DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XXI. No. 42.

WOLFVILLE, NOVA SCOTIA, FRIDAY, August 4, 1922

\$2.00, payable in advance

TOWN COUNCIL

Holds Rather Barren Session

In the absence of Mayor Sutherland on Wednesday evening at the regular meeting of the Council Presiding Councillor Cox occupied the chair. All the councillors were present.

For the Streets and Public Property Committee the chairman, Coun. Young, reported an expenditure during the month of \$451.85, work having been done on a number of streets as required. In connection with the report Coun. Eaton referred to the work done in grading the school-grounds and the good service rendered by Mayor Sutherland in connection therewith. A hearty vote of thanks to his worship was unanimously passed.

Coun. Peck reported that the sum of \$59.81 had been expended by the Water Committee most of which was to the Electric Commission for current for operating the motor at the pumping-station.

Coun. Wheaton, for the Sewers Committee, reported that everything was going along satisfactorily in this department. In the discussion of this report the matter of measuring up Willow avenue was considered and it was decided to continue the sewer up King street a sufficient distance to permit connecting the property of Winfield Spicer.

For the Police Committee, the chairman, Coun. Whidden, reported the amount collected during the month \$50, with expenditures \$13.00. Promise was made of a report regarding other activities now in hand at a future meeting.

Coun. Eaton, on behalf of his committee, reported an expenditure of \$86.30 on account of the Poor.

Coun. Whidden reported for the Finance Committee respecting the receipts and expenditures during the past month and that the credit balance at the bank was now \$830.15.

Mr. J. L. Ilsley, of Kentville, appeared before the Council on behalf of several citizens of the west end with regard to an agreement covering the matter of provisions for sewer connection.

It was decided that the time for receiving tenders for insurance on town property be not later than Aug. 20th, and that the Finance Committee report respecting same at the September meeting.

The following bills were read and ordered paid:

Davidson Bros.....	\$14.65
A. & W. MacKinlay Ltd.....	13.02
Wolfville Fruit Co.....	58.90
E. A. Crawley.....	20.00
A. W. Bleakney.....	17.20
Aubrey Dakin.....	6.00
Dr. G. E. DeWitt.....	35.00
Woodman & Co.....	47.27
J. Matherson & Co.....	12.50

I. O. D. E.

A special meeting of the I. O. D. E. was held Monday evening in the Town Hall when the sum of forty dollars was voted toward defraying the hospital expenses of five needy patients, all children. One case is recovering from double pneumonia and four are to have their tonsils and adenoids removed before the opening of school.

Preparations for the fête on Sept. 14th go steadily forward. A special attraction will be the white elephant booth under the capable charge of Mrs. Member Parliament Robinson. Mrs. Robinson has absolutely no experience in the handling of white elephants but she brings to her task a fund of energy and executive ability. If you have in your home a "white elephant" (positively no husbands accepted) convey it to this booth and Mrs. Robinson by a process of alchemy will change it into a live workable pony. In other words if you have something you never use but somebody else would do so please donate to Mrs. Robinson at an early date.

The Nova Scotia Tennis Tournament is to be held next week at Bridgewater. The following members of the Wolfville Club are entered: Misses Frances Kierstead and Marjorie Chute, Dr. C. E. A. deWitt, Dr. Leslie Eaton, Dr. Eugene Eaton, Messrs. R. W. Tufts, Austen Chute and Murray Beardsley. We wish them luck.

TO PREACH TO THE KING

Rev. Canon H. J. Cody of Toronto who is at present touring England, will preach before King George on August 6th in the private chapel at Buckingham Palace. He is the first Canadian Cleric to be accorded this signal honor.

MEMORIAL CHURCH NEARING COMPLETION

Work upon the Memorial Church at Grand Pre Park has progressed very rapidly this week. The stone work of the building is completed and the interior lining of ventilating tiles is in place. This makes a wall two feet thick. The floor is to be of concrete and the foundations for this are already made. The roof is now boarded in and the steeple is raised, the top of which surmounted by a cross will be almost 100 feet from the ground. The front of the church arched high and the top of the opening will be of glass. The four great doors of the building will take up almost the width of the front. Standing upon the Park elevation north of the railway, the spire of the church can be seen from great distances. When completed the building will be a beautiful structure.

On the 16th of August, in the morning, High Mass will be celebrated by Bishop LeBlanc, of St. John, N. B. The sermon will be preached by another high dignitary of the church, Dr. F. A. Richard will officiate as master of ceremonies at the laying of the corner stone of the church. The Hon. D. V. Landry, Chairman of the construction committee, Rev. A. D. Cormier, who delivered an eloquent oration at the meeting of Acadians at Grand Pre last August; and Mr. R. A. Frechette, the architect of the Memorial Church, of Montreal, will be present to assist at the ceremonies this year.

The Hon. A. E. Arsenault, judge of the Supreme Court of P. E. I., President of the National Assumption Society; and Hon. A. Rivard, judge of the King's Bench, of Quebec, will be among the principal orators during the celebrations.

This Minas country of ours was first settled in 1680. In 1689 the church of St. Charles was erected at Grand Pre where the Memorial Chapel now stands. Some years later, St. Joseph's Church was erected in Canard, whose settlements of the Acadians followed rapidly after the colonization of the country south of the present Cornwallis River.

Both churches were enlarged from time to time to provide for the growth of the Acadian population. In 1775, all the buildings of Minas were destroyed when the people were removed. The descendants of those deported people in Canada and the United States, numbering over 150,000, are contributing the funds for the erection of the present church at Grand Pre.

A RECORD IN EARLY SHIPMENT OF APPLES

Berwick usually leads the rest of this grand old valley in the early shipment of seasonal fruit, particularly apples. This year this great apple producing section established a record in marketing the first apples of the 1922 crop as early as July 25th. That is the date (yesterday) when H. B. Ilsley shipped by express to Halifax, one barrel and fifteen baskets of choice early Astrachans. Can any other fruit section in the valley beat this?—Berwick Register

Another Conference at Wolfville

Summer School for Sunday School Workers in Session at Acadia Seminary.

The summer school of methods for Sunday-school workers, which opened on Thursday of last week and has been since in session, has had about seventy delegates in attendance, and the meetings have been interesting and helpful.

All the meetings of the conference were held in the chapel of Acadia Seminary, which was generously placed at the disposal of the school, and presided over by Rev. Waldo Machum, of Fredericton, Field Secretary of the Board of Religious Education for the Maritime Baptist Church. Associated with him were Rev. H. S. Strothard, B. D., Sackville, N. B., Field Secretary for the Maritime Methodist Church, and Rev. Frank M. Milligan, Field Secretary for the Maritime Presbyterian Church.

Two lady specialists in junior work were also present to lead the classes in their departments, Miss Alice Harrison, Moncton, and Miss Lillie Mitchell, Halifax.

The opening meeting on Thursday evening was largely attended. The devotional exercises were led by Rev. Mr. Machum, assisted by Rev. Mr. Miller, of Wolfville. The music was splendid with Miss Harrison at the piano, accompanied by Mr. Norman Clark, of Berwick on the clarinet, and Mr. James Kenney, of Barrington Passage, on the violin. This orchestral music added much to the enjoyment of the service.

Mr. Machum introduced the speaker of the evening, Dr. Frank O. Erb, editor of Young People's Publications for the American Baptist Public Society in Philadelphia.

Dr. Erb reminded the members of the conference that during the months of July and August, in the United States and Canada, fifty thousand young people were gathered in schools similar to this with their hearts and minds reaching upward for the best, not for themselves, but for the Kingdom of God. He took as the subject of his address "Jesus as a Religious Educator". He considered it under two heads. First, certain fundamental principles in the life of Jesus as a religious educator. Jesus believed in the majesty of character. Character is based on religion. Religion is normal to Jesus. Jesus actually doing the work of a religious educator. Jesus made it His business to discover people's needs and to help them where they were. Jesus had the mastery of truth. He had wonderful skill in teaching. Appealed to the conscience and the will. He embodied His own teaching. He believed in leadership training. God wants the best.

Dr. Erb has a clear, forcible way of presenting his subject. On Friday morning the systematic work of the school began. Dr. J. A. Clark the popular minister of St. Matthew's church, Halifax, led the devotional Bible study each morning, taking as his theme "Psalm Studies". On Friday he took Psalm—8 "The song of the shining name" and in his own inimitable way, he

opened up the beauties of this Psalm bringing from it meanings hitherto unknown to the ordinary reader. This Psalm tells us about the name of the Lord. Our names do not mean anything, but here the word "Name" means something about God, about His name in three things.

The first syllable of God's name is seen in nature in the heavens. The second syllable of God's name is the God, who made man, and the third syllable revealed in Jesus Christ. This Psalm is not finished but its conclusion is found in the second chapter of Hebrews. Man was many things in subjection unto Him, but not himself. There is a man, the man Jesus, who lived and was tempted and died, and he was the absolute master of Himself. He faced all evil of man's life, and misunderstanding of God and death. He went through all these things and He conquered them and put them under His foot. So all His followers may have the same victory, knowing this more than did the writer of the eighth Psalm. We find God's name so marvellous that we have not words to express it.

The students of the school were gripped by the originality of thought in Dr. Clark's teaching, and his clear and forcible way of presenting it.

The remainder of the morning was divided into three-lecture periods in charge of members of the faculty, each requiring the strictest attention and keenest thought of the student.

In the afternoon several games of volley ball were played, after which a number of enthusiasts enjoyed a hike to the Ridge. The evening's exercises began by a lecture by Rev. Frank Milligan. This was the first lecture of a series on Sunday school administration given each evening by Dr. Milligan. He had made a thorough study of his subject and very carefully and concisely gave the students the results of his study and experience.

At the close of the lecture the audience went into the drawing room for the informal period of song and story telling. The songs were led by Mr. Milligan and were entered into heartily. The story telling was most excellently done by Miss Harrison, Secretary of the Children's Division, M. R. E. C. G. I. T., Halifax, Mrs. Ford of Wolfville, and Mr. Doane Hatfield of Wolfville. Each one displayed unusual talent in this new feature of young people's work, and the story telling period was much enjoyed by all.

On Saturday morning Dr. Clark took for his devotional Bible study the eleventh psalm—"A Song for the Darkest Day" and again brought to the students a wealth of fine thought and inspiration.

One of the heaviest courses in the curriculum of the school was taught each morning by the Rev. Waldo C. Machum on "The teaching values of the old testament". Mr. Machum is a

JOSEPH DEMERS, K. C., M. P.

Who has been appointed to a judgeship in the Superior Court of Quebec. His appointment will mean a by-election in St. John's, Irberville, the county Mr. Demers has represented in the House of Commons since 1906.

AUTOMOBILE ACCIDENT

A serious automobile accident occurred last Sunday afternoon at Cambridge, when a car driven by Ralph Spencer, of this place, was forced over the side of the road near the Ashley bridge by an unknown car and turned upside down.

The occupants of the car were pinned underneath for nearly fifteen minutes. Spencer was proceeding west at a moderate rate of speed and had just cleared the bridge when he met a big car coming from the opposite direction at a fast rate and which refused to turn out. Spencer's wheels went over the edge of the bank and the car turned completely over.

The driver of the unknown car did not stop but continued on his way at a furious rate of speed, leaving his injured victims on the road. The ill-fated car contained eight persons including Mrs. Spencer, his two brothers, Aubrey and Vernon, and their wives and three children.

The injured were taken to a nearby house where they were attended by Dr. Bishop, of Kentville. Ralph Spencer, who was found to be seriously injured, was taken to the Memorial Hospital, Berwick, where he still remains. At latest accounts his condition was much improved, and it is thought he will recover.

AVONPORT

Mrs. Ruben Smith and daughter Miss Marion, of Somerville, Mass., are the guests of Dr. and Mrs. B. C. Borden, "Crancroft".

Mrs. Bessie Dawson and daughter, Miss Katherine, of Strathmore, Alberta, who have been the guests of Mrs. and Mr. W. O. Parker during the past week, left on Monday for Canso where they will visit friends for two weeks before returning to Strathmore, where Miss Dawson is engaged in teaching school.

Miss Ida Harvey, of Hantsport, is spending a week with her friend, Miss Kimba Lockhart.

The Misses Adelaide and Phillips Borden spent a few days of this week with friends at Evangeline Beach.

Mrs. Arthur Lockhart left on Monday for Hillsborough, N. B., where she will join her husband at the barge "Hamburg."

Mr. and Mrs. A. B. Cox are receiving congratulations on the birth of a daughter.

Mrs. Geo. Hutchinson, Sr., and little granddaughter Orena left on Wednesday for Pleasant River to spend a few weeks with relatives.

Mr. Geo. Hutchinson, Jr., of Halifax, was the guest of his parents for the week end.

Miss Minnie Brooks and sister, Mrs. Susie Hughes, returned on Saturday last from a very pleasant two weeks vacation spent in Halifax and Cumberland Co.

Mrs. Morgan, Mrs. McCall, Mrs. Bailey and Mrs. MacDonald, who have been the guests of their father, Mr. E. L. Wallace, for the past two weeks, left on Saturday for their homes in Mass.

The contract for the erection of the new Royal Bank building at Digby has been awarded to Mr. C. H. Wright, of Wolfville.

WOLFVILLE WINS BALL GAME

Defeats Lawrencetown in Last Inning—Score 4-3

The best ball game seen here this season was played on the Campus Wednesday afternoon, when the local team defeated Lawrencetown by the score of 4 to 3. The game was keenly contested throughout and the result was in doubt up to the last inning when Wolfville scored the winning run amid the cheers of the fans.

The visitors were strengthened by the addition of Winsor and Cohen, of the Boston Travellers, but even with this help they were not a match for the local team who played splendid ball. Lawrencetown scored the first run in the second inning on an error, and there was no further scoring until the seventh when the home team secured two runs and took the lead. Lawrencetown duplicated in the eighth and again took the lead only to lose it when Wolfville scored one when they came to bat. With the score a tie at the beginning of the ninth inning excitement ran high. The visitors tried hard but were unable to add to their score. Kenzie reached first on an error and stole second. Eagles got a hit and stole second while Kenzie stole third. Scriven hit the ball to the second baseman and got out at first. Evans hit a sacrifice and Kenzie came home on an error. With the game won by Wolfville Lawrencetown retired from the field, although the home team had only one out.

Brown pitched a splendid game for Wolfville, striking out twelve men and allowing only five hits. L. Messenger pitched for Lawrencetown until the eighth inning when he was replaced by Winsor. Messenger struck out seven men, allowed five hits, and walked three men, while Winsor struck out one, walked one and allowed one hit. Evans got a two base hit in the eighth. Annis made three good catches. The game was refereed by Angus and Simons.

The driver of the unknown car did not stop but continued on his way at a furious rate of speed, leaving his injured victims on the road. The ill-fated car contained eight persons including Mrs. Spencer, his two brothers, Aubrey and Vernon, and their wives and three children.

CLINIC ITEMS

After the throat operations of Friday, Aug. 4th, at King's Memorial Hospital, Berwick, there will be no more clinics till September the first, when a Tuberculosis clinic will be held at Clinic room Weaver Block, Kentville, commencing 2 p. m., specialist from N. S. Sanatorium in attendance.

After an exhaustive survey of thirteen years records of Bellevue Hospital, New York, Dr. Alexander Lambert (Roosevelts personal physician) found to his surprise and delight that the number of cases of rheumatism (rheumatic fever, acute articular rheumatism) in proportion to other forms of disease in Bellevue, had fallen off 70 per cent, in thirteen years! In other words, there is today, less than a third as much rheumatism among 3000 patients in Bellevue Hospital as there was thirteen years ago.

The only thing, or influence or change of habit, which could possibly be supposed to account for this, was the splendid system of dentist clinics and tonsils, adenoids, and throat clinics, which were established in the public schools of New York City about twenty years ago and got into full swing about ten year ago.—Dr. Woods Hutchinson (McLean's Magazine.)

A SIGN OF THE TIMES

—Capel, British and Colonial Press Service.

W. C. T. U. Notes

Women's Christian Temperance Union first organized in 1874.
 Aim—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.
 Motto—For God and Home and Native Land.
 Badge—A knot of White Ribbon.
 Watchword—Agitate, educate, organize.
 Let us not judge one another any more, but judge thus rather, that no man put a stumbling block or an occasion to fall in his brother's way. Rm. 14 : 81.

ARE WE EXTRAVAGANT?

Ontario teachers have been holding their annual meetings and it is not surprising that the question of salaries was considered. At the meeting referred to the teachers countered on what they claim to be luxuries and extravagances indulged in by many people who are unwilling to advance the stipends of the teacher. They point out for example, that \$61,000,000 is expended in Canada every year for cigars, cigarettes and tobacco. It is a goodly sum and would go towards providing increases for the teachers. It all goes up in smoke. The teachers would not complain of that if the smokers were willing to help pay them more generous salaries. They say further that the gum chewers in Canada spend \$3,680,000 for the pleasure of waging their jaws. This is quite a substantial sum for such an ephemeral pleasure. And they charge that face powders mean an expenditure every year in this country of \$1,600,000, which is quite a large sum to be daily applying and washing off. And soft drinks cost yearly the sum of 28 million dollars. The teachers think that if less liquid were put into the stomachs and more learning put into the heads of the people of Canada the country would be better off. They think that a good part of the 28 millions might well be applied to the encouragement of their profession. We have contracted extravagant habits; and they are growing. They diminish the pocket-book; and too frequently people are more willing to starve the teaching profession than to reduce their supply of tobacco, chewing gum, face powder and soft drinks.

FADS AND FASHIONS

A new jersey with a crepe surface is favored for sports wear. The draped gown is very new and becoming to the statuesque type. Black satin ribbon is the only trimming of a hat of white crin. Kiddies are wearing smocks of cretonne over black sateen bloomers. Small leghorns for sports wear have rolling brims and ribbon bands. Capes of dark crepe are brilliantly lined and collared with caracul. Light colored frocks of linen are worn with huge drooping picture hats. A small hat of taffeta is trimmed with wheat and narrow velvet ribbons. Flimsy laces or chiffons fall from the backs and sides of drooping brims. Clusters of orange blossoms pose on the drooping brim of a black lace hat. Huge flowers of grosgrain ribbon are applied on the skirt of a georgette frock. A skirt of coarse green chevot is worn with a sports coat of plain yellow, collared cuffed and slashed in the green. A charming afternoon frock has a bodice of white crepe de Chine embroidered in jet and a skirt of black mousseline. A white crepe de Chine frock has a girle of white silk and straw and a cape of black lace, which also forms the sleeves.

FRIGHTENED!

"Every morning I woke up, I felt that something terrible was going to happen."

Writes Mrs. M. and she goes on to say, "I wonder if any other woman ever had such fits of depression as I had for over a year. I was so utterly despondent that if it had not been for my children, I believe I would have put an end to my life. Every day and every night was a nightmare. I dreaded going to bed because I lay awake most of the night. When I did sleep, I had the most dreadful dreams. I couldn't eat. I was completely run down—nothing interested me, nothing appealed to me. I consulted several doctors. They prescribed different remedies to build me up but these preparations didn't do me any good. Doctors told me I had a nervous breakdown. I was tired all the time. I felt every day that my strength was gradually leaving me. The least little exertion left me thoroughly tired out. I knew I was gradually wasting away. I felt I was going to die and I was so thoroughly miserable that I did not care whether I lived or not. And then I heard about Carnol and what a fine tonic it was. At first I refused to take it as I was sure it wouldn't do me any good. Finally I did try it with the most wonderful results. I am well and happy every minute of the day now. I eat heartily and sleep soundly. My friends won't believe that Carnol alone has done this for me. I am never despondent now and every day is a day of joy. What Carnol has done for me it will do for you."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 2-122

LIVE WITHIN YOUR MEANS

It is one of the shortcomings of many persons in all walks of life that they do not keep their expenditures within the limits of their incomes. The desire to make a showing, to attract attention and to enjoy the transitory pleasures of the day, are, in large measure, responsible for this evil. This is not said in condemnation of the finer things of life. It must be remembered that what may be perfectly prudent spending for one may be the height of extravagance for another. Conditions in life vary. Each person must regulate his own expenses in keeping within his own income, because it is only this way that individual progress can be made. To drift along from day to day without getting ahead is the worst form of management and folly for it is bound to bring unhappiness if not absolute ruin. It hurts no one to be deprived of a few passing pleasures in order to make provisions for the future. It is through experience of this kind that strong characters are formed and moral strength is generated. To yield to temptation and be continually spending money for ephemeral joys which should be laid away for future uses has a most deteriorating effect.

No matter what conditions in life may be with you, above all things else live within your means. To do so will bring reward in later years that will repay you for every privation and inconvenience you suffer. If your income is limited, your savings, of course, will necessarily be small, but the amount that you lay by at intervals is of secondary importance to the fact that you save something. No matter what your circumstances may be, live within your means.

OPPOSED TO COLLEGE MERGER

SYDNEY, July 27—Sydney delegates to the Maritime Baptist conference, to be held at Wolfville, about September 1, were last night instructed to vote solidly against the proposed merger of Maritime provinces colleges. The congregational meeting, which was called to select delegates and define the policy to be pursued, turned out to be absolutely against the proposed amalgamation, an official of the church stated today. The delegates named are Rev. Neil Herman, Mrs. A. W. Fones, Mrs. Sydney Reeves, A. R. Richardson M.P.F. and B. H. Crawford. The Wolfville meeting, early in September, has been summoned to decide the attitude of the Maritime Baptists toward the merger.

"BATTER UP"

The cry "Batter up!" thrills one who plays in or looks at a baseball game. But the batter himself is most concerned of all. The words mean a grave responsibility for him. He is the one to advance the fortunes of his team or humiliate himself and them by an egregious failure. If he hits the ball he may himself make a run or a part of a run; or he may advance a man on the bases; or he may do both. If he does not hit the ball he has nothing but the execration of the crowd, as, with a sheepish grin on his face, or a sullen scowl, he meanders back to the dugout. If on the way he halts to deliver an uncomplimentary opinion of the umpire, he may be put out of the game. Nobody wants the reasons for the failure to hit the ball. Nobody asks whether the batter slept poorly the night before or had the toothache; nobody cares if the sun shone in his eyes as he stood at the plate. All that is known is—he had his chance; he missed; the game goes on.

For the world is too busy to heed explanations. It is not a heartless world or a selfish world, but it has its work to do. It calls to service all who are able to do anything; it discovers sooner or later how much their output is worth and pays them accordingly. It has to protect itself against imposition, and it must not waste sympathy on charlatans and fakers.

Naturally its capital prizes go to those who by determination have overcome great obstacles. It is but fair that the rewards should go to those who earn them. If in the present generation we see some who are incorrigible idlers, gross materialists, spending their substance and their time in vain and vicious courses, we know that these cases are eccentric and artificial. These folk are enabled to be idle and silly only because in days of old a progenitor rose early and toiled late and amassed a fortune. The modern spendthrift is merely scattering the pile. He does not signify as a human being; he is only a distributing agency.

The man who goes to the bat in his turn and makes a hit is

the man in demand. He is a bringer of victories, not of alibis. He is not prating of what his father did or what his son will do. Self-reliant as he is, he engages the confidence and dependence of others. Put him where you will, you may trust in him. His reckoning is with himself, and with his own active, regnant conscience he keeps faith first of all.

OF INTEREST TO BARREL MANUFACTURERS

The following information will be of interest to Barrel Manufacturers and Potato Dealers:—An act to regulate the Sale and Inspection of Root Vegetables, includes the following:—All Potato Barrels Manufactured in Canada, for sale in Canada, shall contain as nearly as practicable, seven thousand and fifty-six cubic inches.

This is the same contents as the Standard Apple Barrel.

"I'm quite a near neighbor of yours now," said Mr. Bore. "I'm living just across the river."
 "Indeed," replied Miss Smart. "I hope you'll drop in some day."

Get Your Details by Telephone

It's a growing practice with the big newspapers to trust to the Long Distance Telephone in getting out-of-town news where details are of moment.

In a Telephone Talk obscure points in a report can be cleared up, points treated meagrely can be amplified, omitted points can be supplied.

Think of the time and mass of correspondence, the multiplicity of telegrams that would be necessary, if the mails or the telegraph were relied on for that purpose.

The newspapers value that unique quality of flexibility in a Long Distance communication that the Telephone gives.

Men in other business might well profit by the hint and in deals where details are important rely on their telephones.

FRANK W. BARTEAUX

CONSIDER THE OLD HEN--

She doesn't quit scratching when worms are scarce

¶We'll say she doesn't.

¶On the other hand when the picking is poor she does more scratching than ever before, going over the back yard with a fine tooth scratcher, so to speak. And more than that—she invades new territory, and opens up new fields of endeavor.

¶How many of us can learn a lesson from the homely hen, and when business is bad, instead of sitting idly by waiting for it to "pick up again" proceed to do more advertising—more extensive advertising—better advertising—than ever before.

¶And not only that, can't we too open up new fields—reach out further by newspaper advertising, and like the old hen, increase our scratching radius.

¶THE ACADIAN reaches every corner of your territory and is read by more than 95 per cent. of the people whom you wish to reach.

¶In other words, we furnish the scratcher.

¶Here's to the old hen, long may she scratch.

¶And may we have sense enough to profit by her example.

IS ACADIA TO HAVE A FUTURE?

By Professor J. Alfred Faulkner '78, in The Maritime Baptist.

As a graduate of Acadia I think I have almost as deep an interest in her as any Baptist layman or minister in the provinces, and at some sacrifices have not withheld practical evidence of that interest. Would you allow me, then, to speak a word on the recommendations of the able fifty-page report of the Carnegie Committee, Drs. Learned and Sills? Their bulletin is exceedingly instructive, fair to all schools, but enthusiastic for only one. I do not blame them for this last, I speak of it only as a fact. When you analyze their recommendations, which they have worked out with admirable clearness even though they leave details for the future, what do they mean? What is their significance to the Baptists of the provinces?

1. The reduction of Acadia College, in effect, to a freshman school. It becomes an appendix to the new Dalhousie University to do one or two years work on the Dalhousie campus. That is the actual meaning of the report.

2. The destruction of the historic Baptist educational consciousness of the three provinces. For eighty-four years (nearly three generations) the Baptists have associated higher education with their own college, which has become part of their own life—"Dear as the light that visits these sad eyes; Dear as the ruddy drops that warm my heart."

The untold sacrifices of three generations have gone to build up a college on that glorious hill. Quebec and Ontario have not had the same history, and what could be done in Toronto can not so readily be done in these provinces, with longer recollections and deeper historic roots. The removal of Acadia College to Halifax and its dovetailing into a complicated overhead struc-

ture, of which it remains as an unessential subsection, would be so complete a rupture with the historic consciousness, memories, feelings, ambitions, dreams, of the Baptists of Eastern Canada that—Acadia College, as history knows it, would be dead and the educational enthusiasm of the Baptists would die with it. "Destroy the Whig party," said Daniel Webster, "and where shall I go?" The committee argue against this result, but their points have no hold. These gentlemen have not and in nature of the case can have no deep appreciation of the spiritual situation represented in the historic consciousness of the Baptists in Nova Scotia and New Brunswick.

3. No guarantee for the Christian education of Baptist young men. As soon as the student gets out of freshman or sophomore classes, he will be referred to university professors. Judging the future of such practically state universities from the past, one teacher will be an agnostic and teach him philosophy, another will be a Roman Catholic and teach him history, another will be a Unitarian and teach him religion. For a post-graduate this may be taken for granted, but for the under-graduate, the immature, the boy (and even the college graduate is hardly more than that) would Baptist fathers and mothers like that? Would they not prefer Bates and Colby?

4. Except Dalhousie, of all colleges in the provinces, Acadia has the least need to make the New Departure. She has many wealthy alumni and former students in the other provinces and in the states; she has the resources of the Rockefeller benefactions to a greater or less degree; she has a strong, aggressive and virile church behind her; and the hearts of thousands of loyal friends. She is bound to lose very much if not all of this. What will she gain? Perhaps a small grant

from the provincial treasury, perhaps not. The chance to send her two upper class men to other colleges in and around Halifax to teachers perhaps in essential regards not more competent than her own. Does the gain compensate the loss? She may receive from the legislature legal warrant to take endowments given to build up a college at Wolfville to construct new buildings on or near Dalhousie campus to become a subordinate part of a more ambitious university scheme, but with few if any actual advantages over her present situation—but will she have moral warrant? To the Baptists of my old college I would say: My dear brethren, you have already made a strong school which is able to do and has done genuine college work; don't reduce it to a ladies seminary at Wolfville and a sophomore high school in Halifax, but build farther on what you already have and make it stronger. As for advanced study, not for two centuries—perhaps never—can these Maritime Provinces support a worthy university which will prevent earnest students from seeking the vast resources of Harvard, Yale, Columbia and of the historic seats of the old world, or even the lesser foundations in Montreal and Toronto.

CAUGHT WHALE IN AVON RIVER

Windsor, N. S. July 27—The Avon River waters have been visited by all kinds of deep water fish of late. Last week a 600 pound shark was caught in a shad net, and this morning at low water, D. Rafuse killed a 70 pound baby whale about a mile above Windsor. Mr. Rafuse had gone down to the Dyke to gather a load of hay, when on reaching the edge of the bank spied something splashing in the water, which had undoubtedly been stranded when the tide dropped, and arming himself with a pitchfork, Mr. Rafuse approached the fish and after sinking the prongs of the weapon into the spouter a number of times he was able to take the fish to his barn, some distance away. The whale was brought to town in a car and is now on exhibition in the window of C. J. Cochran's meat and fish market.

"Oh, Henry," exclaimed Mrs. Green, "Hannah tried to light the fire with gasoline!" "Gasoline," said Henry calmly. "Did she get it started?" "Get it started!" replied Mrs. Green. "Why, it blew her out the window!" "Oh, well," replied the philosophic Henry, "it was her afternoon out, anyway."

FARM NOTES

Do a good job while thinning the roots and there will be less work later on.

My stable lantern smokes. It does? Well, soak the wick in strong vinegar, dry and watch results.

It is better to keep the young cattle out of the hot sun during the day time.

More than one good cow has been killed by eating pieces of baling wire, nails, etc. A word to the wise is sufficient.

Are the weeds bad on your farm? Do you ever think what they will be a few years from now if you let them go?

When you plow an acre of ground you walk about eight miles. A tenderfoot told us after plowing his first acre, that he walked twice around the world.

When pasturing dairy cows on sweet clover, dairymen should be extra careful to remove the milk from the stable promptly and to cool it immediately. It is not wise to pasture on sweet clover and give the cows no other feed.

There are still many owners of poultry who apparently do not appreciate the advantages of the colony house for raising chickens. Perhaps some of our readers who have had experience in this line will write and tell us just how their colony houses were constructed and what their experience has been.

If the people whose inclinations seem to lie in the direction of violent action such as robberies, murders, assaults and other criminal activities were to take a turn in the hay field or at some other farm operation where they could have free scope for their energy, they would have less time and less inclination for their criminal tendencies. What is needed in the world today is work.

An Egyptian mummy with bobbed hair has been found. They are digging for the galoshes now.

I AM

I am modest and inoffensive. I pay strict attention to my own business.

I do not talk back to people who come about.

I make a practice of interfering with nobody.

I am well on in life and very shortly I shall be no more.

I have grown white and frail in the service to which I am allotted.

I have a head that is as white as the down on the late autumn thistle.

And yet

I am cursed by men and by fair maids

who come as if seeking me. I have seen them come with quick step and pleasant smile as if the victors in a great quest.

I have seen them come and bend over me and then mutter and grumble and strike at me.

I am pained, I am hurt, I do not comprehend it, for

I am frail, I am bent, I am aged, I am dying, I have white hair.

I AM A WHITE-HEADED DANDELION ON A GOLF COURSE.

THE ACADIAN

(Established 1883)

Published at Wolfville, N. S., every Friday by
DAVIDSON BROS., Printers and Publishers
Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

A very attractive spot in Wolfville just now is that pretty little plot of ground near the station which the railway authorities are keeping in fine condition. The neatly clipped lawns with their tasty shrubs and flower-beds are a real source of enjoyment to those who appreciate artistic endeavours to provide pleasing landscape effects. The project of such a work had its inception quite a number of years ago with the Wolfville Board of Trade which secured permission from the D. A. R. to use the ground and had it plowed, graded and seeded and some other necessary work done upon it. Later when the railway decided upon the policy of beautifying the premises adjacent to their station this plot was taken over and has been made what it is today. The railway gardeners have it under their constant care and the result is unquestionably to their credit. THE ACADIAN always glad to give credit where credit is due—is pleased to thus compliment the railway people on their undertaking which tends to make their property, and Wolfville as well, more attractive.

One pushing, advertising merchant does more to bring thrift into a community than fifty who huddle by their stoves and wait for business to be brought to them by the energy of someone else. A dozen live business men reaching out in the byways and hedges for business can make any town hum with prosperity, and the town owes them much for the hustle and bustle within its borders. Don't be a sponge and simply absorb; show a little enterprise and a spirit of helpfulness in the town where you live, and to some extent join hands with others in keeping your town to the front.

Middlton has set a good example for other towns in the arrangement by which its citizen are encouraged in the use of v-randah lights. No charge is made for the electric current for this purpose, it being considered that the public receive sufficient benefit to justify. The move is a wise and reasonable one that might be adopted with profit in other towns in the valley. A well lighted town is not only more comfortable and pleasant in which to reside, but its citizens indicate to visitors that they are progressive and wide-awake.

While delivering judgement in a recent case at the police court Stipendiary Withrow made a timely reference to a lamentable condition which he had found far too prevalent on assuming control. His honor remarked that some witnesses had apparently regarded it as a small affair to make a false statement under oath and expected to get away with it. He declared it as his intention to see that so far as possible fitting punishment in

future should be meted out to any person who could be convicted of perjury in his court. Our new stipendiary magistrate is certainly to be commended in any such action as is proposed to preserve the sanctity of the the court and a proper respect for law.

GREENWICH

Mrs. Emma Harvey, spent a day in Windsor recently at the home of her daughters. Miss Muriel Williams, of Halifax, a daughter of conductor Williams, is spending some time at Mrs. Emma Harvey's.

Miss Christine Harvey, has been visiting her uncle and aunt, Mr. and Mrs. William Brown, Aylesford.

Miss Rena Cox returned home the first of last week from a visit of several days, with Mrs. Ceryl Hiltz, of Kentville, who is spending the summer at her bungalow in Kingsport.

Mrs. George Bishop, of Wolfville, visited her niece, Miss Lilian Bishop a few days last week.

Miss Marion Bishop, who spent over two weeks at Westwood Hospital, Wolfville, after undergoing an operation for appendicitis there, got along finely and returned home last Wednesday and is rapidly improving at home. In establishing Westwood Hospital, in Wolfville, Dr. Avery de Witt has been the means of giving great relief to many and saved a hard trip to Windsor or Halifax, when ill, also being so far from home.

Mr. and Mrs. George Bishop motored to Lawrencetown a week ago Sunday, where they visited Rev and Mrs. Harry Rackham. The many friends of Mr. and Mrs. Rackham in this place were much interested and pleased to learn through the papers, of the generous gifts presented to them, with splendid addresses, closing of other church services, on his last Sunday evening in Riverport, N. S., after a four years stay there, all of which showed the very high esteem in which they were held.

Miss Jessie Bishop returned home last Thursday afternoon from a weeks visit at the home of her aunt, Mrs. Burgess, Woodville.

Miss Nellie Bishop is visiting at her aunt's home, Mrs. Parker, of Woodville.

Miss Florence MacDonald, whose home is in New Brunswick is the guest of her friend, Miss Esther Pearson.

Misses Dorothy and Mabelle Fraser, of Scotts Bay, visited last week at the home of their grand parents, Mr. and Mrs. G. Fraser.

Miss Margaret Kinsman, of Berwick, visited her aunt, Mrs. Edward Manning, several days last week, returning home on Monday.

Mr. and Mrs. Lee Bishop moved a few days ago into Mr. Leslie Bishop's house.

Many of our residents motor to Kentville again this summer

THIBODEAU RINFERT, K.C.

Who has been appointed judge of the Superior Court of Quebec.

to enjoy the music of the fine Band there, on Tuesday evenings. We are told that autos are so closely parked on the streets near by, extra police are on duty that evening. Crowds gather from different parts of the County.

Camp meeting in Berwick opened on Tuesday this week. No doubt many of our residents will attend services there. A noted and great speaker from the States is to be present we understand.

We were glad to read in a local paper last week, a splendid welcome to Dr. F. F. Chute, of Caning, to our County, in professional work. Dr. Chute is a King's County boy who made good in the great war, and the writer joins the wish of the above mentioned article that his stay may be successful and a permanent one. His knowledge gained overseas in his profession—also his work as assistant to Dr. Kenneth MacKenzie, of Halifax, last year, a specialist who was also overseas in Dalhousie unit, adding further knowledge to his skill,—would add much to his professional knowledge.

Miss Irma Fash, of Fredericton, N. B., who has many friends in this place, is now in Edmonton, Alberta, taking a course at a summer school, further fitting herself for the splendid position to which she has been appointed on the staff of the high school at Medicine Hat, Alta. We congratulate her. Miss Fash was a graduate of Acadia College last year and is a niece of Mr. Humphrey Bishop of this place, being an only child of Rev. and Mrs. J. L. Fash, of Fredericton, N. B.

Minard's Liniment Relieves Neuralgia.

GASPEREAU

Mr. and Mrs. Otis Coldwell motored to Digby on Saturday last returning home Tuesday evening. Mr. and Mrs. Ellis Hudson, of Andover, Mass., and Mrs. Mary Wilson, of Digby accompanied them.

Miss Evelyn Forsythe, of New Minas, is visiting Mrs. Clara Hunter and other relatives here.

Mr. and Mrs. Emory Coldwell with Mr. Karl Coldwell, Miss Cassie Westcott and Mrs. Mark Gertride, motored to the home of Mr. Edward Gould at Ellershouse, on Sunday and from there extended their trip to Rawden.

The farmers are improving the fine weather, at hay-making.

Mrs. Cyrus Duncanson, Miss Elizabeth Coldwell, Miss Vera Duncanson and Mr. Earl Sawler spent Sunday with Mr. and Mrs. Otis Eagles, at Martock.

Mrs. Owen Miner with her daughter, Miss Beatrice, who have been visiting Mr. and Mrs. Everett Coldwell, have returned to their home at Concord, Mass.

Miss Mable Westcott spent a few days of last week at Kingsport Beach.

Items Of Local Interest

Mrs. L. V. Melotte, of Dorchester, Mass., is the guest of Mrs. H. E. Flick, Prospect street.

Little Violet Gould, of Dartmouth, is spending two weeks vacation with friends in Wolfville.

The tennis match between Wolfville and Kentville, scheduled for last Saturday, was postponed on account of the rain.

MORSE'S SELECTED ORANGE PEKOE is the name of that delicious tea that is so well and favorably known. It is important in buying Orange Pekoe that you always ask for MORSE'S. Sold only in pound and half pound packages.

Those who are competent to judge report that the apple-crop is progressing most favorably and that present indications assure a good yield of clean fruit. The apples are reported as unusually large for the season and are coming along very satisfactorily.

The three-masted schooner Gertrude Parsons, which loaded bricks from the Shaw Brick Yards at Avonport for New York, carried a cargo of 230,000. The brick-making industry is becoming an important factor for business and is making splendid progress.

Hilton A. Belyea, the oarsman from St. John N. B., retained the amateur single sculling championship of Canada at St. Catharines, Ont., on Saturday, when he crossed the line a winner after he had been fouled by R. G. Dibble, of the Don Rowing Club, Toronto. W. E. G. Gilmore, of Philadelphia was second and J. Durnan, of Toronto, third.

The performance given by Van Arnam's Minstrels at the Opera House last Friday evening was much enjoyed by those present, and the entertainment was deserving of a much larger audience. However, those present were most enthusiastic in their applause, the local hits especially causing laughter. The company has a splendid band and the musical selections were excellent. The vaudeville acts were very good, especially the roping stunts and the female impersonator.

Visitors to Willow Bank Cemetery notice very decided improvement in the appearance of the grounds. The rains of the past few weeks have been just what was needed to bring along the grass on the newly graded work done last season and the whole cemetery begins to take on an appearance of care that is most encouraging. Our "city of the dead" is destined to become a cemetery of which Wolfville and all those interested may in future be proud, and while it is yet far from what it ought to be persistent effort backed up by a generous public interest will ultimately produce the desired results.

The congregation of St. Andrew's church was favored on Sunday morning with the presence of Dr. Frank O. Erb, of Philadelphia, editor of young people's publications and one of the editors of the international Sunday-school helps, who was in attendance at the School of Methods for Sunday-school workers. Dr. Erb, who is a native of New Brunswick and a graduate of the U. N. B., gave a most interesting and helpful address which was greatly enjoyed. At the evening service the sermon was preached by Rev. Mr. Milligan, who has charge of the Sunday-school and young people's work of the Presbyterian church for the Maritime Provinces, who gave an excellent address. Mrs. J. W. Smith was the soloist at both services and rendered beautiful selections.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Miss Eunice Curry will be the soloist at the Baptist Church on Sunday morning.

The Dominion Atlantic Railway are naming a fare and one-half for the round-trip from Dominion Atlantic stations in connection with the Halifax Summer Carnival, August 7th to 12th, 1922. For further particulars apply to Ticket Agent.

Miss Jean Ross, of Lunenburg a former teacher in the Wolfville schools, was a guest this week at the home of Prof. and Mrs. Alex. Sutherland.

The Wolfville Cricket team has received an invitation to play a match with the Wanderers at Halifax on Thursday of next week. A team composed of players from Wolfville and Kentville will make the trip. Wolfville will be represented by Messrs. G. S. Bauld, J. F. Herbin, Fred Herbin, Chas. Schurman and Geo. Meckenson.

The service at the Baptist Church last Sunday morning was conducted by Rev. Dr. Spidle who continued his splendid series of sermons which have been so highly appreciated during the past three Sundays on "Following Christ". In the evening an able and eloquent sermon was preached by Dr. Frank O. Erb, of Philadelphia.

Mr. Nat Evans, of this town, met with what might have been a very serious accident while at Parrsboro last Saturday week. Mr. and Mrs. Evans, their daughter, and two sons were passengers on the "Prince Albert" on Saturday evening and while their car was being loaded on the pier Mr. Evans accidentally slipped between the pier and the wharf into the water. Ladders were lowered and a rope was thrown to the endangered man who succeeded in catching it and was landed safely. The accident was due to the absence of sufficient lights on the pier, which will probably be remedied at once.

Nova Scotia Board of Commissioners of Public Utilities

IN THE MATTER OF THE APPLICATION OF THE WOLFVILLE ELECTRIC COMMISSION FOR APPROVAL OF AN AMENDMENT TO ITS SCHEDULE OF RATES.

NOTICE

A sitting of the Nova Scotia Board of Commissioners of Public Utilities will be held at the Town Hall, Wolfville, N. S., on Friday, the 18th day of August at the hour of 10.30 o'clock in the forenoon, for the purpose of considering the application of the Wolfville Electric Commission for approval of an amendment to its schedule of rates. A copy of proposed changes may be seen at the office of the Town Clerk, Wolfville. All persons desiring it will be given an opportunity of being heard at such sitting. By order of the Board, L. B. TAYLOR, Clerk. Halifax, N. S., Aug. 3, 1922.

The "EVANS" Powercycle

We have secured the agency for this new motorcycle and recommend it to any one desiring the lightest and most economical machine on the market. It is electrically equipped—speed 3 to 30 miles per hour—runs 150 miles on a single gallon of gas and weighs only 70 lbs.—a few pounds more than an ordinary bicycle. If interested call at

RAND'S DRUG STORE

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

WE LIVE IN A FAST AGE ALL RIGHT.

Even the scissor grinder demands a more rapid means of locomotion than pushing the old familiar cart with a couple of grindstones mounted on it. This ingenious scissor grinder mounted a spindle with two carborundum wheels on the front of his bicycle frame and supplies the power by means of a small belt from the rear wheel which he cranks while the machine is on a stand. This device enables him to move from one job to another in considerably less time than if he were walking and pushing a cart.

DON'T OVERWORK ENGINE IF BEST RESULTS WANTED

Use Accelerator Gently and Avoid Unnecessary Use of Clutch and Brake

To get the best results out of your automobile, first of all make the work of the engine as easy as possible. It is not fair, for instance, to travel with the hand-brake on, either left on carelessly or with its shoes rubbing because of bad adjustment. Nor should the footbrake shoes rub in their drums or the front hubs be left without sufficient grease. When you approach a hill, speed up before you reach it, so that the momentum of the car will lessen the work of the engine instead of "opening up" when some distance up the hill.

At all times use the accelerator gently, so that no jerks are given either to engine or transmission. One of the greatest temptations is to "hang on" to high gear too long on a hill. It is true that the modern car will climb every ordinary hill, and many extraordinary ones, on top gear, but it is only thoughtless bravado to continue on top when a lower gear would lighten the task of the engine and also give more speed. When the engine begins to run slower on a hill, do not forget to retard the spark, but advance it again when you have changed gear.

The good driver uses clutch and brakes as little as possible, working almost entirely on accelerator pedal. The very fact that he does so tends to make his control easy and gradual and to cut out any jerkiness. Do not keep your foot on clutch or brake pedals. The weight of the foot on the clutch pedal may cause a slip which is not noticeable but will, nevertheless, cause serious wear of the friction surfaces. Driving on the throttle as far as possible that a motorist keeps his car well under control, with very little use of the brakes, which should be used as sparingly as possible, being reserved, broadly speaking, for hills and when coming to a standstill.

Care of the front wheels are worth attention, and wheels include tires. If front tires wear rapidly it betokens the need of adjustment to make them parallel. Front wheels may be relieved of strain by driving on the crown of the road, but, of course, that does not mean crowding other people off. If you have any thought for your steering gear, never try to turn the handwheel when the car is stationary. If you must then move a front wheel, do it directly with the hand on the road wheel.

The foregoing advice will strike many old hands as superfluous, but it is of moment to new motorists who value their property and may also refresh the memories of the older ones.

During the hot weather, it is advisable to inspect the fan belt occasionally, for if it is loose the engine will heat. If the fan moves easily or spins if it is given a start, the belt is too loose and should be tightened immediately. This, however, does not apply to belts which have an automatic take-up device.

AUTO MANUFACTURERS URGE CRANKCASE CLEANING

It is safe to say that few things are more important for the efficiency and life of the motor than maintaining clean oil in the crankcase. Inevitably crankcase oil becomes contaminated in various ways—engine operation causes steady accumulation of road dust, carbon, fine metal particles and other impurities. A point is eventually reached at which the lubricating efficiency of this contaminated oil is seriously impaired. Before this happens it is highly important that the used lubricant be cleaned out and replaced with fresh oil. Otherwise, serious damage may result.

Automobile manufacturers recommend that the crankcase be given a thorough cleaning at frequent intervals—at least once every 170 miles is the usual recommendation. Truck manufacturers recommend that this operation should be performed at intervals of from 250 to 500 miles.

FRUIT COMMISSIONER TO VISIT NOVA SCOTIA

Mr. J. Forsythe Smith, Canadian Fruit Trade Commissioner, Liverpool, England, is now in Canada, and about to begin a tour of the fruit growing districts of British Columbia, Ontario, and Nova Scotia, where he will address meetings on "The British and Continental Fruit Markets". His itinerary has not yet been fully decided upon, but it is expected that from July 10 to 28 will be devoted to British Columbia, from August 5 to 20 to Ontario, and from September 11 to 22 to Nova Scotia.

Byes	2
Total	87

If your engine runs badly on a level, but picks up and runs fine on a down grade, it is likely that the gasoline supply is at fault. Examine the carburetor and the feed pipe for dirt. Test the jet which may be choked and be sure your mixture of gasoline is right.

End play in a crankshaft is apt to be noticed first when the car is throttled down to five miles an hour. So called bucking will then take place, accompanied by knocking. If the play is excessive, the knocking will be more clearly heard as the speed is increased.

THE TELEPHONE GIRL

The telephone girl sits in her chair, and listens to voices from everywhere. She knows all the gossip, she hears all the news, she knows who is happy and who has the blues, she knows all our sorrows, she hears all our joys; she knows every time we are out with the boys; she knows all our trouble she knows all our strife, she knows every man who is mean to his wife; she hears the excuses each fellow employs, she knows every girl who is chasing the boys. She knows every woman who has a dark past, she knows every man who's inclined to be fast. In fact, there's a secret 'neath each saucy curl of that quiet demure-looking telephone girl.

If the telephone girl would tell all she knows it would turn all our friends into bitterest foes. She'd start a small breeze that would soon be a gale, and engulf us in trouble and land us in jail. She would let go a story which, gaining in force, would cause half our wives to sue for divorce. She would get all the churches mixed up in a fight and turn all our days into sorrowing nights. In fact, she could keep all the world in a stew if she told the tenth part of the things that she knew. Now doesn't it set your head in a whirl when you think what you owe to the telephone girl.

NOT LIKELY

Mrs. Johnson was all excitement; her husband was a Gordon Highlander, and she had received an invitation to visit him in barracks in Scotland.

"You'll soon see daddy now," she said to her six-year-old daughter, as the express bore them to their destination. On arrival at the barracks, Mrs. Johnson was informed that her husband was on sentry duty and one of the soldiers pointed him out to her, but, of course, they could not approach him.

The child eyed her daddy with big round eyes full of wonder, as he paced up and down the square, rifle on shoulder, in his

regimental kilt.

"There, that's daddy," cried the mother.

Momentarily the child was too lost in this amazing spectacle to answer. But at last it came out.

"Mumma," she said in a childish treble, but with a strictly confidential air, "if daddy finds the man who stole his trousers will he give me that lickie frock?"

Carry a list of accessories of the car that should always be taken on a tour, and check up on it occasionally. Such articles as—jack, chains, tow rope, fire extinguisher, tire repair kit, cotton waste, etc., should be mentioned. Replace missing articles and avoid delays when they are needed.

THIS WILL BE ANOTHER

Studebaker Year

It's the car everybody wants because it is the best. The unusual popularity of STUDEBAKER CARS is attested by the fact that the corporation enjoyed the biggest business in its history in 1921.

Notwithstanding the fact that the total number of all automobiles sold (except Ford) was 40 per cent. less than in 1920, the total aggregate of sales for the Studebaker cars was 20 per cent. greater than in 1920—and in Canada 64 per cent. greater than in 1920.

QUALITY COUNTS!

BOOK REVIEW

Some interesting new books from the publishing house of McClelland & Stewart are before me. May a busy reviewer find a personal delight in the work, the delight that the general reader expects when he buys a volume? He surely will if he reads "The Ninth Vibration and other Stories" by L. Adams Beck. But I pray that the critical reviewers will keep their hands off this book. The tales are of India, of China, of Burma, and are full of the enchanting mysticism of the Orient. I do not criticise the Taj Mahal, nor do I permit the most astute scholar to point out to me faults or merits in poetry that has captured my spirit. Our best homage to a work of beauty is to bring it to the incense of our humility. Most gladly and gratefully therefore I bring this incense to Mr. Beck's new book; I lived in a magic and ideal world while I was reading it. I am proud that it was published in Canada.

Those who have read Arthur Stringer's "The Prairie Mother" will be glad to meet Dinky-Dunk and Chaddie McKail again, with their offspring in "The Prairie Child". Because their tongues are clever and biting, and because they are both very human, they keep the reader breathlessly interested in their quarrels throughout the book until, a few pages from the end they faced their Great Divide, "the forked trail that veered off East and West into infinity". In spite of the mother's passion for the young Dinky, whom we would suspect from the title to be the hero of the book, the precocious, sombre tempered child excites one's interest less than his parents do. There is tragedy in the story, but there is nothing morose. The writer of this review spent fully five minutes trying to determine whether the tale had a "happy ending", but on this point she is still in doubt. Let every reader decide for himself. The book is sure to have a wide circulation, for all Canada has succumbed to Arthur Stringer's virile and fascinating pen.

"Points on the Compass" is the title of a volume of poems

by Lavern Churchill. The reviewer hesitates to offer a perfunctory criticism of poetry. By what standard shall we judge a poem? Only, I think, by our apprehension of the sublime and beautiful, only by our certainty that God has spoken to us with the same majesty and beauty that He has to the poet. In this critics have always fallen short. They found Shakespeare barbarous, a violator of the unities; they said that Keats was mawkish, that Browning was obscure. They have never succeeded in fixing standards of metre and diction; the true poet takes language as his instrument and plays upon it as he will. Real poetry is to be loved, not criticised. In various metres Mr. Churchill tells what he sees and what he feels of life and love. His patriotic poems charm me most, but in all he shows the quick and various imagination of the Canadian poet.

I am sure that all Canadians, no matter what their denominational preference may be, should be interested in that noble book by Archdeacon W. J. Armitage, "The Story of the Canadian Revision of the Prayer Book". The author who was Secretary to the Revision Committee, brought to the work keen scholarship and all a Churchman's reverence, but he was not afraid to give his sense of humor lawful play. The book is doubtless the most important contribution to liturgical history ever made by a Canadian writer, and will be a sine qua non for all students of Canadian Church History. It is a most welcome accession to the Library of Acadia University.

MARY KINLEY INGRAHAM
Librarian, Acadia University,
July 27, 1922.

HEREDITY

Two British farm laborers were discussing the wisdom of the present generation. Said the first, "We be wiser than our fathers was and they were wiser than their fathers was."

The second after pondering and gazing at his companion, replied: "Well, Garge, what a fule thy grandfather must'a been."

Minard's Liniment for Dandruff.

THE COOK ROOM

SNOW CAKE

One half cup butter, 1 cup sugar, 2 egg whites, 1 cup milk, 1-2-3 cup flour, 1 level teaspoon baking powder. Cream butter and sugar with 1 teaspoon vanilla. Beat egg whites to a stiff froth, and add. Sift flour and baking powder together. Add first mixture alternately with milk. Bake in a moderate oven 45 min. Cover with boiled frosting.

RHUBARB PUDDING

One pint rhubarb sauce, 1 pint bread crumbs, 1-3 cup melted fat. Mix the fat with the crumbs, range the rhubarb and the crumbs in alternate layers, having a layer of crumbs on top. Sift cinnamon and nutmeg over the top, and bake the pudding until it is brown in a moderate oven.

BEETS STUFFED WITH MEAT

Take several large beets which have been parboiled and skinned, cut a slice from the top of each and scoop out the centre of the beets; chop fine the portion which has been removed together with an equal quantity of cold cooked lamb or veal; add an egg and seasoning to taste. Mix well and refill the cavity; replace the tops and set in a slow oven for 10 to 15 minutes.

SPANISH HAM AND EGGS

Cut stale bread into 1/2 inch slices, and soak until soft in one cup of milk mixed with one beat-

en egg. Fry a delicate brown on a well-buttered griddle. Mix 1 cup of minced ham and 1-3 cup of soft bread crumbs with cream to moisten, or with the remaining custard. Heat it and season with cayenne. Spread this mixture on each slice. Cook several eggs in water just below the boiling point until firm enough to keep in shape, after removing the shell. Put a whole egg on each slice and serve at once.

Montreal as a Transportation Centre

(1) Place d'Armes Square and St. James Street, Canada's most important financial centre.
(2) Old Stone tower that about 200 years ago were built as part of the outer protection of Montreal now overlooks St. Catherine Street, in what is Montreal's most exclusive residential district.
(3) Another bit of old Montreal, the Nelson Memorial; a small copy of the Trafalgar memorial in London. It was erected over 100 years ago.

THE recent celebration of the Centenary of the Montreal Board of Trade has recalled to memory the source of that city's original growth. A hundred years ago Montreal was the port of this Continent for the merchants who shipped to England the harvest of skins gathered by the trappers of the North-West in exchange for British money and goods; it was the half way station between the fur-trading posts of the far interior and the markets overseas. The farming settlement of the West and the development of industries in Eastern Canada have changed the character of the traffic, and instead of the old sailing ships we have the coal and oil burning steamers of today, but the strategic strength of Montreal as a transportation and trading centre is still essentially the same. It is a terminal at a port on a waterway which is the natural gateway into the interior of the North American Continent.

The canoes and bateaux of the old fur traders have given place to powerful locomotives capable of hauling a hundred or more forty-ton freight cars over a track of steel, and to transcontinental trains running from Atlantic to Pacific, just as the schooners of Quebec were the fore-runners of the great modern fleets of merchant steamers on the St. Lawrence.

There has been a tendency in some minds to think of railways rather as engineering undertakings than as merchandising organizations. Yet a railway depends for its prosperity chiefly on the traffic it can develop and that traffic is stimulated in so

small degree by railway officials whose business it is to know the markets for whatever their country can produce. Their knowledge is indispensable to the farmer or manufacturer, and if they can add to that knowledge the service of adequate transportation, the railways to which they belong keep their freight cars moving. In a country such as Canada which depends for its existence so much on export, the natural merchandising headquarters are at its chief terminal and port, and under existing circumstances the most generally convenient centre for the interchange of such ocean-borne and rail-borne produce and goods as Canada markets in, or buys from Europe is certainly Montreal. Conditions of course may change, but the steady growth of Montreal as a transportation centre over a period of a hundred years without artificial stimulus or Governmental favoritism is an indication that its prosperity has come to stay. The two-fold interest of Montreal in ocean traffic and in land transportation has no doubt had its influence on the policy of the Canadian Pacific Railway Company, which from its inception has been closely identified with Montreal men. That Company has become, so to speak amphibious, equally at home, at sea, and on land. Its fleet upon the high seas now exceeds 425,000 tons in spite of the loss of many fine steamers such as the Calgarion during the Great War, no less than 150,000 tons having been added during the past year. Its railway tracks, owned and controlled, now total 19,975 miles with an equipment of 3,355 locomotives, 3,750 cars in passenger service, and 90,548 freight cars, while it has

in Montreal the immense Angus Shops where locomotives, cars and indeed complete trains fully equipped in every detail are constructed with highly skilled labor recruited in Montreal.

But Montreal is becoming more than a port for Canada alone. It is assuming an international importance by reason of the fact that via its harbor lies the quickest and most comfortable way to Europe for those Americans who live in the Middle West. Canadian business stands to gain greatly by the growing popularity of the St. Lawrence route to Europe, and the C. P. R. is the great factor in developing this business. Fast trains from Minneapolis, St. Paul, Chicago, and Detroit enter Canada at Windsor, and after crossing Southern Ontario give guaranteed connection with the palatial Canadian Pacific "Empress" steamers bound for Cherbourg, Hambourg, Southampton and Liverpool. The great attraction for Americans in the St. Lawrence Route is the shortening of the open sea journey. For two days the ship slides down the placid waters of the St. Lawrence river, the banks of which are as rich in historic association as in natural beauty, and the opportunity to visit the famous old cities of Montreal and Quebec, as well as something of Canadian life in Ontario gives another added attraction to the journey.

Similarly special trains run from the middle Western States give guaranteed connection with C. P. R. steamers on the Pacific bound for the Orient, and are helping to build up the port of Vancouver—E. W. Seater.

Personal Paragraphs

Mayor Sutherland is visiting Cape Breton in the interests of Acadia University.

Misses Constance and Evelyn Barteaux are visiting relatives at Annapolis Royal.

Mrs. J. E. Hales and Miss Gwendolyn are at King-port for an outing of some weeks.

Mrs. Carl Starr, of Starr's Point, was "At Home" to her friends on Wednesday evening of last week.

Miss Marguerite DeWitt and Miss Grace Smith, of Windsor, are spending a short vacation at Harbourville.

Mr. George Shearer, formerly of Grand Pre, who removed some time ago to Digby, has gone into the coal business at that place.

Mrs. B. O. Davidson returned home Saturday from Kingsport, where she spent two weeks with her sister, Mrs. Mabel Haycock.

Dr. J. T. Roach, accompanied by Mrs. Roach and family, left Monday for Deep Brook where they will spend the month of August.

Mrs. N. V. Horne, of Montreal, accompanied by her daughter, is spending a few weeks at the home of her sister, Mrs. W. C. Bleakney.

Mr. and Mrs. Tobin Lockwood, of Port Williams, accompanied by Miss Ella Wood, of the same place, left on Tuesday morning for a stay of a week at Harbourville.

Mr. and Mrs. G. K. Prescott and family left last Friday via the "Prince Albert" for Albert Co., N. B., their former home, where they will spend two weeks. They motored from Parrsboro.

Mr. and Mrs. A. J. Willis, of Annapolis Royal, spent Sunday at the home of Mrs. C. R. Nowlan. They were accompanied home by Miss Lois Nowlan, who will make them a short visit.

Miss Clara Shaw left on Monday morning for Providence R. I., where she will take a course in nursing at the Butler Hospital. Since coming to Wolfville to reside Miss Shaw has made many friends here who wish her much success.

Mr. and Mrs. A. L. Davidson and son Herbert, of Middleton, were in town on Sunday, motoring up from their home in company with Mr. and Mrs. Cox, of Ware, Mass., who spent some days as their guest en route for Wolfville.

Mrs. Paul W. Davidson, who recently underwent a successful operation for appendicitis at the Victoria General Hospital, Halifax, returned home on Saturday morning last and is now convalescing. Mr. Davidson went to Halifax on Friday and returned with her.

Mr. and Mrs. G. W. Cox, of Ware, Mass., are spending a few weeks in Wolfville, the latter's old home. Mr. Cox, who is a graduate of Acadia and Harvard, recently retired from the position of Superintendent of schools, after a long and successful experience in the teaching profession in New England.

Mrs. Smith and Mrs. Hastings, of Woodstock, Ont., who are visiting at Hantsport, were in town on Tuesday, visiting at the home of their cousin, Mr. W. R. Fraser, Linden avenue. The visitors expressed themselves as much pleased with our pretty town and were agreeably impressed to find that Wolfville had such a fine class of stores.

Mrs. Dixon, of the Rectory, assisted by Miss Dixon, was at home to a large number of friends on Thursday afternoon, of last week, complimentary to her daughter, Mrs. Corwin, of Connecticut. The house was prettily decorated with cut flowers. Tea was poured by Mrs. Black, Mrs. Calkin and Mrs. Harvey, while delicious refreshments were served by Mrs. Guest, Mrs. Foshay, the Misses Harvey, Herbin and Black.

White Wine advertisement featuring a Blue Bird logo and text: "Visitors say: 'The White Wines of France are wonderful'..."

Mrs. Everett Pineo and Mrs. C. W. Spicer are spending a week at Halifax.

Mrs. J. W. Williams and family are spending the month of August at Evangeline Beach.

Dr. and Mrs. E. D. Webber, of Haverhill, Mass., are spending their vacation at Starr's Point.

The Misses Rockwell returned on Tuesday from a motor trip through the Western part of the Province.

Mr. George Dexter, of New York, arrived in town this week and is visiting at the home of Miss Eliza Taylor.

Miss Otto, of Dartmouth, is the acting superintendent of Westwood Hospital, during the absence of Miss Bengtson in Sweden.

Miss P. T. Nelson, of Saunders-town, R. I., a former teacher at Acadia Conservatory of Music, is visiting in town, a guest at the home of Mrs. Geo. Anderson.

Mr. and Mrs. W. C. Bleakney have had as their guests recently Mr. and Mrs. W. P. Toole, of Campbellton, N. B., and Mr. W. C. Walls, of Braintree, Mass.

Mrs. A. M. Wheaton, Summer street, delightfully entertained the ladies of that street at an afternoon tea on Wednesday, when a most enjoyable time was had.

Mr. A. J. Mason, of Parrsboro, spent several days in town last week packing his household furniture for removal to Parrsboro, where Mrs. Mason and family joined him on Monday.

Mrs. C. L. Weeks had as her guests over the week end her three sisters, Mrs. Thayer, of Richmond, Va.; Mrs. Cain, of Texas; and Mrs. Baker and daughter, of Bellows Falls, Vt.

The home of Mr. and Mrs. J. W. Smith, Westwood avenue was the scene of an exceedingly pleasant social function on Thursday afternoon when Mrs. Smith entertained a large number of lady friends.

Mr. and Mrs. R. W. Ford and family are leaving today for Evangeline Beach. Mr. Ford, who has been granted a vacation of a month by the Council, expects to leave soon for Westport, where among old friends made during an extended residence, he will spend some time. Our worthy Town Clerk has had a strenuous year and his many friends will join THE ACADIAN in wishing him a pleasant and health-renewing vacation.

Mr. John T. Green and son, Mr. Royal K. Green, of Brookline, Mass., have been spending a week at "Illahee", the home of Mr. and Mrs. F. E. Peck, on Highland avenue. They were charmed with Wolfville, and the beauties of the surrounding country. It was their first visit to Nova Scotia but both expressed a hope that they might come to Wolfville again. Mr. Green is Mrs. Peck's sister.

We regret to learn that Mr. J. P. Spittal, of the Dominion Entomological Department, who has made his headquarters here for the last two or three summers, is leaving Wolfville this week for Montreal en route to England, where he proposes remaining until next year. Mr. Spittal, who has made hosts of friends, will be greatly missed in the town. For the last two years he has been a valued member of the Wolfville Cricket Club, and his services as a bowler have been greatly appreciated. He has proved himself a thoroughly good all round sport and not one of his fellow cricketers but will heartily wish him a pleasant voyage, an enjoyable vacation in his native land, and a safe return.

EVANGELINE BEACH

In the heart of the land of Evangeline, five miles from Wolfville. Tourists will find this a delightful spot to spend a portion of their time. ANOTHER CONFERENCE AT WOLFVILLE

(Continued from Page 1) very popular leader and had his lectures carefully prepared and gave them to the students in a thoughtful and practical way. In order to understand clearly the old testament we must get the background of the land and the manner and customs of the people. The land and the book answer to one another like the two parts of an indenture. In many peculiar ways the location of the land of Israel fitted it for the working out of God's redemptive purpose. Along these lines Mr. Machum led his class in an interested study of the old testament.

At noon time a most interesting contest was conducted when volunteers were called for who could give the correct name of every one of the seventy students present. The first prize was won by Mr. James Kenney, of Barrington Passage, who performed this feat of memory in a marvellous fashion, while the booby prize went to a member of the faculty who showed an extraordinary amount of ingenuity, even if the names were not all correct. Suitable prizes were presented to the lucky winners at the close of the evening meeting by Dr. Erb in witty addresses which brought forth much applause.

The rainstorm in the afternoon made it necessary to confine the recreation to games in the gymnasium which were thoroughly enjoyed by all, and as soon as the sun came out many took walks around our beautiful town.

The evening worship was conducted by Rev. Frank Milligan, who continued his lectures on "The administration of the church school". These lectures were most practical, dealing with the child in the church school from the cradle to the adult department. Mr. Milligan relieved the tedium of a lecture by his witticisms and stories of child life, which after all press home the point very often with more force than any number of cut and dried truisms.

The lecture was followed by a talk on dramatization and story telling by Miss Lillie Mitchell, of Halifax, and Miss Alice Harrison, of Moncton, the two talented lady members of the faculty who gave lectures on the teenage girls work, and the children division of the Sunday School, and who led each evening in the story telling period.

At four o'clock Sunday, afternoon in the seminary chapel, Dr. Erb addressed the students of the school on "The contribution of the Sunday School to modern life." It was a masterly presentation of the subject and left no doubt in the mind of the hearer that the Sunday School has been the most marvellous contributor to the life of the country of any agency during the past 130 years.

The lecture by Dr. Clark on Monday morning was an interesting and able exposition of the 19th Psalm—"A song of the Sun". This daily feature of the school routine was always an attractive

Those Having Sick Animals SHOULD USE

beginning for the day's work and was most helpful as well as enjoyable.

Following this came the lecture on Sunday-school work. The lecturer on Pedagogy was Rev. H. S. B. Stothard, B. D., Field Secretary in the Methodist church for the Religious education council. Mr. Stothard has the instinct of a teacher and presented his subject in a most interesting way that is sure to inspire even the youngest student with the desire to become the very best teacher she can. The teacher's work was taken up and discussed; the preparation necessary for teaching in a Sunday School, which must be real teaching. The plan and aim of the lesson and the task of enlisting and holding the pupils' attention were subjects that were dealt with in a masterly way by Mr. Stothard.

The afternoons activity took the form of a hike to Grand Pre to visit the famous Evangeline country. Cameras were in evidence and the souvenir snapshot will keep fresh the memory of those pleasant days. Another souvenir will be the photograph of the whole conference, taken amid much merriment by the popular and artistic Wolfville photographer, Mr. Edson Graham.

The evening lectures by Mr. Milligan were as usual interesting and full of good material. The later story telling period was given up to allow the students to attend the splendid song recital given by Dr. and Mrs. Bennett, (Concluded next week)

PHINNEY'S NEW MUSIC STORE

The handsome new store in the Woodman Building, which was constructed for N. H. Phinney Limited, was taken possession of by the firm last week. Under the direction of Mr. E. S. Langille the work has been speedily and efficiently done and the new premises present a most attractive and comfortable appearance. On the first floor are the office and sales-room finished in the most modern manner and furnishing excellent accommodations for the staff. The whole of the second floor provides a spacious and well-lighted show-room, which with its stock of pianos, phonographs, etc., presents a fine appearance. The whole effect is most pleasing and the new store is a credit to the enterprising occupants as well as a decided addition to the business places of the town.

Easy terms will be given. Apply to H. D. FULLER, Hortonville.

DEATH OF DR. PRIMROSE

The death of Dr. Frederick Primrose took place yesterday afternoon at his late home on Highland avenue, after an illness extending over a number of months. Dr. Primrose had been a resident of Wolfville for the past three years, and during part of that time practiced his profession as a dentist, and made many friends. He leaves a widow, two sons, Dr. Victor Primrose, of Wolfville, and Dr. Arthur Primrose, of the Howard A. Kelly Institute, Baltimore, and one daughter at home. He is also survived by one brother Mr. Edward Primrose, of Boston. The late Samuel Primrose, M. D., and the late James Primrose, D. D. S., both of Bridgetown were also brothers. A native of Lawrencetown, the deceased was a son of the late Dr. Primrose, for many years a highly esteemed physician of Annapolis county. He studied medicine in Edinburgh and dentistry at Baltimore and practiced with great success. A gentleman of marked ability and attractive personality Dr. Primrose had very many friends, who will join THE ACADIAN in sympathy for the bereaved family.

The funeral will be held from the deceased's late residence Saturday afternoon at 1.30. A short service at the house will be followed by a service at St. John's church.

A SPLENDID RECITAL

The music lovers of Wolfville and vicinity were given a rare treat on Monday evening when Mr. Louis Bennett, of New York, gave his recital at the Baptist Church. The audience was not large but those who were present, quite a number of whom were from Kentville, were most appreciative and thoroughly enjoyed the entertainment. Mr. Bennett is one of the best singers ever heard in Wolfville. Those who heard him last summer eagerly looked forward to his recital on Monday but even they were not prepared for such a treat, as Mr. Bennett greatly surpassed his last year's performance. He stated afterwards that he didn't think he ever sang better.

Mr. Bennett has a wonderful baritone voice of great power and range, and his breath control is marvellous. Although of a robust type his voice possesses excellent timbre in pianissimo passages. All the numbers of a difficult program were splendidly sung and greatly enjoyed. The accompaniments were excellently rendered by Mrs. Bennett who is an accomplished musician.
