IS OPTIMISTIC OVER FUTURE OF DOMINION

High Official of Salvation Army, Visiting Here, Reads Signs

SAYS ALL SECTIONS ARE BRIGHTENING

Commissioner Sowton Tells of Mist Rising in West, Centre and East

Commissioner Charles Sowton, of Toronto, chief of the Salvation Army in the Eastern section including Newfoundland, left the city today on route to Halifax, accompanied by his secretary, Col. Robert Henry, formerly of New Zealand. The Commissioner for the last few days has been holding officers' councils in the local headquarters, where Major Burton is in charge. Officers from all points in this area were present and the conferences were said to be highly inspirational and educative. The next series of councils will be held in the Nova Scotia capital.

CHEERING WORDS

Talking with a Times-Star reporter Commissioner Sowton said he was confidently assured—not only from statistics but by actual contact—that Canada has spent her last "blime" winter for many years to come. The prolonged depression and period of national melancholia, it might be called, seemed to be lifting like a morning mist. The West had been free of it for months, abundant wheat crops and ready markets causing the happy reaction out there.

KNOWS THE PULSE

Gradually, the middle west, the industrial sections, eased up in money and mentality and now the Maritimes seem to be coming out of the spell. "I know it is true," said the Commissioner emphatically, "for we are in a position to feel the public pulse in all walks of daily routine and we find the reflex in our own economic affairs."

EMIGRANTS GALORE

Morover, Commissioner Sowton says, Canada is looking bigger than ever as the world's Promised Land. Great numbers of people are flocking to these shores. Only in the last few weeks Saint John has witnessed the debarking of hundreds of the cream of Europe's emigrants—people with their savings in their pockets and deeply imbued with a zealous homestead spirit. On his way East he passed a train bearing a large party of boys sent out under the Salvationist emigration policy as conceived and being carried out by Commissioner Lamb and his trained staff. And this desirable influx had only begun, the visiting officer felt sure.

THE SCANDINAVIANS

Having spent much of his younger official life on the Scandinavian peninsula Commissioner Sowton was particularly interested in the settlement of Canada by the Swedes, Norwegians and Finns. They were a trained dairy and farming class of people who would fit admirably into the Canada upbuilding scheme. As he talks these northern languages fluently he learns from those already here that conditions are very satisfactory to them.

FROM NEW ZEALAND

Colonel Robert Henry, Commissioner Sowton's secretary, is a native of New Zealand. Asked for an opinion on this country, the colonel said he was amazed with the Dominion's great distances and untold acreage. He considered it a country big enough and rich enough to take all comers and make them happy and prosperous. "But you know," he added, "Australia is a great country too and New Zealand a most potential colony."

MARRIAGES

CORBET—In loving memory of Alice Corbett, wife of Alexander Corbett, who died April 7, 1924. **HUSBAND.**

WILL FIGHT TO FINISH

In agreeing to the adjournment, Dr. Taylor remarked that the defence did not intend to drop this matter before it was brought to a final and definite conclusion. He said that this was only the start of the proceedings, which it deems worthy of criticism, and to praise those whom they believe are deserving of praise.

The magistrate, in closing, said that he was of the opinion that there might have been a better way of establishing a principle than by arresting this young man, indicating Mr. Clifford, to which sentiment Dr. Taylor agreed heartily.

SAINT JOHN FIRMS ARE INCORPORATED

Blacksmithing and Wagon Co. and Maritime Canneries With Head Offices Here

Special to The Times-Star

FREDERICTON, N. B., April 7.—Hiram T. Jordan and Thomas E. McKnight doing business as Jordan and McKnight at Oak Bay, have dissolved partnership, Mr. McKnight retiring from the firm.

Saint John Blacksmithing and Wagon Co. Ltd., has been incorporated, with head office at Saint John, and capital stock of forty nine thousand dollars. Those incorporated are Samuel J. Holden, C. Allan Beatty, Harold Mays and Arthur C. Burke, of Saint John. The company is authorized to carry on the general business of a repair and wagon company.

Maritime Canneries, Ltd., is incorporated with head office at Saint John, and capital of \$300,000 of which \$100,000 is to be preferred stocks. The company is authorized to carry on a general canning and packing business. Those incorporated are Edwin J. Tucker, of Saint John, and Reeve S. Dean and Carroll E. Downey, of Lunenburg.

Decision Again Held In Times-Star Case

against the C. N. R. authorities for false arrest.

"What we want" he said, "is the establishment of the freedom of the press. Mr. Tingey gave permission for the sale of The Times-Star on the station platform. Somebody revoked that permission. Mr. Tingey said that he did not; then somebody must have gone behind Mr. Tingey's back, without informing him or The Times-Star of the revocation of the permission."

LAWYERS NOT PRESENT.

The judge at this point remarked that the C. N. R. lawyers were not in court, raising the question of discussion of the matter with them not present.

Dr. Taylor, "Your Honor, I came from Saint John to be present when you gave judgment; I did it out of deference to the court."

Chief Justice here explained that Mr. Allen who was present during the hearing of the case had been called to Woodtick, while Hon. Mr. Hann was engaged at the railway board hearing.

Magistrate Steves replying to further questions by Dr. Taylor, said he could have dismissed the case on the grounds that Mr. Clifford had permission to go on the station platform and not gone into the other phases of the matter.

Dr. Taylor asked the magistrate if he would give a decision on this point, also ask whether Mr. Clifford had permission under the law claim any right to be on the station platform, in which case a criminal action against him could not be brought.

WITHHOLDS JUDGMENT

The magistrate said that he would require more time to go into these questions to decide whether the accused had permission to go on the station platform, and whether that permission had been revoked. He therefore, with Mr. Taylor's consent, adjourned the case until April 14 at 11 a. m., and in the meantime let the judgment, which he had read in court.

NEPISIGUIT BILL PASSED IN COMMITTEE

Development of Additional Power In Northern Part of N. B.

CAPITALIZATION OF COMPANY \$5,000,000

COMMISSIONER SOWTON

Statement Made By Angus McLean To Corporations Committee

FREDERICTON, April 7.—One of the most important bills presented to the Corporations Committee in a great many years, involving a big hydro-electric and industrial extension on the North Shore was approved with a few amendments this morning when the committee reported the bill being promoted to incorporate the Nepisiguit Power Company, Ltd., with a capitalization of \$5,000,000.

Development of an additional 22,000 horsepower on the Nepisiguit River will cost the Nepisiguit Power Company, Ltd., a subsidiary of the Bathurst Company, Ltd., \$18 per horsepower according to a statement made by Angus McLean, president of the Bathurst Company, Ltd., before the Corporations Committee of the New Brunswick Legislature this morning, when the committee considered the bill to incorporate the Nepisiguit Power Company, with an authorized capitalization of \$5,000,000.

Power would be developed at a cost of \$17.50 at the bus bars, plus the 50 cent royalty per horsepower, and the bill would be delivered in Bathurst at approximately \$20 per horsepower.

VENIOT AND PREMIER.

Ex-Premier Veniot questioned the policy of determining the policy of a project could be proceeded with. The committee decided to report the bill.

Premier Baxter, in reply, stated that the amount had been included in the bill, and the program must be passed upon by the legislature. Fixed charges must be determined before such a project could be proceeded with. The committee decided to report the bill.

Fine Program Is Much Enjoyed

An entertainment given on Monday evening in Garnarath street United Church, under the auspices of the Athletic Association, was well attended, and the program much enjoyed. J. B. Nelson occupied the chair. Those taking part were Miss Alma Roberts, Mrs. J. H. Hart, Miss Edith Roberts, Mrs. E. E. Tilly, Miss Hannah Marshall, and a gymnasium class of boys. The program consisted of vocal and instrumental music, readings, club swinging and gymnasium work.

RECEIVES CHECK AND SILVER GIFT

Miss M. Allan Honored By Waterbury & Rising Ltd. and Staff

The Waterbury and Rising Ltd. building was the scene of a happy evening when members of the firm and staff gathered to pay honor to one of the staff who is soon to be married. The guest of honor was Miss Margaret Allan, who has been a member of the King street staff for some years and who has been a prime favorite with all the employees.

E. L. Rising, president of the firm, expressed their regret at the severing of the pleasant ties which had existed and extended best wishes for a happy future at the same time presenting to Miss Allan a substantial cheque.

The gift of her fellow employees was a handsome case of silver. Accompanying the gift was a certificate from "Dan Cupitt" entitling her to receive a marriage license, and a poem in which the virtues of the male members of the staff and the firm were extolled. Miss Allan made a suitable reply.

At a recent shower in honor of Miss Allan, held at the home of Miss Margaret, Elm street, she received a number of useful and pretty gifts.

ENGINES ARE TESTED

Work Well in New Steel Ferry Built at East Saint John Dry Dock

A short test of the engines of the new steel ferry Kipawa was made last evening at the fitting out berth of the Saint John Drydock and Shipbuilding Co. Ltd. and everything worked satisfactorily. The official test of the engines will be made tomorrow at the fitting out berth when they will be operated continuously for six hours.

It is expected that the trial trip of the vessel will take place early next week, the time depending on how soon navigation opens at Parrothe. It is expected that the trial trip will be one of the parts of call of the new ferry, as the official trial trip.

GUARANTEE FOR '26 EXHIBITION IS DISCUSSED

City Council Will Consider Matter Further At Thursday Meeting

NIGHT DREDGING IS COMPLAINED OF

Suggestion Made That Operations Cease From Midnight to 6 a.m.

The city council yesterday afternoon decided to take up the question of a guarantee for the 1926 exhibition at the Thursday meeting of the committee and to have H. A. Porter present at the meeting. The association is asking that the city guarantee any deficit up to \$5,000.

A. Ernest Everett and L. M. Lachue, representing the Rotary Club of Saint John, asked that the welcome sign, which was at the head of King street during the skating meet, be set up for the Rotary convention to be held here the latter part of this month.

Commissioner Harding presented a request from the G. W. V. A., for permission to place a sign across Dock street, opposite the New Brunswick Power Co. office. Both matters were referred to the commissioner of public works, city engineer and city electrician, with power to act.

NIGHT DREDGING.

A letter from J. Hunter White, complaining of the all night dredging in Courtenay Bay and suggesting that operations cease from midnight until 6 o'clock in the morning, was referred to Acting Mayor Frink, who will take the matter up with the Saint John Dry Dock and Shipbuilding Co.

A letter from the New Brunswick Tourist Association, thanking the council for its generous grant and asking that the cheque be forwarded, was referred to Acting Mayor Frink, with power to act.

RE BOND INCREASE.

Acting Mayor Frink reported in connection with the claim of Charles Donald that there was an unexpended balance in the bond for the Newman truck sweep and that in order to cover the indebtedness against this work it would be necessary to increase the bond issue \$1,500.00, and moved that the bond be increased by that amount. This was seconded by Commissioner Wigmore and carried.

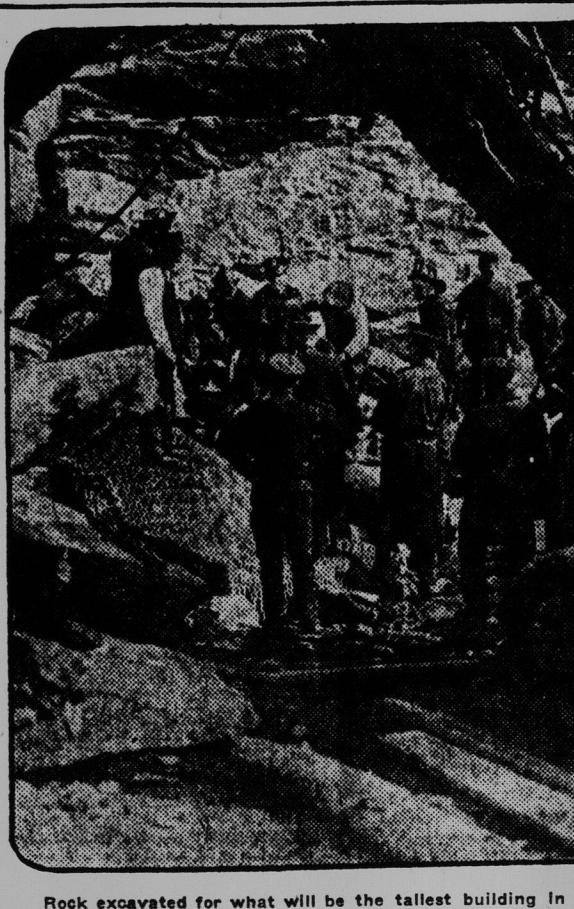

DEPARTMENTAL ACCOUNTS.

The commissioner of finance and public affairs recommended payments of departmental accounts as follows: Public safety, \$1,882.22; public works, \$1,161.02; water and sewerage, \$262.97; harbors, ferries and public lands, \$2,491.08; treasury, \$2,211.92; and reported payment for March amounting to \$126,242.87.

W. M. A. S. MEETS.

The W. M. A. S. of Ludlow Street Baptist church held its regular meeting in the vestry of the church yesterday afternoon. Mrs. J. E. Rupert, president, was in the chair, and led the devotional period. Routine business was transacted. Plans were made for making up a hospital outfit to be sent to a hospital in an Indian mission.

MEETINGS OF FOUR PRIMARY CHAPTERS

I. O. D. E. Members Deal With Many Phases of Its Activities

Four of the primary chapters of the I. O. D. E. met last night and dealt with the various branches of the work of the order.

ROYAL STANDARD

Royal Standard Chapter met at the home of Mrs. F. A. Peters in Germain street with Mrs. T. E. G. Armstrong, regent, in the chair, and decided to give biscuits for the Mabel Peters' kindergarten and to hold a rummage sale in May. Money was voted for prizes for pupils of grade VIII in Victoria school and Mrs. F. J. Harding and Mrs. C. B. Allan were named delegates to the provincial annual meeting in Fredericton next Wednesday. The hostesses for the social hour were Mrs. Elvira Pike, Miss Edna Shaw and Miss Emerson.

ALEXANDER CHAPTER

Alexandra Chapter met at the home of Mrs. G. I. Higgins, 41 Clarendon street, with Mrs. Walter L. Gregg, regent, in the chair. One new member was elected and plans were completed for the presentation of an entertainment by the Merry Entertainers of the Main Street Baptist church this week in aid of the chapter funds.

FUNDY CHAPTER

Fundy Chapter met at the home of Miss Bertha Boyer, Princess street, with Miss Margaret Wilson, second vice-regent, presiding and elected two new members. The chapter voted money for the entertainment of the National Chapter and made plans for raising funds. The educational secretary read a very interesting paper on "The Birth of New Brunswick".

HOSTESSES

Hostesses were Miss Boyer, Miss Eileen Colston and Miss Dorothy Hickson.

\$1,500,000 IS VOTED FOR CANADIAN SHIPS

WILL MAINTAIN AND REPAIR STEAMERS

\$20,000 Item to Examine Masters, Etc., Objected to in Commons

OTTAWA, April 6.—In committee of supply tonight the House of Commons voted \$1,500,000 for maintenance and repairs to Dominion steamers and for breakers, marine department. There was only a brief and desultory debate on the item, which is the same as last year.

On a vote of \$20,000 for the examination of the masters and mates, the opposition raised the point of economy. Several members were inclined to think that \$20,000 per annum was too much to pay to a supervising examiner of applicants for mariners' certificates. They thought that there would be only occasionally, any applicants to examine and that there could not be enough work to keep an examiner, plus a stenographer at \$1,500 a year busy.

Hon. P. J. A. Cardin, Minister of Marine, explained that the examiner's office is kept open all the year round, that applicants must be received at all times and that this particular examiner, located at Halifax, was also responsible in a supervisory capacity for such nearby districts as Yarmouth. The vote carried.

Dominion Income Tax Returns Coming In

Returns for Dominion income tax for 1925 are coming in quite freely at the local office at the present time it was said yesterday by Norman F. McLeod, inspector of taxation.

The recent prosecutions of defaulters have had a very salutary effect in bringing in the amounts owed by others, who have been slow in paying. The final day on which the first instalment of the income tax may be made is April 30. For a few days before that time there will be members of the Dominion Police on guard at the office of the inspector of taxation.

Philippine Police Kill Ten Outlaws

MANILA, April 7.—A force of constabulary yesterday killed 10 Moro outlaws and wounded a number of others in a fight in Lanao province. Ten constabulary soldiers were wounded, two seriously. The constabulary routed the Moros, capturing the destroying two forts in which the outlaws have been taking refuge, defying the authorities.

Make Arrangements For Gyro Conference

Plans for the dinner and dance to be held by the Gyro Club at the Admiral Beatty next Tuesday evening were discussed at the noon luncheon of the club yesterday. The functions will close a conference of the Gyro Clubs in the Maritime Provinces.

Frederick V. Thompson, sales manager of the Imperial Oil Company, gave an interesting talk on gasoline. George Ramsay presided. During the luncheon regret was expressed by the members at the withdrawal from the club of Arthur Spaight, one of the members of the executive, who is removing to Ontario.

SAYS WEST SIDE HAS TOO MANY VENDORS

Carleton W. C. T. U. Protests Appointments—City Union Discusses Prohibition

The Carleton W. C. T. U. members at their meeting yesterday afternoon at the home of the president, Miss L. J. Fullerton, considered the lists of beer licenses granted and the list of liquor vendors published in the Telegraph-Journal of April 2 and the opinion was strongly expressed that four vendorships for West Saint John was too many.

It was pointed out that West Saint John had had special legislation which had made prohibition to be in force there for twenty years previous to the passing of the prohibitory law of the province.

It was the opinion of the W. C. T. U. members that public opinion did not warrant the appointment of four vendors in West Saint John.

The Saint John W. C. T. U. at its weekly meeting yesterday afternoon welcomed as new members, Mrs. F. K. McArthur, Mrs. Herbert Nichol and Miss Harvey. The meeting was presided over by Mrs. Hope Thomson, the president, who led the opening devotional period. Those who led in prayer were Mrs. Lawson, Mrs. Percy Stratton and Mrs. W. H. Humphrey. Mrs. Ellsworth Scott, who had been the delegate to the meeting of the New Brunswick Temperance Alliance meeting in Fredericton, gave a report of that convention and was much appreciated. It was followed by a general discussion with reference to prohibition in Saint John.

Much regret was expressed at the absence through illness of Mrs. Charles Hutchings, Mrs. Mary Seymour, Mrs. C. W. Dickinson and Mrs. Taylor. The usual business of the meeting was carried out and the Misses Benedict closed a helpful session.

POLICE COURT

John Montague was fined \$200 in the police court yesterday afternoon for having liquor in his beer shop. J. Starr Tait appeared for the prosecution. James Budd was fined \$25, with an alternative of two months in jail, on a charge of doing grievous bodily harm to O. Stevens. Dr. Sutherland gave evidence.

ANNUAL MEETING NORTH END C. W. L.

Miss Durick Elected President—Reports Show Successful Year Was Enjoyed

Reports presented at the annual meeting of the North End sub-division of the Catholic Women's League, last night, showed that the year just closed had seen a very marked advance in the society's work and good progress in every department.

Mrs. W. J. Harrington, retiring president was in the chair. Reports were submitted by the committee conveners as well as by the treasurer and the secretaries. Mrs. Harrington made very feeling reference to the death of the national past president, Mrs. H. J. Lovring, of Hamilton, Ont., and condolences were sent from the meeting to the bereaved relatives.

The election of officers resulted as follows: President, Miss Minnie Durick; vice-presidents, Mrs. John James; second, Mrs. Harold S. Clarke; third, Mrs. Alice Phillips; treasurer, Mrs. Gertrude Ryan; recording secretary, Mrs. M. A. Mullin; Mrs. Charles Rush; Mrs. James Covey; Mrs. C. J. Murphy; Mrs. John Hughes; Mrs. John Rolston; Mrs. Mildred McAlon; Miss Nellie Harrington; Miss Elizabeth Scott; Miss A. Phillips.

The meeting also appointed Miss M. Durick and Mrs. W. J. Harrington as delegates to the annual national convention to be held in Ottawa.

When a Man Has Outgrown His Wife, Has He the Right to Divorce Her?—The Carefree, Selfish Bachelor—The Influence of an Unfaithful Mother.

DEAR MISS DIX—I disagree with your ideas about a man divorcing his wife when he grows tired of her. I think when a man develops, while his wife remains at exactly the same mental level she was twenty years before; when they have no common interests; when he has to go outside of his home for any intelligent understanding; when she regards him merely as a meal ticket, that he has a perfect moral right to divorce her and marry some one else, even a girl twenty years his junior, if he so desires. In a case of this kind I do not think children make any difference. At best, they remain with their parents only a few years and then go out and live their own lives. The whole matter depends entirely, I think, on the man, his temperament, his taste and, of course, the stability of the girl he wishes to marry.

DOROTHY DIX.

ANSWER: Fine for the man, Agnes, to be able to lift from flower to flower, and as soon as one rose has lost its freshness, and he has sucked it dry of its sweetness, to be able to wing his gay way to another bud.

But how about the deserted rose? How about the old wife? How about the woman who has given to a man twenty or thirty years of her life, who has borne him children, who has worked and economized and helped him build up his fortune, who has nursed him when he was sick and ministered to his wants when he was well, who has given him a devotion and a loyalty that have never faltered?

Is she to be turned out of her house and home as casually as any old work horse that has served its purpose, just because her husband has got tired of her and is attracted to some younger and more charming and clever? Is her life to go into the discard in order that he may be entertained and amused?

I grant you that it is a terrible and a common tragedy for a man to outgrow his wife and for him to come to the place where she bears him to extinction, but even that does not give him any right to divorce her if she has been a good and faithful wife to him.

For, aside from all moral considerations, marriage is a business partnership as well as a sacrament, and the wife who has helped a man build up his fortune has a right to share in his prosperity, and the position that it gives her. She has earned it by the sweat of her brow just as much as he has, and it is grossly unfair that she should be kicked out and penniless without so that they might rake together the little stake that was the foundation of his fortune.

Shall such a woman as this be turned adrift, because her husband has developed sophisticated tastes, and wants to marry some girl who will better watch his new house and his new furniture? No! A thousand times no!

We cannot control our hearts, and a man cannot force himself to stay romantically in love with the woman whose feeling girlish beauty captured his immature fancy as a boy. He cannot prevent himself from growing weary of the wife whose mind has been unable to keep pace with his own and who does not know or understand the things that he comes to know and understand.

But he can control his actions. He can remain faithful to his marriage vows. He can do his duty. He can refrain from putting upon her the humiliation of being a discarded and outdated wife. And if he is unhappy, why should he not suffer instead of the wife? Why should his happiness be bought at the price of hers?

And, believe me, Agnes, you are wrong in thinking that the children do not make any difference in cases of this kind. The children should be considered above all else. Their good is paramount to the happiness of either the man or the woman. Those who bear children give hostages to fortune that they must redeem with their hearts' blood if necessary, and no one will deny that children raised in a household in which they are both father and mother, have a better chance of turning out good men and women than those who have been orphaned by divorce.

An honorable man sticks to his bargain, even if it does come to realize that he has made a mistake.

DEAR MISS DIX—haven't kissed a woman twenty years, and oh, I am so happy and so peaceful! I live all alone, and do just as I please. I go to bed when I feel like it, and get up when I want to, and eat when I am hungry. I have no care to keep up. No gowns or bonnets to buy. No social obligations to return. No mothers-in-law or other in-laws to spat with. I always feel well, happy and contented. Isn't glorious! Don't you think the bachelor's life is ideal?

ANSWER: It certainly is a grand life, X. Y. Z., and have no companionship, no one to gossip with as you sit about the fire of an evening, no one to say, "Don't you remember?"

How about the time when you get sick, and there are no loving hands to minister to you; nobody to bend anxiously above your pillow; nobody to care any more whether you live or die than if you were a stray dog in an alley?

How about the time when you will grow tired of yourself; when you will no longer be greatly interested in yourself because you will realize that you have shot your bolt, and that all that you will ever achieve in the world you have done; when you will not even have any more desires? What then?

Don't you think you will envy the men who are building their hopes on bright young sons who are doing clever things in business, or making records in college, who are bringing in such sources of interest to dried old hearts? Don't you think, then, as you look into the shop windows, that you will wish that you had a pretty young daughter to buy pink chiffons for?

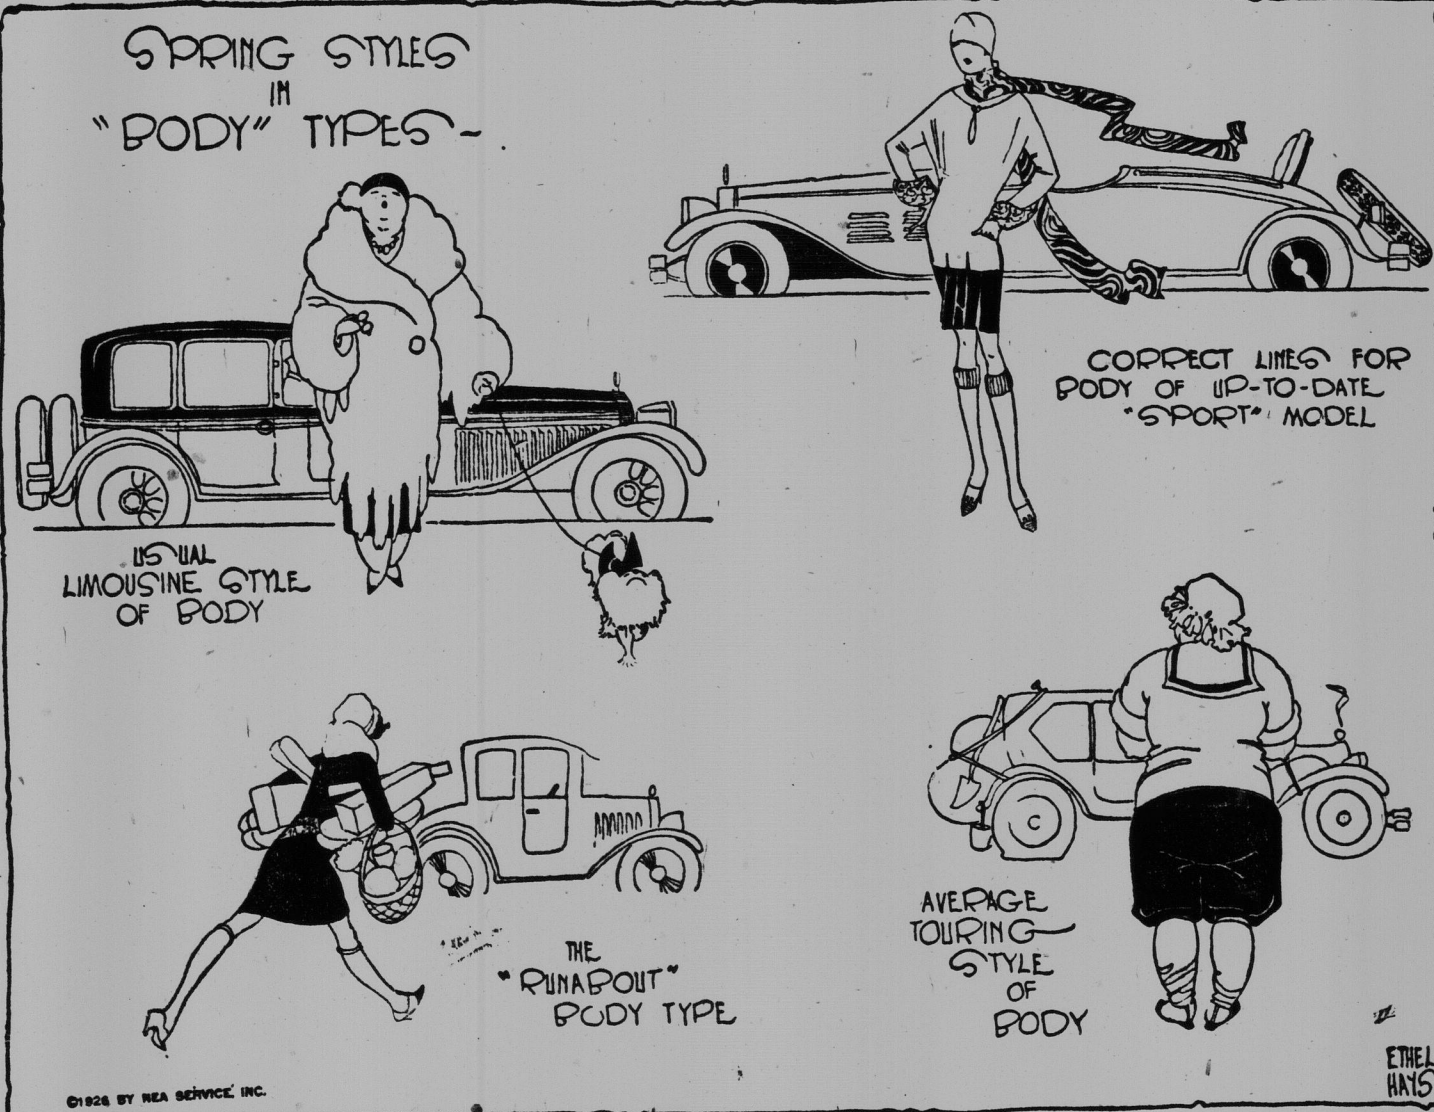

A selfish life may suffice us when we are young, X. Y. Z., but when we are old it turns to dust and ashes in our hands.

DEAR MISS DIX—I am a young girl, and my mother is not a good woman. She has a lover who comes to the house when my father is away. The other women in the neighborhood will not associate with my mother, and they look at me so queer. I long above everything for a nice clean home with a respectable mother, but I feel that the world is against me and that all I get do is to follow in my mother's footsteps.

ANSWER: Don't think such a thing, my child. Not for a single minute. Your life is your own, and you can keep it clean and pure, no matter what your mother does. Instead of following in your mother's footsteps, let her example be a warning to you to follow the right road. Nobody can degrade us but ourselves.

But you will be wise to leave such a mother as soon as possible. Tell your father of what she is doing, and ask him to take you away, and establish with you a home in which you can live an upright life.

Fried Apples—Peel two pounds of apples. Cut in thick slices. Soak in lye water until soft. Sprinkle with one-half cup sugar and dash of nutmeg. Serve white hot with bacon or sausage.

Chow Rice—Cook one-half cup rice. When done pour over it the following sauce: Brown four slices of bacon (which have been cut in little squares) with a small onion finely minced. Add to this two tablespoons of grated cheese—two tablespoons tomato sauce, one-quarter teaspoon salt, dash of pepper, cayenne and paprika. Stir in a cup of cooked peas. Now toss this sauce and the rice together—put in a buttered baking dish, cover with crumbs and dot with butter and brown quickly in a hot oven.

Spinach Cream—Cook one-half peck spinach in salt water till tender. Drain. Press through sieve. Stir in one cup white sauce. Cook over hot water for five minutes. Season with pepper, salt, paprika and a dash of nutmeg or macer.

Lois Moran Wins Leading Role In "Padlocked"

ONE of the biggest roles in the Paramount production schedule for next season has been awarded to Lois Moran. It is announced by Jesse L. Lasky. The story is "Padlocked," by Rex Beach. It tells of a young girl who is the daughter of a fanatical reformer. The picture is directed by Allan Dwan at the Lasky studio in Hollywood.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

BILLY BEAVER'S STORY

The March Hare and the Twins stood looking at poor little Billy Beaver and his three Gasookums. "I guess we'd better be going," said the first Gasookum. "Come on, fellows!" "Yes, we'll come back some other time and finish our game of Jumble, jumble, who's got the bumble?" said the second Gasookum. "Let us know the next time your mother and father are away," said the third Gasookum. And the three of them turned their little bodies and started to march off.

"No you don't," said the March Hare severely. "We're going to see this thing out right now. What were you saying about this new game, Billy?" The Gasookums looked at Nancy and Nick and the cross old March Hare, and decided to stand still.

Billy Beaver said: "Well, you play Jumble, jumble, who's got the bumble?" with a pink stone. The three Gasookums sat in a row and kept their hands behind them. Then they pass the stone from one to the other and I have to guess who has it. If I guess right I win and if I guess wrong I lose. That's all."

"I suppose you've been losing mostly, haven't you?" said the March Hare. "Yes," said Billy Beaver quickly. "How did you guess?" "Oh, I'm pretty smart," said the March Hare. "I'm almost as smart as Gasookums."

At this the three little Gasookums looked very nervous. It seemed as though they would take to their heels this time for sure. But they looked at Nancy and Nick again and the cross old March Hare, and decided to stay.

As the hare said, Gasookums are smarter than they look. "The first time I guessed wrong," said Billy Beaver. "Then what happened?" asked the March Hare. "The Gasookums said, 'That gives us his cars.'" "Weren't you frightened?" asked the Hare. "Humph! Not much!" scoffed Billy Beaver. "How could anybody get my cars off?" "The second time I guessed wrong," said the March Hare. "Then what happened?" asked the Hare. "Humph! Not much!" scoffed Billy Beaver. "How could anybody get my legs off?" Then the next time they said, 'There! He's lost his head.' But I only laughed harder than ever. How could they get my head off?" "Is that all?" asked the March Hare. "Yes," nodded Billy Beaver. "The next time they would have said, 'There! Now he's lost his body. We'll take him right along with us for we own him all over. And heaver for will make us nice warm coats next winter. Don't you see, Billy, we just came in time to save you. Come along now and get your clothes cleaned up in Scrub-Up Land.'" "Then turning to the bad Gasookums, he said, 'As for you—'" "Suddenly he stopped. There were no Gasookums there!"

Fashion Fancies

By Marie Belmont
Scallops make such an effective dress decoration that where they are used no other trimming is necessary. When a frock chooses this effective theme, it does well to select a striking color for the exploitation of the scallops. The dress above follows this rule with very happy results.

Crepe in a deep plum shade is chosen for the frock. The rather large uniform scallops are bound with bias binding of the crepe. The three trim extend across the front only.

Is this your BIRTHDAY?

APRIL 7—You are enthusiastic in planning, but not persevering in executing your plans—inclined to let "good enough" suffice for "perfect." You are fond of society, have many friends, and your judgment is very good. Your wife sometimes spoils your happiness. Your love is strong, ardent and enduring. Beware of jealousy, and a tendency to listen to gossip.

Your birth-stone is a diamond, which means innocence.

Your flower is a daisy.

Your lucky colors are red and yellow.

LEUT.-GOVERNOR, MRS. TODD HOLD FORMAL FUNCTION

First of Its Kind in Parliament Buildings For Six Years

THOSE ATTENDING EXCEED TOTAL 700

Resplendent Attire of Officials and Guests; Lovely Background of Flowers

the official secretary, presented the guests to His Honor and Mrs. Todd, who had their places in front of the throne which made a beautiful background with its lavish display of flowers, Easter lilies and exotics in a gorgeous combination. His Honor was resplendent in his Windsor uniform, while Mrs. Todd looked regal in a rich and beautiful gown of royal blue charmeuse embroidered in golds and silvers with trimmings and diamond ornaments. Mrs. Baxter, wife of the Premier, wore a lovely gown of Nile green chiffon with silver sequins.

The lavish display of flowers everywhere added much to the brilliant effect. Two orchestras provided music for the dancing, one stationed in the assembly chamber for dancing as usual and a second orchestra in the spacious hall on the second floor, while in the rotunda many more were accommodated with dancing space.

SUPPER SERVED IN LIBRARY. Supper was served in the Legislative library, where the table ran the full length of the room and was beautiful in the color scheme of gold and lavender.

The yellow drapings were festooned with lavender and paught with lavender tassels. There was a beautiful combination of tulips, yellow and dark purple to the lightest shade of lavender and mauve. In each alcove where a small table was placed it was centered with yellow and mauve flowers.

For those who wished it, bridge tables were provided. The merry round of dancing was kept up until the small hours of the morning, when God Save the King was played and a wonderful Easter ball had passed into history.

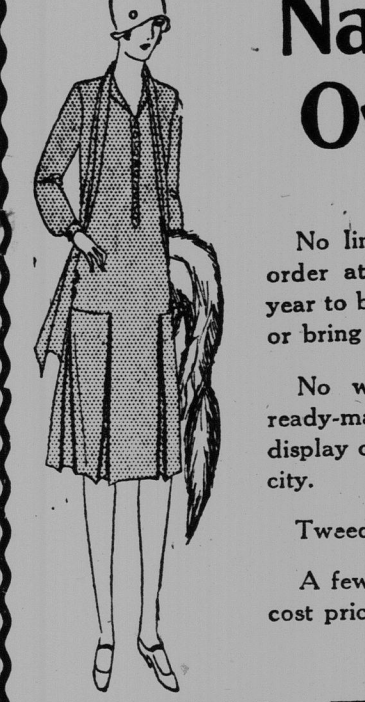

OUT OF TOWN GUESTS. Following is the official list of acceptances of out-of-town guests:

THE DUCHESS DE RICHELIEU

tells how to keep the skin exquisitely soft and lovely

AS a young girl growing up in aristocratic Baltimore, there was that about the future Duchesse de Richelieu which caused all who saw her to predict for her an unusual career. Her head was finely modeled with its crown of golden hair. The blue eyes looked out from under delicately level brows. Her skin had exquisite fineness, fragile delicacy, the bloom of a young race.

When by her marriage this favored young American added to her native endowment one of the proudest names of old France, she was drawn at once into the glamorous whirl of international social life.

Asked how, through all her exacting social activities, she continues to retain her freshness and bloom, she replied: "Care of the skin. It is an obligation always to appear with a complexion fresh and radiant, never betraying the least trace of any weariness or imperfection. And this care, in my opinion, can best be had by the daily use of Pond's Two Creams."

EVERY SKIN NEEDS THESE TWO CREAMS. MADE IN CANADA

BEAUTY, charm and one of the mightiest names of France have made the Duchesse de Richelieu a young woman whose word is sought by many. In her New York home she presides over the famous collection of books, furniture and bibelots, which has come down to her husband from her great Cardinal, first Duc de Richelieu.

Before retiring, cleanse your skin deeply with Pond's Cold Cream, patting it on lavishly and letting it stay on several moments. Now with a soft cloth or tissue remove all the cream and dirt which its pure oils have brought to the surface. Repeat the process. If your skin is dry, pat more cream on and leave it overnight.

SEVERAL times a day, especially after an outing, cleanse your skin with Pond's Cold Cream the same way, and finish with a dash of cold water or a rub with ice to close the pores.

After these daytime cleanings, smooth over your refreshed, invigorated skin, ever a little of Pond's Vanishing Cream. Its soft protection against wind and dust and chapping cold makes it delightful to use just before going out. But what pleases you most of all is the even exquisite tone it lends your skin. Flick on your powder and see with enchantment how evenly it lies, how natural is the glow it gives your skin, how long it stays!

Begin today to follow this method recommended by the lovely Duchesse de Richelieu. The Pond's Extract Company, 146 Brock Avenue, Toronto, Ontario.

SACRED CANTATA WELL PRESENTED

The Charlotte Street Baptist Church last night the choir of 25 voices assisted by additional talent, J. Stuart Smith, A. C. Smith and H. M. Stout, gave an impressive and beautiful rendition of the sacred cantata "The King Eternal," under the direction of the choir leader and organist, S. M. Shaw.

The choruses, solos, duets and quartette selections were sung with fine expression and feeling, reflecting much credit on the leadership of Mr. Shaw and the talent of the singers. Preceding the cantata there was a short devotional service conducted by Rev. Dr. H. Freeman.

The service was followed by a tenor solo entitled "When I survey the Wondrous Cross," sung by Percy Kerrigan, and a solo entitled, "A Voice Triumphant," sung by J. Stuart Smith.

The first number of the cantata was a "Lass Solo," "The Phoebe," sung by H. M. Stout. The quartette numbers and their singers were as follows: "Choosing the Cross," J. Stuart Smith, A. C. Smith, Miss Ethel Edgerly and Milton MacLean; "Blessed be The King," J. S. Smith, Mrs. C. R. Freeman, Miss Ida Currier and Ruall Webb; "Behold the Master Captive Led," Percy Kerrigan, Mrs. E. Bissett, Miss Ida Currier, and Truman Webb.

MURDER TRIAL OF MRS. EMILY GALLOP IS SET FOR JUNE

Arrested in Moncton in October Last and in Custody Since

ACCUSED OF DEATH OF HUSBAND IN P. Q.

Once Lived With Her Spouse at Napadogan on N. T. R.

QUEBEC, April 6.—The trial of Mrs. Emily Sprague Gallop, charged with the murder of her husband, Abraham Gallop, who died in Kenogami last September under mysterious circumstances, has been definitely set for June 8, by the Attorney-General.

At present the accused is being held here at the Quebec jail, having been transferred from Roberval, where the trial has been arranged to take place. In September last provincial detectives were advised that a man named Gallop, employed at the Quebec Development Works at Kenogami, had died in strange circumstances and that his body had been forwarded to New Brunswick for interment.

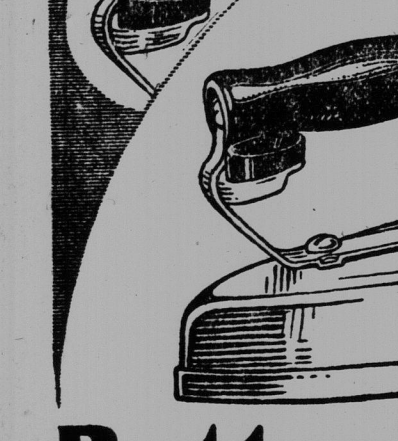

Mrs. Gallop was placed under arrest at Moncton on October 9 charged with the poisoning of her husband, by the Moncton police at the instance of Quebec detectives. Her arrest followed an autopsy which was performed here at the instance of the Attorney-General's Department of Quebec upon the remains of her husband which had been buried at Springhill. An examination of the internal organs of the deceased was made in Quebec.

Mrs. Gallop is a former resident of Maine, while her husband was a member of a well-known and respected York county family. They had lived at Napadogan in this province before going to Quebec.

Romantic Rise of Penniless English Boys To Fame And Affluence Is Told In Book

Special to The Times-Star LONDON, April 7.—The romance of a boy who 40 years ago helped his widowed mother to keep a small shop in Goose Gate, Nottingham, and today is the head of a concern with a capital of 5,000,000 pounds, 40,000 shareholders, a staff of over 15,000, factories, distributing warehouses, and 700 retail shops, is told by William H. Buxton in "Romances of Great Businessmen," just published here.

The boy, who is now Sir Jesse Boot, is only one of many whose rise to fame is recorded in the book. The romance of soap, for example, began in the year that George Washington became President of the United States. It started with a barber in Soho, who experimented with a soap produced a transparent soap. His name was Andrew Pears.

Nearly a hundred years passed before advertising was brought to add its weight to the merits of this soap.

In fact, this was how modern advertisements began. Since then nearly six, 000,000 has been spent by the company. Today that establishment has long since passed the million pound mark in business done yearly.

From being a shop where a few socks and ties were sold, Gamage's has become a vast building where practically everything needed to be found.

THE RISE OF LYONS No less astonishing is the rise of the Lyons' tea shop. The first one was started in 1834. Today 10,000,000 meals are served to the public each week.

How the Wedgwood pottery was made possible by the introduction of the potter, how Coleman's flourished on mustard, how Waring's brought taste and exquisite harmony into the furniture of the middle class—these are a few of the other good stories in the book.

EATS CAKE AT 104

Recipe of London Centenarian For Long Life is, "Don't Worry" LONDON, April 7.—"Don't worry—worry kills." This has been the life motto of Mrs. Barber, London's oldest citizen, who recently celebrated her 104th birthday.

She was born in Norfolk in 1822, and has outlived all her children and grandchildren. "I attribute my long life to careful living and the fact that I have always made up my mind never to worry," says Mrs. Barber.

Many congratulatory telegrams and letters were received by her, the most treasured being a birthday greeting telegram from the Queen. Among the presents were five birthday cakes; the largest of these adorned the centre of the table at the party.

Mrs. Barber ate the same dainties as the rest of the party. She can see and hear well and takes a keen interest in her newspapers so she can "keep up to date."

English Woman Gets Bounty For Triplets

LONDON, April 7.—Mrs. J. Stevenson, the wife of a labourer in Ilkeston, Derbyshire, has given birth to triplets—two girls and a boy, and has received the King's bounty of three pounds.

Other gifts showered on the mother are a perambulator to hold the three children, a number of postal money orders, clothing and an almost unlimited supply of baby foods from enterprising manufacturers.

The babies show promise of growing into fine healthy children.

FOXES ROUT EAGLE

Alpine Villagers Witness Plucky Fight With Reynard The Victor Special to The Times-Star GENEVA, April 7.—The inhabitants of the little Alpine village of Scans, recently witnessed two foxes pluckily fight and defeat a large eagle.

One fox was crossing an open plateau alone when the eagle swept down from the rocky heights above, and the battle began. The fox, after ten minutes' fray was visibly weakened by the flow of blood from the wounds caused by the bird's talons when another fox bravely dashed into the battle and made the eagle's feathers fly. The bird, surprised at the unexpected attack, flew to a rock to review the situation.

The second fox licked the wounds of his comrade, and the two animals slowly moved away from the spot, keeping a wary eye on the bird. The eagle, however, seemed to have had enough. When about twenty yards from a fir forest the fowls made a sudden dash. They disappeared among the trees, where they were safe from the eagle's attack.

French Fishing Boats Off To Newfoundland

PARIS, April 7.—A navy of fishing boats, including 90 three-masted, is getting ready at St. Malo to leave for the fishing banks of Newfoundland. About 3,000 Breton fishermen are to sail.

Fifty thousand people gathered in the historic town to take part in the traditional religious ceremony of blessing the venture.

Cardinal Charost, Archbishop of Rennes and Primate of Brittany, conducted a service, after which he headed a procession along the quay, where the fishing boats, decorated for the occasion, presented a picturesque spectacle.

The fishers were on a return journey from Point Barrow, where they had flown with supplies last week.

WILKINS IN ALASKA

Canadian Press NEW YORK, April 7.—The North American Newspaper Alliance announced today that Captain George H. Wilkins and Pilot Ben Eielson landed safely at Circle City, about 120 miles northeast of Fairbanks, Alaska, yesterday afternoon.

The fliers were on a return journey from Point Barrow, where they had flown with supplies last week.

FRANCO PLANNING FOR LONG FLIGHT

From Spain to Argentina is Project—Another to Try Round World

BUENOS AIRES, April 7.—Commander Ramon Franco, who successfully piloted the Spanish seaplane Plus Ultra from Palos, Spain, to Buenos Aires, says he is ready to make another flight from Spain to Argentina, by way of New York. Spaniards resident in Buenos Aires have formed a committee to collect subscriptions to finance the proposed flight.

ROUND THE WORLD. MONTEVIDEO, April 7.—Major Arrea Borges, Uruguayan aviator, will leave immediately for Europe to purchase aeroplanes for the commencement of a world flight late in August. The Uruguayan government is sponsoring the venture.

TRIPOLI, April 7.—The two aeroplanes of the Spanish flying expedition to Manila, which arrived here yesterday from Algiers, left today for Beyrout, Ceylon.

For Baby's Comfort

EVERY element of comfort and protection is woven into Lloyd Loom Woven Baby Carriages. These carriages are being designed and built by Canadians who understand the needs and desires of Canadian mothers and babies.

Roomy bodies, soft upholstery, resilient springs and many other features help make Lloyd Baby Carriages the most popular among Canadian mothers.

But the greatest feature in manufacturing Lloyd Carriages comes through the exclusive Canadian ownership of the famous Lloyd Loom. This loom weaves graceful bowl-shaped bodies out of single strands of wicker. Through its spiral weaving ability these Lloyd Looms can shape bodies without loose ends, corners or seams to catch clothing or scratch baby.

You will find Lloyd Loom Woven Baby Carriages on the display floors of the best dealers in your community. These dealers have been selling Lloyd Carriages for many years because they satisfy mothers and babies alike and because they are remarkably low in price.

FIND LUTHER BIBLE

German Discovers Old Testament With Marginal Notes By Reformer BERLIN, April 7.—A Bible which is claimed to have belonged to Luther has been discovered among the possessions of a bookseller of Chemnitz. The book, which is stated to have been printed by Hans Luft, of Wittenberg, is an Old Testament which has numerous marginal notes apparently in the hand of Luther, and is believed to have been used by the Reformer for preparing his translation of the Bible, of which the Old Testament was issued in 1534, although the New Testament had been published twelve years before.

The Old Testament which has been discovered also contains notes signed by Johannes Mylicchius, "Minister Crucis at Lucis," dated 1533.

Meanwhile He Gets Slap in Face From Cigarette Girl in Cabaret NEW YORK, April 7.—On the heels of humiliation in a crowded Greenwich Village cabaret, when a pretty young cigarette girl slapped his face soundly after, she charged, he insulted her, and the gay revellers loudly applauded her act, it was learned authoritatively that the slayer of Stanford White is pleading with Evelyn Nesbit, the wife he cast off after she saved him from the electric chair, to remarry him.

THE MOTOR CAR & EQUIPMENT COMPANY, LTD.
 The Motor Car & Equipment Company, Ltd., is one of the pioneers in the automobile industry in this city, being organized in 1910 by a few citizens who could see the coming of the world-wide use of the automobile.
 Opened at first as a garage and service station, the splendid building at 114-118 Princess street still continues to function successfully along this line, but in addition have developed a province-wide organization as distributors of Hudson and Essex automobiles, having sold the Hudson since 1914 and the Essex since it was first built in 1919.
 The company now caters almost exclusively to Hudson-Essex owners, with a trained and competent staff of mechanics equipped with the latest in modern labor-saving machinery and tools ensuring to Hudson and Essex owners prompt and efficient service.
 The Hudson-Essex have ever been leaders in design, originating the first stream-line body in 1914, the Sedan in 1916, and developed the coach in 1919. These designs have been extensively adopted by other manufacturers.
 The most recent development and one of the most momentous in the industry has been the announcing of the A. Y. D. (At Your Door) prices, which replaces the old "F. O. B. Factory" what you pay. The factory sets and advertises the price, including the "spread" between producer and consumer. The A. Y. D. price has come to stay.
 F. W. Coombs, the general manager of Motor Car & Equipment Company, Ltd., is well and favorably known throughout the Maritime Provinces, and it is doubtful if there is a better known man in the automobile trade. He possesses a wide and valuable experience that is reflected in the splendid success of the organization he heads.

J. CLARK & SONS, LTD.

vestment—a way that ends the doubts and fears of the average person considering a used car—a way that will appeal to everybody who wants to buy a fine car at the lowest possible price.
 It is a scientific plan—developed by a leading group of automobile dealers. A group of dealers who sought to put used car sales on a businesslike basis. For your protection they have adopted a unique pledge. Look for it in Studebaker showrooms when buying a used car.
 Under this plan you buy unused transportation, not just a used car. At a fair and honest price you buy the unused mileage of cars that are accepted in trade. Cars that are recommended by experts—cars that look like new and run like new.

Can select a good used car as easily as a mechanic

YOU don't need any special knowledge to pick out a good used car from our stocks.
 We've made selection easy and safe for every buyer—we've adopted the Studebaker Pledge to the Public on Used Car Sales.
 Nothing but fair and square dealing is possible under this pledge which hangs in our showroom.
 It offers four great advantages to the used car buyer:
 1. We tell you frankly all the facts about any used car—its age, mileage and mechanical condition as far as we know them. If the car needs a mechanic to keep it in condition, we say so without misrepresentation. Each car is sold for just what it is.
 2. We mark the price plainly on each car. "One price—the marked price—the same price to all" is our policy. The price is based upon the car's unused mileage. We will not dicker or match wits.
 3. We allow five days' trial on any used car—five days in which the purchaser can put it to any test, and then, if not satisfied, return it and apply the money paid as a credit on the purchase of any other car in stock—new or used.
 4. We give thirty days' guarantee to replace all defective parts and make free adjustments on all Studebaker Certified Used Cars. This is because of the tremendous reserve mileage built into every Studebaker. And because every certified Studebaker is thoroughly reconditioned.
 You can thus buy a used car from us as safely as you buy a new car or any standard merchandise. Come in today and look over our selection. We have several exceptional values.

COL. RALSTON CITES CASES AT MONTREAL

Continued from Page 1
equalized the differential enjoyed by Boston.

One of the reasons for the rate differential for the American eastern shipper, continued Col. Ralston, was to enable him to meet the competition to which he is subjected. This differential is long standing and although subject to several investigations it has continued. At least six decisions have been rendered sustaining the principal, as these rates were necessary to protect New England industry.

BLAMES G. T. POLICY

Referring to the differential granted New York by the Canadian National, Col. Ralston laid the blame largely on the policy of the old Grand Trunk, which had a terminal at Portland. Speaking of differentials, he said he had these in Canada and we had them in the Maritime Provinces until May 15, 1912.

Between the points of Saint John, Halifax and Sydney and Montreal we enjoyed a differential of six cents. That in May 15, 1912, this differential was wiped out. The rate between Halifax and Montreal was 20 cents. This was raised to 26. A like increase wiped out the differential between Saint John and Sydney to the point of Montreal.

Col. Ralston corrected this statement by saying that it was the rate for Montreal east, which was changed but the effect was the same in that the advantage enjoyed by these Maritime ports was wiped out.

REFERS TO TRADE LOSS

Commissioner Oliver asked if Col. Ralston could furnish any evidence to show the effect of that changed rate. He replied that this would be very difficult since the war, and its disturbances upset the regular course of affairs. But he referred to the loss of trade as manifested in figures previously given to the commission showing the loss in percentage of Maritime industries and in the number of hands employed by these industries.

Dealing with the class of commodities going west from the Maritime Provinces to Quebec and Montreal including ocean imports. He contended that westbound products were low class and eastbound products were high class.

He showed that practically every commodity shipped from the Maritime Provinces was competitive.

To illustrate the working of blanket rates, he cited points from North Bay, Ontario, showing that mileage did not entirely control the freight paid, since there was a differential in the Ontario blanket rates just cited of 225 miles, yet the freight rate was the same.

BLANKET RATE NECESSARY.

Col. Ralston then maintained that the Maritime business should be granted a blanket rate. When asked what mileage would be required, he said it might be 400 miles. But he pointed out that there was at the present time a New Brunswick blanket rate which amounted to 400 miles, and that the concession suggested was to extend this blanket further east.

In answer to one of the commissioners, Col. Ralston explained that what was suggested in the Ontario case was that the rate from Saint John to Montreal should be the same as the rate from Toronto to Montreal. The present rate to Montreal from Saint John was 100%, while from Toronto to Montreal it was 75%. From Saint John to Toronto the rate was 115, making the additional rate from Montreal to Toronto 14%. We ask that the rate from Saint John to Montreal should be 85, and to Toronto 85, plus 14%, making 99%.

PROPORTIONATE RATES.

Further questioning, he suggested that the Maritime Provinces should be blanket so that the rate from all points, including Sydney, to Montreal would be 85, and to Toronto 95%, with proportionate rates to other points in Quebec and Ontario.

It was shown that in 1912 the rate from Toronto to Montreal was 44 cents. From Saint John to Montreal it was 48, making a difference of only four cents. At the present time the rate was 85 and 100% a difference of 17 cents, showing that the changed rates had been raised to over 400 per cent. against the interests of the Maritime Provinces.

Continuing, he showed that mileage did not control all rates at the railroads made a practice of fixing rates to suit the peculiar conditions of the territory served.

To point out the unfairness of the rates as applying to the Maritime Provinces, he quoted the rates from New England to London, Ontario. From Boston to London the rate was 87 for fifth-class goods, against 68 from Halifax and Charlottetown. To the same point Saint John paid 60%, and Sydney 72. Previous to 1914 the rate to Winnipeg from the Maritimes was only 20 cents per 100 pounds over what Montreal paid to the same points.

COL. RALSTON OPENS CASE

Col. Ralston, in opening the case for the Maritimes, commented on the fact that the east, west and centre of Canada were represented on the commission sitting. He said this was the first general rate investigation since the days of the old Intercolonial Railway.

In Canada today there was evidence of a radical readjustment of the rate situation, he said. Basing his remarks on the order in council under which this probe was taking place he referred to the abrogation of the Crow's neck.

Twelve Children--And They're All Girls!

There are twelve children in the family of Mr. and Mrs. Joyce Fitzgerald of Mt. Sterling, O., and everyone is a girl. Left to right they are Mrs. Fitzgerald, holding her youngest baby; Vivian, 2; Eunice, 4; Ota, 5; Natalie, 6; Lorraine, 7; Josephine, 8; Dorothy, 9; Martha, 12; Louise, 14; Hannah, 15; Etate, 17; and Mr. Fitzgerald.

Next agreement and the revival of the rate on grain and flour in 1922.

In 1924 he said the situation of all the Crow's Neck rates being revived with the result that in 1925 the present investigation was ordered, the order-in-council providing that all the Crow's Neck rates on grain and flour should stand on all lines and between all points. He said that was a long way for parliament to go.

READS FROM ORDER

Col. Ralston read from the order-in-council in which the Board was authorized to probe the claim of the Maritimes that they were entitled to the restoration of the rate basis which they enjoyed prior to 1919 and the encouragement of the movement of traffic through Canadian ports.

"This is the first opportunity for the Maritimes to appear before the board, while it has had full jurisdiction," Col. Ralston said.

He did not think the Maritimes in previous investigations believed that the changes would be as far-reaching as they were.

BACKED BY ALL INTERESTS

Col. Ralston said he was here today with the backing of all Maritime interests. He then read a letter submitted by Mr. Cornell to the Board in October 1922 which referred to the necessity of the Maritimes having a market in central and western Canada and that a reduction in rates was necessary to obtain this market.

Mr. Cornell's letter contained the following clauses:

- 1.—That, because of the peculiar geographical position, limited markets, widespread population and the nature of the products of the Maritime Provinces with respect to other provinces in the Dominion special attention should be paid from a transportation point of view to ensure the Maritime Provinces participating equally in the general growth and prosperity of the Dominion.
- 2.—That during the construction of the Intercolonial, National Transcontinental, Canadian Northern, Ontario and Canadian Northern Railway the necessity of creating a rate structure that would permit the free interchange of products between the Maritime Provinces and Central and Western Canada, and also ensure a fair volume of export and import traffic through Maritime ports was recognized and incorporated into the several agreements between the Dominion and the Maritime Governments in relation to the construction and operation of these railways.

MARITIME PROSPERITY

3.—That the prosperity of the Maritime Provinces depends to a serious extent upon their ability to merchandise the products of their natural resources and their manufactured products in the Central and Western provinces.

4.—That changes in the freight structure of Canada in the past few years had practically wiped out any consideration which the Maritime Provinces had and are justly entitled to and have not followed the principles in agreements and legislative enactments as originally laid down.

5.—That an adjustment should be made in the rates on east and west-bound domestic traffic on competitive commodities as between the Maritime Provinces and the Central and Western provinces.

6.—That traffic originating in the Maritime Provinces and consigned to points in Quebec and Ontario and the Western provinces the added cost of transportation as compared to traffic originating in the Central provinces be substantially reduced.

ADJUSTMENT PROPOSED

7.—That the rates applied to export and import traffic through Maritime ports be so adjusted as in no case to be higher than the rates on the same traffic passing through other North Atlantic ports to inland points of origin or destination, so situated as to permit of competition via North Atlantic ports.

8.—That individual shippers in the Maritime Provinces and consigned to points in Quebec and Ontario and the Western provinces the added cost of transportation as compared to traffic originating in the Central provinces be substantially reduced.

FAIR CHANCE ASKED.

"We are asking for a fair opportunity to trade with our fellow Canadians," he said, "because we are a part of Canada."

CAPITAL LESSONS.

Regarding manufactures, he pointed out that statistics showed that the amount of capital invested in Maritime industries in 1905 was 32.2 per cent of that invested in all of Canada; in 1922 this had dropped to 2.8 per cent.

In the same years, the capital investment of Ontario and Quebec industries had risen from 76.8 per cent to 82.3 per cent. Similarly the number employed in the two sections were compared as follows: In 1905, in the Maritimes, 11.8 per cent of all Canada; in 1922, 6.2 per cent. In Ontario and Quebec, 78 per cent in 1905, and 82.6 per cent in 1922.

He said transportation was not the only ill, but it certainly had something to do with the case. He quoted from a report of Sir Henry Thornton in March, 1924, to the effect that there was dissatisfaction in the Maritimes, that they were not getting justice under the present rates, and the railway's business might be affected.

DISTRIBUTION OF OUTLAY.

He said the Maritimes had not been asked in sharing Confederation expenses of the whole of Canada, amounting to that reports of the Department of Trade and Commerce, Department of Railways and Canals and the Canada Year Book showed that in 1924 the total Federal commitments in the Maritimes was \$194,024,017 or about 63 per cent of the Maritime Provinces' commitment, should have been \$31,326,512 but it was found that the amount spent by the Maritimes was \$194,024,017 or about 63 per cent of the Maritime Provinces' commitment.

The speaker also pointed out that with 11 per cent of the population of the Atlantic division of the C. N. R. was some 220 miles longer than the railroads of the Dominion, and

NEW ENGLAND RATES

"That as New England rate points are common competitive points, the class rate structure in effect from the Maritime Provinces should in no case be higher than the rates from points in Ontario for the same distance."

LITTLE HEAVY FREIGHT.

Colonel Ralston referred to the fact that the Maritimes, while producing high class freight for export, produced little heavy freight for inland consumption so that little development along export lines could be expected here in the near future.

Colonel Ralston pointed out that there was a tendency in Canada to iron out the whole situation, but the rail officials in the United States had a rate without considering all the rest of Canada. For the purpose of making rates he felt the individuality of the old I. C. R. and the integrity of the country which it served should be preserved.

PROPOSALS PRESENTED.

Colonel Ralston at this point presented the proposals of the Maritime Transportation Rights Committee to the Railway Commission in an order-in-council of June 8, 1923, in which the instructions to the board were in part as follows:

"That the board be directed to make a thorough investigation of the rate structure of the railways subject to

Dr. William McIntosh Describes Recent Additions to Museum Treasures

Prof. C. F. Bailey, being unavoidably absent from the meeting of the Natural History Society last night, his place as speaker of the evening was taken by Dr. William McIntosh, who interested the large audience as he exhibited and described the recent donations and loans received at the museum.

He afterwards showed a very fine series of lantern slide views of New Brunswick. Dr. McIntosh said that since the last meeting the society had received 80 different articles from 22 people.

A. H. Wetmore president at the meeting and extended to Dr. McIntosh the vote of thanks. Several new members were elected. Mrs. C. J. Sunder was made a life member by the Ladies' Association of the N. H. S. Edward A. Lawrenson, Mrs. R. R. Rankine and Harold DeV. Partridge were enrolled as regular members and Mrs. Heber Vroom and Miss Leslie Pickett as associate members.

AT THE LABOR FAIR

Commissioner Bullock retained his lead in the civic election popular candidate contest at the Trades and Labor Fair in St. Malachi's Hall, last night, and Commissioner Wigmore held to second place while George Carvill was third. The fair attractions last night were very largely patronized and the games were in full swing. The orchestra gave a fine program of music. The dove prize of a bag of flour was won by Miss Hattie Warner but the door prize of Monday night, which had been won by ticket 17,090 was still un-

EXPLAINS PROPOSALS.

Regarding the committee's first proposal Col. Ralston said there were six rate zones on westbound traffic in the Maritimes while there was a blanket for all New Brunswick. The committee proposed that the rate on eastbound traffic originating east of Saint John and Moncton consigned to points in central and western Canada in no case should be higher than the rate in effect from Saint John and Moncton to the same points on eastbound traffic consigned to points east of Saint John and Moncton.

The second proposal was that the class rate structure in effect from Montreal in no case to be higher than the rates in effect from Toronto to Montreal. The present arbitraries were also adjusted to that basis. Col. Ralston said that the rate on eastbound traffic originating east of Saint John and Moncton consigned to points in central and western Canada in no case should be higher than the rate in effect from Saint John and Moncton to the same points on eastbound traffic consigned to points east of Saint John and Moncton.

NUTRIMENT IN THE MOST USEFUL FORM

Father John's Medicine contains as one of its Most Important Constituents the Purest Cod Liver Oil—Blended by Exclusive Process with Other Valuable Ingredients

If the nutriment which a food contains cannot be extracted by the digestive organs, then such food is of little value. Cod liver oil is rich in nutriment, but it is difficult for most people to digest. But in Father John's Medicine it appears in such a form that even weakened systems can digest and assimilate it. This is why Father John's Medicine is such a valuable body builder.

Dr. Harvey A. Sell, expert chemist of New York, made an analysis of Father John's Medicine and in addition to commenting on the high quality of the different ingredients, made special mention of the cod liver oil as follows:

"The cod liver oil is broken up more completely than in any other preparation. It has been examined of this type, some of it being as small as 1-250,000th of an inch in diameter. This fineness facilitates absorption by the digestive organs. It is easy to understand Dr. Sell's point, for milk, which is an emulsion of butter-fat, can be taken by babies, whereas cream or butter could not. This is because the milk contains the butter-fat in such minute globules.

Thus, Father John's Medicine contains the nutriment of the average size of the globules of butter-fat in milk, so it is readily seen why this preparation is so easily digested and builds up health and strength.

WOMAN SUFFERED TERRIBLY

Found Relief by Taking Lydia E. Pinkham's Vegetable Compound. A Remarkable Case

Found Great Relief
Toronto, Ont.—"I am at the Change of Life with hot flashes, dizziness, weakness and nervousness. I had head noises and was short of breath. I was this way about six months when I read about Lydia E. Pinkham's Vegetable Compound in the newspaper. I have taken eight bottles so far and found great relief."—Mrs. E. J. SALMON, 112 Laurier Ave., Toronto, Ont.

Mrs. Carr Also Helped
Muncie, Indiana—"I had inflammation and the doctor said I was in a very bad condition. My hips and back felt like knives cutting me. I suffered terribly and could not get around to do my work. I had indigestion and very bad headaches and could not sleep as I was so nervous. I took local treatments and they did me no good. I had always heard of Lydia E. Pinkham's medicine and I thought it would be like all the others, but I found out after I took half a bottle as I have proved wonderful. I am taking it yet and I can do all my work. I am feeling fine now, and it is your good medicines that have done it. I tell every woman of the good I get from taking the Vegetable Compound and Liver Pills and from using the Sanative Wash. I don't intend to be without them."—Mrs. F. W. CASK, 725 West Jackson Street, Muncie, Indiana.

St. Adolphe, Manitoba.—"I was very weak and had great pains during my periods so that I could not sweep. The pains were in the right side and extended to the left and then downwards. It seemed as if the body was heavy and upside down. It is for these troubles I took the Vegetable Compound. I saw about it in a paper and was very much interested to take it. It has helped me in every way. The pains are less, and I have more appetite. It is a pleasure to recommend Lydia E. Pinkham's Vegetable Compound to other women."—LISA DELOMME, St. Adolphe, Manitoba.

Medical research has definitely proved that one of the causes of a run down condition of the body is a shortage of certain mineral elements, including iron, potassium, calcium, sodium and phosphorus, and until a sufficient supply of these minerals is restored to the body, good health is impossible. Wincarnis contains every one of these elements in addition to other health giving ingredients, and in a form in which they are most rapidly absorbed into the blood and carried to every part of the body to be converted into vital force.

Wincarnis has been recommended by over ten thousand physicians in cases of nervousness, anaemia, sleeplessness, and the general debility that accompanies a run down body. For fifty years this strength giver and nerve restorative has brought new life and happiness to weakened men and women.

LEGISLATURE SITS TODAY WITH DOUCET SLATED TO SPEAK

Resumes After Easter Recess and Budget Debate Will Be Continued

VENIOT'S ADDRESS AWAITED BY HOUSE

Former Premier Expected to Attack Proposals of Leger Thursday

BY JOHN J. DUNLOP, Staff Correspondent of The Times-Star

FREDERICTON, N. B., April 6

The Legislature resumes its sittings here tomorrow afternoon after the Easter recess with continuation of the budget debate by J. Andre Doucet, Opposition member for Gloucester, who is slated to conclude the speech which he commenced last Thursday when the House adjourned. The budget debate commenced a week ago Monday evening when Lieut.-Col. W. H. Harrison, M. L. A. for Saint John, delivered his first address which was the leading feature of the House proceedings last week with eight speakers taking part. They were Col. Harrison, F. G. Richard, F. C. Squires, John P. Lordon, A. J. Bordage, J. William Smith and Mr. Doucet. This week, the main contribution will be made by Hon. Dr. P. J. Veniot, leader of the Opposition, who probably will speak on Thursday afternoon. Premier Baxter will conclude the debate.

It depends on the speaking arrangements of the opposition if the debate will wind up this week or go over until early next week. A. A. Dyras, opposition member for Miramichi, is expected to be in his seat this week and he may take part in the debate. It seems fairly certain now, however, that consideration of estimates, usually productive of much crossfire and action on the floor of the House, will be taken up next week.

INTEREST IN VENIOT.

Much interest will attach to Hon. Mr. Veniot's address this week and the line of his contemplated attack on the Government's proposals in the Leger budget with respect to direct taxation is the subject of much speculation. This has been the one important political topic not only at the capital but throughout the country. Every one of the Opposition speakers in the debate have said they were opposed to it while all of the Government speakers have declared it is necessary for the financial salvation of the province. Much of the ground for and against this levy has been covered in the speeches so far but it is learned that Hon. Mr. Veniot will furrow up some new soil on the matter with a few surprises thrown in. He is expected, at this time, it is expected, to a detailed analysis of the debt incurred by the province under the Foster-Veniot regime and is likely to take the stand that the picture is not half as bad as painted and that there is no need for a direct levy.

NEW TAX PROTEST.

A delegation of fire insurance men is due here tomorrow morning to meet the Government to protest the increase in the tax on their business as proposed in the budget speech. To similar protests from the banks and life insurance representatives, the Government's reply was that the new taxes were only of a temporary nature, but were essential at present.

Saint John interests has been aroused in the public accounts committee through the request of James Lewis, M. L. A. for Saint John, for an investigation into road works in Fairville and the decision of the committee to have former Premier Veniot before them to explain certain features of this transaction. There is an amount of \$60,000 involved which county officials claim should be paid by the Government. It transpired at the committee hearing that through a reading of correspondence on the matter, no formal contract between the Government and the county was entered into. The public accounts committee resumes its sittings on Wednesday morning.

GIVEN SHOWER

The Golden Chain class of Victoria street Baptist church and friends of the members assembled on Monday evening at the home of Mr. and Mrs. Joseph Johnston, Elgin street, and tendered a handkerchief shower to their daughter, Miss Pearl Johnston, who is leaving this week to teach school at New River. Games and music were enjoyed and the hostess was assisted in serving refreshments by Miss Enid Johnston.

TAX CASE GOES OVER

The case of Oscar Gasking, charged with failure to file his income tax return for 1925, was taken up in the police court yesterday afternoon and set over for one week. The defendant said that he had filed the statement, but the prosecution contended that the filing had not been done in the proper time. Percy J. Steel appeared for the prosecution.

Kentville Lad Fails To Eat 8 Dozen Eggs

KENTVILLE, N. S., April 6—James MacAskill, a local youth with a large appetite, met his Waterloo when he attempted to eat eight dozen eggs on a wager. MacAskill consumed 48 eggs but it took him an hour to do it and he was forced to stop half way through the meal. His backers urged him to eat soft-boiled eggs, pointing out that all the record-breakers ate them soft. But James liked them fried. MacAskill achieved local fame during the winter when as a member of a snow-plow crew he ate 17 plates of beans and four loaves of bread at one sitting.

GROWERS TO FIGHT SCARE OVER POISON

Nova Scotia Fruit Men Will Deal With Harm Done in Britain

KENTVILLE, N. S., April 6—Steps were taken at a special meeting of the Nova Scotia Fruit Growers' Association, opened here yesterday with over 200 members in attendance to deal with alleged adverse conditions detrimental to the industry arising from the arsenic scare in Great Britain. It was pointed out that some cases of arsenic poisoning in the Old Country had been traced to fruit sold to consumers bearing deposits of arsenical spray mixture and that while it had been well established that the apples concerned were shipped from "dry weather" districts in the United States and that the Nova Scotia apples had a clean record in that respect, it was felt that the scare had resulted in a great falling off in sales with the result that the past season was most disastrous to Nova Scotia growers.

PLAN BRIDGE AND DANCE

The committee in charge of the bridge and dance to be held in the Pythian Castle on April 19, under the auspices of the Maritime Provinces Branch of the A. A. Stubbs; publicity, Walter R. Golding; checking, H. L. Nixon; refreshments, Miss Marion Belding.

LOANS TO SETTLERS MEASURE ASSAILED

Conservatives Attack Plan and Bill Isn't Formally Reported

OTTAWA, April 6—Under Conservative attack the government bill to grant loans to settlers on crown lands held the stage during practically the whole of today's sitting of the House. It was first day after the Easter recess and the galleries were filled at the outset.

As submitted to the House the bill authorized the government to make loans to settlers on crown lands, such loans not to total more than \$5,000,000 in any one year. The loans were to be made on the security of improvements made by the settler on crown land occupied by him. Loans to each settler were not to exceed: 1. To a Canadian citizen as defined in the act, \$1,000. 2. To a settler other than a Canadian citizen, \$500.

One amendment accepted to the bill (but not yet adopted) will limit the total loans to \$1,000,000 in any one year, instead of \$5,000,000. Another changes the definition of crown lands within the meaning of the bill. The original definition was land suitable and available for settlement, owned by the Dominion or a provincial government and within 15 miles of a railway. The amendment changes the latter part of the definition to read: "Within reasonable distance of a railway." But the bill was not formally reported. It was still in committee of the whole when the House passed to other business. Progress was reported.

ELECTION CARDS

GEORGE CARVILL

George Carvill, who is offering for a Commissionship, is a son of the late George Carvill, of Newry, Ireland, who with his brother William H. Carvill, came to Saint John in 1836, to open a branch of their iron, lumber and shipping business.

Mr. Carvill, who is a native of Saint John, received his early education at the Christian Brothers' and later at Stonyhurst College, Lancashire, England, and Georgetown University, Washington, D. C.

After leaving college he entered his father's office and upon the death of the latter carried on the business with his brother William H. Carvill, under the name of George Carvill & Sons.

For some years Mr. Carvill held the position of French consular agent, succeeding his father and brother in that capacity. After retiring from business Mr. Carvill became city clerk agent for the C. N. R.

Mr. Carvill is a booster and his slogan is: "Reduce our taxes, and increase our resources by means of the development of Courtenay Bay!"

To the Electors of Saint John: Ladies and Gentlemen: In bolting you support for my reelection to the office of Commissioner at the forthcoming city election, I am reminded that when I last appeared to you for your support at the polls, I promised, if elected, to do everything within reason to merit your confidence and support.

My taxes are a burden to a large proportion of our people. Every reasonable effort should be made to lighten this burden and lessen taxation, as much as a wise administration will allow. Economy must be exercised and more economy.

Co-operation is apparent to all in our helping to bring about the great saving accruing to so many citizens in the use of electricity. I have promoted efficiency and economy in the development of the Port.

SERVED SAINT JOHN IN TRYING YEARS

Editorial Comment on Dr. W. W. White's Retirement From Mayorality in 1906

(Saint John Globe, April 30, 1906.) Dr. Walter W. White, who retired from the Mayorality on Tuesday, has occupied that position for four consecutive years. The citizens cannot but feel that Dr. White has amply repaid them by his public services for the tenure of which they have generally given him.

Dr. White has amply repaid them by his public services for the tenure of which they have generally given him. In four years of public life, a man having many duties to discharge, many important acts to perform, many questions to settle, cannot be expected to do all that he had to do in such a way as to please every critical citizen in a city in which there is so much independent thought and so much free expression of thought of that kind as there are in Saint John.

Weddings

Langin-Casey

A very pretty wedding was solemnized in the Church of the Assumption, West Saint John, this morning at 9 o'clock, with nuptial mass, when Miss Florence Anne Casey, daughter of the late Mr. and Mrs. John Casey, of 198 St. James street, West End, and Francis Michael Langin, son of Mr. and Mrs. Keedy Langin, of Weston, N. B., were married by Rev. H. Ramage.

The bride looked lovely in a dress of blue satin-backed crepe, a bridal veil with coronet of orange blossoms, white shoes and stockings, and carrying a shower bouquet of butterfly roses and lilies of the valley. She was given in marriage by her cousin, Michael L. McNeely, and was attended by Miss Emma Langin, sister of the groom, who wore a dress of silver lace over coral georgette, picture hat to match, and silver shoes and stockings, and carried an old-fashioned nosegay of sweet heart roses. The groom was attended by Edmund Fitzgerald.

Many relatives and friends were present. Mrs. Charles Morris played the wedding march and softly modulated music.

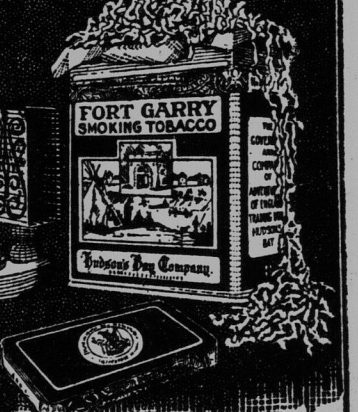

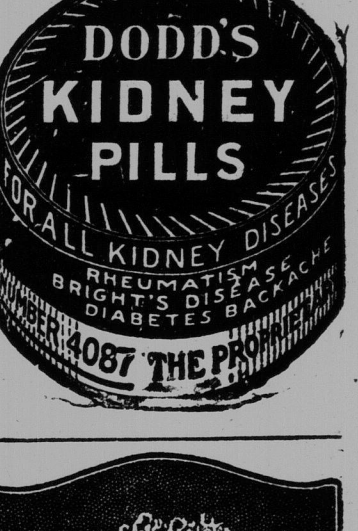

After the ceremony, the bride and groom were motorized to the home of the bride, where a dainty wedding breakfast was served. Only immediate relatives of the bride and bridegroom were present, on account of the recent death of the bride's mother. The prettily appointed table was centered with a silver basket of white roses, and suspended over the table was a floral bell of roses and daffodils, with white and yellow streamers extending to the corners of the table. Cousins of the bride assisted in serving.

Mr. and Mrs. Langin left on the Ocean Limited for a wedding trip through the Maritime Provinces, after which they will spend some time in West Saint John, and the summer at Point du Chêne, N. B.

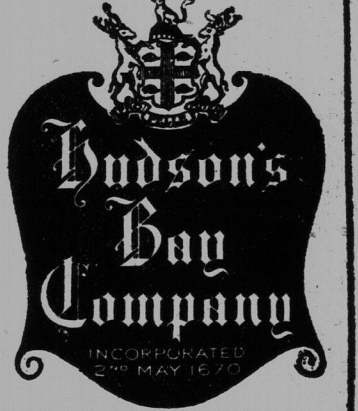

The bridegroom's gift to the bride was a substantial check; to the bridesmaid a beautiful hand bag, and to the groomsmen, gold cuff links. Among the many beautiful gifts of silver, cut glass and linen was a generous check from the Straits Fish Company, of which Mr. Langin is manager.

The bride's traveling costume was of periwinkle blue charmesse, with hat of blue and grey georgette, grey shoes and stockings, and she wore a black fox fur. Mr. and Mrs. Langin have many friends in New Brunswick, who extend best wishes for their future happiness. Among the out-of-town guests at the wedding were Miss Emma Langin of Weston, Miss Anna DeWolfe of Newcastle, and Miss Mae Holloran of Fredericton.

First Mortgage 6 1/2% Serial Gold Bonds

Of the above amount of Bonds, \$1,500,000 are offered for sale in Canada and \$2,500,000 are being offered simultaneously in the United States.

Dated April 1, 1926, due in annual series as below. Redeemable in reverse of their numerical order at par and accrued interest, together with a premium on the bonds so redeemed of 5% for the first four years, 4% for the second four years, 3% for the third four years, 2% for the fourth four years and 1% for the fifth four years of the twenty year period of the bonds.

Coupons on \$1,000,000 of the bonds are being registered as principal. Principal and semi-annual interest payable in Canadian and \$500 denominations.

These bonds are secured by first mortgage upon all the property now owned or hereafter acquired by the Company, including mills now in course of construction, together with valuable timber rights including (through deposit with the Trustee of the entire capital stock of its subsidiary power company) valuable power rights on the Winnipeg River.

Valuation of the Company's assets—including pulpwood limits and water power rights, townsite and millsite, pulp and paper mills and townsite development, and working capital—is \$9,835,200, as against \$4,000,000 of bonds now issued.

The balance of the authorized bonds is reserved for acquisition of additional fixed assets, including timber lands, at a rate not to exceed 50% of the actual cash cost or value thereof.

Estimated net earnings, after depreciation, are 5 times the maximum annual interest requirement of this bond issue and approximately 3 1/2 times the annual reserve necessary to retire both principal and interest.

We offer these bonds (except those maturing 1931 to 1934, inclusive) for delivery if, as and when issued and received by us, and subject to the approval of counsel of all proceedings.

ANOTHER BIG LIQUOR HAUL BY CUSTOMS MEN

Make Capture of 176 Cases At Tynemouth Creek

PART ON BEACH; SOME IN FIELD

No Sign of Owners—Liquor Brought Here On Tug

The local customs officers' strenuous campaign against the rum runners operating in this section again resulted in a substantial seizure of alleged contraband liquor yesterday when 176 cases were discovered in the vicinity of Tynemouth Creek a short distance from St. Martins. No arrests were made in connection with the seizure at the time.

SOME ON BEACH

Several customs officers left here early yesterday on board the customs boat, Nereid and reached the scene of the smugglers' activities about three hours later. They discovered a portion of the liquor on the beach while the remaining quantity was located in a nearby field. No trace of the owners of the wet goods could be found and the liquor was soon as the customs boat hove in sight.

The liquor was loaded on board the tug and the return trip to this city was made safely. The officers reached here with the liquor late last night.

When questioned about the seizure this morning Collector C. B. Lockhart admitted that a seizure of liquor had been made but declared that he had not received any particulars as yet from the officers regarding the affair.

TELLS OF LIFE UNDER SOUTHERN CROSS

Rev. Henry Mahon Gives Finely Illustrated Address to Main Street W. M. S.

The Easter meeting of the Women's Missionary Society of the Main Street Baptist church, held last evening, was well attended and those present thoroughly enjoyed an address given by Miss Phoebe Vanwart, president of the society, was in the chair and Rev. A. K. Herman, acting pastor, led the devotional exercises.

The address of the evening was delivered by Rev. Henry Mahon, dealing with Australia and conditions in that land. The lecturer was profusely illustrated with magnificent views. A solo by Miss Daley added much to the enjoyment of the program. A hearty vote of thanks to those taking part was tendered by Mrs. W. F. Roberts.

The special Easter offering for missions was taken up and a substantial sum received.

As Hiram Sees It

CLIFTON SPRINGS, April 1—Old Man Winter hasn't gone yet. It snowed last night and the ground was all white this morning—but by noon it was bare again. Well, Sir, I had my fast course o' sprouts this morning. I went down to the basement an' arranged myself in a sleep an' set in a cell till my turn come to be measured an' weighed—an' my blood pressure took an' some of it took out fer a test—an' my chest an' back pounded—an' the Doc listened in at my heart an' lungs don't their work—an' he made what I s'pose was nerve tests—an' looked into my mouth an' throat—an'—well, he didn't overlook nothin'. Then I got dressed an' went up an' got ready fer dinner. I ain't on no diet yit an' they hev a regular hotel memo—an' if Hanner he'd seen me he'd in't the mushroom soup an' chicken an' potatoes an' s'pach an' pudlin'—sh'd say I orto be home olin' up the wagon an' gittin' things ready fer a card sayin' I was wanted by another doctor at three o'clock. Inside o' fifteen minutes in com' another with a card sayin' I was wanted in Room 7 in the basement, at half past three. They must be beginnin' to think a lot o' me round here. The chaplain sent me an invitation this mornin' to set out at the singin' in the chapel. Well, Sir, I'm ready fer anything.

PLAY WELL GIVEN IN THORNE LODGE HALL

"Patty Makes Things Hum" Proves Excellent Entertainment—Presentation Made

In Thorne Lodge hall last evening a comedy drama "Patty Makes Things Hum" was ably presented before a large and appreciative audience. The cast was picked from the W. W. Class of the Tabernacle Sunday School and several of them made their initial bow in this class of entertainment. All the players won commendation for the good work performed.

IN THE CAST

Miss Vera Brown as Hyacinth, a colored maid, kept the audience amused by her witty sayings and her acting. Miss Florence Fletcher very effectively played the part of Mrs. Smith and Miss Ruth Fletcher was excellent as Hope Dupacity. As Mrs. Green, Miss Phyllis Sprague demonstrated entertaining under difficulty. Miss Grace Kerstead was very successful in the role of Patty and she did make things hum. Helen Braithwaite, an English lady visiting this side of the water, was well represented by Miss Alene Crawford.

GIFT PRESENTED

The play was under the direction of E. D. C. and was held this year in Moncton, according to information received from President Doyle by W. E. Stirling, vice-president, last evening. The date of the meeting has not been definitely settled as yet, but it will be either April 22 or 23.

President Doyle favored the former date, but Mr. Stirling wired requesting that April 23 be chosen, as several Saint John officials will be in Moncton attending the swimming meet on that date. Further word is expected soon regarding this matter.
