

RECIPROCITY GETS DEATH BLOW

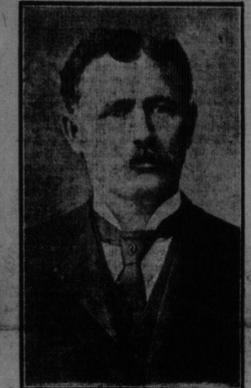

MR. HARTT TO MOVE ADDRESS

Arrangements Being Made For Opening Of Legislature On Thursday — Government Meets Day Before.

Fredericton, Feb. 23.—Premier Hazen arrived from St. John this morning and is a guest at the Barker House. His visit is in connection with the preliminary arrangements for the opening of the session of the New Brunswick Legislature a week from today.

The Premier will return to St. John this evening, but will be back in Fredericton early next week to remain for the session. The Provincial Government will meet on Wednesday next to consider the legislative programme for the session and take up other matters of routine business.

Mr. Hartt To Move Address. It is understood that T. A. Hartt, member for Charlotte County, has been asked to move the address in reply to the speech from the Throne at the opening of the Legislature and that he has accepted. Mr. Hartt is

MR. T. A. HARTT, M. P. P. He will move the Address in reply to the Speech from the Throne in Legislature.

a forceful and interesting speaker and will, no doubt, discharge the duties in an excellent manner.

No announcement has been made as yet as to who will second the address in reply to the Speech from the Throne.

Captain P. A. Guthrie has been appointed by Lt. Col. the Hon. H. F. McLeod to command the Guard of Honor at the opening of the Legislature.

The guard will be furnished by H. Company of the Royal Canadian Regiment about forty strong, with a number to be selected from the 71st Regiment to complete the guard.

The 71st Regiment Band will furnish music. The substitutes will be Lieut. Benjamin H. Wade, of a Company, and Lieut. Horace Vanart, of the Signal Corps. The adjutant has not yet been selected but may be Major Sansom, of Stanley.

ANOTHER RESOLUTION BY MEDUCTIC BOARD

Start Movement To Have Representatives Attend Political Conventions And Secure Pledge For Valley Railway.

Meductic, N. B., Feb. 23.—A largely attended meeting of the Meductic Board of Trade was held this evening when, after an address by W. S. Tompkins, the following resolution was unanimously adopted:

"Resolved, That this Board of Trade appoint a committee to confer with other Boards of Trade along the St. John Valley for the purpose of appointing delegates to attend political conventions when provincial and federal candidates are nominated."

The following committee was appointed: Allan Dow, Farris Dickinson, Milne Dow, Horace Johnston, Arvid Tompkins, Hartley London, Burden E. Dow, Judson Hillman, J. D. Porter, Arnold Dickinson, R. E. Patterson and George Simms.

The committee was appointed with the idea that concerted action may be taken by the Boards of Trade along the St. John Valley in the direction of urging the claims of the residents of that section of the province in favor of a St. John Valley Railway. If the two political parties in the province do not pledge their candidates to support the St. John Valley Railway, it is possible that the advocates of the railway may nominate independent candidates. This is left, however, to the discretion of the committee.

A committee was also appointed to correspond with A. B. Wilmut with the view of having more of the many immigrants being brought to the province settled in this section of the province.

TROUBLE OVER APPOINTMENT

French Canadians Demand To Be Represented Among Commanding Officers On Coronation Trip.

Special to The Standard. Ottawa, Feb. 23.—A protest against the appointment of Lieut. Col. James W. Woods as second in command of the Canadian militia contingent to the coronation has been laid by several members of parliament, chiefly French Canadians, who demand that a French Canadian officer be given one at least of the leading appointments in the corps.

The name of Col. Landry, a son of Senator Landry and an excellent officer, is mentioned as one who should be given the position of second in command under Col. McLean.

Whether the appointment of Col. Woods will be upset or not remains to be seen, but if not it is said that there will be wigs on the green.

Col. Woods has only been two years in the militia and his name is connected with some unsavory deals entered into by Hon. Wm. Pugsley and the public works department which have been aired in the public accounts committee and the House.

SENATORS TALK ON GRAIN BILL

Senator Lougheed Believes Drastic Legislation Is Necessary—Reciprocity Would Give Trade To Port Arthur.

Ottawa, Feb. 23.—In the Senate today Senator Lougheed resumed the debate on the grain bill. An examination of the bill showed that a commission was to be appointed to deal with the grain question.

The government had given much attention to grain inspection, but had not succeeded so far in checking irregular practices of mixing in terminal elevators. He read an article which stated that 70 inspectors had failed for years to stop a practice which took money from the pockets of the farmers for the benefit of elevator men and to the detriment of the reputation in Liverpool of Canadian wheat if the law had been properly administered in the past he thought such extensive frauds as had been alleged could not have been practiced.

The new bill proposed to remedy this and though the plan was somewhat paternal, he in view of the frauds which had been reported, thought the legislation was justified.

In the opinion of Senator Lougheed the proposed reciprocity agreement would result in the bulk of Canadian wheat being taken out of the country at points west of the great lakes and it would not pass through the Port William and Port Arthur elevators at key.

How did the government propose to protect the standard of the Canadian wheat which went out of the country by this route?

The bill was premature, it should follow the reciprocity decision, and if reciprocity was agreed upon, there should be protection of standards for grain crossing the boundary west.

CANADIAN MURDERED IN BOSNIA, AUSTRIA

James McGarvey Killed And His Wife Badly Wounded In Conflict At Crosseby—Oil Operator.

Toronto, Feb. 23.—A cablegram received today stated that James McGarvey, one of the best known oil operators in Canada, was murdered, and his wife, Julia, badly wounded today at Crosseby, Bosnia. No details were given.

McGarvey is 45 years old, and had been connected with the oil business in all parts of Canada and the United States. His brother, Albert McGarvey, is with him.

Bosnia is one of the two provinces of Turkey annexed by Austria two years ago.

RAINBOW ARRIVES WITH HER PRIZE

Vancouver, Feb. 23.—The Canadian cruiser Rainbow arrived here today with the captured American gasoline schooner Edrie, in tow. The Edrie is owned by the Cloupeck Fish Company, of Seattle, and valued at \$25,000. It was seized on a charge of poaching in Canadian waters in the neighborhood of Heckate Strait.

OPPOSITION LEADER SHOWS ADOPTION OF AGREEMENT WILL MEAN FARMERS' RUIN

Twelve Favored Nations Can Rush Products Into Canada with No Reciprocal Proviso -- Danish Butter Would Swamp Market and Put Dairies Out of Business--Wormed Out of Mr. Fielding.

Special to The Standard. Ottawa, Ont., Feb. 23.—What is regarded by the enemies of the reciprocity agreement as its deathblow, was dealt today by R. L. Borden. He proved from Fielding's own lips that the farmers of Canada would be delivered into the hands of their trade rivals of many countries, that they have been sold, not only to the United States, but to twelve other nations under the favored nation treaties.

The scene in the House was at times wild and turbulent, and it was always seething with excitement. The members had expected a quiet academic debate like the battle of yesterday, but the sting and deadly beauty before it became evident that there would be doings.

Dr. Reid questioned Mr. Fielding regarding the effect of the agreement upon the favored nations.

Forced To Answer. The finance minister would give no answer, but finally Mr. Borden forced him to give the House and the country a definite understanding where Canada really stood. Mr. Fielding for a while was evasive in his answers, but the opposition leader pinned him down to direct questions. He asked if each of the twelve favored nations would be able to send their produce into the Dominion on the same terms as the United States, that is if they would be able to send it in free.

Mr. Fielding was compelled to answer "Yes."

HE ADMITTED ALSO INDIRECTLY THAT CANADA WOULD NOT ENJOY THE EQUAL PRIVILEGE OF RECEIVING HER PRODUCE FREE INTO THESE COUNTRIES. IN SCATHING LANGUAGE THE CONSERVATIVE LEADER DENOUNCED THE DANISH BUTTER MAKERS, THE FINEST BUTTER MAKERS IN THE WORLD, WHO BE ABLE TO CORNER THE CANADIAN MARKET WITH THEIR BUTTER, AND SELLING AT A LOWER PRICE THAN CANADIAN BUTTER, SWEEP THE CANADIAN FARMER OUT OF HIS OWN NATURAL MARKET.

In return for the favor of getting butter into Canada free, the Canadian farmer would get nothing free into Denmark. Danish produce going into that country would still be subject to the high duties. And so with the Argentine and all the other favored nations. Their produce would come in free.

The Canadian farmer would have to compete on his native heath not only with the United States, but with all the great producing countries while these would still keep their doors barred against him.

C. L. Owen, East Northumberland, read a telegram from Washington stating that Senator Cummings had moved that the reciprocity agreement be amended so as to admit into the United States the manufactured products of Canada. He asked if this was done at Washington would the Canadian government take similar action.

Mr. Fielding replied that such action on the part of the United States would not affect the agreement because the United States was at perfect liberty to make additional concessions. As to what Canada would do he thought it would be well to receive such a proposition before replying to it.

Presentation of Memorials. Mr. Foster asked for copies of all the memorials in regard to the agreement so far brought down. "It is getting quite interesting," he said, "and we should have them all."

Sir Wilfrid Laurier—"Hear, Hear." For over an hour the House did nothing but listen to the presentation of memorials and resolutions passed by various bodies in regard to the tariff agreement.

Gus Porter, East Hastings, started the ball rolling by presenting a statement on behalf of the Straw Board manufacturers who claim that they will suffer on account of the provision that paper which sells for four cents or less will be duty free.

Mr. Knowles presented a resolution passed by the Swift Current Board of Trade averring that the agreement had met with the approval of the people of Saskatchewan and that freer trade relations with the United States would not affect the loyalty of the people of that part of the Dominion.

A. S. Goodlove followed with a number of petitions from the fruit growers of the Kootenay district.

W. S. Middlebroth then drew the attention of the government to the resolution passed by the Associated Boards of Trade of Ontario against the agreement, noting that it was moved by a Liberal and seconded by Hon. E. J. Davies, at one time a member of an Ontario Liberal government.

Mr. Fielding said that the only new point in Mr. Middlebroth's remarks was his appreciation of Mr. Davies. He was glad to see he had changed his opinion of him.

Winnipeg Against. F. R. Lafer, of Haldimand came next with the resolution of the Winnipeg board of trade, which he noted had been seconded by D. C. Cameron, the Liberal candidate at the last general election. It declared against reciprocity.

E. B. Law, of Yarmouth, followed with the unanimous resolution of the Farmers' association of Yarmouth, which, he said, consisted of both Liberals and Conservatives. It favored reciprocity.

David Henderson, of Halton, retorted by reading a resolution passed by the fruit growers of Burlington district protesting against the removal of the duty on fruit.

Hon. Wm. Paterson caused some amusement by reading from the Summerland Review, or Summerland, B. C., a couple of articles in support of free fruit.

Dr. Sproule objected that the minister was out of order, but the Speaker ruled against him and was permitted to proceed.

After Mr. Paterson had concluded Martin Burrell read articles from the Vernon News and other British Columbia papers with the object of showing that the majority of the fruit growers were strongly opposed to the removal of the duties on fruit.

Geo. Bradbury then placed on record a memorial of the vegetable growers of Kildonan and St. Pauls parishes near Winnipeg, as well as that of the Winnipeg grain exchange, two-thirds of whose members he said were supporters of the administration. These opposed reciprocity.

Denmark's Butter Free. Dr. Reid, of Greenville, said he understood that if the agreement went through, butter would come in free from Denmark just as from the United States and compete with Canadian butter. This was made possible under the favored nation treaties. He observed that when the delegation of farmers were here, neither the premier or the finance minister told them that 12 other countries besides the United States could send into Canada their produce in competition with Canadian farmers.

When Mr. Fielding had been asked the question in the House the other day, he had jumped up, irritated and angry, and said: "I am AFRAID TO TELL THE PEOPLE THE FACTS, THE WHOLE TRUTH, BECAUSE I WOULD DECEIVE THE PEOPLE REGARDING THIS MATTER."

Mr. Fielding said he had answered clearly enough. He could not answer any clearer.

Mr. Borden said he certainly could not understand it. Mr. Fielding had made a statement regarding dutiable goods. What he wanted to know was if the countries effected by the favored nation treaty would be able to send into Canada free of duty the same goods that the United States could send in free under the reciprocity agreement.

Mr. Fielding remarked that Mr. Borden knew perfectly well the effect of the favored nation treaties. (Continued on page 2)

REV. Z. B. GRASS UNDER ARREST

Minister At Moncton Charged With Setting Fire To His Residence Sunday Evening — Street Railway Work.

Moncton, Feb. 23.—Rev. Z. B. Grass, Reformed Baptist minister, was arraigned in the police court here this afternoon, charged with setting fire to his residence on Robinson street, last Sunday evening. It appears from the evidence that Mr. Grass was left alone in his house on Sunday evening, other members of the household going to the Central Methodist church, where the accused appeared later.

The fire was discovered in the attic where kindlings, partly burned paper, and a torch were found. The case was adjourned until Friday morning at the request of the counsel for the accused.

The complaint was laid by Chief of Police Rideout. Mr. Grass has not had any settled pastorate of late. He owned the house in which he lived, but is said to have been somewhat in debt.

Street Railway Plans. The city council tonight met in conference with officials of the Moncton Tramway, Electricity and Gas Co. and approved of their plans. The officials stated that work would commence at once on the installation of natural gas and construction of the street railway.

Electric Shock. A Rankine Smith, a nephew of Mrs. W. S. Fielding, of Ottawa, while splicing electric wires at the L. C. R. shops this afternoon, received a severe shock, from which he was unconscious for some hours. He was taken to the hospital for treatment, but his condition tonight is not regarded as serious.

NO INCREASE IN R. R. RATES

Decision Of Interstate Commerce Commission Goes Against Both Eastern And Western Lines.

Washington, Feb. 23.—The Interstate Commerce Commission decides against the railroads in both the "eastern" and "western" cases. The decision eagerly awaited by railroads and shippers alike, was handed down late this afternoon.

The cases are the most important that have ever come before the commission. The decisions were in the nature of a surprise to railroad officials and other exporters, who had followed closely the proceedings, a majority of whom believed the commission would grant some increase to the western lines if not to the eastern.

After considering exhaustively the whole subject, however, from every view point, the commission could not see its way clear to grant any advance in rates, although it concedes that in the case of some of the roads an increased revenue is needed. In what is known as the Eastern case, the commission was embarrassed by the admitted fact that several of the lines in the territory were paying good dividends upon existing rates, while other carriers in the same territory were barely able to make both ends meet—a few of them scarcely that.

Embarrassing Accident. A remarkable incident occurred as Governor Macgregor was about leaving Government house to open the legislature. In some way he fell on the sword of one of his aides de camp. The sudden movement to attempt to avoid an accident or minimize its consequences was so great that the breeches of His Honor's new Windsor uniform were ripped from the knee to the thigh.

It was only a minute or two of the time for the Governor's appearance at the legislative hall, but there had to be delay to give time to effect temporary repairs, and the crowd of spectators at the legislative chamber had quite a long wait. The governor sustained no personal injury.

Two or three years ago on a similar occasion, the salute was fired from the citadel half an hour off schedule time.

ACCIDENT TO N. S. GOVERNOR

Opening Of Legislature Delayed While Repairs To Windsor Uniform Are Being Effected — Speech From Throne.

Halifax, Feb. 23.—The Nova Scotia legislature was opened this afternoon by Governor Macgregor, who was received with a salute from the Citadel and a guard of honor at the legislative building. The speech referred with satisfaction to the settlement by the Hague tribunal of the long standing controversy between Great Britain and the United States in reference to the fisheries in Canadian and Newfoundland waters.

His Honor referred to the advertising programme of the provincial government in Great Britain, which had been carried on with vigor, the information disseminated regarding Nova Scotia having the effect of making the resources of Nova Scotia more widely known.

"It afforded me much pleasure," the governor said, "as my first official act, to welcome the advent to our shores of His Majesty's Canadian ship Niobe."

The city council tonight met in conference with officials of the Moncton Tramway, Electricity and Gas Co. and approved of their plans. The officials stated that work would commence at once on the installation of natural gas and construction of the street railway.

NOTICE.
 Notice is hereby given that application will be made to the legislative assembly of New Brunswick at its next session for the passing of an act to incorporate The New Brunswick Hydro-Electric Power Company, with power to acquire and develop the waterpower at Lepreau River and such other waterpowers in Charlotte and St. John counties as may be profitably developed and to generate electric power and transmit the same and to acquire rights, easements, franchises and privileges necessary for the efficient operation of the company, and with power to issue bonds to an amount not exceeding the capital stock of the company.
 Dated at St. John, N. B., this eighteenth day of January, A. D. 1911.
 POWELL AND HARRISON, Solicitors for Applicants.

NOTICE OF LEGISLATION.
 Notice is hereby given that an application will be made by The Saint John Railway Company to the Legislature of the Province of New Brunswick, for authority to extend its electric light and power lines into the County of Kings, also for power to acquire the franchise, rights and property of The Carleton Electric Light and Power Company, and for power to issue bonds to such an amount as may be approved by the shareholders.
 H. M. HOPPER, Secretary
 Dated at St. John, N. B., This ninth day of Feb., A. D. 1911.

NOTICE OF MEETING.
 A special general meeting of the shareholders of The Canada Refrigeration Co. Limited, will be held at the office of J. M. Robinson & Sons, in the City of Saint John, New Brunswick, on Monday, the twenty-seventh day of February, A. D. 1911, at 11:30 o'clock in the forenoon, to consider the sanctioning and confirming of the following by-law enacted at a meeting of the directors of the Company held on the eighth day of February, A. D. 1911, viz.:
 WHEREAS, The total issued capital stock of the Company is now forty-nine thousand dollars, and it is desired to increase the same as hereinafter set forth:
 NOW THEREFORE BE IT RESOLVED and enacted as a by-law of the Company as follows: That the capital stock of the Company be increased from forty-nine thousand dollars, the present amount thereof, by the creation of eight thousand and ninety new shares, each of the par value of one hundred dollars;
 AND RESOLVED, That all proceedings necessary to give effect to this by-law be duly taken, and the same are hereby authorized.
 By order of the President,
 W. J. BROWN, Secretary.
 Dated this tenth day of February, A. D. 1911.

IN THE SUPREME COURT.
 NOTICE TO THE CREDITORS OF DeWitt Bros. Limited, pursuant to the winding up order made by the Supreme Court in the matter of the said DeWitt Bros. Limited, and amendments thereto and in the matter of DeWitt Bros. Limited, bearing date the first day of February, A. D. 1911.
 The Creditors of the above named Company and all others who have claims against the said Company carrying on business at the City of Saint John and elsewhere are required on or before the first day of April, A. D. 1911, to send by post, prepaid to Henry F. Puddington, liquidator of the said Company, Robinson Building, Saint John, N. B., their claims and surnames, addresses and descriptions, the full particulars of their claims, and the nature and amount of the securities (if any) held by them and the specified value of such securities verified by affidavit, and in default thereof they will be presumed to be excluded from the benefits of the said Act and winding up order.
 Dated this eighteenth day of February, A. D. 1911.
 H. F. PUDDINGTON, Liquidator of DeWitt Bros. Limited.

NOTICE OF LEGISLATION.
 NOTICE is hereby given that a Bill will be presented to the Legislative Assembly of the Province of New Brunswick at the next Session thereof, to amend Chapter 61 of the Acts 23rd Victoria, being "An Act establishing and maintaining a General Public Hospital in the City or County of Saint John," so as to grant to all Physicians, duly registered according to the Laws of said Province, whether on the Staff of said Public Hospital or not, the right to visit, attend, prescribe for and direct the treatment of patients in or paying patient in said Public Hospital, who requests the Medical or Surgical attendance or treatment of any such Physicians and to use the operating room and apparatus belonging to said Public Hospital.
 Dated at St. John, N. B., this Eighteenth day of February, A. D. 1911.
 JAMES A. MCINTYRE, M.D. JOHN M. BARRY, M.D.

Notice of Legislation.
 Notice is hereby given that a bill will be introduced at the next session of the Legislative Assembly of New Brunswick, to amend "The New Brunswick Dental Act," so as to provide for increasing the fee payable on examination, to provide that any assistant, not registered, employed by any registered dentist in his office shall be under the personal supervision and direction of such dentist. To provide for the application of fines imposed and collected under the provisions of said act, and for other purposes.
 By Order of the Common Council of the City of St. John.

Public notice is hereby given that a bill will be presented for enactment at the next session of the provincial legislature the object of which is to provide for the taking of a plebiscite, at the civic elections in April next, as to whether or not the elections of the City of St. John are in favor of governing the said city by an elective Commission of five persons consisting of a Mayor and four Commissioners in lieu of the present system of civic administration.
 Dated at the City of St. John, the twenty-seventh day of January, A. D. 1911.
 HERBERT E. WARDROP, Common Clerk.

ORIENTAL TOUCH FOR MOTOR GIRL

In this motor hat and veil there's a strong suggestion of the orient, although the photograph came directly from Paris—the hotbed of early fashions.
 This hat is of natural-colored straw and cream lace, and is feathered—fitting close to the head.
 The ends of the gracefully draped blue veil are weighted and finished with tassels.

GETS THIN ON THRASHING NO WALK TO TAMPA CHECK TO ORDER

Miss Dora Harrison Lost Pound as Often as Mr. White Called, Mr. Soatneck Would Use Him Very Roughly—Sister Sympathetic.

Savannah, Ga., Feb. 23.—Accompanied by Mrs. Margaret Brown, a native of New York, but a winter resident of Savannah, Miss Dora Harrison, of Evergreen, L. I., who is walking on a wager and for the purpose of reducing her weight, left a few days ago for Tampa, Fla., on the last half of her extensive pilgrimage. The young woman, on the advice of Mrs. Brown, who is familiar with the roads in that section, will follow the tracks of the Seaboard Air Line Railway into Florida. The distance from Savannah to Tampa is 384 miles.
 Miss Harrison arrived in Savannah several days ahead of her scheduled time, and she is expected to leave for New York, approximately 1,000 miles, in forty-three days. Starting at 175 pounds, she has lost nearly a pound a day during the trip, tipping the scales at about 140 pounds on the evening of her arrival. It was her intention to continue her trip after a day's rest in this city, but she stayed over in order to meet Mrs. Brown and give the latter time in which to make her preparations.
 "I first conceived the idea of making the Southern trip to prevent an increase in my weight," said Miss Harrison. "When I first mentioned the subject a girl friend immediately volunteered to accompany me. Another friend—a man—offered to waver \$1,000 that we would be unable to make the trip, immediately took him up on that proposition. My girl friend got cold feet as the time to make the start approached, and I was forced to make the journey alone. I think I will have no difficulty in earning the money."
 The trip from New York to Savannah was rather pleasant. I was fortunate enough to meet with good weather nearly all of the way. I followed the railroad tracks nearly all the way down. It was, however, lonesome.
 Miss Harrison says the \$1,000 she expects to win by making the trip will be due upon her arrival in Tampa and will be paid to her there. She will then buy a saddle horse. On the return trip to New York she will be accompanied by Mrs. Brown, who is also an equestrienne. Mrs. Brown is willing to walk the entire distance back to New York if Miss Harrison agrees.

FASHION HINTS

Aside from the dominating simplicities of the Charlotte Corday fashions for spring suits and gowns, one other idea is which may help to mold the 1911 styles. This is the so-called German dress reform movement in which Paul Poiret, of Paris, has interested himself. He fashioned the recently shown skirt, divided at the bottom—the basis for some innovations in real or simulated division of the skirt soon to be displayed.
 Notwithstanding the simple lines and the scantiness of material, spring costumes will flatten the purse just as much as usual.
 The slender silhouette is still popular, the waist line is high and the hips are small.
 Sleeves will be close, though not tight fitting. In costumes and separate waists sleeves are almost without ex-

INSURGENT SUFFRAGETTE

MRS. TERESA B. GRIEG.

London, Feb. 23.—There is war in the camp of the militant suffragets. Mrs. Teresa Billington-Grieg is the insurgent leader. This good-looking suffragette was the initiator, five years ago, of the militant tactics. Before then she had been a prominent labor leader.
 She says the party is now an oligarchy, that Mrs. Emmeline Pankhurst and her daughters have made themselves autocratic and that everything is now done for their personal glorification and profit.
 "The working women have been driven out," says Mrs. Grieg. "The party is now ready to stick a dagger in the aristocracy. To become one of the sacred circle you must either have money or a title. A narrow religious exclusiveness has been introduced, and those who do not conform are kicked out."
 "When the movement started the aim was to obtain votes for women on a basis of sex equality. That has now been narrowed down to votes for those with academic qualifications. And what militant operations there are, happen solely for the advertisement of the Pankhursts and their following. They are ready to stick a hatpin in a policeman's eye, but they never stop declaring they are perfect ladies. They may kick and lame an infirm cabinet minister, but they never forget their titled relationships."
 The Pankhursts, so Mrs. Grieg says, found an "angel" at the start in Mrs. Pankhurst Lawrence, who financed their operations. Since then the money has rolled in, and Mrs. Grieg says that the Pankhursts have done mightily well for themselves.
 Consequently, Mrs. Grieg, as the apostle of the most earnest militantism, has broken away to form a society of her own. She commands a large following, comprising the whole of the north of England, and Scotland. It is likely that she will shake the women's social and political union, as run by the Pankhursts, to its foundations.
 Separate coats will be full length and the favorite ones will be made of satin.
 The wrap draped around the figure is seen in evening gowns made of soft, simple materials.
 Except in rare cases the coat to the new spring suit will be short. Broad collars are an important feature in the tailored suits and separate wraps.
 Dressy gowns are to be in peasant style, with the short one-piece sleeves and the collarless neck.

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.
 Mr. George Andrews of Halifax, N. S., writes:
 "Many years I have been troubled with chronic constipation. This ailment never comes single-handed, and I have been a victim to the many ills that constipation brings in its train. I tried many remedies, but in vain. I finally gave up and went to bed in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.
 That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.
 They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine.
 For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c a box."

SAINT JOHN, FRIDAY MORNING, FEB. 24, 1911.

COMMISSION IN CEDAR RAPIDS.

The article published today from Mr. H. V. Mackinnon, The Standard's representative who is investigating government by commission in Cedar Rapids, gives much interesting information as to the working of the system from the point of view of the commissioners themselves. Owing to the previous chaotic condition of the city's finances, and the general disorganization of civic affairs under the old regime of political graft and corruption, the commissioners find they must devote so much time to the city that their own businesses are suffering. The salary of \$1,800 a year, they say, is inadequate, and the opinion is expressed that \$2,500 a year would not be too much to pay under the circumstances.

It would seem from this that when the Advertising Committee of the Board of Trade promulgated their scheme and announced that \$1,800 to \$2,500 should be adequate remuneration for commissioners, who were to devote their whole time to the affairs of this city which is much larger than Cedar Rapids, either their knowledge was at fault or their estimate entirely too low.

As The Standard pointed out at the time, if St. John were governed by a commission, the conditions are so dissimilar to those in commission cities in the States that there would be no necessity for the commissioners to give their services exclusively to the city's affairs. No change in the platform has been announced, and in the light of the experience of Cedar Rapids the cost of running a commission in St. John would either have to be increased to about \$18,000 a year, or practically all citizens who have businesses which net them \$3,000 a year and upwards would be debarred from being candidates. Some announcement of a definite policy by the advocates of commission on this and other important questions will be awaited with interest.

It is worthy of particular notice that Commissioner Bennett emphasizes the fact that the system does not bring out the best men. He goes to the root of the problem of all civic government when he says the quality of the men is the essential feature. "I believe," he adds, "that you can get just as good men in a council of eight or nine as with the commission scheme."

The reform movement to elect a council of nine aldermen has a distinct advantage over the present commission plan. It invites the business men of the city, who claim that improvement in civic affairs is needed, to volunteer for active service. The commission plan shuts them out. A common council will cost the taxpayers many thousands of dollars less in salaries and there is not a single good feature in commission government that cannot be incorporated when the necessary reforms come to be carried out.

AND STILL THE FARMERS' BANK.

The deeper the probe is applied to the operations of the Farmers' Bank, the more corruption is found. Interest at the present centres about the peculiar methods employed to fake up the fraudulent deposit necessary to be deposited with Mr. Fielding to secure the issue of the certificate by the Treasury Board. One by one fresh names are added to the list of contributors thereto, and fresh indictments and warrants result. The Department of Finance is brought more and more into the limelight as the investigation proceeds, and the spectacle afforded is not an inspiring one.

It is plain from the evidence so far given that as bold and as shallow a piece of imposture as ever was worked was played off on a department which had all the necessary warnings and the necessary powers to have detected and exposed it, but which did nothing but ask Mr. Travers if he was really honest and then rested satisfied with his comforting affirmative. We see now why Mr. Fielding was such easy game for President Taft and Mr. Knox.

An interesting development comes out in Travers' testimony relating to the intervention of the Liberal whip, Mr. Calvert, in the matter. Travers was so shy an individual, and Mr. Fielding so hedged about with dignity and forms, that the Liberal whip's services were called in to perform the ceremony of an introduction. For this trifling courtesy, Mr. Travers says Mr. Calvert later received a loan without security for some thousands of dollars, and which was charged to "commissions," but which was afterwards paid back with interest.

Then the Trusts and Guarantee Company, of which Hon. J. R. Stratton, a Liberal M. P., is the president, gave a loan of \$50,000, knowingly to make up the sum necessary for the deposit, and which had been depleted by illegal payments. This loan was made, of course, before the certificate of the Treasury Board was granted and on the security of notes of subscribers to stock, and this security would have been worthless if the certificate had not been granted.

The public will wait with much interest the progress of the investigation, and the additional evidence to be given, amongst which is that of officials of the Finance Department and probably of the Finance Minister himself. The shareholders and depositors have petitioned Sir Wilfrid Laurier for a Royal Commission to investigate the whole matter and preferred a claim for their financial relief. Parliament also will have something to say about the matter. Altogether the probabilities favor a pretty thorough sifting of the whole abominable transaction.

FESTIVAL OF EMPIRE.

An interesting feature of the Festival of Empire, which is to be the great Imperial "show" of Coronation year in England, will be the "All-Red Route," which will consist of a railway and steamboat service running through the Empire city in the extensive grounds of the Crystal Palace, where the Government buildings of the various dominions of the Empire are located. The work of construction has now begun. A trip on the "All-Red Route" will enable the visitor to the festival to obtain a glimpse of the vast Empire, and the beauty and industrial and productive wealth of the various colonies. The railway line is one and a half miles in length, and the passenger is for the greater part under cover, yet seeing open scenes.

Boarding the electric train at the Pagant station the passenger will be taken on a complete trip around the Empire, so to speak, the first stopping place being Newfoundland. Through a covered way, the exhibition buildings of the oldest colony is entered. Here a complete paper-making plant will be one of the chief features of interest. From Newfoundland the train proceeds to Canada, and the first view of this great Dominion is a vast stretch of forest-land, with groups of men busily engaged in felling and clearing timber. Then the train is transferred, with its full complement of passengers, to an ocean ferry, and thence to Jamaica. The next sight is a Malay village, followed by India, with its historic temples, jungles, palaces, bazaars and other scenes, typical of the East. Australia and New Zealand follow, with a host of interesting features illustrative of the marvelous development of Australasia.

The homeward journey is made by way of the Cape, where realistic representations are given of scenes on the yield, natives engaged in various pursuits, and gold mines in full operation. The "round-the-Empire" trip by the "All-Red Route" is now on view to the public in a special building in the Strand, and has become one of the sights of London, as many as 10,000 persons having viewed it daily during the past fortnight.

In addition to the "All-Red Route," there will be a mono-rail system installed by Mr. Chalmers Kearney, starting from Empire avenue, running round the Country Life section and embracing all the principal outlying sections of the festival. Another interesting feature will be the Tudor village. The houses will be modelled upon the Elizabethan style, half timbered, with dormer windows and garbled ends. The designs have been made from the best examples extant of the Elizabethan style of architecture, and the whole village will be enclosed within embattled walls. There will be a real village green, with genuine old stocks and pillory; and the houses will be furnished with fine examples of furniture and curios of the period.

Some idea of the magnitude of the great festival scheme is apparent in the fact that there are at present no fewer than 3,000 men at work preparing the Crystal Palace and grounds for the opening ceremony in May next. This number will shortly be increased to 6,000 workmen. Two new magnificent stairways running from the centre transept of the palace down the main terrace are shortly to be constructed. Each of these will be over twenty-five feet in width, and will be designed in harmony with Sir Joseph Paxton's scheme of decoration. These will enable large crowds to pass freely and easily to the palace from the grounds, and vice versa. By happy chance, the material to be used is to be Empire stone. There will be several landings, so that visitors may pause to gain a glimpse of the fourteen-mile panorama of the Surrey Hills.

A feature of the Country Life section of the festival will be a demonstration farm, which should be of great interest to visitors from the overseas. This will be a field of wheat which is matured and reaped nine weeks after sowing. It is the result of a new scientific process, which promises the farmer independence of the weather, sure harvests, more abundant ones, and reduced expenditure.

Referring to claims against the Albert Southern Railway, the Telegraph remarks that Mr. Hazen "should scarcely presume to decide questions which fall naturally within the province of the courts." Having arrived at long last at that very sensible conclusion, perhaps the Telegraph will now suggest to Mr. Robinson that if any friend of his has a claim on the railway he should seek the courts for redress. If Mr. Robinson had adopted this course in the first instance, instead of attempting for political purposes to drag Mr. Hazen into a matter in which he was in no way concerned, he would not have made himself the laughing stock of the province.

Current Comment

(Simcoe Reformer, Liberal).

We are doing well as we are. Little attention need be paid to the contention that this reciprocity agreement spells annexation. On the other hand, its friends are wrong when they claim it will not make for the Americanization of Canada's future, as opposed to the Imperialistic programme. But if the other end of the Imperial line is to be dominated by men of the Winston Churchill type, openly boasting of the slandering and bolting of the Imperial doors in the faces of the colonies, what need for Canadians to bother? The geography tells us we are in North America. Perhaps it will be as well if we take the good things the gods provide.

(London Free Press).

The Boston Herald says of the reciprocity agreement: "It will relieve the drain on our forests and give us cheaper and perhaps better material." And the Philadelphia North American remarks: "It would mean a long step forward toward the prevention of the destruction of this country's forests." Yet there are newspapers in Canada which tell their readers that the country's forests have not been sacrificed in the agreement. The United States press is not deceived.

(London Spectator).

What ruined Rome was not the barbarian invasion, but (1) a declining birth rate and the dissolution of the marriage tie; (2) overwhelming taxation, especially on the land; (3) the introduction of a caste system through government action; (4) the attempt of the state to act as a universal providence; (5) the endorsement of idleness; (6) the neglect of national defence by the refusal to train the population to arms and by reliance solely on a professional army.

(Vancouver Province).

Thomas E. Edison can not understand why so much value is attached to gold, which for utilitarian purposes is only useful for "gilding picture frames, filling teeth and making ornaments." In this calculating, commercial age its sphere of utility has been largely extended, in building railways, constructing ships, passing subway bills, raising mortgages and carrying elections the yellow metal is not only useful but indispensable.

(Buffalo Courier).

Mark Twain was no admirer of Roosevelt, judging from a manuscript by the former written when T. R. retired from office, and treating of "the deliverance of the country." It says incidentally that "our people have adored this showy charlatan as perhaps no emperor of his breed has been adored since the Golden Calf."

CHILDREN'S SCALP SORES ARE HEALED BY ZAM-BUK

Mothers are well aware how frequently children contract scalp sores, ringworm, etc., at school. Some little sufferer is sent to school with a sore of this nature. At play the children change caps and right there the infection is spread—the damage done. Some children are particularly liable to scalp sores, etc., and often these break out with annoying frequency. Such a case was that of the daughter of Mrs. Albert Guedike of 484 Amherst St., Montreal, Que. Guedike says: "My little three year old daughter suffered frequently from scalp disease, and try as we would, we could not rid the little girl of this, and from the first applying it there was a marked improvement. The sores became less inflamed and less irritable. After a few days they ceased to trouble the child; and in less than a fortnight the first commencing with Zam-Buk, they were completely healed. In view of these facts I feel it my duty to let mothers know how beneficial Zam-Buk is."

There is no doubt that for scalp sores, ringworm, ulcers, abscesses, cold cracks, chapped hands, frost bite and similar sores, Zam-Buk is absolutely without equal. It is just as good for piles, varicose sores, poisoned wounds, cuts, burns and scalds. Rubbed well in over the affected part, it cures rheumatism, sciatica, etc., etc., and when rubbed into the chest it relieves the tightness and feeling of weight due to contracting a bad cold. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations.

CANADA'S FUTURE.

Oh! Canada, most blest thou art,
With promise rich and rare;
Who travels o'er thy vast domains
Over the valleys, hills and plains,
Wonderful inspiration gains,
Thy future to declare.

Abundant wealth lies hidden 'neath
The rocks of mountains high,
And precious metals lying there,
Bespeak a future grand and fair
Which, when revealed, millions will
Their needs to satisfy.

Industries great, yet unconceived,
Prophecy eye beholds;
As capital with labor blends,
Each party having common ends
Development their work attends
A future bright unfolds.

Blest! far above all others, thou
Art fairer than the fair;
From coast to coast and shore to
shore
Unlimited, thy hidden store
Of copper, gold and silver ore;
Your wealth's beyond compare.

Thy timber limits boundless are
In these thy tender years,
The hidden wealth at thy command
Will sail big ships to every land
Bringing your greatness nigh at hand;
A new world-power appears!

Another hidden source of wealth
Within your waters thrive:
The salmon, trout, and steelhead,
Contribute to the joyful song
That blest thou art nations among;
Canada long shall live!

Each province with the other vies
And claims its worth to prove;
With wealth of ore and fish or grain,
Of coal and timber, naught is vain;
This fair domain they sustain
In friendliness and love.

Surely, thou art supremely blest
With the largeness of store;
Magnificently grand, the sight
Which now proclaims thy future
bright:

None shall despoil thy vested right
While righteous is thy law.

As worthy sons of noble sires
Let each Canadian sing,
May Canada our land by birth,
Excel all nations upon earth,
And each adopted son prove worth:
God bless and save the King.
—Fred W. Tresham.

DEBEC.

DeBec, Feb. 22.—Mrs. M. Connors, of this place, met with a very painful injury while in Houlton, Me. She was knocked down and run over by a car and rendered unconscious for some time. She was taken by a passer-by to the nearest physician, who gave the necessary medical attention, finding a cut on the face which necessitated the taking of several stitches as well as severe internal injuries. This week has been one of unusual gaiety. Monday evening Mrs. Robert Fleming entertained at a birthday party which was largely attended. An interesting programme was carried out, and refreshments served.

A social was held at the home of Mrs. W. J. Lawrence, McKenzie Corner, which was well attended. A very enjoyable time was spent, and the proceeds were devoted to church purposes.

Quite a number from DeBec attended the lecture and concert which was held in the Methodist church, Benton, Rev. Mr. Whitehouse delivered a lecture on "Why I am a Temperance Advocate." A very interesting programme was carried out, which reflected much credit upon those who had the concert in charge.

Gordon Neave is home at the present time, suffering from blood-poisoning in the hand. Rev. Calvin Currie delivered a very forceful sermon in the Foresters' Hall Sunday evening. Mr. Vincent, who has been seriously ill for some weeks is slightly improved in health.

Mrs. Thos. Day, who has been at DeBec for some time, owing to the serious illness of her sister, Mrs. E. Sanderson, has returned to her home at Benton, now that Mrs. Sanderson is somewhat better.

Mr. Vincent and Miss Fannie McElroy, of Benton Ridge, spent Saturday at DeBec, the guests of their brother, Archie McElroy. Mr. and Mrs. John A. Sproule spent Sunday at DeBec. Mr. and Mrs. John Kennedy spent Sunday at this place, the guests of their son, W. L. Kennedy. Mrs. J. K. Flemming, of Hartland, is spending the week at DeBec, visiting relatives. S. A. Nason spent Sunday with his family at DeBec. The Pletou, N. E., steamship Wobun now in port, brought 2195 tons coal from Louisburg, C. E.

REFORMS IN PORTUGAL

Portuguese Republic Proving Itself Progressive—Taxation Assessment is Now Being Revised—Trade Revived.

—Lisbon, Feb. 23.—In many quarters abroad unfriendly to the new Portuguese Republic there's a marked tendency to minimize and slur over the real reforms that have been carried out...

Much has been accomplished by the provisional government since the republic was proclaimed on October 5 last. Taking the reforms in order the work accomplished to date is as follows:—October 18, House of Lords abolished...

In addition to these reforms the Jesuits have been expelled, necessary retrenchments have been effected in all departments of state, and numerous port and railway improvements have been carried out or decided upon...

Great Western Show at "Nickel." For the final two days of the week the Nickel has a rip-roaring programme of western pictures and a society comedy. The latter feature is enacted by the same company who put out that delicious fun-treat "The Widow's Choice" last Monday and Tuesday...

PROFESSOR LANGSDOWNE IN LANSOWNE

Schr. Jubilee, from Gloucester, Goes Adrift in Public Harbor and is Towed Disabled into Yarmouth.

(Gloucester Times, Feb. 17.) A very much appreciated piece of work was done recently for an American vessel in distress by the Canadian cruiser Lansdowne and it is safe to say that the merry captain of the latter craft will be held in high remembrance by captain, crew and owners of the aided vessel.

At this juncture Captain Burns of the Lansdowne was a gallant exemplification of the brotherhood of the sea, the bond which knows no severing when a fellow human being is in trouble. It was a generous, heroic effort in the face of the worst gale of the winter, and without doubt it saved lives, to say nothing of property.

OBITUARY. Miss C. Eliza Sabitt. The death took place at her home early yesterday morning of Miss C. Eliza Sabitt, of Swan Creek, Burton Suburb county, Miss Sabitt had not enjoyed her usual health for some few months past, but her death was very unexpected, and comes as a great shock to her friends in this city and elsewhere, who knew her as one with special sweetness of character and patience of disposition.

Frederick Thorne. The death occurred in Dorchester, Mass., Tuesday of Frederick Thorne, of 188 St. James street, this city. Mr. Thorne was a widely known and respected throughout the city, had but recently gone to Dorchester for treatment while suffering with Bright's disease.

HOTELS. Royal. S W Venning, Toronto; Robt Connely, Great Salmon River; G B MacDonald, Newport News, Va; H N Johnston, Bridgetown NS; A O Dawson, Toronto; H S Cunt, W Stairs, H Trinidad, Halifax; W W Latimer, Montreal; J C Osman, Coarad Isman, Hilltop, P P Shaw, N Y; A J M Wood, Boston; W H MacBeth, Geo B Jacques, NY; C E B George, Boston; H C Read and wife, Sackville; D R Clark, E H Skill, Halifax; W N Leuthwaite, Victoria; Mr and Mrs Millodde, Wallackin, BC; Mrs Andrew and child, Winnipeg; J H Mack, Boston; R A Barker, Fredville; H H Fodrin, LeCombe, Alta; W E Paside and wife, Fredericton; Mrs Keller, Ottawa; C W MacAvan, Salmon Harbor; Mrs A E Massie, Fredericton; J S Hunter, Toronto; E A Lawlor, Lieut. Gov of NB; Lt Col McKenzie, Chatham; Frank Thompson, Montreal; H W Dunn, Halifax; C Chinas, Montreal; P A Landry, Dorchester.

NEWS OF A DAY

LOCAL. Globe Laundry Plans. It is understood that the lot of land on Leinster street, east of St. Malachi's Hall, recently purchased from C. E. Vail by W. B. Tennant, has been sold to the Globe Steam Laundry. The laundry intends, as soon as the frost is out of the ground, to put up a new plant on the site to take care of their business, which is entirely too large for the present building. The price at which the lot changed hands is not ascertainable.

Early Morning Fire. Fire broke out about 7:30 o'clock yesterday morning in the roof of the house at 189 Brydalis street, belonging to the estate of the late Joseph Marcus. The blaze caught from the chimney, and an alarm from box 11 was sounded by the fire department. One hose was stretched and the blaze, which was confined to the roof, was extinguished in a short time, without much damage being done. There are four tenants in the house, William C. Goldworthy, William Sampson, John Harris and Fred Forrester, who with their families were rather rudely disturbed by the early morning blaze.

Knocked Down By Horse. Mrs. Daniel McCarron, while crossing Brussels street, Wednesday evening, was struck by a passing horse and sleigh and thrown to the ground, sustaining injuries of a quite painful nature, though not very serious. She was taken to her mother's home, corner of Brussels and Richmond streets, where her injury was attended to. The names of the two men who were driving the horse could not be ascertained.

Cogger Buys Building. John Cogger & Son, grocers and hardware merchants, Haymarket Square, have completed the purchase of the large store property, and Haymarket Square Hall, together with the freehold lot on which they stand, from the St. John Real Estate Co. The purchase price was not disclosed. This second real estate transfer shows that the Haymarket Square district is rapidly coming to the front.

CANADIAN. Sectionman Killed. Woodstock, Ont., Feb. 23.—Robert Townsend, a sectionman living near Woodstock, was struck by Grand Trunk express No. 6, westbound, and killed last evening and buried. Townsend leaves his wife and five children.

Peace Envoys. Toronto, Feb. 23.—Three members of the Hungarian Parliament are to be in Toronto on Saturday. They are Count Albert Apponyi and Messrs. De Pullovich and E. De Kovacs. Count Apponyi comes as the guest of the University of Toronto and will give an address on "The Menace of War as Europe Sees It."

Contract Renewed. Ottawa, Feb. 23.—The Department of Trade and Commerce has renewed for a year the contract with Messrs. Pickford & Black for a steamship service between St. John and Halifax and the West Indies. Tenders for the service recommended by the Imperial Commission on Trade between Canada and the British West Indies, will be called by the British government. Canada contributing to the cost of the service.

Centenarian Dead. Stratroy, Ont., Feb. 23.—Mrs. Janet McCordendale passed away rather suddenly last evening at her home on Metcalf street, aged over 100. She was born in the Hebrides Islands in June, 1810, and came to Canada with her husband in 1852.

Chatham Pulp Mill. Montreal, Feb. 23.—It is reported here that there is a prospect that Montreal capitalists will purchase the Miramichi pulp and paper mill at Chatham. The property now in liquidation can be secured for \$345,000. A Montreal capitalist has been looking over the property and expressed a desire to purchase it.

Sydney Criminals. Sydney, N. S., Feb. 23.—The Supreme Court, which has been in session here the last week, rose this morning, having completed the dockets. Judge Longley delivered sentence before the close of the session. Capt. Edward Dix, who was convicted of perjury, was sentenced to four years in Dorchester penitentiary; Wm. O'Neill, the New Waterford postmaster, was given three years in Dorchester. In the case of Dix, Judge Longley stated that he felt it necessary as the crime of perjury was a serious one that an effort should be made to impress society with the gravity of swearing falsely.

Mediterranean Storm. Cairo, Egypt, Feb. 23.—A violent storm is raging in the Mediterranean Sea. Three ships are reported ashore, one of them, the Tokwith, is said to be a total wreck near Jaffa. The fate of her crew is unknown. The steamer Tactician is ashore near Port Said, and the Duna near Bevelle.

Spy Story Denied. Paris, Feb. 23.—An authoritative denial is given the story printed in the royalist newspaper, L'Action Française, accusing Lady Madeline de Wolf Lee, wife of Sir Henry Austin Lee, commercial attaché of the British Embassy here, and daughter of Benjamin Franklin Smith, of New York, of acting as spy on behalf of both the British and German governments. The story is declared to be a preposterous fabrication.

Women Killed. London, Feb. 23.—A despatch to the Times from Teheran says that the Russian troops, after a skirmish with brigands, attacked the village of Yermannu, near Astara, although brigands were not there, and burned houses and massacred inhabitants, of both sexes. The victims are officially stated to number fifty. The affair seems to have been due to the barbarity of local military officers. The Russian minister has expressed regret for the occurrence to the Persian government.

A Derelict. London, Feb. 23.—The old French warship Richlieu, which for a fortnight has been drifting about a desolate dangerous to navigation, found port today on the rocks off the Scilly Islands. The craft was sighted by the life saving crew who first thought that a trans-Atlantic liner had gone ashore, but when a lifeboat reached the scene the crew recognized the French fighter. The Richlieu was being towed to Holland where she was to have been broken up, when two weeks ago in a gale, she tore loose from her tug.

Connaught Dined. London, Feb. 23.—The Duke of Connaught was entertained last night by the African Society. The duke reviewed exhaustively his African impressions, but made no mention of Canada. The Morning Post says: "The governor general of Canada must always be a man who can command the respect of the active and intensely virile people with no idea of courtly exaggeration. It is possible to declare that the appointment of the Duke of Connaught is the one obviously right appointment to Canada. The British nation is sending not merely a royal prince, not merely a tried statesman, but of all living Englishmen, the best man for the task." The London county council has decided that a portion of the official pension funds shall be invested in Canadian securities, owing to the higher interest obtainable.

ON ASSESSMENT LIST. The case against Theodore H. Bird, charged with doing business in the city without a license, will in all likelihood, be settled by the placing of Mr. Bird on the assessment list. In the police court the Magistrate held that unless Mr. Bird paid a business license he would be liable to a fine of \$40. Officers of the 62nd regiment have taken the matter up at City Hall and entered a protest against the imposition of a tax on Mr. Bird. Recorder Baxter has given it as his view that the matter can be settled by putting Mr. Bird on the assessment list, and this will probably be done.

Russian Horrors. St. Petersburg, Feb. 23.—An English family of the name of Marchayev has been attacked by natives near Grosny, Russian Caucasus, and several members killed, according to a report reaching here today. Mrs. Marchayev was mortally wounded by the natives and the other members were killed outright. After the murder the natives looted the home of the slain family. A telegram from Harbin reports the greivous discovery of a Chinese village near there, in which the entire population was dead from

\$700,000 Fire. White Plains, N. Y., Feb. 23.—An entire block in the business district of White Plains, was destroyed by fire early today with a loss of \$700,000. Hundreds of families were driven panicky from their homes. One fireman was killed and six injured. For a time it looked as though a large portion of the town would be burned out, so swiftly did the flames spread.

St. Petersburg. St. Petersburg, Feb. 23.—An English family of the name of Marchayev has been attacked by natives near Grosny, Russian Caucasus, and several members killed, according to a report reaching here today. Mrs. Marchayev was mortally wounded by the natives and the other members were killed outright. After the murder the natives looted the home of the slain family. A telegram from Harbin reports the greivous discovery of a Chinese village near there, in which the entire population was dead from

Contract Renewed. Ottawa, Feb. 23.—The Department of Trade and Commerce has renewed for a year the contract with Messrs. Pickford & Black for a steamship service between St. John and Halifax and the West Indies. Tenders for the service recommended by the Imperial Commission on Trade between Canada and the British West Indies, will be called by the British government. Canada contributing to the cost of the service.

Centenarian Dead. Stratroy, Ont., Feb. 23.—Mrs. Janet McCordendale passed away rather suddenly last evening at her home on Metcalf street, aged over 100. She was born in the Hebrides Islands in June, 1810, and came to Canada with her husband in 1852.

Chatham Pulp Mill. Montreal, Feb. 23.—It is reported here that there is a prospect that Montreal capitalists will purchase the Miramichi pulp and paper mill at Chatham. The property now in liquidation can be secured for \$345,000. A Montreal capitalist has been looking over the property and expressed a desire to purchase it.

Dangers to Navigation. New York, Feb. 23.—Stmr Saratoga, from Havana reports Feb. 21, at 59 18 N. lon 79 56 W., passed a heavy piece of timber showing 5 feet out of water.

Exports. For Havana per steamer Hero, Canadian goods, 16,558 feet spruce boards, 1788 bales hay, 205 drums fish, 20 boxes bladders, 1520 sacks oats, 12 barrels potatoes, Foreign goods—4500 barrels and bags potatoes. Value of cargo \$12,915.

Shipping Notes. The British barkentine Emma R. Smith, Captain Caneca, sailed from Key West last Tuesday for St. John, N. B.

Canadian News Notes. Montreal, Feb. 23.—The annual report of Penman's Ltd., shows profits for the year ended Dec. 31st, 1910, of \$281,168.66. This is equal to over 10 per cent. earned on the common stock after fixed charges and pfd. dividend. The balance brought forward from 1909 was very large being \$402,005.33, which with the profits of 1910 gave the substantial sum of \$783,173.99 available for distribution. This is over 10 per cent.

EVEN UNDERTONE IN STOCK MARKET

New York, N. Y., Feb. 23.—Through-out today's session of the stock exchange the market maintained a good undertone, although the day was one of disturbing uncertainties. Closing prices recorded few net changes of consequence. Such strength as was shown was largely negative, in that attempts to depress prices met with little success despite the imminence of the decision by the interstate commerce commission in the freight rate cases, and the greater probability of an extra session of congress. The far reaching consequence of the rate decision and the possibility of tariff legislation in case congress assembles in extra session presented two formidable obstacles to bullish operations, but their only effect was to reduce the volume of business to small proportions.

Bear traders took advantage of the situation and sold the market at the opening, but their efforts availed them little. Evidence of support at small concessions checked the selling, and after a dip in the first hour, the market righted itself. Prices were less maintained through the remainder of the day on an approximate parity with Thursday's close.

Concentrated bidding-up of specialties in the last hour lent an appearance of strength and activity to the trading, but there was no response from the usual market leaders. The market closed firm. Commission houses still complained of lack of public interest in the stock market, save in Pittsburg and some middle western points, Union Pacific, for industrial shares suggest a more confident trade feeling. Both Philadelphia and Pittsburg reported advances in prices of certain iron commodities. It is expected that a number of railroad orders will be placed with the steel makers following the freight rate decision.

Trading in the Gould securities again made up a large share of the transactions, although there was evidence of aggressive buying than on the earlier days of the week, and their prices advanced more reluctantly. Washab preferred gained a point, but Missouri Pacific improved by only a small fraction. Canadian Pacific was again active and strong. Revival of the report that it would absorb the Washab system attracted little attention however.

Russia's acceptance of the Chinese government's statement in regard to observance of treaty rights served to relax the tension of the past few days and trading in the European markets was quiet. Reductions of the Austrian bank rate was an echo of last week's action by the Imperial Bank of Germany.

Shipment of a large amount of Brazilian gold for London was explained by local bankers as supposedly in connection with the operations in coffee. Heavy buying of gold bonds was the feature of the bond market. Missouri Pacific convertible five's, Washab extension four's and Pittsburg terminal four's all advanced. The general bond market was firm. Total sales, par value, \$4,450,000.

Opportunities for Profitable Investment

The ideal way to save money is to invest it where it will be safe, and yield a liberal income. If for a period of years the net earnings of a company issuing bonds are sufficient to pay the interest charge several times over, your returns are thoroughly secured.

It therefore involves no departure from the principles of conservatism to make your money earn from 5 to 6 per cent—it simply means you place your money in a profitable business, where it will earn legitimate business profits.

Write us today, in a general way, what your investment needs are—the amount you have to invest—and we will at once mail you a special list of high grade securities, and will be pleased to give you full information concerning any issue on which your interest centres.

Over \$2,000,000 in Profits HAS BEEN ALLOTTED IN 1910 TO POLICYHOLDERS BY THE CANADA LIFE. The increase in surplus for 1900 amounted to \$1,200,000, the greatest gain in the Company's history. The large increase in surplus each year is the best evidence that Canada Life Policies will continue to be profitable. J. M. QUEEN, Manager for New Brunswick, St. John, N. B.

Dominion Canners, Limited. Controls nearly 90 per cent. of the output of canned fruits and vegetables in Canada. It is in an exceptionally strong position owing not only to its practical monopoly in its line, but because its factories rank as the best equipped on the American continent and are located at the most advantageous centres for the securing of produce and are distributed over the entire fertile strip of southern Ontario.

THE WEATHER.

MARITIME—Fresh to strong westerly winds, fair with higher temperatures. Toronto, Feb. 23.—Fine weather has prevailed today in Canada, with a general rise in temperature.

AROUND THE CITY

St. Patrick's Committee. The dinner committee of St. Patrick's Society will meet at the home of the president this evening.

Quietly Married. Miss Florence Perkins and Ross L. McPherson, both of this city, were married Wednesday evening by Rev. Dr. Flanders.

For the South. Mr. and Mrs. C. F. Blackadar, Mr. and Mrs. Partington and C. W. Stairs will leave Halifax for St. John to take the steamer Sokoto for a trip to Mexico.

False Alarm. The West End Fire Department was called out last night about 11 o'clock from an alarm from Box 22, Prince Street, and on responding, found that some foolish person had sent in a false alarm.

Council Meeting. The city council will meet on Wednesday, Mar. 7th, instead of on the first Monday, in order that it may deal with Ald. Hayes' motion to issue new debentures which has to be advertised for 30 days.

Portland Y. M. A. Lecture. On Sunday next at 3:45 o'clock, Rev. G. M. Campbell will deliver a lecture in Portland street Methodist church under the auspices of the Y. M. A. of that church. The subject of the lecture will be "Some Problems of Canadian Citizenship," and all men will be made welcome.

Death of An Infant. Much sympathy is felt for Mr. and Mrs. George P. Hennessy, of West End in the death of their fourth child, a son, Gerald, which occurred yesterday. Mr. Hennessy who is a contracting mason, had gone to Hillsboro on business on Tuesday morning and was forced to return yesterday by a telegram conveying the sad news.

Men's Meeting. A meeting for men will be held in the school room of the Centenary church this evening. Rev. W. T. G. Brown, B.A., B.D., of Sherbrooke, Que., and Capt. F. A. Brown, of Berwick, N.S., will deliver addresses. Rev. Mr. Brown is a very eloquent preacher. Capt. Brown, who is a contractor, will speak on missionary work.

Francis H. Hall. The sad news reached the city yesterday afternoon from Winnipeg, Man., that Francis Hall, the eldest daughter of Herbert B. and Laura Hall, died on Monday last. The deceased was only 29 years of age, and great sorrow is expressed by many friends in this city. The deceased is a granddaughter of S. S. Hall, of Wellington Row.

Honor for Dr. White. Dr. W. W. White has been placed in nomination for the position of non-resident Fellow for the Maritime Provinces and Newfoundland on the corporation of McGill University. There are some 400 or 600 graduates of McGill in the Provinces and Newfoundland, and they in turn elect a representative on the Board of Governors, so the position for which Dr. White has been nominated is one of great honor.

Did in Montreal. Much sympathy is felt for Joseph Jacobs, formerly head foreman for the C. P. R. steamship service who has been engaged at Sand Point for several seasons, in the death of his son, Leslie, which occurred in his home in Montreal. The lad was nine years of age and gave promise of a bright career. He contracted a severe cold and pneumonia developed which caused his death. Mr. Jacobs was in Montreal on a visit at the time.

Market Reform. The market committee has been getting information in regard to the management of markets in other cities. It is said that in Montreal the market stands bring the city a large revenue. No tolls are taken on produce handled, the standholder merely paying a rental. It is probable the market committee may recommend the city council here to adopt the same plan and lease the market stands on the same principle which would govern the policy of a private landlord.

Y. M. C. A. Growth. The Y. M. C. A. given by the Directors of the Y. M. C. A. last evening was well attended. Mr. Calhoun, Canadian Field Secretary gave an illustrated lecture on the growth of the Association movement during the past decade. He said the Association had made greater progress during the last ten years than during the previous fifty years. He presented statistics showing the growth, and made special reference to the work along the C. E. R., and in the railway construction camps of the West.

Japanese Tea. A Japanese tea and social was held in the school room of St. John's Presbyterian church last evening under the auspices of the Avera Senior Mission Band. Tea was served from 5 to 8 at small tables by members of the band dressed in Japanese costumes. The fancy sale was well patronized. After tea, the members of the band gave a musical entertainment for the benefit of the gathering. Members of both the senior and junior bands sang choruses, and Miss M. H. Anderson contributed a Japanese love song. The school was prettily decorated, and both the tea and entertainment were much enjoyed.

William K. McLeod left yesterday for Boston where he intends to reside. His many friends will wish him success.

3 FAMILIES SUFFER IN BRUSSELS STREET FIRE

House Owned by Mrs. Binn Badly Gutted—Robert Beck with Losses \$200 in Money, Besides Furniture.

About 9:15 o'clock last night fire was discovered in the three story frame building on Brussels street owned by Mrs. Binn.

The fire started about a chimney in the lower flat occupied by Robt. Beck with and had gained a good start before it was discovered.

The building was full of smoke when the firemen arrived and the lower floor was in flames the fire having started from a defective chimney. The blaze worked through the second floor and so rapidly did it gain its way that children had to be carried from the building.

The firemen had to use streams from the hydrants as well as the chemical from No. 1 engine to put out the fire and a great deal of destruction had to be wrought to get the fire under control. The necessary tearing, cutting and the use of water caused damage that almost gutted the ground floor.

So thick was the smoke in this section of the house when the firemen arrived that their work was greatly hindered.

The second flat was occupied by Frank McLaughlin and family, while Mrs. Farmer resided on the third floor.

The children in the McLaughlin flat were carried to safety. An elderly lady on the upper floor fainted.

After about 45 minutes work the fire was extinguished and the department were enabled to leave the building.

The building is damaged to the extent of about \$500 and is said to be insured. Mr. Beckwith has \$200 insurance on his furniture with Wm. Thomson and Co., and his loss is almost total. In addition to his household loss, it is stated that he lost a box containing \$200. The money was in the room next where the fire started.

The greatest damage was done on the ground floor, although a great amount was done on the second story by fire, water and smoke and the furniture on the third story was badly damaged by the smoke.

MR. DOHERTY MAKES EFFECTIVE ANSWER

Firm Which He Represents Doing Business in Maritime Provinces 25 Years Under Policy of Protection.

The Standard yesterday morning published a report of the speech delivered by Manning W. Doherty at the Borden club sleigh drive on Wednesday night, and last evening the evening paper in an editorial in an editorial took exception to some of the statements made by Mr. Doherty, and inferentially attempted to convey the idea that Mr. Doherty was speaking in a line which would be inimical to the interests of the A. R. Williams Machine Company, of which he is the local manager, and that in opposing the proposed reciprocity agreement he was opposing a policy which had made it possible for his firm to do business here.

Seen by a Standard man yesterday Mr. Doherty said that A. R. Williams Machinery Company had been in business in the Maritime Provinces for 25 years, and the opening of an office in this city was decided upon in order to bring them closer to their head office.

Inter-Provincial Trade "It was not the prospect of reciprocity that brought us here," said he. "In fact if it had not been for a policy of protection we would not have been here, and the same may be said of other firms. Our business is entirely upon the inter-provincial trade. We make it a point to buy as much as possible from the firms in the province where we do business, and in this connection we have bought much from T. McAvity & Sons, The Fleming foundry and the Union foundry."

"Anything that injures the general prosperity," he said, "is injurious to our business, for there is no line which furnishes a better index to the prosperity of the country than that of machinery. When times are good there is a tendency on the part of manufacturers to increase their plant and the opposite in the case, and I can tell you that in the first week of the discussion of the question we could feel the difference in business which has not worn off yet, and is not likely to until the reciprocity matter is buried."

"It is quite true that no change is anticipated in the duties on machinery, but it is quite within possibility that in a few years when Canada has become almost entirely dependent on the United States market as she will do if the reciprocity question goes through, that the United States might say, 'reduce your tariff upon manufacturer goods, or we will abrogate the whole arrangement.' Canada would, by that time, have lost the British market and would be forced to comply with the American demand. This is where the reciprocity question would strike us just where we live."

Know-Nothing About It. "It is all very well for papers supporting the Liberal government to take their orders and say that reciprocity will be a great benefit to Canada. As a matter of fact, they know nothing about it. A real idea of the way in which it is regarded may be gleaned from the action of the eighteen prominent Liberals of Toronto, who signed a protest against the proposed agreement. These men represent some of the greatest business interests in Canada and they are directly opposed to any such plan as proposed."

Knife Meeting. Knife meetings and touching can be done at A. J. Ballou's, Co., 71 Germain street, Telephone, Main, 1095-21.

NOT SO SURE THAT PROPERTY TEST

Chairman of Charter Committee Says Question of Re-moving Qualification Has Not Even Been Considered.

A report has been circulated that the citizens committee had undertaken to secure the abolition of the property qualification for commissioners in event of the commission plan being adopted in fact the impression seems to have been created that this point had been as definitely settled as the committee possessed all the powers of the legislature.

Asked last evening whether the report was correct, J. A. Belyea, chairman of the charter committee, and a member of the executive of the general citizens' committee, said he was not aware that any action had been taken on the matter, and he had attended all the meetings of the executive.

"We have been too busy," he said, "considering methods of organization and developing interest in the movement to take up details of that character. For the present," he added, "the main question to our minds is to get the citizens to vote in favor of the adoption of the commission plan. It will be time enough to consider the details of the charter when the citizens have voted in favor of changing the form of government."

"How do you account for the report that the committee had agreed to abolish the property qualification for commissioners?" Mr. Belyea was asked.

"I can't explain that," was the answer. "So far as I know the point has not been discussed. I'm sure that no action was taken committing the committee one way or the other on this point. It does not appear to be one of much importance, and can be very well decided after the plebiscite has been taken."

S. S. SPEAKER HITS MOVING PICTURES

Rev. W. A. Ross Urges to Give Young People Proper Heroes—Wrong Kind in Novels and Shams.

Another successful session of the S. S. Institute was held last evening, when addresses were given by Rev. F. S. Porter and Rev. W. A. Ross, field secretary.

Rev. Mr. Porter spoke on The Prophet As A Preacher and showed in a clear and interesting manner, the nature of prophecy and the dramatic manner in which the prophet presented his message.

The prophet was not merely a fore-teller of future events, but a man with a message from Jehovah for the men of his time who bubbled up from within to declare the coming of God. He was God's mouthpiece. His spokesman. His dramatic methods were splendidly illustrated by incidents from the preaching of Elijah, Amos, Isaiah and Jeremiah.

Mr. Ross spoke on the Boy Problem again in the Sunday school, and pointed out where there is a problem and some lines along which a solution might be found. He first analyzed the inner life of the adolescent boy and girl and then pointed out some things the Sunday schools must do in order to meet these growing needs. Every instinct is an appetite and needs proper food therefore the "gang spirit," and the "hero worship" of youth are but demands of the growing nature for the leadership and help that personally gives. Let the classes be organized and give young people something to do. In their reading give them the proper heroes. The dime novels and the average moving picture shows are degrading youth because of their suggestion of ignoble heroes and false ideals.

L.T. GOV. TWEEDIE SEES MAN FROM ALBANY

Fashionable Audience See Snappy Performance of Popular Play—Repeated Tonight and Saturday Matinee.

Governor's Night at the Opera House last evening was an unequalled success. His Honor Lieutenant Governor Tweedie, attended by B. E. Barker, his secretary, and Lt. Col. Humphrey, Lt. Col. Webberburn, Lt. Col. McKenzie and Lt. Col. McAvity viewed the performance of The Man From Albany from a box and enjoyed it immensely. There was a very large and especially brilliant audience present and whether the players gathered the inspiration from this fact is not known but at any rate the performance was the snappiest yet given.

All the members of the cast acquitted themselves admirably and the choruses, orchestral music and effects were better than any of the preceding evenings. During the evening Miss Baird, Miss Baillie and Miss Perley were the recipients of handsome bouquets. The gifts of the officers of the 62nd St. John Fusiliers, under whose auspices the production was given. There were also two large bouquets for the members of the chorus from the officers of the regiment.

The Man From Albany will be presented again this evening and at a special matinee on Saturday afternoon. For the matinee the usual matinee prices will prevail. The performance will start at 2:30 sharp and attendance, patrons should be on hand early to insure seats.

Successful Sale and Tea. The high tea and sale of St. John the Baptist church was brought to a close last evening with another large crowd in attendance. It has proven to be exceptionally successful and it is expected that a good sum has been realized.

Painless Dentistry. Teeth filled or extracted free of pain by the celebrated "HALE METHOD." All branches of dental work done in the most skillful manner. Boston Dental Parlors, 237 Main St., Tel 643, DR. J. D. BAKER, Proprietor.
