London, Oct. 8.-Attacking with their years of 6.95 infantry after the recently constructed German defensive positions had been reduced to a pulp by their artillery fire, the allies in Picardy and north of the Somme captured a large strip of ground, several miles long and a third

to three-quarters of a mile deep, from the Germans in operations yesterday and today. Both the British and French swung forward on sections of their line and they reached their objectives without a hitch. About 1300 prisoners were taken, of whom 879 fell to the British. BY FREDERICK PALMER. With the French Armies in France, from a staff correspondent of The Associated Press, via Chantilly, Oct. 8 .-

The allied offensive north of the Somme has continued with such rapidity that no opportunity has arisen to clear the battlefield of the dead. The correspondent of The Associated Press was enabled to watch the French troops when going Saturday to make a fresh spring forward. The result of this was the capture of territory over a kilometre in depth and six kilometres (3 3-4 miles) front, which gave them a commanding position in the position of Sailly-Saillisel and at

the same time possession of the Bapaume road. Severe Fighting. Immediately behind the new line evidences abound of the severity of the fighting. Dozens of dead Germans lie in the trenches; tons of military accourrements, rifles and steel helmets are scattered everywhere, Two "tanks" were to be seen. A close inspection outside and inside demonstrates their invulnerability against anything except artillery, and their constant erratic novement affords them some safe-

guard against even that. The artillery was heavily engaged in preparing the way for the infantry attack while the correspondent was rossing the valley toward Combles, before which town the French had up their line. Upon the town tself the Germans concentrated a barrage fire, which, beyond raising clouds of red brickdust, did little damage.

Slipped From Port.

The sensation created yesterday when the U-53 quietly slipped into Newport harbor and as quietly slipped away, three hours later, was less than the shock in shipping circles when wireless reports of submarine attacks began to come into the naval radio stations just before noon today. Within a few minutes the air was literally charged with electricity as wireless messages of warning shot up and down messages of warning shot up and down

the coast.

The submarine or submarines had taken a position directly in the steamer lanes where they could hardly miss anything bound in for New York

or bound east from that port. Vessels of the allied nations neutral bottoms carrying contraband of war scarried to get within the three-mile limit of the American shore. Several who were following the outside course shifted and made for the inside lane. The Stephano of the Red Cross Line, however, was caught outside the neutral zone. The destruction of this vessel was perhaps the higgest prize of the day. The craft had been sold to the Russian Government, and would have been used as an ice-breaker after her

present trip. Patrol Craft Not Seen.

Thruout the day and up to late to-night none of the patrolling fleet main-tained by the British and French to protect their own shipping and American ships carrying munitions of war had been sighted. Frantic appeals were sent to Halifax, but the commander of the British naval station there refused

to divulge what steps were being taken to meet the submarine attack. The work of the patrolling fleets was directed from Halifax and ever since the war began cruiser and auxiliary vessels of the British and French navies have moved up and down the coast line.

The passengers and crews of destroyed vessels who are being brought into Newport were not expected to reach there until after midnight. Preparations to care for them had been made by Rear Admiral Austin M. Knight, commandant of the Narragansett Bay Naval Station, and Rear Admiral Elbert Gleaves, commander of the destroyer flotilla now at Newport. Washington, Oct. 8. - Submarine of Mexico, on the coast of Maine and warfare at the very doors of the United States, with all its spectacular features, does not necessarily por-

The British steamer West Point, bound from London to Newport News, was stopped by shell fire from a submarine, evidently the German war vessel U-53, which came unexpectedly into Newport on Saturday, and then sailed away again, about fifty miles southeast of Nantucket today and after the crew had taken to the lifeboats the West Point was torpedoed. Wireless calls for a coastguard cutter and any nearby steamship to rescue the West Point's officers and crew were sent out by the West Point just before

the men were ordered to the boats. Took to Boats. News of the shelling of the West Point, which is a steamship of 2413 tons, first came in a brief wireless despatch to the naval radio station at Boston, which read:

"British steamer West Point stopped by submarine and fired upon; getting boats ready. Position 40.25 north. 69 west. Get cutter."

A private wireless despatch received later said that the West Point had been torpedoed after the crew had gotten off in boats, and the steamship

was in a sinking condition.

The entire fleet of more than 30 U. S. torpedo boats stationed at Newport, R.I., was ordered to the assistance of the West Point, in response to the steamer's signals of distress.

Saved by Destroyer.

The torpedo boat destroyer Balch, reporting officially to the naval station at Newport, R.I., by radio tonight, said that the British steamer Stephano had been torpedoed and sink off Nantucket. Her crew was reported where the submarine or submarines Nautucket. Her crew now off the New England coast would safe aboard the Balch. All of the Americans on the Ste-

phano who were rescued by the da-stroyer Balch were transferred tonight to the destroyer Jenkins. The num-ber of Americans aboard was not stated in the radio message received here. A radio message from the torpedo-boat Balch, at 10 o'clock tonight, said that the steamer Stephano was affoat, mx miles southeast of Nan-tucket shoals lightship. Special Showing of Women's Smart Tailored Suits They're the Best Value You Could Imagine \$25.00 Smartly Made of Lovely Materials. Each

We've never been able to agree with the man who said, "Heaven save me from my friends!" That's the thought that comes to us as we write about these special Tailored Suits for Women at \$25.00. Let us explain the train of our thought.

When we first commenced buying for the season, the suit of Murray-Kay standard to sell at \$25.00 seemed a minus quantity. Labor was high-wool materials were still higher-thus, ad nauseam, did the makers explain to us the reason for the big increase in their prices.

Then along came a friend, an old friend, from whom we have bought for years. He had about fifty ends of fine cloth, only enough for two or three suits in each. They were cloths that he had used in his \$35.00, \$40.00, and even \$50.00 suits. He offered to make them up for us in suits that we could sell at \$25.00—though, to be quite candid, our margin of profit

is almost negative. At all events, we have what we wanted—and what you want—BEAUTIFUL TAILORED SUITS, each model fully up to the requirements of the Murray-Kay clientele, and the price only \$25.00. We give brief descriptions of these suits, also a few words about our models at \$42.50.

The Suits at \$25.00

The materials used are the finest gabardines, poplins, French serges and tweeds. The cut of each model is as smart as it can be, the tail-oring is faultless. The long, cleverly modelled coats are lined with lovely satin; the modish collars, which may be worn high or low, are velvet-trimmed. The skirts are cut on the best models of the seas with gathered backs and neat belts. These suits are un-equalled in value. The special price for each, Tuesday ..... \$25.00 The Suits at \$42.50

# **WAR SUMMARY**

THE DAY'S EVENTS REVIEWED

NOTHER large slice of ground was captured from the Germans on the battlefront between the Somme and the Ancre by Anglo-French attacks on Saturday and Sunday. It fell to the British to take the most ground. They started the fighting by pivoting on Gueude-court, clearing the Germans out of a section 600 to 1000 yards deep between Gueudecourt and Les Boeufs and by capturing the Village of Le Sars. This success was won on their right. They then advanced their left wing for a considerable distance north and northeast of Courcelette. This action led to some bitter fighting, in which they won some advantage north of the Courcelette-Warlencourt road. They also shoved their front forward at a point southwest of Gueudecourt. The Canadians were probably employed in the action about Courcelette. A total of 13 officers and \$66 men fell to the British as prisoners.

On their part, the French, pivoting on Bouchavesnes and attacking on the entire front between Bouchavesnes and Morval, where their line joins the British line, advanced to a new front, starting at a point about threequarters of a mile northeast of Morval. The positions captured in this assault crown the western slopes of the Sailly-Saillisel ridge, they embrace the whole of the Peronne-Bapaume road to a point about 220 yards from the entrance to Sailly, and they skirt the western and southwestern fringes of the St. Pierre Vaast Wood, and they continue over Hill 130 to the south of Bouchavesnes. More than 400 prisoners were taken in this fighting.

Thus the actions fought this week-end on the Somme have won the allies considerable advantages. The French have got in position for an assault on Sailly Village, southeast of Bapaume, and the British, by seizing Le Sars, have also reached a point less than three miles from Bapaume. The German description of this action as an attempt to burst thru the German front is ridiculous. The attempt was to seize certain ground of defensive value to the enemy, and the attempt on the whole succeeded. The British lost a little ground north of Les Boeufs, but the Germans suffered severely in unsuccessful attacks on the Schwaben refloubt. The fighting has brought the allies about 1300 more prisoners.

The visit of an armed submarine to an American port and its sinking of perhaps half a dozen British and neutral vessels on its way out will increase the allied demand on the United States to debar submarines from American ports. But the fact that the submarine did not take on supplies probably indicates that the Germans are supplying it by vessels sent from United States ports. As submarines are liable to accidents, this one may disappear soon, especially if the seas become rough. But in the meantime it may do considerable damage in a section of the Atlantic where the ocean traffic is heavy.

In the Roumanian and Balkan theatre of the war, viewed as a whole, an exciting strategic race is proceeding between the allies and the Teuton alliance. Broadly speaking, the allies are throwing the weight of their attacks against Bulgaria from two sides, from the Dobrudja and Macedonia. To counter this blow, Von Mackensen first of all attacked the Roumanians in the Dobrudja, in order to secure the line of the Danube by the capture or destruction of the Cernavoda bridge. This movement, after the making of some initial headway, was checked, and the Russians and Roumanians, having massed sufficient men and guns for their offensive, have attacked the Bulgarians, Turks and Germans under Von Mackensen, and the latest news is that the Roumanians and Russians are now advancing, and of course the enemy is retreating. His retreat was brought about by a Russian success on the bank of the Danube and on the allies' right wing. The Russians captured two villages and a strong ridge between them, and the failure of Bulgarian counter-attacks necessi-

## JOS. MONTGOMERY HELD FOR MURDER

Charged With Killing His Brother Walter on Tues-

day Last.

Madoc, Oct. 7.—Joseph Montgomery, age 50, was arrested here Saturday evening by Provincial Inspector Reburn, and Constable St. Charles, charged with murdering his brother, Walter, on his farm eight miles from Madoc, on Tuesday last, Walter Montgomery was murdered in his days. Montgomery was murdered in his drive shed by being struck twice on the back of the head with a spade. The motive was robbery. Montgomery had five years' savings slung around his neck in a leather bag, and this was neck in a leather bag, and this was missing when the body was found.

Inspector Reburn did not arrive in Madoc until late Friday night. Saturday morning Constable St. Charles took him to the scene of the murder, and after securing the evidence of several neighbors they set out to Joseph's farm to make the arrest. He was not in. Driving back to Madoc was not in. Driving back to Madoc they met him just as he was driving away from town and placed him under

### Paragon Score Board Extra Attraction at Star Theatr

With direct wires from the bal grounds at Brooklyn and Boston, reurns of the games between the Red Sox and the Dodgers for the world eries this week will be given at the Star Theatre, on the Paragon Score Board. Patrons of the theatre will see his in addition to the regular per-formance of the Gaiety Girls. Unlike in other scoreboard of its kind, the Paragon records each play in such a manner that a novice is able to un lerstand quite easily what is taking place. Every ball or strike is registered and the courses of batted balls whether fair or foul, safe hits or outs re all recorded almost on the instant f the play.

homas L. Church, Mayor of the City of

I beg to announce that I have been advised by His Honor Sir John Hondrie Lieutenant-Governor of Ontario, that the Marquis of Lansdowne, president of the British Red Cross Society, has on behalf of that organization and the Order of St. John, made an urgent appeal throughout the empire for individual contributions for funds to be collected on Thursday, the 19th day of October, 1916, such money to be devoted entirely to relieving the sufferings of our wounded soldiers and callors from home and overzeas at the various seats of war. I do, therefore, convene a public meeting to be held in the COUNCIL CHAMBER, CITY HALL

The Vogue for Plush Coats

And Their Surpassing Charm as Revealed in an Enormous Collection of Smart New Models for Women

SO IMMENSELY becoming, so soft, and sumptuous, and with the exception of fur—warm as any fabric you can imagine, is it any wonder plush should have won such a place in fashionable favor? And truly, the plush coats that are displayed in the Women's Coat Department are such as to captivate the fancy of any woman with an eye to artistic effect, combined with comfort. There are magnificent coats in those swagger, loose styles that ripple in outward tapering lines from the shoulders beneath enormous cape or square collars, which are sometimes made of fur. There are graceful redingote coats, and quaint wide-skirted coats with panels back and front, gathered at the sides beneath huge pockets in

"coaching" style, all with the same distinctive large collars and cuffs, and often fittened with seal buttons. The majority are trimmed with such furs as skunk, squirrel, beaver, bear, seal, dyed opossum, coon, Russian goat, etc., and the linings are perfectly charming - lovely brocades, printed poplins, heavy satins, and pussy willow silks. Prices are \$25.00, \$29.50, \$32.50, \$35.00, \$42.00, \$47.00 and up to \$125.00.

To show that the same variety can be obtained in less expensive wraps are coats in those reliable Salt's and Lister's plushes-fabrics of worldwide fame, that are guaranteed reliable. Among them are rippling, redingote and belted styles, with large sailor, Directoire and convertible crush collars and big cuffs to match. These are all lined throughout with satin or Venetian cloth, and are obtainable in sizes up to 46 bust. Prices, \$15.00, \$16.50, \$18.50, \$22.50 and \$25.00.

proved itself superior to all cars competing in the Wilkesbarre A. A. A. hill climb Saturday, October 7th, 1916. First in one event, second in two events, third in one event, the best showing ever made by any car in a giant's despair hill climb at Wilkesbarre.

This Hal Twelve Stock Car, equipped with regular roadster body as shown in illustration, driven by our factory superintendent without special preparation, and pitted against specially prepared racing cars masquerading under the guise of stock cars, proved its supremacy over every other vehicle entered and driven by expert racing drivers with years of experience behind them. The result would have been the same in a contest of any other character. The Hal twelve in performance is the supreme car in America today.

Senator Tells French-Canadians They Must Not Shirk

DEPLORES DIFFERENCES

Ouebec's Ideals Must Be Those Held Elsewhere in Canada.

Special to The Toronto World. Montreal, Oct. 8 .- About four thou-

sand French-Canadians listened attenively on Sunday at Drummondville. Quebec, to a masterly address on patriotism, delivered by Senator Chas. Beaubien, who has recently returned from a trip to France. He described that he was for the autonomy of Canthe affecting scenes witnessed there, ada and against the participation by the ruin of prosperous villages, the astrocities without number and asked his hearers to picture to the rule.

in the St. Lawrence.
"If France is crushed," he said, "there will not be any French language to fight for. It will disappear as thoroly as has the Latin of ancient Rome, which is now only heard in churches and in the universities."

He called on the people of Quebec to listen to their leaders and to the clergy and do everything in their power to aid France and England in the present struggle for civilization. Attacks Nationalists.

The mischievous teachings of nationalism were roundly scored, the senator deprecating the misdirected efforts of Mr. Bourassa. He warned

men went to the front. While there was no legal or constitutional obligation for Canada to participate, there was a humanitarian obligation for her to do so. The soldiers of the Province of Quebec, he said, were illustrious. There were none better in the British army than the heroies of Courcelette.

School of Discord.

Paul Lacoste followed Senator Beaubien in a brief address. He warned his hearers to beware of a certain school of discord in Canada. He referred to the capital made at the recent elections out of the Ontario school question, but reminded them that there was no mention made of the Manitoba was no mention made of the Manitoba school question. Two Train Loads of Heroes Reach Toronto This Afternoon.

LEAVE FOR THE EAST

Relatives and Friends of Hundred and Seventieth Say Farewell.

Two special trainloads of returned soldiers will arrive in Toronto at the new North Toronto Station this afternoon at 4.30. The band of the 110th Irish Regiment will play on the station latform, and the men will be welcomed by civic officials as well as relative and members of the Soldiers' Aid Commission. Just how many of the men belong to Toronto is not known. The the new Spadina Military Hospital.

Altho only 10 men applied at the armories for enlistment Saturday, only one was rejected, and the other nine were taken on the strength of various units. The 204th Beavers Battalion were the most successful with 4 lattested recruits.

Thousands of people lined up University avenue at the armories yesterday afternoon to see the men of the 170th Mississauga Battalion tendered their farewell before leaving for an eastern point. The 170th were on their last leave and at 3 o'clock they lined up in the drill yard outside the barracks. Members of the Mississagua Regiment were on hand to cheer the men. The regiment's brass band accompanied Lieut.-Col. Lee Grand Reed's Battalion to the Union Station. The battalion brass and bugle bands also played. The men marched along Albret street to Yonge, and south on

A successful "Bridge" and "Euchre" under the auspices of the Sir Henry Rellatt working circle was held in St. Michael's Hall on Saturday afternoon. Mrs. W. A. Kavanagh was convener of the committee, who had the affair in charge, assisted by Mrs. Percy Johnston, Mrs. A. J. Gough and Mrs. W. S. Milne. Mrs. Ambrose Small the regent of the chapter was present. Mrs. Van Dine had charge of the bridge, the euchre being in charge of Mrs. Johnston.

At the conclusion of the game Mrs. Milne gave an address on the wants of the prisoners in Germany, in whose interests the afternoon was organized Miss Eveleen O'Donoghue accompanied by Mrs. J. D. O'Donoghue, contributed a delightful vocal solo. A number of the girls from Rosary Hall Guild assisted in serving tea. The National Anthem, sung by those present, and accompanied on the piano by Miss Lowe, closed the entertainment.

Daughter of the First Person Born in Guelph Dies Suddenly

As a result of an apopletic stroke suffered at noon Friday, Mrs. Edward McKague, 70 Wood street, died at eight o'clock the same night without regaining consciousness. The body will be taken to Guelph this morning for interment. Her husband, Edward McKague, is at the front with the British Army Service, employed in the distribution of horses from the base. Mrs. McKague was the daughter of the late Thomas H. Lynch, the first person born in Guelph and a pioneer of Wellington County. Besides her husband, she is survived by one son, Edward, two sisters and four brothers, Mrs. James Robertson, Mrs. J. M. Walker, Thomas, Richard and Frank of this city, and John of Chicago.

### Hospital Segregation for Canadians

There is very widespread feeling over the latest display of Canadian provincialism in Britain over the proposal to segregate the Canadian wounded in Canadian institutions. The sue round trip homeseekers' tickets at Sinn Fein motto of "Ourselves Alone" very low fares from stations in Canada appears to have been adopted by whatever authority is responsible for October 31st, inclusive, via North Bay, the procedure so righteously denounced Cochrane and Transcontinental route by Lady Drummond. It may be well of course to wait until explanations are made or reasons given for the alleged action, but it is not too soon to say that a grave mistake is being made if the reports are even approximately it sleepers may be obtained at nominal

It is last of all from Canadians that we should have expected this com- Flor de Rey, Tueros and pleant to come. It is not the wounded codiers nor the hospital authorities who are making complaint, but these over-driven clerical people, who want to reduce their hours of work. It might be well to put some convalescing soldiers in their place and allow them to have a taste of khaki service.

There are other things that might be said in this connection, for example the absence of lists of Canadian casualties from English newspapers where Australia and New Zealand and South Africa are writ so large. Canadian lists are reserved for home consump tion, and Britishers learn but little from this source of what Canada may be doing. It has been suggested that the absence of Canadian addresses from some of the Canadian casualty lists makes it difficult for the Canadian official mind to facilitate the publication in Britain of these lists, but when there are so many native Britons in the Canadian ranks there is the less excuse for segregating them in Canadian hospitals.

### More Men Needed

A thousand Canadian soldiers were anded at Halifax on Friday. They had been thru the war, had done their bit, and given according to their capacity. They had suffered, some of them even to the loss of reason. They had voluntarily and disinterestedly done for the rest of us what we should be glad to do according to our ability. There should be no difficulty in replacing these men if we have anything left in us of the old British spirit. The man who is fit to go and sits at home either hesitating or refusing to take the place of these who have done their part in the war is no strength to the empire, to Canada, nor to himself. He generating character-his own haracter, for the future. What he nakes himself now, he will be in the future, and all men will know him to

But it wasn't the clothes so much, altho they were very distinctive—it was that heaven—sent gift of person—ality—that marked the famous actor. And he had the genial manner, and the hand clasp of a man. "Do let's sit down and I'll tell you stories," said the "Grumpy" that was and the "Jeff" that is to be. "You know, I worked in Canada on a farm about 30 B.C. The tamily sent me out for my health." Canada must have agreed with Mr. Maude, for at the age of 54 he still wears the "bloom of youth" on his cheek and a lively twinkle in his eye. Of course, he has two eyes, but remember about the restriction. of course, he has two eyes, but remember about the poet's license. But to continue his story.

and I'll tell you one about a soldier, if you like. This soldier was a little English Jew, who had been some months in the trenches. One day his sergeant saw him looking at some paper that had fallen into the trench, and as he came closer the little Hebrew shook his head, waved his hands and said, 'I don't like that kind of paper; I don't like that kind of paper.' This happened several days, and then fearing that he had gone insane, the sergeant paraded him to his captain. After a cross-examination of considerable duration and being shown several pieces of paper which always brought the same excitable comment, the captain decided to give him his discharge on the grounds of him his discharge on the grounds of him his nearest as little English Jew, who had been some months in the trenches. Coming Presentation by The World at Regent Theatre Creates Interest.

As was expected in view of the importance and the fame of "The Battle of the Somme," the greatest motion picture so far produced, the announcement that films would be shown under the auspices of The Toronto World for one week beginning Monday, October 16, at the new Regent Theatre, has at-

Inquiries have reached the office, personal by telephone and by mail concerning the pictures, and the number of these already indicate that the presentations of the pictures will attain more than a satisfactory success. Some controversy, such as accom-anied the showing of the pictures in England, has already started among those who are familiar with the character of some of the scenes depicted at the battle front. But the larger majority of persons who have discussed the advisability of having the pictures exhibited in Toronto, assume the same view which in England overcame the effort of those who sought

# Baseball Red Sox Just Last To Beat Dodgers 6-5 Grand Circuit More Records At Lexington

### **DODGERS WILL HAVE CONFIDENCE TODAY**

That Ninth Innings Rally Demonstrated That Red Sox Are Not Invincible.

Boston, Mass., Oct. 7.—It was a very fortunate thing for the National League contingent, players and rooters alike, that the Dodgers were able to put on their ninth-innings rally.

If they had gone out in the last chapter as easily as the others, the remainder of this world's series would have been an empty formality. As it is, they are bound to gain confidence from the happenings of the stirring final frame and come back on Monday more formidable than they were today.

on Monday more formidable than they were today.

Until the last-ditch stand, that came so close to changing the complexion of the game and robbing the Red Sox of their victory. Brooklyn was about as thoroly beaten a club as could be imagined. Not only were Robinson's men far behind in the score when the eighth round ended, but they had been completely outclassed. The American Leaguers had literally played rings around them, and made the game so lopsided as to be ridiculous. Had matters ended here, the visitors would have been remembered as perpetrators of one of the worst exhibitions ever foisted on a world's series crowd.

The Brooklyn players say that they are not a big discouraged over the defeat. On the contrary, they assert that they did not find Boston so tough as they had expected. They admitted that the infield had an off-day, but promise better work in future. They have every confidence that Coombs', intelligence and courage would see him thru the second game, and that Marquard will be a winner the next time out, with decent support

A tie game will not be played off in the city where it occurred, but the teams will move on to the next city. In both Brooklyn and Boston, all games will be started at two o'clock in the afternoon.

With the game apparently won, the Carrigan clan began to wabble, led by Pitcher Ernest Shore, and before the last Brooklyn batter had been retired, amid a sigh of relief that could be heard across Massachusetts Bay, the Superbas had a massed four tallies and appeared upon the verge of wresting the initial games away from the American Leaguers.

This surprising break, which the invading team from Greater New York was quick to take advantage of, was the feature of an otherwise rather ordinary to baseball game. Before the threatening rush of the Superbas developed in their final turn at bat, the contest appeared to indicate that the Boston players would swing thru to easy conquest, and the startling break in the steady work of the local club furnished the thrill needed to fix the memory of the struggle in the iminds of the fans, without leaving a sting, since the Red Sox were able to check the rush of their rivals just when victory appeared to be turning into defeat.

The National League contenders were not lacking in either spirit or playing tactics, but their hit-and-run offence was, on the whole, easy for the Red Sox to solve and turn back. There was also a noticeable lack of speed on the part of several of the Brooklyn players, which, combined with poor judgment as to who should handle batted balls at certain critical moments of the game, put Boston men on bases instead of turning the plays into outs. plays into outs.

### Toronto Fans Root for the Dodgers

Unusual interest was centred locally in the world's series. Besides giving the score by innings in most of the theatres, three score boards were patronized by crowds on Saturday afternoon. At the Star Theatre every seat was taken, and there was rooting before the Paragon like at a real ball game. At the Arena, the Manikins caught on immensely, and the contrivance worked splendidly. There was a good attendance.

At Massey Hall, the assembly included many ladies, who were given quick and accurate returns on the Nokes electric board.

## **WONDERFUL TROTTING** ON LEXINGTON TRACK

By Lee Axworthy in Time Trial and Two- ear-Old in Race.

Lexington, Oct. 7.—Four new world's records were made on the track of the Kentucky Horse-Breeders' Association here today.

The Real Lady, driven by Tommy Murphy, in winning the \$9000 Breeders' Sweepstakes, lowered the world's record for two-year-old trotters, regardless of sex, to 2.04½.

Lee Axworthy, the stallion king, starting against his record of 1.59½, made here earlier in the week, trotted in 1.53½. The chief racing exhibition was the 2.03 pace, won by Russell Boy after the most-stubbornly-fought race of the week. Summary:

WORLD'S SERIES AT MASSEY HALL

There was a very large attendance of local "fans" at Massey Hall on Saturday afternoon to witness the first game of the world's series and all were well pleased with the reproductions of the game upon the Nokes Electrascore Board. Excitement ran high thru the entire game, but particularly so in the ninth innings, when the score became so close. Today being a holiday and with Boston winners of the first game, there will be a great desire to witness the second game. Manager Withrow has everything in reediness to handle a large crowd that will surely attend the game at Massey Hall.

Royal Canadians and the crack 20th Century team of Hamilton meet today at the Broadview Field at 3 p.m. in the official wind-up of the amateur baseball season. The 20th Century team won the inter-city title last year from the Kendons, but the Royals promise to make a strong bid for the honors this year. Norman Lutz, the star hurler of the Hamilton team, recently pitched a nohit, no-run game, and is said to be ripe for higher company. Ramsay, the Royals hope, is going better than ever, and his feat of striking out the side with the bases chocked against the strong Mouse Club in the final for the city title stamps, him as one of the best. Dinny Maguire will handle the game, which promises to be a fitting closing fo the season.

he greatest moving picture in the world

KING GEORGE V.

ON THE EVENING OF SATurday, September 2nd, the official War Office film, "The Battle of the Somme," was by royal command exhibited at Windsor Castle. There were present besides His Majesty, Her Majesty the Queen, the party from the royal household and others. Captain J. C. Fairthorpe of the General Headquarters and Lieutenant E. Distin Maddick, representing the War Office, were in charge of the film. The King expressed to them his unqualified approval of the "Battle of the Somme" pictures, and advised the British public and that of the Empire at large, to see them. Both officers in charge of the film had the honor of being presented to their majesties and receiving royal congratulations.

### THE KING'S ADVICE:

"The public should see these pictures that they may have some idea of what the army is doing and what war means."

-THE KING

Copies of this film have reached Canada and will be presented for public exhibition in the best theatres, under the auspices of the leading Canadian newspapers in the chief cities from coast to coast. In Toronto this wonderful record of British heroism and of British victory will be shown under the auspices of The Toronto World, at the Regent Theatre, Oct. 16 to 21, inclusive. In order that as many people as possible may see this wonderful picture, popular prices will be charged for every seat in the house—afternoons 15c., evenings 15c. and 25c., with the exception of seats in loges and boxes, which are reserved at 25c. for afternoon and 35c. for evening presentations.

Big Crowd Attend on Final Day -Kenilworth Opens Next Saturday.

Windsor, Oct. 8.—Devonshire Park's inaugural meeting came to a cless yesterday in a blaze of glory before an enthusiastic crowd of 10,000. An average of more than 7000 people were in attendance during the seven days, which shows the popularity of the game amongst the lovers of racing here. The Devonshire officials, while strangers to Detroit racegoers, have proven thoroly competent, Martin Nathanson, the presiding steward and racing secretary, is a man of many years' experience in the racing world. The other officials, Sheridan Clark, Edward St. Pere, Charles Campau and Starter Edward Tribe, are well known to the racing public, Manager C. T. Henshall leaves for Havana, Cuba, on Tuesday to commence the building of one of the largest racing plants in the world. After a sojourn of two weeks in the Cuban capital Mr. Henshall will return to Detroit in time to take up the racing over the second Devorshire meeting, which opens Saturday, Oct. 28, and runs for seven days, bringing to a close racing in this vicinity for 1916. Bring German Raider to Earth

The recent wreck of the large German zeppelin in England, is vividly described by the parents of Secretary Wm. Pilley of the Earlscourt branch Sons of England lodge, writing from Chingford, Essex, to Mr. Pilley at 267 1-2 Boon avenue, Earlscourt. The letter says in part: "We shall never forget the sight of the big zeppelin coming down. It was a wonderful sight with the shells bursting all around and will never be forgotten by theh hundreds of thousands of people who witnessed it.

The zeppelin could be seen for 30 or 40 miles around. It was a thrilling sight to see the British airmen going up to attack it. It was like a gnat attacking an eagle. Suddenly the big monster burst into flames and came down rapidly leaving a long streak of fire. The cheers from theh crowd were desfening and prolonged.

When the machine (or what was left)

Bishop of Toronto Dedicates **Basement of Calvary Mission** 

The new basement of Calvary Mission, Silverthorne, was dedicated before a large congregation yesterday afternoon by Bishop Sweeny of Toronto, who was assisted by the curate, Rev. E. J. Mc-Kettrick. Rev. R. J. Reid, rector of St. Mark's Church, was present and also spoke. Following the opening of the church, a beautiful stone front was also dedicated by the bishop in memory of Private Richards, who is the first member of the church to be killed in action.

In the presence of the members of Victoria Presbyterian Church Boys' Bible Class Rev. D. T. L. McKerroll conducted a solemn memorial service in memory of the late Lieut. Wm. Willard, a member of the class, who was killed at the front recently.

His subject was taken from Psalm xcii, I: It is a good thing to give thanks unto the Lord. He applied it in a very opt manner to the present troublous times, to the helplessness of mankind, to our dependence on God and above all upon the great, store of God in giving us all, even our daily bread.

The avening service was taken by the priest in charge, who gave a very appropriate address. The choir also furnished excellent music at this service. There was a large congregation in attendance at both services.

A special thanksgiving service was held in the Presbyserian Church yesterday morning. Rev. C. A. Gownns preached from Pslam cxvi., 12 and 14, to a large congregation. There was also special music rendered by the choir. The thank offering was in aid of the home mission fund.

Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

REMEMBER these important features, because they are not to be found on some of the lighter cars.

Maxwell cars have 31/2 in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier.

Tires of one size mean that you have to carry only one size casing and one size tube.

Demountable rims, of course, are recognized as the best. They are on all good cars. Don't buy any car without demountable rims. If you do, you'll regret it.

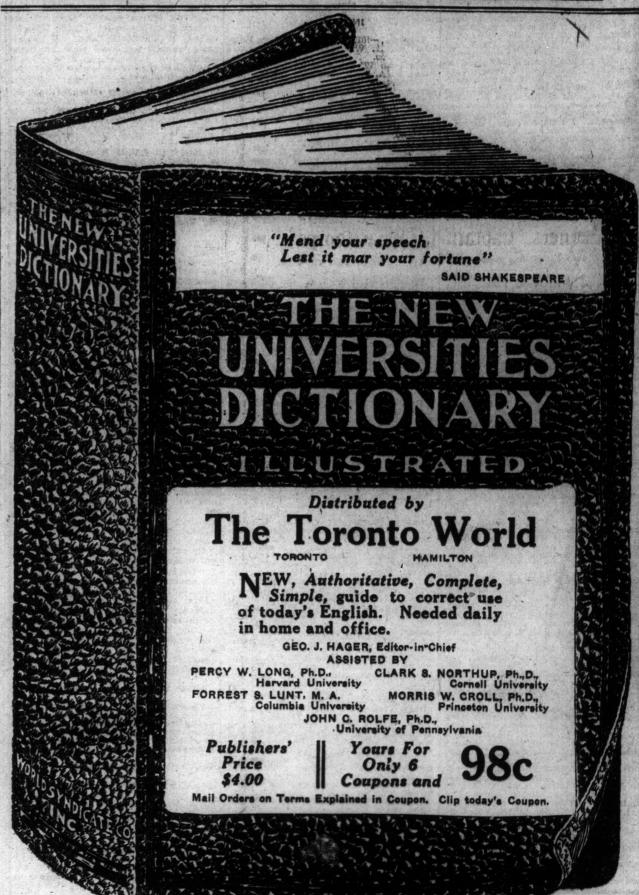

These two features-along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it the greatest automobile value in the world today.

### CROSS CUT ON DAVIDSON NOW IN THIRTY FEET

Location of Vein at Three Hundred Foot Level Awaited Before Mill is Installed.

Word was received from Porcupine on Saturday that the crosscut at the 300-foot level on the Davidson is in about 16 feet and that a number of quartz stringers, ranging in width from one to four inches, are showing strongly in the face. On the 200-foot level the ore body was cut about 75 feet in from the shaft, and the indications are that it will be received. tions are that it will be reached on the lower level within the next two o

three weeks

The management is awaiting the results of development at 300 feet before going on with the plans for the installation of a mill, as its size and character will be determined. stallation of a mill, as its size and character will be determined by the size and value of the ore body. On both the 100 and 200-foot levels the ore ran considerably higher than the average for the camp, and everything points to the fact that the mine will be a high grade propagation. be a high-grade proposition. On the 100-foot level the vein is 21 feet wide and at 200 feet has widened to about 40 feet, so that an enormous tonnage is assured.

40 feet, so that an enormous tonnage is assured.

A contract has been let for the sinking of a shaft on the new vein discovered on the south lot a couple of weeks ago, and this will be put down to the 100-foot level. As the vein gave some of the richest ore ever taken out of the camp the management is confident that another extensive ore body will be developed at ment is confident that another extensive ore body will be developed at this point. Whother or not the sinking operations will be continued immediately to the 300-foot level will depend on the results at 100 feet.

Davidson Find Freely

Impregnated With Gold

A new vein has been found south of the shaft on surface at the Davidson Gold Mines Company's property in northeastern Tisdale, says The North northeastern Tisdale, says The Northern Miner. It is sugary quartz and is plentifully impregneted with free gold on surface. Some remarkably fine specimens have been taken from surface on the main vein some distance from the shaft.

Crosscutting is now being carried on at the 309-foot level. If results are as encouraging as on the first and second level there will be quite a quantity of milling ore blocked out. The vein to which most attention is being directed is wide and carries

LA ROSE IN KIRKLAND.

The La Rose Consoldated has taken an option on the Hurd claims short distance south of the Tough Oakes in Kirkland Lake. A small gang worked for some time on these claims and a promising looking vein developed thru test pits. The La Rose will start development work at once. The claims are owned by Megsrs. Hurd and West of Philadelphia, who are also interested in the Lucky Cross at Swastika. The La Rose will be the second

Cobalt company to become interested in Kirkland Lake. The Teck-Hughes controlled by Buffalo interests .-Northern Miner.

HOLLINGER-RESERVE TO RE-

By Special Correspondent. Timmins, Oct. 7.—Barney McEnaney, who purchased the Hollinger Reserve, Ogden Township, at auction is considering reopening the mine at an early date. The Reserve was supposed to be well on the way toward a profitable mine when financial difficulties caused its closing.

N. S. STEEL PRODUCTION DOUBLED IN YEAR

Col. Cantley, president of the Nova Scotia Steel and Coal Co., says that his company is turning out steel billets at the rate of 15,000 tons a month, as compared with less than half that

For the current calendar year he estimates the total output for the Dominion of Canada at 1,500,000 tons, as compared with a previous high record of 1,350,000 tons in 1913. Last year the cutput was 975,000 tons. Despite the larger output, Col. Cantley is of the opinion that the steel famine in Canada will continue for the rest of the ada will continue for the rest of the year, and there will be no relief after the turn of the year after making due allowance for the new plant that is being nut down

being put down. President Cantley believes that the entire world is now starved for steel for normal requirements. He looks for an abnormal domestic consumption in the United States during the next few the United States during the next rew vears, and as soon as financing and shipping permits there will be a very large and abnormal world demand outside the sphere of the war, and if that ends, the replacement of the destroyed industries and the readjust. stroyed industries and the readjust-ment of those in the United Kingdom will call for very large quantities.

WINNIPEG GRAIN MARKET.

Winnipeg, Oct. 7.—Wheat closed 2½c higher for October at \$1.68%, 2½c higher for November at \$1.66%, 2½c higher for December at \$1.61% and 2½c higher for May at \$1.62½. Oats were unchanged for October, ½c higher for December and ½c lower for May. Barley was unchanged at 9c. Flak was unchanged to 1c lower.

The trade during the day was fair, with a very active market. The denial of peace rumors and rain in Argentina made wheat strong at/the opening. A sharp break followed on talk of the Dominion Government commandeering wheat, but the Conservative men paid little attention to these rumors and wheat rallied to close near the highest of the day. Cash wheat was only fair. Oats were fairly steady.

### STOCKS RECOVER FROM WEAKNESS

Depressing Effect of Peace Denial of Peace Rumors Rumors Speedily Passes Away.

# **REGAIN LOST GROUND**

to Former Levels in Afternoon.

New York, Oct. 8.—The rumors circulated late Friday regarding impending peace overtures by the central powers lost their effect on Saturday's stock market. The market experienced amother slight chill in the first of today's two-hour session, but more than made up any lost ground, closing with a strong undertone and numerous net advances.

Much of the heavy trading of the first hour, in which some stocks receded I to 3 points, was attributed to an eager short interest and liquidation from interior points. It was regarded as significant that rallies and actual gains were effected on very moderate dealings in connection with the heavy transactions that accompanied the decline. Total sales amounted to 685,000 shares.

General news of the day in no way detracted from the encouraging outlook of the early week. Bank exchange continue on a phenomenal scale, with reports of raw and manufactured products making greater strides. Other features of the day included the discharge of the Mercantile Marine receivership, restoring that property to the shareholders and additional railway statements, notably the August report of the C. R. I. & P., disclosing an increase in net operating revenue of over \$1,000,000. The clearing house statement again failed to reflect the activity of the stock market, actual changes as to loans and the loss of cash being relatively moderate. Reserves decreased by over \$6,600,000. Bonds were irregular on comparatively light dealings. Total seles (par value), \$2,735,000.

Market Active With Generally White Reserve to Be Steady Tone-Ophir Up Again.

was the outstanding feature of the market in mines at the Standard Stock Exchange on Saturday, representing a gain of 20 points.

Trading was generally active, but rather dull, with some scattered liquidation again in evidence. Davidson, in the Porcupines, held steady at 49%. Jupiter opened easier at 26% and firmed to 27. McIntyre was unchanged at 145. Porcupine Crown went up a couple of points to 70, and Vipond displayed a stronger tone, advancing to 38%. Newray was firm at 70, while quite a lot of West Dome was put on the market at 35. It closed % point higher.

In the Cobalts Great Northern went up % to 8%, Lorraine held steady at 45. Ophir was strong, going to 14, and Peterson Lake, recovered to 23% after opening at 23. Vacuum Gas reached its recent high at 45. and Seneca was firm at 12. Timiskaming eased off to 61.

### **MUNRO MINING CAMP** PROMISES SOME ACTIVITY

Two Toronto Syndicates Commence Operations Near Croesus Mine.

By Special Correspondent.

Matheson, Oct. 6.—There promises to be considerable activity in the Munro section during the coming winter. The Crossus will have its plant in operation again shortly and several other companies are reported to be other companies are reported to be starting up.

A strong Toronto and Montreal syn-

dicate has secured control of the Smith Curry claims adjoining the Smith Curry claims adjoining the Croesus on the north and will build camps and start proving up its properties shortly. A vein was picked up some time ago and it is thought to be a continuation of the Croesus high-grade vein. This will be developed at depth, Another vein has been discovered on the weet lot. discovered on the west lot.

Arother syndicate of Toronto peo-

ple is preparing to develop two groups of claims in Munro. It has holdings in Lot 11 and Lot 8. On the Lot 11 properties several narrow veins, carry-ing well in gold have been uncovered. In Lot 8, a wide quartz dyke runs thru the syndicate's holdings. Small values were received from assay and the big body will probably be tested

by diamond drilling

It is reported that arrangements are
being completed for the reoders of
the Munro Consolidated in Beatty Township.
Since the fire swept the Munro district, prospecting has been comparatively easy. Several promising veins have been uncovered since the fire. The latest is on the Burton Veteran lot, west of the Croesus, where a good find was made recently.

### **BIG RISE IN TIN** ON PITTSBURG MARKET

Pittsburg, Oct. 7—The most important independent tin plate interest announced today that it had decided to make a price of \$6.00 a base box on tin plate for the first half of 1917, an increase from \$3.60, the price of a year ago. All bolders of tin plate contracts are now specifying in full, with the result that mills will be forced to carry over into the new year fully two months of production, due customers at the old rate of \$3.60. As a result of this condition, it was stated today, tin plate mills will in future market their output for six months instead of for the entire year. Pittsburg, Oct. 7-- The most important stead of for the entire year.

### WHEAT SWINGS UP ON BRISK DEMAND

Strongly Influences Market at Chicago.

### ARGENTINE CROP BAD

Issues, Which Receded, Rally No Rain Falls-Quotations Sharply Advance at Buenos

Chicago, Oct. 8.—Wheat prices took an upward swing, influenced chiefly by emphatic official denials that Ambassador Gerard's visit to the U. S. had anything to do with peace proposals. The market closed strong, 1% to 1½c higher. Oats finished unchanged to a shade lower and provisions unchanged to 37½c higher.

Oats finished unchanged to a shade lower and provisions unchanged to 37½chigher.

Discrediting of peace rumors seemed to be sufficiently ample to warrant a majority of traders in abandoning the bear side as soon as the market opened Saturday. Liverpool advices telling of fears of renewed submarine activity were ignored, and the day's business was overlong before word was received that a German undersea craft had come entirely across the Atlantic and apparently was in a position to work unexampled havoc in shipping. All unmindful of such a contingency, the wheat pit gave attention to the buillish news at hand, which besides the peace denials, included rumors that the British government would commandeer the Canadian surplus supply of wheat.

Announcement that no rain had fallen in Argentina and that damage from drought was being extended on a broad scale did a good deal to strengthen the wheat market here, especially late in the session. Sharp advances in quotations at Buenos Ayres gave a noticeable stimulus to buying and so, too, did signs of a decreased U.S. visible supply total on Monday.

Corn rallied with wheat. At first the market had a tendency to ease off owing to fine weather and because of prospects of a larger crop movement next week. Oats averaged a trifle lower, despite the strength of other grain. Receipts of oats here this week were more than quadruple the amount for the corcorresponding time last year.

Higher prices on hogs afforded basis for a rise in provisions. Lard touched the highest level in years.
