ECLIPSES IN 1842.

There will be five Eclipses this year—three of the Sun and two of the Moon, but they will all be invisible in Canada. Those of the Sun will be grand and beautiful; two annular and the other a total Eclipse.

I. The first will be an annular eclipse of the Sun at the time of New Moon, in January, visible only at Cape Horn, the Cape of Good Hope, and in the Southern Ocean.

II. The second will be a partial Eclipse of the Moon, at the time of the full in January; visible on the Atlantic Ocean, and on the Eastern continent.

III. The third will be a magnificent and splendid eclipse of the Sun at the time of New Moon in July, central and total, and visible in a line, over the whole extent of Europe and Asia.

IV. The fourth will be a very small eclipse of the Moon at the time of the full in July; visible in the Pacific Ocean.

V. The fifth and last will be of the Sun, on the last day of the year at New Moon; visible in the Pacific Ocean & South America.

The Emperor Napoleon often remarked, that true wealth does not consist in the possession of gold and silver, but in the judicious use made of them.

A head properly constituted, can accommodate itself to whatever pillows the vicissitudes of fortune may place under it.
