### GEORGE DURAND COMING HERE

Montreal Sale Promoter Taking Charge of Large St. John Firm.

Mr. George Durand of Montreal, is expected to arrive in St. John at noon today to take over the great going-out-of-business sale now being conducted by The King Square Sales Company.  
Mr. Durand is a salesman and advertiser of national reputation. It is expected his announcement in the papers tomorrow will contain some really wide-awake information for the readers. His ability needs no further demonstration to establish his visit as a live issue for St. John.

The manager of The King Square Sales Company has just received several invoices from various firms with which he placed large orders before he decided to sell out his business and live in California. The proportion of the faces Mr. Durand, therefore, is of goodly proportions.

### SAYS SHE WAS KEPT PRISONER

Girl Alleges Husband Lured Her to "District" House.

(Montreal Star.)  
"At last I have someone to protect me. I am a prisoner in this house." This statement was uttered to Detective Tierney and Forget after they had broken into a room in a house in Dorchester street east, in the heart of the so-called red light district.

The story as related to The Star by the woman was as follows:  
"I first met my husband at Shorncliffe, England," she said. "I was at that time living in Folkestone. He was a member of the Army Service Corps. We lived together in England and at the conclusion of the war he came to Canada. He sent for me and I came to Montreal. I arrived at the station with my year-old baby in my arms and found no one to meet me. I was heart-broken. Finally the Salvation Army people took charge of me and I stayed with them until I located my husband."

"Shortly after I got in touch with my husband and put the baby in a home, I decided to go to work. One night we were walking on the street and he asked me to go with him and visit some friends. Not knowing the city I went with him. He took me to the house in Dorchester street and after we had been there a short while he left, saying he would return. They have kept me here ever since."

"Asked why she did not leave the house when her husband failed to return, she said she had nowhere to go and almost some of her clothes were missing, making it impossible for her to leave."

In order to protect the woman until the husband comes up for trial, a charge of vagrancy has been laid against her, and she is being held at police headquarters.

The details of this case arose out of a theft which occurred at 189 Cadieux street. Detectives Tierney and Forget, in whose district the robbery occurred, were investigating the matter, and while

### Who Pays the Penalty?

Last April two of our representatives solicited applications for life insurance from a prominent Toronto wholesale merchant and his son. They succeeded in selling to the father a policy for a considerable amount, but the son could not be induced to protect his dependents in this way against the financial loss which would result from his early death.  
Less than two months afterwards the daily newspapers recorded the tragic story of the younger man's accidental death. His failure to act when action was possible deprives his family of the insurance money which he could have secured to them so easily.  
Have you made any provision for your wife and little ones in case you should die suddenly? An Imperial Home Protection Policy will do it. Write for particulars to-day; tomorrow will be too late.

### DISCUSS NEW PAVING BILL

The proposed new paving bill was discussed by a special committee meeting of the common council last night. The first two sections were passed but it was decided to delete the section referring to arbitration before the Public Utilities Commission. The section calling for a four-fifths vote of the council to decide on work to be done was amended to read "by unanimous vote." A section was added to the effect that the provisions of the bill would not become effective until the majority of the citizens voted in favor of it. The compromise clause was inserted providing for the payment for only the estimated cost of cheaper pavement where street has less than twenty per cent of its frontage occupied for business purposes and is paved as for a trunk street. Commissioner Jones said he was opposed to the bill but was willing that it should go to Frederick. Mr. Fisher was not in favor at all and said he was sure that a plebiscite would condemn it. Mr. Bullock thought the bill was an improvement and was in favor of getting advanced legislation on the statute books. Commissioner Thornton, though opposed to the bill, said that he would not oppose it if the provision for the plebiscite was inserted. Further discussion will take place today.

### What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.

ONTARIO ELECTION ACT.  
Toronto, March 23.—The new Ontario election act was introduced in the legislature this afternoon, by Premier Duggan.

One of the interesting features of the bill is that a ten day period is set between nomination day and election day instead of an interval of a week, as under the present election act. Under the new act writs must be issued not later than twenty days before nominations.

RESIDENCE BURNED.  
Moncton, N. B., March 23.—The residence of Manning Kenton, C. N. R. locomotive engineer, was destroyed by fire at Ammon about 1 o'clock this afternoon. Most of the furniture, seed grains and potatoes were lost in the fire. The loss will be about \$2,000.

ARGVESHIRE ELECTION.  
London, March 23.—The result of the Argyleshire election is the return of William Sutherland, by a vote of 10,186. Rex, M. MacCallum, received 5,498. Sir William Sutherland sought re-election on appointment as a Junior lord of the treasury.

### "FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others.  
Therefore avoid exposure,—this may be difficult, almost impossible.  
But we can all keep our blood full of vitality and enable it to resist the attacks of disease germs, by taking Hood's Sarsaparilla, the pre-eminent blood purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and "makes food taste good."  
After influenza or other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

### TO INVESTIGATE TRANSPORTATION ON GASPE COAST

Quebec, March 24.—(Canadian Press)—The railway board, headed by Hon. Frank B. Carvell, will hold a session in New Carlisle on April 7 to investigate the railway conditions on the Gaspe coast.  
This meeting is the result of an investigation, conducted in Quebec some weeks ago by Hon. John Hall Kelly and is in response to a request for a full investigation into the railway transportation system on the coast.

### DAYLIGHT SAVING FOR NEW YORK

New York, March 24.—Operation of the state day light saving law, which will become effective at two o'clock on next Sunday morning through the failure of the legislature yesterday to repeal the bill, is expected materially to affect business hours and conditions in stock and other markets throughout the United States.  
Officials of the stock, cotton and other exchanges, as well as banks announced that they will operate under the new time schedule.  
Some confusion is expected to result here by reason of the fact that the railroad time tables will continue to be based on standard time. Suburban services will, however, use the new time.

### BIG MOLYBDENITE FIND IN NORTH

Rich Ore Reported Discovered in Temiskaming County by Engineers.

Quebec, March 24.—Robert Clarke, Buffalo, N. Y., accompanied by Louis Clark, a well known Montreal engineer, arrived in town Thursday, returning after a prospecting tour in the Abitibi region, and announced that they have made the discovery of a rich vein of molybdenite.  
The party left Quebec a month ago and proceeded to Amos, then to Temiskaming county, where the rich discovery was made after a few weeks of prospecting.

Mr. Clarke stated that the ore found is of great value and that permits had been obtained to exploit a territory of three thousand acres in La Corne Township, in the county of Temiskaming and the right of exploiting had been taken over by a Montreal company, which had been organized. The quality of the ore found was 4 per cent higher than any molybdenite under exploitation in the world, and it was much over percentage of the Colorado mines products.

Messrs. Clarke and Garbi added that the resources of the Abitibi region were wonderful from all points of view.

PILLS

Saskatchewan Man, With His Rheumatism and Backache Gone, is Telling His Neighbors of Dodd's Kidney Pills.

Lac Pelletier, Sask., March 23.—(Special)—Stating that he has been relieved of rheumatism and backache by Dodd's Kidney Pills, Mr. Alphonse Blais, a well known and highly respected resident here, is singing the praises of the old reliable Canadian kidney remedy.

"Yes, I suffered from backache and rheumatism," Mr. Blais states in an interview; "and I spent much money on medicines before trying Dodd's Kidney Pills. After taking several boxes of them I am quite well again."  
"I owe my health to Dodd's Kidney Pills, and I want everybody to know that I am very thankful to Dodd's Kidney Pills."

Mr. Blais' troubles came from his kidneys. That is why Dodd's Kidney Pills gave him such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not help any and all forms of kidney disease.

The question of the equalization of privates and officers' pensions was withdrawn to be re-drafted.

### MORNING NEWS OVER THE WIRES

J. S. Fry & Sons, Ltd., of Bristol, Eng., and the Walter M. Lowney, of Canada, Limited, have been merged. As a result of this agreement the former firm will shortly establish in Montreal a big modern manufacturing plant.

It is reported in railway circles that a large number of C. N. R. employees are shortly to retire under the President-Pension Act. It is estimated that 150, including some of the oldest and best known conductors are slated for retirement.

At a meeting of the Moncton city council last evening Mayor Chapman declared himself in favor of the legislation promoted by the labor members of the council, which does away with property qualification for mayoralty and other municipal candidates and gives the vote in civic elections to all paying a poll tax.

Hon. C. C. Ballantyne, minister of marine and naval service in the House of Commons yesterday, reported that the gross earnings of the Canadian Government Merchant Marine to December 31, 1919, aggregated \$8,446,696, and the net earnings \$1,408,800. He spoke in support of the vote of \$20,000,000, which appears in the estimates, and which the government requires to complete its programme. Dr. Michael Clark expressed doubt as to the wisdom of the government ship owning and operating policy. A. B. Copp, Westmorland, complained of the lack of detail. R. H. Butts, Cape Breton South, supported the estimate.

According to a report from Ottawa there is little expectation of another popular loan issue by the dominion government this fall.

Mark Workman, president of the Dominion Steel Corporation upon his return to Montreal from New York denied the report current respecting the absorption of Nova Scotia Steel.

At the Dominion convention of the Great War Veterans, which is being held in Montreal, a proposal was made yesterday to adjourn immediately to Ottawa and press the government for action on resolutions passed by the convention. The matter will be taken up today. The pensions resolution adopted announced that the grants now made to widows and dependent parents of deceased soldiers are sufficient to allow them to live according to the accepted standards of the country.

At the liberal caucus held in Ottawa yesterday the members decided to reiterate their feeling that the new franchise act should provide for accepting the provincial and municipal lists as they stand, adding the names of women in Quebec where the franchise to women has not yet been granted, and of all those in every province who have the right to vote, but are not yet on the voters' list. W. H. White, member for Victoria-Albert, president, Hon. W. L. Mackenzie King, opposition leader, advised the members explaining the legislation now before the house.

The normal school in Nicolet, P. Q., which was built last fall at a cost of \$250,000, was destroyed by fire yesterday. Insurance amounted to \$150,000.

### GENERAL BLISS DENIES STATEMENT OF ADMIRAL SIMS

Washington, March 24.—The controversy started by Rear-Admiral Sims' criticism of the American navy department's conduct of its war activities was broadened last night by the entry of the war department to deny some of the admiral's statements regarding land forces.

General Tasker Bliss, American representative on the Supreme War Council, not only denied categorically that he had recommended the brigading of United States troops with foreign armies, as testified by Admiral Sims on Monday, but declared "the truth is exactly the reverse."

GREATER ST. JOHN

To the Editor of the Times-Star: Sir,—With the advent of spring with its bright sunny days, we should see a great stir in the camps of progress—general housecleaning, cobweb dusting, removal of the frozen particles, the final application of lubricants, and the old mill starts grinding.

Many and varied are the items on the order sheet. Great harbor facilities to take care of the increasing traffic of the railways and steamships, the planning and carrying out of great housing schemes, the court house proposition, the viaduct scheme at Mill street and various other matters are outstanding features of the programme.

While we are in great need of harbor facilities at once, we find that there are other matters as closely associated to the welfare of our city. The housing matter is one of vital importance. The former will materialize through government aid, the latter must be dealt with directly from city hall as it is purely local.

Regarding the Mill street crossing, I might say that this is a matter for the railway, the city and the railway commission. We are all quite pleased to know that a big part of the programme in this matter has been fully carried out, and at last we are going to get rid of the old buildings in this section, and this section has passed into the hands of the government, and that we are to witness the raising of a million dollar station. This is part of the policy of greater St. John which is bound to come if we all pull together in the right direction.

In regard to the million dollar station I think we could enjoy a million dollar outlay on our harbor facilities. It would be of far greater importance to the advancement of Canada's great winter port at this time than a pile of masonry that we could wait for until the finances of the country warranted it. The great winter station will serve us for the present. The harbor needs increased facilities at once. Let this be the first consideration by the government.

The housing problem should be speedily dealt with. I have previously said, our only solution to this matter is to start at the beginning. We should take steps to build a bridge at Courtenay and Bay. This matter should be the first instalment. Once we have a crossing over this beautiful bay, we will be able to adjust ourselves in a short while. If we have men with enough courage to approach the country, the provincial and federal authorities I have no doubt that we could get the required assistance to construct a bridge which would serve for all time and be a lasting tribute to the cause of humanity. One can scarcely appreciate of the immense value this great highway of communication to the east side would be to a crowded city like St. John, surrounded on all sides by natural barriers. This barrier is practically the only one we can overcome. Surely at this time in our history, when we should be up and doing, we would not consider it a great financial burden.

During the great war, as we all know, thousands of tons of foodstuffs were transported through our port. Thousands of our young men from here went to fight their country, many never to return— for what? To protect our homes from passing into the hands of our enemies. How about it, reader? Did these brave young men not stand true and save our homes from foreign aggression? Quite true. Then I think as a fitting tribute to the memory of those who fought and died and saved our country, our city, our homes, we should construct something in keeping with the true spirit of patriotism.

GROCERY PRICES IN THREE CITIES OF DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week—The condition of all markets indicates a firm tone with the trend toward higher prices rather than lower. The egg market has eased off somewhat, but the butter market in all quarters has shown a tendency to firmness. Business is reported excellent.

Montreal—In summarizing the market for the week, many changes of interest have been made among these, but rather stiff advances for lamp chimneys and Canadian chert are both revised upward. Cotton lampwick is higher. Cisech has advanced fifty cents per case and this is due in large measure to the container situation. Two lines of Fairbanks soap have been advanced, glycerine turpentine and scouring. The sugar market is unchanged, but firm. Improvement in the being made in the extent of supplies, the retailers now operating right along. On import are much easier in price and supplies are very short. Peppers and nutmegs remain high and are very scarce. Paprika is high in price and very little offered. Other spices are very steady. Syrups have advanced, also starch. Raisins are almost off the market with no prospect of lower prices before the new crop arrives. Jelly powder is likely to advance owing to the advance of sugar and the scarcity of gelatine.

Winnipeg—Changes this week in grocery markets shows no indication of the situation is improving and only one line advanced this week. Peppers and nutmegs are very short. Ginger and nutmegs remain high and are very scarce. Paprika is high in price and very little offered. Other spices are very steady. Syrups have advanced, also starch. Raisins are almost off the market with no prospect of lower prices before the new crop arrives. Jelly powder is likely to advance owing to the advance of sugar and the scarcity of gelatine.

Toronto—The situation in all Toronto markets show no indication of lower prices prevailing for some time to come. Many lines of commodities have advanced to higher levels. Supplies of cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings. ## C. M. A. DISCLAIMS CONNECTION WITH MURRAY'S PLAN

Chairman and General Manager Say Association Not Behind Idea

Manufacturers Talk — Industrial Leaders Express Views Regarding Plan — No General Adoption of the Scheme Is Favored.

(Financial Post.)  
The Canadian Manufacturers' Association, through its present general manager, J. E. Walsh, disclaim any responsibility for the Murray scheme. "The association is not behind the idea," stated Mr. Walsh this week, "and newspapers that discuss it are careful to state this body is not responsible and they had better not say otherwise."

Mr. Walsh refused to express any opinion as to the feasibility of the proposal or to the reception that it would probably receive by the association and the members generally. A meeting of the executive body will be held in Montreal next week, when the matter will probably come up for consideration, and some suggestions or advice relative to the association's attitude will probably be conveyed to the members. But, as Mr. Walsh pointed out, the association is an advisory, not a legislative body. The powers of the executive do not extend beyond the privilege of giving advice to the members on shipping, transportation, markets, and other matters of interest to the industry of this country. Beyond that they have no power to order that the advice be observed, and every member follows his own desires and instincts and they will accordingly act as they please in this matter, but Mr. Walsh was unable or at least refused to state what the probable course would be or what stand the association would take.

**Industrial Leaders Delicately**  
Some of the industrial leaders seen this week were diffident in expressing any opinion, preferring to stand back and avoid controversy. Hon. Frederic Nichol, president of the Canadian General Electric, in an interview, stated that he had read the complete reference to Mr. Murray's article as published in The Financial Post, but he would not express any opinion for or against the plan. He wanted to avoid discussion of the matter entirely. T. A. Russell, vice-president of the Russell Motor Car Company, Ltd., was equally reticent. S. J. Moore, who has extensive interests in both Canadian and American industrial concerns, stated that his companies would not adopt the proposal. He

was not sufficiently acquainted with the matter to express any definite opinion on its merits. From the meagre knowledge that he had acquired, however, he thought that there were concerns which probably be interested. His firms advertised mostly through circulars, but when advertisements were placed in the press the editorial policy of the journal was not considered at all, and this plan, he stated, would still be followed by the advertising managers.

It is improbable that the Massey-Harris Company will be influenced by Mr. Murray's scheme. J. N. Shumstone, first vice-president, was of the opinion that the plan savored of politics and, as his firm had never avoided political issues, it would probably be unaffected by the new scheme. Further than this, he refused to discuss the matter.

**Opinions Pro and Con.**  
"While we have not been approached so far as I know in regard to adopting Mr. Murray's proposal, I know that this company will not fall in line. We will continue to advertise in the papers that will sell our goods and will not attempt to dictate editorial policies," said F. Selway, of the Office Specialty Manufacturing Company.

Approval of Mr. Murray's scheme was voiced by the general manager of the Dunlop Tire and Rubber Goods Company, of Canada, Ltd. Mr. Westren via it entirely as an information bureau, the purpose of which is to supply Canadian manufacturers with information concerning editorial policies of newspapers. "It is that respect I deem it a very good thing," said Mr. Westren, adding, however, that he thought manufacturers must use their judgment in applying the information supplied to them and should not allow themselves to be dictated to in regard to the selection of mediums.

A concern that has already cut out what was formerly one of its most important advertising mediums because its editorials maliciously attacked Canada's industries as a class, the Hamilton Cartwright Company of Toronto, manufacturers of overalls, stated that it would not give its support to the Murray proposals. "We do not consider the policy a right one," said C. F. Fell, manager for Canada. "However, we sell large quantities of goods to the farmers and do not think it would be diplomatic to stop advertising in their papers, and this is what our approval of the proposal would involve."

**Use Own Judgment.**  
The scheme is considered impractical by A. M. Hoberlin, president of Hoberlin's Ltd., house of tailors. He points out that manufacturers are in the habit of placing their advertising in the medium by which they can reach the greatest number of readers. They are not influenced by the editorial policy of the publication. The fact that they advertised in a publication did not indicate that they endorsed the paper's policy, and in fact he considered that a manufacturer was capable of selecting the papers he wished to use himself. Adver-

**Some Montreal Opinions.**  
Local manufacturers have various opinions to express in regard to the so-called "Murray agreement," but the majority of those spoken to were inclined to condemn it as a method that would injure the general interests of the Canadian Manufacturers' Association in general before the country.

Where the plan was not condemned there was a disposition shown to isolate it from any of the official activities of the C. M. A. This stand was taken for instance by T. P. Howard, chairman

of the Canadian Manufacturers' Association, who had not seen a copy of the "agreement" Mr. Murray was sending out, until he read of it in the Financial Post. He made this statement in reference to it.

"Mr. Murray left the C. M. A. in October last and since that time has not been connected with us. The C. M. A. has nothing whatever to do with his plan."

The president of a large manufacturing concern, whose products sell all over Canada and who is a "national advertiser," declared that he did not agree that it was a wise course to follow, and had intimated this to Mr. Murray. In his own advertising affairs he had never taboored or boycotted a paper as a result of its attitude on any question.

the Gillette Safety Razor Company of Canada, declared that the scheme had its "merits and demerits." He did not think the purpose was to muzzle the press, and that the question would be handled broad-mindedly. Any move that tended to clean up the press or to tone up the editorials was quite worth while.

"My own feeling is that I don't think I would want to advertise in a paper that was raised. So far as the proposal of Mr. Murray goes it would appear that it is his intention to furnish information and not to attempt to dictate as to what papers should be used."

The twin brother of Miss Maud Whitman, telegraph manager at Bathurst, was drowned recently at Round Hill (N.S.). A. A. Bittus, the motive power of

**CARNATION** is "whole" milk—with part of the water removed.

Add an equal part of water to Carnation Milk and you have milk of natural consistency—NOT separated or skimmed milk, but rich, "whole" cow's milk.

That is why Carnation is

- so good for table use. It serves as both milk and cream.
- so good for children's drink. It is rich in food value.
- so good for cooking. Adds flavor. Saves butter.
- so good for infant feeding. Uniform in richness.

And Carnation is absolutely pure. This rich milk is collected every morning from Ontario's fine dairy farms. Part of the water is evaporated from it.

Fresh and rich, it is Sealed in clean new containers.

Its absolute purity is assured by Sterilizing.

In this handy form it travels safely to your home, is kept on the pantry shelves and opened, only

- as you need fresh milk.

Add water to it—an equal part—and it is milk of natural consistency—NOT Separated Milk—but "whole" milk, uniformly rich, sweet and PURE.

Nothing is added to Carnation Milk—not even sugar. It "keeps" because it is sealed and sterilized.

If you use Carnation you need no other milk supply—and you will want no other.

## THE THREE KOBAN JAPS SCORE GREAT HIT AT OPERA HOUSE

### One of the Greatest Acrobatic Acts Ever Presented on a Local Stage — Four Higgie Girls Also Win Hearty Applause.

THE THREE KOBAN JAPS

The Three Koban Japs have the feature act in the new mid-week bill in the Opera House. Their performance was conceded by the throngs who were in attendance last evening, to be the best ever presented in this city. As athletes they are in a class by themselves, and the prolonged applause which greeted their daring and difficult feats, was testimony of appreciation on the part of all present. The youngest member while balancing himself on his head performed wonders. Propelling himself along without the aid of feet or hands, he mounted a pair of stairs and then gracefully flipped to the floor. The other two gave a demonstration of whirlwind flipping, which was par excellence. They seemed able to propel their bodies in any imaginable manner, but with an ease and grace which made their performance seem simple. They made a decided hit and their act is worth the price of admission alone. Another act which was a decided hit was that of the Four Higgie Girls, a quartette of elated entertainers in melody and mirth, direct from the big va-

## TRYING IT AGAIN

Bucharest, March 24.—A German dirigible balloon, headed for Moscow, fell near Holm, near Cerowitz, its officers and 800,000,000 rubles printed in Berlin and also a printing press for making money, were taken charge of and brought here by Roumanians. This is the second dirigible to fall into the hands of the Roumanians under similar circumstances.

## OBJECT TO ALLEGED STATEMENT IN SPEECH BY LINDSAY CRAWFORD

Kingston, Ont., March 24.—The army and navy veterans of this city have decided to call the attention of the minister of justice to reported utterances of Lindsay Crawford, journalist, of Toronto, at a St. Patrick's day dinner in New York. It is alleged that he said there was a movement in Canada to set up a republic and this the local veterans regard as treasonable.

## TO THE ELECTORS

Ladies and Gentlemen.—Upon solicitation of many friends, I have decided to become a candidate for the office of Commissioner in the forthcoming civic election. If favored with your support, I promise to devote my full energy to forwarding the interests of the City with a view to making St. John a better place to live in. Sincerely,

## WILLIAM WEBBER SOON TO LEAVE ST. JOHN

Prominent Merchant, Citizen of City Twenty-seven Years Leaving For California.

William Webber, for more than twenty-seven years a resident of St. John, has announced his decision to leave shortly for California, where he will henceforth make his home. Especially regretful of his leaving will be the Jewish community, in which he has been a leading spirit for many years, his activity in this work led to the erection of one of the finest synagogues in the Dominion of Canada. Many of the other improvements tending to a closer relationship among the fellow-members are due to his efforts. His various enterprises included business in real estate and brokerage to a considerable extent. He also established The New Brunswick Overall Mfg. Co., and The King Square Sales Company, both of which will probably be closed down or taken over by others shortly. His holdings in real estate at present are extensive, since he had no intention of leaving St. John until long after the winter had set in. His fine residence in Orange street is part of his local property and generally considered one of the finest homes in the city. This building, it will be remembered, was built some time ago at great expense inside and out. It was over three years under construction, the woodwork being purchased from Africa and much of the marble and stone from England. His attention has also been given to the suburbs of the city, where his holdings, especially in Pannicene are numerous. Speaking on this yesterday, he intimated that a big deal in real estate might be expected; everything he owns will come under the auctioneer's hammer before he leaves. While Mr. Webber has never had any debt publicly himself, his business enterprises, his offerings and service to the public will be greatly missed, and his departure will cause widespread regret.

## TRADE TRENDS

Bankers continue to report normal conditions in Canadian business and trading. There have been so many fears expressed that the winter would bring a slow-down, that the fact that this has not been the case, and that there has been industrial peace, is becoming a matter for congratulation. This is not to say that there are no little clouds on the horizon. Reviewing the general situation in the present convention—Alberta, Saskatchewan, Manitoba and Ontario—but it is expected that the organized farmers throughout the Dominion would endeavor to repeat in the federal arena the triumph won last October in Ontario by the United Farmers. Only four provinces are represented in the present convention—Alberta, Saskatchewan, Manitoba and Ontario—but it is expected that at the annual meeting seven provinces will send delegates. An application for affiliation by New Brunswick was approved of, and it is understood that Quebec and British Columbia will soon join the council. More than a development of unity within the Dominion was considered by the council this afternoon; steps were taken looking to an international conference in the near future between representatives of the organized farmers of Canada and the United States. The object of the proposed conference is to bring about a still better understanding than that which now exists between the two great democracies of this continent. Unity between the races in this country also is one of the aims of the council.

## REDUCTION OF CREDITS SUPPLIES NOT EASY TO GET

(Hardware and Metal) (March 20). Another long list of price changes has gone into effect this week. In practically all cases the price changes are in an upward direction. One of the chief difficulties facing the trade at present is the great scarcity of many lines and very frequently merchants receive even less than half the goods which they order. Manufacturers still complain of their inability to get production, even where supplies of materials are available. In other cases it is impossible to secure supplies of materials. Among the lines affected by price changes this week are: bolts and nuts, rope, ammunition, rifles, machine nuts, wire, tire bolts, steel and brass jack chain, bright wire products, household paint and shaving brushes, kerosene tractor and fuel oil, scythes, hay knives, garden hose, beaver board, lawn mowers, cap and set screws, leather belting, lantern globes, harvest tools, staples, soldering coppers, egg cates, clothes pins, safety razors, vices, planes, lead pipe and traps, poultry fence, electric irons and toasters, push pins, auto windows, spark plugs, tinmed spoons, wing pumps, greases, lumbering tools, padlocks, breast drills, carpet sweepers, grindstone 14" tires, saws, turpentine and linseed oil. Outside building and other spring activities are increasing as the winter weather approaches, thus stimulating the already heavy demand.

## QUEBEC FIREMEN AND POLICE MAKE DEMANDS FOR INCREASE IN PAY

Quebec, March 24.—(Canadian Press) The National Union of Employees of the Quebec fire department, and the Police and Protective Association submitted demands for increased pay to the civic fire and police committees last night. The firemen ask for an increase of 25 per cent, and many other concessions, while the police want to be paid as well as the firemen, and to be given scale equal to that of other Canadian cities.

## THE AUTOMOBILE HAS AT LAST WON ON THE ISLAND

Owners to be Asked to Help for Good Roads

Capitalize Licenses and Get Benefit of Dominion Grant — More Than 1,000 Cars Now on P. E. I. — Import of 600,000 Gallons of Gasoline.

(Special to The Times.)  
Charlottetown, P. E. I., March 18.—The second provincial motor show held in Charlottetown last week, when 875,000 worth of cars were on exhibition, strikingly illustrates the progress made in removing the barriers of prejudice. Only a few years ago the sight of an automobile to farmers in some sections would be as a red rag to the farmer's bull. Now all is changed. The province is thrown wide open to automobiles. They can run on any road, in any hour of the day. Of course, the usual reasonable regulations as to speed, etc., are in force.

At the recent session of the newly elected commission of public works, Hon. C. W. Crosby, gave an intimation of what the policy of the government would be at the coming session, opening on April 6, with regard to the roads, but he deferred the giving of details. He expressed his approval of the principle of general improvement of the roads. He said that owing to the advance in the price of material and increased cost of labor in order to have better roads there would be a largely increased revenue, and he would expect that the automobile owners would assist in providing part of the revenue.

It is an open secret that the government proposes to capitalize the revenue derived from automobile licenses, and borrow a sufficient sum to enable them to secure the forty per cent. given by the Dominion government as a grant towards highways on condition that the province put up sixty per cent. It is expected that the automobile revenue will pay the interest on the loan and leave enough over to create a sinking fund. Last year there were more than 1,000 cars registered in P. E. Island. This year there will be several hundred more.

Canadian Council of Agriculture Meets in Toronto

Steps Taken for International Conference With Farmers of United States — Discussion of Dominion Election.

(Canadian Press) Toronto, March 24.—The Canadian Council of Agriculture which opened its annual meeting here yesterday has an eye on Ottawa. The coming Dominion general elections were discussed and it was made clear that the organized farmers throughout the Dominion would endeavor to repeat in the federal arena the triumph won last October in Ontario by the United Farmers. **WEDDING ANNIVERSARY.**  
In honor of their first wedding anniversary, several friends of Mr. and Mrs. Horace J. Coles called at their home, 34 Golding street, last evening and tendered them a surprise. During the evening a handsome fumed oak library table was presented to Mr. and Mrs. Coles by the guests on behalf of the gathering. Mr. Coles responded in a few words of appreciation. The evening was pleasantly spent and refreshments were served. Many friends will wish Mr. and Mrs. Coles many more years of happiness.

**PARLOR CONCERT.**  
A delightful parlor concert was held last evening under the auspices of the Willing Helpers of the Central Baptist church at the home of one of the members, Miss Annie Smith, 36 Peters street. Mrs. W. Herbert Downie presided and the proceeds were for the organ fund of the church. The programme included the following numbers, which were well received: Piano solo, Miss Gladys Dykeman; solo, Miss Gladys Dykeman; reading, Gordon Stephens, and reading, Master Norman Magnusson.  
**BYE-LAW MATTER.**  
In the police court today George Baxter was summoned to answer to a charge of having a defective water conductor in dangerous condition at a house owned by him at 227 Charlotte street. Sergeant McLeese, who made the report, informed of communicating with Mr. Baxter concerning the defective conductor and said the reply made was a reference to defective conductors in Prince William street. The sergeant said he warned the defendant but his only answer was that he could not scare him. The defendant said that he had a tinsmith working on the pipes but it was difficult to do anything with them but he would get them fixed in a few days. He also said that he felt quite humiliated when the policemen were to his residence last night to notify him to be in court. The case was allowed to stand until Saturday when a report will be made as to the condition of the pipe then.

**POLICE COURT**  
In the police court this morning, Malcolm Dempster was charged with being drunk and having liquor in his possession in a house at the Brunswick Hotel and was sent out to the street, and was arrested. A bottle containing liquor was found in his possession. He was told he was liable to a fine of \$20 and was remanded to jail.  
John C. Berry, who was arrested last night on charges of being drunk and begging, pleaded guilty and was fined \$8 or two months in jail on the charge of drunkenness and \$20 or nine months for begging. He was taken into jail.  
Two men, charged with drunkenness, pleaded guilty and were remanded.

**TRURO GETS THE  
AIR STATION**  
Truro, N. S., March 21—At a special meeting of the board of trade in the town hall last evening an agreement was effected with the P. E. I. Aerial Transportation Company, Limited, which operates the Devere Aviation, Limited, and eastern Canada air lines, for the establishment of the company's headquarters and factories at Truro.  
**EXPECT SOON TO HAVE  
SHORE LINE CLEARED.**  
It is expected that service on the Shore Line Railway will be resumed from West St. John to St. Stephen in a day or two, according to a report from C. P. R. headquarters today. This railway has been out of commission since severe snow storms in January and despite continued efforts the elements frustrated all attempts to clear the line. No sooner would a stretch of rails be cleared than a storm would again tie up the line. This morning the large crew of men were reported working between Allan Cot and Spruce Lakes, where large banks of snow and ice cover the rails. Once past this stretch it is expected that good progress will be made and it is expected the line will be cleared to Bay Shore this afternoon or tonight.

**WAS VETERAN  
OF TWO WARS**  
Lieut. G. A. Dalzell Died Here Today—Had Remarkable Record As Soldier.  
The death of Lieutenant George Alden Dalzell, son of Mr. and Mrs. G. Y. Dalzell of North Head, Grand Manan, N. B., and late of the 118th Battalion and Canadian Forestry Corps, C. E. F., occurred at 1.30 o'clock this morning at the St. John County Hospital, East St. John, after a lingering illness of tuberculosis. This officer had a very marked and wonderful war record. He began serving his king and country when only nineteen years of age, when he crossed to England and joined the Royal Field Artillery in London in 1902, and went with that unit to Africa, where he saw two years of service and was wounded in one of the skirmishes. From Africa he went to India, where he served under the late Lord Kitchener. His period of service with the colors having been completed and he being transferred to the reserves, he returned to Canada in 1911 and located in Prince Rupert, B. C.  
Upon the outbreak of the great war in August, 1914, he immediately crossed to England and joined with his old regiment, which was made up of all trained men, and was therefore immediately dispatched to the front. He was wounded three times during the conflict. His first wound received was at Nantes, France, within one month of the outbreak of war. He was wounded again at Hill 60 near Zillebeke in the early part of 1915, but however remained on duty all night after being wounded and displayed great valor and courage, and for this he was mentioned in despatches by General Sir John French.  
Several weeks afterwards he was wounded and gassed at the battle of Ypres, in 1915, after which he was in hospital for four months and upon recovery was made instructor in Kitchener's army until his release, when he returned to Canada.  
Immediately after his return he was not contented with what he had done, and donned the uniform again and greater assisted recruiting until he joined the 118th Battalion under Lieutenant-Colonel F. V. Wedderburn and proceeded overseas with that unit as regimental sergeant-major.  
While in England he was granted his commission and posted for duty with the Canadian Forestry Corps and sent to Invernesshire, Scotland, and while there was married to Miss Ella McDonald on Dec. 1, 1917.  
He was thirty-seven years of age and is survived by his wife, father and mother, four brothers, Leonard of California and Ernest, Fred and Wilfred of Grand Manan; and four sisters, Mrs. Thomas Greenway of Toronto, Mrs. Dan Thomas of Grand Manan, Mrs. Albert C. Ellingwood of this city, and Annie at home.  
The deepest sympathy is expressed for the relatives and especially for his wife who has been in Canada only about two years and has no relatives on this side of the Atlantic. Lieutenant Dalzell an active worker in the G. W. V. A. in this city, and organized three branches of the G. W. V. A. in Grand Manan last year.

**C. P. R. SUMMER  
SERVICE PLAN**  
The C. P. R. this morning announced that the general change of time for the summer service will go into effect on May 2 and become operative on May 3. On that day partial suburban service will be inaugurated, trains leaving at 6.10 a. m., except Saturdays and Sundays, and returning from Wolford in the morning, arriving in the city at 7.45 a. m. The 6.10 train on Saturday will be cancelled. One will leave at 10.15. On May 24 the full suburban service will start and will be practically the same as last year, with the exception that noon trains will run at 1.15 p. m. on Wednesdays and Saturdays until June 30 when they will run daily and will continue until the end of the season. Details of the summer service will be published in full at a later date.  
In all probability the Sunday train service to Montreal will also go into effect. The St. John and Boston day service will also be resumed on May 8. Owing to the fact that many suburbanites desire to visit their country homes on Good Friday arrangements have been made to have the train leaving at 7.40 a. m. and the train coming to the city that night make all suburban stops between St. John and Saguway.

ENGINEER'S CASE OFF TILL MARCH 31

Fredericton, March 24.—In the police court yesterday afternoon Win. Grant, N. B. engineer, who was in charge of the yard engine at St. John's on the night of Jan. 29 when a raid was made in a carload of Kentucky rye whiskey which has resulted in about a dozen other employees being given sentences of six months in the C. N. R. jail, was charged with stealing from the C. N. R. the charge in his case was changed to that of receiving stolen goods, to which he pleaded guilty and was remanded until March 31 for sentence.

THE POSTAL CLERKS

Ottawa, March 24.—W. J. Cantwell, president of the Dominion Postal Clerks in his annual report to the union here yesterday dealt at length with the disappointment consequent upon the publication of the proposed salary schedule for the post office service. The unionists are said to have met the requirements of the service that was represented by the delegates and that was accepted not only by the employees but also by the post office management. Christian Selvergs of Victoria, president of the Amalgamated Postal Workers of the West, appealed for affiliation of the society he represents with the Dominion Postal Clerks.

FRANCE MAY PUT THE BRACKLES ON LUXURIES

Paris, March 24.—Sharp declines in the value of the franc as compared with the American dollar and the British pound sterling yesterday, while the German mark made appreciable gains, have provoked fresh discussions of the exchange situation, and a renewal of talk of rigid restrictions on importations as a means to check the depreciation of the franc. Financial authorities are of the opinion that restrictions should be the only immediate remedy, and predict an early prohibition of importations of all luxuries and articles which might be described as superfluous.

TODAY AT THE G. W. V. A CONVENTION

Montreal, March 24.—At the opening this morning of the third day of the G. W. V. A. convention the nomination of officers was fixed at the first item of business for this afternoon. Considerable time was lost in getting the discussion of the establishment resolution, which was opened when the chairman of the committee, Comdr. J. H. Mackenzie, read with the regular motion the widely discussed regular resolution calling for the additional payment of \$1 a day to men who served on a battlefield front or in Siberia, eighty cents a day for service in Great Britain or Siberia only, and fifty cents a day for service in Canada only, and a bonus of \$1,500 in a lump sum to widows, etc.

Fredericton, N. B., March 24.—(Special)—The committee of the legislature, consisting of Mr. Magee and Mr. Metcalf, more and seconder of the reply, and Hon. Mr. Tweeddale, representing the executive council, waited on His Honor the lieutenant-governor last night, after the arrival of the late train, and presented to him the reply to the speech from the throne. This is the final formality which leaves the way open for the presentation of the budget and the opening of the debate thereon, which will take place this afternoon.

ALMOST HALF MILLION MORE IS EXPECTED

Hon. Mr. Murray's Prediction of Revenue in Budget Speech, This Afternoon. (Canadian Press.) Fredericton, March 24.—Hon. Robert Murray, provincial secretary, yesterday in delivering the budget speech in the legislature this afternoon, predicted a revenue of almost half a million dollars more in 1930 than the actual receipts of last year. The estimated receipts for the year he placed at \$2,829,483.16. Last year the actual expenditures were shown as \$2,400,000, while the receipts were \$2,168,822.40. The increase this year is to come very largely from the territorial revenue. Another large item is that of motor vehicle fees from which \$185,000 is the estimated amount.

done, as the patriotic motive would be lacking. The matter of loans under the housing act, Mr. Jones expressed the opinion that in about fifteen years houses built under this act would have a value considerably below their cost, as building operations were being carried on at the peak of high prices for both material and labor.

Discussion on this switched to cost of labor and Mr. Magee said that the province shortly would be paying \$4 a day for ordinary labor on the highways. Mr. Jones said that was right and the worst feature was that a fair day's work was not done.

Mr. Pinder said that this could be avoided to some extent by doing highway construction by contract. Mr. Magee said that no government, federal or provincial, ever got a fair return for money expended.

This set Mr. Pinder off on a tirade against a road supervisor in the parish of Southhampton, York county. He alleged that the road crew was working little more than six hours a day.

Mr. Leeger said that the work was not done that way in Westmorland. Mr. Pinder returned to the attack with a general statement that conditions were former administration.

Mr. Leeger said that as a general thing the work of the department was better than ever before. Under the former government he had seen stone intended for bridge-work deposited on the ice in a river, allowed to sink through the ice and afterwards recovered by divers.

Mr. Jones was expanded on the little matter of Southbury had not fared so badly, as \$12,000 was expended on ordinary highways.

Mr. Leeger responded that he was busy all the time. The committee passed the pages of the report up to that on the Price, Waterhouse Audit. Although this was not under consideration, it produced a few preliminary growls from Mr. Pinder. The committee adjourned until 10.30 tomorrow morning.

New German Cabinet Matter of Few Hours

Independent Socialists Believed Sure of Several Places—Heavy Fighting Since Noon Yesterday Before Wesel on Bank of Rhine.

Copenhagen, March 24.—Formation of a new German cabinet is a matter of only a few hours, and Independent Socialists are sure of getting several important portfolios, according to telegram from Berlin this morning.

Gas, water and electric service has not been resumed in Berlin and the tramways are still idle, as the Independent Socialists have assumed a waiting attitude. They are said to be dissatisfied with the government's "soft methods toward traitors" while armed Spartacists simply stood against the will of the Heavy Fighting.

Coblenz, March 24.—(By the Associated Press)—Heavy fighting has been going on since noon yesterday before Wesel, on the lower Rhine bank, where the Reds have attempted to wipe out the stand of the Reichswehr. The Reds are trying to get through communication with Holland in order to secure foodstuffs. Troop movements to surround Essen are already in progress. In Thuringia the Soviet government is said to have appointed a foreign minister and to be pointing Bolshevik money.

Wesel, March 24.—(Via Berlin)—6,000 government troops, reinforced by armed country police, are skimming with communist guards numbering about 15,000 near here last night. Reports state that sixty-two were killed and upwards of 100 wounded.

Berlin, March 24.—(By the Associated Press)—Berlin has been completely restored in Wilhelmshaven, Wismar and Rostock and there is no further apprehension of the return of the Soviets. The situation in Saxony, Zwickau and Chemnitz as well as in Thuringia, remains unchanged.

Leipzig is reported to be generally quiet, the revolting forces have begun to disband and the commanding general has issued a proclamation threatening extreme measures against further attempts at disorder.

In Berlin the situation is tranquil except for a few unimportant collisions in the northeastern quarter where the lack of provisions is badly felt. There is no indication of further trouble.

Request to Allies. Paris, March 24.—(Havas)—Following up the request of the German government for the return of the Reichswehr, the sending of German troops into the Ruhr district, German officers have arranged to meet the representatives of the Allies. It is understood that they will ask permission of the Allies to be formed which would send 100,000 soldiers or police into that territory.

Berlin, March 24.—Latest despatches from Halle say that after very stubborn fighting the troops are master of the situation. The workers retired to the environs of Halle. Passenger traffic to Leipzig resumed yesterday.

London, March 24.—The Bauer government has come to terms with the extremists at the cost of sweeping concessions, according to a Copenhagen dispatch to the London Times. A purely Socialist cabinet is to be formed which will try to re-establish order and hold general elections. The Reichswehr troops will be immediately withdrawn and Berlin workmen's guards formed. Kapp Disappears.

POPULAR ISSUES JUMP TODAY IN WALL STREET

New York, March 24.—(Wall Street)—Further substantial gains in popular issues marked the opening of the today's session on the New York stock exchange. In the first few minutes Crucible Steel rose 1 1/2 points, General Motors 6/8 and Eastern Garage 1/2. Other business will be continued under an incorporated company to be known as The Great Eastern Garage Company.

Anselme M. Leeger and Marcel A. Leeger of Shelburne have formed a partnership with A. M. Leeger & Fils, to carry on business as jewelers, watchmakers and opticians.

On request of the opposition leader, who said that there was no desire to obstruct, but that more information was desired, the item was finally allowed to stand. Mr. King had tried earlier to have Hon. C. J. Doherty, minister of justice, give an assurance on behalf of the government that in future public tenders would be called on all contracts over \$2,000. He said the marine department had not lived up to this clause of the statutes.

AGAINST EXTREME RADICALISM

To the Editor of The Times. Sir,—Since the signing of the armistice there has been many reports of monarchist movements which appear to show that there are some political parties...

Taking the monarchies out of Europe is taking the crown off civilization. In describing the blessings which He bestowed upon Abraham, God spoke of kings, princes and great nations...

The czar was called the supreme ruler of Russia, but Russia was ruled by the men whose crimes betrayed the czar and his innocent family to be imprisoned and put to death in the most brutal manner...

It is a poor business where nobody cares for the boss. God commanded us to honor those ruling over us and it is human nature to admire exalted greatness and to pay homage to chiefs and rulers...

If the towers of human highness were battered down, skyscrapers of wood and stone would command little admiration. Royalty is a group of highly cultivated persons who are very beneficial examples of what cultivation can do...

Some people believe that the privilege of electing a president is real liberty, but the privilege of being a man and having no say in what he does is not much liberty. The voting system is certainly the best method for changing a government and as a reminder of the people's power to change positions...

Like many Canadians, I have heard much boasting of the liberty of a republic from friends residing south of us, but the march of force during the last few years should convince those friends that a fool's paradise is no heaven...

Some time ago an English statesman said: "I venture to say that the French people have not achieved as much liberty by four revolutions as we have by one reform bill" and I fail to see that the republican French were any better off in peace or war than their monarchist neighbors...

Socialists but they depend on the discipline and readiness of their army to defend their existence, and when the tolerance of civilization becomes weaker than the forces of its opponents the civilized will look upon death as God's most merciful gift to humanity and glorify the privilege of dying...

It now seems that everybody is talking at once and that everybody is suggesting a different remedy for a sick world, and the healing balm of total disarmament is being strongly supported by many of those who are disgusted with the use made of military power in the past...

It may be all right to judge a Christmas tree by the things hung on it, but no people should be judged by the good things that others produce. Cultivation can make certain changes everywhere, but nature will remain master and reasonable consideration is the best guide...

When reviewing the past, nobody can blame anybody for trying to put his ideas of a better world into practice, but in my opinion those who believe that this old earth can be made into a peaceful and glorious place by spreading the doctrine of brotherhood among all the tribes upon it and by blotting out class and race distinction has more judgment than good understand...

When the time has shown what effect the brethren doctrine has had, and also the friendliness of real relationship, and to pull down society and put all humanity on a level would be against human ambition and would destroy the stimulus that is so necessary to keep the heart of civilization beating. Great would be the fall and crushed would be the common people as well as the gentry and the

When reviewing the past, nobody can blame anybody for trying to put his ideas of a better world into practice, but in my opinion those who believe that this old earth can be made into a peaceful and glorious place by spreading the doctrine of brotherhood among all the tribes upon it and by blotting out class and race distinction has more judgment than good understand...

It may be all right to judge a Christmas tree by the things hung on it, but no people should be judged by the good things that others produce. Cultivation can make certain changes everywhere, but nature will remain master and reasonable consideration is the best guide...

SETTLERS FROM BRITAIN FOR ONTARIO FARMS. (Toronto Globe.) The first party of settlers which the Niagara and Erie Land Corporation is bringing out to this country arrived yesterday morning at the Union station. There were nearly 500 persons on the special train. Fourteen families of these proceeded in the afternoon to the farms in Norfolk county, where the corporation has some 25,000 acres which they intend to settle with colonists from the British Isles.

KING PRESENTS SON'S MEDAL TO HON. R. LEMIEUX

Father and Mother Received By His Majesty

Mr. Lemieux Honored by Large Gathering of Members of Commons and Lords at Empire Parliamentary Association Dinner.

(Canadian Press) London, March 24—The king yesterday received Hon. Rodolphe and Mrs. Lemieux of Quebec and handed them the military cross won by their son, Mr. Lemieux was later entertained by the Empire Parliamentary Association at Westminster, Sir Auckland Geddes presided.

Mr. Lemieux spoke at length on the bilingual question and said in part: "I am not speaking as a party man, but as a Canadian who gave his all for the cause of small nationalities. From Sir Wilfred Laurier I learned isolation and exclusiveness is not a policy but a blunder."

The gathering was attended by many members of the House of Commons and House of Lords, acceptances including Ex-Premier Asquith, the Duke of Devonshire, Archbishop of Canterbury, Lord Burnham, Lord Ishington and Hon. Walter Long. General Seely and Ben Tillet were also present.

## CANADIAN NAVY MATTERS IN THE BRITISH HOUSE

First Lord of Admiralty Replies to Questions

No Intention of Abolishing Kilt in Scottish Regiments—Issue of Battle Name Claps Being Arranged—Duke of Devonshire in Lords.

London, March 24—(Canadian Associated Press)—In the House of Commons yesterday, replying to a question whether it was true that the Canadian authorities had decided to close the two dockyards at Halifax and Esquimaux, and had declined the offer of two warships from the British Admiralty for the result of the report by Admiral Jellicoe, the First Lord of the Admiralty said he had no information that Canada had declined the offer of the warships. On the contrary, his impression was that Canada had practically accepted the offer. He did not know that the dockyards had been closed, but would make an enquiry. He also said that the Admiralty had been closed, but would make an enquiry. He also said that the Admiralty had been closed, but would make an enquiry.

### FOREIGN PORTS.

Havre, March 21—Arrd, str Chicago. Genoa, March 22—Arrd, str Duca d'Elgi, New York.

### MARINE NOTES.

The steamer Lake Fray arrived in port yesterday from St. John (N.B.), and docked at berth No. 16, Sand Point. She is consigned to the Furness, Withy Co. The New Zealand Shipping Company steamer Somerset arrived in port yesterday afternoon at 4:30 and later docked at berth No. 14, Sand Point. She will be loaded for Australian and New Zealand ports. J. T. Knight & Co. are the local agents.

McLean, Kennedy Ltd., yesterday received a message from the Head Line steamer Carrigan Head had passed Sable Island and was expected to arrive in port sometime today. This is the steamer that picked up the disabled Atlantic transport liner Maine 300 miles off the Irish coast and towed her back to port. The many friends of Captain W. J. Campbell, D.S.C., will be glad to see him again after many years absence from this port.

The S. S. Melita, C. P. O. S., which sailed from Liverpool at 6 p.m. on the 19th, is due here on Sunday, the 28th. She will leave here for Liverpool on April 2.

The Houston Line steamer Hostillius sailed from Newport, England, on the 18th for St. John. She will load a general cargo here for Buenos Ayres, Montevideo and Rosario. McLean, Kennedy, agents.

### MONCTON ROTARY CLUB MEETING

Moncton, N. B., March 24—The first regular meeting and luncheon of the Moncton Rotary Club was held at the Brunswick Hotel yesterday afternoon. Guests included Major E. A. McSweeney of Boston, Lieut. O. A. Gibbons and Rotarians S. Buckley of Halifax and M. Fenwick and Thackeray of St. John. President Marven presided and short addresses were given by Mr. Buckley, Major McSweeney, Lieut. Gibbons and other members of the club for the year were appointed.

### EASY ABOUT IT

Moncton, March 24—Nonchalance marked the attitude of David Field, charged with being technically guilty of theft in using Alderman W. Lyon Jacob's car. He defended himself and his address to the jury was merely the statement: "Gentlemen, I leave it to your discretion."

The verdict was not guilty, and when the clerk of the court asked Field if he wished to be discharged, he replied: "As you see fit." It took some time before the jury could be made to understand that he could not be freed without asking for his freedom.

### AGAIN NO SERVICE FOR KAISER LAST SUNDAY

Amerongen, Holland, March 23—(By the Associated Press)—For the second time former Emperor William of Germany was deprived of the customary religious services at Bentinck Castle on Sunday. Because of the new restrictions the German minister from Zeist, who usually presides at the services at Bentinck Castle, was unable to enter. On Monday the former emperor renewed with energy his wood-sawing operations, sticking to his task for four hours.

Kauff and Winters Fight. Dallas, Texas, March 24—The Giants had an off day yesterday due to inclement weather. However, one contest not advertised was put on. The teams went out to the ball park, expecting there would be a game, and managed to get in some hitting practice. During hitting drill, Benny Kauff and Jesse Winters got into an argument which developed speedily into a fist encounter. The belligerent players were pried apart by the other athletes before any damage was done.

In a letter received by the secretary of the Board of Trade from D. W. Wigmore, M. P., it was said that the members of parliament were much impressed with the needs of the port and would vote to extend financial aid for better facilities.

Fistic Combats and Stage-coach Robberies and a Romance of Heart Appeal Star Theatre Presents the Distinguished Delineator of Western Stories Beatrice Michelena as "FAWN" In a Story of Life Beyond the Rockies "Just Squaw" The pulse of the story throbs with melo-dramatic beats and its elemental character suffices to make it active to the finish. Be it said that some good, old, rousing action takes place which is indicated in desperate fights and stage-coach robberies. This ingredient running neck and neck with that of romance saturates the picture with suspenseful interest and heart appeal. A TYPICAL INDIAN-WESTERN YARN Gaumont News of Current Events! Fatty Arbuckle Comedy!
