### Travelling Expenses of Ottawa Officials.

AUDIT OFFICE, OTTAWA, May 15, 1895.

SIR,—I received from the accountant May 9 several vouchers for your own travelling expenses in 1893-94, amounting to \$288.40: the advances having been \$442.

Please let me know at your early convenience what disposition has been made of the balance, \$153.60.

If not otherwise accounted for, it should be deposited to the credit of Casual Revenue without delay.

It would be well to adhere more closely to the terms of the Order in Council which fixes "a month after the end of a trip," as the maximum time to be allowed for making up accounts of travelling expenses.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 15, 1895.

SIR,—In reply to your letter of the 15th instant, informing me that you have received several vouchers, from the accountant, for my travelling expenses during 1893-94, and asking me what disposition has been made of the balance not accounted for, namely, \$153.60, I beg to inform you that the amount in question had been deposited by the accountant to the credit of Casual Revenue, prior to the receipt of your letter.

I agree with you about the propriety of making up the accounts for travelling expenses as soon as possible after the end of a trip, but I may say in this particular case, that only the fact that some of the vouchers were mislaid has prevented their being sent to your office at an earlier date.

Believe me, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.P.W.

### Public Works: Extra Clerks Charged to Wrong Votes.

(Following the discussion on page P-214 of 1893-94.)

PUBLIC WORKS DEPT., OTTAWA, April 2, 1895.

SIR,—The department had a reference from the Treasury Board of your correspondence with this department, concerning a statement made in your letter of the 9th of March of last year, to the effect that the salaries of certain clerks employed by the department should be charged to certain votes instead of those described in the payments made.

I have already had, with the Honourable the Minister, a conversation with reference to that matter, and he would desire that I would discuss that matter with you in his presence, in order to arrive at an understanding with regard to the mode of charging the salaries in question. The Honourable the Minister is now absent from Ottawa, but as soon as he returns I will communicate with you, and I hope that you will be able to come over to the department, in order that we may have the discussion required on these matters, and arrive at an arrangement for the future.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.P.W.

## Auditor General's Report—Part Q

AUDIT OFFICE, OTTAWA, May 22, 1895.

SIR,—Let me acknowledge receipt from your department of an application for a Letter-of-Credit for \$100,000.

Up to April 30, the date of the last statement in hand, some of your extra clerks were still paid from votes other than those specially provided therefor, notwithstanding my objection of January 2, 1895, which is still unanswered. I referred the matter, as you are aware, to the Treasury Board.

I do not see my way clear to take part in providing the means of making further expenditure of a nature which seems to me illegal.

Please get the department to act in this matter without further delay. The Letter-of-Credit is withheld in the meantime.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 27, 1895.

SIR,—The Honourable the Minister of Public Works has directed me to communicate with you in reference to a matter which you referred to the Honourable the Treasury Board, on the 8th February last, said matter being connected with the contention that certain employees of this department are paid out of the votes other than those described for departmental services.

In the list made by you and communicated to this department on the 2nd February, you referred to the following-named employees, viz.:—Mr. James Howden, superintendent of dredging; Mr. E. B. Godwin, clerk under Mr. Howden; and Mr. C. Robinson of the same branch.

In connection with Mr. Howden I would desire to say that his employment with the department is wholly in connection with the dredging service of the department, viz.: The dredging in Ontario and Quebec and the dredging on the St. Lawrence ship channel, and that he does not perform any other service of any kind whatever, so that there must be no doubt that his salary is not chargeable to the chief engineer's staff, but to the work on which he is specially and absolutely engaged.

The same may be said of Mr. Robinson and Mr. Godwin, who belong to Mr. Howden's staff absolutely, who do no work except for him and under him, who receive no instruction except from him or through him, and who are located in Ottawa for convenience' sake, Ottawa being about midway between the districts where the dredging works are being carried on.

In so far as accounts are concerned, it is more advisable still that their services should be charged to the dredging operations, as they are only chargeable to them, and it would be a mischarge if they were paid out of any appropriation other than the works on which they are specially and exclusively engaged.

Of the employees named, Mr. S. Belanger and Mr. J. D. Gareau have been since transferred and are paid out of the vote for the Chief Architect's staff.

While an attempt will be made to transfer the pay of Mr. C. Laframboise to some other appropriation, although he being neither an engineer nor a clerk, but merely a store-keeper for the department, it is hard to say why he should be charged to either of the appropriations, for Chief Engineer's staff, Chief Architect's staff or Clerical Assistance, he not having anything to do with either of those services.

The salary of Mr. Henry F. Perley was and is still thought properly chargeable to the appropriation for "Repairs to Piers, Prince Edward Island," or "Harbours Generally Maritime Provinces," that engineer having specially been employed to draw up for the department a report upon the proper classification, both as regards their importance as harbours of refuge or commercial harbours, on the several ports of the Maritime Provinces, and that work not being yet completed. He was employed for that work, having special practical knowledge of the ports in question, and his employment was decided on after a vote for Chief Engineer's staff had been obtained, and his salary was never estimated to

be part of that vote, which is barely sufficient to cover the salaries of the staff now employed.

The salary of Joseph Bédard will be hereafter charged to another appropriation, and the transfer will be made of the payments of Mr. M. McRae and Mrs. M. O'Connor.

With reference to H. McMillan's employment on cement-testing, he is merely a labourer engaged in helping Mr. George Perley, the engineer in charge of the cement-testing, and his salary must continue to be charged to Harbours and Rivers, as he cannot properly be included in the pay-list for the ordinary labourers of the department, they doing work for and being charged to Ottawa buildings, while McMillan does no work at all for Ottawa buildings.

Mr. J. T. M. Desrivières, also included in your list, as draughtsman, is no longer employed by this department, neither is Mr. McDonell, whose salary was charged to Telegraphs Generally.

It is intended to take steps for the superannuation of Mr. A. J. H. Russell, charged to Collection of Slide and Boom Dues.

The salary of F. X. Lavigueur will hereafter be paid out of the general appropriation.

With regard to the payment of Mr. Arthur Prieur I may say that he is not, nor has he ever been an employee of this department, that he simply made a translation of the report, for which he was paid out of the votes of the department, but I may also say that he is not now employed to do that translation.

As regards Mr. A. Trudel for translating specifications, I must hold that the payment of the amounts charged for translation is properly against the several works for which these specifications are written. Mr. Trudel is not regularly employed in the department, has not an office in the building, does nothing for us except translating at times the specifications in question, and makes his accounts separately for each specification he translates, and I may say *en passant* he is the only person I know of who can do that work, at present, satisfactorily. The translation of these specifications is as properly a charge against the vote provided for the work, as the printing of the same. I hope these explanations will be found satisfactory.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D.M.P.W.*

AUDIT OFFICE, OTTAWA, June 20, 1895.

SIR,—Let me acknowledge receipt of your letter of May 27, concerning extra clerks and others, paid from votes for Dredging, Harbours, &c.

With reference to Mr. Howden, I have examined his vouchers for travelling expenses, and find that he is in Ottawa for only a few days of the year. His salary therefore is not covered by the description "Engineers, Chief Engineer's Office,"—although it appears of the same class as Messrs. Breen, Gray, Hegan, &c. As for these last, I do not understand why they are charged to this vote, when located outside of Ottawa. I therefore withdraw my objection in Mr. Howden's case.

Messrs. Godwin and Robinson are plainly clerks in the Chief Engineer's office, and engaged on his work; as much when working on only one branch of it as when working on several. A contrary view would enable the whole staff to be removed from this vote, by giving to each man work connected with some special outside vote, and charging him thereto. If they are engineers, draftsmen, or clerks, (in this case clerks), and work in the Chief Engineer's office, (in this case on dredging), they are provided for explicitly by the \$54,000 of the Supply Bill, and therefore by no other vote.

I note that the salaries of Messrs. S. Belanger, J. D. Gareau, Jos. Bédard and F. X. Lavigueur are now paid out of the general appropriations; and trust that you will be able to transfer to the same votes the payments to these officers since July 1, 1894—as well as the payments to M. McRae, M. O'Connor, J. T. M. Desrivières, and A. D. McDonell.

With reference to Mr. H. F. Perley, the arguments apply which I have quoted for Messrs. Godwin and Robinson. As to whether his name was in mind when the \$54,000

## Auditor General's Report—Part Q

---

was calculated, that is not now germane. The only question now is, is he an engineer on the Chief Engineer's staff? If so, and clearly he is, any payments to him should be charged to the vote so described. When the vote runs out, from being used for unexpected salaries, the only legal course is to stop paying the men: not, to charge some of them to other votes, thus rendering the parliamentary limit nugatory.

Please let me know the nature of the stores kept by Mr. Storekeeper Laframboise, to enable me to discuss more intelligently the manner of charging his pay. The wages of H. A. McMillan appear to be correctly classified.

The translation of departmental documents, done by Mr. A. Trudel, is work which in other departments is done by the regular employees as a matter of ordinary routine. This is why I have always classed Mr. Trudel's payments under the heading of "salaries of Ottawa officials." Is your statement, that Mr. Trudel "is the only person you know of who can do that work satisfactorily," meant by you to include the staff of engineers and others, already in the department, who handle technical terms in both languages in their every-day work?

Similarly with respect to Mr. Arthur Prieur, the work is departmental in its nature, and apparently could be done better by persons to whom the technical terms are currently familiar.

Your attention is drawn to the fact that the votes for "salaries of engineers, draughtsmen and clerks, chief engineer's office," and "salaries of architects, draughtsmen, and clerks, chief architect's office," do not provide for the services of messengers. These appear to come under the heading of "temporary clerical and other assistance."

I do not find that any Orders in Council have been supplied to me as authority for the employment of any of your temporary employees in 1894-95. Please have this omission rectified.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

PUBLIC WORKS DEPT., OTTAWA, July 9, 1895.

SIR,—Having reference to your letter of the 20th ultimo, respecting extra clerks and others paid from votes for Dredging, Harbours, etc., and stating that you do not find that any Orders in Council have been supplied to you as authority for the employment of any of the temporary employees of this department in 1894-95, I have the honour to inform you that an Order in Council was passed on the 1st August, 1894, for the employment of the temporary clerks of this department for twelve months from the 1st July, 1894, a copy of which can be sent you, if required.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *Secretary*.

### Audit Office not supplied with Orders in Council.

AUDIT OFFICE, OTTAWA, October 5, 1895.

SIR,—We have not received in this office any Orders in Council giving authority for employment of extra clerks in the Public Works Department after June 30th, 1894. Please let me have at your earliest convenience, copies of all orders on this subject.

I am, sir, your obedient servant,

J. J. McGEE, Esq., Clerk, Privy Council.

J. L. McDOUGALL, A.G.

## Public Works: Orders in Council Disregarded.

AUDIT OFFICE, OTTAWA, October 8, 1895.

SIR,—I inclose herewith a statement which contains the names of 17 employees of your department whose employment was authorized by Order in Council. I am surprised to find that in each of these cases the remuneration received, and which was paid under your letter of credit, was more than that fixed by the Order in Council.

My reason for not drawing your attention earlier to this matter is that I received the Orders in Council only yesterday. On the 20th of June last I drew your attention to the fact that I had not been supplied with copies of the Orders, but I had no reason to suppose that the Orders in Council were ignored.

You will please cause immediate refunds of the overpayments to be made to the credit of the Receiver General. They amount to \$2,249.58. Be good enough also to explain what caused the overpayments to be made.

Until the refunds and explanations are made, I shall expect that no payment for salaries at Ottawa be made through the credit to your department.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

AUDIT OFFICE, OTTAWA, Oct. 20, 1895.

SIR,—I wrote you on the 8th instant with reference to payments under your credit to extra clerks at rates higher than those authorized by the Governor in Council, and requesting an explanation.

I beg to remind you that my letter has not been answered, and to say that I should be glad to hear from you without further delay, so that I may have time to consider your explanation before you will require a renewal of your credit.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 30, 1895.

SIR,—In reply to your communication dated the 29th instant, referring to your letter of the 8th, *re* payments under our credit to extra clerks at rates higher than those authorized by the Governor in Council, I beg to send you, herewith inclosed, copy of an Order in Council passed on the 25th instant, granting authority to pay a certain number of the extra clerks above referred to at the rates set opposite their respective names, from the dates therein mentioned to the 31st July, 1895.

I am further directed to state that another reference will shortly be made to the hon. Treasury Board *re* the employees mentioned in your letter of the 8th instant, and whose names do not appear in the Order in Council, copy of which is herein inclosed.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, Oct. 30, 1895

SIR,—I am in receipt of your application, dated to-day, for a credit of \$100,000. and of your letter in reply to mine of the 8th and 29th instant, with reference to the payments under your credit to extra clerks at rates higher than those authorized by the Governor in Council.

If you will read my letters again you will observe that your reply does not answer the questions raised by me. I regret to have to say that I cannot pass the credit until I do receive a full answer.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

PUBLIC WORKS DEPT., OTTAWA, October 31, 1895.

SIR,—In reference to your letter of the 30th inst., refusing to issue a letter of credit on our application of the same date until certain letters sent by you in reference to the employment of extra clerks by this department are fully answered, I am directed to state that my letter of yesterday was considered by the department as a full answer to the questions raised by you. However, as you appear to desire further information, I beg to state that the Order in Council of the 25th of October instant, a copy of which was sent to you, covers with its authority all the payments made up to the 31st July last to the several persons mentioned in the list attached to your letter of the 8th October, with the exception of the salaries paid to Messrs. Arthur Hudon and J. A. Morin, whose names were by oversight not included in the list covered by said Order in Council. Upon their case, as well as upon the case of the two Messrs. Keeley, a supplementary report to the Treasury Board will be made without delay. I may observe that, with the exception of the two Messrs. Keeley, all the other employees mentioned in the list attached to your letter of the 8th October are authorized to be employed under the several Orders in Council of the 27th July, 1895, and that, until the Treasury Board has decided otherwise, the department has the intention to pay them only such salaries as are authorized by said Order in Council.

With reference to your second letter of the 8th October instant, I beg to state that the Order in Council of the 27th July last give authority for the employment of Messrs. Cantin, Chaloner, J. U. Bray and Henry Girard, two of whom, Messrs. Cantin and Girard, entered the department during the year 1894-95, while Messrs. Chaloner and J. U. Bray have been in the department for several years, being paid out of outside votes, but were, from the 1st July, transferred to the regular list of the department.

With reference to Mr. H. A. McMillan for his services during 1894-95, I beg to draw your attention to your letter of the 20th June, 1895, in which you stated "that the wages of Mr. McMillan appeared to be correctly classified."

With reference to the salary of Mr. Jos. Bédard for jobbing, etc., the department is still of opinion that his salary has been properly paid and charged in past years, and that there is no reason whatever to charge his salary to any of the votes for the payment of Extra Clerks and Engineers.

The case of Messrs. Godwin and Robinson will be submitted to Council, as it is still claimed, notwithstanding the discussion in your letter of the 20th June last, the payments for their services are properly chargeable to the votes out of which they were paid during the past year. You can therefore see that with the exception of Messrs. Godwin and Robinson, Bedard and McMillan, all the other employees named in the list attached to your letter of the 8th October are authorized to be employed at certain salaries by the Orders in Council of the 27th July, and that the Order in Council of the 25th October instant gives the necessary authority for the payments made to the 31st July, 1895.

As I have stated above, it is the intention of the Department to keep to the letter of the Orders in Council of the 27th July, and that is the reason why I was directed to inform you in my letter of yesterday that the matter connected with the payment of the extra clerks not yet settled by the Order in Council—a copy of which was sent you with that letter—would be submitted to the Treasury Board for their decision.

I trust the foregoing explanations will be found satisfactory, and that the credit asked by the department will be immediately given.

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, November 7, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 31st ulto. in reply to mine of the 8th, 29th and 30th.

You have not touched on the principal point. It is true that an Order in Council has been passed authorizing the amounts paid by your department to most of the

employees in addition to what had been previously authorized, but my difficulty in connection with the issuing of renewal credits to cover similar payments is to show to those who may question my conduct that I had ground for believing that the same disregard for the authority of the Governor in Council might not be shown again. The subsequent sanction of the Governor in Council of the overpayments does not lessen in any respect, so far as I can see, the extent of the irregularity committed by those who took part in the making of the payments. This, looked upon in any light which I have seen cast upon it, is not one of the unintentional errors that we all make, no matter how careful we may be, but a wilful disregard of the authority which it was known should prevail.

It is true that at one time similar payments were made without an Order in Council, but no one thought an order for such payments then necessary. Every one who has anything to do with passing these payments now, knows that an Order in Council is necessary, and therefore there would be little excuse for passing similar payments without an Order in Council, none for passing them when there is an Order in Council at rates higher than the Order provides.

The Deputy Minister, Public Works Dept.

TREASURY BOARD, OTTAWA, December 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from the Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment.

I am, sir, your obedient servant,

The Auditor General.

*Extract of O. C., Feb. 1, 1896.*—The Committee of the Privy Council have had their attention directed to a Minute of the Treasury Board, dated November 29, 1895, respecting the payment of departmental employees.

The Committee, upon reference to the Act constituting the Treasury Board, (Chap. 28 of the Revised Statutes,) are of opinion that a Minute of the Treasury Board is inoperative until it receives the approval of His Excellency the Governor General in Council.

AUDIT OFFICE, OTTAWA, Jan. 25, 1896.

SIR,—Let me call your attention to your letter of Oct. 31, 1895, concerning extra clerks, wherein you state that the Orders in Council of July 27, 1895, gave authority for the employment of Messrs. Cantin, Chaloner, J. U. Bray and Henri Girard.

The payments to these men, to which exception was taken, were those before June 30, 1895—and the Orders in Council of July 27, which refer only to 1895-96, are irrelevant.

Orders in Council will still be needed for the payments in 1894-5 to Messrs. Cantin, Chaloner, J. A. Desrivières, J. U. Bray, E. R. Launière, H. Girard, P. A. J. Voyer, E. B. Godwin, C. Robinson, H. F. Perley, and Jos. Bédard.

I am sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, Jan. 24, 1896.

SIR,—In your December expenditure for “Dredging Generally,” I notice two payments for clerical services in the Dredging Branch of the Public Works Dept. as follows:—

E. B. Godwin, services for December.....	\$100 00
C. Robinson, do .....	87 50

These gentlemen, being departmental employees, should be mentioned in an Order in Council (which I do not find), and should be placed on the pay-list to be approved by this office.

No departmental services, whether of clerks or messengers, should be paid before audit.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

### Extra Pay to Alfred Dostaler: Not Authorized.

AUDIT OFFICE, OTTAWA, Jan. 23, 1896.

SIR,—Let me call your attention to cheque 90123 for \$11 in favour of Mr. Alfred Dostaler, for “Extra services in connection with coal contracts, July 19 to 25, 1894: 22 hours at 50c.”

The Order in Council of Aug. 1, 1894, fixed Mr. Dostaler’s pay at \$2 a day from July 1, 1894, to June 30, 1895. A subsequent Order, that of Oct. 25, 1895, gave authority for \$2.25 from Sept. 1, 1894, to July 31, 1895.

I do not find any authority for paying Mr. Dostaler more than his regular pay of \$2 a day in July, 1894. Please have the amount of \$11 refunded.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 28, 1896.

SIR,—In reply to your letter of the 23rd instant, referring to a payment of \$11 made to Mr. A. Dostaler, for extra service, I beg leave to inform you that the opinion of the Department of Justice has been asked with respect to the point raised by you.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

### Copying should be paid like other Clerical Services.

AUDIT OFFICE, OTTAWA, Jan. 23, 1896.

SIR,—In your expenditure for December, 1895, I notice the following payments for copying, at 5 cents a folio:—

Mrs. M. C. Colman, .....	\$21 25
M. Curran .....	21 90
J. A. Dugal .....	12 15
B. Duval .....	12 30
Mrs. E. Lane .....	23 85

## Auditor General's Report—Part Q

---

The existing regulations do not appear to provide for payment of copying in this manner. Like all other clerical services, the approval of Council to the employment, and of the Audit Office to the payment, should first be obtained.

PUBLIC WORKS DEPT., OTTAWA, Jan. 28, 1896.

SIR,—In reply to your letter of the 23rd instant, concerning the payments made for copying at five cents per folio to certain persons named in that letter, I beg leave to inform you as the department differs from your view in this matter, it has been referred for information and report to the Department of Justice and, so soon as their opinion has been obtained, the department will communicate again with you.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

### Two Clerks Worked at Home.

AUDIT OFFICE, OTTAWA, Jan. 24, 1896.

Sir.—Let me call your attention to the following items on your December pay-list for "Permanent Clerks, not on Civil Service List: Secretary's Branch:"

Mrs. A. Cornellier, December . . . . .	\$33 33
Mrs. C. D. Houde, December . . . . .	45 00

The certificate by Mr. Secretary Roy is: "I hereby certify that Mrs. Cornellier and "Mrs. Houde have worked for the department during the time for which payment is "asked."

I am informed by you orally that this means that their work was done at home, and not in the department.

This certificate was accepted for December, "without prejudice." But the certificate prescribed by the Treasury Board is: "In attendance at this office every day." If the circumstances are such that the certificate cannot be taken, it is the circumstances which should be modified, and not the certificate.

The same remark applies to the form attached to all the other lists: "In attendance at their offices." Please keep to the exact wording prescribed by the Treasury Board, "In attendance at this office," which of course means the Public Works Dept. in the Western Block. Variations from this should be explicitly described.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 28, 1896.

SIR,—In reply to your letter of the 24th instant, I beg leave to state that Mrs. A. Cornellier and Mrs. C. D. Houde are now working in the Department of Public Works, in the Western Block in the Room 111, which I hope is sufficient information to satisfy the regulations as expressed in your letter above referred to.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

### Employee Not Charged as Prescribed by Council.

AUDIT OFFICE, OTTAWA, Jan. 25. 1896.

SIR,—In the Order in Council of July 25. 1895, concerning employees to be charged to the vote for "Temporary Clerical and other Assistance" for 6 months from July 1, 1895, I notice the name of C. Laframboise at \$2.25 a day.

The December wages of Mr. Laframboise are found, not on the pay-list of Extra Clerks submitted to this office for audit before payment, but on a pay-list for "Ottawa Buildings, maintenance and repairs," under the description of "Storekeeper."

Please describe the nature and location of Mr. Laframboise's duties, and the reason for paying him otherwise than as directed by the Treasury Minute.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Extra Clerk paid as "General Jobber" on Repairs Pay-list.

AUDIT OFFICE, OTTAWA, Jany. 24, 1896.

SIR,—Let me call your attention to vouchers 4630 and 5039, the pay-lists for "Ottawa Buildings, repairs" for the fortnights ended Dec. 7 and Dec. 21, 1895, respectively.

The pay-list from Nov. 25 to Dec. 7 contains the name of E. R. Launière as "General Jobber, Railways and Canals, Nov. 1 to 30, \$60." The pay-list from Dec. 9 to Dec. 21 has "E. R. Launière, General Jobber, Railways & Canals, December, \$60."

This gentleman was carried on the Chief Architect's staff of the Public Works Department from March 1 to Sept. 30, 1895, as an Extra Clerk, his vouchers being certified by the officer in charge of photography.

Please describe the nature of Mr. Launière's present duties. Unless they have changed from those of an extra clerk, the restrictions on extra clerks hold.

The Repairs pay-list for the fortnight ended Dec. 21, originally made up at \$2,230.99 (and not including Mr. Launière's name), is certified for that amount as "Correct in every particular of time, materials and value" by Mr. F. Breton, clerk of works, and approved by Mr. D. Ewart, the assistant architect, both under date of Dec. 23. Mr. Launière's pay of \$60 for the month of December (1st to 31st) is in another handwriting, and is apparently added over the certificates of Dec. 23; and the cheque for the whole pay-list is dated Dec. 21. Please get a separate certificate for this case so as to remove the doubt.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Description of Employees on Repairs Pay-list.

AUDIT OFFICE, OTTAWA, Dec. 18, 1895.

SIR,—In your expenditure for 1894-95 on "Ottawa buildings repairs," I notice, under the heading "Public Works Department," four employees as follows:—

I. Gauthier, labourer, 309½ week-days at \$1.50.....	\$463 87
L. Fortier, labourer, 312 week-days at \$1.50.....	468 00
W. H. Scrim, labourer, 313 week-days at \$1.50.....	469 50
A. Laframboise, labourer, 312 week-days at \$1.50.....	468 00

The men performing this service have always described themselves in the Ottawa Directory as "messengers"—a fact which was brought to your attention May 18, 1892 (see 1891-92, page C-236), when the names were D. Gauthier, L. Fortier, D. Scrim, and J. Laframboise.

## Auditor General's Report—Part Q

The reply then elicited from your department (page C-239 of 1891-92) was: "The workmen referred to, when employed by this department, were engaged as labourers, and are still paid as such." This reply, while dealing with their first engagement and with their pay, did not mention the nature of their actual employment, as requested by me at that time.

I bring this subject up again now, because the Treasury Minute of Dec. 2, 1895, fixes "departmental employees" as those whose pay-lists are to be audited before payment. If these men are employed at the work of messengers in the department, they come under the Treasury Minute, no matter how they are designated.

Please let me know if there are any other persons on the Repairs or other pay-lists, who are employed at departmental work, either as clerks or messengers. The same remarks apply to them.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 24, 1896.

SIR,—Let me call your attention to my letter of Dec. 18, 1895, concerning the carrying of four messengers on the "Ottawa buildings repairs pay-lists," as labourers at \$1.50 a day, or \$468 annually.

I notice that these men are paid as labourers up to Dec. 21, the date of the latest list in hand.

If my view is correct, that they are departmental employees, the payments to them since Dec. 1 should be made only on pay-lists approved by this office; and pay-lists submitted without their names are incomplete. The same remarks apply to any other employees who are performing departmental services.

I shall be unable to certify the January pay-list without delay, unless I hear from you in the meantime.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, January 29, 1896.

SIR,—In reply to your letter of the 24th inst., concerning the salaries of certain men whom you style as messengers and who are paid on the "Ottawa Buildings Repairs Pay-List," as labourers at \$1.50 per day, I beg leave to inform you that the men in question are labourers, are acting as such, and are not Departmental employees whose names should be included in the pay-lists of clerks, etc., which are sent to you at the end of each month.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secy.

AUDIT OFFICE, OTTAWA, Jan. 30, 1896,

SIR,—Let me acknowledge receipt of your 98236 of yesterday, concerning Messrs. I. Gauthier, L. Fortier, W. H. Scrim and A. Laframboise.

Please supply me, as regards these four employees, with the information asked for in my letter of January 27th about pay-lists generally, namely: A full description of the kinds of labour performed by them, say since July 1st, 1895; and the location of their duties.

You have not noticed my final question of Dec. 18th,—whether there are any other persons on the Repairs or other pay-lists, who are employed at Departmental work, either as clerks or messengers.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL A.G.

### Messenger Charged to "Ottawa Buildings, Repairs, &c."

AUDIT OFFICE, Ottawa, Jan. 25, 1896.

SIR,—Let me call your attention to cheque 91223 for \$90, charged to "Ottawa buildings, repairs, furniture, &c.," in favour of Médéric Charrier, for "60 days' work as messenger, from July 24 to September 22, for the Translators of Debates, Sussex and Clarence street, at \$1.50 a day."

Please explain your reasons for paying, from this vote, a service not connected with Repairs, Furniture, &c., for Ottawa buildings.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Two Men Kept Continously by Public Works Dept. at Parliamentary Library.

AUDIT OFFICE, Ottawa, Jan. 25, 1896.

In your expenditure on "Ottawa Buildings, repairs, furniture, &c.," in recent years, I notice the following employees classed under "Library of Parliament":

1891-92—Carpenter, N. Landry, 317 days, at \$2.....	\$634 00
"    Labourer, Daniel Roy, 296 days, at \$1.25.....	370 00
1892-93—Carpenter, N. Landry, 312 days, at \$2.....	624 00
"    Labourer, Daniel Roy, 308 days, at \$1.25.....	385 00
1893-94—Carpenter, N. Landry, 79 days, at \$2; 230 days at \$2.25.....	675 50
"    Labourer, Daniel Roy, 313½ days, at \$1.25.....	391 87
1894-95—Carpenter, N. Landry, 312 days, at \$2.25.....	702 00
"    Labourer, Daniel Roy, 309 days, at \$1.25.....	386 25

Please describe the scope of the duties of these two workmen. The duration of their employment raises the question whether they may not be engaged on work more properly chargeable to the vote for "Library of Parliament" than to that for "Ottawa buildings: Repairs, furniture, &c."

This latter vote is not for "Maintenance," although your pay-lists are so headed.

For the payments in 1894-95, Mr. Daniel Roy receipts with his own signature those of Sept. 8, Oct. 6, Oct 20, Nov. 3, Dec. 1, and December 15. All the others are receipted with a cross, and certified by a witness, "Signatures by mark necessary from inability to sign." Some explanation is due of this discrepancy. All those who can sign should do so.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Jan. 28, 1896.

SIR,—In reply to your letter of the 25th instant concerning the payments made to Messrs. N. Landry, and D. Roy, respectively carpenter and labourer employed under this Department, and in which you ask me to describe the scope of their duties, I beg leave to inform you that the former one is a carpenter of the same standing and doing the same work as all the carpenters who are employed by this Department, the same being the case for D. Roy. They are submitted to the same rules, have to report at the shop four times a day, as required by the present regulations, and are only working at the Library both for the convenience of this Department and for the convenience of the Library officials, it being deemed more advisable to have the same men to do the work required at that building.

## Auditor General's Report—Part Q

---

As a matter of fact the work might be done, and used to be done years ago, by the carpenters employed in the shop indiscriminately, and to all intents and purposes, Landry and Roy are respectively a carpenter and labourer of the same class, and doing the same work as the other carpenters and labourers employed by us.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

---

AUDIT OFFICE, OTTAWA, Jan. 30, 1896.

SIR,—Let me acknowledge receipt of your 98232 concerning Messrs. N. Landry and Danl. Roy, charged as Carpenter and Labourer at the Library of Parliament.

As mentioned in my previous letter, I should like to have a full description of the work performed by these employees. The designations "Carpenter" and "Labourer" are not sufficient, in this instance, for the purposes of Audit and Report.

Without this information it seems unlikely that the two men could occupy their whole time around the Library with work properly chargeable to the Public Works Department. I am anxious to get every service classed under its appropriate Vote.

You have not noticed my remark, that Mr. Roy signed 6 pay-lists in 1894-95, and was certified for the other 20 as "Unable to sign."

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

### Ottawa Buildings : Repairs Pay-lists, Generally.

AUDIT OFFICE, OTTAWA, Jan. 27, 1896.

SIR,—Let me ask your attention to the following remarks on your 1894-5 Pay-list headed "Maintenance and Repairs of Ottawa Buildings," and charged to the Vote for "Ottawa Buildings : Repairs, Furniture, &c."

It does not appear to me that this Vote is intended to carry any expenses of "Maintenance" other than those which fall naturally under its wording. No services which can be paid by the Departments under such heads as Extra Clerks, Messengers, &c., should be entered on these pay-lists, or charged to Repairs.

Wherever employees are classed on the list under a Department other than your own, there should be evidence attached from the Department under which they are classed, that their services have been both asked for by that Department and rendered to its satisfaction. This, in addition to the usual certificates from your own officers. (Some vouchers for attendance were given in former years, but you have allowed them to lapse.)

The certificate taken by the Clerk of Works at the end of the whole pay-list reads: "Correct in every particular of time, materials and value": a form gotten up for a general purpose, and not sufficiently explicit for this. The "description of occupation" is not certified; the notion of time is confused with that of work; and the mention of materials is superfluous, where there are none. I would like a certificate which would preclude a Clerk from being charged as a Special Labourer or Carpenter, a Messenger as a Labourer, &c. Further, it should mention the work as actually performed, and the rate fair and just. Sick leave or other absence, if paid, should be fully described as such.

Where men work only for part of a fortnight, the days of work should in all cases be specified. This is not done. Further, each man's whole fortnight is generally charged to one or other Department, while his actual and necessary work would naturally run out at some other time than the end of the period. Is the timekeeper's division of the charges to be relied on to the day?

I am not clear as to the difference between the two groups of men classed respectively under "Public Buildings" and "Public Works Department." Please inform me of the distinction.

The nature and location of each man's duties should be specified to a much greater extent than they are. It is not enough to call a man a "Labourer" when the term includes so many kinds of labour, of which each employee would be called on to perform only a few; and the classification of them by the different buildings in which they are stationed would make this part (and not a small one) of the Public Accounts more intelligible.

I notice that, in the fortnights wherein holidays occur, some of the men are regularly paid for eleven days, and others regularly for twelve. What is the reason for the distinction? It does not appear to be that of actual work on the holiday.

All employees on these lists, and all others within reach of the Banks, should be paid by cheques instead of by cash. The workmen at the Government Printing Bureau are all paid fortnightly by cheques, and no difficulty is reported.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Certificates by F. M. Hamel.

AUDIT OFFICE, Ottawa, March 7, 1895.

SIR,—I understood from the Minister of Public Works that, for the present, Mr. Hamel's certificate in connection with vouchers for expenditure was not to be given.

The application for a payment on account of Pond Creek Bridge lately sent here was put through without detention, although certified by Mr. Hamel, because the estimate was a progress one, and there was some drawback held.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

### No Final Estimate yet for Langevin Block.

(Following discussion on page P-219 of 1893-4.)

PUBLIC WORKS DEPT., OTTAWA, Feb. 26, 1895.

SIR,—Having reference to your letter dated the 3rd ultimo, respecting your application to be supplied with a final estimate for the Langevin block, I am directed to say that Mr. Charlebois has always declined to consider the final report of our chief architect as a final estimate; that he has produced reasons showing that he should be heard before that estimate is filed, and that the Minister has the matter under his consideration.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, Jan. 25, 1896.

SIR,—I should like to be supplied with any additional information which is now available to the public, concerning the present state of the final estimate of Mr. A. Charlebois on the Langevin block.

PUBLIC WORKS DEPT., OTTAWA. Jan. 28, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 25th instant, asking to be supplied with any additional information which is now available to the public, concerning the present state of the final estimate of Mr. A. Charlebois on the Langevin Block.

### Old Accounts of Wm. Howe for Painting.

AUDIT OFFICE, OTTAWA, NOV. 8, 1895.

SIR,—Let me acknowledge receipt of your application No. 95 for \$67.46 in favour of Wm. Howe, being the balance of his account of \$317.46 for painting, &c., in 1890, at the director's residence, Ottawa Experimental Farm.

Please explain the delay in rendering and certifying the account. I understood that Mr. Howe had no more of these old claims.

In view of the age of the bill, it would be well to obtain the authority of Council for its payment.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT. OTTAWA, NOV., 20. 1895.

SIR,—Referring to your letter, dated 8th inst., returning our Application No. 95 for \$67.46 in favour of Mr. Wm. Howe, being the balance of his account of \$317.46 for Painting, &c, in 1890, at the director's residence, Ottawa Experimental Farm, asking for an explanation as to the delay in rendering and certifying the account, and stating that in view of the age of the bill, it would be well to obtain the authority of Council for its payment. I am directed to inform you that the reason given by Mr. Howe for the delay in rendering this account, is that for some years past the taking of the orders for work by his firm and their execution were in the hands of a person not now connected with his establishment. That person neglected for years to render the accounts when the works were executed. Mr. Howe further says that for the past year and a half he has been at work examining his books and rendering as fast as possible the accounts as they could be adjusted, that this work was ordered and executed but the account was not rendered, and, it being now properly certified, is sent in for payment in the usual course. I am directed to add that, under the circumstances, there does not seem to be any necessity for the appeal to Council which you have suggested.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, NOV. 20, 1895.

SIR,—Let me acknowledge receipt to-day of your 166149, concerning Mr. Wm. Howe's account for work done in 1890.

The letter of November 8 asked for an explanation of the delay in certifying the account (about a year), as well as of that in rendering it.

I still think it necessary that there should be an Order in Council in this case. It is well that the Government should know that it is informed of all unusual delays, from whatever cause, in settling accounts.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A G

PUBLIC WORKS DEPT., OTTAWA, Dec. 6, 1895.

SIR,—Having reference to your letter dated the 20th ulto., respecting the delay in certifying Mr. Wm. Howe's account for painting, in 1890, at the director's residence, Ottawa Experimental Farm, as well as of that in-rendering it, I am directed to state that the chief architect, to whom the matter was submitted, reports as follows:—

"The principal delay was in rendering the account. When it did come in Mr. Saunders refused to certify, stating that the account was for a larger sum than he agreed to pay. The agreement was a verbal one between Mr. Saunders and Mr. Howe. Mr. Howe's contention was that he had done more work than that agreed upon, and Mr. Saunders affirmed that he had not.

"After considerable correspondence in the matter, Mr. Howe reduced his account to Mr. Saunders's figures, the latter certified it, and it was then passed in this office."

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

### Price Suggested to Tenderer.

AUDIT OFFICE, OTTAWA, Dec. 23, 1895.

SIR,—Let me acknowledge receipt of your application No. 136 for \$300 in favour of Garth & Co. for fitting up a new hot water furnace in the Port Hope Post Office.

I notice that Mr. Ewart, in his letter of invitation to Garth & Co. (dated Aug. 29,) described the work, fixed its value at \$300, and told them to proceed with it at once if the price suited them.

Please mention the reasons for departing from the usual policy, of asking different contractors to make tenders on their own calculations.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT. OTTAWA, Jan. 8, 1896.

SIR,—In reply to your letter of the 23rd Dec. last, referring to our application for \$300 in favour of Messrs Garth & Co. for fitting up a new hot water furnace in the Port Hope, Ontario, Post Office, and asking why tenders were not called for for the work in question, I am directed to inform you that it is not usual to invite tenders for heating-furnaces, as there is a trade list, and all furnaces purchased by this department are ordered from the patentees direct, thus securing the advantages of the trade discounts.

The Garth furnace was originally patented by Messrs. Garth & Co., and is still manufactured by them, and, although the patent expired long since, they still make the manufacture of this furnace a specialty for the trade. The net price of the furnace is \$225, and the \$300 includes brick-work, connections, &c., as well as freight, taking down old furnace and putting up the new one.

I am, sir, your obedient servant

The Auditor General.

E. F. E. ROY, *Secretary.*

### Foreman Acting as Creditors' Agent.

AUDIT OFFICE, OTTAWA, Dec. 23, 1895.

SIR,—Let me acknowledge receipt of your application, No. 133, in favour of C. F. and F. R. Eaton, for lumber for the Eatonville wharf.

The voucher is receipted in advance, with the signature "C. F. & F. R. Eaton, per L. F. Eaton, attorney;" and it is certified "materials delivered, measured and received" by L. F. Eaton, foreman. Mr. L. F. Eaton also makes out the voucher.

It is not well to have the Government and the creditor represented by the same person. Even were it shown that Mr. L. F. Eaton has no financial interest in the present account, his agency for the firm makes it difficult to accept from him a certificate in their favour.

Please get a certificate from some other person on the work, who assisted in the measurement. The account is returned herewith.

### Manitoba Dredging Pay-lists of 1892: Fictitious Signatures.

(Following discussion on page P—223 of 1893-4.)

PUBLIC WORKS DEPT., OTTAWA, March 6, 1895.

SIR,—In reply to your letter dated the 8th ultimo, again calling the attention to the discussion in your report for 1892-93, concerning money charged as paid to employees on the Manitoba dredges, but for which you have no genuine receipts from the men themselves, I am directed to inform you that the Chief Engineer reports that he has forwarded the pay-lists for 1892 to our Mr. Gouin, with instructions to obtain, from all the available men, declarations as to the correctness of the pay-lists in question.

The Chief Engineer further reports that he has instructed Mr. Gouin to make himself, and to obtain from Messrs. West and Smith, a sworn declaration that these pay-lists are correct in every particular and that the money has been paid to the proper men.

I am, sir, your obedient servant,

LABORATORY, INLAND REVENUE, DEPT., OTTAWA, May 6, 1895.

SIR,—In reply to your letter of April 30 last, concerning a sample of white lead, I beg to inform you that it has been examined in this laboratory, and found to be *unadulterated*.

The Auditor General.

THOMAS MACFARLANE, C. A.

AUDIT OFFICE, OTTAWA, May 25, 1895.

SIR,—Let me call your attention to my letter of May 2, 1895, asking for a sample of the white lead of which Mr. John Shepherd supplied 1,000 pounds at 8 cents.

I have taken at random a sample of white lead, bought at retail in Ottawa for  $4\frac{3}{4}$  cents a pound by a reliable artizan for his own use, and submitted it to Mr. Thomas MacFarlane, the chief analyst in the Inland Revenue Department. He reports that it is "unadulterated."

Please add this to the information previously given to you, namely, that the Quebec canals are paying \$4.67, the Intercolonial Railway \$4.40, and the Marine Department \$4.25.

I should like to have this matter disposed of at your early convenience.

I am, sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, June 6, 1895.

DEAR SIR,—In reply to your letter of the 25th May, with reference to the sample of white lead of which Mr. John Shepherd, of this city, supplied 1,000 pounds at 8 cents a pound, and of which you state you have obtained a sample at retail prices for  $4\frac{3}{4}$  cents a pound, I have the honour to inform you that white lead is an article which fluctuates very much in price, and that not long ago the price of 8 cents a pound was the proper price to be paid for the same.

The chief architect informs me, however, that the regular price for white lead now is from 5 to  $6\frac{1}{2}$  cents, according to quality, and that after an interview with Mr. Shehperd, this dealer has reluctantly consented to reduce his price by  $1\frac{1}{2}$  cents per pound, that is to say, to sell his white lead at  $6\frac{1}{2}$  cents per pound. I understand that the white lead so procured from Mr. Shepherd is of superior quality, and in order to allow of a comparison being made, I would ask you to please send to this department a sample of the white lead you have obtained at  $4\frac{3}{4}$  cents, so that we may compare the two.

At the same time, I beg to forward you herewith a sample of the lead bought from Mr. Shepherd as requested. I have no doubt you will find that the quality of the article bought by us is far ahead of that purchased by you.

Yours very truly,

The Auditor General,

A. GOBEIL, *Deputy Minister*.

PUBLIC WORKS DEPT., OTTAWA, June 19, 1895.

SIR,—With referencé to the letter written to you by the deputy minister on the 4th ultimo in respect to the amount charged by Mr. John Shepherd for white lead, I beg to inclose to you, herewith, a copy of a letter which Mr. Shepherd has sent to this department agreeing to a reduction of  $1\frac{1}{2}$  cent per lb., but in which, you will remark, he claims that the price charged is fair and just for the quality supplied,

I am, sir, your obedient servant,

The Auditor General.

OTTAWA, May 29, 1895.

SIR,—With reference to my account held in abeyance by the Auditor General, claiming an overchange in white lead. Beg to say in order to close the matter I am willing to make a reduction of 1½c. per pound, but at same time claim the price charged is fair and just for quality supplied.

INLAND REVENUE DEPT., OTTAWA, July 8, 1895.

SIR,—In reply to your letter of 2nd July I have to state that the sample of white lead in oil accompanying it has been found to contain 6.93 per cent of baryta, and must be considered as adulterated to that extent.

I am, sir, your obedient servant,

The Auditor General.

THOMAS MACFARLANE, C.A.

---

AUDIT OFFICE, OTTAWA, July 15, 1895.

SIR,—I have submitted to Chief Analyst Macfarlane the sample of Mr. Shepherd's chemically pure white lead, which was sent with your letter of June 6; and I now forward to you a copy of his report thereon, that "It has been found to contain 6.93 per cent of baryta, and must be considered as adulterated to that extent."

Please call Mr. Shepherd's attention to this. It is evident that a further reduction must be made in the price on account of shortage in the white lead, say 6.93 per cent of 6½, or  $\frac{45}{100}$  cents. The value of the baryta might be added.

Your painters, who informed you that "the white lead procured from Mr. Shepherd is of superior quality," may have made a similarly hasty examination of the other supplies described in the bill of \$261.41. Please get them to examine them again, or submit them to the chief analyst.

The sample of 4¾ cent white lead, mentioned in my letter of May 25, and which the chief analyst reported to be unadulterated, is the "Warranted Strictly Pure" brand of Mr. William Howe.

As to 8 cents having been a recent price for white lead in the open market, you will find by my report for 1893-94 that, from July, 1893 to June, 1894, the Marine and Fisheries Dept. got their supply at \$4.12½, the Intercolonial Railway at \$4.75 and the Quebec Canals at \$4.80. As stated in my letter of May 3, the same departments between July, 1894 and June, 1895 paid \$4.25, \$4.40, and \$4.69 respectively. The reduction to the present prices appears therefore to have been made before July, 1893, and should have attracted the notice of your officers some time ago. It would be well to examine the other items of Mr. Shepherd's bill in this direction also.

I notice other purchases of pure white lead at 8 cents, from Geo. Howe, Thos. Keaough, etc.; and one from Stephen Bros. at 5½ cents. This distribution of orders is one of the reasons for your prices being high. Were you to do like the other departments, and combine your orders, and call for tenders, no doubt you could obtain prices equally low. If advertising be thought too expensive the specifications might be sent

to all who have expressed a desire to tender for goods of the kind, as is done on the Intercolonial Railway.

It would be well to have samples analysed chemically, of all supplies which admit of such analysis. Mr. Macfarlane would probably be willing to make the examinations for you. This practice is followed to a great extent on the Intercolonial Railway.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

*Memorandum by D. Ewart, Esq., Assistant Architect.*

CHIEF ARCHITECT'S OFFICE, Dec. 11, 1895.

The auditor states the chemically pure white lead supplied to the department by Mr. Shepherd having been analysed by Mr. Macfarlane, chief analyst, was found to contain 6.93 per cent of baryta, and to please call Mr. Shepherd's attention to the shortage in the white lead.

When the chief analyst made the analysis, did he test for any adulteration other than baryta?

Mr. Shepherd's attention was called to the fact that the white lead supplied by him had been analysed and that it was found to contain 6.93 per cent baryta and he replied by forwarding a letter from P. D. Dods & Co., who manufactured the lead, that they did not compare the quality of their paints with paints made by manufacturers who call their article strictly pure white lead, they further state that their paint will cover from thirty to fifty per cent more area than that called pure white lead will cover.

Further, lead was found to be similar to other metals some being better than others and worth from twenty to fifty per cent more.

It is well and widely known that pure carbonate of lead ground in oil, does not make the best quality of white lead paint, and as the department purchases its paint ground it would not do for the better class of work to purchase a pure white lead.

A higher rate is always charged for a properly prepared white lead paint, as it covers a much larger surface, hardens better and does not become pulverulent or liable to be rubbed off. A white lead containing a mixture of barytous gypsum and oxide of zinc renders the paint less liable to be blackened by the action of sulphurated hydrogen.

As to the Auditor's remarks that the information the department received from "the painters" that the white lead procured from Mr. Shepherd is of superior quality and inferring that they had made a hasty examination; Mr. Breton, the clerk of works, reports that no hasty examination was made, stating he had three following named brands tested;

1.—No. 1 warranted.

2.—Unicorn marked pure lead.

3.—Pure lead, manufactured by P. D. Dods & Co., being the white lead supplied by Mr. Shepherd; and that he found a great difference in the quality of the different brands; that each of these brands was tried as one, two and three coat work, and that the Dods white lead, supplied by Mr. Shepherd, gave by far the best result. The various samples were exhibited in the chief architect's office, and I can corroborate the correctness of the above statement.

As to the price paid for white lead, there are superior brands of white lead on the market, for which practical painters readily pay a much higher price than for pure white lead. For instance, B. Brandram white lead was supplied by Letourneux, Fils & Cie, of Montreal, for use at the St. Vincent de Paul penitentiary, charged at the rate of 8c. per lb., which rate was objected to, and there was correspondence between that firm and this office, the firm stating that they could supply brands at a much lower rate.

They would supply No. 1 for 4 cents, Johnson's Decoration 4½ cents, Pure Maple Leaf 5 cents per lb., and that they were willing to take back the B. Brandram brand

## Auditor General's Report—Part Q

---

---

supplied, and supply any of the other brands at the prices named, but that the B. Brandram they could not supply for less than 8 cents per lb.

The account was passed as first rendered by the firm, and 8 cents per lb. was the price paid for the white lead.

NOTE.—The department was well aware of the fact that white lead could be purchased at the rates named in the Auditor's letter, but as above stated it is not of the quality fit for first class inside work, such as is required to be done on the government public buildings.

After discussing with Mr. Shepherd regarding the price he first charged (8 cents per lb.), he reluctantly agreed to reduce the price to 6½ cents in order to close, as he required the money.

Mr. Shepherd has again been seen respecting a further reduction, which he states he will not make.

From all that I have been able to learn *re* the various brands of paint and the surface covered by equal quantities of different brands and their qualities, as to body and covering capacity, consider that the department is getting superior value for the price, 6½ cents charged by Mr. Shepherd for the quality of white lead supplied by him.

D. EWART, *for Chief Architect.*

A. GOBEL, Esq., *Deputy Minister.*

AUDIT OFFICE, OTTAWA, Feb. 4, 1896.

SIR,—The balance of Mr. John Shepherd's reduced account was passed upon receipt of Mr. Ewart's memorandum of December 11, as the discussion had then become of general interest.

I cannot follow out Mr. Ewart's reasoning, that adulterated material is more valuable than unadulterated, when the foreign substance mixed in is cheaper than the pure. The subject will be taken up again later on, when the annual report is off our hands.

You have passed over my suggestions, that chemical analyses be made wherever possible, and that orders be grouped to obtain lower rates.

I am, sir, your obedient servant,

The Secretary, Public Works Department.

*Re Slide and Boom Dues—Newcastle District.*

---

AUDIT OFFICE, OTTAWA, May 24, 1895.

SIR,—The expenditure for slides and booms in the Trent and Newcastle district during 1893-94 was \$2,116.17 for staff and \$5,127.11 for repairs.

According to the returns furnished no revenue was collected and none accrued during the season of 1894. I shall be glad to learn the reason. Is it probable that there will be any revenue from these works during the present season? Have the arrears due by Messrs. Gilmour & Co. and Rathbun & Co. yet been paid, or if not, what action has been taken to secure payment?

I am, sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, June 8, 1895.

SIR,—Having reference to your letter of the 28th ultimo respecting the expenditure for slides and booms in the Trent and Newcastle district during 1893-94, and asking to be informed why no revenue has been collected during the season of 1894, and also whether the arrears due by Messrs. Gilmour & Co. and Rathbun & Co. have been paid, I have the honour to state that the legality of charging toils being before the Department of Justice, it was deemed advisable not to render accounts of dues for 1894 until the question was settled.

The case of Messrs. Gilmour & Co. and Messrs. Rathbun & Co. is before the Department of Justice.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—In my letter of May 28 last I pointed out that the expenditure for slides and booms in the Newcastle district for 1893-94 amounted to \$2,116.17 for staff and \$5,127.11 for repairs; and that no revenue had come to account.

I have now to state that the expenditure for 1894-95 amounted to \$2,023.25 for staff and \$5,170.29 for repairs; and that no revenue came to account during the year, either for 1893-94 or 1894-95.

You stated in your letter of June 8th last that the matter was before the Department of Justice, and that it was deemed advisable not to render accounts of dues for 1894 until the question was settled; also that the cases of Gilmour & Co. and Rathbun & Co. were before the Department of Justice.

As the accounts of another season have since accrued, I have to inquire what further action has been taken in reference thereto.

In the meantime please furnish a statement of the arrears due for both seasons, as shown by the returns received from your slide masters.

I am, sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 6, 1895.

SIR,—Having reference to your letter of the 18th November last stating that so far no accounts, for revenue collected in 1893-94-95 in connection with the slides and booms in the Newcastle district, have been received by you and asking to be supplied with a statement of arrears due for both seasons and calling attention to the cases of Messrs. Gilmour & Co. and The Rathbun Co.—I beg leave to inform you that the cases

of these two firms are still before the Department of Justice for an opinion as to whether this department has the right to enforce payment of accounts which the department holds against the said firms.

The department has also in its hands accounts against parties who have used government works in the above named district, which parties are exactly in a similar position to that of Messrs. Gilmour & Co. and The Rathbun Co., and the department did not think it advisable to take any action in connection with these accounts until the cases of Messrs. Gilmour & Co. and the Rathbun Co. would be reported upon by the Department of Justice.

I may add that I have to-day communicated with the Department of Justice and have asked them to kindly give us an opinion in the matter, submitted to them, as soon as practicable. So soon as an answer is received from the Department of Justice, we will know how the accounts, in connection with the Newcastle district slides and booms, are to be dealt with and the information in the matter will be at once communicated to you.

I am, sir, your obedient servant,

The Auditor General.

### Re Slide and Boom Dues—Saguenay District.

AUDIT OFFICE, OTTAWA, May 29, 1895.

SIR,—The expenditure for slides and booms on the Saguenay River during 1893-94 was \$942 for staff and \$2,006.20 for repairs. According to the returns furnished there was no revenue, either accrued or collected. This state of affairs seems to call for some explanation.

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—On May 29th last I called your attention to the expenditure for slides and booms, Saguenay district during 1893-94, amounting to \$2,948.20 and to the fact that there was no revenue accrued or collected during the year, and asking for some explanation. Though you replied on June 8th to another matter referred to in my letter, you said nothing as to the absence of revenue.

I have now to point out that no revenue has come to account for 1894-95, and none so far for the present fiscal year; and that the expenditure for 1894-95 was \$2,933.23. If there is no revenue there surely can be no reason for expenditure.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, December 28, 1895.

SIR,—I have not received any reply to my letters of May 29th and November 18th calling your attention to the absence of any revenue from the Saguenay district slides for the last two years.

I am publishing these letters in the audit report now being prepared, and will be glad to add your explanations in reference thereto, but to do so I will need to have them at an early date.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 4, 1896.

SIR,—In answer to your letter of the 28th ultimo *re* the absence of any revenue from the Saguenay district slides for the last two years, I am directed to state that the reason why no returns of revenue on the Saguenay slides have been sent to you for the past two years is that no revenue was collected on those works during that period, the manufacture of the timber which used to come down those slides having partly been abandoned and that which is still being made on Lake St. John and its tributaries being now manufactured at mills established on the borders of the lake itself.

The department before closing those works to the lumber interests in that section of the country, has thought it advisable to wait until it would have a moral certainty that those works would not be required any longer for the purpose for which they were constructed and maintained and it is now proposed to abandon them altogether as it is not likely that they will ever be of further utility.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

### *Re* Revenue Accounts.

AUDIT OFFICE, OTTAWA, June 18, 1895.

SIR,—I have to inquire what action has been taken in the accountant's branch of your department to ensure a closer supervision of the accounts of the collectors. The accountant should keep such a record of these accounts as would enable him to readily notice any delay on the part of a collector in depositing his receipts; and in such a case he should at once call for an explanation from the departmental officer in immediate charge of the revenue.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, July 23, 1895.

SIR,—Having reference to your letter of the 18th ultimo, asking what action had been taken in the accountants branch of this department to ensure a closer supervision of the accounts of the collectors, I have the honour to send you, herewith inclosed, a copy of the instructions sent to collectors of revenue, and to inform you, that an account is opened in the books of the accountant for such work from which revenue is derived.

I may also add that the returns for June last are all in.

I am, sir, your obedient servant.

The Auditor General.

A. GOBEIL, *for Secretary*.

### INSTRUCTIONS TO DOCKMASTERS..

PUBLIC WORKS DEPARTMENT, OTTAWA, April 17th, 1896.

1. All correspondence, returns, etc., relating to revenue is to be addressed to the Collector of Revenue, Department of Public Works, Ottawa.
2. In addition to the entry book, a cash book must also be kept, showing date of entry, name of the party paying charges, number of voucher and amount received.
3. All collections to be mailed, in registered letter, to the collector within the first three days of the month following that for which the returns are made.
4. Particular care is requested to be taken in making out the triplicate vouchers which must correspond in every particular with the entry book, and must all bear the signature of the owners or agents of vessels. The original and duplicate vouchers must accompany each remittance

## Auditor General's Report—Part Q

---

5. All moneys received should be deposited in bank to the credit of the Hon. the Receiver General on the day received and a bank receipt in duplicate with draft attached obtained therefor. Should a payment be received after bank hours, the bank receipt should bear date of the next legal day following the date of entry in cash book.

6. If within the first fifteen days of the month an acknowledgment of the receipt at Ottawa of returns is not had, the dockmaster should write the Chief Engineer, Department of Public Works, to that effect, so that should a letter go astray no unnecessary time may be lost in endeavouring to recover it.

Approved,  
LOUIS COSTE,  
*Chief Engineer.*

E. T. SMITH,  
*Collector of Revenue*

### *Re Arrears; Due.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 11, '95.

SIR,—In reply to your letter of the 7th ultimo, asking for a detailed statement of all arrears due to this department on the 30th June last, I have the honour to inform you, that the only amount appearing in our books against disbursing officers and others, for the fiscal year 1894-95, is that of \$5,000 advanced to Messrs. O'Connor & Hogg, solicitors, in November, 1894, to be deposited in court *re* dredge "Laval," and as the case is still pending, the amount in question cannot be refunded at present.

The slides and booms revenues statement was handed into the Department of Finance on the 29th ultimo.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, November 19, 1895.

SIR,—I have received your letter of the 11th instant in reply to mine of the 7th asking for a detailed statement of all arrears due on June 30th last not yet satisfied.

You state there are no arrears due to your department by disbursing officers, with the exception of an amount advanced your solicitors in a legal case not yet closed.

You do not make any reference to your collecting officers. In this connection I may call your attention to your letter of July 9th last, *re* some amounts due by telegraph agents.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, December 28, 1895.

SIR,—I have no reply to my letter of November 19th last, pointing out that you made no reference to your collecting officers in your letter of November 11th.

If there are arrears due by any of those officers, a statement of them should be furnished; if there are none please state so.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

---

PUBLIC WORKS DEPT., OTTAWA, January 8, 1896.

SIR,—In reply to your communication dated the 28th ultimo, pointing out that I made no reference to our collecting officers in my letter of the 7th November last, I have the honour to inform you that our accountant to whom the matter was referred, states that all the amounts due by the disbursing or collecting officers of this department, on the 30th June last, have been satisfied.

As to the two balances due and mentioned in our letter of the 9th July last and referred to in yours of the 19th November last, the accountant states that that for \$10.39, Magpie office, was accounted for as per deposit receipt No. 1489, dated 1st August last, and that the other one for \$18.04, St. Paul's Island office, is still outstanding, for the following reasons given by our general superintendent of telegraphs, viz :

“In regard to the \$18.04 due from the St. Paul's Island office ; the former agent has a small counter account against the service in consequence of which this remittance has been delayed. The account is now being dealt with and will be settled very shortly.”

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

**Cornwall Canal: Contract Provisions Disregarded by Engineers.**

AUDIT OFFICE, OTTAWA, Oct. 21, 1895.

SIR,—Let me acknowledge receipt of your application in favour of Wm. Davis & Sons, for September estimates on Sections 2, 3 and 4 of the Cornwall Canal.

These estimates include a number of bills now first presented, for extra work done at various dates from 1889 to 1895, and certified by Mr. Weller "work performed as ordered."

The contracts provide that extra work shall be ordered in writing before it is done. Please let me know whether this regulation was observed, and whether the bills were presented by the contractors from month to month, as required by another section of the contract. I should like to have as many of the written orders as exist.

On several of the extra items which have appeared in the successive monthly estimates for several years, a claim is now made for an additional allowance of 15 per cent. Would not Mr. Justice Burbidge's decision as to the finality of a progress estimate affect these items?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 23, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, with reference to applications in favour of Messrs. Wm. Davis & Sons for September estimates on Sections Nos. 2, 3 and 4 of the Cornwall Canal, and note what you say in regard to a number of bills included in these estimates for extra work done at various dates from 1889 to 1895.

The items in the bills attached to these estimates are, it is true, certified by Mr. Weller as you state, but you will please to observe that each bill is certified by Mr. Rubidge, the superintending engineer, that the work was done in accordance with instructions received from the then chief engineer, and that the prices are fair and just.

No written instructions were given. The accounts were presented to the superintending engineer, and he explains that it has for many years past been the practice to hold them over until the preparation of the final estimate. This practice is, however, being put a stop to, and every effort is being made to dispose of such accounts in future upon the completion of each service.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D. M. R. & C.

AUDIT OFFICE, OTTAWA, Oct. 28, 1895.

SIR,—Let me acknowledge receipt of your 156736 of Oct. 23, concerning the bills of Wm. Davis & Sons for extra work performed from 1889 to 1895.

Mr. Rubidge's certificate is that the work was done in accordance with his instructions from the chief engineer of that time. Since these instructions are now admitted to be only oral, they have no value under Section 5 of the Contract, which says that "the Contractors shall not be entitled to any payment for extra work, unless such extra work shall have been first directed in writing by the engineer, and notified to the contractor in writing."

I wrote to your department as follows, under date of February 9, 1889 (see page D—162 of my report for 1888-89), concerning a payment of \$3,000 to Murray & Cleveland for work done under an oral agreement: "Although the agreement was not put in writing before the work was done, as demanded by the contract, there is no doubt concerning the good faith of the whole transaction, and I shall not delay the payment by maintaining the objection in the present instance. I trust, however, that you will

## Auditor General's Report—Part R

“draw Mr. Page's attention to the expediency of following the letter of the contract in future dealings.”

Since that letter was written in 18<sup>c</sup>9, I have brought the same subject to the notice of your department several times: and yet all of the extra work from 1889 to 1895 now under discussion was ordered orally. Similarly, the contract-provision for immediate and repeated claims by the contractor was ignored, and the local engineer explains that “it has for many years been the practice to hold them over for the final estimate.”

I am glad to hear that your department has now issued instructions for the observance of these two provisions of the contract in future.

You appear to have passed over the last paragraph of my letter of October 21, 1895, which referred to a new allowance of 15 per cent, on work for which payment was made several years ago. I find nothing about such an allowance in the contract-schedule.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 29, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th instant, calling attention to the last paragraph of the letter addressed by you to this department, on the 21st instant, with reference to an allowance of 15 per cent being made to Messrs. Wm. Davis & Sons in connection with work performed by them on sections Nos. 2, 3 and 4 of the Cornwall Canal.

With respect to this charge, it may be explained that the contractors did make a claim for a percentage allowance on these accounts when they were first rendered, which was struck out rather than delay payment by holding the accounts in order to give the chief engineer a full opportunity of looking into the matter, and the contractors complained at the time of this action.

The chief engineer has looked carefully into this matter and, after making inquiry of the superintending engineer, has satisfied himself that the charge is a proper one, and one which it has been the practice for some years to follow, it being evident that a contractor could not be called upon to perform the service of superintending and directing the work, having the time kept, etc., without receiving compensation therefor.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D. Min.

AUDIT OFFICE, OTTAWA, Oct. 30, 1895.

SIR,—I beg to acknowledge receipt of your 156798 of October 29th, concerning Wm. Davis & Sons' new bills for extra work, amounting to some \$9,400.

Please let me know whether an opinion has been obtained from the Justice Department, that the payment can legally be made, notwithstanding the ignoring of the contract-provisions as to Written Orders and Repeated Claims.

With reference to the 15 per cent allowance on labour, &c., it appears to me that the wording of Section 5 of the Contract, “The Engineer shall be at liberty to order any extra work to be done,” would bring the extra work under the contract schedule, and that labourers, carpenters, stonecutters and masons should be paid for at the rates therein mentioned, without any additional allowance.

I should also like the Justice Department to pronounce upon the question raised in my letter of October 21st, whether the Exchequer Court's decision in the Galops case has any application to the claims now discussing.

Are there any more accounts for extra work, which have not yet been presented by the Messrs. Davis?

I am, sir, your obedient servant.

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 31, 1895.

SIR,—I received a telegram to-day from Wm. Davis & Sons, asking why their September estimates are delayed.

Would it not be well to pay the part of the estimates about which there is no discussion, some \$20,000, and retain the rest until the correspondence is finished?

I return the applications herewith, for amendment if you think it expedient.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 1, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 31st ultimo, by which you suggest the division of the September estimates of Messrs. Wm. Davis & Sons under their Cornwall Canal Contracts, so that a portion, as to which no discussion has arisen, might be paid, the balance being retained until the end of further discussion.

Mr. Michael Davis, a member of the firm, has this morning called at my office and intimated that they would not accept the part payment such as suggested.

Under these circumstances the division of the estimates suggested by your letter would, of course, be useless work.

I return the applications to you for such action as you may see fit to take.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, D.M.

The Auditor General, Ottawa.

AUDIT OFFICE, Nov. 6, 1895.

SIR,—Let me acknowledge receipt of your letter returning the Davis estimates for such action as I may see fit to take.

Until the information asked for in my letter of October 31 is supplied, I do not see that any further action is possible.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals.

J. L. McDOUGALL, A.G.

Order in Council, December 12, 1895.—On a report dated 3rd December, 1895, from the Minister of Railways and Canals, representing that under date the 28th, 30th and 31st October, 1895, letters have been addressed to the Department of Railways and Canals by the Auditor General in respect of applications for authority to pay certain items of progress estimates for work done and materials delivered up to the 30th September last by Messrs. Davis & Sons under their contracts for sections 2, 3, and 4 of the Cornwall Canal Enlargement, as to which he withholds his authorization.

The Minister states that the position is as follows: Certain bills for extra work executed at various dates from 1889 to 1895, but not, so far, paid, have been included in the said estimates, and are certified by the resident engineer as "work performed as ordered," the superintending engineer further certifying that the work was done in accordance with instructions received by him from the then Chief Engineer, and that the prices are fair and just. To these accounts is added 15 per cent of their amount: this, which is also covered by the certificates, represents the contractors' charge for superintendence, etc. No written instructions were given, and inasmuch as the terms of the contracts, clause 5, provides that extra work shall be first ordered in writing by the engineer, the price therefor to be previously fixed, the Auditor General has objected to make payment.

## Auditor General's Report—Part R

The superintending engineer explains that, for many years, it has been the practice to hold over such accounts until the final estimate, a practice which, it may be observed, the chief engineer of the Department of Railways and Canals is now endeavouring to change.

The Auditor General further raises the point whether the contractors complied with other provisions of the contracts, clauses 26 and 27, calling for the written presentation of claims within fourteen days after the date of the certificate omitting them, and for the repetition in writing of the same, from month to month, until they are finally adjusted or rejected. It is understood that the said accounts were duly presented, but, in view of the practice above mentioned of withholding settlement therefor, the provision of the contracts for their repetition month by month appears to have been regarded both by the contractors and the engineers of the Department of Railways and Canals as supererogatory.

The Minister further states that as to the allowance of 15 per cent it has to be observed that the execution of these extra works necessarily entailed upon the contractors extra cost for superintendence, timekeeping, &c., for which it is only just that they should be paid.

In some of these accounts, however, the charge now made and recognized by the certificates, is simply for the 15 per cent, the account itself having already been settled for, but the percentage having been temporarily struck out by the chief engineer pending consideration, and in order not to delay payment of the estimate.

It is now recognized because that officer has satisfied himself that the charge is a proper one.

The Minister further represents that the matter has been referred to the Department of Justice, which under date the 20th November, 1895, have advised to the effect that the objections of the Auditor General are well taken under the terms of the contract, except as to the charges made for superintendence and direction of the day labour furnished, allowance of remuneration for which they consider to have been quite within the power of the engineer. They observe that a waiver of the special provisions of the contract as to the making and repetition of claims for extras, clauses 26 and 27, and of the provisions contained in clause 5, calling for the written order of the engineer and the fixing of the price beforehand, will be necessary as a preliminary to payment.

The Minister in view of the circumstances of the case as above stated, recommends that the provisions of clauses Nos. 5, 26 and 27 of the contracts in question, namely contracts Nos. 9558, 9560 and 9562, all bearing date the 5th November, 1888, be waived in so far, and so far only, as they call for action the non-fulfilment of which stands in the way of payment of the aforesaid items of the certificates now in question, as to which the Auditor General has raised objection.

The committee submit the above for Your Excellency's approval.

J. J. MCGEE, *Clerk of the Privy Council.*

### Cornwall Canal: High Rates paid for Emergency Repairs.

AUDIT OFFICE, Dec. 14, 1895.

SIR,—In the November pay-list for "Cornwall Canal Repairs," I notice a bill of \$4,621.58, from Wm. Davis & Sons, for repairing lock 17 after damage by barge "Kilgonan" in August, 1895.

To the rates charged for workmen (which, I suppose, are the rates actually paid), there is added an allowance of 15 per cent in favour of the contractor for supervision, use of tools, profit, &c. The materials, as supplied unworked, are entered at the contract rates paid to Davis & Sons on Section 2, for materials worked up and in place, namely, \$100 a thousand for oak, \$80 for pine, 10 cents a pound for ordinary iron work, and 20 cents for steel.

Although, of course, the contract rates cannot be applied to these repairs, it seems to me that the payment of wages is such an addition to the contract rates as might have precluded the Messrs. Davis from claiming the further allowance of 15 per cent, even for work where unusual haste was demanded.

Another feasible mode of settlement might have been to pay the local current rates for wages and unworked materials, with an allowance for special emergency.

Please let me have your views on this subject.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 24, 1895.

SIR,—I have to acknowledge the receipt of your letter of the 14th instant, asking for information relative to a bill for \$4,621.58 from Messrs. Wm. Davis & Sons for repairing lock No. 17, Cornwall Canal, damages by the barge "Kilgonan" in August last.

In reply I have to state that this bill is for rebuilding the lock gates, and, in the opinion of the chief engineer of this department, is correct and in proper form; and I would draw your attention to items Nos. 39, 40, 41 and 52 of the schedule attached to Messrs. Wm. Davis & Sons' contract on section No. 2 of the Cornwall Canal.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

### Cornwall Canal: Purchase of Steamer "Alert."

AUDIT OFFICE, Dec. 12, 1895.

SIR,—In your expenditure on "Cornwall Canal Capital" for 1894-95, I notice a payment of \$7,000 to W. J. Murphy, of Morrisburg, for purchase of his steamer "Alert."

The voucher carries no certificate that the price is fair and just. Please see that this omission is rectified.

I should like to be supplied with additional information as follows:—(1) The probable price of a similar steamer newly constructed; (2) the approximate life of a new steamer, at such work as the "Alert" is expected to perform; (3) the age of the "Alert" at the present time; and (4) the number of years she may yet be expected to work.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 20, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, asking for certain information relative to the purchase of the steamer "Alert" for the Cornwall Canal.

In reply I have to state as follows:—

- (1.) That a new steamer such as the "Alert" would cost about \$10,000;
- (2.) That the approximate life of a new steamer such as the "Alert" is said to be twenty years;
- (3.) That the age of the "Alert" when purchased was eight years;
- (4.) That the hull of the vessel, which is of oak, is said to be good for twelve years from the date of purchase; and
- (5.) The machinery of the vessel, which would cost about \$5,000, is about as good as new.

## Auditor General's Report—Part R

I might add that Captain McElhinney, of the Department of Marine and Fisheries' has informed me that the "Alert" was cheap at \$7,000, that the vessel has been inspected by the government inspectors every year previous to its purchase by this Department, and has been reported by them as an extra well-built steamer throughout, and well kept up, the whole vessel, hull, boiler and machinery, being, when last inspected, in first class order.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M.*

The Auditor General.

### Curran Bridge : Payments to Mr. St. Louis all made before Audit.

AUDIT OFFICE, OTTAWA, June 27, 1895.

SIR,—With reference to the recent debate in the House of Commons on the Curran bridge expenditure, you are reported on page 2988 of "Hansard" as saying :—

"The accounts are certified to by the engineer in charge of the particular work, they come to the superintendent engineer in my department, and if they are within his knowledge he certifies them to be correct ; then they go to the Auditor General, and he sees that the vouchers in regard to the work are perfect and complete. I never saw a single account paid, either by the Minister of Public Works or by the Minister of Railways. The parties are paid by cheques from the department, and the party who is supervising and checking and is responsible as to the payments is the Auditor General."

Your information is quite correct when payment is made on direct application to the Audit Office, but you have overlooked the fact that some of the payments in your department are made under departmental letters-of-credit, and that all the payments to St. Louis were made in this way.

The departmental letter-of-credit system is authorized by Section 30 of the Audit Act. Under it I do not see any of the vouchers until after payment has been made.

With reference to all expenditure under this system the audit of this office is after payment.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Hon. JOHN HAGGART,  
Minister of Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, July 3, 1895.

SIR,—I beg to acknowledge the receipt of your letter of the 27th ultimo, calling my attention to certain remarks made by myself in the House of Commons debate on the Curran bridge expenditure.

I am, sir, yours truly,

JOHN HAGGART.

J. L. McDOUGALL, Esq., Auditor General.

### Sault Ste. Marie Canal : Extra for Portland Cement.

AUDIT OFFICE, Dec. 3, 1895.

Sir,—Let me call your attention to cheque No. 8351 for \$13,635 in favour of Hugh Ryan & Co., for \$1 a barrel allowed on 13,635 barrels of Portland cement used in lock-backing at Sault Ste. Marie, under authority of order in council of August 27, 1895.

Please explain why this payment was made from your letter of credit, instead of on an application to this office, as all other payments in connection with contracts are made.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Railways and Canals.

*Order in Council, Aug. 27, 1895*:—That authority be given to pay Messrs. Hugh Ryan & Co., the contractors for the Sault Ste. Marie Canal, \$1.00 per barrel, the difference in price between Native and Portland cement, on 13,635 barrels of Portland cement used in laying masonry on the canal in place of Native cement, the chief engineer of the department of Railways and Canals having reported that such cement would add to the stability of the work.

J. J. MCGEE, *Clerk of the Privy Council.*

RAILWAYS AND CANALS DEPT., Dec. 7, 1895.

SIR,—Referring to your communication of the 3rd instant, asking why payment of \$13,635, being the allowance of \$1.00 per barrel on 13635 barrels of Portland cement, which displaced that number of barrels of Native cement, I may explain that it was done at the last moment to save this amount of the appropriation from lapsing, whilst awaiting the receipt of the order in council. The cheque was issued on the 29th August, 1895.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D. M.*

### St. Peter's Canal.—Wages due by Contractor.

*Order in Council, May 21st, 1895*.—On a memorandum dated 20th May, 1895, from the Minister of Railways and Canals, representing that, under date 16th May, 1895, the Chief Engineer of the Department of Railways and Canals has reported that Mr. Sylvain O'Donoghue, contractor for certain repairs on the St. Peter's Canal, has failed to carry out his contract, and upon his notification that he did not intend to proceed further with the work, it was, under the terms of his contract, taken out of his hands, and is now being carried on by the Government by day labour, at the contractor's expense.

The Minister further states that the men employed becoming aware of this action demanded payment of their back wages, and as there was a progressive estimate amounting to \$5,121.90 in favour of the contractor, it was proposed to pay the wages due, amounting to \$3,555.45 from this estimate, and the men were informed that if they went to work, their back wages would be paid. The Chief Engineer of the Department states, however, that the Auditor General declines to pay the cheque as it is not known what the work will cost, and that consequently there is a deadlock: further, that the men are telegraphing to inquire when their wages will be paid, and that it is feared that, if not now paid, they will strike and prevent other men taking their places. Should this occur it may be the means of blocking navigation for the greater part of the season, which, as there are over 1,800 vessels pass through the canal during the season, may be embarrassing to traffic. Moreover, it may cost a great deal more than the \$3,555.45 to put down a strike and prevent the men doing damage. As a matter of business the Chief Engineer of the Department considers that it would be in the public interest that these men should be paid.

The Minister, concurring in this view, recommends that authority be given for the payment from the aforesaid estimate of the back wages, the objections of the Auditor General notwithstanding.

The Committee advise that the requisite authority be granted accordingly.

The Minister, Railways and Canals.

JOHN J. MCGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, May 28, 1895.

SIR,—I am in receipt of the order in council authorizing the payment of \$3,555.45 to men employed by Sylvain O'Donoghue under his contract for certain repairs on the St. Peter's canal. The order in council says that payment is to be made, the objections of the Auditor General notwithstanding.

## Auditor General's Report—Part R

---

I beg to remind you that the objections which I raised were the same objections as were considered insurmountable by the Deputy Minister of Justice until you explained to him and me that if the men were not paid, the work would suffer more, indirectly, than the amount of this claim. You explained that the men who have this claim are now on the work under the government, that they would, no doubt, leave the work if this money were not paid to them, that it would be expensive to get men to supply their places, and that there would be serious loss to owners of vessels which navigate the canal, through the lengthened time during which the lock would be closed. These reasons convinced me, as they did Mr. Newcombe, that the technical objection ought to give way, providing the Council would formally recite the facts and take the responsibility which should attach to the government when the strict letter of the contract is not followed. You will therefore perhaps be good enough to explain to the Minister of Railways and Canals that my objections were removed before the passage of the order in council.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Rideau Canal, Land Damages: Vote should have Lapsed.

AUDIT OFFICE, OTTAWA, Dec. 3, 1895.

SIR,—In your 1894-95 expenditure on Rideau Canal land damages, I notice a payment of \$9,586.41 to the Justice Department to pay land damages, being the balance of the vote.

The cheque No. 8364 for the amount was the last on the original list, and therefore presumably was not drawn before the latter end of August. This, and the unusual fact that the cheque was made payable to a department, indicate that it was intended to use the appropriation by these means after the time that it would otherwise have lapsed. The expenditure of any part of the amount of this cheque is as irregular as it would have been to have issued your departmental cheque after the end of August. Please have the cheque returned to you and credited to casual revenue of 1895-96.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

NOTE—Cheque not used. Cancelled in January, 1896.

### Canals: Lockmasters paid during winter Season.

*(Continuing the discussion on page Q—163 of 1893-94.)*

AUDIT OFFICE, OTTAWA, April 19, 1895.

SIR,—Let me acknowledge the receipt of your letter of April 4, explaining that the lockmasters on canals other than the Welland are paid for the winter months because they remain on to regulate the water.

This seems to apply with somewhat less force on the Rideau than on the other canals, since very little of the Rideau water power is used by manufacturers.

Another apparent anomaly is the employment of a labourer at each lock on the Cornwall Canal during recent winters, in addition to the lockmaster; while the lockmaster alone does all the work on the Williamsburg and Beauharnois Canals.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

### Sunday Labour on Canals: Mode of Reckoning.

AUDIT OFFICE, June 12, 1895.

SIR,—Let me acknowledge receipt of your application, No. 502, for May expenses of the Cornwall canal.

I notice an apparent anomaly in the payments of Sunday labour, as follows:—

On the Welland and Lachine Canals, only half the staff at each lock is on watch at any time on Sunday, as during the rest of the week, thus calling for payment of only \$2.70 to each lockman for a 4-Sunday month

On the Cornwall, Williamsburg and Beauharnois canals, all the permanent men on the locks are paid for the whole nine hours of Sunday navigation, making \$5.40 to each lockman for a 4-Sunday month.

The permanent staff at each lock is as follows: Beauharnois, 5; Cornwall, 5; Lachine, 13; Welland, 4; Williamsburg, 3.

Please let me know whether the charge of nine hours represents actual attendance on duty out on the lock, or merely a different understanding as to the manner in which the extra Sunday pay accrues. If the longer attendance is actual, I should like to be informed of the differing circumstances which render it necessary.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, June 13, 1895.

SIR,—I am in receipt of your letter of the 12th inst., with reference to application No. 502 for May expenses of the Cornwall canal.

On the Cornwall, Williamsburg and Beauharnois canals the men are on duty nine hours every Sunday passing vessels both up and down, on the first and last mentioned the full staff being necessary.

As regards the Welland canal, the staff employed this season so far on Sundays is merely some ferry men; and on the Lachine canal, only the single lock being worked on a Sunday, half the week force is sufficient.

Yours truly,

COLLINGWOOD SCHREIBER,

*Chief Engineer.*

The Auditor General.

### Cheques drawn in Excess of Letter-of-Credit.

AUDIT OFFICE, Sept. 18, 1895.

SIR,—I beg to acknowledge receipt to-day from your department of Application No. 638, for a letter-of-credit for \$30,466.58, to cover balance of cheques for 1894-5.

It is unnecessary to say that cheques should not be issued in excess of the letter-of-credit, as your department did in this instance.

Please let me have an explanation of how this irregularity occurred. Without further information, I do not see my way clear to passing the application.

As the cheques are all dated June 29, though issued in July and August, I am not able to ascertain when the previous letter-of-credit was exceeded. Please mention the date.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Railways and Canals.

## Auditor General's Report—Part R

RAILWAYS AND CANALS DEPT., Sept. 22, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, with regard to the application of this department for a letter-of-credit for \$30,466.58 to cover the balance of cheques issued for 1894-95, and, in reply, have to state that the department quite recognizes the propriety of your observation that departmental cheques should not be issued in advance of the letter-of-credit.

In the present case, however, the previous credit was exhausted at the time when the cheques now in question were issued, and by an inadvertence the application for further credit was overlooked. These cheques were, of course, within the limit of the appropriation.

The department will take care that this omission is not repeated, and that in future sufficiently large letters-of-credit will be applied for in the first instance.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Sec.*

The Auditor General.

### Payments temporarily charged to wrong Vote.

AUDIT OFFICE, OTTAWA, May 4, 1895.

SIR,—Let me acknowledge receipt of your application No. 448 for \$30,621.50 in favour of the Bank of Montreal, being your April expenditure under letter-of-credit.

I notice that the pay-list of engineers, draftsmen and temporary clerks in the department, amounting to \$1,451.63, is charged to "Miscellaneous works not provided for," apparently on account of the vote for "Engineers, draughtsmen and extra clerks," having been used to pay expenses of the Sault Ste. Marie engineers in previous months.

This latter irregularity was not noticed here until recently. Please let me know what steps you are taking to correct it. I shall be unable to pass the application in its present shape.

When a vote runs out, the authority for paying the services ceases. Money should not be used which was voted for something else.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, May 7, 1895.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 4th instant, with reference to the charging of the expenses of the Sault Ste. Marie engineers to the vote for "Engineers, draughtsmen and extra clerks."

In reply I have to say that provision has been made in the supplementary estimates for 1894-5 for the payment of the Sault Ste. Marie canal staff, and when the money is voted a transfer will be made. I return herewith Dept. Appln. No. 448 for \$30,621.50.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secretary.*

The Auditor General.

### Railway Subsidy not paid. Section not completed.

AUDIT OFFICE, OTTAWA, May 2, 1895.

SIR,—Let me acknowledge receipt of your application for payment to the Drummond County Railway of their subsidy from St. Leonard northerly toward Chaudière Junction.

The amendment to the contract, as made by order in council, provides that the company shall do, this summer, some ballasting which is not now finished.

I do not see my way clear to certifying payment on a road which is not accepted by the department as complete at the time of payment. The wording of the Subsidy Acts is: "payable on the completion of each section of the railway."

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, A.G.

### **Re Travelling Expenses not Charged to Civil Government Contingencies.**

AUDIT OFFICE, Dec. 23, 1895.

SIR,—In your expenditure on Railways and Canals in 1894-5, I notice the following sums charged to outside votes, for travelling expenses of persons whose salaries are paid from "Civil Government":

Sault Ste. Marie Canal, Capital (page R—14):	
C. Schreiber.....	\$ 45 50
Surveys and Inspections, Canals (page R—36):	
C. Schreiber.....	44 44
J. H. Balderson.....	71 85
Surveys and Inspections, Railways (page R—36):	
Hon. John Haggart.....	60 00
C. Schreiber.....	71 70
Railway Statistics, (page R—37):	
L. K. Jones.....	97 49

In 1895-6, and subsequent years, please charge all similar expenses to "Civil Government Contingencies." You will find, on page A—8 of my report for 1889-90, a Treasury Board ruling on this subject.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., Dec. 27, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd instant, and in reply have to state that the travelling expenses referred to therein were charged to the several appropriations under instructions from me; believing as I did that they are proper charges against these appropriations, it did not appear to me that the ruling of the Treasury Board referred to in your annual report of 1889-90, on page A—8, was applicable to cases in which special appropriations were provided to cover such charges as those to which you take exception. However, if it is decided to make such charges against "Civil Government Contingencies," a larger appropriation under that head will have to be made.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

### Salary and Travel of Newly Appointed Officers.

AUDIT OFFICE, Dec. 23, 1895.

SIR,—In your expenditure on "Sault Ste. Marie Canal Staff" for 1894-5, I notice the following payments to Mr. Jas. C. Boyd, the newly appointed superintendent:—

Salary, June 1 to 30, 1895.....	\$150 00
Travel for instructions, June 3-5, Simcoe to Ottawa and return.....	28 55
Travel, June 14-17, 1895, Simcoe to Sault Ste. Marie.....	16 70

Please describe the general practice of your department in paying salaries and expenses on appointment.

Whatever difference of opinion there may be about paying an officer before he arrives on the scene of his work, there should, I think, be none on the question of paying him before he reports for instructions.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

*Re Deposits and Remittances by Agents.*

AUDIT OFFICE, OTTAWA, April 2, 1895.

SIR,—In your letter of March 27, 1893, you state that remittances from terminal points would be the receipts of the day previous; from points nearer Moncton, the remittances would take in part of the current day's receipts. Now that deposits are made at many stations in the local bank instead of the money being remitted, should not the deposit always include a considerable proportion of the current day's receipts? This regulation is carried out at a number of the stations, why not at all? At the following stations the deposits are sometimes more and sometimes less than the balance from the previous day: Campbellton Frt., Chatham Jct., Halifax City Ticket, Halifax Frt., Halifax Station Ticket, Little Metis, Newcastle, Spring Hill, Sussex, Sydney, and Quebec. (D. R. McD.)

At the following stations the deposits do not cover the balance from the previous day: Amherst Frt., Mulgrave, Shubenacadie, Stellarton, St. John Frt., Bathurst, Ferrona Junction.

At the following stations the remittances are not made as frequently as the amount of the receipts calls for: Chatham, Dalhousie, Gloucester, Point du Chene, Maccan and Trenton.

I am, sir, your obedient servant,

The Gen. Mgr. Govt. Railways.

J. L. McDOUGALL, A.G.

MONCTON, N.B., May 21, 1895

SIR,—In answer to your letter, dated April 2nd, with reference to deposits and remittances by agents.

I send you herewith a letter from Mr. Williams, treasurer, explaining why it is difficult and in some cases impossible for the agents to deposit the entire receipts of the day previous and even part of the receipts of the current day. He states that a close check is kept upon the cash receipts and remittances of the agents, and I have told him to see that this close check by the audit office is maintained.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

TREASURER'S OFFICE, MONCTON, N. B., May 15, 1895.

D. POTTINGER, Esq., General Manager.

DEAR SIR,—I beg to return the Auditor General's letter of 2nd ult., herewith.

Owing to the movements of trains—regular and special—and the volume of business at some of the stations, it has been found impossible to establish any fixed time for agents, who deposit in the local banks, to make their deposits. They have to take advantage of an opportunity early or later in the day to do this, and to a certain extent this applies to putting up remittances to be sent in to cashier here.

In the case of the agents enumerated whose deposits do not at all times exceed the balance of preceding day, or are sometimes more and sometimes less—in the case of Halifax (Frt.), St. John (Frt.), Mulgrave, and occasionally one or two other points, extra labour has to be hired to handle freight from vessels which is paid from the station cash, payrolls sent in and cheques sent from here to recoup the agent, the amount being in the meantime carried in the station's balance. At other points tickets are issued to western U. S. points on requisition of other railways, the value of which is collected by draft and credited to the agent—the amount in the meantime being carried in the agent's balance. Refunds for unused tickets are also made by agents on authority of the general passenger agent, carried in balance, and credited at end of month.

## Auditor General's Report—Part R

---

The agents at Gloucester and Pt. du Chene have occasionally to hold over their cash to pay back charges on freight which swells their balance until the freight is way-billed out, and the amount shown on the Auditor General's return as "Back Charges paid out."

The cash receipts of the agents at Ferrona and Maccan are principally from the Steel Co., and Joggins Coal Co., respectively, and being received late in the day cannot be transmitted until the following day.

A close check is being kept here on the agent's cash receipts and remittances, and the travelling auditors are also instructed to report any cases where they find large cash balances carried.

Yours truly,

T. WILLIAMS.

### Outside Agents.

AUDIT OFFICE, OTTAWA, March 4, 1895.

SIR,—As none of the outside agents make any returns to this office, with the exception of Montreal and Toronto, I have to inquire as to the state of their returns and remittances.

I observe that nothing has been received on account of the present fiscal year from the following outside agents:—Charlottetown, Mabou, New Carlisle, South Lake, Ainslie, St. John's, Nfld., and Windsor. I shall be glad to have an explanation in each case.

I understand your agent at Ottawa has been changed. Has the former agent paid up all arrears? If not, please state what balance he still owes.

I am, sir, your obedient servant,

The Gen. Supt. Government Railways.

J. L. McDOUGALL, A.G.

---

GENERAL MANAGER'S OFFICE, MONCTON, March 8, 1895.

SIR,—In answer to your letter of the 4th, the ticket agencies at Mabou, New Carlisle, South Lake, Ainslie, and Windsor, have been closed. The agency at Charlotte-town has been merged into the Charlottetown Steam Navigation Company, and the sales are accounted for by that company. The St. John's, Nfld., agency still holds our tickets. It has made no sales for several months past. The agent at Ottawa owes now a small balance of \$5.76. He paid \$120 on the 1st of March, and commission for \$100 more was credited to him. He is not selling tickets now. It has not been settled whether he will be continued in the agency or not.

Yours truly,

The Auditor General.

D. POTTINGER.

---

AUDIT OFFICE, OTTAWA, March 19, 1895.

SIR,—I am returning the statements received from Avondale for six months to December 31. You will observe the agent sends a statement every ten days, and one every month. These do not agree with one another, and the remittances claimed do not agree with the cashier's returns.

Agents should enter remittances in detail giving dates.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

*Re Arrears Due.*

AUDIT OFFICE, OTTAWA, December 3, 1895.

SIR,—I am in receipt of your letter of November 26th, inclosing a statement of arrears due by lessees on account of hydraulic rents.

You have not furnished any statement of arrears due in connection with the railway accounts.

If none of your collecting or disbursing officers are in arrears, please state so; if they are, a statement should be furnished.

I am, sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

---

RAILWAYS AND CANALS DEPT., OTTAWA, December 5, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, and have to state that the general manager of the government railways has been requested to furnish a statement of the arrears, if any, due in connection with the railway accounts.

He has also been instructed to report whether any of the collecting or disbursing officers on the railway are in arrears, and, if they are, to furnish a statement of the same.

I am, sir, your obedient servant,

The Auditor General.

### Chinese Capitation Tax.

AUDIT OFFICE, OTTAWA, September 26, 1895.

SIR,—Referring to your application "C. I. 500" for a cheque in favour of A. R. Milne, Collector of Customs at Victoria, to refund Lee Kow, capitation tax paid by him, I have to request that the copy of the collector's letter, which I am returning, may be certified by you as a true copy.

I referred in my letter of Feb. 20th, 1894, to the practice of issuing these cheques in favour of the collector instead of the person entitled to payment; to which you did not reply. It would be much more satisfactory to have this practice changed; but as long as it is continued the receipt of the person entitled to payment should be furnished.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Trade and Commerce.

---

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, Sept. 27, 1895.

SIR,—Referring to yours of the 26th, in reply to my application for a cheque to refund "Capitation Tax" paid by Lee Kow.

As requested, I have certified to the copy of the collector's letter, and return it to you. With reference to your letter of February, 1894, suggesting the issuing of cheques in favour of the individual instead of the collector, I think I satisfied you verbally that such would be impracticable, inasmuch as not one in one hundred of the Chinese know one word of English, and his signature would also be unintelligible to every English speaking person in Canada with the exception of the Interpreter, so that his supposed receipt or endorsement might be or might not be valid.

On the refund of "Capitation" to individuals the collector invariably takes a receipt, and as he personally has more knowledge of the matter than can be had here we must necessarily accept what he furnishes us as sufficient.

I am, sir, your obedient servant,

W. G. PARMELEE,

*Chief Controller.*

The Auditor General.

\* This amount is the prize money allotted to the men engaged in the Isle aux Coudres expedition of 1892. The cheque was made out in favour of the Collector at Quebec, and he wrote December 9th, 1895, that the shares of ten of the men of \$10 each were still unpaid owing to difficulty of locating the men.

### Re Refunds by Railway Companies.

AUDIT OFFICE, OTTAWA, February 25, 1895.

SIR,—In reference to the salaries of customs officers, in whole or part refunded by the railway companies, I have to ask for the following information, viz. :—

- (1.) The name of each officer.
- (2.) His salary.
- (3.) The amount to be refunded.
- (4.) The port or place where stationed.
- (5.) The company refunding.
- (6.) The date when this arrangement commenced.

I have also to request that this office be at once notified of any future modification or additions to these arrangements.

I am, sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOGUALL, A.G.

NOTE.—This information was furnished.

### Re Defalcation at Barrie.

AUDIT OFFICE, OTTAWA, March 22, 1895.

SIR,—In the return from the port of Toronto for the month of June last, credit is taken for a deposit of \$225, made by the financial inspector, on account of defalcation of sub-collector of customs at Barrie. This receipt is dated February 15th, but was not brought to account till June 30th.

## Auditor General's Report—Part T

I have to ask for particulars as to this defalcation. What was the amount involved, has it been fully paid up, and if not what balance is still due? Is the subcollector still in office? Please send me the report of the inspector.

Are there any other ports or outports, collections at which have not been accounted for, besides those the defalcations at which have already been reported to this office.

I am sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOUGALL, A.G.

### Re General Regulations.

AUDIT OFFICE, OTTAWA, March 22, 1895.

SIR,—On June 27, 1893, I submitted for the consideration of your department certain regulations affecting the collection and accounting for customs and other revenues.

The Assistant Commissioner replied that he would confer with the Controller of Customs and let me know the views of the department. This has not since been done.

I shall be glad if you will be able to take this matter up at an early date.

In addition to the regulations covered by my letter the following should be added:  
(7.) The returns of the subcollectors after having been examined and verified by collectors of customs shall be forwarded, with their monthly returns, to the department and subsequently to this office.

I am, sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOUGALL, A.G.

### Re Analytical Index.

May 13, 1895.

SIR,—In the amount refunded by the late Commissioner of Customs, there appears an item for the sale of the Analytical Index, \$57.51.

Please let me know the number of copies printed, the number delivered free, and the number sold, stating price.

I am sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, September 30, 1895.

SIR,—I have the honour to acknowledge receipt of your letter of 13th May last, asking for particulars of the sale of Analytical Indexes.

The number of copies printed was 3,550; of which 1,656 copies were delivered free; 194 sold, and the balance are in stock still,—the price per book being fifty cents.

The amount deposited to the credit of the Receiver General on account of sale of these books were as follows:—

To the credit of casual revenue, May 2nd, 1894, \$36.54; amount refunded by late Acting Commissioner, \$57.51; Deposited 5th September, 1895, casual revenue, \$1.50; September 18, 1895, \$11.00; and July 18, 1895, casual revenue, Port St. Hyacinthe, \$1 00.—Total of \$107.55.

As this amount is \$10.55 in excess of the amount derived from the sale of the 194 copies, the balance must represent the value of postage stamps received in payment of customs duties, and erroneously credited to this account.

You will notice from a statement of the receipts from postage stamps that there is a shortage of very nearly a similar amount.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. E. KILVERT, Acting Com.

**Re Customs Seizure, Montreal.**

CUSTOMS DEPARTMENT, OTTAWA, May 9, 1895.

SIR,—I have the honour to send you herewith statement received from the Acting Collector of Customs at the port of Montreal, in reference to a large number of seizures undisposed of at this port, with explanations covering same.

I am sir, your obedient servant,

F. E. KILVERT, *Acting Commissioner.*

The Auditor General.

---

MONTREAL, April 13, 1895.

SIR,—Acknowledging receipt of your letter of the 6th instant. File 9049 respecting seizures undisposed of and adverting to your letter of the 3rd December last, I have the honour to transmit herewith quarterly return of seizures for last September quarter in which is conveyed the information sought in regard to the old outstanding seizures in question. I also inclose a memorandum from the clerk and book-keeper explaining the cause of the delay in completing this return.

Notwithstanding the particulars contained in this return, I will have the special return you ask for made and forwarded as soon as possible, although all the seizures of more recent date will, I think, be fully and satisfactorily accounted for. There are some old cases which we are experiencing some difficulty in tracing and clearing up to our satisfaction ; but our energies are engaged in that direction.

I am sir, your obedient servant,

W. J. O'HARA, *Acting Collector.*

The Accountant Customs Department.

**Memo. Re Return of Seizures (K 6).**

MONTREAL, May 5, 1895.

Attached is return K 6 for quarter ended September 30th, 1894. Reports for subsequent quarters will be submitted as soon as possible. The delay in forwarding this return was occasioned by the trouble met with in endeavouring to trace goods comprised in seizures wherein a decision had been rendered by the Minister or Controller of Customs, but which appeared in each succeeding K. 6 return as undisposed of "awaiting orders from the department." The expression or phrase just quoted was used as long as the goods were not actually disposed of, even though they had been declared forfeited and ordered sold. You will notice that this has been corrected. Goods marked in September returns as "forfeited, will be sold" have been largely disposed of since and the proceeds paid to the Receiver General. There are a few cases where goods cannot be traced although forfeited. These are marked accordingly after diligent search in every quarter, the most recent case of this kind is in 1889, the others in '80, '81, '82 and '85.

W. J. MCKENNA, *Accountant*

AUDIT OFFICE, OTTAWA, May 15, 1895.

SIR,—I have received your letter of the 9th inst., inclosing a return (K-6) from the port of Montreal, of seizures not disposed of, and explanatory letters from the acting collector and book-keeper. I learn from the monthly revenue return (K-2) that in a number of cases the goods held under seizure have been sold, and the proceeds deposited. The auctioneer's bill of sale and vouchers for disbursements should, in all such cases, be furnished. Presumably the goods held under other seizures marked, "forfeited and will be sold," will be brought to sale without delay.

## Auditor General's Report—Part T

---

In the following cases the goods seized have not been disposed of, and cannot now be traced :—No. 150, November, 1880, 3 bbls. coal oil ; No. 187, June, 1881, 200 cocoa nuts ; No. 243, June, 1882, 5 gross buttons ; No. 244, June, 1882, 10 doz. levels ; No. 432, October, 1885, 1 fire alarm box ; and No. 569, May, 1889, 4 gross rat exterminators.

There are 22 cases awaiting the decision of your department.

No explanations have been given for allowing these cases to stand so long. I shall be glad to know what steps you are now taking to have them disposed of.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

---

AUDIT OFFICE, OTTAWA, May 16, 1895.

SIR,—Referring to voucher 499, August 17th, 1894, containing distribution to seizing officers, port of Montreal, I observe that the seizures were made, one in June, 1885, one in September, 1890, three in 1891, and seven in 1892.

I have to inquire why distribution has been so long delayed.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

---

CUSTOMS DEPARTMENT, OTTAWA, July 19, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th May last, calling attention to certain seizures made at the port of Montreal in the years 1885, 1890, 1891 and 1892, the proceeds of which were not distributed until the 17th August, 1894.

The seizure made in 1885 was evidently overlooked when past distributions were made, and in the remaining cases the money was not paid in until the year 1893.

In the past there has not been any fixed time for distributing seizure proceeds, but the practice of late has been to make the awards, at least every three months.

I am, sir, your obedient servant,

S. W. McMICHAEL, *Acting Commissioner.*

The Auditor General.

### *Re Customs Seizures, St. Stephen.*

AUDIT OFFICE, OTTAWA, May 13, 1895.

SIR,—A seizure was made on September 8th, 1893, No. 432, at St. Stephen, N.B., of a horse, buggy, &c. The horse was sold by auction on September 8th, 1894, for \$105. The buggy and fixtures are reported yet unsold. On November 20th, 1894, you paid the following expenses in connection with this seizure :—for keep of horse 52 weeks at \$3, \$156 ; for shoeing horse, \$9.10 ; for expenses of sale, \$7.75.

I have to inquire why this horse was not sold immediately after seizure, as provided for in section 188 of the Customs Act.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

CUSTOMS DEPARTMENT, OTTAWA, July 5, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th May last, inquiring why the horse seized at the port of St. Stephen, N.B., on 8th September, 1893, was not sold immediately after the seizure, as provided for in section 188 of the Customs Act.

It appears that immediately after the seizure the Collector placed the horse in charge of a livery stable keeper, and that on the 1st December, 1893, he asked permission from the department to sell the animal, but such permission was not granted, and upon the department being informed that the animal was not being given the exercise necessary for health, the Collector was instructed by the then Acting Commissioner's letter of the 16th March, 1894, to have the horse placed in a box stall, and to make arrangements to have him exercised at regular intervals, pending the rendering of a decision in the case.

The Collector followed these instructions and did not sell the horse, until the decision of the department, forfeiting the animal, was received by him.

I am, sir, your obedient servant,

The Auditor General.

F. E. KILVERT, *Act. Com.*

### *Re* Customs Seizures, Vancouver.

AUDIT OFFICE, May 15, 1895.

SIR,—In a letter from your department dated August 8th, 1894, it is stated that a copy of the Controller's decision would be furnished in all cases of remission. Be good enough to have this regulation carried out. In the meantime I have to ask for his decision in seizure No. 79, port of Vancouver.

I am, sir, your obedient servant,

The Acting Commissioner Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, May 16, 1895.

SIR,—In reply to your letter of the 15th instant, I have the honour to inform you that the decision in the case of seizure No. 79 of the port of Vancouver, B.C., was "that the seizure be released and the deposit of \$982.50 be remitted."

The copy of the Controller's decision should always be attached to the voucher covering the cheque issued for remission, and if it was not attached, in this instance, it was clearly an oversight, as it is the aim of the department to carry out the regulations.

I am, sir, your obedient servant,

The Auditor General.

F. E. KILVERT, *Act. Com.*

### *Re* Customs Seizures—Financial Inspector.

AUDIT OFFICE, OTTAWA, May 25, 1895.

SIR,—The return (K—6) for the December quarter of 1893, is the last that has reached this office from the Financial Inspector. On this return 105 seizures are entered as not disposed of—six of which were made in 1890, twelve in 1891, sixteen in 1892, and 71 in 1893.

You will please direct that these returns shall be forwarded regularly and promptly to this office. If it has not been done already, it might be well to notify the officers of your department of the provisions of sec. 60, chap. 29, Revised Statutes, which imposes a penalty of \$100 on any person or officer who refuses or neglects to transmit any return which he is legally required to do.

## Auditor General's Report—Part T

I will be glad to know what steps you have taken to have these undisposed of cases brought to account, and the reason why they have been allowed to stand so long.

I am, sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 13, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ult., calling my attention to the delay in forwarding to your office the quarterly seizure returns from the Financial Inspector.

I beg to state that the attention of the officer has been called to this delay, and he has been asked to forward these returns promptly in future; he has also been notified of the provisions of sec. 60, chap. 29, of the Revised Statutes.

In regard to the 105 seizures undisposed of, and which were made in 1890, 1891, 1892 and 1893, I have the honour to state that these seizures were all made before I became Acting Commissioner, and I am unable to state the reason why they have been allowed to stand so long.

A number of those outstanding have been disposed of during the past four months, and all possible means are being taken to have all these old cases brought to account without delay.

I am, sir, your obedient servant,

The Auditor General.

F. E. KILVERT, *Act. Com.*

### *Re* Postage Stamps Redeemed.

AUDIT OFFICE, OTTAWA, July 29, 1895.

SIR,—On the return of postage stamps redeemed furnished this office by the Post Office Department, there appear two items in the name of the Acting Commissioner of Customs, the one dated May 16, for \$263.51, and the other dated July 12, for \$146.52. I learn from the Bank returns that these amounts were deposited, but I do not find that they have come to account.

I have to ask for information in reference to these stamps; from whom and when were they received; whether cheques were issued to make good the amounts, and if so, to what account such cheques were charged; and any other particulars the circumstances call for.

The deposit receipts should be forwarded to the Receiver General without delay, so that the proper accounts may be credited.

I am, sir, your obedient servant,

The Acting Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, October 19, 1895.

SIR,—I have the honor to acknowledge the receipt of your letter of the 29th July last, on the subject of postage stamps redeemed.

I inclose you herewith, statement showing the postage stamps received during the fiscal year 1893-4, ports from which received, and the dates and numbers of the cheques issued by this department to recoup the Collectors for the stamps.

The total value of stamps forwarded to the department during the fiscal year '93-4 was \$284.59; and of these, stamps of the value of \$9.39 were handed to the Hon. the Controller of Customs for his official correspondence, leaving a sum of \$275.20 to be accounted for.

The sum received from the Post Office Department, in redemption of the postage stamps received during 1893-4, was \$263.51, or \$11.69 less than the amount above

stated ; but it would appear that a sum nearly equal to this amount was over-deposited on account of the sale of the Analytical Indexes, payment for which books was largely made in postage stamps.

I also inclose you a statement showing the postage stamps received by the department during the fiscal year 1894-5, amounting to the sum of \$146.52, and \$71.52 such stamps having been redeemed by the Post Office Department, and the amount, \$146.52, deposited to the credit of the Receiver General on the 12th July last, and cheque for \$71.52 received from Post Office Department, on 17th inst.

I am, sir, your obedient servant,

F. E. KILVERT, *Act. Com.*

The Auditor General.

### *Re Customs Seizures, Quebec.*

AUDIT OFFICE OTTAWA, November 28, 1895.

SIR,—On June 18th last a payment of \$181.60 was made (cheque 38,871) to L. P. Grenier for services as stenographer in January and February, 1890, in connection with the prosecution of whiskey smugglers at Quebec.

I have to ask why payment of this account has been delayed so long. In such cases, the certificate of your accountant should be furnished, that the account has not been previously paid, and the authority of the Governor in Council for the payment should be obtained.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Commissioner of Customs.

### *Re Arrears of Revenue.*

AUDIT OFFICE, OTTAWA, October 25, 1895.

SIR,—I have received your letter of October 23rd, inclosing a statement of arrears due by collecting officers on June 30th last. You have made no reference to arrears due by disbursing officers, or by persons not government officers. If there are none, please state so.

The statement furnished does not include St. Mary's, N.W.T., nor Berlin, Ont. Are there no arrears due at these places?

Have you included arrears due at outports, or are there no arrears due at outports?

Is it the practice for a collector to charge himself with the duties as the merchandise is received, or does he only make a charge when the duties are paid?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Commissioner of Customs.

### Advertising Account not Certified by Queen's Printer.

AUDIT OFFICE, OTTAWA, Nov. 28, 1895.

SIR,—The enclosed account for \$100, paid by cheque No. 48191, for advertising in the *Citizen Carnival Edition*, has not been certified by the Queen's Printer, as required by the Order in Council of May 8, 1894. Please obtain the necessary certificate and return the account at your early convenience.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Travel Accounts: Details of Actual Outlay required.

AUDIT OFFICE, OTTAWA, Dec. 12, 1895.

SIR,—In the accounts of Mr. William Gill, your inspector in British Columbia, for travel during 1894-95, there is a uniform charge of \$4 a day for living expenses, as well as a few additional charges for "room and meals."

In order to satisfy the requirements of the Order in Council of Feb. 6, 1893, an itemized account of actual outlay should be given. Please direct Mr. Gill's attention to this matter, and ask him to furnish the necessary details of outlay during the year referred to.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 16, 1895.

SIR,—From the accounts of your expenditure for 1894-95, I find that \$12.50 a month was allowed to an exciseman at Belleville to cover travelling expenses to Corby's distillery at Trenton.

I beg to direct your attention to my letter of July 13, 1894, regarding similar payments in 1893-94. Please let me have your explanation of the failure to comply with the requirements of the Order in Council of Feb. 6, 1893, regarding travelling expenses.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

**Government Officer Receiving Accounts of Public Creditor.**

AUDIT OFFICE, OTTAWA, Dec. 19, 1895.

SIR,—The vouchers for rent of excise office at Nelson, B.C., from August, 1894, to May, 1895, are received "E. Applenhaite, per R. B.," in the handwriting of R. Blundell, the deputy collector.

The deputy collector should not, of course, sign the receipts for money which he is paying out. Please obtain receipts signed by Mr. Applenhaite.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

**Electric Light Inspector : Authority for Appointment.**

AUDIT OFFICE, OTTAWA, December 21, 1895.

SIR,—Please let me have the authority for the employment during 1894-95 of Mr. O. Higman, as Electric Light Inspector. I have not received the necessary Order in Council for his appointment.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

**Travel Accounts : Certificates and Details Wanted.**

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—I beg to return herewith the account of Mr. J. E. Valin, for travelling expenses paid by cheque 48607, and charged to Cullers' Contingencies, 1894-95. Please ask Mr. Valin to enter the dates opposite the several items, and to certify the account as required by the Order in Council of Feb. 6th, 1893, regarding accounts for travelling expenses.

As Mr. Valin's salary is paid from "Civil Government" his travelling expenses should have been charged to "Civil Government Contingencies." In 1895-96, and subsequent years, please charge all similar expenses to the latter vote. You will find, on page A-6 of my report for 1889-90, a Treasury Board ruling on this subject.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

**Regulations for Payment of Removal Expenses.**

AUDIT OFFICE, OTTAWA, December 13, 1895.

SIR,—In your letter of Dec. 27, 1894, it was stated that new regulations regarding the payment of removal expenses had been prepared for submission to the Treasury Board. If these regulations were approved by the Treasury Board, please cause a copy to be sent for the use of this office in auditing the accounts referred to.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—I have received no reply to my letter of the 13th ultimo, regarding the regulations under which removal expenses of your officers are paid. Please let me know if the regulations were approved by the Treasury Board.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Items Entered in Account in Anticipation of Future Outlay.

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—I beg to direct your attention to the account of Mr. J. P. Daveluy, being for expenditure at L'Epiphanie and included in the June statement of expenditure rendered by the Collector of Inland Revenue at Joliette.

Mr. Daveluy makes a declaration, dated June 24th, that "the expenditure was actually incurred," although one item of the account is "June 29th, C.P.R. Fare to Montreal, \$1.50," and Mr. Roche's account for board covers the whole month of June.

The fact of an officer having entered an item in his account in advance of the date of expenditure destroys the value of his certificate and casts a doubt upon the accuracy of the account in other respects.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Paying of Accounts before they were due.

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—The account of the Deputy Supervisor of Cullers at Montreal for May, 1895 is, made up of two payments to M. J. A. Decelles,—one of \$24.99 for three months' rent from May 1st to August 1st, 1895, and the other of \$9 for cleaning office for the same period.

As this is the first payment to Mr. Decelles, and the usual departmental authority is not quoted on the vouchers, I beg to ask whether the arrangement was approved by the department, and, if so, what are the reasons for making payment in advance.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Illegal purchase of Stationery.

AUDIT OFFICE, OTTAWA, December 16, 1895.

SIR,—I received no reply to my letter of December 26th, 1894, regarding the purchase of stationery during 1893-94, by your collectors, contrary to the provisions of the Printing and Stationery Act. I notice that the same expenditure was continued during 1894-95. Kindly let me have your explanation.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEP. OF INLAND REVENUE, OTTAWA, December 23, 1895.

SIR,—In reply to your communication of the 16th inst., directing attention to a prior one of 26th December, 1894, in which you complain that the requirements of the Stationery Act are not complied within respect of ink and mucilage, and some other articles classed as stationery, sent to officers of this department in British Columbia. I have the honour to state that the spirit of every Act governing this department has always been carefully observed by those having control of the department; but personally I have always held that there are occasions when the objects of parliament can be better served by adhering to the spirit rather than the strict letter of the law. In one of the cases passed by me, I find that a water-dish valued at about 50 cents, was sent from here to the Calgary office, and the express charges thereon were \$2.50. I therefore directed that articles of that class, should be procured on the spot, which has since been done. I was quite aware that my instructions were in conflict with the strict reading of the Act, and accepted the responsibility of acting on the assumption that in promoting economy the intention and spirit of the Act had been fully complied with.

I am, sir, your obedient servant,

The Auditor General.

EDW. MIALL, *Com.*

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—I have your letter of December 23rd, explaining that you have authorized the purchase of stationery by outside officers of your department on the ground of economy.

If you communicate with the Queen's Printer, I think that you will find him prepared to carry out the letter of the Printing and Stationery Act, and at the same time supply stationery to your distant offices at lower rates than the local officers can procure it. If not it would be more regular to lay your views before the Government and suggest an amendment of the Act so as to make your practice legal.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

### Overpayments on Accounts.

AUDIT OFFICE, OTTAWA, December 27, 1895.

SIR,—Cheque 46336 is for a payment of \$111.54 to Geo. Daveluy, Supervisor of Cullers, Montreal. One of the items included in this amount is \$33.99 for rent payable to A. Roy for August, September and October, 1894. This is \$9 in excess of the correct amount, viz., \$24.99. Please obtain a refund of the overpayment and deposit the amount to the credit of Casual Revenue.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 30, 1895.

SIR,—I beg to direct your attention to an overpayment of \$100 to the British American Bank Note Company on the inclosed account No. 46857, the last three items (\$226.80, \$36.40, \$22.00) being added as \$385.20 instead of \$285.20.

Please have this amount deducted from the next account rendered by the Bank Note Company.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part 1

### Apparent Duplicate Payment.

AUDIT OFFICE, OTTAWA, December 19, 1895.

SIR,—I beg to direct your attention to what is apparently a duplicate charge in the account of Mr. J. M. Lemoine, paid by cheque No. 48358. The last item in Mr. Lemoine's personal account is :

“ April 30—To notarial certificate served on proprietors of  
Weights and Measures offices..... \$5 ”

The other similar item is an account rendered by Cy. Tessier and receipted on April 30 for

“ Signification of notice *re* giving up premises to the three exec-  
utors of the late Hon. John Hearn, certificate of service  
“ and copy..... \$5 ”

If a duplicate charge has been made, please obtain a refund from Mr. Lemoine and deposit the amount to the credit of Casual Revenue.

Kindly give this matter your early attention.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 26, 1895.

SIR,—In reply to yours of the 19th, I find that the supposed overcharge in Mr. Lemoine's account of \$5 is, however, not such. Copies of the vouchers are transmitted herewith in detail.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, January 2, 1896.

SIR,—I have your letter of December 26 last, inclosing copies of vouchers claimed to support the two items of \$5 each, dated April 30, 1895, in the account of the District Inspector at Quebec, paid by cheque No. 48358, and to which your attention was called by my letter of December 19.

I find that the paper marked “ C ” is a copy of a voucher attached to a subsequent account of the District Inspector, viz. : the one covering the period from May 1 to June 30, 1895. Accordingly the two payments of \$5 each on April 30 still require explanation.

I inclose herewith, for your information, the two accounts of the District Inspector referred to above, and the copies of vouchers received with your letter of December 26. Please return them at your convenience.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Extra Salary Paid to Officers of the Civil Service.

AUDIT OFFICE, OTTAWA, January 13, 1896.

SIR,—I beg to direct your attention to the following payments from the vote for preventive service, 1894-95, to customs officers for services :

“ J. Cochran, St. John..... \$150 ”  
“ J. C. Bourinot, Cape Breton..... 50 ”

---

These payments are contrary to sec. 51, Civil Service Act, as amended by 51 Vic. chap. 12, sec. 12, which enacts that "no extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other persons permanently employed in the public service."

Why were the provisions of this section disregarded in these cases?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Allowances to Superannuated Cullers.

AUDIT OFFICE, OTTAWA, January 20, 1896.

SIR,—I notice that three superannuated cullers, viz. :—Messrs. Wm. Duggan, D. Morency and J. McCormack, were paid an allowance of \$233.33 each for the year 1894-95. Kindly let me have your explanation of the payment in these cases of an allowance greater than that fixed by the Cullers' Act.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

### *Re Methylated Spirits.*

AUDIT OFFICE, OTTAWA, March 27, 1895.

SIR,—A summarized statement of the transactions at the Methylated Spirits Warehouse signed by the officer in charge, has been furnished each month, commencing with July last.

This statement shows the quantity of wood naphtha and spirits used during the month, and the quantity of methylated spirits produced. I shall be glad to know what check there is on the correctness of these amounts. The shortage varies from about one to one and a half per cent. In November it was over four per cent. What was the cause?

The first and last number of the entries for sales, and the total quantity and value sold, are given. A detailed statement should also be furnished, showing the date and number of each sale, the port where ordered, the quantity, the price and the value; also the charge for packages.

Further explanations are needed of the barrels entered each month as "otherwise disposed of."

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, April 5, 1895.

SIR,—I beg to acknowledge the receipt of your communication of the 27th ultimo respecting transactions at the Methylated Spirit Warehouse.

The large shortage in November was due to the use during that month of a quantity of imported wood naphtha that had been for some time in stock and which was received in barrels and, in consequence, the evaporations and leakage were excessive.

The barrels "otherwise disposed of" were packages that had been so long in use as to be unsafe for further shipments and were broken up and burned.

A detailed statement of monthly sales, giving the information you ask for will be furnished hereafter.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

---

### *Re Inspection of Weights and Measures and Gas.*

AUDIT OFFICE, OTTAWA, May 15, 1895.

SIR,—Returns of the revenue from Inspection of Weights and Measures and Inspection of Gas, have been received from your department commencing with those for July last.

In both cases the return shows the balance from the previous month, the amount of the fees accrued during the month, the deposits made in acquittance, and the balance carried to the next month.

In order to make any efficient audit of these revenues the following monthly statements are needed:—

(1.) A departmental statement showing the stamps on hand at the commencement of the month; the stamps received from the manufacturers during the month; the stamps issued to Inspectors during the month, specifying the names of the inspectors and the amount to each; and the balance remaining in stock.

(2.) A statement from each inspector, showing the stamps on hand at the commencement of the month; the stamps received from the department during the month; the stamps used during the month, which would be the revenue for the month; and

the balance remaining on hand. If a memo. is added giving date, Banks, No. and amount of the deposits made, the returns now furnished will not be needed.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, July 26, 1895.

SIR,—Replying to your communication of the 15th May ulto., I beg to say that the stock of stamps in the hands of inspectors is not checked monthly, but at such periods as the district inspectors are able to do it.

The departmental stock is taken only annually.

I will instruct the accountant to place you in a position to effect a final audit at the close of each fiscal year.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, August 13, 1895.

SIR,—I have received your letter of July 26th in reference to returns of Weight and Measures and Gas Revenue.

I have to ask for further consideration of this matter. There does not seem to be any reason why the returns asked for cannot be furnished, even though the stamps in the hands of the inspectors and at the department are verified only occasionally. The returns are needed to make an efficient audit.

I am, sir, your obedient servant,

The Commissioner Inland Revenue.

J. L. McDOUGALL, A.G.

### *Re Refund of Excise Revenue.*

AUDIT OFFICE, OTTAWA, July 5, 1895.

SIR,—I wrote you August 3rd, 1893, and again February 19th, 1894, in reference to the insufficiency of the vouchers furnished for refunds of spirits and malt. I have had no reply to either of these letters, and I find that the vouchers furnished for refunds made during 1894-95 are, as formerly, merely the receipts of the persons or firms receiving payment. The vouchers furnished for refunds of duty on tobacco, and on malt exwarehoused for consumption, are satisfactory. Is there any reason why vouchers equally complete cannot be furnished for all refunds?

No vouchers have been furnished for the payments made by cheque 46438—\$197.82, and 46666—\$68.75.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### *Re Excise Seizures.*

AUDIT OFFICE, OTTAWA, July 4, 1895.

SIR,—Referring to voucher No. 320, paid by cheque No. 47204, Dec. 3, 1894, I have to call attention to a charge made by John C. Bourinot, Collector of Customs, Port Hawkesbury, of \$15 paid a man to attend his official duties for 5 days while he was absent seizing an illicit still.

Mr. Bourinot's salary is only \$600 per annum, and some explanation should be forthcoming why he paid a substitute \$3 a day. \* \* \* \* \*

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, December 20, 1895.

SIR,—As payments to informers are made through your collectors, I have to request you to procure from them a statement showing the amounts received from the department for that purpose during 1894-95; the seizures to which each amount so received applies; the date opposite each when payment was made to the informer; and certified as follows:—

I, \_\_\_\_\_, Collector of Inland Revenue at \_\_\_\_\_, certify that I have paid over to the informers entitled thereto, all amounts received from the Department of Inland Revenue for that purpose during 1894-95, with the exception of the following:

I am, sir, your obedient servant,  
Commissioner of Inland Revenue. \_\_\_\_\_ J. L. McDOUGALL, A.G.

### Re Surplus at Gooderham's Distillery.

AUDIT OFFICE, OTTAWA, May 9, 1895.

SIR,—I have not had any reply to my letter of October 23rd last, inquiring what action had been taken by your department on the judgment of the Exchequer Court in reference to the spirits impounded at the Gooderham distillery.

I am, sir, your obedient servant,  
The Commissioner of Inland Revenue. \_\_\_\_\_ J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 5, 1895.

SIR,—I have to remind you that I have had no reply to my letter of October 23, 1894, inquiring what action had been taken by your department on the judgment of the Exchequer Court, rendered February 15, 1894, in reference to the spirits impounded at the Gooderham distillery.

I am, sir, your obedient servant,  
The Commissioner of Inland Revenue. \_\_\_\_\_ J. L. McDOUGALL, A.G.

INLAND REVENUE DEPARTMENT, OTTAWA, October 8, 1895.

SIR,—In reply to your communication of the 5th instant, I beg to state that the impounded spirits at the Gooderham distillery have been released to the distillers in obedience to the judgment of the Exchequer Court.

I am, sir, your obedient servant,  
The Auditor General. \_\_\_\_\_ E. MIALL, *Commissioner*.

### Re Deficiencies at Distilleries.

AUDIT OFFICE, OTTAWA, October 5, 1895.

SIR,—In your letter of July 9th, 1894, you stated that the returns of the distillers from the time that the establishment of the duties by weight was brought into force until the close of the fiscal year just passed were being amended, and when received and checked, you would communicate the result. I have not received this information and shall be glad to have it now. A summary of the transactions will probably be sufficient, showing the name of the distiller, the amount of the deficiency in each year as first returned, the amount to which it was reduced, and the date of payment.

I have also to ask for a statement of the deficiencies during the last fiscal year, together with the Inspectors' returns.

I am, sir, your obedient servant,  
The Commissioner of Inland Revenue. \_\_\_\_\_ J. L. McDOUGALL, A.G.

---

INLAND REVENUE DEPT., OTTAWA, Oct. 28, 1895.

SIR,—In reply to your communication of the 5th inst., I have the honour to inclose herewith statement of transactions in respect of each distillery for the year ended 30th June, 1895, also copies of instructions to collectors with reference to the disposal of balances anterior to that year as required by the transactions growing out of instructions contained in circular of February 20, 1894.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

---

AUDIT OFFICE, OTTAWA, November 2, 1895.

SIR,—I am in receipt of your letter of the 28th ultimo, inclosing statements of transactions at the several distilleries for the year ended June 30th, 1895; also copies of instructions to collectors in reference to the deficiencies of previous years, growing out of instructions contained in circular of February 20, 1894.

In your letter of July 9, 1894, you stated that the Department was advised that the regulations contained in this Circular were *intra vires* under section 1 of the Inland Revenue Act

I have to inquire if this question was submitted to the Department of Justice? If so please send me a copy of its decision.

I have also to request that the statements containing the transactions of the distilleries during the year ended June 30, 1894, which I have not yet had, may be forwarded to me. I shall be glad to get an early reply.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, November 7, 1895.

SIR,—With your letter of October 28 last you inclosed a copy of a letter of instructions to your Collector at Toronto, dated October 30, 1894. In this letter you state the differences of 1889-90 and 1890-91 were yet to be disposed of.

I have to inquire if they have since been disposed of, and if so, how?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, November 9, 1895.

SIR,—Referring to your communication of the 2nd inst., to which I replied only in part, I beg to state that the Honourable the Controller was informed, in my presence, by the late Premier, then Minister of Justice, that the power to make regulations respecting the manner in which tests for duty on spirits should be made was fully vested in the department by the 1st section of the Act 53 Vict., Cap. 23, and the regulations proposed thereunder were submitted to him for his approval before being promulgated.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

## Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, November 12, 1895.

SIR,—In your letter of the 9th inst. you intimate that you had replied in part to my letter of the 2nd. I do not find that I have received any reply to that letter before that dated the 9th, now to hand.

I would like to have the statements asked for in my letter as soon as possible.

You state that the late Minister of Justice had informed the controller in your presence, that the power to make regulations respecting the manner in which tests for duty on spirits should be made, was fully vested in the department by sect. 1, cap. 23 of 53 Vict., and that the regulations proposed thereunder were submitted to him for his approval before being promulgated. I assume from this that you have no official statement to this effect, either from the late minister or his deputy. If you have any official approval, either by the minister or his deputy, of the regulations which you state were submitted to the minister for his approval, please let me have a copy.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 18, 1895.

SIR,—I am inclosing herewith copy of a letter and statement in reference to deficiencies at distilleries, which I have sent to the Treasury Board.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 16, 1895.

SIR,—On February 20, 1894, the Department of Inland Revenue issued Circular G. 412, and on March 6 following, Circular G. 142 a, amending the regulations as to the testing for duty on spirits. These circulars direct that all future tests for duty should be figured at a temperature of 40 deg. Fah., and that the tests made since the previous July 1, 1891—the date when the determination of duty by weight became compulsory, should be amended in accordance.

I received a few days ago, papers showing the reductions made through the effect of those circulars for the years 1891-92, 1892-93, and part of 1893-94, and I inclose herewith a statement of the results and of the corresponding diminution of the revenue. After the date of the Circulars the tests were figured at a temperature of 40 deg. Fah., and the effect of the new regulations cannot be definitely fixed, but the result is evident from the reduced amount of the deficiencies, and the fact that a surplus is in some cases produced.

Previous to the issuance of the Circulars, several distillers had paid duty on the differences of 1891-92, and to these the same quantity of spirits was issued duty free.

The result of figuring the tests for duty at 40 deg. Fah. in several cases, changed the deficiency into a surplus, which by direction of the Commissioner was carried to debit of stock book.

I questioned at the time, the authority of the Department to issue these Circulars, and the Commissioner stated that the oral opinion of the late Minister of Justice, that the authority rested with the Department, had been given.

I inclose herewith copies of the circulars and correspondence in reference hereto.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Treasury Board.

INLAND REVENUE DEPARTMENT, OTTAWA, Nov. 19, 1895.

SIR,—I have your communication of yesterday covering copy of memo. you have transmitted to the Honourable the Treasury Board.

While stating, however, that the quantity virtually relieved of duty by the regulations cited, aggregated 80,110 gallons for the three years, you have omitted to draw attention to the fact that, during those three years, the duty had been established by weight instead of as heretofore by measurement.

That the Exchequer Court has already decided that the practice of the distillers to pass the spirits through refrigerators, thus contracting their volume when tested for duty, was fully within their legal rights;

That the new method of establishing the duty by weight was virtually an increase of taxation to the extent of from three-quarters of one per cent to one per cent, which the law did not contemplate, and that the reduction of temperature from 60f. to 40f. was in effect simply counteracting the increased fictitious debit which the change of system introduced in 1891 had the effect of building up.

I am quite ready to meet you before the Treasury Board or elsewhere to discuss the merits of the whole question of deficiencies.

The department has done what it was advised it had the legal power to do and what it deemed right to do and takes the full responsibility of its action.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

TREASURY BOARD, OTTAWA, December 4, 1895.

SIR,—Referring to previous correspondence on the subject I have the honour to inform you that by direction of the Treasury Board the matter in reference to deficiencies at distilleries has been referred to the Department of Justice for opinion.

I am, sir, your obedient servant,

J. M. COURTNEY,

The Auditor General.

*Secretary Treasury Board.*

### Payment for Land from Appropriation for Maintenance of Manitoba Penitentiary.

AUDIT OFFICE, OTTAWA, October 24, 1895.

SIR,—I beg to inform you that I have received an Order in Council of the 22nd instant, authorizing the Department of Justice to purchase land for the Penitentiary reserve at Stony Mountain at a cost not exceeding \$5,000, the same to be charged against the vote for Manitoba Penitentiary.

There is, in my opinion, no Parliamentary authority for making a charge of this nature against the appropriation of the current year for Manitoba Penitentiary. The amount voted is for the maintenance of the Penitentiary as explained in the estimates laid before Parliament, and for no other purpose.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

---

DEPT. OF JUSTICE, OTTAWA, October 28, 1895.

SIR,—I have to request that you will be good enough to send me a cheque payable to the order of Mr. J. A. M. Aikins (agent for this Department in Winnipeg) for the sum of \$4,880 to pay for land purchased for Manitoba Penitentiary purposes, from the following persons, and charge the amount against the appropriation for Manitoba Penitentiary, 1895-96.

Hugh Allan.....	\$2,000
J. O'Donoghue.....	1,600
Wm. Fraser.....	1,280

Your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

AUDIT OFFICE, OTTAWA, October, 29, 1895.

SIR,—With reference to your application of the 28th instant for a cheque of \$4,880 in favour of your agent at Winnipeg to pay for land purchased for the Manitoba Penitentiary, I regret to have to say that for the reason stated in my letter of the 24th instant I am unable to certify that the charge in question is a proper one on the appropriation of the current fiscal year for the Manitoba Penitentiary.

I return your application herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

TREASURY BOARD, OTTAWA, Nov. 4, 1895.

MY DEAR SIR,—I inclose correspondence respecting application for certificates for payments for land for Manitoba Penitentiary. Will you kindly let me know, for the information of the Treasury Board whether your objection still holds good and your reasons therefor?

Kindly return the papers quickly.

Yours very truly,

The Auditor General.

J. M. COURTNEY.

JUSTICE DEPT., OTTAWA, Nov. 2, 1895.

SIR,—I have the honour to inclose herewith a copy of a letter, dated the 28th ult., from my Deputy to the Auditor General, requesting the Auditor to issue a cheque payable to the order of Mr. J. A. M. Aikins, my Agent at Winnipeg, for the sum of \$4,880 in payment of land purchased for the Manitoba Penitentiary, chargeable to the vote for the Manitoba Penitentiary for the current year, which application was authorized by Order in Council of the 22nd inst. I inclose, also copy of the Auditor General's reply, declining to issue the cheque and copies of previous correspondence with the Auditor General upon the subject, also copy of my Deputy's reply to the Auditor General of the 30th ult.

You will observe that the Auditor has refused to issue this cheque upon the ground that there is no Parliamentary authority for issuing it.

I am of the opinion that the requisite Parliamentary authority is furnished by the appropriation to which I have referred; and I have the honour to request therefore that you authorize the Deputy Minister of Finance and Receiver General to issue the necessary cheque in pursuance of section 32, paragraph (a) of the Consolidated Revenue and Audit Act.

I have the honour to be, &c.,

CHARLES HIBBERT TUPPER, *M. of J.*

The Hon. the Minister of Finance and Receiver General.

AUDIT OFFICE, OTTAWA, November 6, 1895.

SIR,—In reply to your letter of the 4th inst., inclosing an application from the Minister of Justice to the Board, requesting the overruling of my decision that the Manitoba Penitentiary appropriation does not authorize the expenditure of \$4,880 for the purchase of 480 acres of land to extend the limits of the Penitentiary property, I have to bring to your notice the description in the estimates submitted to Parliament of the sub-divisions of the Appropriation.

It is :—

Salaries . . . . .	\$21,420 00
Uniforms . . . . .	1,900 00
Gratuities . . . . .	1,000 00
Maintenance . . . . .	8,810 20
Tobacco for convicts . . . . .	175 00
Working expenses . . . . .	11,988 70
Boundary wall . . . . .	1,500 00
Miscellaneous . . . . .	1,000 00
	<hr/>
	\$47,793 90

I don't argue that these subdivisions, inserted as they are in the Estimates and not retained in the Supply Bill, are more than indicative of the expected amounts that are to be spent on the several sub-services. On the other hand, however, it is quite

manifest that it would be irregular to spend a considerable sum on a service to which no allusion is made in the subdivisions. If this is not so, a carefully prepared statement of subdivisions which would meet with the approval of Parliament might be used to enable the expenditure of money on a service which would be unfavourably received there.

It may be shown that the limits of the Penitentiary grounds ought to be extended in the public interest, that the price of the land intended to be purchased is reasonable and that the land would likely not be procurable at a later time without paying more for it, but such facts might be quoted in many cases and ought not to have weight when the result would be the establishing of a precedent subversive of Parliamentary control. In fact, does the vote of \$47,793 for the Manitoba Penitentiary justify the spending of money for any purpose in connection with the Penitentiary, or only for the purposes Parliament was told it was to be spent on when the vote was taken?

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Nov. 7, 1895.

*To His Excellency the Governor General in Council :*

The undersigned has the honour to report that herewith submitted is a copy of certain correspondence between the Auditor General and the Deputy Minister of Justice with regard to the issue of a cheque payable to the order of Mr. J. A. M. Aikins, the Agent of the undersigned at Winnipeg, for the sum of \$4,880, in payment of land purchased for the Manitoba Penitentiary, chargeable to the Vote for Manitoba Penitentiary for the current year.

The expenditure was authorized by Order in Council of the 22nd October, 1895.

It will be observed that the Auditor General has declined to issue a cheque upon the ground that there is no Parliamentary authority for issuing it.

The undersigned is, however, of opinion that the requisite Parliamentary authority is furnished by the Appropriation above referred to, and therefore, recommends that authority be obtained from the Treasury Board for the issue of the cheque so applied for, in pursuance of Section 32, paragraph a, of the Consolidated Revenue and Audit Act.

Respectfully submitted,

CHARLES HIBBERT TUPPER, *M. of J.*

*Extract from minutes of Treasury Board meeting of Nov. 11th, 1895.*

*Justice—Penitentiary Branch.*—The Board had under consideration an application of the Deputy Minister of Justice for the issue of a cheque payable to the order of Mr. J. A. M. Aikins (agent of that department in Winnipeg) for the sum of \$4,880 to pay for land purchased for Manitoba Penitentiary purposes and to charge the amount against the appropriation for Manitoba Penitentiary, 1895-96, and the other papers connected therewith, the Auditor General having refused to issue his certificate for the cheque in question on the ground that there is no Parliamentary authority for issuing it. The Board, on the written opinion of the Minister of Justice (copy herewith) that there is such authority—the same being furnished by the appropriation above referred to, direct the issue of the cheque applied for, for the purposes named in such application—under the authority of section 32, paragraph a, of the Consolidated Revenue and Audit Act

J. M. COURTNEY, *Secy.*
