NOW FACES A MURDER CHARGE

Boy Strangled and the Body Thrown Into Marsh.

Mrs. Lewen Held in Detroit on Charge of Abducting the Boy-Father Thinks it May be Revenge.

Detroit, May 17—Mrs. Elizabeth Lewen, fifty-eight, held at the women's detention home since Saturday on a charge of abducting Max Ernest, six years old, 'aced a charge of murder today, following the finding of the boy's body last night. The lad had been strangled and he body thrown into a marsh on the ast side where two boys found it while olcking dandelions.

Early today, after he had questioned Mrs. Lewen several hours, James W. nches, police commissioner, declared he has "thoroughly convinced Mrs. Lewen illed the Ernest child."

And the war several boars, Janes W.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MAY 17, 1921

A distinctly flattering reception was MAKES MARKED given to Sir John Martin Harvey and his company last night when they presented T. W. Robertson's masterpiece, "Garrick," before a capacity house in the Imperial Theatre. After each act the company was forced to respond to numerous encores and at the conclusion of the performance, after eight curtain calls, Sir John, in pleasing manner, spoke briefly to the audience, thanking them

merous encores and at the conclusion of the performance, after eight curtain ealts. Sir John, in pleasing the performance, after eight curtain ealts. Sir John, in pleasing thanking them briefly to the audicine thanking them for the wond and the proper thanking the proper thanking the proper thanking the proper the proper the proper thanking t Drury Lane and with whom he has fallen violently in love. True to his promice to the father, however, he proceeds by his clever acting to disgust Ada searns of the deception, and also that Garrick has drawn himself into a sword encounter through his resenting a remayk about Ada and her father. She goes to Garrick's rooms to attempt to prevent the duel. After the duel is fought and won, Garrick returns, to find her there. It is while he is pleading with her that her first duty is to her father, that the old gentleman happens along, and, convinced of Garrick's worthiness, he offers his daughter's hand, to the distinguished actor.

The play calls for a very skilful handling of the surface of the decidence of the grandmenter clining to youth and the grandmenter clining to the decidence of the decidence of the decidence of the grandmenter clining to the grandmenter clining to the decidence of the grandmenter clining to the grandmenter clining to the grandmenter clining to the grandmenter clining to the decidence of the grandmenter clining to the grandmenter clining

almost breaking his heart. Through het cousin, Ada learns of the deeption, and also that Garrick are drawn himself into a word enough of the county of the c

"Garrick" Played to Large and Appreciative Audience at the Imperial Last Night

—Numerous Curtain Calls
—An Excellent Company.

picturesque group of guests during the painful interval pending the arrival of Garrick for dinner.

In the role of Squire Chivey, man about town, cousin of the fair Ada and suitor for her hand, Gordon McLeod won distinction. L. S. Daniels and Victor Watts-Weston, as William and George, footmen in the homes of Ingot and Garrick, completed a well balanced cast.

The Imperial orchestra, under the direction of W. H. Hudson, of the Martin Harvey company, rendered an excellent programme of entr-acte and incidental music. The scenery was rich and appropriate and the costuming complete in every detail. Garrick will be repeated tonight and tomorrow afternoon and evening the company will present Maeter-linck's "Burgomaster of Stilemonde."

Be Suspicious of **Tender Gums**

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums Medical science has traced many ills to these infect-ing germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and And in preventing Pyorrhea—it guards against other ills.

Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

If gum shrinkage has already set in, start using For-han's and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

Mr. Kelley of Hamilton, a former president of the true national spirit. Sir Martin Harvey erely felt. Labor is abundant this year extended the relationship to include at a lower scale of wages. Canada and the United States, and spoke of Rotary, as Mr. Legate had done in It is claimed that a storage battery

electric car running between Toronto and Belleville can be operated at a cost of the whole and a closer sympathy.

Sir Martin's quotation from Charles Lamb; "I cannot hate a man when the per mile for operation by steam of the many than the per mile for operation by steam of the many than the per mile for operation by steam of the many than the per mile for operation by steam of the many than the possibilities in the many than the possibilities in the possibilities in the many than the possibilities in the per mile for operation by steam of the per mile for operation by the per mile for operation by steam of the per mile for operation by the per mile for operation by steam of the per mile for operation by are more on a basis of equality than elsewhere. The determination of the people to have a white Australia was discussed by Mr. Legate. Ninety per cent. of the people are Australian born. They point to the French in Canada, the Dutch in South Africa, and the natives in India and Egypt, and say that for Australia they will insist upon having a purely British citizenship. They are British to the coag, and their independent spirit is in no sense an evidence of disloyalty. With a territory which, though isolated, is as large as the United States, the country looks forward to a great future, but prefers a slow growth rather than a medley of races to make up its citizenship. Mr. Legate would have Canadians know more of the Common.

A BANKER'S OPINION

The alumni banquet was held in the college dining room early last evening and was attended by large numbers of former students. The graduates of 1921 were the guests of honor.

W. R. Walsh, of St. John, in responding to the toast to the Land We Live In pointed out some of the problems that confront Canada today and indicated the necessity of Catholic participation in the solution of those problems.

The toast to Alma Mater was spoken to by E. LeBlanc of Port Hood, one of this year's graduates and that to the class of 1921 was responded to by J. F. Bates. Rev. J. W. Isaac spoke on the Xaverian, the college magazine.

limit, it does seem probable that the de-cline will be a more gradual one than has been the case in the last twelve months. The sane way in which our Canadian businesses, large and small, treated the profits of the war years, has

treated the profits of the war years, has stood them in good stead.

"The immediate future is not clear. One thing, however, is certain; the long predicted fall in money rates has commenced, heralded as usual by reduction in the Bank of England rate from 7 to 61-2 per cent. and by reductions in the various Federal Reserve districts of the United States. In the latter country, Governor Harding of the Feredal Reserve Board, declared in a speech on Wednesday last, that all danger of financial crises was definitely passed, and that the canstantly increasing reserve ratios of crises was definitely passed, and that the canstantly increasing reserve ratios of the system he heads now made it possible to extend increased credit in lines where such action seemed desirable.

"It seems now that the time is close at hand when a constructive and aggressive policy can be adopted. There is no point in holding back reductions and trying to parcel out high priced goods. Not so much business is being done as a year and a half ago, but there is consireable business there for all that. The houses who will get it are the ones who go

The death of Mrs. Sarah R. Avard occurred at the home of her sister, Mrs. John Tower, 108 High street on Sunday. Death was due to a paralytic stroke from which she suffered early Sunday morning and from which she never regained consciousness. Death occurred about 1.30 p.m. Mrs. Avard was born at Turtle Creek, Albert county. She leaves two daughters, Mrs. Ella J. McDougall, Moncton, and Mrs. George Bedford, Machias (Me.) and one son, Samuel of Toronto. She also leaves two sisters, Mrs. John Tower and Mrs. William Cuthbertson, both of Moncton, and one brother, Harvey Kelly of Moncton. She also leaves interent grandchildren.

The death took place at Halifax on Friday of James W. Malloy, aged thirty-five years. He was for the last ten years ployed as traveler for T. Mc-Avit. Sons, Ltd., St. John, and was decidedly popular with the firm and its patrons. He leaves a wife and three young children, as well as his mother, two brothers and two sisters. The funeral took place yesterday.

THROUGH RAIL SERVICE TO PACIFIC COAST

Canadian National Railways Offer Most Direct Connections With Fast Through Trains from Montreal.

The finest train service to the Pacific coast is afforded by the Canadian National Grand Trunk Continental Limited" now leaving at 9 p. m. daily from Bonaventure station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest roadbed.

From maritime province points there

through the Rockies and over the smoothest roadbed.

From maritime province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday. The Maritime arriving in Montreal at 7.40 p. m. affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime, arriving at Levis at 1.50 p. m., affords connection with train No. 11 leaving Quebec daily for Cochrane at 5 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10.30 p. m. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders, and illustrated matter may be obtained by application to any of the city ticket offices or by writing the general passenger department, Moncton, N. B. 5-25

Watches in various shapes and sizes for the Bride and the Graduate. Ask your jeweler.

THE hairspring is the brain of the watch. It is the I most delicate tension spring made. For use in the small sized watch, 84,000 springs are made from one

Waltham hairspring steel is drawn through diamond surfaces, and for the smaller watches, to a third of the thickness of a human hair. The Breguet, or over-coil (named after its inventor, a famous old French watchmaker), is used on every Waltham watch. The most important part of the complete operation in making a hair-spring is the forming and tempering of the Breguet over-coil. At Waltham, instead of being formed or bent by hand as a separate operation, the entire completed hairspring is formed at one and the same time, after which it is hardened and tempered in form—the invention of John Logan, a genius who was a part of Waltham leadership in watchmaking. Waltham is the only watchmaker

using this perfect method of making the Breguet hairspring. Hand-made watch movements have hairsprings that are first formed in the flat, then hardened and tempered in the flat. Then the outer coil is bent to form the Breguet over-coil, which, if the flat spring were as hard as the Waltham, and properly tempered like the Waltham hairspring, it could not be bent to correct form, and would be liable to break in the attempt.

Waltham superiority is in original method, secret process, unvarying quality of every important part of the watch—a quality that cannot be equaled by any "hand" method of manufacture. That is why Waltham leads the world in standardized watchmaking, and why your watch selection should be a Waltham.

MONCTON CASE
IN COURT HERE

Judgment was delivered this morning by Mr. Justice Grimmer in the matter, and in the Centre school he found the of Delina Bourgeois vs Wm. Sanford Smith and J. Carter, an action tried in Moncton last year arising over the matter of a lease of certain premises there. The case was tried before Mr. Justice White. His Honor found that there had been a mistake made in connection with the lease and there was much contradictory evidence surrounding it.

His Honor thought the proper course was to give the defendant the option of retaining or rejecting the lease. If he retains it His Honor ordered it to be reformed by the elimination of a clause as to payment of taxes, water rates, etc., and the defendant must return to the plaintiff \$385.82 with interest at 5 per cent., and if accepted the plaintiff must pay at the rate of \$75 a month as agreed by the lease. If the lease is rejected it must be delivered up and the defndant must in this vent also pay the plaintiff \$385.82, the amount found to have been paid as stated. Messrs. Reilley, K. C. of Moncton and Teed, K. C., were for the plaintiff and Dr. Baxter, K. C. and T. T. Goodwin, of Moncton for the defendant.

WAS NOTABLE DAY FOR ROTARIANS Next Move in the Montreal

There was something doing every minute at yesterdays Rotary Club luncheon. This club is unique in good fellowship. It was long a tradition that men could not be jovial and break down the wall It was long a tradition that men could not be jovial and break down the wall of restraint without the ald of the flowing bowl, but Rotary has proved this to be an utter misconception. Whether it is a song, a quip, a repartee, the laugh provoking conduct of the fines committee, or some wholly unexpected development, the members are kept in high good humor, and there is always a serious talk of twenty minutes to half an hour that gives them food for graver thought as they go out to business again. Yesterday was a field day. Mayor Schofield had as his guests Commander England and a group of officers from H. M. S. Valerian. While Rev. R. Moorehead Legate was giving a most interesting address on Australia Prof. Stewart of Dalhousie and Sir Martin Harvey arrived. Dr. Stewart is a Halifax Rotarian and Sir Martin a member of Glasgow Rotary Club. The latter said he could not escape. He had hardly alighted from the train when a Rotarian sought to rush him into a car and speed him to Bond's. The club rose to receive these visitors with hearty applause, and insisted on hearing a few words from each. Then Rotarian Russell T. Kelley of Hamilton, a past governor in the Rotarian district of Western Ontario and New York, delivered a brief message in the true Canadian spirit. All the visitors were charmed with their reception, and apart from the good fellowship they learned of the more serious side of Ro

ors were charmed with their reception, and apart from the good fellowship they learned of the more serious side of Rotary when E. C. Weyman announced the fine result of the financial drive for the boy scouts. In the brief address delivered, the thoughts of members were turned to the Canadian unity, to the sister commonwealth of Australia, friendship with the United States, and loyalty to the Empire. All this, crowded into a luncheon hour in the middle of the day broadened the outlook of the men assembled and prompted them to say to each other that it was a notable day for Rotary.

THE C. P. R. BRIDGE.

Construction work on the new C. P. R. steel bridge over the reversing falls is expected to start in the near future. The various parts, which were built by the Dominion Bridge Company, are expected to reach the city in a few days. Ties, etc., which will be used on the bridge are already on hand and other advance work is now under way. The old steel bridge will be re-strengthened and will be used for the double track between the city and Fairville when conditions require. This information is said to have come from F. L. Wanklyn, general executive assistant of the C. P. R.

PROPOSES PRINCE OF WALES SHALL BE IRISH KING

Belfast, May 16—Lord Hugh Cecil, nember of the privy council of Great tritain, who is the guest of Lord Londonderry's family in Mount Stewart, County Down, has suggested a scheme by which Ireland would be made an independent kingdom, its king to be a nember of the Windsor family, probably the Prince of Wales, to be appointed by the king.

Under the scheme there would be two mall parliaments, one to be located in Belfast and the other in Dublin, and, n addition, a "house of estates" of 100 nembers. Complete fiscal autonomy would be given to Ireland but there would be a levy imposed for imperial lefense in proportion to the sum conributed to Great Britain for that purbose. Ireland under the plan would be allowed to have an army but no navy, and in the event of war the King of Great Britain could suspend the Irish constitution. Irishmen in the colonies would have the right to choose whether hey should be subjects of the Irish or English king. If favorably received by the Irish leaders, the scheme would be ubmitted to a constituent assembly. Some of the southern Irish leaders, acluding John Dillon, to whom the cheme was outlined, described it as preposterous."

preposterous."
Lord Hugh Cecil, in discussing his cheme, said he still favored union, but s that no longer was practical politics nd federalism did not satisfy the Irish, tho wanted a distinct nationality, Great Britain must go as far in the direction hey wanted as possible. What ever all was proposed, he declared, must be ne framed and approved by the Irish, ut also acceptable to the British. Lord lugh then outlined his plan, adding:

"I write this in no spirit of optim-

The significance of Lord Hugh's pro-osal comes from the fact that he is the uest of the Londonderry family, the reatest member of which was Lord lastlereagh, to whom more than to nybody else, the breaking up of Henry irattan's Irish parliament and the pass-ng of the act of union in 1800 were due.

AVERGNE DELIVERS TIRADE AGAINST GREAT BRITAIN

(Canadian Press Despatch)

Montreal, May 16—Indicting England s the greatest murderer of history and celaring that as long as such murerers were going about the world uner the Union Jack he would be a rebel, not that he was a rebel because he was er the Union Jack he would be a rebel, nd that he was a rebel because he was Christian, Armand Lavergne of Queec City tonight ransacked the dictionry for denunciatory epithets in respect f Great Britain when he addressed a rowded meeting here held under the uspices of the Self-Determination for reland League of Canada and Newbundland. He asserted there could be o peace in the world so long as Engind was a first-class power because she was too greedy and too selfish.

The enthusiasm of the meeting, which reeted every attack on Great Britain, id not materialize in hard cash, for the alance sheet of the national treasurer id not materialize in hard cash, for the alance sheet of the national treasurer f the league indicated that the sub-cription of the province of Quebec to ne national headquarters fund was uner \$300, while the amount for the phole Dominion was under \$3,000.

L. G. I. T. GIRLS'

ENTERTAINMENT The Canadian Girls in Training of the First Presbyterian church, West and, held their closing meeting of the asson last evening, when they enternined their mothers and the teachers of the Sunday school. Hazel Williams, resident of group two, presided. The rogramme was as follows: Address, or. J. A. Morison; song, "My Own anadian Home," C. G. I. T.; recitation, Kathleen McBrien; song, C. G. I. T.; recitation, Doris Cox; piano solo, Villa McCallum; recitation, Mary McLicar; song, "The Maple Leaf Forver," C. G. I. T.; recitation, Marion ialey; song, C. G. I. T.; group yells, G. I. T. Refreshments were served and an enjoyable social hour made every ne feel that the evening had been a process.

Here's What Private Car Owners Say:-

"The set of Dunlop Cord Tires, 35 x 4½—two Traction and two Ribbed—have given entire satisfaction. I have run them continuously on my Cadillac car, and have taken a trip from Winnipeg to Toronto and return, and they have now covered in the neighborhood of 20,000 miles and are still in good shape."—A. C. Turner, Winnipeg, Man.

Here's What Truck Owners

Dunlop Cord and Fabric Tires Are Now Made by the Same Unbeatable Process

This Dunlop Process Has at One Sweep Added 20% More Mileage to Fabric Tires

Means BIG Mileage

Big Tire Mileage is here to stay. Just as we predicted in 1912 that the Anti-Skid Tire would become standard, so we now predict that Big Tire Mileage will be among the things every motorist will consistently expect from now on.

The tire manufacturer who has to apologize for "short life" in his product will be automatically eliminated. Cord Tire construction made possible the coming of a tire that refuses to quit until many thousands of miles have been clicked off. The Cord Tire is now universally accepted as the master choice.

And Dunlop Cord Tire is now the most popular. "Dunlop" is at top form, but don't forget that while we are turning out Cord Tires --- "Traction" or "Ribbed" --- which seem almost uncanny in their ruggedness, that a great number of motorists still use Fabric Tires. These motorists wanted more mileage than Fabric Tires were usually expected to give. That set us thinking. We wondered why certain Cord Tire principles could not be applied to

We experimented and were amazed at the find. It was that we could at one sweep add 20% more mileage to Dunlop Fabric Tires and make them last longer than Fabric Tires were ever known to last. Result: Dunlop "Cord"-built Fabric Tires are giving some other makes of Cord Tires a run for their money at, of course, much lower first costs.

Dunlop Cord Tires are outdistancing any other Cord Tire made, no matter at what price the tire sells. The stories told here prove all we claim. We have hundreds more like them. Note the remarkable distances covered and the splendid average for all parts of Canada on all makes of cars.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MAY 17, 1921

BATHURST REQUESTS C. N. R. MEN WILL FREIGHT RATES OF 1916 BE RESTORED

Bathurst, May 16-At a meeting of the Bathurst Board of Trade tonight the following resolution was unanimously adopted: Whereas the rates now in effect over the Canadian Government Railways in general and particularly over that section of the I. C. R., so called, have resulted in making prohibitive the shipment by rail of lumber, pulp and ther products of the forests as well as f the fisheries and farms from this section of New Brunswick, which products are the principal exports of this section of the province and give employment to the majority of our people, and whereas such rates have materially injured our other growing industries, therefore resolved that the Bathurst Board of Trade in regular meeting convened demands that the government of Candia re-establish and continue the old differential rates in effect prior to December 1, 1916.

"Further resolved that the old Inter-Railways in general and particularly

"Further resolved that the old Intercolonial railway, so called, be made and
be operated as a separate unit from the
present Canadian National Railways
system in order to conform with the oricinal terms of confederation.

The following delegates were appointd to back up the resolution at the forthoming conference between representaives of the maritime provinces and the
provincial government to be held at Otawa shortly: B. C. Mullins, president
of the Board of Trade; Angus McLean,
Dr. R. G. Duncan, George Gilbert, L. br. R. G. Duncan, George Gilbert, L. Desroches, C. M. Mersereau, and J. B. H. Storer, secretary of the board. There will be two delegates appointed by

down council.
Regarding the proposal to use the anadian Merchant Marine for shipping roducts of Maritime Provinces by way f the St. Lawrence river and the Great akes to American ports on account of xcessive railway rates, Angus McLean eported that he had sent a telegram to l. B. Teakle, manager of the Canadian Merchant Marine, Montreal, in the following terms: "We desire to charter the proper for one or more trips to carry owing terms: "We desire to charter teamer for one or more trips to carry iry, baled pulp from Bathurst to Toonto, Detroit, Chicago and Milwaukee. Ave you a suitable vessel you can offer. We can probably give return cargo of coal. (Signed) Bathurst Lumber Co."

He received the following reply: "Our steamers loaded fully cannot use canal therefore cannot tender for pulp."

The board expressed the opinion that that was not an answer, but an evasion of the question. Mr. McLean intimated his intention to prosecute the matter.

SINCLAIR OF P. E. I. **MAKES CHARGES** AGAINST GOV'T

Ottawa, May 17—Speaking on the

free list. Comparison of Liberai and Conservative free lists on the same basis would show only eighteen items added to the list during the last ten years.

The government were forced by public sentiment to add these items to the free list. Tariff revision in Canada could not wait for action at Washington. Any attempt to place a retaliatory tariff would only hurt the Canadian consumer without helping the Canadian producer. There should be no restrictions against the sale of Canadian farm products in the States.

Mr. Sinclair said the present high freight rates were hampering the farmers and others in his constituency. The Prince Edward Island legislature had passed a resolution urging reduced freight rates.

J. W. Kennedy (Glengarry and Stormont) moved adjournment of the debate at 12.15 a. m.

ZION CIRCUIT HAD GOOD YEAR

evening in the Zion school room. The reports given were very encouraging. The Women's Missionary Auxiliary, Circle and Band had an exceptionally good year. The Little River Sunday school also made an excellent showing. The apportionment of \$700 placed upon Zion for the Methodist national cam-

following:
Zion church—Prayer meeting committee, H. M. Lattimer; quarterly board, George H. Purdy; women's Bible class, Mrs. S. Wood; forward movement, F. S. Purdy; Ladies' Aid, Mrs. Thomas Hannah; Sunday school, F. S. Purdy; Women's Missionary Society, Mrs. S. Howard; Epworth League, Miss S. Wood.
Little River Mission—Business committee, Rev. S. Howard; Sunday school, Mr. Babcock.

mittee, Rev. S. Howard; Sunday school, Mr. Babcock.

The grand total raised for all purposes for the circuit during the year was \$2,475.

The business meeting was preceded by a musical and literary entertainment in which the following took part: Piano solo, Miss Isobel Sherwood; recitation, Miss Annie Jordan; vocal solo, Miss Ruth Wood; reading, Miss Tillie Ross; recitation, Mrs. E. Boone.

TO bring the candy dollar back to par—to deliver you one hundred cents' worth of I fine chocolates with the least possible cost

That is the idea of the "Tru-Value" package,

now on sale at all good candy places.

Gone is the bevelled edge, the padded top, the dainty trimmings, expensive art work, de luxe printing—gone all the costly camouflage!

"Tru-Value" does not cheapen the contents to pay for the container. A pound of chocolates first—a box of candy last !

Only the minimum requirements of good taste in "Tru-Value" - a neat, attractive package offered for your approval by the same experienced organization which has been making incomparably fine confectionery for over fifty years.

And in this economical box you will discover another Ganong achievement — the "Fireside" assortment, a full pound of Ganong's Best, a wise

selection determined by constant study of popular

Just the "individuals" you would pick out yourself from over 130 different varieties in our

candy kitchens at St. Stephen.

Not a cut price, remember, nor a bargain offer, merely the legitimate result of manufacturing economies made in the container only. But it makes available, at a fair price, "the finest in the land." Of the contents, the quality is identical with

that of our costliest gift packages where sentiment, not price, is the prime consideration.

In a moisture-proof wrapper to preserve the freshness you have a right to expect in all "G.B." confections, "Tru-Value" comes in 1 and 2 lb.

There is a Pledge of Freshness in each package.

Read it—it is your warrant of satisfaction. At the low price of One Dollar the Pound, you are offered a value without parallel.

Each piece stamped "G.B." not merely as a mark of identification, but as a guarantee of quality—that you will get the same pleasure with every purchase, that every piece will tempt you to try another.

VANTED-FLAT FOUR TO SIX

FLATS WANTED

Prices advanced.

The nut market continues strong with higher prices on walnuts, almonds and higher prices on walnuts, almonds and pecans. Brazils, however, are easier with a tendency for lower prices. Cocoanut is also showing firmer tendencies. The produce markets generally have easier tendencies. Butter is again reduced with further reductions in sight. Cheese, being influenced greatly by the butter market, is also easier with lower prices named. Live hogs, bacon, lard and shortening are all slightly lower.

Canada's Railway Problem-its Solution

The \$70,000,000 deficit for 1920 in the operation of their National Railways has brought home to Canadians the extreme gravity of the Railway Problem. In May Investment Items an interesting solution is

It proposes to relieve the Grand Trunk of the Grand Trunk Pacific, provide the parent road with adequate working capital and put it under control of the best group of Canadian business men that can be found. It suggests amalgamation of the Canadian National Railways with the Canadian Pacific Railway, to give the former the benefit of the latter's expert executive direction

The terms of such a combination are suggested on a basis equitable to both the Dominion Government and shareholders of the Canadian Pacific. The Number should be read by every Canadian business man. A postal will bring you a copy. Royal Securities

GREATEST JOY

Sherbrooke Woman Says Location Given to 15.374 Ves-She'll Never Get Through Praising Tanlac For Restoring Her Health.

the Secret of **True Beauty**

When you feel constipated don't try to hide it with with cosmetics but take a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin. It is a combination of simple laxative herbs with pepsin, and the formula is on the package. Unlike salt waters, tablets and pills, Dr. Caldwell's Laxative Syrup Pepsin acts gently and mildly. It is safe for babies. A sixty-cent bottle will last months, and all in the family can use it.

If you would like to test Dr. Caldwell's Laxative Syrup Pepsin free of charge before buying it in the regular way of your druggist, send your name and address to Dr. W. B. Caldwell, 19 Front St., Bridgeburg; Ont., and a free trial bottle will be sent you

RADIO STATIONS ARE GREAT HELP

sels from 29 Stations Last Year - How the Stations Operate.

T just wish every man, woman and filld in Sherbrooke knew wast a grand medicine Tanlae is." declared Mrs. Josephine Cartier, 12 Academie street, Sherbrooke, Quebec, recently.

"Tanlae has restored my health completely after I had suffered so much I never expected to get well. I have to my stometimes each breath would be my last. My heart palpitated terribly and I suffered a lot from nausea. Nearly every morning I got up with an awful headache, and at times I became so dizy and fainty everything around me seemed to turn black. I worried and worried and had about resigned myself to my suffering.

"But I thank goodness I tried Tanlae. It has been one of the greatest joys of my life and I never will get tarough housework with case. I tilink it is wonderful what Tanlae has done for me and just feel so strong and well I can do my housework with case. I tilink it is wonderful what Tanlae has done for me and just feel so strong and well a can't help but want to tell everybody who is suffering that it is just the medicine they need."

of appetite, sleepless night, night sweats and so on. In such cases do not wait until you go all to pieces and collapse in a state of nervous prostration but eat more spinach and green vegetables and take organic iron like Nuxated Iron with them for a while to see what a difference it make the cure the iron you take them for a while to see what a difference it makes. But be sure the iron you take is organic and not metallic iron which people usually take. Metallic iron is iron just as it comes from the action iron just as it comes from the action of strong acids on small pieces of iron, while organic iron like Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples. Beware of substitutes. Look for the name "Nuxiated" on every package and the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

For Thin Waists and Sleeveless Gowns

(Toilet Tips.) (Toilet Tips.)

A safe, certain method for ridding the skin of ugly, hairy growths is as follows: Mix a paste with some powdered delatone and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine delatone. Mix fresh as wantad

instrumental in arranging a trip to Strathmore, where Messrs, Hutton and Stockton were "into sunflowers" on an extensive scale. No fewer than forty-five men comprised the deputation to Strathmore, fully half of them being public-spirited citizens of Edmonton anxfous to show their interest in anything pertaining to the development of local agriculture.

agriculture.

The seed sown on that occasion has borne fruit. Sunflower ensilage is no longer a novelty in central Alberta; it is regarded by an ever-growing number of farmers as an essential factor in the eco-"My little sister had eczema all omical operation of their holdings.

Nine Sunflower Silos.

"I believe I am correct in saying that as a direct result of what we saw on our trip to Strathmore no fewer than nine silos have gone up in this neighborhood," Mr. Emerson told me on the day I called at his place. "My own operations have extended—and will further extend, I hope. Last year I had three acres in sunflowers, and I never have grown a crop of any kind that gave greater satisfaction from every standpoint.

"On that three-acre patch," he went on, "were fed eight head of stock and 100 hens during the entire summer and fall. Then after cutting, the sunflowers were stored in that silo over there. All winter I have been feeding the same stock, including the poultry, the animals have had a generous ration at all times. I have given away several tons for experimental purposes, and there still remains in the silo about one-third of what went into it."

I saw the horses and cows on the Nine Sunflower Silos.

Proving a Remarkable Success for Ensilage Purposes in West.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage purposes, I applied to Mr. Craig, deputy minister of agriculture, for the names of furmers near at heard white, for the names of furmers near at heard white, for the names of furmers near at heard white, for the names of furmers near at heard white, for the names of furmers near at heard white, for the names of furmers near at heard white supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of winter Feeding.

White West into it."

I saw the horses and cows on the Emerson farm, and if their present condition results from the feeding of sunflower ensilage Mr. Emerson need adduce no further proof of the virtues of his fodder. I feel that I can safely say I have not seen anywhere at any previous time work-horses in such excellent condition as were those pulling a seed drill on the Emerson farm when I called to see their owner.

"About went into it."

I saw the horses and cows on the Emerson farm, and if their present condition results from the feeding of sunflower ensilage Mr. Emerson need adduce no further proof of the virtues of his fodder. CURLING.

Cut Bonspiel Time.

Winnipeg, Man., May 17.—The Manitoba Curling Association has under consideration a plan to curtail the annual bonspiel to one week in an effort to revive the popularity of the big event and ensure a greater yearly attendance from outside points. As the recent annual meeting of the association here it was pointed out that whereas the association was steadily increasing in size, no commensurate increase was being recorded in the attendance at the annual bonspiel.

mediately traceable to fact that the bon-spiel was too long. Under the plan now being considered play would commence on a Monday, with city rinks only in-volved in the first two days in order to permit outsiders to reach the city. With four draws a day, it is believed the spiel could be finished easily by the fol-lowing Saturday.

FOOTBALL. The Hardware Team. The hardware clerks of the city held a meeting last evening in the Y. M. C. A. to organize the team which they have entered into the St. John Soccer Football League. H. Masters, formerly of the Ashford United football team in Eng-

land, was elected president of the clubThe vice-president, C. G. Walton, was
formerly a player with a British army
team. S. J. Stephenson was elected secretary-treasurer and H. J. Kelly, the
training manager of the team. Besides
being elected vice-president of the club,
C. G. Walton was also elected captain
of the soccer team. The line-up of the
team for the next game was decided on
and a call was given for the members to
turn out tonight for practice on the
Shamrock grounds. The employes of T.

Mr. Lowther on Way From England-Speeches at His Retirement.

Friday, May 20, has been selected as the day for presentation of the Speaker's chair which is the gift of the United Kingdom branch of the Empire Parliamentary Association to the Canadian House of Commons. Former Speaker Lowther, of the British House, will make

The Right Honorable James Lowther, who has just resigned, after fifteen years' service, the speakership of the Imperial House of Commons, will soon arrive in

House of Commons, will soon arrive in Canada.

His mission fittingly rounds out a long, a fruitful and a distinguished career in that parliament. It is, on behalf of the Empire Parliamentary Association, to present to the Commons at Ottawa a replica of the speaker's chair at Westminister, as a symbol of inter-parliamentary solidarity and good will. His mission has no political significance or purpose. The presentation is a token of goodwill given by members of the Mother of Parliaments to another overseas parliament, using the same procedure, inspired by the same traditions to the same end, that the course of business in both assemblies shall be a seemly, expeditious and just instrument for giving effect to the will of the peoples their members represent.

members represent.

Mr. Lowther, the descendant of a family which for 600 years has been represily which for 600 years has been represented in parliament, on his election as Speaker had had a sound training as a private member, and as chairman of committees. He had a profound knowthe business of the House, with an impartiality which never failed, he had a were authoritative. But what contributed equally with these to the success of his speakership was a ready wit which could discipline without irritating, a tact which produced peace without recourse to authority, and great capacity as an adviser as accessible to the humblest

The acreage in wheat is, contain to expectations, little, if any, less than last year when the acreage seeded was a little more than sixteen million. It would seem that Manitoba is practically unchanged, Saskatchewan slightly less and Alberta increased.

The amount of re-seeding to be done in Saskatchewan after wind storms is relatively small. The supply of moisture is abundant, only three or four points reporting that they would be the better for rain. Fully ninety-five percent of the wheat crop is in good moist bed and generally well cultivated. About fifty per cent.—taking the west as a whole—of the wheat is well above ground. has only one standard, Highest Not more than forty per cent, of the coarse grains are seeded, and there will be a material falling off in acreage of oats and very heavy reduction in flax,

YOUTH RENEWED;

Agen Man Had Undergone Operation on the Thyroid

Mr. Wilson had announced his forthshortly after his return to London. The demand to hear his story was so great that after delivering one lecture in a suburb he hired the Royal Albert Hall, course. Yesterday morning his landlady found him dead in his bed with a half-emptied glass of wine beside him, for which he had asked the night before, saying he did not feel well.

CRAZED BY REVIVAL **EXCITEMENT, MAY** LOSE HER LIFE

E. J. Savage Alleges Faith Healing Mission Turned His Wife's Mind-Now in Hospital.

(Toronto Telegram)

"My wife (in prime of life) attended several Massey Hall meetings recently. She was in excellent physical condition hitherto. No suspicion of insanity in her family or herself.

"She is now a raving religious maniac with slight hope of life. The specialists have given me no hope. We have a little girlie of three and a half years, and a boy of seven. I have lost half of my life through Bosworth's fanaticism. 'Yours, E. J. Savage.'"

Receipt of this letter by the Telegram led to an interview today with Mr. Savage at his home, 115 1-2 Mutual street.

"My wife attended several of the Bosworth brothers' meetings, the last being April 30th," said Mr. Savage. "The following Thursday night she became violently insane and attacked me, first throwing a Bible at me and then tearing off my spectacles and trying to scratch my eyes, that I might 'see the light.' The next day she was taken to the Provincial Hospital for the Insane and is not expected to recover.

Did Not Recognize Husband.

"Thursday night I went to phone Dr. McCollum, Shuter street our family doctor, and when I returned she had our youngest child in her arms, (crying that 'the Kingdom of God is at the Gates,' and that 'Jesus is Come.' She was going to take our child away with her. Trying to pacify her I found that she did not recognize me; and she again tried to get at my eyes, forbidding me to touch her with my 'earthly intelligence.'

"At 11.30 that night a Mr. Gandier, who appears to be attached to the Bosworth Mission, came to the house and began to pray with her. He stayed until 7 o'clock Friday morning. My wife became no better and he advised me to allow the doctors to see her. He again advised this at noon that Friday. When Mr. Gandier came in she recognized him at once, although she did not know me; and I subsequently found out that he had formerly talked with her in my house during my absence. Did Not Recognize Husband.

Forgets Her Family. "She was taken to the hospital that day and since then she has raved continually about religious matters, and has not since recognized me. For eleven years during our married life, and since we have been in Canada, having come from England, we have been a very happy family. But now she does not even mention her children, and seems to have forgotten them. Everyone who knew her vouches for her serenity of mind and peaceful life prior to two weeks ago.

"Two years ago we lost a little boy suddenly with diphtheria and she recovered reading from the shock of that blow. Dr. McCollum and Doctors Clare Vroomer and Fletcher of the hospital tell me that she may not recover and

Dr. Fletcher informed the Telegram that: "It is clearly a case of acute manio. Apparently the religious excitement started it, but it may have been caused by some other excitement. She is taking some nourishment, but the next two or three days will tell the tale as whether she will live or not."

tell me that she may not recover and that she is suffering from acute mania."

NEW STEAMER FOR C. G. M. M. The latest acquisition by the Canadian Government Merchant Marine is the which was built by the Collingwood Ship-building Company and delivered to C. G. M. M. officials at Kingston. After coaling at the latter port she left on Saturday morning for Montreal. She will load for Barbadoes, Trindad and Demerate to which service she has been as steamer Canadian Coaster, 3,800 tons, ara, to which service she has been assigned, and will leave Montreal for her maiden voyage about the 21st.

Officials of the Pennsylvania Railroad have instructed their employes to notify passengers of any serious delays to trains, the cause, probable length of time of interruption and when service will be

Admiral Bridge Says it is Essentially a Defensive Arrangement—Gun of More Consequence Than Ship.

London, April 28 .- (By Mail, Cana-

where the death last week of Alfred Wilson, the seventy-two-gear-old widower who returned from Vienna after undergoing Prof. Stinach's thyroid gland operation three months ago and died a few hours before his scheduled lecture on lecture on renewed youth, one doctor suggested that he had run down much like a clock that is broken so that the wheels are not checked at regular intervals but run on at ever-increasing speed, until stopped altogether.

After the operation, Mr. Wilson's After the operation, Mr. Wilson's began to grow again on his bald head. His great energy (Friends say he has worked very hard) may have caused his death, although other physicians think it was due to a combination of heart trouble and indigestion.

By a curious coincidence, Mr. Wilson had enounced his forther while going through setting up exercises to show how active and muscular head become.

Mr. Wilson had announced his fortheoming marriage to his Vienness hurse. demonstration that there was no foreign country too great to derive benefit from the international position and relative strength of that navy. Now it is no longer the navy of Great Britain; it is the navy of the British empire, a name by which it ought always to be called. It would be absurd to use such terms as "threat" or "menace" in mentioning that the shipbuilding programme of the United States' navy—unless we respond to it with a competitive scheme of our own—is likely when completed to reown—is likely when completed to remove the British empire from the leading position amongst naval powers. If we embark on a competition in shipbuilding the cost will be gigantic, just at a time, too, when having and not huge expenditure is exceptionally desirable.

at a time, too, when having and not huge expenditure is exceptionally desirable.

That we must have a shipbuilding programme of some kind is inevitable. Need it be dictated by the megalomania which has so long dominated naval policy? Did the great "super-dread-noughts" in the war justify their existence? If they did, why are we not repeating their design? Is there no solution of the "capital ship" question but Hoods and super-Hoods, probably costing £9 000,000 apiece? Is there any good in pretending that you can beat the ever-developing efficiency of the gun by piling on a ship more and more thick armor, thereby adding immensely to her size and cost simply that she may be able to carry about the world a vast weight of inert material that by no possibility can do any harm to an enemy?

Had we not better acknowledge at once that the only way to beat the gun is to have a better gun of your own or to use your guns more skilfully and, consequently, more effectively? We shall do well to ask these questions; and it is not unreasonable to hope that answers to them may be found which will permit us to have suitable naval defence for the empire at a cost within our means, even situated financially as we are now. empire at a cost within our means, even situated financially as we are now.

CLEVER RUSE.

Jones had been grumbling about the gas bill and Robinson advised him to have a penny-in-the-slot meter installed. "Does that work out cheaper?" asked Jones. "I always understood it cost more."
"Not a bit, my boy," replied Robinson, cheerfully. "You see, you get the kiddies

Fifty Dollars a Month

"Old Father Agate"

(Guaranteed to you by the Canada Life)

Age 21-Fifty Dollars a month is not

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be

You know of men well up in years who are still "drudging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can

Why Not Pension Yourself? Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life. There are many other benefits

An average deposit of only a few dollars a month will return you \$50.00 a month later on.
