### WARDS NAMED FOR OUR DEAD HEROES

At a Special Meeting of Town Council Ward Boundaries Are Decided Upon

There was a special meeting of the town council on Tuesday evening of last week and the principal business transacted was the division of the town into wards. Three wards were decided upon and the boundary between the centre and north wards starts at the pumping station and along Maple street following the road up the hill to the commencement of Hillcrest avenue, thence along Hillcrest to the easterly limit of the town. Between the centre and the southern wards the boundary is the prolongation of the Bradley street to the foot of the hill, thence easterly along the line dividing the farms of Charles Bradley and E. A. Britton. Goodwin ward, Bradley ward and MacMullin ward will be the official names, and these were decided upon as a memorial to Privates Frank Goodwin, Herbert Bradley and Stevie MacMullin, the only three of our native lads who lie in Flanders Field. (Other boys from Hartland also gave their lives for their country's sake, but they were not born and reared here.)

Work on the town streets continues and much will be accomplished this year, but a complete revolution cannot be looked for in one season. On the road to Coldstream a two-foot culvert and rock fill has been put in just east of S. H. White's place. At the south end a foot of gravel has been placed on the bad piece of road from the mill to a considerable distance north. The road going around "Burt's turn" has been widened and the gravel taken from the hillside there has been utilized to fill in and widen the street in front of the J. Clark & Son building. On the nameless street running along the top of the hill work is going on. The street is widened and the graded shade trees of the mayor fall victims to the roadmaker's axe. Main street will be widened on the eastern side from the Simms building south, and the river side of the street from the Clark building south is doomed to reconstruction. The authorities hope to lay a concrete walk from the Simms property south to Hartland's corner this year. Other street improvements are talked of, but as before stated, everything cannot be done all at once. The resetting of hydrants and electric poles will be necessitated very soon.

### Disastrous Fire Was Averted

Shortly after six o'clock on Friday evening the firemen put a quick stop to what would have been one of the most disastrous fires in the history of the town. A spark caught in the roof of the woodworking factory in connection with the plant of the Hartland Manufacturing Co. and when discovered a merry blaze was making itself at home on the property. The fire was extinguished

a few minutes after the hose was directed upon it, but the damage is placed at about \$200. Had the fire got beyond control, as it would have but for prompt action, the whole plant—woodworking shop, starch and potato flour plants, stored stock and lumber would have been destroyed. A large shipment of potato flour was on hand ready to be started on the long journey to Denmark.

### BOLD THEFT BY YOUNG MAN

Reward of One Hundred Dollars Offered for His Arrest

On May 17 a young man giving the name of Wesley Hayes, and hailing from Frederic, La., came along and asked Mr. Sydney Bragdon of Hartfield for work. He said he was 17 years old, and didn't want much wages only board and clothes. Mr. Bragdon engaged him as his own son, Roy, who lost an eye at Vimy had not yet returned from overseas. Later, when the house was left alone for a couple of hours, Mrs. Bragdon being in the garden behind the barn, and he was left at some work around the barn, he entered the house, went upstairs into a clothes press off Mr. Bragdon's bed-room and stole \$215 out of a trunk in which the money was kept. He then left on foot for Otis, or in that direction. When they found he had gone Mrs. Bragdon ran up to the trunk to find the money gone. Roy Bragdon who had returned in the meantime, jumped on a horse and went after him. When Hayes learned this he left the road and entered the woods at Woodman's mill. He has never been seen since. He is 5 feet 11 inches tall, stout, dark complexion. Has a peculiar way of holding his mouth open when he talks, has a jack-knife scar on right side of neck also one in palm of his right hand. He said these were caused by a fight with an Indian.

Mr. Bragdon telephoned all around to officers of the law but has failed to locate him. He has worked quietly. If any one will capture this chap as described above, he will pay them \$100 in cash.—Mail.

### E. Bartlett Gallupe

On May 20 E. Bartlett Gallupe passed away at the home of his daughter, Mrs. P. R. Semple, East Florenceville, in the 78th year of his age. The deceased had been in failing health for two years. Death came as a release. Early in life he professed religion and became a member of the Methodist church. He leaves to mourn, his wife who was Miss Simonson of Jacksonville, two daughters, Mrs. P. R. Semple of East Florenceville and Mrs. S. B. Charlton of Boston, five grandchildren, one brother, D. M. Gallupe of Bangor, and one sister, Mrs. Zeph Mills of Royaltown. Funeral services were conducted by Rev. F. A. Wightman assisted by Rev. F. E. Bishop.

### KILLED COW MOOSE WITHIN THE TOWN

Somebody Guilty of Misdemeanors That May Prove Costly

The residents of Hillcrest were startled on Sunday afternoon at the sound of a series of rifle shots proceeding from the woods at the rear of the Underhill farm. Looking out they saw a cow moose running in a rather erratic fashion toward the town, until in Frank Hagerman's pasture it laid down and died. A number of men hastened to where the carcass lay and found that the animal carried the marks of four rifle balls. Police Magistrate Kelley was at once informed of what had been found and after looking into the matter got into communication with Chief Game Warden L. A. Gagnon, who instructed him to skin the animal and sell the meat, and to properly dispose of the offal. The Chief stated that an Officer would be sent at once to investigate the affair. So far no arrests have been made, but it is said the authorities have information that will bring the miscreant to speedy justice.

Whoever was foolish enough to shoot the moose has himself very completely in the meshes of the law. He is guilty of killing a cow moose; of shooting a moose out of season; of hunting on the Lord's day; of leaving the carcass uncared for; and of discharging firearms within the precincts of the town. His few minutes of sport may cost him altogether around \$500.

The moose was a young one, probably two years old.

### Accidents at Sayre's Mill

On Monday J. W. Robichaud of Chipman, while at work as edgerman in Sayre's mill, was struck in the chest by an edging that came over the saw and was very badly injured. The piece of wood was shot through the flesh but glanced from the ribs and protruded through the skin at another place. The man, so skinned, was very painfully hurt, but not so dangerously as those who went to his assistance thought at first. After receiving surgical attention he left for his home by train. He will probably be laid up for several weeks.

Two or three weeks ago Mark Palmer, nightwatch at the mill, got his leg caught in the gear operating the sprinkling apparatus. He was alone about the premises and his cries for help were not heard for an hour. His injury was distressingly painful.

### ADVERTISING SELLS CHEWING GUM

The following is part of a letter just received from the manufacturers of the famous Wrigley's chewing gum:

Wrigley's is now in the tenth year of business in Canada.

We started our advertising in the Daily newspapers before we turned a wheel in our first small factory. Our first list was about forty or fifty newspapers. We are now running in 267 daily newspapers, magazines and farm papers. These publications have a combined circulation of 3,147,638 copies per issue. We estimate this is a total of 165 million advertisements a year, telling of the advantages and benefits of Wrigley's Chewing Gum.

We believe that our goods are sold in practically every store in the Dominion that sell kindred articles. It is rare, indeed, to find the confectioner, grocery, druggist or tobacconist, who does not sell Wrigley's brands.

Our business is growing from year to year. We built a new factory five years ago and have

### New Brunswick Advancing in Production of Wool

Fredericton, June 14—The grading of wool for sale by the New Brunswick Co-operative Wool Growers' Association under the direction of the live stock branch of the New Brunswick department of agriculture shows results more satisfactory than ever before. The grading of what wool has been forwarded, it is expected, will be completed today. Mr. Thompson, federal grading expert, will return again to grade what wool may still come in.

He says that the New Brunswick wool this season averages higher than that raised in the larger provinces. This is accounted for by climatic conditions and better care of sheep.

Wool production in New Brunswick is increasing, greater attention to sheep raising being given. So far 60,000 pounds have been forwarded for grading and it is estimated that the total will be 100,000 pounds.

Baxter E. Barnes, who recently retired as instructor in manual training in Fredericton to become director of manual training for New Brunswick, will leave soon for Peoria, Ill., to take a ten weeks' course to assist him in his new work.

### THE MAKING OF A FAMOUS MEDICINE

**How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.**

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's use.

Over 250,000 pounds of various herbs are used annually, and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtues.

## Grand Falls Happenings

Miss Agnes Mullen who has been spending her vacation at her home here, left last Friday for Lewiston where she is training for a nurse.

A. A. Dixon was in Van Buren by auto Sunday.

Herbie Wilson, who has been in military service the last four years, returned home Monday looking fine. His many friends gave him a warm

welcome.

The electrical storm Saturday night put about all the telephones in town on the bum. All are in working order again.

Mrs. Randolph Curry of Fox Falls is in the hospital here for treatment.

Dr. and Mrs. Puddington made an auto trip to Woodstock and Houlton Thursday.

Dr. Chipman of St. John was in town June 9 and performed a number of operations at the Puddington Hos-

pital. All the patients are doing splendidly.

The sale held by the small girls in the G.S.E.T. rooms Saturday afternoon was well patronized.

There will be a grand Field Day here on the Flat July 1. All sorts of amusements and a ball game. Dinner served on the grounds.

Master Herman MacMillan, who was operated on for appendicitis on Monday, is doing fine.

Miss Laura Pelletier who has been assisting Miss Wetmore in the hospital here the past two weeks returned to her home in Caribou on Monday. She will go to Lewiston in July where she is training for a nurse.

Mrs. Theresa Wilson who has been in Boston all winter came home Thursday. Her niece, Miss Howard accompanied her. Miss Howard will spend a month here.

Rev. W. K. Bead and family visited Rev. M. H. Manuel in Florenceville last week returning home Saturday.

Mr. and Mrs. H. Price of St. John are visiting relatives here.

Miss Helen Hallett returned from a short visit in St. John Thursday.

J. McKendry was in Plaster Rock on business Friday.

## Perth Locals

Vaughan Henshaw of Wolfville arrived in town last week and is the guest of his grandmother, Mrs. R. Lovely, and aunt, Mrs. A. G. Ganter.

Mrs. T. Adney of Woodstock was in the village on Friday.

Mr. and Mrs. E. W. Larlee, Miss Lillian, and Mr. and Mrs. G. S. Larlee of Bath went to Three Brooks Saturday for a few days fishing.

R. W. Estabrooks, G. G. Porter, Gordon Goshen and Sam Winchester enjoyed a day of fishing on the Tobique on Thursday, but they evidently enjoyed the scenery in the gulch much better, judging from the time they spent there.

Many friends here regret to hear of the sudden death of Mrs. James Stewart of Kiburn at an early hour on Friday morning. Mr. Stewart, and the only child, Mrs. Frank Bishop have the deepest sympathy of all in this great sorrow.

H. Estabrooks and company of Plaster Rock, were in town Sunday by auto.

Rev. Mr. Kochaly was a guest of Mr. and Mrs. Geo. E. Armstrong on Monday at the tea hour.

Mrs. L. Sawyer and nephew Fred

## You May Be Skeptical

About What Dr. Chase's Nerve Food Will Do for You, But Here is the Evidence.

When the blood gets thin and watery, when the nerves become weak and exhausted, when your vitality is run down and you feel weak and tired, it is because nourishment is lacking.

You may be eating as much but your digestive system fails to obtain from the food you eat the elements from which new blood and nerve force is created.

Because Dr. Chase's Nerve Food supplies this element to the blood and nerves it is the most successful of restoratives.

While personal experience with a medical treatment is the only absolute proof that it will benefit you, still we are all similarly constituted and what will help one will help another under similar conditions.

This is why it is so interesting to read the experience of other people, and many will find in this letter their own conditions described.

Mrs. Thomas Williamson, Pictou, Ont., writes: "For the last twenty years I have had trouble with my nerves. I suffered from sleeplessness, and, of course, my system was often in a run-down condition from nervousness."

"At different times when I would have severe attacks, I was under the doctor's care, but this only gave me temporary relief. Twice I was to a sanitarium in Toronto, where I secured some relief at the time. This past summer I suffered from another nervous breakdown, and it was then that I commenced using Dr. Chase's Nerve Food. I took a treatment of this medicine and can now get up in the morning and do my work, which was something I could not do previously, because I used to get extremely nervous. My appetite is good, and I can sleep well, too. Generally speaking, I am so much better that I am proud of my improvement. I cannot speak too highly of the splendid results I have secured through the use of Dr. Chase's Nerve Food."

## LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freestone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off.

When Freestone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Cronkite of Fort Fairfield, Mrs. E. B. McLaughlin and Miss S. P. Cronkite motored to Red Rapids on Tuesday where they were the guests of Mr. and Mrs. Gilbert Cronkite.

Several freight cars at Rowena siding caught on fire Thursday from forest fires. E. D. Sadler had a large quantity of lumber near by and it was in danger of being burned. A telephone message was sent to Mr. Sadler about 7 o'clock and the way freight with Con. Britton which happened to be here at that time, was quickly dispatched to the scene of the fire with a crew of men. Through hard fighting the fire was extinguished but not until one car and nearly half of another had been destroyed. A large number of men remained all night to keep the fire from breaking out elsewhere.

Many friends of D. W. Larlee are sorry to learn that he suffered from another paralytic stroke on Thursday. We all sincerely hope he may quickly recover.

Charles Armstrong enjoyed a trip to Beach Glen on Saturday. He expects to cover the same ground on Monday.

J. E. Armstrong and Murchie Stewart spent a day at the former's farm at Arthurette last week.

Wiley Day of Bath was visiting friends here over Sunday.

Mrs. M. L. Jamer, Miss Winnifred Price and F. Merritt enjoyed a motor trip to up Tobique on Sunday.

Mr. and Mrs. C. L. Olmstead visited relatives in the Colony on Sunday.

Fred Sadler of Maple View was the guest of his brother, F. D. Sadler, on Wednesday remaining all Friday.

Charles Armstrong, H. W. McPhail and the Misses Green and Gertrude McPhail and Sylvia Cronkite motored to Centerville on Sunday.

Mr. and Mrs. E. W. Larlee and the Misses Lillian Larlee, Grace Black, Dorothy Green and Emma Palmer were in Fort Fairfield on Tuesday evening.

Miss Monroe of Five Fingers, and Mrs. Louis Johnston and child of Benconfield were guests of Mrs. Stanley Waugh last week.

H. F. Stewart made a business trip to Nictan during the week.

Frank White and party of Fort Fairfield passed through here on Sunday on their way from the Tobique, where they had been enjoying a day of fishing.

## Andover News Notes

Friends of Mrs. George Wright and Mrs. James Wright were sorry to hear of the fire which destroyed their father's, Mr. Frank Morris's home at Limestone Monday evening at 10 o'clock. The fire was caused by the explosion of gasoline in the engine which was used for water and light purposes. Mrs. George Wright was there at the time and was slightly burned, Frank Morris was also quite badly burned.

MR. LORENZO LEDUC

3 Ottawa St., Bath, P.Q.

"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting any relief, and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine, and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend it to every sufferer from Rheumatism."

HARTLAND, N. B., JUNE 19, 1919

## A REAL NEED

So far as business interests in Hartland are concerned, the greatest need at the present time is proper hotel accommodation. Far and wide has gone forth the word that the wayfarer man can find no place in Hartland to get a bite to eat. This is not strictly true since the Commercial Hotel conducted by Shaw & Tompkins caters to the rural trade, and Mrs. J. A. Nevers conducts a restaurant. What is needed is a really first class hotel that will be an attraction to tourists and the commercial traffic.

A few years ago Fort Fairfield had no good hotel. The business men of that town saw that they were losing money and opportunity through the lack of this necessity. They got together and formed a large company with a capital of upwards of \$100,000 and built the present Plymouth Hotel, probably the finest in any small town in New England. Although the citizens of Fort Fairfield have much money invested in the property their object was not to realize dividends but rather to bring trade to the town and give to the world at large a welcome to come and stay a day or night, with splendid accommodations to make its stay pleasant.

Similarly the business men and farmers of Centerville organized a company last winter and took over the property of the Centerville Hotel, and having renovated it, they are now open to give first class service to the public. It may be mentioned that these Centerville people saw the necessity of having first class management, a man thoroughly experienced in large town hotel keeping to take charge of the hotel.

The example set by the towns mentioned should be emulated by the business men of Hartland.

The Observer is not going into details, because it doesn't know how to run a hotel. Hotel men like poets and printers, are born, not made, but it must be clear to every person who has the interest of the town in mind that from a business point of view the report abroad all over the country that "Hartland is a mealless town," is not in keeping with the progressiveness shown by the town generally.

## A Builder of Health

Nothing can be of greater assistance in building up the system than Dr. Chase's Nerve Food, for this food-cure forms new, rich blood, and nourishes and restores the feeble, wasted nerve cells. Gradually and naturally the body and mind regain vigor and energy, and you feel again the joy of living which comes only to people in good health.

## Bath Breezes

They used to say that all roads lead to Rome, but in this locality they lead to Bath. One time we only had one kind of road—the worst. Of late there has been a noticeable improvement. The road supervisors are doing fine work this season. Perry Barker and John Pickard, the supervisors for Bath and Beechwood, are most energetic hustlers; Hardie W. Crain in charge of the per-

manent road division, has widened out the main road from Bath to Bristol, so that several death-traps have been eliminated, for which the public should be grateful. There is more room for increase of traffic, and when all the improvement are carried out that are contemplated, our local roads will compete with any in the province, with the exception of a very few macadamized or concrete roads. The staff who are employed on the permanent road, are boarded at the expense of the government, and we have heard no fault found with the cook, Mrs. Eden Waugh, or with the caterer, H. W. Crain. Good digestion waits on appetite, and good work is the result of the ideal combination.

H. W. Crain is one of a number who have invested in an automobile. The youngest son of Squire Bramley has got tired of waiting for a bridge at Bath, and has taken up a farm at East Centerville. We have lost many of our young people just that way. It is rumored that one of our local business lady managers will be interested in a wedding soon to take place. Congratulations.

Farmers have had an excellent season for cropping, and the signs are favorable for good crops and prices.

## Don't Be Dyspeptic

The dyspeptic has thought only of the stomach when the real source of trouble is in the Liver, Kidneys and Bowels. Dr. Chase's Kidney-Liver Pills thoroughly cleanse and purify the digestive and excretory system and in this way put the organs of digestion into splendid working condition. A little patient urging on of these organs when sluggish will restore the habit of healthful digestion.

## Brighton Parish S. S. Convention

Brighton Parish Sunday School Convention will meet at Coldstream on Thursday, June 26 at 2.30 and 7.30. Reports from all schools in the parish are asked for. There will also be reports from the following officers: Temperance dept., Clayton Lewis; Home dept., Anna Murdoch; Secondary, Amasa Plummer; I.B.R.A., Helen Estabrooks; cradle roll, Mrs. H. Bradley; and reports from the visiting committees. Please see that every school in the parish is represented. Clyde Rideout, president; Inez Estabrooks, sec.

## Sent Up For Horse Stealing

One day last week Sheriff Foster was given a warrant for the arrest of a young man named George Fisher, on complaint of George Lyons of Glassville, who claimed that Fisher had been working for him and one day in his absence the lad took his horse and wagon and departed for parts unknown. The Sheriff discovered Fisher and the rig at Caribou after three days' search, and brought the whole outfit back. Examined before Stipendiary Magistrate Noble at Bristol, on Monday, Fisher was remanded to jail for trial.

## CHURCH PICNIC ON JULY 11

The Church of England congregation have decided upon Friday, July 11, as the date for their annual picnic this year. Preparations for this most interesting event are going on with full speed ahead, and the Church people hope for even greater financial success than resulted from the two previous picnics, which were remarkably successful. The object of the affair is primarily to raise money for the building fund, and to this end an opportunity is offered to a friendly gathering together of all the friends in town and country for an afternoon of innocent pleasure. All the usual sports will be featured but no games of chance or anything of the least questionable nature will be tolerated. A splendid line of "treats" will of course be a leading feature, while for an evening attraction the repetition of the play given a few weeks ago will be given.

All members of the congregation are earnestly requested to attend a meeting in the Town Hall on Friday (tomorrow) evening for the purpose of co-operating in making this picnic a huge success.

## Brilliant Wedding Today

Today the home of G. B. Nixon is the scene of a happy event when their eldest daughter, Nolle, becomes the bride of Fenton, Plummer Foster of Fort Fairfield. The ceremony will be performed at 8.30 and the young couple will depart by car on a honeymoon trip.

## A Cure for Pimples

"You don't need mercury, potash or any other strong mineral to cure pimples caused by poor blood. ## Building Notes

There is more of a building boom in Hartland this season than there has been for five years when the Hillcrest section was first opened up. In spite of the high cost of building materials and the labor, and the scarcity of skilled labor, those desiring to build do not seem to hesitate.

L.A.J. Ward, who sold his handsome concrete residence to Frank Plummer, has commenced building another house on the lot next north of W. P. MacMullin. On the hill Brazil Seeley, George Britton and David Underhill are erecting residences. Mr. Britton is building of concrete; the others of Wood.

Others who have purchased lots and signified their intention of building are P. E. Britton, H. A. Sippelle, F. J. Shaw and O. R. DeWitt in the lower end of the town, while Henry Smith has a lot on the hill and intends building. M. E. Sawyer, M. B. Hovey and Vinel Thornton have secured lots near the west end of the bridge and M. B. Cox is completing a residence at the west end of the bridge road. Walter Billings is re-modelling the G. H. Taylor building on the west side of Main st., turning it into a hotel which the town needs badly.

Before the season is over there is little doubt of several other buildings being erected. There is not a vacant house or a vacant shop in town and rents are in high demand.

## Local News and Personal Items

Next Picnic June 27.

A horse for sale. Apply to The Observer Office.

Get waterglass for preserving eggs at Estey & Curtis Co. Ltd.

E. S. Secord of Bath has been visiting at the home of Alphonse Gray.

Miss Rita Murdoch has returned from St. John, where she has been attending business college.

F. O. O'neigh and Mr. and Mrs. B. B. Dryden of Woodstock were here on Monday.

Mrs. Arthur Curtis spent the week-end with her sister, Mrs. George Packard at Bridgewater.

For sale—a Watson potato sprayer, potato digger, farm wagon, plow. Enquire of S. B. Miller.

A few pounds Timothy and red clover seed in hand at Carr's. Who wants it? Don't all speak at once.

Mr. and Mrs. W. F. Thornton, Arthur Thornton, C. S. Baker and Weldon Ward motored to Perth on Sunday.

Live hogs and fat sheep wanted for leading Thursday night or Friday morning for the early trade. Enquire at W. C. Craig's or The Observer office.

Mr. and Mrs. Thomas Tilley have returned to their home at Victoria after a pleasant visit on the North Shore.

Lost—between W. C. Craig's and Hartland, a gold-filled watch. Finder will please leave at W. C. Craig's or The Observer office.

Carr is paying 45 cents for eggs and butter. Hens are shot in now. They need grit and oyster shells. Carr has them, also mashed feed for cows.

The United Farmers, who will hold a picnic in Nixon's field across the river on Thursday, June 26, give a cordial welcome to all people of any class or creed to join with them. Farmers are requested to bring a little extra food in their baskets for "the stranger within the gates."

Miss Kemp, who has been in Boston and vicinity for nearly a year, has returned to Hartland and is lecturing with her sister, Mrs. Harry Lange. During the influenza epidemic Miss Kemp became a volunteer nurse and did much efficient service among the sick and dying soldiers encamped in Massachusetts.

On Tuesday the town had an official visit from the Chief Health Officer, Dr. J. A. Wade, of St. Andrews, whose territory is comprised of the western counties of the province. All the local health boards are under his jurisdiction. Here he found sanitary conditions quite healthful, and said his sanitary inspector, H. N. Dickinson, was doing efficient work. Dr. Wade was completing an inspection trip over the whole of his territory, and at Kilburn found a recently returned soldier suffering from smallpox. The man and those who had been in contact with him were isolated and proper precautions taken so that there is little chance for the disease spreading.

W. F. Thornton has made of the Exchange hotel a most pleasing store and ice cream parlor, having arranged it in very much up-to-date manner. The refreshment tables are located in the former dining room with fine decorations of palms, etc. An air of restfulness falls over one who loiters there—not meaning the restfulness that follows the flowing bowl—and the pleasant surroundings, the careful service of choicest food and refreshments are most attractive. Make Thornton's Ice Cream parlour your destination when you motor to Hartland and you will get splendid service. Ample room to park your car. Mr. Thornton also has a fine line of fruits, Dr. Sweet's root beer, cigars, and light groceries, and is meeting with a splendid patronage.

Miss Evelyn Rogers of Upper Woodstock is a guest of Miss Clara Boyer.

Keith & Plummer Ltd. are unloading a car of Hard Wall and Lime.

Mrs. Henry London and son Murray of Armand drove to Hartland on Tuesday.

W. R. and H. C. Gillis of Woodstock were in Hartland on business on Monday.

The United Baptist Sunday school low meel is at 12 o'clock instead of 2-30, as formerly.

Go to Carr's for steel bedsteads, springs, mattresses, cots, etc. Best in Canada for the price.

Some severe electrical storms have visited the county during the week, but no serious damage is reported.

Estey & Curtis Co. have just received a nice shipment of silver goods, suitable for wedding presents.

Found—a watch; owner can have the same by proving property and paying for this ad. H. B. Boyer.

Archie Stevens of the Royal Bank, St. John, is spending his vacation with his parents, Mr. and Mrs. Charles Stevens.

Ford car for sale, in first class running order. Will be sold for \$175. Come quick if you want the car. Glass Bros.

Private Edward Traflet of the 103rd Infantry was a week-end guest of his uncle, Rev. P. J. Traflet. He is a son of Rev. M. S. Traflet, who now makes his home in California.

For sale—One riding cultivator one single harness in good condition, also one general purpose mare, cheap. Also several grade Shorthorn bull calves. Some nearly pure-bred. Shaw Bros. Hartland R. R. 3. Farmers Tel. 6-31.

Hartland is to have two picnics nearly later: the United Farmers on June 27 and the congregation of the Church of England on July 11. Both events will doubtless prove very interesting. Plan to make Hartland your destination on these days.

One evening last week Arnold Orser, son of Odour Orser, attempted to beat out the evening train at the Maple street crossing with the result that the engine and Orser's wagon tried to occupy the crossing at the same time. Of course the engine won out, and the wagon was smashed. The driver was only slightly injured and the horses were not hurt. Orser claims that the crossing bell was not ringing at the time he started across.

An auto party consisting of Mr. and Mrs. Wellington M. Craig, Cecil Craig and Mr. and Mrs. Russell Paget returned to their homes at Lower Windsor this week after a most pleasant trip to St. John, where they were guests of the elder Mr. Craig's daughter, Mrs. Hedley Belyas. Metcalfe et. Mr. Craig says he saw much good road work being done along the way, but he did not see any where so difficult a job as that confronting W. C. Craig between Hartland and Rockland, or a place where a better job was being done.

William A. Spinney of Windsor, has left for Truro, Nova Scotia, where he will take a course in aviation with the Devere Aviation School. Mr. Spinney will become one of the first aviators to be trained in the maritime provinces. The Devere Aviation School recently opened in Truro, is the first of its kind in eastern Canada, and its object is to teach young men to fly, as well as give exhibition flights and carry on a general cross country business. They expect to do a great amount of flying in these provinces.

Albert Plummer, a former well known farmer of Waterville, who now makes his home with his nephew, Homer Kimball at Upper Woodstock, was here on business one day last week. Mr. Plummer has been something of a trapper in his day, and recalled that in the days of his more youthful activity he secured hundreds of fox skins and considered a dollar apiece a good price, and once in awhile when he secured \$1.50 for an extra fine pelt he was delighted indeed. "If," he said, "red foxes were as easily obtainable today as they were forty years ago a man could make a fortune in a season or two, as the skins worth one dollar then would readily bring \$25 today. Muskrats, used to bring 125 cents apiece. Today they are worth \$2.50 each."

Boards and 2x4 scantling for sale. Enquire of S. S. Miller.

The hot weather is here, also bargains in Men's Balbriggan Underwear—at Carr's.

Wanted—100 cedar fence rails or poles for wharfing. Apply to A. E. Plummer for further particulars.

Mrs. G. Wilmet Ritchie of Greenfield will be at home to her friends on the afternoon and evening of June 26th and 27th.

Lost—a top chain about 10 feet long, between Stickney and Peel crossing. Finder will please leave at A. A. Rideout's.

On Friday evening, June 27, there will be a school concert at Upper Brighton for the purpose of raising money for the purchase of a flag. Admission 15 cents.

Lila Herbert Smith, a student of McMaster College, Toronto, arrived here on Saturday, and will hold services for the Baptists of Windsor and vicinity during the summer.

Church of England service will be held in the Town Hall on Sunday at 10:30, with Sunday school at 2:30. There will be service at Glasville at 3 p.m. and at Beaufort at 5 p.m.

On Sunday evening Rev. and Mrs. Archibald, who spent many years as missionaries in India, addressed a large congregation in the United Baptist church in a highly interesting manner.

Mr. and Mrs. Allen Barter wish to thank the friends who gave them kindly assistance and sympathy during the illness of Mrs. Barter, and in the death and burial of their infant son—Frank.

On Monday the infant child of Mr. and Mrs. A. A. Barter died. The tiny remains were taken to Avondale for burial on Tuesday. The parents have the sympathy of the community in their loss.

Rev. P. J. Traflet will bid farewell, as pastor of the Hartland group of Reformed Baptist churches, Sunday June 22. Services will be held as follows: At Lower Brighton at 10:30 a.m.; Victoria at 3 and Hartland at 7:30 p.m.

E. W. Spinney of Knowlsville was in Hartland last week. His patch foxes have this year brought forth two coal black puppies and the mother has altogether raised 15 young of assorted colors during the year. Black fox skins are now worth about \$1000 for the fur value.

## ROSY CHEEKS AND GOOD HEALTH

Come Through Keeping the Blood in a Rich, Red and Pure Condition

When a girl—or a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily and her heart palpitates after the slightest exertion, or under the least excitement, it means that she is suffering from anaemia—thin, watery blood. Headaches and backache frequently accompany this condition, and nervousness is often present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and renew the blood, bring brightness to the eyes, color to the cheeks, and a general feeling of renewed health and energy. The only other treatment needed is plenty of sunlight, moderate exercise and good, plain food. The girl or woman who gives this treatment a fair trial will soon find herself enjoying perfect health. Mrs. Hiram Shook, R.R. No. 1, Lyndhurst, Says:—"I cannot speak too highly of Dr. Williams' Pink Pills, for I believe they saved my daughter's life. She was in a terribly run down condition, pale, wan, and despondent, and people who saw her considered her in a decline. The doctor who treated her did not help her any, and then I decided to give her Dr. Williams' Pink Pills. This decision proved a wise one, for before six boxes were used, she was much better. I got six more boxes, and before they were gone she was in the best of health. When she began the use of the pills she weighed only 90 pounds, and under their use her weight increased to 127 pounds. I strongly urge all mothers of weak girls to give them Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail post paid at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery, and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full sized packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising.

We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.
