ROCHESTER WAS EASY PREY

Toronto's Ball Tossers Won at the Island on Saturday by 10 Runs to 4.

SUTHOFF SCATTERS THE HITS

Fletcher Bowen, Badly Supported, Was Hit Throughout Very Thoroughly.

The game Saturday at the Island made spectators wonder how the Toronto batsmen would do on the day before. On this occasion their batting was vicious, though Bowen seemed to be sending up deceptive signals. Rochester was hit for 10 runs to 4, the Toronto batsmen being helped by a straight drive to the second baseman. His assist will make the Islanders the heaviest batting aggregation in the league. Suthoff was the top batter before the acquisition of the new second baseman, Fletcher Bowen, was made on Saturday and he will be farming some of the bench as emergency backstop until the new man arrives. Toronto's six pitchers will be on their mettle this week, as the club's intent is to remain in fourth and the two to go will be selected before Saturday. Rochester and Bowen will be the battery for the visitors and Williams and Suthoff will be the battery for the home team. This is the final game of the present series between these two clubs. Tomorrow Syracuse will be in a pitching duel with the leaders from Montreal. The record:

Table with columns: Team, Won, Lost, P.C. Rows include Montreal, Rochester, Toronto, Worcester, Springfield, Providence, Syracuse, Hartford, and Washington.

National League Record

Table with columns: Team, Won, Lost, P.C. Rows include Brooklyn, Boston, St. Louis, Philadelphia, Baltimore, Cincinnati, Pittsburgh, New York, Louisville, and Washington.

Western League Standing

Toronto 10, Rochester 4

Bucknerberger's spikers showed the cloven foot, and displayed their tutelage at the bat on Saturday. O'Loughlin was not at his best, and there was sickling by both Burke and Wagner's homer over the fence. The manager sat silently on the bench, watching the game progress. Rochester started to bat, and the first up scored. Campuzano scratched a single and went to third on Smith's clean hit. In trying to stop the run in second, he threw a three center field, and there was one out and still a man on third. Barclay's homer to Wagner made the second score. Wild pitching and George Smith's error let Wagner and Grey to first in Toronto's half. Smith killed them at second by a couple of throwing. A base on balls and clean catch gave the Islanders two they did not need. Score: Rochester 10, Toronto 4.

Toronto Junior League

A large crowd attended the games of the above league on Saturday, the games resulting as follows: Toronto 10, Rochester 4. The attendance was very good considering the counter attraction at the Island; 200 people were in the grandstand. Doc Sheppard made an efficient umpire.

Western Manufacturers' League

The W. M. B. League game between the Northerns and Carpet Co. was a very interesting one. Colling was one of the carpet makers did extremely well. O'Brien's catch in left field was one of the best made in amateur baseball for a long time. The carpet players filled their bases twice, but failed to bring them in. The metal roofers are to be congratulated on the way they are pulling their team together and no doubt will make a creditable showing before the season closes. Results: Carpet Co. 10, Northerns 4.

Eastern League on Saturday

At Montreal—Errors by Mazena and Woodcock, a wild pitch by Malley, and a couple of singles gave Montreal a 2-0 victory in the fourth. Both Malley and Abbey pitched good ball. Score: Montreal 2, Boston 0.

Acton Beat Georgetown

At Acton, Ont., June 3.—The first game of the Royal District Intermediate C.L.A. was played here today between Georgetown and Acton, resulting in favor of Acton by a score of 1-0. H. B. Henderson of Georgetown was the star.

THE BOYS' BLUE WINDUP

Toronto Lacrosseists Have Clear Lead in Race for Championship.

BEAT THE SHAMROCKS BY 7 TO 3

Capitals Won From Sherbrooke and Stand Second in the Record.

The easy victories of the Toronto over the Nationals on the Queen's Birthday and the Shamrocks on Saturday give them a clear lead in the Senior League championship race. The Capitals have only had one championship match, resulting in the defeat of the Sherbrooke team, which places them next on the list. The Shamrocks have not yet had a chance this season to show in championship games of what material they are made of. They were defeated by Quebec places them at the bottom of the list. The record reads thus:

Table with columns: Team, Won, Lost, To Play. Rows include Toronto, Capitals, Cornwall, Nationals, Sherbrooke, and Quebec.

Shamrocks Easy for Toronto

Montreal, June 3.—The Toronto had a very easy thing of it in defeating the Shamrocks in the first championship lacrosse match played in Montreal on Saturday afternoon. The Toronto were in splendid condition, and they outplayed the home team at every stage of the game. One of the only by-facts that the Shamrocks managed to score at all.

Canada Beat Rushmore

On Saturday at the opening of their grounds, the Canada Lawn Tennis Club defeated Rushmore by a score of 4-0 in a very close and exciting final. The score: Rushmore (C) b. Harner (R) 6-3, 6-2; Warden (C) b. Mitchell (R) 6-3, 6-2; Fay (C) b. Campbell (R) 6-3, 6-2; and (R) b. Foy (C) 6-1, 6-1; Martens (C) b. Sheppard (R) 6-1, 6-1.

BOWLING ON MANY GREENS

Grant's President Agate Comes Out Victorious in the Annual Match. In spite of the cloudy and threatening weather Saturday afternoon, the Grant's bowlers turned out in large numbers for their President's Vice-President match. Once again victory perched upon the Grant's bowlers, and they were victorious by a score of 145 to 145.

Queens City Yacht Club

Do Do Wins a 16-Foot Class Race From Three Competitors. There were four starters in the Queen City Yacht Club race for the 16-foot class on Saturday afternoon. The little fellows got over the line at 2:45 p.m. Messrs. Hales and Caprice, Roxane and Do Do were the two boats which were closest together. The following are the official figures: Actual Do Do (H. Osborne) 2:45 5.210 3.0710; Roxane (F. Child) 2:45 6.030 3.2430; Spire (Hales and Caprice) 2:45 did not finish.

Association Football

Scots Beat Crawfords and Gore Values Won From St. Mary's. The knowing ones were treated to two surprises at the old baseball grounds on Saturday. The Crawfords are fast and heavy and were expected to give the Scots a good run. Their collapse completely amazed the crowd. Although St. Mary's was expected to have much of a show against the fast and heavy Scots, they were not expected to have much of a show against the fast and heavy Scots.

Stouffville Beat Markham

Stouffville, June 3.—The first game of increase in Stouffville this season was played on Saturday. Markham and Stouffville, who were largely due to the goal keeping of the veteran, Garvin, who stopped at least five shots. The Crescent team was somewhat weakened by the absence of Mackenzie, whose hand was injured in the match with Toronto University. The game was a very interesting one, and the Stouffville players were very successful.

Bowling at Caer Howell

On Saturday the Caer Howell Bowling Club had a very interesting meeting on the beautiful grounds in University Avenue. The club has been very successful this season, turned out in large numbers, and a very spirited game was played between four teams. The interest evinced by those present augurs well for a very successful season. Noticeable among the players was the old veteran, B. Read, George Mole, H. Piper, C. T. Mead, R. Aills and N. Layton. It would be invidious to particularize the playing, but taken all round, it was first-class, and there is no doubt the Caer Howell will give a good account of itself during the season of 1899. After play a pleasant hour was spent in the clubhouse, which is in excellent condition, and great credit is due to the second vice-president, Mr. E. M. Davies, for his untiring efforts in this direction. The popular secretary of last year, Mr. Davies, is being put down to the same position this season, with Mr. J. B. Code as his assistant.

Bowling Contests Arranged

The Granite and R.C.T.C. bowlers will play their first friendly match on Saturday morning at 10 o'clock, at the Church-street lawn. Material progress has been made in the preparation for the bowling tournament, which is to begin on the Granite lawn on the afternoon of the 17th inst. The bowling clubs in the Province, and have been distributed daily upon the lawn, and they give promise of making a creditable showing. A large and representative gathering of bowlers is confidently expected to compete in the tournament, and also the singles and doubles.

TORONTO CANOE CLUB

First Races of the Season Run Off With Great Success in Front of the Club House. The Toronto Canoe Club presented a most attractive appearance on Saturday afternoon, when the opening events of the season were run off in front of the club house. There was a large turnout of spectators, but the most promising thing was the great enthusiasm displayed by the paddlers, fully 45 of the members of the club were present. This certainly speaks well for the energy displayed by the members of the club, and the interest in the paddling events which take place in the club. The club can confidently boast of having a large number of paddlers, who will certainly bring credit to themselves and the club in the many paddling events in Toronto and outside places before the season is over.

ROSS AND KROGER RECORD.

Nearly Four Thousand Tons of Ore Sent Out of the Camp During Last Week.

MOSTLY LE ROI AND WAR EAGLE.

Three and Half Miles of Underground Work Accomplished During the Past Year.

Rossland, B.C., June 3.—Shipments of ore from Rossland camp for past week and for year to date:

Le Roi 1920 tons, War Eagle 1730, Iron Mask 774, Central Star 1857, total for week 5187, as against 2544 tons last week. Total tons for year 51,677.

The Evening Star continues to report a good showing of ore in the workings. A strike has been made in the No. 1 on the new 300-foot level, the ore is of high value and there is plenty of it.

Returns from Columbia and Kootenay, B.C. West, Nickel Plate, Jost and Jost, show that the deal of underground work has been accomplished during the twelve months ending May 15, 70 days, shows 23,420 net tons shipped, yielding 14,000 ounces of gold, 26,000 ounces of silver, and 1,000 ounces of copper.

The B. A. C. are opening extensive mining in the new workings. The plan will be used both for manufacturing supplies and repairing.

The new War Eagle plant will be in full force this coming week.

There is no trouble on the labor question in this camp, nor is there likely to be.

GORGE ROAD REORGANIZED.

It Will Cross the River and Be Made a 20-Mile Bus Line Under the New Management.

Buffalo, N. Y., June 3.—The Niagara Falls Gorge Electric Road was reorganized to-day, with Gen. Francis V. Greene of New York as President, and Godfrey Morgan as general manager.

With the Niagara Falls Park and River Railroad the cars of the Gorge Company will cross the river on the Canadian side, and the river and cross the river again, forming a 20-mile belt line.

The white lawn blouse is going to have a very fashionable run this summer, and there is rejoicing there in the laundries, who will increase their revenues at the expense of the laundress. The blouse, of course, will hold its own, but as the fashion journals say, the daily inserted white blouse is the most interesting thing in the line at Catto's yesterday, and came to the conclusion that the imported English goods that come in lengths sufficient for the blouse are by far the prettiest and most stylish.

The blouse is decidedly new, although at the men's furnishing stores it may be had in lengths of 20 to 24 inches, and a sufficient quantity of the plain fine lawn for the back and sleeves, the most lovely fronts, which have been made up in a variety of embroidery in lovely designs, and can be made up to perfectly fit the wearer. These lawn and embroidery lengths for blouses run from \$2.50 to \$4 and \$5, and are not so much more expensive than many of the ready-made blouses.

The silk blouse is very handsome and show all-over trimming of laces, cords and ribbons. It is very new and very stylish. The new pleat down the back, the yoke to the waist line, a central one and three on both sides; it is very new and very stylish. It is very new and very stylish.

The subject of crimping. British Authorities Take Action Regarding Recent Desertions.

London, June 3.—Admiral Edward Field (retired) brought up in the House of Commons last month the question of crimping, and of the desertions of British sailors recently in America ports, the upshot being that the British Government is determined to report on the subject, and an interesting bill was passed to-day, which will give the British Government the right to send a commission to investigate the matter.

HE'S ENGLAND'S SPECIAL REPRESENTATIVE

In the Coming Conflict With Boss Kruger.

DUEL OF MILNER V. KRUGER NOW ON

Declares He Will Resign as High Commissioner if Colonial Office Does Not Aid Him.

New York, June 3.—The Post's special correspondent from London always has something bright to say. Here are his remarks concerning politics in South Africa:

In a certain corner of the British Empire imperialism is having a hard battle. There Britain's case is in the hands of a sane, determined man, animated by the best English traditions and possessed of the fullest confidence of radicals and Tories alike in this country.

Mr. Alfred Milner.

Here is a thumbnail portrait of this man: "Mr. Milner is a long, thin figure, shoulders stoop, quiet manner, kind eyes, sensitive and sometimes strained, but with a certain amount of reserve. This portrait is worth recording, for this man may win a few more weeks before the pivot of events of world-wide importance, not alone in South Africa, but in England, but in the world's history, will be the battle with Kruger at Bloemfontein. He has entered upon the duel supported by a firm and loyal opinion from Kruger from the British Ministry, representing paramount power in South Africa, of the ability to win the order of the day, to announce dynamic monopoly and give to the British Empire a new lease of life as they enjoy in the Orange Free State.

What Kruger Will Do.

Against this demand Kruger will seek to get the abolition of British superiority, the elevation of the Transvaal to the rank of a sovereign state, and to make it a matter equal to England herself.

To this England must and will answer emphatically "no," and this why so many high authorities here, even within the Ministry, predict the failure of the Bloemfontein Conference. Should Kruger prove intractable, the Cabinet cannot turn back. Milner, but on an incoming order, will announce dynamic monopoly and give to the British Empire a new lease of life as they enjoy in the Orange Free State.

Treats in Milner.

Now, Milner is the man, not even excepting the Marquis of Salisbury, who has the most complete knowledge of the situation in South Africa, and who has the most complete knowledge of the situation in South Africa, and who has the most complete knowledge of the situation in South Africa.

A FORECAST.

Fail Mail Gazette Says Kruger Will Make Further Concessions as to Term of Residence.

London, June 3.—The Pall Mall Gazette makes a forecast of the negotiations between President Kruger and Sir Alfred Milner, and says that the latter is expected to make further concessions as to the term of his residence in the Transvaal.

REMARKABLE CAREER
OF A YOUNG CANADIAN

John A. Shibley, an Addington Farmer's Son, by His Own Efforts Makes Himself a Millionaire at Thirty-Three.

Mr. John A. Shibley of New York and Providence, R.I., the business manager of the well-known firm of Deane & Shibley, bankers, promoters and financial agents, is another of the successful Canadian boys now occupying prominent positions in the United States, having pushed themselves to the fore front by dint of their own unaided energies and excellent business abilities.

Mr. Shibley is of United Empire Loyalist descent. His parents, Jacob Shibley and Harriet Warner, were both natives of the old Township of Erametown, Lennox and Addington County, both descendants of the early U.E.L. pioneers who settled on the shores of the Bay of Quinte in 1784.

Born on a Farm.
He was born on his father's farm, near the Village of Wilton, in 1866, and spent his early days there. He received his schooling in one of the typical red school-houses of one of our country districts, and later on at Newburgh Academy, from which a number of very successful farmers have gone forth. When but 17 years of age he struck out for himself as a dry goods clerk in a store in Napanee. When but 17 years of age he was induced by a sister to go to Providence, Rhode Island, where he obtained a situation in a large manufacturing corporation. His excellent business abilities soon became evident, and important business transactions were committed to his hands. He was able to give practical demonstration of that confidence, both in his ability and integrity, which is one of the most commendable and comfortable attributes in the world. This he has fitted up in a most tasteful and substantial manner, and there, with his family, he has arranged to spend his summer months. It is said that the business transactions of that firm now amount to millions, and are well known throughout the United States, who were present at the scrap.

A Trusts Promoter.
He has been the leading promoter of some of the very extensive trusts and corporations of the United States.

The Best Store for Wedding Presents

The emphasis of trade this month is Wedding Outfits and Wedding Presents, coupled with large interest in Home Comforts to those who're about to start housekeeping. This store touches every side of your living—anticipating every possible need and every possible circumstance. In regard to suitable Wedding Gifts, we have more exclusive things to show than ever before, and we ask nothing better than a chance to show them to you, one at a time. This business is vastly more versatile than it was, and those who were accustomed to shopping elsewhere find larger satisfaction here now than elsewhere.

Each department has its showing of gift things, and to half tell the story of Fine China and Cut Glassware, Silver Novelties, and Bric-a-Brac, would fill columns, and much of it must be taken for granted. The store is brimful of animation, with these things ready to swell the chorus of congratulations:—

Selling More Fine Shoes.

- The emphasis of all our Shoe advertising is that we know how to sell really good Shoes at a price cheap Shoes are usually sold at. Twist that sentence around any way you like, the fact remains that this is the best store for Shoes, in spite of a quarter-hundred other departments. We count that we're selling as many Shoes now as any two or three average stores. We're buying more, bettering qualities, getting styles that are exclusive, and taking as much out of the prices as we can without selling at a loss. The stock we have now merits strong words of emphatic endorsement. Each day's experience in the business helps toward a persistent betterment of the entire department. Shoppers have the easy task of choice here—very easy with these uncommonly good Shoe values awaiting their pleasure:—
- The "Bunker Hill," a particularly dainty lace boot for ladies, finest kid in vogue, with glove kid top, overlaid with bright and in unique designs, light, flexible soles, all sizes and widths, at **4.00**

Some Deals in Properties Said to Be Pending in the Slokan—Moyie Mines.

EASTERN MONEY FOR THE WEST.

Development of Black Tail—Sales of Stocks for a Week—Mining Exchanges.

Golden Star sold up to 73 on the Toronto Stock Exchange on Saturday. War Eagle and Republic were also strong.

Deals in Slokan. It is reported that deals are on for several properties near Moyie in the Slokan, B.C. It is stated that both the War Eagle Company and the British American Corporation are after the Lake Shore, Moyie, Queen of the Hills, Peter and St. Eugene mines.

The Queen of the Hills and Moyie properties are owned chiefly by E. J. Vanover and J. B. Hastings of the War Eagle Company.

The lowest price which is being asked for the Queen of the Hills is \$200,000.

These figures indicate that the deal upon the several properties would require something over \$300,000.

ISSUE OF \$750,000 FIVE PER CENT. FIRST MORTGAGE ELECTRIC RAILWAY DEBENTURE GOLD BONDS.

Payable in the year 1929 at par, or redeemable upon previous notice from the Company in May or November in any year at the price of \$525 for each \$500 bond in New York.

THE NORTH AMERICAN TRUST COMPANY OF NEW YORK, THE UNION SAVINGS BANK AND TRUST COMPANY OF CINCINNATI and THE ST. LOUIS TRUST COMPANY OF ST. LOUIS have authorized by THE AMERICAN EQUIPMENT COMPANY, the railway contractor, to receive subscriptions for (1500) First Mortgage Gold Bonds, each of \$500, bearing interest at the rate of 5 per cent. per annum, such interest payable in gold and full of all United States taxes, in the months of May and November in every year.

PRICE OF ISSUE \$475 EACH \$500 BOND. (Equals 15 per cent. interest for first year and 5 per cent. thereafter.)

Payable \$25 on application, \$50 on allotment, and \$400 one month after allotment, less 5 per cent.; or payable \$5 on application, \$10 on allotment, and balance in eight semi-annual payments of \$50 secured by the Bond, maturing coupons attached to the Bond will be credited to the purchaser on their due dates less 5 per cent. interest per annum on deferred payments. Any payment can be anticipated to save interest. Half-yearly coupons will be attached to each bond. The bonds will be ready to issue, but may be registered in holder's name.

KANSAS CITY, BONNER SPRINGS & TOPEKA RAILWAY COMPANY, OF KANSAS.

Length of railway, 66 miles single track under construction. The traffic, from which it is estimated, when in full work will yield as follows:

Table with columns: Item, Amount. Includes Freight, Passenger, Total, Operating, etc.

Almost eight times more than sufficient to pay the annual interest upon the first mortgage bonds now issued.

The American Equipment Company has taken the contract from the Kansas City, Bonner Springs & Topeka Railway to build the railway from Kansas City to Topeka for an average price of \$24,000 per mile.

In accepting the contract the American Equipment Company has had exclusive control of the Kansas City, Bonner Springs & Topeka Railway for \$100,000, in advance of its work.

With reference to the great commercial value of the Kansas City, Bonner Springs & Topeka Railway, the following facts are given:

First. That the line projected by the Kansas City, Bonner Springs & Topeka Railway, for which most of the right of way has been secured, is the only practical route for an electric railway between these cities.

Second. That the territory through which this line will pass is one of the most productive in the United States, yielding on an average per annum of 5000 carloads of potatoes, 4000 of fruit, 2000 of stock and 1000 of manufactured goods.

Third. That the Kansas City, Bonner Springs & Topeka Railway, which will be built by the American Equipment Company, will be the only electric railway between these cities.

Fourth. That the rate of freight charges by the trunk lines now operating between these points is almost as much as the rates charged by the Kansas City, Bonner Springs & Topeka Railway, a distance of 300 miles, or five times the distance between Kansas City and Topeka, a fact which is due to these cities not being located on the Missouri River, the basing point designated by the American railways for establishing rates in this section of the country.

Fifth. That for the foregoing reasons we consider with the better facilities afforded by the trunk lines now operating, the major portion of the traffic mentioned, would be of great commercial value to this enterprise.

Sixth. That the picturesque and fertile valley through which the Kansas City, Bonner Springs & Topeka Railway would soon develop into suburban homes, a development which has been neglected by these cities for want of proper transportation facilities.

Seventh. That the passenger traffic now existing between these cities, we estimate on a conservative basis the earnings from passenger traffic should be \$800,000 gross, or, allowing 60 per cent. for operating expenses, \$280,000 net.

In summing up all of the above facts, together with all other circumstances connected with such an enterprise, we feel justified in recommending it to all who desire a profitable investment, provided the same is not bonded and stocked to exceed \$300,000 per mile.

James L. Brown, Esq., President the American Equipment Company.

Dear Sir:—At the request of various parties desiring to become interested in a profitable enterprise, we the undersigned, have chosen to investigate the merits of a proposition to build an electric railway in the Kansas Valley to the City of Topeka, by the way of Forest Lake, Bonner Springs and Lawrence, reported as follows as the result of our investigation:

First. That the line projected by the Kansas City, Bonner Springs & Topeka Railway, for which most of the right of way has been secured, is the only practical route for an electric railway between these cities.

Second. That the territory through which this line will pass is one of the most productive in the United States, yielding on an average per annum of 5000 carloads of potatoes, 4000 of fruit, 2000 of stock and 1000 of manufactured goods.

Third. That the Kansas City, Bonner Springs & Topeka Railway, which will be built by the American Equipment Company, will be the only electric railway between these cities.

Fourth. That the rate of freight charges by the trunk lines now operating between these points is almost as much as the rates charged by the Kansas City, Bonner Springs & Topeka Railway, a distance of 300 miles, or five times the distance between Kansas City and Topeka, a fact which is due to these cities not being located on the Missouri River, the basing point designated by the American railways for establishing rates in this section of the country.

Fifth. That for the foregoing reasons we consider with the better facilities afforded by the trunk lines now operating, the major portion of the traffic mentioned, would be of great commercial value to this enterprise.

Tightness of Money Handicaps Trading on the Canadian Exchange—Will the Situation Grow Easier?—The Slump on Wall Street and Partial Recovery—The Bank Statement.

Saturday Evening, June 3. Owing to the continued tightness in the money market trading this week on the Canadian exchanges has, except in the case of C.P.R. and the high priced mining stocks, been of the most difficult to secure for all purposes.

General trade conditions throughout the country continue very bright, and, if the large sowing of spring wheat makes up for the damage to the fall crop, the legitimate features of the situation will not seem to be unfavorable.

Until further notice the Toronto stock exchange will hold only one Saturday session and that at 11 a.m.

On Wall-Street. The short week on Wall-Street has for the first time in many days been a day of some interest.

The large element in the market, which takes a stand in opposition to the bears, believes the arguments which are being advanced by the advocates of lower prices to be well founded.

Provisions—While they do not attract much attention, they have been comparatively steady to firm, and even made a little advance on the day.

East Buffalo Cattle Market. Buffalo, June 3.—Cattle—The offerings were 10 loads of stock.

Sheep and Lambs—Trade was slow, with 24 loads on sale.

Grain—Trade active, with 16 loads on sale, the bulk selling at \$3.95, heavy mixed Yorkers and pigs being at \$2.75 to \$3.

Quietness at Chicago. Chicago, June 3.—There were not enough cattle offered for sale today to make a market, and prices ruled mostly nominal.

Cheese Markets. Ogdensburg, N.Y., June 3.—Twenty lots, 200 boxes, offered; 1211 sold at 87c, 314 at 87c, 100 at 87c.

Notes by Cable. The London, Eng., stock exchange was closed today.

Money Markets. On the local market call loans are at 5 to 5 1/2 per cent.

THE TORONTO WORLD

Prices of Issues Yesterday and Seven Days Before.

Tightness of Money Handicaps Trading on the Canadian Exchange—Will the Situation Grow Easier?—The Slump on Wall Street and Partial Recovery—The Bank Statement.

Saturday Evening, June 3. Owing to the continued tightness in the money market trading this week on the Canadian exchanges has, except in the case of C.P.R. and the high priced mining stocks, been of the most difficult to secure for all purposes.

General trade conditions throughout the country continue very bright, and, if the large sowing of spring wheat makes up for the damage to the fall crop, the legitimate features of the situation will not seem to be unfavorable.

Until further notice the Toronto stock exchange will hold only one Saturday session and that at 11 a.m.

On Wall-Street. The short week on Wall-Street has for the first time in many days been a day of some interest.

The large element in the market, which takes a stand in opposition to the bears, believes the arguments which are being advanced by the advocates of lower prices to be well founded.

Provisions—While they do not attract much attention, they have been comparatively steady to firm, and even made a little advance on the day.

East Buffalo Cattle Market. Buffalo, June 3.—Cattle—The offerings were 10 loads of stock.

Sheep and Lambs—Trade was slow, with 24 loads on sale.

Grain—Trade active, with 16 loads on sale, the bulk selling at \$3.95, heavy mixed Yorkers and pigs being at \$2.75 to \$3.

Quietness at Chicago. Chicago, June 3.—There were not enough cattle offered for sale today to make a market, and prices ruled mostly nominal.

Cheese Markets. Ogdensburg, N.Y., June 3.—Twenty lots, 200 boxes, offered; 1211 sold at 87c, 314 at 87c, 100 at 87c.

Notes by Cable. The London, Eng., stock exchange was closed today.

Money Markets. On the local market call loans are at 5 to 5 1/2 per cent.

Town Clerk Arrested. The London, Eng., stock exchange was closed today.

Important Official of Greenhaven Alleged to Be Short \$3700 in Municipal Funds.

Queen's City Burned. Queen's City, Ont., June 4.—A very destructive fire occurred about two miles from the city.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and women.

Recent complaints of the manner in which the hon. Mr. G. M. Brown, M.P., was treated by the press.
