In reply to frequent questions, the fact, which is well known to those most intimately acquainted with the Hospital, ought perhaps to be publicly stated, that

There is no Fund, Endowment, or known Pecuniary Provision whatever, existing for the support of the Hospital; no human friend of it who has ever made any promise, express or implied, to preserve it, or relieve its necessities; and no person in any way connected with its management, who has the control of means sufficient to do more than render small contributions towards its maintenance.

HOSPITAL FOR SICK CHILDREN,

206 SEATON STREET, TORONTO.

For the relief of Children as OUT-PATIENTS, from birth to the age of fourteen years; and for the reception of Children as IN-PATIENTS from the age of two years up to fourteen years.

No child suffering from Small Pox, or other infectious, or any incurable disease, can be admitted into the Hospital.

The Parents or Guardians of Patients coming from the country are earnestly requested to communicate with the Secretary, a few days (if possible) before the presentation of the patient, to ascertain whether the case is suitable for admission, or that there is a vacancy in the Hospital. Such communication must be accompanied by a certificate from the Medical Attendant, stating the nature of the disease.

The Parents or Friends of Patients in the Hospital are NOT ALLOWED to give the inmates Fruit, Cakes or Candles, without the sanction of the Matron.

The Hospital is open daily for inspection, from 2 to 4 p.m., and the Committee invite all persons interested to visit it.

The Committee beg to intimate, that donations of worn-out table, bed or other linen, articles of children's clothing, children's books and toys, will be most acceptable to the Charity.

Contributors are requested to send their subscriptions to the Secretary, Mrs. Samuel McMaster, to whom all drafts and Post-office orders should be made payable, and who will be happy to give every information.

The Hospital is supported by contributions, VOLUNTARY, in the fullest sense of the word. And, as there is no canvassing for funds, friends will kindly send such subscriptions as their generous hearts, guided by God's Spirit, may prompt.

Two years and ten months have now passed by since the establishment of a Hospital for sick children, in the City of Toronto. A first report was issued eighteen months ago, and a second one is thought necessary now, by those connected with its management, to bring the Institution more fully before the public, with a view to increase its sphere of usefulness.

Opened on the 1st of March, 1875, with no capital, no subscription list, and no collectors, it has been continued and maintained from that time until the present, December 31st, 1877, entirely upon the principle That principle, already tried and proved in on which it was founded. much more extensive establishments in England and the United States, is one of simple and direct faith in the gracious promises of God,promises of blessing, assistance and guidance to all who, believing, call upon Him in prayer, and written in many pages of His Holy Word. No other means to provide for any wants have been used. Those interested in the success of the Institution and engaged in its management, have made its wants a daily subject of earnest and heartfelt prayerbringing all their need to the Throne of Grace—committing to a Heavenly Father their humble endeavours to help and relieve the sick and afflicted, trusting in Him alone for such means and assistance to carry out their object as in mercy and in wisdom He shall see fit to bestow.

Wonderful, truly, has been the answer vouchsafed. Without canvassers or subscription list, without application for money or necessaries on any occasion whatever, the sum of \$3,747.43, has been received at the Institution, besides donations of food, clothing and furniture, sufficient for the maintenance of 295 sick and suffering children, and for such a staff of assistants as have been found strictly necessary for their care. It may be necessary here to repeat that this sum and these numbers include all the money received and all the patients admitted from the day of opening to the present time.

The ladies now visiting at, and managing, the Hospital, several of whom were connected with it, at its dedication, desire in this report to say that, this little work begun in faith has been continued in faith, and, while no superabundant means have at any time been placed at their disposal, and strict economy has at all times been necessary, sufficient both in money and kind has been granted for the support of the Hospital.

from its opening and dedication until the present hour. In no spirit of boastfulness or self-sufficiency, it is humbly believed, are these facts thus distinctly stated, but to correct an impression unfortunately gone abroad, that the Institution is deeply in debt, and its managers, perplexed or despondent.

Times of great trial and anxiety there have certainly been; but of discouragement—never. The word of God faileth not, and it hath declared "According to your faith be it unto you;" while the same Divine Voice which calling little children unto Him said, "That of such are the kingdom of heaven;" said also, "And all things, whatsoever ye shall ask in prayer, believing, ye shall receive."

Surely it is well for us that the glorious reality of these things should be widely made known in this city, and that quite apart from the little story of a much needed Hospital and its daily working, we should all rejoice in hearing from those, who on these pages bear thankful testimony to the ever present love and mercy of the Saviour, whose words, spoken eighteen hundred years ago, echo reproachfully among us still, "Hitherto have ye asked nothing in My name, ask and ye shall receive that your joy may be full."

The Hospital has been lately removed from 31 Avenue Street, to 206 Seaton Street, where a detached house, with some ground adjoining is found more suitable for the use of so many little people. Since the removal a greater number of children have been accommodated, and in fine weather those among them who can be out of doors daily, enjoy the air and sunshine in the verandah, or on the grass plot upon which it opens. This place will eventually be purchased if possible, so that a permanent Hospital for the sick children of our poorer brethren, who have neither time nor money to supply the wants of their suffering little ones, may be established among us. The property is valued at about \$6,000. A special fund is about to be opened for the purchase, and special prayer will be offered up for this object in firm faith, that if the movement is according to His will, our Heavenly Father will give good gifts to His children by putting it into the hearts of those possessing much of this world's goods, to contribute liberally of their substance.

A regular Committee of sixteen Ladies has been formed during this year for general supervision; one of whom visits daily, while all meet together one day in each month to examine into the expenditure of the Institution, and arrange for its management. (Their rules are inserted at the end of this report.) The Treasurer and Secretary meet weekly to look over the accounts, and several young ladies, some of whom have taken a kindly interest in the Hospital since its first establishment, are regular visitors, spending many a useful and happy hour in reading or singing to the little patients, in some cases teaching those who are well enough to like a little easy schooling, or playing with small sufferers confined to their little iron cots, the sliding trays of which are often covered with toys, gifts from kind, and in many cases, anonymous friends,

who, surrounded in their happy homes with blooming healthy children, remember the pale thin faces, deformed limbs and diseased bodies of the patient little sufferers in the Seaton Street Hospital.

A few Ladies of the Committee have agreed to meet every Wednesday morning to assist the Matron in the sewing department. Altering such contributions of clothing as are sent in, and mending the garments already in use, will fully occupy the time they have devoted to this purpose.

Adverting to the financial condition of the Hospital, we find the expenses from 1st July, 1876, when the last report was issued, to this date, 31st December, 1877, to have been \$2,098.63, and the balance in hand to-day \$41.07. Sixty-five patients have been admitted during that time, of whom 16 now remain. When the last report was published only nine children were in the Hospital. With increasing numbers, increased funds are necessary, and the managers observe that these are granted, for the contributions in money and necessaries, just enough eighteen months ago for 9 little patients and their caretakers, are now still just enough for nearly double the number. As the manna was sent in daily supply to the Israelites of old, so the wants of these little ones are daily provided for, and the truth of the promise established, "Then ye shall call upon Me and ye shall go and pray unto Me and I will hearken unto you."

If there be any one who, reading this report, asks where we find authority for such confiding trust in God's fatherly mercy and bounty as connected with the minor details of our daily life, we would answer, that in the 19th verse of the 78th Psalm, the sin of Israel is thus set forth:

"Yea they spake against God, they said can God furnish a table in the wilderness, can He give bread also, can He provide flesh for His people?"

Therefore the Lord heard this and was wroth, "So a fire was kindled against Jacob and anger also came up against Israel because they believed not in God and trusted not in His salvation."

And here a weekly special meeting at the Hospital must be referred to, where the workers join together in earnest supplication before the Throne of Grace, pleading God's precious promises to all that call upon Him and asking constant favour and help from Him, who said to His believing people, "As thy day so shall thy strength be."

In many instances very remarkable answers have been sent to these hours of prayer, indeed too many for insertion here. A few extracts from the Secretary's diary will suffice:

Feb. 10th, 1877. Met for prayer and thanksgiving. Our gracious Father has sent us , making the total amount for this week, \$53.00.

Feb. 23rd. Met again for prayer. Truly they that wait upon the Lord shall renew their strength. We have received this month from His bounteous hand \$90.26, besides donations of clothing for the little ones.

March 10th. The Lord remembered us on our anniversary day, and yesterday, our second anniversary, sent us \$28.00 in sums of \$4, \$1, \$10 and \$13. From the commencement of the work up to this date, we have received in answer to prayer, three thousand and ninety-five dollars and

twenty cents.

This day we meet to ask the Father for means necessary March 23rd. to carry on our work. We prayed earnestly that God would remember us and the fourteen little children lying sick upstairs. We need \$14, now we have ten. Before the meeting closed a lady who did not know of our want handed me five dollars, given to her for the Hospital by a gentleman whom she had met on her way here.

April 27th. Once more we meet for prayer to ask each day our daily bread, truly we need to depend on Thee, O Father, for no money has been received all this week, except fifty cents. We again laid our wants before the Great Creator and resting on His own word claimed the promise, "As thy day so shall thy strength be." Oh Lord we are needy, there

are 15 sick little ones depending on Thee for all necessaries.

April 28th. Letter received from Mrs. —, of Toronto, desiring to keep a cot in memory of four little children whom God had taken to Himself, and enclosing first quarterly payment for same, \$25.00; also \$11.70 came in for a pay patient.

May 1st. Our good nurse left to-day, she gave us of her hard earned

wages \$3 for the use of the Hospital.

May 9th. Letter received from Brockville containing \$5.00 from a sympathizer, with words of encouragement as well as sympathy; also an express parcel arrived containing a handsome piece of wool work, value \$10.00, and other articles.

May 31st. At the close of another month we bear record to the goodness of God, our receipts for the month have been \$220.00. Balance from April \$2.31, making a total of \$222.31; our expenditure \$195.71, leaving us a balance of \$26.60. This must go for rent to-morrow, so we are to begin the month with an empty treasury; but we look to God and our faith fails not.

June 1st. A day for meeting to ask our Father to supply each day our daily wants. We have grocer, butcher, baker and wages to pay, and only 40 cents in hand, having settled the rent. May God help us ever

to trust in Him. A lady called and left \$5.00.

June 22nd. Met to-day for prayer and to look over our books. city water is much needed in the house, but we have not means sufficient to pay for bringing it in. Therefore we have prayed to the Lord and wait his answer.

June 28th. With thankful hearts to the giver of all good, we record the donations of the week: \$20.00 to defray the expense of bringing in the water, \$25.00 for the "Ethel Cot," and from Oakville \$10.00.

June 29th. Although we began the month without one cent, our Father has never forgotten us. Our receipts for this month have been \$117.50.

July 27th. Letter received from Sydney, C. B., dated 16th: "Please find enclosed the sum of \$5.00 in aid of the little ones."

Thursday, Oct. 4th. Met for prayer. No money this week. The Lord is trying us very hard, yet we trust in Him. Twenty children in the Hospital. The Matron asks for more help. We call upon the Lord, our only refuge. Evening post brought an unsigned letter, bearing Toronto post mark, containing \$5.00; also a letter from Collingwood asking admission for another little patient. Thus God teaches us he will have us work on.

Nov. 14. Mr. ——— called and left \$1.00.

Nov. 15. \$10.00 received to-day.

Thursday, 20th Dec. We met for prayer. \$72.00 required before this day week, and we have not one cent. No money received all last week. We call upon the Lord, for in Him is our refuge and strength. Our faith fails not because His promises are sure.

Friday, 21st. Still no money.

Saturday, 22nd. \$10.00 from ———, and different small sums, amounting to \$19.00. This is \$29.00 towards our extreme need.

Saturday evening. \$3.00 received by post.

Monday, 24th. \$36.00 payment for a patient, which came unexpectedly. \$2.00 for Christmas presents. \$1.00, \$5.00. Thus has our prayer been answered, we have \$4.00 more than we asked for.

27th, Thursday. Looked over the accounts. Met for prayer. Only \$4.00 in hand. The week's expenses to meet and rent to be paid. Box in Hospital, 97 cents, box at ——\$1.20. \$8.50 received from two ladies for articles made and sold by them. Again we bear testimony to answered prayer. We have now sufficient for the week's wants, and \$2.90 towards the rent.

28th. Received letter containing \$30.00. Now the rent is paid, leaving a balance of \$7.90.

29th. Letter received, containing \$2.00, from a little boy, "proceeds of getting up head in his class, one cent a time!" \$6.00 received.

Dec. 30th, Sunday. Received, \$10.00. Dec. 31st. Morning Post brought \$5:00.

Returning to the daily working of the Hospital, we may mention here that two cots have been taken during the past year, in loving memory of two darlings called early home.

The cost of each cot, or rather the yearly expense of the one or many patients who may occupy it, has been fixed at \$100 per annum, and there are now five cots so provided for in the Hospital. Pay-patients are also still admitted, in some cases the sum is almost nominal, but it is found that parents who can afford a trifle most willingly give it to secure first-rate medical attendance, good nourishment, care and comforts for their suffering little ones.

When we remember in how many homes of this country, the labourer is all day long absent at his work, while the mother ailing and weakly,

perhaps, has not only the task of helping to earn the daily bread, but also the care of a large family, it must be acknowledged that to such people a Hospital in which, by paying a very small sum, they can have their sick children medically treated, well nursed and cared for, must be a great boon indeed. In all cases, however, when the parents or friends are unable to contribute anything for the support of their children, the Hospital is entirely free, and by far the larger number of patients in this Institution are, and have hitherto been, of this class.
