THIRTY DROWNED BY SINKING OF CAR FERRY

Ludington, Mich., Sept. 9.—Thirty lives were lost today when the Pere Marquette car ferry No. 18, bound from Ludington to Milwaukee, went to the bottom of Lake Michigan half way across the lake. The dead include Capt. Peter Killy, of Ludington; S. F. Seze-

panik, purser and wireless operator, whose signals of distress brought assistance to the sinking steamer and two members of the crew of car ferry No. 17, who lost their lives in an effort to rescue the crew of No. 18.

POLITICAL TOWN OVER IN MAINE

Portland, Me., Sept. 13.—A tidal wave of democracy swept over Maine yesterday, carrying Col. Frederick W. Plaisted of Augusta, to the governor's chair and ousting the present occupant Bert M. Fernald of Poland, by a plurality of at least 6,500. Returns from 639 out of 628 election districts comprising 19 cities and 421 out of 501 towns and plantations gave: Plaisted (Dem.) 64,658; Fernald (Rep.) 56,988.

The wave overwhelmed at least two and possibly all four of the state's congressional delegation, which has been Republican since the inception of the party. The flood spread through a majority of the counties, and even extended to the legislature which next winter will choose a successor to United States Senator Eugene Hale.

In the congressional contests, Daniel J. McGillicuddy, of Lewiston, defeated Congressman John P. Swasey, in the second district. Samuel W. Gould, retired Edwin

C. Burleigh of Augusta, to private life, after 18 years at Washington, while late returns indicated the election of Wm. H. Pennell, a Democrat over Asher C. Hinds in the first district, and Congressman Frank E. Guernsey admitted at midnight that his fourth district was much in doubt.

The incoming senate is surely Democratic by a good majority and at midnight the House seemed to have the same complexion.

Col. Plaisted, the governor elect, is the son of Harry M. Plaisted, the Fusion governor of 1881 and '82, but where the father won in the election of 1880 by scant 150 votes, the son today goes up to the capital with a plurality larger than that given two years ago to his defeated Republican opponent, Governor Bert Fernald of Poland. The victorious Democrat leader is a young man in point of age, but an old hand in the political game.

Col. Plaisted was born in Bangor in 1864. His business is that of a publisher of a weekly paper.

CARRIED THE HOST BEFORE VAST CROWD

Forty Thousand People in Montreal Eucharistic Procession was More Than Four Hours in Passing—Route was Lined by Half Million People.

Montreal, Sept. 11.—The Eucharistic procession, the crowning event of the Eucharistic Congress, took place today and was participated in by 40,000 men, and was witnessed by half a million people.

Never has any city of the new world witnessed such a spectacle and the demonstration was of such a stupendous character that it took four and a half hours for the procession to pass a given point. More than 100 bishops, three princes of the church, two prelates and thousands of priests all united to proclaim their love for the mother church and faith in the Eucharist.

The route of the procession, which was two miles and three-quarters, was through long lanes of densely packed humanity and when the fall commanding figure of Cardinal Vannutelli, bearing aloft the Host, passed by, the sight of the thousands kneeling in adoration was impressive.

The first marchers reached the sanctuary erected on the slopes of Mount Royal, long before the clang of Notre Dame's famous bells heralded the fact that the

cardinal legate, bearing the Host, had left the mother church of Canadian Roman Catholicism.

A rough computation showed that the processionists passed at the rate of 10,000 an hour. Never has Montreal or any other Canadian city witnessed such a huge gathering of people. During the past two days more than 200,000 poured into the city from all parts of the continent. The tremendous influx resulted in something approaching a food famine and hundreds waited in line at the various hotels and restaurants waiting for a chance to get something to eat.

The resources of the railways were taxed to the utmost and the dense throngs packed the stations waiting for the special trains which took them back to their homes. Until a late hour tonight the trains were leaving every fifteen minutes. Montreal tonight is invaded by hungry throngs and prices of food have soared.

The monster procession passed off without a hitch, and with the exception of a few cases of fainting the Red Cross stations along the route had ~~nothing~~ to do.

AMHERST MEN SERIOUSLY, IF NOT FATALLY, INJURED

Amherst, N. S., Sept. 13.—About 30 citizens this morning were aroused by a terrific explosion followed immediately by the fire alarm. So far as can be ascertained workmen in the Rolling Mills department of the Canadian Car and Foundry Co., threw water on the hot slag which caused the explosion. Russell

Jones, brother of I. C. R. policeman Jones, and a man named Carter were seriously injured, the fine fire of hot slag striking them in the face. It is feared Carter will at least lose his eyesight, while both are considerably disfigured, the slag being burned in their faces.

COMMERCIAL MEN'S DAY AT ST. JOHN FAIR

St. John, N. B., Sept. 12.—Commercial travellers' day at Dominion Exhibition was most successful one marked as it was by three new features of interest. The Royal Canadian Dragoons made their first appearance and pleased the crowd with their musical ride.

Gen. Baden Powell visited the grounds intending to review the corps of boy scouts from Halifax, but for some reason the latter did

not arrive and the hero of Mafeking merely inspected the live stock. In the afternoon he addressed a large meeting in the opera house on the purpose of the boy scout movement and left again for Montreal this evening.

Knights of the grip played a ball game on the exhibition grounds and St. John was defeated by the outside men, 10 to 7.

ST. VITUS DANCE

A Striking Example of Its Cure by the Tonic Treatment.

St. Vitus dance is the commonest form of nervous trouble which afflicts children, because of the great demands made on the body by growth and development, and there is the added strain caused by study. It is when these demands become so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give their children this great blood-building medicine at the first signs of the approach of the disease. Pale, listlessness, inattention, restlessness and irritability are all symptoms which early show that the blood and nerves are failing to meet the demands made upon them. Mrs. A. Winters, Virden, Man., says: "When my little girl was six years old she was attacked with St. Vitus dance. Her limbs would jerk and twitch. Her speech became affected, and at last she became so bad that she could scarcely walk, and we hardly dared trust her alone. She was under the care of a doctor, but in spite of this was steadily growing worse, and we feared that we would lose her. As Dr. Williams' Pink Pills had cured her older sister of anaemia, I decided to try them again. After the use of a few boxes, to our great joy, we found they were helping her and in the course of a few weeks more her power of speech fully returned and the child walk and go about as well as any child, and she has been well and healthy since. When illness came to any one of our family now, we never call in a doctor, but we use Dr. Williams' Pink Pills, and they never disappoint us."

Sole agents, the only dealers or by mail, are The Dr. Williams' Pink Pills Co., Brockville, Ont.

FAKIR AT FAIR

WAS ARRESTED

But Allowed to go on Promise to Stop Operations at the Winter Port.

St. John, Sept. 9.—An Austrian named Kitz was arrested on the exhibition grounds this morning for working a gambling game at which a man named Maher claimed to have lost \$37. It was a game of chance that the fakir was using, with the advantage a great deal in the favor of Kitz. The police magistrate ordered Kitz to hand over the money that he had received from Maher, and on the condition that he would "quit" the

Murray Hoyt, Although Thrown Some Distance, Only had an An Sprained.

Fredericton, Sept. 11.—Murray Hoyt, driver on a freight train of the L. C. R., was thrown from the engine yesterday when the driving wheel and connecting rod broke near Weaver siding. Hoyt was thrown some distance but suffered only a sprained ankle. Wm. A. Jewett, fireman, jumped from the cab and escaped injury. The engine was somewhat damaged, but was brought to Fredericton.

DO YOU STILL PAINT YOUR ROOFS?

Thousands of farmers still count the cost of painting their ready roofs as a necessary part of their annual expense. Many of them are making trouble for themselves in the future by laying roofs which require constant attention.

There is a modern and better way of treating the roofing problem. Amattite roofing has come upon the market during the last few years and has proven a success. Amattite is like any other ready roofing (sold in rolls with nails and cement free, etc. ready to lay), except that it has a mineral surface which needs no painting.

It is just as easy to lay Amattite as any other roofing and just as cheap. The difference is that after you have laid your Amattite roof, you can leave it alone. The mineral surface is thoroughly durable and requires no painting. If you do not know about Amattite, we advise you to investigate it. You can get a booklet about it and a free sample by simply addressing the nearest office of the Carrington-Paterson Mfg. Co., Ltd., St. John, N. B., Halifax, N. S.

NORTH SHORE MAN

LOST HIS HAND

Hand Got Caught in Thresher Mill and was Horribly Mutilated.

Chatham, N. B., Sept. 9.—John B. Legere, of Big Tracadie River, lost his right hand Wednesday evening by catching it in a thresher mill. Mr. Legere attempted to clear away the straw from the drum, and put his hand behind for this purpose when it was caught in the drum and horribly mutilated. The hand was stripped clear of flesh and bones and only some skin left hanging. The injured man was removed to the hospital in connection with the Lazareto, and medical attendance secured. The remnants of the hand had to be amputated at the wrist.

MARRIED IN VANCOUVER

The marriage of the youngest daughter of Mr. and Mrs. James Drake, Mabel Edith, to John R. Reid, son of James Reid, M. P., and Mrs. Reid, Charlottetown, N. B., was solemnized at Vancouver, Wednesday morning, Aug. 24th, at Wesley church by the Rev. R. Miliken. A McNair was best man. The bride was married in her going away gown, a smart costume of navy blue cloth with hat to match. The bridesmaid, Miss Mildred Boyle, a cousin, wore tulle and hat of ecru straw with touches of rose pink. Immediately after the ceremony the bride and groom left for Banff and other points en route for Eastern Canada. The return journey will be made by way of the Southern States. Mr. and Mrs. Reid are to reside on Spruce Street, Fairview.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.

THE CHANGE IN TIME TABLE

In connection with the editorial in the last issue of The Gazette on the desirability of a change in the time of running for the local express south from Campbellton, a report on this very matter, submitted by Mr. Geoffrey Stead to the board of trade on the occasion of its June meeting is of interest. In the course of his report as a member of the committee on securing connection with the Ocean Limited, Mr. Stead says:

"At the same time I wish to call your attention to a change which I consider would be of great benefit to the North Shore generally. In the opinion of many with whom I have spoken on the subject, the Accommodation, No. 35, should leave Moncton early in the morning, say 7 a. m., and reach Campbellton at 2 in the afternoon, returning leave Campbellton at 3 or 4 p. m. and reach Moncton at 10 or 11.

"Less rolling stock might be required than is used under the present arrangement, which would be an advantage to the railway. The advantage to commercial travellers and the travelling public can be estimated from the general complaints which are heard in consequence of all the South-bound trains going through in the morning, and all the North-bound trains going through in the afternoon, which on the face of it is an inconvenient arrangement.

"Under the arrangement proposed we would get the St. John mail by the Ocean Limited an hour or two later than at present, but I consider that the disadvantage would be much outweighed by the advantages of the change."

This is another phase of the matter which might commend itself with even greater force to the railway commissioners. Newcastle and Campbellton, to say nothing of the smaller towns en route, would very probably back up Chatham in such a move and their united demands would compell prompt attention.—Chatham Gazette.

THE GROWTH OF THE EAST

There is no doubt that a few years hence the Maritime provinces will be the New England of Canada. Already its manufacturing plants are reaching out and our products are found in all sections of the west as well as the east.

Read what Dr. Robertson recently said to a Toronto newspaper:

"While in the Lower Provinces I visited dozens of towns of three and four thousand people which I think are bound to go ahead and become manufacturing centres, known all over the Dominion. The slight disadvantage that they suffer as to freight rates in the West in comparison with the Upper Provinces is more than overbalanced it seems to me, by their climate, the quality of the workmanship they have ready to hand, and the more healthy conditions under which their workmen labor. More work and better work can be done in a colder climate."

The increase in freight rates to the Upper Provinces is eight cents per hundred weight.

This is a smaller matter and does not much bother the shoe and stove manufacturers of New Brunswick. I have seen boxes in a Fredericton shoe factory directed to almost every place of importance in Western Canada.

We have the raw material and the labor for many classes of industries, and in the banks more than ample capital is lying idle. More industries is needed to manufacture the goods for the increasing demands from rapidly increasing population of the Dominion.

I. C. R. NOW RUSHING WORK ON CAMPBELLTON TERMINAL FACILITIES

Three Hundred Men Engaged in Excavating for Roundhouse and Laying New Tracks—Will be Modern in Every Respect.

READY BY CHRISTMAS

The most skeptical citizen must now be convinced that Campbellton is to be the I. C. R. divisional point. Despite the effort which has been made to have the terminal works removed to Belledune, they are today well under way at Campbellton, and hundreds of men are hard at work on the excavating for the Roundhouse.

The site chosen is that formerly occupied by the Wm. Richard Co.'s upper mill, and is an ideal one in many respects. It is on the river bank, away from residences or stores with ample room for growth.

The roundhouse will be of brick on a concrete foundation. It will contain twenty-eight stalls, capable of holding twenty-eight of the largest type locomotives, while the old one had only sixteen stalls, and some of them were not long enough for the large engines. Besides these stalls there will be a turntable of the latest pattern, offices for the officials, and rest-rooms for the men, besides store-rooms etc.

On this work, which is being done by days work, and which is being rushed, there are about three hundred men engaged, and more will be added from time to time.

The scene of labor is a very animated one and is worthy of a visit. Already shacks with sleeping accommodation for nearly two hundred men have been erected. These shacks have cook houses and dining hall, and therein some of the men will live. Then in the sidings are trains of shanty cars, in which a large number of men are housed, and are fed.

The officials in charge are pushing the work and it is expected that by Christmas the walls will be up and roof on so that the locomotives can be housed, and then the interior will be finished during the winter months. This work will cost about \$150,000.

PRESBYTERY OF MIRAMICHI

The Presbytery of Miramichi met in the Hall of St. John's Church, Chatham, on Tuesday. There were present Rev. George Tattler, Moderator, Rev. J. M. McLeod, D. Henderson, J. M. McLean, George Wood, H. J. Fraser, A. D. Archibald, J. R. Miller, George Grant, S. J. McArthur, E. E. Mowatt, R. S. Staver.

Rev. Dr. Coffin, Rev. J. Valentine and Rev. W. A. Ross were associated with the Presbytery.

Commissions in favor of representative elders were received from the congregations within the bounds and the names added to the roll of the Presbytery and Synod. Rev. J. M. McLean reported that the Home Mission work of the Presbytery was in a healthy condition. Communion was being dispensed in the different fields and encouraging additions everywhere made to the roll. At Doaktown twenty-nine persons were last week received into membership.

The Clerk laid on the table a call from the congregation of Blackville in favor of Rev. E. E. Mowatt of Redbank. It was signed by eighty-three communicants and one hundred and fifty adherents. Stipend guaranteed nine hundred dollars and a manse. Mr. James Bean, elder, was heard in support of the call. Messrs. Forsyth, Parks, Johnston and MacCallum were heard in behalf of the Redbank congregation. They strongly opposed the translation of Mr. Mowatt. The call, on being placed in Mr. Mowatt's hands, was declined by him and the Presbytery acquiesced.

Mr. F. Yorton made a statement with regard to the condition of the work of the Church in Campbellton. They had incurred a heavy loss covered by insurance to the extent of \$9000. Their lands might be valued at about \$4500. They were about to build a new church and a new manse which would mean an expenditure of at least \$29000. He appealed for sympathy and support. Rev. J. M. McLean seconded by Rev. S. J. McArthur moved a fitting resolution commending the interest of the Church at Campbellton to the practised sympathy and support of the congregation. A committee was appointed to visit Campbellton, ascertain all the facts and frame an appeal for the meeting of Synod which is to be held at New Glasgow in October. Rev. Messrs. McArthur and Mowatt were appointed to support the appeal before Synod.

Rev. J. M. McLean reported that the congregation of Bartibogue was about to build a church, but could not agree on a suitable site. Mr. James Russell and T. A. McLean were present and would state the facts more fully. Rev. D. Henderson thought that the good people of Bartibogue would come to an understanding among themselves in a little while. They were all true and loyal sons of the church. He however, moved that a committee consisting of Rev. James Ross, Home Mission Supt. for New Brunswick, Convenor Rev. Alex. Rennie, and Rev. J. A. McKay be appointed to visit the field, confer with the congregation, and report their finding to the next meeting of Presbytery. This was seconded by Rev. A. E. Archibald and carried.

Rev. Dr. Coffin addressed the Presbytery in the interests of the Foreign Missionary work of the church, which on motion of the Clerk was commended to the continued sympathy and liberality of the congregations within the bounds.

Presbytery adjourned to meet at Newcastle on the second Tuesday of December.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Take Hall's Family Pills for constipation.

TYPHOID HAS NOW BROKEN OUT

Hospital Crowded With Patients and Merely Suffering for Attention.

NEEDS ATTENTION

For some time the citizens of Campbellton have been dreading an outbreak of typhoid fever, and now the expected has happened.

Last week a few mild cases developed, some of them being among workmen from other towns, who as soon as they felt unwell went to their homes. But this week the outbreak has become general and there are now about forty or fifty severe cases. The Hotel Dieu temporary hospital is crowded and many are housed in the temporary shacks where it is extremely difficult to look after them.

Daily the relief committee have been called upon to supply springs, mattresses and bedding for the afflicted and every effort is being made to care for the unfortunate, but steps should be taken at once to provide some system of nursing.

Some steps should also be taken by the Board of Health to enforce more stringent health regulations, and all premises should be visited and owners forced to see that they are kept in a sanitary condition. It is said that there are numerous places about town where no effort is being made to keep them clean and garbage is freely scattered about. If such is the case an inspector should be appointed at once and an example made of the offenders.

The state of affairs is serious and needs a firm hand to carry out necessary regulations.

ST. JOHN MAN HURT AT DALHOUSIE JCT.

Fred Nolan, a passenger on the Maritime express, fell from the rapidly moving train between Eel River and Dalhousie Jct., about 3 o'clock Tuesday morning and sustained a compound fracture of the bone of one leg. He lay by the track until picked up by the noon freight and was brought to Dalhousie where his injuries were dressed by Dr. A. G. Ferguson. Nolan is a native of St. John and was on his way to Campbellton to work.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Extension to Breakwater at Dipper Harbour, N. B." will be received at this office until 4.00 P. M. on Monday, September 26, 1910, for the construction of an extension to the Breakwater at Dipper Harbour, St. John County, N. B.

Plans, specifications and form of contract can be seen at the town clerk's office at this Department and at the offices of E. T. P. Shewen, Esq., District Engineer, St. John, N. B., Geoffrey Stead, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Dipper Harbour.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for the sum of two thousand dollars (\$2,000.00), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESROCHERS, Secretary. Department of Public Works, Ottawa, August 24, 1910. New tenders will not be paid for after the 15th of September from the Department. Sept. 15, 1910.

A Positive Cure For Rheumatism

For many years, both during Father Morrissey's lifetime and since he passed away, his No. 7 Tablets have been curing many of the worst cases of rheumatism in Eastern Canada.

During his lifetime it became the custom, when people could not get relief from other sources, to consult Father Morrissey, and few indeed did so in vain. His standard prescription came to be called

Father Morrissey's No. 7 Tablets

and it can now be procured from any druggist or dealer in medicine.

No. 7 Tablets act directly on the kidneys, stimulating them so that they can remove from the blood all the Uric Acid, which alone causes the rheumatism. Two or three weeks' treatment cures ordinary cases, while with the worst chronic cases it seldom takes more than three or four boxes of No. 7 Tablets to thoroughly eradicate the rheumatism from the system.

In every case, right from the start, the sufferer gets relief from the torturing pains and aches. We would be glad to refer you to one-time rheumatics, now well through taking Father Morrissey's No. 7 Tablets. 108

MRS. JOHN McRAE

The death of Mrs. John McRae, whose maiden name was Mary McRae, occurred at her home St. Godfrey, Que (Nouvelle), on Tuesday morning Aug. 9th 1910 at the age of 66 years six months and five days. Mrs. McRae had been ill for several months suffering much at times but bearing all with calm resignation. Deceased left a husband three sons and three daughters to mourn the absence of a dutiful wife, a kind and motherly mother. The funeral took place on Thursday afternoon to the Presbyterian church, Hopetown, Que., many friends and acquaintances attending, and from thence to the cemetery not far away. The Rev. George P. Tattre, pastor, conducted the service. The hymn, "Now the laborers task is o'er" was sung at the house of mourning. "Asleep in Jesus" and "Take Comfort Christians," were sung at the church. And I heard a voice say, write, Blessed are the dead who die in the Lord.

I. C. R. BOARD OF MANAGEMENT INSPECT I. R. R.

The I. C. R. board of management was in Campbellton last week, and left in their private train of four cars on an inspection trip over the Intercolonial Railway. Mr. Thomas Malcolm, conductor of the road and a few friends accompanied them.

Therun through from Campbellton to St. Leonard's was made in good time, and in an interview with the Fredericton Mail, Mr. Campbell is reported to have said the road was in good shape.

The Mail says: The I. C. R. board of management arrived in the city at about 12:30 in a special train of four cars, which came over the C. P. R. from St. Leonard's. The board is making a regular inspection of the line of the I. C. R. and also the branch lines. Mr. Campbell, deputy minister of railways, was one of the party. Other members of the party were Messrs. Pottinger, Brady and Tiffin of the Board of Management, Mr. W. A. Bowden, Chief Engineer of the Department of Railways and Canals, Ottawa, W. B. McKenzie, Chief Engineer of the I. C. R., and R. W. Simpson.

Mr. Campbell informed The Mail that the inspection of the International Railway from Campbellton to St. Leonard's was completed. St. Leonard's being reached at 6 p. m. The road is in good condition and runs through a country which though scarcely settled, is heavily wooded and capable of great development.

The Board will report on the advisability of the I. C. R. taking it over.

Good, Better or Best?

A VITAL DIFFERENCE IN BREADS

QUALITY you know is comparative. Just as much so in bread, as in woollens or linens.

If you make bread at all you naturally want it to be good—as good as, or better than your neighbor's.

But is your bread as good as it ought to be? Does it furnish its full quantum of health and strength? Is it nutritious as well as delicious?

Ordinary flour may make fairly good looking bread. But if you care for food value, for nutrition, for digestibility, for bone and muscle and blood building quality, you will want a flour rich in the highest quality of gluten.

"ROYAL HOUSEHOLD" is the finest flour in the world and makes the best bread in the world.

And it is just as good for Pastry as it is for Bread. It is the one flour which has proved an unqualified success for every household purpose. And its absolute uniformity guarantees you against failure—

ROYAL HOUSEHOLD FLOUR is made of Manitoba Red, Fyfe Wheat, which is especially rich in high quality gluten.

It is scientifically milled in the finest mills in the British Empire and samples are regularly subjected to the most exacting of all tests, the oven test, to insure uniformity.

"ROYAL HOUSEHOLD" always makes the finest and most nourishing bread, the lightest, flakiest and most healthful pies, cakes, biscuits, muffins, rolls.

Order "ROYAL HOUSEHOLD" at once. Don't delay. The sooner you commence using this finest of all flours the better for your family.

A GOOD POSITION.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8 hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90, per month, with good chance for advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.—Sept. 13-9 ins.

DIED AT HARCOURT

The death took place at Harcourt on August 25th of Euphemie Jane, daughter of Mr. and Mrs. Robt. Wellwood of that place and beloved wife of Mr. Thos. J. McLean, Millerton, after a lingering illness of over a years duration, leaving, besides her parents, a sorrowing husband, three sons and three daughters to mourn the loss of a kind wife and loving mother. The funeral which was held at Harcourt, Friday afternoon, Aug. 26th to the Episcopal church, was very largely attended. Rev. P. H. Thomas officiated the service at the house and grave. The body was buried in the cemetery at Harcourt.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World"

KNOWLEDGE, QUE., Oct. 12th, 1909.
"For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.
I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."
R. E. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.

It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.
