The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Archives of Ontario

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

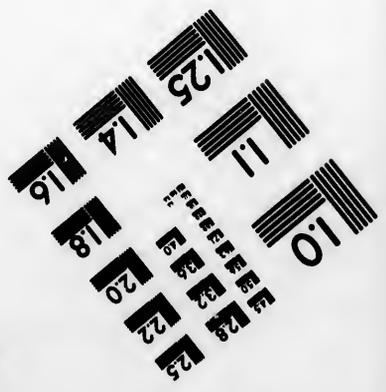

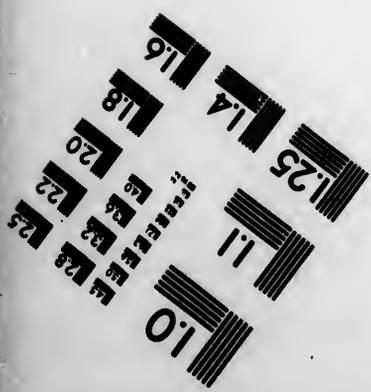

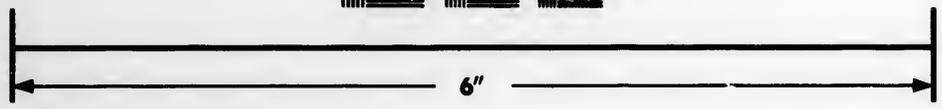

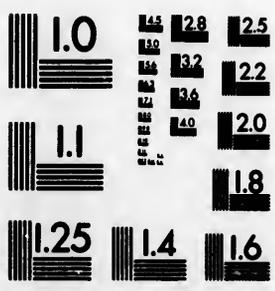

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PROCEEDINGS  
OF THE  
MUNICIPAL COUNCIL  
OF THE  
COUNTY OF WELLAND.

SPECIAL SESSION.

WELLAND, Aug. 16th, 1887.

By direction of the Warden the Council met in Council Chamber in special session at 2 o'clock p. m., for the purpose of considering the report of Special Committee *re* Poor House in particular, and for the further consideration of any business that might be brought forward.

Council met.

Warden in the chair.

Members present:—Messrs. Barnhard, Brown, Bugar, Cronmiller, Cruikshank, Diffin, Disher, Emmett, J. O., Emmett C. D., Gainer, Hendershot, Henderson, Macklem, Miller, Neff, Ramsden, Richardson, Shrimpton, Turner, Williams, Wilson of Thorold, and Willson of Wainfleet.

Members present.

The Warden remarked,—Gentlemen, it was well understood at the last meeting of the Council in June that a special meeting would

Warden's address.

be called at an early date to receive the report of the Special Committee *re* Poor House. In consulting with the chairman of that committee it was decided the 16th of August would be a convenient time for having the said meeting, and the clerk was requested to notify the Council to that effect, which he trusts meets with your approbation. The report of that committee would be laid before you at once for your consideration.

The Special Committee *re* Niagara Falls Award met on the 5th July to consider that matter with the Mayor and Clerk of the town of Niagara Falls. After carefully going over the various matters we found the sum of \$495.10 due the county to June 30th, 1886, the particulars of which will be shewn in the report.

The committee appointed to inquire into the Torrens system of registering titles, &c., would report at an early date.

On the 5th July last I called on the manager of the Imperial Bank, who stated the county had overdrawn their account to the amount of \$5,223.33, and wished a note for the same. I gave a note for \$6,000, payable in five months. You will understand this was in addition to the note I gave in March last. Some monies from the marsh land mortgages have been paid to the Treasurer; also the Government have paid \$2,200.89 for school purposes, and on the 9th day of August, 1887, \$1,953.79 remains to the credit of the county in said bank.

The Auditors' reports have not been printed, as it was doubtful if the printer could get them ready before this meeting, and was considered advisable to have the business of the present meeting included, which would be a saving to the county.

I have also to report that Mr. D'Everardo has sent in his account of registration fees, which amounts to \$291.00, \$150 of which has been paid to the County Treasurer and the balance will be paid in a few days.

I beg to call the attention of the Finance Committee that the property of Mr. W. Miner, in the 15th Concession of the Township of Wainfleet, containing 42 acres, was offered under a power of sale contained in the mortgage, and only \$65 was offered, consequently the property comes back again to the county. The amount due on the mortgage was \$140.15. I am informed an offer has been made

to pay the

REPORT OF STANDING COMMITTEE ON ROADS AND BRIDGES.

To the Warden and Councillors of the County of Welland, in Council Assembled.

Your Standing Committee on Roads and Bridges were instructed at the June session to have the approaches to Port Robinson bridge constructed this summer, and on visiting the bridge, found it impossible to have the work done without removing a portion of the bridge and obstructing the travel ; they also found that a portion of the timber in the old bridge could be utilized in the construction of the approaches, thereby saving several hundred dollars to the County, and they did not deem it expedient to go on with the work, although instructed to do so, without informing your honorable body of these facts, and without further instructions. They also employed Mr. Ross to make a plan of the work, and estimates, which is herewith submitted.

Your committee would recommend the payment of the following certified accounts, viz :

Geo. Ross for plan of bridge, earth work and other work in connection with a new bridge and also estimates . . . . .	\$40 00
Edward Leeden for plank on O'Reilly bridge . . . . .	8 70
W. C. Bugar, for hauling plank and repairs done on the O'Reilly bridge . . . . .	3 50
Jacob Strong for cleaning Wellandport bridge, and for plank and work done on bridge on the Town Line between Gainsboró and Pelham . . . . .	5 31

And that the Warden do issue his checks therefor.

*To the Warden and Councillors of the County of Welland, in Council assembled:*

Your special committee appointed at last session to consider the advisability of taking steps to have the Torens system of land transfer extended to this County, beg leave to report, as follows :

Your committee visited Toronto and had an interview with Mr. Scott, the Master of Titles, who gave all the information possible as to the working of the system since introduced in Toronto.

Your committee are of the opinion that sufficient time has not transpired since the introduction of the system in this Province to be thoroughly comprehensible to the public at large, and cannot recommend any steps being taken at present to have the system extended to this County.

*To the Warden and Councillors of the County of Welland :*

GENTLEMEN,—During the past year your petitioners have been put to heavy expenses from protracted sickness in their families, caused largely from the want of proper ventilation of building and yard.

Your petitioners having employed medical attendance other than the jail surgeon, have been compelled to pay not only for such attendance, but also for medicines used.

Your petitioners have felt this to be a hardship, and would most respectfully ask your honorable body to be pleased to grant them the amount of their accounts, for medicines, which accounts are as follows :

Jailer's account for medicines.....	\$59 24
Turnkey's account for medicines... ..	23 15
	\$82 39

And your petitioners, as in duty bound, will ever pray.

JOHN COULSON.  
JAMES A. GILCHRIST.

LUNDY'S LANE HISTORICAL SOCIETY.

(Organized June, 1887.)

A LETTER ADDRESSED TO THE WARDEN AND COUNCIL OF THE  
COUNTY OF WELLAND.

DRUMMONDVILLE, ONT., Aug. 13th, 1887.

*To the Warden and Council of the County of Welland, Ont.*

GENTLEMEN,—“The Lundy's Lane Historical Society” has been recently organized, and successfully established, with an excellent roll of members. Its design is, as the name would indicate, to glean Historical information of the times of 1812-14, to collect papers, and also names of persons and families (in alphabetical order) in a general Recording Book for the purpose, and to add to any such names any interesting *data* connected with them in that eventful period.

Another purpose of the Society is to promote a necessary work of restoration of the graves of those brave defenders who fell July 25th, 1814, and as far as possible to assist in the erection of a suitable monument to their memories, at or near the terrible scene of Battle of that day; and likewise a monument at the grave of Mrs. Laura Secord, the heroine of that period. Her grave is in Lundy's Lane Cemetery, and is in a very neglected condition.

The Lundy's Lane Historical Society believes that much has been done by its efforts towards arousing a right spirit among loyal people in Ontario, towards a grateful remembrance of those memories of 1812-14, and that the time has come for action in restoring the Soldiers' and Mrs. Secord's graves, and in erecting monuments to perpetuate their memories.

The Society, however, feels itself unfitted to take the first place in a movement that so much concerns the whole Province, and we may add the Dominion of Canada, and therefore respectfully solicits the assistance of your influential and recognized corporation, the Council of the County of Welland, in which County Lundy's Lane is situate. Your Council has, we need scarcely say it, the necessary ability and influence to act in such a large and important matter as the one in hand, which ability and influence we cannot possess unless by Act of Legislature, and by the increase of members beyond the limits of the old Niagara District.

The Lundy's Lane Historical Society therefore respectfully ask your Council to kindly assume the office of an Executive Committee to carry out the laudable purposes we all have now in view, and which are particularly set forth in a general Circular we have prepared. The Society will continue its energies as heretofore, and give assistance as far as possible to insure success.

GEORGE A. BULL, President.  
M. B. MORRIS, Corres. Secy.

SIR,—

With reference to a memorial transmitted to the Secretary of State for Canada by the Municipal Council of the County of Welland, praying that steps be taken to put a stop to the pollution of the water in the Niagara River, I am directed by the Minister of Marine and Fisheries to inform you that the same subject was brought to his notice last fall by the member for the County of Welland, and upon enquiry being made on the spot by an officer of his department, it was ascertained that the complaint in question originated with the

practice carried on by the authorities of the city of Buffalo of dumping rubbish and objectionable stuff into the Niagara River.

The Minister is of the opinion that the case in question should be dealt with by the municipal authorities of Welland as a public nuisance, under the Municipal Act.

I am, sir,  
Your obedient servant,

JOHN TILTON,  
Deputy-Minister of Fisheries.
