

## THE RIGHT EAR HAS TURNED UP

A German Captures the \$5,000 Offer of N. Y. Physician.

## CECELIA BLUM DISAPPOINTED

She Wanted the Money in the Worst Way to Give as Present to Fiancee.

New York, Nov. 12.—Search by a local physician and surgeon for a human right ear of certain shape and size, the owner of which was willing to part with the organ in return for \$5,000 has been concluded. Hundreds of persons applied in answer to the doctor's advertisement. Each was examined and the right man was found in the person of a German restaurant keeper, whose turn of ill fortune recently had made him ready to sacrifice both ears, if necessary. The man to whom the money was offered was a wealthy western mine owner.

The German will present himself at the physician's house today to sign an agreement formally relinquishing his right and title to the ear on receipt of the money, and the doctor will begin a course of training to fit the patient for the operation on Tuesday.

Among those who offered an ear was Miss Cecilia Blum. "I used the money so badly," said Miss Blum. "I have been trying so hard to save up money enough to buy a house, and to take to my sweet heart, for I am to be married as soon as we can afford it. I have been away from him now for more than three years."

"We were children together in Switzerland. He went to Paris and worked in one of the grand cafes there. He is now a famous chef."

## SURFAX HITS GERMANY

But Will Increase Canadian Trade With Other Countries.

Ottawa, Nov. 12.—The surfax of one-third applied to all imports from Germany has been increased to one-half. The result is a decrease in our purchases from that country. The commissioner of customs says that the tariff on imports in these lines will be increased from 10 to 15 per cent. The Minister of Customs goes west today to inspect the work of the contractors for the St. Lawrence steamship service of their intention to discontinue the sailings and the report which emanated with a Toronto paper is apparently entirely untrue.

## DEFRAUDED RAILROADS

Two Clever Chicago Ticket Forgers Run to Earth.

Chicago, Nov. 12.—H. L. Kaines, alias C. H. Miller, and H. L. Scott, said by the police to be two of the cleverest railway ticket forgers in the country, were arrested last night. Stamps, hemlock, and blank order books, and blank order books were found in their room by the police. As a result of the arrests a number of ticket scalpers' offices will be searched today. The men, it is alleged, secured thousands of dollars' worth of transportation from railroads by presenting a forged letter purporting to be issued by the superintendent of the Mexican Central Railroad. The letter stated that Kaines was a railroad employee and that he was addressed to the passenger agents of the railroads, requesting them to furnish the bearer with transportation.

According to the police the prisoners have operated all over the country. The Western Passenger Association will prosecute the cases against the prisoners. It is alleged also that they were making a business of furnishing clearance cards and letters of recommendation for employees of the various lines throughout the country as a means of defrauding the railroads of transportation.

## A JOHNSTOWN ATROCITY

Well-Known Citizen Kills Son After an Altercation.

Johnstown, Pa., Nov. 12.—Peter Matz, son of one of the oldest citizens of Johnstown, is a prisoner here, charged with the murder of his son, Peter Matz, Jr. From what can be learned the son was intoxicated at the time he was killed. The senior Matz and the younger man became entangled in an altercation. The older man struck the son on the head with a heavy cane and hemorrhage of the brain followed. The father then dragged the dead body of his son, who was 44 years old, to the front door of his house, throwing it into the yard. A wide streak of blood on the floor of the house tells the story.

After a time the other man aroused the neighbors, telling them that his son was dead. The coroner's jury lays the blame for the junior Matz's death on the father. The parties are all very well known throughout this section.

## 4 DAYS WITHOUT A HEAD

Remarkable Tale of a Michigan Turtle.

Menominee, Mich., Nov. 12.—C. R. Smith has a curiosity. It is a turtle, whose head was cut off four days ago, and is still alive. Mr. Smith secured it and prepared to fatten it for meat, as was a variety food for that purpose. He cut its head off, intending to kill it in that manner, but the body proceeded to crawl away. It was left on the ground just to see how long life would remain and yesterday, when poked with a stick, it drew its headless neck in and extended its claws as if to prepare for battle, the same as it had done when it had a head.

His Physicians Can't Keep Him to a Whisper.

Berlin, Nov. 12.—His Majesty's physicians are experiencing difficulty in preventing him from talking. They allow him to whisper, but once he starts his eager temperamental bursts, restraint and he writes his questions and observations. He is impatient of the slowness of transcribing. It is stated unofficially that the physicians have seriously warned the Emperor to be physically weakened by his personal restlessness energy and by overwork. He frequently shortens his sleep in order to try to accomplish more work.

## RUSSIA BALKED AT ALL POINTS

Official Circles Admit Inability to Get Foothold On the Pacific.

London, Nov. 12.—A dispatch to the Times from St. Petersburg says it is admitted in official circles that the policy which led to the occupation of Port Arthur and Manchuria was not worth the expenditure of money and blood it has entailed, and that the attempt to secure an ice-free port on the Pacific has so far proved a failure. The construction of a huge breakwater at Dalny as a protection against high seas only resulted in making the harbor ice-bound in winter, the lack of which protection heretofore having evidently prevented the accumulation of ice. Finally, the correspondent says, the opposition of Japan has thwarted the plan to secure an ice-free port at Masanpo.

Kaveny was 35 years old and employed at the archbishop's residence. He had finished his work on a window on the second floor, when, losing his balance, he fell backward. ## ITALIANS AT THE RAND

Their Entrance Arouses a Storm of Protest.

Johannesburg, Nov. 12.—Immense indignation has been caused among the miners of some of the leading properties here at the action of a firm of capitalists who secretly introduced gangs of Italian workmen.

These men were distributed among the Robinson City and Suburban, Ferreira, Village Main, and other mines. Their presence was unknown to the other miners until they attempted to work.

The British resented the introduction of the cheaper foreigners, and declining to work with them. A strike with violence was threatened. The opposition to the foreigners has been successful in two properties. It is expected the Italians will be sent out of the country.

The committee of citizens was composed of the best people of the city, and was headed by the Rev. J. W. Wynne, pastor of the First Baptist Church. A few weeks ago the Rev. C. F. Petty had a duel with C. L. Lycomb as a result of an article charging Lycomb with running a "blind tiger."

He Had Abused His Wife and Killed His Father-in-Law.

Michigan City, Ind., Nov. 12.—Edward Hoover was hanged here early today for the murder of his father-in-law, Frank Sutton, in Indianapolis, last summer. Sutton and Hoover quarreled and Hoover frequently threatened Sutton. Hoover's wife left him because of his quarrelsome disposition, and in a fight with Sutton over this fact the latter was shot and killed. He was originally sentenced to be hanged Oct. 2, but the supreme court granted a stay of execution.

Firemen Hurl Panicstricken Females From Windows of Blazing Building.

New York, Nov. 12.—Police and firemen made spectacular and exciting rescues of ten women and a man from the building at No. 158-160 West One Hundred and Twenty-fifth street yesterday afternoon.

Fire forced the women and the man out upon the cornices under the second story windows, and one woman on the side of a window in the third story.

The women stretched a life-net, but the women had become so panic-stricken that they paid no heed to the cries for them to jump.

So the policemen who had climbed to the cornices were obliged to seize the women, and despite their cries and desperate resistance, throw them down into the firemen's net.

While the firemen were at work with the life-net a crowd of thousands of more persons surrounded the building, as the women landed in safety the crowd cheered.

Lines of union pickets were thrown about the car barns and the preparations for starting the cars were attended with no excitement. Precautionary measures by the police were apparently unnecessary, however, during the strikers' strike some months ago. No stones were thrown, but jeers and catcalls were hurled at the police and the strikers. The presence of the police on the cars, evidently with the approval of Mayor Harrison, appeared to greatly excite the anger of the crowds.

Ten cars in all started on the trip toward the center of the city within half an hour, all on the Wentworth avenue line. The route was well manned by the cars, and each car after the first was in charge of a lieutenant or sergeant and twelve policemen.

## CLEVER WOMAN WINS LAND RUSH

By Neat Resort to Strategy  
Outwits 1,000 Competitors.

### AND CAPTURES CHOICEST BIT

Many Faint and Are Trampled Upon  
In Mad Fight to File Government Claims.

Crookston, Minn., Nov. 12.—With women protesting against being crushed to death and both men and women fainting and falling under the feet of the greedy land hunters, nearly 1,000 persons packed the Government land office and through the halls of the building, up to the second floor, on which the office is located, awaiting the formal opening of about 600,000 acres of land in the Red Lake Indian reservation. It was the biggest crush for land ever known in the northwest, and the number of entries was the largest of any previous day.

The prize claim, perhaps, fell to the first one to get through the door, Miss Gustava B. Anderson from Minneapolis, who got a quarter section of valuable agricultural land north of Red Lake and about nine miles north of the Great Northern Railroad. The land, with the timber on it, is valued at \$10,000, but the young woman declares she would not undergo the experience again for a claim worth twice the money.

Arriving here Monday with a friend, S. P. Olsen, who had accompanied her on her hunt for land, she could find no lodging accommodations. The land office was so packed up at midnight and none allowed to pass till 6 this morning, when everybody could rush for a position.

Several persons were carried out of the crowd and scores of others backed out rather than try to squeeze through. The applicants were let in by squads of four, and the first to get in were the women. They were let in by squads of four, and the first to get in were the women. They were let in by squads of four, and the first to get in were the women.

Several races for land occurred. M. Qual and John Welsh, both claiming a piece 20 miles north, had arranged re-lays of saddle horses to race for the office. They were on their claim at 9 o'clock, and ten minutes later Qual dashed out, with Welsh after him. Qual outdistanced Welsh by ten minutes, the former reaching the land office one minute before closing time. He fell upon the desk exhausted and learned that his claim had been filed upon ten minutes before the office closed. There were several similar instances and a number of contests already have been announced.

Several of the women who were successful were successful and about twenty disappointed.

#### NEWS FROM LONDON

Canada's Affairs Occupy Attention of the Old Country.

London, Nov. 13.—The colonial office strongly advises intending emigrants to Canada and South Africa to obtain reliable information as to the conditions of the colony to which it is proposed to emigrate, by communicating with the official representative of that colony.

A meeting of the Manchester Chamber of Commerce discussed the resolution proposed at the Montreal conference with regard to the diverse systems of patent law and patent law administration in the various parts of the empire. The technical section of the chamber proposed to give renewed consideration, not only to the question of assimilating British and colonial law, but also to reforms in the British law which were felt urgently needed. The minute was adopted by the board.

The deputation from the British and Foreign Society are sending home glowing reports of the enthusiasm with which they have been received in Canada. Canada has promised \$10,000 to the centenary fund.

The Financial Times, with regard to the incorporation of fresh banks in Canada, says: "Canadian banking has been developed almost exclusively by the formation of new banks would be most unusual, and that power should have been taken to form a new bank speaks volumes for the financial activity prevailing in the country."

Many Canadians and city merchants are dissatisfied with the new arrangements in the trans-Atlantic mail service. The claim that the American Line steamers are expected to be delivered by London mails by two days is considered absurd.

#### FACTORY FOR EDMONTON

Linen To Be Manufactured in the Far Northwest.

Edmonton, N. W. T., Nov. 12.—A proposition was laid before the town council at its last meeting for the establishment of a large linen factory in Edmonton immediately with machinery to cost not less than \$100,000. The factory proper will be built of brick and will be 600 feet long by 100 feet wide. The Edmonton district is pre-eminently suited for the growth of the very best flax. It was agreed to grant a bonus of \$5,000 and exemption from taxation for ten years for the operation of the establishment. The proposition was accepted by the council. The J.C. McLaren Belting Co. Winnipeg, Nov. 12.—Within a week. Warehouse Commissioner C. C. Castle has received complaint that the grain movement was in a more or less congested condition. The points affected were Virden, Boissevain, Neesham, Kenora, Pierson, Glenora, and from several points west of Melita. On Tuesday, Mr. Castle received a wire from the Virden Board of Trade stating that there had been a great scarcity of cars at that point, and that it was impossible to get the grain out.

#### ALL QUIET AT PANAMA

British Ships Unmolested by the Colombians.

Washington, D. C., Nov. 12.—Late yesterday afternoon the United States navy department received the following cablegram from Rear Admiral Glass, commanding the naval forces on the isthmus: "Panama.—No sign of thing is quiet at Panama. No sign of dissatisfaction. The Colombian gunboat Bogota sailed from Buena Ventura with troops aboard, but put back to port again. British steamers Mantua and Equito were unmolested." The British steamers referred to are understood to be the two vessels which in a short time were detained by the Colombian Government at Buena Ventura with a view to their use as transports to carry troops to the isthmus.

That Dodd's Kidney Pills Cured Him of Gravel—It Never Came Back.

Bristol, Que., Nov. 9.—A remedy that will cure gravel must be a steady remedy for all urinary diseases, and Reuben Draper, of this place, states positively that Dodd's Kidney Pills cured him of Gravel.

"I was taken ill with what I thought was Gravel," says Mr. Draper, "and I was suffering great pain, and I steadily grew weaker though attended by two different doctors."

"A man told me Dodd's Kidney Pills had cured his mother of Gravel, and I got some and started to take them. In just one week I passed a stone as large as a small bean, and four days later I passed another about the size of a grain of barley."

"That is two years ago, and I have not had any trouble since."

#### WILL OPPOSE A TREATY

Democrats to Fight United States Recognition of Panama Republic.

Washington Nov. 12.—Democratic senators have determined to oppose the ratification of a canal treaty with the new republic of Panama, should the United States administration enter upon treaty negotiations with that country. The Democratic steering committee is said to be unanimous in condemnation of the recognition of the United States has given to the new government on the isthmus, though the announcement has been made that the course of opposition has been definitely adopted.

It has been learned upon the authority of a member of the Democratic steering committee that the sentiment of the committee is to attack any effort to open negotiations with the new republic, and go to the country in support of the Spooner act to show the party is not antagonistic to the building of a canal. It is claimed the law is on the side of the Democratic programme, inasmuch as the Spooner act is a Republican measure. This act authorizes the President to proceed to the construction of a canal on the Nicaragua and Costa Rican route in the event of negotiations with Colombia are not concluded within a reasonable time for the Panama route.

Calls Her the Generous God-mother of New Republic.

READY TO FIGHT COLOMBIANS

The Latter Cry "Death to the Americans," and United States Consul's Life Is Threatened.

Colon, Nov. 12.—What most impresses all observers of the present situation on the isthmus of Panama is the complete success of the secession movement and the orderly continuance of affairs since the change of government. The municipal and provincial laws and regulations which existed under Colombian rule have been continued. With few exceptions all the civil employees of Colon and its neighborhood have taken the oath of allegiance to the new republic. Those who refused are being sent to Savannah. Everything has assumed an everyday quiet here.

The governor of Colon, today expressed full realization of what Panama owed to the United States, calling that country the new republic's powerful and generous god-mother. General Melendez said: "Panama will raise 5,000 or 6,000 troops partly armed in case of necessity to resist a Colombian attack, but I do not believe that any such necessity will ever arrive." Governor Melendez said that he would assist General Reyes, who comes on a peace commission on his arrival here, unless he accepted Panama's stipulations, among them, one to recognize the new republic. The general is due to arrive at Barranquilla at the end of this week. The governor said it was possible for Colombia to send troops to the isthmus. It is apparent that United States warships will not permit any movement by sea of armed forces.

The royal mail steamer Orinoco arrived here this morning bringing news of General Torres and the Colombian troops who have fled from here after the proclamation of the Republic of Panama. On the arrival of General Torres and his troops at Cartagena, the news of events on the isthmus quickly spread and the general and his officers were threatened with arrest as traitors. The threat was not put into effect. The popular great excitement, now crowded the streets crying "Down with the Americans!" United States Consul Ingersoll, fearing violence, retired to the consulate. The excitement at Barranquilla increased with the spreading of the news of the secession of the isthmus. The Panama declaration of independence was read from a newspaper by the prefect to a crowd in the plaza and was greeted with shouts of "Death to the Panamanians" and "Death to the Americans."

#### A TURKISH BUTCHERY

Band Carrying Relief to Armenians Was Wiped Out.

Pittsburg, Nov. 12.—Ara B. Chutjian, of Pittsburg, brother of Rev. Q. E. Chutjian, who was murdered in the streets of Odessa, Russia, last June, and leader of the local Hunchakian revolutionary branch of the Armenian Exile patriots, today received advice of another massacre by Turkish soldiers of bands of Armenians in Asia Minor. The butcheries occurred, according to Mr. Chutjian, about eight days ago in Bayazid, near the foot of Mount Ararat.

In discussing the assassinations Mr. Chutjian said: "The first band of Armenians which was about one hour in advance of the second band, was attempting to reach Asia Minor in order to afford relief to the suffering Armenian farmers. It was made up of some fifteen members. The Turkish soldiers informed that the advance body was coming by a member of the opposition party of our society. When the band arrived at a blockade in one of the passes, all were killed. It was simply a cold-blooded butchery. The second band halted some distance away, fearing that their friends had fallen into the hands of the Turkish soldiers. The latter went out to meet the second expedition and killed many of them. Much money and everything intended for Armenian relief was confiscated by the Turkish soldiers. Mr. Chutjian explained that relief of suffering Armenians in the Mount Ararat district was the only intention of the bands."

Mrs. Walsh was 27 years old. Besides her husband she leaves two young sons.

## DOMINION WON'T EXHIBIT STOCK

Breeders Complain of Irritating Regulations by St. Louis Fair Authorities.

Toronto, Nov. 12.—Unless the present restrictions as applied to the importations of pure bred animals into the United States can be greatly modified, and the St. Louis Exhibition authorities change considerably the regulations pertaining to Canadian live stock, the Canadian breeders recede from their unanimous stand. The Dominion will not be represented in that department of the World's Fair.

A thoroughly representative meeting of breeders at the Ross House last night discussed the matter, and concluded that the \$300,000 grant might be better employed for the purpose of enabling Canadians to make a creditable show in holding a stock exhibition on this side of the border. Mr. Robert Miller, of Stouffville, explained the situation. The breeders objected, first, that there was no provision for testing any tuberculous cattle that might be sold, and there, fore Canadian cattle might be blamed unjustly; secondly, that there was no provision for taking out of bond in case of sale, in the third place, there was no recognition of the Dominion herd book. The authorities recognized the herd books of Great Britain and of Europe, and even of New Zealand, but not that of Canada. The admission fee to the United States here was \$100, the Ladies' Aid Society will hold their annual thank-offering meeting in the Presbyterian Church, Mrs. McMillan, of London, will give an interesting address on missions in the Northwest, assisted by the Rev. ## Doan's Kidney Pills

FINALLY MADE A COMPLETE CURE.

Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured. "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant torment. I could not sit or stand with ease and was a wreck in health, having no appetite and lost greatly in flesh. I had taken medicine from five different doctors and also numerous other preparations to no purpose. I finally began to take Doan's Kidney Pills and before I had taken five boxes I was cured, yet they know it is so. I have passed the meridian of life but I feel that I have taken on the rosy hue of boyhood."

Campbell, and others.

The meeting was one of the most interesting in the long history of the organization, for the past twelve months had been one of unusual activity on the part of the society, and the reports of the officers were to review the period and give the results.

Mr. John Pringle, the president, was unable to attend, and as the first vice-president, Mr. E. J. MacRobert, was absent, the duties of chairman devolved upon Mr

"I mean—" he endeavored to explain. "That Mrs. Jeffrey showed an unexpected tenderness toward me by taking all the blame of our misunderstanding upon herself. It was generous of her, and will do much toward making my memory of her a gentle one."

He was forgetting himself again. Indeed, his manner and attempted explanations were full of contradictions. To emphasize this fact Coroner Z. exclaimed:

"I should think so! She paid a heavy penalty for her professed lack of love. You believe that her mind was unseated?"

"Does not her action show it?"

"Unseated by the mishap occurring at her marriage?"

"Yes."

"You really think that?"

"Yes."

"By anything that passed between you?"

"Yes."

"May I ask you to tell us what passed between you on this point?"

"Yes."

He had uttered the monosyllabic an often it seemed to come unobscuredly from his lips. But he recognized almost as soon as we did that it was not a natural reply to the last question, and, making a gesture of apology, he added, with the same monosyllabic of tone which had characterized these replies:

"She spoke of her strange guest's unaccountable death more than once, and whenever she did so, it was with an unnatural excitement and in an unbalanced way. This was so noticeable to us all that the subject presently was tabooed amongst us; but though she henceforth spared us all allusion to it, she continued to talk about the house itself and of the previous deaths which had occurred there. We were forced to forbid that topic also. She was never really herself after crossing the threshold of this gloomy house to be married. The shadow which lurks within its walls fell at that instant upon her life. May God have mercy!"

The prayer remained unfinished. His head which had fallen on his breast sank lower.

He presented the aspect of one who is quite done with life, even with its sorrows.

But men in the position of Coroner Z. can not afford to be compassionate. Everything the bereaved man said deepened the impression that he was acting a part. To make sure that this was really so, the coroner, with just the slightest touch of sarcasm, quietly observed:

"And to ease your wife's mind—the wife you were so deeply angered with—you visited this house, and, at an hour which you should have spent in reconciliation with her, went through its ancient rooms in the hope of what?"

Mr. Jeffrey could not answer. The words which came from his lips were mere ejaculations.

"I was restless—mad—I found this adventure diverting. I had no real purpose in mind."

"Not when you looked at the old picture?"

"The old picture? What old picture?"

"The old picture in the southwest chamber. You took a look at that, didn't you?" Got up on a chair on purpose to do so?"

Mr. Jeffrey winced. But he made a direct reply.

"Yes. I gave a look at that old picture, got up, as you say, on a chair to do so. Wasn't that the freak of an idle man, wandering, he hardly knows why, from room to room in an old and deserted house?"

His tormentor did not answer. Probably his mind was on his next line of inquiry. But Mr. Jeffrey did not take his silence with the calmness he had shown prior to the last attack. As no word came from his unwelcome guest, he paused in his rapid pacing and, casting aside with one impulsive gesture his hitherto imperfectly held restraint, he cried out sharply:

"Why do you ask me these questions?"

in tones of such suspicion? Is it not plain enough that my wife took her own life under a misapprehension of my state of mind toward her, that you should feel it necessary to rake up these personal matters, which, however interesting to the world at large, are of a painful nature to me?"

"Mr. Jeffrey," retorted the other, with a sudden grave assumption of dignity not without its effect in a case of such serious import, "we do nothing without purpose. We ask these questions and show this interest because the charge of suicide which has hitherto been made against your wife is not generally sustained by the facts. At least she was not alone when she took her life. Some one was in the house with her."

It was startling to observe the effect of this declaration upon him. "Impossible!" he cried out in a protest, his forehead as it was agitated. "You are playing with my misery. She could have had no one there; she would not. There is not a man living before whom she would have fired that deadly shot; unless it was myself—unless it was my own wretched, miserable self."

The remorseful whisper in which those final words were uttered carried them to his heart, which for some strange and unaccountable reason had been gradually turning toward this man. But my less easily affected companion, seeing his opportunity and possibly considering that it was this gentleman's right to know in what a doubtful light he stood before the law, at least he was not alone when she took her life, was possible:

"You should know better than we in whose presence she would choose to die—Altogether so choose. Also, he would be likely to tie the pistol to her wrist and blow out the candle when the dreadful deed was over."

The laugh which seemed to be the only means of violent expression remaining to this miserable man was heard coming from his throat. He seemed to parody himself. With-out making any attempt to refute a suggestion that fell just short of a personal accusation, he sank down in the first chair he came to and became, as it were, lost in the vision of that ghastly riddle which he had solitarily blowing out of the candle upon this scene of mournful death. Then with a struggling sense of having heard something which called for answer, he rose blindly to his feet and managed to let fall these words:

"You are mistaken—one was not there, or if any one was—it was not I. There is a man in this city who can prove it."

But when Mr. Jeffrey was asked to give the name of this man he showed confusion and presently was obliged to admit that he could neither recall nor remember anything about him, but that he was some one whom he knew well, and who knew him well. He affirmed that the two had met and spoken near Soldiers' Home shortly after the sun went down, and that the man would be sure to remember the state of mind which could only find him, as the Moore house and quite out of the way of all his accustomed haunts, Coroner Z. asked him what he had to say to that.

As Soldiers' Home was several miles from the Moore house and quite out of the way of all his accustomed haunts, Coroner Z. asked him what he had to say to that.

Mr. Jeffrey could not answer. The words which came from his lips were mere ejaculations.

"I was restless—mad—I found this adventure diverting. I had no real purpose in mind."

"Not when you looked at the old picture?"

"The old picture? What old picture?"

"The old picture in the southwest chamber. You took a look at that, didn't you?" Got up on a chair on purpose to do so?"

Mr. Jeffrey winced. But he made a direct reply.

"Yes. I gave a look at that old picture, got up, as you say, on a chair to do so. Wasn't that the freak of an idle man, wandering, he hardly knows why, from room to room in an old and deserted house?"

His tormentor did not answer. Probably his mind was on his next line of inquiry. But Mr. Jeffrey did not take his silence with the calmness he had shown prior to the last attack. ## WILL HAVE A HOCKEY TEAM IN THE SENIOR CITY LEAGUE

Y. M. C. A. Decides to Enter One—Miss Adair Lost—Fessenden's Clean-Up.

### THE TURF.

YESTERDAY'S TURF WINNERS.  
At Jamaica—Ascension (Bolsen), 9 to 10 and 2 to 5; Buttons (Redfern), 1 to 2 and out; Soufriere (Fuller), 7 to 2 and 7 to 5; Sweet Alice (Higgins), 8 to 1 and 3 to 1; Crickany (Truebel), 10 to 1 and 4 to 1; Pass Book (Cochran), 50 to 1 and 20 to 1.  
At Latona—John Yerkes, 6 to 5; Sanetomo, 13 to 10; Antioles, 9 to 5; Katie Powers, 25 to 1; Reservation, 7 to 5; Fair Lady Anna, 6 to 5.

MADE \$30,000 COUP.  
New York, Nov. 12.—Probably the largest coup made on an eastern track this year occurred in the last race at Jamaica today, when Pass Book, owned by W. C. Fessenden in a field of thirteen horses, won at 50 to 1. By placing his money in small amounts Fessenden was able to get most of it down at 100 to 1, after which the price gradually dropped to 50 to 1. Fessenden took about \$30,000 from the bookmakers. Pass Book lay in good position to the head of the stretch, when Cochran sent him to the front and won by a length from Sir Shep, with the favorite, Mart Mullen, third.

FIRST FOR SAGINAW DOG.  
Rathburn, Ont., Nov. 11.—The international field trials, all ages, stake was brought to a close today, results as follows: First, Lou Rodfield, by Rodfield, out of Gipsy A. Gladstone, owned by M. W. Tanner, Saginaw, Mich.; handler, Charles Pettit. Second, Don Antonio, by Dash Antonio, out of Eldred's Constance, owned by E. H. Nelson, Detroit, Mich.; handler, W. C. Donaldson. Third, Selkirk Solus, by Selkirk Whyte, out of Selkirk Tena, owned and handled by W. B. Wells, Chatham, Ont. The weather being perfect and walking good, there was a large number of owners, handlers and spectators in attendance.

THE RING.  
GARDNER HAD IT EASY.  
Lansing, Mich., Nov. 12.—Gus Gardner got the decision over Dick Fitzpatrick in the tenth round of their fight here tonight. Gardner had the best of the fight all through.

HOCKEY.  
CANDIDATES FOR SECRETARY OF O. H. A.  
The following names have been suggested as candidates for the office of secretary-treasurer of the O. H. A.: Dr. Billy Wood, Alex. Milne, Wellington, a not generally sustained by the facts. At least she was not alone when she took her life. Some one was in the house with her."

WOODSTOCK ELECTS OFFICERS.  
At a very enthusiastic meeting the Woodstock Hockey Club organized for the season. The following officers were elected: President, Dr. J. J. Sinclair; vice-president, J. H. Armstrong; secretary, C. H. Hersey; treasurer, H. Frank. A permanent committee was appointed of the following gentlemen: Mr. James Davies, Mr. H. E. Douglas, Mr. R. Merigold.

WILL ENTER SENIOR TEAM.  
The question has been definitely settled that the Y. M. C. A. will enter a hockey team in the Senior City League this winter. A meeting of those who were elected President, Dr. J. J. Sinclair; vice-president, J. H. Armstrong; secretary, C. H. Hersey; treasurer, H. Frank. A permanent committee was appointed of the following gentlemen: Mr. James Davies, Mr. H. E. Douglas, Mr. R. Merigold.

YOUNG LADIES' HOCKEY CLUB.  
Southampton, Ont., Nov. 12.—On Tuesday night last the young ladies organized their hockey club for the fourth season with the following officers: Patron and patroness, C. M. Bowman, M. P. P., and Mrs. Bowman; president, Mrs. Fred Bowman; first vice-president, Mrs. Harry Harmer; second vice-president, Mrs. Harry Harmer; third vice-president, Mrs. Tehan; secretary-treasurer, Miss Mary McIvor; committee of management, Miss Eva Smith, Lou Broad, Ethel Creighton, Jennie Byers, Minnie Gilbert, Polly Dolson, captain, Miss Ida Telford, W. Auer, Mr. D. McDonald; business manager, A. Crosby.

MAY LOOSE THEIR PLAYERS.  
Montreal, Nov. 12.—The prospects of the Montreal Hockey Club losing some of its members and best players is talked about in hockey circles as the outcome of the annual meeting of the club was held tonight. Two elements in the club want things their own way, the players and their friends being for more control and better treatment of its members and best players do not succeed in their plans. It is feared many of them will leave the club and go to other cities, and the Montreal association will be deprived of a championship team.

INDOOR BASEBALL.  
A game of indoor baseball will be played tonight at the drill shed between the sergeants of the barracks and the sergeants of the Seventh.

WILL ORGANIZE SOON.  
The Y. M. C. A. basketball league will organize for the season in a short time. A tournament similar to that of last year will be arranged and a number of outside games will be played. The practices have already commenced.

GOLF.  
MISS ADAIR WAS DEFEATED.  
Toronto, Nov. 13.—Miss Rhona Adair, the British golf champion, met with her first defeat in Canada on the links of the Toronto Hunt Club, Wednesday afternoon. However, there were some extenuating circumstances.

Miss Adair, had a partner, Mr. M. C. Cherner, and they played a two-ball foursome with Mrs. Bolte and Mr. Henry Des Voeux. Mr. Cameron's driving was somewhat faulty, and as they were playing the same hole, Miss Adair did not have the same opportunity to display her ability as she had at Latona.

Mrs. Bolte and Mr. Des Voeux won by 2 up and 1 to play, although both couples made the round of the course in exactly the same number of strokes, viz., 45 out and 46 in, a total of 91. The winners were always in the lead. They were 1 up on the first round, and at one stage were 2 up. Miss Adair and Mr. Cameron won the 18th hole, and the 17th hole was halved, giving the victory to Mrs. Bolte and Mr. Des Voeux.

Miss Adair went to Hamilton today, as the guest of Miss Harvey, the Canadian champion, but she may not play, as she expressed a desire to have a rest. Tomorrow at Rosedale Miss Adair will play the best ball of Mrs. John Dick and Miss Evelyn Cox, and on Saturday at Lambton, Percy Barrett.

Hurried and Worried All Day.  
And the worst of it is you are a little run down and have a mighty little chance to catch up. Everything seems like a grindstone wearing down your nerves. You are irritable and get less sleep than is absolutely necessary. Better stop before things get worse. Your best plan is to use Ferro-China for a while, and give your nerves and brain a chance to pick up. Ferro-China is the finest tonic a busy man can take. It makes new blood, nourishes the body, strengthens the nerves, improves the appetite and re-habituates the whole system. Try Ferro-China. Price, 50c.

the professional, will play the best ball of Mr. George S. Lyon and Miss Adair.

BASEBALL.

GOING TO WALLACEBURG.  
The Midgets, who were champions of the Y. M. C. A. basketball league last year, will go to Wallaceburg next week to play a game with the team of that place.

MAY BE CLOSE SEASON.  
Montreal, Nov. 12.—Scarcity of game birds in the province was commented upon last night at the annual meeting of the Province of Quebec Association for the Protection of Fish and Game. There has been a decided slump since last year, and it is not easy now for the sportsman to find a good bag.

As a result of this meeting, an effort will be made to induce the Legislature to make it a close season some years. Already the sale of partridges has been prohibited until 1905, and both purchaser and seller are liable to fine as punishment. By this means it is hoped to allow of the propagation of species now also extinct. There has been an improvement in conditions of the province, and the present season has been one of the best and deer have been plentiful.

LONGEST HIT EVER MADE  
Feature of the Seventh Indoor Basketball Games—Good Game Last Night.

A large crowd witnessed the indoor basketball game played at the drill shed last night between D Company and C Company. It was the second game of the schedule played, and although the former team won by a score of 26 to 4, there were many interesting plays and the game was not as one-sided as might be imagined. The pitching of Insley for D Company was splendid, and it was because of it that the other team was unable to score often. The batteries were: D Company, Insley and Reid; C Company, Chapman, Penwarden and Sussex. A feature of the game was the long hit made from home plate to the orderly room, which easily took the record as the longest ever made in the show.

On Tuesday evening, when the league opened, A Company won against B Company by a score of 43 to 22. The batteries were as follows: A Company, Webster and Jenkins; B Company, Parker, Becher and Giliard.

## Advice to Young Writers.

"If you have a good incident about which to group a story," said one of the literary agents who undertake the job of selling the young writer's copy, "that incident is worth a certain amount of narrative. It may be equal to 1,500 words, or it may be strong and intense enough to make 3,000 possible. Young writers over-elaborate. One came yesterday with a story more than 6,000 words long. I told the author that the central idea was good and the story readily marketable if he reduced it to 1,500 words. Of course, he was furious, and will send around the story to the magazines. After it has been refused by all of them he will condense it to 1,500 words and bring it back to me."

"And how he will criticize the tastes of the magazine readers which compel him to condense his story. He will say that he is not allowed to put in character, observation, wit or anything but the skeleton of his plot."

"After he has acquired a reputation it may be possible for him to digress from the facts of his plot. But he must stick to business until he is well enough known to make people read whatever he writes, whether it is interesting or not."

**IMPROVING THE ASYLUM.**

The work of improving the London Insane Asylum goes steadily on. Hon. J. R. Stratton, the provincial secretary, has purchased for the Province of Ontario the property known as the Trebleclock farm, containing 235 acres, adjoining the asylum farm, in the township of London, and being composed of the south-half of lots 6, 7 and 8. This farm has been leased to the province for a number of years, and the lease will expire shortly. It has been cultivated and used in connection with the lands of the London Asylum. The price to be paid is \$100 per acre. This will give to the London Asylum 535 acres of land. There will be now 355 acres of farming land—100 acres of roads, buildings and ornamental grounds, and 10 acres of vegetable gardens.

**ABOUT THE TEACHERS.**

Information has reached the department of education of Ontario respecting the report of the Mosley commission of educationalists now touring the United States. It shows that the emasculation of the teaching profession is by no means confined to Ontario. In the New York City Training College, there are 217 females and but six males. That the scarcity of male teachers is not the fault of salary is borne out by the fact, that in the United States, the salaries of teachers are much higher than in Ontario. In New York they range from \$600 to \$1,250 for assistants and \$2,750 to \$3,500 for principals.

**JONES-BARKER.**

Miss Marion Grace, only daughter of Mr. and Mrs. R. W. Barker, formerly postoffice inspector of the London district, was married in St. George's

Church, Toronto, on Wednesday afternoon, to Mr. Allan Macdougall Jones, of Belleville, Ill., fourth son of the late Mr. H. A. Jones and Mrs. Jones, of Parkdale. The ushers were the two brothers of the bridegroom, Mr. T. Roy Jones, and Mr. William Jones; the two brothers of the bride, Mr. Edward Barker and Mr. William Barker, who are both of the same address as the bridegroom. There were three bridesmaids, all first cousins of the bride, viz., Miss Bessie Gordon, of Montreal, daughter of Col. Gordon, D. O. C.; Miss Nora Simpson, and little Miss Nora McNeely, of Kingston. After the ceremony, Mrs. Barker held a reception at her residence.

## OPPOSED TO NEW SEWERS

**Citizens Air Their Grievances at the Board of Works Meeting.**

**Short Session Last Night—The Pay Sheet for the Week.**

It did not take the board of works many minutes to get through with the business before it at last night's meeting.

Messrs. Wm. Bartlett and C. G. Moorehead appeared before the committee and opposed the construction of the sewer which is being initiated on Queen's avenue, beginning near Adelaide, and continuing east for a distance past Elizabeth street, and then down Elizabeth street to Lorne avenue.

The residents of Queen's avenue petitioned for the sewer, and in order to afford an outlet it has to be continued on Elizabeth street. The residents of the latter street have upon three different occasions opposed a sewer being constructed, and object to paying for one now, which they claim they do not need. They think the Queen's avenue petitioners should pay for the Elizabeth street section, or else it should be paid out of the general funds of the city.

As the petition against the sewer is, however, on the whole, insufficiently signed, the committee took no action on the opposition of Messrs. Bartlett and Moorehead, and the sewer will be constructed.

## ANOTHER SEWER OBJECTION.

Mr. V. Cronyn wrote to say that he was opposed to the sewer which he proposed to compel him to pay for the proposed sewer on Dundas street, from Wellington street to the city limits, as at present laid in the street, but was never properly constructed.

Engineer Graydon said the sewer in his opinion was not down right, and he was not sure that the residents of Dundas street who opposed the sewer did not have a just cause.

It was decided, despite this, to file Mr. Cronyn's letter, and proceed with the sewer.

The request of Mr. St. Clair Balfour for permission to place receptacles on street corners for refuse, advertising matter to appear, was refused, and was sent to the council to deal with.

The pay sheet for the week amounted to \$238 34.

## UPTON'S CONDITION WORSE

**Pulse Weaker, and He Speaks Less Distinctly.**

**He Also Appears to Be Gradually Losing Consciousness.**

The condition of Patrick Upton, the Adelaide Township farmer, was less favorable today.

When Dr. Berdan visited the old man at his home, he found that his pulse was weaker, that he was able to speak less distinctly, and also that he seemed to be losing consciousness.

Fanny McGarvey, who attacked Upton with an axe at the home of her father in Strathroy, was not taken to that place for her preliminary examination, owing to the serious condition of Upton. She was brought before Squire Smyth at the court house, and remanded for a week.
