

Entered as Second-class Matter, February 15th, 1911, at the Post-office at Buffalo, N. Y., under the Act of Congress of March 3, 1879.

LOSS OF RIGA BY LETTS REPORTED IN LONDON

CREW IN AND INV DIVERTS BIG CARGO OF RIFLES TO FIUME

Steamer Persia, Bound for East, Sails Up Adriatic Instead.

Fiume, Oct. 11.—The steamer Persia, bound from Genoa for the far east with a cargo of thirty thousand rifles, two million cartridges, twenty batteries of mountain guns and two heavy guns, for the troops operating against the Bolsheviks, has arrived at Fiume. The crew mutinied in the Mediterranean and forced the captain to take the steamer into Fiume.

Open Rupture Occurs.
Fiume, Oct. 11.—An open rupture occurred on Thursday between Gabriele D'Annunzio, leader of the Italian insurgents in possession of Fiume, and Professor Zanella, leader of the Italian population of Fiume, opposed to annexation of the city by Italy, but in favor of an Italian protectorate. As a result of a campaign started by Prof. Zanella against D'Annunzio, the latter summoned the professor to the palace. A long discussion ensued, in which Prof. Zanella, according to the press accounts, exclaimed fiercely to D'Annunzio: "Your presence is perilous to the interests of Fiume."

D'Annunzio, enraged by Zanella's attitude, ordered him to leave the palace. The incident has been widely discussed and has given a further impetus to the movement of the Zanella party, which favors a Fiumian republic under an Italian protectorate.

COMPANY TO TAKE LOEW'S SECURITIES

New Corporation Will Retain Same Interest in Canadian Companies.

Largely thru the instrumentality of a local financier, a new company known as Loew's Incorporated has been organized to take over the securities of Loew's Theatrical Enterprises which was the parent company of the various Loew's theatrical interests, comprising upwards of 150 theatres owned, controlled or booked in the United States and Canada.

The new corporation came into being only after an exhaustive appraisal had been made of the company's assets, earning power, etc. by the auditors of the house of Morgan and behind the new corporation in addition to Messrs. J. P. Morgan & Co. are the Chicago brokerage houses of Montgomery & Co. and an Embury & A. W. Embury. The new company's immediate capitalization is roughly in the neighborhood of \$20,000,000, with shares of \$20 par value, and these will be immediately on the New York Stock exchange. This capital is to be increased development requires it in the understanding that the company will be able to use over the next few years to the amount of \$100,000,000.

The new company will retain the same interest in the Canadian companies as the Loew's Theatrical Enterprises. But with the new capital and increased purchasing power, it will be possible to greatly strengthen the position of the various operating companies and enable them to have the first chance at vaudeville deals and films.

Ed. Bayly, K.C., Chosen Deputy Attorney-General

The appointment is expected to be announced shortly by Edward Bayly, K.C., to the position of deputy attorney-general, rendered vacant by the death of J. S. Cartwright, K.C. Mr. Bayly has for some years been solicitor to the department of the attorney-general, and since the death of Mr. Cartwright has been discharging the duties of the office to which the salary attached to the position is \$4,500.

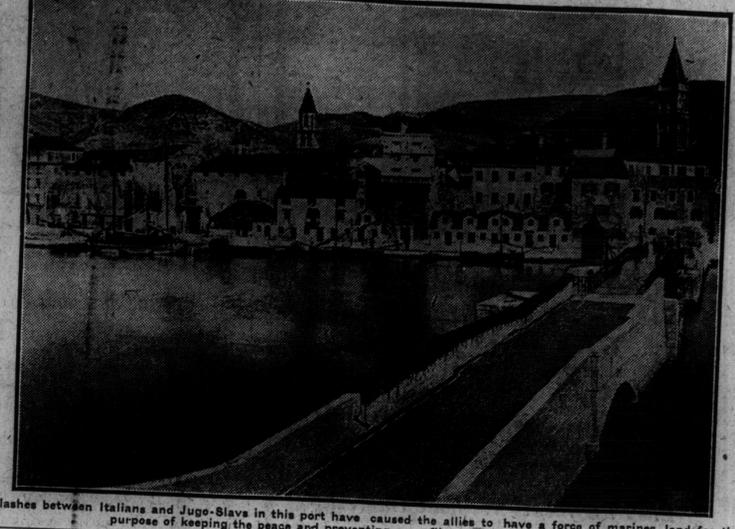

Poisoner of Her Children Adjudged Insane by Board

Pontiac, Mich., Oct. 11.—Mrs. Roy Lukart, who confessed to the administration of a slow poison to her little daughters, Edna and Shirley, now in a Chicago hospital making a practically hopeless fight for life, was adjudged insane by a commission of psychiatrists appointed in circuit court here this morning.

SUNDAY WEATHER.

The local forecast is: Mostly cloudy, and quite cool on Sunday. Frost in most places Sunday morning.

SPALATO, A MINOR FIUME, ON THE DALMATIAN COAST.

Clashes between Italians and Jugo-Slavs in this port have caused the allies to have a force of marines land for the purpose of keeping the peace and preventing a conflict over this burning question.

GRAND TRUNK'S FINISH ENDS MAGNATE MYTH

Charles M. Hays Was Destroyer—Legacies Left by Foes to Public Ownership Still Burden State.

The end of the old Grand Trunk means the end of the Canadian Railway Magnate Myth. The mighty are fallen; and upon them may be none so poor as to do them reverence. While the magnate era lasted the worshippers at its shrine were innumerable. They derided public ownership as the fetish of business incompetence. But while public ownership has gained immeasurably, the legacies of its foes burden the state. The trail of the magnate era is marked by one grand mess after another.

The destroyer of the Grand Trunk as a privately owned railway was Mr. Charles M. Hays, personally an estimable man, a great ability in his own line; but as a transcontinental scheme became a white elephant, and toppling over, has dragged the oldest railway of Canada with it. Both are helpless wards of the state, and the people, who are compelled to demonstrate the colossal public ownership with the colossal burden of the private "genius" about them.

How has this phenomenon come about? Now is the average man burdened with the financial mess of the place of the house of Morgan and behind the new corporation in addition to Messrs. J. P. Morgan & Co. are the Chicago brokerage houses of Montgomery & Co. and an Embury & A. W. Embury. The new company's immediate capitalization is roughly in the neighborhood of \$20,000,000, with shares of \$20 par value, and these will be immediately on the New York Stock exchange.

A Halo for State Ownership.

Ottawa, Oct. 11.—The Ottawa Citizen, commenting upon the railway legislation this morning, says: "The Canadian Pacific, being a paying system, standing on its own bottom and not seeking public aid, is happily in a class by itself, and does not figure in the calculations of the government or its supporters, with the exception of 'Billy' Maclean. This same William is nevertheless, entitled to his halo as having advocated state ownership when no support at all for having stuck to his guns from the drop of his hat."

GRAND TRUNK'S FINISH ENDS MAGNATE MYTH

Impending national ownership finally demonstrates the incompetence and financial wizardry of men who were regarded as magnates and financial wizards, but whose trails are marked by one mess after another, and who, by turning King George into a railway porter to the republic, are forcing a strange kind of reciprocity.

RIGA CAPTURED IN ATTACK BY GERMAN-RUSSIAN FORCES

CO-OPERATION CAN ONLY BE SHORT BETWEEN GERMANS AND RUSSIANS

Great Racial Discord Already Exists Among Forces Attacking Riga.

Copenhagen, Oct. 11.—A report from Helsinki states that the Estonian government has received an appeal for help against the Russian and German forces attacking Riga, and is now discussing the situation. The Lettish legion in London stated that at least two Estonian divisions would be sent to help the Letts. General Sedius of the Estonian army, now operating against Petrograd, believes that although troops of Col. Avalloff-Bernhardt and General von der Goltz are well supplied with arms and munitions, great discord exists between the German and Russian forces. Their co-operation, in his opinion, will last only a short time.

SOLVE FIUME PROBLEM BY NEW BUFFER STATE

Italian Government Has Agreed to Solution of the Adriatic Question—Conditional Clauses for Safeguarding National Interests.

Washington, Oct. 11.—Information has reached Washington that the Italian government has agreed to the creation of a buffer state comprising Fiume and the adjacent coastal territory southward to Brecchia, as a solution to the Adriatic problem. The approval of the plan is conditional on the former district of Fiume in the interior and along the coast to the westward. This is regarded by the Italians as absolutely necessary as a strategic military measure to insure the safety of Poland and other Italian Adriatic cities.

OIL STRIKE ON FARM IN VICINITY OF LONDON

Leslie Mitchell, While Drilling for Water, Comes Across Crude Petroleum of Best Quality—Confident of Success.

London, Ont., Oct. 11.—While drilling for water on his farm near Pond Mills, which is between this city and St. Thomas, Leslie Mitchell noticed a strong odor of oil. This occurred at 70 feet and the deeper he went the stronger the smell. A sample was brought to London and proved to be crude petroleum oil of the best quality. Drilling was continued and has now reached a depth of 85 feet. Mr. Mitchell is confident that he has struck oil, and although several local financiers have approached him with offers to lease his hole he has so far not closed a deal and does not intend to do so until the offers are raised to a reasonable figure.

At one time London was the retailing centre of Canada and hopes are now being entertained that this city will regain that position. Thousands of thousands of dollars of London money going to Texas it will be invested at home.

FIRST WESTBOUND FLYER REACHES SAN FRANCISCO

First Lieut. Maynard Arrives on Pacific From Atlantic Coast Shortly After Noon Saturday—Remainder Follow Rapidly.

San Francisco, Cal., Oct. 11.—First Lieut. Belvin W. Maynard, piloting a DeHavilland four airplane, piloting the westbound flier in the transcontinental air derby, arrived in San Francisco from Mineola at 12:07 p.m. today.

It was unofficially estimated that Maynard's actual flying time from Mineola, N.Y., to San Francisco, a distance of 2,701 miles, was 24 hours, 52 minutes, 55 1/2 seconds.

Chicago, Oct. 11.—Despite bad weather over a large part of the course, the transcontinental endurance and reliability contest, this evening, continued. The fliers battled with rain in the east and high winds in the west, while the weather in the central states was unsettled. It is said that the leaders will reach New York and San Francisco, finishing the first half of the contest, this evening. Major Carlspatz, early in the day, gained the lead in the race from San Francisco to New York, while Lieut. Kiel is in second place, and Captain L. M. Smith in third place.

Capt. Smith lost his way in a heavy rain seven miles south of Cleveland and broke a strut and a propeller in making a forced landing. The machine overturned in a ditch, but Capt. Smith escaped injury. Major Spatz and Lieut. Kiel arrived safely in Buffalo last for Rochester at 12:40 p.m. They expressed confidence in reaching New York that evening, despite the bad flying conditions.

Lieut. E. Maynard, "the flying parson," spent the night at Salsboro, Utah, Mountain, Nevada, which he reached at 8:15. The last reports said he was speeding toward San Francisco, with the expectation of arriving there shortly before noon.

Lieut. L. S. Webster, third in the race, westward, was last heard from at Sidney, Neb. All the westward fliers complained of high winds.

Authoritative Quarters in London Hear That Letts Had to Evacuate Baltic City Under Heavy Bombardment.

By Associated Press. London, Oct. 11.—The reports of the Lettish evacuation of Riga declare that the Letts began evacuating the city at 1 p.m. on Friday.

London, Oct. 11.—It was stated in authoritative quarters here this afternoon that a German-Russian attack on Riga was carried out on Friday under cover of a heavy bombardment by German guns, forcing the Letts to evacuate the city. The reported capture of Riga is regarded most seriously by military experts here. They say that between these German-Russian troops and the city of Petrograd there is no force that would prove effective in stopping an advance upon that city from which once it was reached, it would be difficult to dialogue them.

It was learned during the afternoon that well-informed circles in London accepted the capture of Riga as a fact. Their belief, it developed, was based upon a private despatch. The Lettish legation here was without news of the latest developments in Riga. It expressed the fear that communications had been interrupted. (Cable advices received in New York today said that communications with Riga and other Baltic points had been cut.)

It was stated at the legation that the Estonians were sending to aid the Letts divisions of troops to lead the Letts against the German advance. It was also declared that the Letts were prepared, in the event that the capture of Riga was confirmed, to withdraw some of their forces from the Bolshevik front to join their Estonian allies and the other Lettish forces in the Riga region.

No Confirmation. London, Oct. 11.—Confirmation of a newspaper report that German forces have captured Riga is being awaited here, but if the disparity of the forces is as great as reported in some despatches, the success of the attack on the city would not be surprising. Up to 1:30 o'clock this afternoon, however, official news that the capturing had been effected was still lacking.

The Morning Post, which is pronouncedly anti-German, attacks the British government for having "tumbled the whole question. It sees Poland in danger of being throttled by the Russian grip now tightening on her throat," and says Premier Paderewski's flying visit to London recently was for the purpose of "flourishing help from Great Britain, which the paper hopes will be granted."

"The unintelligible chaos into which this East European situation is fast dissolving is the deeper nemesis of the allied policy to overthrow Bolshevism with the least cost to the entente powers." It declares that policy as a "mean gamble dictated by purely interested motives."

TWO WEEKS' DELAY FOR PORK PACKERS

Board of Commerce Defers Enforcement of New Meat Prices.

After sitting in private for some length the board of commerce Saturday issued the following statement for publication: "The representatives of the packing houses having been heard on Friday, the board considered it expedient that the matter be fully considered by all the members of the board before the request they simply order that the words, 'Fifteenth day of October,' when they occur in the said order, be changed to the first day of November."

Meanwhile, as Mr. O'Connor joined in the original order, the representatives will be conveyed to him in order that he may be given an opportunity to express himself regarding this application.

Signed H. A. Robson, James Murdoch. The order thus amended fixed the price of meat. Mr. O'Connor is at present in Halifax, but is expected to return to Ottawa early in the present week, when the whole question of the packing argument will be considered. A final decision is expected about Thursday next.

FRACTURE OF SKULL SUSTAINED BY GIRL

Hilda Staunton, 10, living at 165 Lansdowne avenue, was probably fatally injured Saturday morning, when she was run over by an automobile at Sorarua and Fern avenues. The child was still unconscious Saturday evening, and is suffering from a fracture of the skull. Identification was made by the mother of the little girl, who visited the general hospital in the afternoon.

PEACE RATIFICATIONS BY FRENCH SENATE

Paris, Oct. 11.—The French senate today ratified the peace treaty and also the Fegnoo-British and Franco-American defense treaties.

The vote on the peace treaty with Germany was 217 for ratification, none against, and one abstention—that of Senator Delhays. The vote for the adoption of the ratification of the two defense treaties was unanimous, all of the votes being cast in its favor.

Only the formal act of the French executive is now required to bring into effect the second ratification of the three principal allied and associated powers. Great Britain has already completed her ratification.

THANKSGIVING FOR CHIROPRACTIC

This is the time when all are giving thanks to God for a bountiful harvest.

Many also give thanks for good health and strength regained through natural means, such as Chiropractic Adjustment of the Spine.

As the years roll by, our experience teaches us many truths, the greatest of which is that

Health is Priceless

Many people spend hundreds to keep an automobile in good mechanical condition, but forget their own personal mechanism, until acute sickness attacks them in the weak spot.

Your Weak Spot
or the weak link in the chain can be detected by the

Competent Chiropractor

who is the MASTER MECHANIC of the human body. The Spine is to the body—what the trunk is to the tree.

If you will listen to cold reason, take the assurance of thousands who have proven Chiropractic in their own family, and today all are thankful for its great health benefits.

Literature upon request. Send stamped envelope to

The "Peerless" the Coming Phonograph

Unannounced and unheralded, this instrument made its appearance on the market less than a year ago, and already one is not surprised to see a "Peerless" peeping out of a corner in the finest homes, or wherever music at its best is thoroughly appreciated. The "Peerless," with its rich, velvety quality, seems to have done its work of captivating most thoroughly. The remarkable part is, that there are no visible indications of the cause of the marked difference between the "Peerless" and ordinary phonographs. On investigation, however, it is evident that instead of fussing with the details of motors, tone arms, etc., all of which are, after all, merely mechanical means to an end, the makers of the "Peerless" recognized that, as in other musical instruments (for instance, the piano, violin and harp), wood is really the factor that gives the tone its character, and their expert knowledge of how to combine and apply the different woods, and their tone-qualifying values, seems to be the whole answer. Anyway, the "Peerless" appears to stand alone in many respects, and should be heard by all music-lovers, whether they ever expect to buy a phonograph, or not.—Music Trade.

QUEBEC MAY RESTORE OLD GRADES OF BEER

Special to The Sunday World. Montreal, Oct. 11.—It is probable

that the breweries of the province of Quebec will be authorized to go back to the old grades of lager beer. It is announced here today. This course, it is said, has been found necessary by the fact that the standard of beer

ORIGIN OF JOKES COMEDIANS USE

William Norris, Principal Funny Man in "Maytime," Author of Book.

Beware! Comedians. Your secrets are about to be divulged to the public. The general till where all the comedians and librettists go for their jokes has been discovered and is about to be made the subject of a book by William Norris, the principal comedian in "Maytime," which comes to the Royal Alexandra Monday, Oct. 13.

In his book Mr. Norris tells the origin of most of the jokes used by comedians of today, and in the future comedians of our stage will find many a good tip and helpful hint for the making of success. For many men with a sense of humor and a copy of Norris' "Compendium of Comedy" may approach the footlights assured that his stuff is going to "get" 'em. Mr. Norris illustrates this group by reprinting the typical vaudeville joke:

"What is the matter?"
"I was hit with a tomato."
"How did it do so much damage?"
"This one had a can around it."

As a subhead, Mr. Norris has selected fruits, prunes, grape fruit and watermelon.

"I am sure," says Mr. Norris, "the most witless person would be able to recall a joke about any of these. For example, 'I don't eat watermelon because it muzzes my ears,' or 'I am wearing goggles to keep the grape fruit from flying into my eyes.'"

Under the subject of persons Mr. Norris finds that the comedian was digging in this rich vein over a hundred years ago. He includes mother-in-law, sweetheart, wife, chorus girl, waiter, fat woman and sous.

Illuminating this group, Mr. Norris recalls this chestnut: "Chorus girls have a hard time, don't they?"

"Yes, they have to 'bare' a great deal."

"Without a mother-in-law joke vaudeville houses and minstrel shows would be compelled to discontinue business," says the author. "The wife joke and a sous joke run a close second to the mother-in-law."

Under another group Mr. Norris includes twins, marriage, divorce, infidelity and love.

"Nothing is funnier," says the comedian, "than that a comedian should poke fun at the most sacred relations between man and wife, and he cannot often be blamed, because the audience always laughs at the misfortunes of others."

Included under "nationalities" are: wop, tad, oon and English Johnny. And another part includes "parts of the anatomy"—feet, corporation. To the Ford car, Mr. Norris has devoted an entire chapter. "By merely writing these words down," says Mr. Norris, "one may evolve at least two dozen jokes without fear of straining one's intelligence."

allowed to be turned out under the new Prohibition Act has been found wanting in many respects. This is said to be the case, not only from the standpoint of the average man on the street, but especially from the standpoint of chemical analysis. Time shows that under the new standard it was impossible to keep beer for any length of time and that after being bottled it deteriorated very quickly.

It is that development that has resulted in the government's representatives recommending that the former standard be restored.

Dollars saved by Bovril

Bovril used in the Kitchen means dollars saved in the Bank. It makes nourishing hot dishes out of cold food which would not otherwise be eaten. But see that you get the real thing. If it is not in the Bovril bottle it is not Bovril. And it must be Bovril.

Don't Pay Interest

To the Voter

DO YOU KNOW— that the beer sold in Ontario previous to prohibition ranged up to over 7% alcoholic content by weight measure, whilst the "Beer of the Ballot"—the beer for which you are asked to vote October 20th—has a strength of but 2.51%?

DO YOU KNOW— that such well-known beers manufactured in the United States as Blue Ribbon, Budweiser and Schiltz—always spoken of as "very light non-intoxicating beers"—ranged up to 4.19%—sixty per cent. stronger than the "Beer of the Ballot"—the beer for which you are asked to vote October 20th?

DO YOU KNOW— that in Maine, where prohibition has been in force over sixty years, the courts have held that beer of 3% alcoholic strength, was non-intoxicating—and any beer of under 3% strength was permitted to be sold as freely as ginger ale?

DO YOU KNOW— that in Sweden, Norway and Denmark—as a result of the findings of Government commissions appointed to determine what was an intoxicating liquor—beer of practically the same strength as asked for in the coming Referendum is regarded as non-intoxicating and is sold everywhere, by anybody, without license, and without paying a Government tax?

NOTICE OF QUESTIONS TO ASK IN COMMONS

Ottawa, Oct. 11.—O. Turgeon (Gloucester) has given notice that he will ask in the commons on Tuesday as to the total cost of the Guelph No. 10 inquiry. H. A. Mackie (Edmonton) has a question asking if the resolution from parliament has resulted in no recognition being given to officers who served in Canada throughout the war with credit and distinction.

The most interesting item of Friday night was the nomination for seat "B" in Northeast Toronto, of Mrs. J. W. Bundy, president of the Toronto Women's Liberal Association. She is a capital speaker, an exceptionally well informed woman, and will give Capt. Joe Thompson and Kelly Evans a real good fight. Dr. Cody seems pretty well assured of a walkover for seat "A." It was also whispered yesterday that Hon. W. D. McPherson will likely have a woman opponent.

ELECTION NOTES

Sir William Hearst wound up his week in the east with a meeting at Belleville. The premier has made some seven or eight speeches since he opened out in Peterboro last Monday, and during the last day or two has found it extremely difficult to find any new material. Still as he moves along from town to town his audiences are of a constantly changing character, and only the newspaper men who follow him up know much about the sameness of his addresses. His task is, of course, an arduous one, and his position will be readily appreciated by those who know the political game. Sir William continues to stand upon his platform records, and the timber is expected to hold out for the remainder of the time to elapse before the people themselves begin to speak.

It has been said that Kelly Evans is the only Whitney Conservative standing at the following election. That is not strictly correct, as we are frequently reminded by Sir William Hearst that he is following in the footsteps of Sir James, particularly with reference to the great temperance issue. That, of course, is a matter of opinion. In any case, the people need no reminding of the general difference between the two men. Sir William can with all due respect be characterized as a mere political pigmy as compared with Sir James. The late premier was a man with a determination, which it was never safe to attempt to daunt, and everybody knew that he was the "boss." Sir William Hearst will never quite measure up to "J. P."

To be a little reminiscent it may be said that Sir James Whitney took sole command when he formed his first cabinet in February, 1905, just after he had "rascals out," as he so affectionately designated the Ross regime. He had W. J. Hanna as secretary and registrar, and it used to be said with more truth than poetry that, outside of James Hanna was the only working man of the ministry. There were Foy, Matheson, Pyne, Reaume and Monteth, and it was not a few of these who gave rise to the now famous expression of the "seven sleepers." Foy and Matheson have joined a greater majority, Reaume and Monteth were beaten at the poll, and Dr. Pyne "otherwise provided for." Sir Adam Beck, who was then minister without portfolio, is the only survivor now in political life, and he is still going very strong.

The workmen's compensation act of the Ontario government will not soon be able, so to speak, to recognize its own father. Sir William Hearst, in almost every speech he makes, takes credit for the measure. At some time was in undisputed possession of the paternities. At Meaford on Thursday night, Hon. I. B. Lucas came out boldly and claimed the legislation as his own. Then, to crown all, Thomas Crawford, of "shall cattle be dehorned?" fame, accepts the responsibility. There is still room for a few more claimants.

At Meaford, on Thursday, too, the Hon. I. B. Lucas gave the attorney-general of this fair province a testimonial couched in such glowing and anything but modest terms that if he were applying for a position would cause his prospective employer to be somewhat suspicious. His trumpeter is certainly not dead.

Mr. Lucas also took unto himself the credit for all the Hydro-Electric and rural telephone legislation. With reference to his \$4,000 a year Hydro-Electric Commission position somebody has been twitting him with receiving such a large sum from the government in addition to his little \$6,000 as attorney-general, coupled with his seasonal indemnity. But "I. B." was soon able to confound his critics, declaring as he did that he did not receive anything from the government for his services on the commission. "I get it," he dramatically exclaimed, "from the city of Toronto and other municipalities." The public pay the same, but "the little country lawyer" seemed really to imagine that he had scored at the expense of his critics!

Mr. Lucas has really got cold feet over his chances in Centre Grey. He has the labor faction, no small element up against him, the Liberals love him not, many of his old party adherents have given him the cold shoulder, and the farmers have their own farm-hoaxer as his election opponent. Will he have to carry out his threat and quit politics? He is nursing his constituency just now as tho it were a sick child, and has been obliged to call in Dr. Cody to administer a little tonic.

All the probable election starters will be in the field on Monday next, and they will be a mixed lot at the Conservatives, Liberal-Conservatives, Labor, U.F.O., Independents,

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal function of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary laxatives which do not have any neutralizing effect on the stomach acids. Instead, get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and flat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation, and there is no sourness or flatulence. Bismarck Magnesia (in powder or tablet form)—never liquid or milk—is harmless to the stomach, inexpensive to take, and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Say Chiclets!

When you get your change at the restaurant counter—
—at the drug store or grocer's
—at the cigar store or fruit store, hand back the odd nickel and get a yellow-and-gold packet of ten Chiclets.

Between your teeth break the seal of candy-coating and enjoy the invigorating peppermint flavor. Note how it refreshes you, sweetens your mouth, drives away thirst. Chiclets—dainty in size and shape—are gum in its most popular form—"Really Delightful."

In packets, ten for 5c. Everywhere. And most stores carry the generous-size "Week-End" packet, 25c.

—an Adams product, particularly prepared

and it is pretty safe to say now, at least a couple of women. "The result is uncertain" is the safest and surest prophecy to indulge in, Hon. I. B. Lucas has ventured the remark that the uncertainty is attributable to the fact that women will vote for the first time. It would have been most un-gallant for "I. B." to say that were it not for the apology he made that "no joke was intended." He really did not mean that women were uncertain creatures, but that it was their coming in at this election that is uncertain is the safest and sanest He just saved himself.

Testimonials were flying around at Meaford. Dr. Cody followed up the attorney-general's laudation of himself (Mr. Lucas) by giving two unsolicited good characters to the attorney-general and Sir William Hearst. Dr. Cody confessed he was "a novice in these things," and no doubt there will be many people un-kind enough to say that he has a lot to learn in this particular respect.

The resolute attempts of certain officials to represent the Jewish ceremony of "Kiddush" as a sacrament demanding the use of wine or stronger drink have degenerated, into sheer knavery. The Jewish encyclopedia ought to be a good authority on definitions of Jewish ceremonies and prayers.

The encyclopedia says of "Kiddush": "Under an old custom recognized by the Mishnah, the Sabbath and festivals are sanctified in another and impressive way—over a glass of wine before the evening meal, even the benediction has already been recited in the prayer, and the drinking of the wine. It is used by thousands of people, it constitutes the ceremony of "Kiddush," which husband, wife and chil-

dren and dependents take part in all together."

This makes it clear that "Kiddush" is a domestic custom; but it is for the dignified use of the custom that conscientious Jews are themselves concerned. Abuse appears to have grown up in northern European nations where wine is not the social drink of the country. The encyclopedia continues:

"Altho the Talmud declares strong

drink improper for the "Kiddush," such drink of necessity takes the place of wine to a great extent in northeastern Europe. It is regarded, however, as more dignified, where wine cannot be had, to pronounce the "Kiddush" over the bread than to substitute beer or brandy. At the beginning of the Sabbath two whole loaves of bread are laid down in memory of the double measure of manna that was gathered on Friday with a white cloth under them."

In face of this it is not to be wondered at that self-respecting and religion-respecting Jews feel humiliated over the invocation of their customs for the furtherance of political ends in parts of Toronto.

CASUALTY LIST.

Ottawa, Oct. 11.—The following casualty list was issued today: Infantry—T. Haldan, London.

Thoroughly Disinfect Against the "Flu"

At the present time it is really necessary to thoroughly disinfect the home and office. Special precaution should be taken to protect your health and stop the spread of influenza germs now prevalent. Create a clean, healthy atmosphere by the constant and daily use of McCrimmon's Disinfectant "The proven Germicide that leaves no odor"

Sold by Druggists and Grocers.

AUTUMN WEDDINGS CONTINUE NUMEROUS IN TORONTO SOCIETY

Prince of Wales Will Visit Shooting Lodge of Mr. George Galt Near Winnipeg—Earl of Camperdown Arrives in Town From England.

(BY MRS. EDMUND PHILLIPS.)

H.R.H. the Prince of Wales has honored the Westworth Women's Historical Society, Hamilton, by accepting an invitation to a ball at the Royal Connaught on the 17th inst. Mrs. Lynch-Staunton is the president of the society.

H.R.H. the Prince of Wales will honor Mr. George Galt by a visit to his shooting lodge near Winnipeg. His Majesty the King stayed there when he was in Canada as Prince of Wales.

The Earl of Camperdown is in town from England.

His Eminence Cardinal Mercier will speak to the Women's Canadian Club in Massey Hall on Tuesday, the 14th inst. at 4:30 o'clock.

Sir John Gibson Chapter, I.O.E.E., is giving a dance on Nov. 5 at Jenkins', under the patronage of Mrs. John Bruce, Mrs. A. E. Gooderham, Miss Kathleen O'Brien, Mrs. J. E. Gooderham, Jr., and Mrs. J. D. Burk.

Miss Margaret Hay has a party for Mrs. Snively's children and Master Guy Drummond, Montreal, on Tuesday afternoon at Mrs. Hay's house in St. George street.

Mrs. Edmund Bristol is giving a dance at the King Edward on the 11th inst. for Miss Dryman and Miss Kitty Armour (Yanover). A great many McGill boys will be at the dance, as the football match will take place at the University Stadium the next day. The dance was arranged at Murray Bay last summer.

Mrs. Bingham Allan has returned from Barrie.

Dr. Wilfred Grenfell, C.M.G., and Mrs. Grenfell, arrived in town on Saturday and will stay till Wednesday with the Hon. A. L. and Mrs. Fleming, Elmley place.

Mrs. D. B. Hanna, Miss Mary Hanna and Miss Jean Hanna left in the president's private car for Portage la Prairie and will be in the west for a fortnight, visiting relations.

Mrs. Leslie Harris and Mrs. Harris (Madame Grace Smith) are sailing from England on Oct. 14 on their return to Toronto.

Mr. and Mrs. John A. Walker returned from a motor trip to the Yama Farm, Boston, and New York, the end of the week.

Mrs. James F. Halpern has returned home after a ten days' visit to his parents, Mr. and Mrs. Edward Halloran, Palmerton boulevard; his sister, Miss Marie Halloran, has accompanied him, and will visit Washington and Philadelphia before returning home.

Prof. and Mrs. MacNaughton are at the Elliott house.

Miss Meta Macbeth arrived in London Oct. 10, after three years' service overseas.

Mr. E. F. Garver is at the Hotel Vancouver, Vancouver.

Mr. and Mrs. Dalton Davies have moved from Crescent road to the Westminister, Jarvis street.

Mr. and Mrs. Joseph Miller, Binacarth road, have returned from an extended trip of two months thru the Canadian Northwest.

Lady Williams Taylor was at the King Edward from Montreal for the Hendrie, Owen wedding. Mr. and Mrs. Huntly Drummond were also there for the wedding.

Dr. Wilfred Grenfell, C.M.G., will speak in Convocation Hall on Monday night.

absent from Toronto for seven years, and during the war did excellent work for the Red Cross in London, is sailing for Canada on the 17th inst.

Mr. and Mrs. Phyllis Miller are leaving this week to make their home in Ottawa.

Mrs. Dwight Turner is leaving shortly to join her husband in Detroit.

Mrs. J. R. Stansbury, Peterboro, who has returned from Preston Springs, is at the Queen's.

Lady Eaton has left town for Cape Cod.

Lady Pellatt gave a small tea last week for Mrs. Walter Berry, who is shortly returning to Australia with her husband, and who looked very smart in taupe velvet with apricot vest and a becoming hat; the hostess wore grey silk, draped with grey embroidered lace, with coral and diamonds. She received in the library, on a white table, the table lovely with three large silver bowls of Shasta dahlias and autumn leaves. Her guests included Mrs. James Mason pouring out the tea and coffee, assisted by Miss Closs and Miss Rogers. The guests included: Mrs. Pellatt, Mrs. R. B. Hamilton, Mrs. Rogers, Mrs. George Royce, Mrs. J. A. Murray, Mrs. Canfield, Mrs. L. E. Norton, Mrs. Carylla McGill, Miss Closs, Mrs. Sterling, Deane, Mrs. McLaren, Mrs. Alby, Miss June Allen, Miss Armstrong, Mrs. McWhinney, Mrs. Bennie, Mrs. LeVesconte, Mrs. Mitchell, Mrs. Fenwood, Mrs. Clarkson, Mrs. William Rooney, Miss Waddle.

Mr. Francis Grierson gave the second of his very remarkable piano recitals and readings at the Women's Art Association on Monday evening. It was followed by illustrations on the piano of the principal dramatic scenes in the poem. It was one of the most memorable evenings to those who heard him.

Miss Marjorie Goffart left last week for the Mineral Springs, Mount Clemens, Mich., and will go on to South Bend, Michigan and Indiana before returning home.

The Delmonte Club, which was formed by a number of guests at the Delmonte Hotel, Sparrow Lake, held its first dance of the season at the Aura Lee Club, Avenue Road, on Friday evening, October 3, under the patronage of Mrs. J. J. Plimtree, Mrs. Gordon Semmens, Mrs. W. G. McNeil, Mrs. A. G. Hartman and Mrs. Jack Wood. The committee—which ably assisted in making the evening such a success consisted of Misses E. Burdell, M. Mattson, V. Hartman, E. Wanko, E. London and F. Brooks, and Messrs. G. Bennett, C. W. Guttridge, E. J. Carson, R. E. Laidlaw and J. J. Plimtree, secretary of the club. A month's dancing was held once a month during the winter, and it is hoped each one will prove as successful as the opening one.

RYAN—ROBINSON
At St. Helen's church, at 8 o'clock, on Sept. 26, a wedding was solemnized when Henrietta Marie, daughter of Mr. and Mrs. Wm. Robinson, was married to Mr. Jack Ryan, son of Mr. and Mrs. Ryan, Rev. Father O'Connor officiating. The bride entered the church on the arm of Mr. R. J. Patterson, and was gowned in ivory satin with Georgette crepe trimming and court train. Her tulle veil was fastened with orange blossoms and she carried a shower bouquet of white roses. Miss Hazel Robinson, sister of the bride, was maid of honor, dressed in pale pink taffeta, and Miss Helen Ryan, sister of the groom, as bridesmaid, in pale green crepe, both wearing pink hats and carrying pink roses. Little Miss Dorothy Cherrier was flower girl, and was dressed in Brussels net and carried a basket of pink roses. Mr. James Ryan attended his brother, and Messrs. Fred and Frank Ryan were the ushers. Miss Mottram played the wedding music, and during the signing of the register Miss Virna Devlin, cousin of the groom, sang. A reception and breakfast was served at the house of the bride's parents immediately after the ceremony, and later Mr. and Mrs. Ryan left to spend their honeymoon in Kentucky, the bride traveling in rose broadcloth with black hat and white fox fur.

WILKIE—JERRED
At noon on Oct. 11, in the Church of the Messiah, Avenue road, the marriage was solemnized by the Rev. Canon Troop of Capt. John Wilkie, of the Princess Patricia's Canadian Light Infantry, and Voylet E. Jerred, widow of Mr. S. Tree Jerred, and youngest daughter of Mrs. M. Morrison, Beverley street. The altar was beautifully decorated with lily of the valley and amaranth. The bride looked charming in a tailor-made traveling dress of dove-colored French broadcloth and reindeer hat and shoes, seal and beaver coat, and wore a coral

SEYMOUR—TERRY.
At the home of Mrs. A. Terry, Deseronto, the bride's mother, Mr. W. Terry, of Toronto, gave his daughter, Annie L., in marriage to Milton H. Seymour of Oakfield, N. Y. Rev. Mr. Bamforth, Methodist clergyman, officiated. The bride wore pink silk crepe and carried white roses. Miss Marion Seymour, Rochester, sister of the groom, was bridesmaid, wearing pink georgette and carrying pink roses. Mr. E. D. McKenny of Deseronto was groomsmen. Mrs. D. F. Brennan played the wedding music, and Mr. and Mrs. Seymour left after the wedding breakfast for a wedding trip, the bride wearing a navy tailored suit with white's blue hat and taupe furs.

MODERN DANCING.
In response to the great demand for instruction in the new dance steps this season, Miss Sternberg has decided to open evening classes, which will be held at the Aura Lee Club, 205 Avenue road, on Tuesdays and Thursdays beginning October 1. These classes will give those who wish to bring their modern dance steps up-to-date an opportunity to do so before the opening of the social season.

A number of assistants will be present at each meeting, which will increase the benefits of the evening's instruction.

MARTIN—MURRAY
At Westminister Presbyterian Church on Wednesday afternoon the marriage was solemnized of Mina, youngest daughter of Mr. D. C. Murray and the late Mrs. Murray, to Mr. Ronald R. Martin of Montreal, son of Mrs. J. M. Martin, Toronto. Rev. Dr. Neil officiated, the organist playing softly throughout the service. The bride, who was unattended, was given away by her father, and wore a frock of navy charmeuse, beautifully beaded with black velvet hat and corsage bouquet of pink roses. The wedding ring was unique, being a loop of diamonds set in engraved platinum. After a small reception for immediate relatives at the bride's home, Mr. and Mrs. Martin left town for a honeymoon trip to New York, Atlantic City and Virginia, the bride traveling in tailored tricotine, with wrap of blue silver-tone, trimmed with Hudson seal, and hat to match. Mr. and Mrs. Martin will reside in Montreal.

MATTHEWS—HAYES.
A wedding was solemnized at the Church of the Blessed Sacrament, Los Angeles, Cal., when Miss Madalyn Hayes, youngest daughter of Mr. and Mrs. D. J. Hayes, formerly 3 Playter boulevard, Toronto, was married to Mr. Emmet G. Matthews, Boyce Heights, Cal. The bride was attractively gowned in a white tailored, made of tricotine with hat to match, and carried a large bouquet of white roses. She was attended by her sister, Miss Anna Hayes, who wore a

Snow-white fleecy blankets
Its easy to keep them that way. It's the best way, too, because pure, clean blankets wear longer. It just means using that perest, surest, and gentlest of all cleansers—

TORONTO

sage bouquet of violets and orchids. The bride's attendant was Miss Tuller, Capt. Wilkie was supported by Mr. H. M. Powe. The groom's gift to the bride was a diamond and platinum bar pin, and the bride's gift to the groom was a gold cigarette case, to the bridesmaid, a silver card case, and to the best man a silver cigarette case. After a reception, where only a few of the most intimate friends were present, Capt. and Mrs. Wilkie left for New York and Philadelphia. On their return after Nov. 1 they will live at 2 Wilson avenue, South Parkdale.

RECEPTION TO NEWLYWEDS.

Amherstburg, Oct. 2.—A reception was held at the home of Mr. and Mrs. Samuel Adam parents of the groom, for Lieut. Ralph Gibson Adams and his bride, formerly Miss Olive May Bourke, daughter of Mr. and Mrs. John Bourke of Carleton Place, Ontario, Ireland. Their wedding was recently solemnized at the Church of St. Mary's, Amherstburg. About sixty guests assembled to welcome the bride and groom. A delightful evening was spent. Lieut. Ralph Adams was wearing a military uniform when he served for some time in France and Flanders. With his bride he will return in a few weeks to Edinburgh, where he will complete his university course.

SEYMOUR—TERRY.

At the home of Mrs. A. Terry, Deseronto, the bride's mother, Mr. W. Terry, of Toronto, gave his daughter, Annie L., in marriage to Milton H. Seymour of Oakfield, N. Y. Rev. Mr. Bamforth, Methodist clergyman, officiated. The bride wore pink silk crepe and carried white roses. Miss Marion Seymour, Rochester, sister of the groom, was bridesmaid, wearing pink georgette and carrying pink roses. Mr. E. D. McKenny of Deseronto was groomsmen. Mrs. D. F. Brennan played the wedding music, and Mr. and Mrs. Seymour left after the wedding breakfast for a wedding trip, the bride wearing a navy tailored suit with white's blue hat and taupe furs.

These classes will give those who wish to bring their modern dance steps up-to-date an opportunity to do so before the opening of the social season.

The origin of mince meat

We do not know who made the first batch of Mince Meat, but it is safe to say that he or she had little idea of the great popularity which the Mince Pie was destined to achieve in the years to come.

Of course, the method of making Mince Meat was crude then. Now, it is an exact science; the selection of materials, the blending of the ingredients, the skill in cooking and the machinery used are the result of years of experimenting and concentrated effort. There is no more wholesome or nourishing food than a high-grade Mince Meat, such as

LAUNDRY SERVICE
That's Worth While
This laundry gives its patrons more than a purely laundry service. It repairs socks, underwear and shirts free—puts up shirts in sanitary wrappers—uses a starching process that is "crack proof," so that the edges of collars and cuffs do not get broken and ragged—and a refined domestic finish which makes the linen wear twice as long. This service really saves you its cost. We Know How.

CHILDREN'S DANCING
What benefit does a child derive from learning to dance? If properly instructed by the right method, the result will readily become noticeable in the improved physique and mentality of the child.
Parents often make the mistake, however, of looking upon the dancing of children as a mere form of amusement. They often send their children where they think friends may happen to attend, instead of seeking the school best qualified to benefit the child.
With proper instruction, however, the child would not only have suitable amusement, but also develop in health and gracefulness, and likewise improve the ear for music, artistic sense and taste generally.
Children should be allowed to take dancing lessons for a time each year, so that physical growth may not create angularity. Dancing lessons will serve as a wholesome relief to the activities of the brain when the child is studying with the intensity necessary to acquire a modern education.
Parents should regard dancing as a necessary part of their children's education as the effort to move gracefully produces a desire also to be graceful in manner, and this is one of the best influences of a properly conducted dancing school.—Extract from Prof. S. T. Smith's booklet on dancing.

SCHOLARSHIPS IN MEMORY OF FALLEN

University of Toronto Successfully Starts \$500,000 Campaign.

"In some measure the gaps made by those who have fallen will be, if not filled, as they can never be, yet partly compensated for," states Sir Robert Falconer, president of the University of Toronto, in referring to the scholarships which are to be established in memory of the war record of graduates and former students.

Five hundred thousand dollars is the objective set for the campaign now being carried on by the University war memorial committee, under the direction of R. A. Cassidy, a graduate and a "live wire" from the great republic to the south, but \$300,000 of this is to be devoted to scholarships and a lectureship, the latter being intended to deal with aspects of the great war. The remaining \$200,000 is to go towards the great memorial tower and gateway which is to connect Hart House with the western wing of the university.

For Soldiers' Departments. "The scholarships," explains the head of the big university, "will be devoted to the support of students who have been soldiers, and in succeeding years to their children or near relatives. These scholarships will serve a most important purpose and will help in the coming years not only to express our continued gratitude to those who sacrificed so much for us, but to bring to the university some who might otherwise find it difficult to secure a university training."

According to Sir Robert, it is intended that some of these scholarships shall be general and others applied to particular localities. Any community or individual, for example, raising enough money to institute a scholarship will have the right to have it awarded to a candidate from that community who fills the general conditions. Thus counties and cities may raise one or more scholarships and for many years have helped to those who belong to their own district, so that they may study in the University of Toronto.

A condition laid down by the committee is that a percentage of the money raised in any locality shall go to the general fund out of which the general scholarships are to be maintained and from which the physical memorial is to be erected. Of course, it is expected that every section of the community will desire that the names of its fallen heroes should be recorded on the memorial tower and gateway and therefore would be willing to contribute to it.

EMPLOYEES' INCREASE TOTALS FIVE MILLION

New York, Oct. 11.—Simultaneously with announcement of a general five per cent. increase in pay for Western Union employees for year or more service and 10 per cent. for those of more than six months, but less than a year, receiving under \$350 a month, effective January first, Newcomb Carlton, president of the company declared that negotiations between the Western Union and representatives of its workers are in progress "looking to some plan of income sharing."

The increase, involving \$5,000,000 yearly, Mr. Carlton said, was agreed upon as the result of a "collective bargaining" conference of company officials and representatives of the Association of Western Union Employees. Announcement of it has been sent by telegraph to all Western Union offices throughout the country.

LECKIE TO COMMAND OF CANADIAN FLYING

Ottawa, Oct. 11.—Robert Leckie, D.S.O., M.C., D.F.C., who has just been appointed superintendent of flying under the air board, will return to Canada at once to take up his duties.

Col. Leckie was born in Scotland, but for 12 years before the war resided in Toronto, having been connected with the John Leckie, Limited. He entered the Royal Naval Air Service in 1915, and has had a wide experience of flying, both airplanes and seaplanes. After the formation of the royal air force, Col. Leckie was in command of the 228th squadron and on the formation of the Canadian air force he was selected to command No. 1 Canadian wing. Appointments as secretary of the air board and as superintendent of the certificate branch are expected to be made within a few days.

WINNIPEG LABOR MAN NOT TO RUN AS MAYOR

Winnipeg, Oct. 11.—William Ivens, prominent leader in the general sympathy strike, has declined to accept the labor nomination for mayor, in favor of S. J. Farmer, who will run in the approaching civic elections. Labor men say they are not surprised at Ivens' refusal of the nomination. "We can use him later," one leader declared today.

ASSEMBLY PLACES FOR TORONTO NOMINATIONS

The nominations for the Ontario elections take place tomorrow (Monday) and the polling on October 20. The following is the list of assembly places for the various Toronto ridings nominations:

Southwest Toronto—Queen and Dovercourt.
 Northwest Toronto—Orange Hall, Euclid avenue and College.
 Northeast Toronto—Victoria Hall, Queen and Victoria streets.
 Northeast Toronto—Cumberland Hall, Cumberland and Yonge streets.
 Parkdale—St. Julien Hall, Lansdowne and Bloor street west.
 Riverdale—Broadview Hall, Broadview avenue and Queen street.
 The East York nomination meeting will be held at Markham, and West York at Weston.

BIG DIVORCE CASES PROGRESS IN COURTS

Montreal, Oct. 11.—Progress was made before Judge Cusson, in enquire court yesterday in the Baldwin-Stevenson cases, which cases arise from the civil action of Mrs. Baldwin against her husband, the Rev. Maurice Day Baldwin, formerly of London, Ont., for separation, and Mr. Baldwin's counter action for separation.

Reginald C. Stevenson, brother of Mrs. Baldwin, was committed to a charge laid by Mr. Baldwin, of having influenced and intimidated his two infant sons, for the purpose of perverting justice.

Mr. Baldwin was committed on the charges laid by Mrs. Baldwin first, that of having refused to obey an order of the civil courts granting the custody of the children to Mrs. Baldwin, and secondly, of having abducted the children.

COL. HOUSE IS ILL ON WAY FROM FRANCE

Washington, Oct. 11.—Colonel E. M. House, one of the American delegates to the peace conference, is ill aboard the steamer Northern Pacific on which he is returning from France, according to a radio message received today at the state department. He was said to be suffering from an attack of grippe.

CAFE FLORENCE THANKSGIVING SPECIAL

A special Thanksgiving dinner will be served at \$1.25 from 12 to 3 p.m. This menu is a real dinner, complete in every respect. Every day, so the folks say, the best business men's luncheon in the city is served from 12 to 2.30 at the moderate price of 75 cents. A la carte service from 5 to 8 with orchestra in attendance. The Cafe Florence cafeteria is open daily from 11.30 to 8 p.m. Mr. M. Peters, the manager, is giving special attention to banquets.

DISCREDIT REPORT OF BIG SHIPWRECK

Archangel Hears of Loss of Two Thousand Lives.

London, Oct. 11.—Neither the admiralty nor Lloyd's have received any information relative to the wreck of a British ship on the Norwegian coast. At these sources the report is discredited.

Archangel, Oct. 11.—Two thousand lives have been lost in the wreck of an unnamed British ship on the Norwegian coast, according to a wireless despatch received here from Helsingfors.

If the loss of life in the wreck reported in the foregoing despatch is as large as indicated, the disaster will mark a new record in the annals of the sea. It is known that troops have been shelled quite recently from Archangel, Copenhagen and other ports, and it is stated that Lettish soldiers who have been on the Archangel front have just landed at Riga and have been rushed to the front south of the city to meet onslaughts of German and Russian forces.

WELL-KNOWN MASON DEAD IN BRANTFORD

Brantford, Ont., Oct. 11.—H. B. Gardner, cigar manufacturer, widely known throughout Ontario, having traveled on the road extensively for a long period, and also in fraternal circles, being high in the Masonic and Odd-fellow orders, died here this morning after an illness extending over a considerable period. He was highly esteemed in Odd-fellow circles, being recently chaired for his 50th year connection.

NEWS FROM THE BEACH

BY PRISCILLA PRINGLE.

Mrs. Acland of Deep Dens, Highland Creek, recently entertained fifty disabled soldiers from Christie street and St. Andrew's hospitals and Pearson Hall. Tea and music were provided. The women of the Red Triangle Club assisted. Amateurs present were Rev. and Mrs. Luce of Birchcliff, Mr. and Mrs. Blackie and Mr. and Mrs. Carverth.

On Sunday last Waverley Road Baptist Church held special services to mark the anniversary of the coming of the pastor, Rev. J. H. Bosart, to the church. The following Wednesday evening a social gathering was held, when the leaders of the various organizations gave reports of progress during the year. Tea was served. Mrs. Boyd was presented with a basket of roses and autumn leaves.

The Beaches orchestra has begun its regular weekly practices and is ready for a new season's work. This orchestra, which was organized at the beginning of the war, has twenty members, who give their services absolutely free. During the last four years more than \$3000 has been raised by them for patriotic and Red Cross purposes. They accept on an average two engagements a week. They always welcome musicians who wish to become members. P. R. Browne is conductor and Cecil Budd of 178 Lee avenue is secretary.

St. Paul's Church, L'Amour, held its annual harvest thanksgiving service last Sunday. The pastor, Rev. Alfred Clark, preached the sermon in the morning and Rev. Dr. Hallam of Wycliffe College preached the sermon in the evening.

During the few recent warm days a number of bathers were seen in the lake.

The women's auxiliary of St. Aidan's Church held its opening meeting of the season on Thursday afternoon. Miss Yeoman of the deanery of Toronto spoke in the interests of the Anglican church, which was served at the close of the meeting.

Percy Lines of 177 Lee avenue has given up his work as scoutmaster of St. Aidan's troop of Boy Scouts. He and his family are leaving very soon for England.

Birchcliff School is presenting a problem just now. It is very much overcrowded, there being twice the number of pupils there were last year. The new addition, which is being built, will not be completed for some time, and the holding of classes in the basement of St. Nicholas' Church is being considered.

Mrs. Sanford, who has been a visitor at Balmly Beach for the past two

A Hot Spot Chalmers Lures You

PICTURE in your mind the things that you would have liked to own—that piece of rare jewelry, that very fetching motor boat—possibly an airplane—that delightful old house on the hill.

Money would have meant little could you have procured them.

Here's one more—and quite possibly you've never "discovered" it. Most good things, you know, you've got to "discover."

Its looks may charm you, its specifications may attract, its comforting economy you may enjoy, but there's one thing about it that'll lure you—charm you—delight you beyond words.

That is the engine. Not so much by what it is, because so many look alike. But by what it does, what it gives.

It "pulverizes" gas before the spark plugs touch off the fuel and you have a throbbles, jarless, silky sort of action from underneath the bonnet.

It gives you the feeling of fineness, without the excessiveness of power, although you can punctuate the speedometer dial with speed probably as quick as in any car built today, and make a hill country look like a plain—if you want. But you don't have to use it, and when you do it isn't like giving a banquet. Remember this about a Hot Spot Chalmers.

 PRESTON TORONTO
 122 Guelph St. 53 Abell St. 83 De Lorimer Ave.

Tuesday afternoon in the kindergarten room of Balmly Beach School. Mrs. Niven, the new president, gave a short address in which she outlined the purpose of the club, and she also gave an interesting report of the meetings she had recently attended under the auspices of the home and school council in the social service building of the University of Toronto. Miss Yeo, principal of the school, on behalf of the teachers, spoke a few words of welcome to the parents. Mrs. George Toye of Beech avenue gave an interesting address on "How to Mark Your Ballot." Mrs. Campbell sang. The meeting closed with a social hour, during which tea was served.

The residents on the west end of the lake front, Kew Beach, are feeling grateful for the new breakwater that is built in front of their dwellings. During some of the recent storms the lake washed up on many of the verandas and in some cases flooded the ground floors of the houses. One lake front resident declared that on a certain stormy night her house rocked alarmingly, and that with the sound of the waves breaking beneath her and the movement of the house, the illusion of being in a boat on the ocean was so realistic that she became seasick.

REOPENING OF THE SOMERS SCHOOL

This well known school is again

ready for work. "Keep yourself physically fit" is splendid advice. The Somers School will help. Classes are now forming and a most delightful season's work is anticipated. Miss Verma Watson, the wonderfully successful interpretive dancer, will assist the principal, Mrs. H. B. Somers. A new class in modern dancing opens Saturday evening—other classes will be formed later and pupils may register any time at Willard Hall, 18 Gerrard street east.

Sold by leading druggists and local agents everywhere. Made by Alonso O. Bliss Co., Montreal.

WHAT LABOR PARTY IS FIGHTING FOR

Complete Platform Issued Upon Which Appeal to Electorate is Made.

The Ontario Labor Party has placed candidates in the Riverdale, Northeast and Southwest Toronto, and West York constituencies, and has endorsed the candidates of the United Farmers of Ontario in East York, while the U.F.O. have endorsed the Labor candidate in West York. The entry of Labor candidates in the field is in response to the expressed desire of the brain and hand workers of the province for more Labor representatives in the legislature. With 822 members in the federal house of commons and senate, and the legislatures of the nine provinces, only five are there as labor's representatives. They represent 1,291,426 mechanics and laborers, the farmers, with 161 members, represent 1,589,468 farm workers, but the business and professional men have 714 representatives for 57,473 persons. It is to overcome this unfair system of representation that the Labor candidates are in the field. They believe that Ontario, without one Labor representative, should have a strong Labor group in the legislature to voice the aims and aspirations of the large army of toilers in the mills, mines and factories of the province.

"If elected to the legislature the Labor members will make a determined effort to solve the problem of the high cost of living, just as the Labor governments of Queensland and New South Wales, Australia, have done. Having committed themselves to the principle of the referendum in dealing with the liquor question, they stand pledged to abide by the will of the people, no matter what their personal opinions are. They also stand pledged to enforce laws placed upon the statute books by the will of the people or their representatives. To meet the immediate needs of the large army of men who did war service, the Labor candidates stand pledged to the Calgary resolution, which favors a gratuity of \$2,000 to the men who did service in France, with a graded gratuity for those who did service in Canada and England.

"The necessity of electoral reform to insure democratic representation in the legislature calls for the adoption of proportional representation with grouped constituencies. The adoption of this principle will guarantee minority representation in the legislature and will give voice to influences which should be heard there.

"We would also impress upon you that the labor reforms which the Conservative party are placing before you as progressive legislation, have been consistently advocated by Labor, only to receive a rebuff from the Conservative party, when in power.

"The following reforms are due to Labor agitation: Workmen's compensation act, votes for women, technical education, universal suffrage, better housing.

"The Labor candidates also stand pledged to carry out other prominent reforms, including government control

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

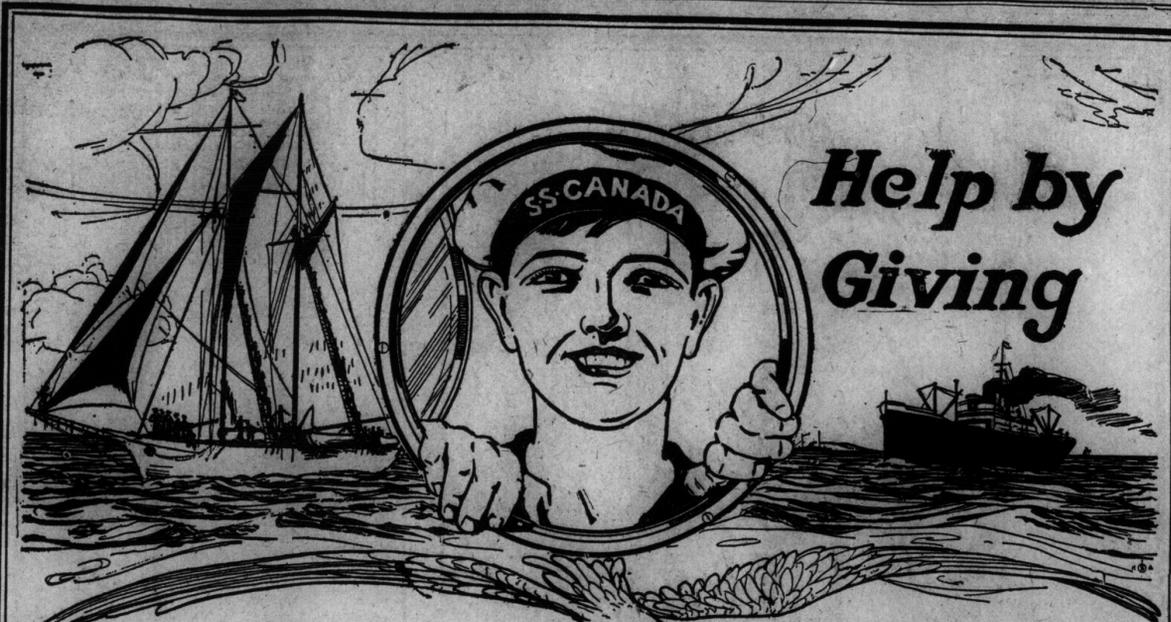

One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

of cold storage. The high cost of living can only be solved by taking over the food supply from the profiteers. Equal pensions to all disabled soldiers, either officers or men, or their widows and dependents.

"The minimum wage: Only by Labor representation can you hope to have a minimum wage satisfactory to the workers.

"Eight-hour day for industrial workers, and the incorporation in our legislation of the recommendations made by the industrial commission."

Give Canadian Boys their Chance to Become Seamen

THE hope of Canada lies in our boys and young men, and nowhere are they destined to play a more vital part than on the sea.

Important as it is to have Canadian ships to carry Canadian goods to the waiting markets of the world, it is no less imperative to have these ships manned by Canadians, that we may not be left at the mercy of the foreign-born seaman.

We must be in a position to insure the continuation of the Bulldog Breed that gained so large a share of glory in the Great War.

The Navy League of Canada

It is perfectly obvious that work of the Navy League of Canada, especially as it applies to our seamen, is not a commercial enterprise, but it is and must be the patriotic duty of far-sighted Canadians to see that Canadian boys are given the chance to become the trained seamen we need so urgently.

To-day is big with opportunity for the future, and the Navy League of Canada is organized to "carry on"—assured of your support for the Boy's Naval Brigades movement, and for the financing of the work in the homes and institutions for our seamen and their dependents.

The estimates for the coming year show that \$500,000 must be raised by public subscription, and this is only possible by united effort and loyal co-operation in the way of generous contributions to this national cause.

Aims of the NAVY LEAGUE OF CANADA

- To emphasize Canada's opportunities and responsibilities on the sea.
- To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
- To maintain sailors' homes in our ports.
- To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

NELSON DAY CAMPAIGN

for \$500,000 October 21-22-23

"Canadians Must Sail The Seas"

Ontario Campaign: Chairman: SIR JOHN C. EATON Vice-Chairman: A. M. HOBBERLIN Hon. Treas.: SIR EDMUND WALKER

Toronto Campaign: Chairman: RICHARD A. STAPFELS Vice-Chairman: A. E. GILVERSON

HIGHLY APPROVES SAILORS' INSTITUTES

Aims of Nelson Day Campaign Receive Strong Endorsement.

A young Torontonian who recently returned home from overseas, where he saw war service as an "extra rating" on a trawler, is W. G. Hannah, Jr. In telling of his varied experiences as a sailor, Mr. Hannah speaks gratefully of the magnificent work done for the seafaring men by the Sailors' Institutes in British ports, and expresses pleasure that the Navy League

of Canada is thoroughly going in for that kind of thing on this side of the ocean.

Mr. Hannah strongly endorses the "Nelson Day" campaign to raise \$500,000 in the Dominion on Oct. 21, 22 and 23, for the maintenance of the Sailors' Institutes already established in Canadian ports and for the training of Canadian boys to become sailors through the excellent medium of the naval brigades, which are actively operating under the auspices of the Navy League of Canada in the principal cities of the Dominion. His happy experience at the hands of the Sailors' Institutes in the old land, he says, are only the same as those of many thousands of other sailors, and he believes the similar places in Canada are deserving of the practical support of every citizen.

Through the generosity of Canadians during "Sailors' Week" last year, the Navy League of Canada has made great progress in its work for the sailors. After a million dollars of the amount contributed during "Sailors' Week" had been allocated to the Navy League of Great Britain for the relief of the injured seamen and the dependents of the dead of the merchant marine who were victims of German submarine outrages, the Navy League had considerable money left for work at home. This money has been liberally expended in connection

with the Sailors' Institutes at Halifax, Sydney, Vancouver, Montreal, Quebec City, St. John and Port Arthur, and on the maintenance of naval brigades at Charlottetown, Halifax, Montreal, Toronto, Saskatoon, Calgary, Victoria and Nanaimo.

The Navy League does not propose to allocate any further moneys to Great Britain for relief purposes at present, and the \$500,000 to be raised through Canada in the coming "Nelson Day" campaign will all be expended in Canada.

When in need of a purgative, do not resort to violent cathartics, but take the gentle, natural laxative—

Beecham's Pills

Largest Sale of any Medicine in the World. Sold everywhere, in boxes, 25c.

There is a strong national appeal in the "Nelson Day" campaign. Canada must play a large part in the reconstruction of the war-scarred countries. She has much that is urgently needed by the countries across the seas. The great need now is more ships to get Canadian products to the other lands. Shipbuilding plants are working day and night throughout the empire, and will be for many years to fill up the gaps in the merchant marine.

Sailors will be required for these ships, and in order that Canada may be in a position to provide her own men to man the vessels carrying Canadian products, the Navy League is training boys to serve in this useful capacity for the nation. This is being done at no cost whatever to the boys themselves. A fine class of youngsters can be found in the naval brigades, and they will become a credit to their country as qualified seamen.

PATRIOTIC CONCERT ON TRAFALGAR NIGHT

The United Toronto Lodges have now completed arrangements for the holding of their grand annual patriotic concert in Massey Hall, Tuesday evening, Oct. 21. This is the annual commemoration by the society of the battle of Trafalgar. An excellent ar-

ray of talent has been secured, and this year's concert will undoubtedly eclipse anything yet held. The artists will be as follows: Lillian G. Wilson, soprano; Jessie Alexander, entertainer; Albert Downing, tenor; Frank Oldfield, baritone; Joe Williams, comic; Mrs. F. E. Webb, A. L. C. M., and Chas. Musgrave, pianists; Arthur E. Semple, L.R.C.M. flutist, and the band of the Royal Grenadiers. The box office at Massey Hall will remain open on Oct. 18, 20 and 21. The proceeds are for patriotic work of the society in connection with the late war.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Franck, Carpenter, 417 Marcellus Avenue, Manassas, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Sensational Discovery of Misleading Tactics by Referendum Committee

House-to-House Canvass, Distorting the Issue, Confusing and Misleading the Women Voters

EVIDENCE is accumulating of a widespread campaign of distortion and confusion by the Referendum Committee in an effort to stampede and dragoon the women voters to vote according to the wishes of the Referendum Committee.

Canvassers have been going from door to door all over the Province spreading two absolute untruths—confusing and misleading the innocent—utterly nullifying the effort of the Government to obtain an honest, straightforward, well-advised vote of the people. Independently-minded women who disagreed with them were subjected to tirades of abuse.

It is one of the greatest scandals in the political history of Ontario—a sensational development in the campaign—a grave reflection on, and indictment of, the honesty of purpose of the entire Referendum Committee.

FIRST.—Flamingly colored and sensational circulars have been sent broadcast over the Province in which it is claimed that—in the words of the advertising as shown in the copy reproduced to the right—"To vote 'Yes' in one column and 'No' in the others makes your ballot worthless." Further, self-constituted advisors to the electorate have gone from house to house solemnly making the same declaration—that if you vote "Yes" in one column and "No" in the others, your ballot will be spoiled. That statement by the Referendum Committee is an absolute untruth, and has been publicly branded as such in the columns of the "Mail and Empire," October 4th,

by Sir William Hearst, the Premier of the Province. The Premier's statement is reproduced to the right.

SECOND.—These demagogues and representatives of the Referendum Committee have distributed wholesale a distorted ballot in which it is claimed the man or woman who votes "Yes" to Questions 2 and 3 votes for intoxicating beer. That is an absolute untruth. The beer for which you will vote on October 20th, the Beer of the Ballot, is not intoxicating, has been proven non-intoxicating by scientific experiments and thorough research by a board of fourteen qualified experts.

The Citizens' Liberty League hereby calls upon the Referendum Committee to make a public explanation, retraction and apology that will set the people right—or stand condemned of trickery unworthy of public men and women.

HOW YOUR BALLOT WILL READ

The questions as they will appear

	YES	NO
1 Are you in favor of the repeal of the Ontario Temperance Act?		X
2 Are you in favor of the sale of light beer containing not more than 2 1/2-100 per cent. alcohol, weight measure, through Government Agencies, and amendments to the Ontario Temperance Act to permit such sale?	X	
3 Are you in favor of the sale of light beer containing not more than 2 1/2-100 per cent. alcohol, weight measure, in standard hotels in local municipalities that, by majority vote, favor such sale, and amendments to the Ontario Temperance Act to permit such sale?	X	
4 Are you in favor of the sale of spirituous and non-liquors through Government Agencies, and amendments to the Ontario Temperance Act to permit such sale?	X	

MAY VOTE BOTH "YES" AND "NO" ON THE REFERENDUM BALLOT

Referendum Committee workers, apparently confused by their instructions, are busy in several parts of the province passing on their confusion to voters. A number of them have been going from door to door in- forming women voters that unless they vote "Yes" four times their ballots will be spoiled. As a result many voters are now in doubt as to their "right" to vote "Yes" or "No" as they see fit on each question separately. Hearst right Sir Wm. Hearst in response of a request for a definite ruling upon the matter stated: "While it is necessary for a voter to vote on every question, he may legally vote in the affirmative to one or more questions and in the negative to the others. Whichever he votes will be counted among the 'Yes' or 'No' votes. The voter marks his ballot by placing a cross under the word 'Yes' or 'No' according to vote in the affirmative or the negative to that particular question, and not by writing the word 'Yes' or 'No'."

Vote "Yes" to all four questions and support the broad-minded men and women of the Citizens' Liberty League in their efforts to obtain sane, moderate temperance legislation.

Vote "YES" to All Four Questions

Mark your ballot with an X. Any other marking will spoil it. Remember also—every voter must vote on every question or his ballot will be spoiled.

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Wallace Cameron, 755 Gerrard street, who observed the fiftieth anniversary of their wedding the other day.

GOLDEN WEDDING HELD BY MR. AND MRS. CAMERON

A happy gathering took place at 755 Gerrard street recently when the golden wedding of Mr. and Mrs. Wallace Cameron was celebrated. They were married 50 years ago in Whitevale, Ont., by the Rev. J. B. Moore, Baptist minister of Waterford, and they also enjoyed his presence on this auspicious occasion, being well as the groomsmen, the brother of the bride, George Strachan, of Detroit, Mich., and Mrs. J. B. Tait, of Hamilton, sister of the groom. Mr. and Mrs. Cameron have had a family of six children, three sons and three daughters. Four are still living, being Mr. J. C. Cameron, at home, Mrs. W. H. Stutton, Mrs. A. Rodway, Mrs. A. C. Boyce, all of Toronto; three grandchildren, Ernest Cameron Rodway, John Wallace Cameron and Mabel G. Stutton, who were all present. Mr. Cameron is one of three brothers who all have celebrated their golden weddings. All are veterans of '66. Mrs. Cameron looked lovely wearing black satin with sequin trimming, carrying pink carnations, one of the many beautiful floral gifts presented to her, and also one handsome gift from the Daughters of the Empire, 66 Veterans' Chapter, of which Mrs. Cameron and daughters are members. About 150 friends called during the celebration. Many beautiful and handsome gifts were received. A purse of gold was presented on behalf of the family by the grandson, Ernest Cameron Rodway. Mr. Roper, on behalf of the Ladies' Aid of College Street Baptist Church, of which the family are members, presented another purse of gold, accompanied by a beautiful address from Rev. A. J. Vining. Many pieces of gold were also received from points out of town including Detroit, Port Huron, Albany, N. Y., and Hamilton, and also an electric reading lamp from an old school chum, Mr. J. Boyer, Detroit. The supper table and decorations were decidedly pretty, being in gold, autumn leaves and flowers. Musical selections were rendered by Mrs. Cameron, Mrs. Hopkins, Markham; Miss L. Collins, Mrs. Ross, Colliers; Miss Street Baptist Church; Miss M. Stut-

BRITAIN AND MEXICO SETTLE PASSPORTS

Mexico City, Oct. 11.—Passport difficulties between Great Britain and Mexico have been adjusted, according to a statement issued by the foreign office, Mexican consuls, it is announced, have been ordered to issue passports of British residents of Mexico who have been absent and now wish to return to this country. The same procedure, it is added, has been ordered by the British foreign office. It is unofficially stated the British-Mexican diplomatic situation shows improvement, with the early appointment of diplomatic representatives by both countries.

PROVINCIAL GENERAL ELECTION

A meeting of the women of the riding of Northeast Toronto will be held in Masonic Hall, Yonge street and Davenport road, Wednesday afternoon, Oct. 15, at 4 o'clock. Speeches will be delivered by Hon. Dr. H. J. Cody and Capt. Joseph E. Thompson, Conservative candidates. This meeting will be of exceptional interest to women and all others concerned in a progressive, efficient and honest administration of public affairs in Ontario.

BELGIAN ROYAL PARTY VISIT SANTA BARBARA

Sacramento, Cal., Oct. 11.—King Albert, Queen Elizabeth and Crown Prince Leopold completed the transcontinental trip here last night. This morning they will be in Santa Barbara where they will spend three days as the guests of Mr. and Mrs. Herbert Hoover before returning to San Francisco.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer" Tablets of Aspirin in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetylacetic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets Bayer Company will be stamped with their general trade mark, the Bayer cross.

HAROLD J. BINNEY'S RECORD

That there may be no doubt as to who Harold J. Binney is and as to his past experience not only in the directing of successful motion picture productions but in the motion picture industry generally an interview was arranged which resulted in a clear statement from him. Mr. Binney went over his record, and the statements he made have been verified by many of those whom he mentioned. "How did you first get into motion picture work?" he was asked. "I discontinued a vaudeville engagement that was paying me \$275 a week and began work in motion pictures at \$3 a day—I mean \$3 a day for the days I worked. I was employed as an 'extra' and where I was paid \$1.00 a week. "Why?" "Why you ask me 'why?' Well, why did any other young man begin at the beginning of anything. I saw in the motion pictures of those days a future which far surpassed anything in the vaudeville line, and I was so young it was necessary for me to look to the future." "How long were you an 'extra?'" "Not very long. My work was appreciated and I was soon put on a regular salary. It was small to be sure, but it grew as I became more valuable to the concern. Step by step my work advanced until it reached the point of directing and producing pictures." "Independent Producer." Mr. Binney then stated that he launched out on his first independent work by producing a series of pictures known as the "Sammy Burns" series, and included "Sammy's Scandalous Scheme," "Sammy's Dolesful Romance," "Sammy vs. Cupid" and several others. "These were the first Vogue comedies as released by the Mutual program, and were sold by my partner, Moe Spero, and I to Samuel S. Hutchinson, president of the American Film Corporation, Santa Barbara, California." Mr. Binney stated that during the time he was producing these pictures he also owned and operated, independently produced a series known as Pacific Pictures and Angelus Future Films. The work was done in Los Angeles, Cal., and proved exceedingly successful. "Did you ever produce any pictures in Texas?" "Yes, when I left California I went to Texas and independently produced a series known as Lyon Comedies and Master Picture Features. "Successful Series. It may be stated that the success of this venture in Texas is evidenced by information at hand, which was secured from Judge Charles H. Taylor of Houston, Texas. There is also on file in Mr. Binney's office telegrams and letters from New York, which are very complimentary as to the quality of the

Binney or under his supervision for a period of five years dating from July 16, 1914. In the Blue Book. "Are you aware," said Mr. Binney, "that there is a blue book in the motion picture industry?" This blue book is to this industry what Dun and Bradstreet's is to the financial world. It is published by Motion Picture News, 729 Seventh Avenue, New York. My record is there for you or anybody else to see, and further, there is no editor of a motion picture trade paper to whom I am not willing that you should refer. I mean such men as James Huff, editor Moving Picture World, 516 Fifth Avenue, New York; Leslie Hall, editor Exhibitors' Trade Review, 1485 Broadway, New York and William A. Johnston, editor Moving Picture News, 729 Seventh Avenue, New York. "STAR AND GARTER" AT GAYETY. In presenting the great "Star and Garter" show at the Gayety Theatre this week, manager E. A. McArdle, of the Gayety Theatre, has further en-

trenched himself in the regard of the burlesque fans in Toronto. The "Star and Garter" show is undoubtedly one of the best shows on the circuit and is bound to please. The cast is exceptional and the scenic effects have been carefully worked out. A number of clever vaudeville acts are included in the show and all are of a high standard. The cast includes Ray Reed, Charles Burns, Howard Payden, William Bovis, Bert Hall, Florence Darley, Payline Hall, Chubby Brisdale, and a stupendous beauty chorus. The two burlettas are "La Belle Pares" and "Putting it Over," both of which are well staged and will provide plenty of amusement. IRON MANUFACTURE STARTS UP IN U. S. Youngstown, Ohio, Oct. 11.—The first iron manufactured in the Mahoning Valley since the steel strike began was poured from a blast furnace at the Youngstown Sheet & Tube

Company early this morning, according to an observer outside the plant who saw the metal poured from the furnace. Activity at practically all other plants here indicates an attempt to manufacture iron soon. PROF. MACMILLAN SPEAKS ON MINIMUM WAGE LAW A meeting was recently held in North Runnymede Hall, under the auspices of the North Runnymede Community Club. Prof. MacMillan delivered an address on "Minimum Wage Legislation." Prof. MacMillan was chairman of the committee who put the Manitoba wage legislation on the statute books. A.D. Ryding also spoke. President Brunton occupied the chair. River beds are supplied with springs and sheets of water. The man who is long on words is apt to be short on deeds.

PROHIBITION FIGHT SOON AT END IN U. S.

Washington, Oct. 11.—The struggle between two and three-quarter per cent. beer to maintain a legal status will come to an end when the prohibition enforcement bill, enactment of which was completed yesterday by congress when the house adopted the conference report, is made law either by the president's signature or automatically should his illness prevent him from signing it within ten days.

The manufacture or sale of any beverage containing more than one per cent. of alcohol is prohibited under both the war time

SEARCH FOR AVIATORS RECEIVES IMPETUS

St. Louis, Oct. 11.—All available agencies in Canada and the United States, it was said here today, will be requested to assist in the search for Captain Carl W. Dammann and Lieutenant

COAST TRAFFIC IN DANGER OF TIE-UP

New York, Oct. 11.—Extension to the coastwise traffic at every Atlantic port of the longshoremen's strike, which has completely paralyzed New York harbor, appeared inevitable today.

John F. Ripley, chairman of the committee, directing the strike, announced that orders for such an extension had been issued following the action here yesterday of the national adjustment commission of the United States shipping board, which refused to grant an increase in the coastwise longshoremen's scale from 65 cents to 71 an hour.

S. WILKINSON RUNS

Hamilton, Oct. 11.—The fourth candidate has entered the political arena for election to the Ontario legislative assembly in South Wentworth. Sam Wilkinson, a returned soldier, and G.W.V.A. has announced his candidature. There were already in the field J. T. H. Regan, Liberal-Conservative; Dr. B. E. Thompson, Liberal; and W. A. Crockett, U.F.O. and Independent Labor.

HARNESSEMAKER TIRE REPAIRING VULCANIZING

The Trend of the Times As It Affects You

Fewer horses and more cars mean less harness-making and more tire-repairing.

That's why hundreds of harness-makers have equipped their shops for tire-repairing. You can get into this too, with a very small outlay of capital. Your manual training as a harness-maker will adapt you naturally to tire-repairing.

Write us for catalogue, and we will tell you the best way to get into this profitable business.

A. R. WILLIAMS MACHINERY CO. Limited, Dept. S. W., 64 Front St. West, Toronto.

Nukol Nukol NUKOL EARNS WHILE IT BURNS Nukol Nukol

PROGRESS AND CO-OPERATION

BUILT THIS GREAT FACTORY TO HELP SOLVE ONTARIO'S FUEL PROBLEM

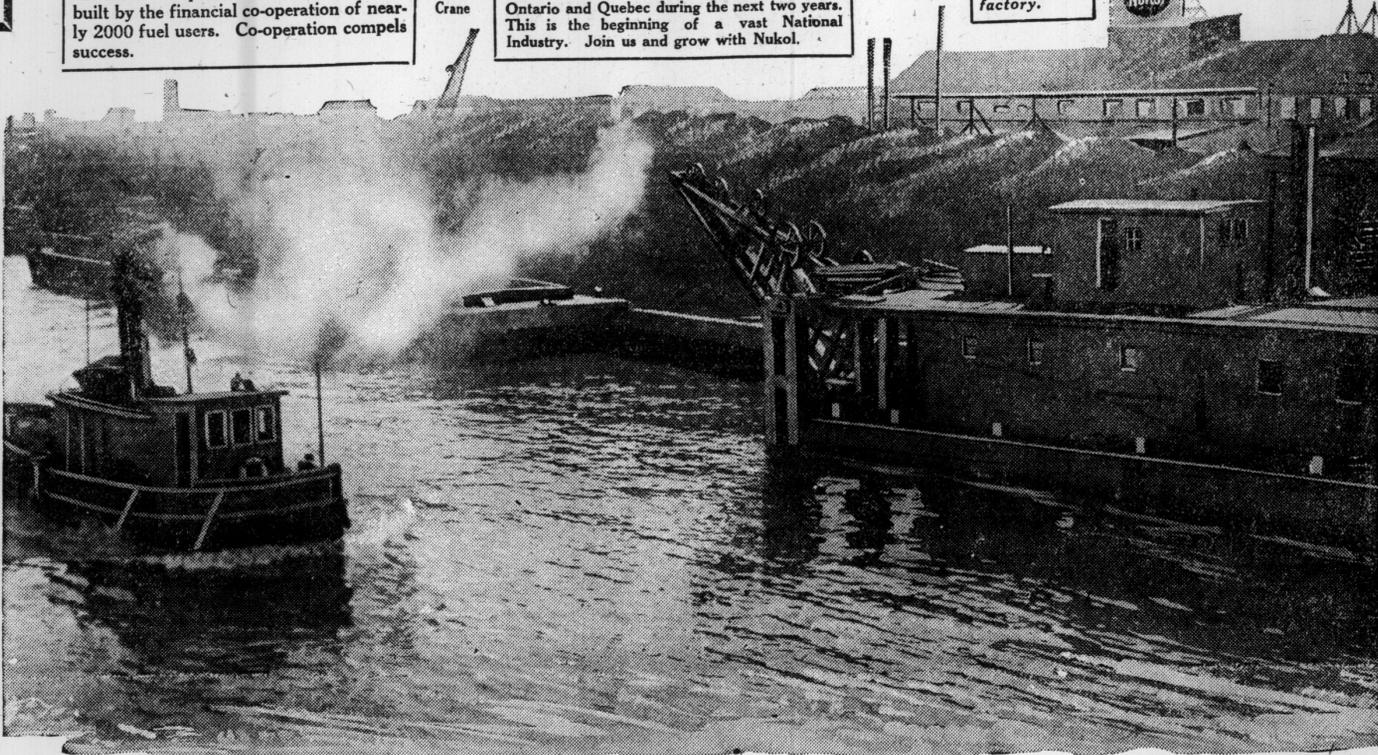

No. 1. Nukol Factory, Toronto, one of the finest fuel plants in America, has been built by the financial co-operation of nearly 2000 fuel users. Co-operation compels success.

Nukol Crane

Plans call for 11 more NUKOL Factories in Ontario and Quebec during the next two years. This is the beginning of a vast National Industry. Join us and grow with Nukol.

Ridge of coal in front nearly hides the factory.

Main Bldg. of Nukol Plant

Tug of Harbor Commission.

The "Meade" of Boone Construction Co.

SOMETHING TANGIBLE FOR YOUR MONEY

MOUNTAINS of coal enclose the Toronto Nukol Plant. A huge crane is busy unloading car after car, bringing in daily shipments from 1,500,000 tons of raw material. NUKOL'S private dock is prepared to receive much future shipping by water. Many men are working fast in the main factory building, putting the final touches on huge machinery. Production of 240 to 300 tons a day will start about the end of October. Opening Day ceremonies will be honored by the presence of Prominent Business and Public Men. It will be a Proud and Profitable Day for everyone who has helped to make NUKOL the Big Success it is today. Are you with Nukol? Don't let this last chance slip by to get stock at \$1. Call, Write or Wire.

Fuel Users' Club

I would like to join your Fuel Users' Club to insure my supply of fuel for this winter. I could use tons, costing less than the market price of coal. Send complete information to

Name
Address

IN 9 months NUKOL has become a household word. Plant, machinery and raw material on hand are estimated to be worth about \$200,000. Price advance on coal contract alone is worth at least \$300,000. Estimators vary from a half-million to a million for intangible assets; for trade name, license to use the Dutch process, contracts and leases, perhaps \$500,000 would be a fair valuation. It might be fair to assume that NUKOL has acquired about \$1,000,000 worth of all kinds of assets in nine months. This is a record for energy that bespeaks a great future.

NUKOL has the exclusive right to use the Dutch Process of Briquetting in Ontario and Quebec. The Dutch Process, a great commercial success, is owned by the General Briquetting Company of New York. This process is being used with great success by the Lehigh Coal and Navigation Company in the United States. NUKOL is therefore operating in Canada an industry that is a known and established success.

GETTING READY TO PRODUCE. A glimpse into one of the busy corners of the NUKOL main building reveals many kinds of huge machinery, all together capable of producing 15 tons of NUKOL per hour. The Mammoth Machine in the foreground is the 80,000-pound masticator, used for mixing the materials. In the distance at the right may be seen the mighty press made in Belgium. The gigantic cylinders that look like Colossal Cannon are used for drying the coal briquettes. This is one of the most complete briquetting plants in America. It is built to produce NUKOL and Dividends.

PROTECT yourself against the serious coal troubles of this winter by arranging to get NUKOL. Coal will be scarce and very high in price. NUKOL shareholders are assured of a supply of NUKOL, the Anthracite Briquette. NUKOL is 95% Anthracite and it burns without clinkers, hotter, longer, cleaner and cheaper than coal. NUKOL saves one-quarter of your fuel bill. Get NUKOL for Fuel and Dividends. In different towns NUKOL Fuel Users' Clubs are being formed. Neighbors club together and order a car or cars of NUKOL. It's a mighty comfortable feeling when you know that NUKOL is here to help you face any winter. Send the coupon in today and get the facts about the Fuel Users' Club.

IT takes money to build a big, modern factory, such as you see in the illustrations above; but a big factory like that MAKES MONEY. We want to build more factories to make more money for People Big Enough, Progressive Enough and Canadian Enough to solve our Country's Fuel Problem. NUKOL burns well and NUKOL Earns While It Burns. Here's something tangible for Your Money—Factories to supply a tremendous every-day call of millions of Canadians for Fuel—and still more Fuel. Write us—wire us to reserve shares—or walk into the nearest NUKOL Office and get your shares at \$1 each before they go to \$1.25 on October 18th. TIME IS MONEY. Lose No Time—Make Time to Make Money—NOW.

THE chief NUKOL engineer states that the Toronto plant is capable of producing 15 tons per hour. Running in different shifts for 20 hours a day would produce 300 tons per day. Figuring 300 days to the year, about 90,000 tons could be turned out by the one plant in a year. Profit per ton may run from \$2 to \$4. Taking the average of \$3 a ton profit, the yearly profit would be \$270,000. Take off the \$70,000 for possible breakdowns and other contingencies and a profit of 20% is left on the investment. That enables YOU to get better fuel for less money, and also enjoy a reasonable profit on YOUR investment. It sounds reasonable. It is practical.

THE ABOVE approximate of 20% is but a forecast of the year's earnings of the parent plant, No. 1. NUKOL Factory, Toronto. A factory has been secured in Walkerville, that can be converted into a NUKOL plant. A Montreal plant is being considered. Other towns and cities in Ontario are after NUKOL plants. It is planned to build 11 more NUKOL plants during the next two years. Investors in the parent Company will share in the dividends from all the plants. Many plants, many dividends. NUKOL gives promise of becoming a huge, national industry. Now is your opportunity to secure stock in the Parent Company—Now—while it is only a Dollar. Saturday, October 18th, NUKOL STOCK goes to \$1.25. In the meantime—think wisely—and act promptly.

Prospectus filed with Provincial Secretary.

GOOD PROMISE GIVEN BY GRANBY-KIRKLAND

What is said to be one of the most promising gold mining properties at the present time is the Granby-Kirkland Gold Mines Limited, whose stock is now offered at 25c a share. Work was commenced last spring and has been steadily prosecuted all summer. The buildings are now practically completed. A shaft has been sunk on the largest of three parallel veins and this vein at present depth has already greatly widened. This is similar to the experience of all the big mines in the Kirkland Lake camp, where the gold-bearing veins always widen and become more heavily mineralized as the depth increases. The Granby-Kirkland property is located

next to the celebrated Tough Oaks mine where, at 100 feet in the vein a very high average ore is produced. Granby-Kirkland also has the characteristic mud seam which is an outstanding feature of the Kirkland Lake successes. A lot of work had been done on Granby-Kirkland before the stock was offered to the public. These facts, in conjunction with the fact that no failures have so far been recorded in the Kirkland Lake Mining Camp, give every assurance that Granby-Kirkland is one of the best buys on the market today.

NEW YORK BANKS.

New York, Oct. 11.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$27,046,150 reserve in excess of legal requirements. This is a decrease of \$2,540,800 from last week.

DAVIDSON LEADS WITH WASAPIKA

Latter Sells at Highest Point Recorded—Trehewey Off Three Points.

Further evidence that interest has definitely shifted from the silver to the gold market was shown in Saturday's mining market. Advancing ranging from small fractions to two points, were quite numerous in the gold group, while bearishness was sufficient to depress silver. A three-point dip to 21 was made by stock was broken for two minutes closing minutes of trading, the latter equating to 22. Davidson and Wasapika stood out prominently among the gold stocks, the movement, and also for several years, and Wasapika selling up to \$1.04, a point above the former top mark in the history of the stock, later coming to \$1.00 and closing without net change. Davidson's gain on Saturday was 7 1/2, 1 1/2 above Friday's maximum price and two points higher than Friday's close. With plenty of funds assured for development work on the Davidson, a strong bullish sentiment has been created. \$2.85, McIntyre rose two points to the two-dollar mark, falling back, however, to \$1.85. Lake Shore held at \$1.05 and Kirkland Lake raised 1/2 point to 32. Fractional gains were shown by Schumann at 26, Dome Crown at 26, Dome Lake at 15 and Porcupine Crown at 24. Trehewey's dip, previously mentioned, featured the Cobalt Circle—Big, which held its gain of Friday at 57, but slipping sold off five points to \$1.70, McKinley-Darragh a point to 71 and Adams 1/2 to 11 1/2.

WINNIPEG GRAIN MARKET

Winnipeg, Oct. 11.—Oats opened quarter cent lower at 80 1/2c, and December opened unchanged at 84c lower at 77 1/2c. May opened 1/4c lower at 80 1/2c. Barley opened 1/4c lower for December at 11 1/2c, and May opened unchanged. Flax opened 1/4c lower for December at \$3.01. The inspection yesterday totalled \$1.41 cars of all grades, of which 486 were contract grades of wheat.

PRESSED METALS.

Cassels and Biggar report a transaction in pressed metals on the curb on Saturday at \$2.00, equaling the high price for the stock.

COBALT SHIPMENTS

That the final quarter of this year will be the most profitable period during 1919 is clearly indicated in the official figures of the shipments made last week of the Cobalt mines received Saturday morning by Hamilton B. Wills, over his private wire from this camp, to wit: 16 cars containing a total of 1,408,929 pounds, or 64 1/2 tons, which about equals the highest record output for any week during this year. Shipping is top of the weekly list with seven cars containing 828,175 pounds, a high percentage of which is billed direct to Montreal en route to England. Buffalo Mines is next in line with three cars of 24,115 pounds, and that most consistent of all shipping mines, McKinley-Darragh, third on this list with two cars of 19,875 pounds. The complete list as received by Mr. Wills from the T. & N. O. Railway is as follows: Nipissing ... 16 cars, 1,408,929 pounds Buffalo ... 7 cars, 241,115 pounds McKinley ... 2 cars, 19,875 pounds Cobalt ... 2 cars, 122,917 pounds La Rose ... 1 car, 99,232 pounds Beaver ... 1 car, 96,561 pounds Total ... 16 cars, 1,408,929 pounds

The Baldwin Mine has wonderful prospects. It is situated in the famous Kirkland Lake district and is owned outright by the Company. The plant and machinery are paid for and free of encumbrance. Considerable development work has been done, the shaft is down 215 feet, cross-cutting 150 feet, and drifting about 70 feet, all in ore bodies. The Railway runs clear across the north end of the property and the trains stop right at the mine.

Every real Canadian owes it to himself and to Canada to have some share in the development of Canada's vast mineral resources. Do your part.

A copy of prospectus of this Company has been filed with the Provincial Secretary.

WIRE OR MAIL YOUR ORDER TO The Baldwin Gold Mining Co., Limited (No Personal Liability.) 301-2 Dominion Bank Bldg., Toronto, Ontario. Telephone Adelaide 1366.

Helpful advice to mining investors

The first step to take in seeking a mining investment is to secure advice from a responsible firm engaged in the actual financing and development of promising mining properties—people who are qualified to make your money work to good advantage. This firm is not merely a brokerage house. We employ a competent staff of experts in finance and mining. Our policy in choosing ground for development is one of great care and searching examination. The preliminary development of a property must be sufficiently favorable to warrant asking our clients to assist financially in its development. Have your name put on our mailing list to receive regularly The Mining Digest, also maps of the Porcupine and Sluicing Tree gold areas.

"All the ear-marks of a winner" GRANBY-KIRKLAND GOLD MINES, LIMITED AT 25c PER SHARE

If you buy gold mine stock when production is at high level it will never make your fortune. For by that time the price is too high. The time to buy is before production begins. McIntyre at 27 cents would have made you more money than McIntyre at \$1.90. Pick your mine on its probabilities. Then back your judgment to the limit. That's the way every big fortune has been made in gold mine stocks.

Consider These Established Facts About Granby-Kirkland

1. The Granby-Kirkland property is located on the central section of the longest, most definite and heavily mineralized vein system of the entire Kirkland Lake Camp.
2. On the Granby-Kirkland property three parallel veins, all heavily mineralized, and of great width at the surface, have been uncovered for several hundred feet.
3. A shaft has been sunk on No. 1 vein, which shows a widening to eight feet at present depth. This is undoubtedly the strongest vein in the whole district, and it has been traced for approximately half a mile.
4. The character of the great Granby-Kirkland vein system is identical with that of the richest gold mines of the Kirkland Lake Camp; and since all shafts sunk in the camp have proved real mines, even on a much weaker vein system, we are convinced that Granby-Kirkland, located at the very axis of the gold-bearing area, and on the strongest vein system of the whole Kirkland Lake Camp, will prove to be a really great gold producer.
5. If the experience of the big producing mines of the Kirkland Lake Camp is any guide—and no better guide could be imagined—the surface assays shown by Granby-Kirkland indicate a very high grade of ore. All the best producers of the camp strike their richest ore at about 100 feet down in the vein. Many of the biggest of these producers commenced on veins less promising in appearance than those of Granby-Kirkland.
6. The property is owned outright by the company. It is located between the Tough Oaks Mine and La Belle Kirkland Mine. Buildings are being constructed preparatory to extensive underground work.
7. All money realized from sale of stock goes immediately into development work on the property. Granby-Kirkland is strictly a working property, calculated to be a great producer.

This is where you can invest a moderate amount of money with all the chances in favor of a big and speedy gain in actual value. We are selling stock with genuine prospects behind it. And we feel absolutely confident that Granby-Kirkland will be the wisest buy you ever made, whether you trade on a rising market or hold for dividends.

STATUTORY INFORMATION. The company was incorporated under the Ontario Companies Act. The amount of preliminary expenses is \$2,500. Authorized Capital, 2,000,000 shares of a par value of one dollar each. The original incorporation of each director is one share. There is no remuneration. The minimum subscription at which the claims for one million shares of stock in the company. A commission of 2 1/2 per cent is provided by law. The directors are: N. C. Shaver, V. B. Shaver, J. A. Childerose, J. A. McConkey, Toronto, and H. M. Brown, Chicago. There is no remuneration to any promoter. No auditor has been appointed.

How to be Sure of the Phonograph You Want :: :: for Christmas :: ::

HERE are many discriminating phonograph buyers, to whom such an instrument as the Aeolian-Vocalion makes a special appeal.

They have their own ideas as to design and finish. They would be satisfied with nothing short of these special requirements.

If you belong to this class of particular buyers, then we urge you to arrange for the selection of your Vocalion now—while the full assortment is available, or while we have time to obtain the style and finish you wish.

Delivery can be arranged for Christmas if desired. It is with a desire to render the fullest service and most complete satisfaction to our patrons that we offer this suggestion.

Not only may it be difficult to obtain particular styles and finishes, but it is also true that there is going to be a great shortage of all Vocalion instruments—the demand will far exceed the available supply.

The Vocalion Record—Exceptional recordings just produced, which we invite all Vocalion owners to hear.

BY TOM KING

The big event of the week has been the official announcement that the government is to take over the Grand Trunk Railway System of Canada and its unfortunate child, the Grand Trunk Pacific. In comparison with this everything else that has happened this week seems unimportant. It means that we are to have a big national railway with a commanding position in every part of the country. Full credit will be given to Hon. Arthur Meighen, Sir Thomas White, Sir Henry Drayton and others who have labored to bring this about. Quite naturally the government will take, and is entitled to take, whatever glory attaches to the nationalization of the Grand Trunk. Whether Sir Robert Borden be a recent or even reluctant convert to public ownership or no, is unimportant. The fact re-

pel the government to put the measure thru the house under the closure rule. They hope, no doubt, to bring to the assistance the powerful Canadian Pacific Railway Company and other interested parties, a number of whom would scarcely less powerful which fear public ownership and shrink from the advancing tide of railway nationalization.

There will be opposition to the bill when it gets to the senate, and it will not all come from Liberal senators. There is no disguising the fact that the bill will be fought in the upper house by some of their seats in that house to Sir Robert Borden.

If a hard fight is put up against the Grand Trunk legislation it may require the Ontario members to stay closely at Ottawa, although a number of them would like to spend the coming week on the stump.

The railway legislation will undoubtedly have the right-of-way, and the temperance bills may not be proceeded with for the present. It is common talk that they may be sidetracked until after the 20th. A good many people are also of the opinion that the special committee of the hour on the civil re-establishment will delay bringing their report until after the provincial election.

The government is hopeful of making a fair showing in the Dominion by-elections. Should they go right and should the Conservatives make a big win in Ontario, it is altogether probable that some of the senior members of the cabinet may retire and new blood be brought into the line can occur, of course, until the return of Sir Robert Borden, but the general impression is that the prime minister will soon return to the capital in about his usual good health. Another effort may then be made to really get the Unionist party into shape as a permanent organization.

The caucus is a week ago for that purpose made rather a poor impression. The proposed platform was not disclosed to the public until the 20th. It was laid upon the illness of the prime minister. Sir George Foster's speech, of which so much has been said and written, was a moving effort and fitted in well enough with the present universal tendency to weep. But it was a trifle hard on Sir Robert to have attention drawn to his appearance, his thinness, his pallor and his nervous condition. Sir George, however, if all accounts be true, was quite carried away by his own eloquence. He described what a fine, big, strong, healthy man Sir Robert used to be, and dwelt over-long upon the change that had come over him. One man is quoted as saying that Sir George seemed to be delivering an old-time temperance lecture and unconsciously was posing the prime minister in much the same way as he was wont to pose a "horrible example" in days gone by.

On Monday, and again on Thursday, the house discussed the arrangements made by the government for financing and handling the wheat crop of 1919. Judge D. D. McKenzie went off at a tangent when he arraigned the government for prohibiting the export of our wheat to the United States. However, he managed to start a debate on the reciprocity question, which so belatedly the issue that the house fairly lost itself in the labyrinth of date. It was a clean-cut statement by Hon. T. A. Cramer which finally caused the bill to pass without opposition.

Mr. Cramer came again to the rescue of the government in the oleomargarine debate. He supported the government bill upon the ground that the Canadian farmer should make good enough butter to face competition at home as it faced competition in every other country of the world. He assured the Ontario farmers that oleomargarine would not destroy their industry. No country in the world in proportion to its size exported so much butter as Denmark, and yet Denmark permitted the manufacture and importation of oleomargarine.

The spectacle of a government supporter moving the six months' hold for government bill was presented last Thursday when Frank Glass of Middlesex spoke in opposition to the bill per-

GOITRE CURED BY THE ABSORBENT METHOD

Dr. W. J. Hughson's Goitre Cure cures by absorption. The safe and reliable way of curing goitre, so that it will never return. It does away with all danger and uncertainty of the knife in an attempt to cure goitre. It also removes the hazard of internal treatments that so frequently play havoc with the heart, stomach, kidneys and nerves. Just a simple home treatment applied externally that removes all traces of goitre or thick neck, and leaves no scar or other disfigurement to indicate that you ever had goitre. In order to prove the reliability of this claim we herewith produce one of the many testimonials we continue to receive.

To whom it may concern:— Having been a great sufferer for several years from that nerve-wrecking malady, goitre, I believe it to be my bounden duty to spread the glad tidings to those unfortunate enough to be afflicted with this distressing disease of all that wonderful remedy, Dr. W. J. Hughson's Goitre Cure, has done for me. After spending over \$200.00 on doctors and an endless variety of treatments that were recommended to me my condition grew gradually worse until I became almost a shadow of my former self. My nerves were so affected that I frequently took violent shaking spells so that I could not control my arms and limbs. My husband, who is a powerful man, could only by the greatest difficulty hold me to the table. With this condition life became a burden. One day my grocer, seeing me in one of those spells, and being informed that the large goitre I had was the cause of my trouble, he advised me by all means to try a bottle of Dr. W. J. Hughson's Goitre Cure, without delay, as he had heard it frequently spoken of as a safe and reliable cure for goitre. I acted on his advice, with the result that after several months' faithful treatment my goitre has entirely disappeared. My nerves and heart action restored to normal condition again, are both steady and strong, besides, I have gained considerably in weight. So great is the change in my health and spirits that I am a new woman today, and thanks to Dr. W. J. Hughson's Goitre Cure.

That it may be the means of conviction to the others of the efficacy of Dr. W. J. Hughson's Goitre Cure to cure goitre, I gladly give this testimonial.

I am, yours truly,
MRS. ALBERT WRIGHT,
1560 Bathurst St.,
Toronto, Ont.

CAUTION:— The marvellous success attained by Dr. W. J. Hughson's Goitre Cure in the treatment of goitre has induced many imitators to advertise cures (so-called). There is no other remedy that is just as good or nearly as good as Dr. W. J. Hughson's Goitre Cure. The Remedy with a Record. For testimonials with name and address attached to each, and for Free Booklet containing particulars of the treatment, write S. W. HUGHSON, Dept. W., 52 Major St., Toronto, Ont.

mitting the manufacture and sale of oleomargarine. Speeches in bitter opposition to the bill had already been made by Dr. Edwards of Frontenac and Donald Sturges of South Oxford. It was evident that their intention to divide the house, and something like a revolt against the government was anticipated. When the testing time came, however, they were not strong enough to demand the yeas and nays.

Dr. Clark of Red Deer was back to form and contributed a rather epigrammatic speech to the debate. He quite naturally spoke as a free trader, but he also argued that it was better for people to use oleomargarine than to eat their bread unguaged, hissing, noises in your ears, so to your disgust and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should be open, breathing become easy and is pleasant to take. Anyone who is threatened with catarrh of the head or who has head noises should give this prescription a trial.

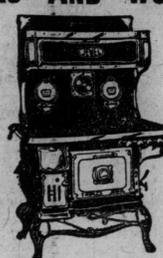

years, and it is not a pleasant experience, with the thermometer 20 degrees in the shade, to have a cow take Edwards and Donald Sturges in condition, and wipe it thru both your eyes.

Dr. McGibbon of Muskoka also came to the rescue of the government. Representing as he does an agricultural district, and having rendered distinguished service at the front, his speech undoubtedly had a marked effect. Mr. George Boyce, who represents Carleton County, one of the biggest dairying centres of Canada, also supported the government.

On Wednesday the house sat just forty minutes, which was probably thirty-nine minutes longer than was required for all the business transacted. On Friday came the announcement about the Grand Trunk, which, as we have already said, dwarfed every other happening of the week.

Ten years ago there was only one outspoken advocate of railway nationalization in the Canadian parliament, and for years he plowed a lonely furrow. It was hard to tell whether he got more knocks from the Conservatives or from the Liberals. But today the public men of the country are falling over themselves to support public ownership, and few openly remain in the seats of the scornful.

"Jewel" Combination COAL, GAS AND WOOD RANGE

THE TRIPLEX JEWEL—Is the last word in "Combination Ranges". In it is embodied all the latest and most modern features yet known to stove makers. No other combination is so well equipped, and none so attractive in appearance and neat in design.

Almost all other Combination Coal and Gas Ranges now being offered for sale are so made that it is necessary to remove a cumbersome haffle plate when cooking with coal or wood and replace same when gas is to be used.

PRICE \$88.00

SPORTING SECTION OF THE TORONTO SUNDAY WORLD

HORSEMAN ADDS TO HIS STABLE

(Continued From Page 1.)

trustand certainly avers for the high esteem in which the former Toronto trainer is held by his new employer.

Good Purchases. However, the versatile Al soon returned with a quartet that provided undoubted evidence that this confidence was not misplaced, as shown by exhibit No. 1, the pacing mare, Lucy L., 2:15 1-4, who was twice driven to victory by Collins at the Ottawa Exhibition immediately on his return. Since then her victories have been numerous, and include the breaking of a track record last week at Collingwood. Al secured this sensational wiggle from George Rawlings, New Palatine, Ind., who started her at the Franklin, Ind., fair on Aug. 16, winning second money, and here is clipping from The Horseman concerning her:

"In the 2:40 pace, with ten starters, George Rawlings of New Palatine, Ind., showed the best pacer in the bushes this year. It was the first start in a real race for both driver and mare. She drew eighth position in scoring and being free-legged was a little slow to begin, but when she did turn on, oh, my! she can surely romp!"

Lucy L. is a black mare of good appearance, by Dallas M., a son of Dallas M., and her dam Goldie C., p. 2:02 1-4, is by Wiltraby, 2:06 3-4, grand dam by Hamiltonian Downing. Lucy L. has no race record other than the breeder's record of 2:15 1-4 obtained at Ottawa, and is six years old. In pursuance of his fondness for a trotter, Al could not forego the temptation of purchasing a horse of that gait, and the roan gelding, Maximilian, seemed to fill the bill. Making his debut last season, Maximilian was started on nine occasions, winning two races, and was three times second. In his initial start at Carrollton, Ill., he won the opening heat of the 2:25 trot and was second and fourth in 2:18 1-4. In the third heat of this race every horse but the winner and Maximilian was distanced. At the next town he was back, but won his two following races at Fairbury and Poplin Bluffs by the straight heat route. At Carville he engaged in a six-heat battle, emerging with second money after winning the second and fourth heats, each in 2:20 1-4, and being placed in 2-1-2-2-1-2 in the summary. After finishing outside the money at Ottawa, Ill., Maximilian was taken to Missouri, finishing his campaign by being unplaced in one race and winning second money in his final start, in which the third heat was trotted in 2:16 1-2.

His Record. Maximilian has a race record of 2:24 3/4, and a breeder's record of 2:19 3/4, obtained at Collingwood, where he won a race against pacers. He is sired by Kingston G., 2:28 3/4 (sire of Peter Kingston, 2:10 3/4; Bud C., 2:12 3/4; David E., p. 2:13 3/4; Kingston, p. 2:14 3/4), a speed siring son of Silent Brook, 2:15 3/4 (sire of Billy Burk, 2:03 3/4, etc.), and Mignon, by Robert McGregor, 2:17 3/4. The dam of Maximilian is that noted brood mare, The Baby (dam of two trotters and one pacer, including the fast mare, Alfreda, 2:09 3/4), a daughter of Constanara, 2:16 3/4, and Baby, by Port Leonard. Maximilian was purchased by Mr. Collins from his breeder, Chas. Campbell, Jerseyville, Ill., for a price into the four figures.

Gale Fast, a four-year-old bay pacing mare, by Trampfast, 2:12 3/4, and a two-year-old bay pacing filly, by Todd Mac, 2:07 3/4, dam by Jay McGregor, 2:07 3/4, conclude the addition to the Payette Stable thru the purchases of Mr. Collins during his sojourn across the border this summer.

At a recent session of the board of appeal of the Canadian National Trotting and Pacing Harness Horse Association, that disgusting race which marked the Brampton Fall Fair was properly aired and deserving penalties were handed out to the parties guilty of fraudulent practice. To properly acquaint readers with the event in question, the summary is here presented:

2:18 class—
Billy Patch, b.s. 3 3 1 3 1
Dr. Hal, b.g. 1 2 3 2 2
Jack Powers, g.s. 2 1 2 1 3
Vic Rowntree, driver of Billy Patch, without authority from the judges got up behind Jack Powers in the second and third heats, but was ordered to drive his horse in the following heats. In the fifth heat, J. Hillis up behind Jack Powers, deliberately pulled the grey gelding, allowing Billy Patch to win the heat. The judges promptly sent Jack Powers to the barn, awarded race to Billy Patch, paid Dr. Hal second money, and withheld first and third moneys to be awarded by the board of appeal.

Summoned to appear at the session, Rowntree admitted a collusion with J. Hillis, in which they were to aid one another in annexing first and second moneys, also confessed indifferent driving in the race.

After carefully weighing the evidence, the board upheld the decision of the judges in their award of the purse, fined J. Hillis, owner and driver of Jack Powers \$25 for indifferent driving, and Vic Rowntree \$15 for the same offence.

The above action of the C.N.T.A. is to be commended by those who desire justice and the exclusion of all

things that savors of an unwholesome character. It further unveils the fact that the association will not tolerate corrupt practices at race meets conducted under its jurisdiction, and can be interpreted as a timely warning to parties engaging in foul acts, that their participation in the invigorating pastime will be interrupted should similar operations continue. Any offence officially reported receives detailed consideration, and all decisions rendered will be enforced regardless of whom it may concern.

Treasurer John Lock of the Toronto Driving Club suffered a painful accident last Tuesday afternoon, when his three-year-old gelding, Leonard S., slipped on the city pavement while en route home from the track, throwing Mr. Lock violently and fracturing his arm.

What an interesting sporting sheet The Evening Telegram issues! Sedom does it venture into the harness horse world, but when it does the statements are frequently more amusing than accurate, judging by the following extract: "The veteran Ed Geers was in the saddle at Lexington on Saturday." Fancy the "grand old man" attempting suicide in such an unconventional manner.

The free-for-all trot at Atlanta has received six entries: Lu Princeton, Mabel Trask, Heir Resper, Peter June, Royal Mac, Mariondale.

NO LABOR DELEGATES FEARED BY GERMANY
Berlin, Oct. 11.—Discussing the coming international labor conference at Washington, The Vorwaerts declares it is "impossible for Germany to submit to the humiliation of seeing her delegates wait in penitential garments, while Haiti, Liberia and other negro republics may decide for themselves whether they will attend the conference." The newspaper thinks that before the international labor bureau before which the matter has been laid, can reach a decision it may be too late to send delegates to Washington.

LIBERALS OF KINGSTON WILL OPPOSE DRAYTON
Kingston, Oct. 11.—That the Liberals of Kingston will put up a fight against Sir Henry Drayton in the by-election for the house of commons is assured, according to a report from the Liberal ranks this morning. The name of the candidate has not yet been mentioned. There was a move on foot to get Hon. George P. Granham to contest the seat, but it was stated today that the party has a local man as candidate.

AMERICAN FINANCIER SUCCUMBS TO DISEASE
Nyack, N. Y., Oct. 11.—James N. Wallace, president of the Central Union Trust Co. of New York, and a leading American financier, died suddenly at his country home here early today from heart trouble.

MILLION DOLLARS TO BE SPENT ON RUBBER PLANT AT KITCHENER

Canadian Consolidated Rubber Company Increasing Its Output

MONTREAL, July 11.—The Canadian Consolidated Rubber Company, Limited, has decided to spend immediately one million dollars on their factory at Kitchener, Ont., for the purpose of substantially increasing the output of the plant.

SOLDIERS PERFORM ARMY TRICKS INTO SWIMMING

At a recent session of the board of appeal of the Canadian National Trotting and Pacing Harness Horse Association, that disgusting race which marked the Brampton Fall Fair was properly aired and deserving penalties were handed out to the parties guilty of fraudulent practice. To properly acquaint readers with the event in question, the summary is here presented:

2:18 class—
Billy Patch, b.s. 3 3 1 3 1
Dr. Hal, b.g. 1 2 3 2 2
Jack Powers, g.s. 2 1 2 1 3
Vic Rowntree, driver of Billy Patch, without authority from the judges got up behind Jack Powers in the second and third heats, but was ordered to drive his horse in the following heats. In the fifth heat, J. Hillis up behind Jack Powers, deliberately pulled the grey gelding, allowing Billy Patch to win the heat. The judges promptly sent Jack Powers to the barn, awarded race to Billy Patch, paid Dr. Hal second money, and withheld first and third moneys to be awarded by the board of appeal.

Summoned to appear at the session, Rowntree admitted a collusion with J. Hillis, in which they were to aid one another in annexing first and second moneys, also confessed indifferent driving in the race.

After carefully weighing the evidence, the board upheld the decision of the judges in their award of the purse, fined J. Hillis, owner and driver of Jack Powers \$25 for indifferent driving, and Vic Rowntree \$15 for the same offence.

The above action of the C.N.T.A. is to be commended by those who desire justice and the exclusion of all

A Million Dollar Addition to our Dominion Tire Factory —to serve you better.

QUALITY and service have made Dominion Tires the choice of the big majority of experienced motorists.

The quality goes in every Dominion Tire. Owing to the unprecedented demand for Dominion Tires this season, our Dominion Tire Factory at Kitchener, Ont., simply could not make enough tires to fill the orders which poured in from dealers. Now, however, we have planned to give you better service in

DOMINION TIRES

WITH the regular tire factory running day and night, and the new million dollar addition working to capacity next season, we hope to make enough Dominion Tires to supply the demand.

THE call for Dominion Tires is not limited to any one section or any one Province. It is the echo of the voice of Canadian motordom from coast to coast.

Dominion Tires are good tires; and they have made good.

SIX different treads, for every car and every purpose, business and pleasure; and Dominion Inner Tubes to give you perfectly balanced tires.

Dominion Tires are Dominion Rubber System products—perfected by the same organization making and distributing:—
"Dominion" Rubbers, "Fleet Foot" Shoes,
"Dominion Raynsters", "Rinex" Soles,
"Dominion" Belting, Hose and Packing,
"Dominion" Druggists' Rubber Sundries.

KEEPING IN TOUCH WITH RUGBY GAME

(Continued From Page 1.)

Argos showed a great deal in their game which Ottawa won. However, during the week they strengthened by new players and by the time they take on Argos and Tigers in these parts they may have some say in the championship. The beaten by Argos, Tigers were not disgraced. The 30 points difference in score did not represent the play. Argos earned three touchdowns on flukes. However, the ability to take advantage of opponent's mistakes is one of the main features of rugby and Argos' victory is no less

prominent because of the way it was gained. It is the feeling that when Argos journey to Hamilton later in the season they will have the decision reversed.

T. R. and A. A. Are Cocky. It is really too bad that T. R. and A. A. gave Hamilton Rowing Club such a bad beating in the opening game of the O.R.F.U. senior series. It took a lot of interest out of the O.R.F.U. race. It showed, however, that the champions of the old union, whether they be Capitals or T.R. and A.A., will take some beating for the Canadian championship. The fans figure T.R. and A.A. will run away with O.R.F.U. title. They should not, however, overlook Caps True, the advantage all seems to be with T.R. and A.A. but many a sure thing has been exploded by over-confidence. Manager Garlick of Caps.

is figuring on a lot of young fellows who are not as well known as are T. R. and A.A. The old fellows cannot go on forever and "Jimmy" thinks that he will show the truth of this on Monday at Varsity, when Caps and T.R. and A.A. clash in their first meeting. Capitals and Beasles play an O.R.F.U. intermediate fixture before the senior game. With no other attraction on the holiday afternoon the double bill should attract a good crowd.

The only a few Saturdays have passed to go rugby season. The Big Four are a little different in this respect they allowing men to go thru in front. Should, however, the ball carrier touch these men it is then interference. It has been suggested that on the night of the Canadian final this fall, no matter where it is played, the Canadian unions should call a meeting of representatives from the various unions and draft one set of rules. All seem agreeable and the only thing lacking is for the Canadian union to act.

OUTSTANDING EVENT IN THEATRICAL SEASON

With the Toronto Women's Press Club at the Princess Theatre on Monday, Oct. 27, is something to which many are looking forward as an outstanding event of the theatrical season. Many circumstances combine to bring this about. First, and before all else, the play to be staged is that exquisite gem, "Dear Brutus" from the pen and brain of Barrie. Secondly indications point to the gathering as one that will represent lovers and critics of the best drama, and representative of the endless activities into which the women of the press have entered. Those who have seen "Dear Brutus," either in London or New York, pronounce it the most delightful that has appeared before the public for a long time and so see which the opportunity should not be lost. "Don't miss seeing it if it comes to Toronto," was the message of the witnesses. The members of the Women's Press Club have obtained the privilege of the Princess for the premier performance of the exceptionally attractive production.

MONDAY ENTRIES

AT EMPIRE CITY.

Empire City, Oct. 11.—Entries for Monday:
FIRST RACE—Two-year-old maidens; 5 1/2 furlongs:
Ken Can.....118 Short Change.....114

MONTREAL FOURTEEN TWIST TIGERS' TAIL

(Continued From Page 1.)
ing the line better. Tigers adopted the kicking game. Montreal out-kicked T-

gers and continually gaining on the punting duels. O'Brien was hurt, and Brophy went on. With strong kickers on the half line Montreal had the better of the play.
From a scrimmage McGill started a punting duel. O'Brien was hurt, and Brophy went on. With strong kickers on the half line Montreal had the better of the play.
Tigers had lost their snap and were playing to hold down the score. McGill was taken out for a rest and Smith went on. Tigers stopped a rally near the Montreal line, and Crockett went over goal 26, Tigers 19.
Final score: Montreal 26, Tigers 19.

DEMPEY'S PUNCH LIKE THAT OF JOHN L.

(Continued From Page 1.)
fact, it would have been much better all around for Jose had the count in the first round been allowed to stand just as the referee wanted it to. For if it had been allowed to stand, Willard's friends would have been able to claim that his defeat was the result of the poor timekeeping. As it was, Willard was sent back, not only to be shown up, but to be proved that he was in anything but prize-fighting condition. His going back for the additional two rounds not only added to his punishment, but proved beyond all doubt that he was not only in poor condition, but that he was no match at all for his opponent.
