53rd YEAR, No. 22900

FIVE NEW MEMBERS WERE SWORN INTO BORDEN MINISTRY

Mewburn, Kemp, Calder, Meighen, Crerar, Sifton, Rowell, Reid and Burrell Took the Oath of Office This Afternoon—New Mines Department Goes To Burrell—Cochrane Is Chairman of C. N. R. Board.

Ottawa, Oct. 12.—Shortly before 1 o'clock, ten members of the new Borden Administration were sworn in, as follows:

Premier and Secretary of State for External Affairs—Sir Robert Borden.

Minister of Militia—Major-General Mewburn.

Minister of Overseas Service—Sir Edward Kemp.

Immigration and Colonization—Hon. J. A. Calder.

Interior—Hon. Arthur Meighen.

Agriculture—T. A. Crerar.

Customs—Hon. A. L. Sifton.

President of the Privy Council—Mr. N. W. Rowell.

Railways and Canals—Hon. J. D. Reid.

Secretary of State for Mines (new)—Hon. Martin Burrell.

Hon. Frank Cochrane goes to the Canadian Northern as chairman of the board of directors and Sir George Perley becomes Canadian high commissioner in London.

NEGOTIATED ALL MORNING

Ottawa, Oct. 12.—The definite entry of five additional Liberals into the cabinet followed a morning of protracted negotiations. There was a continual passing to and fro of members of the old and the new administration. At quite an early hour Frank Cochrane, the Liberal member for Carleton Place, N. B., was in evidence, and went into consultation with the prime minister. Within a few minutes, he was followed by Premier Murray, of Nova Scotia; A. K. McLean, Liberal M. P. for Halifax, and the western Liberals. About noon the eastern men left the conference, strictly non-communicative as to their attitude.

DOUBTS AS TO MURRAY

Doubts are expressed, however, whether Premier Murray will join the cabinet, as was indicated last night. The Hon. Mr. McLean is suggested in his stead, but here again some doubt is felt. The conference will be held tomorrow, the day, and the composition of the new government will probably be made public this evening.

Divided Portfolio.

The portfolios already announced will provide, it will be seen, for the division of the portfolio of the interior, Hon. J. A. Calder, immigration and colonization, formerly in this department, as a new portfolio. Hon. Martin Burrell becomes secretary of state and minister of mines. Hon. Arthur Meighen becomes minister of the interior. With the two sworn in last week, Colonel Balfour and Hugh Guthrie, there are now seven Liberals in the cabinet.

Hon. C. J. Doherty remains as minister of justice; Sir Thomas White will be minister of finance. The portfolio of labor remains unfilled as yet. Hon. Albert Savary will probably continue as minister of inland revenue; Mr. Borden as postmaster-general; Sir George Foster as minister of trade and commerce. We are obtaining no official announcements to the contrary have been made. Sir James Loughheed is continue as minister without portfolio, as will Frank Cochrane, until he goes to the Canadian Northern.

MURRAY NOT IN IT.

[Canadian Press.]

Ottawa, Oct. 12.—While it is certain from Sir Robert Borden's statement of last night that the formation of a union government is definitely assured, some doubt still exists as to one or two of the incoming Liberals, and the arrangement of portfolios. At 11 o'clock this morning, Liberals were still conferring at the Chateau Laurier. It was said that while some points had not yet been settled, all the details of the new government would be announced today. At that hour it appeared to be practically certain that Hon. George Murray, premier of Nova Scotia, would not come to Ottawa, but would remain in his present post. Should Premier Murray decide to stick to his premiership, A. K. MacLean is almost certain to represent Liberalism of Nova Scotia in the reorganized cabinet. Some doubt is also expressed this morning as to whether the slate will really include F. B. Carroll. The best guess, however, is that he will be one of the new ministers.

PARIS PAPER WANTS VISIT FROM WILSON

Paris, Oct. 12.—The suggestion that President Wilson visit Europe is made by the information in its leading editorial today. It says the Allies need the president's counsel, that his influence would be powerful in establishing unity in regard to the ideas of peace, and that such a visit would be of advantage also to America.

BRITISH ONCE MORE HAMMER HUN WORKS

London, Oct. 12.—Another air raid over Belgium was reported officially today. The statement follows:

"Naval aircraft dropped bombs on the aeroplane aerodrome yesterday afternoon. Despite heavy clouds and rain, all our machines returned."

NEW ALBERTA PREMIER WILL BE CHAS. STEWART

Public Works' Chief

Former Strabane, Ont., Man Slated to Succeed Sifton.

Winnipeg, Man., Oct. 12.—A special dispatch to the Free Press from Edmonton says that Charles Stewart, minister of public works in the Alberta Government, will be a practical certainty, he the new premier of Alberta in succession to Arthur Sifton, who is entering the new Dominion Government.

Mr. Stewart has represented Sedgewick constituency in the Legislature since 1909, and has been a member of the Government since 1913. He is a native of Strabane, Ont., and is now in his 50th year.

CANADA'S "BIT" WITH THE SHELLS

Montreal, Oct. 12.—Canada has shipped sufficient tonnage of shells to the old country to build nineteen bridges across the St. Lawrence, each equal to the Quebec bridge, or sufficient to build sixty-six battleships of 15,000 tons each, so Brig.-Gen. Sir Alexander Bertram told the Canadian Society of Civil Engineers last night. Sir Alexander said the total value of all the munitions and supplies sent overseas since September, 1914, had reached the enormous total of \$700,000,000.

U. S. WILL TAKE OVER STRIPS OF 1,500 TONS

Washington, D. C., Oct. 12.—In its statement of shipping, October 15, the shipping board is considering taking over all American merchant vessels of more than 1,500 tons dead weight capacity, instead of 2,500 tons, as first announced. The great need of transatlantic traffic, it was said today, has made the step necessary.

DON DICKINSON ILL.

Detroit, Oct. 12.—Don M. Dickinson, postmaster-general under President Cleveland, is seriously ill at his home in Trenton, Mich., a rumor, and his physicians hold out little hope for his recovery. Mr. Dickinson has been confined to his home for two years.

U. S. ADMIRAL IS BACK FROM TALK ON NAVIES' WORK

Mayo Discusses Plans for Future With British and French.

WASHINGTON, D. C., Oct. 12.—Admiral Mayo, commander-in-chief of the United States Atlantic fleet, and his staff have returned from England where they participated in a naval conference with the Allies. This announcement was authorized today by the navy department.

The statement authorized by Secretary Daniels, follows:

"Admiral H. T. Mayo, U. S. N., and his staff have returned from England. The purpose of the visit of Admiral Mayo to England was to permit him to confer with officials of the Allied navies to become intimate in every detail with the situation as it is at present, what had been done before, and to discuss the plans for the future. The British admiralty extended every courtesy and every facility to promote the success of this mission. The British admiralty extended every courtesy and every facility to promote the success of this mission. The British admiralty extended every courtesy and every facility to promote the success of this mission."

LONDON SOLDIER, NOW IN FRANCE, WAS IN RECENT AIR RAIDS

Advertisement illustrations

Four brothers of Charles Scott, 394 Clarence street, who helped to fight the first great battles of the war. Pte. Walter Scott (No. 3) was completing in Egypt his seventh year of service with the 1st Suffolk. When war was declared his regiment was summoned home, and he went to France with it in January, 1915. He was captured by the German forces, and has been a prisoner since that time. His brother Thomas (No. 4) was also a private in the 1st Suffolk, and died for his country on May 5, three months after his brother had been taken prisoner.

Albert (No. 1), another brother, was in New Zealand when war broke out. He immediately signed up with the Anzacs and served with them in the Gallipoli, being so severely wounded in the hand that he was discharged. George (No. 2), a fourth brother, enlisted in the 1st Northumberland regiment immediately after the outbreak of war. He has been in the hospital for "trench feet" and "trench hands," and has been wounded in the chest and arm, preventing his return to active service.

Mrs. Scott's brother is also a soldier. He joined the Dorsetshires, and although twice wounded, is still on active service.

RUMANIANS EXPECT ATTACK BY PLAGUES WHEN SPRING COMES

American Red Cross Is Asked to Send Funds for Medicine.

PETROGRAD, Oct. 12.—General Janovecovec, Rumanian war minister, called today on American Ambassador Francis and explained the situation in Rumania. In an interview, the general said:

"One American Red Cross mission has arrived at our front, but it is but a small part of what we need. There is little cholera and other disease among our armies and people, but spring may bring more. Hundreds of American relief workers will be needed then. We are obtaining medicines from Japan, but lack funds, which America could supply."

PRO-GERMAN FEELING GROWING IN SWEDEN; BLOCKADE IS BLAMED

Trend of Public Opinion Turning Against the Allies.

London, Oct. 12.—M. Widen, who has been asked by King Gustave of Sweden to form a cabinet, will attempt to construct a ministry solely of Liberals, says the Stockholm correspondent of the Daily Mirror. The pro-German feeling in the Socialist party will be excluded by M. Widen, who is a moderate. It is the correspondent's opinion that M. Branting will not be excluded, as popular discontent is likely to increase during the winter.

As to the effect of the American blockade, the correspondent says, the manner in which the policy of the United States is to be answered is indicated by the Government's announcement that Germany will supply to Sweden grain, potatoes and sugar. This announcement, if realized, will naturally stimulate the pro-German trend of public opinion developed by the Washington dispatch of the last few days. The dispatch says, "It adds that particular resentment has been provoked in the Swedish by the statement that the Swedish delegates to the United States had suppressed the facts in relation to Sweden's exportation of iron ore to Germany."

U. S. ASKS BRITAIN TO RELEASE SWEDISH MAIL BAGS SEIZED

H. C. Hoover Says Statistics He Wants Are in the Lot.

WASHINGTON, Oct. 11.—The state department, at the request of the food administrator, has asked the British Government to release the three bags of Swedish mail seized at Halifax from the steamer that brought Dr. Lundholm, a member of the Swedish economic mission to this country. It developed today that the pouches are the Swedish mail without being examined, as they were in transit as "courier" or official mail, while the British authorities desire to examine the mail at the embassy here.

Food Administrator Hoover explained the state department's attitude. The statistics asked for from the Northern European neutrals had been received from every country except Sweden and that statistics as to Sweden's trade are in the mail pouches held by the British.

CANADIAN PRESS COMMENTS ON THE UNION GOVERNMENT

Following are extracts from editorials of newspapers in various points of Canada, regarding the new union Government.

Free Press, Winnipeg (Liberal).—The new union Government is a guarantee that Canada is to have an administration that would be disinterested and impartial. It is a guarantee that the new union Government is to be a government of the people, and not a government of the few. It is a guarantee that the new union Government is to be a government of the future, and not a government of the past.

Phoenix, Saskatoon (Liberal).—The new union Government is a guarantee that Canada is to have an administration that would be disinterested and impartial. It is a guarantee that the new union Government is to be a government of the people, and not a government of the few. It is a guarantee that the new union Government is to be a government of the future, and not a government of the past.

Montreal Star. (Conservative) says editorially:

"With so large and influential a section of the Liberal party represented in and supporting the new union cabinet, the necessary election of members to the House of Commons becomes largely a formality in a decisive majority of the constituencies."

"The nation would be eternally grateful if they now accepted the inevitable and made it unanimous. Especially must the Liberal leaders in the cabinet feel their responsibility in maintaining a course of neutrality in the present emergency, to isolate French Canada. If French Canada could have hoped to serve as the nucleus of a majorly-constituted government, it is a matter how mistaken in the opinion of the rest of us—it might have felt encouraged to surrender. But that hope gone, it has its own future to consider, and must stand on its own feet in a time of perilous straits and stress."

Montreal Gazette.

Montreal, Oct. 12.—The Gazette, referring to the cabinet changes, says: "The result of the negotiations is greater than many expected. The idea that the first duty of a government in Canada at this juncture is to take action towards winning the war is widely accepted. Otherwise men of such pronounced views would not have taken the grave step of separating themselves from their party, even for a time, and incurring the criticism that will certainly be directed against them from those who look upon the situation with less clear vision. There should not be any doubt about the effect upon the country towards winning the war is widely accepted of the action just taken. The Borden Government may go forward to the end of the war."

RELIEVED FROM DUTY.

Petrograd, Oct. 12.—The demobilization of superfluous troops attached to the Russian army has begun. The class called for the years 1895-96, which include the men 43 and 44 years of age, are the first to be relieved from duty. The men are being sent to their home villages in special trains, committees at the various towns on the way assisting in their return.

MUTINY OF GERMANS SAVED THE RUSSIANS FROM NAVAL ATTACK

Put a Stop to Kaiser's Activity in the Baltic Sea.

London, Oct. 12.—The inactivity of the German fleet in the Baltic Sea recently, which has protected the opportunity for attacking Russia, was due to a mutiny of the crews of the fleet, according to a dispatch to the Daily Chronicle from Amsterdam. The mutiny was a continuous outbreak in the German navy. The outbreak affected at least six important units of the fleet, putting them out of action and causing the authorities to doubt the discipline and loyalty of the crews of other large ships. It was impossible, the dispatch adds, to take any measures against the mutiny, because the officers, because that would have increased the evil.

CONNORS WILL MANAGE UNLOADING OF VESSELS

Washington, Oct. 12.—Wm. J. Connors of Buffalo probably will be in charge of unloading American transport and supply ships in France. The war department, it was learned, is considering naming him as director of docks in France to supervise the work of three regiments of stevedores and longshoremen now about organized.

BRITISH CONTINUE YPRES PUSH; SECOND DRIVE WITHIN A WEEK, ADVANCE MADE SIX MILE WIDE

Haig's Troops Striking To Northeast of Ypres Despite Stormy Weather, and First Reports Say Satisfactory Progress Is Being Made—French Stop German Attacks At Various Points.

Berlin, Oct. 12.—(via London).—Fresh attacks were begun on a wide front in Flanders today by Entente forces after drizzle had been directed on the area from the Lys to the Ypres-Meerne road, army headquarters announced.

London, Oct. 12.—The British troops in Flanders attacked the Germans this morning on a front of about six miles northeast of Ypres. They are reported to be making satisfactory progress. Rain fell heavily during last night. The official report from Field Marshal Haig's headquarters today reads:

"We attacked at 5:25 o'clock this morning on a front of about six miles northeast of Ypres. Our troops are reported to be making satisfactory progress. Rain fell heavily during the night."

EXPECTED TROUBLE.

British Front in France and Belgium, Oct. 12.—Indications are that the Germans early were aware that trouble was impending, as about 4 a.m. a number of gas shells were fired by them along the British front.

BATTLING FOR RAILWAY.

BRITISH FRONT IN FRANCE, Oct. 12.—At an early hour today British troops, which began attack in Flanders this morning, had penetrated several hundred yards into the enemy's territory on a six-mile front, near Houtholst Wood to a point below the Ypres-Roulers railway, and were battling along the Passchendaele ridge, within 1,000 yards of the centre of the village of Passchendaele.

GONE 800 YARDS DEEP.

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Oct. 12.—(By the Associated Press.)—By 7:45 o'clock this morning reports were received that everything was going well with today's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging 800 yards or more.

Prisoners were beginning to come in early, although slowly, owing to the conditions of the ground.

Field Marshal Haig's latest report is being pushed in the same region as the attack of Tuesday, in which the British co-operation with the French, drove back the Germans along a front of seven miles and captured more than two thousand prisoners. It is probable that the present effort is an attempt to clear the Germans from the remaining portions of the dominant ridge east Ypres.

CLEAN UP RIDGE.

Tuesday's attack gave the British more ground on the ridge, and left the Germans with only a small section in the region of Passchendaele. The British now hold most of the good positions on the ridge, from which they dominate with their artillery the important Roulers-Meerne Railroad and the railroad towns of Roulers, Staden and Meen. Apparently the present drive is being made under weather conditions to attack while the detail operation carried out by us north of Noye farm, Field Marshal Haig threw his men forward and surprised the Germans, who did not think that the British would attempt to attack while the battlefield was waterlogged.

ON THE FRENCH FRONT.

Paris, Oct. 12.—"The night was marked by great activity of the artillery, and by a series of German efforts at various points on the front," says today's official statement. "West of Cerny we repulsed an enemy attack while detail operation carried out by us north of Noye farm enabled us to bring back prisoners. An enemy surprise attack west of Maisons-de-Champagne and three German efforts in the region of Auberville and Souain came to nothing."

"On the right bank of the Meuse (Verden front) artillery fighting continues in the region of Bezonvaux."

ALL IRISH SHOULD HELP WAR ON CENTRAL POWERS IS ADVICE OF O'CONNOR

Chicago, Ill., Oct. 12.—T. P. O'Connor, M. P., Irish member of the House of Commons, declared today that President Wilson's call for democracy had an especial appeal to Irishmen.

"The greatest service which men of Irish birth and ancestry in the United States can perform for the permanent good of Ireland is to help win the war for America," he said.

"Every Irishman is at heart a democrat, not of course, in the American party sense, but in the broader sense. Every Irishman necessarily agrees with President Wilson's demand."

THE WEATHER

TOMORROW—FAIR AND COLD.

Toronto, Oct. 12—8 a.m. Forecasts.

Today—Strong winds and gales, wetly to northerly; colder with rain, turning in some localities to sleet and snow. Saturday—Decreasing westerly winds; fair and cold.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Station	High	Low	Weather
Victoria	44	46	Cloudy
Winnipeg	35	38	Cloudy
Port Arthur	45	46	Cloudy
Perry Sound	50	38	Rain
Port Stanley	50	44	Rain
Buffalo	54	44	Rain
Toronto	54	44	Rain
Kingston	54	44	Rain
Ottawa	46	24	Cloudy
Montreal	46	32	Cloudy
Quebec	49	40	Cloudy
Father Point	48	34	Rain

AN AMAZING FEAT.

London, Oct. 12.—Perry Robinson, telegraphing from headquarters on Wednesday, says there is an amazing story of territorial going into Passchendaele itself. Newfoundland troops distinguished themselves again. The ground was so bad in some sectors that the troops were unable to keep close behind the barrage, giving the Germans an opportunity to prepare machine guns and delay the advance. The stretcher-bearers had an appalling task throughout the night. At some points the Germans opened long-range machine-gun fire on the trenches before they were taken, killing their own men and ours alike.

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 56; lowest, 25.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 45; lowest, 41.

LONDONER'S FOUR BROTHERS WHO HAVE BECOMES "CASUALTIES" AT FRONT

Advertisement illustrations

Four brothers of Charles Scott, 394 Clarence street, who helped to fight the first great battles of the war. Pte. Walter Scott (No. 3) was completing in Egypt his seventh year of service with the 1st Suffolk. When war was declared his regiment was summoned home, and he went to France with it in January, 1915. Mrs. Scott's brother is also a soldier. He joined the Dorsetshires, and although twice wounded, is still on active service.

BRAZIL WILL GIVE TO THE ALLIES 46 ENEMY INTERNED VESSELS FOR CARRYING OF FOOD AND SUPPLIES

Paris, Oct. 12.—Maurice Long, minister of provisions, was asked in the Chamber of Deputies yesterday whether he believed the sequestration of German shipping in Brazil could be raised. The minister replied that he not only hoped so, but he believed that he could assure the House that this tonnage was at the disposal of the Allies for carrying food.

Brazil severed diplomatic relations with Germany on April 11, 1917, and seized 46 German merchant ships laid up in Brazilian harbors. The vessels aggregated 240,773 tons. On September 3 the Brazilian minister of marine announced that his Government would not lease the German ships to the Entente Allies.

MUTINY OF GERMANS SAVED THE RUSSIANS FROM NAVAL ATTACK

Put a Stop to Kaiser's Activity in the Baltic Sea.

London, Oct. 12.—The inactivity of the German fleet in the Baltic Sea recently, which has protected the opportunity for attacking Russia, was due to a mutiny of the crews of the fleet, according to a dispatch to the Daily Chronicle from Amsterdam. TOMORROW—FAIR AND COLD.

Toronto, Oct. 12—8 a.m. Forecasts.

Today—Strong winds and gales, wetly to northerly; colder with rain, turning in some localities to sleet and snow. Saturday—Decreasing westerly winds; fair and cold.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Station	High	Low	Weather
Victoria	44	46	Cloudy
Winnipeg	35	38	Cloudy
Port Arthur	45	46	Cloudy
Perry Sound	50	38	Rain
Port Stanley	50	44	Rain
Buffalo	54	44	Rain
Toronto	54	44	Rain
Kingston	54	44	Rain
Ottawa	46	24	Cloudy
Montreal	46	32	Cloudy
Quebec	49	40	Cloudy
Father Point	48	34	Rain

AN AMAZING FEAT.

London, Oct. 12.—Perry Robinson, telegraphing from headquarters on Wednesday, says there is an amazing story of territorial going into Passchendaele itself. Newfoundland troops distinguished themselves again. The ground was so bad in some sectors that the troops were unable to keep close behind the barrage, giving the Germans an opportunity to prepare machine guns and delay the advance. The stretcher-bearers had an appalling task throughout the night. At some points the Germans opened long-range machine-gun fire on the trenches before they were taken, killing their own men and ours alike.

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 56; lowest, 25.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 45; lowest, 41.

RELIEVED FROM DUTY.

Petrograd, Oct. 12.—The demobilization of superfluous troops attached to the Russian army has begun. The class called for the years 1895-96, which include the men 43 and 44 years of age, are the first to be relieved from duty. The men are being sent to their home villages in special trains, committees at the various towns on the way assisting in their return.

MUTINY OF GERMANS SAVED THE RUSSIANS FROM NAVAL ATTACK

Put a Stop to Kaiser's Activity in the Baltic Sea.

London, Oct. 12.—The inactivity of the German fleet in the Baltic Sea recently, which has protected the opportunity for attacking Russia, was due to a mutiny of the crews of the fleet, according to a dispatch to the Daily Chronicle from Amsterdam. The mutiny was a continuous outbreak in the German navy. The outbreak affected at least six important units of the fleet, putting them out of action and causing the authorities to doubt the discipline and loyalty of the crews of other large ships. It was impossible, the dispatch adds, to take any measures against the mutiny, because the officers, because that would have increased the evil.

CONNORS WILL MANAGE UNLOADING OF VESSELS

Washington, Oct. 12.—Wm. J. Connors of Buffalo probably will be in charge of unloading American transport and supply ships in France. The war department, it was learned, is considering naming him as director of docks in France to supervise the work of three regiments of stevedores and longshoremen now about organized.

BRITISH CONTINUE YPRES PUSH; SECOND DRIVE WITHIN A WEEK, ADVANCE MADE SIX MILE WIDE

Haig's Troops Striking To Northeast of Ypres Despite Stormy Weather, and First Reports Say Satisfactory Progress Is Being Made—French Stop German Attacks At Various Points.

Berlin, Oct. 12.—(via London).—Fresh attacks were begun on a wide front in Flanders today by Entente forces after drizzle had been directed on the area from the Lys to the Ypres-Meerne road, army headquarters announced.

London, Oct. 12.—The British troops in Flanders attacked the Germans this morning on a front of about six miles northeast of Ypres. They are reported to be making satisfactory progress. Rain fell heavily during last night. The official report from Field Marshal Haig's headquarters today reads:

"We attacked at 5:25 o'clock this morning on a front of about six miles northeast of Ypres. Our troops are reported to be making satisfactory progress. Rain fell heavily during the night."

EXPECTED TROUBLE.

British Front in France and Belgium, Oct. 12.—Indications are that the Germans early were aware that trouble was impending, as about 4 a.m. a number of gas shells were fired by them along the British front.

BATTLING FOR RAILWAY.

BRITISH FRONT IN FRANCE, Oct. 12.—At an early hour today British troops, which began attack in Flanders this morning, had penetrated several hundred yards into the enemy's territory on a six-mile front, near Houtholst Wood to a point below the Ypres-Roulers railway, and were battling along the Passchendaele ridge, within 1,000 yards of the centre of the village of Passchendaele.

GONE 800 YARDS DEEP.

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Oct. 12.—(By the Associated Press.)—By 7:45 o'clock this morning reports were received that everything was going well with today's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging 800 yards or more.

Prisoners were beginning to come in early, although slowly, owing to the conditions of the ground.

BIG REGISTRATION FOR CONFERENCE ON GIRLS' WORK PLANS

Close to 300 Girls and Leaders Already Signed.

OPENS THIS EVENING

Banquet, Open Sessions and Mass Meeting Are To Follow.

Between 250 and 300 leaders and girls have already registered at the Central Y. W. C. A. rooms for the Girls' Work and Leadership Conference, which has been arranged for this week-end, the first of the kind ever held in the city. Much enthusiasm is manifested on the part of those registering, representing to date 25 churches and 5 denominations, Methodist, Presbyterian, Anglican, Congregational and Baptist. A large delegation has registered from the Normal School.

Miss Una Saunders and Miss Ziegler of the national advisory board on girls' work, who have assisted in editing the Canadian Girls in Training program for this session, will conduct a conference for leaders this evening in the Y. M. C. A. Auditorium. The afternoon session has been arranged for 3 o'clock Saturday afternoon in the auditorium, the speakers to be Mrs. Franklin Johnson, Miss Saunders and Miss Ziegler of Toronto, and Miss McCamus and Miss Newbury of the Y. M. C. A. of London. The program will be concluded with a demonstration of the "Girls in Training" film, presented by Normal students.

The grand social event is to be a banquet at 8 o'clock in the Masonic Hall, and special interests attaches to this from the fact that the speeches are to be made and the answers are responded to by the girls themselves.

The evening session in the auditorium at 8 o'clock is to be a short one, with Miss Una Saunders as the main attraction of this city. The grand wind-up will be a mass meeting in the auditorium Sunday afternoon at 4:15 o'clock for leaders and girls, addressed by Miss Saunders.

During the conference, reports will be given of a number of teen-age girls' clubs and organized in the district, and the work along the lines of the Canadian Girls in Training program.

PRICE PENDULUM SWINGING HIGHER; GROCERIES GO UP

Many Changes Recorded During Past Week.

The following comment on the market situation as regards foodstuffs will appear in Canadian Grocer this week: "Changes have been numerous in grocery commodities during the week and wholesalers are pointing out that the price of the pendulum seems not to have reached its highest point as yet. Changes made by the manufacturers and first-hand dealers are in turn passed along to wholesalers. Lines in which advances have been recorded include canned peas, potato polish, metal polish, coconut, shortening, essences, baking powder, Epsom salts, soda ash, salt, baking ammonia and oil of lemon, chewing tobacco, proprietary medicines. One brand of tomato soup registered a decline.

Provisions of various kinds are in firm market with advances recorded in a number of meat lines. Butter is in firm position, due to the rumor of inability of heavy exports of butter this fall. Eggs held in steady market. Chickens were in demand for the Thanksgiving period, but wholesale dealers found it difficult to get help to prepare them for the market, and in consequence consumption was not as heavy as it would otherwise have been. Honey gives evidence of greater firmness.

New prices on canned tomatoes and corn have not yet been announced, but the canning interests assert the pack will be short. Canned salmon is in increasing firm market. The lightness of supplies. Canned peaches, plums and pears are reported in good supply and full delivery will, in all probability, be made by the canners. Sugar is a scarce article, as refiners have been unable to get sufficient stocks of raw sugar. Flour prices remained unchanged except Ontario, winter wheat flour, which was slightly lower in some quarters. The food controller and mining interests are in agreement as to what the new prices will be under the regulation providing for a 5c per barrel clear margin of profit for the millers. Business in grocery lines is reported fairly good.

INFORMATION SHORTLY

Arrangements Being Prepared for War Service Badge Issue.

Information regarding the methods of applying for the war service badge is about to be issued by the militia department and is being prepared, and a circular dealing with the matter will be published by district headquarters here in a few days.

The present badge that are being worn by the men who have been on active service overseas are issued by the Canadian Patriotic Fund and others are furnished by the Great War Veterans' Association. The official badge, which will be issued by the military authorities, Major Fairbank of the local headquarters' staff, is devoting his time to the question, and expects to have the information regarding the methods of application for the badge ready in a short time.

MUNICIPAL GOAL MAY COME HIGH; NO BARGAINS YET

Mayor Intimates That Citizens Will Pay High For Fuel.

BETTER THAN FTEEZING

Coal Famine Possible, According To the City's Chief Executive.

"The city may face a fuel famine this winter. We can get coal. Even if the cost was \$10 a ton to citizens, wouldn't it be worth while to get the fuel situation and the recent trip to Buffalo to secure a supply for the city?"

The mayor said that he had not signed any contract, but could have done so and secured coal at the rate of \$1,000 a week. While he did not commit himself as to the price at which coal could be secured, he said as much as \$10 a ton, and that he would not get coal at any price. If we can prevent a famine here, we will be doing something.

BRISK CAMPAIGN FOR RECRUITS FOR THE FLYING CORPS

Many Young Men Wanted for Imperial Air Service.

Arrangements for a brisk recruiting campaign to secure men for the Imperial Royal Flying Corps have been completed with the arrival of Lieutenant Arthur E. C. in the city.

The committee in charge of recruiting from recruits in the district, Mentally and physically men desirous of entering the Royal Flying Corps must be of a high school education, coupled with a recommendation from prominent citizens of the place in which the recruit resides, is necessary. All applicants must be within the age of 18 and must be able to enter the service for training to become equipment officers.

Strict Inquiry. After ascertaining the physical status of a candidate, the committee will inquire into his moral and mental standards, and if found satisfactory the recruit will be sent to Toronto for recruitment in a traveling suit of fatigue through a certain amount of training, generally two months in the cadet camp, and then to Texas for winter training if deemed necessary.

Not so Hazardous. The work of flying is not so hazardous as would be expected; if a man is proficient in flying and possesses plenty of common sense, the chances are that he will come out unscathed. Somersaults, zigzags and loops are a necessary part in every flight, for much depends upon a pilot's ability to perform acrobatics while in the air, if he is going to escape the fire of enemy airplanes. Because the Flying Corps appeals to the best type of young men, a superior class of officers compose it. Initiative and ability to think quickly are the main requisites of a pilot. When on active flying service the airman receives the best messing and longest recreation hours of any other branch of the service. Pilots are assigned for certain fighting or scouting duties during their flight, and if these are carried out within a short time the remainder of the day is reserved for their own pleasure.

Lieut. Arbon was two years in France, flying over the German lines from day to day. He was a personal friend of the famous aviator, the Hon. Sir Billy Bishop, now in Canada on leave of absence, and has many interesting experiences on the western front, and will recount them shortly to an audience at the Masonic Hall.

Not so Hazardous. The work of flying is not so hazardous as would be expected; if a man is proficient in flying and possesses plenty of common sense, the chances are that he will come out unscathed. Somersaults, zigzags and loops are a necessary part in every flight, for much depends upon a pilot's ability to perform acrobatics while in the air, if he is going to escape the fire of enemy airplanes. Because the Flying Corps appeals to the best type of young men, a superior class of officers compose it. Initiative and ability to think quickly are the main requisites of a pilot. When on active flying service the airman receives the best messing and longest recreation hours of any other branch of the service. Pilots are assigned for certain fighting or scouting duties during their flight, and if these are carried out within a short time the remainder of the day is reserved for their own pleasure.

AUTUMN WEDDINGS

GRAHAM-WILEY. A quiet but very pretty wedding was solemnized at the home of Mrs. Harriette Wiley, 115 Edwards street, Wednesday afternoon, at 3 o'clock, when her daughter, Edna Harriette, was united in marriage to Angus Graham, of Brown City, Mich.

The bride, who was given in marriage by her brother, Arthur T. Wiley, looked charming in a traveling suit of taupe broadcloth and French hat, with maize trimming and corsage of sunset roses. Mrs. John Anderson, sister of the bride, acted as matron of honor, while John Anderson assisted the groom. The ceremony was performed by Rev. Mr. Argo of Seaford.

The house was artistically decorated with autumn leaves, flowers and ferns. After partaking of a dainty wedding breakfast the bridal couple left for Port Huron and Detroit.

On returning from their honeymoon Mr. and Mrs. Graham will reside in Brown City, Mich.

Out-of-town guests were present from Port Huron and Detroit.

STEELE-HALL. A very pretty wedding was solemnized at Midland street Baptist Church, Thursday afternoon, when Miss Irene Edna Hall was united in marriage to Harry Steele, both of this city. The bride was given away by her cousin, Edward Smith, and looked charming in a traveling suit of navy blue serge, white hat, and a corsage bouquet of white roshamboes. The groom was given away by his cousin, Mr. Clarke Steele, and looked charming in a traveling suit of navy blue serge, white hat, and a corsage bouquet of white roshamboes. The ceremony was performed by Rev. Mr. Argo of Seaford.

CYCLIST CONVALESCING IN ENGLISH HOSPITAL FROM SHOCK AND GAS

Advertiser Illustration. CYCLIST JOHN VICE, 78 1/2 Dundas street, who writes to his parents that he is now convalescing in an English hospital. He was shell-shocked and gassed in the trenches some months ago. Cyclist Vice enlisted with a cyclist's platoon here in September, 1916. Prior to enlisting he was employed in The Advertiser office and at J. S. Barnard's jewelry store. He is 18 years of age.

Chaplain Scores Moral Conditions, Reckless Waste

Stand Behind Boys at Front, Says Rev. Angus Graham.

"Moral conditions amongst the citizens of London are relatively worse than those amongst the Canadians overseas, and I have statistics to prove it," was the statement by Rev. (Capt.) A. Graham, who went overseas as chaplain with the 15th Battalion, to the annual convention of the East Middlesex School Teachers' Association on Thursday afternoon, in urging the delegates to stand behind the boys at the front and impress upon their pupils the heroism of the Canadian soldier.

Criticism of the waste in this country also marked his address. Enough gasoline is used in London each day for pleasure driving to supply an armistice train in France, he said. Enclosed because of the security, only doctors and other necessary travelers were allowed to have gasoline. The rest was commandeered at 74 cents a gallon for the army. Since returning he has seen no war bread, but that there all he had eaten for six months before leaving England. No butter was used there either.

Scores Politicians. Capt. Graham scored the party men of politics. "God pity the man that spends his time seeking how this or that party can be elected, and can hicker and quarrel over the leadership," he said, "when, as a candidate to the soles of his feet, 'this thing is too big, this problem is too vast, this question is too important, for any man to think of himself.'"

C. H. Winsor, president of the association, delivered his address in the afternoon, taking as his topic "The Aim of Education." This, regardless of the number of forms in which it had previously been stated, he declared to be in essence, "to prepare for life."

"Some," he said, "embody this in a preparation to earn his bread and butter; others would have us believe it is a preparation for further acquisition of knowledge, or for clinging to the man of fortune, the man who bears the earmarks of reversion; the man regarded as a clever fellow on account of being well versed in some subject without the conventional value is unimportant; still others would have us lack-of-all-trades by the harmonious development of all the powers and faculties of man. Even Herbert and Aristotle and other leading moral philosophers sum up the aim of education in the concept—'Morality.'"

"Education is to me," he continued, "the corner-stone of man's setting off for eternity. If the corner-stone is laid properly, great and glorious shall be the construction thereon. But if the corner-stone be laid wrong, the greater the construction the greater shall be the fall thereon."

"These hundreds of souls under our care in East Middlesex," he said, "are started on their preparation for life, and habitations every year. God knows, the teacher's example before her pupils is watched in the section until every one made sure. I would have nothing to say regarding that today."

"The educational system today preaches to the young men, a superior class of officers compose it. Initiative and ability to think quickly are the main requisites of a pilot. When on active flying service the airman receives the best messing and longest recreation hours of any other branch of the service. Pilots are assigned for certain fighting or scouting duties during their flight, and if these are carried out within a short time the remainder of the day is reserved for their own pleasure."

Lieut. Arbon will travel throughout the district in search of recruits. The office of the committee will be open in the Soldiers' Aid building, although prospective candidates may secure information at the office of the mayor.

A Solid Satisfaction

Comes to all men who are buying their clothes in this shop.

Not because it is our shop, but because it offers the kind of men's clothes that give men service in style, tailoring and value. We are not featuring a "one line" shop, but select from the foremost makers who still cling to "hand-tailored" ideals, the best to be had—and we stand back of every garment.

TRANSFERS ANNOUNCED TO C.E.F. OFFICERS' RESERVE

District Orders Contain Names of Men So Elected.

District orders issued at militia headquarters contain notice of a number of promotions and transfers. Arthur E. Dodson has been appointed provisionally lieutenant in the 31st Battery, C.F.A., and Alexander E. McLarty to the same rank in the Army Medical Corps.

Prov. Lieut. H. J. Kennedy, of the 16th (Middlesex) Regiment, has been permitted to retire, and Capt. (temporary) lieutenant-colonel G. J. Ingram, of the 7th Regiment, has been relinquished the temporary rank of lieutenant-colonel.

SMALLMANS INGRAM

ROAST GOOSE DINNER, SATURDAY, COURSE DINNER, 40c.

LADIES' COATS A DAY OF OPPORTUNITY

125 New Autumn Styles, Saturday \$13.95

See these Coats in Durdas street window. On sale Saturday, \$13.95.

Nainsook Special, 5 Yards for \$1.00 Saturday we will put on sale 400 yards of one of our standard numbers in Nainsooks. This is a good quality, fine weave and firm body, and we can recommend it as a good wearing cloth; 40 inches wide.

Special for Saturday, 5 Yards for \$1 or 22c Yard This is about mill price today. (Made in England.) Get your supply while the present prices prevail.

Farmers' Special for Saturday About 6 dozen only, Special "Empire" Tested Grain Bags; the old value at the old price, full size, while they last, 35c each, or \$4.00 dozen. Get yours here at these old prices. West Aisle, Main Floor. Staple Department.

Three Great Specials Saturday---For Men

We scarcely know which to emphasize—the Suits, the Raincoats or the Shirts. Each one is sufficiently strong in itself to assure a full day's business—as the price in each case does not represent more than two-thirds of the value. Do not overlook these money-saving opportunities Saturday.

Men's Neglige Shirts, 65c Each Men's Neglige Shirts at a real bargain Saturday. This will be a good chance to replenish your stock of shirts—good, serviceable shirts in neat stripe effects, with soft or laundered cuffs, well made, full-sized garments, about 20 dozen to choose from, and worth nearly double the sale price on Saturday; sizes 14 to 17 1/2. Price, each 65c

Men's Raincoats, \$6.95 Here is value that will be apparent to every man who examines these Coats on Saturday, a very big reduction for a quick clearance on Saturday morning. Men's Double Texture Wool Paramatta Raincoat, mole-lined, strongly built, and just the proper coat for heavy, cold rains. These coats are worth very much more than we quote here. They come in all sizes, 36 to 44. Sale price 65c

Men's Suits, \$16.50 Exceptional value in Men's 3-Piece Suits will be shown here on Saturday. We ask you to note the price, then come Saturday and examine the goods. For the young man we feature the new and stylish suit with belt all around, military style pockets in a dark brown shade of fine, soft wool cheviot finish; well made and properly lined. The trousers have straight or cuff buttons, also the 2-button, form-fitting style in grey and brown worsteds and overchecks, and the regulation style for the business or professional man. These suits are all well made and worth much more than the sale price; sizes 34 to 44. Price \$16.50

LADIES' COATS A DAY OF OPPORTUNITY

125 New Autumn Styles, Saturday \$13.95

Opportunity to you, of course, means just one thing—a saving of money—and we use the word here in this connection. This opportunity, however, is much broader than usual, for it comes on coats at the beginning of the season—all typical late styles, new winter models. These coats are a special purchase at a clearing price from one of our leading makers and will undoubtedly create an unusual coat buying opportunity tomorrow, while it is not our policy to use comparative prices, we must tell you that in many cases this price is at least a third off regular.

Coats Pictured Are In This Sale

The three coats illustrated are exact pictures of some of the coats in this lot, which will convey to you the styles better than a page of descriptions. Seeing the style with your own eyes is better than any imagination can picture. There are loose styles belted in, large collars that fold up for cold weather, new slashed and patched pockets with trimmings of velvet and plush, 3/4 and full lengths. The colors are principally in browns and greys, also broken and small checks; sizes 16 and 18 years and 34 to 40 bust sizes.

On Sale Saturday Morning, \$13.95

Japanese Kimonos, \$1.39 Five dozen hand-embroidered Japanese Kimonos of fine quality cotton crepe, embroidered in white both front and back and on sleeves; girdle of self at waist. Comes in sky, pink or heliotrope. Price \$1.39

CORTESE ORCHESTRA—Saturday afternoon, Balcony and Tea Room. SMALLMANS INGRAM LIMITED

MILITARY CLERKS NEEDED Instructions issued to Secure Volunteers for This Work. Clerks, stenographers and typists are required by militia headquarters, and commanding officers are asked in camp orders to forward the names of men in their units who will volunteer for such work. Recruits who are Category C men may also be taken on if qualified, and will be attached to No. 1 Special Service Company.

REICHSTAG ADJOURNS. Amsterdam, Oct. 12.—The German Reichstag, according to a dispatch from Berlin, adjourned yesterday until December 5. BOXES FOR SOLDIERS. EMBRO, Oct. 11.—At the last meeting of the Brookdale Red Cross Society, it was decided to send each of the Brookdale boys at the front a Christmas box. Lieut. Roy Innes, a returned officer, gave an address. He was in the trenches for thirteen months. A collection was taken up, which netted \$9.65. Mr. and Mrs. Coulson have received a letter from their son, Pte. Jerry Coulson, who is in the hospital in London, Eng., with pleurisy. Pte. Coulson received a medal for his bravery some few months ago in France.

RUSH SO GREAT MANY FORCED TO GO UNEXAMINED

Applicants For Draft Examinations Swamp the Armories Medical Board.

110 MEN PASS DOCTORS

67 of These Graded As Fit For Front Line Work On Thursday.

The steady stream of applicants for examination under a military service act continues to flow into the armories, and so great was the rush on Thursday that many were forced to leave without obtaining an examination. The military authorities are making strenuous efforts to cope with the increasing number of men applying for examination, but owing to the shortage of medical men, they are seriously handicapped.

If the work of the medical boards at the armories was limited to examining London men only it would be comparatively light. It is claimed, and the two boards could easily handle the men from this city who apply daily. But men arrive from points as far distant as 50 miles from London, a large percentage of the total applicants are but Londoners.

Few Eligibles Enlist. Few of those examined enlist at once, and one or two a day is the most that has been obtained so far. Those who are fit evidently wish to think it over before enlisting, or else they intend to apply for exemption on some other grounds. It would appear also that some of them return later to enlist, for the number of daily recruits has increased slightly in the past few days.

A total of 110 men was examined by the medical officers Thursday, 54 of them being first class fighting men, and 27 being absolutely unfit. Eleven more were considered fit for non-combatant units, two for service in Canada, and six were rated as doubtful.

Thirteen recruits signed up for service Thursday, four being from Detroit, one from Woodstock, and the remainder from this vicinity. Two deserters were also passed upon by the local board. One recruit from Detroit was pronounced unfit, and was forced to return to his home.

The following joined up: J. Leander, F. C. Waters, J. Fields and H. Beaver, Detroit; E. E. Grimstead, Woodstock; S. V. Clarke and Weaver, B. B. Gould, E. Sears, W. L. Jackson, W. J. Labelle, D. J. Steele and H. L. Stearns, London.

The following table shows the classifications of the men who applied for examinations Thursday, according to their medical categories:

Table with 2 columns: Category and Count. Categories include 'A', 'B', 'C', 'D', 'E', 'F', 'G', 'H', 'I', 'J', 'K', 'L', 'M', 'N', 'O', 'P', 'Q', 'R', 'S', 'T', 'U', 'V', 'W', 'X', 'Y', 'Z'. Total count is 110.

BOARD MEETING HERE

Municipal and Railway Commission Sit on October 22.

A sitting of the Ontario Railway and Municipal Board will be held at the courthouse commencing at 2 o'clock Monday afternoon, October 22. The only matter to come up for consideration will be an application on the part of the London Street Railway Company to install a switch on the Wharncliffe road.

NEWS

MEETS OCTOBER 17.—The monthly meeting of the Loco Women's Institute will be held at the home of Mrs. A. Masser on Wednesday afternoon, October 17.

G. T. R. INCREASE.—Grand Trunk Railway traffic earnings from October 1st to 10th, 1917, were \$1,242,050, in 1916, for the same week they were \$1,215,995, an increase for 1917 of \$26,055.

FIRST MEETING OF YEAR.—The first meeting of the Western University Literary Society for the year will be held on "The Searchlight of the War."

GREYCOATS PERMITTED.—Greycoats are now permissible for the soldiers at Carling Heights Camp, according to orders, which state that they may be worn in walking out and at duties, at the discretion of the officers commanding units.

EMPRESS AVENUE CLUB.—The Empress Avenue Mothers' Club held its regular meeting Tuesday evening. An interesting address on tuberculosis was given by Dr. Hill, M.O.H. A delightful program completed a most pleasant evening.

NO MILITARY PAY.—Men who have been granted harvesting or seeding furloughs will not receive pay, allowances, or traveling expenses, according to instructions published in camp orders, and it is further stated that the Government will not be responsible for any accident or illness which may occur during such furloughs.

SUNDAY IS RALLY DAY.—Sunday will be rally day in Talbot Street Baptist Church. The opening meeting of the Mission Band, under the direction of Mrs. Nathaniel Mills, will be held at 10 o'clock. In the afternoon a great rally of the Sunday school will take place. A fine program has been arranged. The pastor will preach at both services.

RURAL TRADE GOOD.—London reports to Bradstreet's that trade in reasonable lines is measuring up fairly well, while both the current trade reported by wholesale houses, and the business that is being booked for spring delivery is considered as satisfactory. The effect of high prices on all country produce is exerting a good influence on rural trade. Western Ontario conditions are healthy, and the beneficial effect of the realization of cash by farmers on produce and grains is reflected in improved collections.

Hand-Made Work To British Red Cross. Manual Training Students Donate Tables, Stands and Stools to I. O. D. E.

The manual training pupils of the 6th, 7th and 8th grades of Lorne Avenue, Pottersburg, Rectory Street, St. George's and the Boyie Memorial schools have given to the Overseas Chapter, I. O. D. E., ten sewing tables, eight umbrella stands and two footstools, to be sold, and the proceeds to be devoted to the British Red Cross. These articles are all made of quarter-cut oak and are hand made throughout. They are under the supervision of J. Gammage & Sons on Saturday, Sunday and Monday.

GREAT WAR VETERANS DESIRE MORE SOLDIERS ON EXEMPTION BOARDS

Winnipeg, Man., Oct. 12.—Protesting against most of the appointments of exemption tribunals, as very few discharged men, non-commissioned officers or men who have seen service in France have been given positions on them, Arthur Leighton, secretary of the Great War Veterans of Canada, today telegraphed to the War Department, Ottawa, asking that there being no labor men on these tribunals.

EVERY MEMBER OF COMMITTEE NEEDED TODAY

British Red Cross Workers Expected to Attend Meeting This Afternoon.

PROSPECTS OF BRIGHTEST

Indications Point to Successful Canvass Next Week.

"We want every member of the central committee to be present this afternoon if we are to reach our objective in the British Red Cross canvass," said Sir George Gibbons to "The Advertiser." The general chairman has had considerable encouragement in the securing of subscriptions in advance of the canvass, and is hopeful that this year's appeal will be received with that ready willingness which has inspired the people of London to give to previous patriotic collections.

The meeting will be held in the grill room of the Tecumseh House. It will be called sharp at 4:30 o'clock this afternoon, and judging by the interest already manifested by members of the committee, there is going to be a good attendance.

"But we want more than a merely good attendance," said Sir George, "we want absolutely every member—not an absentee. Tell them that," he added, "for we don't want anybody to forget."

Apparently no kind of an excuse will pass muster. And it is going to be the same all through the campaign. Every meeting will be attended by every member—and there will be a series of them, for this campaign is going to be conducted more scientifically than any other so far.

I. O. D. E. CHAPTERS OF DISTRICT WILL HAVE RALLY OCT. 24

Big Annual Gathering Will Be Held in London Then.

The annual rally of the Imperial Order of the Daughters of the Empire of No. 1 Military District will be held in Cronin Hall on October 24. Mrs. A. E. Gooderham, national president of the Imperial Order, will speak on the work that is being carried on throughout Canada by the Daughters of the Empire. Members of the executive of the Municipal Chapter have been named as the reception committee.

Those in charge of the display of work are Mrs. Callard, Mrs. Travers, Mrs. Campbell and Mrs. Puleston. The program committee is: Mrs. E. B. Smith, Mrs. A. E. Miller, Mrs. C. T. Campbell and Mrs. E. M. Graham. The rally will be open from 2 o'clock in the afternoon, and a light tea will be served. Miss Jean Waugh will be in charge of the refreshment committee.

THE QUITTER

PENNY BANK SAVINGS OF LONDON SCHOOL CHILDREN BELOW AVERAGE ATTAINED FOR WHOLE DOMINION

12c Monthly Deposit, According to Official Reports of Whole System's Operation.

Pupils in the public schools of London deposit monthly an average of 12 cents in the penny bank, according to the latest report issued, bringing the total in June to \$9,207.58. This amount was carried in 3,858 accounts. The highest average deposited, 32 cents, was made by pupils of Ealing School, who deposited \$308.39 in 106 accounts. The greatest number of accounts, 308, was opened by pupils of Aberdeen School, who deposited \$592.21, a monthly average of 14 cents per pupil attending the school. In 142 accounts pupils of Alexandra School, deposited \$699.46 before last June, an average of 19 cents per pupil attending the school. Seventy-eight pupils of the Boyie Memorial school, placed \$152.50 in the bank, making the average for the school 13 cents.

At Chesley avenue school, 173 pupils deposited \$514.28, an average of 7 cents. Fifty-six pupils of the Colborne street school were depositors, making the average deposit for their school 21 cents, and the total \$139.57. Twenty-seven pupils at Egerton street school deposited \$109.92, an average of 12 cents. The average at Empress avenue school was 10 cents, 159 pupils depositing \$815.72. At Riverbank school 124 pupils deposited \$551.94, an average of 19 cents per pupil, attending the school. The average at Ryerson school was 13 cents a pupil, \$498.09 being deposited by 146 pupils. Since street school pupils

53 MORE SOLDIERS, INVALIDED HOME, ARRIVING SUNDAY

Another Detachment Coming in Via C. P. R.

Fifty-three wounded and invalided soldiers will arrive in the city on Sunday morning, Oct. 14, at 11:15 o'clock. In the party are several Londoners, the remaining men being residents of Western Ontario towns and cities.

EDUCATION BOARD AGREES TO LEASE HYDRO SHOP FLAT

Will Pay \$1,200 Annually For New Quarters.

Arrangements have been completed between the board of education and the utility commission for the lease of the third floor of the hydro shop to the board for office room.

The special committee of the board met last evening, and after a long session the terms. The annual rental will be \$1,200, or \$100 a month. A sub-committee consisting of No. 2 committee of the board, the Y. W. C. A. was given the use of the swimming pool at the Long Roberts School, and the athletic field of Wortley Road School for teaching purposes.

OVERSEAS CLUB TOBACCO GIFTS APPRECIATED ONES

Replies Express Gratitude of Boys in Trenches.

The Overseas Club has received many cards of appreciation for cigarettes, tobacco and matches from soldiers on active service. These have been sent to the boys from time to time by this club. Through the generosity of the children of the public schools, on May 24th, \$300 was forwarded to the club for this purpose, during fair week the same amount was netted through the sale of the popular patriotic song, "Home Again."

The packages, which are sent to the boys through this club, contain fifty cigarettes, three ounces of tobacco and a small box of matches. This tobacco is bought from Canadian firms, and shipped over in bond, therefore saving the expense of heavy duty.

The following are some of the cards received by H. S. Renwick for shipments forwarded as a result of the school collection:

Dear Sir,—Many thanks for the cigarettes which arrived at a very opportune time, and have been greatly appreciated. Yours truly, BULLARD.

Dear Sir,—The smokes arrived yesterday, and I thought that your club serves me as a very good reason for just coming out of the lines for a short rest, and these were what we needed. Yours truly, P. E. CAPELING.

Dear Sir,—Received the cigarettes, and they were just the thing that we needed over here at any time and in any place, and always in the trenches. Yours truly, P. E. ED. LAIDLAW.

PARALYSIS CASES NOT REPORTED TO M. O. H. PROMPTLY

Two Instances of Dread Infantile Disease in City. CHILDREN RECOVERED

Weekly Statement of Health Department Reports Release From Quarantine.

Two cases of infantile paralysis have been discovered in the city, but they were not reported to the officer of health until the children had recovered. They have been released from quarantine, according to the health department's weekly report.

There were fourteen cases of infectious diseases discovered during the week ending October 6, 1 of chicken-pox, 2 of diphtheria, 1 of septic sore throat, 2 of measles, 1 of scarlet fever, 2 of tuberculosis, 2 of whooping cough and 2 of infantile paralysis.

There were 33 cases at the end of the week, one of chicken-pox, 3 each of diphtheria, septic sore throat and measles, 17 of scarlet fever, and 6 of whooping cough. Of these 18 were in the isolation hospital, 3 of septic sore throat and 3 each of diphtheria, septic sore throat, and whooping cough. There were eleven homes under quarantine.

LONDON MEN OF MANY UNITS COME TOGETHER IN 4TH

All Battalions Represented in Reserve One

1ST TO 142ND IS THERE

Recent Cyclists Draft Also Included, Writes Corp. W. E. Elliott

Writing from Bramshott Camp, on September 21, Staff Sergeant W. E. Elliott of the corps of military staff officers of this military district, a former well-known London newspaperman, who is now a corporal in "D" Company 4th Reserve Battalion, says: "This is some mixture, this 4th Reserve—Western Ontario men from all units; 1st Battalion up to the unemployed. Just now I am taking a drill course at Divisional School. The soldier on my right in open order is Sgt. W. J. Bartlett, a well-known Advertiser writer just back from France after two years in the front line with the 18th. Just about a dozen of the originals left over there, he says."

"Sergeant Bartlett has a sprinkling of grey hairs which I don't recall seeing in his head in the 'Boat' Middlesex days. He is likely to be given a commission."

"In front of me in the same class is Pte. Collins, late of King street, London, a 1st Battalion man. Near me on the left is Sgt. H. J. Bennett, late of the 142nd Battalion and London city hall staff. One of the school instructors is Company Sgt.-Major R. Owens, 1st Battalion, once of Strathroy. There are several squads in training, drawn from all over Bramshott, and nearly every battalion Canada ever sent overseas to be represented. "Battalions flying over this afternoon give strength to a rumor that a German air raid is on. If so, you'll have the result by cable before this. I see Harry Atkinson and George Gochagan every day. Sergeant-Major Ed. Walker is in our midst at present, having just arrived from Canada."

"Well, our cyclist platoon was intact all this time until yesterday, when Pte. Stanley went to the Engineers at Seaforth as an electrician. We have had more men added and are now of the strength of an infantry platoon. Lieut. Kratzer, who brought us over, has had nothing to do with us since we joined the 4th, as the platoons are

PREPARING FOR RACE

Supporter of Ex-Canadian War Lord Has Ammunition for Electors.

A well-known Conservative stated to the Advertiser last night that he had on good authority that E. T. Essery, M.C., would be a candidate at the next election, and that Mr. Essery already had 5,000 cards printed bearing his photograph and certain statements for the election.

FISH SUPPLY PROVES INSUFFICIENT ONE TO MEET ORDER RUSH

City's Depot Sells out as Soon as Consignment Comes

NONE AVAILABLE TODAY

Mayor Says Another Shipment Will Come Early Next Week.

The second consignment of 1,100 pounds, arrived last evening about 6 o'clock, and was quickly sold by the city's depot. Orders were taken, and when the fish had been sold the "early birds" were supplied.

There was no fish this morning, although many citizens looked for some.

MOTORISTS FIGHTING

Echoes of Fair Week Speeding to Be Heard in Court.

Several motorists will appear before Justice Chittick at the courthouse Saturday morning to answer charges of speeding on the country roads during the Western Fair week.

CHINESE FLOODS UNABATED

Feking, Thursday, Oct. 11.—The floods along the Hoangho show no abatement, and the area under water in the province is increasing.

"HIS WOMAN" TOLD TO CHOOSE

Between Operation and Death—Cured by Lydia E. Pinkham's Vegetable Compound.

Des Moines, Iowa.

"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctor said I could not live one year without an operation. My husband objected to the operation and got me to try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better, and am now well and able to do my own household work. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. Blanche Jackson, 708 Lyon Street, Des Moines.

This famous remedy, the medicinal ingredients of which are derived from highly-purified roots and herbs, has for many years proved its value in such cases.

Women everywhere bear witness to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

EX-DAVIES MAN SAYS SUPERIORS' ORDERS WERE NOT PATRIOTIC

Asserts Auditor Declared Prices Charged People Were Shameful.

Toronto, Oct. 12.—"Take care of the people," is a motto of a certain kind of patriot. The British Government should know more than to pay 25 to 30 cents a pound for salt ungroing, and Mr. J. T. Wardle, who was in charge of the export department of the William Davies Company, Limited, at Montreal until August 25 last, swore at the Government investigation this morning that he was instructed as above by John Cringan, official auditor of the company.

MILITARY COURT FINDS NO TRACE OF MISSING \$45

Efforts to obtain any information regarding the disappearance of \$45 from the clothing of James W. Herr, of Exeter, have failed to date. A medical examination at the armories in this city, have so far proved unavailing.

DEATHS AND FUNERALS

MRS. WILLIAM SIMSON DIES. Mrs. Agnes Simson, widow of William Simson, died on Wednesday at her residence, 170 John street. The funeral was held this afternoon at 2:30. Services were conducted by Rev. W. J. Knox and interment made at Woodland Cemetery.

BURIED AT WOODLAND

The death of Eno Lambert Christian, aged 64 years, occurred Thursday evening at the residence of his son, Bert, 8 Broad avenue. Mr. Christian was born in British Guiana, and came to this country about four years ago.

WEEKLY COURT SESSION

Judge Jones at the regular weekly sittings of the first division court at the courthouse today. Several actions for small claims were heard.

CONCERT IN SCHOOL

An enjoyable concert was held at the Normal School by the Middlesex School Teachers' Association last night. The room in which the concert was held being filled to capacity. Much appreciation was shown by the audience.

CARS COME TOGETHER

A Normal car ran into the rear of an Oxford car about half-past seven Thursday evening at the corner of Queen's avenue and Richmond street. Some windows were broken, but no one was seriously injured. Both cars were northbound. Failure of the brakes to work promptly was the cause of the collision.

Limited. THE HOME OF THE VICTROLA. 248 Dundas Street, London.

ELECT. DEVELOPMENT COMPANY CONTRACT IS NOT CLEAR CUT

Company Claims Right to Exceed 125,000 H.P.

WOULD BREAK UP PROBE

Objection to Commission's Jurisdiction Is Over-ruled.

TORONTO, Oct. 10.—Just how widely divergent are the views of the Electric Development Company and the hydro-electric power commission for Ontario as to the amount of horsepower for which the company is allowed to develop from the Niagara River, was revealed at the power investigation which opened at the Parliament Buildings this morning.

The agreement which the company has with the Queen Victoria Park power commission gives the company a license invariable to take from the waters of the Niagara River a sufficient quantity of water to develop 125,000 electrical, pneumatic or other horsepower for commercial purposes. The agreement does not stipulate whether the 125,000 is per second or per annum. Just what is really intended it will be necessary for the commission to decide.

H. J. Scott, K.C., associate counsel for the company, stated that the company could develop as much power as it wanted at any given time provided that it did not exceed 125,000 horsepower per day. The hydro commis-

"FREEDOM FOR BELGIUM," AS THE KAISER SAID TO THE POPE.

WAR VETERANS ARE UP IN ARMS OVER HYDRO APPOINTMENT

When the commission, which consists of Chief Justice Sir William Mulock, Mr. Justice Sutherland, and Mr. Justice Kelly, opened its session D. L. McCarthy, K.C., who appeared for the company, objected to the hearing being continued on the ground that the commission had no jurisdiction, and the courts should decide the matter. The commission overruled this objection. Mr. McCarthy argued that the same conditions which the commission was called upon to investigate were now being thrashed out in the courts.

In order to give the counsel for the company an opportunity to examine the report of the Government inspectors, the investigation was postponed until Wednesday evening at 8 o'clock. When the commissioner said that the investigation should go on, A. W. Ansell, who appeared for the National Trust Company, trustees under a bond mortgage, made in March, 1903, with the Electrical Development Company, withdrew. "I cannot submit that the commission has any jurisdiction," he said.

FORMER LONDONER BURIED AT DUART

HIGHGATE, Oct. 11.—The funeral of Mrs. Eliza Hewson, whose death took place at London, was held at Duart. The remains were brought to Muirkirk by sons of deceased. The pall-bearers were six sons—Albert, George, Charles, Nathaniel, William and Robert. Among relatives who came for the funeral were Mr. and Mrs. Albert Hewson of Pontiac, Mich., Wm. Hewson of Redford, Mich., Mr. and Mrs. Robert Hewson of Chatham, Percy Hewson of Roubaix, Mr. and Mrs. George Turnbull of Ford City, Mr. and Mrs. Russell Hewson of Bridgeburg and Mr. A. McMaster, London.

TRY TO WRECK TRAINS.

BRANTFORD, Oct. 11.—A number of alleged attempts recently to wreck T. R. trains in or close to the local yards are being investigated by a detective. It is reported that recently only the watchfulness of officials prevented had wrecks. Switches are being tampered with and on Thanksgiving evening shortly before the arrival of a passenger train a section foreman found a switch tampered with and a key still in it. The switches are being closely watched, and pro-German plots are talked of.

MAJOR JACK SIFTON MISSED DEATH BY ONLY FEW INCHES

Heavy Steel Ornament Fell Close to His Head.

HUDSON IS RETIRING

Never Had Any Intention of Joining a Union Cabinet.

WINNIPEG, Oct. 11.—Major Jack Sifton, of Major-Gen. John Hughes' staff, son of Sir Clifford Sifton, narrowly escaped death at the horse show amphitheatre last evening. While looking at the fine points of a horse, up above behind a handstand, a specimen rising suddenly from his seat, knocked over a heavy steel ornament. It fell through both the seats to the ground beneath, and missed hitting Major Sifton on the head by only a few inches.

Attorney-General Hudson never had any intention of joining a union cabinet at Ottawa it was announced at the Parliament Buildings today. Mr. Hudson will settle in private practice in a few weeks. He has accomplished the object for which he joined the Norris Government.

His arraignment of the Roblin Government record at the Parliament Buildings retired Sir Rodmond and his colleagues into private life. He was a member of the House of Commons, and got back a million and a quarter when he joined the Roblin Government.

He was mainly instrumental in presenting the agricultural college inquiry, which brought about the resignation of the treasurer \$350,000 from contractors' extras, and he forced Hon. Robert Borden's retirement from the Borden Government.

ACCIDENTAL DEATH SAYS SARNIA JURY IN DOUGLAS CASE

No Blame Attached to Anyone in Connection With Fatality.

SARNIA, Oct. 11.—A verdict of accidental death, with no blame attached to anyone, was returned this evening by the jury which, under Coroner Logie, investigated the death of Fireman William Douglas. Chief Broseker stated that Douglas climbed up the tree from which he fell of his own accord, and without any instructions from anybody. Some time previously Douglas had been drinking, and was in a state of intoxication.

Dr. A. N. Hayes, who attended Fireman Douglas, said that death was due to a fracture at the base of the skull. Harry Hawkins, a hydro electrician, who happened to be passing at the time of the accident, saw Douglas climb the tree, and saw him fall. There was nothing to indicate in any way that Douglas had sustained an electric shock. Gordon Vance, who was with Mr. Hawkins, gave similar evidence.

Coroner Logie, in addressing the jury, stated that it was regrettable that the man died. The jury was out for 25 minutes. It was composed of M. LaPointe (foreman), J. Finch, A. Lumby, J. Woodruff, Robert Thomas, F. Johnson, W. Wilson and B. Kent. F. Wilson conducted the examination for the crown.

CANADA HAS NOT YET BEGUN TO SACRIFICE LIKE OTHER ALLIES

BRANTFORD, Oct. 11.—Today's collection to free the local M. C. A. of debt netted \$2,190, bringing the total for the two days' work to \$38,100. The campaign will close this Friday, and it is expected the objective of \$45,000 will be exceeded.

Tonight was "military night," and at the banquet, Capt. T. F. Best, a former member of the local M. C. A., spoke from overseas, and Capt. J. R. Corneil and A. H. Boddy of the local M. C. A. spoke from the front. There are 55 branches, with 32 officers and 380 picked men, engaged in Y. M. C. A. work at the front, and Capt. Best stated that at the front, the M. C. A. is doing France and England, Canada looked awfully selfish, there being no curricula at tables or in wardrobes. All the patriotic gifts were generous, he said, and the ladies are doing good work by the front. Canada has not yet begun to sacrifice. There will, he said, be a multiplying of such acts as yet until it hurts. Not until this starts will it be on a par with what the boys at the front are doing.

APPOINTED ADVOCATES.

WINDSOR, Oct. 11.—Major George Wilkinson, William A. Watts and Geo. Robertson, K.C., have been appointed advocates to represent the Canadian militia department on the local draft board.

Judge Smith, who made an announcement, said he had been notified that the board would be composed of three for Windsor, with one from another town, and that there are three for Windsor, with one from another town, and that there are three for Windsor, with one from another town, and that there are three for Windsor, with one from another town.

HAMILTON TRAVELLER SUDDENLY STRICKEN

SMITHS FALLS, Oct. 11.—Death came suddenly to Thomas Noble at the Bellevue Hotel last night. He was a traveler for Armour & Co. of Hamilton, and had been on the road for a number of years and was well known in all the country between Toronto and Ottawa. He came to the hotel from the 9 o'clock train last night, and when he registered stated that he had been suffering during the day from indigestion. Shortly afterwards he went to his room, but made a mistake and went into the room next to the one assigned to him. This had been given to another traveler, and when the latter went up to it about midnight he found Mr. Noble lying dead upon the floor.

ORGANIZING BRUCE FOR VICTORY LOAN

WALKERTON, Oct. 11.—W. H. Barber of Toronto is organizing Bruce County for the victory loan. He has appointed K. C. MacKay as local chairman, and G. D. McKay as city secretary.

ORDERED TO ITALY.

WALKERTON, Oct. 11.—Lester Huetter, a Walkerton boy, who enlisted in the air service of the English navy, has been ordered to Italy, where he will act in connection with the British navy.

TO THOSE WHO HAVE THOUGHT OF BUYING A CHALMERS CAR

An arrangement has been effected whereby the Maxwell Motor Company has leased for a period of five years the properties of the Chalmers Motor Company. The immediate effect of this transaction is:

1. The Chalmers car will be continued under the Chalmers name for a period of five years.
2. Those distributors or dealers who have been successfully marketing the Chalmers car will continue to do so.

The appraisers of the property and their engineers report the current Chalmers model a good car and the Chalmers plant a wonderful factory.

The first move we have made is to increase the efficiency of the Chalmers organization.

The second move was to place behind the Chalmers car the resources of the Maxwell Motor Company.

This is a business transaction between two automobile companies of probably no more than ordinary interest to the public but important to you if you have thought of buying a Chalmers for these obvious reasons:

1. You obtain a good car.
2. You obtain a car produced in a magnificently equipped plant.
3. You obtain a car produced by an organization materially strengthened by the addition of able executives.
4. You obtain a car produced by an organization materially strengthened by additional financial resources.
5. You obtain a car from a distributor or dealer who will have the support of this organization.

In this way all three of us prosper in the transaction.

Walter E. Saunders

President and General Manager
Maxwell Motor Company, Inc.

VALENTINE MUSCROFT TERRIBLY INJURED BY FALLING FROM CRANE

Former Stratford Man Will Be Crippled if He Recovers.

STRATFORD, Oct. 11.—Mrs. Enoch Fryer has word that her nephew, Valentine Muscroft, is in a precarious condition in a hospital at Cleveland as a result of a 40-foot fall from a crane on which he was working. Doctors hold little hope for his recovery, and state that should he recover he will not have the use of his legs. Mr. Muscroft is a former Stratford resident.

Stratford's Italian Red Cross campaign has been formally closed, and today secretary McCully, of the local organization, reported a total of \$2,317, which will be sent at once to headquarters, with exact instructions that it be used only for Red Cross work. The objective here was \$5,000.

Fresh fish from Northern Ontario will reach Stratford on October 15 according to word received by Mayor Monthie today from S. L. Squire of the Government fish sales department. The fish will be sold to the city through stated dealers at 11 cents and will retail at 14 cents a pound.

Hal Brent of Toronto will have charge of the campaign for the disposal of victory loan bonds, shortly to be issued by the Government.

PRESTON WILL HAVE MANUFACTURERS' LEAGUE

PRESTON, Oct. 11.—Preston will have a manufacturers' hockey league this winter. A meeting will be held next week, when the officers will be elected and the league formed. By all accounts it will be a six-team league, and there will also be a town league of six teams, and the winners of the different leagues will play off for the championship at the close of the season.

If arrangements can be completed, all the games will be played at the Arena, except where dates may clash, and then a rink will be brought to the service.

The local ball nine expect to play a seven-inning game with the St. Marys Colts at Hamilton on Saturday, October 13, to decide the Ontario amateur baseball championship.

COMING IN SLOWLY.

WINDSOR, Oct. 11.—Some disappointment is expressed by officers of this mobilization centre at the dilatory manner in which young men from the farming sections of the county are presenting themselves for medical examination at the Windsor armories. One officer expressed the view that farmers' sons possibly are under the impression that because they are engaged in agricultural pursuits they are exempted automatically from military service.

Out of an estimated total of 5,000 men eligible for duty under the first call in Essex County, less than 1,500 have been examined so far.

MARINE NEWS

SARNIA, Oct. 11.—Vessel passages: Up—Fitzgerald, Kennedy, Lakeland, Ford and consort, Morrell, Wickwire, Colonel, Venezuela, Brown, Starke, Frontenac and consort, Pope, Breitung, Norton, Amazon, Ishpeming, Huron, Fitch and consort, Argus, Hubbard, Watson, Concord, Pawnee and consort, Oronoco and consort, Lamb and consort, Argo, C. BAPTIST PASTOR LEAVES TO TAKE CHURCH AT PRESTON

FOREST, Oct. 11.—Rev. H. Elmer Green, who recently resigned his pastorate of the Baptist Church here, has left with Mrs. Green and daughter Hazel for Preston, where he has accepted a call.

Mrs. Wm. Dodge, Plympton, has purchased from the Wm. Gammon estate the residential property recently occupied by Rev. H. E. Green, and will move to town shortly.

There was a large attendance at the Christian conference held in the Gospel Hall here, many coming from a distance. The speakers were Mr. Ferguson of Flint, Mich., Mr. Oliver of Philadelphia, and Mr. Hicks of Sarnia.

The funeral of License Inspector P. D. McCallum, held from the family residence on Broadway, to Beechwood Cemetery, was conducted by Rev. A. E. Moorhouse of the Methodist Church, assisted by Revs. D. J. Corrish and J. R. Laverie of Forest, and R. W. Knowles of Petrolia. The members of Forest Lodge, A. F. and A. M., and visiting brethren attended in a body. The bearers were Anderson, James Hendry, Wm. Jones, D. Kernohan, J. D. Livingston and D. K. McCallum, all members of Forest Lodge. Deceased was also a member of the Canadian Order of Foresters.

OXFORD WILL HAVE A CHANCE TO HELP

WOODSTOCK, Oct. 11.—C. E. A. Goldman, of Goldman & Co., Toronto, has been appointed by the Government to organize Oxford County in the interests of the new Canadian war loan. Col. John White has been appointed county chairman, and P. S. Connelley county secretary. Mr. Goldman is here and will have permanent headquarters within a few days.

FATALLY HURT WHILE CREEPING UNDER TRAIN

PORT COLBORNE, Oct. 11.—Little Ronald Bell, aged 5, son of Billy Bell of Humberstone, lost his life today while crossing under a Grand Trunk freight train. Both legs were severed just above the knees, and the little fellow died within half an hour after the accident.

HOME ON LEAVE.

WALKERTON, Oct. 11.—Jack Anderson, who went overseas with the famous 12th Battalion, has returned on a month's leave after three years' absence. He has been in many of the largest engagements in France.

Pte. Art Farrer has written his parents that it was strapped that put him on the wounded list. He has one gran above the knee and another below. He will be in the hospital for some time. Pte. Earl Pinkney, who has been transferred to the 15th Bruce Battalion, now in England, and will leave for overseas in a few days.

STRICKEN SUDDENLY.

CLINTON, Oct. 11.—George Lavis, aged 60, died suddenly last night at his home on Joseph street, here, from paralysis. He was for 35 years local agent for the Massey-Harris Company, and previous to coming here lived at Holmesville, in Goderich Township. He is survived by his wife, five daughters—Hattie, Rosie, Emma, Elva and Ethel—and two sons, Launcey and Bartlett.

STRATFORD BOARD BUSY.

STRATFORD, Oct. 11.—In the nine days that the medical board has been in session, 309 young men were examined. Today there was upwards of 50, though their classification was not announced this evening.

Of the 309, 134, or about 50 per cent, have been given class "A," or pronounced fit for active service overseas. The total exemptions number 75.

Advertiser Illustration. The thirty-three repatriated Canadian prisoners of war left Wokingham (Eng.) Convalescent Camp on ten day's leave. On the station platform waiting for the train.

Plain ribbed or shaker knit, pockets in all of them; every desirable color here; sizes 6 to 16 years.

TENNIS UNDER FIRE IN FAMOUS CHATEAU PLESSIER DE ROY

How Vicomtesse Entertains French Officers Quartered There.

BUILDING ALMOST A RUIN Escapes Pillage Through Restoring Huns Being in Great Hurry.

FRENCH FRONT, Sept. 25.—(Correspondence of the Associated Press)—One of the residents of Plessier-de-Roy who remained in the shelter of their deep cellars until the retirement of the Germans after the great battle of the Marne, was the Vicomtesse du Pontavice, the present owner of the famous Chateau of Plessier-de-Roy. The vicomtesse saw many French divisions succeed each other as garrison of the ruined village. One of the occupying brigades was known as the "brigade of dupes and dukes" since in its ranks were many of the parliamentary representatives as well as members of ancient noble families. In fact, one of these latter, the Duke de Lorge, died a soldier's death in the park of the chateau, where he was struck on the head by a shell-splinter.

Tennis Under Fire. The staffs of these various divisions were welcomed to the chateau by its proprietress, who injected a spirit of cheerfulness into the grim business of war by arranging frequent games of tennis, in which she joined with the officers, even while shells were falling near. For the troops she instituted concerts in the underground cellars, and the accompaniment of these was often German cannonade.

The troops showed their gratitude by removing to safe places all the valuable collections of the chateau—Beauvais and Aubusson tapestries, Jacobean commodes and picture by famous painters—which escaped pillage by the Germans owing to the rapidity of their passage. The chateau was the former residence of the family of Jean de Groillier, who distinguished himself with whose name New York is familiar since the foundation of the Groillier Club, which possesses the greater portion of his collection of books.

Under Long Shelling. From September 1914, the chateau was under constant bombardment until March, this year, and the magnificent 16th century church and village of about a hundred houses surrounding it were incessantly raked by the German fire, until very little remained of their picturesque appearance. Many of the civilian inhabitants were killed. Now that Plessier-de-Roy is far from the fighting line, the villagers have returned to their homes, or rather to the ruins and desolation where once their homes stood. Troops are now on a spell of rest from the front line, and are helping them to reconstruct their village and to cultivate their fields, and a new village is rapidly rising on the old foundations. German prisoners, too, are employed on the work of restoring that which their comrades have destroyed. Whether it will be possible to restore the chateau, many of whose best features have been ruined, has not yet been decided.

WHEN YOU CAN'T SLEEP Dr. Cassell's Tablets Will Soothe the Nerve Restlessness That Causes Insomnia, and Insure Rest.

and wake refreshed. Dr. Cassell's Tablets are true restoratives. They act by restoring the vital power of the system, by promoting digestion, by enriching the blood, by strengthening every bodily organ. And there is no hope in Sleepless nights mean overstrained nerves—nerves that are always aching because they are always weak. That is why you cannot sleep. The remedy is to nourish your nervous system, and to build up new vigor and vitality, by taking Dr. Cassell's Tablets. They will sleep naturally and healthily, when.

British Shipbuilders Have Raw Material Right At Back Doors of the Plants

Glasgow, Sept. 25.—(Correspondence of the Associated Press)—The shipbuilders of Great Britain, who soon will be turning out virtually nothing else but standard ships and war vessels, have one advantage over the shipbuilders of the United States that will be hard to overcome. They have nearly all their materials at their back doors. From the docks of ships in one of the yards in the north of England, for instance, everything used in the construction of vessels is within sight. Iron is extracted from hills that look to be almost across the street. Coal comes from the same place. On the other side of the yard are great coke ovens, smelters, furnaces and rolling mills. Plates and steel forms may be carried from the mills to the shipyard under construction in carts drawn by horses. A single company extracts the iron, prepares it with its own fuel and sends it away from its own plant as finished ships ready for the sea. There are many such examples here in the north. The success of more than one of the shipbuilding concerns may be partially traced to the proximity of materials used.

Unlimited Supply. So great is the supply at the disposal of the shipbuilders that in many cases they have entered into the manufacture of other things than ships. One yard, which owns a great rolling mill turns out, in addition to steel for its own tremendous needs, something like 200,000 tons of steel plates and steel forms which are shipped away to be made into projectiles. Another yard has turned over some of its buildings and sheds to the actual making of projectiles from steel taken from its own plant. Still another is engaged almost solely upon the construction of standard ships and thereby has released quantities of its equipment to making "steel or the Germans."

GREAT SAVING REPORTED IN FOOD THROUGHOUT DOMINION BY FOOD CONTROLLER'S DEPT.

[Special to The Advertiser.] MONCTON, Oct. 3.—As a result of regulations providing for "beef and bacon days" and other restrictions imposed on public eating places at the instance of the food controller, a very great saving has been effected in supplies needed for export to the Allied armies and nations. The first announcement of the reductions in the consumption of beef, bacon, and other commodities brought about by the order-in-council effective August 17, regulating the service over some of the hotels and restaurants, was made here to-night by Mrs. J. M. Muldrew, director of domestic economy in the office of the food controller. Mrs. Muldrew addressed the convention of Women's Institutes for the Province of New Brunswick on the subject of food conservation.

Table showing percentage saving in consumption of beef and bacon. Quebec: 23.32, 26.19; Montreal: 49.03, 79.51; Toronto: 63.04, 75.82; Winnipeg: 44.81, 54.10.

The lecturer stated that reports already received by the food controller office showed a reduction of 29 per cent in the consumption of white bread as a result of the provision of substitutes. Mrs. Muldrew explained that in the present critical situation a report on the food supplies of the world, those who are responsible for the feeding of the world had an especial opportunity for effective patriotic service. In order that Canada might send to the Allied countries its share of the enormous amount of wheat required, the normal consumption here would have to be reduced from 6 to 4 1/2 bushels per capita. This meant that where we were accustomed to eat four slices of white bread we must now eat only three, and that other slices eat a bread made from some other cereal, such as rye, barley, corn, or oat, or equivalent of barley, rice, oatmeal or other cereal food.

Purpose of Pledge. Mrs. Muldrew explained the purpose of the household food pledge: "The first thing to carry out to the full the requests of the controller, no price is exacted of anyone. There is nothing that anyone with an intelligent understanding of food values and of simple methods of cooking cannot carry out, and do much more, and still have a family well-nourished. It is estimated that \$50,000,000 worth of food which is now wasted could be saved annually. This situation could be remedied by the housekeeper if she would study the scientific food requirements of the different members of the household. The speaker also declared that much food was still being wasted

in hotels and restaurants, because too large portions were served. "The services rendered by the housekeeper, though ever so good, are not as good as the work of the nurse with her attractive uniform," said Mrs. Muldrew, "but the kitchen soldier in her uniform is necessary to win the war. Will you teach others the habit of small things? One slice of bread wasted weekly by every Canadian family means 7,120 one-pound loaves lost, enough to feed three and a half divisions (21,500 men) for ten meals. By guarding against such losses the habit will grow, and it may be we shall for a while have a more sane reputation for wastefulness and extravagance."

GERMAN LOSSES 196,000 TROOPS ON CHEMIN-DES-DAMES

French Command Road Over Which Foe Must Retreat.

GREAT ALLIED VICTORY 49 Divisions of the Crown Prince's Best Men Exhausted Here.

FRENCH FRONT, Sept. 23.—(Correspondence)—No say "I come from the battlefields of the Chemin-des-Dames—the Ladies' Road—stamps a French soldier in the popular mind today as a hero. Verdun has seized the popular imagination, owing to its position as the door through which the Germans hoped to break to reach the heart of France, given the battle of Verdun, in which the French, by their long-suffering determination to resist, succeeded in their heroic defence. The Germans, is considered by some observers a lesser operation than that of the Chemin-des-Dames, whose possession means the command of the great road to the north by which the Germans must retreat.

The outcome of this great battle has the date of writing not been finally determined. All that the correspondent of the Associated Press, who has followed the operations closely, can affirm is that the French, after their first capture of the famous road, with all its observatories, as a result of their offensive begun on April 16, have been able to hold all their gains, to inflict almost unbelievable losses on the picked troops of the crown prince's army, and to resist successfully all the furious counter-attacks of the Germans.

During the months of April, May, June, July, August and September, the fighting has been incessant. In the first attack by the French, when they started their offensive on the Chemin-des-Dames, they captured about 30,000 German prisoners and 200 cannon were captured. Since then attacks have followed with the same ferocity on the part of the French or the Germans, and when the total of these operations is summed up the result is shown that every day over four months there has been a battle on a more or less extensive scale. The net result of these fights is that the French today hold all that they gained at their first assault. The Germans have utilized on this battlefield 49 divisions, which have been sent into the combat and withdrawn when exhausted—that is to say, at least 4,000 men. This gives roughly on the German side 196,000 casualties taken into account the killed and wounded caused by the extremely heavy artillery fire directed on the lines of communication in the rear, in the period of their attack, which began on April 16. This is almost double their losses before Verdun during the similar period of that campaign.

The character of the fighting on the Chemin-des-Dames is totally different from that of Verdun. At Verdun it was always possible to retire without great disadvantage for a certain distance, which was the nature of the ground and its successive ranges of hills and intervening valleys. On the Chemin-des-Dames it has been necessary to hold on, for should either side retire for more than a few feet the other side gained the advantage of the observatory, a permanent close watch on all that went on in the adversary's lines. There are no trenches, no fields of barbed wire, and no shelters, and the two adversaries are always open to sudden inroads and have to fight hand to hand to hold their position.

The great air which the Chemin-des-Dames runs is like a knife blade at the throat of the German army, and the enemy may not be allowed to breathe. Till now the French have always been able to stand on their feet, and in the time of confidence in themselves, they are ready to advance at the time comes for a further advance.

STUMBLE ON GUN PIT WHILE ESCAPING TO THE BRITISH LINES

Thrilling Experience of Two Aviators on Western Front.

LONDON, Sept. 25.—(Correspondence)—"Two of our fellows had rather a startling adventure the other day," said a wounded British aviator pilot. They left the aerodrome for a patrol over the Boche lines. They saw something doing in the rear of the Hun lines and flew down to have a look at it and they came upon the fire of some "archies." Of course they paid little attention to the fact that a direct hit smashed the engine, and the pilot had barely time to turn the "bus" for home when the engine died. He didn't lose control, but plunged down as much in the direction of the Boche lines as he could. He came to earth with a bit of a crash inside the Boche lines, but neither the pilot nor his observer was hurt. They slipped out of the ruined "bus" pretty quick and started running in the direction of the British trenches.

Found Gun Pit. "There didn't seem to be any Boches about where they came down, and after running for some time they started to have a breather. While they lay on the ground out of breath, they spotted a sort of erection affair, covered with camouflage. They crept up close and got near enough to hear the Boches talking, but not near enough to be noticed. It was a gun pit, and a big one at that, so they squatted there and made a sketch map of it, with a compass and they got the bearings. "After that they crept and ran and crawled until they got to the Boche canal. They had to swim for it and they took off as much damage as they could escape to their shirts and one of them stuck the sketch in his tobacco pouch to keep it from getting wet. The rest of the morning was spent in the afternoon S. K. Davidson of London Normal School gave an address on color-drawing. The meeting then adjourned to the town

Target for Sentries. "When they got to the other side, there was a bit of a slope to be taken and then one of our sentries started to fire at them. They didn't want to kick up too much of a row and he slipped by the Boche after getting so far, but they managed by signals to show that the color-drawing was all right, and they got through all right. "The first thing they did while still dressed only in wet shirts was to get on the phone to our base, and by the help of the Infantry G. C.'s map to

Surely Save \$10 ON FALL SUIT OR OVERCOAT

Think it over. No MIDDLEMAN'S Profits. A straight MILL-TO-MAN proposition. A chain of THIRTY CUSTOM TAILOR STORES. Do you realize the economic advantages we derive from this enormous combined outfit? Don't you see how it secures for us mill connections, and first-hand transactions with the producers of raw materials? It makes them virtually a part of our business. So that from start to finish we do away with the "middleman" expenses. That's why Scotland Woolen Mills' value means more in fabric, style, variety, than you are likely to get elsewhere.

SUIT OR OVERCOAT TO YOUR MEASURE

Four large shipments, Direct From The Mills, have just been unpacked. Some of the finest wools that ever came from the famous British Mills. Every fabric the proper color and pattern of the season. Expert woolen men select these fabrics at the mills. Clever designers fashion them to your individual ideas—or you can select your style from any of 37 style plates.

EDITORIAL I return again to a brief reference to the "Food Issue."

I am firmly convinced that Mr. Hanna is absolutely powerless to regulate food prices. We have all been barking up the wrong tree. But "The Mills of the Gods are Grinding" on some eminent gentlemen (?) who are waxing fat on the unfair profits they are exacting from thousands of the wage-earners of this country. I am not going to waste any sweet words in handling this subject, nor make any attempt to introduce it in attractive style. There are too many cold-blooded facts involved. In my time I have seen the cloak of "respectability" jerked from the shoulders of many a scoundrel, leaving a criminal bare to the gaze of his fellow-man. In my lifetime I have seen many instances of miscarriage of justice, but I state candidly that never in all my experiences have I seen justice throttled as it is being done at this critical time of war, while a profiteering millionaires rob and pillage the people without a word of protest from the powers that could stop it. There is humbugging, fraud and deception practiced every day, every hour, by men high in office, and who are looked upon as saints in the community. The man on small income, the struggling mechanic, the laborer, the average citizen is being bled by the food trust of this country until the very stones cry out to call them off. Once in a while some poor chap breaks some of the foolish laws, some trifling misdemeanor is committed, and a judge sends the poor chap to prison. Severe measures are adopted to stop common theft. For a poor urchin to pick up a piece of coal on the railway tracks it is a crime, but profiteers continue their damnable business of plundering the people without a word of protest from those in power. One day this week, two small boys, under fifteen years, came to this city from another to wn CHAINED TOGETHER LIKE CRIMINALS. Poor lads. I felt for them. These youngsters were putty in the hands of the law—but the bold, profiteering bandits who hold us up on the high prices for food go free. Obviously, there are two measures of justice. Is there one measure of justice for the food profiteers and another for the common people? Is there one interpretation of law for the man who bleeds the people by raising prices—and yet another for Lazarus? Must we bow down in worship of a Golden Joss, while the palladium of our liberties is transformed into a tool of special privilege? (To be continued.)

LONG-DISTANCE TAILORING Send for our Fall and Winter Style Book and Samples. Free for the asking. Places you under no obligation to buy. You will see that our MILL-TO-MAN plan, cutting out all between profits, enables us to deliver to you a genuine custom tailored Suit or Overcoat to measure for \$18, that you cannot approach under \$25. Simply drop us a postal. We do the rest.

Scotland Woolen Mills Co. 199 DUNDAS STREET 30—BRANCH STORES—30 Hamilton, Brantford, Woodstock, London, St. Catharines, Welland, Galt, Guelph, Midland, Collingwood, Windsor, Sudbury, Sault Ste. Marie, North Bay, Sarnia, Cobalt, Parry Sound, Winipeg, Medicine Hat, Brandon, Moose Jaw, Edmonton, Port Arthur, Belleville, Peterboro, Kingston, Ottawa, Detroit, Mich.; Akron, Ohio, Youngstown, Ohio; Havana, Cuba.

according to a statement handed out today by Treasurer C. E. A. Dowler. KEIL-HAGEN. KITCHENER, Oct. 11.—A pretty wedding took place this afternoon at the residence of Mrs. Alex. Keil and Miss Amelia Hagen. The ceremony was performed by Rev. C. Zarnke. The attending parties were Mr. Alex. Keil and Miss Amelia Hagen. After a short honeymoon trip they will take up their residence in the city. CARMICHAEL-McLEOD. EMBRO, Oct. 11.—The wedding took place very quietly at the home of Mr. and Mrs. John McLeod, West Zorra, of their eldest daughter, Burnett McLeod, and Adam Carmichael of Theford, at 8 o'clock yesterday afternoon. Rev. W. F. Lane performed the ceremony. WINDSOR WILL HELP. WINDSOR, Oct. 11.—The local hydro-electric commission has yet received no official notification from Toronto regarding the curtailing of Niagara power for street lighting and signs, but Commissioner James H. Shepherd says the Windsor commission will co-operate in every way to lighten the load at this point. FINED \$200 FOR SELLING WHISKEY. GALT, Oct. 11.—Having pleaded guilty to selling whiskey in Galt, Frank Sanderson and Albert Cluney were today each fined \$200 by Magistrate Blake. The rest of the morning was devoted to reading reports and other business. In the afternoon S. K. Davidson of London Normal School gave an address on color-drawing. The meeting then adjourned to the town hall, where the teachers of the public and high schools joined and listened to Herbert L. Troyer's address on "Leadership." He presented startling statistics re higher education of children. In order to indicate ideas of leadership in children's minds two ideals should guide teachers, "world citizenship" and "international mind," he said. "The call of the hour," he declared, "is to prepare for the problems of peace. Will the British Empire be better prepared for peace than it was for war? The first essential is a worldwide campaign of friendship, in which the British Empire must lead." The session was resumed after the address in the public school, where Miss Edith Martin gave an address on "Summer School Course in Art."

DESOLATE WASTE MADE BY GUNS OF HAIG'S DRIVE

Entire Village Swept Away by Storm of Shells.

GERMAN DEAD IN PILES

Town of Zonnebeke Is Now But a Memory—Craters Choked With Dead.

British Front in France and Belgium, Oct. 8.—By the Associated Press.—A prosperous farming country before the war, the region east of Ypres is now a desolate waste of large and deep shell craters. It has been the scene of much bitter and sanguinary fighting, and the artillery fire has done its work.

Villages Swept Away. Few sectors of the western front have been laid waste as has this one. Farm buildings and villages have been swept away by the shells. But a few pieces of wall mark where buildings once stood. Grass and other green things have disappeared in the turning up of the earth by the numerous exploding shells.

From Ypres west out across the Westhoek bridge and over the site of what once was Zonnebeke, from which the Germans were pushed last Thursday, the scenes of destruction recall the days of the Battle of the Somme. The unprecedented havoc wrought on the Somme front hardly surpassed that which exists along the Ypres front.

More striking than all the rest were the scenes of death on every hand. German dead lay in great numbers over this ground, which had not yet been cleared. At many places groups of Germans had been killed as they fought together, and they rested as they fell. Shell holes at some places were choked with bodies.

The village of Zonnebeke is but a memory. Some shattered walls remain of the big church, and in very few places there are marks of other buildings, but the village as a whole has disappeared. The railway station on the Ypres-Roulers line, where for days the Germans and British battled fiercely at close quarters, is gone, and there remains only a few concrete remains about which the Germans made their last stand.

Hammering Railway. The Ypres-Roulers railway, which for so long was under British gunfire, and is now being hammered by the Germans, is nothing but a broken mound of earth. The shells have been twisted into knots and hurled here and there. All the highways here and on other parts of the battlefield have been damaged severely. They are pitted here and there with shell holes. A thousand yards in front of Zonnebeke was Broodebeke ridge and village with its famous crossroads, where the Germans were killed recently by the British artillery fire. The British line is over the crest of this ridge on the eastern side. Broodebeke has gone the same way as Zonnebeke, Reutel, Gravenstafel, Passchendaele, and many other hamlets.

Pill-boxes Smashed. The German redoubts and pill-boxes in the Zonnebeke region mostly had been smashed by shelling, although many of them put up a stout resistance. There was one great concrete and steel redoubt which had withstood the terrific fire to which it had been subjected. Its defenders had been driven out by the shelling, but the walls, which were of concrete, reinforced with steel rails.

PROFIT AND LOSS

[By R. E. Johnston in Saturday Night.]

were about five feet thick. The roof was made of sheet steel. The building contained six large rooms which would hold several hundred men. The whole country hereabouts was covered with similarly-built defences of varying sizes.

SCHOOL REPORTS

TO ADMIT OLEO FREE? MONTREAL, Oct. 11.—Speaking before the House of Commons, Food Controller Hanna said that oleomargarine would probably go on the free list within a week. He deprecated "price fixing," because it tended to dry up the sources of supply.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts for your Back hurts or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful, effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BACKACHE, LUMBAGO AND RHEUMATIC TROUBLES

Dear Mr. Editor,—I wish to state that I suffered greatly from backache, lumbago and rheumatic troubles. I used "Anuric," the latest discovery of Doctor Pierce for backache and kidney troubles, and I can cheerfully recommend the "Anuric Tablets" to anyone suffering from any of these maladies. Yours truly, J. F. BARBER.

Note: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, r. calculous. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues. Dr. Pierce, who is director and chief physician at the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of overworked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he has determined to place "Anuric" with the principal druggists in town where people could get the ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off these poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 100 times more potent than lithia. Send 10 cents for large trial package. "Anuric" is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proved reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the life of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

BRILLIANT FUNCTION WHEN BOY MONARCH TOOK TINO'S THRONE

Greek King Made Fine Appearance at the Ceremony

CONSTITUTIONAL RULER

Gathering of Democracy Was Notable Incident of the Convention.

ATHENS, Aug. 5.—(Correspondence of the Associated Press.)—King Alexander was the centre of a brilliant scene as he made his first appearance before Parliament today, took the oath to rule as a constitutional monarch, and delivered his first speech from the throne. He looked a boyish king, for he is just 24, and the youngest king in Europe. But he is tall, stalwart and good looking, and in his uniform of an officer of the guards, with the medals and ribbons of royalty, he had all the bearing and dignity of a monarch. A Notable Event. The event is a notable one in many respects. Neither this young man nor anyone else ever supposed he would ever be king, until a few weeks ago. He is a sort of war-king; a product of the great European war. His brother has been trained to be a king, and has received a course in high politics. But when the Entente Allies gave King Constantine an ultimatum to abdicate, they required also that the crown prince, who had been trained for kingship, should also leave. And so this younger son, untrained in statecraft, was suddenly compelled to take up a crown and become

STYLE AND COMFORT--BOTH ARE EASILY YOURS IF YOU WEAR BIAS FILLED CORSETS

The new fall models are truly extraordinary corsets. They are authoritative in style, most attractive in appearance, and fit as a part of the body itself.

PAY STRICT ATTENTION TO YOUR FIGURE. When you are fifty you can still have an attractive figure if you give the attention to your Corset that you give to the rest of your dress, and it is much more important.

A SPECIAL INVITATION IS EXTENDED TO EVERY LADY TO VISIT OUR CORSET DEPARTMENT.

Two Distinctive Models

STYLE 117—This is an entirely new and up-to-date corset for those who desire more freedom at bust and under arm, with a medium height in front and good back support; has extra long hip. A very attractive model made of imported English coutil. Priced \$2.00

STYLE 256—An excellent model for the slender figure, is an ideal garment for athletic purposes, as it allows perfect freedom of the upper body while the lower part, being lightly boned, makes it very free and pliable; the material is an imported Pekin stripe sateen; there are two widths \$2.50 of elastic around the top. Price

These Will Attract Your Attention

Special sale of Girls' Winter Coats, made of a wool imported diagonals, in colors of navy blue, dark brown and green, belted all around, comfortable plush collar, can be buttoned high, fancy slipper pockets, full lined, exceptional value. Price\$10.00

Chinchilla Coats for women and misses, beautiful all-wool imported chinchillas, in dark and mid grey, dark brown, and navy, with large collars, can be buttoned in muffler style, belted all around, fly pockets; sizes 16 to 24. Very special \$23.50

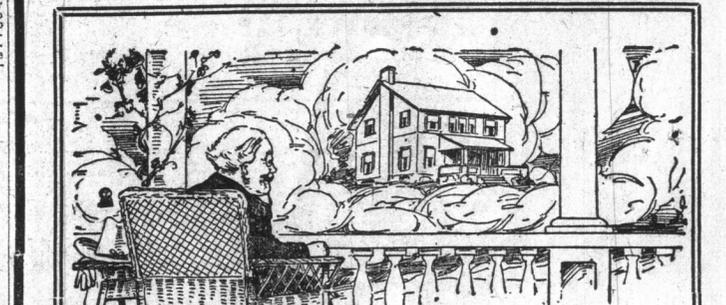

New Fall Suits in serges, gabardines and chev viots, in navy blue and black, serge collars pointed over shoulder, button and velvet trimmed, 38 inches, full lined; sizes 16 to 44. Only \$25.00 and \$23.50

HOSIERY Black Cashmere Hose, sizes 9, 9 1/2 and 10. Per pair 25c Black Cashmere, sizes 8 1/2 and 9. Very special, per pair 38c Black Cashmere Llama, all wool, old dye, 75c Black Cashmere, extra special, all wool; a big seller \$1.00 White Cashmere Hose, sizes 8 1/2, 9 and 9 1/2. Priced at 60c

UNDERWEAR Ladies' Vests and Drawers, in natural and white, unshrinkable, best makers, a splendid garment moderately priced. Each 50c Ladies' Vests and Drawers, our leader, direct from manufacturer, full-sized garments, in natural and white. Each 85c

TO CLEAR Twelve dozen Ladies' White and Natural Vests. Each 50c Children's Black Tights, manufactured by the Turnbull Company, who specialize in children's wear. Prices 35c to 85c

The home of your dreams —FIND IT AND BUY IT.

The want columns of The Advertiser are crowded with good opportunities in homes of all sizes, located in every part of town.

Think of the happiness, the contentment, the feeling of independence that you and your family are missing. Settle down in this good old town permanently! Exchange your rent receipts for a title of value.

And every year real estate values are moving up—don't forget this. Look over the "Houses for Sale" ads in The Advertiser right now, or phone an ad—telling what you want. Call 3670.

A Special Sale of Over 200 New and Beautiful Suits

For Women and Misses each one at a price that insures a remarkable saving.

\$14.75, \$16.50, \$19.75, \$22.50, \$29.75 and \$35

BRILLIANT LATER ARRIVALS, EXCEPTIONAL IN STYLE AND QUALITY.

In this wonderful collection of suits are to be found every successful style introduced for the fall season. Specially designed models for slim, short, tall and stout women, made of fine quality French serge, broadcloth, poplin, gabardine, Oxfords and velours, in all the new shades of burgundy, brown, taupe, green, black and navy.

Distinctive Models in Coats At \$15, \$20, \$25, \$35 to \$50

Beautiful new coats with heavy, deep collars, novelty belted, semi-belted and loose effects, with slenderness of silhouette in an extra large variety of styles in warm velours, broadcloths, silvertones, kersey, beavers, Salt's esquimette plushes, and tweeds, with fur or fur plush trimming, fancy buttons and braid, in all the new shades.

Brand new arrivals in **Silk and Cloth Dresses** all shades and sizes, reasonably priced. Our **Millinery Section** offers some unusual values in trimmed and untrimmed hats. Your inspection is invited.

Artistic Ladies Wear Co. (SHOP OF FASHION) 211 DUNDAS ST.

Advertisement illustration: "Tommy" demonstrates his new and easy belt crutch by taking a few pages at the editor's office. These adjustable crutches are very comfortable and allow perfect freedom of the arms.

As a monarch. He had expected to follow the career of a soldier, and had been to the Royal Military School, Potsdam. The event was chiefly notable, however, in being a sort of transition from royalty to democracy—another result of the European war. While this young man was king, yet the oath he was just taking was to rule as a constitutional monarch, and his appearance in Parliament here today, with the prime minister and ministers about him, was a formal recognition of the principle for which this ministry and the Entente Allies had contended, that a responsible ministry directs the affairs of the country and not the king.

The recognition of this principle was very prominent in the ceremony of today. It was less a royal function and more a gathering of democracy. Before the king were the elected representatives of the people, all about him were twenty few court attendants. The speech from the throne had been prepared by the ministers, and there were comparatively few court attendants. The speech arrived for its delivery, the prime minister, Venizelos, took it from his pocket and passed it to the king for delivery. The pronouncement of the principle for which this ministry and the Entente Allies had contended, that a responsible ministry directs the affairs of the country and not the king.

As a spectacle also, today's event had its interest. The ministry had sought to give full scope to every royal prerogative, for they wish the new king to be a real representative before the people of a constitutional monarchy. The splendid coaches of the royal establishment, with powdered grooms and footmen, and heralds and outriders in brilliant uniforms, made an old world picture of royal pageantry as the king moved between dense cheering masses, with solid lines of soldiers stretching from the palace to the parliamentary chamber. The marble colonnade of the chamber was garlanded with wreaths and flowers, and a great floral crown above the doorway indicated that even in this abode of democracy there was still a welcome for what remained of royalty.

As a minister of the Vatican, who succeeds Sir Henry Howard, the first incumbent of that post in centuries.

Stop that cough!

Don't let it master you, for a continuous cough is dangerous. Attack it with a remedy that will quickly stop irritation of the respiratory organs and at the same time build up the body for permanent resistance. Ask your druggist or dealer.

FOE BEATEN NEAR VERDUN

Advanced French Defenses Broken Into, But Germans Are Ejected.

LONDON, Oct. 11.—Comparatively little fighting is in progress on any of the battlefronts except in the nature of reciprocal bombardments. In Flanders Thursday both the British and French troops kept their trenches, neither making attacks or being obliged to sustain counter-attacks against new positions they hold, as a result of the drive on Tuesday. The big guns on both sides, however, were shelling opposing positions vigorously, those of the Allies in the work of destruction, and those of the Germans in the nature of the peace of the Allies in their new trenches. The continued rain over this region has accentuated the wretched conditions of the ground, and it probably will be several days before the British and French again jointly unleash their men for another raid against the Teutons.

RUSSIANS DRIVE KURDS TO BANKS OF RIVER ZAB

Two Villages Southeast of Lake Van Are Captured.

PETROGRAD, Oct. 11.—In Kurdistan, southern part of the Caucasus, the Russians have been engaged in successful operations against the Kurds, capturing numbers of them, occupying two villages and driving the remainder of the enemy to the banks of the Great Zab River. The official announcement of these operations issued today, reads: "Caucasus front.—In the Dzorassan region we captured recently the villages of Maruta and Tchak, 15 miles west of Irmid, the British war zone was 24,000 tons, in March, 62,000 tons in September. The German report that the British had lost half a million men in the present series of battles. The figures are grotesque. We have not had that many men engaged. As I have already told you, our casualties have been very light, and the German casualties are known to have been 75 per cent greater than ours."

IMPOSING SURTAX ON WINNIPEG REAL ESTATE

WINNIPEG, Oct. 11.—More than \$1,000,000 worth of property is owned by persons who do not live in Winnipeg. The city council will impose a surtax on this land, much of which is vacant, uncultivated and virtually abandoned.

TWO BRANDS OF WINE WILL BRING PROSECUTION

TORONTO, Oct. 11.—Samples have been secured by the Ontario license board and the analysis made has satisfied the board that prosecution against the two brands of wine is justified. Information has been received that the two brands of wine were not labeled yet, but will be as soon as the board secures from the manufacturer a copy of the legislation passed last session, which makes it possible for them to prosecute under the Ontario temperance act.

More Enthusiastic Reports On Dr. Chase's Nerve Food

LONDON, Oct. 12.—The people of this city were never so interested in any medical treatment as they are today in Dr. Chase's Nerve Food. This paper has been reporting cases daily, and this has kept the people talking about their experiences until everybody seems to know about Dr. Chase's Nerve Food as a most satisfactory restorative for a rundown system.

STEEL PRICES KNOCKED DOWN ABOUT ONE-THIRD

WASHINGTON, Oct. 11.—An agreement between the war industries board and steel manufacturers fixing maximum prices for steel products, about one-third under existing market prices, was approved today by President Wilson. Prices agreed upon with Pittsburgh and Youngstown, as base are as follows: Blooms and billets (4 x 4 or larger), \$47.50 gross ton; billets (under 4 x 4), \$51; slabs, \$50; sheet bars, \$51.

SOUTHAMPTON, Oct. 11.—Wreckage is coming ashore here. A yawl-boat, punt and several pieces thought to be part of the barge Athens, wrecked off here Sunday morning, came in today.

SNOW IN MANITOBA WITH GALE BLOWING

WINNIPEG, Oct. 11.—Snow accompanied by a high wind, fell in Winnipeg early this morning. Ten degrees of frost were registered today, and at 1 o'clock in the morning a 28-mile wind was blowing.

GERMANY TO REBUILD HER MERCHANT FLEET

AMSTERDAM, Oct. 11.—The German Reichstag has adopted a bill providing for the rebuilding of the German merchant fleet, according to a dispatch received here from Berlin.

Berlin Says Allies Lost 374 Airplanes To 82 of Germany's

This Is Report for September Issued by Army Headquarters.

BERLIN, Oct. 11, via London.—On the various German fronts the Entente forces lost 374 airplanes during the month of September as against 82 machines lost by the Germans, according to figures given out by army headquarters today. The text of the announcement reads: "The losses sustained by the enemy aerial forces in September on the German fronts were 374 airplanes, including 167 biplanes. The remainder were brought down beyond enemy positions. In encounters we lost 82 airplanes and five captive balloons."

TWENTY INJURED IN EXPLOSION AT BIG SALT PLANT

Many Were Overcome by Chlorine Gas in Wyandotte Accident.

DETROIT, Oct. 11.—An explosion in the plant of the Pennsylvania Salt Company at Wyandotte, just beyond the western city limits, shortly after 7 o'clock tonight, injured a score of persons more or less seriously. Chlorine gas is believed to be the cause. Both hospitals in Wyandotte were filled with victims here, and some are reported in a serious condition. Few details of the affair are obtainable. Those of the injured are: Charles Raubolt, aged 54; his daughter, Alice Raubolt, aged 28; and Emilie Raubolt. These with many others are at Ford Hospital.

"STEAM ROLLER" IS GETTING N WORK, SAYS GEN. MAURICE

British and French Now Moving Down Hill.

LONDON, Oct. 11.—Major-Gen. Frederick B. Maurice, chief director of military operations at the war office, in his weekly talk today with the Associated Press, after an optimistic review of the last week's work on the British front in Flanders, said: "We have every right to be confident when we see what our men have done. But the fighting is hard, and we do not think that the present series of battles in Flanders is going to end the war. There is a great deal more hard fighting before us. I would say that the importance of getting the American troops here as quickly as possible, and in the greatest possible numbers, has not been diminished."

INGERSOLL APPLES FIND READY SALE AT \$5 PER BARREL

Some Farmers Have From 25 to 50 Barrels.

INGERSOLL, Oct. 11.—Practically all of the apples in this district this season will be disposed of in the home market. The yield is the smallest in many years and farmers have already sold or contracted for all they have to sell at \$5 per barrel. Here and there a farmer has from 25 to 50 barrels for sale. These are exceptions. In the last day or so offers from out-of-town buyers have been received at \$7 per barrel, but the district growers will deliver as they promised at the price arranged for.

AMSTERDAM, Oct. 11.—The German Reichstag has adopted a bill providing for the rebuilding of the German merchant fleet, according to a dispatch received here from Berlin.

Credit Is Fighting Liberty's Battles Abroad

There is not enough actual cash in circulation throughout the entire world to finance the great struggle for universal liberty which is being waged in Europe. Without the extension of credit to the nations engaged in warfare civilization would be trampled into the dust. When the great nations of the world look upon credit with favor, certainly the individual has every reason to feel the same way toward the system that enables him to supply the comforts of home which are his privilege, and do so at his own convenience. Let us explain our credit system to you in detail.

Handsome Chesterfield, with pillow arms, upholstered in best English tapestry; fitted with loose Marshall spring cushions; length 6 feet 6 inches. Club terms: \$10.00 cash, \$7.00 monthly.

Special Values in Our Rug Department

Our new Fall Rugs are now on display. It is the finest showing we have ever made. We feel justly proud of it and would like to have you call and see them.

We have a large number of Rugs that we bought three years ago, which we are selling at the old prices. Everything that's new in Wilton, Axminster, Brussel, Tapestry or Colonial Rag Rugs.

Drapery Department

Fall Draperies are here awaiting your inspection. You will be pleased with the splendid stock.

Our prices you will find uniformly low. Comforters and Blankets in splendid array from \$2.50 to \$20.00. Window Shades, all sizes, in stock or made to order.

Linoleum

Call and see our immense stock. Every design and quality is here in the different widths. Prices 66c, 76c, 86c, 96c, \$1.25, \$1.50 and \$1.75 yard.

Bring us your size and let us quote you our price.

GERMANY ATTEMPTS TO DIVIDE THE ALLIES OVER FRENCH AIMS

Mr. Asquith Analyzes German Statement on Alsace-Lorraine.

A FIGHT OF ENDURANCE

Great Britain Will Stand by France Until the End, Says Lloyd George.

WILL STAND BY FRANCE.

London, Oct. 11.—Premier Lloyd George, addressing a delegation of insurance companies, who called today to urge readjustment of health insurance and the establishment of a ministry of health, declared that all the nation's thoughts and energies were taken up by the terrible demands made in defense of liberty and freedom. He wished he could see the end, but the task which the nation had taken in hand must be accomplished. He could not think of any statement more calculated to prolong the war than the assertion of the German foreign secretary, von Kuehlmann, that Germany would never contemplate the making of concessions respecting Alsace-Lorraine. However long the war lasted, said the prime minister, Britain intended to stand by her gallant ally, France, until she redeemed her oppressed children from the degradation of a foreign yoke. This meant that the country must husband its resources and that demands were put forward for improvements here and

there, his answer was: "Concentrate upon victory." For the moment every claim upon the exchequer must be considered in the light of the terrible possibilities of the war, and when the war was over, in a freer, happier atmosphere, the country could begin to rebuild, reconstruct and regenerate.

Asquith on War Aims.—Addressing a war aims meeting at Liverpool tonight, Herbert H. Asquith, former prime minister, later referred to recent declarations by German statesmen and writers and said that his previously-expressed opinion regarding the Reichstag's peace resolution was justified by the amount of a transparent evasion and squabbling ever since with infinite acrimony concerning its orthodox interpretation, and confusion had become worse confounded with the publication of the chancellor's reply to the papal note.

Doubtless, said Mr. Asquith, in both Germany and Austria there was a widespread desire for peace and in the Reichstag itself, slender as were its powers and divided its counsels, there were indications of a growing spirit of revolt against the government methods. "But," continued Mr. Asquith, "the dominant fact with which we have to deal is the attitude of the German Government, nor the German Parliament, but the German Government. Does that government mean business? Is its desire for peace sincere? Depend upon it, the world will never see a peace which is through a morass of equivocations and ambiguities. Plain questions and concrete cases are the only basis of peace, and we are asked to lay down our arms without other safeguards than that we shall be offering a unique exhibition of the three virtues, faith, hope and charity."

Admitting that nobody pretends that it would be right for either side to formulate a ultimatum, detailed and exhaustive, which must be accepted chapter and verse as an indispensable condition of peace, and that many things must be left for a convention and adjustment by negotiation, Asquith declared that at the same time the Allies must be resolute and definite in their assertion of the means whereby peace must be attained.

Would Divide Entente.

He referred to the speech of the German foreign secretary, Dr. von Kuehlmann, respecting Alsace-Lorraine, and said: "German diplomacy is not celebrated for deftness, but even in its annuals, it will be difficult to find a more clumsy or more ill-considered maneuver than this maladroit attempt to sow discord between ourselves and our French allies. Von Kuehlmann, regarded the Belgian question to a secondary position."

I have formerly asked whether Germany was ready to restore Belgium in the only real sense acceptable to the Allies, but I have received no answer, and von Kuehlmann, who can be notoriously definite and precise concerning Alsace-Lorraine, preserves regarding Belgium an unbroken, but significant silence.

Contest of Endurance.

Concluding with an allusion to the general situation, Mr. Asquith said: "If it is to be a contest of endurance, we have no reason to lose heart or hope. During the last fortnight, our unconquerable troops have been doing great things both in Flanders and Mesopotamia. There is still need of economy and good organization in the consumption of necessary commodities, but not the slightest danger of our being starved into submission. "Take the Allies as a whole, including America, whose contribution to the common stock becomes every month a factor in the growing quietude—survey the relative powers of endurance of the two sides, measure them by any standard of naval, military or economic, and after you have made allowance for every dubious or hazardous contingency, even for the temporary paralysis of Russia as an aggressive force, can there be doubt that the material preponderance rests manifestly and increasingly on our cause?"

O. R. C. AND B. R. T. WILL MEET IN OTTAWA SOON

General Chairman May Consider Demand for Increase.

CLEVELAND, Oct. 11.—

Asked about the report from New York that railroad operating east of Chicago and north of the Potomac River have been notified by representatives of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors, that demands will be presented for increased wages for men in the passenger service on December 1. W. G. Lee, president of the Brotherhood of Railroad Trainmen, gave out the following statement: "Nothing of the kind has been done. I cannot say what the masters' association, O. R. C., and B. R. T. general chairman may vote to do at a meeting to be held at Ottawa, Canada, Tuesday, October 16. The general chairman of both organizations have been notified to attend this annual meeting."

IN THE HOLLOW OF HIS HAND

Britain Cuts Holland Off Commercially

Netherlands Must Stop German Flow of Sand and Metals to Belgium.

AMSTERDAM, Oct. 11.—Great Britain has stopped all commercial cable communication with Holland until such time as the Netherlands Government places an absolute restriction on the transit of sand, gravel and scrap metals through Holland from Germany to Belgium.

U. S. CUTS OFF COAL

THE HAGUE, Oct. 11.—The foreign office tonight issued a communication announcing that, according to a dispatch received from The Netherlands' minister at Washington, the American Government had decided to refuse coal bunkering facilities to vessels bound for countries bordering on Germany.

MANY EXPLOSIVES DROPPED BY FLYERS ON FOE'S RAILWAYS

British Naval Airmen Raid and Lichtevelde Junctions at Thourout

LONDON, Oct. 11.—An official statement on British aerial operations issued today says: "On Tuesday and Wednesday naval air patrols attacked enemy trenches by machine gun fire. One pilot being heavily shelled by anti-aircraft guns descended and was rescued by the gun crews, scattering them and silencing the guns. "Yesterday naval raids were made on the Thourout and Lichtevelde Railway junctions and trains. Large quantities of explosives were dropped. All our machines returned."

BELGIAN AIRMEN RAID GERMAN BATTERIES

PARIS, Oct. 11.—The Belgian communication issued today says: "During the day of the 9th instant our artillery carried out a series of raids on some batteries and enemy organizations in the region of Dixmude. Our aviators were active, and gave efficacious aid to our artillery. During the day of the 10th our aviators in conjunction with our artillery continued with effect its destructive fire on the enemy batteries and works in the environs of Dixmude. The enemy's reply was feeble."

TWO BIG CANNERIES WORKING TO CAPACITY

HARROW, Oct. 11.—The two large canning factories here of the Clark Company, Limited, and the Quality Canners Company, are doing a splendid business each in this line. The Clark Company has received thousands of bushels of tomatoes grown by the local farmers, and the Quality Canners have received thousands more if the recent frosts had not spoiled the vines. The Quality Canners Company had a splendid run, having had 700 acres of corn in the neighborhood, besides several car lots shipped in from Cotnam. In addition to sweet corn they are canning quantities of field varieties. Altogether, the season has been quite successful for these factories, as the September frosts, from which so many districts suffered, did no material damage in this district. The tobacco crop, which was both unusually large and excellent, has all been gathered in, and some has already been disposed of. Already preparations are under way for a larger crop during the coming season.

TEACHERS IN SESSION

ST. THOMAS, Oct. 11.—The annual meeting of the West Elgin Teachers' Association opened at the college institute here on Thursday. A large number of delegates were present from all parts of the county. President J. G. Graham occupied the chair. Rev. Mr. Bremner gave the opening address. He expressed appreciation at the long and successful session which had been called to address such a talented gathering. The secretary's report was then read and was followed by the auditors' report, after which Inspector Taylor moved a resolution of thanks to Miss Penny for her good work as secretary. The meeting closed with a social. The fees for 75 cents to 25 cents. Those taking part in the program are: E. P. McPherson, Miss Helen Panco, E. C. Poole, Miss Blanche Speckman, Miss Graham, Miss Clara Bagg, Miss Bessie Waters, Miss M. L. McLean, Miss W. Graham, Miss L. Roberts, J. G. Graham, Inspector Taylor, Miss S. Nash, Miss L. Midgley, Miss M. McEvoy, Colin McKenzie and Rev. N. R. McMillan.

How Uncle Sam Will Dig Into Every Pocketbook

From the cradle to the grave most of man's activities will now be taxed under the new United States revenue bill, points out an Associated Press correspondent, since "baby's first dash of talcum powder under the two per cent tax on cosmetics will help the Government carry on the war, and after death, the federal collectors will be on hand to get the inheritance tax at advances on the present rate of from one per cent on \$50,000 to ten per cent on \$1,000,000."

While Congressman Kitchen and Senator Simmons, respectively responsible for the tax revenue legislation in the House and Senate, express much satisfaction with it, the newspaper press in various sections of the country is commenting upon what it deems to be the words of the New York Evening Sun, the law's serious "inequities," "obscurities," "inconspicuousness," and "unworkability."

IN THE LITERARY DIGEST for October 13, a clear exposition of what the new taxation will cost individuals and corporations is given and the drift of public opinion upon it is shown. Other striking phases of the world's news are presented under these headings:

ENEMY DIPLOMATS ON BOARD STEAMER AT PACIFIC PORT

Dutch Steamer Carries Interesting Passengers

A Pacific Port, Oct. 11.—The Dutch steamer Agency-Reuter's correspondent at British headquarters in France, telegraphs today as follows: "Case of the 24th Prussian division—This latter was raised in January and sent to the western front in April. They were immediately heavily attacked by the British. These men of the 19 class were badly shaken by a whirlwind bombardment which inflicted heavy casualties while one regiment lost many prisoners. The division appeared in September on the Ypres front, being thrown in to counter-attack us on September 20, being repulsed and again on September 26 some elements of the same division were completely shattered. The result is that the division exists only in name. Several of the officers who were not trusted by the non-commissioned officers have been relieved. This is interesting because it is a reminder that the older German division have been almost entirely used up."

CELEBRATED A LITTLE

SARNIA, Oct. 11.—John Carabon, aged 26, described as a silver-headed Canadian soldier, just out of the military hospital at London, appeared in the Port Huron police court on a charge of intoxication. When he told the court the story of what had happened on the Ypres front, where he received his wound, the judge cutting and skilful, and laying bare the brain but not injuring it. "He was hit by a bullet which struck his forehead, and Army surgeons replaced the missing bone with a silver plate. "They told me I would die," said Carabon, "but I don't so I thought I would celebrate a little," said Carabon.

Dime for a Drink Was Too Much and Kelly Dropped Dead

CHICAGO, Oct. 11.—Sometimes the high cost of living results fatally. Kelly, aged 50, of 7325 May street, went into Byers' saloon today, as he had been accustomed to do for many years, and ordered a glass of beer. When it was served, there was mighty little beer and lots of foam. Kelly laid down a dime, and the barkeeper swept it into the cash drawer, bemoaning the hard fact that taxes and the war and sundry other things made it necessary to charge 10 cents for a glass of beer. Kelly, who was just reaching for his glass, keeled over and fell. The beer for which he had just paid 10 cents remained untouched. Physicians called it heart disease.

TWO SENTENCED FOR SINKING GERMAN SHIP

AIKEN, S.C., Oct. 11.—Paul Wierce, editorial writer of the Charleston, S.C. American, and Capt. Klattenhoff of the German steamship Liebenfels were convicted in federal court here today of conspiracy to sink the ship in Charleston harbor, and sentenced to two years in federal prison at Atlanta, and to pay a fine of \$1,000 and costs each. The Liebenfels was sunk just before the diplomatic break with Germany, presumably on orders of the German Government.

OVERCOME BY GAS

Detroit, Mich., Oct. 11.—Thirty-five or more persons were overcome by chlorine gas last night, when a large tank in the plant of the Pennsylvania Salt Manufacturing Company, at Wyandotte, a suburb, exploded from an undetermined cause. About a score of them were taken to hospitals and revived. Others received treatment in their homes and quickly recovered. The plant was only slightly damaged.

BURIED AT LAKEVIEW

SARNIA, Oct. 11.—The funeral of William Douglas, the city fireman, who was fatally injured as a result of a fall from a tree on Tuesday, was held from his residence, 238 Dundas street, last afternoon. Interment taking place at Lakeview Cemetery. The funeral was attended by members of the local lodge of the local lodge of the Woodmen of the World, and the Royal Order of the Moose.

MEETS THIS AFTERNOON

SARNIA, Oct. 11.—The annual meeting of the Red Cross Society will be held in the public library on Friday afternoon. The reports of officers for the year will be presented, and new officers elected. At the conclusion of the business, Lieut. Arthur Crawford,

Rengo Belt

Reducing Corsets

Present-time Economy

Stretched and broken corsets call for replacement—often a second or third in a single figure—where stout figures give severe wear.

Not so with Rengo Belt corsets—they are the strongest and most substantially made garments ever designed, due to the exclusive Rengo Belt feature of tailoring over the abdomen and hips. They will hold their perfect style lines until thoroughly worn out—most women discard their older Rengo Belt garments only when the styles change.

Thus in the purchase of Rengo Belt Corsets you may acquire all you have ever desired in style and comfort and at the same time practice "present-time economy." Boned with double watch spring steels.

OXFORD TEACHERS AT 5TH CONVENTION

WOODSTOCK, Oct. 11.—Two hundred teachers from Oxford today attended the 5th session of the Teachers' Institute. N. W. Rowell, M.P.E., was to have given an address this evening on the subject of "War and Education," but he was prevented from being here, and Professor Robertson of Victoria College, Ontario, took his place, and gave an excellent address.

—St. Louis Republic.

ROWELL, CALDER, CARVELL, SIFTON AND CRERAR IN BORDEN CABINET

Premier Announces Entry Into His Ministry of Five Liberals—Also Angling For Murray.

HAZEN, CROTHERS AND COCHRANE TO DROP THEIR PORTFOLIOS

OTTAWA, Oct. 12.—At 1:30 o'clock this morning (Friday), Sir Robert Borden's private secretary, after seeing the prime minister, authorized the statement that the formation of a union government is assured.

He added on behalf of the prime minister that it was anticipated that full details would be announced on Friday.

About the same time the announcement was made Hon. J. A. Calder and Hon. N. W. Rowell arrived at the East Block, and immediately entered the council chamber to report the results of the Liberal conference held following the arrival of Premier Murray of Nova Scotia, with the prime minister.

ABOUT EQUAL DIVISION.

OTTAWA, Oct. 12.—1:50 a.m.—The new cabinet will be formed of practically an equal number of Conservatives and Liberals, with Sir Robert Borden at the head. It had been anticipated throughout the afternoon that the new cabinet would be definitely sworn in during the evening. It was stated that the cabinet would be sworn in and the question was now simply one of the distribution of portfolios. The Liberals remained in conference at the Chateau Laurier and it was not until after 1 o'clock this morning that Hon. N. W. Rowell, K. C., leader of the Ontario Opposition, and Hon. J. A. Calder, of Regina, appeared at the cabinet council room.

DEFINITE STATEMENT TODAY.

There a statement was drafted which had the concurrence of the prime minister and of the representatives of the Liberals, who attended in conference. The statement reads:

"The delays incidental to the formation of a union government are no more than might have been anticipated, as the difficulties are immensely greater than those which occur in the formation of a strictly party government. The conferences that have taken place during the last four days have been characterized by a very earnest and sincere purpose on the part of all concerned to bring about the formation of a union or national government.

"It is anticipated that full details will be communicated to the press on Friday, but in the meantime the announcement is definitely made that the formation of such a government is assured."

THE NEW CABINET LINE-UP.

(Special to The Advertiser.)

OTTAWA, Oct. 12.—Union government was accomplished in Canada during last night. F. B. Carvell of New Brunswick; N. W. Rowell, provincial Liberal leader of Ontario; J. A. Calder, minister of public works in Saskatchewan; Premier Arthur Sifton of Alberta, and T. A. Crerar of the Grain Growers' Company of Western Canada agreed to take places in a union government under Premier Sir Robert Borden.

This will make the Liberal and Conservative party elements in the Canadian Government about equal in strength.

The ministers who retire are Hon. J. Douglas Hazen, from marine and fisheries, who becomes chief justice of New Brunswick; Hon. Thomas Crothers, minister of labor, becomes a judge; Hon. Frank Cochrane, minister of railways, who drops his portfolio, but remains with cabinet rank as privy councillor, without portfolio.

The cabinet will consist of Premier Sir Robert Borden, Hon. Martin Burrell, Sir James Loughheed, Hon. Arthur Meighen, Sir Edward Kemp, Sir George Foster, Sir Thomas White, Hon. John Reid, Judge Doherty, Hon. F. E. Hiondin and Hon. Albert Severyn, all Conservatives; and on the Liberal side, Premier Arthur Sifton of Alberta, Hon. J. A. Calder of Saskatchewan, T. A. Crerar of Manitoba, N. W. Rowell, S. C. Newburn and Hugh Guthrie of Ontario, C. C. Ballantyne of Quebec, F. B. Carvell of New Brunswick and probably Hon. Geo. Murray, premier of Nova Scotia.

DECISION COMES SLOWLY.

The situation tonight was one of the most interesting that Canada has seen. At 10 o'clock in the evening Premier Borden called the privy council staff to headquarters to swear in new ministers. The hour passed and midnight came without agreement.

Premier Borden was waiting at his office and taxicabs were ordered to convey the new men to Rideau Hall where the oath of office was to be administered by the governor-general, the Duke of Devonshire. A difference developed among the Liberals which threatened to block union at the last hour. However, this was patched up and at 1 o'clock the prime minister's office announced that after many difficulties, "union or national government formation is assured."

As the governor-general had gone to bed, it was decided that there should be no swearing in until after sun-up.

BUILT THEIR OWN DEATH-TRAP

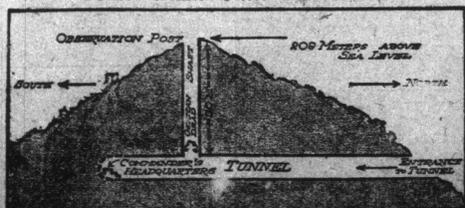

Diagram showing how the Germans tunneled Mount Cornhill on the western front, building what became under French fire the burial mound of an entire Hun battalion.

LOYD GEORGE URGES FARMERS TO RAISE MORE

Smaller World Market Makes Greater Production Vital.

SAYS SUBS ARE DEFEATED But Food Must Not Be Taken From Mouths of the Allies.

London, Oct. 11.—To a deputation of farmers who called on him in London on Tuesday, Premier Lloyd George paid warm tribute to the great efforts of the farmers in the matter of food production. He defended them from the charge of profiteering, but added that he wanted to appeal to them to assist the Government in this very critical stage of the war, for they were fighting on one of the most important fronts and if that front was broken the whole system of defence would collapse.

"This appeal, the premier said, was not due to anxiety on account of the activity of submarines, for owing to the skill and courage of operations being conducted, that menace was diminishing rapidly, and the fact that the British sea losses during the last month were less than in any similar period of time since September, 1916.

"Up to the farmer," the prime minister added, "is due to the fact that the available world's supply of food is less than it has been for years. France and Italy both are in the world market for a larger proportion of cereals than ever before, while Australia has been ruled out as a provider owing to its distance from the consuming nations. Hence it is incumbent on the British farmers that they do their utmost to make the country self-sustaining.

"Believe me, this war is depending more and more on these little islands. Week by week I see the burdens falling more heavily on the shoulders of Great Britain, but I also see Great Britain straightening up to bear it. The enemy is not going to starve us but that is not enough. We must produce such quantities of food that we will not need to go into the American markets and snatch food out of the mouths of our allies."

CAMPAIGN OF TERROR IN ALSACE-LORRAINE; MANY THOUSANDS ARE THROWN INTO PRISON

Sentences Inflicted On French Citizens Total 5,000 Years.

French Front in France, Sept. 26.—(Correspondence of the Associated Press)—Fresh evidence of the German campaign of terrorism in Alsace-Lorraine comes to hand every day. Since the beginning of hostilities, German court-martials sitting in the annexed provinces have inflicted sentences totaling five thousand years' imprisonment on citizens of Alsace-Lorraine, whose sole offence has been the expression of opinions favorable to France. All classes and all districts have suffered.

Many Have Left. Since Alsace and Lorraine were annexed by Germany in 1871 until the outbreak of the war in 1914 no fewer than 500,000 of the inhabitants of the provinces, according to official figures, have migrated to France. Immediately after the declaration of war three years ago everyone of real Alsatian or Lorraine origin who could find a way to do so made a hurried departure over the frontier line. Hundreds of those remaining owing to their inability to leave in time were at once seized as suspects and sent to prison or internment camps, where they have been kept in confinement for three years.

In addition to the men in the ranks and among the minor officers who have fought for France, the two provinces have supplied many military leaders of high renown, among whom no fewer than five generals have sealed their patriotism by dying a soldier's death in fighting the Germans. These five were Genes, Sibille, Dupuy, Dion, Trumelet-Faber and Sirm.

MAY FIGHT FOR FRANCE. While the migration was in progress, the younger and more daring spirits among the men of Alsace and Lorraine took the still more serious step of joining the French army. Over 30,000 of them have fought beneath the tricolor since the war began. Many of them, by their heroism, have gained high rank, while numbers of their comrades have made the great sacrifice.

RUSS WORKERS' PARTY NOT SATISFIED WITH COALITION CABINET

Central Council Asks Soldiers' and Labor's Representatives to Resign.

Petrograd, Oct. 12.—The central committee of the Petrograd Council of Workers' and Soldiers' Delegates has invited M. Nikitin to resign his membership in the new Government on the ground that it fails to reflect the ideals of the Workers' and Soldiers' organization.

At some place there is agitation against capital punishment, but at the same time demands are made that punishment in the rear of the fighting front be enforced with greater strictness. The cases where orders are discussed or not carried out are comparatively rare, the soldiers who refuse to obey orders usually being brought to trial. The war office announces with regret that the evil influence of the gendarmes and police still asserts itself. So far measures have been taken to isolate those elements. Complaints of want of discipline among new recruits are still numerous. The authority of the bodies elected by the soldiers themselves is increasing daily. The soldiers are reported to often express desires for instructive literature and lectures.

On the Rumanian front the idea of a strictly Socialist Government has not gained popularity. The general opinion of the army there is that a coalition Government which would unite all factions should be formed. M. Nikitin was a member of the Council of Five, and in the present Cabinet is minister of the interior.

The Biggest September IN OUR HISTORY

Overcoats—Smart One, Real Style Creations.

Clothes That Dress Youth Smartly, Yet Not Freakish.

Clothes Appropriate for Dignity and Business Wear.

Utility Coats—For Storm or Sunshine.

MAYBE it's because this is the first September when real war conditions and war prices all over the continent of North America must be reckoned with. Because our clothes and methods and practical, common sense way of doing things fit consistently into the present-day atmosphere. Because we are rendering a tailoring service absolutely unmatched in its completeness at one price, which is no higher than last season, perhaps these are the reasons that we've had the biggest September in our history.

No Change in Our Standard Price of \$16.00

For Suit or O'coat to Your Individual Order

Only One Price

Only One Price

We stood to lose a lot of money if woolen prices went down instead of up---as matters stand every dollar we invested in our Fall and Winter Fabrics, at the time we bought them, has a merchandise value of \$1.50 to \$2.00 today, which means that any garment we make for you now is worth intrinsically 50 to 100 per cent more than you pay for it. Look around and see what has happened to the prices of clothes of recent date, tailor-made and ready-made. You won't be long in deciding to leave your order at the Tip Top Tailors.

BOYS' WORK WILL BE DEVELOPED BY VARIOUS METHODS

Information Gained at Recent Survey is Now Being Used.

A start in using information gained during the recent survey of boy life here was made when reports of the various committees were made at a supper in the Y. M. C. A. building last night.

Mr. J. H. McDermid, who presided, gave a general outline of the campaign, and urged that card indexes be made of the information that the various committees have collected.

Mr. J. H. McDermid presented a report on juvenile delinquency. The opinion of the council was that a juvenile court should be in existence in every city of the size of London.

Mr. J. H. McDermid presented a report on the condition of the city, and that arrangements be made to have boys attend during their working day in cases where the employer has expressed his willingness to sanction such a plan.

Mr. Davis also presented a report on playgrounds prepared by E. Y. Buchanan. This pointed out that facilities for play are at present confined to the parks and school grounds.

The advisory committee's report showed that sixteen Canadian standard deficiency groups were organized during the year, five of them at the Y.M.C.A.

DEPOT BATT. BAND PROMISES TO BE FINE ORGANIZATION

The 1st Depot Battalion, Western Ontario regiment band is holding its rehearsals every day now under the baton of Rosalie Peckels, one of London's veteran conductors.

EXPERT TELLS WOMEN HOW TO LOOK AFTER GARDENS IN THE FALL

Storing of Winter Vegetables Was Also Discussed at Meeting.

Mr. Allen, a representative of the Ontario Government, spoke at a meeting of the Women's Gardening Association, Thursday afternoon, in Cronyn Hall, telling about the care of the soil and storing of winter vegetables.

Mr. Allen said that the soil should be kept in a state of readiness for the coming year. He emphasized the necessity of digging the soil well and making use of manure as fertilizer.

"Celery may be kept until Christmas if planted in a box of the same depth as the celery plants, or in a trench, lower at one end, with an outlet for the water to escape in a trench.

"If you desire to ripen them quickly pinch a little piece off the ends of the leaves, but by no means take off all the foliage, leaving only the fruit on the stem, for in that case the fruit will wither and not ripen properly.

VEGNER'S "The Heart of London"

NORTH DORCHESTER SUNDAY SCHOOLS MET AT CROMPTON

DORCHESTER, Oct. 11.—An inter-denominational convention of the Sunday schools of North Dorchester held Wednesday in the Crompton Methodist Church was largely attended. Miss Bertha Laine of Toronto, head of the primary department of the provincial board, was the principal speaker, and addresses were also given by Frank Whitehall, county secretary of the S. S. of Middlesex; Rev. D. McKay of Dorchester, and Rev. Mr. Herbert of Putnam.

MISS CARLING IS AGAIN PRESIDENT

At the annual meeting of the Women's Gardening Association, held in Cronyn Hall Thursday, the election of officers for the coming year took place. Miss Carling, the former president, was re-elected by acclamation. The new first vice-president is Mrs. George Gibbons; second vice-president, Mrs. Williams; third vice-president, Mrs. Bowker; secretary, Miss Campbell; treasurer, Miss Graydon. Miss Hamilton and Mrs. Wright were made, respectively, honorary president and honorary vice-president. At the meeting the prizes won in connection with the various community gardens were presented.

So Digestible That Even Babes Thrive Upon It

ASK your doctor what sort of cereal food is best of all for easy and thorough digestion. Answer: A balanced food that is non-constipating, granulated to allow free play of digestive juices, and complete with the natural salines and coarse bran retained. All of these essentials are abundantly provided by

Dr. Jackson's Roman Meal

Even babies may use it freely (from the eighth month) with greatest benefit to not only their health but their development and growth.

When grains are "refined" the bran, salines and nutritive dark parts are removed. Only the highly starchy white parts are retained. These fine, starchy particles pack and clog the digestive tract, and ferment. The poisons thus produced enter the blood—and you feel the nasty, debilitating sensation due to indigestion and self-poisoning.

Roman Meal prevents indigestion, and helps other foods to digest, too. It is porous because granulated. The digestive juices can reach every particle quickly, thus promoting digestion. The bran also helps to bring out the digestive juices. Result: Quick and thorough digestion, no fermentation and no self-poisoning, hence the sense of wellness

Roman Meal Company, Toronto, Canada; North Tonawanda, New York; Tacoma, Washington.

A PAGE OF INTEREST TO WOMEN SOCIAL AND PERSONAL

L. T. McNaughton of the Toronto University, and his sister, Miss Edna, have returned to Toronto after spending Thanksgiving with their parents on Colborne street.

Mr. Alfred Buckley, formerly professor of philosophy at the Western University, delighted the members of the Toronto Women's Press Club on Tuesday with his "Reminiscences of Fleet Street."

Mr. and Mrs. James Black, with their daughters, May and Jean, have returned to their home in St. Thomas after spending the week with friends in the city.

Carl Bowen of the medical college has returned from a visit with his parents in Aymer.

Mr. and Mrs. P. Herwood of Ottawa are visiting Mrs. Cecil Hussey for a few days.

Master Ted White is a visitor in Guelph.

Miss Gertrude Bell and Miss Velma Hart have returned from Toronto after a delightful visit with Miss Bell's aunt, Indian road, Toronto.

Mrs. Thomas A. Duff of Toronto, and Miss Clara Thomson of Victoria, B.C., have left for a trip to the Maritime Provinces, after visiting Miss Duff of Princess avenue.

Mrs. Niven and Miss Niven have returned from Toronto after a week's visit with Mrs. Torrance Beardmore.

Miss Elsie McDermid of Moulton College spent the week-end with her parents, Mr. and Mrs. J. K. McDermid.

Mr. and Mrs. Charles Bicknell (nee Mitchell) have returned from a delightful trip to the coast and California.

Mrs. Sanford of Hamilton, and Mrs. Willoughby Cummings of Toronto, were guests at the Tecumseh Hotel during their stay in the city.

Sir George Gibbons will preside at the Sunday evening meeting, to be held in the Majestic Theatre, Lieut.-Col. Williams will have an address on the British Red Cross.

ONE WHEATLESS DAY A WEEK

Save white flour and wheat cereals by inaugurating one wheatless day a week, or three wheatless meals a week. If every housekeeper in this country would do her "W" by using the whole flour substitute one hundred and fifty-six times a year—stop to think of the saving that would result! Use barley for soup and barley flour for thickening; cornmeal for bread, breadings, cereals; cornstarch for thickening and puddings; oatmeal for oatmeal and oat muffins; potatoes for all kinds of uses—for potatoes are used bread may sometimes be omitted from the menu. Rice lends itself to the three meals a day in innumerable ways. Use rice for soup, thickening and puddings, and tapioca for the same purposes.

Following are nine wheatless menus showing the housekeeper how to blend meat and not use wheat in any form. Save the teaspoonful or tablespoonful of flour by using something for thickening, and when you do use flour be sure none is wasted. Often it happens, when flour is mixed for the thickening, the recipe calling for one teaspoonful of flour, the housekeeper or cook takes more than is needed. The soup, sauce or gravy is thickened and a third of the thickening is left in the cup and goes into the sink. So for the sake of saving wheat be careful to mix only what is needed.

- Wheatless Breakfasts.**
 - Fruit.
 - Cold Boiled Rice with Milk and Sugar Syrup.
 - Egg Omelet.
 - Roast Coffee or Cocoa.
 - Scrambled Eggs with Rice and Tomato White Cornmeal Gems.

 - Cornmeal Soup Sticks.
 - Baked Hominy Meat Pie, Brown Gravy.
 - Spinach, Cauliflower or Stewed Tomatoes.
 - Lettuce or Relish of Choice.
 - Baked Sweet-Potato Custard.
 - Golden Buns.
 - Two cups of cornmeal, yellow or white, 1/2 cup milk, 2 well-beaten eggs, 1 tablespoonful of cooking oil, 2 tablespoonfuls of sugar, 1 teaspoonful salt, 4 teaspoonfuls baking powder.
 - Mix in the order given; beat well; add the baking powder, and mix lightly; pour into a shallow, well-greased pan, put into a hot oven and bake for 25 to 30 minutes.
 - Baked Potatoes with Raw Eggs.
 - Carefully open and remove the centre of a fresh-baked, mealy potato and break the egg over it; season with butter, salt and pepper to taste. The heat of the potato cooks the egg, and makes a light and delicious breakfast dish.
 - Oatmeal Wafers.
 - One cupful oatmeal, 1/2 teaspoonful

salt, 2 well-beaten eggs, 1 tablespoonful melted butter.

Mix well in the order given and drop by spoonfuls on well-greased baking sheets, leaving an inch between the tops and bake in a moderate oven until light brown.

Cornmeal Wafers. One and half cupfuls of cornmeal, 1 cupful of milk, 2 eggs, 1 teaspoonful salt, 1 tablespoonful melted butter, 4 tablespoonfuls sugar, 4 teaspoonfuls baking powder.

Put the cornmeal and milk into a bowl, add the eggs well-beaten, the butter, salt and sugar, and beat for five minutes; add the baking powder with butter and put the water down on in spoonfuls, leaving space to spread. Bake in a moderate oven until the edges are brown and crisp.

Cornmeal Soup Sticks. One and half cupfuls white cornmeal, 1 1/2 cupfuls buttermilk or sour milk, 2 eggs, 1 teaspoonful salt, 1 teaspoonful baking soda, 1 tablespoonful oil.

Mix the cornmeal and milk with the eggs well-beaten and cover with water; add the baking powder, the salt, baking soda, and beat for five minutes; add the buttermilk and put the water down on in spoonfuls, leaving space to spread. Bake in a very hot oven until a rich brown.

Baked Hominy Meat Pie, Brown Gravy. One and half pounds of round steak or lean beef, 4 cupfuls cold boiled hominy, 2 cupfuls sliced carrot, 1/2 cupful onion, 1/2 cupful parsley, 1/2 cupful starch, 2 tablespoonful cornmeal, 2 tablespoonfuls of cut parsley, celery top, 1 tablespoonful salt, a little pepper.

The meat is cut into small pieces and put on with four cupfuls of boiling water; after boiling for 45 minutes, add the onion, carrot and celery and boil for 30 minutes. If the water has boiled away, add more there must be three cupfuls when meat and vegetables are tender. Add the seasoning, and the cornstarch, which has been mixed with cold water and stirred into the gravy. Then add the balance of hominy and half a cupful of gravy over the top.

Put in the oven and bake for 20 minutes. Sprinkle with parsley and paprika. Serve in the baking dish.

Corn and Potato Loaf, Cream Sauce. Two cupfuls of canned corn, 1 quart of potatoes, 2 tablespoonfuls drippings, 2 teaspoonfuls salt, a dash of pepper, 2 eggs, 1 tablespoonful grated onion or a little nutmeg.

To the hot mashed potatoes add the corn, the dripping and the seasoning. Beat the whites of the eggs until light; fold in lightly. Brush custard cups or a baking dish with butter and sprinkle with cornmeal. Fill with the mixture, bake for 35 to 40 minutes in a moderate oven. Serve with cream sauce made as usual.

Baked Sweet-Potato Custard. One quart of sweet potatoes, 2 cupfuls milk, 3 eggs, 1 teaspoonful salt, 1 tablespoonful of cornmeal, 1/2 teaspoonful of melted butter.

Boil, skin and put the potatoes through a ricer or a fruit press, or mash through a coarse strainer. Add the milk, the well-beaten yolks of the eggs, the salt and the nutmeg. Beat the whites of the eggs until light; fold in lightly. Brush custard cups or a baking dish with butter and sprinkle with cornmeal. Fill with the mixture, bake for 35 to 40 minutes in a moderate oven. Serve with cream sauce made as usual.

Baked Tomatoes with Rice and Cheese. Eight tomatoes, 4 cupfuls cold boiled rice, 1 cupful grated sharp Canadian cheese, 2 teaspoonfuls salt, 2 tablespoonfuls chopped green pepper, parsley or celery top, 4 tablespoonfuls cornmeal.

RED CROSS AND C. W. C. A. COLUMN

"Canada" on the Ambulance. Is there any woman who is growing weary of the long strain of this, the fourth year of Red Cross work? Or is there one who feels that the little she can do is not worth while? Let her read these words from a soldier's letter and realize the wonderful service she is rendering to the sick and wounded.

He writes: "One has to go through all the spiritual loneliness, the terror and depression of war, get badly wounded and come to 'Blighty,' weak as a child, and half unconscious, to appreciate the Red Cross."

"When the wounded soldier arrives in England, suddenly his heart starts beating, his eyes are full of tears and his half-opened eyes fill with tears at the sight of a Red Cross nurse. The soldier says the word 'Canada' on the motor that comes to meet him, and has him to some place good for a wounded Canadian."

"Canada! What does it mean to him? It means, 'Give me some cheer up!' It means, 'I have been watching you! I saw you sleeping in the mud, starved and shivering by vermin, but I was thinking of you day and night, and here I am! That's what 'Canada' means on the motor ambulance in Blighty means."

He goes on to speak of the luxury of a clean bed in a clean hospital, and adds: "Then the soldier has only to name what he wants and 'Canada,' like a wish-bone, will produce it."

And all this is made possible because we women are working, working, sewing, sewing, knitting, knitting, night and day. And that's what 'Canada' means to him. It's very much worth while!

Another Table. The east end branch of the Red Cross Society has had a splendid table given to them by a kind friend in response to their appeal. But they need several and will be quite satisfied with the loan of one or two. Perhaps another friend in the east end will come to their aid.

And Some Magazines. The fruit canning still goes on, but not so briskly as it would if the ammunition would come in a little faster. The technical school is capable of producing many good baskets, and when the grapes begin to come the public schools will attend to them. So these women are doing a noble work. Have you any nice, new, up-to-date magazines, such as the soldiers in the hospital would like to read? If you have just telephone your address to the East End branch of the Red Cross, and take them to the boys who want reading matter so badly. You needn't wait to sit down yourself to read an old magazine that had been published some ten years ago, unless it contained something of special personal interest, and neither would a returned soldier. He wants to read naturally, and he wants something that men read. A man isn't very keenly interested in either hats or to be trimmed with wigs or flowers, nor what is the latest thing in sleeves. He's a creature created and would rather read about machinery and real estate and all such things. So do not send our returned boys and give them what they want. We don't possibly give them all they deserve.

MARION KEITH, Con. Press Sec.

DAILY BIBLE QUESTION CLUB

SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON. By Rev. T. S. Linscott, D.D.

"Returning From Captivity." Ezra, I, 1-11; II, 64-70.

"Jehovah hath done great things for us, whereof we are glad." Psalms, cxvii, 1-14. What is the greatest treasure to the cause of God that is always, or generally, a proof of his love for you?

By using Cuticura for the treatment of itching, burning, and sore skin, you can get relief from the most obstinate cases of eczema, psoriasis, and other skin diseases. Cuticura is the most effective and economical of all skin treatments.

Let Us Help You Select That New Fall Suit

Very perplexing is the question of the Fall Suit, and those who have yet to choose it will find quick solution in the excellent display we are making.

The suits are all exclusive New York models, with the medium long coats, many with the belt effect, with braid, button or plush trimming, full skirt gathered at the waist. They are in fine all-wool Serges, Gabardines and Poplins, appearing in new autumn shades.

Two of Our Specials

Navy and Black Serges, a few plain tailored styles, others have large collars with braid binding and belt all around; sizes 18 to 40. \$18.95

Navy Blue and Black Serge Suits, also suits in navy, green and brown, Burella cloths—smart styles—some plain, others trimmed with buttons and large buckles both back and front on coat; skirts gathered back \$20.00

You'll Like Our Plush Coats

Of "Salt's" Plush, coats full length with wide sweep, lined throughout; sizes 16 to 44. Special values \$25.00

Salt's Plush Coats, full length, wide sweep, lined throughout, belted back; sizes 18 to 42. Special value \$27.50

Perrin's Kid Gloves \$1.35, \$1.65, \$2.00, \$2.25 pair

Kayser Chamoisette Gloves, for cool weather \$1.10 and \$1.25

BRICK & DUNDAS, Limited
LONDON. 188 DUNDAS STREET. ST. THOMAS.

SUNLIGHT SOAP is made from the sweetest and choicest of edible oils and fats. It contains no harsh or strong ingredient. It is the purest and most efficient of soaps and, if used judiciously, the most economical of soaps.

Say! Advise that friend of yours who has catarrh to snuff up nose a few drops of
