adversity, by the people of Cobalt and vicinity today. A keen desire that the touring party should carry away a knowledge of the needs of North Ontario was in evidence from the hour of their arrival, and up to the climax of the visit, the big meeting held in the rink tonight.

There was little that was noteworthy in the address of Sir Wilfrid Laurier at the evening rally. Rather, it was a reiteration and a further emphasizing of the fact that the Liberal party is still pledged to its policy of reciprocity with the United States, and a lament in the leader's familiar sermo-como vein that the electors had been so sadly deluded a year ago.

Gaillard Sir Wilfrid. Cobalters turned out in force to hear the ex-premier and his colleagues in the Cobalt Athletic Association's rink here tonight, when he again dwelt upon reciprocity and its rejection last year. Many supported him on the platform. "I am pleased to see so many ladies taking an interest in local politics," declared Sir Wilfrid, "and that reminds me that the present premier was approached by suffragettes while in Canada, and if it had been in his position I would have stated that we were not asked on any occasion for the franchise. I listened to many delegations, consisting of women, but not a question of women's suffrage was ever mentioned. One reason, perhaps, is that the Canadian woman is, perhaps, a greater ruler in her own household and can generally have an equal say in her selecting of her husband's political party."

Will Not Retire. When referring to his resignation, the ex-premier stated that the he had reached the age at which he might hand down the leadership to one of his

ULSTER MEN IN FIGHTING MOOD

First of a Series of Demonstrations Against Home Rule Attended by 20,000.

ENNISKILLEN, Ireland, Sept. 18.—(Can. Press.)—The first of a series of demonstrations preliminary to "Ulster Day," by which Sept. 28 will be known, and on which day Ulsterites throughout the United Kingdom will sign a covenant pledging themselves not to submit to home rule in Ireland, was held here today, with upwards of twenty thousand persons participating.

Sir Edward Carson, president of the Ulster Orange Association, and formerly solicitor-general for Ireland, delivered a fighting speech, in which he declared that home rule was not a question of politics, but was one affecting the very life of the country. Other demonstrations, at which the Ulster leaders will make addresses, are being held throughout the Province of Ulster and will continue for ten days. Late tonight rioting occurred in the Sandy Row district. Several houses were wrecked and spirits which were abstracted from licensed grocery stores were distributed among the crowd. The police were stoned, but finally dispersed the rioters by baton charges.

WHAT'S NEW IN HATS?

Any man desiring to know what is new and proper in hats for men, or this fall and winter should visit Dineen's, 140 Yonge street. An advertisement on another page in The World this morning tells of some of the particular lines handled by the company. It is a fact that in no other store on the American Continent will you find as complete an assortment of hats by world famous makers. The statement that Dineen is sole Canadian agent for Henry Heath of London, England, and Dublin of New York, guarantees the exclusiveness of the goods handled.

FATAL FALL WAS DUE TO BLOW

Coroner's Jury So Finds in the Case of George Green of Owen Sound.

OWEN SOUND, Sept. 18.—(Special.)—The coroner's jury this evening returned the following verdict on the death of George Green, the old man who died yesterday at the hospital here after lying for four days in a state of unconsciousness: "We find that George Green came to his death from a wound on the side of the head. From the evidence, we conclude that said wound was caused by falling, resulting from a blow on the chin struck by some person unknown to the jury."

SEATS FOR "THE SIREN." The advance sale of seats for the important engagement of Donald Brian in Charles Frohman's brilliant musical comedy, "The Siren," which will be at the Princess here next week, opens this morning at 9 o'clock at the theatre box office. Get in line early, as the demand for seats will be big.

HAMILTON MAN BADLY INJURED

H. J. Balfour Struck by Motor on College Street as He Stepped From a Street Car.

H. J. Balfour of 87 Duke street, Hamilton, was struck by a motor car on College street about midnight, and up to an early hour this morning was lying in an unconscious condition in Grace Hospital. It is believed, however, that he will recover. Balfour jumped from the running-board of a westbound College car at the corner of Grace and College streets and was run down by the motor car, driven by George Morris, 110 Yorkville avenue, as it was slowing up. He was pitched against the curb and picked up unconscious. Letters found in his clothes show that he was staying here at the Victoria Club, Huron street. A passenger in the motor car was Thomas Graham, 92 Davenport road.

Charles Wiggins of Chicago Told of Father's Death, and Died

Charles Wiggins of Chicago Dropped Dead at Brampton When Informed That Father Had Died.

BRAMPTON, Sept. 18.—(Special.)—As he stepped from the train on which he had hurried from Chicago to see his father, Charles Wiggins, formerly of this town, was informed that his father, John Wiggins, had died this afternoon, and immediately dropped dead.

John Wiggins, who lived in Brampton for many years, was taken seriously ill a few days ago, and word was sent to Chicago to his son, Charles, to hurry home. Charles left his business and arrived at Brampton at 7 o'clock last night. In the afternoon his father died. He was met at the station by friends, who informed him of his father's death, and he fell dead on the station platform. His body was carried into the station and from there was taken to his father's home, from where a double funeral will be held. Mr. Wiggins, sr., was about 75 years old and his son was 42.

# GREAT GOOD ACCOMPLISHED IN FIRST FOREST SCHOOL WHICH CLOSED FOR SEASON

### In One Family Alone Five Cases of Tuberculosis Have Been Arrested and Probably Prevented—Experiment May Be Made Permanent Branch of School Work.

"If this school had achieved nothing more than the good which it has done for one family in its three short months of life, it will have more than justified the experiment," said Miss Dyke, head of the nursing staff of the medical health department, yesterday at the closing exercises of the "Forest School." She continued: "In this family alone five cases of tuberculosis have been arrested and probably prevented. She went on to say that owing to its anti-tubercular support and to the fact that its capacity was limited, many that might have been helped had refused to apply for admission for their children, and others had been unable to attend because of the expense of the school system, then all who need them would be glad to use them, and that there should be room to accommodate all.

This school closing, like the school itself, was unlike any school ceremony ever seen in Toronto. Here the roof of the building of great trees, while the blackboard, decked with flowers, is set up in the center of the room, and the children come to play with the chalk while the children breathe in health while they are gleaming knowledge.

**Good Work Done.**  
Dr. Struthers, chief medical inspector, said of the work of the school while his fingers stood, "I have seen a number of merry little children, whose bright eyes, free movements and rosy cheeks told more than could be said else of the success of the city's initial experiment in open air schools."  
Dr. Struthers said that the school had been instituted for little ones whose physical development had been retarded by reason of home conditions or other causes. He recalled the listless group of city dwellers who had gathered upon opening day and pointed to the healthy, clear-eyed band who will go back to the school and to the conditions of the city equipped with the armor of health, a healthy outlook on life and the knowledge of how to get good health, mental and physical. He declared that in eight weeks three little ones whose health had been retarded, while the average child gained

# 117,000 Widows Coming to Canada

General Bramwell Booth has notified the Salvation Army headquarters staff here that he is about to launch the "Widow Scheme." There are 117,000 widows in Great Britain, with 200,000 dependents. The army is arranging a scheme for sending the widows to Canada while taking care of their dependents while the widows get established in Canada.

# POLLUTION OF WATERS SHOULD BE REGULATED

### Public Health Association Will Present Strong Memorial to Dominion Government—Meet Next Year in Regina—Dr. McCullough New President.

The City of Regina, Saskatchewan, will be the meeting place of the third annual congress of the Canadian Public Health Association. This, the recommendation of the executive council, was moved by Dr. Hodgetts, and seconded by Dr. Porter, at the closing session of the association in the physics building, yesterday afternoon and enthusiastically adopted. The Saskatchewan Government made a strong bid to have next year's meeting of the association take place in Regina, and the decision made yesterday was the result of a vote of 10 to 9.

The closing session of the C. P. H. A. was marked by a strong resolution, referred to and adopted by the executive council, taking a firm stand against the pollution of waters:  
"That a committee of members be nominated to draw up a memorial to be presented to the Dominion Parliament, as follows:  
"That it is against the interests of the public health that raw untreated sewage be permitted to discharge into waters which are used as sources of water supply.

"That it is the conviction of the Canadian Public Health Association that an act of parliament regarding the pollution of streams and lakes is required in order to strengthen the action of provincial authorities in this matter.  
"That the committee appointed be given power to draw up the said memorial and present the same with available evidence and data bearing upon the matter of prevention of pollution of waters which may be or are used as sources of water supply.  
The members of the committee to be as follows: Dr. Hodgetts, Dr. McCullough, Major Lorne Drum, Dr. Hastings, Dr. Seymour, Dr. Amyot, Dr. Nasmith and T. A. Merritt.

A tribute to the interest taken in health matters by his royal highness the Duke of Connaught, was paid by the following resolution, which was adopted by the governor-general: The Canadian Public Health Association in session in Toronto, beg to present to your royal highness an expression of deep appreciation for your royal highness continued interest in the great

# SENT FOR TRIAL STOP SHOOTING FOR KILLING HER BABY INSIDE CITY LIMITS

Matilda Sanila, a domestic, committed by Magistrate on Charge of Strangling a New-Born Child—Girl is Well Connected in Finland, but Speaks No English.

Matilda Sanila, a Finn domestic, was committed for trial yesterday by Magistrate Denison on a charge of murdering her new-born babe, at her place of employment, 6 Park place, on Aug. 26. The young woman does not know a word of English and while evidence was being taken, appeared rather unconcerned. She is attractive looking and was becomingly dressed. It is said that, although a domestic, she is well connected in Finland, having departed from home because her parents wished her to marry a countryman of a lower class.

Mrs. Halls, for whom the girl worked, said that the accused became ill while attending to her household duties. Dr. John Duncan visited the house the following day and found the body of a baby in a pillow-case, which had been hidden on the balcony. It had died from strangulation, a cord having been tied tightly around its neck.

# MIDWAY SIDESHOWS FAKES AND ACTORS OF LOW TYPE; ALL SHOULD BE ELIMINATED

J. Lockie Wilson Deplores the Fact that More Concessions Are Given to "Fakers" Every Year in Larger Fairs and Exhibitions.

This year's grant of \$10,000 by the Ontario Government for wet weather insurance will all be required to meet the losses sustained by the agricultural societies. J. Lockie Wilson yesterday stated to the World that the reports showed that the losses were less general last year, when the full amount of \$10,000 was also required, but the amount would hardly suffice to meet the requirements. It is divided on a pro rata basis, the maximum to a society being \$300. No grant is made to societies in cities of 30,000 or over.

Mr. Wilson entered another vigorous protest against the midway sideshows. He was very sorry, he said, especially at the larger shows, that more and more concessions were granted to all kinds of fakers. Ninety per cent. of these shows were absolutely fake. The actors, too, were of a pretty low type of humanity. It was absolutely untrue that the young men and young women from the farms required such amusements, and it would be in their best interests if they were eliminated.

# W. W. Lee and Dr. Hodgetts Urge More Care in Selecting New Citizens for Canada.

The only way in which we can guarantee that the inspection of immigrants at our ports will be adequate is to have the immigration administration out of our hands and place it upon a civil service basis," said W. W. Lee, secretary of the Immigration department of the C. P. H. A. in his address at the annual meeting of the National Health Association yesterday afternoon. "Our efforts as Canadians to improve the health of our organization must be developed to the point where we can absorb and assimilate the immigrants into our industrial system without injury to the proper health of the Canadians or older immigrant workers. When the duty of the immigration problem will cease to be a burden upon the shoulders of the Canadian people."

Dr. W. G. Home, surgeon of the royal navy at Victoria, B.C., referring to Mr. Lee's paper, observed that, as there was no explanation suggested for the sudden change in the immigration law, it might be worth while to change from a system of food. The little change in the law, he said, caused the very important principle of the food principle which was required to prevent that disease was present in preventing minute quantities.

Dr. W. G. Home, surgeon of the royal navy at Victoria, B.C., referring to Mr. Lee's paper, observed that, as there was no explanation suggested for the sudden change in the immigration law, it might be worth while to change from a system of food. The little change in the law, he said, caused the very important principle of the food principle which was required to prevent that disease was present in preventing minute quantities.

# FOUR-YEAR-OLD Wm. McCrea Badly Injured While Playing With Companions in East Toronto.

Falling about 20 feet from the G.T.R. bridge on Main street, East Toronto, William McCrea, aged 4, of 30 Norwood road, was seriously injured yesterday afternoon. He was taken by train to Union Station and from there to the police ambulance to the Hospital for Sick Children, where it was found he had sustained compound fractures of both thighs and was otherwise bruised. The boy was playing on the bridge with a number of companions. There was no attempt to climb the railing, which serves as a protection to pedestrians. He lost his balance and fell upon the railway tracks. The boy's father is William J. C. McCrea, deputy city registrar.

# HORSE AND BUGGY GONE Man Hired It and Has Been Missing Since Monday.

Giving his name as Bert Williams, a man hired a horse and buggy from William J. C. McCrea, liverman, of West King street, last Monday and has not returned with the outfit. The police are now working on the case. The horse was working on the road and had a white face and white hind legs. The buggy was red-colored, with a black box.

\$5 Edition of the Bible  
\$3 Edition of the Bible  
\$1.18 Edition of the Bible  
Also an Edition for Catholics  
Through an exclusive arrangement, we have been most fortunate in securing the Catholic Bible, with its own text, as revised by Cardinal Gibbons and Archbishop of New York, and as approved by the various Archbishops of the country. The illustrations consist of the full-page plates and maps approved by the Church, with the Tisot and text pictures. It will be distributed in the same bindings as the Protestant Bibles and at the same price. The necessary Free Certificates.  
Any Book by Mail, 23 Cents Extra for Postage.

# OWNER SHOULD SAY WHO PAYS BOYS' FALL FAIR OPENS TONIGHT

Dr. Noble Wants Legislature to Change Bylaw Governing Public and Separate School Taxes.

Dr. Noble has given notice of the following motion to be taken up at the board of education tonight: "That this board memorialize the local legislature to have the Assessment Act so altered that the owner and not the tenant shall determine whether his taxes shall be paid for the support of public schools or of separate schools." This would overcome the difficulty that, under the law as it now reads, a Roman Catholic may be a tenant in a Protestant's house, but the tenant is the man who has the say as to the disposition of his school taxes. As Dr. Noble's motion comes up under the head of "public schools," the two separate school representatives on the board will not get a chance to either speak or vote on the matter.

# BOARD OF TRADE OPPOSES SALE

Passed Resolution Stating That Normal School Grounds Should Be Turned Over to Toronto.

A resolution opposing the disposition of the Normal School grounds in any other way than by turning them over to the City of Toronto, was passed by the board of trade council yesterday. In the resolution the board points out that the land has been free of taxation by the city and the municipality is responsible for its enhanced value. The board states that if the land must be sold, the city should be given a fair chance and participate in the unearned increment in view of its loss on the taxes, which equalled one-half of the interest lost on the investment by the government.

By direction of Judge Denton, the jury returned a verdict of not guilty in the case of Samuel Klein, charged in the criminal sessions with theft, yesterday.  
KLEIN NOT GUILTY.  
Grand Opera Without Charge.  
Ask for a hearing of any of the operas being played by the Grand Opera Co. of this week, and your wish will be met in the beautiful Victoria parlors of "Ye Olde Firme" of Heintzman & Co. Ltd., 192-195-197 Yonge street. You can buy the best classical music.

# FEEBLE-MINDED IN ONTARIO NEED CARE

J. P. Downey of Orillia Asylum Says There Are 6000 in the Province Who Should Not Be Allowed to Marry—Sound Body No Protection Against Disease.

That there are at least six thousand feeble-minded people in Ontario was the declaration made by Joseph P. Downey, superintendent of the Ontario Home for Feeble-Minded, in an address before the Canadian Public Health Association yesterday. "Of these, probably one-third have been identified and are receiving some attention," said Dr. Downey. "But a great majority remain to bear the penalties imposed upon them either in their own homes or herded with criminal classes for offences for which they should not be held either morally or legally responsible."  
Only by training in institution could an idiot be helped. The physically rugged are often allowed to do chores and are simply regarded as dull-witted instead of being given proper attention.

Dr. Downey took a strong stand against the mentally and physically unfit being allowed to marry. He stated that there are now at the Orillia institution thirty-nine families contributing two members each, and seventeen families contributing five each. Not a Protection.  
"A sound body is no protection against infectious disease," was the startling declaration made in an address by Dr. W. H. Hill, M.D., D.P.A., of London, Ont. He stated that the most pressing and immediate thing which public health work can do is to abolish infectious diseases. "This is the most powerful and compelling reason of all for the abolition of infectious diseases," he said. "The highest physical development of the body, the best state of general health is not a protection for infectious diseases. No more frequently repeated nor more painfully errant fallacy than this exists. If we would have sound minds in sound bodies, a people highly bred, well cared for, hygienically housed, clothed and fed, we must get rid of infectious diseases, for it is just such people who are most susceptible to infection."

# King Edward Addition Is All Off Now

And Apparently They Are Not Going Gatewards—Tunnel Under Colborne Won't Do.

E. J. Lennox, architect of the proposed King Edward Colborne street annex, says the addition idea has been abandoned. The impossibility of getting permission to build a wall across Colborne street is given as the reason. A tunnel won't do.  
"What next the King Edward will do is not being told, that is if they still are serious in their intention to enlarge."  
As far as can be learned there is nothing doing in the Easto direction. John Catter, who holds a lease that has still ten or twelve years to run, sold the World last night that there were absolutely no negotiations between them. The Goddards have not approached him nor he them. The Colborne is owned by the Incorporated Synod of the Diocese of Toronto, which is the Anglican Church.

# HARBOR BOARD MAY BE TAXED

Assessment Department May Place it on Same Footing as Hydro-Electric Commission.

With the discussion as to whether the hydro-electric commission should be taxed on their Toronto property comes another interesting point to be decided by the court of revision. It now seems probable that the assessment department will assess the Toronto Harbor Commission on the same basis as the hydro commission has been assessed.  
Mr. Albert E. Lyon of the assessment department could not say that the department would but a question on the harbor commission on a business and property basis. With regard to the Ashbridge's Bay district, he stated that the department could not tax the commission for it so long as it remains unincorporated.  
In connection with the hydro assessment, Mr. Lyon is in favor of assessment. Mr. Ardagh, against, with Chairman Drayton not ready to give a decision.

Baseball Buffalo 5 Toronto 1 Players Rugby Limber Up Cricket Toronto 106 for 4 R. Simpson Co. 105

CHAMPIONS GET A BEATING BISON TAKES THE LAST ONE

Leafs Unable to Hit Beebe and Buffalo Scores 5 to 1 Victory Bat Stricklett Hard.

Mr. Long Fred Beebe was too much for Kelley's champions, and the Bison grabbed yesterday's future, 5 to 1, saving them from dropping the series.

The grounds were in poor shape after the steady downpour of Tuesday night and yesterday morning, and it seemed to affect the game.

John Ganzel and his three-pennant-winning Hunters were the game from the second and rooted for Buffalo.

Stricklett got the only one working better after this and beat Buffalo without scoring again until the ninth.

TORONTO C.C. WIN THE CITY LEAGUE CHAMPIONSHIP CUP

Wickets After Plucky Fight Great Innings by Davidson — Henderson's Fine Bowling Greene's All Round Excellence.

Toronto defeated Simpson's yesterday at Rosedale by 6 wickets and thus regained possession of the league cup, at present held by Eaton's Toronto are now the holders of the Albany Cup, the John Ross Robertson Cup, and the league cup.

The Argonauts turned out in goodly numbers yesterday afternoon at five o'clock, and indulged in running and kicking. Most of the first team players donned the jersey, including Sinclair, Russell, Murphy and Galt.

The squad of the Varsity champions were out during the week last evening. Eric Munster and Nicholson, the two good wing men of last year's second team, were in the first team.

The first game of Rugby in Toronto for this season will be played on Saturday at Scarborough Beach, when the Beach Canoe Club team will meet the team from the Beach Senior City team.

Hamilton dispatch says: Despite the efforts of the Toronto players to secure a competent coach to bring this year's team to the championship.

# PRINCESS TODD WINS FUTURITY

### Gait Trotter Best in \$10,000 Race at Detroit — Joe Patchen II. Defeats Knight Onwardo.

DETROIT, Sept. 18.—Princess Todd, owned by the Chatham stock farm, Galt, Ont., and driven by Murphy, this afternoon proved herself the best in a field of splendid three-year-olds by winning the major portion of the Horsemanship Futurity purse of \$10,000. English B. Manrook and the Canadian filly each won one of the three heats in this event, the feature of today's Grand Circuit program, but Princess Todd's standing in the final summary was highest.

The track was muddy and about eight seconds slow when racing was started late in the afternoon. None of the races on today's original program was reached, and one of Tuesday's events, the Futurity race, was undisturbed after two tame heats.

Five heats were required to decide the \$10,000 race, which was started yesterday. Robert Milroy, with the best average after the fifth heat, was declared winner.

Joe Patchen II., with one heat of the \$10,000 race already to his credit, won two more today in easy style. He was never urged and finished both rounds blowing away.

Brighton B., winner of yesterday's one heat in the three-year-old Futurity, started well in the second heat today. He led to the three-quarters pole, with Manrook alongside. The pace was too hard, and at the last turn Brighton lost his stride, Manrook taking first position and leading it to the wire. Princess Todd, who Tuesday, came strong at the end and was beaten by a length. In the third heat Manrook and Junior Watts raced out ahead of the field to the far turn. Brighton B. then took the lead and looked like a winner. Half-way down the stretch Murphy made his magnificent drive. He took Princess Todd out of the bunch with a rump, and in a whipping finish sent her under the wire a half-length to the good.

The \$10,000 purse was divided as follows: \$200 to the winner of each heat, \$400 to second, \$300 to third, a \$500 cup to the horse standing best in the summary, and \$200 to the nominator of the winner's dam. There were only two starters in the three-year-old Futurity. Anna Arms was an easy winner over Impetuous Palmer in both of the heats run off today. The race will be finished tomorrow.

3. Ask Ma, 11 (Fain), \$3.20.  
4. Flamma, 5 (Ford), 7 to 1, 5 to 3 and even.  
Time 1:45. Guy Fisher and Kormak also ran.

SECOND RACE—Selling, 2-year-olds, 5/8 furlongs:  
1. Terrible Bull, 108 (Steele), \$3.90, \$4.30, \$5.00.  
2. Inquila, 106 (Cappaban), \$3.30, \$3.60, \$4.20.  
3. Baskaby, 104 (Cappaban), \$3.00, \$3.40, \$4.00.  
Time 1:10 3/4. Cedar Brook, Arden, Trud Lightly, Manopoli also ran.

THIRD RACE—Selling, 2-year-olds, 5 furlongs:  
1. Gagnant, 102 (Spelman), \$3.90, \$4.10, \$4.30.  
2. Working Lad, 112 (Koerner), \$3.90, \$4.10, \$4.30.  
3. Tiller's Nightmare, 104 (Callahan), \$3.90, \$4.10, \$4.30.  
Time 1:15 1/4. Chambers, Prince Chap, Aloha, Pierre Dumas, Rossini also ran.

FOURTH RACE—(Substitute race), one mile and 70 yards:  
1. Sleeth, 100 (Siddriva), \$3.90, \$4.10, \$4.30.  
2. Dutch Rock, 102 (Gross), \$3.90, \$4.10, \$4.30.  
3. Font, 102 (Gross), \$3.90, \$4.10, \$4.30.  
Time 1:46 1/4. Flying Feet also ran.

FIFTH RACE—Six furlongs:  
1. Redemptor, 109 (Steele), \$3.20, \$3.40, \$3.60.  
2. Miss Thorpe, 109 (Andrews), \$3.20, \$3.40, \$3.60.  
3. Lady Lightning, 111 (Fain), \$3.20, \$3.40, \$3.60.  
Time 1:44 1/4. Cynosure, Fred Saville, Steel Away and Rose of Jeddah also ran.

SIXTH RACE—(Substitute race), 1-1/8 miles:  
1. Feather Duster, 110 (Koerner), \$3.30, \$3.50, \$3.70.  
2. Yankee, 108 (Gross), \$3.30, \$3.50, \$3.70.  
3. Dorbie, 108 (Steele), \$3.30, \$3.50, \$3.70.  
Time 1:49 3/4. Jim Cafferata, Pirate Diana and Letourne also ran.

#### W. Weir Golf Champion.

LONDON, Ont., Sept. 18.—Wm. Weir of Toronto won the international golfing championship here today from Sabine of Inverkip, Ont., the two-time winner of the Forest City Quilting Trophy. The match was the closest contest for the honors of America ever played here and the first time that a Toronto man had won the trophy.

## To-day's Entries

At Havre de Grace, Sept. 18.—Tomorrow's entries:

FIRST RACE—Two-year-olds, selling, five furlongs:  
1. Big Dipper.....104  
2. Insurance Man.....101  
3. Olin.....102  
4. Ambrosok.....102  
5. Uncle Oble.....101

SECOND RACE—Three-year-olds and up, selling, one mile and seventy yards:  
1. Dissenter.....97  
2. Flying Yankee.....105  
3. Chitilian.....108  
4. Col. Cook.....105  
5. Jacqueline.....108

THIRD RACE—All ages, handicaps, six furlongs:  
1. Sir J. Johnson.....117  
2. Spruce.....119  
3. Observation.....102  
4. Prince Ahmed.....102  
5. Springfield.....100

FOURTH RACE—Three-year-olds and up, selling, one mile and seventy yards:  
1. Hutchinson.....102  
2. Supervisor.....101  
3. Zebago.....102

FIFTH RACE—Two-year-olds, selling, five furlongs:  
1. Big Dipper.....103  
2. Doe Faced.....105  
3. Hart Creek.....108  
4. Jewel the Artist.....105  
5. Battery.....103

SIXTH RACE—Three-year-olds and up, selling, one mile and seventy yards:  
1. Wolferton.....111  
2. Blue Bird.....109  
3. Blue Thistle.....106  
4. Azo.....115

At Louisville, Sept. 18.—The card for tomorrow is as follows:  
FIRST RACE—Selling, maiden two-year-olds, five furlongs:  
1. Captain Hook.....109  
2. Louis Widger.....109  
3. Jacob Bunn.....112  
4. Beldyle.....112  
5. Baldoyle.....112

SECOND RACE—Selling, three-year-olds and up, six furlongs:  
1. Ancon.....103  
2. High Private.....102  
3. Binkling.....100  
4. Union.....112  
5. Merry Lad.....104

THIRD RACE—Selling, three-year-olds and up, six furlongs:  
1. Royal Tea.....107  
2. Ella Bryson.....108  
3. Vreeland.....109  
4. Merrick.....112

FOURTH RACE—Handicap, one mile and seventy yards, three-year-olds and up:  
1. Creme de Menthe.....99  
2. Manager Mack.....101  
3. Sun Queen.....112  
4. Sun Queen.....112  
5. Sun Queen.....112

FIFTH RACE—Three-year-olds, six furlongs:  
1. Sun Queen.....112  
2. Sun Queen.....112  
3. Sun Queen.....112  
4. Sun Queen.....112  
5. Sun Queen.....112

SIXTH RACE—Selling, 1-1/8 miles:  
1. Pilot.....100  
2. Time 1:08  
3. Marian Casey.....110  
4. Idolewisk.....110  
5. Dickie.....110

HANDICAP WEIGHTS.  
Toronto Autumn Cup, \$2500 added (handicap), to be run Saturday, Sept. 21, distance one mile and 70 yards:  
Garth.....117  
Flamma.....90  
Port.....106  
Pilot.....100  
Sparta.....102  
Sparta.....102  
Sparta.....102  
Sparta.....102  
Sparta.....102

Penalties accrue from 12 o'clock noon today.  
Dominion Handicap, \$1000 added, to be run Saturday, Sept. 21, distance 1 mile:  
Le O'P.....100  
Aurora Babe.....102  
Helen Winters.....105  
Sparta.....102  
Sparta.....102  
Sparta.....102  
Sparta.....102  
Sparta.....102

Penalties accrue from 12 o'clock noon today.  
The Tercentenary Handicap, \$700 added, for all ages, at 5 furlongs, will close at the secretary's office, Woodbine Park, today at 12 o'clock noon.

Amateur Baseball.

# USED CAR BARGAIN

## A RE-BUILT TWO-PASSENGER RUSSELL ROADSTER 30 H.P.

### THIS Car has just come from the Russell factory where it has been completely RE-BUILT and RE-PAINTED. Fully equipped with top, curtains, folding windshield, five lamps, horn, etc.

### LOOKS and RUNS LIKE A NEW MACHINE

## DOMINION AUTOMOBILE CO. BAY and TEMPERANCE STREETS

## HORSE BUSINESS GOOD AT THE STOCK YARDS.

The market at Wednesday's auction, and for the fortnight of the week, was especially good for heavy-draught horses and wagon horses. A large number of very fine horses were disposed of under the hammer, and by private sale. The demand was also good for cheap horses.

A large percentage of the horses offered were sold, and prices appear to be slightly easier for some classes, but horses of extra weight and quality have not decreased in price. Shippers say it is almost impossible to buy the heavy horses from the farmers to leave them any margin of profit when selling.

Sales were made as follows: P. J. Brennan bought a full carriage of heavy-draught horses of extra weight and quality for shipment to Ottawa. Mr. J. E. Charishook purchased a part-carload for Montreal. The Jas. Dunlop Company of Hamilton bought a fine wagon horse.

Other buyers included Lancaster & Sons, city; Wm. Leason, city; Jas. Walters, city; Wm. Courtney, city; R. J. Poynts, city; W. Rowland, city.

Fresh supplies will be on hand by the end of the week.  
North Toronto Golf Club.  
The following is the draw for the championship of the club:  
J. C. Moorhouse, v. Haywood.  
Morlock, v. Falloves.  
W. H. Banks, v. Parker.  
C. O'Brien, v. Morphy.  
P. Moorhouse, v. Galloway.  
F. Bailey, v. Stewart.  
Greenstreet, v. Barnes.  
First round to be played on or before Saturday, Sept. 21.

## DR. SOPER DR. WHITE

### SPECIALISTS

In the following Diseases of Men:  
Piles, Varicocele, Dyspepsia, Eczema, Strabismus, Asthma, Strabismus, Catarrh, Stricture, Skin Diseases, Diabetes, Emulsions, Kidney Affections, and Blood, Nerve and Bladder Diseases. Call or send history for free advice.

Free Book on Diseases and Questions Form. Hours—10 a.m. to 1 p.m. and 2 to 6 p.m. Sundays—10 a.m. to 1 p.m. Consultation free.

DRS. SOPER & WHITE,  
25 Toronto St., Toronto, Ont.

Cotton is now grown extensively in Africa.

## MEN

Private Diseases and Weaknesses quickly and permanently cured. Call or write. Medicine mailed in plain package. DR. STEVENSON, 171 King St. East, Toronto.

THURSDAY MORNING, SEPT. 19, 1912.

**WHO OWNS THE LAND?**

It may not be amiss to recall the early history of the Canadian Pacific Company and to examine into its contract with the government of Canada, if only to refute the assertion, so frequently put forth in justification of the meagre, that the land holdings of the company are something separate and apart from other assets of the corporation and are in some peculiar way the personal property of the stockholders. Just now The Hamilton Spectator, while affecting to discuss the matter in a judicial manner, and to argue at the same time for and against it, assumes the principal matter in dispute by saying:

"The lands it holds have vastly appreciated in value chiefly thru the company's expenditures, exertions and excellent management. The present value of this land is a large element in the current value of the company's stock. Strictly the land-holding business ought to be considered separately. The land was given at a time when nobody wanted it or could use it. The public has now nothing to do with it."

We also hear from other sources as, for example, The Montreal Financial Times, that the lands of the company are hidden assets which may be devoted to the payment of a bonus or a special dividend to the stockholders from time to time.

Now, what are the facts? In 1881 the government of Canada owned about 700 miles of railway, designed to connect British Columbia with Eastern Canada. It agreed to turn over this road to the Canadian Pacific Railway Company and practically to finance the company in completing the line across the continent. For this purpose the government added the company to raise money for the construction of the road in various ways. In the first place, there was a grant of \$25,000,000, which was to be paid from time to time to the company or to be funded so as to produce an annual sum which would be applied to the payment of interest on the company's bonds, as the government might elect. Then there was to be a grant of 25,000,000 acres of land upon which the company might issue bonds to be guaranteed by the government and upon a portion of which the company subsequently did obtain \$10,000,000 from the public treasury. In return for all this, the company obligated itself "to forever efficiently maintain, work and run the Canadian Pacific Railway."

There is no room for the contention that the company received its land upon any different title or condition than it received the government railway which became, and is, a part of its system. The confusion on this subject arises from a popular mistake as to the facts of the case; a myth has grown up to the effect that certain wealthy and patriotic men, practically at their own expense, made the present Dominion possible by building a railway across the continent which for years paid them no dividends and that a grateful nation thereupon presented to them some 25,000,000 acres of more or less worthless land for their private use and enjoyment. What happened, in fact, was that a group of men by depositing \$100,000 with the Dominion Government, received a charter contract and grants from that government, by which they were enabled to construct and control a railway system, which has developed into the largest in the world. So favorably were they treated by the government that, as stockholders, they received dividends from the start and actually set apart in three years \$19,000,000 as dividends upon less than \$25,000,000 of capital actually invested.

The money given to the company by the government, the railway system given to the company by the government, and the lands given to the company by the government, were given to the enterprise to provide and maintain forever transportation facilities across the continent. The company cannot free its assets of the trust impressed upon them by its contract with the government, and the government may regulate the affairs of the company, so far as its rates are concerned, after a 10 per cent. profit is shown from all sources. The stockholders can have no greater rights than the company. They are entitled to certain profits and the people of Canada are entitled to all further profits in the way of better and cheaper service from the company. One may search in vain to find any clause in the contract between the company and the government which declares that the land grant is intended not for the benefit of

the enterprise, but for the personal benefit of the stockholders. Could the company today divide its land holdings into farms and convey the same to its stockholders? No more than it could, in our opinion, tear up its rails and ties and divide them among the stockholders. THE LANDS ARE FOR THE BENEFIT OF THE UNDERTAKING, NOT THE SHAREHOLDERS.

All the assets are held by the company for the primary purpose of operating a railway. The stockholders may share in the profits which accrue from such operations, but in any event the road must be operated. Service, not profit, is the keynote of the Canadian Pacific contract. The land grant was for the railway. It was bound to increase in value to make the corporation strong and enable it to give good service at low rates. It was never intended as a bonus to the stockholders and as an ever growing fund from which they should annually augment their private incomes for all time to come.

**THE BARS AND CHEAP FARES.**

The Globe is making a great argument about Human Efficiency and the Bar-room and refers to the congestion of population, and the need of sunlight for mothers and children and all the other fine things that can be said in this direction. But what is The Globe doing to help the people to get away from the actual stumps of Toronto and out into the sunshine? The Globe presents a generality, we present a fact. Where, for instance, was The Globe the day before yesterday when a good word would have helped to more easily carry annexation in North Toronto, or at any other time that question has been up? A good word now will help.

Where is it today in trying to get a suburban service from the steam railways for Toronto which would let a lot of people out into our suburbs at a cheap fare and under good conditions. It is not the bar so much that is stopping the improvement of our people as it is the need of cheap transportation and good roads all over. What is The Globe's practical suggestion today in the way of the extension of city limits to meet the requirements?

We do not ask The Globe to abandon its policy in regard to the bars, but there are a lot of other things that are more pressing, and the actual question is transportation and good roads to the outlying districts rather than bars. Where will the people go if you keep them congested, even if you take away the bars? Get them out to the suburbs and you will do something, and probably there would be no bars there.

**NO COMPULSION.**

The News declares that the government is selling St. James' square because it needs the money to build a model school, a normal school and a museum in another part of the city. Why desert the site now so completely? What is the object in leaving St. James' square if the money thus acquired is to be expended on a new set of buildings? If any rebuilding is to be done let it be on the present location.

The Salvation Army is said to have 117,000 widows ready for export to Canada. Samvel, Samvel! Beware!

Now that the architect of the King Edward Hotel has announced that the extension scheme has been abandoned there ought to be a fine chance for some other fellow to go ahead with another really first-class house.

The board of trade has come into line with a resolution on St. James' square. The board is "unanimously opposed to any change that would destroy the public character of the square," and suggests that the city should be allowed to acquire the grounds, the government to give the city a share in the unearned increment. If St. James refuses there is nothing to be done but elect eight Liberals.

**Southern Negroes in Industry.**

Forty per cent. of all the agricultural workers of the south are negroes, numbering nearly 2,500,000. Of these, says Dr. T. J. Jones of the bureau of education, 850,000 are farmers, 218,000 of whom own their own farms. They own and cultivate 18,702,579 acres of land (more than three-tenths the area of New Jersey), all of which they have acquired since they were made free by Abraham Lincoln's emancipation proclamation. Negro farms have increased twenty per cent. since 1900, while the white men's farms have increased but eighteen per cent. The negro population has, in the same decade, increased only ten per cent., while the white population has grown twenty-four per cent.

It is easy to see, from these facts and figures, what a factor the negro agriculturist is becoming in the south, and to what an extent he may be called upon to help solve the problem of high cost of living. When the war was ended the southern negroes were wholly illiterate. In 1900 their percentage of illiteracy had been reduced from practically 100 to forty-eight, and in 1900 this had been reduced to 33 per cent., largely thru their own efforts. In these figures may be observed the effects of the teachings and example of Booker T. Washington and of the instruction at Tuskegee, Hampton and the scores of industrial schools established in various parts of the south. Farms varying in size from 100 to 1000 acres are owned and cultivated by negroes. They have their own shops and stores. There are blacksmiths, carpenters and masons among them, and they also operate several banks. They are making progress toward independent self-support and comfortable living, not only, but education and wealth.

**EMPIRE**  
**PLUG CHEWING TOBACCO**

**The Chief Gunner.**  
**What the Chief Gunner Says:**  
"There are two occasions when a gunner feels perfectly happy,—one is when his shot hits the target and the other is when he can enjoy a chew of Empire Navy Plug Chewing Tobacco."

**DR. SPEER AND HOME RULE.**

Just law, made by a majority of the people of the United Kingdom, or the men they three times elected to do so, even after His Majesty the King has signed the law and opened the restored Irish parliament, where the law is to be administered by men fully elected by all sections of the Irish people. Is this home rule? Is this Christianity? Dr. Speer says that in the south of Ireland, where the land is fertile, there is poverty, distress, ignorance and superstition, while the north, with its inferior natural resources, abounds with prosperity. Why? Because the north enjoyed tenant-right for long years, while its Protestant people were the "ascendancy" party. The flax and ship-building were encouraged and boomed by the British Government, while the people of Leinster, Munster and Connaught were kept miserably poor by rack-renting landlords, who heartlessly increased their rents until the poor slaves who had to earn them were hopeless and helpless. True, we had some great men, carried on by Protestants and Unionists in Dublin, such as the Hon. Mr. St. John and Mr. Langstaff for plaintiff. C. M. Colquhoun for defendant. Motion by plaintiff for a commission to examine witnesses. Order made.

James v. City of Toronto. J. M. Langstaff for plaintiff. C. M. Colquhoun for defendant. Motion by plaintiff for a commission to examine witnesses. Order made.

**LORD MILNER COMING**

Will Spend a Week in Toronto on Tour of Canada.

Lord Milner is expected to spend at least a week in Toronto when he arrives here. On Saturday he is to reach Quebec. At Halifax and St. John he will address the Canadian clubs. Then he will go over the eastern provinces and from there west to Montreal and Toronto.

It is not thought that he will care to make any speeches except at St. John and Halifax.

Dr. Joseph A. Holmes, director of the United States Bureau of Mines, is preparing to make a survey of the Berling River coal fields, Alaska, with a view to the use of its coal by United States war vessels on the Pacific coast.

Before Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Magee, J.A. v. The Township of Turberville and North Huron Telephone Company—W. Proudfoot, K.C., for telephone company. No counsel for the crown or township. A case submitted for the opinion of the court under section 14 of the Assessment Act by order-in-council. Argued and reserved.

Before Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Magee, J.A. v. Ewing v. Toronto City Company—H. H. Dewar, K.C., for defendant. C. A. Moss for plaintiff. An appeal by defendant from the judgment of Meredith, J.A., at the trial on a jury March 5, 1912. This was an action by Richard G. Ewing for damages for an accident to his infant son, Arthur Ewing, by coming into contact with one of defendant's cars. There were two trials. At the first \$2000 damages were awarded to plaintiff. Defendants appealed and that judgment was set aside and new trial ordered. At the second trial \$2000 damages were awarded to plaintiff. Appeal therefrom argued and dismissed with costs.

Kennedy v. Kennedy—E. D. Armour, K.C., for James H. Kennedy. J. Blacknell, K.C., for David Roberts and Joseph H. Kennedy. A. J. R. Snow, K.C., for Madeline Kennedy. W. A. Proudfoot for E. W. J. Owens. T. P. Gall, K.C., for George Peake. Appeal by defendant, James H. Kennedy, from the judgment of Teetzel, J., of March 28, 1912, at the trial of the action in so far as it declares void the residuary disposition for the purpose of maintaining the house and premises devised to James H. Kennedy, and in so far as it reserved the right to the plaintiff and other next of kin to attack the deed poll, made by appellant, in another action in case the judgment declaring the residuary disposition void should not be affirmed. Appeal argued and judgment reserved.

# The Management and Needs of the Canadian National Exhibition

By W. K. McNaught

Editor World: As considerable criticism has recently been indulged in regarding the conduct and policy of the Canadian National Exhibition, more especially as to its treatment of the agricultural interests, you will, perhaps, permit me to offer some explanations regarding the matters criticised, which will, I venture to think, show that they have been entirely what might be termed the management of this great institution.

As the most of Toronto's citizens know, the management have for years contemplated the erection of a large fire-proof arena, capable of accommodating some 10,000 or 12,000 people, for the judging of live stock exhibits and other purposes. The proper situation for this structure would be immediately north of the grand stand, just where the cattle sheds are at present located, and it is obvious that the erection of this building is also held back, not by the apathy of the management, but by the same cause which prevents the removal of the live stock buildings, viz., non-possession of the Garrison Common.

Has the Management Discriminated Against the Agricultural Section? The charge that the management publishes forward this material and art departments to the detriment of the agricultural section—I might point out the grounds are specially constructed and devoted to agriculture, viz., the "fair," the "poultry," the "horticultural" and the "government" buildings, all other buildings, the best of its kind on the continent, is built of concrete blocks and fitted up at large expense with a thoroughly up-to-date cold storage system. In addition to this it has an amphitheatre capable of seating over 1,000 people, built for the special purpose of holding butter and cheese making competitions, and of enabling visitors to listen in comfort with their fellow agricultural directors on important subjects connected with the farm, by means of the agricultural colleges of the Dominion.

The poultry building is the largest and best equipped of its kind in America, and is thoroughly up-to-date in every particular. The prize list of every department is liberal and comprehensive and should all this splendid building to overflowing.

The horticultural building was built some three years ago specially to meet the needs of the florists and fruit growers of Canada, and I might point out that in this as in the erection of all other buildings, the leading representatives of the business specially interested were consulted while the plans were being prepared, in order to make it thoroughly up-to-date and able to meet every requirement. Only this year, an immense glass case furnished with an up-to-date cold storage system was installed in the building in order to preserve the exhibits of cut flowers, a thing, I venture to say, done in no other annual exhibition on the continent.

The new government building, the largest and handsomest building on the grounds, is this year (mainly through the generosity of the Dominion and Ontario Governments) and as everyone knows was devoted almost exclusively to the exhibition of agricultural and natural products.

From the foregoing it is evident that the management have not discriminated against the agricultural section of the Exhibition.

Where the Agriculturists Have an Interest for the public to know that while the manufacturing section has never had one single dollar expended in the shape of prizes during the past thirty years, prizes have gradually increased in value until in 1912 they reached the sum of \$55,000. This shows that more than \$1,000,000 has been offered in this special way for the encouragement of the Exhibition.

I might also add in order to accentuate the difference in treatment between the manufacturing and agricultural sections, that exhibitors receive no encouragement whatever in the way of prizes and pay the expense of occupying their individual space and erecting their own buildings and decorations of the booths and show cases in which they exhibit their goods, running from \$100 to as high as \$10,000 for each year's exhibition, making a total expenditure of at least \$100,000 per year spent by them in this way. As all exhibitors get for this expenditure the advertisement, it is therefore evident that they have a much higher appreciation of the value of the Exhibition than the exhibitors in the agricultural section appear to have.

I think it will be self-evident from the foregoing facts that the failure, if failure there be, of the agricultural section of the Exhibition to keep pace with its industrial and art sections, is not due to the policy of neglect of the board of management—but primarily to the lack of initiative and enthusiasm on the part of agriculturists themselves.

Agriculturists Fully Represented on Board of Management. As at present constituted, the agricultural interests have one more director on the board of management than have the manufacturing and art sections combined—and it also has a larger vote in their election at the annual meetings of the association. Still there was no improvement, I tried another outfit and several medicinal soaps, but the poor little fellow still continued to suffer, and I began to fear nothing would do him any good. He suffered in this way for over a year, when one day a friend said, "Why don't you try Zam-Buk?"

"I began with this balm and a week's treatment made a great difference. I persevered and within a month every sore was healed. I found that the sores having been so bad on his head his hair would not grow, but that his hair is now growing perfectly healthy and he has long curls now."

For all skin diseases, cuts, burns and blisters, use Zam-Buk. Zam-Buk Soap. All dealers and stores and Zam-Buk Company, Toronto.

## CHILD COVERED WITH ECZEMA

### Zam-Buk Worked Complete Cure

Mrs. A. J. Cameron of Melita, Man., writes: "When my little boy was six weeks old he had eczema. The sores simply covered his face and head, and I had to tie his hands to keep him from scratching and making himself bleed. The doctor gave me several kinds of ointment, but they did no good. I then tried fourteen boxes of Zam-Buk, and I began to feel something was doing him any good. He suffered in this way for over a year, when one day a friend said, 'Why don't you try Zam-Buk?'"

"I began with this balm and a week's treatment made a great difference. I persevered and within a month every sore was healed. I found that the sores having been so bad on his head his hair would not grow, but that his hair is now growing perfectly healthy and he has long curls now."

For all skin diseases, cuts, burns and blisters, use Zam-Buk. Zam-Buk Soap. All dealers and stores and Zam-Buk Company, Toronto.

**TAYLOR REMANDED**  
Elevator Operator Says He Tried to Hold Robertson Back

Fugh Taylor, an elevator operator, was charged with manslaughter in the police court yesterday and was remanded for a week and allowed out on bail. He faced the charge in connection with the death of James Robertson of 302 McCaul street, who was killed on Tuesday as a result of falling four stories from an elevator which Taylor operated, in the Commercial Life Building, Toronto's famous skyscraper. Taylor's defence was that he had tried to save the man, and Robertson attempted to leave the car before it had stopped. Taylor is represented by Emerson Coatsworth, K.C.

**WARD TO RUN AGAIN**  
"J. J." Will Be a Candidate for Board of Control in January

When the elections for the year 1913 come around ex-controller J. J. Ward will again declare himself as a candidate for the board of control. Although he has been out of the council for the past year Mr. Ward has not yet lost sight of the civic business. He has been very busy in addition to his working on the roads movement. The supporters of J. J. Ward are preparing to fight hard for him this year.

SHOW OF STRENGTH ON ALL THE N.W. MARKETS

Wheat Advances at Chicago, and Displays Firmness—Dip Shortly After Opening Is Converted Into Sharp Upturn—Corn Was Strong

CHICAGO, Sept. 18.—Wheat northwest and southeast made corn the speculative leader today on the board of trade. The price of the wheat made a dip of 1/4 cent to 1 1/2 cents. Latest trading left wheat varying from 1/4 off to 1/2 up at a rate of 1/4 to 3/4 and provisions ranging from 1/4 decline to a rise of 1/4 to 1/2.

Speculation existed in the corn pit that a leading trader who recently returned from Europe and a hand in getting quotations. This notion added to the flurry that existed because of the northwestern edge of the corn belt turned out to be of the killing sort. There was also a forecast of frost tonight in Iowa. Simultaneously crop experts made estimates to show that drought conditions in Nebraska, Kansas and Oklahoma had been more severe than previously reported. Leading longs continued strenuously with shorts for the week's offerings of corn and holed values almost in a straight line. Cash grades and the September delivery advanced in the advance, September at one time showing an uptick of 1/4.

Wheat responded to the corn strength, also early in the session the feeling was hopeful as a result of disappointed speculators. Exporters and brokers declared there was no export business today. Moderate cash sales were admitted to have been made to eastern buyers. Besides having help from the bulge in corn, wheat bulls received aid thru predictions of lighter marketings by Kansas farmers, and by reports of unfavorable harvest conditions in Manitoba.

Wheat tightened up as other cereals took of strength. Shorters covered freely and there was active buying on the part of the larger cash concerns and the elevators. Speculators supported the provision market, but whenever material declines were imminent.

Paris—The market for both wheat and corn opened under pressure of the war and larger native offerings. Argentine—Private estimates circulated and there was active buying on the part of the larger cash concerns and the elevators. Speculators supported the provision market, but whenever material declines were imminent.

Winnipeg Grain Market. WINNIPEG, Sept. 18.—The market opened 1/4 cent lower for October and steady for both months. It gained strength at the morning advanced, and closed higher all round. Oats and flax were quiet and steady. Exporters are free buyers of futures, and there is a good cash demand.

WHEAT HIGHER BUT ALL CATTLE MARKET PRICES EASIER

Broomhall's Review of World Situation—Larger Contributions Expected From U. S. and Canada. Firmness has characterized the trading during the past week with prices holding firm at a higher level, notwithstanding large world's shipments and prospect of a continuance of same and the demand seems to be absorbing arrivals, as was emphasized in my recent edition.

The weather has improved and has been mostly fine in Western Europe, permitting of harvesting and movement, but a large portion of the cereal crop is still outstanding and there are still many complaints heard regarding the weather and a general damage therefrom and fatigued weather developments have rather accentuated the poor quality and condition. But there is now a certainty of good yields and quality of both United States and Canadian crops. Russian officials are still optimistic regarding the crops, but most of the import requirements of the southwest. French official. The estimate of 30,000,000 bushels is considered rather low by some authorities, but taking into consideration the poor quality and small reserves, I think this estimate would indicate a requirement of 24,000,000 bushels for home consumption.

Viewing the general situation broadly, I see no reason to reduce the import requirements given last week (24,000,000 bushels). The demand requirements are perhaps the most difficult item, but a well posted merchant also estimates that the heavy requirements of Germany at 24,000,000 bushels more than last year. There is no reason to doubt that there will be a big broad demand for wheat by the United Kingdom and Germany, and indeed such a demand is in evidence. It is quite certain that the present liberal shipments will be further increased in the future, because the Russian movement is not yet in full swing, and contributions from the United States and Canada will surely be further increased when the new crop commences to move—Broomhall.
