Strike Leaders In Winnipeg Arrested and Spirited Away; Labor Temple Raided by Police

Ten or More Taken Quietly in Early Hours in Government Blow At Sedition in West

Strong Gordon of Specials Surrounds Headquarters and Place is Searched; Literature of Bolshevik Character Reported Found; Two Aldermen Among Those Arrested

Winnipeg, June 17.—In the early hours of this morning many of the men prominently associated with the leadership of the strike here were quietly arrested by special police at their homes and spirited away in automobiles to some place in the country, presumably Stony Mountain.

Following is an official list of those said to be taken into custody:—R. Brunsell, Rev. William Ives, R. B. R. Bray, George W. Armstrong, Alderman John Queen, Alderman A. A. Heaps, and four agitators of Russian nationality.

Ivens is editor of the Western Labor News and pastor of the labor church. Bray is leader of the pro-strike parades which visited the parliament buildings on several occasions recently. Russell is secretary of the metal trades council, and one of the inner circle of the strike committee. Armstrong is an official of the Brotherhood of Carpenters. Queen is advertising manager of the Western Labor News and member of the city council for ward five. Heaps is an upholsterer, also member of the city council for ward five.

Beyond expressing indignation at the presence of representatives of the law at their homes, it is understood the men taken into custody submitted to arrest quietly.

BLOW AGAINST SEDITION The blow of the dominion government against sedition in the west fell between three and four o'clock this morning.

It was announced that arrests were also to have been carried out in Calgary and other western points at the same time.

LABOR TEMPLE RAIDED Simultaneous with the arrests, the Labor Temple, from which the strike news has been directed, was raided by the Royal Northwest Mounted Police and hit with a Bolshevik nature was seized. The building was thoroughly searched and doors and rooms that could not be opened were broken down.

Books and papers of all sorts were taken and thrown into waiting automobiles. The raid was conducted by Inspector Green of the city police force, and Inspector Mead of the Royal Northwest Mounted Police. A cordon of special constables numbering several hundred was placed around the building.

LINK I.W.W. WITH BIG UNION PLAN Ontario Police Seize Documents of Importance

One Declared to Include Large Chart on Manifesto Sent Out Over Signature of Haywood—Plan to Dominate Canada

Toronto, June 16.—Documents which are said to prove conclusively that the Industrial Workers of the World and the "one big union" which has caused much of the labor unrest in Canada and other countries, are the same organization have been seized by the Ontario provincial police. It is known that the documents were taken in a raid made by provincial police a day or two ago, but where the seizure was made is not at present being divulged.

The document which more than any other is regarded as showing the connection between the two bodies is a large chart on the back of a manifest sent out over the signature of William D. Haywood, general secretary treasurer, who last summer was sentenced to twenty years imprisonment. This chart takes the form of a large circle, above which is printed "One Big Union" and "Industrial Workers of the World." The circle is divided into six divisions and the chart divulges the scheme by which the organizers hope to govern the dominion, and ultimately the whole world, under their proposal.

FOUR LITTLE ONES DIE IN FIRE Quebec, June 17.—Four children perished in a fire at St. Francois (Beauce) last Saturday night, when the home of their parents, Mr. and Mrs. Plante, was destroyed by fire. The parents were working in the field, and the house was in charge of a sick relative who managed to escape. The fire was caused by a boy sprinkling petroleum over red hot stove-pipes.

SENATOR CURRY HERE Hon. N. Curry, accompanied by his wife and his son, N. R. Curry, arrived in the city last night by motor-car and left again at noon today.

NON-STOP FLIGHT, HALIFAX TO QUEBEC Halifax, N. S., June 17.—Lieut. Stuart Graham and Mrs. Graham, who recently made a flight from Halifax to St. Maurice, Que., in a Curtis flying boat, which they delivered to the St. Maurice fire protection association, have returned here to arrange for delivery of another flying boat by the same method. This time, Lieut. Graham plans to attempt a non-stop flight from Halifax to St. Maurice, Que. He hopes to leave Halifax on Saturday of this week.

Victory For Gouin Before A Single Vote Is Cast

More Than 40 Seats Out of 81 Filled by Quebec Liberals by Acclamation on Nomination Day

Montreal, June 17.—Sir Lomer Gouin's Liberal government was practically returned to power yesterday at the nominations for the provincial elections. This is the first time in the history of provincial elections in Canada that a government has been able to secure a majority of the members elected by acclamation. In some divisions where there are contests, both or more candidates claim to be Liberals, either favoring the government or running as Independent Liberals. It is the fact that another Liberal has been officially endorsed as the candidate, but in these cases such as-called Independent Liberal candidates will probably join the government forces in the assembly if elected.

The lack of organization, due to the shortness of the notice given, and the absence of means for a general contest, were responsible for the success of the Liberal government. In some divisions where there are contests, both or more candidates claim to be Liberals, either favoring the government or running as Independent Liberals. It is the fact that another Liberal has been officially endorsed as the candidate, but in these cases such as-called Independent Liberal candidates will probably join the government forces in the assembly if elected.

With the exception of Hon. Napoleon Seguin, minister without portfolio in the government, all the ministers have been returned by acclamation. There were more than forty acclamations out of a house of eighty-one deputies. Only one conservative was elected by acclamation.

Important Pronouncements in Comments by D. D. MacKenzie FAVORS GOVERNMENT CONTROL Would Apply it to Transportation, Grain Elevators and Cold Storage Plants as Steps Toward Decreasing Living Cost—Supports McMaster Amendment

Ottawa, Ont., June 17.—Making reference to the proposed sub-amendment by Dr. Clark to the tariff proposal, D. D. MacKenzie, Liberal leader, said in the House of Commons yesterday that one of the reasons for the sub-amendment was to "get me in a very close place on the question of iron and steel, but I don't propose to get into any corners for anybody. It is not my idea of life, particularly of public life, that man should be getting into a corner." So far as iron and steel were concerned, in Mr. MacKenzie's view, a nation must develop its natural resources. There were certain things that must exist in a country and be possessed by a country before you can live.

Mr. MacKenzie said that a great deal had been made of a statement in a speech of his on the government shipping programme. In that speech he had used the word "bounty." Certain newspapers and a number of his Tory friends had seized upon this word and were making a high protectionist. He was in favor, said Mr. MacKenzie, of encouraging industries which developed better natural resources of the country by bounty or other methods. So far as the tariff was concerned, the policy of the Liberal party was that laid down by the late Sir Wilfrid Laurier.

The duty on bituminous coal, said the speaker, was very low. The revenue tariff on coal of this quality amounted to only 33-4 per cent. He was, he said, in entire accord with the principles of the Liberal party on tariff questions. Financial stability was the great end to be achieved by government ownership, but under present serious conditions he thought the government should exercise jurisdiction over those branches of industry which were essential to the life of the country.

Making passing reference to the Wiggins case, Mr. MacKenzie said that in his judgment the ministers sent to Winnipeg had not exercised that judgment which should have been exercised. He rather feared that the laboring people there "regarded the ministers as taking advantage of the situation, but he would not say that the government was responsible for bringing about a satisfactory conclusion if one side was under the impression that the government was being disposed to give it a fair show. The government, said Mr. MacKenzie, would be wise to convene a court which would deal with labor disputes.

The leader of the opposition expressed himself as being a believer in party government. Whatever development had been made in Canada had taken place under party system. Party government, he declared emphatically, was the only way to pass legislation. He was supporting not only the McMaster amendment to the budget, but also resolution on the tariff brought down by the member for Bromo on March 25 last.

The amendment to the budget, he said, expressed in compact form the attitude of the Liberal party at present. When the Liberal party was called upon to help farmers, lumbermen or fishermen, it felt that by helping these producers it was helping the people of the country as a whole.

ESTATES IN PROBATE In the probate court this morning the will of James Doyle, retired pilot, was proved. He died on May 18, 1919, leaving personal property valued at \$12,000. Mrs. Alice Maud Burns and Daniel J. Doyle were appointed executors. C. H. Ferguson is probator.

In the matter of the estate of Frank E. Porter, who died intestate on June 9, H. W. Emery was appointed administrator. E. P. Raymond was appointed administrator of personal property to the value of \$615.88 in the province of New Brunswick, left by Mrs. Annie McKimney, of Quincy, Mass., who died intestate on June 7, 1917.

Phelix and Ferdinand WEATHER REPORT CHEERY WELCOME HERE FOR MEN WHO CAME OVER ON ROYAL GEORGE

About 100 men for Military District No. 7, who came to Halifax on the Royal George yesterday, arrived in St. John this morning at six o'clock. They were met by Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, and by R. E. Armstrong and S. H. Hayes and other members of the citizens reception committee and also by A. E. O'Leary and his representatives of the Knights of Columbus Army Huts. Refreshments and smokes were distributed.

The electric welcome sign was illuminated and with the crowds of relatives and friends who were there to greet the men, despite the early hour in the morning, a first class reception was tendered them.

The men reported that they had a fine trip across the ocean and were well pleased with the treatment given them by the officers and men on board the Royal George.

The men were discharged during the day and left for their homes on the afternoon and evening trains.

NEW YORK LEGISLATURE FOR VOTES FOR WOMEN Albany, N. Y., June 17.—The New York legislature, without a dissenting vote, last night ratified the federal woman suffrage amendment. New York is the sixth state to ratify the bill.

WOODSTOCK SECTION STRUCK BY STORM House and Barns at Debec Burned, Lightning Kills Horse, Girl is Injured

Woodstock, N. B., June 17.—A terrific electrical storm swept over this section early this morning. At Debec, the house and barns of Michael McGinnis were burned to the ground. The lightning killed a horse and a daughter of McGinnis was very seriously injured. Reports of other damage in the vicinity of the town are coming in.

ALL ENDED WELL She had received a wire from her husband sent from Halifax, saying that he had arrived safely on the train this morning. So the officer's wife was at the station when the train pulled in, the eager anticipation of re-union gleaming on her face. She stood at the gate and watched the porter's high pitched voice rang out, "Heah he is, man, heah he is. He was 'leep in de top bunk all de time and ah fo' get to wake'm." So joy reigned once more.

Hun Delegate Says Germany Will Sign Treaty

Paris, June 17.—(Havas Agency)—One of the German delegates to the peace conference is quoted by the Echo de Paris as declaring before he left with the other members of the mission for Weimar last evening that Germany would sign the peace treaty, because she knew that the heads of the Allied governments were in perfect accord on the consequences, which would follow a refusal to accept the terms, and that offers had been given for the advance, in that event, on June 24, of an Allied army of 600,000 men.

The newspapers today unanimously express approval of the strong memorandum Premier Clemenceau addressed to the German delegation. Some of them regret that certain of the concessions were made, but they are one in expressing the belief that the Germans, faced as they are by the universal desire for peace and with their knowledge of the superiority of the Allied forces, will sign the treaty within the time limit.

Paris, June 16.—(By the Associated Press)—The omission of a provision for an Allied civilian commission to control the administration on the left bank of the Rhine, from the revised treaty, is explained, was due to the fact that this is considered as a supplementary convention between Germany and the Allied and associated powers. It was not necessary, therefore, to include it in the treaty.

Paris, July 17.—The council of five met this afternoon and took up consideration of the remaining clauses in the peace terms with Austria. The council likewise considered other matters requiring the attention of the council before the departure of President Wilson tonight for a trip to Belgium.

Paris, June 17.—The Council of Ten received the Turkish peace mission this morning. The Turkish delegation was headed by Damad Farid Pasha, grand vizier. The meeting, which was a secret one, lasted an hour. The enemy status of the mission was emphasized by its entrance through and departing by different doors than the members of the council.

MILK CASES IN POLICE COURT The Board of Health had several cases in the police court this morning, handled by their solicitor Dr. J. Roy Campbell. The following men were charged with selling milk in the city of St. John without a license and they pleaded guilty. A fine of \$10 each was imposed upon them—George Anthony, F. D. A. Boyle and N. C. Geldart.

James McDevitt of Coldbrook was charged with selling milk without a license and pleaded not guilty. Dr. T. P. Johnston, dairy inspector for the board, told the court that he went out to make an inspection of the defendant's barn, but he was not home, and besides there were twelve dogs on the premises which made it rather unsafe for a stranger. This case was postponed until Saturday.

J. N. Riley was also charged with selling milk in the city of St. John without a license and pleaded not guilty. He was told to bring his license to court tomorrow. James O'Connell, was charged with the same offence, but he said he did not sell milk. It was explained that his dairy did not pass the inspection and therefore he was barred from selling milk in the city. This case was postponed for witnesses.

A. G. Day, 72 Adelaide street, was charged with keeping swine within the city limits. He pleaded guilty and was fined \$10.

PHARMACEUTICAL EXAMINATIONS The following are the results of the pharmaceutical examinations, which were held recently, and which were given out by the registrar, J. B. Mahoney: Passed in general subjects—Charles Dickson and C. Wallace Smallwood of Newcastle, Fred H. Lake of Sussex, Randolph McKinnon of St. John, H. P. Moore of Kentville, H. G. Evans of Wolfville, N. S., Herbert Collins of Moncton, Donald York of Woodstock, Walter McKel of Fredericton.

Passed in materia medica—H. G. Evans of Wolfville, Charles E. Taylor of St. John, Frank Hanson of Woodstock and James McCurdy of St. John. Passed in pharmacy—Hugh Kearney of Woodstock, H. G. Evans of Wolfville, A. J. Hulton of Fredericton.

Passed in dispensing—John Belyea of Fredericton, Hugh Carney of Fredericton, H. G. Evans of Wolfville and J. V. Butler of St. John.

Passed in all subjects—H. G. Evans of Wolfville and Frank Hanson of Woodstock.

The examiners were—Dr. H. S. Bridges in general subjects, E. R. W. Ingraham in materia medica, M. V. Padgett in chemistry, N. B. Smith in pharmacy, A. D. Johnson of St. Stephen, in dispensing.

BRITISH LORD CHANCELLOR TO ADDRESS CANADIAN BAR IN WINNIPEG IN AUGUST Winnipeg, June 17.—Right Hon. Lord Finlay, lord chancellor of England, and one of the members of the committee of the privy council, has accepted the invitation of Sir James Aikins, president of the Canadian Bar Association, to address the annual meeting of the association in Winnipeg. It will meet August 27 to 29.

FELL SHORT BY NEARLY HALF IN RED TRIANGLE DRIVE Fredericton, N. B., June 17.—The collections for the Red Triangle Fund in May amounted to \$2,671.78 in York and Sunbury. It had been expected to obtain \$3,000. Fredericton contributed \$2,042.73, Sunbury county \$72.50, York county \$555.50.

LOSS OF \$5,000,000 IN LIVERPOOL DOCK FIRE London, June 17.—A big fire broke out on the Alexandria docks in Liverpool last night. Warehouses stored with timber, cotton, oil, 400 barrels of turpentine and other inflammables blazed fiercely for hours and are still burning. Several vessels were safely removed from the danger zone, but a blasting roof from one warehouse fell on the American steamship Norlinda, which was badly damaged. The crew of the ship escaped.

Newspaper despatches estimate the damage at £1,000,000. New York, June 17.—Shipping records do not carry a vessel by the name of Norlinda. A steamer named Norlinda, owned by the Garland Steamship Corporation, is now in Liverpool, having sailed from Baltimore May 28.

Re-classification of Civil Service; Bill Is Tabled in Commons

Ottawa, June 17.—Classification of the 60,000 positions in the civil service of Canada, establishing new minimum and maximum rates of pay for each class, is provided for by a bill of the civil service laid on the table of the commons this morning by Hon. A. R. MacLean.

This work is the largest undertaking of its kind ever completed by any body either public or private. It embraces practically all the 60,000 positions in the dominion service from Halifax to Vancouver, and scattered through many kinds of employments are described and standardized.

The employment standardized conditions and are not confined to clerks, stenographers, bookkeepers and cashiers. A hasty glance through the classification brings to light special titles as gardeners, chaplain, chief clerk, janitor, cook, junior hydroelectric engineer, patrol sergeant, elementary teacher, astronomer, grain weighmaster, immigration inspector, customs examiner, inspector of electricity and gas, etc.

While the compensation ranges are considered reasonable the rates are not based on the present high cost of living. It is expected that a liberal additional bonus would be paid to help employes to meet the present abnormal living costs and that a study to determine the amount of this bonus is now nearing completion. The report of the experts engaged in the statistical work is expected to be ready by the end of June.

The effect of the classification on thousands of workers is indicated by such changes as these: The compensation provided for letter carriers is \$240 to \$300 a year with an allowance of uniforms, boots and street car fares, which is estimated to be equivalent to about \$100 a year additional. This range is markedly higher than the old range of \$200 to \$250, with the same allowance. Railway mail clerks begin at \$340 and go to a maximum of \$1,680 as compared with existing rates of \$300 to \$1,400. The mileage rate is also changed so that the mileage allowance is a cent a mile for day as well as for night service; this provision will enable the older men in the service to take the more desirable runs without loss of mileage.

Some Reductions. Customs examiners are given a range of from \$600 to \$1,200 as against the existing scale of \$500 to \$1,100. On the other hand the new schedules provide less than the present schedules in some positions whose importance has hitherto been exaggerated. The salaries of the present incumbent will not be disturbed, however.

There are many kinds of clerical classes. Junior clerks begin at \$600 to \$800, clerks of the next rank start at \$800 and go to \$1,000. Senior clerks, whose duties are specialized and who are supervisors, begin at \$1,200 and go to \$1,600. After those come principal clerks, head clerks and chief clerks, with a maximum of \$2,400, \$3,000 and \$3,600 respectively.

Deputy ministers are also included, there being one schedule with a range of from \$4,300 to \$8,000, the rates for the respective positions to be determined by the government-in-council after an appraisal of the importance and difficulty of the work.

Grand Central at Parrsboro is fire victim. Parrsboro, N. S., June 17.—The Grand Central Hotel was totally destroyed by fire this morning. When the fire was first seen about 3:30 a.m. the year of the building was in a mass of flames; the fire soon spread through the entire building, and it was with difficulty that some of the people made their escape. After some hours the fire department succeeded in extinguishing the blaze, but nothing now remains of the building but the walls.

Home from War. Staff Sergt. Hipwell Speaks of Work of 14th Ambulance. Among the returned men to arrive in St. John this morning from Halifax, having come across on the S. S. Royal George, was Staff Sergeant H. T. Hipwell, son of David Hipwell, 215 King street east.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

ALL NEW TONIGHT AT THE OPERA HOUSE. All new vaudeville programs at the Opera House tonight, the new bill offering Ruten's Song Bird, a musical novelty introducing Rosetta Burrows, the biggest little star in vaudeville; Meredith and Spooner in a comedy skit with the famous intellectual ball dog; the Standard Comedy Trio in a laughable variety novelty; Dave Manley, monologist, in little talk on timely topics; Geo. and Ned the Fosters, in songs, dances and comedy; and the serial drama, "The Man of Might." This evening at 7:30 and 9:15 tomorrow afternoon at 2:30. Usual popular prices.

PROVINCIAL ENGINEER MAKES INSPECTION AND IS WELL PLEASED—Why it Has Been Necessary to Close Highway Part of Time. The provincial road engineer, B. M. Hill, was in the city yesterday inspecting the work done upon the road to Rothesay and also giving attention to other sections of the highway which it is proposed to repair in a permanent way.

He expressed himself much pleased with the progress that is being made on the tar-macadam road beyond Torriburn. From the reports which had been sent in to the department and representations from prominent men and business associations, an idea had prevailed that the utmost efforts were not being made in the construction of the highway.

When taking up the proposed work, the Barrette Construction Company assured the Department of Public Works that with average weather conditions they could complete the work within two months. If they continue their present progress, the work will be completed in less than that time.

There is an average of about sixty-five men employed every day, not counting the teamsters for about fifteen teams. There are two rock crushers at a steam roller and a grader, besides other road-making equipment necessary for tar-macadam. The crushers are working at full capacity and 110 loads of one and a quarter cubic yards each are being laid every day upon the road.

New Brunswick is ahead of every other community in the maritime provinces with respect to this permanent road work. In Nova Scotia the contract for the road near Halifax was let only yesterday, and in Bridgewater and Kentville none of the road work has been completed as yet.

The Department of Public Works is giving every consideration to the convenience of the public in constructing the road between St. John and Rothesay. Unlike other road departments in the New England States and in Canada, the road is closed only from nine o'clock in the morning until six o'clock in the afternoon, and there is a splendid detour route to use, which is not more than ten minutes longer at the outside. The contractors report that the stone which is laid ready for crushing next morning is torn up by constant traffic after five o'clock and during the night requires the labor of fifteen or twenty men to level again so as to be ready for the crusher or the tar tanks.

The contractors report that the stone which is laid ready for crushing next morning is torn up by constant traffic after five o'clock and during the night requires the labor of fifteen or twenty men to level again so as to be ready for the crusher or the tar tanks. The contractors report that the stone which is laid ready for crushing next morning is torn up by constant traffic after five o'clock and during the night requires the labor of fifteen or twenty men to level again so as to be ready for the crusher or the tar tanks.

Notice of Births, Marriages and Deaths, 50c. RICHARDS-SMITH—On Monday, June 16, 1919, at St. John, N. B., Roy Albert Richards of St. John, N. B., and Miss Annie Smith of Chatham, N. B., Rev. J. Chas. Appel, officiating.

EMERY-COVY—At the residence of the bride's uncle, W. L. Stewart, 18 Brindley street, on June 16, by Rev. R. T. McKim, Ronald E. Emery of this city and Miss Bertha D. Covy of Boston. Mr. and Mrs. F. Covy of Boston.

STEPHENSON-LAMB—At St. Luke's church, by Rev. R. F. McOm, Harry Mitchell Stephenson of St. John, Agnes Lamb, Monday, June 16.

RECALL OF STRIKE ORDER POSSIBLE

Recall of Strike Order Possible. Railway Shoppers May Not Go Out Tomorrow. Montreal, June 17.—The recall of the strike order issued by the Canadian members of the railroad-shoppers of America last night was a possibility today. Secretary Dickey of the union has left Montreal to confer with the executive officers of the United States division at Atlantic City and it is hinted here that he may be urged to call off the strike, due to start at ten tomorrow morning, so that the question of wages and hours, both for United States and Canadian shoppers, could be taken up at the same time at a later date.

Montreal saw its first strike publication this afternoon. It is called the Strike Bulletin, and is issued by the Canadian Vickers employees, but the executive committee explains that hereafter it will be issued by all the striking organizations in conjunction.

The declaration of the strikers appearing on the first page says—"We also include in this list of our, and the right to bring to their families a certain measure of comfort."

Chicago, June 17.—The strike of commercial telegraphers may be settled tomorrow, according to S. J. Kottenkamp, union president. He said he believed Postmaster-General Dismore's order of Saturday granting the right of collective bargaining to electrical and telephone workers which prevented a strike would apply to the telegraphers and would tend to simplify the situation.

WON MILITARY MEDAL AND HIS COMMISSION "OVER THERE". Last of Three Sons of Dr. L. M. Bourque of Moncton Home From War — Is Visiting Aunt Here. Lieut. E. G. Bourque, the last of three soldier sons of Dr. L. M. Bourque, Moncton, to return to Canada, arrived in the city this morning, having come from England on the Royal George. Lieut. Bourque went overseas early in 1915 in the ranks of the 1st Siege Battery from Moncton and in recognition of his valiant service and gallantry was awarded the Military Medal for bravery in action and was later gazetted to the rank of lieutenant.

OVER THERE MORE THAN 4 YEARS. Among the returned men who arrived in the city yesterday was Regimental Sergeant-Major Fred O'Brien of the C. I. M. C., who has been overseas for four years and nine months. He left here in October, 1914, with the First Field Ambulance under Major Dural and has seen continual service since that time. Although Sergt.-Major O'Brien has had many narrow escapes, he came through without being wounded.

ON THE WAY. The S. S. Cobble is expected to arrive in Halifax about the last of the week with two to three thousand men. The Scotian and Scandinavian are due in Quebec during the week each with about 1300 men. It is not known yet what number will be for this district.

PERSONALS. Mr. and Mrs. W. A. Simonds and Mr. and Mrs. J. Almy Tait left at noon today by automobile for Moncton to attend the wedding of Mr. Simonds' niece, Miss Fannie Stewart.

WE HAVE ALL NEW BOOKS. Rent them for a few cents—Woman's Exchange Library, 158 Union St. TO LET—Five-room modern flat, 10 Germain St. Telephone Main 789.

MARSHMALLOW CREAM. Try Mrs. Samman's For frosting, in cream filling, sauces, candies, etc., or as a substitute for whip cream. In white fibre tubs. 30 cents each. WALTER GILBERT. Just Arrived. CALIFORNIA BUDDED WALNUTS. 55c. a Pound. The Best Yet. McPHERSON BROS. 181 Union Street. 'Phones Main 506 and 507.

LOCAL NEWS

A reception will be tendered returned soldiers and families of Tabernacle church at 7:30 tonight. All come. Ben Cohen and Wm. Columbus have bought Arthur's Shoe-shine parlor and news-stand at Rock street.

Grand sale of bargain millinery—Mrs. Brown, 17, Brunsell street, opposite Union. Allenbury's English Baby Food at Watson's, Main street.

WEST END IMPROVEMENT LEAGUE. Full meeting of members of City Hall Wednesday evening at nine o'clock, daylight time.

TRAP SHOOTING. The regular trap shoot will be held Tuesday night at 8 o'clock, daylight time, instead of Wednesday. Ammunition and pigeons on grounds. Everyone welcome.

SUBURBAN DELIVERY. The Manchester, Robertson, Allison, Ltd. suburban delivery leaves their stores at 8:30 a.m. on Tuesday and Thursday on Westfield route, going as far as Lingery station, on Wednesday and Friday, Rothesay route as far as Fair Vale. This service is for the delivery of goods purchased at their stores only, and suburban customers are invited to make use of this means of having parcels delivered.

CLOSING AT ROTHSAY COLLEGE. Programme of events: Tuesday, June 17, 7:30 p.m., memorial service, preacher, Rev. the Lord Bishop of Fredericton. Presentation of prizes, Friends of the school are cordially invited to be present and are asked to accept this notice in place of a formal invitation.

REAL ESTATE NEWS. Transfers of real estate have been recorded as follows: G. A. Harding to R. H. Cochrane, property in Lunenburg.

POLICE COURT. The case of Langford Coram, charged with keeping a disorderly house, and Thomas Murray, James Coyle and Joseph Riley, who were charged with being inmates, was resumed in the police court this morning. The case was again postponed for witnesses. S. A. M. Skinner appeared for Coram and Riley.

NO WORD OF MISSING MAN. Monde Melanson, who left his home, 171 Charlotte street, early yesterday morning, has not been seen or heard from since and his wife and daughter are nearly distracted with grief and despair. He is thought to have left about 7 o'clock and signified his intention of going to church, but remarked that he feared he was late. When he failed to come home for breakfast or dinner his wife became frightened and telephoned for Sergeant Powers. As he never was a drinking man and his wife fears that something has happened to him.

ACCEPT CHALLENGE. The Thistles of St. Peter's, M. A. Baseball League accept the challenge of the Marceles and will play them on the Queen square diamond Saturday afternoon at 2:30 o'clock.

KING STREET WORK

The work of renewing water service pipes in the southern side of King street is proceeding steadily and, while causing some inconvenience to traffic, it is heartily welcomed as preliminary to the paving of the street.

Owing to the steep grade and the heavy traffic King street always has presented a difficult paving problem. The first serious attempt to solve it was made in 1913 when the present pavement was laid. In deference to the opinion of house owners the paving laid at that time was left with a rough surface to give the horses a better grip. This effect was achieved but at the expense of the permanency of the paving as the rough surface was more easily worn away. The new paving which is to be laid is of semi-permanent type of asphaltic concrete, with smooth surface. Although not intended as a long lived paving, it is expected to give satisfaction for several years.

The decision to lay a smooth surface is a tacit recognition of the fact that the horse no longer is the dominating factor in traffic problems. Each year sees fewer horses and more motor vehicles and paving problems must be solved with due deference to increasing number of motor cars.

Only one side of King street will be paved this year as a new water main is to be laid in the northern side and it is necessary to give the ground a year in which to settle before laying a new pavement. The same condition applies to Brunel street, where the northern side will be paved this year, also with asphalt, while the other side will be held up owing to the need for a new water main there also.

MILITARY CONFERENCE HELD HERE TODAY. The basis of re-organization of the militia units of the province was discussed at a conference of officers at military headquarters this morning. Although nothing definite was decided upon at the meeting it was said that the re-organization will be carried out very much along the same lines as in the militia before the war. The matters taken up will be presented to the military authorities at Ottawa by Brigadier-General A. H. Macdonnell, who will leave for Ottawa tomorrow evening.

GENERAL MACDONNELL PRESIDED AT THE MEETING AND AMONG THOSE PRESENT WERE: Lieut.-Colonel Morrison of Sussex, O. C. 74th Regiment; Lieut.-Col. Grey, 74th Regiment; Lieut.-Col. Grey, 74th Regiment; Lieut.-Col. J. J. Meserand, O. C. 20th N. S. Battalion; Major Stued, of the Corps of Guides; Lieut.-Col. W. H. Harrison, late O. C. 2nd Canadian Divisional Ammunition Column; Lieut.-Col. A. C. Jost, A. D. M. S. of the military district; Major T. Pugh, ordnance officer; Major S. S. Wetmore, A. A. G.; Major W. A. Hareton, Major H. May, Lieut. J. K. Seammell and Lieut. J. C. Barry also were present.

CONDENSED NEWS. The transportation strike at Buenos Aires was settled today. Newfoundland has been suffering from forest fires. Rains has come. The interior of Keeler's Hotel, one of Albany's landmarks, was destroyed by fire in proportion to the number of affairs open has produced a condition of affairs quite different from that which existed a year ago.

WHAT MAY CHILDREN DRINK? This is a real problem where parents use tea or coffee, which they are well aware the children should not drink. INSTANT POSTUM solves the problem. This delicious cereal drink is free from caffeine, and contains nothing but healthful goodness. Let the children drink POSTUM—all they want. "There's a Reason"

THE BEST QUALITY AT A REASONABLE PRICE. Comfortable Glasses For Summer. There is no necessity of glasses being more uncomfortable in Summer than in cool weather. They ought to stay as securely and comfortably as in hot and moist, without pinching, pulling or cutting, as at any other time.

L. L. Sharpe & Son. Jewelers and Opticians. Two stores—21 King St., 169 Union St.

SHIPPING

ALMANAC FOR ST. JOHN, JUNE 17. High Tide... 2:46 Low Tide... 9:24. Sun Rises... 5:41 Sun Sets... 8:08. Time used is Daylight saving.

PORT OF ST. JOHN, N. B. Arrived Tuesday, June 17. Stmr. Valinda, Lewis, 56, from Bridgetown; stmr. Granville, Collins, 60, from Annapolis; stmr. Keith Cann, McKinnon, 177, from Yarmouth; stmr. Ruby L. Baker, 51, Margareville; stmr. Bear River, Woodworth, 70, Bear River.

CANADIAN PORTS. Halifax, June 16—Arr. stmr. Lady of Gaspé, Boston. Sailed—Stmr. Royal George, New York.

BRITISH PORTS. Liverpool, June 16—Arr. stmr. Cedric, New York; Megantic, Montreal. Manchester, June 16—Arr. stmr. Manchester Mariner, Montreal.

MARINE NOTES. Cable advices received this morning were to the effect that the C. Masd Gas-kill had sailed from Paullac for Sydney, S. B. She went to Paullac to load salt, but evidently was unable to secure a cargo and is returning light to Sydney. Captain Granville is in command.

HOSPITAL SHIP. The hospital ship Esplanade is expected to arrive in Portland, Maine, about June 18. Charles Robinson said this morning that arrangements have been made whereby the men will come direct to St. John without having to go to Fredericton.

MANY WANT TO JOIN. There is a waiting list of fifty applicants for places on the police force, most of them returned soldiers. Since the policemen's pay was increased there have been comparatively few resignations and the increased number of men available in proportion to the number of jobs open has produced a condition of affairs quite different from that which existed a year ago.

STAFF SERGEANT HIPWELL SPEAKS OF WORK OF 14TH AMBULANCE. Among the returned men to arrive in St. John this morning from Halifax, having come across on the S. S. Royal George, was Staff Sergeant H. T. Hipwell, son of David Hipwell, 215 King street east.

GRAND CENTRAL AT PARRSBORO IS FIRE VICTIM. Parrsboro, N. S., June 17.—The Grand Central Hotel was totally destroyed by fire this morning. When the fire was first seen about 3:30 a.m. the year of the building was in a mass of flames; the fire soon spread through the entire building, and it was with difficulty that some of the people made their escape.

When "B" Brand Grape Cider Tastes Best

5c A GLASS EVERYWHERE

"A pretty girl—a summer night"—and "B" Brand grape cider. Fill the glass full—one can never sip enough of happiness. Pure grape juice and sparkling water, and standard granulated sugar—that's all. But a perfect combination of the two unequalled for its cooling, satisfying power and wholesomeness. There are many imitations, but only one "B" Brand Grape Cider. Beware of imitations. Look for the "B" Brand Sign. Insist on it.

Radicals Preach Direct Action

Evidence Offered That United States is Filled With Agitators Trying to Produce Same Situation as Now Exists in Russia

Washington, June 16.—Voluntary reports made by members of the National Association of Manufacturers upon radical propaganda among their employes furnish conclusive proof that the entire United States is honeycombed with agitators who are preaching "direct action" against the government and present economic methods with the view of bringing about in the United States the same situation as exists in Russia.

In addition to these reports, the association has received a memorandum on Bolshevik propaganda in this country from a man who was at one time in the intelligence service of the branch of the Federal Government. This memorandum, it was stated at the Washington office of the association, was sent in un-solicited. Nathan B. Williams, assistant counsel of the association, also insisted that formal investigation of the radical movement had been authorized by the association.

"For several months we have been receiving circulars, pamphlets and other forms of propaganda from manufacturers who are members of the association," he said. "As there are more than 5,000 members, scattered over every State in the Union, the extent of this propaganda may be realized, though only a small number have not heard from all members. I can say, however, that this propaganda is not limited to large cities by any means. Every section of the country is represented in the reports."

Policy of Violence Indicated

"In most instances loyal American employes turned over this propaganda to their employers. Sometimes the publication would be thrown into the manufacturer's premises, sometimes it was passed out to the employes, as they entered the plants, sometimes employes brought it in and distributed it. The tone of the pamphlets and leaflets is much like the literature found at the scenes of recent bomb explosions. Unquestionably the propagandists believe in violence as the only way to the change they desire."

Mr. Wilson said these reports had not

been shown to the United States Department of Justice or to any other branch of the government. There is nothing in them, it was stated, that the government had not discovered for itself, but they confirmed in a significant way the scope of the radical movement. Some of the facts as to the efforts of the I. W. W. to increase their membership were reported in the Christian Science Monitor in an account of the Chicago convention of the organization. Extracts from the intelligence officers' memorandum as issued by Mr. Williams are as follows:

"Leaders in the radical movement boast of the revolutionary spirit among the working class. The state that the entire secret Italian and Finnish organizations have been changed to Bolshevik groups in various parts of the country. Many Bolshevik leaders are said to be on their way to South and Central America to spread propaganda and agitate organizing. They are supplied with ample funds.

"The I. W. W. as individuals are supporting the Bolshevik movement. Reports received of socialistic activities clearly indicate that a change in the Socialist Party from political Socialism to radical industrialism is proceeding rapidly.

"The I. W. W. Very Active

"The I. W. W. have been particularly active of late and are making every effort to gain recruits. General headquarters I. W. W., Chicago, are now issuing credentials to delegates who will organize on commission. They have issued 90,000 to new delegates.

"A Russian carrying credentials from the official representative of the Russian Bolshevik in America, as well as a letter from Leon Trotsky, was in New York attending the Bolshevik convention. He contemplates holding secret meetings to spread Bolshevik propaganda in many cities where Bolshevik agitators are making their preliminary arrangements for him.

"This man admitted that a large sum of money was brought into America by two Bolshevik agents, who made the trip from Russia by way of Japan and landed on the Pacific coast. They were discussed as poor Russian Jews who fled from Russia to escape death.

"Miss Ida Lerner, a lecturer, stated that Bolshevism is growing by leaps and bounds in America; that in Chicago the Soviet groups have over 10,000 active members and over 20,000 sympathizers; that during the secret census taken by the Russian newspaper *Nova Mira*, recently, over 600,000 active Bolsheviks were found in America and over 200,000 sympathizers."

A fine of \$58 was imposed on six men charged with drunkenness, by the police magistrate yesterday afternoon. John Elliott, charged with begging, was sent below.

The contract for the erection of the new immigration detention building on Partridge Island to replace the building burned last fall has been awarded to W. A. Munro of this city.

The Y. M. C. A. Tennis Club, was re-organized last evening and officers elected as follows: Pres. H. I. Knowles; vice-president, A. Shrimpton; secy., F. W. Walker, and grounds superintendent, Lloyd Eaton.

At the first quarterly meeting of the Municipal Chapter of the I. O. O. F., the regent, Mrs. Hugh Mackay read her report of the annual meeting held recently in Montreal. The matters of the I. O. O. F. was memorial and the securing of local headquarters for the order were discussed.

A recent issue of the *London Daily Sketch* contains a picture of Captain J. M. Humphrey leaving Buckingham Palace after being invested with the M. C. by the King. Capt. Humphrey was a lieutenant in the 87th (Grenadier Guards) Battalion but was later promoted.

MISS MARGARET DALEY
RETURNS FROM NEW YORK

Miss Daley, buyer for the Women's Shop, Oak Hall, returned yesterday from an extensive buying trip. Miss Daley visited Montreal, Toronto, New York and other large centres while away and reports business very favorable for summer, and as for the styles in fall suits and coats, she is more than enthusiastic. Miss Daley was fortunate in procuring many lines of furnishings as well as dresses that will appeal particularly to the women of this vicinity, and is now ready to tell her friends and customers all about the very latest modes now being worn on Fifth Ave.

Westminster Suit For Divorce Up Soon

Conyngnam, Kenyon and Clifton Cases Also to Have Early Hearing at London

London, June 17.—Among suits which will come up for a hearing at the session of the divorce court, beginning today, is that of the Duchess of Westminster against her husband. Other cases are those of the Marchioness of Conyngham against the Marquis of Conyngham and the Baroness Kenyon against the fourth Baron Kenyon, who are petitioning for a restitution of conjugal rights, which is preliminary to an application for divorce.

Another case is that of Daphne R. Bligh, commonly known as Lady Clifton, for a divorce from Lord Clifton, eldest son of the eighth Earl of Darnley. The list of cases is one of the longest in the history of the court.

Hugh Richard Arthur Grosvenor, second Duke of Westminster, separated from his wife in 1913, his act causing a stir in English social circles. A separation agreement was signed in 1914. The duke served in Egypt in 1915 and won the D. S. O. for bravery. They were married in 1901. The duchess formerly was Constance Edwina, daughter of Colonel William Cornwallis-West. She has two children.

The Marchioness of Conyngham is twenty-nine years old and is the sixth of his line. His wife, whom he married in 1915, was formerly Miss Bessie Tobin of Australia.

Baroness Kenyon formerly was Gladys Howard. She was married to Lloyd Kenyon, fourth Baron Kenyon, in 1916. The baron is a director in several railroads. He was born in 1864. They have two children.

Lord and Lady Clifton were married in 1912. Lady Clifton formerly was Miss Daphne Rachel Mulholland. They have two children. Lord Clifton is thirty-two years old and was a major in the Royal Artillery.

SOLDIERS AND WORK

The appeal made to the Rotary Club yesterday in behalf of the soldiers who went overseas when very young and now after three or four years have been taken out of their lives find themselves fitted only for the soldier's calling is one that should interest every citizen. These young men—few mentioned one who is now only 21 years old—have a claim to special consideration. They should be helped to secure positions where they would get training for a vocation and also be able to earn enough to keep them comfortably in the meantime. Mr. Hennessy observed that if influential citizens would interest themselves, each in one of these young men, it should be possible to place all of them. They certainly deserve it at the hands of all citizens. Take the case of a mere youth who was working in a factory before he went overseas, preparing himself to earn in time a good living. Obviously he cannot now go back where he started, and at the same wages. If he had just left school before enlisting, he has no special training of any sort. He gave three or four years to the country, and the least the country can do for him is to help him to a self-supporting occupation that will also make him in due time a well-trained and assured wage-earner. The danger is that with the war over the duty we owe to these men will be overlooked, and that would in the end be bad for the community as well as for them. The Rotary Club has pledged its co-operation, but the obligation is universal.

FARMS FOR SOLDIERS

There is a report that some real estate agents in different parts of the province are getting farmers to list properties for sale with them, so that when a returned soldier looks for a farm to purchase he will have to pay a real estate man's commission in addition to the farmer's price. If this report is found to be well based, the soldier has a grievance. He deserves to get a farm at the minimum price the seller can afford to accept, and the Soldiers' Settlement Board will no doubt protect him to the best of its ability and knowledge. He will find it sufficiently hard to make his payments on the loan when the cost is reduced to a minimum, and every cent of unnecessary expense should be eliminated. Farmers can list their properties with the Soldiers' Settlement Board, have them examined by inspectors, and do business with the board direct. Doubtless some soldiers who seek farms are made the value of a property they desire to purchase; and it is fortunate that the inspectors and members of the board which passes on every application are men with a practical knowledge of farm, stock and implement values. Even they may sometimes be deceived, but they may be relied on to safeguard the soldier's interests to the full extent of their knowledge.

MUST WE LOSE INDUSTRIES?

The Maritime Merchant regards as a very serious matter the possibility of an increase in C. N. R. freight rates between Montreal and St. John. On several occasions the Merchant has pointed out that the effect would be very serious upon maritime industries finding a market in the west. Referring to the protest made last week at Ottawa by a strong committee from these provinces, the Merchant in his last week's issue says: "We are hopeful that such a protest will prove effective; otherwise we must expect to see an exodus of certain maritime industries to new locations along the coast of the St. Lawrence. Some of our industries of course will not be able to pull up stakes and leave, but among those in which freight charges are a very important expense factor, there will assuredly be a disposition to go. As a matter of fact, what other course is there for them if the freight rates to Montreal are to be twice as high from maritime province points as they are from competing points in Ontario where factory producing costs are practically identical with ours? Every maritime province is vitally interested in this question no matter where he lives; for anything that is injurious to one portion is injurious to all the others. We must say we have been surprised that the prospect of losing the concession which the maritime provinces secured as part of the confederation pact, should not have aroused more interest than it apparently has aroused up to the present time. Perhaps now that the maritime branch of the C. M. A. has taken a hand, the protests will be louder."

The federal government has taken a hand in the Winnipeg strike. The most prominent of the agitators were arrested early this morning. The Labor Temple raided, and literature seized. It is said similar arrests were to be made in Calgary and other western points. This clears the situation so far as seditious agitation is concerned. It is now the Dominion of Canada against the revolutionists, and the government will have behind it the sentiment of all supporters of law and order. The industrial problem in this country does not call for Soviet government. It can be solved in the British way.

LIGHTER VEIN

The scientist had given a very scientific lecture and at the end he said, leaning down at his audience, condescendingly: "Now, if there is any scientific question that any of my friends would like to ask, I beg them not to hesitate. I shall be only too happy to answer any inquiry in my power." An old lady in spectacles that gave her severe, stern looks rose and said: "Why do wet tea leaves kill cockroaches?" The scientist did not know wet tea leaves did anything of the kind, much less the cause of the phenomenon; but never at a loss, he replied: "Because, madam, when a cockroach comes across a wet tea leaf, he says: 'Hallow, here's a blanket' and traps himself up in it, catches cold and dies."—Life.

A cabby in England heard of two married in a mill who were going to be married. Being anxious to have the job of driving the jobless street railway man in the United States.

"Now, Joe, don't you know your father was married four times and I had the pleasure of driving him to church each time," said he. "Well, I can't do it this time," said Joe. "But I am as lucky as my father's bin you shall have the next chance."

A girl, a newcomer in a country school, gave her name to the teacher as "Fertilizer Johnson." Later the teacher asked the mother if that was right. "Yes, ma'am, that's her name," said the fond parent. "You see, she was named after me and my father. Her father's name was Ferdinand and my name is Liza. So we called her Fertilizer."

"I have solved the crowded car problem," exclaimed the jobless street railway man in the United States. "How?" "Well, I put a photograph in each car and keep it playing 'The Star Spangled Banner.' Then everybody'll have to stand up."

VILLA KILLED 50

El Paso, Texas, June 19—American troops which participated in the punitive expedition against the Villa forces and entered Juarez were billeted in barracks and camps on the American side last night after twenty-four hours of campaigning. It was unofficially said last night that approximately fifty Villa followers were killed. One American of the Seventh Cavalry, Corporal Chigges, was shot through the lung by a Mexican rebel.

Big List on Aquitania

The Aquitania is due in Halifax on June 19 with 255 officers, twenty-four cadets and 5,865 other ranks. Of that number, seven officers, one cadet and fifty other ranks are for St. John, while one cadet and two other ranks are for Moncton.

Specks Floating Before His Eyes

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly. It is about the only thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system. Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly. Mr. John R. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly." Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or may direct order of price by The F. T. Milburn Co., Limited, Toronto, Ont.

WAYS USELESS TO LOOK FOR LOWER PRICES FOR COAL

Hon. A. K. MacLean's Advice to Consumers is to Lay in Stock Now

Ottawa, June 17—Hon. A. K. MacLean, acting minister of trade and commerce, last night issued the following statement on the coal situation: "The reports regarding the taking in of coal supplies, especially that of anthracite, indicate that there has been a fair amount of coal imported and that the dealers have had no difficulty in disposing of it. I am urged, however, to draw the attention of the public to the fact that, owing to lack of orders, many mines were forced to close down in the early spring, with the result that some seven million tons of coal, or one-twelfth of the yearly output, were lost, and there is in consequence a shortage of just that amount of coal with which to enter next winter."

More Than Half Are Physically Defective

Montreal, June 17—Fifty-three per cent of the schoolchildren in Montreal are physically defective, according to the latest official statistics, said Dr. W. A. Styles, who has just returned from the national conference of social workers held in Atlantic City. He said yesterday that the United States, following the relations along health lines that were made in the examination of the selective draft for the army, is conducting experiments in welfare work among the children of a school age.

DEPORT ALIENS FROM ENGLAND AS RESULT OF RECENT RACE RIOTS

London, June 17—(By the Associated Press)—The Daily Mail says that in consequence of riots at Liverpool, Cardiff and elsewhere, in which colored men have participated, the British government has decided to repatriate at the earliest possible moment all aliens who came to England during the war. The bulk of these are Chinese. The others include Swedes, Danes and Norwegians. The negroes are British subjects and cannot be deported against their will, but an attempt will be made to induce them to go by offering free passage and money.

BAND CONCERTS

To the Editor of Times-Star: Sir—One of our leading bands played last evening in King square a programme of alleged music. Where do they dig up such stuff? And why do they waste time and money in it? At this same criticism applies to all of our bands. The world is full of beautiful music from John Sebastian Bach to Leo Ornstein, but St. John people rarely hear any of it. The bands should be educators for those of our citizens who are unable to travel and thus hear the best. But instead we are given "Love's Dreamland" or "Crawfish's March" or "American Airs," or if they get real classical, we are favored (?) with the old-fashioned "Miserere" from "Il Trovatore" or the hackneyed intermezzo from "Cavalleria Rusticana."

MORTIMER ROBERTSON

Emerson & Fisher Ltd.

HAS INVENTION TO DETECT THE PRESENCE OF VESSELS AT FOUR OR FIVE MILES DISTANCE

Welland, Ont., June 17—By the invention of a hydrophone that is said to pick up the faintest sounds through the water at a distance of from four to five miles and to show the exact location of the vessels creating the sounds, J. A. Burgess, formerly science master of Bishop Ridley College, St. Catharines, Ont., is believed to have devised something that will not only take the sting out of a submarine, but in peace time warn ships of the location and proximity of icebergs, other vessels, rocks or shores in the case of fog.

Mr. Burgess has been conducting tests in the North Sea under the direction of the British admiralty for the last six weeks, with a view to the adoption of his invention for both war and mercantile vessels.

GOVERNOR-GENERAL LAYS CORNER STONE AT THE ROYAL MILITARY COLLEGE

Kingston, Ont., June 17—The cornerstone of a new educational building for the Royal Military College was laid yesterday by the Duke of Devonshire. His excellency inspected the gentlemen cadets of the college and congratulated them on their appearance and excellent manners. With the duke were the Duchess of Devonshire, Ladies Dorothy and Rachel Cavendish and Lord Neville. On the stand were several prominent Canadians, including Major-General Sir H. E. Buxton.

PROVIDENTIAL DOWNPOUR SAVED KEDGEWICK

Word was received in Campbellton last night that about fifteen homes and three mills were destroyed in Kedgewick on Saturday as a result of forest fires. Just the fire.

as the inhabitants were despairing a providential downpour of rain came and helped to check the flames. The information received in Fredericton is that no valuable timber lands were destroyed by the fire.

RECENT WEDDINGS

Humphrey-Jordan. A very interesting wedding was solemnized last evening in St. Paul's church, when Miss Lillian Jordan, formerly of Long Island, Kings county, but now of this city, became the bride of Frederick Ernest Humphrey, of the public works department of this city.

RECENT DEATHS

William C. Arthurs. The death of William C. Arthurs occurred at his residence, 100 Main street, yesterday. Mr. Arthurs was employed with Brock & Peterson in this city, but for the last few months he had been ill. He leaves to mourn his wife; one son, Glendon; one daughter, Elva; three brothers, Joseph, of South Bay; Walter, of Baywater, and Ernest, of Landa End; three sisters, Mrs. Fred McLuskey and Mrs. John Buckley, of Landa End, and Mrs. Alexander Long, of this city; and his parents, Mr. and Mrs. William Arthurs. His relatives have the sympathy of a wide circle of friends.

Mrs. Margaret Murphy. The death of Mrs. Margaret Murphy occurred yesterday at her residence, 3 Carleton street. She leaves to mourn three sons, Joseph J. and Arthur P. of this city, and William M. of the United States; and two daughters, Mrs. J. P. McLean, of Montreal, and Miss Margaret, at home. Three sisters, Mrs. Mary Murphy, Mrs. K. Driscoll, and Mrs. C. O'Leary, all of this city, and one brother, Captain J. J. Donovan, also of this city.

Was 102 Years Old. Frederickton, N. B., June 16.—The death of Thomas Hunter, at the age of 102 years, occurred at Hayesville, York county. He retained his mental powers all very near the last and could relate many interesting incidents relative to the settlement of the Upper Miramichi. He had a vivid recollection of the great Miramichi fire of 1825 when he was eight years of age, and how his parents, neighbors and himself waded the river to take refuge on an island.

The death of Duncan Cox occurred at the home of his daughter, Mrs. Frank McCarty of Springfield, on Sunday afternoon. He was seventy years of age.

PLANS FOR Y. M. C. A. BOYS' CAMP AT CHIPMAN

The Y. M. C. A. Boys' Camp which is to be held at Chipman during the month of July will be under the leadership of the following: Rev. H. V. McKim, Rev. J. C. Robertson, Toronto; Rev. Waldo Machum, Rev. O. Peters, Charlottetown; Dr. F. H. Hayward, Toronto; Lou Buckley, Halifax, and A. M. Gregg, of this city. The camp will be under the auspices of the N. B. provincial advisory committee. Basil Robertson of the local Y. M. C. A., will have charge of all physical and swimming instruction.

AS IT WAS PLANNED.

At various times between 1915 and 1917, German spokesmen put on record their opinion of the terms that a victorious Germany should and would impose on the rest of the world. The statements, to be sure, were not official, but those who produced them were recognized leaders in Germany and Austria. And now somebody has collated these expressions of Teutonic intent, and made a map of Europe and Africa as it would have looked after the conclusion of such a peace. It is only fair to admit that the allied nations are still visible, but from the Arctic Ocean to the southern extremity of Africa the map is practically all German. It includes Russia, shaded to indicate "territory the Germans intended to control," and more than half

COOKS AND MAIDS

Small Lobster Catch And Higher Prices

(Montreal Merchant)

May end disastrously for many of the lobster fishermen who operated in sections exposed to northerly winds. From such parts of New Brunswick, P. E. I., and Nova Scotia, and more especially from the northern portions of Cape Breton, reports of serious losses to traps and other fishing gear have come to hand. Many are discouraged and hesitate whether they will reënt again for the balance of this season. On the south side of the Gulf of St. Lawrence, the damage although they prevented the operators attending to their work for several days. With exception of portions in the Northumberland Straits the supply of lobsters is good and even yet a fair average pack for the combined provinces may be secured. The season has closed in the districts west of Halifax and can be said now to have been very successful. If prices for the fresh lobster shipments had advanced proportionately to those used for canning

Maxwell
 —a car made of more brains than metal

SO much material and so much labor go into every car. And so many bookkeepers record the business done.

Have you ever stopped to consider the brain power that goes into a car?

Take the Maxwell, and note such men as these employed in its development:

1. The originator of quantity production in the automobile business and the master mind in the employment of machinery to produce quantity.
2. One of the two leading production men on the continent.
3. One of the two leading metallurgists on the continent.
4. One of the leading foundry engineers on the continent.
5. Probably the leading cost man on the continent.
6. A road testing engineer who has driven a car further than any living man.
7. An accountant who keeps a daily balance in a business that exceeds \$50,000,000 a year.

These are but seven of more than thirty men of exceptional capacity who team together in the operation of the Maxwell business. The career of any one of these men furnishes a great human story.

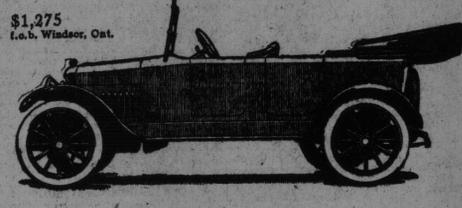

The result is evident in the Maxwell of today—a car with a lineage of 800,000 before it. All designed and built on the original chassis programme.

It is a car that grows better day by day.

Because more brains than metal are put into it.

MAXWELL MOTOR CO. OF CANADA, LIMITED, WINDSOR, ONT.

\$1,275 (e.b. Windsor, Ont.)

MOTOR CAR & EQUIPMENT CO., LIMITED

 Garage: 108 to 112 Princess St. St. John, N. B.

purpose, the results to fishermen would have been exceptionally favorable. This year the canning branch has been their mainstay.

Prices for canned lobsters have continued to advance. Whether the demand justifies same it is perhaps too early to state. Buyers in the Netherlands and Scandinavian countries appear to anticipate a big German demand for foodstuffs at any cost as soon as the peace terms are signed. In England and France, the working classes still continue to seek luxuries and are able and willing to pay the prices asked for canned lobsters, but in the United States

the demand for this article is temporarily checked by present high quotations. Many in the trade believe a slump in prices is imminent and that someone is going to be caught with dear goods on a falling market this summer. Just yet the fisherman has little to fear; the packer depends upon the competition among the various buyers to protect him and the buyer, finding he still has numerous enquiries for the product believes he is safe for a little while at least.

Blames German Generals
 It was the refusal of the German generals especially Generals von Falken-

Canadian Registry For C. P. R. Steamers

Transfer of Fleet to Dominion Records Would Add Solidity to Foundation of Canadian Mercantile Marine

London, June 16—What it is hoped may prove the foundation of a Canadian mercantile marine is the application by the Canadian Pacific Railway Company for the transfer of its ships to Canadian registry. The rumor of such a step has been current in shipping circles for some time. Sir George McT. Brown admitted to your correspondent that he had heard of it, and it is understood the company has laid its case before the government. What it desires is the same privileges under Canadian registry as at present enjoys under English registry, and there appears no reason why it should not be able to receive them.

Chairman Bowditch, of the C. P. O. S., has called for Canada to discuss the matter with the head office of the company.

Canada, if it is ever to attain its status as a great nation, must develop its shipping facilities and ultimately a merchant marine of its own. If the Canadian Pacific takes the first step, it is hoped others will follow. It is, of course, the only purely Canadian company involved and if any of the other steamship concerns decided to follow suit a division of their fleets between English and Canadian registry would be necessary. However, there are all sorts of possibilities in the shipping world, and the organization of a new company which aims to handle Canadian trade is not the least of them. Among the advantages which would accrue to the Canadian Pacific under Canadian registry would be better control of their shipping assets, 50 per cent of which is still used by the British Ministry of Shipping.

HOUSEWIVES WILL NOT BE CHEERED BY THIS

Hamilton, Ont., June 17—Since the canisters have contracted for strawberries at twenty cents a box it is said that the retail price will not go lower this year.

Yes--Still White Canvas Boots Here, \$1.98

Surely the weather has favored this quiet little "Overstock" Clearance Sale of ours, and the public has acted on the weather's suggestions. Pretty well cleaned out of our overstock of Pumps and Oxfords, but not wholly.

Boots are more plentiful—or were—and if you come in promptly you may still get a nice pair of cool, clean-looking Canvas Boots at \$1.98.

We could wait till the end of the season to lower prices on these, same as other stores would, but we had rather reverse the policy and offer snaps now.

THE MEN WHO FLEW TO IRELAND

Sketches of Captain Alcock and Lieutenant Brown, First to Make Non-Stop Flight Across Atlantic

The following are sketches, from the New York Times, of the gallant aviators, Capt. John Alcock and Lieut. A. W. Brown, who flew across the Atlantic—Alcock's Flying Career.

Alcock was born in Manchester, England, in 1882. At seventeen he was apprenticed to a firm developing aero-engines, and almost from his first day at work caught the flying fever that promises to keep him at that game probably for the rest of his life, and already has made him one of the best known and most successful pilots of all Britain.

In one of his earliest competitions he began to experiment with gliders and started gathering in the school of experience the first of that fund of knowledge of aerodynamics and airplane construction which now seems inexhaustible. He began to fly in 1911 and took his certificate the next year. He won the first race he ever entered, and in 1913 took second place in the Gordon Bennett competition, then one of the world's famous air races.

While standing at the Brooklands aerodrome one night he chanced to remark, "It would be a great thing to fly over the Atlantic." Usually they picked out Alcock to take him for a spin, and five minutes later the first flight of its kind was under way. Alcock enlisted at the start of the

NO MORE KINEY TROUBLE

Since He Commenced to Take "Fruit-a-Lives"

78 Lees Avenue, Ottawa, Ont. "Three years ago I began to feel run down and tired, and suffered very much from liver and kidney trouble. Having read of 'Fruit-a-Lives' I thought I would try them. The result was surprising. I have not had an hour's sickness since I commenced using 'Fruit-a-Lives,' and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT, Soc. a. h. for 250, 101st St. 35c. At all dealers or sent postpaid on receipt of price by Fruit-a-Lives Limited, Ottawa.

war, and for a time was an instructor at Eastchurch, later becoming chief instructor of the albatross squadron, where he was flying the albatross. Next he was sent to the Far Eastern front, where he finished his military career. His work was almost entirely in the air. He worked out from Lemnos Island in the Aegean Sea, off the Dardanelles. From there he went on two bombing raids in 1915.

In September, 1917, he bombed Aden, on his last flight. He had on board six bombs with a total weight of one ton. Of these twenty were incendiary and sixteen high explosives. He had set out on the mission with the intention that if this raid succeeded so well that he destroyed three thousand houses, demolishing the city and blew up an ammunition train. Alcock did not need the information which came with the arrival, however, as he had done a good job. Ninety miles away, on his return flight, he could still see the glare he had left behind him.

He was also the first man to bomb Constantinople. Later he was awarded the Distinguished Service Cross, not for his bombing exploits, but for bringing down seven Hunns, two of whom he shot on his last flight. He had set out in a twin Handley-Page to bomb Constantinople again. One engine, in the vicinity of the city, was damaged and he was forced to descend. He landed on the island of Imros, where he was captured by the home station and failed to find the patrol boat which he expected would rescue him.

He was made a prisoner, the next morning and confined in the civil jail in Constantinople. He was held there until he was released after the armistice, returning to England on Dec. 15, 1918.

Induced Vickers to Enter. At Lemnos in 1916, Captain Alcock built a bombing plane, designed entirely by himself. At that time there was a great demand for a bomber which could be used from a gunner could see about him in all directions. His creation was a success. It was a biplane, and was able to see over the top of the plane with visibility everywhere except directly beneath the machine. It carried a speed of 115 miles an hour. It was destroyed when a large plane one night mistook it for a patrol plane and landed on top of it.

MAY TRY TO FLY TO GIBRALTER

Rumored Plan For Handley-Page Biplane

IT MEANS 2,200 MILES. Alcock and Brown in Dublin Last Night Given Big Reception—Pilot Says Airplane of Today Not the Machine for Cross-Ocean Flight

St. John's, Nfld., June 17.—The Handley-Page biplane at Harbor Grace, commanded by Vice-Admiral Mark Kerr, beat by Alcock and Brown in the race to win the London Daily Mail's \$50,000 prize for the first non-stop flight from Newfoundland to Ireland, may attempt a longer flight from Harbor Grace, according to a report here last night. This, it was said, was based on an extensive cable communication which Admiral Kerr and his associates have been trying to get through. The distance from St. John's to Gibraltar is approximately 2,200 miles.

St. John's, Nfld., June 17.—(By the Associated Press)—A tall, thin, wiry man with a friendly smile and a keen eye, Vice-Admiral Mark Kerr, who was in command of the biplane that won the London Daily Mail's \$50,000 prize for the first non-stop flight from Newfoundland to Ireland, may attempt a longer flight from Harbor Grace, according to a report here last night. This, it was said, was based on an extensive cable communication which Admiral Kerr and his associates have been trying to get through. The distance from St. John's to Gibraltar is approximately 2,200 miles.

Navigation His Hobby. Brown started away with unfaltering confidence as a navigator. To appreciate just how much of an achievement it will be if he succeeds in this part of his mission, he realizes that in a professional sense, he has been the navigator of a ship, that he will have to find his way across the ocean, and that he will have to find his way across the ocean, and that he will have to find his way across the ocean.

Medal Won By Late Lieut. Frederick, June 16.—On Saturday Hon. the Lieutenant-Governor, after the presentation of the Victoria Cross, the late Lieut. G. T. Barker, presented to M. G. Teed, K.C., the Military Cross awarded to his son, Lieut. G. T. Barker, of the 115th Battalion, C.E.F. The official citation says that the deceased officer "greatly distinguished himself by his determination, courage and devotion to duty."

A SICKLY WIFE NO FIT MATE FOR ANY MAN. GIRLS AND WOMEN SHOULD LOOK WELL TO THEIR HEALTH AND STRENGTH. Nervous before was physical health, and now is highly esteemed and so eagerly sought for as today.

ABLE TO GO DOWN TOWN FOR FIRST TIME IN MONTHS

Had Rheumatism so Bad She Could Hardly Move—Is Entirely Rid of Trouble Since Taking Tanlac.

"I don't know any better way to help myself than by getting them to take Tanlac," said Mrs. C. M. Smith, proprietor of the Pictou Rooms at 410 1st street, East Quay, while talking to a Tanlac representative a few days ago.

"About five months ago," continued Mrs. Smith, "I commenced to suffer with inflammatory rheumatism, and I just can't begin to tell you all the suffering I have gone through since that time. This trouble first started in my right leg, and almost before I knew it had spread all over my body and I just had to take to my bed and stay there. I was simply helpless, and had to be waited on just like a baby. I laid there for weeks and suffered agonies, and it was out of the question for me to get a night's sleep. I was in the very best of health, but I just seemed to get worse all the time.

"One day a gentleman who roomed at my house, called on me and gave me some relief, so I got my daughter to go out and get some. When I had finished my first bottle of Tanlac, I could see that my condition was better, and that I was getting a little more sleep. I was very much surprised, and I was sure that I was getting better. I had been told that Tanlac was a good medicine, and I was sure that I was getting better. I had been told that Tanlac was a good medicine, and I was sure that I was getting better.

STRIKE ORDER FOR RAILWAY WORKERS. Ottawa, June 16.—The Department of Railways has been notified that all carpenters, boiler makers, machinists and fitters, who are employed on the Canadian Pacific Railway, will go out on strike on Wednesday morning unless certain demands are granted. These include an advance in wages amounting, in the case of the government-owned railways, to \$1,000,000 a year and one month's leave every year with full pay. This demand is a total of \$1,000,000 a year.

WOMEN AT WORK. During the war, millions of women have been at work in vocations into which they have never before been called. In the munition factories, chemical works, metal works, street railways, and ambulance drivers, barbers, and elevator girls, undoubtedly thousands of others have longed to serve in this way, but because of female ailments, which fastened upon them, were not able to do so. Women in this condition should give Lydia E. Pinkham's Vegetable Compound, which finds health and strength, as thousands of others have done.

Says Sir Thomas Will Go With Canadian Life. Toronto, Ont., June 16.—The sundry rumors concerning the departure of Sir Thomas White, minister of finance, to the Toronto Telegram on his financial paper, are all unfounded. It is virtually certain that Sir Thomas will assume a high executive position in the Canadian Life Assurance Company, after the flotation of the Victory Loan next autumn.

Record Even Better Than Was Presented. The Old 3rd Regiment C. G. A. And The World War. St. John, Monday, June 16. To the Editor of the Times—In your appreciation of the work of the C. G. A. in Saturday's Times I notice a slight error. At the time of the armistice there were two of the heavy batteries. The other two heavy batteries were about ready to go to France when the armistice was signed. Of the whole sixteen batteries ten were commanded by officers from the 8th Regt. C. G. A. as was one of the three brigades. The list is as follows: Brigade. 2nd—Lt. Col. J. W. Magee. Heavy Batteries. 1st—Major C. F. Inches. 2nd—Major L. T. Allen. 3rd—Major W. Vassie. 4th—Major McLeod. 5th—Major Ryder. 6th—Major D. V. White. 12th—Major Mackay.

AMERICAN STORES TO DOT THE WORLD

New Corporation Will Operate In U. S., South America, Europe and the Orient

Tobacco Men Back Plan—George J. Whelan and James B. Duke Form Company to Manufacture and Retail General Goods (New York Times.)

A comprehensive endeavor on the part of the American business men to invade the world markets is bound up in the incorporation of the United Retail Stores Corporation, which plans to operate a system of chain stores throughout Europe, South America and the Orient, as well as in this country. While the nucleus of the new concern lies with the tobacco interests and the sale of tobacco products, the operation of the vast number of stores will be also along general merchandise lines with the system including manufacturing units as well as the retail stores.

The capital stock of the new corporation, which was organized under the laws of Delaware will consist of 100,000 shares of 5 per cent cumulative preferred stock of no par value and 1,000,000 shares of common, also of no par value. All of the shares were fully subscribed. It was asserted yesterday that a substantial amount of the stock had already been underwritten. General offices have been established at 511 Fifth avenue, this city.

The formation of the company brings back into the field of American industry James B. Duke, who was president of the American Tobacco Company before that concern was broken up by dissolution proceedings. In the adjustment that followed he took a large interest in the British-American Tobacco Company and since 1912 has been actively associated with that company, spending most of his time in England, where the company is incorporated. Mr. Duke is associated in the new enterprise with George J. Whelan, who is the directing influence behind the Tobacco Products and the United Cigar Stores Company. These two men were closely allied in the old American Tobacco Company.

Why Actresses Never Grow Old. Nothing concerning the profession seems more pleasing to the dear old public than the perpetual youth of our actresses. The boys love them and the girls want to get an ounce of their youth. It is not surprising that they are so young. They are so young because they are so young. They are so young because they are so young.

This Leaves the Skin Free From Hair Growth. (Toilet Talk.) A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growth. To remove hair, make a thick paste with some powdered talcum and water, spread on hairy surface and after about 2 minutes rub off with the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delicate.

When in need of a purgative, do not resort to violent cathartics, but take the gentle, natural laxative—Beecham's Pills. Learning this by Medicine in the World. Be so framed that easy and speedy transference of power be possible from the imperial to the Welsh parliament. W. George the Premier's brother, seconded the resolutions and it was carried unanimously.

IT'S UNWISE TO PUT OFF TODAY'S DUTY UNTIL TOMORROW.

If your stomach is acid-disturbed take

KI-MOIDS the new aid to digestion comfort today. A pleasant relief from the discomfort of acid-dyspepsia. MADE BY SCOTT & BOWNE, MAKERS OF SCOTT'S EMULSION

Don't Spoil Your Hair By Washing It. When you wash your hair, be certain you use the right shampoo. Don't use any shampoo or anything else, that contains too much alkali, for this is very injurious to the scalp and makes the hair brittle. The best thing to use is just plain mild soap. Don't use any soap that is not entirely creosole. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Why Actresses Never Grow Old. Nothing concerning the profession seems more pleasing to the dear old public than the perpetual youth of our actresses. The boys love them and the girls want to get an ounce of their youth. It is not surprising that they are so young. They are so young because they are so young. They are so young because they are so young.

Salvage Ship COSTS \$5,000,000. Six of Them to Be Employed Raising Vessels Sunk by U-Boats—What They Are Like. London, June 17.—The first of a new type of mystery ship, for the British Admiralty, has been completed at Southwick. The new vessels are intended for salvaging merchant vessels sunk by German submarines around the coast of the United Kingdom. Six ships of the new type are to be built, each at a cost of nearly £2,000,000.

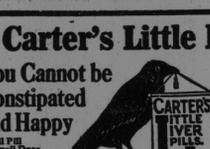

Wales Now Demands Local Parliament. Premier's Brother Secured Lord Mayor of Cardiff's Resolution at Convention. London, June 17.—After the recent debate in the House of Commons on home rule all round, a comprehensive measure of autonomy for Wales was demanded in a resolution moved by the lord mayor of Cardiff at a Welsh national convention. The resolution asked that all functions of government which were not by common consent imperial concerns should be conferred on a parliament for Wales, and that pending the establishment of such Welsh parliament, every government measure applicable to Wales should be referred to the Welsh government.

Carter's Little Liver Pills. You Cannot be Constipated and Happy. A Remedy That Makes Life Worth Living. Carter's Little Liver Pills. Guaranteed best preparation. Beware of cheap imitations.

ABSENCE of Iron in the Blood is the reason for many colorless faces but CARTER'S IRON PILLS will greatly help most pale-faced people.

Nuxated Iron increases strength and endurance of delicate, nervous, run-down people in two weeks' time in many instances. It has been used and endorsed by such men as former United States Senator and Vice-President, Charles A. Tamm; U. S. Commissioner Immigration, Hon. Anthony Caminetti; also United States Judge G. W. Atkinson of the Court of Claims of Washington, and others. Ask your doctor or druggist about it.

ABSENCE of Iron in the Blood is the reason for many colorless faces but CARTER'S IRON PILLS will greatly help most pale-faced people.

To those who are really particular about the Coffee they drink, there is one brand that always pleases particularly well because it is particularly good—Chase & Sanborn's "SEAL BRAND" COFFEE.

In 1/2, 1 and 2 pound tins. Whole—Ground—Pulverized—also fine ground for Percolators. Never sold in bulk.

CHASE & SANBORN, MONTREAL.

Bring Out All Your Discarded Shoes

You will find that most of them are only half worn out—the uppers are perfectly good—a fact that you cannot afford to ignore when shoes are so costly.

Cat's Paw Rubber Heels and Rinex Soles will make them good as new and a lot more comfortable. They give to each step a spring that makes walking easier and they cushion the heels on hard pavements. They last twice as long as leather and are waterproof.

On every shoe, old or new, demand Cat's Paw and Rinex, the "heels and soles of health."

MacKENZIE FAVORS TARIFF POLICY OF LATE SIR WILFRID

Ottawa, June 16—In the house this afternoon J. H. Stedair, Gresham, called the attention of the government to the fact that the American Shipping Board has fixed a rate on raw sugar from the north side of Cuba to New York at 33-1/2 cents per hundredweight, and to Halifax and St. John at 53-1/2, a discrimination of twenty cents. The Canadian National Railways to meet this have agreed to carry sugar from Cuba for the Montreal rates for the 33-1/2 cent rate, while Halifax and St. John have to pay 53-1/2. Mr. Stedair asked if the government was taking any action in connection with the New York Shipping Board deciding the rates to Canadian ports, and if the government means to use government ships for the benefit of Montreal refiners to the injury of competitors in Halifax and St. John.

That he is in favor of the tariff policy advocated by Sir Wilfrid Laurier was a statement made by D. D. MacKenzie, opposition leader, in continuing the debate on the budget in the commons today. He further put himself on record as being in entire accord with the principles of the Liberal party on the tariff questions and explained that in a recent speech in which he made a reference to the tariff which has been the subject of much comment, he had used the word "protection" when he should have said "bounty."

Major-General Newburn, in the house this afternoon, introduced the bill so to amend the militia act to provide for a permanent force in Canada of not exceeding 10,000 instead of 5,000 as at present. The bill was read a first time.

Mr. Wigmore asked what representations had been made to the British government respecting the return of the coal ships, Rose Castle, Lori Strathcona, Jaghild, Wabana and Kamouraska to the Sydney-St. Lawrence route. Mr. Balfour replied that the return of these ships has been urged, but as yet none have been returned. Mr. Wigmore then said that the Montreal market was depressed of the Nova Scotia coal due to the requisitioning of these ships. Mr. Balfour replied that the shipping of coal to Montreal is done with difficulty, owing to lack of tonnage. He also said that these ships were registered in the West Indies and one of them was undergoing repairs, but there was no information regarding the whereabouts of the other vessels.

Private Walter Shannon returned home at evening after having served overseas. He came to Halifax on the S. S. Olympic, but stayed for a few days visiting friends there and in Moncton.

G.W.V.A. ELECTS MAJ. N. P. McLEOD AS PRESIDENT

Nearly 100 Added to the Roll; To Have Pipe Band as Well as Brass Band; Favorable Report on Atlantic Sugar Refinery Conditions

The regular meeting of the Great War Veterans' Association took place last evening at 8:15, with William Vassie in the chair. About 800 members were present and nearly 100 new members were initiated. N. P. McLeod was chosen to fill the vacant office of president.

The minutes of the last general meeting were read and adopted as also were the minutes of the last executive meeting. The financial statement for the month of May was read, showing a balance of \$1,778.84. This statement was accepted. It was announced by the secretary that Mr. Duffy had been elected a delegate to the Dominion convention. It was also announced by the secretary that the proceeds of the Anna Case recital, amounting to \$802.10, had been handed over to the association by Louis LeLacheur. It was decided that a vote of thanks be tendered to Mr. LeLacheur. R. J. Harrington, chairman of the entertainment committee reported that all arrangements had been made for the dance to be held at the rooms tonight.

W. J. Brown, chairman of the employment committee, reported that after being escorted around the plant of the Atlantic Sugar Refineries Ltd., by the superintendent, he could authoritatively state that about 100 returned men were already employed by this firm and that he was assured by the superintendent that the management would place any returned man who was competent to fill any position that was vacant, and if necessary would discharge aliens to make room for returned men. Mr. Brown also reported that he interviewed the chief of police and the commissioner of public safety, with reference to replacing on the force a man who had resigned. The police force to go overseas and that he was told by both that this man would be given the first vacancy, but that he would not be given his old position and that no one would be discharged to make room for him. He suggested that action be taken in the matter.

C. J. Morgan in his report on the sports committee said that it would be impossible to hold sports in July. It was then moved and carried that all other routine business be held over until the election for president had taken place. Nominations and the votes received by the candidates were as follows: N. P. McLeod, 102; W. J. Brown, 33; C. J. Morgan, 30; W. J. Brindle, 18; J. J. Barbour, 16.

As there was not a majority vote another ballot was taken and Mr. McLeod was elected with 198 votes. William Vassie was also nominated, but was withdrawn at his own request.

The new president was then called upon to take the chair for the remainder of the meeting and thanked the members for his election, saying that he appreciated the great amount of work ahead of him but realized the great deal of good that could be done by the association. He assured the members that with their support he would do all he could to further the interests of this branch.

The regular business was again taken up and a resolution was adopted that a delegation of five be appointed to wait on the city commissioners with reference to the matter of employment for returned soldiers.

A motion that a committee of Pipe Major Ross and any others he desired, be appointed to organize a pipe band was unanimously adopted.

The band of the G. W. V. A. also held a meeting last evening at which a large number of returned bandmen were present. It was decided to have their first rehearsal on Monday night, as they already had their instruments, which are mostly the old 104th and 29th instruments.

The regular business was again taken up and they were assured that all military work in the district would be given to them, such as bands for any militia unit. The band already have numerous engagements on hand and they expect to start to work on Monday night, when all their members will be present. There is no doubt that this band will be a great success.

TEACHERS' UNIONS IN CALIFORNIA

Eight Cities in State Have Locals in the American Federation of Labor and a State Organization Now Has Been Effected

San Francisco, Cal., June 16—Agitation for marked increases in the salaries of school-teachers is going on in all parts of the Pacific Coast and in many instances substantial advances in salaries are being made by the school authorities.

In California an important factor in the plans for the improvement of the economic status of the public school teaching profession is the formation of teachers' unions that are affiliated with the American Federation of Labor, although the fundamental programme of these unions is much broader than merely advancing the financial compensation of the teachers.

Following the formation of teachers' unions in several cities of the state, a California State Federation of Teachers has now been organized. Unions have been organized in eight cities in the State some cities having more than one union. San Francisco and Los Angeles being among the cities organized.

The idea has been expressed by the State Federation that there should be a relation of practical brotherhood and helpful cooperation between the teachers in the public schools and the workers in the other branches of human activity, and it is believed by many of the promoters of the organization that in this new field of "unionism" will be found a distinctive and decidedly healthful influence.

THOSE TIRED FEET! WHY DIDN'T GRANDMA HAVE THEM?

Tired feet! Everybody has them nowadays. Why is it? How is it that in our grandfathers' and grandmothers' time people did not complain of such things until they were old and rheumatic? Nowadays even school children are troubled with tired feet. Special doctors to treat them are in demand.

The theory has been advanced that the asphalt pavements and cement sidewalks are responsible for a great deal of the foot trouble. Then, too, there is more standing on the feet than there was in days of old. There are more counters to stand behind, more machines to stand before, more stairs to climb, telephone calls to answer, and many other new things that tax the feet.

Like a tired body, there is nothing better for tired feet than a good bathing and soaking. It will be found that warm water in which a little Snowflake Ammonia has been dissolved will make an ideal solution for bathing tired feet. It softens them and eases the burning and aching. For the bath it has the same soothing and softening power. Snowflake may be obtained from any grocer.

—Advt.

WILL TAKE STEPS TO BRING WITNESSES BEFORE THE H.C.L. COMMISSION

Ottawa, June 16—At this morning's session of the Cost of Living Commission, witnesses from Toronto who had been ordered to appear did not put in an appearance and the secretary was instructed to take all "necessary steps" to have them appear.

Alderman Waldo Guertin, of Ottawa, who is chairman of the civil cost of living committee, was examined. He said their examinations had been very much curtailed because they had no power to examine witnesses. They had found very much apathy on the part of the public. They intended to have a co-operative system of distribution of foodstuffs in Ottawa.

The question of employing counsel was again discussed, and the name of Strachan Johnston, of Toronto, was suggested. The chairman was asked to consider the matter and report.

It was decided to get more evidence regarding the situation at the stock yards in Toronto.

Max Singer, of Sussex, has returned to the city from Montreal where he completed his law course at McGill and received his B.C.L. degree. This year Mr. Singer won the McDonald travelling scholarship which entitles him to a year's study in France. He is being warmly congratulated on his achievement. He was a former student of the High school, graduating from Grade XII in 1916. He is a son of Frank Singer, of Sussex.

In all McClary's Models, unusual conveniences are found. The exposed surfaces are covered with hard-baked black enamel, which needs no black-leading. Every part of McClary's Gas Ranges, including inside of the oven, can be cleaned with a damp cloth. Many types to choose from.

Come in and inspect them.

221-223 Prince William St., St. John, N. B.

In the solution of the whole industrial and economic problem. While the teachers' unions will not use the strike as a weapon to enforce their ideas, it is felt that the fact that they are affiliated with the other labor unions of the cities where they are located and also with the American Federation of Labor will do much to break down the lines of class distinction and the belief that one form of human service is more respectable than another. It is stated that there are now nearly 100 teachers' unions in the United States that are affiliated with the American Federation of Labor.

RED ROSE TEA is good tea

ASSAM is the original home of the tea bush. In this section of Northern India, the plant finds the most suitable soil and most congenial climate. In the crack plantations of ASSAM are grown the richest and strongest teas in the world—and it is of these teas that Red Rose chiefly consists. That is why Red Rose has such an exquisite aroma, a rich, satisfying flavor and a strength that makes it economical.

Always sold in sealed packages.

RAILWAY MEN PAID LARGE SALARIES

Senator Pomerene Comments on Fact That 72 on the Personal Staff of Director-General Get \$10,000 to \$50,000 a Year

Washington, D. C., June 16—The old order of things, so far as the payment of huge salaries to railroad officials is concerned, prevails under the federal operation of the roads, declared Atlee Pomerene, Democratic Senator from Ohio, in the Senate. He read into the Congressional Record the pay roll of the director-general of the railroads, showing that the 72 men on the personal staff of the director-general are receiving salaries aggregating \$1,398,100 annually. The list follows: Five men at \$50,000 each, two at \$40,000 each, three at \$35,000, two at \$30,000; eight at \$25,000, 11 at \$20,000, one at \$15,000, one at \$10,000, one at \$17,500, six at \$15,000, one at \$14,000, one at \$12,200, one at \$12,500, four at \$12,000, one at \$10,800, one at \$10,600, and 29 at \$10,000 each.

Get Fitted with one of the new D & A Models before trying on your new gown.

The best Corset Departments carry a large assortment of the D & A, and should have one to suit your figure,—or if not they can get one.

Don't buy another make,—probably more expensive—but insist on a D & A to fit you. No other corset will give the same corset values—Style, Fit, Comfort and Wear,—at the same price. For remember, the correct model for your figure will not only give you figure comfort but also wear much longer.

Style 457

La Diva

Another popular corset—the delight of hours of fine lingerie. Like the D & A it is made by: 1-19

W. B. SNOWBALL HEADS LAYMEN OF CONFERENCE

Sackville, N. B., June 16—At a ministerial session of the Methodist conference this morning the resignations of the following ministers were adopted and regret expressed at their removal: Rev. K. Kingston, G. O. Hartman and A. E. Tingley.

PRESENTATION TO SOLDIER

At the home of his parents, Mr. and Mrs. William Williams, 212 Princess street, last evening, several friends of Private Irvine Williams gathered to honor him upon his return from overseas. During the evening he was presented with a fine set of pipes as a token of their regard, and pleasure at seeing him home again.

NO CELEBRATION ON JULY 12

At a meeting of the executive of the Saint John County, L. O. L., it was decided that, on account of the tremendous strain financially and otherwise, occasioned to the order by the great world war, they would not hold a celebration of the county lodge on July 12 this year.

NORMA TALMADGE IN INDIAN STORY

Norma Talmadge began her picture, "The Heart of Wotona," now running at the Imperial to big summer business, as a plain, ordinary girl and ended up as an Indian princess. "The Heart of Wotona" was filmed on an Indian reservation in California, called Idyllwild, which consists of 100 Indians and twenty log cabins.

BECK PLEADS GUILTY TO NAVAL GRAFT CHARGE

New York, June 16—Ensign Paul Beck, naval reservist, accused of "scandalous conduct," abruptly terminated his court-martial trial by changing his plea to guilty and announcing, in an appeal for clemency, that he was ready to divulge the names of men with whom he shared the proceeds derived from landing naval reserve candidates in soft berths.

of receiving "presents" totalling \$20,000 from naval reserve candidates. Chief Boatwain's Mate Lloyd G. Casey pleaded guilty to receiving \$2,400 for keeping three brothers, Sidney, Irwin and Philip Hines, in some berths at the Billmore.

"So much better than anything I have ever used."

This is what a Boston woman writes about

Minty's Tooth Paste

"Can you tell me where I can get it in Boston?" she adds. This woman became acquainted with Minty's Tooth Paste while on a visit in Canada. She was brought to realize its wonderful cleansing action—the wholesome sanitation that it imparts to the whole system. You, too, will realize the 100 per cent efficiency of this dentifrice after the first trial.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

THE ROTHESAY ROAD
Beginning today, the Rothesay road will be open for traffic at five o'clock, daylight time.

VISITING PRIESTS.
Rev. Dr. A. W. Meahan of Milltown, N. B., and Rev. J. W. Holland of St. George are in the city today.

ON DUTY AGAIN.
Friends of Inspector Merryfield will be glad to hear that he is able to return to duty again after having been confined to his home for the last week on account of an attack of quinsy.

IS WELL AGAIN.
Many friends of Mrs. Elizabeth Martin will be pleased to hear that she has recovered from her recent serious illness and will be able today to leave the infirmary, where she has been under treatment for the last week.

DENTAL EXAMINATION COMPLETED.
The examinations for membership in the Dominion Council of Dentistry, under the supervision of Dr. A. F. Mc-Avenney, were completed yesterday. The results will not be known until some time in July.

TO SWELL G. W. V. A. RANKS
The question of increasing the membership of the G. W. V. A. to include as many of the discharged soldiers in the city as possible was discussed at a meeting last evening and it was decided to start a campaign immediately. A committee under the leadership of R. J. Harrington was appointed to draw up plans for the campaign.

SOME WESTERN PRICES.
A Nebraska rancher who was in St. John over the week-end said that they were receiving sixteen cents a pound for beef on the hoof, a record price, with the demand exceeding the supply and the price tendency upward. On the other hand, he said, the price of horses in the west was so low that the ranchers were going out of that business. Good horses for heavy work were selling for \$100 and excellent driving horses from \$25 to \$50.

HER FIRST TRIP HERE.
The government patrol boat Ariens of the fisheries patrol, under the command of Capt. W. J. Mills, is in port. The Ariens has recently been taken off the patrol service outside Halifax harbor and this is her first trip to St. John in her new capacity. She is carrying on the same work as was allotted to the Curlew previous to the outbreak of war. The Curlew, which was also engaged in patrol work at the sister city, is still at Halifax.

WELCOME NEWS.
Postmaster Sears has been advised that an advance in salary has been agreed upon for sub-postmasters. Under the old rates, sub-postmasters derived an income of from \$100 to \$200 a year in addition to commissions on the sale of postage stamps, money orders, etc. This scale has now been increased to \$150 to \$400 per annum, exclusive of the usual commissions. In St. John this news will be received with interest by about ten sub-postmasters.

A NEW ARRANGEMENT.
An understanding has been reached between the public works department and the postmaster-general so that the city post offices will have a more direct supervision over matters ensuring satisfactory conditions in the keeping clean and sanitary the premises occupied by post office department. In the past the responsibility for this work was in the hands of the public works department, but under the new order of things this will come under the control of the postmaster. It is understood that this new arrangement will be more satisfactory.

THE LATE WILLIAM C. ARTHURS
The death of William Christie Arthurs occurred last evening at his home, 160 Main street, after a short illness. He is survived by his wife, formerly Miss Laura Hayter of Grand Bay, one son, G. Glendon, a daughter, Elva L., also his parents, Mr. and Mrs. Wm. Arthurs of Long Cove and three brothers and three sisters. The brothers are Joseph of South Bay, Walter of Baywater and Ernest of Long Cove. The sisters are Mrs. Fred McCusker and Mrs. John Buckley of Long Cove and Mrs. Alexander Long of this city. Mr. Arthurs was a valued employee of Brock & Paterson's, Ltd. for several years. Being of a kind and genial disposition, beloved by all with whom he came in contact he leaves to mourn a large circle of friends who extend sincere sympathy to the bereaved ones. The funeral will be on Wednesday at 2:30 (daylight), burial at Woodman's Point on the arrival of the steamer Oceanic.

SOUTH END LEAGUE GAMES THIS WEEK
The Pirates and Franklins will open the season on the south end playground on Thursday evening. On Friday evening the All Stars and Young Braves will meet. These are all south end teams. The games will start at 7:15 daylight time.

On July 1 the Pirates will go to Belvedere to play a Carleton team, and that afternoon the All Stars will play a Carleton team on the south end grounds. That evening the Young Braves and Franklins will play.

A colored team in Carleton is anxious to get a game with the Franklins. A large crowd was on the south end grounds last evening and a lot of work was done. The diamond will be rolled before Thursday evening. On the west end ground volley ball was introduced Saturday afternoon and is greatly enjoyed. The South End and West End Improvement Leagues are progressing admirably with their work.

K. C. HUT COLLAPSES AT BOXING MATCH; ONE KILLED; 100 HURT

Brest, June 17.—One American soldier was killed, two are dying and more than 100 others were injured as the result of the collapse of a Knights of Columbus hut at Pontenien last night while a boxing match was in progress.

NOW LIEUTENANT COLONEL WITH HIGH POSITION

P. R. Warren, Formerly of St. John, Climbs in Military Service

Appointed to General Headquarters Staff With Office of Assistant Director-General of Transport in France and Flanders

Another well won honor has been conferred upon P. R. Warren, former chief engineer of the Norton Griffiths Company here. He has been promoted to the rank of lieutenant-colonel and appointed to the general-headquarters staff with the office of assistant director-general of

transport in France and Flanders. His appointment to this important position is a splendid recognition of the ability of this former St. John man.

An injury to his foot had prevented Mr. Warren getting into uniform as promptly as he had wished in the early days of the war, but the family was well represented at the front by Mrs. Warren, whose services in the hospitals are well remembered and who, since returning from the battle lines, has collected large sums of money for Sir Arthur Pearson's fund for St. Dunstan's school for the blind.

After a period of impatiently waiting Mr. Warren was pronounced fit for service in September, 1917, and immediately crossed to England to offer his services. He arrived in London at ten o'clock one night and by ten o'clock next morning had received his commission in the Royal Engineers with the rank of lieutenant.

He soon rose to the rank of major and has been engaged in the reconstruction of the Belgian ports of Ostende and Zeebrugge. His selection for the office which he now fills is a fine tribute not only to his efficiency as an engineer and to the quality of his work in Belgium but also to the executive ability he has shown during the comparatively short time he has been in Europe.

Lieut.-Col. Warren is looking forward to returning to St. John when he is released from his military duties.

June Brides

Emery-Covey
A very pretty wedding took place last evening at the residence of W. L. Stewart, 18 Brindley street, when his niece, Miss Bertha D. Covey, daughter of Mr. and Mrs. A. R. Covey, formerly of this city but now residing in Boston, was married to Donald E. Emery, formerly a member of the 119th Battalion band but now a popular member of the Opera House orchestra. Rev. R. T. McKim performed the ceremony. The bride wore a tailored suit of blue with hat to match. Mr. and Mrs. Emery, who will reside in St. John, were the recipients of numerous handsome and useful presents. A set of fox furs was the groom's gift to the bride.

Richards-Smith
The wedding of Roy Albert Richards of this city to Miss Annie Smith of Chatham was solemnized last evening at the home of Mr. Richards' brother, Joseph H. Richards, 118 Germain street, by Rev. J. C. B. Appel. After a honeymoon spent on a driving tour, Mr. and Mrs. Richards will make their home in St. John.

Webb-Farr
At Hoyt Station on Thursday, June 13, at the home of Mr. and Mrs. Miles Webb, their son Marshall, was united in marriage to Miss Florence Farr, by Rev. J. J. Richardson. Those in attendance were the father and mother of the groom and Trueman Webb and Miss Edna C. Tufts of St. John.

NEWSBOYS BUY BUSINESS
The enterprise which marks the boys who sell The Times and The Telegraph in the city streets has received another demonstration by the step taken by two of the number, Benjamin Cohen, aged seventeen, and William Columbus, two years older, have formed a partnership and have purchased a well established shoe-shine, tobacco and stationery store. Cohen is well known to the patrons of the ferry, on which he has worked as news agent for several years and also around the head of King street where he sold papers. The former activities of Columbus, popularly known as "Chris", centered around the head of King street and in Waterloo street.
