symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être
filmés à des taux de réduction différents.
Lorsque le document est trop grand pour être
reproduit en un seul cliché, il est filmé à partir
de l'angle supérieur gauche, de gauche à droite,

OTTAWA, July 26, 1910.

THE MILK TEST ACT.

TO WHOM IT MAY CONCERN:

During the past two or three years, numerous complaints have been received respecting the inaccuracy of the glassware used in connection with the Babcock milk test. A prominent creamery owner sent in a 50 per cent cream test bottle in which the marking showed an error of 10 per cent.

The Chief of the Dairy Division and other members of the staff connected with the cow testing work, have found a large number of test bottles with incorrect graduation, the error in some cases being as much as .6 per cent.

The Dairymen's Association of Western Ontario have by resolution asked for legislation to provide protection against the injustice which may arise from the use of this inaccurate glassware.

In view of these facts, the Minister asked Parliament at the last session to pass a law for the proper regulation of this important matter. The law is based on the same principle as that which relates to the inspection of weights and measures.

The full text of the 'Milk Test Act' and the regulations thereunder are reproduced herein for general information.

It will be observed that the Act comes into force on January 1, 1911.

The Chief Inspector of Weights and Measures, Standards Branch, Department of Inland Revenue, has intimated that he will be in a position to receive glassware for verification at any time after October 1 next. This will give ample time to have all test bottles and pipettes now in use verified before January 1, 1911, after which date no unauthorized test bottles or pipettes may be used.

Remittances to cover fees should be in the form of postal notes or express money orders, and payable to the 'Department of Inland Revenue.' Postage stamps cannot be accepted.

9-10 E. 10th AVE. VII., CHAPTER 59.

An Act to provide for the Testing of Glassware used in connection with Milk Tests.

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. This Act may be cited as *The Milk Test Act*.
2. Every test bottle, pipette and measuring glass used in connection with the testing of milk or cream shall be tested for accuracy of measurement and accuracy

of the per cent scale marked thereon, by such persons and at such places as designated by the Governor in Council, and if found to be accurate shall be ineffably marked in the manner provided by regulations made under this Act.

2. No other test bottle, pipette or measuring glass shall be so marked, nor shall any unauthorized person mark any test bottle, pipette or measuring glass used in connection with the testing of milk or cream in a manner which would indicate that it is accurate in accordance with this Act or with any regulation made thereunder.

3. No person shall sell or offer to sell any test bottle, pipette, or measuring glass used in connection with the testing of milk or cream unless it has been so tested and marked accurate.

4. No person shall use any test bottle, pipette or measuring glass in connection with the testing of milk or cream, if such testing is for the purpose of determining the value or the relative value of the said milk or cream, unless such test bottle, pipette, or measuring glass has been tested and marked accurate as provided by this Act.

5. Nothing in this Act shall apply to burettes or measures used in connection with the Babcock milk test for the measuring of sulphuric acid.

6. The Governor in Council may make regulations for the operation and enforcement of this Act, and may, by such regulations, establish fees for the verification of the apparatus therein referred to and also provide for the imposition of penalties not exceeding fifty dollars for each offence against this Act or against any regulation made thereunder.

2. Such regulations shall be in force from the date of their publication in the *Canada Gazette*, or from such other date as is specified in the proclamation in that behalf.

7. This Act shall come into force by proclamation of the Governor in Council.

PROCLAMATION.

Whereas in and by section 7 of an Act of the Parliament of Canada passed in the session thereof held in the ninth and tenth years of the reign of our Majesty King Edward the Seventh, chaptered 59, and intituled 'An Act for the testing of glassware used in connection with milk tests,' it is enacted that the said Act shall come into force by proclamation of our Governor in Council.

Now know ye, that by and with the advice of our Privy Council for Canada, we do hereby proclaim and direct that the said Act shall come into force upon, from and after the first day of January, in the year of our Lord one thousand nine hundred and eleven.

Of all which our loving subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

In testimony whereof, we have caused these our letters to be made patent, and the Great Seal of Canada to be hereunto affixed.
