Mrs. W. S. Savage, Toronto, Honored by King's Daughters

Gananoque, Ont., Sept. 30.—The twenty-first annual convention of the Ontario branch of the International Order of King's Daughters and Sons ended their labors tonight after a most successful gathering. The officers elected for the coming year were: President, Mrs. W. S. Savage, Toronto (re-elected); vice-president,

Mrs. A. C. A. Gordon, Ottawa; secretary, Mrs. Wm. Burnett, Cobourg (re-elected); treasurer, Mrs. J. E. Austin, Toronto.

SIX PERSONS KILLED IN MONTANA TRAIN WRECK

Butte, Mont., Sept. 30.—Engineer A. Mutz was killed; Joe Gormley, brakeman, seriously injured; five unidentified men killed and three other unidentified persons injured at Piedmont at 11:43 last night, when 40 empty cars ended their labors tonight after a most successful gathering. The officers elected for the coming year were: President, Mrs. W. S. Savage, Toronto (re-elected); vice-president,

BRITISH VESSEL ASHORE ON NOVA SCOTIA COAST

Halifax, N.S., Sept. 30.—The British steamship *Clare Hugo* Staines, Chatham, N.B., for Pictou, N.S., is ashore at Cape John, Pictou County, according to a message from Pictou received here this evening. The condition of the steamer is not known, but it is believed that her crew are in no danger. A wrecking craft has sailed from Pictou for the scene.

TRIES SUICIDE IN CELL AFTER FLORIDA WATER

Peterboro, Ont., Sept. 30.—(By Canadian Press)—Jack White, a laborer, attempted to commit suicide in the police station here this morning by cutting his throat with a small pocket knife which he had concealed in his shoe. He lost over a quart of blood, but his wounds will not prove serious. White entered the police station at 7:45 and asked to be placed in a cell. When he was later arraigned in police court on a charge of attempting to commit suicide it developed that he had been drinking Florida water and extracts. This, in addition to unemployment, brought about by unemployment, affected his mind and led him to commit the act.

On the right side of the photograph is Mrs. Lovatt, sister of the missing former secretary of Amey & Small, and on the left is Miss Clara Brett Martin, solicitor for the Doughty family. The two ladies are seen leaving the city hall after court examination, conducted by Col. Bruce.

EXPECT NEW DROP IN COST OF LIVING

Labor Department, Ottawa, Quotes Figures — Prices Towards Pre-War Levels.

Ottawa, Sept. 30.—(Canadian Press)—Further declines in the cost of living throughout Canada are to be expected. A statement from the labor department today says that the declines in prices already noted appear to be the beginning of a downward movement toward pre-war levels. Between March and July the retail prices of clothing in the United States were found to have fallen four per cent.

EXPECT NEW DROP IN COST OF LIVING

In December, 1913, the average weekly cost of a family budget in Canada, according to labor department statistics, was: Food, \$7.75; fuel, \$1.85; rent, \$4.05; clothing, \$3; sundries, \$3.18; a total of \$19.50. That total increased steadily until July, 1920, when it reached \$40.76. The items were: Food, \$16.48; fuel, \$3.64; rent, \$6.38; clothing, \$7.38; sundries, \$6.50. There was a decrease in the weekly budget in August, when the total receded to \$40.43; the items being: Food, \$16.42; fuel, \$3.76; rent, \$6.37; clothing, \$7.38; sundries, \$6.50.

SAYS CANADA IS EAGER FOR LEAGUE OF NATIONS

Princeton, N.J., Sept. 30.—Dr. John G. Hibben, president of Princeton University, in his speech of welcome to the delegates to the tercentenary of the landing of the Pilgrims, today endorsed the idea in a society of nations. Senator Raoul Dandurand, Montreal, also discussed the league of nations. He said: "We Canadians and you Americans, we have for the last hundred years settled our international difficulties by arbitration, as it should be the world over, and as it will be all over the world if the United States furnishes us the moral leadership, and we are hoping in the fulness of our souls for the league of nations."

HAMILTON

Hamilton, Sept. 30.—Controller Giffen has prepared for submission to the board of railway commissioners a good deal of the information gathered from Hamilton business concerns regarding the telephone rates question. Almost without exception the replies state that there is strong objection to any increase at all. About eighty delegates of the Ninth Congress of the Chamber of Commerce of the British Empire, arrived in Hamilton tonight and were entertained at a banquet at the Royal Canadian at the local chamber of commerce and the city council. There was a large gathering of representative citizens in attendance, and a most hearty welcome was accorded the visiting delegates.

That an acutely serious situation is developing as a result of the present high rents for all classes of houses throughout the city is the unanimous opinion of several Hamilton clergymen, particularly those whose charges are situated in the districts populated by workmen. In their work they are meeting with cases of real distress resulting from the situation. It transpired yesterday that the meeting of the board of railway commissioners here on Oct. 7 will not be for the purpose of hearing the city's case in opposition to the Bell Telephone Company's rates increases, but for the hearing of the application of the Grand Trunk Railway for authorization to reconstruct the bridge over its right-of-way at James, MacNab, Hushon, John, Catharine and Mary streets.

GLASS EYES Shell or Return, in all Colors. F. E. LUKE OPTOMETRIST and OPTICIAN 167 YONGE STREET, Toronto Opp. Simpson's, TORONTO Marriage License.

TORONTO CHINAMAN SUICIDES IN WOODSTOCK

Had Been Sentenced to Five Years in Jail for Store Thefts.

Woodstock, Sept. 30.—(Special)—Mark Tong, a prisoner in the local jail, committed suicide in his cell this afternoon. Tong, whose home was in Toronto, was sentenced with another Chinaman named Wong Ting to five years in Kingston on three charges of theft from local stores, and was in jail waiting to be taken to Kingston to serve his sentence when he ended his life. When the jailer took the evening meal to the cell, he found the prisoner hanging to the framework above the door. He had fastened one end of his necktie to the iron frame and the other around his neck, using a stool to stand on. This he kicked away. An inquest has been ordered.

MAYOR WILL NOT TRY ANY MORE O.T.A. CASES

Attorney-General Raney announced yesterday that W. A. McCormack had been appointed police magistrate of the town of Amherstburg. Interest is lent to the appointment by the fact that Mayor Reid of the town, who has by virtue of his office been sitting in a justice of the peace and hearing offences against the O. T. A., was himself fined for a breach of the act. Mr. Reid is not a regularly appointed J. P. but sat with his brother, who is, because of his position as mayor. In future, therefore, all the town's court cases will be heard by the new magistrate.

Cardinal Dubois Appointed To Archbishopric of Paris

Paris, Sept. 30.—Cardinal Dubois has been appointed archbishop of Paris. He succeeds the late Cardinal Amette. Cardinal Louis Ernest Dubois was born in St. Calais, diocese of Lemans, in 1856. He was created cardinal, proclaimed cardinal Dec. 4, 1916. He is archbishop of Rouen.

Mysterious Disappearance Of a Beaverton Woman

Beaverton, Ont., Sept. 30.—There is great anxiety felt from the sudden and mysterious disappearance of Mrs. Stephen West, from her home on the corner of Simcoe and Main streets, Beaverton, on Tuesday evening, Sept. 23, shortly before seven o'clock. Just after partaking of the evening meal, Mrs. West went out by the front door, while the others remained at the table, and has not been seen home since. The harbor has been dragged twice, the water above the dam was let down, the lake shore and river flatland thoroughly searched, but all in vain. She is about forty years of age, medium height, slight form, dark hair and eyes. She wore a plain white dress, no coat or hat.

ROCK TOWNSHIP COUNCIL

The township council was instructed to write the C.P.R. regarding James street and Simcoe road subways, which flood spring and fall, the former at times being a menace to life. A petition was received signed by ten out of 14 ratepayers for a water main on Testman avenue, Mount Dennis. A letter from R. C. Harck of the Toronto works department promised a partial water supply for Atlas avenue. A bylaw was passed for the construction of a four and a half foot sidewalk on McNab avenue, from Atlas to Dunelm avenue, \$2,650. Also for a bituminous pavement on Atlas avenue, from Normanna avenue, 190 feet northward. Deputy Reeve Barker was in the chair.

FLOWITES IN FINAL. Brantford, Sept. 30.—Hamilton Flowites, in a great finish, here this afternoon, defeated Guelph by the score of 4 to 3, in the O.B. semi-final, and are qualified to meet Peterboro in the final series. Guelph led until the eighth inning, and with two out, Whetstone weakened, passing two men and allowing two hits. With runners on third and second, Murphy was called to the rescue and Cumpson's drive to centre scored the winning counter. Whetstone up to the eighth had pitched invincibly well, while Miller for Hamilton, subsection thus far this year, had struck ten batters out. The game was a snappy fielding affair, and rosters in plenty arrived in Brantford for both teams. The score: Guelph..... 0 0 1 0 2 0 0 0 0 0 4 5 0 Hamilton..... 0 0 0 0 0 0 0 0 4 5 0 Batteries—Whetstone, Murphy and Penner; Miller and Cumpson. Umpires Burke and Barber.

ROBERTSON WARNS BIG UNION MINERS

Points Out Coal Surplus in West Would React on Strikers.

Calgary, Alta., Sept. 30.—Just before attending a conference with Alberta coal mine operators Thursday morning, Hon. Gideon Robertson, minister of labor, in the course of an interview with the Canadian Press, referred to a feature of the coal mining situation, which he intimated was entirely lost sight of by the One Big Union electric meat that threatens to call a strike Friday. "It may not be generally known," remarked the minister, "that during the first seven months of this year there were more than one million tons of coal in excess of the 1919 production, and that quite substantial reserves of both bituminous and lignite coal have been accumulated during the summer months.

FLOOD OF GOLD FOURS INTO UNITED STATES

Arrivals Today and Tomorrow Will Total \$25,250,000.

New York, Sept. 30.—(By Canadian Press)—Gold will literally pour into the United States at the end of this week. The Baltic, due to arrive tomorrow, is carrying a cargo of \$16,750,000 from London, while the Imperator on Saturday will arrive with \$5,500,000. Of the Baltic's consignment \$3,500,000 represents the first shipment of gold to the Federal Reserve Bank of New York of the reserve system's holdings of approximately \$111,000,000 earmarked in the vaults of the Bank of England. The shipment on the Imperator is also for the same account.

MEN ARRESTED IN THOROLD ARE REMANDED FOR WEEK

St. Catharines, Sept. 30.—(By Canadian Press)—Seventeen persons arrested in connection with the Thorold riots of August 16, and admitted to bail, were all before Magistrate Fraser of Niagara Falls today, as committed to the county jail for a week, and were remanded for another week, bail being renewed in each case. The crown was unable to proceed, the reason being given that the evidence taken at the first inquest is not ready. Magistrate Fraser stated that when the case came up for preliminary hearing next Thursday there will be no further enlargement.

SUBSTANTIAL INCREASE IN CUSTOMS RECEIPTS

Ottawa, Sept. 30.—(By Canadian Press)—An increase of \$23,806,017.03 is shown in the customs receipts for the six months ending September 30, 1920, as compared with the corresponding period of 1919. In the month of September, just closed, there was an increase of \$697,658.50, as compared with September of last year. Receipts for the six months ending Sept. 30, 1919, were \$82,263,212.02; Sept. 30, 1920, \$106,075,229.10, an increase of \$23,806,017.03.

GALVESTON PIERS BURNED; WARNING FROM CANADA

Galveston, Texas, Sept. 30.—The second disaster in the United States within a month to be presaged by a sort of warning note from Canada occurred here early today, when a fire destroyed piers 35 and 36, doing damage estimated in some sources at \$2,000,000. Fire Chief Ryan declared this morning that he received a letter yesterday postmarked from "Some City in Canada," warning him that he was "going to be destroyed." The letter, which he took to be the work of a crank, was signed merely "John."

New South Wales Assembly Proposes New Land Purchase

London, Sept. 30.—The New South Wales assembly is proposing legislation to compel the large land owners to sell land on reasonable terms in connection with the government's settlement scheme. Tens of thousands of soldiers are waiting for land and only four thousand cases have been dealt with.

CUTICURA HEALS SISTER'S ECZEMA

In Rash All Over Body, Burned And Itched. Could Not Rest. "My little sister had eczema all over her body. It came in a rash and was burning and itching. She could get no rest, and we would have to wet her clothing to take it off. She was so miserable that she was breaking out in eczema all over her body. She had the eczema about five months when we tried Cuticura Soap and Ointment. We could see that she was getting relief, and we just used one cake of Cuticura Soap and one box of Cuticura Ointment when she was healed." (Signed) Miss Jessie Campbell, Sunny Brae, Nova Scotia, January 16, 1914. You may rely on Cuticura Soap and Ointment to care for your skin. See also Ointment 25 and 50c. Sold throughout Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap shares without measure.

TORONTO'S NEW RECORD IN AUTO FATALITIES

The automobile made a record-breaking death list on the streets of Toronto during September. Eleven people were either killed or died from injuries received in motor accidents.

ALGONQUIN PARK.

Commencing October 5th, a through sleeping car will be operated between Toronto and Algonquin Park, leaving Toronto 8.45 p.m. Tuesdays and Fridays, arriving Algonquin Park station (The Highland Inn) 11.52 a.m. Wednesdays and Saturdays.

LEAVES LARGE SUM FOR WAR CHARITIES

Woman Bequeaths Money for Investment, Particularly to Help Young Widows.

The residue, amounting to about \$200,000, including moneys coming from Mrs. Hammond, by will at her death, is devised to be invested in war charities to be selected by Harold de Pass and Robert J. Cooke, of London, England, and which charities are more particularly to do with young war widows, who were left widows by the war and need help.

Under a will made December 15, 1915, John Hume, who died June 21, devised an estate amounting to \$24,000. Property in the houses at 149, 151 and 153 Redpath avenue, \$6,000, and 96 Erskine avenue, \$2,000, cash \$7,745, stocks \$5,722 and mortgage \$2,536.

TRUE BILLS RETURNED.

True bills were returned by the sessions jury yesterday against Fred Allen and Harry Spang for stealing and receiving a quantity of cigarettes and tobacco from the C.P.R. A. V. Eagle, stealing and receiving one automobile belonging to the Northern Tax Co.; Claude Rees, obtaining \$1,207.03 from Commercial Finance Ltd.; Daniel Coney and George Seymour, assaulting Alex. Miller with intent to rob him.

OBJECTS TO DICTATION.

"I am not saying that I am opposed to the early closing bylaw," stated Magistrate Ellis yesterday, "but what I do object to is that anyone should come into the court and say: 'You should have fined so and so more than you did. You fined him only \$1; you should have fined him \$10.'"

EAST SIMCOE ELECTION PETITION IS DROPPED

Failure to file particulars of his petition against the election of W. J. Johnston, the U.F.C. member of the legislature for East Simcoe, indicates that Major J. P. Bennett, a defeated Conservative member, has given up. The time limit for filing—fourteen days before the day set for trial—expired at 4 p.m. yesterday.

NEW SLEEPING CAR LINE

Canadian National Grand Trunk announce, commencing Monday, Oct. 4, a new sleeping car line between Trenton and Montreal, leaving Trenton (C.N. station), on train No. 30, at 9:10 p.m., daily except Sunday, arriving Kingston Junction at 11:15 p.m., leaving Kingston Junction train No. 28 at 1:55 a.m., arriving Montreal, daily except Monday, at 7 a.m. Returning, this car will leave Montreal at 7:30 a.m., daily except Saturday, remain at Kingston Junction until 6:15 a.m., and be handled from Kingston Junction to Trenton on train No. 29, due Trenton at 8:10 a.m. This will be a great convenience to Kingston, Belleville and Napanee passengers to and from Montreal.

ADOLESCENT SCHOOL ACT

It is announced that the adolescent school act, passed at the last session of the legislature, and which, it is estimated, would throw 20,000 more pupils into the public schools of Toronto, will not come into operation until three years hence.

SAYS OPPORTUNITY SCHOOL IS HOBBY

Education Board Requests Report on Covered Playgrounds for Winter.

At a meeting of the property committee of the board of education yesterday afternoon...

At the suggestion of Trustee McClelland, chairman of the committee, a report was called for from the building department with respect to a policy to be adopted by the board regarding the construction of old playgrounds for use for winter.

Trustee Bell called upon the committee to take some action to make sure that all electric wiring was properly completed with regard to safety before payment to contractors.

A resolution was adopted that school contractors who do not proceed with their work after three days due legal notice be dismissed and the work completed by the board's building department.

The Plymouth Brethren were granted the use of a portable building at Wilkinson Public School for three months.

Progress with the erection of a new school on the old Denison street playground was again blocked.

The committee voted three against the old Denison street site, and two for.

Coal by the pound was being bought by the board of education, according to an account received by the committee.

The committee at first refused to recognize bills for coal by the pound as contracts are by the ton.

An explanation by the clerk of supplies was that the coal was bought at \$18 a ton, and the account was made out by the pound to conform with the exact weight delivered.

STEEL PLANT TRIAL One of Eight Mills Planned by Baldwin Company Now in Operation.

The two million dollar Baldwin steel plant at Ashbridge's Bay was given a trial run yesterday afternoon in the presence of a number of visitors.

At present only one of the eight mills planned are in operation. It is equipped with rope drive apparatus and 1500 h.p. Westinghouse motors.

There are 500 hands employed at present and this number will be increased to 1000 in about six weeks and to five or six thousand when the whole plant is completed and in operation.

Officials of the company who were present yesterday when the demonstration took place were: President A. M. Russel, General Manager S. R. Cooch, and Secretary R. S. Smith.

Among the citizens present were: Messrs. R. Home Smith, J. Lash, Roy Miller, Fred Miller, E. L. Cousins, H. A. Cooch, Mrs. A. M. Russel, Mrs. Roy Miller, Mrs. Fred Miller, Mrs. E. L. Cousins, Miss Church, Mrs. H. A. Cooch.

The keynote of the unique success enjoyed by "SALADA" TEA

is the confidence of the consumer. Wherever it is sold, Salada is always good alike.

NEW REGULATIONS FOR BRITISH IMPORTS For the benefit of importers, the Toronto Board of Trade wired the commissioner of customs at Ottawa as follows: "How can our importers get the benefit of the new regulation adopted July 22 last regarding values of currency from different countries. Does it apply to British importations?"

To this query the following reply was received from the commissioner: "Home consumption value on invoices should be made out so as to show value of goods in standard coin currency of country of export and if purchased in paper currency such may be shown in other column on invoice. Regulations apply to British importations. Write."

PURSE OF GOLD FOR WOMAN PRESIDENT Reports on the department of the stranger in connection with the Methodist W.M.S. were given at the conference in session at Dunn Avenue Church yesterday.

Mrs. W. E. Prescott of London told of an overseas representative for immigration work and of chaplains at the port of entry, through official lists of Methodists coming to Canada are passed on to the place in which the newcomers intend to live.

Reports on the "Palm Branch" and other literature were also received. During the sessions Mrs. W. E. Ross, who last year gave up office after twenty-three years of presidency, was presented with an illuminated address, a bouquet of flowers and a purse of gold. The presentation was made by Mrs. W. B. Wilcott and Mrs. E. E. Marshall.

STREET RAILWAY DUES. The T.S.R. percentage question will come before the board of control next Thursday and any recommendation disposing of the issue will receive the attention of council on Monday, Oct. 11.

WOMAN KILLED AT RAILWAY CROSSING

Was Wife of Blind Man Whom She Was Endeavoring to Support.

Yesterday's fatal accident at the Royce avenue gates, C.P.R. crossing, in which Mrs. Frank Harris, the wife and sole support of a blind man, was instantly killed, has again aroused sentiment in favor of abolishing level railway crossings in the city.

According to information received Mrs. Harris had only just received from a trip to Whitby, where her husband is dying, and had left the home a quarter of an hour before she was struck by the train, a freight, bound for Simcoe to Lambton, the accident occurring at 2:15 a.m.

Gilbert Dennis, gateman at the crossing, was up in his box, and did not see anyone crossing the rails. A passerby, Mrs. Holstock, 5 Brad street, a passerby, one crosses the tracks, followed immediately by a boy who ran swiftly towards this other person. The next thing she knew the woman had been killed.

Attached to the bodies of the dress was a card of identification, which read: "I am Mrs. Frank Harris, the wife of blind man, whom I am trying to support by selling matches and other articles. An inquest has been ordered, but the date has not been set."

FORMER MINISTER DENIES KNOWLEDGE (Continued From Page 1). were not known, and two were railway companies.

Mr. Ferguson: "I'll say this: No man should serve two masters, whether he is a lawyer or a culprit, or whatever he is!"

In 1916, J. D. Greer had made application for a permit, but subsequently withdrew it. Later a second application for a permit was made by Greer and this was granted, but the area was reduced in size from that originally applied for.

This transaction was not approved by the crown lands agent. The granting of a permit was entirely at the discretion of the minister, and the evidence showed that Greer had given all kinds of trouble to the department, and had cut ties after being told not to, he had nevertheless granted an extension of his permit. But "this was a departmental matter, I can't remember," was Mr. Ferguson's answer.

Mr. Harding: "Col. Little of Port Arthur was an active politician. Did you ever tell Mr. Wylie of the Conservative Association of Port Arthur that Col. Little had to be consulted?"

Mr. Ferguson: "That is not true." Important Change Made. Subsequently the permit issued was changed into two separate licenses, and the reason for this, Mr. Ferguson thought, was to secure ground rent. He could not remember seeing Col. Little in connection with the change. The change was purely a departmental matter.

Judge Latchford expressed surprise that this was the case. Judge Latchford: "Why was the crown timber agent's recommendation overridden by the department?"

Mr. Ferguson: "I understood his objection was to the size of the area." Judge Latchford: "The suggestion is that if Col. Little had not intervened the crown timber agent's recommendation would not have been overridden."

Mr. Ferguson: "There is no truth in that." Judge Riddell: "We were told at Port Arthur that Col. Little was the man who could get what he wanted from the department."

Mr. Ferguson: "That's all rot." Mr. Harding: "Whether it's true or not, Little made \$10,000 without putting up a cent."

In regard to the withdrawal of the Black Bay peninsula from prospectors, Mr. Ferguson admitted mining licenses in that area were issued improperly, and the reason why he did not take proceedings against certain people to secure the cancellation of their patents was because he thought the department could not successfully prosecute in the courts.

These Missing Letters. Coming to the matter of missing letters and documents from the files of the department of lands, forests and mines, Mr. Ferguson wanted to know what letters were alleged to be missing.

Mr. Harding: "Will you tell us what letters you took?" "I will do that, but think my first suggestion the better," replied Mr. Ferguson.

Judge Riddell: "You can't conduct this inquiry. You will have your opportunity in good time." Proceeding, Mr. Harding said that the applications, former secretary, Mr. Hale, in his evidence said that the examiner had taken a great many letters away from the department.

Mr. Ferguson said all the letters he took away only filled half a dozen transfer cases. Witnesses could not understand how letters written to him by S. M. Marks of Port Arthur were not on the files, and also that he had no recollection of receiving them, neither did he have any record of replying to the Marks letter.

Referring to the Bigwood grant, Judge Latchford wanted to know why competition had not been invited.

"If we had been possessed of the proper organization in the department, we should have done the experiment ourselves. As it was, some lumber organization had to do it for us."

Should Get High Price. Justice Latchford: "But wasn't it your duty to get the highest price for the timber, if equal conditions were observed?"

"No, your lordship, I don't entirely agree." "But wasn't it your view to get the highest possible price?" asked Justice Latchford.

"I won't let your lordship put that view in my mouth. My idea was to get the best thing for the future of the province. It was all done by sound business arrangements with sound business men."

Justice Latchford: "Agreeing, as every one does, that forestry is important, that brush-burning experiments were important, is it not also important to get, at the same time, the highest price that is to be had?"

"Undoubtedly." Both Mr. Harding and Justice Latchford wished Mr. Ferguson to understand they intimated nothing.

It washes the hardest things—easily

Do not get up early in the morning to heat the water for washday. Use Rinso and wash the clothes in cold water. You will save time and the cost of heating water. Your washing will be done sooner and your clothes will be more clean if you use Rinso—the pure soap granules—as harmless as pure water itself.

At Night—Soak the clothes in the rich, bubbly Rinso suds. Morning—Rinse them out—that's all!

The Toronto World

FOUNDED 1850. A morning newspaper published every day...

FRIDAY MORNING, OCTOBER 1.

The Baseball Scandal.

The indictment of the eight baseball players in Chicago will create as much talk in the United States as...

What happens it that goods imported from the United States get such a preference as to nearly nullify the so-called preference to British imports...

Chicago bankers are to use armored cars returned from France to convey money thru that city's streets.

With provincial and civic election campaigns on his hands Mayor Church's almost daily castigation of the school board and the city legal department may be temporarily interrupted.

Speaking of Toronto citizens' dislike to be seen carrying lunches these days, a Montreal paper asks: "What could you expect of a city where women are ashamed to carry a market basket and take club bags?"

Talking of rent profiteering The World heard yesterday of an apartment suite, the rent of which is now \$110 a month, and was to be raised on Oct. 1 to \$185 a month.

New York State is to follow up the "carry-your-lunch" campaign with a "build your own home" movement started as the result of the clause in the local taxation law that exempts from local taxation all houses upon which work is started during the next eighteen months.

mediate tariff which may be extended to foreign countries for a consideration. The Americans, being our sharpest competitors, and giving us no tariff concessions to speak of, are expected to pay the maximum tariff duties, and evidently those duties should be collected upon a true value of the imports in Canadian money.

Why our commissioner of customs does not wake up to the fact that American money is at a premium in Canada we do not understand. One can easily see how a very substantial preference will be extended to goods imported from the United States if the spread increases between the Canadian and the American dollar.

What happens it that goods imported from the United States get such a preference as to nearly nullify the so-called preference to British imports. A man brings into Canada goods from the United States invoiced at \$10,000. They are assessed for duty at a valuation of \$10,000. The importer pays, say 23 per cent, the maximum tariff rate on such goods, or \$2300. But he pays this \$2300 in Canadian money. The goods have cost him not \$10,000, but \$10,000, plus \$2000 exchange, and a 33 per cent duty should mean \$990 more than he is actually paying.

Chicago bankers are to use armored cars returned from France to convey money thru that city's streets. "What is one thing worth remembering when like this that the difference in favor of the importer of British goods should be \$100, but the rulings of the customs department cut it down to \$440. It may be said that the premium on the American dollar is not 30 per cent, as we suppose, for the purpose of our illustration, but only a trifle over 10 per cent. The British preference is not reduced so much as it would be were the Canadian dollar at a greater discount in New York. But the principle involved is just the same, and the cutting down of the British preference under the ruling of the customs department is undeniable.

What makes it more exasperating is that the customs department is practically building up preferential treatment for American imports at a time when the Canadian manufacturers are threatened with a deluge of American competition at slaughter prices, and Canada is in danger of becoming a dumping ground for the American manufacturer. When a man brings goods into Canada worth so much in American money they should be so appraised for customs purposes. Every person every day runs up against this premium on American money. No child would be so weak-minded as to give up an American ten dollar bill for a Canadian ten dollar bill. Yet our customs officials at Ottawa have apparently never heard of the spread between the Canadian and the American dollar. "Diller a dollar, a 10 o'clock scholar," goes the old rhyme of Mother Goose. The scholar thus immortalized was rather a sleepy scholar, we judge, because instead of arriving for his lesson at 8 o'clock, he did not turn up until 12. Let us hope that the commissioner of customs will show himself to be more wide-awake and diligent.

MR. PUBLIC: Don't you think you had better let's see what's in the bag before you start talking millions, Mr. Ellis?

BOARD TO HEAR DISPUTE OF RAILWAYS AND CLERKS

Ottawa, Sept. 30.—(By Canadian Press.)—The Minister of Labor has established a board of conciliation to hear the differences between the Canadian Pacific, Grand Trunk and Canadian National Railway companies and certain of their employees, being clerks, timekeepers and checkers, members of the International Brotherhood of Railway Clerks, freight handlers and station employees.

IMPERIAL CONFERENCE WILL BE POSTPONED

London, Sept. 30.—It is expected that the imperial conference will be postponed until 1922, owing to differences among the dominions on proposals for a departmental rearrangement in London.

GRAND TRUNK RAILWAY SYSTEM TIME TABLE CHANGES, SUNDAY, OCTOBER 3, 1920.

Train No. 35, leaving Cobourg 6.20 a.m., arriving Toronto 8.45 a.m. daily except Sunday, for Cobourg and intermediate stations, will make last trip on Saturday, October 2.

IMMIGRATION LAST JULY JUMPED FIFTY PER CENT.

Ottawa, Sept. 30.—(By Canadian Press.)—An increase of 50 per cent in the immigration in July, 1920, as compared with the same month of 1919, is shown in the July figures for the department, which were issued today. In July, 1919, there were 11,077 immigrants and in July, 1920, the number had increased to 16,661 from all countries.

Body of Unidentified Man Found Near Niagara Factory

Niagara Falls, Ont., Sept. 30.—The body of an unidentified man was found on the grass beside a tree in the rear of a factory over the river last night. A thin rope had apparently been used for the suicide, having broken after strangulation. Buffalo to Toronto, was found on the body.

SUCCEEDS WINKLER.

Winnipeg, Sept. 30.—G. J. H. Malcolm, a member of the Manitoba legislature for eleven years and prominent grain grower, was formally sworn in as minister of agriculture for Manitoba today. Mr. Malcolm succeeds the late Hon. Valentine Winkler.

ARRESTED AT WOODBINE.

Two Buffalonians, Harry F. Pratt, 62 East Huron street, and Edward Ellerman, 904 Smith street, were arrested yesterday afternoon by Detectives Whitelaw and Ward at the Woodbine track. The true nature of the charge has not been ascertained, but that of vagrancy was preferred against them.

NOT ENTHUSIASTIC OVER GREY'S PLAN

British Press, However, Receives Irish Scheme With Respect. London, Sept. 30.—The high reputation of Viscount Grey as a man and statesman assured his Irish proposals prominence in the press. Altogether they were received with interest and respect, if not with enthusiasm, while in some quarters they are rejected almost impatiently.

RAISE MONTREAL MILK PRICE.

Montreal, Sept. 30.—W. L. Carr, secretary of the Milk Producers' Association of Montreal, stated this morning that the price of milk was going up one cent a quart and would be sixteen cents during the months of October and November.

CHAPTER VII. A FAINT-HEARTED ALLY.

That moment was a vital one in the lives of those two; it influenced the lives of others in lesser degree, but to

And now again we see the efficiency of the grand jury in the United States, which, in Canada, is a mere fifth wheel to the judicial wagon. The serious-minded inquisition is a powerful weapon when a conspiracy is to be investigated. It is a whip that may always descend upon men who combine for crooked dealing. Once under way the investigation before a grand jury sows dissension among the conspirators. No one can be sure that someone else has not "come thru." Hence there is always a race for the immunity bath, which a full and frank confession may procure. Why our attorney-general, crown attorneys, and the supreme court allow this weapon in our legal arsenal to grow rusty from disuse we are unable to understand. It would often probe deeper and get quicker results than a royal commission.

The American Preference. Goods imported from the United States, if dutiable, are liable to pay the rate prescribed by the general tariff. We have a preferential tariff for British countries, and an inter-

DIPHTHERIA SHOWS LARGE INCREASE

Provincial Authorities Report Disease is Still Prvalent.

The incidence of smallpox in the province for the month of September, according to the provincial board of health, shows a material decline; 27 municipalities reported 33 cases with one death, compared with 171 cases for the month of August. The municipalities reporting the greatest number of cases are: Ottawa, 13; South St. Marie, 8; Belleville, 4; Augusta township, 7; Brooke township, 15.

The returns made for scarlet fever show but little variation with the former month of the year in the number of cases reported; only three

deaths occurred during the month. As for diphtheria, there is a considerable increase in cases and deaths over that of August, which would indicate the disease is still prevalent in some localities in the province, but not to the same extent as in the earlier months of the year. While the cases and deaths given in the quarterly returns ending September 30 greatly exceed those of the corresponding months of 1919, the case mortality is very little higher, being 13.1 as against 12.3.

Falling Off in City.

The city health department's monthly statement for September shows a falling off of communicable diseases. The number of cases under supervision for the last three months are:

Disease	1920	1919	1920
Diphtheria	158	166	197
Scarlet Fever	83	74	83
Typhoid Fever	33	12	36
Measles	16	6	54
Smallpox	2	2	7
Tuberculosis	55	24	59
Chickenpox	6	53	16
Whooping Cough	78	92	84
Mumps	6	33	3
Diphtheria Carriers	37	41	41

RESERVE DECISION IN DUFFERIN CASE

Argument of Counsel in Election Trial at Osgoode Hall.

Judgment was reserved yesterday at Osgoode Hall by Chief Justice Mulock and Justice Ross in the county Dufferin election appeal, the election of F. K. Slack, the U.F.O. member, being challenged.

Counsel for the petitioners who sought to have Mr. Slack's election declared void, based his case on grounds of corrupt practices. Justice Mulock asked counsel: "Do you mean to say that Mr. Slack, in making the statement that he would pay back expenses, had in his mind the influencing of these men in voting?"

"Yes, my lord."

"Absurd."

On the question of payment of scri-

LACROSSE PLAYERS GET SUSPENDED SENTENCE

Three hefty lacrosse chieftains, Ernest Johnstone of the Mimico team, Cecil Johnstone and R. C. Gordon of the Orangeville team, were yesterday let off on suspended sentence on the charge of assault, preferred as the result of injuring R. N. Irvine, an innocent bystander, at the exciting game held on the Mimico grounds last Saturday afternoon.

In giving judgment, Magistrate Brunton stated that a rather peculiar idea of sport maintained sway in Canada, and that it was surprising the common and high schools did not teach the meaning of true sport.

The injuries were said to have been received in a free-for-all riot which followed an inadvertent hit during the exciting game.

MARKED DECLINE IN HOUSE BUILDING

Only One Hundred Permits Issued for New Dwellings in Last Month.

The city architect's department issued permits in the month of September totalling \$2,165,000, which was a slight falling off from September of last year, when the total was \$2,390,000.

Some of the largest permits issued yesterday by the architect's department were:

Sydney E. Hessen, dwelling and garage, 19 St. Leonard's avenue, \$8,000;

A. M. Hough, dwelling, 76 Dowling avenue, near Queen, \$5,000;

Blackburn & Adare, pair dwellings,

INSURANCE MEN AT TORONTO CONVENTION

Experts representing the life, accident, liability and group departments from the head offices in Hartford, Conn., are in Toronto addressing the seventy-five delegates to the Ontario agency convention of the Travelers Insurance Co. Conventions are also being held in Montreal and Winnipeg, demonstrating the increase in all lines since the incorporation of the company in 1868.

Addresses were given yesterday on accident and liability insurance by W. C. Bailey and M. G. Wolfe. Agency discussions are an important feature of the convention.

The delegates had a dinner at the King Edward last night, followed by a theatre party.

RUN OVER BY MOTORCYCLE

William Innes, 71 years of age, who was run over by a motorcycle at 10 o'clock yesterday morning, at the corner of King and Princess streets, is resting easily. He suffered a fractured leg and bruised arms.

TO PRESENT SERUM REPORT

Unofficial reports state that the report of Dr. Glover on his cancer serum will be given at a meeting of the Academy of Medicine some time in October. The flow of patients at the headquarters recently established by Dr. Glover continues unabated, and the now noted doctor and his assistants unceasingly apply themselves to suffering humanity and the means for their relief.

THE AUTHENTIC LIFE STORY OF A. W. Chase, M.D.

The Well-known Author of Dr. Chase's Receipt Book and Originator of Dr. Chase's Family Medicines

Respectfully
A. W. Chase, M.D.

Extracts from Certificates and Diplomas in the Doctor's Possession, Connected With His Study of Medicine

- "Ann Arbor, Mich. I hereby certify that A. W. Chase has prosecuted the Study of Medicine under my instruction during the term of two years, and sustains a good moral character." (Signed) O. B. Reed, Physician, "Belle River, Mich."
- "University of Michigan. College of Medicine and Surgery. This certifies that A. W. Chase has attended a full Course of Lectures in this institution." (Signed) Silas H. Douglass, Dean, "University of Michigan, Ann Arbor."
- "Eclectic Medicine Institute, Cincinnati, O. Know all men by these Presents, That A. W. Chase has sustained an honorable examination before the Faculty of this Institute, on all the departments of Medical Science, etc. . . . Wherefore we, the Trustees and Faculty, . . . by the authority vested in us by the Legislature of the State of Ohio, do confer on him the Degree of Doctor of Medicine." William B. Pierce, President. W. T. Hurlbert, Vice-President. James G. Henshall, Secretary.
- "Signed also by seven Professors, embracing the (seal) names of Scudder, Bickley, Freeman, Newton, Baldrige, Jones and Saunders."

What the Doctors Say---

- DR. A. S. WITTER, Eclectic Physician, of Battle Creek, Mich., says: "Either of Dr. Chase's preparations for the Agye is worth double what he asks for the whole list of recipes."
- PROF. A. H. PLATT, M.D., of Antioch College, Yellow Springs, O., says: "To the Medical Profession: This Certifies that the recipe in 'Dr. Chase's Collection' for the cure of uterine hemorrhage, is original with me, and has been used in my practice for nearly twenty years, without a single failure."
- W. J. COOK, M.D., of Mendota, Ill., says: "I have examined Dr. Chase's recipes and find two or three worth more than he asks for the whole collection."

From the Records of the Pioneer Society of Washtenaw County in Which Ann Arbor Is Situated

DR. ALVIN WOOD CHASE, physician, and author of the celebrated Dr. Chase's Receipt Book, was born in Cayuga County, New York, in 1817. He was a son of Benjamin Chase, a native of the State of Massachusetts. When Alvin was eleven years of age his parents located near Buffalo, N.Y., where he grew to manhood, receiving a very limited education, in a log school house. His desire for knowledge was so strong, coupled with an ambition peculiar to his naturally energetic disposition, that he far outstripped his more dilatory companions of that humble institute of learning. When seventeen years old he left New York and found employment on the Maumee River, in the meantime devoting his spare moments to study. In 1840 he located at Dresden, Ohio, where in the spring of 1841 he married Martha Shutts, daughter of Henry and Martha Shutts, natives of New York. To this noble and gifted wife, and mother of his children, may be justly attributed much of the success that followed the doctor during his long and eventful career. From the days of his boyhood he entertained a wish to study medicine, and awaited with impatience the time when he might become a member of the fraternity. After many wanderings he settled in Ann Arbor, Mich., in 1856, where, to his intense delight, he was enabled vigorously to prosecute his studies in what was to be his future life-work.

He attended lectures in the medical department of the State University during 1857 and 1858, and graduated from the Eclectic Institute of Cincinnati, Ohio, in the meantime. Prior to 1869 he traveled over a large part of the United States, acquiring valuable knowledge, only gained by practical experience, which proved a good foundation for the wonderful book which afterward gained such great celebrity. The first edition of the work, like all subsequent ones, proved a great success, and soon placed the author on the high road to fortune. In 1864 he built the first part of that magnificent structure that still bears his name. It stands on the corner of Main Street and Miller Avenue, and is an ornament to our city. The building was completed in 1868. The business has so increased that at this time fifty persons found constant and remunerative employment within the walls of the building; and the hospitality and liberality of the Doctor to the employes of the institution, as well as to the needy ones of the city, were always subjects of admiring comment.

In 1873 he published his second book, of which many thousand copies were sold, and it is safe to say that fully one million and a half have found their way into the homes of this and foreign countries.

A few years only have elapsed since Dr. Chase was considered one of the most prosperous and well-to-do citizens of Ann Arbor; losses by thousands and tens of thousands of dollars greatly reduced his accumulations so honestly acquired. It is seldom the case that so much wealth is secured in so short a time by honest endeavor. He entered into no speculating schemes, but industriously pursued a very useful calling, bringing large profits without detriment to any, but, on the contrary, of great value to all. But, notwithstanding his losses, he did not lose his native energy and manliness of purpose, and stood before the community a conspicuous example of what energy, perseverance, and an indomitable will may accomplish. His liberality was remarkable, considering his income, though large. Many men, whose means were quadruple those of the Doctor did not give one-quarter as much for the advancement of education and benevolent enterprises.

He was once nominated for mayor of the city, but his business compelled him to decline the proffered honor. But the storms of life finally overtook him and swept with almost resistless fury around the now aged physician, and a few of the prejudices that characterize the human family found a resting place in the heart of this noble man; yet, when the last chapter shall have been entered in the book of life, the account will probably be balanced. The last earthly rites have been performed, and the aged veteran laid peacefully away beneath the shadow of the silent tomb. It may truthfully be said that he lived with malice toward none and charity to all. A beautiful monument marks the place where his earthly remains are laid away, but his real and ever-enduring monument is seen in his life, devotion and usefulness to his fellow man.

L. DAVIS, Secretary of the Washtenaw County Pioneer Society.
Ann Arbor, Mich.

Dr. Chase's Recipes Free

If you will send your name and address, and a two-cent stamp to pay postage, we will send you, free, a paper-covered copy of Dr. Chase's 1000 Recipes.

Ann Arbor References

- The following statements are given by my neighbors, to whom I had sent the eighth edition of my "Recipes," asking their opinion of its value for the people, most of whom had previously purchased earlier editions of the work, and several of them used many of the Recipes; and surely their position in society must place their statements above all suspicion of complicity with the author in palming off a worthless book; but are designed to benefit the people by increasing the spread of genuine, practical information:
- Mon. Alpheus Felch, Ann Arbor, Mich., one of our first lawyers, formerly a Senator in Congress, and also Ex-Governor of Michigan, says:—"Please accept my thanks for the copy of your 'Recipes' which you were so good as to send me. The book seems to me to contain much valuable, practical information, and I have no doubt will be extensively useful."
- A Winonell, Professor of Geology, Zoology and Botany, in the University of Michigan, and also State Geologist, Ann Arbor, Mich., says:—"I have examined a large number of Recipes in Dr. Chase's published collection and from my knowledge, either experimental or theoretical, of many of them, and my confidence in Dr. Chase's carefulness, judgment and conscientiousness in the selection of such only as are proved useful, after full trial, I feel no hesitation in saying that they may all be received with the utmost confidence in their practical value, except in those cases where the Doctor has himself, qualified his recommendations."
- James C. Watson, Professor of Physics in the University of Michigan, Ann Arbor, Mich., says:—"I have examined your book of practical Recipes, and do not hesitate to say that so far as my observation and experience enable me to judge, it is a work which should find its way into every family in the land. The information which it contains could only have been collected by the most careful and long continued research, and is such as is required in everyday life. I can heartily recommend your work to the patronage of the public."
- Rev. L. D. Chapin, Pastor of the Presbyterian Church, Ann Arbor, Mich., says:—"Allow me to express to you my gratification in the perusal of your book. I do not regard myself as qualified to speak in regard to the whole book, for you enter into departments in which I have no special knowledge, but where I understand the subject I find many things of much practical value for every practical man and housekeeper; and judging of those parts which I do not by those which I do understand, I think that you have furnished a book that most families can afford to have at any reasonable price."
- Rev. Geo. Taylor, Pastor of Ann Arbor and Dixboro M. E. Church, Ann Arbor, Mich., writes as follows:—"As per your request, I have carefully examined your book of Recipes, recently issued, and take pleasure in adding my testimony to the many you have already received, that I regard it as the best compilation of Recipes I have ever seen. Several of these Recipes we have used in our family for years, and count each of them worth the cost of your book."

Your Railways and the Cost of Living

BEFORE the Privy Council at Ottawa protest against the new railway rates has been made on the ground that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rate, so that, although the railways might receive, say, only 40 cents additional freight charge on a shipment, the public would be forced by the distributing middlemen to pay many times that amount.

The managements of the various Canadian railways desire, through this, their Association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States railway rates—an increase similar to the increase in Canada—has actually been followed by a decrease in the cost of living in that country.

Furthermore

A great Canadian manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg, after being hauled from Montreal to Toronto, and Toronto to Winnipeg, would be increased only one-half a cent, even after the wholesaler had added 20 p.c. profit to the new freight rate and the retailer another 50 p.c.

He showed that these distributors, whether rightly or wrongly, added 15 cents to his mill price of 16 cents per yard.

Yet the railways carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods

from the mill to Toronto, and Toronto to Winnipeg, for one and one-half cents.

One and one-half cents as against fifteen cents.

We venture to believe that, whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may themselves be victims of a bad system or of an overcrowded trade. But it is to point out that if they add whatever percentages they, as a trade, find convenient, on top of the freight rates, the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down—merely because railway rates can be held down—while other prices soar as the various trades find necessary.

RAILWAY charges always must be a serious item in determining cost of production. But the management of your railways urge upon your attention this fact: That antiquated, overloaded and wasteful systems of distributing goods are much more properly a subject for public anxiety.

Canada cannot prosper without prosperous railways. Canadian railways cannot prosper unless Canada prospers.

In all sincerity let us suggest that the people of Canada beware of those who would restrict and even strangle the railways simply because control exists there—and is not so convenient in other departments of commercial activity.

The Railway Association of Canada

BASEBALL Old Scandals Are Raked Up GUILTY PLAYERS WILL FEEL HAND OF THE LAW

Chief Justice McDonald Says Confessions Will Not Save Sox Players - Jury Has Still Much to Accomplish and More Players Will Be Dragged Into Scandal.

Chicago, Sept. 30.—A declaration that the investigation of the 1919 world's series baseball scandal would be continued by a special grand jury, was made in a statement issued today by Chief Justice Charles A. McDonald, who ordered the original inquiry. Every suspicious game, he declared, is to be re-examined.

There need be no doubt about the prosecution of guilty players and their co-conspirators. None of those who have confessed have been granted immunity. In fact each has been ordered to stand trial.

There need be no doubt about the prosecution of guilty players and their co-conspirators. None of those who have confessed have been granted immunity.

National League Next. The testimony of President John A. Heydler of the National League before the grand jury yesterday, was the second of a series of statements.

MADE QUARTER MILLION. New York, Sept. 30.—Ten gamblers made at least \$250,000 as a result of bribing members of the Chicago American League team in the 1919 world series, said a statement made here today by Abe Attell, former featherweight champion, whose name has frequently been mentioned in connection with the Chicago investigation.

HEINIE DENIES FIXING GAMES. New York, Sept. 30.—Heinie Zimmerman, who Manager McGraw of the Giants said was dropped from the team when information came to him that Zimmerman had offered Benny Kauff \$500 to "fix" games, last night denied that he had ever made such an offer to Kauff.

Salisbury Cleans Up At St. Matthew's Club. H. G. Salisbury won the semi-final in the cold and rain yesterday at St. Matthew's for the Kemp Trophy with W. Dewley, his vice, for the fourth consecutive victory.

CHEESE MARKET.

Kingston, Sept. 30.—At today's regular meeting of the Frontenac cheese board...

Conditions Favor a Boom In Gold Stocks

INCREASED production of commodities and the stringency in the money market are having the effect of bringing prices down.

A further big decline may be confidently looked for. These are conditions which greatly benefit the gold mines; simply because of the fact that they assure lower gold production costs from now on.

L. G. Harris & Company Stock Brokers

Head Office: 1601 Royal Bank Building, Toronto. London, England, Office, 20 Cophtham Street, E.C.

A Basis

LABOR conditions in the mining camps of Northern Ontario are improving so rapidly that company earnings already are reported on the increase...

LABOR conditions in the mining camps of Northern Ontario are improving so rapidly that company earnings already are reported on the increase...

The hand-writing on the wall is now plainly discernible, indicating that most lucrative profits will soon follow previous losses made at current price levels.
