FACT AND FANCY.

Experiments made in tree planting at the Shaker settlement in Enfield, Conn., have had gratifying results, seed placed in growth soil in 1869 having produced a dense growth of trees that are now twelve to sixteen feet high.

Someday the mental work of the universe will be done by the Mongolians, while the Caucasian race is to fill the high places of the earth. The man who says to the keeper of the Chicago employment office for Chinese servants.

It used to be considered a wonderful thing to engrave the Lord's prayer on a three cent piece. At last meeting of the San Francisco Microscopical society the president exhibited an engraving upon a glass plate of the Lord's prayer so minutely executed that the Chicago employment office of the entire bible could be produced within the space of a square inch.

The Jews are chided by the Jewish Messenger for leaving their religion in the hands of a Gentile. "We have you to thank," it says, "for a single instance of public worship on the Jewish Sabbath at any country place."

The first coins of the United States were struck with a portrait of Martha Washington. When George Washington was elected and ordered the medals changed. The features were slightly altered, a cap was put on the head, and thus Mrs. Washington's portrait was converted into the present one.

Near Elkhorn, Ind., six years ago, an old farmer was robbed of his horse of money. John Elliott was convicted of the crime and sent to the penitentiary. Just as his sentence is to expire a thorough search of the thief's old home has resulted in the discovery of the swag in his cistern.

New Orleans claims to lead in rose growing. There may be seen in that city a Lamasque rose vine, with a stem eight inches thick. In some private gardens are a hundred varieties of roses, and the Gold of Ophir. It is small, of very pale pink, shading toward the heart into deep rich gold color, while faint streaks of crimson touch the outer petals.

Two Philadelphia detectives accused an innocent young man of stealing \$100, and showed him how strong was the circumstantial evidence against him. Greatly frightened, he paid them \$100 out of his small savings, and the half, giving the rest to the loser to settle the case. Now the original money has been found where it was mislaid.

Etiquette in Germany forbids the carrying of parcels, making how small, by a gentleman. Under immense pressure of necessity, a lady may take home in her own hands a small purchase, or carry a book or roll of music to the house of a friend. When a dressmaker comes to try on a little walking jacket, a small boy must needs walk behind, bearing the garment in his arms. An officer cannot under any circumstances carry anything on his uniform.

A great part of Spring gardens, that curious little precinct between Charing Cross and St. James' park, and one of the most interesting localities in central London, is to be torn down. A Baptist church at Thornton, Ind., has deposed Rev. George W. Reber from the ministry for heretical teachings as to the justification and regeneration, and as to regeneration being a change of relation rather than nature; as to sanctification being possible to such a degree in this life as to subvert the law of sin, urging this doctrine to such an extent as to create division in the church; and as to his belief in the possibility of the final apostasy of a once regenerate soul.

Mr. J. R. Cuthbertson, Toronto, writes: "My wife had a very severe attack of pleurisy and inflammation of the lungs about three years ago, and ever since has been subject to severe colds on the slightest exposure; in fact they were so frequent that her system was quite ruined. She has tried every remedy known to me, but without permanent effect, until she was induced to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphite, which has exceeded my expectations. I have no hesitation in recommending it as a royal remedy for all affections of the lungs, and for building up of weak constitutions."

Priests are openly insulted all over France. Some rowdies led a huge bulldog on the Abbe Veinet, professor of theology, in Paris lately, and the local authorities took to the streets to defend a humane priest who would have done the old man serious injury. The police lately rescued from a crowd of ruffians, who were dragging him to the river, the Abbe Fortier, an eminent prison chaplain, who wears the decoration of the legion of honor for planting, amid a shower of bullets, the ambulance flag on the church tower at Ravolotte, thereby saving all the wounded in the church.

Turgenev, the Russian novelist, is a confirmed invalid, and suffers continual attacks of rheumatism. A letter written by him at his country place at Bougival, near Paris, has been published, in which he says: "No physician can tell me how long my ailments are likely to endure. I cannot walk or overstand for more than five minutes at a time, and even then must have a mechanical support affixed to my left leg. An unremittent to the right shoulder blade torments me in my right shoulder blade torments me, and they usually become so severe that I am obliged to seek relief in hypodermic injections of morphine."

Parker & Laird of Hillsdale, writes: "Our Mr. Laird having occasion to visit Scotland, and knowing the excellent quality of Dr. Thomas' Electric Oil, concluded to take some with him, and the result has been very astonishing. We may say that in several instances it has effected cures when ailments had been pronounced incurable by eminent practitioners."

Fogg says that for pure energetic and persevering industry there is nothing like a gas meter. He shut up his house this summer and went into the country. When the gas man came around shortly after the return, he found that the meter had been tampered with, and he was away. For men may come and mend, but the gas meter goes on forever.

F. Barrows, of Wilkesport, writes that he has been cured of a very dangerous case of inflammation of the lungs solely by the use of five bottles of Dr. Thomas' Electric Oil. He feels great pleasure in recommending it to the public, as he has proved it (for many of the diseases which it mentions to cure) through his friends, and in nearly every instance it was effectual.

I have used two bottles with the best results and can recommend it in like manner."

One who has fairly tested Dr. Fowler's Extract of Wild Strawberry, though prejudiced against proprietary medicines in general, writes: "I would not rest over night without this reliable remedy for sudden attacks of Cholera, Cramps and Cholera Morbus so prevalent in the summer season. I keep a bottle ready at hand."

SHORT HANDERS

First Annual Meeting of the New Canadian Association

The Canadian shorthand writers' association met yesterday at the Rossin house in its first annual session. There were about forty ladies and gentlemen in attendance.

Ald. John Taylor occupied the chair. A constitution was drafted by a special committee and adopted by the meeting.

A number of interesting papers on shorthand topics were read and put on record. The following officers were elected:

Hon. president—Ald. John Taylor, Toronto. President—G. B. Bradley, Toronto.

Vice-presidents—E. E. Horton, Toronto; Albert Horton, Winnipeg; Geo. Holland, Ottawa; C. W. Treadwell, St. John.

Council—Messrs. Crawford, Sims, Henderson, Butcher, Parkhurst, Monaghan, Dickson, Maclean (Walter), Eysel, Maclean (W. F.), Gibson, Campbell, A. C. Toronto; Duggan, Boyce, Abbott, Montreal; Burgess, Holland (Andrew), Ottawa; Lumsden, Wodell, Hamilton, St. John.

In the evening public meeting was held at the city hall, which was attended by over 200 ladies and gentlemen friends of the delegates. Interesting and interesting addresses were made by Goldwin Smith, C. V. Murphy, Congressional Record, Washington; W. A. Houston, M. A. Frank, Yeigh, Dr. Wild, Mr. Lyman, Mr. Dr. Warren, Totten, Guelph, and Mr. Charlton of Buffalo.

The convention throughout was a great success. Today the delegates will enjoy a carriage drive around the city. A deputation will be elected to represent the new association at the shorthand congress which opens in Cincinnati this week. The next meeting will be held in this city.

A Pleasing Event. A very pleasing event occurred in the ladies parlour of the Rossin house yesterday afternoon, being the presentation of a testimonial to Geo. W. Badgerow, M. P. P., by a committee of the Ontario Grand Lodge of Ancient order of Workmen.

The presentation committee consisted of J. R. Miller, Goderich, C. M. W. Warren, Totten, mayor of Woodstock, G. F. T. C. Irving, Toronto, D. D. G. M. W. York district; Dr. Widdifield, Newark, G. M. D. I. examiner; R. H. Ramsey, Yorkville, M. W. York lodge; Ald. Kent, Toronto, P. M. W. Granite lodge and George Wolz, Toronto, recorder Granite lodge. Mr. Badgerow was master workman of Grand lodge for two years, retiring from office in February last.

The presentation speech was made by G. M. W. Miller, who said the testimonial was an acknowledgment of the high esteem in which Mr. Badgerow was held by the brethren, and as a mark of their appreciation of his valuable services as chief executive officer of the order for two years, during which period the order had made great progress, having won a membership in Ontario of nearly 10,000 members.

Mr. Miller then unveiled the testimonial, which was found to consist of a silver tea set, numbering eight pieces, solid in substance and new, chased, and beautiful in design, having been procured from the establishment of Woltz Bros., Toronto. Mr. Badgerow replied in suitable terms. He was glad to know his services had been satisfactory to the brethren, accepted their kind words, and was sure the order would continue to acquire strength and solidity under its present able management. After mutual congratulations and refreshments the pleasant proceedings came to a close.

Works Committee. The works committee met at the first time in a month yesterday afternoon, there being present, Ald. Turner (chairman), Kent, Booth, Lova, Clarke, Bell and Carlyle. The engineer reported on a number of matters which had engaged his attention during vacation, he asked for authority to prepare plans and call for tenders for a sewer on Bloor street, and in the matter of the Dufferin street sewer, which Brockton had paid for. He recommended that the raters pay on the east or city side of that street be taxed for the city's proportion of the cost of the work. Both recommendations were adopted. Tenders were opened for several works and awarded as follows: Bridges at Crawford and Arthur streets, Chas. Roberts, \$29,350 per 1000 feet board measure, 40 per lb. for cast iron work and 50 per lb. for steel work. Sewers: Grading Ossington avenue, Henry Brooks, \$2500; culverts according to plans 1 and 2, \$10 per lineal yard, according to plan 2 and 3, \$20 per lineal yard. Sewers: Sultan street, A. W. Godson, \$93; Henderson street, A. W. Godson, \$489.17; Morrison street, A. W. Godson, \$367; Howard street, A. W. Godson, \$2288; Saultier street, Ardagh & Leonard, \$1896.57; Queen street, Trimble & Co., \$1425; Sherbourne street, J. J. Town, \$4945. In the case of Queen street it was evident Trimble & Co. had made a mistake of \$1600, but the committee decided to award them the contract and then hear what they had to say.

To the Dry Goods Trade. Toronto possesses many dry goods houses but probably none have gone more rapidly to the front than the firm of Boyd Bros. & Co., which now occupies a leading place in the dry goods business in this city and country. The firm was first known to the public as Hodgson & Boyd, but about a year and a half ago a change was made to the name and style of the firm, and with the change came an extension and improvement of business. The firm has two warehouses—one at 41 and 43 Yonge street, the other at 10 Front street east. Over thirty men are in its employ and its trade amounts to upwards of half a million dollars per annum. Boyd Bros. & Co. are able to announce today the completion of their immense fall stock, which exceeds anything they previously showed. It would take too much space to enumerate their many lines, which consist of any and every article known in dry goods, fancy goods, jewellery, stationery, toys, novelties, gent's furnishings, etc., their assortment being one of the largest in the dominion. Merchants coming to the city to make fall purchases will find it to their interest to visit their warehouses, where they will find goods in every department marked down at bottom figures.

A Cheap Arrangement for Buyers. An arrangement has been effected by the board of trade of the city of Toronto with the following railway companies, viz: Grand Trunk, from Montreal west, Great Western (division of the Grand Trunk), and all branches, Midland and all branches, Credit Valley, North and Northwestern, Toronto Grey and Bruce, whereby bona fide buyers, from dry goods houses only, are accorded the privilege of travelling from any of the stations on their lines as above to Toronto and return for one fare. This arrangement extends from Aug. 21 to Sept. 20, 1882. In order that an unfair advantage may be taken of this liberal offer by the railway companies, it is arranged that certificates shall be obtained from any wholesale dry goods house from whom you may have made purchases in this city endorsed

by the secretary of the board of trade here, upon presentation of which a return ticket will be issued to you to the station from which you came, free of charge. These tickets are not transferable.

Voting for a Gold Headed Cane. Probably the most interesting incident at the Roman Catholic picnic at Markham Monday was the voting for a gold-headed cane, the contestants being Geo. W. Badgerow, M. P. P. for East York, and Ald. Thos. Davies, who was announced as the conservative candidate for the same constituency. The poll closed with Mr. Badgerow the winner by a considerable majority. In connection with this event two gold watches and silk dresses were offered to the ladies who secured the greatest number of votes. Miss J. Torrance, Markham, canvasser for Mr. Davies, carried off the first gold watch, Miss M. J. Flumerfelt, Uxbridge, canvasser for Mr. Badgerow, got the other gold watch, and the silk dresses fell to Miss A. Hagan, Markham, and Miss E. Lennox, Greenwood, canvassers for Mr. Davies and Mr. Badgerow respectively.

The Tracy Sisters Escapade. With regard to the story told to the police by two servant girls on the street at an early hour yesterday morning that they had been turned out of the Albion hotel, where they worked, at midnight, it appears that they only mentioned one story by making a statement to the police. They also were found incompetent as hotel girls and three nights during the week they remained out until after midnight, which is against the domestic rules of the house. They were not, as they state, discharged at 6 o'clock on Monday night, but early on Monday morning, and were given ample time to seek lodgings. They also were very impudent to Mrs. Holderness and the servants.

A Sherbourne Street Amazon. A woman named Eliza Littledale attacked a woman named Mary McGuire in a rookery at No. 68 Sherbourne street yesterday afternoon. Liquor was on hand in abundance and the women fought desperately. Officer McKee was called in and took the woman Littledale into custody. Then she got very boisterous and tore the policeman's clothes and wound up by making a lively grab for his hair. In the struggle she missed the officer's head and snatched her own and jerked desperately. She succeeded in pulling out a hair, but the woman Littledale was not so successful. She was taken to No. 1 station.

Grand Opera House. Youth was presented again at the Grand last evening to a very large audience, and the play ran very much more smoothly than on the opening night; in fact everything was simply perfect. It is certainly one of the most attractive plays that has been produced in Toronto for a long time and we have no doubt will draw crowded houses during the week.

The management announce a grand soiree on Saturday when each lady will be presented with an elegant plaque, but outside of this play is well worth seeing.

Before Judge Boyd. Judge Boyd held criminal court yesterday. A youth named Charles Jarvis of Newmarket was allowed to go on a charge of stealing tomatoes from John E. Partridge. Eliza Rosecranz was sent to jail for three months for stealing \$6 from Robert McClelland. There was also other charges against her. John Shields got one month for stealing tools from the Millard work shops. John McDonough and John Whelan were fined \$100 and costs on 60 days for a charge of robbing Aaron Moss. Bail was fixed at \$1000 and two sureties at \$500 each.

Police Court Cases. Before Ald. Love yesterday Jas. Murphy, a cabman, was ordered to pay \$1 and costs for exporting higher cab fares than allowed by law. Patrick Rooney will be asked on September 5 to answer a charge of stamping to outrage Mary Flanagan in dumping street last April. Margaret Clancy, aged 17, pleaded not guilty to stealing wearing apparel from her employer; remanded till Sept. 4. On O'Leary of Duhess street was fined \$20 and costs on 60 days for terribly assaulting Eliza Roome, with whom O'Leary lives.

A Good Catch. Those who are used to High Life cigars should try the El Padre brand, which are even better than the former and cannot be imitated. St. Davis & Son are receiving orders for the brand from Winnipeg to Halifax.

The British Association. The British association at a largely attended meeting at Southampton on Monday decided to hold the session of 1884 in Canada.

LOCAL NEWS PARAGRAPHED. Ald. Bostead was acting mayor yesterday. Yesterday morning Father O'Reilly of Leslieville left for Ireland. J. C. Judd, barrister, late of Toronto, is opening an office in Brockville. The sisters of the house of providence will give a garden party on Monday. The eastern division court opened before Judge Boyd yesterday. There are 70 cases on the docket. Samuel Platt, ex-M.P., was reported to be considerably better at 9 o'clock last night. The bailiffs have taken possession of the tailoring establishment of Wm. Crawford, Revere block. John Jones, aged 11, of No. 16 Conway street, was accidentally drowned on Monday afternoon by falling off a boom at the Queen's wharf. The Cornishian arrived from Montreal yesterday morning, being the first boat up since the breaking of the Beauharnois locks. The secular society announce that they will resume their fall and winter meetings next Sunday evening at Albert Hall, Yonge street. The celebration of the 25th anniversary of V. R. V. E. Rooney's entering the priesthood will commence at St. Mary's church at 9 a. m. At Ogdode hall yesterday Judge Ouler granted a certiorari as the preliminary step to a motion to quash the conviction of Captain Dugger of the steamer City of Toronto, for running his boat at a dangerous rate of speed. Michael Lourey, one of the principals in the Lorne park row on Dominion day, was arrested yesterday afternoon by Detective Brown in Niagara street. He was after-

wards taken to the Credit by County Constable Sharp. It is reported at Ogdode hall that Messrs McDonald (Toronto), Lown (Elora) and Ambrose (Hamilton), are the scholarship men at the first intermediate, but nothing will be known until Saturday.

The Mail had an item Monday about the corpse of the Governor General's Body Guard. People up at the new fort yesterday saw numerous and very lively corpses, but no undertaker. The corpses are engaged in their annual drill.

At George and King st's yesterday morning a street car horse which had just been unhitched got his leg in between the wheel and box of a passing grocery wagon. The wheel had just been removed before the limb, which was much bruised, could be extricated.

New sidewalks are being put down on the following streets:—East side of Portland street from Front street to Queen, north side of Wellington from Bay to Simcoe, east side of Dovercourt road from Queen to Argyle, both sides of Bleeker from Carlton to Howard.

Motions are pending at Ogdode hall to set aside the petition in the case of the election case, Samson v. Smythe, on technical grounds, and also to set aside the petition of Dr. Stewart against both the Queen and Argyle, both sides of Bleeker from Carlton to Howard.

AMERICAN LEGION OF HONOR. DETROIT, Aug. 29.—The fourth annual session of the supreme council of American Legion of Honor, held in Detroit, Michigan, is closing on Saturday. The reports show a membership of 45,000. The grand councils exist in eighteen states and the district of Columbia, all of which delegates were present at the annual session. The order has been introduced into nearly all the states and Canada, and also into the Sandwich Islands. Thirty-eight delegates were present on Friday afternoon, when the election of officers and committee took place. The officers were installed on Saturday, after which the supreme council adjourned sine die.

Burglars at Work in Hamilton. HAMILTON, Aug. 29.—Shortly before 2 o'clock this morning the safe of the Hamilton Industrial warehouse was broken open by burglars. They had gained admission into the premises by opening a rear window, and then drilled a hole through the top of the safe through which they passed the powder. The explosion woke up many in the neighborhood and was distinctly heard at the Grand Trunk (late Great Western) railway station several blocks distant. Three men were observed running towards the bay and are no doubt the gang. There was no money in the safe, it being usual for the firm to bank every day.

British Columbia Elections. From the Victoria (B. C.) Standard. A leading article in the Toronto Mail of July 27 states that the local government has been defeated, which is an assumption as false as it is unwarranted. The government has been sustained, as will be amply demonstrated when the meeting of the house takes place. The Mail should have sought better information before indulging in a leading article, calculated to injure a government so earnestly friendly to that of Sir John Macdonald. The government have a majority and Mr. Meaven is in a position to form a ministry which will carry on the affairs of the country with ability and secure its continued prosperity.

AMERICAN LEGION OF HONOR. DETROIT, Aug. 29.—The fourth annual session of the supreme council of American Legion of Honor, held in Detroit, Michigan, is closing on Saturday. The reports show a membership of 45,000. The grand councils exist in eighteen states and the district of Columbia, all of which delegates were present at the annual session. The order has been introduced into nearly all the states and Canada, and also into the Sandwich Islands. Thirty-eight delegates were present on Friday afternoon, when the election of officers and committee took place. The officers were installed on Saturday, after which the supreme council adjourned sine die.

Burglars at Work in Hamilton. HAMILTON, Aug. 29.—Shortly before 2 o'clock this morning the safe of the Hamilton Industrial warehouse was broken open by burglars. They had gained admission into the premises by opening a rear window, and then drilled a hole through the top of the safe through which they passed the powder. The explosion woke up many in the neighborhood and was distinctly heard at the Grand Trunk (late Great Western) railway station several blocks distant. Three men were observed running towards the bay and are no doubt the gang. There was no money in the safe, it being usual for the firm to bank every day.

British Columbia Elections. From the Victoria (B. C.) Standard. A leading article in the Toronto Mail of July 27 states that the local government has been defeated, which is an assumption as false as it is unwarranted. The government has been sustained, as will be amply demonstrated when the meeting of the house takes place. The Mail should have sought better information before indulging in a leading article, calculated to injure a government so earnestly friendly to that of Sir John Macdonald. The government have a majority and Mr. Meaven is in a position to form a ministry which will carry on the affairs of the country with ability and secure its continued prosperity.
