NET GAIN OF \$13,000 REPORTED

L. P. S. Commissioners Pleased When Figures For August Submitted.

PROSPECTS BRIGHT
Special Meeting Will Be Called To Discuss Finances Of Road.

London & Port Stanley Railway commissioners were a pleased smile this morning after hearing the August report regarding earnings from General Manager Richards. While the total revenue of the road for August was but \$2,765 more than in 1924, operating expenses were slashed \$9,504, giving the city's road a net gain of \$28,116 for the month and increased net earnings over 1924 of some \$13,000.

Figures submitted by Manager Richards were:

	1925	1924
Passenger revenue	\$29,200	\$32,198
Freight revenue	2,456	18,968
Miscellaneous	6,990	7,967
Total revenue	\$38,646	\$59,133
Total expenses	42,739	52,234
Net gain	\$28,116	\$15,847

The report shows a falling off in passenger revenue compared with August of last year, but a noticeable increase in freight, which not only offsets passenger reduction but increases the total revenue.

Manager Richards stated that the road owed \$370,000 to the city at the end of June, and that there was \$103,000 worth of debentures which had been issued for equipment that had not been used as yet.

Plan Special Meeting.
Before the arrival of the mayor at the meeting, chairman J. Percy Moore suggested that a special meeting be called to discuss the financial affairs of the road and that the commission then meet the city council at a later date to clear up matters which had been misinterpreted. This was agreed to by commissioners Burdick and Wright. No time was set for the special meeting, nor will the press be invited to attend. It was intimated that the meeting would be held at Port Stanley on Oct. 13.

"I might not be here either," declared the mayor with a broad smile. The commissioners decided to wait until the mayor's return to Port Stanley to see what he had to say about the road's financial condition.

After some discussion it was decided to purchase four new diamonds for the road, one for each of the four stations, Elm street, Bathurst street, Elm street and Ottawa avenue. The cost of the diamonds was \$500 each, the manager stated. He declared that the diamonds were safe and that new equipment was an absolute necessity.

Mr. Burdick opposed any expenditure that was not necessary. He said that he had been talking to manager Taylor of the Street Railway and had been

Grave fears are entertained by certain members of the board of education as to the wisdom of proceeding with the proposed new 20-room school in London East as a combined collegiate institute and public school. As a result a move is contemplated to delay the building of the school.

Trustee Wm. J. Murray openly questioned the advisability of going ahead with the scheme at the last board meeting. Trustee Bryden N. Campbell takes the stand that to build a collegiate in the east end of the city prejudices the whole collegiate situation, believing as he does that the city cannot afford to build a third collegiate next year. He is skeptical of the growth of the city to warrant a third collegiate.

ACTORS OF STONE IS VIENNA VOGUE

Associated Press Despatch. Vienna, Oct. 12.—Modern clothes were used for Hamlet in London, but for Vienna fubber was the medium used in the latest production of King Lear, under the direction of Max Reinhardt.

King Lear's cry, "Ye be men of stone," gave Reinhardt the idea that costumes and scenery should look like stone, and he commissioned Ernest de Weert, the stage designer, to work out a scheme which would give the entire production, actors as well as settings, the appearance of sculpture.

The production has been such a success that it will be taken to Berlin next month.

Associated Press Despatch. Washington, Oct. 12.—Supported in brilliant fashion by that Kansas marvel of two decades, Walter Johnson, and playing with exceptional skill on his own account, Stanley Harris, youngest manager in baseball, moves forward today toward his second world's series conquest.

Holding a margin of three games to one, over the Pittsburgh Pirates, it seems that only a miracle can keep Washington from the triumph it has brought within its grasp through a remarkable combination of magnificent pitching by Johnson, extraordinary strategy by Harris, an effective attack that has George Goslin and Joe Harris as its biggest guns, and an astonishing defense, in which Sam Rice, Muddy Ruel and the high school pitcher, the most conspicuous parts.

On top of Johnson's spectacular shutout of the Pirates by a 4 to 0 margin, it seems likely that the winning momentum of the Senators may carry them on quickly to the one victory needed to clinch the series.

The bid for it will be placed in the hands of the veteran pitcher star, Stanley Coveleskie, although he alone of the Senators' staff has tasted defeat. But Coveleskie's setback in the second game was more the failure of his team mates than his own fault, and Harris is confident the big Pole will come through today.

The Pirates' backs now to the wall, will call on their unbeaten star, Vic Aldridge, conqueror of Coveleskie, for today's stand. It was the regular turn for Lee Meadows, but the bespectacled ace has suffered a sore arm since his work in the opening game, and may see no further service. The series is prolonged after today.

Today's lineup: Pittsburgh, c.f. Moore, 2b. Carey, c.f. Cuyler, r.f. Barnhart, l.f. Judge, 1b. Feltz, ss. Wright, ss. Ruel, c. Bluege, 3b. Coveleskie, p. Aldridge, p. (National); at first, Owens (American); at second, McCormick (National); at third, Moriarty (American).

PIRATES—The Senators ran briskly to the field and the crowd of third base applauded Bluege. Coveleskie took a brief warm-up in the box, while Moore polished up his bat near the plate.

Moore up. Strike one. Strike two. Moore sent on a foul to Rock, who ran over to the stands to make the catch.

Carey up. Strike one (called). Carey got a line single into left.

Cuyler up. Ball one. Covey almost caught Carey off first. Strike one. Strike two. Carey is taking a base on balls, the bases now being filled.

J. J. FOOTE GOES TO TORONTO POST

Becomes Branch Manager as McClary's Effects Reorganization—Clark Honored.

A further milestone in the career of J. J. Foote, who 39 years ago entered the service of the McClary Manufacturing Company of this city as office boy, will be reached on Nov. 1, when this regular Londoner will take over the duties of manager of the Toronto branch. This promotion has elicited general felicitations from Mr. Foote's hundreds of friends in this city, who have grown to value highly his worth as a citizen, especially in such fields as fostering amateur athletics and assisting in welfare work.

The Toronto branch, which will come to London to take charge of the branch sales department.

The firm will be effected at the same time, when the present advertising and general sales departments will be merged with George Clark, present advertising manager, as manager.

John W. Allen, chief electrician of the McClary Company, who is at present in New Zealand investigating possibilities of extending the electrical trade, is expected to arrive back in Canada about Nov. 17.

TEN THOUSAND CHINESE WORKERS ON STRIKE

Protest Against Judicial Inquiry Being Conducted by European Powers.

Associated Press Despatch. Shanghai, Oct. 12.—Ten thousand Chinese cotton mill workers struck today as a protest against the judicial inquiry being conducted by the powers into the case of the Shanghai riots several months ago. Three of the mills affected are owned by British and one by Chinese. The plan of the Chinese was for a one-day strike to affect the entire industrial area, but workers in only four mills responded. The inquiry into the Shanghai riots continued in session today, ignored by the Chinese.

NORTHAMPTONSHIRE TOWN MOVES AGAINST COMMUNIST

Coming of King on Friday Sends Enthusiasm Soaring In City and County Ridings

Thousands Will Greet Premier at London Arena and Strathroy.

ON FRIDAY NEXT

Hyman, Little and Brackin Speak Here on Tuesday Night.

London Liberal workers are finding a strong inclination among the voters of the city to support enthusiastically E. S. Little and the King government. The announcement that the prime minister will speak here at a meeting on Friday night in the arena has created a great enthusiasm, which is regarded as a dependable sign of political success.

It is not expected that there will be many speeches besides those of Mr. King and E. S. Little, the Liberal candidate.

The meeting will not only be a rally of the London Liberals, but with the other ministers discussed the situation for three hours. Tomorrow the ministers again will take up the tentative agreement arrived at in Washington. The next ministerial council will be held a week from Tuesday and prior to that time a decision on the inter-allied debt situation will be gone over.

Mr. Caillaux, who returned to Paris Saturday, yesterday handed his report to the cabinet and with the other ministers discussed the situation for three hours. TOZER REMANDED ON THREE CHARGES

Faces Charges of Speeding, Failure To Stop and O.T.A. Breach.

Crawford Tozer, 29, of Windsor, was remanded until Wednesday when he appeared in Magistrate Graydon's court this morning to answer three charges arising out of an auto crash Saturday night. Adjournment was allowed through the uncertainty of the condition of Bert Pavell, 42, 69 Dillabough street, who was one of the three occupants of the buggy smashed by Tozer's car.

At 2 o'clock this afternoon, Pavell's condition was still adjudged serious, but he is out of danger. An X-ray failed to reveal any broken bones, but the man is severely bruised about the back. Dr. Angus MacLean is in attendance.

The charges preferred against Tozer are speeding, failure to stop after an accident and having liquor in the machine. Jared Vining acted for him in police court.

The other occupants of the buggy were George Cripps, 16, and his brother Fred, 10. The accident occurred at Highberry avenue. Tozer is reported to have crashed into the buggy, throwing the three occupants out and breaking the buggy into bits and stepped on the gas in an effort to make a getaway.

George Cripps sustained a bruised left hip, Fred Cripps sustained a bad cut on his right leg, while Pavell had to be removed to his home, where Dr. Angus MacLean rendered medical aid. His back was badly injured and he was bruised about the face and hands.

Tozer was arrested and brought to the police station by Motorcycle Officer Nollie when he found him travelling on the highway. Tozer was identified as the driver of the car that collided with the buggy, and was ordered to be held.

SUIT OVER LUXURY TAX HEARD IN COUNTY COURT

Frank McLachlin Suing Philip Pocock For Tax On Sedan.

Adjournment was made at noon today in the case of Frank McLachlin versus Philip Pocock. The plaintiff is suing for \$505 which represents the amount of luxury tax on a Packard sedan purchased by the defendant in 1922.

The agreement to purchase was made in April, 1922. Shortly after the purchase Pocock imposed a luxury tax on cars. The car was delivered in September. The plaintiff claims that it was understood that the defendant was to pay any tax imposed subsequent to the agreement, but defendant denies this.

BOARD SEEKS TO CHECK TRADE IN SECOND-HAND MATTRESSES

Much Used Material Imported From Montreal—Half Ton Ordered Back.

SOLD AS NEW

The board of health meeting in the city hall tonight will endeavor to stop certain people in the city from importing old and filthy mattresses from Montreal and other cities, fixing them up and selling them for new mattresses.

Half a ton of "material" was ordered back to Montreal last week, and the board will endeavor to put an end to the wholesale movement of such mattresses to London. "The mattress factory in this city does not do such things, but there are some people making small quantities out of the business in second-hand stuff," declared a health official. "If the board feels it cannot do anything, we will ask for provincial legislation."

Commissioner Burdick declared that he couldn't see why the railway ran so many trains to Port Stanley in the winter time. Traffic didn't warrant eight cars to Port Stanley every day and he was in favor of a reduction.

Average Twelve Passengers.

Manager Richards said that the average passenger traffic was 12 passengers each train, per day, per day for the nine months on the winter schedule. It cost 50 to 60 cents for power to operate each train.

The manager declared positively that he could save but \$1,200 a year on a schedule change.

"If you cut half the trains off," began Mr. Burdick.

"You can't; you have the mails and express to carry," pointed out the manager.

Mr. Burdick—I understand from railroad men that it can be done.

Mr. Richards—I think you know the inside history, I'll be glad to hear from them.

Mr. Burdick—We can't make the road pay, but we have the right to cut down expenses.

Mr. Richards—I've gone into the schedule and if we don't want to lose the mail and express, I can only cut off one man.

If any outsider can advise me I'll be glad to have his advice.

Mr. Burdick—I'm not attacking the manager of the road, but surely something can be done.

It was finally decided to leave this matter over till the special meeting, after which the board will proceed to continue its plans for still further cutting down expenses. He wanted to know who the city would be responsible for if the railway station all winter.

"We pay two men and the express company," says the other," replied Mr. Richards.

"Well, that's all right then. Now why can't we combine the jobs of the winter months?" asked Mr. Burdick. "There are too many bosses on the road. We are asking the city for money every year and we can't keep that up for ever. We've got to hand the road back to the city, that's about it."

Scheme Not Feasible.

Mr. Richards declared that Mr. Burdick's scheme was not feasible. This matter too was left over for the special meeting.

"There are two policemen on the road. Is it compulsory to keep both of them?" demanded Mr. Burdick. "They are good men, I know that, but we have got to cut expenses."

"We are going to lay off one man," replied the manager.

The commissioner then wanted to know if it was necessary to keep three men at the Richmond street ticket office.

"We can't cut off any more," declared the manager. "The M. C. R. pays half the cost."

Mr. Burdick then wanted to know why the road's employees could not cut off the water at Port Stanley and save the expense of a plumber.

Mr. Richards declared that he didn't have men with plumbing experience. There were other things that he would like to bring before the commission, but he would save them for the special meeting, Mr. Burdick said.

Referring to the special meeting, the mayor said he would like to have a report on the valuation of the road and the prospects of future earnings.

"There has been a good deal of misrepresentation about it," said Mr. Moore, gazing at the mayor.

"Can't be any misrepresentation about facts," shot back the mayor.

"Oh, yes there can," replied Mr. Moore. "It has been stated there is an overdraft and there is no such thing."

Mr. Moore went on to state his belief that passenger traffic would pick up with the winter times. The mayor did not agree, stating that he had reports of traction lines all over the States that were being torn up.

ENGLISH POLICE PROBE FATAL BLAST ON SHIP

Associated Press Despatch. Gravesend, England, Oct. 12.—Policemen and detectives boarded the steamer Roman Star when she arrived here late last night from Cape Town, to investigate the explosion which occurred on board while off the French coast last week.

The last week the death of the fireman and the injury of three other persons.

At the time of the explosion the captain, in a wireless despatch, expressed the belief that it had been due to a bomb hidden in the hold while the Roman Star was held up in Cape Town by the seamen's strike.

LABORERS DIG UP GIANT SKELETONS

Railroad Workers Uncover the Bones of Prehistoric Animals.

Associated Press Despatch. Hoquiam, Wash., Oct. 11.—Two prehistoric skeletons, more than 80 feet in length, recently were uncovered near here by workmen in a railroad cut. Rev. J. Herbert Geoghegan of this city, who examined the find, pronounced the bones those of dinosaurs, ichthyosaurs or pterodactyls.

The skeletons were imbedded in 40 to 60 feet of limestone deposit, and were partly petrified. The railroad excavation cut through the animal's ribs, which could be seen extending for a distance of several feet in parallel lines.

No skull was found, but a long tearing tooth discovered among the debris was taken as indicating that the animals were carnivorous. The ribs vary from three to twelve inches in thickness, while a portion of shoulder blade is four feet long and five inches thick. Knee joints, and other bones discovered vary in size from several feet to only a few inches in circumference.

"The character of the rock indicates that it was once sea or river bottom, which through a fault has been overturned," said Rev. Mr. Geoghegan. "The layers of strata have been up-ended, leaving the animals lying in an unnatural position."

The animal was a vertebrate, and probably stood 40 feet high, counting the long expanse of neck found. The classification of the bones could be determined more exactly if we could locate the skull of one of the beasts.

ROTARIANS HEAR TALK ON MUSIC IN SCHOOLS

E. G. Quantz Speaks On Gain Resulting From Public Instruction.

The Rotary club of London held an enjoyable luncheon in the dining-room of the Tecumseh hotel at which 87 members were present. E. R. Quantz was the chief speaker of the day. Mr. Wheable, inspector of the public schools of the city, was called upon for a short address.

Following the luncheon music was supplied by the Pudney Winter Garden orchestra, and a short address was given by Mr. Wheable, administrator of London schools.

E. G. Quantz spoke on music in the public schools of the city. Beginning with the history of music in the local schools, Mr. Quantz stated that in 1876 pressure was brought to bear upon the board of education for an instructor of music for the public schools, with success.

Mr. Quantz went on to say that to a business man music might seem to be an unnecessary extravagance for employees, but at the present time many firms are paying instructors so that their employees may have the advantage of music and so they will have their spare time filled and will be kept from frequenting dance halls and other undesirable places.

MRS. G. THOMSON BURIED SUNDAY

Funeral Held From Home of Mother to Woodland.

The funeral of Mrs. Gladys R. Thompson, wife of William J. Thompson, who died at the home of her mother, Mrs. Percy Dewar, 494 Ridout street, on Friday afternoon, was held yesterday afternoon at Woodland cemetery. Rev. Dean Tucker of St. Paul's cathedral conducted the services.

The pallbearers were J. P. May, John C. Doidge, P. J. Redman, W. Clark, James Poole and Walter Poole.

Besides her husband and mother and father, she is survived by two sisters, Mrs. Elizabeth Brown and Mrs. Blanche Brigham, both of this city.

Mrs. Thompson was an active member of Orpha Chapter, O. E. S., and of Mizpah Conclave, True Kindred.

DANZIG RESENTS POLISH ACTIONS

Declares Post Boxes Are Not Necessary in Harbor of Free Port.

Associated Press Despatch. Danzig, Oct. 12.—There is no economic, commercial or business reason whatever why Poland should have her own postboxes in the harbor of Danzig, in the opinion of President Heinrich Sahlm. Explaining the so-called postbox conflict further for the Associated Press, Dr. Sahlm, popularly known as the "heller" president of the harbor of Danzig, present in the harbor of Danzig, said:

"Under the Treaty of Versailles the right is given to Poland to maintain her own postboxes in the harbor of Danzig. Mail arriving in Danzig and intended for Poland can be handled just as expeditiously by us as it can possibly be handled by a Polish post-office in the port."

"What we chafe under particularly is the implication that Danzig is on a plane with cities like Szczecin, where the foreign residents have their own facilities because the native are not, or have not been, adequate."

A further complication in the postbox question arises from the fact that Danzig is meant the whole city. The Danzigers hold—and in this they have repeatedly been sustained by the British high commissioner assigned to Danzig by the League of Nations to arbitrate disputes between Poland and Danzig—that the postboxes were intended only to include the port proper.

Associated Press Despatch. Berlin, Oct. 12.—Dr. Otto Arendt, the noted nationalist, would have Germany copy the United States government, rather than West-European democracies, in her parliamentary aims. In an analytical summary of the present status of the German republic, published in the ultra-conservative Tagliche Rundschau, Dr. Arendt points out Germany's greatest need of a non-partisan cabinet, having the support of the large majority of the populace. Such a desirable state of affairs he sees insured by the American form of government.

That Hindenburg, a monarchist, took the oath as president under a republican constitution, is characterized by Dr. Arendt as an historical episode and a guarantee for a lasting republican form of government in Germany.

After this declaration of allegiance to the Weimar constitution, the writer feels justified in passing well-meant and constructive criticism. "What is wrong with the constitution," he asks, and comes to the conclusion, that it is a failure to make abstract democratic doctrines with utter disregard for the salient features of German national development. Changing the national colors under way among the businessmen for remedying this situation and equipping Danzig properly.

The people of Danzig are the innocent victims of another phase of the rate war between Germany and Poland. Goods of purely Danzig origin may go to Germany unmolested and in return foodstuffs and other articles intended purely for Danzig are permitted to come into the Free City exempt.

As a matter of fact there are practically no goods of purely Danzig origin," consequently exempting that class of merchandise affords little comfort to the Danzig businessman.

While foodstuffs may come from Germany into Danzig unaffected by the tariff war, the people of Danzig set little benefit. There are no customs barriers between Danzig and Poland, the two having been inseparably linked by the Treaty of Versailles in a customs union. Thus, Danzig dealers find it more profitable to pass these German foodstuffs on to Poland, where they can obtain better prices for them.

THOMAS BROWN DIES IN 61ST YEAR

Well-Known Resident Dies Suddenly at Home on Lorne Avenue.

Thomas P. Brown, a resident of this city for four years, died suddenly at his home, 850 Lorne avenue early Sunday morning. He was 61 years of age, and had been employed at the George Belton Lumber Co.

Mr. Brown retired Saturday night, evidently in the best of health. About 2:30 in the morning he complained of pains in his stomach, and died half an hour later.

He is a former resident of the 2nd concession, Westminster township, and was a leading member of the Nilsson Lodge, A. F. and A. M. Besides his wife Catherine, he leaves three sisters, Miss Velma, at home, Mrs. Edward Prestage and Mrs. K. H. Sumner, also of this city.

The funeral will be held from his late residence tomorrow afternoon at 2:30. Rev. J. T. Charlton, rector of St. Matthew's, will conduct the services. Interment will take place in Mount Pleasant cemetery.

STORM GODFREY'S HOME.

Associated Press Despatch. Los Angeles, Oct. 12.—A mob of indignant residents stormed the Los Angeles home of George Godfrey, negro boxer of Philadelphia, Friday night. They were driven away after they had smashed windows and destroyed furniture. Godfrey and other occupants were not at home.

Fire Follows Tory Meeting

Canadian Press Despatch. Montreal, Oct. 12.—Cassie Munday, 24, of Montreal, suffered serious injuries last night when fire, which for a time threatened to destroy the village of St. Anne de Bellevue, gutted the Clandon hotel. The hotel had previously been the scene of a Conservative meeting at which the Hon. E. L. Patenaude spoke. The last members of the audience had just quitted the building when the fire was discovered.

The damage was estimated at \$100, partly covered by insurance.

U. S. NOW PLANNING ARMY AIR SCHOOLS

Military Importance of Having Reports of Currents Is Seen.

Associated Press Despatch. San Francisco, Oct. 12.—Army service schools at the Presidio of San Francisco and elsewhere have begun to turn weather prophets.

The military importance of the subject has led army men to a deep study of atmospheric conditions. Graduates of the meteorological section of the signal school are placed on duty along the numerous war department air ways, where weather forecasts must be supplied to aviators before they start on extended flights. Not only temperatures and storms must be predicted, but upper air currents, the direction and duration of winds, are of great importance to pilots.

In planning the erection of new aerodromes and flying fields, the weather experts are given careful hearings.

HUDSON BAY CO. SHIP REACHES DUTCH HARBOR

Portland, Ore., Oct. 11.—The Hudson Bay Company's trade ship, the steamer Bay Chimo, arrived at Dutch Harbor Friday after a trip around from the north coast of Alaska, according to radio advice received here, where it was reported last month as fast in the ice with little likelihood of release before spring.

English National Rat Week Being Held Earlier This Year

Associated Press Despatch. London, Oct. 12.—Owing to the recent invasion of Buckingham Palace by rats and their increase throughout the country, the anti-rat society has started its fall campaign, urging housewives, storekeepers and all other patriotic citizens to "do your rat killing early."

Ordinarily "national rat week," when special efforts are made to exterminate the pests, is celebrated late in November, but this year the date has been shoved up on the calendar owing to indications that there will be an early winter.

The country has been aroused to action by a recent statement of C. L. Clarendon, former chemist of the rat research laboratory of the ministry of agriculture, who estimates the annual loss to England through rats at approximately £70,000,000.

WIFE IS SOUGHT

Associated Press Despatch. Williamson, W. Va., Oct. 12.—Fred Turner, mine superintendent, believed to have been one of two miners killed in an explosion at the Matewan mine of the Albion Coal Company last January, has been located in Germany, according to the authorities.

Joe Jack, hotel proprietor, and brother-in-law of Turner, was arrested Saturday and has been charged with being an accomplice in connection with the death of the miners and also with being an accomplice to Turner's wife and a sister. Police say Turner has promised to come back to the United States and confess the details of the plot.

Following the explosion one of the bodies was identified as that of Turner, and the insurance was paid Turner's wife, police say, left Matewan immediately after receiving \$20,000 insurance money, and is now being sought in New Jersey and authorities believe she is located. A letter from Turner to friends in Matewan gave the police the first indication that Turner was alive.

DANZIG PUZZLED BY TRADE FIGHT

Poland and Germany Continually Squabbling Over Rights and Privileges.

Associated Press Despatch. Danzig, Oct. 12.—The trade war between Poland and Germany now in progress may have one beneficial result in the opinion of many Danzig businessmen, if it will mean the defeat of Upper Silesian coal to the countries bordering upon the Black Sea, which were formerly a part of the Russian Empire. Such a defeat would, in their opinion, prove an advantage to four interested groups: the Poles would have a promising new market in exchange for the German Danzig would gain much new business as the shipping port, the Baltic countries could obtain the coal more cheaply than they can now buy English coal; Germany could dispose of her Ruhr coal without the interference of Upper Silesian coal competition.

To effect such a fundamental transformation, Danzig must improve its loading and unloading facilities. At present it can take care of 30,000 tons of coal a month, but it is said that the machinery for transshipment from railway to ocean-going vessels is not as up-to-date and time-saving as it should be. There is, therefore, a campaign under way among the businessmen for remedying this situation and equipping Danzig properly.

The people of Danzig are the innocent victims of another phase of the rate war between Germany and Poland. Goods of purely Danzig origin may go to Germany unmolested and in return foodstuffs and other articles intended purely for Danzig are permitted to come into the Free City exempt.

"Glorious Old Age"

Quote the soothsayers: "A man is as old as he feels, A woman is as old as she looks."

Men, that tired, worn-out feeling that you get around 4 o'clock in the afternoon caused by eyestrain. If your eyes are defective, they use so much of your nervous energy that the rest of the body must go short. Then, again, those headaches, they make you feel twice your age, and, once again, it is eyestrain. Have your eyes examined today.

Women, hundreds of women, have unnecessary wrinkles, caused by straining and squinting the eyes. It is surprising the relief a proper pair of glasses will give. Get rid of those headaches and wrinkles. Have your eyes examined today.

Everyone, in the interest of good health, comfort and common sense.

Urging On the Losers.

The Free Press is having a rare time telling the Conservatives how thoroughly the election is theirs on October 29. The apostles of gloom are to have 117 seats in the next parliament, with a twin-chair arranged to hold the two leaders, Meighen and Patenaude.

The Free Press got its information from the chief broadcasting station of the Conservative party in Ottawa. It operates under the code R.U.N. and the chief announcer is Sir James Loughheed.

It's the same station with the same equipment that was working in 1921, and it's rather interesting to see how it came through in that year. On December 2, four days prior to the election, the Conservative headquarters sent out the following forecast:

"Today the King forces in Quebec admit that there will be at least twelve Meighen supporters elected in that province. In addition a strenuous fight is being carried on in at least eighteen more ridings, and of these there is every possibility of Meighen supporters carrying from six to ten more. In any event, it is quite safe to predict that Premier Meighen may count on at least fifteen supporters from Quebec, with a good possibility of from four to eight more."

"In Ontario, many doubtful seats have during recent days swung into the safe Meighen column. There is now ample ground to say that in Ontario Meighen candidates will carry sixty seats, and probably sixty-five or seventy."

"All reports from the prairie provinces are very optimistic. There will be no solid farmer bloc from that area. It is now practically certain that the government will carry from sixteen to twenty-one seats in the prairies as well as eleven in British Columbia."

"In the maritime provinces, where there are thirty ridings, there is every likelihood that the government will carry at least fifteen or sixteen seats."

What happened? In six of the nine provinces the Conservatives did not win a single seat. They got none in Quebec, none in Nova Scotia, none in Prince Edward Island, none in Manitoba nor Saskatchewan nor Alberta. And yet, as the above statement shows, they were boasting of victory from coast to coast.

The same old tactics are being repeated this time in an endeavor to create the impression that Mr. Meighen is coming back. In 1921, Liberals and Progressives, though aiming at much the same objective, were fighting each other. The result was as indicated above. Today can any sane observer, sizing up the situation as it exists and having regard to the relative union of Liberal sentiment throughout the country, have the slightest doubt as to what will be the result?

When the elector reads the Conservative propaganda of what they are going to do this time he would be well advised to check it up against the like claims advanced on the eve of the last election. By no stretch of imagination has the Tory outlook been substantially bettered or the prospects been made more favorable than when, despite their loud boasts four years ago, their rout was complete even to the extent of humiliation.

Road Building an Old Art.

Fifth avenue, New York, can fairly be called the show street of United States. At night it may give way to its dazzling neighbor, Broadway, but never in daylight. A census of traffic at the corner of Fifth avenue and Forty-second street showed over 20,000 vehicles, mostly motor-driven, passing between 8 a.m. and 6 p.m. More interesting than that is the fact that the pavement carrying this load lasted from 1896 to 1913, when the road was resurfaced.

In London, England, the road having the greatest traffic is that portion of the Thames Embankment between Blackfriars bridge and the Westminster bridge, and known as the Victoria Embankment. Its construction was decided on by the commons in 1862, and at that time what is now one of the most imposing London avenues was the mud banks of the Thames, fringed by low and very poor dwellings. Today over 12,000 vehicles pass over it per day, and the pavement has been down for years, concrete, covered with asphalt.

We may at times regard street paving and road building as modern developments, but they are very old ones. Nebuchadnezzar, king of Babylon from 605 to 561 B.C., was a road builder, and his executives saw to it that the work was so thoroughly done that there remains evidence of it today. In "Procession street," which led from the king's palace in Babylon to the north wall of the city, have been found bricks which, according to the translation, gave a rather elaborate and boastful account of the building of the thoroughfare. The translation runs:

"Nebuchadnezzar, king of Babylon, he who made Babilgia and Ezida glorious, son of Nabopolassar, king of Babylon. The streets of Babylon, the Procession street of Nabu and Marduk, my lords, which Nabopolassar, king of Babylon, the father who begot me, had made a road glistening with asphalt and burnt bricks; I, the wise suppliant who fears their lordships, placed upon the bitumen and burnt bricks a mighty superstructure of shining dust, made them strong within with asphalt and burnt bricks as a high-lying road."

"Nabu and Marduk, when you traverse these streets with joy, may benefits for me rest upon your lips; life for distant days, and well-being for the body. Before you I will advance upon them. May I attain eternal age."

That work was done 2,500 years ago, and so thoroughly built that evidence of it remains today. The National Geographic Magazine is

authority for the claim that burnt bricks set in asphalt were so firmly welded that it was impossible to part them without entirely destroying the bricks. Modern road builders can gather from these instances that thoroughness is and always has been the price paid for a permanent piece of work.

A Graceful Compliment.

The prime minister has paid a neat compliment to Mr. E. S. Little, Liberal candidate in London, in having voluntarily arranged to come to this city and speak on his behalf. It constitutes about as neat a tribute to and whole-hearted recognition of a candidate as it would be possible to conceive.

The meeting here on Friday evening of this week will be a great event; coupled with the afternoon gathering in West Middlesex at Strathroy in the interest of J. C. Elliott, it will mark an eventful day in the successful campaign that is being carried on in both these ridings.

In the Campaign.

Four Liberal rallies were held on the same evening in ridings of this district. It is interesting to note the matters discussed and also the various vocations of the men who are candidates. In Kent Dr. Rutherford was speaking. As a professional man, interested in the development of his country, he placed himself wholeheartedly on record in favor of letting Sir Henry Thornton have a fair fighting chance to work out the destinies of the Canadian National Railways, unhampered by the degree of interference that Mr. Meighen promises to exercise. Dr. Rutherford also found it difficult to see where Mr. Meighen could pose as a man who wanted to develop Canada, when by his leadership he was giving assistance to a campaign of blundering that was keeping industries out of Canada. He gave point to his statement by producing a letter that told of a Detroit firm stopping negotiations to open in Chatham on account of so much talk about unfavorable conditions in this country.

In South Perth the same evening Fred G. Sanderson, a manufacturer interested in the fax industry, was dealing with the cry of closed factories, and giving an intimate analysis of what had actually happened to the industry with which he is connected. World conditions, over which the government of Canada had no control, were being ignored, and the cry of ruin was hurled against the government by those who did not possess, and who did not want to have, an actual knowledge of what was taking place. Appearing with Mr. Sanderson was Thomas McMillan, Liberal nominee in South Huron, a farmer who works the ground and not the farmers. He saw in the Meighen campaign of today the same hand that had banned imports of sugar in 1920 when prices rose to famine figures. "This was," he said, "another instance where the sworn servants of the people had betrayed their trust."

In West Elgin Mayor Sloggett of St. Thomas, a railway engineer, and long associated with one of the strongest and sanest of labor unions, found it necessary to combat the cry of ruin in another way, by showing that his home city was not packing up and running across the border. There is a wide diversity of interest, even in these four ridings, a medical man in Kent, a manufacturer in South Perth, in South Huron a farmer and in Elgin a railway engineer. As long as the Liberal party is able to draw its standard-bearers from such a wide range of productive and useful effort it is bound to be representative and democratic, and stands in no danger of becoming the mouthpiece of the favored few.

Vice-President and Humorist.

It is recalled in the memoirs of the late Vice-President Marshall of United States that at one time he had to attend a meeting of the Smithsonian Institute, where wise-looking men of scientific mind sat solemnly. Mr. Marshall was stunned to silence by the size of the words, and did not recover his breath until a motion was made to ask the government for money to run an expedition to Guatemala. Mr. Marshall recalled:

"Now, the mere mention of money arouses my interest, particularly when it runs into thousands of dollars. I am not used to computing it in such large denominations. So I ventured to inquire for what it was proposed that the expedition should spend these thousands of dollars. I was informed that it was to excavate among the ruins of that country in the hope of finding some trace of prehistoric men. With the breezy manner of a breezy state I ventured to inquire whether they had dug in Washington yet. And then the utter uselessness and frivolity of the vice-presidency was disclosed, for not a man smiled. It was a year before I had courage to open my mouth again."

Thomas Marshall had a keen sense of humor of the sort that cannot be suppressed. After a long, weary day at Washington, when speaker after speaker told what was needed for the betterment of his country, it was he who leaned over and whispered to a friend, "What America needs most is a good five-cent cigar."

I Tried It

A neighbor told when 'twas cold he wore his summer underwear, and now I'll land upon his jaw and pull great sections from his hair.

A neighbor had been telling me a lot about good health and stuff, and of the plans that he had used to make his framework hard and tough. He says when winter comes along 'tis then he leaves his shin-bones bare; he glories in the winter breeze, nor sheds his summer underwear.

Well he impressed me with his talk, and he kept urging how that I, pursuin' of the way he went, could be a rugged sort of guy.

So when the wind turned to the north and snow was driving through the air, I would not shiver in the blast, a rugged guy he shouldn't care. I would not shake the mothballs out nor nail red flannel on my chest, nor wrap a quilt around my neck, nor ram old papers 'neath my vest.

I'd face the blast as how I should and bare my ribs unto the breeze, nor would I take the woolen socks and yank them high upon my knees.

But when I got outside my hut the north wind smote those ribs of mine, and snow it sifted down my neck and froze upon my crooked spine.

Today I sit beside the stove and gulp great drafts of catnip tea, and chills have camped upon my frame, rheumatics scamper on my knee.

And I have donned my woolen shirt, and placed wool socks upon my hoof, I have a plaster on my chest, hot ointment on my aching tooth. I feared last night the time had struck for me to quit my chores and die, nor more I try these foolish things nor aim to be a rugged guy.—ARK.

At a joint meeting of the students of the different departments of the Western University, held yesterday, a football club was organized. The officers elected were: Hon. president, Dr. Moorhouse; hon. vice-president, Dr. Trenholm; president, Frank Bryant; vice-president, J. Gunn; secretary, Mr. Webb; treasurer, J. Armstrong; managing committee, the officers and Messrs. Babb and Hodgins. Challenges from surrounding clubs gladly received.

Several citizens have complained lately of the alleged existence of sewer gas in their premises. The young women in a certain downtown establishment are said to have had to leave their work from this cause. City Engineer Graydon says that in 99 cases out of a 100 where investigations have been made, the trouble was caused by defective drains or illuminating gas.

When questioned about a corner he had made in pork, Sir Thomas Lipton said: "Yes, it is a fact that I control today practically all the pork in the United States. I have no intention of raising the price to an exorbitant degree. I am perfectly satisfied to make a fair profit out of the deal, and I shall do all possible to avoid serious trouble to those who sold short."

Two street cars had a head-on collision on Huron street this morning before the heavy fog had been dispelled. One passed the loop and crashed into the other. Henry Humphries of Hill street was slightly injured.

Extensive alterations are being made in the store on Dundas street next to Fitzgerald, Scandrett & Co.'s grocery store. In a short time it will be occupied by W. Eacrett, who will move his well-known bazaar from the north side of the street to the larger premises.

YOUTHFUL MARRIAGES.

(Brandon Expositor.)

JUDGE STRONG of New York City blames kid marriages for the great deluge of divorces and separations which the court has to deal with today. "It is the runaway marriages, the kid marriages, the hurry-up marriages that bring husbands and wives before me," said the judge. "A young woman does tie herself up when she marries young. It would be better if girls waited until they were 25, 27 or even 30 before they married. They will certainly marry better if they wait." Good advice, and the girls would do well to take it.

AN ADMIRER OF BRYAN.

(Chicago Tribune.)

THE following story is told in connection with the political campaign of 1900, in which William Jennings Bryan was a candidate for the presidency. At the close of a speech by Mr. Bryan in West Virginia, a man rushed up to the platform, grabbed him by both hands and shook them vigorously, and then reluctantly stepped back and watched the Peerless Leader admiringly as others rushed up in effusive greeting.

Somebody remarked to this enthusiast: "I suppose you're quite an admirer of Mr. Bryan?" "Oh, yes, I certainly am," was the prompt reply. "I go to hear him speak every time he comes to our town. Would drive miles to do it. Like him—mighty fine man—think he's one of the greatest of our time. And, by George, if I weren't a Republican I'd vote for him!"

Dublin has a municipal barber shop, where they teach the proper way to bob and shingle. The cost is just set down against uncontrollable overhead.

It was the Guelph Mercury that said the book of Exodus about Canadians crossing the line interested the opposition, whereas the book of Numbers coming back was of more concern to the government.

RACE CAR HURLED INTO GRANDSTAND

Locked Pinion Sends Auto Into Crowded at Michigan Fair Grounds.

Special to The Advertiser by Staff Correspondent.

Detroit, Mich., Oct. 11.—A driver is dead, four spectators critically injured, and eight others are suffering from broken legs and minor injuries as the result of a racing car, travelling at 80 miles an hour, catapulting through the fence and into a group of 200 persons at Michigan State Fair Grounds late today, as a 150 mile automobile race was drawing to a close.

The dead driver was Al. Waters, 30 years old, Chicago. He was roaring past the grand stand when a pinion locked the left rear wheel of his Frontenac special, averting the machine through the iron fence at the east end of the grand stand.

Hundreds of people were taking a last look at the white cars before leaving for home when the machine ploughed into their midst. Waters, his skull fractured against the cowl, was thrown sheer of his racer.

The injured spectators include E. J. Miller, two fractured legs and possible internal injuries. Little hope for his life was held. Joe Beggs, both legs fractured, internal injuries and possible fracture of the skull, may die. Harold Ellison, Milan, Mich., both legs fractured and internal injuries, had no recovered. Cor. Albert Dressell, also of Milan, fractured leg, internal injuries and possible skull fracture, not expected to live.

The crash took place as the cars were on their 14th lap, with only four miles from the finish flag. Waters was in the middle of the track, 10 laps behind the leaders, Sam Ross, and Ralph Ormsby, and two laps behind Fred Hicks.

Suddenly Waters' car veered almost to a right angle and shot toward the steel fence, on the other side of which the crowd was standing three deep.

Before the danger could be realized, the car had struck, tearing down a 25-foot section of fence, knocking down a score of persons and wrapping itself in the fence's wreckage.

Wall Street to Observe Friday

Associated Press Dispatch.

New York, Oct. 11.—Wall Street tomorrow will observe the Columbus Day holiday by a suspension of all financial and trading activities. Banks will remain closed, in view of the legal holiday, and all security and commodity exchanges will follow the lead of the New York stock exchange in shutting down for the day. Auto races also will be suspended in the drygoods market.

SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels.

Most folk forget that the kidneys, like the bowels, sometimes get sluggish and clogged, and need a flushing occasionally, else we have backache and all misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

SEWELL'S SIMCOE CAMPAIGN GETS AID OF WOMEN'S CLUB

Simcoe, Oct. 11.—An enthusiastic organization meeting of the ladies in Simcoe supporting Mr. George D. Sewell was held at the Liberal-Progressive committee-rooms Friday evening, when plans were laid for organizing in connection with the election fight of Mr. George D. Sewell. The ladies were especially privileged in having to address them Mrs. Grant Needham of Toronto, one of the foremost speakers and debaters in Canada. Mrs. Needham formerly lived in Simcoe, and is a daughter of the Rev. George Grant, at one time principal of the Simcoe high school, and during her visit called on many old friends.

Mrs. Needham gave a wonderful exposition on the questions of the day, and accepted an invitation to return on Thursday evening to address another meeting at the same place. It is expected that the hall will be filled to overflowing. She has also consented to address meetings at Watford and Port Dover during the week.

After the address of Mrs. Needham the ladies organized, with the following officers: President, Mrs. J. A. Calder; vice-president, Mrs. Elgin Mason; secretary, Mrs. T. Wright. These officers were assured of the support of the ladies in the Liberal-Progressive club has been formed.

WILL BE ELECTED BY TRADE UNIONS

Government's Proposed Reforms Most Revolutionary Since Time of Caesars.

(Not since the ancient Roman Republic was changed into the Principate and Empire of the Caesars has such a revolutionary change in government been proposed as that outlined by the Grand Council of the Fascist party. Italy's black shirt dictators. Economic Soviets—just the opposite of Bolshevik Russia's Labor Soviets—backed by the iron discipline of the Fascists, will completely abolish political democracy, indicates Hiram K. Moderswell, interpreting the plan in this despatch.)

By HIRAM K. MODERSWELL Special to The Advertiser and the Chicago Daily News, Copyright.

Rome, Oct. 10.—Reorganization of the Italian political and social structure has been virtually completed by the grand council of the Fascist party, whose session has just ended.

Although some of the measures decided upon are not yet in force, it is now certain that these will be the chief characteristics of the new Italian commonwealth.

1. The monopoly in wage negotiations for unions and employers' associations is recognized as belonging to the government, with compulsory awards by governmental wage tribunals. Some strikes will be punishable as crimes.

2. The senate will be elected partially—and eventually entirely—by the recognized trade unions, employers' associations and professional and other societies. Present senators, however, will continue to hold office for life.

3. Complete suppression of local self-government for municipal townships will appoint town managers for terms of five years, and with full powers, responsible only to the larger cities may receive the same system at the discretion of the government. In any event, their town councils will be elected in part by the trade unions.

4. All cooperative societies—which are tremendously important in Italy—will be consolidated under government control.

5. The chamber of deputies will be deprived of its power to initiate legislation, and its power to provoke a cabinet crisis will be limited or abolished. It will become a consultative body rather than a legislative body. A special legislative council will be appointed to study and draft legislation.

6. The judiciary and legislative branches of the government will be completely subordinated to the executive. According to statements of Premier Mussolini and other Fascist leaders, only persons sympathetic with the aims of the party will receive governmental employment.

7. All societies actively opposing or disturbing the activities of the government will be dissolved or placed under government supervision and control. Italians abroad agitating against the government will suffer cancellation of their citizenship and confiscation of their property.

These reforms buttressed by the Fascist black shirt militia, virtually place the entire government administration of Italy in the hands of the Fascist group, responsible to Mussolini. The Fascist assert this is necessary to the welfare of the nation under modern conditions.

C.N.R. FLYER HITS CAR, SIX DEAD AT SCARBORO

Speeding Locomotive Brings Tragic Death To Toronto Families.

LONE SURVIVOR

Four-Year-Old Child Escapes With Serious Injuries—Crossing Open.

Canadian Press Despatch. Toronto, Oct. 11.—Six Toronto residents were killed this evening when the Canadian National Railway International Flyer from Montreal struck a motor car containing twelve families just west of the Scarborough Junction at the St. Clair avenue crossing a few miles from the city. The dead are: Arthur Nicholls, aged 49; his wife, Rose, aged 45; their four-month-old daughter, Shirley; Alfred Mould, aged 35, his wife and their daughter, Ruth, aged 12. The only survivor, Hilda Mould, another daughter, aged 4, is in the hospital suffering from brain concussion.

Little is known of what caused the motor car driver to endeavor to cross in front of the flyer, where the view is clear for some distance on either side, as the only survivor is still unconscious.

The motor car was demolished. The train was brought to a stop in about one hundred yards, and the bodies were found along the track, most of them badly dismembered by the wheels of the train.

The train was in charge of Engineer T. Gorman and Conductor Dickson.

The mangled bodies of the victims were removed to undertaking parlors on Danforth avenue, where County Coroner Demery will open an inquest tomorrow morning.

According to passengers on the train the flyer reduced its speed to about 35 miles an hour when approaching the intersection, and was travelling at this rate when the accident occurred. The shock of the impact was such that the air brake was jarred from its place, and automatically applied the brakes, bringing the train to a stop about 100 yards on the other side of the crossing.

FUSILIERS REGIMENT MANOEUVERS AT ARVA

Officers and Men Discuss Morning Drill On Return To City.

Tactical manoeuvres were carried out yesterday by the members of the Canadian Fusiliers, regiment, under command of Lieut.-Col. C. W. Little, M.V.O., M.C.

The regiment motored to Arva on Sunday morning, where the problems in infantry defence and attack made up the program in the forenoon.

The troops returned to London at 1:30 p.m. Lunch was served at the armories. The schemes of the morning were then discussed by the officers and men.

Lieut.-Col. F. Gilman, D.S.O., R.C.D., and Lieut.-Col. E. A. Seely Smith acted as chief instructors.

VICTORY IS PREDICTED FOR MAYOR SLOGGETT

Liberal Candidate in South Dorchester Heavily Received at Lyons.

St. Thomas, Oct. 11.—A Liberal victory was predicted in South Dorchester Saturday evening at a big meeting at Lyons. The crowd was enthusiastic in its support of Liberalism, and received the candidate, Mayor George H. Sloggett, with hearty applause.

Mayor Sloggett spoke of the very excellent record of the King government, its management of the C. N. R., turning deficits into surpluses, and at the same time improving its accommodation to the public, and the riding of the farmer of the cattle embargo, resulting in a wider market, and a new prosperity to the farmer, as producer, and the consumer.

Mayor Sloggett represented himself as a supporter of greater tax exemption for children. He spoke Mr. Meighen's blue-rin talk by pointing out the tremendous increases in savings accounts as shown by bank clearings during the last few months.

J. B. Davidson, president of the Liberal association of Elgin county, stressed the importance of getting out to vote on the 29th of October, so that the candidate elected will be elected by a true vote of the people and not a minority vote. James Thayer, a former Conservative, spoke of the tariff as it affects the cattle industry. In 1922 the people of the dominion paid \$10,000,000 extra for Ford cars by reason of the tariff, while salaries amounted to \$7,334,000, representing a direct loss to the people and country of \$2,500,000.

Charles Dancer and Mr. Miller of South Dorchester were also speakers.

UNUSUAL HARVEST FREAKS DISCOVERED AT WOODSTOCK

Special to The Advertiser. Woodstock, Oct. 11.—Three unusual freaks of the harvest season have come to light in Oxford county. Two are crops of raspberries which are now growing in Woodstock gardens, while the other is a decidedly overgrown potato weighing no less than three pounds. The "spud" is a clean, well-shaped tuber, and was grown by Thomas Harvey, East Oxford. Charles Sheehy, Graham street, and A. Small, Centre street, are the owners of the remarkable second crop raspberries.

Rob Frisco Man, Thieves Caught

By A. R. DECKER. Special Cable to The Advertiser and the Chicago Daily News, Copyright.

Vienna, Oct. 10.—The Budapest police have arrested part of the band which stole an amount of cash and a \$30,000 letter of credit from R. W. Watt, a San Francisco banker, at Innsbruck in the Tyrol. The thieves cashed \$5,000 of the letter of credit in a Vienna bank, and left the letter there "for fear it might be stolen." They intended to draw the balance of the letter, but were frightened and did not return.

CONCERT IS GIVEN AT REFORMATORY

Band of London Musicians Renders Program at Guelph Prison Farm.

Special to The Advertiser by Staff Reporter.

Guelph, Oct. 11.—Nearly 700 inmates, visitors and officers of the Ontario reformatory this afternoon heard Angelo Russo's concert orchestra of 60 musicians in a varied program of instrumental numbers.

The visit of the London musicians was arranged through Bernard Dawson, cornetist at Loew's theatre, and his father, Envoy C. W. Dawson of the Salvation Army here, whose work takes him to the reformatory.

Mr. Dawson has from time to time played for the prisoners at their Sun- afternoon services. When it was proposed that a number of musicians give a concert, Supt. P. Needlands, Sergt. A. McGuire and other officials of the reformatory offered their hearty co-operation.

The result was that after a week of careful planning, a number of the most gifted of other interested citizens of London, gave a never-to-be-forgotten concert.

At 3:15 o'clock the auditorium of the reformatory was filled to overflowing. The hall seats 500 comfortably, but places for an additional hundred were found for those who wished to enjoy the music.

At present there are 610 men in the institution. Practically all of these were present. The first three rows of seats were reserved for officials, staff and the citizens who had brought the players.

Envoy Dawson introduced Mayor G. W. Venige, who occupied the chair, and said that those within the walls had long anticipated the visit of the Londoners.

The opening number of the program was "Canada. Then followed a march, June and a Mexican Love Song received much applause, as did the well-known hit "Vandenberg."

Miss Violet Cassillo received prolonged applause in two whistling selections.

Upon the conclusion of the concert J. R. Spry, assistant superintendent, moved a vote of thanks to those who had contributed to the entertainment.

"You gift of music will have a twofold meaning to those who live within these walls," said Mr. Spry. "You, of course, will not recognize this quickly as we do here, as well as having delighted us with a splendid entertainment you have helped to keep away the barren side of life, and the hopelessness that is apt to be felt concerning life."

The Hon. Lincoln Goldie, provincial secretary, seconded the motion. He extended his thanks to the orchestra, to those who had lent their cars for the transportation of the musicians. The following motorists lent their cars: C. E. Marley, William Armstrong, Mayor Venige, J. W. Chisholm, Fred Jackson, Harry Hayman, William Ball, A. N. Knowles, Jack Pudney, Mrs. E. Marley, Harry Morgan, Lester James and others.

Mr. Morgan was given Harry Morgan and Fred Jackson for their assistance in arranging transportation.

W. LAMBTON LIBERALS WILL OPEN CAMPAIGN

Goodison, Senator Pardee and Hon. G. P. Graham Will Speak.

Special to The Advertiser. Sarnia, Oct. 11.—Great interest is attached here to the public opening of the campaign of W. T. Goodison, independent candidate for West Lambton, tomorrow evening at 8 o'clock in the Temple Theatre. Hon. George P. Graham, minister of railways, will be the principal speaker. Addresses will also be given by Senator J. P. Rankin, M.D., and the candidate, W. T. Goodison.

The itinerary of the candidate for the next couple of weeks takes in almost every part of the riding. It is as follows: Oct. 12, Kemptville; Oct. 13, Ritzburg; Oct. 14, Kemptville; Oct. 15, Kemptville; Oct. 16, Kemptville; Oct. 17, Atwood; Oct. 18, Kemptville; Oct. 19, Kemptville; Oct. 20, Kemptville; Oct. 21, Kemptville; Oct. 22, Kemptville; Oct. 23, Kemptville; Oct. 24, Kemptville; Oct. 25, Kemptville; Oct. 26, Kemptville; Oct. 27, Kemptville; Oct. 28, Kemptville; Oct. 29, Kemptville; Oct. 30, Kemptville; Oct. 31, Kemptville.

Meetings have already been held in Amulree and Robinson school-house, Wallace.

CURRENT TOPIC CLUB HOLDS ANNUAL BANQUET

Dr. Crane of Western University Principal Speaker of the Evening's Program.

The tenth session of the Current Topic club was practically set in motion at their tenth annual banquet held at the Highland Golf club on Saturday evening. About 40 or more guests were present, which included the members accompanied by their wives or lady friends.

Supper was served in the spacious banquet hall where the guests secured their supper partner by means of pretty Halloween cards suspended in mid-air. The tables were laden with beautiful autumn foliage and a bountiful supply of good things. Dr. J. W. Crane, dean of the medical school, was the principal speaker.

BLIND COMPOSER COMES TO LONDON

Alfred Hollins of England Will Give Recital at St. Paul's.

Alfred Hollins, England's famous blind organist and composer, who is to appear in this city on Thursday evening, Oct. 22, in St. Paul's Cathedral, under the auspices of the Western Ontario concert series, managed by Harry T. Dickenson, was born in Hull, England, in 1865. Although born blind, the young boy never permitted this infirmity to affect his sunny disposition or to darken the earnest purpose of his life, which at a very early age became a determination to be a musician.

One of his earliest recollections is standing at the family piano, and picking out tunes with one finger. At the age of six he heard a town band which gave him his first taste of orchestral music. Already gifted with a rare endowment "perfect pitch," which enabled him to name instantly any note or combination of notes sounded, young Hollins was sent to the Methodist Institute for the Blind at the age of nine, when he began to study the organ. At the age of 12 he entered the Royal Normal College for the Blind in London, where when he added the piano to his studies. Later the famous Dr. E. J. Hopkins took him as an organ pupil. So rapid was his progress on both instruments that he played one of Beethoven's piano concertos with orchestra at the Crystal Palace.

Played for Queen. At the age of 16 he played for Queen Victoria at Windsor castle. Playing for royalty became a habit with Alfred Hollins, for he has also performed before the king and queen of the Belgians, the late Emperor of Germany, and the late Emperor of Russia, where he triumphantly performed three piano concertos, by Beethoven, Schumann and Liszt.

At 19 Hollins secured his first professional appointment as organist of St. John's church, Redhill. At 20 he came before the public as a concert pianist, and has since that time given his recitals at the Invention exhibition at Kensington. At the close of his high attainments, through a recital at Liverpool, he was introduced to the audience referred to him as "Alfred the Great."

Secure in the position thus achieved, Hollins began a series of concert tours which were eventually to take him almost around the world.

In 1886 he came to America with a quartet, and performed at the Royal college, his mastery attainments as a pianist and organist making a deep impression in New York, Boston and other cities.

Noted as Composer. More study in Germany followed, under the famous von Bülow. In 1888 a second American tour as organist followed, with gratifying success. The same year he was appointed professor of organ and piano at the Royal Normal college, during which time he also held a number of important positions.

Hollins then made three tours to South Africa, where he dedicated the huge organ in the town hall at Johannesburg, and toured in South Africa, Australia, and New Zealand.

He has given recitals on the famous organ at Sydney town hall. In addition he has been organist of the churches in England, Scotland and Wales, and since 1897 has been organist of the United Free St. George's church at Edinburgh, a church which has shed America with a number of her most famous Protestant preachers.

In 1922 Hollins received the honorary degree of doctor of music from Edinburgh university. As a composer he is widely known for his charming compositions for organ, piano, voice and orchestra. His recent American tour he under the honorary auspices of the National Association of Organists.

SAVED FROM PATH OF RAGING MOOSE

Dr. C. B. Oliver, Chatham, Rescued in Northern Woods by Ross Huff.

Special to The Advertiser by Staff Correspondent. Chatham, Oct. 11.—Dr. C. B. Oliver of this city, while hunting in North-eastern Ontario a few days ago, had the thrilling experience of being charged by a wounded and enraged bull moose, while he was rendered helpless by the jamming of his rifle. The animal was brought down by a shot from the rifle of a companion, ex-Ald. Ross Huff, when it was within ten feet of his rifle and trying to get ready for the final shot. Huff realized the situation and brought the animal down ten feet from its intended victim.

It appears that Dr. Oliver had shot at the animal, and although the shot went high it inflicted a terrible wound. The moose disappeared, and the party, composed of the doctor, Mr. Huff and two guides, started in pursuit.

Merrily the moose appeared in front of them. Every member of the party fired, and two of the shots took effect, but again missed the vital spot. The animal then charged full speed in the direction of the doctor.

The doctor was working the ejector of his rifle and trying to get ready for the final shot. Huff realized the situation and brought the animal down ten feet from its intended victim.

PREMIER ENDS WESTERN TOUR

Returns To Ontario To Speak Today at Port Arthur.

Canadian Press Despatch. Port Arthur, Ont., Oct. 11.—With his western tour completed Premier King has returned to Ontario, and with the exception of one meeting in Montreal it is in this province that he proposes to spend the rest of the campaign.

Yesterday he spoke both at Rainy River and in Frances. Tomorrow he will speak at Port Arthur and Port Williams. At both Port Frances and Rainy River he stressed the labor side of the government program. Addressing himself more particularly to railway workers at Rainy River he spoke of the proposal to regulate competition between the C. N. R. and C. P. R. systems, emphasizing that it was no part of the government to throw men out of employment. On the other hand the government's promise would tend to increase employment he contended.

Peter Heenan, Liberal candidate in Port Frances, is a locomotive engineer, and there have been a number of Liberal party men in the C. N. R. and C. P. R. systems, emphasizing that it was no part of the government to throw men out of employment. On the other hand the government's promise would tend to increase employment he contended.

Cheerless Camp of Hon. Arthur Is Chilled As Patenaude Sally Grows Dim Throughout Quebec

Sentiment Reflected at Ottawa Indicates Independent Margin For King.

ONTARIO WARMS

Return of Leaders Increases Interest—Quebec Tories May Appeal For Meighen.

By E. C. SUTHERLAND. Special to The Advertiser by Staff Correspondent.

Ottawa, Oct. 11.—As the end of the campaign approaches, Conservatives in the capital are abandoning hope of the return of their party to power at this election. The most optimistic calculations cannot do better than give it the second largest group in the house of commons. In the maritime provinces it is now recognized that Mr. Meighen will do well if he takes half the seats. In Quebec the Patenaude effort may capture five or six seats from the government. It is not expected there will be a greater change. Hence, even if the Conservatives get 50 Ontario seats—an outside possibility—they would reach the Manitoba boundary with only 59. Give them a chance of four seats in Manitoba and four in Saskatchewan and Alberta, and then, if they took seven out of British Columbia they would have only 84 altogether.

This impossibility of a Conservative victory appears to be having the effect of turning public sentiment more and more toward Mr. Mackenzie King, because of the widespread desire that the government that is elected should have an independent majority. People are recognizing that the hope of such a government lies in Mr. King.

Reports from various parts of the country during the last few days have indicated that leaders of the Meighen party are everywhere having trouble in their own constituencies. Mr. Meighen himself is not expected to carry Port Arthur in Vancouver Centre, G. C. McGee, giving Hon. H. H. Stevens one of the most interesting fights of the campaign. Even in Toronto there is a strong prospect of several Conservative candidates being beaten. From Montreal comes word that one of the best bets is that Mr. Patenaude will go down in Jacques Cartier.

The government, on the other hand, is increasing its prospects in every province. The four Prince Edward Island seats are expected to remain Liberal while there have been a number of Liberal observers in Ottawa, confidence that Mr. Mackenzie King will have at least 137 members behind him in the new house of commons.

Plans are being made for the renewal of the campaign in Ontario upon the return of the leaders to the east. Several important meetings will be held throughout the province. In Quebec there is a demand that Mr. Meighen enter the province to over-

come the resentment that is felt at the animal, and although the shot went high it inflicted a terrible wound. The moose disappeared, and the party, composed of the doctor, Mr. Huff and two guides, started in pursuit.

Merrily the moose appeared in front of them. Every member of the party fired, and two of the shots took effect, but again missed the vital spot. The animal then charged full speed in the direction of the doctor.

Clinton Is Without Lights As Cars Break Hydro Pole

Peculiar Accident Disables Service As Wire Support Is Broken in Two.

AUTOS ARE SMASHED

Special to The Advertiser.
Clinton, Oct. 11.—The hydro pole put out of commission here for about one hour Saturday evening, due to an automobile accident on Victoria street. An auto, driven by Mr. Campbell, knocked against a hydro pole with such force that it broke the pole in two pieces. Mr. Campbell was proceeding north on Victoria street and when approaching a side street which runs east of King he noticed another car. To avoid collision both swung their cars quickly, and the auto driven by Mr. E. Harness struck the right front wheel of Mr. Campbell's car, driving it into the hydro pole. No one was injured, the cars receiving only minor damages. The hydro men were promptly on the job, and in an hour had the pole set again and the power on.

BICYCLIST DIES AFTER ACCIDENT

Clarence Austin of Chatham Succumbs Two Days After Crash.

Special to The Advertiser.
Chatham, Oct. 11.—Injuries received last Thursday, when he was run down by a motor car, proved fatal yesterday afternoon to Clarence Austin of this city. Dr. T. L. McEltchle opened an inquest last evening, and after the jury had viewed the remains adjournment was made until Monday evening, Oct. 19.
The accident occurred on the Chatham-Dover township, a short distance beyond the city limits. Austin was riding his bicycle north on the road and James A. Highgate of Chatham township was driving south towards the city. The latter turned out to pass a wagon travelling citywards, and in an effort to avoid hitting Austin drove his car into the ditch. The bumper of the machine, however, struck the bicycle and carried the rider over the embankment. He was pinned between the car and the side of the ditch.
Austin was 30 years of age, and is survived by his mother and one brother.

Dr. Joseph Kime Dies.
Dr. Joseph Kime, veterinary surgeon, died at St. Joseph's Hospital on Sunday morning, Saturday afternoon, while in his office, he suffered a paralytic stroke. He was born in England about 55 years ago, and resided in this city for nearly 40 years. He is survived by a wife, one daughter and three brothers.

Large Classes Confirmed.
Large classes were confirmed in the two Roman Catholic churches of this city and the Painscourt church by Bishop Fallon Saturday evening and Sunday. Saturday evening confirmation services were held in the Blessed Sacrament church and a class of 125 was received into the church. This morning similar services were conducted at Painscourt and this evening at St. Joseph's church of this city.

Lighting Rates May Be Cut.
A reduction in the street lighting rates for Chatham may be announced shortly. At a meeting of the local public utilities commission on Saturday, Manager E. J. Macdonald was instructed to make application to the Ontario commission for a reduction in the rates.

Motorist Held After Crash.
Following an accident in the city Saturday morning, Henry Uytendahl appeared in the city police court on a charge of reckless driving. He was remanded until Friday. A motor truck driven by Uytendahl and a car driven by Harold Broadbent of Meridian collided at a street intersection, but no person was seriously hurt, although both vehicles were badly damaged.

Chatham Escapes Storm.
Chatham and the southern part of the county escaped the snowstorm on Friday night, although there were some slight flurries. The frost, however, seriously damaged the tomatoes and other vegetables, with the exception of the potatoes, that have not been harvested.

PICK STOCK-JUDGING TEAM ON SATURDAY

Representatives of Oxford at Guelph Fair To Be Chosen.

Special to The Advertiser.
Woodstock, Oct. 11.—Oxford county will be represented by the pick of its young farmers in this year's stock-judging competitions at Guelph winter fair and the royal winter fair at Toronto, through a new county-wide stock-judging event to be held next Saturday at the farm of J. W. Innes, Liberal candidate in South Oxford. The winners at the county judging event, which is being held under the auspices of the department of agriculture, will be chosen for the Guelph and Toronto teams. Special prizes, including a silver cup and a pure-bred calf will be awarded for the Saturday's contest, in which judging will take place on horses, beef and dairy cattle, sheep and swine.

TECUMSEH HOME BURNS, \$1,200 DAMAGE IS DONE

Windsor, Oct. 11.—Fire, caused by an overheated stove, partially destroyed the home of R. Pitre, Tecumseh. The lives of the little family of five were in peril for a few minutes, as they had retired some time before the blaze was noticed. The damage will amount to \$1,200.

Freak Tomato Has Two Eyes

Special to The Advertiser.
New Sarum, Oct. 11.—Mrs. Harry Hebbelwath found a freak tomato in her garden on Wednesday last. It weighs two pounds, is nearly as large as a pumpkin, and is distinctly marked with a pair of eyes surrounded by marks resembling a pair of shell-rimmed glasses.

INGERSOLL FAIR HAS BIG ENTRIES

Last Minute Touches Given Exhibition Which Promises Success.

Special to The Advertiser.
Ingersoll, Oct. 11.—Last-minute touches in preparation for the opening of the Ingersoll fair were made by the directors of the Agricultural society at a meeting held at the exhibition grounds on Saturday afternoon. The indications point to a very heavy showing in the livestock departments, as numerous reservations have already been made for accommodation in the horse barn. The cattle barn is being reserved for the accredited herds, in accordance with a government regulation, while adequate accommodation will also be provided for the non-accredited cattle.

A big list of entries is anticipated for the trials of speed. The card consists of a 2:18 pace or trot and a 2:25 pace or trot, \$450 being offered in purses. It was also decided to add a running race to the program, and assurance has been given that there will be a number of thoroughbreds here for this event.

Funeral of Late John Johnston.
The funeral of the late John Johnston was held Saturday afternoon from the residence of his son-in-law, Harry Cummings, Victoria street, interment being made in the Ingersoll rural cemetery. The services were conducted by Rev. W. E. V. McMillen of St. James' Anglican church, and the pallbearers were Messrs. Wm. Wright, George Webb, Wm. McCrea, Wm. Collins, Robert Windram and Thomas Dales.

An interesting meeting of the home and school club will be held Tuesday night in the kindergarten room of Victory Memorial school. The speaker for the occasion will be Fred London, chief librarian of the University of Western Ontario, who will discuss "Some Phases of Canadian Literature."

Special Service at Citadel.
At the Salvation Army Citadel today services were conducted by Commissioner Charles Sowton, assisted by Col. Radby of Toronto and Lt.-Col. McManis of London. The services were very interesting and largely attended.

E. LAMBTON LIBERALS IN VIGOROUS CAMPAIGN

Organizer Lining Up Government Supporters Behind Stirrett.

Special to The Advertiser.
Petrolia, Oct. 11.—There is every indication that the coming federal election will be keenly contested in the riding of East Lambton. There are three candidates in the field, representing the interests of Liberal, Progressive and Conservative parties.

Judging from the enthusiasm in each of the campaign grounds, the Liberals, despite the split in their ranks following the Alvinston convention, will make a most admirable showing. The Liberal executive has brought into the constituency a Liberal organizer, who is whipping the party supporters into line for the campaign, in which John R. Stirrett is the government standard-bearer.

The Progressives held an enthusiastic meeting in the local club room last night, and the Liberal regime at Ottawa was roundly scored because of its failure to reduce the tariff enough to satisfy the wants of the farmers.

PROMINENT AYLMER RESIDENT SUCCUMBS

Noted Stockraiser Born in England Eighty-Nine Years Ago.

Special to The Advertiser.
Aylmer, Oct. 11.—Marwood Ashton, a citizen of Aylmer for the past twenty years, and well known throughout Elgin county, died at his home here Friday night, Oct. 9, after a ten-weeks' illness. He was in his 89th year and was born in Devonshire, England, and came to Canada at the age of eighteen. Until twenty years ago he was a successful farmer in Malahide, and always kept a number of particularly fine driving horses, taking prizes at the fall fairs and horse shows. Deceased was a member of the Methodist church and served in the Malahide council for three years. In politics he was a Conservative. Surviving are four sons and two daughters, William of Aylmer, John and Walter of Yarmouth, and Silas of London; Mrs. E. Pinneo, Malahide, and Miss Susan Ashton at home, and one brother, Richard Ashton of St. Thomas. The funeral will be held from the family residence on Sydenham street at 2 p.m., and a public service will be held in St. Paul's United church at 2 p.m. Rev. W. K. Hagar of Dresden, a former pastor, officiating. Interment will take place in the Aylmer cemetery.

WOMEN and THE HOME

WESTERN ONTARIO GIRLS' RALLY HERE

Will Hold Three-Day Conference in London, November 20 to 22.

Local arrangements for the coming rally of the girls of Western Ontario were made at a meeting of the London Girls' Work Board, held last night at the home of Mrs. John Detwiler, the president, Miss Jessie Macpherson, provincial girls' work secretary and Miss Helen d'Aiglon, girls' work secretary for London, were present to help in making plans for the coming gathering in London.

The rally is being held under the direction of the Provincial Girls' Work Board, and is one of the three, which are being held in Ontario this autumn. The dates for the London rally have been set as November 20, 21 and 22. Other rallies will be held in Toronto and Ottawa.

For 150 Groups. This rally, which will take in all of the registered C. G. I. T. groups of the district, of which there are about 150, is the first of its kind ever held in Canada. Miss Jessie Macpherson, Ontario Girls' Work secretary, Miss Mary Allison, Dominion girls' work secretary and Miss Bona Mills, girls' work secretary of the United church will be in attendance and take part in the discussions.

Mrs. John Detwiler, president of the London Girls' Work Board, and Miss Helen d'Aiglon, girls' work secretary, and their committees will have charge of the local arrangements for the rally. Miss Ada Menhennick is on the supper committee and Miss Doris Werner for the music.

The rally begins with an open meeting on Friday night, followed on Saturday morning with group conferences, to be conducted by the girls, assisted by the London Girls' Cabinet. Saturday afternoon will be given over to some sort of entertainment or drive, followed by a banquet. Saturday evening will be devoted to missions, with Miss Bona Mills, in charge. A missionary program will be presented, illustrating their talk.

Bulletins. Miss Mary Allison is to speak to the girls on Sunday, ending the conference. Girls will come to London from all over Western Ontario for the event, and local bulletins are being arranged.

CHILDREN ENTERTAIN PATIENTS AT BYRON

Pupils of Mrs. Grant-Harris Delight With Splendid Musical Program.

A number of the younger pupils of Mrs. Grant-Harris treated the patients at Byron sanatorium with a delightful program of music last Saturday afternoon. The performers ranged from five to twelve years in age, and have been named "The Sunbeams" by their teachers.

The little people quite rose to the occasion and both played and sung beautifully, their young faces shining with the thought of helping others. They were also much impressed at the sight of so many suffering people, but happy in knowing that they had cheered them greatly.

Through the kindness of Mrs. Robert Orr, Mrs. and Mrs. Sweet and Mr. and Mrs. Sangster, the children were conveyed to Byron in cars, and were later returned to the city in the same autos.

The program included: A string trio, Tom Lawson, first violin; Ray Lawson, second violin and Hugh Kennedy, flute; piano solo, Billy Bennett, Marion Sweet, Connie Crook, and the Rev. J. J. Wile, violin solos; R. Dorland, Tom Orr, Betty Wismer, Jack Williams (Kenneth Williams at the piano), Ray Lawson, singing; Catherine Reed, vocal solos; Tom Lawson, and Spanish dance in costume by Marion Sweet.

The program concluded with a violin and voice duet, the children singing and playing.

WEDDINGS

KERNOHAN-BRYDGES.

Dublin street United church was recently the scene of a pretty autumn wedding, when Miss Gertrude Jessie Brydges, of Guelph, became the bride of Mr. Reginald Kernehan, of this city. Rev. Roy Frid performed the marriage ceremony.

The bride was given in marriage by her brother, wore her smart travelling costume of ash of roses shade, with trimming of Hudson seal, and carried Opheleia roses. Her attendant was Miss Fidelis Brydges and Miss Gertrude Kernehan, of London, attended the bride.

The wedding music was played by Miss Marjorie Marshall, and during the signing of the register Miss Isabel McEwen sang charmingly. Following a wedding luncheon Mr. and Mrs. Kernehan left for Detroit and Chicago. They will reside at 79 Euclid avenue, this city.

GRAY-WILEY.

A wedding of interest and charm was solemnized at Marydale, Dresden, the home of the bride's mother, on Saturday evening, Oct. 10, when Gertrude Evelyn, daughter of the late Rev. J. I. Wiley and Mrs. Wiley, was married to Mr. Ross W. Gray, son of Mr. and Mrs. George Gray, Sarnia.

The home was attractive with decorations of flowers, an improvised altar of palms and ferns, and a canopy of sweet ferns. The bride wore a white tulle gown, the long tulle veil fell from a coronet of chrysanthemums and orange blossoms. She carried a bouquet of yellow roses, orchids and lilies of the valley. Mrs. R. D. MacAlpine, Dresden, sister of the bride, was matron of honor. Miss Elma Taylor, Toronto, was bridesmaid. Little Miss Madge Wiley, Windsor, was ring-bearer. The little Misses Dorothy Wiley, Windsor, and Shirley Carr, Chicago, were flower girls. Dr. Goldwin Gray, Chicago, was best man. Miss Mary Wiley, London, sister of the bride,

BAPTIST WOMEN HOLDING ANNUAL

Ontario West W. M. S. Convenes in Center Baptist Church, St. Thomas.

The annual two-day convention of the Ontario West Baptist women's missionary society is being held this year in Center street Baptist church, St. Thomas, on Nov. 11 and 12.

More than 100 delegates from all parts of Western Ontario will attend the sessions, which are divided for foreign and home missions. Mrs. C. J. Holman of Toronto will preside on the home mission day, and Mrs. Albert Matthews also of Toronto will be in charge of the foreign missions. Reports will be presented by all the convention directors, including Mrs. James Baldwin of this city, director of the Middlesex-Lambton convention.

Among the speakers at the convention will be Miss A. Garbutt, who is to address the gathering on "Home Missions"; Miss Selman, missionary on furlough from India; Miss Baskerville, of India, and Rev. H. E. Stillwell, returned missionary from India.

Miss Garbutt, whose home is in Perth, has done outstanding work for her church in the district surrounding Saskatoon in Western Canada. She has been missionary since 1910, and has brought many "stranger" children into connection with Sunday school teaching. The foreign missionaries to speak will be Miss A. Garbutt, of Perth, and Miss Stillwell, of Bolivia.

It is expected there will be a very large delegation in attendance at the sessions from this city.

ST. MONICA'S GUILD.

Wallaceburg, Oct. 11.—Recently Mrs. (Rev.) F. V. Vair entertained the members of St. Monica's church guild to afternoon tea at the St. James' rectory. A pleasing feature was the presentation of an umbrella to Mrs. Chas. Fothergill as a token of appreciation for the gift of the guild upon her departure for her new home at Thorndale. Rev. F. V. Vair, in a few well-chosen words, referred to the many sterling qualities of Mrs. Fothergill as a true Christian and devoted church worker, and spoke of the regret which was felt at her departure.

The afternoon session opened with special exercises conducted by Rev. G. C. Mitchell. Splendid addresses were delivered as follows: Survey of the mission work in South Africa, under the charge of the Congregational church by Mrs. (Rev.) D. W. Martin of Brantford, systematic diving by Rev. Quigley of Deseronto, prayer by Mrs. (Rev.) James of Salford.

It was decided to make no change in the officers at present, the Rev. J. P. Poole of Salford continued to act as superintendent. Mrs. (Dr.) J. B. Reid as assistant superintendent, and Mrs. F. Small of Mount Elgin as secretary-treasurer.

Dinner and tea was served to the delegates in the banquet room of the hotel, and everybody heartily enjoyed the splendid speeches. During the afternoon solos were rendered by Mrs. H. H. Rush and Miss Wilma Robertson.

Mr. and Mrs. Arthur Chambers Figure in Unique Event at Aylmer.

Special to The Advertiser. Aylmer, Oct. 11.—On Oct. 1, 1875, Mary Jane Moore, daughter of the late Alcega Moore, and Elizabeth Storey of Bayham, Ont., and Arthur Chambers and Charissa Pound of Malahide, were married in St. Thomas, and on Thursday, Oct. 1, 1925, they celebrated their 50th wedding anniversary at the home of their daughter, Mrs. W. H. Wagner, Crampton. About one hundred relatives and friends were present from the surrounding district and Aylmer.

The building and tables were prettily decorated with autumn leaves, a quiver of flowers, strings of golden paper, etc., and a mammoth wedding cake trimmed with golden seals and stars, crowned with a bouquet of flowers, graced the center of the tables. At noon a procession was formed at the house and, headed by Rev. and Mrs. Ball of Aylmer, and efforts were made to interest all the ladies of the congregation in the work. Mrs. W. V. Jones, the president, assisted by Mrs. Victor Jackson, held the latter part of the afternoon for every emergency, intend to put the bazaar over a grand style.

PANELS PLACED FRONT AND BACK

Satin and Patent Leather Used in Producing Exclusive Fall Designs.

By AILEEN LAMONT, Special to The Advertiser. Copyright.

New York, Oct. 11.—Panels in a house are usually concealed, but panels on a dress draw immediate attention, and especially if they are made of satin or patent leather. The feature of the dress is the use of a striped material on an otherwise plain dress. The mode of adornment is frequently employed on street frocks for autumn, the panels being placed both front and back.

Black satin and black patent leather are the materials from which bootmakers are producing exclusive fall designs. Other materials also are used, but those women who can afford to have their slippers made specially for them will usually be found to be wearing foot coverings of which at least heels are of black patent leather.

Johnson Climaxes Champs' Win Saturday By Blanking Pirates 4-0 On Sabbath

BIG BARNEY HALTS ENEMY, 'GOOSE' AND J. HARRIS SMASH IN VICTORY

DEFENSE OF TIGERS IS EARLY SURPRISE

Rice's Marvelous Catch Marberry's Great Hurling Gave Champs Third Game

Two On When Goslin Homers —Harris' Blow Drives Yde Off Hill.

OLD "BABE" GETS IN Adams and Morrison Hold Senators, But Mates Can't Penetrate Defence.

Associated Press Despatch. Griffith Stadium, Washington, Oct. 11.—Walter Johnson pitched his second victory of the world series over the Pittsburgh Pirates today, blanking them 4 to 0, and giving the Senators a lead of three games to one in the championship battle.

Washington now needs only one more victory to clinch the title for the second straight year. Stanley Coveleski will try to pitch the club to this tomorrow.

"Goose" Goslin's home run with Rice and Stan Harris in the third inning gave Washington the winning lead. The southpaw, who was hit by a line drive from Joe Harris, followed with another circuit blow and Joe Judge walked. It was the second home run of the series for Goslin and Joe Harris, and gave Goslin the record for most circuit blows in the championship games.

Yields Six Hits.

The Pirates got six hits off Johnson one more than in the first game, and had several chances to score, but found the big veteran's "smoke" and the Senators' defence impenetrable in an emergency. Stan Harris was particularly brilliant on the defense, speaking Wright's smash with a jumping one-hand catch in the seventh and doubling Traynor off first, while in the ninth the Senator leader picked up Traynor's grounder, tagged out Barnhart on the base line, and kept the latter at first for another double play.

Barnhart's catch in the seventh against the left field bleachers cut out of another prospective home run from the bat of Joe Harris, and was the best defensive play of the Pittsburghers.

Johnny Morrison and Babe Adams, playing in his first world series, shared the hurling burden for the Pirates after Yde went out, and held the Senators scoreless in the second and third innings.

Max Carey got to second base twice, in the first and sixth innings, but was stranded both times, but the Pirates missed their best scoring chance in the second, when hits by Traynor and Grantham, mixed with a force-out by Wright, put two men on bases. They advanced to second and third on Goslin's check, but Yde grounded to Stan Harris to close the short.

C.N.R. Takes Lead In Provincial Cup

Noses Out Guelph Taylor-Forbes at Woodstock.

Special to The Advertiser. Woodstock, Oct. 11.—The C.N.R. senior eleven took the lead in the provincial football league at Lyon Park Saturday afternoon, when they defeated Guelph Taylor-Forbes in an exciting game, 3 to 2. The contest was a close one, the last six minutes of the game being particularly exciting.

The score at half time was a draw, 1 to 1. Taylor-Forbes' counter coming when Thorne, in clearing, kicked the ball through. Kerr kicked the second goal for Guelph, but the last six minutes of the game were particularly exciting.

The teams: London—Goddard, Askew, Thorne, Russell, Henderson, Hurling, and Thorne. Guelph—Taylor-Forbes—Hill, Dunlop, McColl, Lee, Kerr, and Scott. Referee—Gray, Hamilton.

WOMAN FACES CHARGE OF MURDERING HUSBAND

Woman Arrested in New
Brunswick at Instance of
Quebec Police.

Canadian Press Despatch.
Moncton, N. B., Oct. 10.—Charged
with the murder of her husband at
Aylmerville, Que., in August last,
Mrs. Abraham Gallop, a woman about
40 years of age, was arrested here
yesterday.

Quebec officers left with their pris-
oner last night for Roberval, Que.,
where the trial will take place.
Abraham Gallop died at Aylmer-
ville, August 6 last, and the remains,
accompanied by the widow, were
taken to Springhill, York County, N.
B., for burial. Later at the instance
of the attorney-general of Quebec,
the body of Gallop was exhumed and
an autopsy is alleged to have re-
vealed strychnine in the stomach.

ST. ANNE DE BELLEVUE THREATENED BY FIRE

Quebec Village Near Montreal
Faces Destruction by
Flames.

Canadian Press Despatch.
Montreal, Oct. 11.—The village of
Ste. Anne de Bellevue, about 20 miles
from this city, is threatened by de-
struction by a fire which started in
the Clarendon hotel at 11 o'clock to-
night. Last reports received from
the village stated that the hotel had
been destroyed, and that the flames
were spreading to other buildings. A
detachment of the Montreal fire bri-
gade has been sent to the scene by
a special train.

WANTED IN STATES
Canadian Press Despatch.
Windsor, Ont., Oct. 11.—John
Werbisky, wanted at Lawrence,
Mass., on a charge of stealing a car,
is under arrest here. He was picked
up today by Constable C. B. Strong,
who recognized him from a circular.

KEEP FAITH OF FOREFATHERS CHARGE OF POPE'S ADVISER

Exhortation to live up always to
the faith of their forefathers, handed
down from generation to genera-
tion from the time of St. Peter, the
first pope of Rome, was the out-
standing advice in the sermon de-
livered by Rev. Fr. Bernardino M.
Russo, procurator-general of the
Third Order Regular of St. Francis
and adviser to the present pope, Pius
XI, before the Italian Catholics of the
city in St. Peter's hall at 9 o'clock
mass yesterday.

An unusually large number of his
countrymen were present to hear Rev.
Fr. Russo's sermon, which was de-
livered in his native Italian.
Taking his text, "Many are called,
but few are chosen," from the gospel
for the day, Father Russo pointed out
how a constant conscientious obser-
vance of the law of God was necessary
before one could hope to attain the
kingdom of heaven.

"Today's gospel," he said, "tells us
of the guests who were invited to the
wedding feast, but who ignored the
summons of the king, whose son was
to be wed. The people of today who

fail to heed the word of God are
similar to these. If we allow worldly
pride or ambition or an excessive
pursuit to pleasure keep us from be-
lieving the good Christians we should be,
we are almost sure to incur the wrath
of God, just as the king's proposed
guests were put to death after they
had ignored his visitation, and then
beaten the servants sent out to bring
them to the marriage feast."

"It is not an easy matter to follow
the path of humility and abnegation
along which the feet of Christ were
to tread that we might be shown the
way to eternal happiness, but those
who do follow this path, no matter
how stony it is, or how much they are
taunted by scoffers along the way,
have always strength in knowing that
their reward will be a great one, and
that at the end of their journey there
will be waiting for them a beneficent
Father, who will bless them for their
perseverance, and welcome them to
His presence with the words, 'Many
are called, but few are chosen. You
are chosen.'"

15 CRIMINAL CASES IN WINDSOR COURT

Janisse Murder Trials and
Manslaughter Charge Attract
Public Attention.

Canadian Press Despatch.
Windsor, Oct. 11.—When spectators
and counsel stand to honor the en-
trance of the presiding justice at the
opening of the fall sittings of the
supreme court at Sandwich tomorrow,
the largest docket of criminal and
civil actions ever presented in Essex
county will await the court's atten-
tion.

Sixty-one cases, fifteen of them
criminal charges, ranging in seri-
ousness from murder down, 31 of
them non-jury civil actions and the
remaining fifteen civil cases slated
for jury hearing, will be laid before
Mr. Justice Grant, at the first sittings
over which he has presided since his
recent elevation to the supreme court
of Ontario.

Of the fifteen cases on the criminal
list, public attention is centered most
closely on the two murder charges
against Ruth Janisse and her hus-
band, Arthur, charged with joint
responsibility for the death of Clayton
McMullin, shot to death on a public
street in Windsor on the night of
August 13, 1925.

Second only to this in the atten-
tion it has attracted is a man-
slaughter charge against Wilfrid
Penland, in whose car Lorette Dube,
400 Glenora street, was drowned on
the morning of March 30 this year.

DROWNING VICTIM IS NOW IDENTIFIED

Body of T. H. Carr of Paris
Recognized by Wood-
stock Brother.

Special to The Advertiser.
Woodstock, Oct. 11.—Samuel G.
Carr of Paris last night identified the
body which was found in a creek
near Richwood, Blenheim township,
on Friday afternoon. Along with
Chief Forester of Paris, Mr. Carr
came to Drumbo to see the body, and
declared it was that of his brother,
Thomas Henry Carr, who had been
missing from his boarding-house in
Paris for about ten days. Apparently
the body had been about that length
of time in the water.

The relatives of the deceased man
are strongly inclined to believe that
he committed suicide, as he had been
in a very depressed and unsettled
condition of mind for some time past.
It was at first thought that he had
been robbed of his money and pocket-
book, but this fear was dispelled when
these articles were found in the room
where he had boarded. Carr was a
bachelor. An inquest is being held
tomorrow at Drumbo.

THAMESVILLE LIBERALS WILL MEET ON TUESDAY

Liberal Candidate, To
Speak.

Special to The Advertiser.
Thamesville, Oct. 11.—J. R. Stirrett,
Liberal candidate in East Lambton,
will speak at a Liberal meeting here
on Tuesday night. L. I. Grinzen of
Petrolia, G. D. Sturges, president of
the East Lambton Liberal associa-
tion, and others will also give ad-
dresses.

A 9-piece orchestra has been ob-
tained for the evening.

AUTO ENGINE BACKFIRES FARMER HAS BROKEN ARM

Blenheim, Oct. 9.—Robert Smith, a
young farmer of Blenheim West, suf-
fered a broken arm today as a result
of a kick-back from an auto when
cranking it.

hand: Sunday school, \$63.33; Miss
Stilet's S. F. C. class, \$13.09; Mrs.
Murray's C. T. N. class, \$18.64; B. Y.
P. U., \$53.13; church, \$57.02.

ST. THOMAS MAN IN FATAL ACCIDENT

Struck by M. C. Train and
Dies in Hospital of
Injuries.

Special to The Advertiser.
St. Thomas, Oct. 11.—William Gay-
mer, an employee of the Michigan
Central roundhouse, was injured in
the west end of the depot beyond the
Ross street subway at 6 o'clock this
evening, and died at 7:15 o'clock at
the Memorial hospital.

Mr. Gaymer was evidently return-
ing from work to his home on
Catherine street, by the subway,
crossing in front of the White
Terraces, when the yard engine,
driven by W. Carter, with H. Kirk-
man, firing, struck him. The wheels
of the locomotive severed an arm and
mangled his side. He lived for
slightly more than an hour after-
wards.

Mr. Gaymer saw service in India,
and was well-known in the city. He
leaves a crippled wife and two chil-
dren at home, aged 7 and 4. Three
other children by a former wife, are
placed in homes in London and Ayl-
mer. He was past middle life, and
a member of the Salvation Army of
this city. An inquest has been
ordered by Coroner Dr. Ewin.

THREE ARE HURT AS AUTO DITCHES

St. Thomas Men Injured When
Car Is Crowded Off Road
Near Aylmer.

Special to The Advertiser.
Aylmer, Oct. 11.—A bad automobile
accident occurred in front of the
residence of Rev. W. Fansher, on the
provincial highway, just west of
Aylmer, about 1 P. M. today. Three
young St. Thomas men, Messrs.
Peppes, Black, and Clunas, were
driving west in a sedan, when a car
coming east crowded them off the
pavement. They were thrown into
the ditch.

John Matthews and Fred Ingram,
who reside near the scene, and who
saw the accident, rushed over and
found all three young men badly cut
by broken glass. One man was
thrown half-way through the wind-
shield, another through the glass
door, and a third was lying in the
bottom of the car, which was prac-
tically ruined. They were carried
into the residence of Rev. Fansher,
Dr. McLeay, of Aylmer, was called,
and dressed the many cuts, but
could not ascertain as yet the extent
of the young man's injuries. They
are very badly shaken up and
bruised, but were removed to St.
Thomas this afternoon. The car,
which crowded them off the road,
said to have been speeding, never
stopped.

BLIZZARD ON ATLANTIC DISABLES FIVE CRAFT

U. S. Coastguard Patrol Boats
in Distress On Sea-
board.

Associated Press Despatch.
Boston, Oct. 11.—The storm that
lashed the Atlantic seaboard last
night and yesterday disabled or dis-
tressed five craft was revealed in
radio messages received here today.
Four were coastguard patrolboats
operating in New England waters.
The coastguard patrolboats 123,
238, 127 and 147, operating out of
Nantucket, Boston and New London,
were caught in the 70-mile gale. To-
night the crew of six of the 128 had
been rescued by Cunarder Com-
eronia, the 238 was still adrift, and
the 147 was reported picked up by
the cutter Mojave, which was towing
her back to her base.

Check Passer Dislikes Canada

Canadian Press Despatch.
Ottawa, Oct. 11.—"This is a hard
town to work in. You can't pass
checks here as easily as you can in
the United States," was the naive
confession, according to the police,
of Charles E. Clarke of Syracuse,
N. Y., agent for the Windsor branch
of a Flint, Mich., clothing firm, who
was arrested here Friday afternoon
charged with passing worthless
checks.
In police court on Saturday Clarke
pleaded guilty to the charges of
passing worthless checks, and was
remanded until next Friday for sen-
tence.

YOUNG GIRL KILLED IN AUTO ACCIDENT

Ruby Flood, Age 16, Crushed To Death When Car Overturns in Ditch.

Special to The Advertiser.
Woodstock, Oct. 11.—Ruby L. Flood, sixteen-year-old daughter of Mr. and Mrs. Harry Flood, Delater street, is dead, and Kent Stevens, son of Dr. J. M. Stevens, this city, is suffering from shock as the result of an automobile crash which occurred on the Norwich road, four miles south of Woodstock, last night, when the car in which they were riding overturned into a ditch. Stevens, who was driving, was pinned under the car, and Miss Flood was crushed to death instantaneously.

It is believed Stevens is suffering from internal injuries. He states that while he was driving south, and at a sharp turn in the road he was blinded by the headlights of the first of the approaching cars. Under the impression that the approaching car was about to crash into him head on, Stevens turned his car sharply to the left, with the result that it overturned in the ditch. An inquest will be held on Tuesday by Coroner Dr. MacKay.

WINDSOR IS PROSPECTIVE HEADQUARTERS OF LEGION

Canadian Press Despatch.
Windsor, Oct. 11.—The Border Cities may be made headquarters for the Dominion of Canada department of the American Legion, according to a message received by Commander A. L. Evans of the local post from Ed M. Dugan, local delegate to the national convention, now in progress in Omaha. Canadian headquarters are now located in Montreal.

LIBERALS HOLD RALLY AT CHATHAM

Rutherford Addresses Enthusiastic Gatherin—Drayton Speaks To Conservatives.

Special to The Advertiser.
Chatham, Oct. 11.—The chilled condition of the city armories Saturday night was in keeping with the reception accorded Sir Henry Drayton, former minister of finance, and A. D. Chaplin, the candidate of the Conservative party in Kent.

The chief speaker discussed the sugar-beet question at some length, but failed to disclose anything which the growers of beets did not know. He devoted some time to painting a picture of alleged gloomy conditions in Canada, his funeral utterances, perhaps, adding to the gloom of the meeting, which was advertised as a Conservative rally.

He closed with a claim that the present election contest is not a party fight, making a plea to the patriotism of the electors to see that there is a change of government. "Is it not the least you can do for your country and for yourselves?" he said.

DO YOU WANT TO HAVE THAT STRONG YOUTHFUL APPEARANCE?

With Clear, Flashing Eyes, Graceful Movements of the Body, Lightness of Step and Cheerfulness in Speech and Nature.

TAKE HERB JUICE AND BE HAPPY.

The strong, healthy, vigorous person is always blessed with many friends of both sexes. The magnetism of a robust appearance and the alertness of his or her manner is fascinating. It attracts people to them. Perfect health is reflected in clear, flashing eyes, easy, graceful movements of the body, lightness of the step and cheerfulness in speech and nature. It is a scientific fact weak, thin, impoverished blood will do more to pull a person down and keep them down than almost any other derangement of the human body. Look to your blood, then, for the direct and indirect cause of many of your ills, failures and general poor health. HERB JUICE, the great nature medicine, produces pure, rich blood, strengthens and revitalizes the general system, gives you a rosy complexion and healthy appearance. It has proved itself to be one of the greatest health, strength and energy secrets of all time. Why? Because it contains a marvellous combination of ingredients that aid in producing the most important element of the blood, building it up until it is rich and red; thus aiding nutrition, strengthening every nerve and tissue of the entire body. HERB JUICE works on the organs of elimination, cleanses and purifies the system, whips up your ambition and makes you feel like a new person. Thousands who believed themselves beyond all earthly aid are now praising HERB JUICE for the wonderful benefits obtained from its use, which has brought them such a degree of health, strength and energy that they have never known before. Take HERB JUICE and be well and healthy. Every bottle sold under guarantee to benefit, or money refunded.

The representative from the Herb Juice laboratories has established headquarters at Strong's Drug Store, 184 Dundas street, where he will meet the local public daily between the hours of 9 a.m. and 12 noon, and 2 p.m. and 5 p.m. for the purpose of explaining the merits of Herb Juice and how to get the best possible results from its use.

PRICE ONE DOLLAR.

ROSS' FURS HUDSON SEAL COATS

Are the Leading Fur Garments of the Season

They are most serviceable and also luxurious-looking when the pelts are properly treated in the dressing and dyeing process and have that soft and glove-like feel which is characteristic of high-grade furs. This property we are careful all our Fur Coats must possess.

In the matter of Style there is quite a range of new features which can be seen in the various distinctive designs of sleeves, collars and wrap-over front models.

The straight slender silhouette lines are decidedly in favor this season.

Contrasting Furs for Collars and Cuffs are popular, as also are French Embroidered Silk Crepe and Brokette Flowered Linings.

Remember our LABEL, ROSS' LIMITED, stands for a guarantee of satisfaction.
ONE PRICE rules in all our selling. No doubtful double-dealing dickering is allowed.
Prices are all based on our factory cost.
