CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

(THE great and decided success which has attended this institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary farionean Rates. The result of such Refuction is to enable garties to avail themselves of the important benefits to, Life Assurance at much lower Rates of Premium than those of any other Assurance Company I musicing business in Canada.

The Directors have also resolved to extend to British. North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by see or land, to other parts of North America without affecting their Interest in their respective Policies.

AMUEL COCHRAN invites the attention of Customers to his stock of TE AS and COFFEES, which have been selected with the greatest care, and on such terms as allow him to offer them at unusually low prices.

The MACHINERY on the Premises, worked by a Four Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being closely confined in switching and resultating in heated air chambers, is prevented imbibing taint from Smoke, danger of partial carbonization of the Bean and loss of Aroma, so important to Consolerure, which is further ensured by attention to Grinding at the shortest time prior to Sale.
