Advertisers and Subscribers may have their correspondence addressed to the care of any of our offices and they are invited to use them at any time. At the Head office, Toronto, a place is set apart where they can see all the latest newspapers and the latest issues of trade papers from all parts of the world, where they can do their correspondence or obtain any information. Parcels may also be directed to the Head office.

There is no class of contract more flexible than that entered into by manufacturers for the future delivery of goods at a specified price. Such an indenture does not bind more than it looses. Instead of being a closely-knit covenant it is a whole made up of a lot of loose parts, and any joint between these parts can easily be made to give way. There is only one proviso lacking to make a nullity of these contracts from the very beginning, and that one is "If the party to the first part does not change his mind." The reservations for possible fires, strikes, limitations of production and other contingencies, form so large a part in these agreements as virtually to cover all causes of non-fulfilment except avowed obstinacy. The anticipated and enumerated contingencies are so numerous as to leave wide ground for legal interpretation to include other causes not named or intended, but shown by legal construction to be comprehended, in the provisos set forth in the agreement. The party to the second part has little chance to escape liability for the goods, if the manufacturer chooses to deliver them. The ab-

rogating circumstances are all on the one side. The contract ensures the manufacturer a customer at a price, and if the manufacturer sees no prospect of getting a better price when delivery is due, he has no need to fall back on any of the reserves in the agreement to release himself from the engagement to deliver. The buyer will get his goods. The wide contingency "limitations of output" is convenient. If the output is shown to be inadequate to supplying both A and B, the manufacturer of course cannot fill contracts with both, and of course will not prefer A over B if the latter is under agreement to pay a larger price than A, though A may have signed a month before B. The crucial test of the strength of a future contract is the state of the market when the goods are to be delivered. There is a growing feeling among wholesalers that manufacturers ought to be a little bolder venturers than they are, and this may bring about a less uncertain type of contract in future delivery business. Provision should always be made for eventualities, but in such a way that the language cannot be strained into a cloak for bad faith or a complete change of mind due to an improvement in the market. British wholesale grocers have recently introduced into their contract with continental sellers a provision absolving the parties from liability for sugar which is delayed or lost owing to the blockading of the port at which or to which it is shipped, or owing to other hindrance occasioned by war. This proviso is as likely to be a source of protection to the seller as to the buyer. No other cause disturbs or injures trade as war does, and it is prudent for the sugar dealers to make provision for that most damaging emergency.

\* \* \*

It is time that some authority were established whose duty it should be to apply the level to customs appraisements upon the

same class of articles entered at different ports. There is no reason why the fiat of each local collector should be supreme, but the facts of experience afford abundant reason why local appraisements should be subject to revision by a board competent to decide controversies between collectors and importers. The anomaly of A being able to enter his goods at 10 per cent less than B does at another port is a sufficient reason for the establishment of some assimilating power. It is a fact that the difference in the duty paid on certain articles, by merchants at different ports, and yet in range of competition with each other, is enough to determine which of them shall get the trade in these articles. Not many years ago a favorite expedient of many city importers was to enter their goods at some port where the business was light, and where the appraiser was therefore not fully experienced in the work of assigning to classes, making distinctions between similar lines or in judging material. At the city ports, where the appraisers were dealing with cases involving delicate discrimination and the nice construction of tariff clauses, all goods usually paid full duty. If the tariff would be strained so as to admit of a classification that would require a higher duty than that intended, the importer might expect to have the benefit of the doubt put against him. Civil servants are usually very prone to favor their department. Grocers are not so much concerned in this lack of uniformity as some other classes of traders are, because the former handle lines upon which there is little chance for differences to arise, and on the bulk of their imported goods they have no duty to pay. It is also likely that a regulating authority will be set up whose office it will be to expel all such inconsistencies from the customs service. The Minister of Customs after a conference with a number of Montreal merchants, has adopted a plan for the establishment of a Customs board,

which, if necessary, can sit from time to time in various cities besides Ottawa. The board will be composed of experts in the various leading lines, such as groceries, hardware, or dry goods. To them will be referred all questions respecting valuations, classifications, etc. Bulletins, giving information respecting rulings and interpretations, will be issued from time to time. To this board will also be referred all questions relative to uniformity in Customs classifications.

\* \* \*

The decision of the London (Ont.) police magistrate, in the case of a grocer who delivered liquor to a customer, should be heeded by all members of the trade who are so situated as to be able to oblige their customers by undertaking little commissions for them at the liquor store. There are people who dislike to go to a liquor store on any business, and if they can get their grocer to execute any orders for them there, they not infrequently trouble him with the business. They buy goods from him which his wagon is probably on the way to deliver, in passing the liquor store, and it is only a little act of accommodation to a customer for the grocer's boy to stop and purchase the liquor that is wanted and take it on, with the other parcels, to the customer's house. But it seems this is illegal. The illegality probably consists in the addition of 5 or 10 cents for service, which appeared to be added to the retail cost in the case of some liquors delivered by Mr. McBean. It surely could not be in the mere buying and delivering of the liquor. If it were, then no one could purchase liquor through a messenger or an agent. If grocers simply do a message for a customer, without adding any charges for their service, it seems certain that they can deliver liquor without being liable for any breach of the license law. Two or three years ago a retail grocer of this city was fined for delivering liquor in West Toronto Junction, but the ground was not the illegality of a grocer's buying and delivering liquor to a customer, but the sale of liquor outside of the territory covered by a liquor dealer's license. The fine, if we mistake not, was afterwards remitted on appeal.

\* \* \*

The partition of the United States sugar trade between the Trust and Claus Spreckels leaves the latter supreme, so far as domestic competition is concerned, in the territory west of the Rocky Mountains. But the San Francisco refinery of that sugar poten-

tate does not provide all the sugar consumed in that region, as witness shipments being made from the Vancouver refinery. And now the competition of British subjects from another quarter threatens to be an irrepressible hindrance to Mr. Spreckels' monopoly. Hong Kong refines sugar and ships it to San Francisco to sell there at prices which the local refinery cannot well meet. Hundreds of tons of this article have already been imported by way of the Sound and British Columbian ports. It is produced in Hong Kong by the very cheapest kind of coolie labor; the sugar enters that port free; the bags cost next to nothing; fuel is cheap, and against such odds the American refiners, working with high priced labor, are powerless to compete. The people of the Sandwich Islands had the benefit of the United States market for their raw sugar, which was admitted duty-free, when the latter country collected a revenue of about 2c. a pound on all other imported raw sugar. The passing of the McKinley Tariff put every other sugar-producing country on the same footing, and the Sandwich Islands lost their special advantage. It is now proposed by Claus Spreckels, in order to offset the incoming of refined sugar from Hong Kong, to establish a refinery at Honolulu, in the Sandwich Islands, where labor is cheap, and the raw material is obtainable right on the spot. As an illustration of the depreciation in the Hawaiian sugar trade, it is stated that shares in the Hawaiian Commercial Company, which were worth \$37 each three years ago, have dropped to \$2.75. This scheme ought to help the Sandwich Islanders to get rid of their sugar, and should enable Claus to produce a volume of cheap sugar equal to that imported from Hong Kong. He will not have a half cent. duty to pay either, as the Hong Kong refiners have.

\* \* \*

The fresh fruit trade of the world has been immensely expanded by the development of transportation facilities in the last few years. The effect of that development has been almost revolutionary and has been the means of changing former wastes, particularly in tropical islands and countries, into groves, orchards and gardens whose fruits are exchangeable for millions of dollars every year. How much more of a stimulus the same cause will give the trade in fresh fruit depends upon the extent to which means of carrying and saving the fruit can be further improved and the rates of freight lowered, for consumption can be counted on to grow, if condition and price can be made satisfactory to consumers. The great consumption of fruit in the green state is affording a partial solution of the problem of what shall be

done with fruits preserved by canning or evaporating. If all the green fruit that there is a market for could be got on that market in time, condition, and at a price necessary for business, there would be a very manageable surplus to be preserved. An experiment of which the issue is watched with interest by fruit growers on this continent, is now on trial. If it succeeds it will determine a new mode of disposing of fruit in the green state and will probably extend the acreage under fruit in this country. Five cars were shipped the other day from Sacramento in California destined for Liverpool. The consignment consisted of pears, peaches, plums and apricots. It reached New York in prime condition, and was there loaded on steamers of the White Star line. This is the first shipment of California fruit ever made to Europe. The fruit was picked ripe instead of green, the shippers desiring that on its arrival it may possess all the natural flavor that characterizes it in the region of production. It will have travelled 6,000 miles by the time it reaches Liverpool. The through freight is \$5.70 per hundred pounds. If this venture succeeds for California, why could it not succeed for fruit-growing districts of Canada? Most of our fruit grows several hundred miles nearer to the British market than the California fruit does. We have at least equally good means of transit overland, if we had but an equally good fast Atlantic service. This latter requirement would be of service for many other lines of export, particularly for eggs, and it is to be hoped we will have it soon.

\* \* \*

We have received a copy of the introduction to the 28th annual number of "Poor's Manual of Railroads." The Manual itself for 1892 is now about ready for delivery. This great compilation of railway statistics teems on every page with information of the utmost importance to that very numerous class of people who are interested in knowing all that is knowable about railway securities. Railway affairs enter so largely into the very warp of national finances that no statement of their condition can be too exhaustive. The Introduction shows that since 1867 when the first number of the Manual appeared, the total mileage of roads in the United States has increased from 39,250 miles to 170,601 miles, or 435 per cent. In the west the increase has been greatest, rising from 15,777 miles in 1867 to 100,599 miles at the end of 1891. In the South also the growth has been great, all the way from 9,940 miles to 32,110 miles. The business of the roads has increased even more remarkably than their extension. In 1866 the total tonnage did not exceed 47,872,500 tons; in 1891 it amounted to 704,398,609 tons. The mileage built in 1891 was 4,471 miles. The gross earnings in 1891 were \$1,138,024,459, or 9.1 per cent. of the total investment. The net earnings were \$356,209,880, or equal to 3.1 per cent. of the total investment,

### THE BEST OF FIVE.

BLAKE, ONT., July 25, 1892.

MANAGER CANADIAN GROCER.

DEAR SIR,—Enclosed find two dollars as subscription to THE GROCER, as I see the time is expired, and I would not like to lose any of the numbers, as I consider it the best publication out of the five weeklies I receive.

Yours truly,

JOHN LESLIE.

### TOO MUCH CHANCE WORK IN THE TEA TRADE.

EDITOR OF THE CANADIAN GROCER.

SIR,—I notice a letter from Mr. W. F. Penrice in this week's issue of the GROCER, condemning the keeping and selling of package tea by retail grocers. I am glad to read of his conversion, and I hope to hear of many more city grocers who will follow his example and send the package tea back to its original source, lest the tea trade become demoralized and drift into illegitimate channels, such as dry goods, confectioners, fruiterers, pastry cooks, druggists, taverns and saloons, which in my humble opinion will be the ultimate result, and these places will be the distributors of packet teas and will to some extent hurt the legitimate trade. Let me just here instance a case of a jobbing dry goods store selling what they choose to call tea, at five cents a pound. This store is on Queen street west, between Peter and Spadina Avenue, where a half chest of this stuff is ticketed at the door at certain times during the day at five cents a pound. I suppose this is done to gull the public and make them believe it is a special bargain, when in reality the tea is unfit for use and ought to be dumped into the bay to blend with other odious smells that make Toronto a by-word and reproach, and doesn't improve its credit nor its standing as a clean healthful city. Now, sir, this so-called tea has quite a history, and would fill a book with much interesting reading if all the facts could be put together and made public. I am not able to give you all the facts, but only a few that have come under my notice during the last year. This tea was brought to Toronto from England by a man calling himself a wholesale tea jobber, and was located on Front St. On its arrival here this dealer very closely concealed his scheme for swindling, by having a half chest of good tea put among the rest, marked and placed just where he wanted it. From this he drew his sample and got advances on the whole lot, and after a time he

left the city. Not till then did it dawn upon the holders of this tea that it was no good at all, for on examination it was found to be damaged by salt water, having been fathoms deep and lost its virtue as tea, and in its place had taken in salt, sand, sea shells and seaweed, although it looks in appearance a fairly good leaf Congou. I am told there was at one time about 20,000 lbs. of this stuff in Toronto, and that it has been (or some of it has) in every auction room in the city. Some went to Montreal and Hamilton, and it has become quite a by-word among those who know of it, the auction places refusing to take it in any more, because of its "peculiar aroma." They say it floods their rooms with its "fragrance," which is like sour seaweed, and has been christened "The Mermaid," and now we find this article called tea being retailed at 5c. a pound by a dry goods man in the locality I have described. Surely this is a matter for the Retail Grocers' Association to look into, also the City authorities, so that the public may be protected from frauds like this. Now, what guarantee have the retail grocers but that similar schemes to this one are being practiced in the use of packet teas, where in 99 cases out of a 100 the retailers know nothing of the contents of these packages, because they are fastened and sealed and never opened until they reach the homes of the consumers? Then again, what does the offering of packet tea by the grocer imply? Just this: That the grocer does not know his business, and cares far less, or he would want to know what he was giving his customers of his own knowledge, and upon his own authority. Would, think you, any grocer act so carelessly regarding cheese, butter, or fruit? My experience among the trade is that they would not, for the majority of city grocers spend one-fourth of their time selecting fruit and hunting for good butter to please their customers. Yet tea is made to take the last place and anything will do, as they have not time to bother with it. This, Sir, is one of the saddest mistakes in the retail grocery trade to-day, that retailers do not, and will not give tea its proper place and attention, while butter and fruit receive their full share, fruit especially, more I think than is really legitimate or paying by the majority who handle it. I would like you, Sir, in your bright and so ably conducted journal, to look into this matter for the benefit of the trade, and urge on the various Retail Grocers' Associations through the Dominion to take up this tea question in the way of debates at their meetings, such for instance "Our own bulk Tea versus Packet Tea," dealing with quality, price, profits, ultimate success and results. Something of this kind would tend to infuse more interest in one of the most particular and best paying articles in the retail grocery business.

Respectfully yours,

STEPHEN HUSTWICH.

TORONTO, July 30th, 1892.

P. S.—I forgot to mention that I had by telephone informed the City Inspector of

this tea being offered for sale to the public at the place described. He appears not to have done anything in the matter. Why, is beyond my comprehension.—S. H.

### ANOTHER SPEAKS.

WILLIAMSFORD, July 27, 1892.

EDITOR CANADIAN GROCER.

DEAR SIR,—Enclosed please find two dollars, for which kindly continue to send me THE GROCER. I am pleased to say that in my opinion it is the best publication of the kind published in Ontario, and deserves the hearty support of every general merchant in the country. For my own part, I consider the \$2 subscription the best invested money of the year. The outspoken and uncompromising yet businesslike stand taken by it in reference to that unqualified humbug, the Patrons of Industry, should commend it to every dealer in the country. Were it not that I had been a subscriber for the past three or four years and profited by the sage advice given from time to time in its columns, I should, like many other poor fools, have made shipwreck of my business and a good conscience. I can now congratulate myself on the fact that the P. of I. is practically hors de combat in this section, and it has not enough friends amongst those of its former most ardent supporters to give it decent burial. The greedy traders who listened to the voice of the tempter can without any inconvenience or loss of trade take a trip to Muskoka during the heated term, and methinks they will not pay expenses of said trip out of profits of last three months' business.

There is another matter to which I wish to refer, and that is the practice so common amongst country dealers in this part of the country of allowing customers the price of tub over and above the full market price of the butter contained in tub. This is a very unbusinesslike custom and makes sad inroads on the small margin of profit made in handling butter.

I like the idea suggested in R. Wetherill's letter of July 15 in THE GROCER, and intend acting upon it.

Your representative, Mr. John Cameron, paid me a flying visit on his way to the Pacific Coast in the interest of THE GROCER.

With best wishes for the success of your publications, I remain, faithfully yours,

A. PARKS.

[We thank Mr. Parks for his remittance and his generous praise. THE GROCER is a representative paper, sensitive to every expression of opinion that reaches it from among its constituents. It aims to be the exponent of sound doctrine, and invites the criticism of the trade that it may keep in the closest touch with the ideas that are founded on the best practice. It seeks to improve by the knowledge of itself that the evidence of others affords. The approbation of its readers is the ne plus ultra of its ambition, and Mr. Parks' letter is about the model form in which THE GROCER likes to have its subscribers word their notices of renewal.—ED.]

### THE MONTREAL GROCERS' PICNIC.

The twelfth annual picnic of the Montreal Retail Grocers' Association last week was a success in every way. This no doubt is due to the untiring work of the different committees, who did their best to see that every one was used, as only grocers can use friends on a day's outing. At 8.30 the first train of thirteen cars, well loaded, started for the grounds, and a half an hour later another train of six well-packed cars started for the same destination. There must have been about 2,000 people on both trains. The grounds are situated on the Ottawa river near the village of Hudson, and for rustic beauty they would be hard to beat. On arrival the judges immediately started the games, which were partly got through before the party sat down to lunch, which was spread in a large marquee under the supervision of Messrs. Hall and Scott. The dinner was a most successful one, the following ladies and gentlemen being seated at the tables.

#### PRESIDENT'S TABLE.

President, S. Demers, D. Parizeau, M.L.A., Ald. Rolland, Ald. Stevenson, Mr. and Mrs. J. A. Vaillancourt, Star representative, CANADIAN GROCER representative, Herald representative, Le Canadien representative, Jas. Snowden, A. Legault, Mr. and Mrs. J. Mongeau, E. A. Cardinal, Mr. and Mrs. W. C. Carrigan, Prof. Jos. B. Lefebvre, Wm. Caldwell, S. Legault, J. O. Hogue, George Wait, Ald. Farrell, John Kay, Ald. McBride, Mactier N. McBride, D. Rees, Gazettee representative, La Prix Courant representative, Mr. and Mrs. B. Connaughton, Mr. and Mrs. B. Taylor, Miss M. Taylor, Miss B. Pickering, J. Sullivan, Miss Winslow, Mr. and Mrs. A. Demers, J. A. Beauchamp.

#### RIGHT TABLE.

Alex. D. Fraser, Ald. T. Gauthier, J. Barrow, W. Stewart, W. F. Wall, H. M. Childs, J. C. Manning, M. Scanlan, O. Lemieux, Alphonse Valiquette, J. J. Shannon, Wm. Duckworth, A. E. Peel, W. R. Duckworth, T. Gauthier, J. E. Beaudry, Chas. P. Parent, Miss M. Parent, G. Parent and family, John Johnson, A. D. Childs, J. C. Campbell, Geo. Glover, P. A. Crossby, N. W. Shannon, A. Desmeunier, R. G. Brown, D. Laporte, J. J. Johnston, A. W. Osgood.

#### LEFT TABLE.

S. D. Vallieres, chairman, Ald. Jeannotte, M.P., John Scanlan, J. O. Levesque, E. Turgeon, Oscar Leclair, J. A. Debrun, J. Elvidge, H. Thomas, Jos. Dupont, R. Rochon, Chas. A. Bertram, Amie Jubin, Mrs. Legar, Miss Frappier, T. J. Potter, Mr. and Mrs. E. Elliott, Mr. Trempe, James Hoctor, Fred. Bell, George Starke, D. Wisner, O. Levesque, O. Boisard, Miss Katt, J. O. Malo, Miss C. Truteau, Miss N. Canniff, Mr. and Mrs. Tree, J. A. Devine, James Casey, E. A. Painchaud, G. H. Lane, W. H. Dunn, L. Plamondon, Joseph Raby, Miss Cassidy, Geo. Pichette, R. Fitzgerald.

After the menu was discussed some taking speeches were made by the various gentle-

men present. The first toast "Our Queen" was drunk with a hearty good will. Then came "Canada our Country," which was replied to by Ald. Jeannotte M.P. The next on the programme was "Sister Associations." This was replied to by Ald. Stevenson, who made the speech of the day. In his remarks he gave the retail grocers some sound advice about early closing which they ought to profit by. Then came "The Press," which was proposed by Ald. Thos. Gauthier, Hon. Secretary of the association. Referring of the powers of the press he said they could do a lot of harm and could also do a lot of good, but hoped they would report the picnic in first class style. He also said there was one paper represented that always looked after the grocery trade. Every one could see by looking around the table a little white badge which showed that THE CANADIAN GROCER was always thinking of the trade. He then proposed the toast of the ever popular trade paper THE CANADIAN GROCER. The Montreal correspondent replied, saying that THE GROCER would always look after the interests of the trade as long as it received support. Several other toasts were drunk and the party adjourned to finish the programme. The result of the games was as follows:

Quoits—1st prize, gold medal, presented by Marrotte, Leblanc & Co., B. Connaughton winner; 2nd prize, meerscham pipe, J. A. Lefebvre; 3rd prize, one case astral oil, presented by Peverly & Co., J. Berreau.

No. 2. Quarter mile race for bookkeepers and salesmen employed in the grocery business—1st prize, E. Turgeon, one pair of vases; 2nd prize, T. Montpetit, a fancy cigar box, both presented by Messrs. Christie, Brown & Co.; 3rd prize, Joseph Lamoureux, a carving set, presented by Mr. D. Stroud.

No. 3. One hundred yard dash for girls, money prizes—1st, Maud Hedqess; 2nd, Jennie Joslin; 3rd, Nellie Hubert.

No. 4. One hundred yards dash, for grocers and their employes—1st prize, 1 gold charm, presented by E. Robillard & Co., won by C. Huot; 2nd prize, silver cup, presented by Montreal Biscuit Co., won by A. Gauthier; 3rd prize, a cigar holder, won by S. Richard.

No. 5. Quarter mile race for subscribers and their employes—1st prize, silver watch presented by J. Brown, won by H. M. Childs; 2nd prize, biscuit jar, won by P. Grace; 3rd prize, cake basket, won by Alex. Duncan; 4th prize, presented by Christie, Brown & Co.

No. 6. One hundred yard dash, for boys of 12 years and under—Frank Douse 1st, Henry Morgan 2nd, and Frank Morgan 3rd.

No. 7. The waltzing contest was won by Miss Lorey and Miss Larue, who took the medal given by D. C. Brosseau. The 2nd prize fell to Mr. and Mrs. Smith and the 3rd to Miss Holden and Wm. Corbeille.

No. 8. Quarter mile race open to travellers and salesmen of the wholesale grocery trade Grace won the 1st prize, a walking cane; Cardinal the 2nd, a gold ring; and A. W. Childs the 3rd, a travelling companion.

No. 9. The hundred yard dash for fat men over 200 lbs. M. H. Dubois won the 1st prize, a silver cup presented by Vipond, McBride & Co., while D. Lockeby secured

the 2nd, an opera glass; 3rd prize a box of cigars fell to the lot of A. B. Deschamps.

No. 10. Half mile race for drivers and store-men employed in the grocery trade, was won by J. Fortier, G. Desmaris 2nd, and Will. Piche 3rd.

No. 11. Quarter mile race for travellers and salesmen employed by biscuit manufacturers—The 1st prize, a silver cup, was won by A. Duncan; 2nd, a cruet stand, E. Copping; and 3rd, a cake basket, by T. J. Potter.

All these prizes were presented by the Laing Manufacturing company.

No. 12. Quarter mile race, for drivers in the ale and biscuit trade—W. Miller, 1st; J. Paiement, 2nd; S. Legault, 3rd.

No. 13. Hundred yards dash, Marotte & Leblanc's special race, open to grocers and employes only—1st prize gold medal, C. Huot; 2nd B. Taylor; 3rd, L. Dagenault.

No. 14. Quarter mile race, for beer and ale drivers—P. Keys, 1st; M. O. Rourke, 2nd; J. Barron, 3rd.

No. 15. Hundred yards dash, for members of the committee—1st, J. T. Malette; 2nd, L. Marchand; 3rd, W. Corbeille; 4th, T. Gauthier; 5th, M. Lemieux.

After the games were all run off, dancing was the order of the day. The souvenir badges of THE CANADIAN GROCER were very much sought after, especially by the fair sex, who were disappointed when told that they were for our friends the grocers only.

Something must now be said about the committees, every one of which worked hard to furnish enjoyment for their friends. The success of the picnic is largely due to the work of the president, S. Demers, the hon. secretary, Thos. Gauthier, and the chairman of the refreshment and railway committee, A. D. Fraser. All of these gentlemen made everyone at home and succeeded, for all were loud in their praise. The trains were under the management of Harry Ibbotson, outside agent of the C.P.R., who did his best to get the party there on time. At six o'clock a start was made for home by the first train, followed a half an hour after by the next train, arriving in Montreal at 7 and 7.30 o'clock respectively, ending one of the most successful picnics the grocers ever had. The following are the officers and committee to whom the success of the affair is due:

Officers—S. Demers, president; John Robertson, vice-president; Ald. Thomas Gauthier, hon. secretary; John Scanlan, treasurer; C. C. E. Bouthillier, secretary.

Sub-committees—Games, music and dancing—S. D. Vallieres, chairman; Vital Raby, J. B. V. Daoust, M. Lemieux, Philias Desormiers, Joseph Gareau, John Johnson, John Scanlan, B. Connaughton, J. Archambault, W. Corbeille.

Refreshments, printing, advertising and railway—Alex. D. Fraser, chairman; Ald. Gauthier, John Robertson, J. E. Manning, J. O. Levesque, E. Elliott.

Finance—S. Demers, president; S. D. Vallieres, Ald. Thomas Gauthier, A. D. Fraser, John Scanlan.

General committee—Joseph Archambault, R. Bouthillier, A. Bigaouette, John Currie, L. Cleroux, S. Cormier, Michael Delehanty, Joseph Desautels, Alex. D. Fraser, Ald. Thomas Gauthier, Z. Gascon, Z. Goulet, J.

### LONDON RETAIL GROCERS' ASSOCIATION'S 2ND ANNUAL PICNIC.

The second annual picnic of the London Retail Grocers' Association was held on Wednesday last at Queen's Park, London. Every grocery store in that city was closed for the day. Many of the grocers from neighboring towns, as well as local wholesalers, were guests of the Association. There must have been 6,000 people in attendance. The day was fine, just the kind of day for a picnic. The lemonade, candy and peanut stalls did a large business. At ten o'clock a.m. the grocers' procession left the market square. First came the 7th Band on foot; next the Retail Grocers' Association and their guests in hacks; and last the decorated grocers' wagons. Sixty grocery wagons in line. Every one of them a piece of mechanical art, that must have taken hours of diligent labor. The streets were thronged with citizens, the children taking special delight in some of the original designs the drivers had in line. Arriving at the park, the judges, G. L. Oill, A. McKenzie and John Butler, all of St. Thomas and officers in the Association of that city, awarded prizes for the turnouts of the following grocers: 1st, J. L. Fitzgerald; 2nd, J. Annett; 3rd, Alex. Tytler; 4th, F. A. Rowat & Co.; 5th, Peter Smith (Beehive Grocery); 6th, T. E. Lea. In the judging, the horse, wagon, harness, and decorations were the four points kept in view. At the grounds there was a baseball match between the North and South sides of Dundas street. There was some good playing shown by both teams, the score being 10 to 7 in favor of the North. The players were: North side—J. Self, c.; W. Wilson, c. f.; W. Wandless, 1st b.; Donaghy, 2nd b.; Osborne, s. s.; J. Trebilcock, 3rd b.; L. Jeffries, p. Ranaham, r. f.; Burton, l. f. South side—Culbert, c. and 2 b.; C. J. Wall, 3 b.; Ferguson, c. and 2 b.; C. Nichols, p. and s. s.; Rossie, r. f.; J. Shaw, 1st b.; Saunders, l. f.;

G. Trebilcock, s. s. and p. The score was as follows:

Innings .....	1 2 3 4 5 6 7
North Side .....	1 0 1 6 1 1 0—10
South Side .....	3 0 0 0 2 1 1—7

The other events were foot races, bicycle races, horse races and dancing. The programme was very long, and space will not permit us to give the events in full. The picnickers lingered until the 38 events of the programme had been gone through with, and then at 7 o'clock started for home, having had the largest day London has seen for years. The members on the various committees may feel satisfied that they did their duty well, and the success of their efforts is worthy of commendation. The following is a list of those on the committees:

The Managing Committee was—W. H. Ferguson, president; John Moule, vice-president; C. J. Wall, treasurer; E. Sutton, secretary.

Grounds Committee—James Fitzgerald (chairman), James Annett, W. H. Sanborn, Henry McCutcheon, Charles Deeper, Y. F. Mossop, B. R. Sloan, John Woods, James Dobbin, George Loveless, J. M. Lord, Frank Robinson, R. W. Rollston, M. Hough, T. Sanborn, A. Grant, W. A. Garrett, R. H. Cullis, H. Branton, A. Padfield, George Rowntree, F. E. Lee, George Calcott, F. C. Toon, W. D. Thomas, H. Winder, J. A. Childs, C. M. Newans.

Programme Committee—J. L. Fitzgerald, (chairman), F. Barnard, W. Horner, Peter McGlade, H. McVean, W. W. Osborne, T. A. Rewat, G. T. Trebilcock, J. C. Trebilcock, C. J. Wall, R. J. Wood, T. Ranahan, L. Jeffries, Charles McCormick, George Rowntree, James Fitzgerald.

Reception Committee—W. H. Ferguson, (chairman), P. Conlin, J. B. Scandrett, T. Glasgow, J. R. Gurd, F. Harley, T. C. Hodgins, R. A. Jones, F. Keene, J. Lawson, J. Moule, J. B. Murphy, A. McCormick, W. H. McCutcheon, F. McNeil, Wm. McNeil, R. W. Sharpe, Peter Smith, J. A. Somerville, E. B. Smith, Alex. Tytler, James Wilson, George Ward, L. H. Scandrett.

Printing Committee—W. H. Ferguson, J. L. Fitzgerald, C. J. Wall, J. Moule.

#### NOTES.

The London grocers were in it.

The St. Thomas grocers are good fellows. W. L. Baker, representing Sapolio, was in the procession.

White dresses and fans were conspicuous in the grand stand.

Every one will look forward with interest to the next grocers' picnic.

There was a number of grocers from the surrounding country present.

The dancing on the platform afforded much amusement for the grand stand.

THE GROCER presented souvenir badges. Five hundred of these were given away. We

tender our thanks for the many compliments received on their account.

The press represented was The Advertiser, and Free Press of London, and THE CANADIAN GROCER, Toronto.

President Ferguson was around shaking hands with every person on the grounds. He made everything pleasant for everybody.

J. L. Fitzgerald acted as marshal of the procession, mounted on a handsome bay horse. He also did duties as starter for the races.

The judges of the races in the ring were Thos. A. Browne, Thos. Gillean, and F. Saunders. J. W. Jones and T. W. Vanstone were referees.

Secretary Sutton, is a worker. For the last two months he has devoted the most of this time to the picnic. London grocers may well be proud of him.

### A JOINT EMPLOYEES' EXCURSION.

As is annually customary with John Taylor & Co. and R. & T. Watson, these firms gave their employees an outing on Friday last. The two firms made special arrangements with the Empress of India, and issued 600 complimentary tickets to their employees and friends to enjoy a pleasant sail to St. Catharines, and a day's outing in the city park. Heintzman's band was engaged for the occasion and supplied excellent music. The Empress left Toronto with the gay excursionists at 8 a. m., and arriving at Port Dalhousie transferred her passengers to the train for the pic-nic grounds. The majority had their baskets and were soon enjoying a dinner of the good things they had brought with them. Others registered at the different hotels and feasted before going up to the park. The weather was rather warm, until a passing thunder storm which let down the rain in torrents, passed over the city. This did not prevent the enjoyment of dancing in the large pavilion on the grounds. Then the races and baseball match took place. In the latter a picked team from each firm played only two innings each. Had the weather and time permitted, it would have been an interesting feature of the day's programme. In the races, Frank Smith, who has officiated so often in the same capacity, acted as

**DR. PRICE'S**

starter, and two of the employers, M. Taylor and Robt. Watson, with Geo. H. Bailey, acted as judges. The races were open for the firms' employes only, and the following are the results:

Girl's Race. (16 years and under)—75 yards, 1st prize, parasol; 2nd, hand satchel; 3rd, silk handkerchief.

Winners: 1st, Maude Pratts, (Watson's) 2nd, Mattie McKee, (Watson's), 3rd, E. Jollands, (Watson's.)

Boys' Race. (16 years and under)—100 yards, 1st, hat; 2nd, base ball; 3rd knife

Winners: 1st, Fred Smith, (Watson's) 2nd, John Parm, (Watson's), 3rd, Fred Durnan, (Taylor's)

Ladies' Race. (17 years and over)—75 yards, 1st, parasol; 2nd, pair slippers; 3rd, purse.

Winners: 1st, Bertha Colbey, (Watson's), 2nd, Libbie Coburn, (Watson's), 3rd, Minnie Philips, (Watson's.)

Single men's race. (100 yards), 1st, hat; 2nd, box cigars; 3rd, pipe.

Winners: 1st, Geo. Wilson, (Taylor's) 2nd, Jas Trotter, (Taylor's), 3rd, (no entry.)

Egg race for girls. 75 yards, 1st, fan; 2nd, pair kid gloves; 3rd, belt.

Winners: 1st, Tot Gibbs, (Taylor's), 2nd, Lillie Colbey, (Watson's), 3rd, Lizzie Webb, (Watson's.)

Married men's race. (100 yds.)—1st, a smoked ham; 2nd, box cigars; 3rd, pair slippers.

Winners: 1st, John Reid (Taylor's); 2nd, T. Collis (Taylor's); 3rd, A. Fuerst (Watson's.)

Employes' wives' race. (75 yards)—1st, butter cooler; 2nd, lemonade set; 3rd, half dozen tumblers.

Winners: 1st, Mrs. Cartwright (Watson's); 2nd, Mrs. Fallon (Taylor's); 3rd, Mrs. Dixon (Taylor's).

Men's race. (45 years and over)—100 yards, 1st, pair spectacles; 2nd, cane; 3rd, pipe.

Winners: 1st, Geo. Tinley (Watson's); 2nd, Geo. Meddlock (Taylor's); 3rd, John Coulter (Taylor's).

Three legged race. (100 yards)—1st, box cigars; 2nd, two neckties.

Winners: 1st, R. Brown and W. Spencer (Watson's); 2nd, Newberry and Taylor (Taylor's).

Running Hop, Step and Jump. 1st, pair boots; 2nd, white shirt.

Winners; 1st, Jas. Trotter, 33 ft. 8 in., (Taylor's), 2nd, James Taylor, 31 ft. 2 in.

Men's Race. (100 yards), (consolation), 1st, \$1.50; 2nd, \$1; 3rd, 50c.

Winners: 1st, Geo. Wilson; 2nd, W. Spencer; 3rd, James Baillie.

Ladies' Race. (100 yards), (consolation), 1st, \$1.50; 2nd, \$1; 3rd, 50c.

Winners: 1st, Minnie Pratts; 2nd, Carrie Ross; 3rd, Minnie Spencer.

Special. For J. F. Thackray's girls; 1st, \$1.50; 2nd, \$1; 3rd, 50c.

Winners: 1st, Lillie Colbey; 2nd, Katie Barrett; 3rd, Ella Ross.

## NOTES.

The employers may well feel proud of their employees' the order was excellent throughout the entire trip.

Would it not be in line if other firms would do likewise with their help?

Cigars and candies were passed around frequently by Morse Taylor, both going and returning on the water.

Geo. H. Baillie, Taylor's foreman, makes a jolly companion. He was a favorite with everybody.

The "Empire" "World" and THE CANADIAN GROCER were represented on special invitation from the two firms.

There are some good voices in the combined firms, and the company was favored frequently with songs.

## LONDON INDIGO BLUE AUCTIONS.

The third quarterly indigo auctions in London were brought to a close in one day, instead of occupying the best part of a week. Only 3,050 chests were declared for sale, the smallest number ever offered in the July sales. The reasons are: Stock below the average, moderate if not low ruling prices, more or less adverse crop reports and large orders by Persian Gulf buyers. The latter are quite exceptional, and are usually the precursors of a short crop, as the Persian Gulf buyers as a rule supply their wants direct from the Calcutta, Madras or Bombay markets. It is worth noting that only 470 chests were sold on Monday under the hammer, the remainder (except about 700 sold privately) being withdrawn. The stock is only 8,128 chests, and therefore orders to the extent of 1,000 chests, the quantity estimated to have been bought recently for the Persian Gulf, would naturally affect the market.

## POST YOURSELF ON TEAS.

Comparatively few country merchants are judges of tea in the sample. In buying stocks they depend almost entirely on what the salesman tells them, and if he happens to be one who wishes to take advantage of their lack of knowledge there is nothing to prevent his doing it.

It is not to be expected that every merchant can become an expert in the testing of teas, but he can put himself into position to know something about them. There are books within the reach of almost every dealer that tell of the methods of tea culture and this is important to understand as a foundation to a general knowledge of the subject.

The tea trade is perhaps the most important a country merchant has to deal with. A good tea will hold a good many patrons for him and poor teas will turn a good many away from him. Isn't it important then to be able to select good stock and not be dependent on the salesman who shows you the goods? Some houses have better stocks than others, but if you do not have the knowledge to see the difference you will be likely to buy of the first line of samples shown you

simply because the salesman tells you that his line is as complete as any on the road.

Then you can sell teas better if you understand them. A merchant would not be regarded as a very competent dry goods salesman if he knew nothing about the quality of goods and the colors that go in harmony. Yet the average tea salesman is about as competent to sell tea as such a dry goods clerk would be to sell dry goods. The great trouble with so many merchants is that they neglect to inform themselves on important matters like these. It would take but little study to acquire a fair knowledge of the tea business. A good deal of information can be gleaned from the salesmen if the questions are put judiciously. And yet many do not think it worth the trouble to ask a few questions, and then many of them will wonder why business progress is not better. Look into these matters.—Commercial Bulletin.

A woman residing in Austenville complained at the town hall a few days ago that a Dahlia street grocer was selling tobacco to her 11-year-old son, and though warned not to do so persisted in selling it to the lad. It would seem that the grocer does not know that it is now illegal to sell tobacco to boys under 16.—Halifax Morning Chronicle.

**THE TOBACCO DUTY.**

The following circular has been received by the tobacco manufacturers of this city :

Ottawa, July 30, 1892.

Sir,—Suggestions have been made that the system of collecting the excise duty on tobacco and cigars be changed, and that instead of collecting the duty on the manufactured product, as now practised, the duty be levied by and paid to the customs on the raw leaf tobacco when imported, and that the stamping of the goods be abolished.

The department is desirous of obtaining the views of manufacturers upon the change proposed, and would ask an expression of your opinion at as early a date as possible.

Kindly send your reply to the Commissioner of Inland Revenue, Ottawa.

I remain, sir, your obedient servant,  
(Signed) W. J. GERALD,  
Inspector of Tobacco and Factories.

**Cleveland's Baking Powder** yields best profit to the grocer, and is of such a superior quality that a customer gained is always retained.

[This department is made up largely of items from travellers and retailers throughout the Dominion. It contains much interesting information regarding the movements of those in the trade. The editor will thank contributors to mail copy to reach the head office Tuesday.]

The apple dealers of Huron estimate that the yield will be 150,000 barrels.

Thomas A. Garland, grocer, Portage la Prairie, Man., is opening a branch at Nelson, B.C.

The S. S. Empress of India has left Yokohama with a full cargo of tea and passenger list.

The Dominion chartered banks have reduced the interest on savings deposits to 3½ per cent.

The bankrupt grocery stock of Owen Tierney & Bro., Kingston, has been sold by Sheriff Ferguson.

The milk condensing factory at Kingston, N. S. manages to dispose of about 7,500 lbs. of milk each day.

It is reported that the Skolfield has been chartered to carry a cargo of sugar from Vancouver to San Francisco.

The T. A. Snider Preserve Co., Cincinnati, Ohio, have out a neat little Price List printed in two colors and liberally illustrated.

The other day W. Dyer's till at his store was robbed while Mr. Soole was at dinner and Mr. Dyer was in London. Seven dollars was secured.

H. J. McAllister's grocery, Hamilton, was broken into on Saturday night by burglars who were evidently scared away before they got any plunder.

It is stated that the Farnham beet sugar factory is to be converted into a knitting factory, to be operated by a syndicate under the management of W. H. Priest.

A. K. Preston has retired from the management of the export department of Game Harrison & Larner, Ltd., of London Eng., but is making fresh arrangements elsewhere to continue his Canadian trade.

It appears that counterfeit ten-cent pieces dated 1891 are now in circulation. The only test is the sound. The coins usually have a bright new appearance, and there is no blemish upon them apparent to the eye.

The London Free Press says that a number of St. Thomas business men, who were induced to become subscribers to the Baker Collecting Agency, of Toronto are anxiously enquiring about the genuineness of the concern.

With \$1. per three dozen being paid for eggs by the storekeeper in the Okanagan District, and thousands being imported from the East, the Vernon B. C. News wonders how long it will be before settlers try to supply the demand from home sources.

The run of sockeyes, according to Westminster correspondent of the News Advertiser, shows a slight increase. The dealers and fishermen think that the advance skirmishers of the main run have struck the Fraser waters.

The Vancouver sugar refinery, like the Maritime province refineries, can do a little

business with the United States. Last week the s. s. Grandholm took on 3,000 tons of sugar at the Vancouver refinery for Spreckels Bros. & Co. of San Francisco.

E. Hunter, of the firm E. Hunter & Co., grocers, Winnipeg, and president of the Grocers Association in that city, favored THE GROCER with a call on Saturday.

The merchants of Blyth have lately got a great many boiled eggs in the lots bought from neighboring farmers. It is said that boiling increases an egg in weight by one-third.

Canada will erect a World's Fair building at Chicago 100 feet long by 44 feet wide, with a ten foot veranda surrounding it on all sides. Plans have been submitted for approval.

F. F. Dalley, E. A. Dalley, Mrs. Maria Dalley, J. R. Vert, Thomas Hood and C. H. Sanders are applying for the incorporation of the F. F. Dalley company, manufacturers of medicine, etc., Hamilton, with a capital of \$90,000.

The other day Cawker & Tait discovered 2 tarantulas on a bunch of bananas in their store. One of them was crawling on a banana which a customer had just pulled off the bunch, and in another inst. would have bitten him.

Robinson Bros., of Ingersoll, have shipped from the County of Oxford during the past few weeks about 20,000 dozen eggs direct to the English market. Another shipment of 5,000 dozen of the same product was sent forward last week.

Mr. Eby has ended his holiday furlough and is back to business, with the appearance of a man who had been drinking at the well-spring of health. His partner, Mr. Blain is now taking his turn, and is away to Rosseau for a few days.

Messrs. Bell-Irving & Paterson, Vancouver, have chartered the British barque Glengarry, 802 tons, Capt. Davidson, to load salmon on the Fraser River for the United Kingdom. The Glengarry is now at Rio de Janeiro, but is expected to arrive by September.

It is important to every retail grocer to know, that any kind of coffee is improved by using Highland Brand Evaporated Cream instead of the unprepared milk or cream. This is due to the fact that the concentrated article contains less water and does not weaken the strength of the coffee.

G. M. Cutter, representing S. L. Bartlett, sole importers of Bendsdorp's Royal Dutch Cocoa, Boston, Mass., was in the city this week and favored THE GROCER with a call. He had just left Burlington Beach, where he was for a few days the guest of Newton D. Galbreath, grocer, Hamilton, who has a beautiful summer home at the Beach.

The Halifax Morning Chronicle says: The egg trade to the United States has virtually ceased. During the year ending June 30th, 1890, the value of the export from the Cornwallis Valley was \$9,121, and in 1891, \$1,189. For the year ending June 30, 1892, not a single egg was exported to the States from the same district.

A great many localities in the Maritime Provinces were at one time noted for the quality of their oysters, as well as for the fertility of the beds from which these mollusks were taken, but they have of late become depleted, and in some cases entirely exhausted owing to various causes. During the past year an appropriation of \$5000 has been voted by Parliament for the survey of oyster beds, and a start has been made,

under the supervision of two experts brought from England for the purpose. A system of licensing grounds especially for other planting has also been devised similar to that in force in France and other European countries. Already private individuals have planted a large area, chiefly with Prince Edward Island oysters.

E. G. Williams, of Warren Bros. and Boomer, covered 150 miles in Waterloo and Oxford counties last week, and says the crops never were finer. The only complaint the farmers make was that they could not have rain in their turnip and dry weather in the grain fields.

The S.S. Haytien Republic arrived in port early on the 25th from Portland with about 30 tons of freight, consigned to Vancouver as well as to Victoria, Nanaimo and New Westminster, all of it being landed there. She also brought up a carload of salmon which will be shipped east over the C. P. R.

The Canadian Department of Marine has issued circulars calling upon all persons interested to furnish or procure specimens suitable for the fishery exhibit at the Chicago Fair. All freight charges will be borne by the Government, and those desiring to contribute specimens will be notified when to ship to a central point of collection.

Picton is much pleased with the prospect of a new post office. Five thousand will be spent on the site and ten thousand dollars on the building. A. C. Miller M.P. is congratulated by his constituents for securing this as well as a liberal grant from the Government for improving the harbor. He is head of the canned goods firm of A. C. Miller & Co.

There is at the present a good opening in British Columbia for a box factory. All the cigar boxes used there are purchased from California, so that heavy freight and duty charges have to be paid on them. One leading firm of cigar makers pay as much as \$100 per month for boxes, and there is no doubt that the local factories would in turn support local industries.

According to recent advices, tea, the beverage of the higher classes in Germany, is rapidly winning favor also with the middle classes in the south. Everywhere the tea table is growing popular, and Germany will probably, at no distant period, become a large consumer of tea. There being no especial prejudice in favor of Chinese teas, the Indian and Ceylon descriptions are coming much in vogue.

The American ship George Skolfield 1276 tons Capt. Dunning, arrived here in tow of the American tug Pioneer. The Skolfield is

39 days out from Yokohama, and has on board a cargo of about 2,200 tons of tea, being the first of this season's fleet of C. P. R. tea ships. There are in all 2,754 packages, which will load 40 cars for Chicago, 15 for New York, 8 for Boston, and a few cars for other Eastern points.—Vancouver News-Advertiser.

The steamer Empress of Japan brings additional details of the volcanic eruption of Gunong Aroo, on Great Sangir island, June 7. The town of Toroano was buried by ashes, and the enormous cocoon plantations covering the hills on the head of Toroano bay were destroyed. One captain, who was there with a ship at the time, estimates that 10,000 lives were lost on the island, which presents a most dismal appearance. Relief has been forwarded to the survivors from neighboring islands.

A case possessing considerable interest to grocers was decided at the London (Ont.) Police Court on Thursday by Magistrate Parke. The defendant was Henry McBean, grocer, Dundas street, and the alleged offence charged against him was that of selling liquor without a license. The charge was preferred by Inspector Henderson. This was the first case tried there under the provisions of the Act passed at the last session of the Legislature, which makes the defendant under such a charge a competent and compellable witness. Plenty of similar cases have been tried heretofore, but a conviction was frequently impossible for lack of the defendant's testimony. To-day the defendant was first called, after he had entered a plea of not guilty. He had no license, and admitted having, upon several occasions within the past month, delivered liquors to customers in half-dozen or dozen bottle lots. He did not keep any liquor in his store, but when customers requested him to procure liquor for them and deliver the same with other orders he did so, and when not paid cash by the customer he charged for the as "cash paid for liquor." The magistrate gave judgment against the defendant, and fined him \$50.

#### MONTREAL TRADE CHAT.

Leandre Jouette, grocer, has assigned at the instance of Dame Veuve O. Tremblay.

Edmond Denis and Edouard Denis have entered into partnership to do business as the "Ontari and Manitoba Milling Agency."

H. W. Ritchie, of the St. John, N. B., News, was at the Grocers' picnic. Mr. Ritchie has just returned from the west, where he was spending his holidays.

It is stated that the Farnham Beet Sugar factory is to be converted into a knitting factory to be operated by a syndicate under the management of Mr. W. H. Priest. Five hundred hands will find employment at this new industry.

Steamship Wakefield, Captain Sheldrake, arrived in port last week, from Iloilo. She has a cargo of sugar for the Redpath refinery. The Wakefield left Iloilo, on May 17, and met with some heavy weather, although no damage was done. Among the crew are 10 Chinamen.

The steamer America, engaged in the fruit trade and chartered by Messrs. T. S. & G. Vipond, arrived in Montreal on Monday, this being her second trip from the

West Indies. Her cargo consisted of 12,000 bunches of bananas and other tropical fruits. The trade has become such an extensive one, and Montreal developed into such a great distributing point, that next season the Messrs. Vipond have engaged for two steamers per month.

Thomas Potter, the fruit auctioneer, held a very successful sale of California fruit. There was offered a car made up of pears, peaches and plums, consigned to Vipond, McBride & Co. from Porter Bros. & Co. The car was exactly nine days on the road and was the first car to come direct from the Pacific to Montreal. The market is not in very good condition, and the prices realized surprised the trade. The 350 boxes of Bartlett pears sold at \$2.62½ to \$3.05; 482 boxes of Crawford peaches at \$1.60 to \$1.65; 20 boxes of Washington plums at \$3.45, and 5 boxes of P. D. plums at \$3.62½ per box. These sales will be continued every week in future, the next sale being expected for next Thursday.

#### THE "LAKE WINNIPEG."

Last night, as usual, was sailing night for two of the large steamship lines interested in this port. The vessels do not actually sail on Tuesday evenings, but all the passengers go aboard and the ship is put in readiness to start at the first glimmer of sunlight in the morning. At the Beaver Line wharf, nicely painted and trim, lay the steamship Lake Winnipeg, receiving passengers and the remaining portions of her cargo. For the Lake Winnipeg to carry first cabin passengers is something new, but easily accounted for. The Beaver Line finding it necessary to enlarge their passenger accommodation, decided to convert part of the freight space of the Lake Winnipeg into a saloon and several state rooms. These are all in the spar deck. The work has all been done in Montreal, and is a credit to the contractor, Mr. Shearer, and to Canadian enterprise. The saloon is large, airy and well lighted, nicely carpeted and well upholstered. Last evening, with the many flowers and evergreens, it looked charming. The state rooms are also comfortably furnished and large, and there is a nice bath room for the use of the passengers. The Lake Winnipeg has accommodation for about fifty first-class passengers. Last evening Captain C. F. Herriman celebrated the completion of the alterations by giving a little supper. There were present Mr. Jonathan Hodgson, one of the directors of the Beaver Line, Mr. Richard White, Mr. D. Battersby, Mr. W. J. White, Mr. W. W. Campbell, passenger agent of the line, and several others. After the good things had been disposed of toasts were the order of the evening.

Mr. R. White proposed the health of Captain Herriman and his good ship Lake Winnipeg. The captain made a suitable and happy reply. Speeches were also made by Mr. Campbell, Mr. Battersby, and Mr. W. J. White, and after a pleasant chat the party broke up. Great praise was given the Beaver Line for the manner in which they treated their passengers.

The Lake Winnipeg, since she had her new triple expansion engines put in last fall, has been making good time, and is now about the fastest vessel of the line. She has made some good runs.—Montreal Witness.

### TORONTO MARKETS.

TORONTO, Aug. 4, 1892.  
GROCERIES.

Midsummer dulness is seldom long dispelled by any surprises in the way of brisk business. The holiday season is on and there seems to be nothing in the way of employers and employes taking their holidays in due turn, and at the moment nearly every house has given leave of absence for a fortnight to some one or two of its staff. The consumptive demand works in the grudging way it always does at this season, buying only bare necessities, and grocers have little motive in their trade for buying anything but sugar. Sugar is not appreciably changed in any respect from the position it was brought into early in the month of July. Canned goods are in fair demand, Valencia raisins receive their due share of attention, tea sells slowly, and general lines are quiet. Payments are unimproved.

#### COFFEE.

The Rio market is firmer. Importers find the price ruling last week hard to deal at now, and some purchases made on the primary market have been made at an advance of 1c. upon the prices paid for previous shipments. In other classes of coffee there is no change to report. Selling is not active. Prices are 17½ to 21c. for Rios, 22 to 25c. for Porto Ricos, 26 to 28c. for Padang, 28 to 32c. for Mocha, 30 to 35c. for Java.

#### DRIED FRUIT.

Valencia raisins are favored with another buying spell. Retailers' orders this week

have been quite numerous and have made some copious drafts upon stocks. The price for the greater proportion of the stock now handled is 5 to 5½c., though some off-stalk at 4¾c. is still to be had. The New York market is working up a little higher. California has been a buyer on that market, for the reason that the report of the California crop of raisins favors the expectation of a very considerable shortage. It is expected that raisins held here will be wanted again in New York before the new crop comes to the relief of the market. There is a considerable quantity held here which was bought when prices were on the way down and which might thus find its way back to New York when prices are on their way up. Currants have improved since last week. Good Provincials below 5c. are now extremely hard to get. There are grades at 4¾c., but they do not rank high. Firmness in New York has benefited the market here. Prunes are quiet at 5¾ to 6c. Dates are dull at 5 to 5½c. Candied peel quotes at 16 to 17c. for lemon, orange 18c., citron 26 to 28c. Nuts call for no special notice, no new condition having appeared in the market.

#### RICE AND SPICES.

Wholesalers report a trade in rice lighter than the average this summer. Stocks are not over-full but easily suffice for all current demands. The price runs from 3¾c. to 4c. for common, and 5 to 5½c. for Japan.

Spices remain substantially as they were in most lines and do not come into prominence in the grocery trade done these days. Brown sago, very scarce sometime ago, and not yet in stock, will soon be to hand. Prices will be easier. The scarcity in England led to high prices in London, which checked buying in this market and caused local stocks to run down.

#### SUGARS.

Trade in sugar is still the absorbing business in grocery warehouses and salesrooms. There is as little money in it as ever. The retailer buys and sells at lower prices than he ever did before. Wholesalers try to make something out of the elasticity of prices. If they meet a customer so tough that they must sell to him below cost or miss a sale,

(Continued on page 16)

### CANNED GOODS.

TORONTO.

Consumption is not saturated for any considerable time by the purchases that are made from jobbers' hands. Hence there is always room for the continuance of business, as the demand is never sated. Small parcels going out are an earnest that other parcels will shortly have to follow, so that distribution is always busy but never called upon to exert itself. The week has a good average record of sales in assorted vegetables—peas, corn and tomatoes. A carload was sold on Monday. The drain is steady and considerable enough to give fair promise of exhausting the supply before renewal from the new pack amounts to much. New peas are in but old ones are still preferred, the new ones lacking the confirmation that a few weeks' storage always gives them. The extent of the coming pack this season is a good guessing problem, the matter being devoid of anything in the shape of ascertained data that could be of service for the purpose of making an estimate. The general feeling among jobbers is that it is prudent to await events and not try to anticipate them as buyers did in former years. Salmon is scarce and firm. The price is \$1.50 to \$1.60. Lobster remains

## To Canning Men.—OUR CYCLONE PULP MACHINE

For making tomato pulp and preparing pumpkin and squash for canning is very well known to all the canners in the United States, and a few of them are in use in Canada. The high tariff has prevented their being used extensively heretofore.

We are now manufacturing these machines at Oakville, Ont., to enable our Canadian friends to obtain them without paying a heavy duty; but we shall make only a few of them unless ordered. Those who contemplate purchasing, should send their orders promptly to insure the saving of duty, as late orders will have to be filled from stock in the United States which will be subject to a 80 per cent duty.

## MARKETS—Continued.

firm at the canneries. The stock of the old pack is not yet exhausted here and the consumptive demand is rather moderate.

## MONTREAL.

Canned goods are quiet and uninteresting with a very limited demand. The grocery trade here are only buying for immediate requirements preferring to wait for new supplies before buying any quantities. New peas and beans have arrived and are now being offered, but the trade show a strong desposition to work off their old stock before making new contracts.

Continued from page 14.

they generally let him have his way and the sugar. If some less obstinate man comes along a little later he'll probably pay a price that will yield a profit. There are some men that it is easier to make a profit out of than others. It is by trade with the former that the majority of the jobbers hope to make their sugar business pay. The man who pays without a struggle the price asked by the wholesaler usually pays a full price. Also the man who owes for a bill of goods is not in so good a position to treat for inside prices as the man who does not. The cash buyer is usually a recalcitrant buyer, and does not part with his money until he is well assured that there is nothing more to be gained by holding on to it for further concessions. The buyer who negotiates with his money in his pocket gets the best that's going. There are sales made at 4¼c. for granulated in car lots and 3¼c. for yellow in the same quantities, but this price is not common. The range is from 10 to 25c. per 100 lbs. higher than this for the majority of sales. Several carloads have been sold this week. Yellows have constituted a considerable proportion of the stock that has gone into trade. For raws the market is dull. Demerara in barrels is 4c., Barbados 3½c., Louisiana 2¾c. In New York the price of refined was advanced 1-16c. last week. The market for beet has strengthened, owing to a reduction in the stock of firsts.

## SYRUP AND MOLASSES.

Trade in syrups remains of small proportions. Prices likewise continue to quote favorably to the buyer. There is some talk of shortage at the refineries, but this is denied. There is too little business doing on this market for any notice to be taken of shortage even if it were very decided. Quotations run from 1¾c. upwards.

Molasses has not been moved at all by buyers on this market. The price is firmer. A cargo of Barbados was sold in Montreal the other day at a price 3c. a gallon higher than the same grades went for previous to the St. John's fire. Trinidad quotes from 35 to 37c. in puncheons, New Orleans in barrels is 30 to 32c., Porto Rico hogsheads are 38 to 40c.

# SURPRISE SOAP

St. Stephen, N. B.

## TEAS.

Wholesalers are not busy distributing, but do not seem averse to buying good low grade teas at fair prices. Holders appear to understand the value of their stock, however, and do not part with it at low figures. Jobbers have bought a few Japans, but in rather small quantities. Buyers are cautious and do not take it for granted that the firmer tone of the market is a permanent thing, though there is little to warrant the view that it is not. Montreal men have been buying much more freely and paying 1c. to 1½c. higher than Toronto jobbers give. Ceylons are gaining ground in trade favor, and considerable quantities have been bought by local wholesalers. The tea market is considered to be in a very satisfactory condition for all grades and classes.

## MARKET NOTES.

[Importers, wholesale merchants and manufacturers should send any items intended for this department so that they may reach the head office not later than Wednesday morning. The editor will always welcome such information.]

H. P. Eckardt & Co. are offering excellent value in Ceylon teas in all grades.

Warren Bros. & Boomer are now the only holders of Horse Shoe salmon upon this market. They continue to sell at \$1.60.

McWilliam & Everist sold by auction a car of California fruit at their warehouse on Thursday last. The sale included 307 boxes Bartlett pears, 432 boxes Crawford peaches, 5 boxes P. D. plums, 20 boxes Washington

plums. The pears were taken in lots at from \$2.75 to \$3.40, the P. D. plums at \$3 to \$3.30, the Washington plums at \$3.75 to \$4, the peaches at \$1.55 to \$1.75.

It was reported that a 500 bbl order for granulated was offered to the Montreal refinery that would fill it at \$4.20, but both refused it.

Geo. Musson & Co. received cable advice on Monday that the price of Rio coffee had been advanced 1c. in the primary market. A shipment is now on the way for the same firm.

Sloan & Crowther have just received their second shipment of new Clover Leaf salmon. The first was exhausted a short time after it came to hand. The price is a little higher, being now quoted at \$1.50 to \$1.60.

George Childs & Co., Montreal, are landing another shipment of Lazenby & Sons' pickles by the "Rosarion" and have a full assortment of these high class goods by the same steamer.

Reports as to the Japanese rice crop are of a promising nature. A good early harvest is anticipated. The quotation for rice has fallen consequently, and is expected to drop lower than \$6 per koku.

The New York Commercial Bulletin notes that there are rumors of a combination of beef packers again in circulation. The latest

story is that the proposed combination will include every concern in the country of any standing or influence.

Eby, Blain & Co. are offering the Orient brand teas, a shipment of which has just come to hand. This is a very attractive package line. Travellers are on the road with samples this week, and consider the Orient an easy line to sell.

The orders for the Cunningham & De Fourrier Co's. potted meats and game delicacies are coming in very freely. This is the third season for these goods. Once used they are sure to be repeated. Eby, Blain & Co. are the agents here.

A. M. Smith & Co., London, are landing a full line of Lazenby's pickles and other choice preparations ex the "Rosarion." The continued increase in the sale of these goods is very marked and the agents must feel pleased.

According to late advices, fishing for sardines off the French coast is still attended with unsatisfactory results, the catches being poor, and the prices at which they are locally sold very high, and the prospects for packers for another season are extremely gloomy.

McWillie Bros., Toronto, are showing a very full assortment of Lazenby & Sons' pickles and sauces and report them as the most satisfactory line of that class that they handle. Palestine soup put up by Lazenby & Son is a delicious article that has pleased their customers greatly.

Munn's Canned Caplin, packed in Newfoundland, are one of the choicest delicacies for restaurants and pic-nic parties. They have wide sale wherever introduced. James Turner & Co., Hamilton, are putting them on the market through their trade, and have ordered 5,000 tins to be forwarded at once.

Mail advices from London, under date 23d July, say: The market for low grades China tea is very weak, and some excellent values are obtainable. Ceylons are firmer, especially low grades. Indians are without quotable alteration, but with a tendency to decline. Greens steady, low grade Young Hysons scarce.

Small pearl sago is again more plentiful, and the latest report states that the cultivators of this commodity are turning their attention entirely to this grade, owing, no doubt, to the advanced prices recently obtained, while they have neglected the medium and large grades. If this is correct, prices of the latter are sure to advance, although the consumption is much lighter than that of the small.

The steamer Princess Louise, Captain McCullough, which arrived from northern points on Thursday, brought encouraging news for the owners of the Skeena River canneries. The River so far has been very good, and some of the canneries had 9,000 cases packed before the Louise left. They expected to fill all their cans this week. The salmon were

not so plentiful at River's Inlet, but on the Naas the canneries have done fairly well, and it is expected that they also will have a full pack. About 2,000 cases have been put up at Alert Bay, the fish not being very plentiful.—Vancouver News-Advertiser.

W. Boulter, president of the Canadian Canned Goods Packers' Association, was in the city on Saturday on his way to the Pacific coast. He says the strawberry pack in eastern Ontario was very light: about half the average. Raspberries were frozen last fall and only a small quantity was put up. There were no cherries and there will be no plums: this seems to be general over Ontario. Tomatoes are backward, having suffered in the early part of the season from wet and grubs and from potato bugs—for the first time—they had to be set in many cases a second and third time; the recent hot weather has brought them on very rapidly. Corn is looking well with the present hot weather. The pea pack is about completed, this hot weather shortened the time of packing to a couple of weeks, and the total put down will be less than last year.

According to an official report on German trade, the business in coffee was hardly remunerative last year, as the great variations in prices took away all confidence. Owing to the annually diminishing production of coffee in Ceylon, the business between England and Germany has greatly decreased, and a substitute for such finer descriptions of coffee has had to be sought for elsewhere. The market has discovered this substitute in some Central American growths—those from Salvador and Guatemala, countries that are greatly improving their crops in point of quality. As regards these last named descriptions, for which London was formerly also the chief market, business has now been transferred elsewhere. Part of the German demand is at present supplied via Havre and Hamburg, from which ports exports to Central America have increased considerably, and part is covered by direct purchases in the coffee-producing countries, so that the coffee trade between Germany and England in comparison to former times, has become reduced to a minimum.

Regarding the Boston mackerel market, the "Commercial Bulletin" of that city says: "Owing to large receipts from the fleet and foreign sources prices have further declined, and the market closes unsettled. Last fare sale was at \$10 per barrel right through, \$3 less than a week ago. Cargo lots from Nova Scotia are quoted nominally at \$10 to \$12 per barrel, but buyers are holding off for further developments. Fares ranging from 100 to 350 barrels each have been landed at Gloucester and Portland from Bay of Fundy during the week, and the prospect for a good catch in that direction is quite promising. Several vessels have been added to the fleet, and others are fitting out as fast as possible. A few small catches have been

(Continued on page 20.)

## FLOUR AND FEED.

### TORONTO.

The flour market shows no more life now than it did a week ago. The sales for shipping are easily counted. Prices have retained the character noted last week, and cannot be described as either firm or easy. Cars of straight roller have changed hands every day at \$3.75. Feed is firmly held, but large transactions are exceptional. Some sales of bran at \$9.50 Toronto freights are reported, but holders generally ask \$10.

FLOUR.—City millers' and dealers' prices are: Manitoba patents, \$4.95 to \$5; strong bakers', \$4.50; white wheat patents, \$4.80; straight roller, \$4.40; low grades, per bag, \$1.25 to \$1.50.

Car prices are: Toronto freights—Manitoba patents, \$4.80 to \$4.90; Manitoba strong bakers' \$4.25 to \$4.40; Ontario patents, \$3.90 to \$4.20; straight roller, \$3.65 to \$3.75; extra, \$3.20 to \$3.25; low grades, per bag, \$1.00 to \$1.50

MEAL.—Oatmeal is \$3.80. Cornmeal is \$3.50.

FEED—Bran is \$11 to \$11.50, shorts \$13 \$14, mixed feed \$22, feeding corn 50 to 52, oats 33c.

HAY—Is fairly active at \$9.50 to \$10. for No. 1 new timothy and \$9.50 for new.

STRAW—Is steady at \$6.50 to \$7.

### MONTREAL.

Business in flour "on spot," is quiet, the demand being chiefly local; a few sales of straight roller and extra are noted at quotations. Values remain steady. We quote: Patent spring, \$4.70 to \$4.90; patent winter, \$4.60 to \$4.75; straight roller, \$4.00 to \$4.30; extra, \$3.50 to \$3.65; superfine, \$3.15 to \$3.30; fine, \$2.90 to \$3.10; strong bakers, \$4.40 to \$4.60.

Oatmeal meets with a fair enquiry, at about steady prices. Stocks are heavy. We quote: Granulated, bbls \$3.90 to \$4; rolled bbls., \$3.90 to \$4.00; Standard, bbls., \$3.85 to \$3.95; granulated in bags, \$1.90 to \$2.00; rolled in bags, \$1.90 to \$2.00; standard in bags, \$1.80 to \$1.90.

Bran and shorts are in fair local demand. Mouille is quiet. Quotations are as follows; Bran per ton, \$12.50 to \$13.50; shorts per ton, \$14.00 to \$14.50; mouille per ton, \$19.00 to \$22.00.

W. W. SUTHERLAND.

made in Barnstable Bay and brought in fresh but for a few days past the fish have disappeared and only an occasional straggler has been caught in the traps. Fair fishing is reported at Cape Breton and Prince Edward Island. Owing to the drop in cargo prices dealers are quoting lower, but there is no reliable basis as the quality of the fish varies considerably. Receipts for the week, 103 barrels from home, and 5,700 barrels from foreign ports. The fleet landed about 5,000 barrels, and catch to date is 15,850 barrels, against 9,393 barrels last year."

#### PETROLEUM.

The local market is dull and unchanged, Canadian refined continuing to quote at 14 to 14½c. outside, and half a cent higher delivered in the city.

The Petrolia Advertiser reports:—Petrolia crude \$1.26¾ per barrel; Oil Springs crude \$1 27¼ per barrel. The crude petroleum oil market has certainly a quiet look—taking a rest as it were, before an active season's work. This is usual however at this time of the year. Prospective purchasers of refined oil wait to see how the market will open as regards prices, and when that is determined upon there is generally a scramble for oil. At the present time it is almost a waste of time to talk about prices, as they are merely nominal in the absence of important business. At the same time so with crude, sales of crude are occurring daily but they are also nominal and are not to be accepted as indicating exchange prices, as there is really no business of importance being done on the exchange.

#### BUTTER AND CHEESE.

The butter market is of the same general character as it was a week ago. Sellers are not especially favored by prices, but they can find buyers without trouble and can get fairly good value for their butter. Good store-packed butter sells at from 13 to 15c., and 16c. is paid for fine dairy tub, but the quality must be prime. The receipts this week have been quite liberal but have been cleared up smartly. Two cars of June yellows were shipped last week. They were purchased on private terms, but as the sellers are willing to pick up as much more as they can get a hold of at the prices quoted above, it seems reasonable to assume that a paying advance on these prices was realized on the cars referred to. Low grade stuff, that holders would take 10c. for, is also a free selling line. The call for this from the manufacturers of a butter-substitute in New York, has been considerable since the decision of the United States Treasury to grant a rebate of 99 per cent. of all the duty paid on the material of such of this substitute as is exported. This makes the admission of low grade butter for this purpose practically free and a large quantity has been bought for this trade. A considerable quantity of butter of various grades is held in Montreal. There is a lot of creamery butter in store here, which the holders want 19 to 21c. for.

The jobbing price of cheese is firm at 9½ to 10c. The demand is not above the usual strength.

#### COUNTRY PRODUCE.

**BEANS**—Interest has fallen off almost entirely. Prices are from 90c. to \$1.20, according to quantity and quality.

**DRIED AND EVAPORATED APPLES**—Sundried are more firmly held at 4 to 4½c., the supposed shortage in the crop of green fruit causing an appreciation in the value. Eva-

porated are also more firmly held, though not quoted higher, 6½ to 7c. remaining the current quotation.

**EGGS**—The market is more favorable to sellers. The price is up to 11c., and is firm. Strictly fresh stock is not plentiful.

**HONEY**—The market is very dull. Prices are unchanged at 5 to 7c. for extracted, and 14c. for sections.

**HOPS**—Present indications point to a very small surplus of yearlings when new hops come on the market. Holders here are getting out of stock one by one. The price still quotes at 21 to 24c. for 1891 and 16 to 18c., for good 1890's. The new crop so far is promising.

#### PROVISIONS.

Thesigns indicate an exhaustion of smoked meats before the new cure comes in, unless the visible supply be increased before the year is over. Some houses are now out of rolls, breakfast bacon, and backs. A carload of hams was sold on Monday. An inquiry for a half car of assortments called forth the answer that the stock was not on hand.

**BACON**—Long clear is 8c., smoked backs are 11c., bellies 11c., rolls 9c.

**HAMS**—Are steady at 11c.

**LARD**—Pure is unchanged at 9¾ to 10c. for tubs and pails. Compound is steady at 7 to 9c.

**BARREL PORK**—U. S. heavy mess is \$13 to \$14, Canadian \$15, short cut \$16.

**DRESSED MEATS**—Beef is 3½ to 4½c. in fore and 7½ to 9c. in hindquarters, mutton is 7 to 7½c. Lamb 9½ to 11c., mutton 7 to 8c., veal 7 to 8½c.

#### VEGETABLES.

New potatoes are now plentiful at \$1.25 to \$1.50 per barrel. The call is almost entirely for new stock now, old being only occasionally saleable at 20 to 25c. per bag. Tomatoes are \$1 per basket. Watermelons are 20 to 30c. Canteloupes, otherwise musk melons, are very scarce at \$2.50 to \$3 per crate. Cabbage are \$1.25 to \$1.50 per crate. Celery is 50 to 60c. per doz. Egyptian onions are \$2.50 per sack. Bermudas are done.

#### GREEN FRUIT.

The weather has cooled down sufficiently to make a perceptible difference in the demand for lemons, which had just taken a turn for the better under the stimulus of the hot spell. They are quoted now at from \$4.50 to \$6. Oranges are steady at \$6 per box. Rodis are now about all there are to be had. Bananas are scarce at \$1.50 to \$2. The California fruits now selling are peaches at \$1.75 to \$2, plums at \$2.75 to \$3.50, pears at \$3 to \$3.50, grapes at 60c. to \$1. Apricots are done. Some Canadian peaches, clingstones, are now in stock. The price is \$1 to \$1.25. Canadian pears range from 50c. to \$1 per basket according to quality. Of local fruits, raspberries quote at 7½ to 10c. and are plentiful, gooseberries at 50 to 75c., huckleberries at 75c. to \$1, cherries at \$1.25 to \$1.50, and very scarce, black currants at \$1.25 to \$1.50, red currants at \$1 to \$1.25.

#### FISH.

The fish market has little chance of improving just now. Dulness is as decided a feature as ever. Salmon trout and white fish are 6¼c., lake herring are \$1.50 to \$1.75, salmon 14c.

#### SALT.

The demand is better, a considerable call for barrels and sacks having been developed by the hot weather. Haying gave an impetus to the sale of salt that is not entirely over yet. Prices are steady at quotations in Prices Current.

#### HIDES, SKINS, WOOL, TALLOW.

**HIDES**—The basis is 4½c., the price of No. 1 green cows'. Cured are steady at 5c.

**SKINS**—Pelts are 35c., lambskins 45c., calfskins 5 to 7c.

**WOOL**—The price of fleeces is steady at 17c. for combing grades, 20c. for clothing wool. For pulled, super is 22c., extra super 25 to 26c.

**TALLOW**—Is unchanged at 2c., for rough 5 to 5½c. for rendered.

#### MONTREAL MARKETS.

MONTREAL, Aug. 5, 1892.  
GROCERIES.

The grocery trade at this point has shown a marked improvement during the week, all lines having a better feeling. Prices in heavies have advanced and the cutting noted from time to time has been stopped. Sugar is now in good demand and refiners are looking brighter. Molasses has advanced and is now selling at 33c. in a jobbing way. Rice has had a boom during the week. Coffees are firm, and the new departure in green fruit promises to give us a weekly sale of California fruit. The sale last week was such a success that it only lasted a half-hour bidding was so brisk. The wholesale trade say they have no fault to find with the state of affairs. They also say their men are doing well on the road.

#### SUGAR.

The sugar market has shown a better feeling during the week, this being largely due to the trade selling at steadier prices. The refiners here, say the demand although only of a jobbing nature, is good, and that quite a few small lots have been cleaned out. The wholesale trade are also doing a fair trade, and at larger profits. The old sugar war, is to a certain extent dropped, all the English houses selling for steady prices. It is still reported that the two rival French houses are still cutting, but it is hard to find-out definitely. We quote: Granulated 4½ to 49-16c.; yellows, low grade 3½ to 3¾c., and yellows bright 3¾ to 4¾c.

#### TEAS.

The tea market is very much firmer than it was last week, especially in Japans, which are meeting with good demand at steady prices. Advices from Japan report a short crop this season. This has the desired effect on buyers here who seem to be taking hold freer than usual. In blacks business has also been good.

#### SYRUPS AND MOLASSES.

There is only a small demand for syrup both in American and Canadian. Prices are held the same as cutting would not induce business. The molasses war is now over and dealers here are now selling at 32 to 33 cents. Stocks here are light and the demand fair, one wholesaler here says he is glad things have been fixed.

#### COFFEE.

Coffee is about the same as noted in our last weeks report. Stocks here are now very light and dealers talk firm. What stock of Rios that is held here has had good call, several small lots going during the week. We quote:—Rios 18 to 20c.; Java, 23 to 25c.; Mocha, 24 to 25c.; Jamaica, 19 to 21c.; and Maracaibo, 22½ to 23c, Santos, 17½ to 19c.

#### RICE.

The demand for rice during the week has been good. The mills have shipped several car lots to the west and provinces. The

## MONTREAL Markets continued.

wholesale trade have been doing a good trade lately, and on the whole business is satisfactory to both miller and wholesaler. We quote standard \$4 to \$4.10, Japan \$4.50 to \$5, Patnas \$4.50 to \$5, and Carolinas \$7 to \$8 per hundred pounds.

## SPICES.

The demand for spices is still the same, and the trade doing is still of a jobbing nature. We hear of some small sales during the week but that is all there is to note.

## NUTS.

Nuts are still quiet and unchanged the business doing is purely local. Values rule the same. We quote as follows: Almonds Tarragona 14 to 15c.; almonds, Ivica, 14 to 15c.; almonds, common, 10 to 11c.; almonds, hard-shell, 7 to 8c.; walnuts, Grenoble, new 12 to 14c.; walnuts, French 10 to 10½c.; cocoanuts per 100 \$3.75 to \$4.00; filberts 9 to 10c. pecans 16 to 17c.; peanuts 7 to 10c.

## DRIED FRUITS.

The trade doing in dried fruit at this point is small, this is owing to the light stock here. Enquiries for future delivery are plentiful and the prospects for business as soon as the new season opens up is likely lively. Advices from New York say both currants and raisins are very firm under very light stocks. We quote:—Currants, provincials, 4¼c. to 4½c. in bbls; do. 4½ to 4¾c in half bbls; do. 4¾c in cases; currants, Patras, 5c in bbls; do. 5¼c in bbls; do. 5½c in cases. Raisins, Valencias, 4½c.

## GREEN FRUIT.

In green fruit the stir has been the Vipond McBride & Co.'s sale of California fruit which was a success so much so that it has been decided to hold a weekly sale as long as the season lasts. Oranges are very scarce and prices are high about \$5.50 to \$6 being the figure. In California fruit peaches, plums and pears are having good call as the fruit arrives in such fine condition. The banana boat arrived late last week but the fruit on board was too ripe in many cases and we hear of several over ripe lots being sold for 50 to 75 per bunch while good fruit brings a much better price. The stock of wasty fruit has been about all cleared off so that the stock on hand now is all good grade. We quote oranges \$5.50 to \$6, lemons \$4 to \$4.50 California peaches \$2 to \$2.50 per basket, plums \$3.50 per crate, pears \$3.50 to \$4, bananas \$1 to \$1.50 per bunch, raspberries 65c. per pail, watermelons 20 to 35c., Southern peaches \$3.50 to \$4.

## APPLES.

The apple business is still dull and stocks are so small that they are hard to find. Dried and evaporated fruit are also dull, the business doing is only for actual want. We quote regular \$5.50 to \$6 per barrel, evaporated 6 to 6½c., dried 4 to 4½c. per lb., and evaporated peaches 12 to 13c. per tin.

## ONIONS AND TOMATOES.

Quite a large consignment of spanish onions have been received by one dealer here. They are in such good condition that they are sure to meet with the desired sales. Tomatoes have had good call during the week. We quote onions \$2 to \$3 per case and tomatoes 40 to 45c. per basket, and carrier selling at \$1.35 to \$1.65.

## HOPS.

Hops are about the same as last week with only a small trade doing. We hear of a few lots of '91 stocks being turned over during the week. Pressed are selling in a jobbing way. We quote bulk 27½c. and pressed at 16 to 18c.

## HONEY.

Honey is quiet and the trade doing is very small. There is a large lot of dark colored stock on hand, which can be had very low. We quote strained bright 7 to 8½c., dark 6 to 7c., comb bright 8½ to 10c., dark 7 to 9c.

## FISH.

The season for Caspe salmon is now over the last sales, being made at 14 to 15c. British Columbia fish is selling at 13 to 14c. Halibut is moving freely at 10 to 12c., and cod and haddock at 2¼ to 3c. Lake trout and white fish sell at 6 to 7c. Smoked Yarmouth bloaters, per 60 box, \$1.00 to \$1.10; St. John's bloaters, per 100 box, 80c. to \$1.00; boneless cod, large boxes, 6 to 7c.; do. small boxes 7 to 8c.; finnan haddies 7 to 8c.

We quote No. 1 herring, per brl., \$4.50 to \$4.60; lake trout, per half brl., \$4.00 to \$4.25; sea trout, per bbl., \$8.25 to \$8.75; codfish, green, No. 1, per bbl. \$4.75 to \$5.00; do. No. 2, per bbl., \$4.25 to \$4.50; codfish, dried, per bbl., \$4.25 to \$4.50; salmon, B.C., per bbl., \$13 to \$13.50; do. Nfld., No. 1, per tee, \$22.50 to \$23; do. No. 2, per tee, \$21 to \$21.50; do. No. 3, per tee, \$20 to \$20.50.

## EGGS.

The egg market is firmer. Receipts are liberal but a very large per centage are bad. Shipments too are larger than usual, and are said to be bringing better money. The range is now about 11 to 12c.

## PROVISIONS.

There is no change in the provision market since our last report. Demand being only fair and prices remain unchanged. Lard and smoked meats are also quiet. Canadian short cut, per brl. \$16.75 to \$17.50; mess pork, western, per brl. \$16.00 to \$16.50; short cut, western, per brl. \$00.00 to \$00.00; hams, city cured, per lb. 11c. to 11¼c; lard, Canadian, in pails 8¼ to 8½c; bacon, per lb. 9½ to 10¼c; lard, com refined, per lb. 7 to 7¼c.

## CHEESE AND BUTTER.

The cheese market did not present any striking change to-day, but the tone showed a shade more steadiness than was apparent on Saturday. This was probably due to the shopping around on account of the Liverpool boat which sails to-morrow. In this connection 9c. was the idea for what stock could be picked up under finest. Holders of the latter were firm at our quotations, and it would certainly take 9½ to 9¾ to move any Western colored, with white a shade less. At the wharf this morning 3,000 cheese from the French country sold, the bulk at 9c. with some a fraction more.

Butter was rather quiet to-day on spot, with nothing to note. From the country, however, comes news of further purchases of creamery at 21c., which basis certainly has not been established here in an actual way. Creamery, 20 to 20½c.; Townships dairy, 15 to 17c.; Western dairy, 15 to 16c.

## GRAIN.

The grain market was quiet to-day locally with very little to note. Values rule steady.

The stocks in store show a decrease of 116,665 bushels of wheat, 14,685 bushels of peas, 11,393 bushels of barley, 2,967 barrels of flour, 175 barrels of oatmeal, and an increase of 164,520 bushels of oats compared with a week ago. Compared with a year ago there is an increase of 138,269 bushels of wheat, 137,810 bushels of peas, 652,661 bushels of oats, 84,158 bushels of barley, 3,174 bushels of rye, 2,199 barrels of oatmeal, and a decrease of 300 bushels of corn, 18,157 barrels of flour. We quote: No. 2 hard Manitoba 85c.; No. 3 hard Manitoba 74c.;

peas, per 66 lbs. afloat 78 to 78½c.; oats, per 34 lbs. 35½ to 36c.; corn, duty paid 65c.; barley, feed 35 to 40c.

The stocks of grain and flour in store in Montreal on the dates mentioned were as follows:

	July 30, 1892.	July 23, 1892.	Aug. 1, 1891.
Wheat, bush.....	393,675	510,340	255,406
Corn, bush.....	.....	.....	300
Peas, bush.....	222,427	237,112	84,617
Oats, bush.....	763,687	599,197	111,016
Barley, bush.....	107,437	118,820	23,269
Rye, bush.....	3,714	3,714	.....
Flour, brls.....	41,774	44,741	59,931
Oatmeal, brls.....	2,199	3,374	.....

## DRY GOODS.

Dry goods during the week has been good, and all the travellers out are doing a nice trade. The retailers in the country have been taking hold more freely during the last few days. The retail trade, here, say business with them has been good. The lines that are having the best call are light summer dress goods and silks. Manufacturers agents say fall orders with them are fine, and prospects for future business is bright. Payments are coming in better.

## ST. JOHN, N. B., MARKETS.

ST. JOHN, N.B., Aug. 4, 1892.

## GROCERIES.

Trade in grocery lines has been rather quiet the past week. Farmers are all busy with their haying, which in part is the cause of slackening off in business.

SUGARS—Are still very low, though molasses is considerably firmer owing to recent advances in West India Islands. In fish there is a good demand, and prices are somewhat firmer for all kinds of dried.

RICE—The market is very firm and stocks are light. Some claim prices will advance. Present quotations are 3¼ to 3½c.

SUGAR—Is without any change, is in good demand, and no immediate change in values is looked for. Granulated is quoted \$4.20 to 4¾c., yellows 3¼c. to \$3.40, extra C 3½ to 3¾c.

MOLASSES—Barbadoes is the sort of which most is selling, and as prices have advanced somewhat, the demand is less, and the price quoted is 30 to 32c.

FISH—Our market is very bare of all kinds of dry fish. Large Cod would readily sell at \$4.75 to \$5.25, and mediums are quoted at \$3.60 to \$4, Pollock at \$2.30 to \$2.40, smoked herring at 8 to 10c. Pickled fish are also scarce. A few mackerel are coming in, but in small quantities to make a market. Shad are selling at \$4.75 to \$5.50.

FLOUR—Steady demand for all grades of breadstuffs. Prices are about the same, though the market is inclined downward. Manitoba patients are quoted at \$5.50 to \$5.60; Ontario high grades at \$4.65 to \$4.80; medium patients at \$4.40 to \$4.50.

OATMEAL—The market is quite bare, and prices are somewhat higher, oatmeal selling readily at \$4.20 to \$4.30 for butts for roller and standard.

CORNMEAL—Very little is moving. It is quoted at \$2.80 to \$2.90.

W. R. Dack, who is serving a connection of 11 years with Sloan & Crowther, was on Saturday presented by the employes of the firm with a handsome gold locket. The presentation was made by J. Owen. Mr. Dack, in thanking them for this expression of their regard referred in very feeling terms to his pleasant relations with the firm and their staff.

### DRY GOODS.

Wholesalers have been quite busy during the past week, despite the fact that the house trade has been almost nothing. The sorting trade has been meagre, and the rush is in filling fall orders. Repeats are beginning to arrive, but mostly in domestic goods, although a few repeats of early shipped English goods are arriving.

Fall and winter orders continue quite strong, and prospects are still encouraging. The crop throughout the Dominion bids fair to surpass the volume of last year. Especially in Ontario are the prospects brilliant; in Quebec, the crops will not be quite so heavy; while that of Manitoba and the West will be somewhat late, and liable to be attacked and made inferior in quality by early frosts. Still the feeling of the trade is very good, and no doubt the volume of goods turned over in Ontario will surpass that of previous seasons. Merchants need not expect that anything prodigious will occur, but if stocks are not too heavy, the retailers will find themselves with few fall and winter goods on hand at the end of the season. Overstocking is a standing evil with many dealers, and should be carefully and constantly avoided. Perhaps the best method of preventing it would be to make terms sixty days, and no renewals. This would bring the credit-man to a realization of his position and prevent many serious disasters.

Domestic manufactures are holding their own in the market. This is especially marked in dress goods such as tweed effects. The very cheap lines are not selling very well, but the better qualities are having a very strong market at fairly good prices.

#### NOTES.

McMaster & Co. opened, this week, one of the finest ranges of Scotch and Foreign tweed effects in dress goods ever shown in this city. For style and texture these will be found to surpass, in some respects, the domestic productions, and for a street costume or travelling dress cannot be equalled. Many of the patterns shown, were exclusively manufactured for themselves. They also show a full range of their celebrated Fast Dye Cheviots and Estimaines. They are also showing a large variety of ladies scarfs in Surahs, Pongees, and shot effects, also a fine assortment of the scarce and popular Point d'Irelande Laces, Boating shawls in plain and fancy honeycombs and fancy mixtures, Cheviot wraps in fawns and greys. One of these makes a very comfortable addition to the pleasure of a lake sail.

Gordon, MacKay & Co. are very busy sending out flannels, such as union greys, standard wool, St. Hyacinthe, Trent Valley, navys and militarys, wool druggets, flannel sheetings, and white and scarlet saxonys. In yarns they are showing a large range of domestic manufactured, in fingerings and saxonies, as well as a range of imported

yarns. They have just received shipments of watered silk ribbons and moss trimmings. Their silk featherineis a beautiful trimming, it is shown in narrow and wide widths, and is intended for neck ruchings as well as dress trimming. It is shown in both German and American manufacture. Their dress goods in Bedford cords and tweed effects are worthy of attention. They are also offering a job line of sealette at a low price, in which they have secured a bargain and intend to give the buyer the benefit.

Wyld, Grasett & Darling are meeting the demand of the season for large buttons, by showing several lines of large pearl, metal and celluloid fancy buttons. The novelties shown in the patterns are artistic and varied. Their stock of black and cream veilings has just been renewed; the patterns being mostly nets and spots. They are continuing to turn over large quantities of their domestic and imported knit underwear, for which they have had a strong demand. Fresh shipments of merino and wool half-hose have been received. In suspenders, they are showing some special makes of domestic and imported manufacture. Their line of shirtings shows a well assorted stock, still at the old prices. Their stock of wool and union blankets is immense.

Caldecott, Burton & Spence are showing a very choice lot of chenille curtains. These curtains have grown steadily in public favor, and this year some entirely new styles are seen. Ottoman plush for curtain material is also shown, this is sold by measure, and is a very suitable material for curtain drapings. They have also received among other new goods, a line of gauntlet kid gloves and also fabric gloves with gauntlets. It is not often that the style of glove varies, but at present the tendency towards a gauntlet glove is quite strong, but perhaps it may be but a passing whim and another season may find them again discarded.

A fine range of tartan dress goods is shown by W. R. Brock & Co. These goods are neat and attractive; while their line of French and German tweed effects is extensive and suitable. Their range of neck wear is very complete in knots of various shapes. These are shown in figured satin and sourah and fancy silks, with patterns running mainly into checks and broad stripes. The colors in some cases are quite brilliant and admirably combined, but darker shades are also shown. Their stock of Derbys or four-in-hands is very good, especially in point of prices. They have been offering a special drive in Paris quilts at about ten per cent less than regular prices.

Samson Kennedy & Co. report a strong run at present on men's furnishings. Already they have sent in and received some cable-repeats from across the ocean. Their dark fall and winter shades of knots have sold well, and the demand for tied-by-the-wearer scarfs is on the increase. In knitted goods

such as infants caps, booties, infantees and shawls they have a well-assorted stock. This is also the case with their handkerchiefs, both of Irish and Swiss manufacture; some of the latter especially are well-finished. A line of goods which they are pushing at present is fancy undershirts for ladies. These moreennes are shown in all colors and in different styles, such as braided skirts, feather-trimmed, fancy striped, etc. They have been much in demand the past season.

John Macdonald & Co. have just received shipments of white quilts and lace and chenille curtains. Another arrival is a repeat in a line of Canadian dress goods in Scotch tweed effects. This line comprises: checks, plain mixtures, wales, and novelties, and is of extra good value. They are showing some Bengaline Derbys in sporting spots; in other neckwear, they are showing some new shapes and styles in the Lombard, the Venice, the Berlin, the General, and the Army and Navy. The success attending the sale from the samples has warranted them in placing a very heavy stock on the market, in order to meet the expected strong demand. Their stock of haberdashery has been increased during the past week by several shipments

It is a well-recognized fact that no business establishment is complete without some cash carrier system. Attention is called to the Whiting Cash and Parcel Carrier. It seems in it impossible for anything to get out of order, as there are no cords or springs. Merchants throughout the country, who give it a trial, may satisfy themselves of its merits, feeling satisfied that where once introduced it would never be parted with.

SARNIA, Ont., June 8, 1892.

H. E. WHITING, Esq., London:

DEAR SIR,—I have been using your Cash Carriers for a long time, and must say they fill the bill in every particular, especially as to their keeping in order. It seems to me that they could hardly be improved on.

I remain, yours truly,

(Signed) JOHN LEYS,  
Late Leys & Morrison.

This carrier has been in use two years and six months. adv

## SALES MADE OR PENDING.

Joseph Fish, dealer in flour and groceries, Hantsport, N.S., has sold out.

## CHANGES IN STYLE OR COMPOSITION OF FIRM.

Hue & Wiltshire, commission agents, Halifax, have dissolved.

J. Duncan McFarlane & Co., manufacturers' agents, Montreal, have dissolved.

## REMOVALS AND DEATHS.

F. H. Warrington, cheese exporter, Montreal, is dead.

Alfred Lang, of the Lang Manufacturing Co., biscuit and confectionery manufacturers, Montreal, is dead.

Henry Kent, of the firm Gowans, Kent & Co., wholesale crockery and glassware merchants, Toronto, is dead.

## FIRES.

The stock of William Wall, grocer, Ottawa, was damaged by fire and water. Insured.

## DIFFICULTIES, ASSIGNMENTS, COMPROMISES.

J. Laviolette, grocer, Montreal, has assigned.

Wm. Rankin, grocer, St. John, N.B., has assigned.

J. D. White & Co., grocers, Montreal, have assigned.

Demand of assignment has been made upon Leandre Jonette, grocer, Montreal.

N. Paquette, general merchant, Donald, B.C., has assigned to D. W. Bole.

S. Dawson, general merchant, Drumbo, Ont., has assigned to D. Blackley, Hamilton.

Stanley Saylor, flour and feed merchant, Toronto, has assigned to George Edwards, Toronto

Israel Morin, general merchant, Chambord, Que., has compromised at 75c. in the dollar.

The affairs of E. Fontenelle, general merchant, Drummondville, Que., are being investigated.

The stock of John Ashfield, crockery dealer, Ottawa, who recently assigned, valued at \$5,210, has been sold to his brother, George Ashfield, for 40% c. on the dollar. The liabilities are about \$11,000. Rent and taxes amount to over a thousand dollars, and C. W. Mitchell, of the Free Press, holds a chattel mortgage for fifteen hundred, so that the ordinary creditors will not get a cent.

Special agent Ames has reported to the Treasury department at Washington that G. H. Bush, was arrested at Plattsburg, N. Y., on a charge of smuggling eggs into the United States from Canada. This is said to be an extensive practice.

## THE GIANT AND HIS CLUB!

Goliath was a mighty man,  
A man of great renown,  
He owned a wholesale grocery  
In a big commercial town.  
He posed as middle-man between  
The manufacturers all,  
And the retail dealer whom  
He crowded to the wall.  
When the retail merchant ordered goods  
To feed his little flock  
The answer that he got was this,  
"We haven't it in stock.  
It don't pay us to handle such,  
We wouldn't if we could,  
But we'll fill your order all the same  
With something just as good."  
"Please then, dear Goliath,"  
The retail grocer said,  
"Don't compete with us retailers  
And thus chop off our head.  
To sell in such small quantity  
Your office you abuse;  
Though you hold us in the clamps,  
Please don't turn on the screws."  
Then up spoke the manufacturer  
And said, "I'd like a chance  
To introduce my goods somehow  
And thus my trade advance.  
I'm willing hard my horn to blow,  
But I no fish can sell,  
So long as you're so selfish  
You do not treat me well.  
If you're a middleman indeed  
Why not keep in the middle  
And not the band attempt to lead  
While I play second fiddle?"  
Then spoke the great Goliath,  
The giant in his might:  
"If both of you don't come to terms  
I am ready to show fight.  
Now hearken, manufacturer,  
Unto my stern commands,  
You henceforth shall not sell your goods  
Except 'tis through my hands.  
And you, little retail dealer,  
You pusilanamous cuss!  
You'd better mind your P's and Q's;  
If wuss should come to wuss,  
We'll foreclose that mortgage  
We hold upon your stock,  
And you, oh manufacturer!  
Your head right off we'll knock."  
But the parties thus assailed  
Did not scare worth a cent.  
Full well they knew the middleman,  
Goliath's strength was spent.  
His club though labelled "boycott"  
With which they had been bluffed,  
Would do but little damage  
Since the club was only stuffed,  
"Therefore, proclaim it not in Gath  
That the Davids in this strife,  
Can not exist without you;  
Of trade you're not the life.  
If with us you cannot labor  
And do the proper thing,  
You may expect that we will use  
The stones that's in our sling."  
Thus spoke the manufacturer  
And to Goliath says, says he  
"Go-liar go and tell your woe  
To the Maritime Cavalree."

—O. P. Deldoc in Detroit Herald of Commerce,

## MAKE MORE OF RICE.

Dealers in rice would greatly increase the consumption of this food if, through the food expositions, or in other ways, they would show the American people in how many ways rice may be prepared for use. Wheat is our great cereal, and it enters into thousands of toothsome and delicious articles, while rice is made up in only about half a dozen different ways by the English-speaking peoples. It is, however, an elegant substitute for potatoes, with fowl, fish, and meats, and in India is made into the most delicious cakes and articles of confectionery. It is a staple food of hundreds of millions of the human race, and a little popular education as to its capabilities and value as a food would soon double its consumption in this country.—Am. Analyst.

**WINN & HOLLAND, MONTREAL.**  
SOLE AGENTS FOR THE DOMINION OF CANADA.

THE CANADIAN GROCER PRICES CURRENT.

TORONTO, Aug. 4, 1892.

This list is corrected every Thursday. The prices are solicited for publication, and are for such quantities and quantities as are usually ordered by retail dealers on the usual terms of credit.

Goods in large lots and for prompt pay are generally obtainable at lower prices.

All quotations in this department are under the direct control of the Editor, and are not paid for or doctored by any manufacturing or jobbing house unless given under their name; the right being reserved to exclude such firms as do not furnish reliable information.

### W. BAKER & Co.'s Breakfast Cocoa

Is Absolutely Pure  
and it is Soluble.

Unlike the  
Dutch Process

No alkalis or  
other chemicals  
or dyes are used  
in its manufacture.

A description of the chocolate plant, and of the various cocoa and chocolate preparations manufactured by Walter Baker & Co., will be sent free to any dealer on application.

W. BAKER & CO., Dorchester, Mass.

**FLOUR** High Patents, Bakers and Low Grades.  
Split Peas, Pot Barley and Corn Meal.  
Feed of all kinds.  
E. D. TILSON, TILSONBURG, ONT.

If you want a **Good Lantern** see the

### "Crank" Tubular

"You simply turn the Crank"

BEST BECAUSE :

- 1st. Foot and Oil Pot drawn from one piece of Tin.
- 2nd. Tubes made of one piece of tin and bent at the corners.
- 3rd. The only Lantern on which top spring is self-adjustable.
- 4th. Most easily lighted—Simply "Turn the Crank" and the Globe swings back.
- 5th. No burning of fingers. Crank never becomes hot. Slow dealers won't have it till next year. Live ones will write us at once.

### GOWANS, KENT & CO.,

Toronto and Winnipeg.

HYDE PARK, ATHLETE, PURITAN, DERBY. SWEET SIXTEEN CIGARETTES.

The favorite mineral water of Queen Victoria—The West, Ont.  
Sparkling, delicious, refreshing—Saturday Night, Ont.  
Superior to any other Table Water—Dr. Redwood.
