# Auditor General's Report.

## AUDITOR GENERAL'S REPORT, 1894-95.

I have the honour to submit the complete report on Appropriation and other accounts for the year 1894-95.

### *Refund of Money Advanced for Cheese Production.*

I would first point out that the cheese to which reference is made at B-39 has been sold and that a refund of \$36,000, charged to the appropriation for the purchase of butter and cheese, has been made.

### *Discussion in Parliament on Petition.*

The evidences of misapprehension as to the methods of doing the work of this office which were furnished by the discussion in Parliament after the last report was issued, make it advisable to give an outline of the two main parts of our duties:—

1. Auditing claims before payment by Receiver General's cheque, and after payment by letter-of-credit cheque.

2. Reporting to Parliament.

It may be taken for granted that very few Canadians think it would be an improvement in making out the accounts to go back to the old system of giving the whole expenditure on one service in a single line, thus:—

“Spent through the Bank of Montreal \$5,000,” or \$100,000, as the case might be.

Details of less or greater minuteness must, therefore, be given, and this office is responsible under the Audit Act for the correctness of the accounts, both as to appropriations under which they appear and the separate amount of each account. There is no way in which correctness in both these respects can be secured without analysing each account into its separate items, noting the number of articles of a particular kind or the time of service, and giving the rate in each case.

After treating in this way each account of a firm against a department, the arranging of the several accounts, when there are more than one from the same firm, with material of the same kind and price placed side by side, is the means of disclosing duplicate payments which have escaped the eye of the Accountant of the department, and of notifying the department to call for a refund of the duplicate payment.

There is appended hereto a statement of general instructions given to the examiners of this office, which will indicate to the House some of the various other purposes which make a minute examination of accounts, cheques and other vouchers necessary.

The Audit Act is specific in this respect.

Section 32 makes it the duty of the Auditor General to see that each item of expenditure comes properly under some parliamentary appropriation.

Section 33 necessitates the seeing by him that a certificate of the person in the department who knows most about the matter should be given, to the effect that the work has been preformed or the materials delivered, and that the prices are fair and just.

The subsequent sections down to the 52nd deal with the duties of the Auditor General in examining accounts and in reporting upon them to Parliament.

The 46th section says that in reporting to the House of Commons the Auditor General shall call attention to every case in which cheques have been issued without his certificate, etc, or that a payment so charged did not occur within the period of the account, or was for any other reason not properly chargeable against the grant.

It being thus necessary to provide all the details for the purpose of audit, the audit being completed, the carrying out of the other main duty of the Audit Office—the preparation of the report to Parliament has to be considered. No matter how such a report is compiled in any other country, those who act for Canada in this matter should

examine its circumstances and determine what purposes should be served by the report. They must follow the specific instructions of the Audit Act where there are such instructions, and the general line of that Act where there are not.

An efficient audit on the lines laid down by the Audit Act requiring preparation of a full statement of all the details, should such a statement be the basis of the report or not? Clearly the object of such a report should be to give the taxpayers (those who provide the money) and those who are entrusted with the duty of watching their interests, the fullest information compatible with reasonable expense. If it is borne in mind that the books of the Finance Department and of the Audit Office are a check on one another, and that the detailed accounts in the Auditor General's report must agree in totals with the appropriation accounts there shown, all the details must be there given, if there are any, or the accounts not detailed must be grouped together as so many accounts, each under a particular sum and amounting on the whole to so much, or as sundries so much.

Those who object to the minuteness of details can only do so on account of the expense to the country involved in the printing (the obtaining of the details being necessary for the audit as before stated), or because they cannot readily find the gross expenditure. In the report of 1893-94 the system was commenced of grouping the whole expenditure of a department by itself and giving a summary at the beginning with references to the pages on which the details are found, so that the objection on the ground of difficulty in finding the gross expenditure does not now exist. The whole expense of printing French and English reports is \$10,100, or less than a cent for each family in the Dominion.

#### *Direct Result of Publishing Report in Detail.*

It may be well to remind the House of one instance in which the advantage of publishing the report in the fullest detail was strikingly brought out.

A person who was intimately acquainted with the maintenance expenditure of the Carillon Canal noticed in one of the annual reports of this office that a man named Charlebois had apparently received payment as a carter on the canal, and knew that Charlebois had not been in the neighbourhood for years. This person immediately informed the Railway Department of what he had remarked, which resulted in an investigation, and in the proof that about \$30,000 had been stolen from the Government by the superintendent of the canal putting on the monthly pay-lists, during a series of years, the names of persons who had apparently served the Government in different capacities, while the persons had long before either died or left the country. The superintendent put the names on the lists, and was able to obtain the envelopes containing the money for each from the paymaster, for the purpose of handing them to the respective claimants, the claimants, of course, not appearing. The paymaster followed a defective system of evidence of payment, one against which this office had striven long and earnestly, but this office was always met by the paymaster with the statement that it was impossible to carry out our rigid regulations. It is true that the money had been stolen, and that there was no method of causing its restoration, but the result of the investigation was a warning to all other persons who are entrusted with government money, that, even if they are sure of escaping all usual methods of detection, full details may catch them. Thus, in one year a theft of three times the cost of printing a year's report was exposed.

Can anyone estimate the amounts which the country has saved by all contractors being fully informed of the prices which are paid by the Government for the different parts of the public works which are in course of construction, or what has been saved by the settlers of the North-west knowing the prices which the proprietors of the large trading establishments there, received for Indian, Interior, Mounted Police, and other supplies? Then think of the advantage to the struggling settler to get full information about a reliable and convenient market.

#### *Slight Inaccuracies in Report said to be Misleading.*

It has been a source of great gratification to me that the report, instead of having been misleading, has been so remarkably free from errors either of compilation or of the

## Auditor General's Report.

printers. I recognize fully the need of great care in having the statements accurate. It would have been very annoying if the errors had been many. On the other hand it would be unreasonable to expect that a report of about 150,000 items could be made without some inaccuracy. Suppose that when I was appointed, one of the conditions of the service was that there was to be no inaccuracy in any of the work done by the Audit Office, what would have been thought of me if the service had been accepted?

### *Object of Publishing Correspondence.*

The writer is supposed to have said to some one that he put the correspondence in the report to magnify his office. What a petty creature the man who heard the statement must have supposed the writer to be if he thought that the statement was made in earnest. The writer has no recollection of it. He certainly never acted from so contemptible a motive. He has always felt that all the scrambling after the appearance of being something that one really is not is worse than wasted effort. If the work that the Audit Office is doing is important and honest it will likely be appreciated.

Of the correspondence between the departments and the Audit Office the portion which appears in the report is selected mainly for one of these reasons,—1st, that the Public Accounts Committee may determine, as is done in England, whether a point in difference between a department and the Audit Office should be settled according to the view of the department or that of the Audit Office, or 2nd, that if an agreement has been come to by the Audit Office and the department on some new point it may be noted for their future guidance by departments which have like business. The report of the English auditor general is quite as critical as ours.

### *Charge of Partiality in Framing Report.*

Sir Hibbert Tupper said in the discussion to which I refer above:—

“I have no doubt that that report is so framed as to make it acceptable to the opposition.”

Mr. Foster, if his recollection had served him at the moment, could have made it quite clear to Sir Hibbert that no such despicable motive actuated me. Mr. Foster one day said to me: “I hear that Hayter (a chief clerk in the Audit office) coaches McMullen for days together.” I answered “I shall soon settle that,” and found Mr. Hayter, who said that he had never even met Mr McMullen. After letting Mr. Foster know this I entreated him, as he had opportunities of knowing if I were suspected at any time of a want of perfect impartiality, to ask me for an explanation of any part of my conduct which seemed to any of his friends to be suspicious, and that I would not take his asking me such a question as in any way an evidence of *his* want of confidence.

I have never voted at a Dominion election since I entered upon the duties of this Office and never used any influence directly or indirectly to induce any one else to vote. It is not very likely that a man with such a notion of his duties would take the base position of putting the expenditure of the country, what the electors are most sensitive about, in such a form as to convey a wrong impression. No, my duty is to place the expenditure just as it is, and if the electors form a wrong impression the Government and their friends must undeceive them.

### *Mr. Lash's Letter, that an Auditor should be Modest.*

Sir Hibbert Tupper and Mr. Dickey referred to a letter of Mr. Lash, then Deputy Minister of Justice, which was printed in my report for 1879. Sir Hibbert Tupper says that he agrees with Mr. Lash's letter in every particular. The letter was published so that Parliament might say in what particulars it agreed with the letter. Mr. Blake brought the matter up in the House, did not agree with any particular in it, nor did any other member of the House. Therefore I have not considered myself justified in being governed by it in any particular.

## GENERAL INSTRUCTIONS TO EXAMINERS OF EXPENDITURE.

1. Subdivisions for the report to be made.
2. You should write regularly to the department for the vouchers, should there be any delay in forwarding them.
  - 2 (a). Statements of cheques for the month to be added up and the Bank repaid.
  - 2 (b). Cheques to be drawn by those in whose favour the credit is given, or by those authorized by Order in Council to sign for them.
3. Cheques to be marked off on the monthly statements as they are forwarded to this office after payment.
4. A yearly summary of unpaid cheques to be made out after the close of the year, on which the cheques returned after payment are to be marked off as they come in after the end of the year.
5. Persons not on the Civil Government Permanent list not to be paid until the end of the month, unless under an Order in Council.
6. All payments to be made by cheque to the person entitled to receive the money, except the small disbursements from petty cash.
7. Printing, lithographing and engraving must be done through the Queen's Printer.
8. All stationery and type-writers must be bought through the Clerk of Stationery. (Exception—libraries to be bought as before the Stationery Act was passed.)
9. All legal expenses to be certified by the Department of Justice.
10. Make an estimate from time to time of the work to be done, including the manuscript of the report. Have your part of the report ready by the end of October.
11. Make yourself familiar as far as possible with the prices of leading articles paid for through the department, to satisfy yourself that the Government is not overcharged.
12. See that the Appropriations are not overdrawn and that the charges against the Appropriations are proper ones.
13. No employee on regular pay should get any extra remuneration. Read Civil Service Act 1888, Section 12.
14. All cheques should read . . . . . Pay to the order of . . . . . Read the Order in Council on this subject.
15. Vouchers should show the price paid for each article and that the person entitled to receive the money has done so.
16. Examine particularly payments which are for services performed or for material delivered long prior to the date of payment.
17. Advances for any purpose to be accounted for without unnecessary delay and always so as to have returns before the accounts of the year are made up. See the Order in Council about the time for accounting for advances for travelling expenses and the other points in connection with travelling expenses. Dates of disbursements for travelling expenses to be given, and each item disbursed to be separately described. A statement should be made that the travel was in the public interest.
18. Watch that an account is not paid twice.
19. No payment to be passed which should have been made by a Civil Servant on his own private account.
20. Read the Acts of Parliament connected with the expenditure made by the department; (2) The Order in Council with reference to the same kind of expenditure.
21. Make a statement (1) of all subscriptions, advertising, printing, &c., for the year as it is to appear in the report, (2) of persons who may have received pay from more than one source, (3) of Legal Expenses.
22. Statements of cab-hire. When there are running accounts they should be furnished by the cabman with dates, names of persons conveyed, time occupied in each drive and the certificate of the person for whom the driving was done.
23. Proper person to certify that the goods have been delivered and that the prices are fair and just.

## EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE.

### Powers of Attorney.

*RULES prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.*

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified*."

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

### Duplicate Cheques.

*Treasury Minute, June 18, 1888.*—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

### Accounts for Advertising.

*Order in Council, April 5, 1894.*—The Committee on the recommendation of the Secretary of State advise that all Orders in Council regulating or relating to advertising for the several departments of the Government, and especially the Orders in Council dated December 17, 1875, and July 14, 1891, be rescinded.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, May 8, 1894.*—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

#### REGULATIONS.

All orders for advertising which are issued at the Seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by Ministerial direction's, naming the paper in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed; but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

## Auditor General's Report.

*Order in Council, March 22, 1888.*—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

### Newspapers and Books.

*Order in Council June 18, 1894.*—Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. MCGEE, *C.P.C.*

*Order in Council June 18, 1894.*—Regulations respecting the purchase of newspapers, books and magazines to the several departments :—

(1.) That a maximum limit of \$500 be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.

(2.) That books or magazines, other than those which are of a technical character and necessary for the proper working of the department shall be purchased only on authority of the head of the department.

(3.) That no newspapers be supplied to outside offices of any department, except on the authority of the Minister of that department.

JOHN J. MCGEE, *C.P.C.*

### Letter of Credit Cheques.

*Order in Council June 27, 1888.*—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council :—

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form : "Pay to the order of \_\_\_\_\_;" and not in either of the forms : "Pay to \_\_\_\_\_ or bearer," or "Pay to \_\_\_\_\_ or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes : (List not printed).

JOHN J. MCGEE, *C.P.C.*

### Stationery Office.

*Order in Council, June 26, 1889, (as amended by O. C., July 11, 1889).*—His Excellency, in pursuance of the powers vested in him by the Revised Statutes, Chap. 27, Sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order:—

1. In every department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads. •

6. No paper or envelopes for correspondence bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialled by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

### Pamphlets and Books.

*Order in Council, December 22, 1888.*—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library

### Legal Services.

*Order in Council April 12, 1879.*—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the departments of the Government.

### Rate of Pay to Reporters.

*Order in Council, Oct. 9, 1888.*—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio, of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such Reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, July 3, 1890.*—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings in each case

That the sum of \$3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. MCGEE, *C.P.C.*

### Gratuities.

*Order in Council, Feb. 1, 1868.*—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

*Order in Council, Dec. 26, 1887.*—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. MCGEE, *C.P.C.*

### Salaries.

*Order in Council, Feb. 9, 1875.*—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

*Order in Council, July 29, 1871.*—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O. C. of March 22, authorizing payment on the 15th to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

JOHN J. MCGEE, *C.P.C.*

The Auditor General.

*Order in Council, Feb. 18, 1889.*—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27, and June 28, 1889; and thereafter on the last day of the month.

JOHN J. MCGEE, *C.P.C.*

---

*Order in Council, November 14, 1885.*—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Govern-

ment accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, March 5, 1888.*—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, July 1, 1886.*—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council that, with the following exception, from and after July 1, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several post office and Government saving banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, October 16, 1886.*—That the Order in Council of July 1, 1886 founded on a Minute of the Board dated on June 24, 1886, providing that no payment be made for any extra service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the fishing bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. MCGEE, *C.P.C.*

*Civil Service Act of 1888, 51 Vic., cap. 12, sec. 12.*—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap 17), are hereby repealed, and the following substituted therefor:—"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

### Departmental Employees: Pay-list.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a minute directing that hereafter all departmental employees

### Employment of Temporary Clerks.

*Order in Council, July 27, 1884.*—The Committee have had under consideration the annexed extract from the Minutes of a meeting of the Treasury Board, dated 24th July, 1882, having reference to rules in connection with the Civil Service Act, 1882.

#### CIVIL SERVICE.

(6.) The Board recommend that after the 1st of October next, the authority of an Order in Council be obtained for the employment of temporary clerks for more than one month; and to carry out the provisions of Section 45, the deputy heads of the several departments to which extra clerks are now attached do render to the heads of the departments reports on the qualifications of said extra clerks, with a view to their retention if necessary, and also with reference to the remuneration to be granted to them.

JOHN J. MCGEE, *C.P.C.*

---

*Order in Council, February 6, 1893.*—That in the case of all persons who are paid out of any vote and who are employed at the seat of Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service, it being understood, however, that this regulation does not apply to printers, labourers, charwomen or persons engaged in work of a like character.

JOHN J. MCGEE, *C.P.C.*

---

*Order in Council, June 29, 1893.*—Upon renewal of services of temporary employees, the Treasury Board to be furnished with statement of the grounds upon which larger pay for special and technical qualifications is granted.

### Leave of Absence to Temporary Employees.

FINANCE DEPT., OTTAWA, Oct. 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after Sept. 1, 1891, be certified as follows :—

“I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked.”

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

*Order in Council, October 20, 1892.*—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under Section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or the deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department: or for days during which absence has been occasioned by contagious or infectious disease in the families of the persons so engaged: such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under Section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

### Leave of absence to Permanent Employees.

*Order in Council, June 29, 1893.*—No payment to be made to any Government employee for time on special leave until Council authorizes same.

### Medical Certificates.

*Order in Council, July 23, 1892.*—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners under the 3rd subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides, be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department,

JOHN J. MCGEE, C.P.C.

### Superannuation.

*Extract from a Minute of the Treasury Board, Nov. 11, 1870.*—The Treasury Board has had under consideration a memorandum of the Civil Service Board respecting the superannuation list, and other memoranda by the Auditor on the same subject, and it recommends that the following rules be laid down as to the

## Auditor General's Report.

classes of persons who come under the operation of the Act, and as to the method of carrying it into effect :—

(1.) All officers, clerks and other persons permanently employed at the seat of government in any executive department of the government named in the Civil Service Act, 1868.

(2.) All permanent officers and servants of the Senate and those of the Commons.

(3.) The two Commissioners of Police of the Dominion.

(4.) The directors of the penitentiaries and the penitentiary officers appointed by government under 31st Vic., cap. 75, sec. 30, such as the wardens, deputy wardens, accountants and surgeons, who give up their whole time to the institutions.

(5.) The adjutant general and deputy adjutant general at headquarters.

(6.) The directors of the Magnetic Observatory, Toronto, and the Geological Survey, and such of their staff as are permanently appointed by Order in Council.

(7.) The Financial Inspector, and the officers of the Finance Department at Halifax and St. John, including the savings bank at Halifax.

(8.) All officers of customs who are paid by permanent salaries, such as inspectors of ports, collectors of customs, surveyors, landing waiters and clerks in collectors' offices.

(9.) Such officers of customs as are paid partly by a fixed salary and partly by a per diem allowance when employed can only be rated for superannuation on their fixed salary ; but if any such officers are superannuated within three years their allowance may be reckoned on the total amount they have received during the previous three years, including the fixed salary and the per diem allowance.

(10.) All officers at permanent salaries connected with the collection of inland revenue, such as district inspectors, collectors, deputy collectors, excisemen, supervisors and deputy supervisors of cullers and clerks in their respective offices.

(11.) The Crown timber agent and the collector of slide dues on the Upper Ottawa, and the collector of timber and slide dues at Quebec, and the staff of their respective offices, being officers of the Dominion, acting also as agents for the provinces of Ontario and Quebec.

(12.) All officers at permanent salaries in the city post offices of Montreal, Quebec, Toronto, Ottawa, Kingston, Hamilton, London, Halifax, Fredericton and St. John, and such other towns and cities as may hereafter be placed on the same footing, such as postmasters, assistant postmasters, clerks, letter carriers, &c.

(13.) Post office inspectors, assistant inspectors and clerks, and messengers in the inspector's staff.

(14.) Railway mail clerks and guards, and clerks employed in the ocean mail service and in travelling in charge of British and foreign mails.

(15.) Persons employed in the outside service of the Public Works Department other than on railways, who receive annual salaries, and whose services do not cease on the completion of any particular works, such as the permanent staff employed on the canals, slides and other public works ; also the official arbitrators, and their secretary.

(16.) The superintendents and permanent staff at the principal railway depots, being the headquarters of the respective lines.

(17.) The permanent staff of the three quarantine establishments of the Dominion, including the surgeons who give up their whole time to the institutions.

(18.) The emigration agents of the regular agencies in Canada.

(19.) The staff of the Statistical Office, Halifax.

(20.) The agents of the Department of Marine and Fisheries at Quebec, Halifax and St. John, and their staff permanently appointed.

(21.) The inspectors of lights in Nova Scotia and New Brunswick.

(22.) The Inspector of Fisheries for Nova Scotia and New Brunswick and the Assistant Inspector for Nova Scotia and their clerks permanently appointed, and the manager of the fish breeding in Ontario.

(23.) The masters and other officers of the Trinity Houses, Montreal and Quebec, who are in receipt of an annual salary, excepting the captain of the steamer "Richelieu."

(24.) All the lighthouse keepers, engineers of fog whistles and officers of humane establishments of the Dominion, excepting lighthouse keepers under the charge of the

Trinity House, Montreal, who receive only a monthly allowance during the time they are employed.

(25.) The Steamboat Inspectors for the Dominion.

(26.) The Shipping Master, Quebec, and the chief constables of the river police, Quebec and Montreal, but not the rest of the force.

(27.) The directors of the observatories, Quebec and New Brunswick.

(28.) All outside officers of the Indian Office, who are at permanent salaries, and give up their whole time to their duties, such as the superintendents and their clerks, salaried agents, interpreters, &c. ; but inasmuch as these salaries are charged against the Indian Fund, the superannuation allowance and the abatement should also be charged and credited to the Indian Land Management Fund.

(29.) *The following classes of persons shall not come under the operation of the Act:*—All persons at a salary lower than \$150 per annum. All persons who are paid by a commission or percentage on the business transacted by them, such as cullers, or at salary in lieu of such percentage as the country postmasters or keepers of way post offices. All persons only temporarily or occasionally employed as officers of the Intercolonial Railway and other public works. Emigration agents employed in Europe. Tide waiters and lockers at per diem pay. All the outside staff of the Militia Department, except the Adjutant General and Deputy Adjutant General at headquarters, and captains of steamers employed by the Dominion. All persons who are appointed or dismissed from office by subordinate officers, as overseers, guards, &c., of the penitentiary, attendants in hospitals, and policemen.

(30.) Should any question arise as to whether any particular officer comes within the meaning of any of the above rules defining who shall, or who shall not, come under the operation of the Act, the point be referred to the Treasury Board and decided by it.

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth, and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims, which together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of opinion that

---

additional service should be allowed under the Act for special qualification in their appointment. Such statement shall be submitted to the Treasury board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for retaining him on the staff for another year.

---

*Order in Council, Jan. 7, 1884.*—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst., it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operation of the Superannuation Act; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified.

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., cap. 13.*)

Your obedient servant,

The Secretary, Treasury Board.

GEO. W. BURBIDGE, *D.M.J.*

(Circular.)

OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am your obedient servant,

The Auditor General.

J. M. COURTNEY, *Sec. Treasurer Board.*

*Order in Council, Oct. 9, 1895.*—That in future all cases in which application is made for the superannuation of any Government employee there shall be given with the application, for the information of the Treasury Board, the reason, or reasons for such superannuation, whether on account of age or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during past three years, and the proposed retiring allowance of the officer recommended for superannuation. Also whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration.

ration, and generally such information as will enable the Board to determine whether the Superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded hereon be furnished the several departments for their guidance.

### Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary;" and in connection therewith I have to call your attention to the "Hansard" of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

The Deputy Minister of Justice.

J. M. COURTNEY, *Sec. Treasury Board.*

---

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honor to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries, and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Yours obedient servant,

The Deputy Minister of Finance.

### Travelling Expenses.

*Order in Council, Sept. 8, 1871.*—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allow-

ances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted:—

*“Removal allowances.*—No removal allowances can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered.”

*Order in Council, Nov. 10, 1886, (as amended by Order in Council of Dec. 14, 1886).*—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Department of Finance a detailed statement of such travelling expenses.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, Dec. 17, 1889.*—The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows:—  
“The whole of the expenditure was incurred on Government business;” said certificate to be signed by the officer who has incurred the expense.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, February 6, 1893.*—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling as follows, signed in each case by the officer who has incurred the expenses:—

“The whole of the expenditure was incurred on Government business.”

JOHN J. MCGEE, *C.P.C.*

NOTE—The Lieutenant-Governor of the North-west Territories is allowed \$5 a day by Order in Council, January 12, 1888.

*Order in Council, May 4, 1893.*—That the Order in Council of February, 6, 1893 limiting the amount to be paid for travelling expenses to actual outlay, be amended so as to apply only to trips commenced after the date of the Order in question.

JOHN J. MCGEE, *C.P.C.*

### Insurance.

*Order in Council, July 5, 1881.*—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

### “ Copying.”

*Order in Council, April 1, 1886.*—That the rate be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

### Appropriation Balances.

*Order in Council, June 27, 1888.*—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: “That an Appropriation Account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30th.

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: “The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse, and be written off. The proviso does not either expressly

or by implication give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere: it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. MCGEE, *C.P.C.*

### Contracts.

*Order in Council, May 23, 1880.*—On a joint memorandum dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000, nor more than \$5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified,

J. O. COTÉ, *C.P.C.*

*Order in Council, May 2, 1893.*—On a memorandum dated May 1, 1893, from the Minister of Finance submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. MCGEE, *C.P.C.*

*Memorandum respecting Contractors' securities.*—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government savings bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this

department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

*Order in Council, June 16, 1888.*—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government savings bank.

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to inclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government savings bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

### Small Balances Due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, *A.G.*

---

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would

swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

The Auditor General.

J. M. COURTNEY, *Sec. T.B.*

*Order in Council, July 24, 1894.*—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases, the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, that a general Order be granted, authorizing in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother or children as the case may be, of the deceased, without reference to the Treasury Board.

### Franking Privilege at Ottawa.

*Order in Council, February 25, 1892.*—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved:—

#### *Regulations.*

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head, may frank by a written signature or initials; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any case be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.

6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.

7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of the Ministers, shall be transmitted in envelopes having printed or written thereon the words "On Her Majesty's Service"; and no envelope bearing the superscription shall be used for any private correspondence.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

## Auditor General's Report.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

JOHN J. MCGEE, *C.P.C.*

### Certificates on Vouchers.

*Revised Statutes of Canada, cap. 29, sec. 33.*—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

*Note.*—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

### Overdrafts of Appropriations.

*Memorandum for the Minister of Finance.*—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters of credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :—

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheques should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter of credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, *A G.*

Auditor General's Office,  
Ottawa, May 28, 1892.

*Order in Council, July 7, 1892.*—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters of credit.

The Minister in accordance therewith recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The Committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

JOHN J. MCGEE, *C.P.C.*

### Tariff of fees on Commissions.

*Order in Council, September 7, 1893.*—The Committee of the Privy Council have the honor to recommend to Your Excellency the adoption of the annexed report of the Secretary of State with reference to the tariff of fees upon commissions to public officers:—

That the following tariff of fees chargeable upon commissions to public officers be confirmed:

1. Upon commissions to lieutenant-governors, ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of \$20.00.

2. Upon commissions issued to officers or others receiving salaries of \$1,000 or over, a fee of \$15.00.

3. Upon commissions issued to officers or others receiving salaries from \$400 to \$1,000, a fee of \$8.00.

4. Upon commissions issued to officers or others receiving salaries from \$100 to \$400, a fee of \$5.00.

5. Upon commissions issued to officers or others receiving salaries of \$100, or to officers or persons appointed to office, who are paid by fees of office, a fee of \$4.00.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of three thousand dollars or upwards, the fee chargeable on commissions issued to them be fixed at twenty dollars.

The above to apply to commissions issued under the great or privy seal.

He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid thereinto.

JOHN J. MCGEE, *C.P.C.*

### Maximum number of Reports to be ordered by each Department for Free Distribution.

*Order in Council, Jan. 19, 1893.*—On a report dated 16th January, 1893, from the Minister of Finance, stating that by Order in Council, dated the 26th May, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this Order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is as to most of the departmental reports 1,800 copies of each, and as to

## Auditor General's Report

five of the most important 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000, as will be seen from the annexed list.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

**Civil Service Promotions.**

*Order in Council, April 12, 1893.*—His Excellency, in virtue of the provisions of section 39 of "The Civil Service Act," as amended, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation:—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall as a condition of promotion be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

JOHN J. MCGEE, *C.P.C.*

**EXECUTIVE REGULATIONS GOVERNING REVENUE AUDIT.**

*Treasury Minute, June 21, 1886.*—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on enquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give, the letter was unanswered; but, in order that the law may be complied with, I have now to state that the rules are approved of.

## Auditor General's Report.

---

### *Rules and Regulations in reference to the Receipt, Entry, and Accounting for Public Moneys.*

- (1.) Receipts with printed consecutive numbers should be used.
- (2.) A receipt should be given for each payment.
- (3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.
- (4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo of the object for which payment was made ; and it should be signed by the collector, and when payment is made in person, by the payer.
- (5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum or more is on hand.
- (6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

---

*Treasury Minute, May 23, 1890.*—The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows :—

#### *Revenue Audit.—General Regulations for the Outside Service.*

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to \$25 ; otherwise, whenever that sum is on hand ; and he shall furnish regularly to the proper department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department, when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance ; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicabe to each department be submitted to the Board for approval.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

## TREASURY BOARD CORRESPONDENCE.

### Advances for Travelling Expenses.

AUDIT OFFICE, OTTAWA, March 4, 1895.

SIR,—I send you herewith a recommendation with reference to advances for travelling expenses. The recommendation is framed so that if adopted it will put an end to the system of making considerable advances to persons for travelling expenses, before it is expected by the persons that the money is to be required for the purpose.

In some cases an advance has been obtained at the beginning of the fiscal year, the travelling expenses of the whole year have been less than the advance, the unused amount has been deposited at the end of the year, the same advance has been received at the beginning of the next fiscal year, and a repetition of the previous year's proceedings has taken place, and so on year after year. The argument usually given for seeking the advance is that it may be necessary to start on a journey after office hours, and when therefore the cheque of the accountant of contingencies cannot be obtained. If a considerable advance of government money is to be secure it should be in a bank. Now the cheque of the accountant of contingencies can be obtained until 4 o'clock while banks close at 3 o'clock and a government cheque may always be cashed at a hotel or ticket office.

I need not enlarge on the reasons, in the interest of the government and of the public servant, against the public servant retaining public money in his hands unless it is required for immediate public use.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 4, 1895.

SIR,—I have the honour to recommend that advances for travelling expenses from the appropriations for Civil Government Contingencies be made only for a trip contemplated at the time of applying for the particular advance after any advance for a previous trip has been fully accounted for, and be subject to the existing regulation of the board, viz.:—

“All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip and the officer shall render to the Department of Finance a detailed statement of such travelling expenses.”

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

### Advances for Petty Cash.

AUDIT OFFICE, March 5, 1895.

SIR,—I have the honour to recommend that the regulation which authorises the advance to any department by the Accountant of Contingencies of two hundred dollars for petty cash be revoked, and that the Accountant of Contingencies be authorised to advance at the beginning of each fiscal year to each department a round sum, as near as possible to the average monthly expenditure of the particular department, and to repay to each department from time to time during the fiscal year, as its advance becomes nearly exhausted, the amount of its disbursements, and that the department at the end of the fiscal year deposit the advance to the credit of the Receiver General.

## Auditor General's Report.

---

Two hundred dollars would be sufficient for petty cash for more than two years in this office. I understand that it is not often that any department requires more than \$50 for a month. If from any special necessity the advance does not carry the department over the month repayment of disbursements may be made earlier.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

### Public Works—Extra Clerks.

TREASURY BOARD, OTTAWA, 8th February, 1895.

SIR,—I have your letter of this day's date, inclosing copies of two letters addressed by you to the Public Works Department, concerning the charging of extra clerks to other votes than those specially provided therefor, and requesting me to bring the subject to the attention of the Treasury Board. In reply I beg to say that I shall comply with your request. Would you be good enough to let me know under what section of the Audit Act you wish to submit this correspondence to the Treasury Board—this for my information in case I should be asked the question.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

---

AUDIT OFFICE, 8th February, 1895.

SIR,—In reply to your letter of this date, I beg to say, that the correspondence regarding the charging of Public Works extra clerks to other Votes than those specially provided therefor, is submitted to the Treasury Board under Section 47 of the Audit Act.

I am, sir, your obedient servant,

J. M. COURTNEY, Esq.,  
Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

---

TREASURY BOARD, OTTAWA, 4th March, 1895.

SIR,—I have the honour to advise you that your communication of 8th ult., in reference to the salaries of extra clerks in the Department of Public Works being charged to wrong Votes has, at his request, been referred to the Minister of Public Works, a member of the Treasury Board, who said he would settle the matter directly with your office.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

J. M. COURTNEY, *Secretary, Treasury Board.*

### Arrears due to the Department of Militia and Defence.

AUDIT OFFICE, OTTAWA, 4th March, 1895.

SIR,—I beg to enclose herewith, for submission to the Treasury Board, a copy of the statement of arrears due to the Department of Militia and Defence as published in the Audit Report of 1891-92; also a copy of the correspondence in reference thereto. No statement was furnished last year nor this year.

I am, sir, your obedient servant.

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

### Revenue Audit.

AUDIT OFFICE, OTTAWA, October 2, 1895.

SIR,—In accordance with the Treasury Minutes of May 23, 1890, I wrote you May 12, 1893, enclosing copies of the forms used by the several departments and their agents in accounting for the revenue, and attached to the forms of each department a memorandum showing the nature and extent of the audit applied.

I have not since been informed what action was taken by the Board in reference thereto.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 2, 1895.

SIR,—I wrote you June 28, 1893, enclosing a draft of general regulations in reference to Revenue Audit for the approval of the Treasury Board, and suggesting, if these regulations were adopted, that the minutes of December 30, 1889 and May 23, 1890, should be repealed.

I have not since been informed what action was taken by the Board in reference thereto.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

### Deficiencies at Distilleries.

AUDIT OFFICE, OTTAWA, November 15, 1895.

SIR,—On February 20, 1894, the Department of Inland Revenue issued circular G. 412 and on March 6 following, circular G. 412a, amending the regulations as to the testing for duty on spirits. These circulars direct that all future tests for duty should be figured at a temperature of 40 deg. F. and that the tests made since the previous July 1st, 1891—the date when the determination of duty by weight became compulsory, should be amended in accordance.

I received a few days ago, papers showing the reductions made through the effect of these circulars for the year 1891-92, 1892-93, and part of 1893-94, and I enclose herewith a statement of the results and of the corresponding diminution of the revenue. (see statement, page T—106.) After the date of the circulars the tests were figured at a temperature of 40 deg. F. and the effect of the new regulations cannot be definitely fixed, but the result is evident from the reduced amount of the deficiencies, and the fact that a surplus is in some cases produced.

Previous to the issuance of the circulars, several distillers had paid duty on the differences of 1891-92, and to these the same quantity of spirits was issued duty free.

The result of figuring the tests for duty at 40 deg. F. in several cases changed the deficiency into a surplus, which by direction of the Commissioner was carried to debit of stock book.

I questioned at the time the authority of the department to issue these circulars, and the Commissioner stated that the verbal opinion of the late Minister of Justice, that the authority rested with the department, had been given.

I inclose herewith copies of the circulars and correspondence in reference hereto.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, Dec. 4, 1895.

SIR,—Referring to previous correspondence on the subject, I have the honour to inform you that by direction of the Treasurer Board the matter in reference to deficiencies at distilleries has been referred to the Department of Justice for opinion.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T. B.

J. L. McDOUGALL,  
*Auditor General.*

*Explanations by Deputy Minister of Railways and Canals.—(a) Over-estimated by amount in which appropriation exceeds expenditure. (b) The work was not prosecuted with the vigour expected. (c) Land claims remained unsettled at end of year. (d) The work was not proceeded with. (e) Fortunately, no such service required during the year.*

NOTE—With reference to the exception, in 1892-93, of certain pay-lists for Ottawa Repairs and Manitoba Dredging from any certificate of correctness (as explained on page A—55 of 1892-93), the information asked for by this Office has not yet been obtained. The refusal to certify these items as correct charges against the Appropriations is, therefore, still maintained.

J. W. REID.

Special provision was made in the Supply Act for 1893-94 that the amount granted for the Government of the North-west Territories should not be deemed to have lapsed if not expended within the year for which they were granted. The balances unexpended could not be determined when the estimates were framed for 1894-95, so that the appropriations were over estimated. The following are the explanations of the differences between the balance unexpended, in each case, in 1893-94, and the grant not used on 30th June, 1895.

a. Amount over estimated.

b. The schools in some of the districts are very remote and the means of communication so difficult that returns do not reach Regina until long after the end of the fiscal year. It is probable therefore that a considerable portion of the grant not used on the 30th June, 1895, may be required.

c. Over-estimate for salaries of caretakers of court-houses, and books for library of court-house at Regina.

d. Mr. Scott, who held this office, was made a judge and his successor was appointed at a lower salary on 1st October, 1894.

e. Surplus caused by deduction of \$497.35 made from the salary of T. A. McLean, and less was required for contingencies than the sum estimated.

f. The maintenance and transport of lunatics was less than the amount estimated. It is difficult to estimate exactly the requirement for this service.

g. Amount required was over-estimated.

\* Sec. 4 of Supply Bill provides that any amount unexpended shall be deemed not to have lapsed. This amount is available for expenditure of 1895-96.

*a* The expenditure in connection with the preventive service was less than estimated.

*b* The number of lunatics to be cared for in 1894-95 was less than estimated.

*c* In framing the estimates for 1894-95 an amount was put in, sufficient to cover the cost of appeal in a certain case of litigation. The appeal, however, was not made and the money was not required.

\* Intended to have been charged against Supplementary Votes of 1893-94.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,  
*Auditor General.*

Examined,  
• FREDERICK HAYTER.

*Explanations by Deputy Minister of Railways and Canals.*

- a* Caused by legal expenses connected with Exchequer Court awards.  
*b* Over-estimated by amount in which appropriation exceeds expenditure.  
*c* Not in excess of appropriation, but merely brought about by distribution of appropriation for "costs of litigation."  
*d* Position of Superintending Engineer vacant.  
*e* Canal abandoned within the year.  
*f* Working-staff not engaged during time canal was closed.  
*g* The work was not prosecuted with the vigour expected.  
*h* Canal staff not organized as early as expected.  
*i* The work was not proceeded with.  
*j* Fortunately no necessity to use the appropriation.

COLLINGWOOD SCHREIBER,  
*Deputy Minister.*

### Departmental Services paid from Quarantine.

DEPARTMENT OF AGRICULTURE, OTTAWA, August 12, 1895.

SIR,—I have the honour to request that you will kindly cause a transfer to be made from the \$21,000 vote, 1894-95 of \$861.85 to Civil Government Contingencies—Salaries—1894-95.

I am, sir, your obedient servant,

The Auditor General.

H. B. SMALL, *Secy. Dept. Agr.*

AUDIT OFFICE, OTTAWA, August 14, 1895.

SIR,—With reference to your letter of the 12th instant, requesting that a transfer be made from the \$21,000 vote, 1894-95, of \$861.85 to Civil Government Contingencies—Salaries—1894-95, I have to ask you to be good enough to give further particulars.

I have no authority to transfer part of a vote to another vote, but if the expenditure was charged to a wrong appropriation, it may be transferred to the proper appropriation.

I am, sir, your obedient servant.

The Secretary, Agriculture Department.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, August 22, 1895.

SIR,—With reference to a question in your letter of the 14th instant, addressed to the secretary of this department, in which you ask for an explanation respecting a requested transfer of \$861.85, I have to inform you that the circumstances are as follows :—

An Order in Council was passed on the 11th of September last, directing a payment to Mr. Toker of \$887.50 from the vote for contingencies for 1893-94.

Objection was raised by you to give effect to that Order in Council, and, *comme suite* of correspondence, at your request, an appeal was made to the Treasury Board.

Mr. Courtney replied that at that time the accounts for the contingencies for 1893-94 were so far closed that it would be impossible to open them for any reason whatever, and it would, therefore, be useless to decide the merits of the points in appeal to the Treasury Board, and respecting which I had a personal interview with you in your office.

It was accordingly suggested that an Order in Council should be passed to pay the amount in question, in view of the actual circumstances, from the vote for "Unforeseen Expenses." Such Order was accordingly passed on July 27 last.

It had occurred that Mr. Hayes, accountant of contingencies, who had officially communicated your views to the department, was requested by official letter, on October 18th last, to inform this department whether the transfer directed by the Order in Council of September 11th had been made. No answer to this official request was afforded, but at the close of June, a day or two before the time to issue the cheques to the clerks paid from contingencies, an informal message was sent to Mr. Chittick, the acting accountant, notifying him that we had only a little over \$100 to the credit of contingencies for clerical assistance. This department was in this way for the first time furnished with information that you had continued to refuse to give effect to the Order in Council above referred to. It was on this point that I had an interview with you when you requested the appeal above-mentioned, to determine the point of interpretation.

In this position, on the suggestion of Mr. Chittick, an advance of \$861.85 was made from the Quarantine vote of \$21,000 to pay the extra clerks' salaries for June, with the intention of requesting a transfer for repayment so soon as the appropriation for "Unforeseen Expenditure" by the Order of July 27 was passed.

That Order has now been passed, and the request to you is simply to make a transfer to adjust the accounts and to enable us to repay to the \$21,000 vote referred to the

amount borrowed from it for the payment of the June salaries, the difficulty of the situation in the first place arising from the absence of a reply to the question to the accountant of contingencies above referred to, in October last.

The Auditor General.

J. LOWE, *D.M.A.*

---

AUDIT OFFICE, OTTAWA, September 11, 1895.

SIR,—In acknowledging the receipt of your letter of August 22nd containing the particulars upon which your application of August 12th for a transfer from the Quarantine Vote of \$21,000 to Civil Government Contingencies, clerical assistance, is based, I have the honour to state that in view of the circumstances that lead you to apply for a transfer I cannot see my way clear to passing such transfer without further explanation.

The circumstances are these: Payments of money by the issue of cheques signed by the Deputy and countersigned by the acting Accountant of your department were made for which there was no authority, parliamentary or otherwise, and with a knowledge that there was no money at that time available for the services for which these payments were made. This directs attention to the merits of the certificates attached to the various vouchers in connection with these payments and to the application and monthly statement of cheques upon which the bank is repaid.

Please say what in your opinion justified the course taken.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

---

DEPT. OF AGRICULTURE, OTTAWA, September 16, 1895.

SIR,—I have to make to you the following representations, in reply to your letter of the 11th instant, on the subject of a transfer from the Quarantine Vote to Civil Government Contingencies. You state:—

“The circumstances are these: Payments of money by the issue of cheques signed by the Deputy and countersigned by the acting Accountant of your department were made for which there was no authority, parliamentary or otherwise, and with a knowledge that there was no money at that time available for the services payments were made.”

I have to say your statement that there was “no authority, parliamentary or otherwise,” for making these payments is wholly without foundation in truth. The payments made were for salaries of extra clerks, in the month of June, and the authority for the payment was an Order in Council; a copy of which was in your possession when you made this allegation.

As respects your statement that the payments were made “with a knowledge that there was no money at that time available for the services;” the facts are as follow: This department had appropriation for the June salaries in question (\$861.85) and the acting Accountant was working well within the limit of his credit. But it was intimated to him by the Accountant of Contingencies, in the very last days of June, at the time of paying the salaries, by an informal message, that the department had only a little over \$100 at its credit, for the clerical services in question.

An inquiry elicited the fact that you had charged to the contingencies appropriation of this department for 1894-95 an item of \$887.50, which was never intended and not authorized to be so charged, for special statistical services of Mr. Toker, which were authorized by the minister under the Statistical Act, and subsequently approved and directed by an Order in Council to be charged to the contingencies for 1893-94, which vote had been strengthened by a special appropriation voted as a supplementary estimate, which enabled it to bear this special charge.

My sense of this situation and of the necessity to keep faith with the extra clerks by paying them the money they had earned, was such, that I immediately went over to see you for the purpose of personal explanation. I did not think, after seeing you, that the position you had assumed could be sustained; and you told me if you were overruled in an appeal to the Treasury Board you would make the transfer I desired, an action which would simply have given effect to the explicit direction of an Order in Council to charge the item (for payment to Mr. Toker) to the contingencies of 1893-94. With that done the credit would have been ample for the June salaries in question.

And here let me say, but on this I do not insist in view of the statements in your letter, although my impression is very clear, that you agreed with me, in that conversation, the clerks should then be paid; and that you would make the transfer I desired, after the appeal, if so ordered.

I further pointed out to you at that interview, as I had done in writing, that when you first raised a difficulty about making the transfer directed by the Order in Council, I wrote officially, after making representation of the facts, to ask to be informed whether the transfer had been made. To this request, which I was entitled to make for information necessary for guidance of the department, I received neither acknowledgment nor reply. Had the practice of ordinary business routine of information of the fact been afforded, I should have known what to do and this correspondence might have been quite unnecessary.

Appeal to the Treasury Board, as you desired, on the issues between us was made; but the Secretary of the Board, on July 17th, wrote to me to the effect that as the accounts for 1893-94 had been absolutely closed, there could be no use in discussing the question of a transfer which could not possibly be made. I had not at all looked into this point. I took your suggestion that appeal was open, to be of course.

In these circumstances it was suggested that a special Order in Council should be passed, which was done, to allocate \$887 (amount of Mr. Toker's salary) from the vote for "Unforeseen Expenses" of 1894-95 to Civil Government Contingencies for clerical and other assistance in this department.

What is wanted is that this specific allocation shall cover the amount temporarily drawn for the June salaries from the Quarantine Vote, in the place of a transfer from the lapsed contingencies of 1893-94, as was first intended.

What was done, as I understand it to be the intention of your letter to object to, was to use temporarily in the circumstances above stated, and for the occasion of which your action was responsible, a credit from one of the votes passed for carrying on the operations of this department, until replaced, (by provision of the Order in Council last mentioned) in precisely the same way as the custom, until a very recent period in use in common, and as a matter of course, bracketed votes passed for the service of the department; a custom, however, now no longer followed.

As respects the expression in your letter, "this directs attention to the merits of the certificates attached to the various vouchers, &c.," I do not understand what you mean. But if you have any remarks to make respecting any certificates given by any of the officers of this department, I should be obliged if you would furnish me with them.

In your concluding sentence you ask my "opinion" of the "course taken." It is that a more perfect elementary knowledge of facts, with respect for truth, before remarks of the character of those referred to in this letter are indulged in, would render unnecessary a good deal of correspondence; and at the same time make the public service more efficient and respectable.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—I have the following to say in reply to your letter of the 16th of September, regarding the unauthorized payments made by your department from the quarantine vote of \$21,000.

## Auditor General's Report—Part B

---

You take exception to my statement that there was no authority, parliamentary or otherwise, and cite the Order in Council which fixed the amounts which the clerks should receive and did nothing else, as evidence against my statement; but you forget that I do not question that the money was due to the clerks. What I do question is the paying the amounts from an appropriation provided by parliament for a service which had not even the most remote connection with that performed by the clerks whose payments are being considered.

You say that your sense of the situation and of the necessity to keep faith with the extra clerks by paying them the money they had earned, &c.

I admit that it is unpleasant to feel that there is work that ought to be done in the interest of the country, and to know that there are no appropriate funds to pay for the doing of the work, but it appears to me that in such a case all that can be done is to throw the responsibility upon some other person, which can always be fairly done if the proper representations have been made in due time, and leave the work undone until appropriate moneys are available, or make some other employees bring up the arrears.

With reference to my neglecting to reply to your letter, I have endeavoured to reply with reasonable promptitude to material points when they were urged.

At the end of your letter my objection is correctly stated. I object to the temporary use, even if my action was responsible for the requirement, which it was not, of an appropriation for one purpose when it was intended for a distinct and quite different purpose.

You remind me that there was years ago a regulation which permitted the use in common of bracketed votes. You make no pretense that such a regulation exist now. If it does not exist now what object is there in quoting its past existence? Then, you may recollect that civil government contingencies were never bracketed with quarantine, and could not be under our system of preparing the estimates, the contingencies of all the departments going together and being therefore in a separate vote from the ordinary votes of a department.

What I wished to make clear was that, while those who have the very great responsibility of paying under general credits the large sums required for the public services managed by a department cannot fail to make mistakes which must be excused, I could not assume the responsibility of continuing to take my part in the issuing of credits to a department which persists in maintaining that money voted by Parliament for a specific purpose can be used for whatever other object the department may find it convenient to use it.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

---

DEPARTMENT OF AGRICULTURE, OTTAWA, 30th November, 1995.

SIR,—On a consideration of the statements in your letter of the 18th inst., respecting a payment to clerks from the Quarantine Vote, I desire further to say:—

You tell me in reply to a remark of mine to you that I forgot you did not question the money was due to the clerks in question. I simply replied to the exact and unqualified words you used in relation to those payments which were that “there was no authority parliamentary or otherwise” for them. I did not go beyond the plain import of your words in my reply, however much I may have thought you could not have meant what was written.

You tell me that when “there is work that ought to be done and in the interest of the country” and when “there is no appropriate funds to pay for the doing of the work” the proper course is to leave the work undone until appropriate moneys are available.

In reply I have to say, as respects this valuable advice, it has unfortunately no relation whatever to the facts in issue.

One point of my remarks was when I officially asked whether the direction of an Order in Council which had been passed to place the department in position to make

the payments referred to, had been carried out, I received no answer to a question which I was entitled to ask for the guidance of the department until the end of June, and even then in an informal way when the information was of no use; the answer, moreover, being in the negative, while I was naturally under the impression that such order, passed to make available the necessary funds, had been obeyed.

You then told me to appeal to the Treasury Board, at a time, when, I was subsequently informed, there could be no such appeal for the reason that the accounts in question had been absolutely closed and could not then be reopened.

And in your letter you entirely omit to notice that a subsequent Order in Council was passed to make an allocation (in the circumstances owing to neglect to answer an ordinary business question), from Unforeseen Expenditure, to be transferred to the Civil Government Contingencies of this department, to cover the salaries of the clerks, and in virtue of which I requested repayment, by transfer, of the amount which had been drawn from a vote which was available for paying salaries, in a department where the services of clerks are necessarily largely interchangeable.

You furnish me with the following remarks:—

“You remind me that there was years ago a regulation which permitted the use in common of bracketed votes. You make no pretense that such a regulation exists now. If it does not exist now what object is there in quoting its past existence? Then, you may recollect that Civil Government Contingencies were never bracketed with Quarantine, and could not be under our system of preparing the estimates, the contingencies of all the departments going together and being, therefore, in a separate vote from the ordinary votes of a department.”

I reply that the whole of this paragraph is an entire misrepresentation and perversion of the meaning of the remarks in my letter, which was intended to explain that the payment in question was only temporarily made from a vote available for paying salaries of extra employes, whose services, I repeat, were necessarily interchangeable in the circumstances of this department. I did not say the quarantine vote could be bracketed with the Civil Government Contingencies; nor that any votes could be bracketed. The sense of my letter was the contrary. The main object of it was to ask you to make a transfer to remove a charge from a vote which had been used for a temporary credit, and to place a special credit to Civil Government Contingencies, to enable which a special allocation had been made from unforeseen expenses by Order in Council.

That was the whole of the request.

And the whole of this correspondence has taken place on so simple a matter.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

### Departmental Services paid from Criminal Statistics.

AUDIT OFFICE, OTTAWA, October 12, 1895.

SIR,—In my examination of the vouchers in connection with the vote for Criminal Statistics for 1894-95, I notice that cheques Nos. 4837, 4838 and 4839 issued in July to T. H. Morgan, T. B. Bassett and R. E. Armstrong were for services in January, 1895. Please let me have your reasons for considering these services a charge upon that vote and for the delay in payment, the payments for subsequent months' services having in the meantime been promptly made to them.

I have not received any vouchers for the issue of cheques Nos. 4923 and 4924 to F. W. Lee and A. Desjardins for services charged to “Parliamentary Returns.” An Order in Council is necessary for an allocation of the amount of the cheques from the special vote of Parliament for the preparation of returns to be placed at your disposal before you can put any charges upon that vote.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part B

DEPT. OF AGRICULTURE, OTTAWA, October 19, 1895.

SIR,—I have to acknowledge your letter of the 12th instant on the subjects,

*First.*—Of payments made to Messrs. T. H. Morgan, T. B. Bassett and R. E. Armstrong for services in the month of January last.

I have to explain that it was intended to ask for a special vote for the payment of these three extra clerks for that month in the same way as in former years, in consequence of an objection made by you to pay them for more than a given number of continuous months from the Civil Government contingencies. Owing to an accidental omission such application was not made. It was in consequence decided on my recommendation, in the circumstances, after the close of the session, by the Minister, in view of the necessary and large extent to which the services of clerks are interchangeable in the several divisions of this department, to meet the claims of the three clerks in question for services rendered in the department by charging them to a vote from which clerical services are to some extent payable and at the credit of which there was a balance. Until a very recent period this interchangeability of the services of clerks in the department was held to be a reason why all votes from which clerical services were payable should be held to be common for that purpose, making all departmental votes in this position "bracketed" for the common service, but this practice has for some three or four years past been stopped. The very special exception above referred to was only made in the circumstances stated, as the only mode by which these three clerks could be paid for services rendered, which were necessary for the service of the department.

*Second.*—You state you have not received vouchers for the issue of cheques Nos. 4923 and 4924 to F. W. Lee and A. Desjardins for services charged to parliamentary returns.

The vouchers were sent attached to the report for an Order in Council.

You further state that an Order in Council is necessary for an allocation of the amount of these cheques from the special vote of Parliament for returns. The department was so fully aware of this that it obtained an Order in Council for the payments before the cheques were issued, and a copy of that order, on official requisition of this department, was furnished to you by the clerk of the Privy Council. It was, I understand, in your possession at the time your remark was written.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—In reply to your letter of the 19th ult., regarding the payments to Messrs. T. H. Morgan, T. B. Bassett and R. E. Armstrong, let me say that my objection to paying extra clerks, who have not passed the qualifying examination, without a break in the service of a month at least, is not affected in any way by the vote from which they are paid. You will recollect, I think, that in my opinion it holds even when parliamentary authority has been obtained to pay for the one month's service. In my view the authorizing of the one month's service authorizes nothing more, and does not weaken in any way the application of the clause in the Civil Service Act, which makes it incumbent upon the person who has been employed for technical services to go up to the first examination, if his services continue up to the time of such examination.

I have referred sufficiently to the defunct bracketing regulation in another letter of this date.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

### Accounts of Extra Clerks not properly certified.

AUDIT OFFICE, OTTAWA, May 14, 1895.

SIR,—Let me call your attention to the payments made to the extra clerks of your department to April 30, 1895, and charged to the Votes Census, General Statistics Services preparing returns for Parliament. With the exception of the statement of the August accounts of Mrs. M. Howe, E. Chateauvert and W. T. Mason, there are no certificates of attendance, as required by the Treasury Minute of October 2, 1891, and not one of the accounts has a certificate that the employees have been performing special or technical work for which they were engaged and for which they are paid.

Please send me the accounts upon which these cheques were issued :

No. 2403—W. T. Mason, \$715	(Census).
2404—E. Chateauvert, \$715	do
2405—Mrs. Howe, \$572	do
Each for services, 11 months to June 30th, 1894 ; and No. 3448—C. Cliffe, \$79.24	do
Balance of account in full.	

I return herewith all the accounts for extra services, as above, sent to this office. Please amend by adding the missing certificates.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPARTMENT OF AGRICULTURE, OTTAWA, June 6, 1895.

SIR,—In compliance with the request in your letter of the 14th ultimo, I send to you herewith the particulars and certificates required with respect to the extra clerks therein referred to.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

AUDIT OFFICE, OTTAWA, July 22, 1895.

SIR,—In my letter of May 14th, 1895, I called your attention to the absence of proper certificates on the accounts to April 30th of the extra clerks of your department, charged to special votes. The payments for May and June are unsupported by accounts of any kind with the exception of those made to Mrs. Howe, E. Chateauvert and W. T. Mason. These I inclose for the necessary certificates of attendance and performance of special work. Please furnish this office with properly certified accounts for the payments made to R. E. Watts, C. Ross, J. R. Munro, M. Casey, M. J. Martineau and J. B. LePage for May and June.

Cheque 2850 to W. T. Mason for \$43.50, charged to "Census" for services in April, July and August, 1892, requires some explanation of the delay in payment.

I have not yet received any account for the payment by cheque 3448 to C. Cliffe of \$79.24.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, August 24, 1895.

SIR,—As requested in your letter of the 22nd inst., I send to you herewith an amended certificate for the account of Mr. Howe and Messrs. Chateauvert and W. T. Mason. There is no objection to give the additional certificate you desire, but permit me to say that the number of days' work done in each case was stated in the account as first sent, which is all that is required under the "Census Act."

## Auditor General's Report—Part B

A certified pay list for Messrs. Watts, Munro, Lepage, and Misses Casey, Ross and Martineau, is sent herewith.

As respects the item of \$43.50 to Mr. Mason, charged to Census, the services were rendered at the times stated and the account not previously paid.

As respects the item of \$79.24 paid to Mr. C. Cliffe for Census service, I have to inform you that it is a balance of an account held in abeyance and paid by order of the Minister on subsequent satisfactory representations furnished. The Accountant of this department states you have the account in possession.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

### Petty cash advance not used.

AUDIT OFFICE, OTTAWA, October 26, 1895.

SIR,—I notice in the charges against your vote of \$21,000 to meet expenses of precautionary measures to prevent entry of small-pox in unorganized districts, an amount of \$25.00 paid to A. E. Powell on December 14, 1894, on account of petty expenses. This office has as yet received no vouchers in connection with this advance. Please send them at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, October 31, 1895.

SIR,—In reply to your letter of the 26th inst., respecting an amount of \$25 to Mr. A. C. Powell, on December 4th, 1894, on account of petty expenses, I have to state that the amount in question was refunded to the credit of the \$21,000 to meet expenses of precautionary measures to prevent entry of small-pox in unorganized districts. The department has, therefore, no voucher.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

### Duplicate Payment for Same Service.

AUDIT OFFICE, OTTAWA, October 28, 1895.

SIR,—Let me call your attention to the accounts of Spratt's Wharf for wharfage at Victoria, B.C. The account of June 1st, 1895, paid by cheque No. 5,244 is made up as follows:—

Wharfage, 7 days at 50c.....	\$ 3.50
Water, 1,500 gallons.....	1.50
Account rendered Dec., 1894.....	7.50
do            Jany., 1895.....	2.50
	<hr/>
	\$15.00

The latter two items evidently refer to the December and January accounts of \$7.50 and \$2.50 paid by cheque No. 4,238.

I enclose the accounts for an explanation.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

**Arrears at Ste. Hyacinthe, 1892-93 and 1893-94.**

AUDIT OFFICE, OTTAWA, September 10th, 1895.

SIR,—From an examination of the vouchers and statements to June 30th, 1894, submitted by J. D. Leclair, superintendent of the St. Hyacinthe Dairy School, I find an amount of \$713.48 due your department, being the excess of the amount of his advances from Ottawa, together with the revenue from sales of butter, cheese, &c., over his expenditure.

Please see that Mr. Leclair accounts for this balance either by a statement of expenditure covering the amount or by a deposit to the credit of the Receiver General.

You will perhaps see your way to explaining to Mr. Leclair, and any of your other officials who require to have government money in their hands, that such money should always be limited to immediate requirements.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, 11 September, 1895.

SIR,—I have to acknowledge your letter of the 10th instant, relating to an item of an advance to Mr. J. D. Leclair, superintendent, St. Hyacinthe Dairy School. The inquiry in your letter will be referred to the Dairy Commissioner for his report and action in the matter so soon as he returns to the seat of government.

I am, sir, your obedient servant,

The Auditor General.

**Account of Dairy Sales, not yet Closed.**

AUDIT OFFICE, OTTAWA, December 2nd, 1895.

SIR,—I beg to point out that I have not yet received account of all the proceeds which go to the Government, of the sales of the cheese and butter on which advances were made from the appropriation for 1894-95.

I should be glad to get a full explanation of how the matter stands at your early convenience, so as to be able to insert it in the report of this office which is now preparing.

You remember that the whole advances are to be repaid. I observe that the maintenance appropriation for the dairying service is overdrawn. The explanation should cover this point also.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, December 11th, 1895.

SIR,—I have to acknowledge your letter of the 2nd inst., on the subject of the proceeds which go to the Government, of the sales of the cheese and butter on which advances were made from the appropriation for 1894-95.

In reply I have to inform you that your letter was referred to the Dairy Commissioner, who has furnished a report in answer, a copy of which I enclose to you herewith for your information. I trust this may prove satisfactory.

I am, sir, your obedient servant,

The Auditor General.

## Auditor General's Report—Part B

---

CENTRAL EXPERIMENTAL FARM, OTTAWA, December 9th, 1895.

SIR,—I have the honour to acknowledge receipt, through your Department, of a communication of 2nd December from the Auditor General, asking for an explanation why the whole amount of the advance paid to the patrons of the Experimental dairy stations from the appropriation for 1894-95 have not yet been repaid to the credit of the Receiver General.

Owing to the unusually low prices which were obtainable for cheese and butter during the summer, I decided that it would be to the advantage of the patrons who supplied milk to the dairy stations, to hold the cheese, and some of the butter, in cold storage warehouse suitable for their preservation. The main parts of the products so held is cheese manufactured in Prince Edward Island. The latest shipments of cheese from Prince Edward Island were received at Montreal only the week before navigation closed at that port. Since the close of navigation, the demand for finest cheese has been quiet and may be expected to continue so until after New Year's. The prices are now much higher than could have been obtained during the summer.

All the expenses of carrying the cheese are to be deducted from the proceeds from sales before the balances then due to the patrons are distributed to them. The holding of the cheese has not caused any loss or expense to the Government ; and it will procure for the farmers a higher net price for their products.

The cheese and butter are stored in the warehouse of the Montreal Cold Storage and Freezing Co., St. Paul St., Montreal, and at Nappan dairy station, at Nappan, N.S.

When the cheese and butter are sold, the whole amount of advances will be repaid to the credit of the Receiver General. This will not likely be later than the end of January, 1896.

The vote for maintenance of the Dairying Service for 1894-95 was overdrawn by the charging to that vote items of expenditure which might have been charged to the vote for 1895-96. The amount overdrawn on the vote for 1894-95 may be transferred against the vote for maintenance for 1895-96 ; and the expenditure for the two years, 1894-95 and 1895-96, taken together, will be within the appropriations for the two years.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

## Auditor General's Report—Part B

### Re Cattle Inspection Revenue

AUDIT OFFICE, OTTAWA, July 23, 1895.

SIR,—In the accounts of 1893–94 all expenditure for cattle quarantine was charged to the appropriation, with the exception (1st) of the expenditure at Windsor, which was repaid by the railway companies; and (2nd) the amounts repaid certain inspectors, being their collections.

In the accounts of 1894–95 you have charged against revenue considerable expenditure, such as the expenditure by the North-west Mounted Police, the expenses of M. Young, part of the salary of D. H. McFadden, &c.

This proceeding seems to me to be directly contrary to section 31 of the Audit Act. This section provides that when money has been expended out of the proceeds of any accountable credit, for any purpose for which there is no legislative authority or beyond the amount for which there is authority, it shall be my duty to report the same to the Governor in Council.

I will defer doing so for a few days, awaiting any explanation you may desire to give.

I have also to state that this expenditure should, so far as I can now see, be transferred to the debit of the vote, though the vote would thereby be over-expanded. I have to request you to make application for the transfer.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G

DEPARTMENT OF AGRICULTURE, OTTAWA, July 31, 1895.

SIR,—I have to acknowledge your letter of the 23rd instant, on the subject of expenditure by this department for defraying the expenses of inspections of cattle entering in Manitoba and the North-west Territories.

You state the subject to have reference to "cattle inspection revenue." I am not aware of the existence of any "cattle inspection revenue," properly so called.

I beg to state for your information that the fees in question are collected in virtue of a general Order in Council, passed in 1884, and reaffirmed by a general Order in 1887, which forms part of chapter 7 of the Consolidated Orders in Council of Canada, and of a subsequent amendment thereto.

The regulation relating to the inspection and quarantine of animals in Manitoba, the North-west Territories and British Columbia, subsection 12 of section 54, under the head of "neat cattle," is in the following words:—

"12. The importer of neat cattle, whether for stock or breeding purposes, or in transit, shall pay a fee graded on a scale hereto annexed, to the Customs officer or other person duly authorized to act as such for defraying the expenses of such inspection, that is to say:—"

(Here follows the table of inspection fees.)

Subsection 14, under the head of "horses and mules," reads:

"14. The following is a scale of fees payable by the owner or importer for the purpose of defraying the expenses of such inspection."

(Here follows the scale of fees for horses and mules.)

Subsection 16, section 56, under the head of "Sheep," reads:

"16. The following is a scale of fees payable by the owner or importer for the purpose of defraying the expenses of such inspection."

(Here follows the scale of fees for sheep.)

Under the head of "Swine," subsection 18, section 57, is the following:—

"18. The fees for the inspection of swine shall be the same as those for the inspection of sheep, as defined in paragraph 16 of these regulations."

A supplementary Order was passed in 1890, relating to the fees to be collected for the inspection of "neat cattle" entering the province of British Columbia, such table having been omitted in previous years. It contains the following words:—

"His Excellency is further pleased to order that the fees payable for the inspection of such cattle in British Columbia, for defraying the expenses of inspection, shall be the same as in Manitoba, namely:—"

(Here follows the table of fees.)

These are the literal terms of the Orders under which the inspection fees are collected, not for "revenue," but for the special and simple purpose named by the Orders in Council referred to, "for defraying the expenses of the inspection." There is no ambiguity nor doubt as to the meaning of the terms used. I can also state there was certainly none as to the intention in framing them.

The practice under these Orders, from the year in which the first was passed (1884), has been uniform and undoubted; and such practice was established by a distinct agreement made by this department with the Auditor General as to the mode of carrying it out. Very considerable amounts of such fees year by year during a period of eleven years, have been collected, deposited to the credit of the Receiver General, and subsequently paid by cheque to the inspectors for salary and expenses.

You state that this department, in the accounts of 1894-95, has charged against revenue, expenditure by the North west Mounted Police, the expenditure of M. Young, part of the salary of D. H. McFadden, &c., and that you consider this proceeding to be contrary to section 31 of the Audit Act. Mr. McFadden is veterinary inspector of animals entering Manitoba. His salary, by special arrangement is payable partly by fees. The salary and expenses of Mr. Young are wholly and only payable by fees. He gets no pay if there are no inspections; and the amounts paid to the North-west Mounted Police from the fees collected in the service were wholly for "defraying the expenses" incident to it. I find that all these payments, therefore, are strictly within the definitions of the Orders in Council in virtue of which the fees in question are collected.

You refer to section 31 of the Audit Act, but I cannot see that the fees in question, in view of the definitions of the Orders under which they are collected, are "public money" in the sense of the meaning of the term in that section, which cannot be paid without direct parliamentary appropriation. But, if there were any question of interpretation on this head, the responsibility of the action which has been taken rests on the Governor General in Council for framing and ordering the clear and intended definitions in the Quarantine Regulations in the sense I have stated, the action, moreover, resting on a uniform practice of eleven years.

An application, therefore, as you request, cannot, for the reasons stated, be made for a transfer warrant.

I have further to state that the arrangement in question and the definitions of the regulations quoted are wholly in the interests of the "taxpayer." The service in question is purely temporary, and may from circumstances at any time entirely cease, but while the regulations continue it must be performed. The cost of the service in some years has been very considerable, and in other years the amount has been small. But it has been and is in the interest of public economy that the expense should be met by charging a specific fee, which will cease with the extirpation of the contagious diseases against which the inspection with its attendant expenses are paid. There is reasonable expectation that these diseases will before long be extirpated under the methods at present being taken to secure that result. If an expensive establishment for "defraying the expenses" of the inspection were placed on the regular appropriations of the public money, there would be a large and permanent addition to the yearly amount voted for Quarantine, which could not be very readily got rid of when the fees from which it is now solely paid would cease to be collected.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

## Auditor General's Report—Part B

AUDIT OFFICE, OTTAWA, July 27, 1895.

SIR,—Deposits have come to account for Cattle Inspection Fees 1894-95 as follows :—

From Collector of Customs, Winnipeg—	
Fees on Inspections made by Inspectors McFadden, Young, Dann, Macdonald and Mounted Police Officials Joyce, Bird, Green, Haynes, McGinnis, Rudd, Walker and Chambers.	\$1,423 15
From Collector of Customs, Lethbridge—	
Fees on Inspections made by Inspectors Roussille, Dillon, Poett, Evans and North-west Officials at Macleod, St. Marys, Coutts and Maple Creek . . . . .	2,195 37
From Collector of Customs at Victoria—	
Fees on Inspections made by Inspector Blanchard . . . . .	575 64
From Collector of Customs, New Westminster—Name of Inspector not given . . . . .	470 74
	4,664 90

I received a few days ago from your department the following returns :—  
 Fees collected by Collector of Customs, Winnipeg for 11 months to May 31st.  
 Fees collected by Collector of Customs, Lethbridge for 12 months to June 30th.  
 Inspections made by Inspector McFadden for 10 months to April 30th  
 Inspections made by Inspector Young during July, August, September, October, November and April.

Inspections made by Inspector Dann, during September, October, November, December, March, April, May and June.

Inspections made by Inspector Macdonald during July and August.

Inspections made by Inspector Blanchard during July, August, September, October, December, January, February, March, April and May.

I wrote you October 25, 1894, calling attention to the necessity of having returns from each Collector and Inspector regularly each month. I have to request that the missing returns may be procured and forwarded as soon as possible.

None of the returns that have been received are certified, nor do they bear any evidence of having been examined in your department.

The returns of the collectors should contain a memorandum of deposits made in acquittance.

The return of the Collector of Customs at Lethbridge is not added up and seemingly the first three pages of it are missing.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, August 2, 1895.

SIR,—I have to acknowledge your letter of the 27th ult., on the subject of the audit of certificates of the inspection fees collected in Manitoba and the North-west.

I mentioned to you in a previous letter that these collections, by the terms of the Order in Council, are not made by this department but by the Customs Department. I find, therefore, that it is the responsibility of that department to answer the questions in your letter.

In so far as the remarks in your letter relate to a check being made by this department on the returns furnished by the Department of Customs, I have to state that such check will be made to the extent possible.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

AUDIT OFFICE, OTTAWA, August 1st, 1895.

SIR,—I have to submit the following observations on the expenditure in connection with cattle quarantine in so far as it affects the revenue :—

*Payments to Inspector McFadden.*—This Inspector's salary was increased from November 1, 1894, from \$600 to \$1,000. I have not been furnished with any Order in Council authorizing this increase. Information is required as to the item of \$200 paid him on account.

*Payments to Inspector Young.*—This Inspector's account commences with November, 1893. In the monthly statements rendered by Mr. Young he has entered his railway fares and hotel bills and his services at \$8 per day, and the fees arising from inspectors where no charges are made. In March, 1894, a payment was made to him of \$300 by cheque 1791 for which information is required. On October 4, 1894, a further payment was made of \$301.95 by cheque 3027, which covered Mr. Young's accounts as rendered from January 1 to September 1. In February, 1895, a further payment was made of \$221.20 by cheque 4113, which covered his account for September, October and November, 1894. In April, 1895, he was paid \$214.70, which covered the accounts of November and December, 1893, and the balance of the fees arising from inspections from that time to November, 1894. In the subsequent accounts he charges and has been paid his fees in addition to his services and expenses.

Was there any Order in Council authorizing this arrangement? As this is the only officer who is repaid his fees and expenses and in addition has his services paid for at the rate of \$8 per day, a full explanation should be given.

*Payments to N. W. M. P.* \$1,622.09.—No vouchers has been furnished,

*Payments to J. H. Wilson,* \$87.—No vouchers have been furnished.

*Payments to yourself,* \$24.60.—This is the balance of your account for travelling expenses, \$50 of which was charged to the vote for quarantine. The whole expenditure should be charged to Civil Government Contingencies.

*Payment to Department of Public Printing and Stationary,* \$3.97.—This item calls for no comment other than that it should be charged to the vote instead of to revenue.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, October 11, 1895.

SIR,—I have to inform you in reply to your letter of August 1 last, containing some enquiries relating to cattle inspection, that an earlier answer would have been afforded to the several questions therein, except for my temporary absence from the office.

(1) "*Payments to Inspector McFadden.*"

You state that you have not been furnished with any Order in Council authorizing the increase in Mr. D. H. McFadden's salary, at Emerson, from \$600 to \$1,000.

In reply I have to inform you that in making the appointment of a veterinary inspector at the Emerson Quarantine and directing the administration at that point, the Minister of Agriculture was authorized thereto by a general Order in Council dated September 10, 1884, and in view of the position and changing circumstances it was not at the time seen that any other course could be taken. In virtue of this Order Mr. D. H. McFadden was in the first place appointed by ministerial direction Inspector at \$100 per month. It subsequently happened, in consequence of the falling off in numbers of animals arriving that his salary was fixed at \$600 per annum or \$50 per month, which it was thought would be sufficient payment for his services at the time that direction was given. That amount was paid from the appropriation for quarantines. The Minister of Agriculture subsequently found, in order to adjust the pay to the services rendered that it was advisable to pay Mr. McFadden \$500 a year from the vote and \$500 from the fees collected for the special purpose of defraying the expenses of inspection of animals entering the country.

## Auditor General's Report—Part B

As respects your question why an Order in Council was not furnished authorizing this increase, I have to say in reply that such was not necessary. The Minister was sufficiently authorized by Order in Council to act, and, moreover, the administration with respect to allocating the fees collected for meeting the very temporary service of animal inspections is placed under the direction of the Minister of Agriculture by the terms of the regulations which are established by Order in Council, published in the *Canada Gazette* in virtue of the *Animal Contagious Disease Act*, and which have the force of law.

Salaries or parts of salaries payable from fees would immediately cease if the inspections were no longer required.

I inclose to you herewith a copy of an extra of the *Canada Gazette* of September 10th, 1884, under which the Minister of Agriculture was authorized to appoint an inspector at Emerson.

### (2.) "Payments to Inspector Young."

The remarks under the preceding heading of this letter in substance constitute an answer to the questions you put under this one.

The payments to Inspector Young have been wholly made from allocations of the fees collected by authority of an Order in Council for the special purpose of defraying the expenses of inspection. The Minister as empowered by general Order in Council was sufficiently authorized to allocate these fees.

The payments made to Mr. Young within the period you name were from time to time authorized by the minister on a consideration of the facts relating to the special services rendered by him. Mr. Young has not been allowed any remuneration beyond the amount of the fees collected for inspections made at the point of Manitou, where he resides, but it was found that the amount of such fees, even with the addition of allowance of actual travelling expenses on specified statements rendered, was quite insufficient to compensate him for services when called on to travel for considerable distances from his residence, taking up the whole of his time, some times, for days together, and, therefore, he resigned.

The Minister, on a consideration of the circumstances, authorized in addition an allowance of \$8 a day to Mr. Young while absent from his home while travelling in the inspection service of the department; and the payment to him of \$300 to which you refer was to compensate him for services and losses he stated he had sustained, under the arrangement which led him to resign.

All the items of Mr. Young's accounts have been closely examined by the accountant and the acting accountant of the department; and also have been specifically authorized by the Minister, empowered by general Order in Council thereto.

### (3.) "Payments to N. W. M. Police, \$1,622.09."

You state that no voucher has been furnished. I will call the attention of the comptroller to your statement, but I may point out to you that the amount paid by this department was only a proportion of total expenditure. The voucher for it, therefore would not contain details. But I understand the numerous items of this account have been furnished to your office by the comptroller of the North-west Mounted Police.

### (4.) "Payments to J. H. Wilson, \$87.00 :"

You say no vouchers have been furnished. In reply I have to inform you that the payments were made by the railway companies for defraying the expenses of transit under special agreement to that end. The correspondence of the department was therefore, with the railway companies.

### (5.) "Payments to Yourself, \$24,60 :"

This service was in the interest of the inspection arrangements in relation to the transit of cattle through Canada and was paid by the railway companies. It is, therefore, not seen why it should be charged to the civil government contingencies of the

department. The \$50 to which you refer as having been charged to the quarantine vote was for the special service for which that appropriation had been voted.

(6.) "*Payments to Department of Public Printing and Stationery, \$3.97.*"

The same remark applies. The item was in the service of the railway companies and paid by them.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, October 21, 1895.

SIR,—I have received your letters of July 31 and October 11, in reference to the expenditure in connection with cattle inspection, charged against the revenue in 1894–95, like expenditure in previous years having been charged against the appropriation.

You quote certain Orders in Council which direct that fees shall be charged for the inspection of cattle for the purpose of defraying the expenses of such inspection.

This authority may suffice for repaying to the inspectors the amount realized from their inspections, and to that I have not objected.

What I called your attention to was the expenditure charged against revenue in 1894–95 for the first time, consisting of part of the salary of Inspector McFadden, expenditure of the North-west Mounted Police, amounting to \$1,622.09, for which no vouchers nor details were furnished, and a per diem allowance of \$8 and expenses of Inspector Young in addition to the amount of his fees.

Owing to the incompleteness of the information furnished to this office, it is not possible to apportion the receipts to the several inspectors. Nor is it possible to compare the returns of the inspectors with the returns of the collectors.

It is evident that there is no pretension to repay Inspector McFadden his fees, as he is paid a fixed salary of \$1,000, one-half of which is charged to revenue.

Whether the amount repaid the Mounted Police is the exact amount of fees realized from the inspections of the staff, for the reason before stated, cannot be determined. In any case some explanation should be given why this is now charged to revenue for the first time.

Charging the per diem allowance and expenses of Inspector Young in addition to the fees repaid him, to the revenue, is clearly irregular, and should be transferred.

I agree with you that it would be in the interest of the "taxpayer" if the expenditure was covered by the fees imposed, but unfortunately it is not.

It would be more satisfactory if increases in the remuneration to officials, especially such as are of a retroactive nature, should be authorized by Order in Council.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, November 30, 1895.

SIR,—I have been prevented by unusual pressure from earlier answering your letter of the 21st ult., written in reply to my representations to you in the departmental letters of July 31 and the 11th ult., on the subject of fees collected in relation to payments for cattle quarantine service.

You say:—

"What I called your attention to was the expenditure charged against revenue in 1894–95 for the first time, consisting of part of the salary of Inspector McFadden, expenditure of the North-west Mounted Police, amounting to \$1,622.09, for which no vouchers nor details were furnished, and a per diem allowance of \$8, and expenses of Inspector Young in addition to the amount of his fees."

## Auditor General's Report—Part B

I find that the words you use, "charged against revenue in 1894-95," while they may be in one sense a generally correct description, are yet inaccurate as a definition of special fees collected only for the particular purpose of "defraying expenses" of cattle quarantine inspections in the North-west; and it is to confuse the argument to depart from precision of expression. As respects the "time" when the Minister first ordered payments to Inspector McFadden and the North-west Mounted Police from those fees, that is a question solely for the responsibility of the Minister, and for which he is not answerable to the Auditor. As respects "vouchers" for payments to the North-west Mounted Police, I understand such to have been furnished to you by the department having charge of the North-west Mounted Police administration. I suppose you are aware that the amount to which you refer was an agreed proportion of payment of expenditure made by another department in accordance with the terms of a general Order in Council defining the action of three departments in relation to this matter. The only point that is pertinent to this discussion is that the salaries to Messrs. McFadden and Young, and the amount paid to the North-west Mounted Police were for "defraying the expenses" of the quarantine inspections, for which the fees were specially and exclusively collected.

You say:—

"Owing to the incompleteness of the information furnished to this office, it is not possible to apportion the receipts to the several Inspectors."

It is not necessary for you to do so. There is no requirement of that nature in the regulations established by Order in Council in virtue of the "Animal Contagious Diseases Act" authorizing the collections, but those regulations do authorize the Minister of Agriculture to administer under them and also to make necessary appointments without any limitation as to form or amount of payment for services, the Minister having a general authorization to act, subject to his responsibility to his colleagues in Council and to Parliament. The question of his discretion in such matters is not, therefore, seen to come within your competence in the particular of calling him to account when he is clearly acting within the limits of his appropriation and allotment of fees.

You say:—

"It is evident that there is no pretension to repay Inspector McFadden his fees as he is paid a fixed salary of \$1,000, one half of which is charged to Revenue."

There was certainly no attempt to do so as respects half his salary paid from the vote, nor as read by the light of the last sentences in the next preceding paragraph of your letter. The several fees collected, by special arrangement with yourself, at the commencement of the service, were put in one account on which cheques were drawn for defraying the expenses of the inspections; and there is certainly nothing in the regulations to prevent the convenience of such an arrangement. It is not now seen how the account could have been worked in any other way. The amounts ordered to be paid by the Minister for services of "defraying expenses" as authorized by the regulations, are, as I have said, his responsibility in the manner stated, and for his discretion in respect to which he has not to answer to the Auditor.

The question in the next paragraph of your letter is answered by the preceding remarks, with the exception that there is a point as respects obtaining more particular reports from the Customs Department for the purpose of more perfectly checking the amounts payable for veterinary services for inspections, and this department has already applied to the Customs Department to have such furnished.

You say:—

"Charging the per diem allowance and expenses of Inspector Young in addition to the fees repaid him, to the revenue, is clearly irregular and should be transferred."

The per diem allowance agreed to be paid to Mr. Young was expressly authorized to remunerate him for his services when he had to proceed to distant points from his home to make inspections, for which the fees from inspecting one or two animals would constitute no remuneration for services which might take two or three days, and such form of remuneration was the only means by which such temporary services could be

obtained and at the same time was the most economical. The economy and reasonableness of such an arrangement are too obvious to call for any further remark. The request to transfer the item I can only describe as out of the question.

You say :—

“I agree with you that it would be in the interest of the ‘taxpayer’ if the expenditure was covered by the fees imposed, but unfortunately it is not.”

This, however, was not the point of my remark to you, but I think you must have seen from the whole of this correspondence that it has been the aim of this department to make the “fees” “defray the expenses” in as far as possible.

And finally you say :—

“It would be more satisfactory if increases in the remuneration to officials, especially such as are of a retroactive nature, should be authorized by Order in Council.”

I quite agree in this general remark, and as respects directions by the Minister to pay amounts for any of the services in question I have already pointed out to you that he was authorized by the general Order in Council establishing the regulations.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

### *Re Patent Record and Fees.*

AUDIT OFFICE, OTTAWA, May 15, 1895.

SIR,—I have to inquire how many copies of the “Patent Record” are printed, how many are issued free, and how many issued to paying subscribers?

To what class of persons or institutions is a free distribution made?

I observe that the No. of the patent is shown on the engraving and also on the letter-press of claim, as published. If the No. of the receipt issued by the cashier could be entered in either way, it would greatly facilitate the work of auditing this revenue. The counterfoil of receipt issued should state the title of patent applied for.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

PATENT OFFICE, OTTAWA, June 1, 1895.

SIR,—In reply to your letter of the 15th ultimo, addressed to Mr. Lowe, I beg to say that 1,200 copies of the Patent Office Record are printed monthly; 538 are issued free, and 151 to subscribers. Free copies are issued to Ministers of the Crown, Deputy Ministers, members of both houses of Parliament, free libraries, mechanics’ institutes, &c.

It would lead to great confusion and misunderstanding to inventors, patent solicitors, and courts of justice, to add further figures or numbers to the diagram, not to speak of the extra work and the necessary employment of additional help it would entail. It would also cause much additional work to be thrown on this office, to add titles to the counterfoils, as fees and documents are not always received at the same time.

The cashier, Mr. Lynch, has devised and put into practice most of the methods of departmental check. Another very good feature, he has been able to reduce greatly his responsibility in handling cash by requiring all persons who deal regularly with this office, to make payment of fees by paper, invariably payable to the commissioner, and which is stamped: “To the credit of the Receiver General,” the moment it reaches the cashier’s hands.

Taking the month of May for an example :

Fees received in cash.....	\$1,105
Fees received by paper payable to commissioner.....	7,386

## Auditor General's Report—Part B

---

It should not be lost sight of that this office already supplies the audit office with a carefully prepared copy of each and every entry in accounting for the receipts and refunds of patent office fees, as well as the original counterfoils.

Needless for me to add, the books and files are open for inspection, at any time, should you desire to avail yourself of further audit.

Permit me to call your attention to subsection 2, section 5, chapter 61, of the Patent Act, herewith inclosed. Generally your communications relating to the patent office are addressed to the Deputy Minister of Agriculture.

I am, sir, your obedient servant,

The Auditor General.

R. POPE, *D.C.P.*

AUDIT OFFICE, OTTAWA, June 15, 1895.

SIR,—I have received your letter of June 1st, in reply to mine of May 15th.

I note your objection, on the ground of the additional work it would involve, to enter on the counterfoils the title of the patent applied for. The rules and regulations issued by the Treasury Board call for a short memo. of the object for which payment was made. Your counterfoil merely specifies that it is a patent, when such is the case, and my letter asks that the title of the patent be given. This information is needed to make an efficient audit, and I would ask your further consideration of the matter.

In future, correspondence in reference to patent fees will be addressed to yourself.

I am, sir, your obedient servant,

The Deputy Commissioner of Patents.

J. L. McDOUGALL, *A.G.*

PATENT OFFICE, OTTAWA, July 3, 1895.

SIR,—In answer to your letter of the 15th ultimo. respecting the audit of patent office fees, I beg to say that I must adhere to the decision expressed in my former letter to you on this subject. The memo. of the object required by the rules and regulations of the Treasury Board is supplied by the patent which is specified in our returns to you. It is a common practice to receive application papers for patents, weeks and months before the receipt of the fees, and which papers are filed without further action or notice. Again, most of the fees are received in separate letters and separate mails from the application papers. Letters containing delayed fees, with few exceptions, make no reference to the subject of the invention, and therefore to comply with your request would necessarily involve great additional labour and delay to the public business, requiring the cashier to leave his ordinary duties to make searches for titles, in other rooms than his own, thereby causing disturbance and delay to other clerks in the discharge of their regular duties, without furnishing you with more information than you now regularly receive. It appears to me that the cashier's monthly report in detail furnished you, fully meets the requirements of the Treasury Board, particularly in view of the fact that two copies of the monthly Patent Office Record are regularly sent to you, containing indexes of both the names of the patentees and the titles of the inventions.

I am, sir, your obedient servant,

The Auditor General.

R. POPE, *D.C.P.*

---

AUDIT OFFICE, OTTAWA, July 16, 1895.

SIR,—I have received your letter of the 3rd instant in further reference to the audit of the revenue from patents, &c.

You point out the difficulty of entering the title of the patent on the counterfoil, as it is a common practice to receive application papers for patents, weeks and months before the receipt of the fees, which papers are filed without further action or notice. I assume, that when the fees are received it is necessary to determine the applications to

which they refer, so that further action may be taken. Otherwise I do not understand what check you have that fees are paid on all patents issued.

You consider that the cashier's returns and the Patent Office Record, both of which are furnished monthly to this office fully meet the requirements of the Treasury Board. So they would if the information given rendered it possible to check the one with the other. But this cannot be done without some distinguishing number or title on each, common to both. I first asked that the No. of the receipt issued for fees should be shown on the diagram published in the record. To this objection was taken by you. I then asked that the title of the patent should be entered on the counterfoil; and unless this information is given I do not see how the Patent Record can be any use for auditing purposes. Yet it is necessary to determine that the fees called for by the Record, have been deposited to the credit of the Receiver General. The cashier's statement shows that the money called for by the receipts issued has been deposited. Is it not possible that money may have been received for which no receipt has been issued, or that a patent may have issued without the fees having been paid? Without having any reason for assuming that such a thing has occurred, it seems to me, that I should have the means of determining the point.

I need not say that I am discussing this question on general principles, and without any reference to any official in your branch of the service. My aim is to make as thorough an audit of the revenue accounts as possible, and I presume it is your desire to have your revenue so examined. I trust on further consideration you may be able to arrange to give the information asked for.

I am, sir, your obedient servant,

The Deputy Commissioner of Patents.

J. L. McDOUGALL, A.G.

PATENT OFFICE, OTTAWA, July 30, 1895.

SIR,—In reply to your letter of the 16th instant, I beg to inform you that the 39th section of the Patent Act requires that all fees shall be paid on every application and proceeding before any action thereon shall be taken by this office, and my strict instructions are that the provisions of the law be rigidly enforced; in addition to which the cashier's duplicate receipt is attached to the record in each and every case, as an additional voucher that the fee thereon has been paid. Besides, our rules of practice require that a letter addressed to the Commissioner of Patents shall accompany the fee in every case, stating the amount inclosed, which letter is initialed by the cashier, and the description of the funds noted. It is, therefore, impossible that a patent can be issued, or any proceeding whatever taken, unless the fee thereon be paid, without the connivance of some 22 or 23 clerks, through whose hands, including my own, each and every case must pass in turn, before it issues from this office, and detection would consequently in any case be certain and almost immediate.

I would be glad if you could make it convenient personally to inspect the method adopted in this office of dealing with patents and other proceedings upon which fees are payable.

I might add that I have every desire that an efficient audit be made of the proceedings of this office, but I cannot recommend an increase of staff or expense in this office, simply to lighten the duty of the Audit Office, without furnishing any additional security in the public interest.

I am, sir, your obedient servant,

The Auditor General.

R. POPE, D.C.P.

AUDIT OFFICE, OTTAWA, August 1, 1895.

SIR,—I have received your letter of July 30, detailing the precautions observed in your office, to ensure the collection of all fees on patents, but declining in effect, to have the title of the patent entered on the counterfoil of the receipt, on the ground that it would require an increase of staff or expense in your office.

## Auditor General's Report—Part B

---

---

You state that the cashier's duplicate receipt is attached to the record in every case. In order to do this, it seems to me, there should be information on the duplicate receipt to indicate the record for which the fee has been paid. If there is, then it seems reasonable to assume there would not be much trouble, and no expense, to enter the same information on the counterfoil furnished this office. If there is not, please explain how the identification is effected.

I am, sir, your obedient servant,

The Deputy Commissioner of Patents.

J. L. McDOUGALL, A.G.

PATENT OFFICE, OTTAWA, August 12, 1895.

SIR,—In reply to your letter of the 1st instant, I beg to say that the information on the cashier's receipt is the applicant's name given in the letter accompanying the fee, and which rarely mentions the title of the invention. To comply with your request would necessarily involve the additional labour and expense referred to in my letter to you on this subject of the 30th ultimo.

I am, sir, your obedient servant,

The Auditor General.

R. POPE, D.C.P.

## Auditor General's Report—Part D

### *Re Interest on Investments.*

AUDIT OFFICE, OTTAWA, August 20, 1895.

SIR,— \* \* \* \*

Nothing has come to account in payment of arrears of interest, and the interest for 1894-95 on the following investments:

Consolidated Fund Investment Account, sundry loans amounting to.....	\$ 175,671 80
Albert Railway Company.....	14,725 56
Fredericton & St. Mary's Bridge Co.....	300,000 00
Quebec Harbour Debentures.....	3,748,519 62
Three Rivers Harbour Debentures.....	(a)81,760 97

Interest was paid regularly to June 30, 1890, on \$723,000, the amount of the original bonded debt of the Quebec Harbour Commission. In my letter of October 21, 1892, I inquired why they had ceased doing so, and what steps you had taken in reference thereto, but I did not get any reply.

\* \* \* \*

I have the honour to be, sir,

Your obedient servant,

JOHN GORMAN,

*For Auditor General.*

The Deputy Minister of Finance.

(a)\$15,000 has since been paid on account of interest due.

### *Re Arrears Due.*

AUDIT OFFICE, OTTAWA, October 7, 1895.

SIR,—I have to ask for a detailed statement of all arrears due to your department on the 30th June last which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not government officers.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

DEPT. OF FINANCE, OTTAWA, November 29, 1895.

SIR,—Referring to your letters of the 20th August and 26th October in the matter of the arrears due on account of interest on investments. I have the honour to say that since your letters were written everything has been got out of the several investments that could possibly be got. With regard to three of them—the most important—I may say the question as to the arrears of interest due by the Quebec Harbour Commissioner has been submitted to the Minister of Finance, and the other two, the Albert Railway Company and the Fredericton and St. Mary's Railway Bridge Company have been referred to the Department of Justice. The necessity of procuring all the papers and compiling the reports in the above matters delayed the reply to your inquiries.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

### Sales of Publications.

AUDIT OFFICE, OTTAWA, June 6, 1895.

SIR,—I have received a statement of the amounts received during May for sales of publications, also the accounts of Thomson Bros., Vancouver, and Thomson Bros., Calgary, paid during the month.

The former account amounts to \$56.05, of which \$13.55 was contracted in 1890, \$8.75 in 1891, \$16.65 in 1892, \$9.50 in 1893, and \$7.60 in 1894.

The latter account amounts to \$71.05, of which \$1.35 was contracted in 1888, \$29.60 in 1890, \$5.60 in 1891, \$18.05 in 1892, \$14.40 in 1893, and \$2.05 in 1894.

I have to inquire why these accounts were not paid as they accrued. A discount of 25 per cent was allowed on the whole of each account. Should not this discount be contingent on prompt payment?

I am, sir, your obedient servant,

The Dy. Head and Director Geological Survey.

J. L. McDOUGALL, A.G.

GEOLOGICAL SURVEY, OTTAWA, June 13, 1895.

SIR,—I am in receipt of your letter of the 6th inst, relating to the sales of publications of the Geological Survey, and more particularly to the accounts of Thompson Bros. of Vancouver, and Thompson Bros. of Calgary.

In reply, I may say that some difficulty has occurred in the past in obtaining regular payment of such accounts, in several cases, but that an improved system of invoicing all publications supplied for sale has now been adopted, under which a more complete check will be kept upon such accounts, and I trust that prompt payment may be secured in future.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, *Director, Geological Survey.*

### Re Arrears Due.

AUDIT OFFICE, OTTAWA, January 3, 1896.

SIR,—On December 19, 1894, you wrote that the indebtedness of Wm. Foster Brown & Co., then amounted to \$243.33 for publications furnished during several years previous to March, 1894

On the return of arrears due received with your letter of the 10th ultimo., this firm's indebtedness is entered at \$218.33. Please let me know when the difference, \$25, came to account. I cannot find any trace of it.

I have to inquire what action has been taken to collect this and other balances due your department for some years.

I am, sir, your obedient servant,

The Dy. Head and Director, Geological Survey.

J. L. McDOUGALL, A.G.

GEOLOGICAL SURVEY, OTTAWA, Jan. 9, 1896.

SIR,—The difference of \$24.90 between the indebtedness of Messrs. Foster, Brown & Co. in March, 1894, and the statement returned to you on 10th December, 1895, arose through that firm having returned to this department in March, 1895, survey publications amounting to the above sum (statement herewith).

During the present session of parliament action will be taken to have the accounts that are considered bad and uncollectable written off, and the others placed for collection.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, *Director Geological Survey.*

## Auditor General's Report—Part G

Travel, 1893-94: J. C. Nelson.

(Answer to letter on page F—114 of 1893-94.)

DEPT. OF INDIAN AFFAIRS, OTTAWA, April 30, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, asking for explanations in regard to certain items in Mr. J. C. Nelson's survey account for 1893, and in reply I beg to inform you that the department does not intend to pay the first three items mentioned by you in your letter, but it has paid for the portmanteau, as the purchase was authorized, and the article in question has been returned into store, as the property of the department.

Your obedient servant,

The Auditor General, Ottawa.

HAYTER REED, *D.S.G., I.A.*

### Discussion on Audit Office Report on Indian Accounts.

AUDIT OFFICE, OTTAWA, June 27, 1895.

SIR,—I observe that you are reported at page 3370 of "Hansard" as having said, in reply to the Hon. D. Mills:

"Of course we are not responsible for what appears in the Auditor General's Report. Things are very badly mixed there."

I shall be very glad to get from you particulars which show that the accounts are badly mixed, and any suggestion of clearer methods of making up our accounts of the transactions of the Department of the Interior or Indian Affairs.

I am, sir, your obedient servant.

Hon. the Minister of the Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 12, 1895.

SIR,—I have to acknowledge the receipt of your letter of the 27th ult., stating that you will be glad to receive any suggestions of clearer methods of making up your accounts of the transactions of the Department of Interior or Indian Affairs. Since the receipt of your communication I have caused examination to be made of the Indian accounts printed in your report for the fiscal year ending 30th June, 1894. I find that the chief objection to the presentation of the accounts is that the items are frequently presented in a manner which renders it possible for a person not conversant with Indian Affairs to obtain an erroneous impression of the nature of the payments, or of the way in which expenditure is made. I may here give a few examples of what I mean.

On page F—10, in the second column, in detailing the numbers of Indians who receive annuity, you include 16 male relatives and 18 female relatives. These persons should be added to the men and women. Although I am aware that a column exists in the annuity pay-sheets showing these relations, still it is hardly advisable to print them separately, as such a course is misleading. This division runs all the way through the accounts for Manitoba and the North-West Territories. In the same agency you will observe that the salaries charged to supplies for destitute Indians, day schools and general expenses are all printed on page 97. Upon turning to that page, it will be seen that no division is made; and although to a person well acquainted with the accounts it is clear that the salaries of dispensers of medicines and the salaries of physicians are charged to destitute Indians, and appear first in the list, that the teachers follow, and that the agents and annuity clerks are last on the list, this division would not be at all plain or apparent to a person who did not understand the accounts. It would be well, therefore, to bracket or make a short extension of the amounts in order to make this perfectly plain. This remark applies to all the other agency accounts.

Upon page 12 you will observe items of clothing charged aggregating \$813.19. From the way these items are printed it would leave the department open to criticism

for purchasing for Indians "leather belts, boots at \$5.25 per pair, hats, neckerchiefs, pea-jackets and socks." This clothing is, of course, triennial clothing given under treaty stipulations, and is intended for the use of chiefs and headmen. This should certainly be made plain, as the department has no option in issuing it, and as the ordinary clothing which we issue to destitute Indians is not of this character. This remark will apply to every agency in which the triennial clothing is issued.

On page 13 there is an item, "Commission on annuity money." This is simply one of many examples where the wording is misleading. This amount was paid to the Hudson Bay Company for transporting the money from Winnipeg. The company takes all the risk of the safe delivery of the money, and the department saves the agent's travelling expenses from the agency to Winnipeg. A similar entry is made on page 12 of the Manitowapah Agency, and neither of the items is properly worded.

On page F—14 the salaries of the Indian officers amount to \$5,343.75, and one is referred to page F—98 for the details. On turning to this page, we find that the only officers who are given any title are Michael Fee and Mr. E. McColl. Mr. Fee is called caretaker, Mr. McColl superintendent. The latter gentleman is not the superintendent, but is simply the inspector of Indian agencies. The other names are printed without designation. On turning to the detail of Commissioner's Office, Salaries, on page 103, you will observe that in nearly every instance the employment or position is given after the name. There certainly seems to be a lack of uniformity here.

Page F—16, the Blackfoot Agency. In the supplies to destitute Indians there are a number of special items printed without any explanation, "blankets, rugs and pipes." Now, these were special presents issued by myself, while I was at the Blackfoot Reserve, but they are printed as if they were ordinary issues to destitute Indians. Such a course leads to criticism.

On page F—17, under the heading "Supplies for destitute Indians," you will observe that port wine and brandy are charged. As no stimulants are given to Indians except by the sanction and express order of a physician, it is quite misleading to separate these from drugs and medicines; as they are given solely in emergency cases as medicines, they are inseparable from similar items, and to print them as they are shown in your report simply lays the department open to unjust criticism. A similar item occurs on page F—21, where  $1\frac{1}{2}$  gallons of rye are shown separately.

On page F—22, under the head of "Day Schools," Edmonton Agency, a sewing machine is included. This sewing machine was purchased for the St. Albert Orphanage, and a special purchase of this kind should be specially designated. These are merely a few examples of many items, the presentation of which might be cited as incomplete or misleading.

Turning to the Indian Trust Fund account, and referring to the Batchewana account as an example of what is shown in nearly every account of the Trust Fund, the balance on the 1st July, 1893, the land sales and the timber sales are added together and extended as one item of \$11,469.69 in the credit column of the account. I think you will agree with me that the balance should be shown separately and the other items should follow. In the same way the balance of interest should be shown separately, and the balance on 30th June, 1894, should also appear alone. In account 2 of the Chippewas of Beausoleil there is a very large expenditure from capital without a word of explanation. This expenditure was made on a new wharf at Christian Island, but there is nothing to show this in the account as presented in your report.

In the interest account of the Chippewas of Saugeen, there is an item, "Balance of cost of heating apparatus, \$106.00," and in the interest account of the Manitoulin Island, unceded, there is an item for building house, \$60. These are two examples of items which one or two words might serve to make perspicuous, the purpose of which is now quite obscure.

In account 17, the Mississaugas of the Alnwick, in the interest account the charge is made for the agencies of "Salary of teacher, physician, agent and travel of agent." This is quite misleading; the officer here designated agent is doubtless Mr. A. B. Cowan. The agent for this agency is Mr. John Thackeray, and his salary appears in account 75 under the caption, Roseneath Agency. Constantly throughout these accounts

## Auditor General's Report—Part G

the item occurs "Salaries of Indians"; it would be much better to say "Salaries of Chiefs, Interpreters, Pathmasters, &c." The term "Salaries of Indians" is certainly open to criticism.

In the account of the Abenakis of Becancour, you will observe that your report does not in any way show at what figure the capital of this band should stand. It might be \$5,000 or \$10,000; in reality it stands at \$906, and I hope in two years it will stand unimpaired, but your method of printing the account would not show this to the public. This remark applies equally to the several overdrawn accounts, whose capital is being gradually restored. To avoid doubt it would be well to show what the total amount of capital will be when it is restored.

With reference to the correspondence printed with the accounts, I would remark that much of it seems to be unnecessary. Of course, I do not know the rule on which you proceed in printing correspondence, and without your point of view the printing of much of this correspondence appears rather a work of supererogation. It appears to me, that where the department gives an explanation which accounts for its action in a certain matter, unless the payment has been contrary to law, it is unnecessary to print the correspondence; and from this standpoint the correspondence with reference to Assistant Commissioner Forget's travelling expenses, the difference for road-work, Batchewana Indians, the development of the Sour Springs, C. H. Ritchie's legal services, might have been omitted. The letter which you publish with reference to Mr. Nelson's travel was dated 17th April, and was answered on the 30th April. In the meantime you may have gone to press, but, to my mind, it would have been much fairer to have waited our answer and printed the correspondence next year, than to have printed a letter of such a late date as unanswered. When there is a doubt in such cases, I think the department should always receive the benefit of the doubt. If it was too late when you received our communication of the 30th April, to have withdrawn this letter, you should, I think, in justice to the department and to Mr. Nelson, print the reply in next year's report, a practice which, so far as I am aware, you have not followed in the past.

With reference to your letter of August 1, dealing with differences between the accounts as represented in your books and the Department of Indian Affairs, I would point out that you are aware the department was deeply interested in having these differences set right, and latterly had done everything in its power to bring about this end; but the departmental answer to your letter I am surprised to see is not printed, and so far as any credit for the intention to set the matters right is concerned the department receives no credit at all. Your note in small type at the end of the letter might easily be overlooked, and even in the note you merely say that the difference has been fully settled, leaving it simply to be inferred that the departmental opinion was the same as your own and that there was an agreement in action between your office and the Indian Department.

With reference to the correspondence published with the revenue statements, I must observe that although no actual answer was sent to your letters of May 25th and June 22nd, still your examiner was probably aware that every effort was being made to satisfy your demands; and at the close of the year the arrearages were very largely wiped out. As a personal opinion I hold that letters containing purely administrative criticism should hardly receive this prominence.

I am, sir, your obedient servant,

The Auditor General.

T. MAYNE DALY, S.G.I.A.

AUDIT OFFICE, OTTAWA, August 3, 1895.

SIR,—I have the honour to acknowledge receipt of your letter of the 12th ultimo, containing objections to the manner in which the Indian accounts of the Auditor General's Report have been made up in past years; and beg to submit the following remarks on your objections:—

With regard to the details of the number of Indians receiving annuity, I fail to see in what way it is misleading to follow the division made in your own pay sheets, showing the

male and female relations. Some years ago it was the practice to do as you suggest, and add the number of male and female relations to the men and women respectively, but this was discontinued on account of its being quite misleading, the relations being not necessarily adults, but in some cases children, and it not always being possible to determine accurately whether a particular relation should be classed as an adult or as a child.

With regard to the method followed by me in printing the salaries of the officials at the different agencies, I may say that my main intention was to show the total amount paid for salaries at the several agencies, the sub-vote to which any particular salary was charged being of secondary importance. I purpose this year, however, to indicate in some manner the sub-votes chargeable with the different salaries, although there may be a little difficulty in doing this on account of certain officers being charged against more than one sub-vote.

As regards the clothing supplied under treaty obligations, in making the heading merely "clothing" I have simply followed the wording of the vouchers and voucher-lists sent to this office from your department. It might be better to call it "Triennial Clothing" in accordance with the wording of the Supply Act, but I doubt if even this would lessen the liability to criticism by those unacquainted with the details of the several Indian treaties.

With regard to the items "Commission on Annuity Money," the vouchers show that this is a commission of one per cent paid to the Hudson Bay Co., and is not the actual cost of the transportation of the money. It appears to me that such transactions are of exactly the same nature as the commission paid to a bank for transferring funds from one of its agencies to another.

With regard to the want of uniformity in the statement of salaries in giving the capacity in which the several officers are employed, I beg to say that great difficulty has always been felt in designating the different officials, on account of the want of proper pay-lists or other vouchers. I have accordingly to ask that in each case of salary payment, the nature of the employment as well as the name of the officer be given.

Concerning your objection to the want of explanation in showing the blankets, rugs and pipes issued by yourself as special presents to the Blackfoot Indians, I beg to say that the addition you mention would have been an improvement. It strikes me that articles of the kind supplied as they were, are not a proper charge against the Vote for destitute Indians.

Objection is taken by you to my separating alcohol and other stimulants from other drugs and medicines. I have followed this course for some time in dealing with the accounts of the different departments and no objection has been made to it before. You will observe that they are not wholly separated from the other charges for medical supplies, but that all such charges are grouped alphabetically.

As regard the charge for a sewing machine under the heading of "Day School's," Edmonton Agency, it is impossible for me to give full particulars of the distribution of the different articles purchased. Should I attempt to do so my report would shortly double in size. I might add that an examination of the reports of your department, when details of the expenditure were printed, shows that no fuller information was given than is now given by me, while my details are much more definite.

With regard to your remarks on my practice of not showing the balance at the credit of the various Indian trust accounts in a separate line, I beg to say that I cannot see how such a procedure would render it any clearer or give further information. Any one who glances at the account must notice at once how the balances stand, although two or three items have been placed on a line in order to economize space.

In the capital account of the Chippewas of Beausoleil, it would no doubt have been better to indicate that the expenditure was on the new wharf at Christian Island, the omission of this was an oversight.

The item of "balance of cost of heating apparatus, \$106.11, in the interest account of the Chippewas of Saugeen, and of \$60, for building house in the interest account of the Manitoulin Island Indians might have been made clearer by the addition of a few words, as no doubt might many other items throughout the accounts. But as I have al-

## Auditor General's Report—Part G

ready pointed out, economy of space is one of the things which I have always had to bear in mind in making up the report.

In the account of the Mississaguas of Alnwick you take objection to the charge for "salaries of teacher, physician, and agent, \$581.25; travel of agent, \$33; on the ground that the Indian Agent is Mr. John Thackeray, whose salary is charged against the management fund. In your letter you say that "the officer here designated is doubtless Mr. A. B. Cowan." A reference to page F—107 will show that Mr. A. B. Cowan, was, as you suppose, the officer intended. The point seems whether or not it is a serious oversight in Indian accounts to designate an Indian Agent "agent" simply. With regard to your objection to the wording "Salaries of Indians," I fail to see in what way it is open to criticism. It would require more space than I can afford to designate the capacities in which the various officials of the tribe are employed.

I have already acquainted your department with my view on the overdrawn accounts. It is, for instance, impossible for me to show that the Abenakis of Becancour had \$906.60 of capital at their credit, when the interest account had been overdrawn to the extent of \$50.62. The overdrawal of interest, can, I take it, only occur by drawing to an equal extent on the capital moneys of the band, thus reducing the actual amount at their credit to \$855.98. I may mention here that your report of 1893 shows a balance at the credit of the capital account of the Abenakis as \$906.60, while in your report for 1894, the balance appears as \$906 only.

As to the correspondence printed with the accounts, I may say that I personally look over the correspondence with the department during the year, and indicate what letters are to be printed, and what are to be omitted. In doing this I am guided mainly by the following rules:—Correspondence on ordinary matters of account, such as errors, double payments, &c., is omitted if satisfactorily replied to and adjusted by the department, while correspondence relating to questions which involve matters of principle, is, as a rule, inserted, as is also any correspondence with regard to accounts of long standing, such as Mr. Forget's travel, the development of the Sour Springs, etc., and also matters which remain unsettled at the time of printing.

You have evidently mistaken my object in printing my letter of August 1st, with regard to the difference that existed between the books of this office and those of your department. This letter was inserted, not with the view of giving this department undue credit for the adjustment of the accounts, but to explain clearly the deduction of \$181.30 in the account with the Mississaguas of the credit for over-payment of interest in previous years.

In answer to your objections to the publication of my letter of May 25th, 1894, and June 22nd, 1894, in connection with the revenue audit, I have to call your attention to my letter of June 3 last, in which I have again to refer to about the same class of irregularities. I may add that I have no reply to this letter.

I hope you will now admit that so far as the accounts of the Department of Indian Affairs go, the report of this office scarcely justifies the statement "things are very badly mixed there."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Hon. the Minister of Interior.

### Satisfactory Explanation of Unusual Expenditure.

AUDIT OFFICE, OTTAWA, November 26, 1895.

SIR,—I beg to draw your attention to the following items in the account of W. A. Austin for survey at the Caughnawaga reserve in the summer of 1894. Among the items allowed in Mr. Austin's account I find the following:—1 pair of pants, \$2.50; one moleskin vest, \$1.50; one pair shoe packs, \$3; one waterproof, \$4.75.

Kindly inform me why you have allowed these items in Mr. Austin's account. Items of a similar nature have been properly struck out of Mr. Bray's survey account. Articles of personal clothing should not be paid for from public moneys.

I also notice a payment of \$32 to Mr. Austin for fee for Provincial Land Surveyors Association of the province of Quebec for eight years at \$4 per annum. I do not understand why this is made a charge against the government.

I am, sir, your obedient servant,  
The Deputy Supt. General Indian Affairs. J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, November 28, 1895.

SIR,—In reply to your letter of the 26th instant regarding certain articles of clothing included in Mr. W. A. Austin's account, I beg to inform you that Mr. Austin seldom does field work, and these were necessary articles which would be of no use to him for any other purpose, and as he was allowed only actual expenses, and returned the articles into store for the use of the department, it was considered only fair that he should be recouped for the outlay.

As regards the payment of \$32.00 for fee to the Provincial Land Surveyors' Association, I beg to say that the department made a considerable saving by having the work done by one of its own officers instead of by an outsider, but in order to practise his profession legally in the province of Quebec it was necessary that Mr. Austin should be in good standing with the association by paying up his fees as a member, and under the circumstances it would have been unfair to expect him to pay them out of his own pocket.

I am, sir, your obedient servant,  
The Auditor General. HAYTER REED, D.S.G.I.A.

### Discussion on Payment of Old Account.

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—Indian Consolidated Fund cheque No. 6906 is for a payment of \$85.05 to J. T. Donaghue for balance due on bacon, etc., supplied in 1892-93.

In the vouchers rendered during the year 1892-93 I find that several deductions were made from the accounts of Mr. Donaghue for the goods not being in accordance with contract. These vouchers, however, do not indicate that any sum was due Mr. Donaghue on account of contract.

Kindly explain how this amount is made up, and your reasons for now paying it.

I am, sir, your obedient servant,  
The Deputy Supt. General Indian Affairs. J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, 28th November, 1895.

SIR,—In reply to your letter of the 18th instant regarding a balance paid J. T. Donaghue on account of supplies furnished under contract in 1892-3, I beg to inform you that the amount is made up as follows:—

½c. per lb. on 15,720 lbs. soap.....	\$78.60
1 keg vinegar.....	6.45
	\$85.05

The above quantity of soap delivered by Mr. Donaghue was not deemed to be equal in quality to that called for under his contract, and a deduction of one cent per lb. was made, but on further consideration it was thought that ½c. per lb. would be a more equitable deduction, and the difference was paid to him. Payment for the vinegar was withheld for the reasons stated on voucher No. 2,715. It was thought, for the moment, that the vinegar was replaced, but inquiry will be made into the matter.

I am, sir, your obedient servant,  
The Auditor General. HAYTER REED, D.S.G.I.A.

## Auditor General's Report—Part G

### J. J. Campbell's Removal Expenses, Apparently Irregularly Paid.

AUDIT OFFICE, OTTAWA, December 13, 1895.

SIR,—I beg to ask your attention to the various payments in connection with the removal of Mr. J. J. Campbell from Regina to Ottawa. Mr. Campbell left Regina for Ottawa on Nov. 3, 1893, and has been continuously employed since that time in the department at Ottawa. His salary, however, was charged to the Commissioner's office until August 1, 1894, when he was finally transferred by Order in Council to the inside service, his salary at the same time being increased from \$1,000 to \$1,400. The following are the payments referred to:—

Porters and transfers.....	\$ 1 00
Meals en route from Regina.....	6 75
Living expenses at Ottawa from Nov. 7, 1893 to July 31, 1894—May 1-5 excepted—262 days at \$1.....	262 00
Railway fare and Pullmans of Mr. Campbell, his wife and two daughters, Regina to Ottawa.....	192 55
Transport of household effects in same car as those of the Deputy Superintendent General, say half charge for car.....	112 00
	574 30

In my letter of Feb. 2, 1895, I asked under what authority Mr. Campbell was allowed living expenses at the rate of \$1 per diem when in Ottawa, but I have seen no answer to that letter. Mr. Campbell's family seems to have been removed to Ottawa at the public expense about the same time as his own removal. His removal at that time therefore must have been regarded as permanent. Under these circumstances I see no justification for the payment of Mr. Campbell's living expenses at Ottawa for a period of nearly nine months, and would therefore ask that he be called upon to refund the amount of such living expenses.

I would also ask whether the requisite authority of the Treasury Board has been obtained for the payment of the removal expenses of Mr. Campbell and his family to Ottawa. If such authority has not been obtained, Mr. Campbell should be called upon to refund such amounts. Then the Order in Council of Sept. 8, 1871, specifically prescribes that "No removal allowance can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

Your early attention to this matter with oblige.

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDOUGALL, A.G.

**Creditor alone has right to receive Money due, unless under power  
of Attorney on Government form. A Civil Servant cannot  
act as Attorney.**

AUDIT OFFICE, OTTAWA, November 25, 1895.

SIR,—I notice that during the past fiscal year portions of the salary of Mr. J. A. Mitchell, of the Regina office have been paid to Mr. J. J. Campbell of the inside service of your department.

These payments have been made by cheques drawn directly in favour of Mr. Campbell. The only way in which Mr. Mitchell's salary could be paid to any one is by his giving a power of attorney in favour of the intended recipient. Mr. Campbell is

precluded from holding such power of attorney by the Treasury Board regulation of February 1, 1870; the first clause of which reads as follows:—

“No officer of the Civil Service shall under any circumstances be permitted to act as attorney for the receipt of public moneys.”

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, November 28, 1895.

SIR,—In reply to your letter of the 25th instant I beg to state that certain portions of the salary of Mr. J. A. Mitchell of the Regina office have been paid to Mr. J. J. Campbell, of the inside staff of this department, on the written request of the former, it not being supposed at the time that the Treasury regulation of the 1st February, 1870, had reference to payments such as this.

Your obedient servant,

The Auditor General.

HAYTER REED, *D.S.G.I.A.*

### Advances for Disbursements should be accounted for Promptly.

AUDIT OFFICE, OTTAWA, December 10, 1895.

SIR,—I notice from the accounts of your expenditure for the year 1894–95 that the amount of \$950 has been carried forward by Mr. Inspector McGibbon to the fiscal year 1895–96.

Of this amount \$200 appears to have been advanced in October, 1894; \$250 in December, 1894; \$250 in February, 1895, and \$250 in May, 1895.

Kindly explain why these advances were carried so long without an account being rendered of the expenditure incurred against them.

An account of the expenditure under an advance, if not given earlier, should be given when the application for a further advance is made.

I am, sir, your obedient servant,

The Deputy Supt. Gen. of Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, December 17, 1895.

SIR,—In reply to your letter of the 10th instant, I beg to inform you that the department has already enjoined upon its inspectors the necessity of accounting for advances for travelling expenses at shorter intervals, than they have been in the habit of doing. They, however, complain that as they are continually on the road, they find it very difficult to make out their accounts at stated periods.

An effort is, however, being again made to have the accounts rendered quarterly.

I am, sir, your obedient servant,

The Auditor General.

D. C. SCOTT, *Act. D.S.G.I.A.*

## Auditor General's Report—Part G

### Industrial School Deficits.—Correspondence on per capita grants to Industrial Schools and on certain overpayments of the amounts authorized by the Governor in Council.

AUDIT OFFICE, OTTAWA, October 3, 1895.

SIR,—I beg to call your attention to the following payments made during the fiscal year ended June 30th, 1895:—

Elkhorn Industrial School:—	
Voucher 40, cheque 7034—Grant to meet liabilities over income 1894–95.....	\$2,991 36
High River Industrial School:—	
Voucher 85, cheque 6182—Amount of deficit on account of maintenance of school during the year ended June 30th, 1894.....	1,536 47
Qu'Appelle Industrial School:—	
Voucher 69, cheque 5067—Amount of deficit on account maintenance of school during the year ended June 30th, 1894.....	1,332 81
Regina Industrial School:—	
Voucher 50, cheque 5066—Amount of deficit on account of maintenance of school during the year ended June 30th, 1894.....	880 44
Voucher 64—Balance of deficit 1893–94.....	82 16

As these schools are maintained by a per capita grant agreed to between your department and the societies in charge of the schools, I would like to know upon what authority these extra payments were made.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, October 10, 1895.

SIR,—In reply to your letter of the 3rd instant, regarding certain payments made to several of the industrial schools, in connection with this department, to meet the excess of expenditure over income, I have the honour to inform you that although the annual per capita grant to the High River, Qu'Appelle and Regina schools was fixed by Order in Council of October 27, 1892, it was at the time considered questionable whether that amount would be sufficient to maintain the schools efficiently, and the understanding was that the per capita arrangement would be subject to revision if, after a fair trial, it was found to be inadequate; and consequently, as it was shown that the schools were being carried on with a loss to the management, the department procured authority of Council on March 27 last, to make an additional grant to cover the over expenditure.

As regards the Elkhorn school, I might say that the per capita grant was not fixed by Order in Council nor by agreement with the management, but was a rate arbitrarily named by the department, more as an experiment, and is not considered binding.

It was not at the time considered sufficient to meet the whole expenses of the school, but as the institution was then in receipt of considerable outside aid, it was thought to be in the best interests of the department to fix the rate as low as possible. The assistance from outside sources having however considerably fallen off, and the grant allowed by the department having been found insufficient to meet the outlay necessary to conduct the school efficiently, it was decided to make up the deficiency.

I am, sir, your obedient servant,

The Auditor General.

HAYTER REED, D.S.G.I.A.

AUDIT OFFICE, OTTAWA, Nov. 13, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 10th ultimo regarding the payments made to several of the industrial schools to meet the excess of expenditure over income.

I find that the Order in Council referred to in your letter does not cover a payment of \$82.16 made to the Regina Industrial School for balance of deficit.

I am, sir, your obedient servant,

Deputy Supt. Gen. Indian Affairs.

J. L. McDOUGALL, A. G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, November 26, 1895.

SIR,—In reply to your letter of the 13th instant, regarding a payment of \$82.16 as balance of deficit in connection with the Regina Industrial School, I beg to inform you that this amount was overlooked at the time of asking Council for authority to pay the deficit, otherwise the deficit would have been increased by that sum, and it was therefore thought proper, and only fair to the school, to pay it as part of the deficit.

I am, sir, your obedient servant,

The Auditor General.

HAYTER REED, D.S.G.I.A.

AUDIT OFFICE, OTTAWA, October 3, 1895.

SIR,—I beg to call your attention to the following payments made on account of Indians in Manitoba and North-West Territories for the year 1894-95 :—

*Elkhorn Industrial School :*

Voucher 6, cheque 1853, Alberta Railway and Coal Company, coal supplied.....	\$492 00
Voucher 7, cheque 1854, Alberta Railway and Coal Company, coal supplied.....	138 35
Voucher 36, cheque 5943, Canadian Pacific Railway Company, freight on dry goods.....	2 71

These accounts are properly chargeable to the per capita grant, and should have been deducted.

*High River Industrial School :*

Voucher 27, cheque 2659, Alberta Railway and Coal Company, coal supplied.....	\$234 30
---	----------

\$156.20 of this amount has been deducted from the per capita grant, leaving \$78.10 to be refunded.

*Qu'Appelle Industrial School :*

Voucher 49, cheque 3416, H. W. McNeill & Co., coal supplied..	\$80 00
---	---------

\$26.67 of this account has been deducted from the per capita grant, leaving \$53.33 to be refunded.

*Red Deer Industrial School :*

Amount of supplies furnished by the department for the year, as per statement attached, to September quarter returns .....	\$1,993 96
--	------------

Of this amount \$996.98 has been deducted from the per capita grants, leaving a balance of \$996.98 to be refunded.

Voucher 95, cheque 7170, Rev. J. Semmens, salary.....	\$55 90
---	---------

This account is chargeable to the per capita grant, and should have been deducted.

## Auditor General's Report—Part G

*Regina Industrial School :*

Voucher 12, cheque 1793, Canadian Pacific Railway Company, freight on clothing .....	\$54 62
Voucher 13, cheque 1795, Canadian Pacific Railway Company, freight on clothing .....	2 47
Voucher 14, cheque 1796, Canadian Pacific Railway Company, freight on clothing .....	10 38
Voucher 26, cheque 2650, Grand Trunk Railway Company, freight on clothing .....	29 64

Of these accounts \$64.74 was deducted from the per capita grant for March quarter, 1895, leaving a balance of \$32.37 to be refunded.

Overpayments of \$2 on September quarter, and \$119.94 on June quarter have not been refunded.

Please explain why these amounts have not been deducted: and have the necessary refunds and adjustments made as soon as possible.

I am, sir, your obedient servant,

The Deputy Supt. Gen. Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, November 27, 1895.

SIR,—In reply to your letter of the 3rd ultimo, regarding certain amounts paid to Industrial Schools in the North-West Territories, and which you consider should have been deducted from the annual grants, I beg to inform you as follows :

High River School .....	\$78 10
-------------------------	---------

This amount has been retained from the grant for the quarter ended the 30th September of the current year.

Qu'Appelle School .....	\$53 33
-------------------------	---------

This will be deducted from the current year's grant.

Regina School .....	\$152 31
---------------------	----------

\$119.94 of this has been retained from the grant for September quarter, 1894-95, and the balance will be deducted from the grant for December quarter.

Elkhorn School .....	\$632 96
----------------------	----------

It was decided to pay the vouchers for this sum under the circumstances described in my letter to you of the 10th ultimo, as the grant already made by the department was found to be insufficient to conduct the school efficiently.

Red Deer School .....	\$996 98
-----------------------	----------

This amount was omitted to be deducted from the grant, but will be retained from the grant for the current year.

I am, sir, your obedient servant,

The Auditor General.

HAYTER REED, D.S.G.I.A.

DEPT. OF INDIAN AFFAIRS, OTTAWA, December 3, 1895.

SIR,—With further reference to your letter of the 3rd October, in regard to certain payments made to Industrial Schools, which you consider should have been deducted from the per capita grants to those institutions. I beg to state that the item of \$55.90 for salary to the Rev. J. Semmens, which you mentioned under the Red Deer school accounts, and which was omitted to be dealt with in my letter of the 27th ultimo, is properly chargeable to the Brandon school, and has been transferred to that account. I may add that this school is not on the per capita basis.

I am, sir, your obedient servant,

The Auditor General.

HAYTER REED, D.S.G.I.A.

AUDIT OFFICE, OTTAWA, December 10, 1895.

SIR,—I find from the vouchers for the expenditure on account of Industrial Schools, 1894-95, that your department has paid all the expenses of the Battleford Industrial School for the year ended June 30th, 1895.

An Order in Council of 22nd October, 1892, places this school upon the per capita grant system after July 1st, 1893, at a rate of \$140 per annum for each pupil.

I would ask why the school was not placed upon the per capita grant system at the date specified in the Order in Council referred to above.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, December 13, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, asking for an explanation of the payment by the department of the expenses of the Battleford Industrial School, for the year ended the 30th June, 1895, in view of the Order in Council of the 22nd October, 1892, which authorized the placing of this school upon the per capita grant system, after the 1st July, 1893; and in reply I may say that it was the desire of the department to have this proposal carried out, but the church authorities refused to take the school over on the terms offered, and the department was therefore compelled to continue the management, and pay the expenses.

I might, however, add that the church authorities took over the institution on the per capita basis on the 1st July last.

I am, sir, your obedient servant,

The Auditor General.

D. C. SCOTT, Acting D.S.G.I.A.

### Payments to the Province of British Columbia for Maintenance of Insane Patients, Questioned.

AUDIT OFFICE, OTTAWA, June 8, 1895.

SIR,—I beg to call your attention to the following amounts paid to the Finance Minister of the province of British Columbia, from the vote for Indians of British Columbia for the year 1894-95 :—

*North-West Coast Agency :*

Part of Voucher 36, maintenance of Jim (an insane Indian)

Part of Voucher 34, maintenance of John (an insane Indian),  
from Jany. 14th, 1880, to Nov. 9th, 1880, \$335.73, and  
funeral expenses, \$25—total \$360.73, less cash from the  
Indian Dept., June 18th, 1880, \$122.43; June 28th,  
1880, \$130..... 108.30

## Auditor General's Report—Part G

---

These vouchers appear to have been made out in January, 1895; but as payments were made upon the accounts in June, 1880, I would ask that the original vouchers be sent me, and that you give me the reason why they were not presented for payment at an earlier date, and also inform me what arrangements have been made by your department with the government of British Columbia with regard to the maintenance of insane Indians, and for recouping the government of British Columbia for expenses of maintenance dating back to 1880.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

---

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, 16th December, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th ultimo, calling attention and requesting reply to your former one dated 8th June last, relative to certain payments made to the Finance Minister of the Province of British Columbia, on account of maintenance of insane Indians; and in reply to express regret that the answer to your communication has been so long delayed, and to state in explanation that the delay has been caused by search, as time could be found for the original vouchers asked for by you.

The search for these vouchers I have now to inform you has proved fruitless, and the Department is compelled to conclude that they must have been destroyed with others, when it removed from its former offices to the present ones.

The reason why the amounts referred to in your letter were not paid at an earlier date was that it has been the Department's custom to settle these accounts as presented to it, and it was not until October, 1894, that any demand for maintenance, etc., subsequent to payments already made was presented to it.

No arrangement has been made for recouping the government of British Columbia for expenses of maintenance dating back to 1880, since it would not appear from the statement rendered by that government, that there are any other arrears due than those for which the vouchers referred to by you were issued.

The Department has no special arrangement with the provincial government for the maintenance of insane Indians, but that government, under the provisions of the British Columbia "Insane Asylums Amendment Act, 1893," cap. 18, enacts a guarantee from this Department that it will defray the expenses connected with such cases.

Your obedient servant,

D. C. SCOTT, *Acting D.S.G.I.A.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, 17th December, 1895.

SIR,—In reply to your letter of 16th instant, with reference to payments made to the Finance Minister of the Province of British Columbia on account of maintenance of insane Indians, I beg to point out that the British Columbia "Insane Asylums Amendment Act of 1893" appears to apply to expenses for maintenance after the coming in force of the Act, and not to expenses incurred before that date.

I would ask whether you have submitted the accounts to the Department of Justice to know if your department is legally responsible for the amounts.

I would also ask what explanation the Finance Minister gives of the delay in presenting the accounts.

I am sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General Indian Affairs.

## Auditor General's Report—Part G

### *Re Indian Fund.*

AUDIT OFFICE, OTTAWA, May 27th, 1895.

SIR,—The agent at Thessalon has entered on his return for November last \$200 received from Frances Amelia Webb for improvements on lot No. 6, blk. J, town of Thessalon. Sec. 27, chap. 29, R.S.C., directs that all receipts shall be deposited to the credit of the Receiver General. Instead of doing so the Agent paid this sum to Joseph Robinson. The copy of the receipt furnished is signed by Mr. Robinson affixing his mark in presence of one witness, Mary Jane Hagan, presumably some relative of the agent.

I have to inquire the circumstance that entitled Mr. Robinson to this sum.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDUGALL, *A.G.*

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, May 29th, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant, making inquiry in regard to the entry on Mr. Indian Lands Agent Hagan's return for November of an item of \$200, received from F. A. Webb, for improvements on lot 6, block J, town of Thessalon, which sum was subsequently paid to Joseph Robinson; and in reply I beg to inform you that in cases, of which the above was one, where lots were sold to persons other than those who made the improvements thereon, the value of the improvements, as previously estimated, was paid to the owner thereof.

I may add as regards the signature of the witness on the receipt for this payment, that the department does not know whether Mary Jane Hagan is a relative of the agent or not.

Your obedient servant,

The Auditor General.

D. C. SCOTT, *Acting D.S.G.I.A.*

AUDIT OFFICE, OTTAWA, June 3rd, 1895.

SIR,—I am in receipt of your letter of May 29th, in reply to mine of the 27th.

You state that where lots are sold to persons other than those who made the improvements thereon, the value of the improvements is paid to the owner.

If the government is responsible to the owner, the proper course to follow is for the agent to deposit his receipts, and the department to issue a cheque payable to the order of the person entitled to payment.

If the government is not responsible should the transaction not be left between the parties directly concerned?

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDUGALL, *A.G.*

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, June 4th, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, with further reference to the method employed, by the Indian lands agent at Thessalon, in making payment for the improvements on land sold to persons other than the owners of the improvements and with reference to this matter I beg to inform you that Mr. Hagan has been requested to deposit in future the total sum received on account of such sales, both for land and improvements, leaving it to the department to settle with the owner of the improvements, as suggested by you.

Your obedient servant,

The Auditor General.

HAYTER REED, *D.S.G.I.A.*

AUDIT OFFICE, OTTAWA, June 3, 1895.

SIR,—I have had no reply to my letters of May 25, 1894, and January 2, 1895, in reference to the revenue returns of 1893-94. The examination of the returns of the

revenue for the present year renders it again necessary to call your attention to about the same class of irregularities.

The points to which I have to ask your early attention are as follows :—

(1.) That the agents remit or deposit their collections in accordance with the Treasury regulations. The agents at Manitowaning, Melbourne, Sarnia, Thessalon, Tyendinaga and Wiarton are not doing so.

(2.) That the agents account for all receipt forms sent them. The following have not been accounted for :—

Agent at Gore Bay D 5700, D 4574.

do Regina D 6123.

do St. Regis D 2814.

Receipt No. B 4763 issued by agent at Wiarton is entered on his return, but the counterfoil is not furnished.

Counterfoils D 4294 and D 5459 are returned by the department marked cancelled, but the receipt forms are not.

(3.) That a receipt is issued for every payment. Six payments made at the department in August are entered on the return for which no receipts were issued.

(4.) That returns and vouchers for all deposits are furnished. I inclose a list of deposits, amounting to \$2,506.63, that have come to account since July 1st last for which no returns are furnished.

I have also to ask what became of the cedars valued at \$37.50 included in receipt No. C 4828 issued by the agent at Roseneath.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

OTTAWA, August 23rd, 1895.

SIR,—In reply to your letter of the 3rd June, regarding certain irregularities in connection with the returns of revenue from this department for the current year, I beg to inform you that the agents referred to as not depositing their collections in accordance with the treasury regulations are, with the exception of the agent at Deseronto, situated as described in letter to you of the 8th June, 1891, in which you were advised as follows :—“Many of the agents in outlying districts are located far from banks and their postal facilities are such that they cannot very well make daily deposits of their collections. It is, however, the rule of the department that agents must not hold moneys in their possession any longer than is absolutely necessary.” The agent at Deseronto makes his deposits regularly at the bank at that place, but only takes a deposit receipt once or twice a month and the other agents will be instructed to remit in future direct to the department as soon as \$25 has been collected.

The Agent at Gore Bay has been asked for an explanation as to the disposition which has been made of Receipt Forms Nos. B 5700, and D 4574.

Coupon D 6123, issued at Regina, is accounted for in the April return.

Coupon D 2814, issued by the agent at St. Regis, is inclosed herewith, with blank receipts attached.

The coupon of receipt B 4763, issued by the agent at Wiarton, is inclosed herewith. The agent should not have issued a receipt in this case, the payment having been made direct to the department, and receipt No. D 5419 having been issued therefor in July.

The receipts in connection with coupons D 4294 and 5459, returned by the department as cancelled were not issued. They were mislaid and cannot now be found.

The cedars referred to in receipt No. C 4828, were used for fencing and the tenant was allowed the value \$37.50 on account of his rent.

The department will make every effort to ensure the issue of receipts for every payment, and to see that returns and vouchers for all deposits are furnished in future.

I inclose an explanatory statement regarding such deposits as have come to account since July, 1894.

Your obedient servant,

D. C. SCOTT, *Acting D.S.G.I.A.*

## Auditor General's Report—Part G

DEPT. INDIAN AFFAIRS, OTTAWA, Nov. 25, 1895.

SIR,—I have the honour to acknowledge the receipt of your letters of the 7th ultimo and 22nd instant, in the former of which you ask for a statement of the arrears due this Department on the 30th June last ; and in reply I beg to inform you that there are no amounts unaccounted for by disbursing officers of this Department, in so far as the Indian Trust Fund is concerned, and there are no arrears affecting the Indian Consolidated Fund.

As regards arrears due by collecting officers, I may say that the amounts are the same as those published in your report for last year, viz. :—

Charles B. Savage, Gore Bay .....	\$ 3,542 11
A. P. LeBel, Rivière du Loup .....	638 78
	\$ 4,180 89

Your obedient servant,

HAYTER REED, *D.S.G.I.A.*

The Auditor General.

DEPT. INDIAN AFFAIRS, OTTAWA, January 9, 1896.

SIR,—I have to inform you that the claim against Mr. Peter McLaren, for the mill purchased by him from this department, has not yet been settled. Mr. McLaren has preferred a counter claim against the Dominion, and the whole question is now under consideration. It is highly probable that the papers in the case will be referred to the Minister of Justice for his opinion.

Your obedient servant,

HAYTER REED, *D.S.G.I.A.*

The Auditor General.

### Certificate on Pay-lists of Temporary Employees.

AUDIT OFFICE, OTTAWA, June 20, 1895.

SIR,—I notice that the certificates of attendance given in support of the payments to the temporary employees of your department, both inside and outside service, are insufficient, in that they do not state the actual days of absence. The following form of certificate will indicate the change that I would ask in the certificate at present used in your department :—" I hereby certify that the undermentioned clerks have been in attendance at this office, or engaged on outside duty, every day during the period for which payment is asked, except Sundays, statutory holidays, and the days as named for allowed absence on account of annual leave or of illness."

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPARTMENT, OTTAWA, June 28, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant in which you state that the certificates of attendance given in support of the payments to the temporary employees of this department, both inside and outside service, are insufficient, and in reply to inform you that the certificates used in this department are made strictly in accordance with the requirement of the minute of the Treasury Board held on the 2nd October, 1891.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secy.*

---

AUDIT OFFICE, OTTAWA, October 24, 1895.

SIR,—I beg to acknowledge receipt of your letter of the 28th of June with regard to the certificates of attendance attached to the pay-lists of the temporary employees in your department. In that letter you state that the certificates used in your department are made strictly in accordance with the requirements of the Treasury Board minute of October 2, 1891. The form of certificate prescribed by the Treasury Board of October 2nd, 1891, is as follows :—" I hereby certify that the clerk or messenger has been in attendance at this office every day except Sundays and statutory holidays during the period for which payment is asked." Your certificate differs materially from this in that it excepts other holidays and days covered by sick leave in addition to Sundays and statutory holidays. If the requirements of the Treasury Board minute are carried out all absence from the office except on Sundays and statutory holidays will be definitely specified in your certificate.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, August 8, 1895.

SIR,—I notice that your pay lists of surveyors and temporary employees in the Topographical Survey branch lack the prescribed certificates of attendance. Kindly see that this omission is rectified in the future, and have the certificates for the past fiscal year sent me.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

E. D. SUTHERLAND, *for A.G.*

INTERIOR DEPARTMENT, OTTAWA, October 31, 1895.

SIR,—Referring to Mr. Sutherland's letter of the 8th August last, with regard to the certificate of attendance omitted from the pay lists of surveyors and temporary employees in the Topographical Surveys branch, I beg to say with regard to the case of the surveyors that it would be impossible for the Surveyor General to give any certificate in the monthly pay list as to the services of the surveyors while in the field. I inclose for your information a copy of a letter which I wrote on the 27th April, 1892, to the chief inspector of surveys, after consultation with you.

With regard to the temporary employees the Surveyor General reports :—

“I gave this certificate up to the time when the temporary employees of this branch were appointed by Order in Council and thereby became entitled to leave of absence for recreation and other purposes. The very object of the certificate being to prevent the payment of temporary clerks while absent on leave or otherwise, I took for granted it was no longer required. It is quite clear that any certificate that may be given cannot be the prescribed one which the Auditor General asks.”

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

INTERIOR DEPARTMENT, OTTAWA, April 27, 1892.

DEAR MR. DENNIS,—In answer to yours of yesterday's date, I beg to say that after you leave here for your work in the field, it will of course not be necessary for the Surveyor General to certify any longer, in the usual monthly pay list, as to your services. In order to be sure that I am right, I have discussed the matter with the Auditor General, who agrees with me. I have written Mr. Deville accordingly.

Yours sincerely,

J. S. DENNIS, Chief Inspector of Surveys.

A. M. BURGESS.

### Employees Contributing to Superannuation Act Without due Authority.

AUDIT OFFICE, August 1, 1895.

SIR,—I am in receipt of your two applications of the 26th ulto., for the transfer of the sums of \$787.80, \$134.60 from the appropriations for Dominion Lands Income and for Immigration, respectively, to the credit of the Superannuation Fund, for superannuation abatements made on the salaries of employees in the outside service of your department. I can only authorize the transfer in the case of those officers who were contributing to the fund prior to June 2nd, 1886, and of those officers whose Order in Council specifically states that they are to participate in the benefits of the Superannuation Act. For those officers from whom the abatement has been illegally made, it will be necessary to issue cheques for the amount of the abatements made from their salaries for the years 1894-95. These latter officers are Messrs. Brokovski, Ferguson, Flesher, Higginson, Hoolahan, McKenzie, Phipps, Taylor, Wade and Mrs. M. R. Scott. I beg to refer you to the correspondence had last year on this subject, which appears on page G-67 et seq. of my report for 1893-94.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A. G.*

INTERIOR DEPARTMENT, OTTAWA, August 5, 1895.

SIR,—I beg to acknowledge the receipt of your letter addressed to Mr. Burgess on the 1st instant with reference to our application for the transfer of certain sums from the appropriations for Dominion Lands Income and Immigration respectively to the

## Auditor General's Report—Part H

credit of the Superannuation Fund. I am aware of the position of this question, and that you had already decided that you could not authorize transfers in the case of officers appointed after the 2nd June, 1886.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL. *Acting D. M. I.*

AUDIT OFFICE, OTTAWA, August 31, 1895.

SIR,—I beg to acknowledge receipt of your letter of the 5th instant, with reference to the transfer of certain sums from the appropriations for immigration and for Dominion Lands Income, respectively, to the credit of the Superannuation Fund. Your department has known for more than a year that I could not see my way to authorize transfers in the case of officers appointed after June 2nd, 1886, unless the Orders in Council appointing them specially stated that they were to be subject to the provisions of the Superannuation Act. If you failed to agree with me in my interpretation of the Act, you had the right to appeal to the Treasury Board against my decision. If, on the other hand, you agreed that my interpretation was the correct one, you should at once, I think, have stopped making the abatement in the cases under discussion, or have obtained Orders in Council, amending the original orders by bringing these officers under the Superannuation Act. In the meantime the abatements should be discontinued until the question is finally settled. Kindly inform me at your earliest convenience, what steps, if any, are being taken by you to settle this matter.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A. G.*

INTERIOR DEPARTMENT, OTTAWA, September 10, 1895.

SIR,—I am directed by the Deputy Minister of the Interior to acknowledge the receipt of your letter of the 31st ultimo, with further reference to the subject of the deductions which are being made from the salaries of certain officers of the outside service of this department for the superannuation fund, and to inform you that it is the intention of this department to submit the matter to the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, October 18, 1895.

SIR,—With further reference to the question of the abatements made from the salaries of certain of your officers in the outside service, I beg to say that I am to-day authorizing the transfers asked by you for such officers as were appointed prior to June 2, 1886. For those officers who were appointed subsequent to that date I am authorizing the issue of Receiver General's cheques for the amount of the abatements made from their salaries for the fiscal year 1894-95. These cheques are as follows:—

<i>Immigration.</i>	
J. Hoolahan.....	\$24
<i>Dominion Lands.</i>	
John Flesher.....	24
E. Brokovski.....	24
C. E. Phipps.....	24
T. B. Ferguson.....	24
John McKenzie.....	30
T. S. Higginson.....	36
E. H. Taylor.....	24
A. R. Wade.....	16
Mrs. M. R. Scott.....	12

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A. G.*

### Accident Insurance.

AUDIT OFFICE, OTTAWA, August 23, 1895.

SIR,—I notice in the expenditure by Mr. J. M. Gordon on account of immigration in August, 1894, an item of \$4.50 for accident insurance. A charge of this nature should not be allowed until a general regulation is made authorizing such payments and fixing the maximum amount of insurance that may be carried by the different grades of officers, or otherwise limiting the amount.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 18, 1895.

SIR,—I notice from the accounts of Mr. J. M. Gordon, Inspector of Agencies, sent to this office during the last fiscal year, that he included charges amounting to \$47 for accident insurance. I am of opinion that items of this nature should not be allowed until some general regulation is made authorizing such payments and regulating the amount of accident insurance that may be carried by the different officers who may be called upon to travel.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, October 31, 1895.

SIR,—Pending the discussion of the general regulation to be made with regard to the charges for accident insurance mentioned in your letter of the 18th instant, I beg to acknowledge the receipt of your communication. I propose to have a discussion on the subject with my Minister at the earliest opportunity.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

### Charge of per Diem Allowance by Mr. Akerlindh.

AUDIT OFFICE, OTTAWA, August 24, 1895.

SIR,—I notice from the account of Mr. A. Akerlindh, immigration interpreter, etc., at Ottawa, that he charges a uniform rate of \$2.75 per day for living expenses when absent from home on Government business. Kindly give me your authority for passing his accounts in this form, instead of on the basis of actual expenses as prescribed by the Order in Council of Feb. 6, 1893.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Government Employee acting as Attorney for Receipt of Moneys.

AUDIT OFFICE, OTTAWA, August 12, 1895.

SIR,—I notice from the expenditure at Wetaskiwin by Mr. J. G. Jessup, on account of immigration, that several of the receipts for payments on account of land guide service are signed by Mr. R. L. Alexander, travelling agent of your department, instead of by the parties to whom the moneys were payable. Under the rules prescribed on February 1, 1870, by the Treasury Board, in reference to Powers of Attorney, no officer of the Civil Service shall be permitted under any circumstances to act as attorney for the receipt of public moneys. According to this rule the only valid receipts in this case are

from the land guides themselves, as Mr. Alexander could not act as attorney. Kindly have proper receipts sent me, and see that this practice is discontinued in the future.

I am, sir, your obedient servant

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, October 4, 1895.

SIR,—Referring to your letter of the 12th of August last, making objection to certain receipts belonging to Mr. J. G. Jessup's Immigration expenditure being signed by Mr. R. L. Alexander instead of by the persons to whom the moneys were payable, I am directed to inform you that Mr. Jessup has reported that he will at once take steps to obtain as far as possible new receipts properly signed. In regard, however, to J. H. Dolmage's receipts No. 60 and 61, the Agent, Mr. Jessup, states that as Mr. Dolmage is dead, new receipts cannot be obtained in his case unless the deceased's son, who had a good deal to do with the work, is allowed to sign for his father. Kindly advise this department if you will accept the son's signature in the case in question.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

### Purchase of Travelling Rug by E. J. Wood.

AUDIT OFFICE, OTTAWA, June 8, 1895.

SIR,—In the January account of Mr. E. J. Wood, immigration agent at Birmingham, England, I notice a charge of twelve shillings and sixpence (12s. 6d.) for a travelling rug. Kindly inform me upon what grounds you consider an item of this nature a proper charge against the public moneys.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

---

INTERIOR DEPARTMENT, OTTAWA, July 9, 1895.

SIR,—In further reference to your letter of the 8th ultimo, regarding the item of twelve shillings and sixpence, in Mr. E. J. Wood's January account, for a rug, I am to say that Mr. Wood's explanation, which has just reached this department through the High Commissioner's office, is as follows:—"It should be borne in mind that a rug in England is absolutely essential in travelling in the winter owing to the trains not being heated; further, last winter was exceptionally severe, and as my lectures entailed driving in open traps for eight or ten miles at ten and twelve o'clock at night on many occasions I felt compelled to use every precaution by wrapping up well, as I never use a rug except when travelling, and as I do not travel unless in the service of the government of Canada, I considered it right that such should be charged as a necessary item of expenditure."

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

---

AUDIT OFFICE, OTTAWA, November 7, 1895.

SIR,—I beg to acknowledge receipt of your letter of the 9th July with reference to a travelling rug purchased by Mr. E. J. Wood, Dominion immigration agent at Birmingham. I beg to state that it is not customary to allow items of this nature to be made a charge against the public moneys. This amount should therefore be refunded by Mr. Wood.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

### Travelling Expenses of C. A. Munson.

AUDIT OFFICE, OTTAWA, August 31, 1895.

SIR,—On examining the accounts of Mr. C. A. Munson, travelling during last winter with the C. P. Ry. exhibition car, I find that on December 24, Mr. Munson left Rochester for Cobourg, where he remained until January 3, when he purchased a ticket for Morristown, N. Y. Mr. Munson's salary and living allowance run without a break from October 15 to March 31. As Cobourg is presumably Mr. Munson's home I am of opinion that he is entitled to neither salary nor living allowance for the time he spent there, say from December 25 to January 2, inclusive. I also notice in Mr. Munson's account a charge, on March 9, of 40 cents for "freshening up." Kindly explain this item, as it is not sufficiently clear as it now stands.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, September 17, 1895.

SIR,—I am directed to say in further reference to your letter of the 31st ultimo, regarding certain items in Mr. C. A. Munson's accounts for travelling expenses, that Munson has written to the department explaining that the item for "freshening up" refers to the re-billing of a town where the bills have been either pulled down, or blown away, or become disfigured since the agent's last visit, and with regard to his receiving salary and living allowance from the 25th December, 1894, to the 2nd of January, 1895, inclusive, Mr. Munson states that although he was in Cobourg during this period, he continued to discharge his duties, answering letters, and otherwise attending to business for the department, the same as if he were in the United States, and that during the period in question his expenses for living amounted to just as much as they would have been had he remained continuously in the States, as he is not a married man, and he has no fixed home. Under these circumstances, the department would not be justified in calling upon Mr. Munson to make any refund in respect of the period in question.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, October 22, 1895.

SIR,—I beg to acknowledge receipt of your letter of the 17th of September last with respect to certain items in Mr. C. A. Munson's account for travelling expenses. From that letter it would appear that although Mr. Munson continued to discharge his departmental duties from December 25, 1894, to January 2, 1895, his visit to Cobourg was made for personal convenience than departmental business. Consequently, although Mr. Munson may be entitled to salary and living allowance during that time, his travelling expenses to and from Cobourg should not be made a public charge.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Expenses with Destitute Immigrants.

AUDIT OFFICE, OTTAWA, April 30, 1895.

SIR,—Immigration cheque No. 5503 of October 26, 1894, is for a payment to Chas. F. Herbert of \$11.35 for expenses incurred on behalf of Arthur Kingston. These expenses appear to be Mr. Kingston's travel from Sudbury to Ottawa. Kindly inform me who Arthur Kingston is, and under what circumstances his travelling expenses have been allowed.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part H

---

INTERIOR DEPARTMENT, OTTAWA, May 2, 1895.

SIR,—I am directed to say in answer to your letter of the 30th ultimo, that Arthur Kingston was a pauper immigrant whom it was necessary for the Department to assist in the manner indicated in the account in question.

I am, sir, your obedient servant,

The Auditor General

LYNDWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, August 28th, 1895.

SIR,—Immigration cheque No. 5317, issued on September 5th, 1894, is for a payment of \$12.00 to the Canadian Pacific Railway Company, for one ticket from Winnipeg to Ottawa. Kindly inform me for whom, and under what circumstances the ticket was purchased.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPARTMENT, OTTAWA, August 30, 1895.

SIR,—I am directed to say in answer to your letter of the 28th instant, that the cheque in question was issued to the Canadian Pacific Railway Company, to pay for the passage of one J. P. Olsson, from Winnipeg to Ottawa. Olsson came to Canada, as an immigrant from Sweden, early in 1894, and proceeded to Winnipeg in the hope of finding employment on a farm, not having the means to take up land himself immediately. He, however, was unable to find such employment, and when his wife and children came out some months after his own arrival, they were unable to proceed any further than Ottawa. Our Scandinavian interpreter then interested himself in their case, and succeeded in finding a place for Olsson on a farm in this neighbourhood, and as he was without means, the department became responsible for his passage, as above mentioned, on his promising to refund the money as soon as he was in a position to do so, and an effort is now being made to induce him to carry out this promise.

I am, sir, your obedient servant,

The Auditor General.

### Payment of Surveyors for Days of Absence.

AUDIT OFFICE, OTTAWA, August 7, 1895.

SIR,—I notice that in December, 1894, Mr. E. W. Hubbell, a surveyor in the employ of your department, was paid \$12.10 for three days' salary deducted for absence in December, 1893, and Mr. P. R. A. Belanger was paid \$24.19 for six days' salary deducted for absence in December, 1893, and January, 1894. Kindly acquaint me with the facts that led to a reconsideration of these cases a year after the deductions had been made.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPARTMENT, OTTAWA, August 13, 1895.

SIR,—In reply to your letter of the 7th instant, asking why the sums of \$12.10 and \$24.19 were deducted from the salaries of Mr. E. W. Hubbell and P. R. A. Belanger, respectively, for days that they were absent from duty in the years 1893 and 1894, I have the honour to inform you that clause 6 of the regulations for the employment of land surveyors by the Department of the Interior, which were approved by Order in Council

of the 26th October, 1894, made the provisions of the Order in Council to the 20th October, 1892, as to leave of absence to temporary employees, applicable to surveyors employed by the month, and clause 28 of the former order is retroactive as to surveys made during the year 1893. In Mr. Belanger's case a few of the days in question were in January, 1894, but the work on which he was employed was connected with the surveys of 1893.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Acting D.M.I.*

### Double Payment in Mr. Dennis' Survey Account.

AUDIT OFFICE, OTTAWA, October 8, 1895.

SIR,—I beg to call your attention to an apparent double payment in the account of Mr. J. S. Dennis for inspection of surveys in 1893. Sub-voucher No. 78 is for payment on October 24, 1893, to A. Bolderston of \$5.95 being expenditure by him for board, feed and ferriage. Sub-voucher No. 87 is simply a receipt given by A. Bolderston on October 24, 1893, for \$5.95, "being amount of account for disbursements." Kindly ascertain whether this amount has been charged twice in Mr. Dennis's account, and, if so, have the over-payment refunded at your earliest convenience.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Payments for Medical Attendance on Survey Employees.

AUDIT OFFICE, OTTAWA, August 7, 1895.

SIR,—Dominion Lands Capital cheque No. 2129, of May 15th, 1895, is for the payment to Mr. E. W. Hubbell of \$34.80, being for a supplementary account of expenses incurred in his survey in the season of 1893 in the Edmonton District. Among the items covered by this account is a payment of \$26.00 to H. G. Baldwin, M. D., of South Edmonton, for professional attendance on Wm. Coe, employed by Mr. Hubbell as teamster. Kindly explain the circumstances which led to this being made a charge against the Government.

I am, sir, your obedient servant.

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, November 2, 1895.

SIR,—In reply to your letter of the 7th August last, asking why \$26.00 was paid to Dr. Baldwin, of South Edmonton, for professional attendance on William Coe, employed by Mr. E. W. Hubbell, D.L.S., as a teamster, I beg to inform you that Mr. Dennis, the chief inspector of surveys, certified that he was at South Edmonton at the time William Coe of Mr. Hubbell's survey party met with an accident while driving a horse and buckboard; that he, in company with the doctor, saw Coe after the accident and also on several occasions during the time the former was confined to bed; that the accident was not in any way attributable to carelessness on Coe's part, and that the charge made by Dr. Baldwin for services in this case was in Mr. Dennis's opinion reasonable.

The survey regulations, which are confirmed by Order in Council, make provision for cases of this kind, and under the above mentioned circumstances the William Coe case would appear to come within the provisions of the regulation in that behalf.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Sec.*

## Auditor General's Report—Part H

AUDIT OFFICE, OTTAWA, October 31, 1895.

SIR,—In account of the survey of Mr. William Ogilvie in Alaska in the summer of 1894, I find the following items ; "Treatment of P. Nicholson in St. Ann's Hospital, \$32.00 ; fare of P. Nicholson, Juneau to Victoria, \$22.50." Kindly explain your reasons for making this a public charge.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

OTTAWA, April 26th, 1895.

SIR,—You ask me for an explanation of two items of expenditure in Voucher No. 22 of my account for 1894 ; one item for medical attendance and treatment of Pears on Nicholson, \$32.00, and the other for his passage to Victoria from Juneau, \$22.50. Mr. Nicholson was one of the sailors on the Boundary Survey tender-ship "Thistle." He had an attack of pleurisy, which developed into a mild case of pneumonia, and had to be put into the Juneau hospital, which accounts for the first item, and as it was probable he would not be fit for service again during the season, he was sent home, which explains the second item. Under Marine laws he could claim all he got, and also his full pay up to the time of his discharge in the presence of a British consul, but as there was none at Juneau he could not be discharged, nor could not be until arrival at Victoria. Mr. Nicholson could legally have claimed pay from the date of his entry into the hospital in August until the time the ship's crew was discharged in Victoria, about October 5th, but reasonably waived his claim to pay for the time he did not serve on the ship, so that under the unfortunate circumstances he is the principal loser.

Yours very truly,

W. F. KING, Intern'l. Boundary Com.

WM. OGILVIE, D.L.S.

### Apparent Double Payment by Mr. E. W. Hubbell.

AUDIT OFFICE, OTTAWA, October 8, 1895.

SIR,—Sub-voucher No. 17 of Mr. E. W. Hubbell's expenditure for transport on his survey in the season of 1894, is for payment of \$8 on November 21, 1894, to F. Fane, of Beaver Lake, for 32 bushels of oats. Sub-voucher No. 18 is for payment of \$8.67 to Mr. F. Fane for 32 bushels of oats at 25 cents and 67 cents for stamps. This payment was made on the 21st November, 1894. Kindly inform me whether these two payments of \$8, were for two separate purchases of oats, or whether there has been an inadvertent overcharge of \$8.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

### Overpayment to O. J. Klotz in 1891.

AUDIT OFFICE, OTTAWA, July 4, 1895.

SIR,—On December 19 last, a cheque was issued against Dominion lands, capital, for \$83.45, being the balance of Mr. O. J. Klotz's account for special work in the British Columbia Railway Belt in 1891 and 1892.

This account is made up as follows :

Services, January 25, 1891, to July 17, 1891—174 days	
at \$7.....	\$1,218 00
Services, November 6, 1891, to April 3, 1892—150 days	
at \$7.....	1,050 00
Travelling expenses.....	15 45
Total .....	\$2,283 45

I find also that on, Feb. 18, 1891, Mr. Klotz was paid \$50 for 10 days' services in that month as examiner of Dominion Lands Surveyors. If Mr. Klotz was acting as examiner for these ten days, he should not have been paid for his services on the Railway Belt for the same time. I have accordingly to ask that you obtain a refund of \$70 from Mr. Klotz, being for ten days' services on the Railway Belt at \$7 per diem.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Nov. 4, 1895.

SIR,—Referring to your letter of the 4th July last with regard to a payment to Mr. O. J. Klotz for ten days' services as examiner of Dominion Lands Surveyors during the month of February, 1891, I beg to inquire under what provision of the law you object to this payment? I may mention that the duties of an examiner are greater than the records of the proceedings of the Board would indicate. As a case in point, it may be stated that for the particular examination referred to in your letter Mr. Klotz was requested by the Acting Surveyor General to prepare all the papers for the candidates seeking to qualify as Dominion Topographical Surveyors. This he states he did outside of his daily work in connection with the surveys in the Railway Belt in British Columbia. I beg to point out that years ago when you made objection to the payment of similar sums to members of the Board who were in the Inside division of the Civil Service in addition to their ordinary salary, the Government took the necessary steps to put the matter right. Mr. Klotz is not in the Inside Service; there is no moral reason why he should be asked to perform this particular service without payment; and I am not aware of any provision of the law which would prevent him from receiving, or the Government from giving, the sum paid to him.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, Nov. 23, 1895.

SIR,—I have your letter of the 4th inst. with reference to mine which objected to the payment of Mr. O. J. Klotz for ten days' services as Examiner of Dominion Lands Surveyors. I object to any person being paid for his time more than once unless there is a special exception from the restriction, as there is under your vote to pay the Examiners so far as members of the Civil Service are concerned. If you furnish evidence that Mr. Klotz performed in connection with the examination services for the time charged against the Examination Vote and gave during the same period his regular and usual work day by day in connection with the surveys in the Railway Belt in British Columbia, I shall consider myself justified in passing the item without further objection.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Travelling expenses of O. J. Klotz in 1891.

AUDIT OFFICE, OTTAWA, June 20, 1895.

SIR,—Dominion Lands Income cheque No. 3181, issued on December 4, 1894, is for a payment of \$21.65 to Mr. Otto J. Klotz for travelling expenses from Preston to Ottawa and return, in February, 1891. Kindly explain why this account was allowed to stand for nearly four years before settlement.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part H

---

INTERIOR DEPARTMENT, OTTAWA, July 2, 1895.

SIR,—I have the honour by direction to acknowledge the receipt of your letter of the 20th ultimo, asking for an explanation with regard to the payment of \$21.65 to Mr. Otto J. Klotz, for travelling expenses from Preston to Ottawa and return in February, 1891, and in reply to state that Mr. Klotz included this amount in his account for surveys in 1890, under the direction of Mr. King, then Acting Surveyor General, who was of the opinion that the amount was properly chargeable to this account. It was afterwards decided, however, that it should have been charged to the Board of Examiners for D.L.S., as it was incurred in attending a meeting of the Board. The amount was refunded by Mr. Klotz, and the matter appears to have been overlooked until last fall, when Mr. Klotz put in an account for it against the Board of Examiners.

I am, sir, your obedient servant,

The Auditor General.

### Removal Expenses to Geo. F. Newcomb.

AUDIT OFFICE, OTTAWA, Sept. 27, 1895.

SIR,—Dominion Lands Income cheque No. 4,031, issued on May 27 last, is for a payment of \$1,303.65, to Mr. George F. Newcomb for removal expenses, rent of office, &c., as per Order in Council of May 20, 1895. Kindly give me a detailed statement, supported by proper vouchers, showing how this amount is made up.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, Oct. 26, 1895.

SIR,—Referring to your letter of the 27th ultimo asking for a detailed statement and vouchers covering the payment of \$1,303.65, to Mr. George F. Newcomb under authority of Order in Council of the 20th of May last, I beg to say that I have requested the Clerk of the Privy Council to furnish me with the required documents, which when received will be transmitted to you.

I am, sir, your obedient servant,

The Auditor General.

INTERIOR DEPT., OTTAWA, November 12, 1895.

SIR,—With further reference to your letter of September 27 last, asking for a detailed statement supported by vouchers, showing how the amount of cheque No. 4031 issued on May 27 last, in favour of Mr. George F. Newcomb for \$1,303.65, was made up, I am directed to transmit herewith the documents required by you, which have just been received from the clerk of the Privy Council duly certified by that officer.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, November 15, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant, inclosing statement of copies of vouchers in support of the payment of \$1,303.65 to Mr. George F. Newcomb. These expenses appear to have been incurred between May, 1880, and

May, 1883, the total amount of the statement being \$1,708.05, from which a deduction is made of \$400, the receipts of a cheque issued in May, 1880. I notice that the vouchers in support of this payment do not appear to bear any certificate as to the performance of service, nor is there sufficient evidence on some of them to show clearly that the expenses were incurred by Mr. Newcomb in connection with his duties as agent at Deloraine. Kindly have these deficiencies in the vouchers remedied. The following is a statement of the amounts paid to Mr. Newcomb for contingencies and travel during the fiscal years 1879-80 to 1882-83, as taken from the Public Accounts:—

1879-80—Travel.....	\$ 214 00
1880-81—Horse hire and travel .....	242 00
Carrying mails .....	260 00
1881-82—Contingencies.....	1,402 98
Travel .....	60 60
1882-83—Disbursements .....	129 50
do per A. Walsh.....	115 30
Total.....	\$2,424 38

Kindly let me have a statement showing in detail the amounts covered by these payments to Mr. Newcomb, supported, as far as possible by vouchers.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

### Refund to S. Mellard of Expenses *re* proposed purchase of Land.

AUDIT OFFICE, OTTAWA, Sept. 27, 1895.

SIR,—On November 13, 1894, cheque No. 3,058 for the amount of \$10.50, was issued against the vote for Dominion Lands Income in favour of Samuel Mellard, to recoup him the amount incurred for registration fees and other expenses in connection with the sale made to him by the Department of the Interior of a certain section of land, which land had been previously patented by British Columbia. Kindly give me Mr. Mellard's account of expenses, and state your reasons for making this a charge against the vote for Dominion Lands Income.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDUGALL, A.G.

INTERIOR DEPT., OTTAWA, Oct. 5, 1895.

SIR,—Referring to your letter of the 27th ultimo, asking for an explanation in regard to the issue of cheque No. 3058 in favour of Samuel Mellard for \$10.50 against the vote for Dominion Lands Income, I am directed to say that the reasons for making this payment to Mr. Mellard are to be found in the Order in Council of Oct. 24, 1894, authorizing the payment to him, a copy of which order is no doubt of record in your office, as the clerk of the Privy Council was requested on the 30th idem to furnish you with one.

The following items make up the amount of the cheque in question:—

Paid Mr. Driscoll, D.L.S., for a survey to ascertain if land belonged to the Crown or not.....	\$ 5 00
Paid registrar's fees, examining title, &c.....	3 00
Paid for quit claim, deed from Mellard to owner of land, to clear title from cloud caused by registration of patent to Mellard .....	2 50
	<hr/>
	\$10 50

I am, sir, your obedient servant,

The Auditor General.

### P. M. Barker, payment for "Incidentals."

AUDIT OFFICE, OTTAWA, Aug. 1, 1895.

SIR,—In the June account of Mr. P. M. Barker, inspector of land titles offices, I find a payment of \$86, for board at Prince Albert. This account is made up as follows :—Board, \$75 ; washing, \$8 ; incidentals, \$3. Kindly give me an explanation of the items covered by the above charge of \$3 for incidentals.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Overpayment to Caretaker of Calgary Land Titles Office.

AUDIT OFFICE, OTTAWA, Aug. 1, 1895.

SIR,—In the contingent expenditure during the month of July, 1894, at the Calgary registration office, I find an item of \$7.50 paid to E. N. Brown as caretaker during the month of June. A reference to the contingent account for the month of June, 1894, will show that this item has been charged twice, it appearing in the June account as well as in that for July. Kindly have this matter adjusted at your earliest convenience.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPT., OTTAWA, Oct. 30, 1895.

SIR,—With reference to that portion of your letter of the 22nd instant, which relates to the overpayment of \$7.50 to E. N. Brown, I beg to inclose for your information a copy of a letter which was on the 18th instant addressed to the inspector of land titles offices in the matter. There has scarcely been time yet for a reply to reach the department from Mr. Barker, but the matter will not be overlooked.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

---

INTERIOR DEPT., OTTAWA, October 18, 1895.

SIR—I am directed to transmit, herewith, copies of vouchers, and of letters which have passed between the department and Mr. Lawrence J. Clarke, with regard to a duplicate payment which appears to have been made by you to Mr. Brown, caretaker of the Calgary Land Titles Office, for his salary for June last.

I am to call your particular attention to the statement in the second paragraph of Mr. Clarke's letter of the 5th instant to the Assistant Secretary that he had again written to you asking for information and drawing attention to the fact that the matter was urgent, but had received no answer, and to request you to explain why you did not reply to Mr. Clarke's letters so that he might be able to furnish the necessary explanation with regard to the payment in question for the information of the Auditor General as well as of this department.

Your immediate attention to this matter is required, and I am also to state that as the accounts in which this duplicate payment appears, were furnished by you, and as the advances out of which such payments were made were sent to you, \$7.50 has been charged to your account, and will be deducted from the amount of the next cheque which is issued in your favour unless your report will show that the amount should be charged to Mr. Brown. From a business standpoint you are the person to whom the department must look for this second payment, and outside of any action that may be taken with regard to Mr. Brown, you are therefore, the one who must put this matter right.

I am, sir, your obedient servant,

P. M. Barker, Regina.

LYNDWODE PEREIRA, *Asst. Sec.*

**Purchase of Vegetable Seeds by Lieut.-Gov. Royal.**

AUDIT OFFICE, OTTAWA, October 22, 1895.

SIR,—I beg to call your attention to my letter of March 2, 1894, and the subsequent correspondence on the subject of the purchase of vegetable seeds by the Lieutenant-Governor of the North-west Territories. Mr. Gordon in his letter of April 14 states that Mr. Royal is willing to pay the charges for vegetable seeds amounting to \$1.35 on receiving an account for the same. I do not find that any refund of this amount has yet been made by Mr. Royal. Kindly have this matter settled at your earliest convenience.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

**Purchase of Vegetable Seeds by Lieut.-Gov. Mackintosh.**

AUDIT OFFICE, OTTAWA, October 8, 1895.

SIR,—Voucher No. 277 in support of the expenditure by Lieutenant-Governor Mackintosh on account of Government in the North-west Territories is for the payment of \$48.25 to the Steele, Briggs, Marcon Seed Co., of Toronto, for seeds. Of this account, \$10.15 is for vegetable seeds, the rest of the account being for flower seeds. I am of opinion that the charge for vegetable seeds for the garden at Government House is not a proper charge against public moneys. Kindly draw the attention of the Lieutenant-Governor to this item. I would remind you of the objection I took to similar items paid by Lieutenant-Governor Royal, and would refer you to our correspondence on the subject in March and April, 1894, your file No. 332746.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

**Asking for Replies to Letters.**

AUDIT OFFICE, OTTAWA, October 22, 1895.

SIR,—I beg to call your attention to the following letters written to your department prior to October 1, 1895, and to which I have received no reply as yet :—

Date.	Subject.
July 4, 1895.	Overpayment to O. J. Klotz, February 18, 1891.
" 26 "	" " to Ottawa " Citizen."
Aug. 1 "	Living expenses, Mr. P. M. Barker.
" 1 "	Overpayment of \$7.50 to E. N. Brown.
" 7 "	Payment by Mr. Hubbell for medical attendance.
" 8 "	Certificates of attendance, Topographical Survey.
" 23 "	J. M. Gordon's accident insurance.
" 24 "	Living expenses A. Akerlindh.
Sept. 27 "	Removal expenses, &c., G. F. Newcomb.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, October 31, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd instant, calling attention to nine letters received from your department bearing date between the 4th July and 27th September last, and to say that all the cases to which you refer have been the subject of action by the department. I have to-day addressed letters to you in connection with four of these cases, namely, overpayment to E. N. Brown, charges for accident insurance; overpayment to O. J. Klotz, certificates of attendance, Surveys Branch. The other five are not being overlooked, and I will write you with regard to them as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, D.M.I.

*Re Arrears of Ordnance Lands Revenue.*

AUDIT OFFICE, OTTAWA, December 26, 1894.

SIR,—Referring to the arrears due on account of Ordnance Lands, I have to ask you for an explanation of the circumstances of all the items on which nothing has been paid during the year.

In the meantime, I will be glad to have explanation of the circumstances connected with the following entries, viz. :—

Kingston and Pembroke Ry. Co. ....	\$ 571 00
Geo. W. Parent. ....	2,250 00
Quebec Government. ....	12,550 00
Windsor Municipality. ....	3,136 00

The liability in each of these cases has increased during the year, and with the exception of the Kingston and Pembroke Ry. Co., nothing has been paid. Please state if any of these amounts are disputed.

In the statement of arrears furnished last year Joshua Bates, Wolford, appeared for \$3,120. During the year only \$2,000 came to account. This name does not appear in the statement lately furnished.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, January 18, 1895.

SIR,—With reference to that part of your letter of the 26th ultimo., in which you ask for an explanation of the circumstances connected with the following entry :—“Geo. W. Parent, \$2,250.00.” I have the honour to state as follows :—

The amount due by Geo. W. Parent is for three years' rent of the Government Farm at Longueuil, held by Parent under lease from this department, at a rental of \$750 per annum. He was notified of his indebtedness from time to time, and urged to pay up, but not having complied with this reasonable request the account was, on 6th July last, handed to the Department of Justice with the request that the necessary steps be taken to collect the amount due, or get possession of the property.

The Department of Justice is again being communicated with to ascertain in what position the case now stands.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, D.M.I.

INTERIOR DEPT., OTTAWA, Jan. 18, 1895.

SIR,—With reference to that part of your letter of the 25th ultimo, in which you ask for an explanation of the circumstances connected with the following entry :—“Kingston and Pembroke Railway Company,” \$571, I have the honour to state as follows :—

The amount due by the Kingston and Pembroke Railway Company (\$571) is for three years' rent of the “Market Battery, Kingston, to 1st June, 1894, at \$150 per annum .....	\$450
One year's rent of the submerged land in front of the same, to Feb. 7, 1895 .....	1
Two years' rent of the water lot on the Catarauqui River and bay (about 63 acres) to April 1, 1894, at \$50 per annum .....	100
One year's rent of the “old wooden stables and yard attached,” to July 1, 1894 .....	20

## Auditor General's Report—Part H

Heretofore it has been the practice of the department to send the clerk in charge of ordnance lands to collect the amounts due along the line of Rideau navigation and at Kingston. Owing to his protracted illness and consequent absence from the office since last March, this could not be done.

If Mr. Mills has not recovered by next spring, another officer of the department will be sent to make these collections. I do not know that we are under any obligation to do this, but it has been the custom for many years, and the failure of the parties to make their payments is to be accounted for no doubt in this way. Meantime, they are being written to and urged to pay the sums due, to the credit of the Receiver General, through the local bank.

I am, sir, your obedient servant,

A. M. BURGESS, *D.M.I.*

The Auditor General.

INTERIOR DEPT., OTTAWA, January 18, 1895.

SIR,—With reference to that part of your letter of the 26th ultimo respecting arrears due on Ordnance Lands, in which you ask for an explanation of the circumstances connected with the following entry: "Quebec Government \$12,550," I have the honour to state as follows:

Under the authority of an Order in Council of the 17th June, 1878, a copy of which you will find herewith, a lease was issued to the Government of the province of Quebec of certain lands in the city of Quebec, commonly known as the Commissariat Fuel Yard, at the yearly rental of \$750, with the right to purchase at any time for the sum of \$25,000. On the 7th June, 1890, the Under Secretary of State for Canada was requested to transmit to the Provincial Secretary of the Province of Quebec an account for \$9,000, being twelve years' rental of the property mentioned, and a request was made that the said amount be deposited at an early date in the Bank of Montreal to the credit of the Receiver General of the Dominion on account of Ordnance Lands. It should be mentioned in this relation that Mr. John R. Hall, the Secretary of this department, visited and reported on this property in October, 1885, and from his report it appears he was informed by Mr. Moreau, Secretary of the Railway Department of the Province, that the land had been transferred to the city of Quebec in exchange for other property, and that the city had subsequently leased it to the Canadian Pacific Railway. It was pointed out to the Under Secretary of State in the letter of June, 1890, that there was clearly no authority for this transaction, and that the Provincial Government must immediately pay up the arrears of rent. It was suggested that in order to enable the provincial authorities to make a good title to the city of Quebec and its assigns, the right of purchase provided for by the Order in Council of the 17th June, 1878, above mentioned, be taken advantage of immediately; it was intimated that if an early and satisfactory reply were not received from the Government of Quebec it would be necessary in view of the large amount of the arrears to take legal proceedings to collect them and also to regain possession of the property. No reply having been received, the matter was referred on the 11th April, 1891, to the Department of Justice, and on the 13th of the same month the Deputy Minister of Justice advised us that he did not see how legal proceedings could be taken against the province of Quebec. He added: "It seems to me that this is a matter that should be taken into consideration in the settlement of accounts between the province and Canada. However, I have written to the Deputy Attorney General of Quebec asking for payment of the account."

In accordance with the above, a statement of the amount due the Dominion by the province of Quebec, was furnished the Department of Finance on the 10th of August, 1891, and a supplementary account on the 27th May, 1893. On the last mentioned date this department was informed by the Secretary of the Department of Finance, that the Assistant Treasurer of Quebec, who was then engaged in examining the accounts of the province, admitted the claims made for rent of the Commissariat Fuel Yard and land in front of the new provincial buildings, and a request was made that an account might be sent to the Department of Public Works, Quebec. This was done

on the following day, but the amount due has not yet been received by this department. A letter has now been written to the Under Secretary of State for transmission to the provincial secretary, setting out the facts and asking that the matter receive early attention.

I am, sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

*COPY of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 17th June, 1878.*

On a report dated 5th June, 1878, from the Hon. Mr. Scott, acting in the absence of the Minister of the Interior stating that the government of the province of Quebec have made application for a ninety-nine years' lease at a yearly rental of \$750, with the right to purchase at any time for the price of \$25,000, of that certain parcel or tract of land in the city of Quebec commonly known as the Commissariat Fuel Yard, and which may be more particularly described as Lot No. 1950 on the cadastral plan of the said city, containing 4 acres 3 roods 28 perches be the same more or less of which 2 roods 6½ perches are under a yearly lease of \$140, to Mr. J. R. Boswell, and 440 superficial feet to William Eadon (or heirs) at \$4.

That he believes it to be expedient to transfer the property in question to the government of Quebec as asked for, and recommending that the necessary authority be given to confirm the lease and right of purchase in question and that the leases to Boswell and Eadon be transferred to the Government of Quebec.

The Committee submit the foregoing recommendation for your Excellency's approval.

Certified.

(Signed) JOS. O. COTE, *Asst. C. P. C.*

To the Honourable the Minister of the Interior.

INTERIOR DEPARTMENT, OTTAWA, February 14, 1895.

DEAR MR. MCDUGALL,—In reply to that portion of your letter of the 26th December last re arrears on account of Ordnance Lands, which has reference to the case of Joshua Bates, of Wolford, I am to explain that during the year 1893 an offer was received from the Smith's Falls Electric Power Company, Ltd., to take over the rights of Joshua Bates, which in the mean time had passed into other hands, and pay \$2,000.00 as in full settlement of the indebtedness of the estate. The debt was one of long standing, and as there was no hope whatever of collecting it in full, the Minister of the Interior agreed upon my advice to accept the offer of the company by way of compromise, and in full settlement of the claim, being quite satisfied, as I was, that it was the best thing that could be done in the public interest.

Yours very truly,

The Auditor General.

A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, November 20, 1895.

SIR,—The following items were returned last year in the statement of arrears due on account of ordnance lands, which do not appear on the statement recently received; and nothing seems to have come to account for them in the meantime:—

Ottawa,	W. H. Easton.....	\$ 75 00
"	John Gleason.....	32 40
Oxford,	Albert Whyte.....	80 00
Sorel,	Ed. W. Kittson.....	168 00

Kingston,	Ira A. Breck.....	248 00
Montreal,	W. H. Arnton.....	8,532 59

## Auditor General's Report—Part H

---

It is also noticeable that in a great many cases the arrears due this year are greater than last year.

You stated in your letter of January 18, 1895, that the claim against Geo. W. Parent which was then \$2,250, and which is now returned at \$3,000 was handed to the Department of Justice July 6, 1894. This tenant is apparently still in occupation and without paying anything either on the current rent or on the arrears.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### *Re* Rocky Mountain Park.

AUDIT OFFICE, OTTAWA, May 7, 1895.

SIR,—Please explain why receipts are not issued by the Superintendent of the Rocky Mountains Park for all moneys collected by him. It may not be practicable for the collector at the cave and basin to issue a receipt for the fees paid to him, but the superintendent should issue a receipt to the collector when the latter pays over his receipts, which he appears to do weekly, and the counterfoil should be signed by the collector as well as by the superintendent. Receipts should be issued to the persons making payment for all other revenue collected.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPT., OTTAWA, May 17, 1895.

SIR,—Referring to your letter of the 7th instant in regard to receipts being issued by the Superintendent of the Rocky Mountains Park for all moneys collected by him, I am directed to say that your communication has been brought to the attention of that officer, with a view to your wishes in the matter being carried out.

I am, sir, your obedient servant,

The Auditor General.

### *Re* Fees paid to the Accountant.

AUDIT OFFICE, OTTAWA, May 10, 1895.

SIR,—Referring to the fees paid to the Accountant of your Department, the statement of which for April is just to hand, I have to request that the No. of the receipt issued in each case may be entered, and the counterfoils furnished. The return is signed by the Accountant. It should be certified as to the following points :—(1.) That fees were charged and collected in every case in which they should have been ; (2) that the above is a correct statement of all the fees collected ; (3) that the receipts were deposited in accordance with the Treasury Regulations.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

INTERIOR DEPT., OTTAWA, July 11, 1895.

SIR,—Referring to your letter of the 10th of May last respecting fees collected by this department, I am directed to say that no fees are paid directly to the Accountant, but are received by several officers of the department and handed over by them to the Accountant, who at once acknowledges each item as received, and in due course makes the necessary deposit in the bank. Fees are received at the department from various sources, through the mails from the departmental agents or from private individuals.

I am to add that steps are being taken to carry out as far as practicable and as early as possible, the requirements set forth in your communication referred to in the matter of fees.

The Auditor General.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Sec.*

### *Re* Hay Permits.

AUDIT OFFICE, OTTAWA, May 16, 1895.

SIR,—The returns indicate that hay cut in excess of the permit, is sometimes charged for at 10 cents per ton and sometimes at 20 cents per ton. There does not seem to be more than 25 per cent, if so much, of the permits returned. What are the regulations in reference thereto? Are permits issued to any person who has neglected to return a permit previously issued, properly attested?

Permits Nos. 8597 and 8635, issued by agent at Little Saskatchewan, were returned, attested, the former for 5 tons in excess, the latter for 2. Nothing seems to have come to account from either.

The counterfoil of permit 8948, issued at Prince Albert is marked cancelled, but the permit is not furnished.

Receipts Nos. 2298, 2299 and 2300, Kamloops, B.C., have not been accounted for.

No hay permits seem to have been issued by the agent at Wetaskiwin since the 1st July last, though the receipts for the previous year are \$33.50.

Statements are furnished to this office of the receipt forms furnished to the land agents. Could not a similar statement be furnished of the receipt forms issued to the timber agents?

The Deputy Minister of Interior.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, November 19, 1895.

SIR,—Referring to your letter of the 16th May last, on the subject of hay permits, I am directed to say that in 1892 the agents of this department were instructed to charge double dues on the quantity of hay cut in excess of that specified in the permit, but these instructions were amended in 1894, and the agents were told that if the quantity of hay cut in excess of that specified in the permit did not exceed one-fourth of the quantity therein mentioned, only single dues were to be charged.

You stated that there did not seem to be more than twenty-five per cent, if so much, of the permits returned, and asked what are the regulations in reference thereto. In reply I am to say that last year out of 2291 hay permits issued 1453 were returned. The agents, however, in view of the work and expense in connection therewith, have been instructed not to incur any expense in trying to have the permits returned, unless there is a balance due thereon; but they were instructed not to issue a permit to anyone who had neglected to return a permit previously issued.

The dues in connection with permits 8597 and 8635, referred to in the second paragraph of your communication, were paid last month.

Permit 8948, referred to in the third paragraph, has been cancelled and returned to this department, and is inclosed herewith.

The coupons and permits Nos. 2298, 2299 and 2300 are still in the agent's possession, and he will be asked to return them to this department, as he has started a new series.

No returns were received from the agent of the Dominion lands at Wetaskiwin between the 1st July, 1894, and the date of your communication, but since that period the agent has forwarded returns and they have been transmitted to your department.

In the last paragraph of your letter you ask whether the statements of the receipt forms furnished to the Crown timber agents, could not be sent to your Department. In reply I am to say that these statements will in future be furnished.

I am, sir, your obedient servant,

The Auditor General.

## Auditor General's Report—Part H

### *Re Liquor Permits.*

AUDIT OFFICE, OTTAWA, November 7, 1895.

SIR,—Two payments were made of \$250 each during 1894-95 by A. Ferguson for liquor permits to the Alaska Commercial Agency.

Please let me know under what regulation these permits were issued ; for how long a period do they run ; were any others issued during the year ? Give any other information in reference thereto pertinent to a proper audit.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, November 28, 1895.

SIR,—In reply to your letter of the 7th instant inquiring under what regulation certain liquor permits were issued during the fiscal year 1894-95 I beg to inform you :

1. That only two liquor permits for the Alaska region were issued during the fiscal year 1894-95, being one each to the Alaska Commercial Company and to the North American Transportation and Trading Company.

2. That these permits were granted by the Lieutenant Governor of the North-west Territories under the authority vested in him in that behalf by the North-west Territories Act.

3. That these permits were not limited as to time. They were each given for the specific quantity of 1,000 gallons of whisky at 25 cents per gallon, being the rate in force for the unorganized portions of the Territories.

In the statement furnished you showing the casual revenue receipts for 1894-95 the fees received as above stated were incorrectly credited exclusively to Alaska Commercial Company. One of the two sums of \$250, received from Mr. P. B. Weare, should have been credited to the North American Transportation and Trading Company.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secretary.*

### *Re Wood Permits.*

INTERIOR DEPT., OTTAWA, June 19, 1895.

SIR,—I am directed to inclose herewith statements showing the balances due on account of timber permits at the several crown timber agencies. By referring to the former statements sent to you showing the balances due on timber permits, you will notice that a number of the names mentioned therein do not appear in the statements herewith. This is due to the fact that the names appearing in the former statements with the exception of a few should not have been inserted, as the department was not in a position to state whether or not there were any balances due until the permits were returned by the permittees and affidavits made as to the quantity of timber cut.

I may mention that the Crown timber agents have been and are endeavouring to have the permits returned. In a great many cases the permits will never be returned, the permittees having either removed from the neighbourhood in which they resided at the time they received the permit, or left the country.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

*Re Fees, Dominion Land Surveyors.*

AUDIT OFFICE, OTTAWA, November 7, 1895.

SIR,—I have to ask you for the following information :—

- (1.) Are candidates before the Board of Examiners of Dominion Land Surveyors required to pay a fee?
- (2.) If so, what is the amount of the fee?
- (3.) Since when has it been required?
- (4.) What candidates applied during 1894-95?

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, 11th November, 1895.

SIR,—I am directed to acknowledge the receipt of your letter of the 7th instant, asking for certain information about the fees payable by candidates for examination as Dominion Lands Surveyors, and in reply to inform you :—

1. Such candidates are required to pay a fee.
2. The amount of the fee is fixed by section 118 of the Dominion Lands Act.
3. The Surveyor General reports that to the best of his knowledge fees have been exacted since the establishment of the board in 1875, except those under sub-clauses (*g*) and (*h*) of the said section 118, which have been added since.
4. Two candidates, Messrs. C. S. W. Barwell and W. F. O'Hara, applied for examination between the 1st of July, 1894, and the 1st of July, 1895, and their fees of \$20 each under sub-clause (*f*) of the said section 118, were paid to the credit of the Receiver General.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secretary.*

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—I have received your letter of the 11th inst., *re fees of candidates for examination as Dominion Land Surveyors.*

You state that the fees are fixed by section 118 of the Dominion Lands Act. On reference to this section I find that certain fees are payable to the secretary, who is a clerk in your department and paid \$5 per day additional for his services at the board, but only the fee of \$10 for preliminary examination and \$20 for the final examination shall be paid to the Receiver General. Please let me know what disposal is made of the other fees.

You state that the receipts for 1894-95 were \$40, the fees paid by two candidates. Were there no candidates for the preliminary examination? The expenses of the Board of Examiners for the year were \$522.42.

There does not seem to have been any receipts for fee credited to the Receiver General for 1893-94, and the expenditure that year was \$187.30.

The total receipts for fees that have come to account during the last 8 years as far back as I have details, amount to \$995, and the total expenditure during the same time to \$5,984.78, as shown by the statement attached.

I shall be glad to hear from you further on this subject.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

### Re Seed Grain Advances.

AUDIT OFFICE, OTTAWA, July 18, 1895.

SIR,—I have to call your attention to the large amount outstanding for advances of seed grain in the North-west Territories, and the small amount of the repayments during 1894-95.

As the credits include interest, of which particulars have not in all cases been furnished to this office, I am not able to state exactly the amount outstanding on each of the advances, but, no doubt, the accounts kept in your department or at the Commissioner's office, Winnipeg, will readily give them. According to the information at my command, the expenditure exceeds the repayments, including interest, by \$189,563.37, as follows:—

	Advances.	Receipts	Balance.
1876 .....	\$ 75,951 59	\$ 49,571 95	\$ 26,379 64
1886-8 .....	149,612 48	56,994 95	92,617 53

	\$307,276 55	\$117,740 18	\$189,536 37

As the total receipts during 1894-95 included in the above memo. only amounted to \$3,269.06, it is worthy of your consideration if the collection of these arrears has received the fullest attention of your officers; and what further action should be taken under the circumstances.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, Aug. 3, 1895.

SIR,—Referring to your letter of the 18th ultimo, calling attention to the amount outstanding for advances of seed grain in the North-west Territories, I am directed to say that a copy of your communication has been transmitted to the Commissioner of Dominion Lands at Winnipeg, with a view to obtaining a report from him in regard to the matter.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, Nov. 7, 1895.

SIR,—In your letter of August 3rd last, you stated that a copy of my letter of July 18, in reference to the large amount of arrears due on account of seed grain advances, and the small amount of receipts during 1894-95, had been sent to the commissioner at Winnipeg for his report.

I have not since had any communication from you on the subject. Please let me know what further action has been taken in reference thereto.

I am, sir, your obedient servant,

### Manilla Hemp.

AUDIT OFFICE, OTTAWA, February 22, 1895.

SIR,—I beg to acknowledge the receipt of your application of the 20th inst. for a Bill of Exchange for £110-15-7 in favour of Messrs. W. F. Malcolm & Co., London, England. I notice that Messrs. Malcolm in their account make charge for interest on several amounts at the rate of 5% per annum from the day of sale to December 31, 1894. I understood from oral explanations given in relation to similar charges on a previous account, that as the agreement under which the manilla hemp was purchased called for net cash, interest at the rate of 5 per cent was allowed from the date of purchase until payment was made.

The account now rendered makes claim for interest from October 12 to December 31 on £602-6-3 and from October 20 to December 31 on £601-11-3. The former of these amounts was authorized for payment at this office on November 15, and the latter on November 26, so that in due course of transmission both sums should have been in the hands of Messrs. Malcolm several days prior to December 31 the date to which interest is claimed. In view then of this apparent overcharge I should like, before passing the account, to have full explanation with reference to the claim for interest and the agreement under which it is allowed.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

OFFICE OF INSPECTOR OF PENITENTIARIES, OTTAWA, February 28, 1895.

SIR,—Referring to your letter of the 22nd inst., regarding interest charged by Messrs. W. F. Malcolm & Co. on binder twine accounts, I have the honour to inform you that the department has no agreement with Messrs. Malcolm & Co. with reference to interest. It has been a long standing custom with this firm to charge interest at the rate of 5 per cent from the date of purchase of manilla until payment is made and this custom they decline to change.

I may add that the Inspector of Penitentiaries has made a suggestion, which the Minister of Justice approves of, in connection with future purchases of manilla, viz., when the warden makes an order on Malcolm & Co. for manilla, he should make a simultaneous order here for a Bill of Exchange to cover it, thus avoiding interest charges, or at least reducing them to a minimum, which suggestion I trust you will see your way clear to carry out.

In the meantime I will be glad if you will issue the Bill of Exchange asked in my letter of the 20th inst.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

AUDIT OFFICE, OTTAWA, March 2, 1895.

SIR,—I beg to inform you that I have passed your application of the 20th ult. for £110-15-7 in favour of Messrs. Malcolm & Co., London, England. With reference to that part of your letter of the 28th ult. respecting the mode of payment that has been suggested for future purchases of manilla hemp, it seems to me it would not be advisable in the public interest to sanction payment of an account before the goods had been delivered and found on examination to be satisfactory and according to order. As you are no doubt aware it is on this basis that Government payments are, as a general rule made, and in my opinion it is very desirable that no departure should be made from it except for special and important reasons. I dare say the course you approve of may be followed by business men in their private dealings, but in such cases the purchasers are personally cognizant of the standing and character of the firm with which they deal and are prepared to accept the consequences of their trust. In the case of Government dealings it is different. The officers responsible for the negotiations have

## Auditor General's Report—Part I

---

not the time or the opportunity to acquire the necessary information in these respects, and the fewer risks that are taken the better. If the application for payment were made immediately on receipt of the manilla hemp at the penitentiary, which I think is now done, the interest would not be of sufficient amount, in my opinion, to justify the change suggested.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

### Shortage in Contingent Fund, Manitoba Penitentiary.

AUDIT OFFICE, OTTAWA, May 30, 1895.

SIR,—In connection with the vouchers sent me in support of the expenditure made during April last from the contingent advance of the Manitoba Penitentiary, I beg to bring to your notice a charge of \$57.07 to recoup certain discharged convicts for money deposited with the late Accountant P. McGowan. Please let me have further particulars with reference to this charge.

To whom are money and other effects found on convicts, when received at the Penitentiary, entrusted for safe keeping, and what evidence has been forwarded the Department in proof of the claims made by the convicts?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, June 3, 1895.

SIR,—In reply to your letter of 30th May, I beg to say that the \$57.07 referred to is the aggregate of sums which the Prisoners' Effects Book shows to have been received from convicts on their entrance to the prison, but which were never accounted for by the late accountant. On the release of the convicts it was necessary that they should be paid the amounts. The Inspector proposes to investigate the matter during his intended visit of inspection, and if it be found that the present warden, or his immediate predecessor, are fairly responsible for any portion of the amount, they will be asked to refund it.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

### Superannuation Abatement.—Case of Deputy Warden Fitzsimmons.

AUDIT OFFICE, OTTAWA, July 9, 1895.

SIR,—With reference to the case of Mr. James Fitzsimmons, Deputy Warden of the British Columbia Penitentiary, I beg to remark that it appears to me Mr. Fitzsimmons' service for superannuation purposes began on his appointment to the position of Deputy Warden on the 12th August, 1878. A superannuation abatement from his salary began then. He should, I think, be called upon to contribute to the superannuation fund the amount which accrued to the fund from 1878 up to the time that he was relieved from duty under the Order in Council of 24th October, 1894, less what has been already retained from him. So far as I can see, as he is over 45 years of age, he cannot come under the Superannuation Act for the service which he is now performing. When he leaves the service it seems to me that he will be entitled to a gratuity for the time which he has served as a guard and to a superannuation allowance based on his former time of service as a Deputy Warden and for that time only.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

A. POWER, Esq., Acting D.M.J.

**Additional gratuity to Ex-Guard Carty of St. Vincent de Paul.**

AUDIT OFFICE, OTTAWA, March 25, 1895.

SIR,—I beg to inform you that I have received an Order in Council of the 11th instant, authorizing the payment of \$372.36 additional gratuity to James Carty, a retired guard of the St. Vincent de Paul Penitentiary. I find that Mr. Carty was retired from active service by Order in Council dated April 28, 1894, with a gratuity of \$744.73, the amount to which he was entitled under 52 Vic., sec. 4. The additional amount now authorized is given under section 5 of the same Act because, as stated in the Order in Council, he was obliged to retire from the service in consequence of injuries received by him in the performance of his duty.

In view of the fact that the real cause of retirement was not recognized in the first instance, it seems to me that the reasons for not doing so should be given in the Order in Council authorizing the additional amount.

In connection with this matter I would like to call your attention to a letter from Mr. Burbidge, at the time Deputy Minister of Justice, to the Secretary of the Treasury Board, dated December 12, 1893, and published in the report of this office for 1893 at pages A—12 and 13. Though the question of gratuities is not dealt with in that letter I think the opinion expressed with reference to superannuation allowance is equally applicable to gratuities.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, March 26, 1895.

SIR,—I have the honour to acknowledge your letter of the 25th instant, calling attention to the Order in Council authorizing an additional gratuity of \$372.36 to James Carty, a retired guard of the St. Vincent de Paul Penitentiary. Your objection to this gratuity is that, as the real cause of retirement was not recognized in the first instance the reasons for not doing so should be given in the Order in Council authorizing the additional amount.

I have the honour to inform you in reply that upon examination of the evidence submitted upon Guard Carty's application for gratuity, I find that a case has been made out, both with reference to his original and supplementary applications, which appears to entitle him to an increase of the ordinary gratuity under 50-51 Vic., chap. 52, sec. 5, and that no reason appears for withholding the increase. I do not regard the previous Order in Council as involving an adverse decision upon Carty's claim under section 5, nor do I consider the opinion of Mr. Burbidge, to which you refer, applicable to this case, the question of the claim under section 5 having now for the first time become the subject of an Order in Council.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, March 30, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th inst., in explanation of the additional gratuity granted to ex-guard James Carty of St. Vincent de Paul Penitentiary by Order in Council of the 11th March 1895, and stating further that you do not consider that the opinion given by Mr. Burbidge with reference to the re-opening of superannuation cases that had been determined by Council, is applicable to the case in question, because the claim under section 5 of 50-51 Vic., chap. 52, was on that date for the first time made the subject of an Order in Council.

Now, on this matter I do not wish to be understood as offering objection to the payment of the additional gratuity as authorized, but it appears to me in re-opening the

## Auditor General's Report—Part I

case, the opinion given by Mr. Burbidge and, as I understand, approved by the Treasury Board, with respect to superannuation allowances was not adhered to.

Mr. Burbidge in reply to an inquiry whether under any circumstances, a superannuation allowance once established by Council may be re-opened, says that if such grant was made by letters patent, it could not be cancelled by Order in Council except the letters had been issued in the name of the wrong party or contained a clerical error or misnomer or wrong description of a material fact. He then goes on to say: "As the grant in the case of a member of the Civil Service is made by Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13)."

It would then, as I understand this letter, be contrary to the opinion therein expressed to re-open a case in which a superannuation allowance had been determined by Council for any other purpose than to correct the name, or set right some clerical error resulting from wrong calculation, or some other similar cause. It would not be desirable in Mr. Burbidge's opinion to reopen the case for the purpose, say, of increasing the amount already authorized, by a further consideration of the applicant's claim under section 4 of the Superannuation Act, the original grant having been based on section 3 irrespective of any claim under section 4.

Now if the opinion is applicable in such a case as I have stated, it is, I think, equally applicable to the gratuity case of ex-guard Carty.

The sum authorized in the first instance was, presumably, the full amount to which he was entitled under 50-51 Vic., cap. 52, and yet after a lapse of nearly twelve months the case is re-opened, not on account of any clerical error, but for the purpose of further consideration because of the introduction of fresh evidence favourable to Mr. Carty under a section of the Act, which according to Mr. Burbidge should have been taken into account in the first instance or not at all.

The object of the Treasury Board's inquiry and Mr. Burbidge's reply thereto was (as far as possible), to prevent these after-thoughts, and to give some degree of finality to the decisions of the Governor in Council in this particular.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, April 2, 1895.

SIR,—I have the honour to acknowledge receipt of your letter of the 30th ultimo, with regard to the additional gratuity granted to ex-guard Carty of St. Vincent de Paul Penitentiary by Order in Council of 11th ult.

I would agree with the view you express, were it not for the fact that the question of this further gratuity does not appear to have been considered by the Department, or His Excellency in Council previously to the date of the last Order in Council. I do not think the case has been re-opened, nor that there has been any previous determination of Council as to the gratuity under section 5. The evidence before the Department appeared to justify the action taken in the matter and the ex-guard was entitled to the consideration of his application. I agree that he was not entitled to have it considered twice, and there has, in my view, been only one determination of the claim.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

AUDIT OFFICE, OTTAWA, April 8, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd inst. with further reference to the additional gratuity authorized to be paid ex-guard Carty by Order in Council of the 11th ult.

I desire again to state that I am not questioning the power of the Governor in Council to re-open a case of superannuation allowance once decided, nor objecting to

the payment of the additional gratuity to ex-guard Carty. I have merely called your attention to what I consider the re-opening of the case, because, in my opinion, the action of Council in doing so was at variance with the opinion given by Mr. Burbidge, and approved by the Treasury Board, in regard to the practice which, in the public interest, should prevail in such matters. This opinion was forwarded to me by the secretary of the Treasury Board for my guidance in the audit of Superannuation Allowances, and it seemed to me, considering the object sought to be attained by the adoption of the practice recommended, that the opinion was equally applicable to the gratuities authorized by 50 and 51 Vic., chap. 52, to be paid to retiring penitentiary officers.

Now, as to the question, was the case of ex-guard Carty re-opened, in the sense conveyed in Mr. Burbidge's letter, notwithstanding the fact that his claim under section 5 of the Act of Parliament governing the case, had not been considered in the first instance? In my opinion it was re-opened, and as you differ from me on this point, I am anxious we should come to some understanding as to the practice that shall govern similar cases in the future; that is, if Mr. Burbidge's opinion is to prevail.

My view of the matter is that, when a superannuation allowance or gratuity award has once been determined by Council, the sum then authorized should be taken as the full amount to which the applicant is to be entitled under the Act of Parliament considered as a whole, and not as regards any particular section or sections of the Act; provided always that there has been no clerical error in the calculations.

It is of course presumed in this view that before making the recommendation to Council, the department concerned will fully satisfy itself that justice is done to the officer whose case may be under consideration, all the evidence relating to his term of service and the reasons for his retirement therefrom being taken into account.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, April 11, 1895.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant, with regard to ex-Guard Carty's additional gratuity. The object of your letter is stated to be that we may come to some understanding as to the practice which shall govern similar cases in the future, if Mr. Burbidge's opinion is to prevail. I have already stated that I do not consider Mr. Burbidge's opinion applicable to this case. It has not been necessary, therefore, for me to express any opinion as to whether it should prevail in cases in which it was intended to apply. I observe that his opinion, in so far as it relates to grants to members of the Civil Service, does not profess to state matter of law, but merely the practice which it would be expedient to follow, and I see no reason, generally speaking, to doubt the fairness of the practice indicated.

Your view is stated to be that "when a superannuation allowance or gratuity award has once been determined by Council, the sum then authorized should be taken as the full amount to which the applicant is to be entitled under the Act of Parliament, considered as a whole, and not as regards any particular section or sections of the Act; provided always that there has been no clerical error in the calculation." I concur in the view thus expressed, but I also hold the opinion that it does not limit the power of the Governor in Council to give effect section by section to the provisions of a statute under which a man may be entitled to several gratuities. Ordinarily, no doubt, all such claims would be disposed of by the same Order in Council, but there may be special cases, and, until it is otherwise provided by statute, the authority of the Governor in Council remains to deal with each claim separately upon the merits. You are admittedly arguing for a rule of practice, not matter of statute. It follows that there must be room for exceptional cases.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

### Special medical attendance on Engineer Devlin.

AUDIT OFFICE, OTTAWA, May 15, 1895.

SIR,—I beg to bring to your notice a payment of \$10 made by the Warden of Kingston Penitentiary to Dr. J. C. Connell for medical services rendered to the engineer, Mr. J. Devlin, in September, 1894. In connection with this expenditure, I would like to call your attention to the correspondence published in the report of this office for the year 1893 with regard to a payment for similar services at the Manitoba Penitentiary. In my opinion, Mr. Devlin should be required to refund the amount in question.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

DEPARTMENT OF JUSTICE, OTTAWA, June 17, 1895.

SIR,—I have the honour to acknowledge your letter of the 15th ult., bringing to my notice a payment of \$10, made by the warden of the Kingston Penitentiary, to Dr. J. C. Connell for medical services rendered to the engineer Mr. J. Devlin in September, 1894. In connection with this expenditure, you call my attention to the report of your office for the year 1893, with regard to a payment for similar service at the Manitoba Penitentiary, and you state that, in your opinion, Mr. Devlin should be required to refund the amount in question.

I am to inform you that this expenditure appears to be justified for reasons similar to those which upheld the payment on account of the chaplain of the Manitoba Penitentiary to which you refer. Dr. Connell, I am informed, is a medical specialist and treated the engineer for an injury to his eye, while the surgeon of the penitentiary was absent on sick leave. Under the circumstances the payment was sanctioned by the Minister of Justice.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D. M. J.

---

AUDIT OFFICE, OTTAWA, June 20, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, with reference to the payment of \$10 to Dr. J. C. Connell for medical services rendered the engineer of the Kingston Penitentiary, and which you say has been considered justifiable by the department for reasons similar to those given in support of a like payment to which reference was made in the report of this office for the year 1893. As you are aware I was unable to accept the reasons to which you refer as sufficient to justify the charge of the amount in question on the penitentiary vote, and in consequence I have deemed it my duty to call your attention to the present case.

To my mind it seems clear that a penitentiary officer or employee has no more claim on the government for the payment of his doctor's bills than any member of the civil service at Ottawa or elsewhere. Certainly the section of the Order in Council in which the surgeon's duties are defined, directing him to attend free of charge the officers and servants of the prison, does not give any such claim. There is no connection between making it the duty of the penitentiary surgeon to attend the officers of the penitentiary without other charge than his regular salary, and the claim of an officer to get medical attendance at the expense of the country from another physician when the penitentiary surgeon is unable to give the required attendance. And further it would appear that the Penitentiary Act as amended by 50 and 51 Vic., chap. 52, section 8, makes a payment of this nature contrary to statute, as free medical attendance, when it becomes a special charge on the penitentiary vote, is in my opinion a perquisite within the meaning of this section.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

### Overtime Payments to Discharged Convicts.

AUDIT OFFICE, OTTAWA, September 25th, 1895.

SIR,—I beg to bring to your notice two payments of \$75, each made from the appropriation for the British Columbia Penitentiary for the fiscal year 1894-95 to E. H. Roome and C. H. Bonner, for 750 hours' overwork as accountants from June 5, 1894, to March 20, 1895.

According to the pay lists sent me for the year in question neither of these persons was an officer of the institution during the year, and the vouchers rendered do not state in what capacity they were connected with the penitentiary apart from their temporary employment as accountants. It seems to me this information should be sent me, as well as a detailed statement, certified by the warden, showing how the overtime claimed has been ascertained.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

DEPARTMENT OF JUSTICE, OTTAWA, September 26th, 1895.

SIR,—In reply to your letter of 26th instant, I beg to say that Messrs. Roome and Bonner were convicts, who, owing to their business education and good conduct, were utilized by the warden of the penitentiary in the accounting and clerical work of the institution during the period mentioned. The payment is for services performed during hours which convicts are not called upon to work.

The payment was made under authority of subsection *b* of section 52 of the Penitentiary Act and is in every respect regular.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D. M. J.*

AUDIT OFFICE, OTTAWA, Sept. 28, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 26th inst., stating that Messrs. Roome and Bonner, who were paid \$75 each for overtime as accountants at the British Columbia Penitentiary, were convicts in that institution during the period covered by the payments. In such case the vouchers should have been marked "Discharge Allowance," not "Staff Salaries."

As every convict while physically capable must, under statute, be kept constantly at hard labour during the greater part of the day in fulfilment of his sentence, and may be allowed payment for such time only as he works in excess of the obligatory hours, it seems to me necessary that the payments made in the present instance should be supported by detailed statements showing how the overtime allowed in each case had been ascertained. No doubt such a record is kept at the penitentiary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

### Inspector's Travel should be charged against Contingencies of Penitentiary Branch.

AUDIT OFFICE, OTTAWA, May 10, 1895.

SIR,—I beg to bring to your notice an account for travelling expenses amounting to \$53.72, paid by the warden of Dorchester Penitentiary, from his contingent advance, to Mr. Douglas Stewart, Inspector of Penitentiaries, and charged against the appropriation for that penitentiary for the fiscal year 1894-95. I call your attention to this account, because heretofore similar expenses were charged against the vote for contingencies of the penitentiary branch of your department, which, in my opinion, is the proper appropriation from which to pay the inspector's travel.

## Auditor General's Report—Part I

---

The Inspector of Penitentiaries is an officer of the inside service of the Department of Justice, and as such his travel and other incidental expenses are subject to the ruling of the Treasury Board given in the case of the Deputy Superintendent of Indian Affairs, published at page A—8 of the report of this office for the year 1890.

Please make application for the necessary transfer.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

DEPT. OF JUSTICE, OTTAWA, June 17, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th ult. calling to my attention an amount for travelling expenses of \$53.72 paid by the warden of the Dorchester Penitentiary from his contingent advance to Mr. Douglas Stewart, Inspector of Penitentiaries, and charged against the appropriation for that penitentiary for the fiscal year 1894—95.

You state that this account is called to my attention because hitherto similar expenses were charged against the vote for contingencies of the penitentiary branch of this department which, in your opinion, is the proper appropriation from which to pay the inspector's travel.

You further state that the Inspector of Penitentiaries is an officer of the inside service of this department, and as such his travel and other incidental expenses are subject to the ruling of the Treasury Board, given in the case of the Deputy Superintendent General of Indian Affairs, published at page A—8 of the report of your office for 1890, and you ask me to make application for the necessary transfer.

I am to state that since the present Inspector of Penitentiaries has assumed office, his travelling expenses have been invariably charged to the service which necessitated their performance, and therefore travelling expenses in connection with the inspection of the various penitentiaries have been charged against the appropriation for those penitentiaries.

As this principle of distributing expense has been adopted by the department, as proper, rather than the practice which has hitherto erroneously prevailed of charging such expenses to the vote for the contingencies of this department, possibly I should have explained the matter to you before. You are, no doubt correct, in stating that heretofore similar expenses were charged against the vote for the contingencies of this department. The statement, however, that the inspector is an officer of the inside service appears open to question, but to whichever branch of the service the inspector belongs, he is required to travel regularly, and such travelling for the purpose of inspection is one of the principal duties of his office. The impropriety of charging such travelling expenses against our departmental vote for contingencies, the purposes of which are defined by the Contingencies Act, is obvious. The ruling of the Treasury Board in the case of the Deputy Superintendent General of Indian Affairs to which you call my attention, appears to have no application to this case. It is not intended therefore to make an application for any transfer.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

---

AUDIT OFFICE, OTTAWA, June 21, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th inst. on the appropriation which should bear the travelling expenses of Mr. Douglas Stewart, the Inspector of Penitentiaries.

With reference to this year's expenses it is plain that the intention of Parliament may be judged from the fact that similar travelling expenses have always hitherto been charged to Civil Government Contingencies and that there is no new provision in this year's penitentiary appropriations for such expenses.

There can be no doubt but that the Inspector is an officer of the inside service because his salary is provided for under Civil Government salaries.

If you obtain in the Supply Bill for 1895-96 separate provision under each penitentiary vote for these expenses there will of course be no difficulty for that year's expenses of the kind.

If your views are modified in any way by this communication please let me hear from you. If we cannot see things in the same way it will be necessary to refer the matter to the Treasury Board under the 47th section of the Audit Act.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

### Freight paid on Binder Twine as far west as Winnipeg.

DEPARTMENT OF JUSTICE, OTTAWA, October 14, 1895.

SIR,—In reply to your letter of the 8th inst. I beg to state that, in paying freight on binder twine, reference must be had to the terms of the trade. The statement made by the late minister that "freight would be paid as far west as Owen Sound only," had reference to through shipments to Manitoba and the Territories, and in practice is still adhered to. The warden was authorized to pay freight, on carload lots, as far west as Owen Sound, and to a corresponding distance in other directions.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, October 16, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th inst. with reference to the payments made for freight on binder twine to Winnipeg, in which you state that Sir John Thompson, when speaking on this question in Parliament, had reference to through shipments to Manitoba and the Territories. Was not the binder twine upon which the freight in question was paid by the Government a through shipment to Manitoba?

Have the terms of the trade in regard to the payment of freight to points west of Kingston been changed since Sir John Thompson made the statement to which I have called your attention?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, November 9, 1895.

SIR,—With reference to the letter of the Deputy Minister of Justice dated the 14th ulto. I may say that the freight paid to the Kingston and Pembroke Railway was subsequently refunded by the Canadian Pacific Railway, and the balance was paid by Mr. Connor in settlement of his accounts for 1894-95.

I am, sir, your obedient servant,

The Auditor General.

A. POWER, for *D.M.J.*

## Auditor General's Report—Part I

### Re Sale of Binder Twine.

AUDIT OFFICE, OTTAWA, March 18, 1895.

SIR,—I wrote you August 24, 1894, asking for the necessary certified returns and vouchers to make an efficient audit of the revenue from the sale of binder twine. Replying on the same day you stated that as soon as the necessary books, &c., which were being prepared, were furnished you, a monthly statement would be supplied to this office, covering the information asked for. Over \$6,000 has since come to account, but so far I have not received any of the returns promised. I have to request that these returns shall be forwarded at once, and regularly each month in future.

I observe in the classification made by your officers of the receipts that the proceeds of sales of empty oil barrels, which should be credited to Casual Revenue, are credited to Penitentiary Revenue under the heading of Binder Twine. An application should be made for a transfer of the items so treated.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPARTMENT, OTTAWA, March 22, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, with regard to the returns of Binder Twine business and the proceeds of the sale of empty oil barrels.

I have the honour to inform you that the warden has been requested to send the returns asked for and they will be submitted for your consideration as soon as received.

The inspector informs me that the proceeds of the sale of oil barrels from the current appropriation are properly placed to the credit of that appropriation.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

JUSTICE DEPARTMENT, OTTAWA, March 25, 1895.

SIR,—I have the honour to inclose a statement showing the quantity of twine manufactured at the Kingston Penitentiary from the date of the starting of the binder twine factory until the 1st inst., as also the quantity of fibre purchased, the quantity used, and the quantity on hand during same period, as asked in your letters of the 24th August last and 18th inst.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, March 29, 1895.

SIR,—I have received your letter of the 25th inclosing a summary of the transactions in connection with the manufacture and sale of binder twine.

According to this statement, the total proceeds from the sale of twine to the 1st March was \$16,285.63, of which \$7,053.03 remained unpaid on that date. I have to inquire who are the persons owing this amount, the security, if any, held, and under what authority sales were made on credit.

To enable an audit to be made there is needed, in addition to this summary, the following detailed statements:—(1) of the purchases made, showing from whom bought, quantity, price and amount; and (2) of the sales made, showing date of sale, to whom sold, quantity, price and amount. On this statement should be entered a memo. of the deposits made in acquittance, and it should be certified as follows:—"I certify that the above is a correct statement of all sales of binder twine during the month of \_\_\_\_\_, and that deposits were made in acquittance in accordance with the Treasury Regulations."

I have to request that a summary and the detailed statements asked for above shall be rendered at the close of each month. These returns should be examined in your department and certified by the inspector and the accountant.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPARTMENT, OTTAWA, April 2, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo, with regard to the binder twine business of the Kingston Penitentiary.

The inspector informs me that the information asked for regarding the quantities and prices of materials purchased is obtainable from the vouchers already in your possession; that a detailed statement of the sales and receipts will be furnished at the close of the fiscal year, but it is not practicable to furnish it monthly as required. I am to add that the sales were made by the authority of the Minister, and the proceeds are deposited to the credit of the Receiver General as received.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, April 4, 1895.

SIR,—I have received your letter of the 2nd inst. in reference to the revenue from the sale of Binder Twine.

You have omitted furnishing a statement of the persons, shown by the summary, as indebted for twine. Is it intended to continue selling twine on credit?

Instead of furnishing the statement of purchases asked for in my letter, you state that the information is obtainable from the vouchers already sent to this office. These vouchers show the purchases to have been 325½ tons [long or short?] of manilla, and 809,832 lbs. of sisal, neither of which agrees with the summary. This shows the necessity of the detailed statement asked for.

I do not understand without further information why it is not practicable to furnish a monthly statement of the sales made. It would be very difficult to carry on the work of this office if it was the practice not to furnish detailed statements till the close of the year. The Treasury Minute regulating Revenue Audit, a copy of which appears in the Audit Report of 1892-93, page F-4, directs that statements be furnished not less frequently than once a month.

I have to ask for your further consideration of this matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPARTMENT, OTTAWA, May 18, 1895.

SIR,—Referring to your letter of the 4th ulto. *re* Binder Twine Revenue, I beg to inclose, for your information, a copy of a letter addressed to the Inspector of Penitentiaries by the Clerk of Industries at Kingston Penitentiary.

I may say that the manilla is always purchased by long tons.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

KINGSTON PENITENTIARY, KINGSTON, April 29, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th inst. inclosing that of the Auditor General regarding the differences which exist between my statement of Feb. 28, 1895, and the vouchers sent by the accountant, and also asking for a statement of the persons who owe for binder twine.

## Auditor General's Report—Part I

In reply I beg to state: A statement of all accounts due the penitentiary for binder twine is furnished monthly, giving names and addresses of parties owing them.

There should be no difference between the vouchers for sisal hemp and my report of the number of pounds purchased. Mr. McDougall claims that his vouchers call for 56,000 pounds more sisal than I state had been received. I think the mistake has been made in this way: in June, 1894, there was purchased from G. Amsinck & Co., of New York, 188,525 lbs. of sisal, but as there was not enough money left out of the appropriation to pay for it all, a voucher (No. 346½) was issued in June to pay for 56,000 lbs., and the balance, 132,525 lbs., was paid for in July, see voucher No. 1. I therefore think Mr. McDougall must have included this 56,000 lbs. in his July voucher as well as the June, as my report is in accord with all the records kept here.

Regarding the difference of  $\frac{3}{4}$  of a ton of manilla hemp which appears between Mr. McDougall's voucher and my statement, I beg to say: the error has been made here. In June, 1894, there was a consignment of manilla arrived from London consisting of 6 bales, and which was paid for under voucher No. 390, June, 1894, amounting to \$81.13. When I was appointed clerk of industries, on July 26, 1894, this item was given me as having been paid as interest on W. Malcolm's account, and it was not until to-day that the error was discovered. \* \* \* \*

The Inspector of Penitentiaries.

W. S. HUGHES, *Clerk of Industries.*

AUDIT OFFICE, OTTAWA, May 28, 1895.

SIR,—I am in receipt of your letter of the 18th inst., inclosing a letter from the Clerk of Industries at the Kingston Penitentiary.

The monthly statement of accounts due for twine, which he furnishes, should be forwarded to this office. Please have it done.

The explanation offered as to quantity of sisal purchased is correct and satisfactory.

Further explanations are needed as to the manilla purchased. As stated in my letter of April 4th, the vouchers show that 325½ tons were purchased which you state in your letter are long tons equal to 728,280 lbs. The statement of purchases to March 1, gives the quantity purchased as 700,650 lbs., a difference of 27,630 lbs. The explanation by the Clerk of Industries covers only  $\frac{3}{4}$  of a ton, 1,680 lbs.

The summary of purchases, quantity manufactured, quantity sold and balance on hand has been furnished for one month only. I have to request that it may be furnished regularly every month, together with the details of the purchases and sales as asked for in my letter of March 29. These returns are needed to make an efficient audit.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPT., OTTAWA, June 3, 1895.

SIR,—Referring to that portion of your letter of the 28th ult. asking further explanations as to the purchase of manilla, I beg to inclose for your information, a letter addressed to the Inspector of Penitentiaries, by the Clerk of Industries, Kingston Penitentiary, which appears to explain the difference to which you make reference.

The other statements to which you refer will be furnished at the end of the present month.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J

KINGSTON PENITENTIARY, KINGSTON, ONT., June 1, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of yesterday, regarding a supposed discrepancy in the number of tons and pounds of manilla fibre.

In explanation, I may say that a "long ton" of manilla is 2,160 pounds, and Mr. McDougall's figuring is done on the basis of 2,240 lbs. to the "long ton." This will explain the supposed error.

I am, sir, your obedient servant,

The Inspector of Penitentiaries.

W. S. HUGHES, *Clerk of Industries.*

AUDIT OFFICE, OTTAWA, June 29, 1895.

SIR,—Referring to previous correspondence in connection with the returns in relation to the manufacture and sale of Binder Twine, I have to say that it would seem necessary to explain why a long ton is calculated at 2,160 lbs. instead of 2,240 lbs. The  $\frac{3}{4}$ -ton, admitted as having been omitted on the March return, has not been added on any of the subsequent returns.

I note your reference to the other statements asked for, viz., details of purchases and sales, which you state will be furnished at the end of the present month. Please have these returns furnished monthly in the future.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, July 18, 1895.

SIR,—In reply to your letter of the 29th ult., asking explanation why a long ton of manilla is calculated at 2,160 lbs. instead of 2,240 lbs., I beg to inclose for your information an extract from a letter addressed to the Inspector of Penitentiaries by the Warden of the Kingston Penitentiary, under date the 4th inst.

I am, sir, your obedient servant,

The Auditor General.

A. POWER, *Act. D.M.J.*

KINGSTON PENITENTIARY, July 4, 1895.

SIR,—I have the honour to herewith inclose you letter of the Auditor General, written you under date June 29. In reply I beg to say: The only explanation I can give as to why a manilla ton, is calculated 2,160 lbs. is. At Manilla where the fiber is grown it is bought and sold by the "pickle," which is equal to 270 lbs., and all brokers both buy and sell a ton of manilla as eight pickles to the ton or 2,160 lbs.

On February 28<sup>h</sup> I sent you a statement of all fibers purchased, twine manufactured, sold, etc., and in said statement reported the total amount of manilla purchased to have been 700,650 lbs. On April 29th, I acknowledged an error of three-quarters of a ton, and sent another statement, showing the total amount of manilla purchased to be 325 $\frac{1}{8}$  tons or 702,000 lbs., making a difference of 1,620 lbs. or exactly three-quarters of a ton.

I am, sir, your obedient servant,

The Inspector of Penitentiaries.

M. LAVELL, *Warden.*

AUDIT OFFICE, OTTAWA, September 20th, 1895.

SIR,—On March 25th last, you furnished to this office a summary of the transactions in connection with the manufacture and sale of binder twine to the 1st of March. A somewhat similar statement of the transactions of March, April and May has since been furnished monthly. No statement has been received for June or any

---

subsequent month. Nor has the statement of sales promised in your letter of April 3rd last been received.

The counterfoil of the receipt issued gives no details of the quantity or price of the twine sold. Please have this information given on the return now to be furnished.

The absence of these statements prevents me from preparing the manuscript for the annual report, and I have to ask that they may be furnished as promptly as possible.

I am, sir, your obedient servant.

The Acting Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, October 21st, 1895.

SIR,—In my letter of Sept. 20th last I pointed out that the usual monthly summary for June, in connection with manufacture and sale of binder twine, had not reached me. Nor had the statement of sales promised by you been received.

I have now to remind you that I have not yet received either of these statements. Had they reached me, I should have prepared and published a summary of the transactions to June 30th, showing the quantity manufactured, the quantity sold and the quantity on hand. As it is, I can only give the amount realized from the sales, which is very small compared with the expenditure. The difference would no doubt be explained by the quantity on hand June 30th, were I in a position to furnish it.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, October 23, 1895.

SIR,—The return for June containing a summary of transactions in connection with the manufacture and sale of binder twine, was received yesterday. The statement of sales made during the year, giving quantities and prices, has not yet been received. Be good enough to have it furnished as soon as possible, and monthly in the future. A detailed statement of purchases should also be furnished.

The June return shows that the following quantities of twine were shipped during the month:—39,179 lbs. Maple Leaf; 447,829 lbs. Beaver, and 115,355 lbs. Sisal. No part of the proceeds of these shipments has yet come to account. I have to inquire to whom and on what terms these shipments were made.

\* \* \* \* \*

There seems to be some mistake in the Sisal return, which shows 115,370 lbs manufactured and 117,170 lbs. sold.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

JUSTICE DEPARTMENT, OTTAWA, 28th Oct., 1895.

SIR,—In reply to your letter of the 23rd inst., I beg to inclose an explanatory letter from the clerk of industries at Kingston, together with a corrected statement of the binder twine operations for the month of June last.

I am, sir, your obedient servant,

F. L. NEWCOMBE, D.M.J.

The Auditor General.

KINGSTON PENITENTIARY, KINGSTON, Oct. 25, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of yesterday inclosing that of Mr. McDougall, Auditor General, regarding binder twine reports. In reply, I beg to say: The only twine that was really sold prior to June 30th, 1895, was sold in 1894, as under the terms of agreement with the agent, twine sent out this season before July 1st, was not invoiced until after that date. I therefore could not enter twine sent out during the months of February to June inclusive, as actually sold, until after July 1st, as this is one of the usages of the trade, by which we are governed.

Regarding clause No. 2 of Mr. McDougall's letter, I beg to say: The reason what he asks for here (was not given) is fully explained in the above.

*Re* clause No. 3.—The total number of pounds of twine sold last year (and no other can be charged until after July 1st) was, Maple Leaf, 97,850, and Beaver, 143,166, or a total of 241,016 lbs. This twine was sold for \$16,248.12, of which \$15,595.38 has been paid in cash, and the balance, \$652.74, is owed by Mr. R. Rogers, of Manitou, Man. There was \$732.50 expended on freight on one consignment of twine sent to the Northwest, which was purchased and paid for by Mr. John Connor. This freight has been duly entered on the books as an expenditure, but was not directly deducted from the receipts of the sales of twine. This would make the price per pound received for twine sold 6.74 cts., or after deducting the freight paid on the consignment to Winnipeg, which was \$732.50, 6.43 cts.

The difference in cash between what the Auditor reports as having received to date and what my statement shows, is made up of small items that have been received since July 1st.

Regarding the last clause of Mr. McDougall's letter, I beg to say: The superintendent of binder twine had entered in the delivery note book a consignment of 30 bales of Sisal (1,800 lbs.) on May 23rd, and also again on June 11th. The twine went to Hamilton and was transferred by the firm to whom shipped, to another firm there. Mr. Connor, the superintendent of binder twine, had charged it to both firms, thus the mistake. I herewith inclose you a correct copy in duplicate.

I am, sir, your obedient servant,

The Inspector of Penitentiaries.

W. S. HUGHES, *C. of I.*

AUDIT OFFICE, OTTAWA, October 29, 1895.

SIR,—Referring to my letter of the 23rd inst., and your reply and inclosure of yesterday, I have to call your attention to the fact that the following statements and information asked for in my letter have not been furnished:

1. A statement of the sales made, giving quantities and prices.
2. A statement of purchases made.
3. Explanation why no part of the proceeds of shipments made previous to June 30 had yet come to account.
4. To whom, and on what terms these shipments had been made.

I have again to inform you that unless the returns asked for are furnished to this office, it is not possible to make any efficient audit.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, Oct. 30, 1895.

SIR,—In reply to your letter of the 29th, instant, I beg to remind you that the greater part of the information which you ask for has already been furnished to your department.

As to your request for "a statement of the sales made, giving quantities and prices," you will find in the letter of the Clerk of Industries, which was transmitted to you on the 28th instant, a statement of the aggregate sales made and price realized. This

## Auditor General's Report—Part I

---

---

information, in conjunction with the statement of twine sold and deposits made, already furnished to you from month to month, would seem to form the basis of an efficient audit.

Your request for a "statement of purchases made" refers, I presume, to purchases of material for the manufacture of twine. Detailed vouchers, covering every item of expenditure in this connection, have already been furnished to you, and are more readily available to your officers than to the officers of this department.

You ask an "explanation why no part of the proceeds of shipments made previous to June 30th had yet come to account." The proceeds of all sales and shipments made previous to June 30th, and which are properly the transactions of the past fiscal year, have been deposited to the credit of the Receiver General—with the exception of the amount due from Mr. R. Rogers, against whom legal proceedings have been taken. Cash returns to be made in connection with the business of the current fiscal year are not yet due. All shipments in connection with the transactions of the current season made previous to August 16th, have been charged to Mr. John Connor, who is responsible for the payment of the same. The season's sales virtually closed on August 16th, although a few petty sales have since been made direct from the prison.

Yours sincerely,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

---

AUDIT OFFICE, OTTAWA, October 31, 1895.

SIR,—I am in receipt of your letter of yesterday. I beg to point out that the detailed statement of sales which I asked for, and which you now seem to consider as not needed to make an efficient audit, was promised in your letter of April 2nd, last. My experience is that no efficient audit can be made without a detailed statement of the transactions to be audited, and I therefore repeat my request that such may be furnished.

Please furnish a copy of the agreement with Mr. Connor, to whom, you state, all shipments have this season been made, and who is responsible for the payment of same.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

JUSTICE DEPARTMENT, OTTAWA, Nov. 1., 1895.

SIR,—In compliance with the request contained in your letter of the 31st ult. I inclose a detailed statement showing the quantities, prices and proceeds of binder twine sold by the warden of Kingston Penitentiary during the fiscal year 1894-5. In the letter of the Clerk of Industries, transmitted to you a few days since, the aggregate proceeds are stated to be \$16,248.12, from this should be deducted \$732.50 which was a repayment of freight prepaid by the Warden, and is therefore a refund of expenditure and not penitentiary revenue. The statement, herewith, does not show the names or addresses of purchasers, but a list of these is available for your personal inspection at any time you may desire it. I am informed that it would be contrary to the course of business, and prejudice us with our patrons if we were to disclose their names to the public. Probably you will be satisfied to know that the information is available in the department and can be published when the public interest requires.

A copy of the agreement with Mr. Connor, regarding the disposal of the output of the current season will be furnished you as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

**Re Fines and Forfeitures.**

AUDIT OFFICE, OTTAWA, June 15th, 1895.

SIR,—I received a few days ago from your department a bank receipt and draft for a deposit made by W. A. Bishop in the Bank of Hamilton, Owen Sound, on March, 23, 1894.

This receipt, being for police fines, comes under the heading of "fines and forfeitures" and has been so entered up. The return of Mr. Bishop has not been received. Please have it forwarded.

I have to call your attention to the delay in bringing this deposit receipt to account.

I have to inform you that no arrangements have yet been made, so far as I am aware, looking to the securing to the government payment of fines collected in the different municipalities, to which it is entitled.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

**Re Sale of Supreme Court Reports.**

SUPREME COURT, OTTAWA, September 27, 1895.

SIR,—With regard to any firm which may appear indebted for reports, I should explain that all sales are as strictly for cash as is possible, and that, if any apparent indebtedness is shown by any firm, it is because I am owing money to it over and above the amount due by it, for books purchased for the library of the Supreme Court.

It is a matter of adjustment of credits. I pay into the credit of the Receiver General on reports account, out of my credit account in the Bank of Montreal, the amount due by any such firms for reports, and pay such firm any balance which may remain due on library account, both payments being charged against the library. If the balance is the other way, the firm sends me a cheque for it. In reality there is not now any firm indebted to the Government.

I might be allowed to explain further that each volume of the reports is issued in numbers, usually six to each volume, and it may take six months before a volume is completed. But as soon as the first number of a volume is issued the price of the whole volume is charged to the subscriber. If the subscription price is not paid after the sending out of the first, or at any rate of the second number, my usual practice is to take the subscriber's name off the list, and he gets no more numbers until payment is made. In certain cases, where I think a reasonable latitude should be given, I may relax the rule somewhat, but on the whole it is very strictly enforced. In some cases, therefore, there will appear a considerable interval of time between the date when the volume is charged and the date of payment.

## Auditor General's Report—Part I

---

With respect to the same volume being charged sometimes \$2 and sometimes \$3.20, I have to say that the reports are sold to subscribers at \$2.50, but back volumes, or any volumes bought after being completed, are charged at \$4. These prices are less 20 per cent to the trade. This was adopted to encourage the profession to subscribe to the reports and to pay for them promptly.

With respect to the stock in hand, I have not been able to send you a statement, because stock-taking is a very troublesome and lengthy operation and my staff is too small to permit of my setting one of the clerks to this work for any time without detriment to the work of the court. Besides, the attic is the only space at my disposal in which to keep the reports, and I am obliged to have them handled at such time as may not disturb the Chief Justice and the judges, whose rooms are immediately underneath. During the approaching sittings of the court, Mr. Lawson may be able to attend to this, and I will send you a statement as soon as I can possibly have it made.

I am, sir, your obedient servant,

The Auditor General.

ROBERT CASSELS, *R.S.C.*

### *Re Sale of Exchequer Court Reports.*

AUDIT OFFICE, OTTAWA, August 20, 1895.

SIR,—I have received your letter of the 10th inst. inclosing statement of sales made from April 30 to June 30. I observe that there are only three sales entered in this statement, all made in May. It would be advisable for the future to forward your return and deposit receipts each month, particularly at the close of the year.

The total receipts that came to account for sale of Reports for 1894-95 was \$192.56, as compared with \$517.80 for 1893-94, and \$549.68 for 1892-93. I shall be pleased to have your explanation of the large falling off in the sale of these reports.

I have also to ask for a stock account covering the transactions of the year, showing the number of volumes of each year on hand on June 30, 1894, the number of volumes received from the printers during the year, the number distributed free, the number sold, and the number on hand, the statement to be certified to by you.

I am, sir, your obedient servant,

The Registrar Exchequer Court.

JOHN GORMAN, *for A.G.*

EXCHEQUER COURT, OTTAWA, Sept. 23rd, 1895.

SIR,—I have the honour to acknowledge the receipt of your favour of the 20th ultimo, asking, among other things, that it would be advisable for the future to forward my return and deposit receipts each month for moneys received from the sale of the reports; further to explain the large falling off in the sale of the reports during the fiscal year '94-95; and lastly to supply a statement showing the number of reports in stock, the volumes sold, &c., &c.

In reply I wish first to say that I have not made monthly deposits in the past because during some months it will happen that no sales will take place, and sometimes the sales were so small that it was hardly worth while making returns although the moneys were deposited in the bank on the date of their reception.

With regard to what you call the falling off in the sales of the reports during '94-95, the reason is a very simple one. For want of matter and material no new number was issued during this fiscal year and did not accordingly bring in a subscription to any volume, the amount of \$192.56 for the sale during that fiscal year represents only the sale of back numbers.

In compliance with your third request I am inclosing herewith a statement which I think will cover what you ask for.

I am, sir, your obedient servant,

The Auditor General.
