## PAVING OF CITY STREETS

### Report to Common Council This Afternoon

### SOME TENDERS

#### Recommendations for Water Work Submitted—Fairville Land to Church of England—Ferry Tickets for the Carleton Girls Going to High School

The Common Council met this afternoon at 2.30 for the purpose of disposing of business which was to have come up at last week's meeting, which was postponed on account of the visit of the British business men. The commissioners were called upon to give their approval to several important projects, among them being the paving of King and Charlotte streets, the installation of a police patrol signal system, renewing a sewer in Main street, awarding several excavation contracts, and the securing of special tickets for Carleton girls attending the High School.

#### Public Works

The commissioner of public works recommended:

- That the permission asked for by the St. John Railway Company to put four trolleys into their new car shed in Wentworth street be granted, upon condition that the company enter into an agreement that they will construct either of granite or concrete on the east and west sides of the street, raise the grade of the west sidewalk to the same level as the east side, finish the street with bituminous macadam, lay an asphalt sidewalk on the west side of the street between Queen and St. James streets and keep the same in repair at all times, build any retaining walls necessary, and pave, between and eighteen inches outside of the rails leading into the shed, with granite blocks, install all necessary catch basins connecting the same with the main sewer.
- That the specification submitted for the paving and macadamizing of King street be adopted, and that tenders be called for, and the work proceeded with at once; the cost of placing the curbing and laying the granite blocks to be paid for by bond issue, and the macadam work to be paid for from the street assessment for 1911.

The commissioner of public safety reported, recommending:

- That the common council put on record its willingness to favorably consider the installation of a police patrol system in the city of St. John, the matter of the cost of the same to be taken up later by the commissioners.
- That the by-law entitled "A law respecting dogs," be read a first and second time, and passed and ordained.
- That the specification submitted for paving a portion of Charlotte street be also approved, and that the recommendation of the commissioner that the work be proceeded with which was laid over for further consideration be now adopted.

- That permission be granted the Rubber Tire Wheel Company to erect a projecting electric sign over their premises, 154 Prince William street.
- The commissioners of water and sewerage reported recommending:

- That the following tenders be accepted:

A. George Moses, M. F. Mitchell & Thomas French opening and refilling trench for water main in Mecklenburg street, rock \$4.15, earth 85 cents.

Tobias & George opening and refilling trench for water main in Pricosee street, rock \$4.15, earth 85 cents.

Fred Nice, opening and refilling trench for a water main in Sidney street, rock \$3.25, earth 77 cents.

That the sewer be renewed in Main street where the block pavement is to be laid.

That two catch basins and one fire plug be placed in Alexandria street, at estimated cost of \$829.

The commissioner of harbors, ferries and public lands reported recommending:

- That a renewal lease issued to Elizabeth Marsh of Lot 883, Guys ward for seven years from November 1908.
- That the fee simple in the strip of land in Lancaster adjoining the property of Charles P. Baker, about 53420 feet, be sold at public auction at an upset price of \$125.

That a conveyance in fee simple be made to The Bishop of Fredericton of the land now under lease to him in Fairville, on which the Church of the Good Shepherd stands, taking in the five foot strip adjoining for the sum of 85, being the same terms as the deed given to the trustees of the First Baptist church of Fairville.

## THE WEATHER

Maritime—Fresh southwest to northwest winds, clearing this evening. Tuesday fair.

## MARRIAGE JUDGMENT IS GIVEN

### Parliament Cannot Enact Lancaster Bill—Quebec Law and Mixed Marriages—An Appeal

Ottawa, June 17.—The supreme court this morning gave judgment on the marriage case referred to them by the government and raising out of the Lancaster marriage bill last session.

The supreme court decided that parliament has not authority to pass the Lancaster bill, which means that jurisdiction is entirely with the province.

The court also declares that the law of Quebec does not render null and void any mixed marriages, whether performed before a Catholic priest or Protestant clergyman.

The government will immediately appeal to the privy council from the judgment rendered.

## MR. WILSON GETS IT

### He is Now Hon. John E.—His Probable First Official Duty—Mr. Maxwell's Future

It is now the Honorable John E. Wilson. Years of patient waiting and working, and some later which were not so patient, have been rewarded, and the coveted prefix is now attached. The oath was administered this morning, and since then Mr. Wilson has been receiving the hearty congratulations of his friends. It is true, that thus far no responsible duties have been assigned to him, and no money set aside to support the new honor; but still his name will look just as good in print as any of them, and posterity is not likely to know the difference. His first official duty will doubtless be to resign, after the twelfth of June.

The initiation ceremony was performed at eleven o'clock this morning in the provincial government rooms, Church street before His Honor Lieutenant-Governor Wood. The oath of allegiance and the oath of office were administered by J. Howe Dickson, clerk of the council. The audience consisted of three of Mr. Wilson's fellow candidates, Messrs. Baxter, Tilley and Granman, his predecessor Mr. Maxwell and a couple of press representatives.

It is rumored that Mr. Maxwell has decided on which road he will accept from the party. The rumor is that he had his choice between a position as dominion inspector of railways, or the post of secretary of the department of the interior at \$6,000 a year and another of greater permanency at about half the salary, and that Mr. Maxwell had decided to accept the former. The appointment, however, is not to be made for some time yet.

## ROTHESAY COLLEGIATE SCHOOL

The twenty-first annual closing exercises of Rothessay Collegiate school were held yesterday. The celebration of holy communion in the morning marked the beginning of the services. In the afternoon college Sunday service was conducted in Saint Paul's church by the rector, Rev. A. W. Daniel, and the principal of the school, Rev. Dr. Hibbard. A powerful and practical sermon was delivered by Dean Schofield of Fredericton. The offering was in aid of the fund for the education of clergyman children.

The preliminary exercises in athletics will be begun tomorrow afternoon at 2.30 and will be the finale on Wednesday at two p. m. while on Thursday the exercises will be ended with the presentation of prizes at which His Lordship the Bishop of Fredericton will preside.

## Mr. Borden in Halifax

Halifax, N. S., June 17.—(Special)—Right Hon. R. L. Borden arrived here this morning from Grand Pre. This afternoon he will meet the council of the board of trade, and then a committee from the city council and board of trade; then the fire underwriters appointed in connection with a move for increased fire protection along the water front.

## THE PULP MILL

Senator N. M. Jones of Bangor, the new manager of the enlarged Partington Pulp and Paper Co., Ltd., who returned to the city this morning, announced that the work of increasing the output of the pulp mill at the falls has already begun and will be continued as rapidly as the process of reorganization will permit. No progress has been made on the proposal to erect another pulp mill on the Newbrask as this will have to stand until a survey of the property has been completed, and the surveys have not yet started.

## The St. John Globe has bemoaned the withdrawal of Hon. C. W. Robinson from active politics and insinuated that there was little left. But Hon. Mr. Robinson, at Sussex on Saturday evening said:—

"I found, however, we had in the party, a man abler for leadership than myself. I refer to A. B. Copp. The government are amazed at the strength he has shown; but I am not amazed as I know something of his ability and courage while he was my colleague in the legislature. He only awaits the opportunity to be an able premier of the province of New Brunswick."

Will the Globe, which admires Mr. Robinson, accept his verdict and support Mr. Copp?

## ATTEMPT TO BRIBE A TAFT DELEGATE

### Negro Preacher Makes Affidavit on the Matter

### OFFER OF \$1,000 MADE

#### A Study of the Delegates at the Convention of Republicans in Chicago in H. F. Gadsby's Best Vein—The Roosevelt Campaign of Bluster and Noise

(Canadian Press)

Chicago, June 17.—An affidavit, negro in attempt to bribe F. H. Cook, a delegate to the Republican national convention from Louisiana for \$1,000 to desert the Taft forces and vote for Roosevelt, executed by Cook himself, was made public today by Director McKinley of the Taft headquarters. Cook is a Baptist preacher and a bank cashier. He says a man who was introduced as Mr. Thompson of Colorado, made the offer.

Senator Dixon, when informed of the affidavit, said: "I don't know Cook and I don't know Thompson. The whole story sounds like a fake."

(Registered in accordance with the copyright act of Canada, unauthorized use in whole or in part or colorable summaries thereof forbidden). Special to Times and Toronto Star.

Chicago, Ill., June 18.—Last week we had the contested delegate and his friends. He was steamrolled to the number of 255, and then added fifty per cent for general uproar—the scene in the coliseum will be as clear to him as Toronto water when the intake pipe has shifted.

This is the din the delegate has to live through. He more than likes it—he adds it up. As a rule delegates in the United States are from thirty-five to forty-five years of age. In Canada the average for the difference in common sense, habitual reticence and other qualities on which we pride ourselves.

Delegates are broadly divided into instructed and uninstructed. The instructed delegates vote as their districts have told them. The uninstructed vote as they please. It is a joke to say that some of the instructed delegates are the most unscrupled, according to our way of using the word and some of the uninstructed are the most enlightened.

## THE DELEGATES ARE ANALYZED

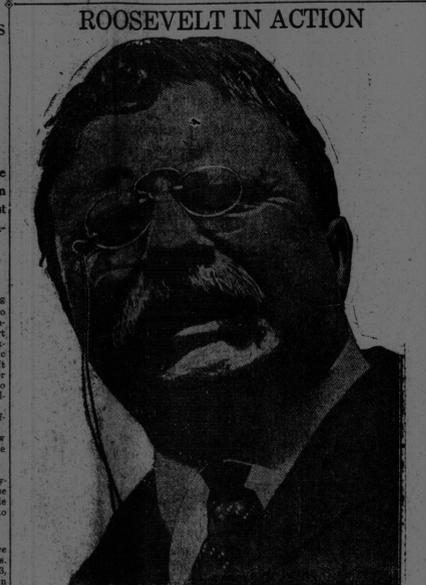

Of the 2,156 delegates, 1078 are alternates. They have seats in the convention hall, but they do not vote. They share in all the alarms, double the panic, multiply the fever by two and alone with a reflected glory like the moon. One of the alternative's chief duties is to take up the task of drinking drinks where the delegate left off, the full delegate having but little time to justify his name if he is to be on the job every time the division bell strikes. The delegates are either old delegates or delegates at large; the latter being two delegates elected by the states as a whole. Incidentally there are some delegates at large who should not be.

There are also delegates from the territories and delegates from Hawaii and the Philippines. In short, there are white, black, red, tan and yellow delegates—shades of opinion—and Chicago will be run dead when this motley bunch of noisy people packs up and goes home. Counting the states and territories together, there are almost as many varieties of delegates as there are of our Heinz highly popular pickles. There are two lady delegates from California of the elderly-black-heads and hangout sort and two and a half Jew delegates, the fraction being due to an Irish mother who somehow or other got away from the democratic party.

After this classification of delegates it should be easy for the Canadian reader to pick his way through the convention proceedings without a diagram, if he will only remember that there are, besides delegates in the hall, 530 newspaper men, 1,400 platform guests, 7,000 audience, 1,200 Taft-appointed argonauts—arms, and 200 police. If he will also keep in mind that each of the delegates has a chairman and badges and a rah-rah shout, and that the band is playing whenever the orators are not speaking.

Besides funny stories the delegate submits to this catechism: Let us see your tongue. What lodge do you belong to? Have you ever been in jail? Do you lead a double life? What is your income? Have you made your will? Have you any unmar-

ried daughters? Are you a Christian Scientist? What makes the holes in Swiss cheese? Have I forgotten to ask anything you ought to tell me?

If the delegate has brought his wife with him she will answer the same questions and others. Are you a suffragette? How many dresses do you bring? How often do you change your clothes? Have your costumes got the right kind of punch for Peacock Alley?

If the delegate has children of talking age they come in for it, too. The newspaperman caught a tartier the other day in a twelve year old boy, who said that he had spoken to 200 Chicago policemen and all of whom were for Roosevelt. This made the young politician believe that his father, a Taft man, was wrong and that his right was to climb up on the Roosevelt band wagon. Rudyard Kipling has given his opinion of the American child. It was probably this boy that he meant.

## THEN, AFTER THE REPORTERS

After he is through with the reporters, the delegate, if he is a Roosevelt man, will begin to get the range of the Florence room in the Congress Hotel, which is his headquarters when he is away from the convention hall. He will see there, besides the bosses, at least twelve pictures of Teddy in instructing attitudes, each more striking than the last. In the last the rough rider has his foot on the neck.

## ONLY PLACE WHERE PEOPLE GET A LOOK

What are the functions of a delegate? His chief function is to say yes to anything that any of the numerous committees sitting behind closed doors may cook up for him. Also he is entitled to convention tickets for his friends, and if he is the right stripe of delegate that helps to pack the convention for the right candidate. This is the only place the common people get a look in. It has about the same influence on the convention that the chorse had to the Greek tragedy, whoops it up along the line of the keynote speech. Another function, and not the least important, is to become the victim of the ravenous press which serves him up as campaign chuckles, side-lights, wind from the storm and other features.

One of the first things the delegate does after he shakes hands with his hard-mouthed political leaders and picks out his state headquarters from the mass of placards in the hotel lobby and gets to hell-boys that look like brigadier generals and doorkeepers that look like the Sultan of Zanzibar, and the young primos in gold line and white gloves who wave him to elevators and spittoons and things—one of the first things he does after he can find his way round without a guide, is to give interviews to the reporters.

If he is big enough he will either pose for or dodge photographers—but he will certainly be interviewed. He must expect that it is "part of the American public man's training to stand and deliver whenever a newspaper man springs a question or a note-book. He has been brought to it, so it comes easy. He may say nothing but he will always make a few remarks. As the vein of the people is supposed to be anecdotal, he is always asked for a funny story.

To give him credit, he always comes to the scratch even if he has to work an old Abe Lincoln wheeze over again or go back as far as Marial's epigrams to adapt something. If he has not a funny story about him he must have a bright paragraph, a snappy comment, or a sparkling bon mot concealed on his person, and the reporter does not leave till he gets it. If the delegate cannot deliver the goods he is doomed. He has deredited the wit of the state he comes from and he will never be elected again.

Besides funny stories the delegate submits to this catechism: Let us see your tongue. What lodge do you belong to? Have you ever been in jail? Do you lead a double life? What is your income? Have you made your will? Have you any unmar-

## HOW'S THIS FOR A C. P. R. BLUFF?

Messrs. Foster, Mahoney and Keirstead, three of the Liberal candidates, went to the C. P. R. freight sheds this morning and asked permission to go through. The foreman of the sheds was summoned, and superciliously informed them that they would have to come between twelve and one o'clock, and added this remark: "It is no use for you to go through, anyway. They're all government here."

The government candidates were permitted to go through these same sheds in working hours. Knowing this fact, Mr. Foster observed that he thought the Liberals were entitled to the same courtesy. They then withdrew from the office.

Regina, Sask., June 17.—The legislature is dissolved. Nominations will be on July 4. Election on July 11.

## SIX THOUSAND BUTCHER SHOPS IN NEW YORK ARE TO BE CLOSED TOMORROW

Kosher Campaign Against Meat Prices Will Cut off Meat Supply of 300,000 People

New York, June 17.—A trade organization recently formed by 6,000 Kosher butchers in greater New York, to combat the increased wholesale prices of meat, today ordered all its members to close their shops tomorrow, as a spectacular protest against the wholesalers' exactions. In this way it is expected that the meat supply of more than 300,000 persons will be cut off and the wholesale dealers will be left with an immense quantity of meat on their hands.

More than 2,000 kosher butchers will be driven out of business by the end of June, it is declared, unless the price of meat is lowered.

## HIGH SCHOOL ENTRANCE

Boys and girls from grade VIII in the city schools are today trying the examinations for entrance to the High School, which were begun this morning. The examinations will last until the end of the week. There are 340 pupils trying the papers, an extremely large class. The examinations in the higher grades of the High School and at St. Vincent's are being held in the city. The schools will close for the two months' holidays on Friday next.

## POLICE REPORT

Ronald Singer, John Hayes, Frederick Flak, George Winchester, Frederick Singer and William Caples have been reported by the police for acting disorderly in Frederick street yesterday.

The first sleeping car of the express was completely wrecked and two others were badly damaged. Two of the injured died last night, bringing the total up to twenty.

## MR. AMES IS WITH US

Moncton, June 17.—(Special)—H. B. Ames, M. P., of Montreal, who arrived in the city on the Ocean Limited yesterday afternoon, left by special train on an inspection trip over the Transcontinental this morning, accompanied by Messrs. Guelius and P. S. Archibald. They will go as far as Edmonton. It is understood that Ames and Guelius will return to their home in upper Canada by St. John.

## LONDON STRIKE NEAR THE END

London, June 17.—The dock strike is now confined to London and Southampton. Harry Gosling, one of the strike leaders, addressing a meeting of strikers in Trafalgar Square yesterday, confessed that the calling of a national strike was a bad card to play.

The strike has been so weakened in London that the port authorities have decided that the time has arrived to issue notices inviting the strikers to resume work.

### Ottawa Asks Figures on Services to British West Indies and Also for Canada-Jamaica Trips—Palma Trophy Shoot in September

(Special to Times.)

Ottawa, June 17.—Announcement is made by the department of trade and commerce today that tenders are to be called for a steamship service between Canada, the British West Indies and British Guiana and between Canada and Jamaica. Tenders must be in by October 1, 1912.

Steamship companies putting in bids for the British West Indies and Guiana service are asked to submit orders for sailings from both Halifax and St. John with calls at St. Kitt's, Antigua, Montserrat, Dominica, St. Lucia, St. Vincent, Barbados and Trinidad. Permission will be given to call at any British port and also at any of the foreign islands for the purpose of discharging American cargoes.

Tenders for the Canada-Jamaica service are also requested to submit proposals for sailings from St. John and Halifax to Jamaica and return. The service will also be given to proposals submitted by tender for the alternative services of twelve and fifteen knots with steamship having a tonnage of from 1,600 to 3,000 tons net.

Tenders are also invited for a monthly service from Montreal to Georgetown, calling each way at Quebec and a port of the West Indies, this service to be combined with the service from Halifax or St. John to the West Indies and Georgetown. Decision will be made by the government after the tenders are in as to whether the services from the maritime provinces will be from St. John or Halifax.

The Palma trophy rifle shoot will take place between teams representing Canada and the United States. It will be shot on September 2 at Ottawa.

## TWENTY MEET DEATH WHEN TRAINS CRASH

Linkoping, Sweden, June 17.—Eighteen persons were killed and sixteen injured in a collision which occurred on Saturday night between a mail train proceeding to Stockholm and a freight train at Malmback station. Among the victims was a daughter of the late Auguste Strindberg, novelist.

The first sleeping car of the express was completely wrecked and two others were badly damaged. Two of the injured died last night, bringing the total up to twenty.

## THE AMERICAN PREMIER OF CANADA UNDER BORDEN RULE

### Search Fails to Reveal That Perley Has Ever Taken Out British Naturalization Papers—But He is a Millionaire

Ottawa, Ont., June 17.—The appointment of Hon. Geo. E. Perley as acting prime minister during the absence of Hon. R. L. Borden, who is now in Nova Scotia, and is soon going to England, provides Canada with its first millionaire head and its first American born prime minister. Not only is Acting Premier Perley American born, but a careful search of the records of the state falls to show that Hon. Mr. Perley has ever taken out British naturalization papers in Canada he would be regarded as a British subject only in Canada. If he went to England his Canadian naturalization would cease to have any effect, and under the British law he would be regarded as a citizen of the United States. The incident is unique in Canadian history.

Extract from report of joint meeting at Buctouche:—

"Mr. Veniot stepped forward and raising his hands restored quietness, and then held in his arms a young boy of ten years named Tilmon Girouard, whose name was put on the pay list of the McLean bridge for \$28.87, and whose check had the endorsement forged. The excitement was at fever heat and the crowd went frantic with cheering.

"Mr. Veniot also read an affidavit showing where a certain man had worked on a farm belonging to one of the bridge superintendents and had received a government check in payment."

And the tories boast of the honest methods of the Flemming government.

TWENTY-SIX KILLED IN THIS STORM

Central West Missouri and Kansas Are Swept—Northern Ontario Has Worst One in History

Kansas City, June 17—Twenty-six persons are known to have been killed and many injured by a storm which passed over Central West Missouri late on Saturday demolishing buildings, tearing down wires and leaving the smaller towns and country homes completely wrecked.

From meagre reports that have been received, it is believed that the storm that struck Kansas late on Saturday, causing the death of two persons and doing damage amounting to many thousands of dollars, swept to the south through Bates county, where it left a trail of death and destruction. The path of the storm was half a mile wide and five miles long.

North Bay, Ont., June 17—The worst electrical storm in the history of North Bay, Ontario, visited this section early on Sunday morning, beginning at two o'clock and continuing, accompanied by cloud bursts, intermittently until five. The latter was terrific, and the flashes of lightning seemed destined to wipe out the town.

The house of John Brennan was struck by lightning which passed down the chimney and showered the occupants with plaster, but fortunately caused no injury. Streets and cellars were flooded and many garages ruined.

Two washouts occurred on the Temiskaming & Northern Ontario Railway. The Canadian Pacific was also troubled with washouts, one occurring near the town of North Bay, which engulfed a freight train and derailed several cars without injury to the trainmen.

Haag's circus train, passing north to Porcupine, was caught in the storm and the roar of the frightened animals gave the employes an anxious time. The streets of North Bay in the west end presented a unique appearance, with houses surrounded by water and people using hastily improvised rafts to navigate.

In the country section many barns were destroyed and much damage done to crops. Fifteen miles from North Bay on the Temiskaming & Northern Ontario Railway, a freight train was hurled down a twenty-five foot embankment by a cloud burst. The engine and nine cars were piled up in a mass of wreckage. Engineer Newman was badly injured, but will recover.

MALTRATED BY STRIKERS, HE SHOOT'S ONE, ACQUITTED

Geneva, June 17—During a recent strike at Zurich the syndicated workers placed pickets to prevent non-union men from working. Many were intimidated, but a young Swiss named Otto Kaiser, who was threatened by the strikers told them that he had a revolver and would shoot if attacked. A friend of Kaiser's was so badly treated by the strikers that he was in hospital several months. Kaiser in turn was set upon by four strikers, but he shot one dead and the others took to flight.

Kaiser then gave himself up to the police, and at the trial, which took place in Zurich, he acquitted himself on the ground of "legitimate defence."

Miss Crosby is the only daughter of the late Ernest Crosby of Rhinebeck. He was the son of the late Rev. Dr. Howard Crosby, of New York, a noted divine and an authority on New Testament Greek. I once heard the old gentleman relate with much gusto the following story about his son, Nicholas, the younger, who was his mother's favorite, a fact about which the elder boy, Ernest, was disposed to gibe.

"Nick," he asked one day, "what is the difference between mother and the children of Israel?" "Don't know," said Nick. "Well," said Ernest, "the children of Israel worshipped a golden calf. Mother worships a nickel ass."

Miss Eleanor Crosby is well known in New York society, is a member of the

LA MARQUISE DE FONTENAY

Widow of Titanic Victim Sued by Cabman for English Estate and \$1,000,000—Some Big Death Dues in England

Tyrrill William Cavendish, who lost his life in the Titanic disaster, has left his widow, Julia, (daughter of Henry Siegel of New York, by his first marriage), with two sons and a lawsuit on her hands. The suit, which has been pending for some time, is for the possession of Crakenhall Hall, Uttoreter, Staffordshire, which she now occupies as lady of the manor.

The claimant in the suit is Ben Tyrrill, a one-legged cab-driver, of Burton-on-Trent, and incidentally he claims a large sum of money, in the neighborhood of \$1,000,000, received by Tyrrill Cavendish's cousin, Harry Cavendish, some years ago from the sale of Thornton Hall, in Buckinghamshire. He also puts forward pretensions to the ancient Tyrrill baronetcy.

The latter was created by Charles II. in favor of his master of the backwoods, Sir Timothy Tyrrill. Another Tyrrill was privy councillor, a third a distinguished general and a fourth a gentleman-in-waiting to the king. The cabman says he is descended from Sir Thomas Tyrrill, who died in 1705.

At Sir Thomas' death the estates and titles descended to his grandson, Charles, third son of his eldest son, and on Charles' death the baronetcy was understood to become extinct, while the estates were claimed by the family attorney, a man named Sheppard, who had taken the precaution of marrying a niece of Sir Charles Tyrrill, and who was able to secure the property on the strength of this union.

One of Sheppard's descendants, the owner of the Tyrrill estates, which included Crakenhall Hall, was knighted, and became Sir Thomas Sheppard. He died without issue, leaving property to a niece, Elizabeth Hart, who married the Hon. Richard Cavendish, son of the second Lord Waterpark.

It is the Hon. Richard Cavendish who in this way became possessed of the Crakenhall Hall estates, and of the other Tyrrill property, who was the grandfather of the Tyrrill William Cavendish who married Miss Siegel.

The one-legged cabman bases his claim upon the fact that Sir Thomas Tyrrill had three sons, Charles, Thomas, and John, the latter born on November 18, 1754, and says he is able to prove that John married and had male children, who were living at the time when their cousin, Sir Charles Tyrrill died without issue, and that he has inherited the baronetcy and estates.

Mutilated parish registers, the intention of which was to prevent the baronetcy from passing to the other Tyrrill family in the parish church, etc., all are taken to show, however, that there had been some foul play.

The cabman is able to prove his descent in an unbroken line from the Thomas Tyrrill's son John, and so strong is his case that several people have contributed funds to enable him to prosecute his claim.

The cabman is nearly seventy years of age. While a hoolier he lost his leg stopping in a runaway carriage and pair. His father was a farm laborer, and was employed at Burton for many years in the lace industry. It may be added that the statute of limitations does not come into force in this particular case, for, although during a great number of years, Sir Thomas Tyrrill, his father, his grandfather, and his great-grandfather, never had money enough to meet the expenditure involved by a long action at law, they nevertheless kept alive their rights either by selling a tree on the estates or by taking possession of a cottage on the property, each time committing an act of trespass, regardless of the brutality with which those acts were resented when their purport was discovered.

Tyrrill William Cavendish was a cousin of Harry Cavendish, a traveller and explorer, who was divorced in 1896 by Isabel Day, an actress. The present Baron Waterpark is seventy-three years of age. He has one son, Charles Frederick Cavendish, who is a lieutenant in the Royal Navy, is twenty-nine years of age, and so far as I have heard up to a recent date, is unmarried.

Next to him in the line of succession to the peerage comes his cousin, Henry Sheppard Hart Cavendish, and, failing him, the issue of either of these, the little three-year-old Henry Siegel Cavendish, whose father has just died, will succeed to the barony.

The Waterpark peerage was created at the close of the eighteenth century, and the founder of this branch of the Cavendishes was Sir Henry Cavendish, a very remote kinsman indeed of the third Duke of Devonshire, who accompanied that nobleman to Ireland when the duke went there as lord lieutenant in the reign of George III.

Curiously enough, the mother of that particular Sir Henry Cavendish was a daughter of Sir Timothy Tyrrill, the founder of the Tyrrill family, of whom mention has been made. He could never have dreamed that two centuries later his own descendant, (Ben Tyrrill, the cabman) would be suing the descendants of his own-law for the possession of the Tyrrill estates. As for the connection between the Cavendish of Lord Waterpark's family and the dual house of Devonshire, there has been none for at least three or four hundred years.

A few days ago I had occasion to mention in these letters the widespread family of Vanneck, and their numerous international marriages. Now another such alliance is announced, between William C. A. Vanneck and Eleanor Crosby, of Rhinebeck, N. Y., as having been arranged in London. The bridegroom-to-be is the eldest son of the Hon. William A. Miss Crosby is the only daughter of the late Ernest Crosby of Rhinebeck. He was the son of the late Rev. Dr. Howard Crosby, of New York, a noted divine and an authority on New Testament Greek. I once heard the old gentleman relate with much gusto the following story about his son, Nicholas, the younger, who was his mother's favorite, a fact about which the elder boy, Ernest, was disposed to gibe.

"Nick," he asked one day, "what is the difference between mother and the children of Israel?" "Don't know," said Nick. "Well," said Ernest, "the children of Israel worshipped a golden calf. Mother worships a nickel ass."

Miss Eleanor Crosby is well known in New York society, is a member of the

A Leaf From The Boy Scouts' Book

By RUTH CAMERON

If you were on a train and there was an accident, and everything was thrown into confusion, and perhaps there was darkness, would you know in what part of the train to look for the emergency tools and the fire extinguisher? If you were asleep in your berth on a ship and were awakened suddenly by being told that the ship was sinking and you must get into a life-preserver, would you know where to look for one and how to put it on?

Two young women were taking a night trip on a steamer. As they were preparing for bed, one of them passed to read the printed instructions in regard to life-preservers, and even took the pains to look under the berth to see if they were there and to make sure that she thoroughly understood the directions about adjusting them.

The other girl was most amused at all this precaution—needless to say this was prior to April 14—and urged her companion to stop talking all that nonsense and come to bed. Previous to the terrible disaster that shocked and sobered a world of men who had been growing blantly confident of their superiority to nature and the elements, I wonder how many youngsters would have carefully read these instructions. Perhaps one in ten or had I better say one in a hundred?

For the next few years, until we have had time to forget, I suppose we shall all be more thoughtful in this particular direction. But what about taking a little forethought in regard to what we would do in case of other kinds of accidents?

Do you notice the exit signs in a theatre before you compose yourself to enjoy the play? It would take but an instant and might mean your life. Fortunately the chance that you would need your knowledge is very, very slight, but on the other hand, you are not risking anything on that long chance except a moment's attention.

A car full of passengers probably over their limbs, if not their lives, to one young man who thought it worth while to know what to do in case of accident. The motorman fainted when the car was on a steep down grade. Instant action was necessary as there was a hairpin curve at the bottom. This man had deliberately noticed the method of running the cars because he thought it would be a good thing to know, and he was able to throw on the brake with lightning swiftness.

I am very fond of the Boy Scouts' motto which is "Semper Paratus"—"always ready." Surely a great many accidents might have been prevented or at least made less terrible if more of us lived by that motto.

Someone may suggest that it is not a pleasant thing to be always expecting an accident. No, my friend, but you need not be always expecting an accident. Just "semper paratus," you know. Really that's quite a different thing.

WHAT EXILE TO SIBERIA MEANS

As the result of serious agitation in England about the case, the Czar of Russia has pardoned Madame Malenk, an English woman, who had been exiled to Siberia for her part in the Russian revolution. The picture shows the life in that dreary country, which is largely inhabited by these unfortunate. The upper picture shows the wooden buildings for the accommodation of prisoners, and the courtyard in which, on occasions, some have to sleep. It is a depot on the road to Siberia.

Colony Club, and is a relative of the Schieffelin family. People who are inclined to applaud the chancellor of the exchequer, Lloyd-George, for his fiscal attacks upon the fortunes of the land-owning aristocracy, whether titled or untitled, fail to realize the colossal amount of money being exacted. It is no wonder that half the ancestral country seats in Great Britain and Ireland should be advertised for rent or sale, or else completely closed. The death duty on every estate of \$5,000,000 is fifteen per cent, and from this source alone the treasury's receipts during the last ten years have been considerably more than a billion of dollars.

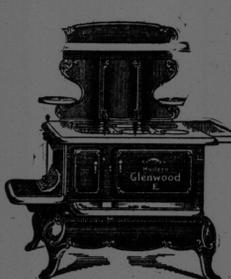

Among the recent treasury windfalls, have been the deaths of Sir Julius Wernher, a South African diamond magnate, who left a fortune of some \$20,000,000; Sir Edward Sassoon, whose English estate amounted to \$15,000,000, and the Duke of Fife, whose will disposes of \$8,000,000. The percentage duty on estates of a value under \$5,000,000, is proportionately less, but is always heavy, often representing a sum double or treble the annual income of the property; so that for a long time after his decease the estate is practically exhausted in overcoming the duties and in paying the principal, derives no benefit at all. In cases where several successive deaths have passed an estate through the probate court a number of times within the space of a few months or years, the duties are absolutely ruinous.

MARQUISE DE FONTENAY. RADIUM AS A CURE. Reports on Cases in Austria—Effects of Bath. Vienna, June 17—Some interesting information about the therapeutic use of radium is contained in the first annual report of the Austrian State Kurhaus at Joachimthal, published by the Austrian ministry of public works. More than 30,000 baths of water from the radium mine have now been given, and good effects have been noticed, not only in cases of rheumatism and gout, but also in spinal paralysis of children, hemorrhage of the brain, and certain cases of neurasthenia.

Further, it has been observed that certain patients are reduced in weight by a course of radium baths, and that teeth loosened by chronic inflammation can be made firm by rinsing the mouth with highly radioactive water. Experiments made with the treatment of cancer, are so far, inconclusive, owing to the shortness of time.

FACE WAS LITERALLY COVERED WITH PIMPLES. Four Different Doctors Did Her No Good.

Two Bottles of BURDOCK BLOOD BITTERS Cured Her. Bad blood is directly the cause of the face breaking out in pimples, and it is impossible to eradicate them unless you put your blood into good shape.

Burdock Blood Bitters is compounded from roots, herbs, bark and berries, and is without a doubt the best remedy procurable for the purpose of driving all the blood impurities out of the system.

Mr. Geo. E. Miller, Clavering, Ont., writes—"Last fall I was very much troubled with pimples. My face was literally covered with them. I went to four different doctors, but they could do me no good. One day a friend advised me to use Burdock Blood Bitters, so I got two bottles, and before I had taken all the first one, the pimples had nearly all disappeared, and by the time I had taken all the second one the pimples had disappeared completely, thanks to Burdock Blood Bitters. I would advise anybody who is troubled with any blood trouble to use Burdock Blood Bitters. Manufactured only by The T. M. Burns Co., Limited, Toronto, Ont.

REV. DR. SPARLING IS DEAD IN WINNIPEG

Winnipeg, Man., June 17—Rev. Doctor Joseph Walter Sparling, principal of Wesley Methodist College, Winnipeg, died yesterday afternoon after a few days illness resulting from cerebral hemorrhage. He had been principal of Wesley since 1888 and, being a man of powerful personality, had exerted wide influence in the religious and educational life of Western Canada.

He was born in Blanchard, Ontario, in 1843 and was educated in St. Mary's school and Victoria University, Coburg, from which he was graduated as an M. A. in 1874. He took the degree of bachelor of divinity in Northwestern University, Illinois, in 1871 and the degree of doctor of divinity in 1889. Doctor Sparling was financial secretary of the Methodist General Conference, 1874-83.

He was president of the Manitoba and Northwest conferences in 1888. Doctor Sparling was a member of the board of education of the Methodist church, a member of the committee on church union and a counselor of Manitoba University.

A WIDESPREAD MOVEMENT. Mrs. Carrie Chapman Catt, president of International Woman Suffrage Alliance, writes that she has just left South Africa, where she assisted in organizing twelve national women suffrage conventions ever held in that country, which was attended by hundreds of Dutch and English women of the colonies. CHAFED AND ACHING FEET

How far can you walk without suffering in one way or another from discomfort to your feet? Modern footwear is a prison house and the result is chafed, scalded, inflamed feet. You can get a world of comfort by using Dr. A. W. Chase's Ointment when your feet give you trouble. This treatment is so delightfully soothing and healing that it helps you as soon as applied.

Unlike innumerable powders which clog the pores, Dr. Chase's Ointment makes the skin soft and smooth and prevents corns and bunions. When the feet are chafed, scalded, itching and tired it takes out the stinging and burning and its benefits are both quick and lasting.

EGOTISM MAN'S CHIEF FAILING, SAY WOMEN

Paris, June 17.—The newspaper Femina recently put the following question to its women readers: "What do think, classing them in the order of their importance, are the ten principal failings of man?"

The majority of the women consider egotism as man's most heinous sin, closely followed by infidelity, jealousy, intemperance and cowardice. Man's comparatively minor failings are immorality, despotism, temper, stupidity and idleness.

DOGS MUST BE KEPT ON THE LEASH

The proposed amendment to the city by-law which is to be discussed at this afternoon's meeting of the council provides that no dog shall be allowed on the public streets of the city from May 1 to Nov. 1, except under leash.

The necessity for this action has arisen from the fact that dogs have been causing considerable damage to public property and lately there have been complaints of dogs jumping at and worrying horses.

It is felt that anyone who has a dog worth keeping will not object to having it kept in their company and that the law will make it easier to weed out a lot of the ownerless curs.

RAINFALL NEARLY EQUALS THAT OF ALL JUNE OF LAST YEAR

From June 1 until today, the total rainfall has been three and one-tenth inches. The total rainfall for all June last year was three and two-tenths inches and if this rain storm continues, last year's record will be beaten easily.

Since last night three-tenths of an inch of rain had fallen. According to the probabilities, however, we are going to have a much greater amount in the next few days. The probabilities say clearing weather with north and north westerly winds. The rains are exceptionally fine, and were sold for thirty cents a box.

WILD STRAWBERRIES

The first shipment of wild strawberries for this season came down the river on Saturday from John Douglas, of Hamstead, consigned to W. H. Dunham. The berries were exceptionally fine, and were sold for thirty cents a box.

BROKE INTO STORE; RIFLED THE TILL AND STARTED FIRE

A bold attempt at burglary and incendiarism was made in the store of LeBaron Wilson & Co. in Germain street on Saturday night, but the burglars received but little return for their trouble. The till at 78 Germain street and is used as a tailoring establishment. On Saturday night it was looked at ten o'clock by Mr. Wilson, who left everything in order before going home. Between ten and eleven o'clock the burglars effected an entrance by crawling through a cellar window and getting into the shop through a trap door in the floor.

The cash drawer in the front shop was forced and about \$10, all that was in the till at the time, was taken. Not content with having rifled the store, the thief or thieves went upstairs to the tailoring department and started a fire in some cutting which were on the floor. He then made good his escape, going out through a door at the back of the shop. Luckily, a woman passing saw the flames, and an alarm was rung in. The department responded immediately and

AN OUTING ENJOYED. The staff of F. A. Dyleman & Co. were entertained on Saturday afternoon by Mr. Dyleman, his fire motor boat "Ogith" taking the party from Indian town for a sail on the Kennebecasis and thence to his summer residence at Reaforth where a very dainty supper was served on the lawn and a very pleasant time spent in different amusements. The party left for the city in the nine thirty train after spending a most enjoyable outing.

The Evening Times and Star

A TORY CHALLENGE

The St. John Standard says: "Ever since 1868 the Liberal party in New Brunswick has been losing ground."

Do the Liberals of St. John and the province generally accept this statement as true? It is an open challenge to them to prove to the Standard and those for whom it speaks that the Liberal party is quite as able to hold its own as ever in the past.

"WE UNTO YE, HYPOCRITES" is Mr. J. W. Keirstead a political opponent, and is the Rev. W. R. Robinson a disappointed office-seeker?

The substance of his charge is that a portion of the temperance people and a few ministers are being made a tool of by one of the city candidates, backed by a certain minister.

Gravely oppressed by this sad condition, as a humble and conscientious citizen naturally would be, and yearning for utterance, we can readily understand the unhappy condition of this leading layman and recognized champion of temperance.

And the Globe "received him gladly." It had been waiting for him. By some premonition it knew of the travail of the soul of this leading Baptist layman, this temperance man of recognized standing, this citizen well known and respected; and it made room for him on the editorial page, among live matter, with the stamp of editorial approval on him and all his works.

Opinions differ as to the distance this pilgrim had to journey before he reached the goal. Some believe he travelled a whole block, some more; and some that he was already in the Globe office when the moment of inspiration came. Be this as it may, he arrived, and his consciousness is once more void of offence. He has done what he could. The villainy of Mr. Keirstead and Rev. Mr. Robinson is exposed, as well as the stupidity of a portion of the temperance people and a few ministers, and there does not seem to be anything more to be said. It is true that some wretched persons object to anonymous at-

tacks, and Monsieur Brann, in a recent sermon in New York, described an anonymous writer as "an assailant who, like a midnight assassin, wraps about him the cloak of anonymity and stabs his defenceless victims," but such opinions are not to be quoted as having any reference to a prominent layman and temperance man of recognized standing, who holds a brief for the Flemming government and is vouched for by the Globe.

ST. JOHN AND THE VALLEY RAILWAY The people of St. John have a vital interest in the construction of the Valley Railway all the way to Grand Falls. They must, therefore, have been startled on Saturday to receive confirmation from the columns of the St. John Standard of the assertion that the Flemming government a year ago had no intention of pushing the line through to Grand Falls, but was bitterly denouncing Dr. Pugsley because he insisted upon this course.

"The road if extended to Grand Falls would run through a narrow strip of territory between the river and the international boundary already served by the Canadian Pacific Railway, and except as a connecting link with the trans-continental would be valueless."

The Standard's article printed in June last, along with a map of the proposed route, declared further that just as soon as the subsidy act was changed by Dr. Pugsley to permit of construction from a point on the international boundary in the Parish of Andover the contract would be signed and the work begun.

Mr. Copp, on the other hand, is pledged to construct the whole line, and comply with the conditions which will make inter-colonial operations a certainty. In their own interests, therefore, the citizens of St. John should support the Opposition leader and the policy which will help so greatly to build up the port of St. John.

Two more days for an active canvass and to perfect the ward organization. Make them tell for better government.

Mr. A. B. Copp stands for a square deal, and for policies that will build up the province of New Brunswick.

The last days of the Flemming government are marked by weather portents of the most gloomy and depressing character.

A worried people find some comfort in the fact that the wild yells of the Standard will only last a couple of days longer. Thursday is polling day.

Mr. P. A. Guthrie says that Mr. Grimmer backed down "when Flemming and Harry took the grip." Whose grip was it that squeezed Flemming and Harry?

The Globe says that the C. P. R. is "the most satisfactory road we have in New Brunswick." What about the Inter-colonial? And why this praise at this time?

Read the report of the great Liberal meeting at Sussex on Saturday evening, especially the speech of Hon. C. W. Robinson on the record of the Flemming government.

The Globe expresses the hope that the C. P. R. will get control of the Temiscouata Railway. Will Mr. Flemming echo this expression? He is heading other lines in the direction of C. P. R. control.

President Curry of the Canada Car Foundries, Ltd., a strong Conservative, says that the road between St. Andrews and St. John is "actually dangerous," and the worst he had seen between here and Montreal. What has Mr. Flemming to say about it?

The successful work of Mr. Copp as leader of his party is the greatest surprise of the campaign to his opponents. They are not jeering any more. The Liberals are correspondingly cheerful over the situation.

SUFFRAGE IN KANSAS The Community Welfare League of Kansas City, Mo., has entered the campaign for equal suffrage. Petitions have been drawn and sent to sub-chairmen all over the state for the purpose of getting voters' signatures. The Kansas City Journal says: "Locally the movement is receiving much encouragement from the most influential men and the same support seems to be evidenced all over the state."

The annual report of the Cunard Line for 1911 shows that the net receipts for the year, including \$301,660 brought forward, amounted to \$4,491,750.

IN LIGHTER VEIN "Vicar's Daughter"—"I'm sorry you don't like the vicar's sermons, William. What is the matter with them? Are they too long?"

William—"Yes, miss. You curate's says, 'In conclusion, and 'do conclude. But 'vica' says, 'Lastly, and 'do last.'"

North-country Visitor (to friend, also North-country)—"Come on, it's too quiet here; we're getting no value for our money."

Friend—"No value? Why, man, I can hear three hands at once!"

Full Size—Customer—I want a ton of coal.

Dealer—Yes, sir. What size? Customer—Well, if it's not asking too much, I'd like to have a 2,000-pound ton.—Brooklyn Life.

Exactly—Did her wedding go off without a hitch?

Yes, indeed—the man she was going to marry didn't show up.—Brooklyn Life.

More Than One—Jack—Are you going to the big fight?

Jack—Do you mean Las Vegas or Chicago?

No Expected—"How old are you?" asked the little boy of the lady who was calling on his mother.

"Why, Willie!" exclaimed his mother, "you must not ask a lady a question like that. It's not polite."

"Why mamma! She isn't supposed to tell the truth."—Yonkers Statesman.

No Time—"Why doesn't James Jones go to work and get prepared?"

"Because," replied the lady friend, "he's a patriot who never neglects his duty as a citizen. He has been a member of the petty jury three times, a member of the grand jury twice, a delegate to four conventions and has gone unreluctantly to the legislature frequently. What time has he had to himself!"—Washington Star.

"Yes," said the veteran, "at one time we were within an inch of freezing to death. Luckily, however, and he gazed reflectively at the ceiling—"we had the presence of mind to fall into a heated discussion."

There was an old soldier, who said to a friend—"My wife does look after me well. She even takes off my boots for me."

"When you come home from the club," the friend said.

"No, when I want to go there."

Rich—"Are you going abroad this year?"

"No. You say, I can afford to stay at home."—Baltimore American.

Miss Oldstyle—"I don't think that a college education amounts to much."

Mr. Sparrow—"Don't you? Well, you ought to pay my boy's bills and see."

"What started the riot at the performance of 'Hamlet' last night?"

"Why, Hamlet held the skull and said: 'Alas poor Yorick. You are not the only deadhead in the house.'"

SCENE FROM MISS ANGLIN'S PLAY "GREEN STOCKINGS"

an over-actor in the New York World, in describing Miss Anglin recently, said in part: "In forming a mental picture of the individuality of Margaret Anglin, it is very necessary to emphasize her Irish descent. You must also put out of your mind any thought of the Zira's, Mrs. Danes, and Helen Ritchies—those emotional roles in which Miss Anglin earned the reputation of being America's greatest emotional actress—tearful, sobbing, dramatic roles. It is impossible to be in her company two minutes without discovering that she is a critically vivacious individual, with a refreshing Irish tendency to say exactly what she thinks. She is quick in her movements and exceedingly quick of speech. To illustrate her meaning, she will grab the nearest article to hand, whether it be a powder puff, a fan, or a chocolate éclair. I think the greatest emotional roles, although they made her famous, have been getting on Miss Anglin's nerves, and she seems to be genuinely and impressively glad to have the delightfully humorous, sparkling role she is now acting in 'Green Stockings.'"

The coming of Margaret Anglin, without doubt, going to bring much pleasure and satisfaction to the thousands who will see and hear her Monday, Tuesday and Wednesday, July 1st, 2nd, and 3rd.

ordered to pay enormous damages. But the peculiarity of these actions is that the verdicts of the courts invariably remain placid. The rebels, who in the past have included Bernhardt and Couguin, are sentenced to pay, and never do pay, and the magnanimous Comedie does not press the point.

A New Pavement

The broad and stately Avenue de l'Alma is rapidly being put in a state of siege. Both the roadway and pavement are blocked with enormous and mighty blocks of sand and granite rubble and piles of the debris and rubble, the whole forming a rampart round an enormous machine, whose cylinder grinds without ceasing from morning till night. The machine manufactures, it is said, a composite of incredible hardness—one that is able to defy the flying wheels of any traffic for at least ten years, while always presenting the same uniformly smooth surface. The cylinder simply crushes like walnut granules and any other substance with which it may be fed. Finally it turns out a mixture that, combined with tar cement, is to form the pavement of the future.

The Municipality is on the point of signing a firm contract for \$5,000 worth of trial. The question is whether or not the new substance will destroy tyres in self-defence, but it advocates say that, on the contrary, it over its durability in part by its smoothness and absence of friction.

In this connection a word may be added in favor of some effective check upon the habitual "soothing" of the Paris chauffeurs. Only the other day three serious accidents occurred, when the saddest of which took place at the "Front-point" of the Avenue des Champs Elysees, always a most perilous crossing because of the stream of taxicabs that come bustling up and down like torpedoes. Two young girls were out for a holiday walk, and were intending to cross the avenue, when they saw a motor car sweeping down. They appear to have hesitated a moment, but not so the chauffeur, for in a second he few past, leaving two senseless bodies stretched behind him. One of the girls was killed outright, and the other was carried to the hospital with a fractured skull. Paris drivers were always noted for reckless driving, but of late they appear to have lost all consideration for the lives and limbs of foot passengers.

REV. A. J. ARCHIBALD

CHAIRMAN OF SEVENTH BAPTIST DISTRICT

The seventh annual meeting of the seventh district of the United Baptist church was brought to a close by a service in the Ludlow street Baptist church last night when a sermon was preached by Rev. H. R. Boyer, of the Fairville church. The annual sermon was preached yesterday morning by Rev. Samuel Johnston, of Chances Harbor.

Yesterday afternoon the children of the Charlotte street Baptist church met in their school room and marched to the Ludlow street church, where the lesson was taught by C. A. Laubman.

The election of officers took place at the session Saturday afternoon, resulting as follows: Chairman, Rev. A. J. Archibald; vice chairman, Rev. W. R. Robinson; clerk, D. C. Clark; assistant clerk, Rev. H. R. Boyer. The executive will consist of the district chairman and clerk, Rev. H. R. Boyer, C. E. Byles and A. W. Stevens, of Fairville, and one other.

Resolutions were passed last night thanking the members for hospitality, the choirs for music and the speakers.

WANTED—A girl for general housework. One with experience preferred. Good salary. Why spend so much time over the lower forms of life? Yes, that is true, children are cruelly treated, but we answer that if the quality of kindness is taught, as we believe it can and should be taught in every class in every school, there will be less and less cruelty, even to children. The children of today are the parents of tomorrow, and every year sees a new generation. Moreover, the pupils of today are the teachers of tomorrow. All teachers would not be equally successful in conducting Bands of Mercy. I have known many teachers who should have been formed into Bands of Mercy for their own improvement. As I have known these, it would be impossible for them to teach kindness. I remember a teacher whose favorite method of punishment was to pinch into the ear

ATTEMPT TO BRIBE A TAFT DELEGATE

SO SAY WE ALL OF US. St. George Greetings—We must say that the record of the present government for the past four years does not appear to warrant the people in returning them to power.

LOOKS GOOD IN CHARLOTTE. St. George Greetings—The Opposition party of the county, during the past week, have got down to business and are now working with a vim which will give their government candidates a fight for their position and seems quite favorable for a partial victory if not an entire sweep.

PERTINENT QUESTIONS. Hartland Observer—Did you ever hear of road work being done in the winter? The Flemming government paid for it with a quarter of a million dollars for road work and bridges between November 1911 and March 6, last. When you suppose this road work was done and who got the money?

IN A NUTSHELL. Hartland Observer—They promised economy, and they have been profigate. They promised non-partisanship and they have been continually and openly partisan. They promised good roads, and they have wasted the road money in political expenditures and left the roads worse than ever. They promised constructive policies, but they have introduced none.

ON STRAIGHT PARTY LINES. Hartland Observer—Orators stumping the country are promoting co-operation. They make no attempt to show that the government party and the Conservative party are one and the same. Premier Fleming has made no appeal for Liberal support. He does not do so more than the Conservative party.

WITHOUT PARALLEL. Hartland Observer—There is probably nothing in the political history of Canada to parallel the loss of prestige by the present administration during the last four years. Money will be poured out freely by the corrupt forces of the government at Ottawa and Fredericton in the hope of stemming the rising tide of popular indignation against the Flemming party, but the use of such a large appropriation fund will not suffice to save the day.

Hartland Observer—The Conservatives claim for Fleming a majority of 280. Four years ago this man had twice that majority. Why should he be less today? The odds would naturally be in his favor, but he was charged at the last election that Fleming was fighting two governments. He now has both on his side.

OPINION OF THE FARMERS. Montreal Transcript—All over New Brunswick the farmers are talking of forming co-operative societies. If they do, they will be able to command the services of one of the names of the farmers of the province. This would mean that the farmers of New Brunswick would be able to command the services of one of the names of the farmers of the province.

STICK IN THE MUD GOVERNMENT. Montreal Transcript—A Flemming candidate in Kent County the other night on a political meeting to tell about the development of Flemming had been got stuck in the mud. That is ominous of where the Flemming government will be in the opposition platform is by no means the least.

NOTICE. THIS BRIBER IS DANGEROUS YOU CROSS AT YOUR OWN PERIL.

THE WATER POWERS. Montreal Transcript—The plain in his opposition platform is by no means the least. All over Canada great attention is being given to water power development, and Mr. Cope's policy in this regard affords another illustration of his progressive spirit.

LANDRY HAS A VERY BAD TIME WITH VENIOT

Latter Proves His Charge in Joint Debate With Government Member

A STIRRING SCENE

Bay on Payroll for Kent County Work and His Endorsement Forged on Check—Landry Sits Mum Under the Grilling

Buctouche, N. B., June 15—The largest political meeting ever held in Kent county took place tonight. It was a joint debate between the Hon. D. V. Landry and P. J. Veniot. The meeting was an open air one and was presided over by F. X. LeBlanc. Early in the day crowds from all the parishes in Kent and adjoining counties began to arrive in town and at 8 o'clock, at the time the meeting opened, there must have been at least 8,000 people present.

Mr. Veniot in rising to speak had to stand several minutes to allow applause which was tremendous to subside. He immediately launched into new profanity, of a staid pay lists and forged endorsement on checks.

THE LIVING EVIDENCE

Amidst the excitement, Mr. Veniot stepped forward and raising his hands restored quietness, and then holding in his arms a young boy of ten years named Elmon Girouard, whose name was put on the pay list of the McLean bridge for \$28.87, and whose check had the endorsement forged. The excitement was at fever heat and the crowd went frantic with cheering.

Mr. Veniot also read an affidavit showing where a certain man had worked on a farm belonging to one of the bridge superintendents and had received a government check in payment.

Mr. Veniot, taking the report of the agriculture department and comparing it with Dr. Landry's speech, proved how the minister had misrepresented the facts as found in the report.

This was done in three different instances and the doctor said that Mr. Veniot placing the report under the minister's own nose defied him to contradict his version of it.

Mr. Veniot also spoke of the leasing of the oyster and clam beds in the Bay of Buctouche and proved that the Conservative press, the Moncton Times and the Moncton Acadian, were in favor of leasing to capitalists and the capitalists in favor of getting hold of the great revenues from these fisheries which belong to the poor and hard working class.

Mr. Veniot also spoke in English for about fifteen minutes.

The doctor, in his reply, spoke in English and never attempted to answer Mr. Veniot's serious charges but repeated part of his French speech.

The Liberals of Kent are delighted over the outcome of this meeting, as a great many Conservatives had said if Veniot could prove his charges "we never will vote Landry's ticket."

Mr. Veniot did prove his charges in a manner which left no doubt.

THOSE ROADS AGAIN

N. Curry, Head of Big Industry, Has to Abandon New Brunswick Motor Trip

A gentleman who it will be admitted is a most impartial critic as he is one of the best known Conservatives of the Dominion, arrived in the city yesterday en route from Montreal to Amherst, by automobile and expressed himself as failing to understand how a public road in any province could be as bad as the highway between St. Andrews and St. John. The gentleman is Dr. Nathaniel Curry, president of Canadian Car Foundries, Ltd., who was accompanied by his wife and N. G. Curry, his son, and the latter's wife.

Dr. Curry said he had been in Montreal on Wednesday and came through New Hampshire and Maine to St. Stephen and St. Andrews.

"After leaving St. Andrews the road was villainous," he said, "and I fail to understand how a public road in this province or any province for that matter could be in such a condition. It is actually dangerous and no place for a high power car. Here and there I could see signs of automobiles having become mired by the roadside, with the marks of the slides used for extricating them still visible. It was by far the worst road that we saw anywhere on our tour."

"I shall not return through New Brunswick," said Dr. Curry, "but I have found it a very pleasant trip to motor from Amherst to Yarmouth through the province of Nova Scotia, skip the car to Boston by steamer and take the United States roads to Montreal."

MORNING NEWS OVER THE WILES

The schooner "Kalmala," owned in Sydney, N. S., ran ashore on Saturday night off Chatham, N.S., striking the Chatham light for the Pollock Rip Light. Her crew walked ashore at low tide. It is thought she will be a total wreck.

It is being charged in Ottawa that the federal government is tinkering with the tariff, and that a mistake is being made in that the rates are being modified with in part instead of having a general revision next session. The announcement made by Hon. Mr. White, minister of finance, that he intended following the policy of the Liberals in having all tariff changes made as part of a general revision has not been viewed up to.

"WHEN FLEMMING AND HARRY TOOK THE GRIP"

Fredericton, June 15—The following remarkable letter, written by P. A. Guthrie, a Fleming supporter and secretary of the Southamptown Railway Company, shows how the Fleming Government transacts public business—of a certain kind:

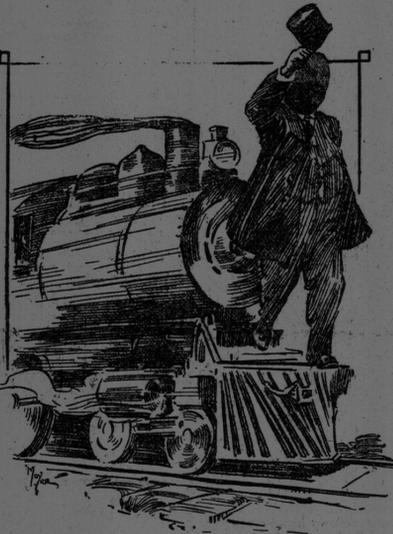

Fredericton, N. B., February 24th, 1912  
O. S. Crockett, Esq., K. C., M. P., House of Commons, Ottawa.

Dear Mr. Crockett: I am enclosing herewith the agreement for lease between the Southamptown Railway Company and the C. P. R. which I thought perhaps you would like to look over before it is finally executed and agreed upon for the reason that you had the talk with Mr. Beatty with reference to the changes that were to be made and would know whether or not it is now in accord with your arrangement. You might then send it on to the C. P. R. with instructions to hustle it right on to us as the whole matter is tied up until this agreement is placed in the hands of the Government.

We were expecting it down yesterday in the afternoon and had it come to hand I intended to go to St. John last night to present it to the Government and get the order-in-council through. AS IT DID NOT COME TO HAND WE GOT IN TOUCH WITH FLEMMING AND HARRY AND GOT THEM TO HAVE THE GOVERNMENT AGREE TO PASS THEIR ORDER-IN-COUNCIL, JUST AS THOUGH THE LEASE HAD BEEN SUBMITTED AND HAVE EVERYTHING IN READINESS so that when it did come to hand there would be no time lost. We got them also to agree to have ALL THE PAPERS REFERRED TO HARRY FOR HIS APPROVAL AND SIGNATURE. Upon his approval of the papers etc. Dixon will complete the order-in-council and get the Governor's sanction. Grimmer was opposed to this course but finally consented WHEN FLEMMING AND HARRY TOOK THE GRIP.

Yours etc.  
P. A. GUTHRIE.

READY FOR THE FIREWORKS

Roosevelt leaving by fast train for Chicago on distress signal from his supporters.

VERDICT IN ONTARIO WRECK

Nipigon, Ont., June 16—Assumption that all was well, when certainty should have been made doubly sure, the mistaking of the vowel "o" for "e" over the telephone and the absolute disregard of a message by the conductor of the east bound freight, were the cause of the wreck by which four lives were lost at Red Rock. The facts came out at the inquest held here by Coroner Laurier yesterday morning, showed that the horrible accident was the result of taking too much for granted on the part of various employees of the company, and the statement was made by Conductor Dennis Degan, of Extra 1076, that he cleared from Pearl because he felt that a message which he received there, and which should have held him at that point was "phony."

THE GOVERNMENT TICKET AS CONSTITUTED IS A FAIRLY STRONG ONE BUT NOT AS STRONG AS A JUDICIAL SELECTION OF CANDIDATES FOR NOMINATION MIGHT HAVE MADE.

SIGNS OF VICTORY MULTIPLY

Election Day Comes With Every Prospect of Liberal Triumph

GOVERNMENT LOSSES

Supporters Deserting Them for the Opposition in All Counties—Temperance Forces for Mr. Keirstead—Fine Meetings in Several Counties

As election day approaches the signs pointing to a Liberal victory are increasing rapidly. From almost every county some stories of the discouragement of the government forces and the rapid gains of the opposition. The government seems to be being supported mainly by the temperance forces.

There are many reasons given for the change, and they hold strong ones. The government is being condemned on its record of broken pledges and double dealing; it is weakened by internal dissensions, the splendid calibre of the men in the opposition ranks attracts support; the lack of a progressive policy on the part of Premier Flemming and the advanced programme which has been laid down by Mr. Copp have had their influence, and above all, there is a profound lack of trust in the present administration, and a strong feeling that one term was more than enough for it.

An examination of the field last week showed nineteen seats which were practically conceded to the opposition by the government forces, and in addition to these there are enough others in which the chances are so favorable to the opposition as to make the return of Mr. Copp as premier as certain as anything in politics can be.

One of the interesting features of the campaign in St. John is the active fight being made by the Liberal forces in the interests of J. W. Keirstead. The Nickel theatre was crowded last night when Mr. Keirstead, Mr. Keirstead, of Toronto, secretary of the Moral and Social Reform Association.

Mr. Little delivered an intensely practical speech of half an hour's duration. He declared that he was not in politics for the sake of making a name for himself, but was willing to make the sacrifice on behalf of the people of the rural districts.

He also spoke on the subject of cheap electric power for farmers, and declared that a government which would provide the lead there was no reason in the world why every farmer in New Brunswick should not be supplied with electricity for light and power at a nominal cost. He stated that such was the case in Switzerland, and it could be done in New Brunswick.

Mr. Little declared that Mr. Copp was the first political leader in the history of the province to offer something of real benefit to the farmers, and it was Mr. Copp's platform that induced him to become a candidate.

His speech made a profound impression on the audience.

GOES TO MONTREAL

Wm. McE. Blewett left last evening for Montreal to assume the management of the Abbey Effervescent Salts Co. Ltd., in succession to the late Major Rodgers, who lost his life in the company's factory while attempting to save the lives of the girl employees during a fire.

Mr. Blewett was connected with the Father Morray Medicine Co. Ltd., at Chatham and Montreal and his many friends in New Brunswick will be glad to learn of his promotion. He is a son of George T. Blewett, of the North End. Mr. Blewett will spend the summer with his sister, Mrs. George A. Dickson at their summer cottage at Saint Rest.

LIBERALS SHOULD NOT FORGET THAT MR. HAZEN IS THROTTLED BY THE WHOLE FORCE OF FEDERAL INFLUENCE INTO THIS FIGHT, ON STRAIGHT PARTY LINES.

MORNING LOCALS

Harry Sellen, grand master of the "Pentecost Boys, R. I. Goodell, W. J. Smith, J. McCortick, R. McKel and W. Durand have returned from Toronto, where they attended the annual convention of the grand lodge.

A baby was born on the Boston express which arrived here on Saturday morning. The mother was on her way to the city for treatment. Mother and child were taken to the hospital.

Hugh Leithan of Water street, has been reported for having a ferocious dog, and allowing it to run at large. The dog attacked Harold Craig, a young boy, on Saturday and bit him.

The Sons of England had played in Woodville on Saturday night. The members were dressed in new uniforms, which looked very neat. They paraded from King Square to the park.

There was a slight fire in the store of LeBaron Wilson in German street, on Saturday night. The fire was on the second floor, and was among some coal. It is not known how it started.

THE POLICIES THAT WILL BUILD UP NEW BRUNSWICK

The new administration will inaugurate a POLICY FOR THE RELIEF AND BETTERMENT OF AGRICULTURE;

By introducing legislation with a view to assisting provincial farmers, who lack the necessary capital to bring their land up to a satisfactory productiveness, such assistance to be by financial aid under proper safeguards, by long term loans upon the provincial credit, at a low rate of interest and easy terms of repayment, thereby increasing development and production and encouraging our farmers and their sons to remain in the province—

By associating a practical farmer with the administration of the Department of Agriculture—

By abolishing unnecessary offices in the Department of Agriculture so that the appropriations therefor may serve their purpose and no longer be largely wasted in the salaries and traveling expenses of useless officials—

By aiding the establishment of cheap rural telephone services throughout the province—

We will also remove the administration of the roads absolutely from politics, and place the expenditure of the road monies directly in the hands of the people, thereby abolishing the waste of the monies passing through expensive and unnecessary officials—

We will provide for the taxing for school purposes of granted forest lands lying contiguous to school districts (which now escape taxation), thereby improving the schools of remote and depopulated sections, and relieving from the present excessive rates the farmers who remain upon the land in these districts—

We will, except in cases of imperative urgency, put up all public works to tender and award the contract therefor to the lowest bidder—

We will provide in all government contracts, conditions to secure the payment of such wages as generally are accepted as current in each trade for competent workmen in the district where the work is carried out; this to apply also to work undertaken by the government which is done by necessary day's work—

We will keep ordinary expenditures of the province within the ordinary revenues—

We will undertake a re-survey and valuation of the Crown lands of the province and to provide for the conservation of our forest revenue under the direction of scientific foresters—

We will promote and encourage the colonization and settlement of the Crown lands, which are adapted to agriculture—

We will amend the mining laws of the province in the interests of bonafide developers and to prevent the holding of mineral areas by speculators.

We will not permit any legislation or departmental regulation to interfere with the customary privileges of the fishermen respecting the oysters, clam and quahaug beds along our shores, or support the creation of any monopoly in such oyster, clam or quahaug fisheries to the injury of the small fishermen—

We will introduce legislation to set aside certain streams, lakes and rivers, wherein the residents of this province, upon the payment of a nominal license fee and subject to proper regulations, may have the right to fish—

We will give careful attention to the development of the various water powers of the province under government control with a view to transmitting and supplying electricity at actual cost to manufacturers, farmers and others who might, with advantage, use this modern source of heat and power—

We will no longer permit the granting of these valuable water powers and franchises to companies for the purpose of private speculation to be held for gain against bonafide manufacturing interests seeking cheap power—

Upon this platform and my criticism of the administration, I confidently appeal for your support.

I am, yours faithfully,  
A. B. COPP.

ROUSING MEETING IN SUSSEX

Kings County in Line for the Victory to Be Won on Thursday

OPERA HOUSE CROWDED

Hon. C. W. Robinson, Dr. McAlister and the Candidates in Stirring Addresses—The Methods of Mr. Jones Are Again Exposed

Sussex, N. B., June 16—More than 700 people crowded the Opera House here tonight to hear rousing speeches by Hon. C. W. Robinson, Moncton, the Liberal candidate, Dr. G. N. Pearson, S. H. Flewelling, and Major O. W. Wetmore, and Dr. D. H. McAlister. The meeting was one of the largest and most enthusiastic held here in years and indicates a smashing victory for the Liberal ticket for Kings. Ex-Premier Robinson's searching criticism of the Hasen-Flemming administration caused tremendous applause, in fact it was one of his best efforts. Taking up plank after plank of the Hasen platform he compared the promises with the performance and mercilessly arraigned the government for its gross hypocrisy and double dealing. He charged Mr. Flemming with deliberate deception, referring particularly to Flemming's statement in his manifesto that his government had spent more on ordinary bridge than the former government, and he said that this assertion was made with a full knowledge that it was incorrect.

Speaking as a lumberman, he showed the hollowness of Flemming's statement made again and again, that there was no increase in the cut on crown lands. Quoting from statistics compiled by the interior department, he was able to show the increase in production from 1908 to 1910. Hon. Mr. Robinson was cheered to the echo as he flayed Flemming and his party; and as he set down the crowd arose one man and cheered again and again. The candidates received a flattering reception.

Speaking as a practical farmer, Major Wetmore told of the failure of the Flemming party to do anything for agriculture, beyond the large expenditure for a commission, which proved worthless and the finding of jobs for a great number of friends in the department. He gave many personal instances of gross partiality of the working of the highway act which struck sympathetic ears, but a high pitch of enthusiasm. Mr. Flewelling, as a business man, reviewed the methods of the provincial government from a business standpoint, laying particular stress on the expenditures for roads and bridges by the government of Mr. Flemming. His citing of two cases coming under his view, caused loud laughter and applause.

Dr. Pearson, who is the representative of the town of Sussex and that vicinity of the county, on the ticket, received an ovation. As he was late in arriving, account of his having to be out in the county at another meeting, he did not get in till the last of the meeting, but his appearance was the signal for an outburst of cheering. He devoted the few minutes at his disposal to a searching criticism of the relations of J. P. McAuley and George B. Jones, one of the government candidates, and amid ringing cheers, charged Mr. Jones with deliberately figuring in the public accounts by means of McAuley as a dummy. He ridiculed Mr. Jones' plea that he was going into personalities in referring to the matter, saying that he talked only of matters that were of public record. Loud cheers greeted Dr. Pearson's great speech, and there was a cry of "Give it to him," and "that's right," etc. As Dr. Pearson sat down there were demands for him to "go on, go on," the big gathering being roused to a high pitch of enthusiasm.

Dr. McAlister, who was in the audience, was called to the platform by the Liberal party. He spoke of the excellence of the material on the opposition ticket, and declared that from all indications they would be sent to Frederick as supporters of the Copp administration. (Prolonged cheers)

Mayor Charles H. Perry was chairman. In opening the meeting he referred to the large gathering which was surely an index that all was not well with the Hasen-Flemming party. He spoke of the excellence of the material on the opposition ticket, and declared that from all indications they would be sent to Frederick as supporters of the Copp administration. WANTS TO ROUND OUT 25 YEARS IN MAJOR LEAGUES

In these days when the pampered little brothers of the athletic fraternity must have their special trainers, their special medical directors, their rubbers, their liniments and the medicine chest to "get in condition," Denton T. Young, or "Cy" as everybody knows him from ocean to ocean, the "oldest professional baseball player in captivity," as he was called by himself, has gone back to the cornfield to "get his arm right."

Never heard of a baseball pitched cultivating corn to fit himself to shoot fast ones over the plate? Nor did anybody else, while he played "Cy" announced his formula a few days ago. That isn't his only original manner of training.

One spring he slipped into Cleveland for the beginning of the baseball season so fit that the manager of the team looked at him in admiration, and asked him what he had been doing. "Cutting up logs," replied "Cy" laconically. "Best exercise in the world, Cap. I've got fifteen cords of the finest hardwood that ever was stuck into a stove. It's seasoning out in the woodyard, and if you'll come down to the farm this winter I'll give you the tastiest steak broiled over hickory coals that you ever ate in your life."

The captain looked about him at some of his other players and granted, "Well if these fellows had been cutting up logs instead of cutting out corks we wouldn't have to waste two weeks trying to reduce weight." But that was in the old days, when the players were not so particular in their off season as they have learned to be.

Five years ago this tremendously big man, big in more ways than one, and simple in his manner, came a long distance out of his way to call upon the writer to inform him that he, "Cy" Young, cherished an ambition. "I may be getting to be an old dotty," said he, "but I want you to listen to me. I've got to tell you something, and it's about myself." Then his face crimsoned, and he paused for a moment, hitched around in his chair and cleared his throat. "I'm almost out of the question to induce Young to talk about himself."

REV. MR. LAWSON TO BE HOME THIS WEEK

Moncton Pastor Has Been Attending Sons of Temperance National Division in England

Moncton, N. B., June 17.—(Special)—Rev. G. A. Lawson, pastor of the First Baptist church, who has been attending the annual conference of the National Division of the Sons of Temperance in Sunderland, England, is expected home the latter part of this week. He sailed from England on Tuesday on the S.S. Laconia, and will disembark at Boston.

Rev. Mr. Lawson, who is most worthy patriarch of the Sons of Temperance in America, was one of the prominent overseas visitors at the big gathering in Sunderland. He delivered an address on the work of the order on this continent. He said that if they were to have success in their great work they must first of all have a vision. They should try to get a vision of the world's need and, having seen what the world was wanting, they could come down to their spheres of labor and apply the lessons of their vision. In the second place there must be a vigorous prosecution of the work which had been committed to them. He felt that the Sons of Temperance in the old country had had a vision, and were vigorously prosecuting their work. He had been impressed with the value of their scheme of benefits in the mother land, and felt that the time had arrived in Canada for them to take some steps to protect their members and preserve the strength and solidarity of their order.

He felt that, in order to do this in the North American division, they must adopt some scheme of benefits. Mr. Lawson commended the cadet movement in Great Britain. In this the order in Great Britain was far ahead.

MARATHON CHANGES

More Announcements With View to Further Strengthening

The management of the Marathons says they are determined to have a winning ball team, and with that end in view have made a few more changes. Ganzel, the first baseman, who has been playing good ball this season, will leave the team on Thursday and will go back to the New York state league. His place here will be taken by a player named Dutton, who comes highly recommended, not only as a first sacker, but also as a batter. Winkler, the Greek's new star pitcher, will also report for duty within the next few days. Chic Fraser, who played second base last season, will also probably be along in an early date.

BOSTON HOSPITAL IS TO BE SOLELY FOR APPENDICITIS CASES

Boston, June 17.—This city is to have the only hospital in the world devoted exclusively to the treatment of appendicitis. It will be opened next October. A large section of the historic Phillips estate in Beacon street, has been given for the hospital.

Montreal, June 17.—Of the delegates to the recently concluded International Navigation Congress held in Philadelphia, 16 are today visiting Montreal under the guidance of Lieutenant-Colonel W. H. Henderson, chief engineer of the marine and fisheries department, and Professor C. H. McLeod, secretary to the Canadian Society of Civil Engineers.

The delegates are from all the principal countries of Europe. The German delegation is particularly strong. Belgium, France, Italy and Russia were also well represented. Among the many distinguished engineers and navigation experts are Lieutenant-Colonel York, imperial engineer for roads and bridges; F. R. Eberer Von Coels Von DerBuggen, head of the German delegation; M. Charpentier, head of the French delegation, and Signor St. Justo Di Trulida, head of the Italian.

MISS JULIA TILLEY DEAD

Daughter of Sir Leonard Passes Away in Toronto

MANY YEARS IN GOOD WORK

Was Deaconess in Church of England and Was Connected With Rev. G. A. Kuhning's Church When Latter Was in Toronto

A despatch to the Times from Toronto says:—"Miss Julia Tilley, who held a foremost position in the work of the church in Toronto, died on Sunday in St. John's Hospital, where she was taken only on Friday last, after a long illness. She was the daughter of the late Sir Leonard Tilley of St. John N. B. "She was one of the first to take up the life of a deaconess for the Church of England, and afterwards became a naturalized subject in presenting the needs of the Church of England Deaconess and Missionary Training Home. "For a long time, she was identified with the Church of the Ascension, and labored in the lowest town district. She was the leader of the women's Bible class, and also of the branch of the women's auxiliary. Residence was taken to Rev. G. A. Kuhning, then rector and now of St. John. "Her executive ability was later recognized by the diocesan women's auxiliary when she was made president upon the death of Mrs. Williamson, a sister of Sir Edmund Osler. "Interment will take place in London, Ont., on Wednesday. Miss Tilley, small in stature, and wearing the deaconess uniform, presiding over hundreds of prominent members of the church, made an outstanding figure."

The late Miss Tilley had many friends in St. John, who will learn of her death with sincere regret. She left St. John some years ago to keep house for her brother, Arthur Tilley, of Toronto, and became so bound up in the work which she found for herself there that she would never give up her home in Toronto. For many years she had spent the summers with Lady Tilley in St. Andrews, and in this way kept in touch with many of her friends in this province.

During her younger years Miss Tilley did much good work among the children and the poor people of Toronto, and when she found that the office of deaconess would offer her a wider scope for her activities, she took the prescribed course and was set apart by the Bishop of Toronto about fifteen years ago. "For several years she worked in a downtown parish among the people of the slums and at the same time conducted a very large and successful Bible class for ladies in the upper end of the city. Miss Tilley had a deep interest in mission work, and about ten years ago she was elected to the responsible position of president of the Toronto Diocesan Women's Auxiliary, until her health failed. For the last two years she had been invalid and had been under the care of her sister, Mrs. J. D. Chipman.

Among the surviving members of her family are her sisters, Mrs. J. D. Chipman and Mrs. Thos. Burpee of Toronto, her brother, Arthur Tilley of Montreal; F. D. Tilley, of this city is a half-brother, and Lady Tilley is her step-mother. "Rev. G. A. Kuhning, with whose church in Toronto Miss Tilley was connected, today spoke in very high terms of the departed, when apprised of her death. He said that she was loved and respected by everyone who knew her. For many years she was a prominent figure in church life in Toronto and wielded a strong influence for good in the community."

ST. JOHN SALMON GRACES BOARD OF NEW YORK PRESS CLUB

A few weeks ago a St. John gentleman, who was visiting New York, was royally entertained at the New York Press Club through the courtesy of John Boden, formerly of St. John, but for many years prominent in the newspaper life of the American metropolis. Among other things was particularly inviting dinner in the Press Club's quarters at which he was sumptuously dined and wined before an evening of pleasure in attendance at a performance of the Garden of Allah.

As much as the variety and completeness of the entertainment provided for the St. John man, he appreciated the fact that it meant loss of valuable time for busy men and a consequent after rush to catch up. In the course of the dinner the quality of salmon came up for discussion and the St. John gentleman was able to say by his knowledge that there are no salmon to equal those of St. John, to assure his hosts that he could send them one that would lead anything they had in New York. Last week he kept his promise, sending a fine harbor fish, just out of the water. On Saturday he received the following telegram sent on Friday night: "We thank you for the most delicious salmon dinner ever served in the New York Press Club, and hope some day it may be our privilege to reciprocate so far as we can. We have toasted you and yours."

The telegram was from Messrs. Hennessy, Doyle, Westhausen, Keahan, Ellis and Boden of the Press Club. "A LABOR PARADE To the Editor of the Times: Sir—With regard to Old Home Week, I think it would be a good thing for all the laboring men in the city to have a grand parade on Thursday, July 11, by having all the millmen in line on that day. Let each mill owner call his men together, and talk the thing over. By turning out all the laboring men in a trades and labor parade we could make it the greatest day that has ever been seen in St. John in our time. Let the strangers see that St. John is all right. As it is the opening of Courtenay Bay, that will be a great day in our city, and think of our old friends and the old folks at home in Old Home week. Will the city fathers see that it is carried out in good style, and make the day a grand success. Yours, MILLMAN,

A Straight From the Shoulder Talk to Men

As you know, sir, we have here a safe, sure and original kind of clothing store for men of clothes-sense. We want you specially to know that it is a better store this year than it has ever been and, despite the talk of business backwardness, it is a more forward store than it has ever been—forward in records and forward in the matter of increased ability to serve well and to keep its own standard of true quality and true economy unlowered.

Today you can come here and find unlimited choice of suits at \$12, \$15 and \$18, and you will find true quality and true economy in each one of them.

We mention these low prices because the severest test of a store is to provide the man who wants to pay a low price with clothing that has high-priced features.

It is also reasonable to suppose that the store which can provide high-class features in low-priced clothing, can provide high-class clothing at relatively low prices. At least, we have suits at \$20 to \$30 that go to prove this.

Monday Specials in Collar Hug Clothes

\$15.48 a mighty low price as compared with their actual value. This is made possible by the fact that we bought the surplus stock of a house that supplies a large proportion of our regular stock at way under price. These garments carry our absolute guarantee and you are saving \$5.00 on each suit.
