BORDEN AT BRACEBRIDGE PATERSON AT UXBRIDGE

Campaign in North Ontario Goes on Apex, With Tariff Issue Still to Fore.

The campaign in North Ontario goes on with vigor. Last night R. L. Borden and Col. Sam Hughes addressed a meeting at Bracebridge. Mr. Borden answered Mr. Grant's argument against Mr. Foster, that he was born in Nova Scotia, by declaring that it was no crime, for even Minister Fielding was born there, and had been in favor of annexation.

Hon. William Paterson spoke to a sympathetic audience at Uxbridge, and declared that Canada would never have found herself in her present plight concerning Alaska had the Senate allowed the Yukon Railway bill to have gone thru. He maintained that the Liberal party had never advocated free trade.

BORDEN AT BRACEBRIDGE

Bracebridge, March 4.—(Special.)—R. L. Borden, the Conservative leader, and Col. Sam Hughes, M.P., and some local speakers addressed a large meeting of the electors of North Ontario in the Town Hall here to-night. A fair proportion of the audience consisted of representatives of the fair sex, and in every way the meeting was a success. Portraits of Queen Victoria, the King and Queen and the late Conservative leader, Sir John Macdonald, occupied conspicuous places in the platform decorations. Among those who occupied seats on the platform were: C. C. Wallace, ex-Mayor Thomson, ex-Mayor Armstrong, William Hess, O. M. Arnold, J. Thompson, John Jermyn, Thompson White, H. S. Bowyer, J. R. Higgins, J. M. McMillan, James Kaye and H. Bower.

Riding Should Be Proved.

Dr. Williams, chairman of the Bracebridge Conservative Association, presided. He was very brief in introducing A. A. Mahaffy, of Bracebridge, the speaker through the meeting of North Ontario should be proud to have the opportunity of being represented by Hon. George E. Foster, a man who would continue to strive for a Canada that has done so much to up-build Canada. In introducing the speaker of the evening, the chairman read an address to Mr. Borden from the Conservatives of the northern half of North Ontario. The address was couched in the most complimentary language and assured Mr. Borden of the loyal support of the people of the riding.

Mr. Borden prefaced his speech with a most appropriate allusion to the late Premier, Angus McLeod, and noted the presence of so many ladies, which reminded the speaker of his own unique position as the only Conservative in Ontario, for all the ladies present knew that a benefactor was not leader of the opposition in the province.

Corrected a Remark.
The Conservative leader paid some attention to a remark credited to Sir William Mulock, the chairman of the party, who had recently stated that he (Borden) was not aware that any section of the Conservative party at any time has given Mr. Mulock a mandate to speak for the Conservative party on this or any other subject.

Mr. Borden then turned to the campaign which is being made by Mr. Grant against Mr. Foster on the non-resident issue. He stated that the party of politics for Mr. Grant to ask the electors to reject Mr. Foster because he happened to be non-resident in Ontario. If Mr. Grant wanted to make an attack on a public man because he was non-resident, he should turn his attention to Mr. Fielding, who was non-resident in Ontario, and who had been selected to succeed Sir Wilfrid Laurier as the leadership of the Conservative party.

Mr. Borden's attention to the fact that it was this Mr. Fielding who had introduced into the House a resolution looking to the succession of that shrewd shrewd the Hon. J. M. Macdonald as Premier of the Dominion. It was he (Fielding) who had moved to have the duties on wheat and flour reduced, and who had the consumers of his Province might be ground down by the farmers of Ontario.

Position on Tariff.
Mr. Borden occupied some time in stating his position on the tariff. The policy of the Conservative party was a definite one, while the Liberal party had no special tariff policy at all. The Liberal party would accept the principle of protection if it suited their political ends or the principle of free trade if it suited the interests of the people. He thought it was, but whether it was good policy or not, it was the policy of the Conservative party, and the Conservative party would not serve from a position to catch votes or gain power. The Conservative policy was one of adequate protection, and it was no meaningless phrase.

Increase Chinese Tax.
When hard times come, what protection have we against the great American trusts which would be prepared to slaughter their surplus products in Canada, unless we have adequate protection to our industries? The interests of Canada, from that standpoint, warranted that we should have such a policy.

A Mutual Preference.
The Conservative policy in regard to the preference was unqualified. A mutual preference within the empire would strengthen Canada, and would strengthen the Empire. Mr. Borden spoke for five minutes in French, electors of Bracebridge, and, on resuming his seat, was enthusiastically cheered.

Col. Hughes, who closed the meeting, made a humorous and telling speech, and is evidently a favorite in North Ontario. Whoever he has been allowed to speak the bulls have been crowded to Coventry. To-night, he dealt vigorously with several of the Liberal leaders who had made pledges which had not been carried out, and pointed out that the Conservative policy in regard to saw-logs had been a good one for Bracebridge and the lumber districts. Member of South African Contingent Takes His Life in Stratford —Other Fatalities.

Stratford, March 4.—Harry E. Ballard, who was a member of the first and third Canadian South African contingents, took his own life last night, blowing the top of his head off. Deceased lived here with his father and mother, and went home last night as usual, giving no indication of his intention. Shortly after midnight, he took from his kit the rifle he had carried, and, placing it to his right temple, died as indicated. Deceased was a little over 27 years of age.

TOOK PARIS GREEN.

Strathroy, March 4.—Alfred Powers of the Township of Carleton Place committed suicide yesterday by taking Paris Green. It appears that he had hung himself to the house and informed his wife what he had done. A doctor was sent for, but he was unable to save him. He was well liked and quite a prosperous man, and no reason can be given for the rash act.

SUCCEEDED AT LAST.

Windsor, March 4.—Aza Laffer, an insane prisoner at the Essex County Jail in Sandwich, strangled himself to death with a wet towel, in the toilet room of the day corridor, to-day. The unfortunate man has been subject to frequent spells of mental aberration for some years, and was last committed to the jail on Feb. 17. One day he took a towel and hid it in a hole in the wall, and prevented from accomplishing his purpose. The next day he tore a piece of band iron from the leg of a table and sharpened it on the flagstone pavement of his cell. With this improvised knife he tried to cut an artery in his left wrist, but the wound did not bleed sufficiently to cause death. Laffer was closely watched, especially at night, but he managed to evade his guards to-day, and when found his feet were wedged under the floor and the towel tied to a pipe two feet from the ground. He was a well-to-do farmer in Gosfield, North.

KILLED BY A TRAIN.

Welland, March 4.—James Durham, an elderly man, who resides here, was instantly killed by a train while working on the Grand Trunk tracks here this evening.

STRIKES IN ONTARIO.

Settling Department of Hiram Walker & Sons Quits Bottling.

Windsor, March 4.—Hiram Walker & Sons, Limited, distillery, at Walkerville, is tied up on account of a strike in the bottling department. Sixty hands, including thirty girls, quit work this afternoon, and there are no goods whatever being bottled. The men are being paid \$1.25 for a ten-hour day, and demand \$1.50 for a day of like length. The scale demanded was presented to the firm to-day, but owing to the absence from town of one of the principal members, the management deferred giving a definite answer and asked the strikers to wait until the absent member returned. The strikers refused to wait until a definite answer to their request, and the strike was consequently declared. The cessation of work in the bottling department effectively ties up a greater part of the distillery.

APPR SIX WEEKS.

Port William, March 4.—The strike of International Bridge and Structural Iron Workers' Union employees at Port William work here, was declared off, and the men resume work to-morrow. J. A. Macdonald, head of the union, has been arrested on charges of conspiracy, and after a conference with the men, the schedule of wages as demanded, with several other questions, was adopted, and the recognition of the union agreed upon. The strike has lasted six weeks.

WHAT PAINTERS WANT.

Guelph, March 4.—The local Journeymen Painters are still agitating for 25 cents an hour. They claim that the market is glutted with poor workmen, and that the system of hiring boys and dismissing them for others when, after an experience of a year or two, they ask for higher wages.

WABASH STRIKE ADVERTED.

St. Louis, Mo., March 4.—In the matter of the threatened Wabash strike, everything now hinges on the injunction, which the labor leaders will attempt to have dissolved to-day or Thursday, and until this is done away with there can be no strike, for the leaders have agreed to obey the court's orders.

NO CHANGE AT ST. KITTS.

St. Catharines, March 4.—There is no change in the strike situation, all the building trades, including the plumbers, are on strike. About 250 men are unemployed.

FIGHT AT A FUNERAL.

Kingston, March 4.—A funeral party near Clinton recently terminated in a fight as to the right of possession of a son of the deceased, James Cumming, J. P. Lynn, threatened the party with prosecution unless they desisted.

OIL IN PARKHILL.

Parkhill, March 4.—Oil has been struck on the property of St. Albans, six miles from here. It runs four to five barrels a day.

TARE TO GO TO BROCKVILLE.

Brockville, March 4.—Hon. J. Israel Tarte has consented to attend an at home given by the I.O.F. here to-morrow night.

Will Have April 24.

Quebec, March 4.—Maurice, the wife of the late Maurice, was condemned this morning to be hanged on April 24.

POPE REALLY ILL.

Condition is Not Without Danger, Considering His Age.

Rome, March 4.—The alarmists are again to the fore this evening, and declare the Pope to be really ill. They point to the official note in tonight's *Osservatore Romano*, the Vatican organ, stating that on the advice of his doctor, the Pope had decided to take several days' absolute rest.

It is stated that the Pope never succeeded in getting over the cold, which caused a slight cough and hoarseness. Dr. Lappini, on visiting His Holiness, to-day, found that he was somewhat better, but frankly told him that he must either consent to cure his cold, or he would run the risk of something serious. The Pontiff thereupon gave way, and promised to suspend his audiences.

The condition of the Pope, taking into consideration his advanced age, is not without danger, and is causing considerable anxiety. So much so, it is asserted, that some cardinals who have come to Rome from a distance have postponed their departure.

POPE MUST REST.

Rome, March 4.—Altho the Pope is in good health, his physicians have imposed complete rest for the present, consequently the Pontiff will receive no one until the end of next week.

EVE OF AN ERUPTION.

Chinese Traveler Looks for a Renewal of Trouble.

London, March 4.—George Mannington, the well-known Chinese traveler, who is now in London, told a correspondent to-day that a renewal of the old troubles in the Flowery Kingdom is inevitable.

He remarked: "It is astonishing how little the western countries are aware of the danger. The recent rice famine has clipped the reform movement, and the reformers are now visible to experienced eyes that we are on the eve of a huge eruption. China has an enormous population, and a depreciation of silver has crippled the educated Chinese who favor the reform. It is difficult for the people of Europe and America to realize the danger attending the 'uprising of the great mass of uneducated yellow men.'"

EARLY MORNING BLAZE.

National Box Factory, on George St., Gutted by Fire.

A couple of thousand dollars damage was done by fire in the factory of the National Box Company, at the foot of George street, at an early hour this morning. The alarm was turned in at 1:20 a.m. by P. C. Brown (245) from No. 2. The building, which is a two-story frame, was then a mass of flames. The fire department, which has been visited by flames before, after the fatal McIntosh conflagration, which was just across the street, W. Williams and H. Williams composed the company. There is insurance.

STORM KILLS HERDS.

Thousands of Dead and Dying Cattle Seen by Trainmen.

Denver, Col., March 4.—Thousands of cattle, dead or dying, can be seen in the snow on the plains from every railroad throught the range country. The storm of the last two weeks have wrought havoc among the herds, and many of the animals have perished. The Rock Island train estimate a similar number lying within eight of that line.

RISING ALREADY BEGUN.

Many Bulgarian Revolutionary Bands Operating in Macedonia.

Constantinople, March 4.—Increasing numbers of Bulgarian revolutionary bands are operating in Macedonia, and the frequency of stiff encounters between them and Turkish forces is regarded as indicating that a general rising already has begun. The inhabitants appear not only to be sheltering these bands, but to be interfering with the movements of the troops.

GIVE OWNERSHIP GROWS STRATFORD GOES AHEAD

By a Substantial Majority Citizens Decide to Purchase the Waterworks.

Stratford, March 4.—(Special.)—Progressive Stratford has declared for municipal ownership of waterworks and for good roads. By a majority of 136, the waterworks purchase bylaw, was carried to-day, and the good roads bylaw by the overwhelming majority of 311. These provide for the purchase of the Stratford Water Supply Company's plant, mains, etc., for \$88,000, a couple of thousand dollars added to meet immediate expenditures, and for the issuing of debentures for \$8000 to secure immediate improvement of outlying portions of the main roads.

Progress Won.

The victory for the party of progress is the result of a brief but sharp fight. At a public meeting on Friday night, John Idington, K.C., took the platform against the waterworks purchase, and there and elsewhere conducted a vigorous campaign. A number of dodgers were issued bearing his signature, and his party had rigs on the road to-day. The Board of Trade worked hard for the passing of the bylaw. Those who gathered in the City Hall this evening hear the results were nearly all by-law enthusiasts, and approving cheering greeted the announcements.

Solicitor Disappointed.

On the platform at Friday night's public meeting, Mr. Idington, who is City Solicitor, dramatized the City Council's decision to "give" and "have" of the Board of Trade Council. This and some of the matter in his circular the Council have disappointed of by a resolution which tells him that such utterances are incompatible with the continuance of official relations.

On the Platform.

The total votes were: For waterworks purchase bylaw 576, against 247, for good roads bylaw 652, against 311.

FIRST LANDSEEKERS' RUSH.

Many Immigrants From Wisconsin Seek Homes in West.

Weyburn, N.W.T., March 4.—The first of the season's monthly excursions of landseekers from the States for this year passed here this morning. It is good evidence of the prophesied rush as it carried 158 north-westerners from the State of Wisconsin, which heretofore has contributed largely of its sons. The bulk are journeying to Northern Alberta, Saskatchewan, and the north-western shore.

TO WAIT ON BELL COMPANY BUT WILL NOT CEASE FIGHT

Shareholders of the Markham-Pickering Independent Co-Operative Telephone Company Desire to Be Fair, But Declare They are Not Weakening.

At Locust Hill, last night, the shareholders of the Independent Co-Operative Telephone Company met to discuss the proposed acquisition of the Bell Telephone Company, and to ascertain if it is prepared to give the former company connection at Markham, and allow a phone to be installed in Locust Hill Station.

Shareholders of the Markham-Pickering Independent Co-Operative Telephone Company Desire to Be Fair, But Declare They are Not Weakening.

The shareholders expressly stated that this action was not a sign of weakening, but was to show that they were willing to be fair and reasonable. A committee will also go to Pickering to-day and consult with Col. Farewell as to further proceedings against the Bell Company. A phone will be installed in a house close to Locust Hill Station.

MEETING AT WHITEVALE.

Whitevale, March 4.—(From Our Own Man.)—The excitement over the telephone situation shows no abatement, and there is a general feeling that the Markham and Pickering Telephone Co. has got the Bell Company fairly going. The shareholders of the local company met here to-night, and felt elated over the fact that the representatives of the Bell Company are chasing all round this part of the country, in an effort to give the people telephones. They are also claimed to have stated that they are willing to meet the demands of the local company, and a committee was appointed to wait upon the Bell people and find out whether or not there was any truth in the statements being made by the agents.

To Do Fair Thing.

This committee was not appointed without a lot of careful consideration, for it was feared by all the shareholders that it might possibly be construed as a weakening. Every vote for it was specifically on the ground that it was the slightest suggestion of cold feet, but merely an effort to show that the local people were prepared to deal fairly, but on one account would they give up one hair of their independence.

Mr. Howland advances the idea that the Council should be responsible for blocking the settlement at that time may be held personally liable for the loss gas consumers have sustained.

Public Ownership the Remedy.

Ald. Spence, on the other hand, holds the view that the Council should support his plan for municipalization of the gas plant.

Was Unable to Retain More Than Half His Meals Until He Tried the Infallible Remedy, Powley's Liquefied Ozone.

In Ten Days He Was Much Improved—The Vomiting Soon Ceased, He Rapidly Increased in Weight, and Was Better Than He Had Been in Years.

POWLEY'S LIQUEFIED OZONE CURES DISEASE BY DESTROYING IT WHEREVER LOCATED.

I have suffered from dyspepsia for fifteen years and during that time I have tried every medicine and diet that I could get, but I have not retained more than half my meals until I tried Powley's Liquefied Ozone.

After using your preparation for ten days I kept the next six days all right, and after using a bottle and a half the vomiting ceased and after three bottles my weight increased from 105 to 118 pounds.

Yours truly, NAPOLEON PAYETTE, Pentagonale, Jan. 24, 1903.

AYER'S PILLS

"Take Ayer's Sarsaparilla." We say it, and the doctors say it, too. Ask your own doctor about it. He probably has the formula. He can tell you just how it lifts up the depressed, gives courage to the despondent, brings rest to the overworked.

If your liver is sluggish, bowels constipated, tongue coated, better take one of Ayer's Pills at bedtime. These pills greatly aid the Sarsaparilla, and cure all liver troubles. Two grand family medicines. J.C. AYER & CO., Lowell, Mass.

TO INSPECT CHINESE LAUNDRIES. A MATRIMONIAL TANGLE.

Head of Health Acts on Report of the M.H.O.

At the meeting of the local board of health Wednesday afternoon, Dr. D. D. Noble, who is the City Solicitor to be instructed to draw up a by-law prohibiting expectation on the sidewalks of the city. Dr. Sheard declared that the city had not the power to do this; they could only go as far as placing notices requesting that there be no expectorating on the sidewalks. Similar notices had been placed on the cars of the street railway company. It was decided to have notices posted up and the Legislative Committee will be asked to seek for the desired prohibitory legislation.

To Inspect Chinese Laundries.

Ex-Ald. Harvey Hall was stirred to express himself forcefully when Dr. Sheard's monthly report was read, wherein the nasty condition of Chinese laundries was pointed out, and a motion presented by him amending the law so that Chinese laundries can be inspected at any time, day or night, was carried. The right to inspect these places at night was desired because it was stated that the undesirable practices of inmates were carried on after dark.

Lodging Houses as Well.

The same privilege of inspection was requested in the matter of cheap lodging houses. In St. John's Ward it was ascertained that 40 Italians occupied one house.

Chinese Are Healthy.

In spite of the crowded manner in which the Chinese live, work and sleep, Dr. Sheard admitted that they kept good health, and in ten years he had not known of a Chinese suffering from a contagious disease or being admitted to a city hospital.

Grants to Hospitals.

The question of an increased grant to the hospitals came up when Mr. Crane inquired if it were true that the hospitals intended to ask for an increased per diem allowance. Dr. Sheard replied that while the government grant a few years ago had been 30 cents a day for each patient, yet the changing of the grant to the total sum of \$100,000, to be divided among the hospitals had resulted in a grant equalling only 12 cents a patient. Dr. Sheard did not know whether the hospitals intended to demand more assistance.

Funeral of Andrew Stuttaford, Sr.

The funeral of the late A. J. Stuttaford, sr., took place yesterday from his residence, 1831 Church-street, and was well attended by his many friends. Mr. Stuttaford was a son of Mr. Joseph Stuttaford, post captain of the royal navy, and came to Toronto two years ago from London, England, where he had held a position for a number of years in the Customs, under the British Crown. For a number of years he was Deputy Registrar for this city, and on numerous occasions acted as returning officer for general elections, and some of the judges and many of the aristocrats of the city acted as his deputies during their student days. He had been associated, ever since his arrival in this country, with the Church of the Holy Trinity, having brought a lister of introduction from Lord Darling to Rev. Mr. Darling, who was at that time rector. The deceased was well-known in musical circles, being possessed of a fine tenor voice, and in his younger days on many occasions gave time and service to giving musicals, the proceeds of which were applied for benevolent purposes. The deceased leaves one daughter, Mrs. Selis of Buffalo, N.Y., and three sons, Mr. A. J. Stuttaford, Toronto; Mr. Herbert Stuttaford, Lucknow, Iowa; and Mr. A. H. Stuttaford of Toronto. The 74 years of age, Mr. Stuttaford was apparently in the prime of health almost up to the time of his death, which was not unexpected by himself or his physician, owing to the condition of his heart.

The Sign of the Scutes.

In the Police Court Wednesday morning, Francis Carey, who was charged with assault on Detective Verney, was remanded till today. Fred Giffen pleaded guilty to the charge of throwing mud at a policeman on King Street's hundred work, and was also remanded. The case against John McCully, accused of assisting in the robbery of Frank Corner on February 23, was adjourned till today. John Lenahan maintained that he did not steal a bottle from Jas. McGuire, and his case will come up on Friday. Win. McIntosh declared that he found the caperine which he was accused of stealing from E. Sykes, and he also was remanded. Bertha Lane Stuttaford was given an order of protection from her husband, William Cranston. Jane Yeates was given a separation from her lord and master, James Yeates.

Fine Sation for C.N.R.

Winthrop, March 4.—Official announcement is made that the Canadian Northern Railway Company has purchased 24 acres of land at Garry Park, in the centre of the city, for station and terminal purposes. The company will build this new station facilities second to none in the West.

Hotel Fire at Thorold.

Thorold, March 4.—About 4 o'clock this morning a fire broke out in the rear premises of the Welland House here, doing damage to the kitchen and dining-room to the amount of probably \$500. Insured.

Now at Yokohama.

Ottawa, March 4.—A cable was received from Hon. Sidney Fisher at Yokohama this morning, saying that he had arrived safely and was met by William Hutchinson and staff.

Mr. William McLaughlin, died Tuesday at her residence, 21 Bellevue-street. She was the widow of the late Rev. William McLaughlin, a Presbyterian minister. She leaves three daughters.

SALVATION ARMY LODGERS

General Booth's Big New York Hotel Where a Bath Goes With Every Bed.

ONE TOOK WATER ONLY IN SUMMER

Splendid Work the Organization is Doing Among Gotham's Poor.

A man of 40 years, rugged and dirty, drifted down the Bowery the other night in the utterly aimless fashion of so many of that motley crowd. He raked into Chatham-square in New York, whose bath attention was attracted by the blaring lights of the new Salvation Army Hotel.

"Nothing doing—might as well go to bed," he muttered to himself.

A dirty hand went into his pocket, and he drew out a few small coins, counted them, and put them back.

"Seems a shame to pay for sleeping when I can hardly afford eat," he remarked to no one in particular.

He hesitated in his indecision for a minute, and then went into the office.

"Give me a bed," he said to the uniformed clerk. He paid his 15 cents and gave the expansive man of Smith.

"The bathroom is downstairs," the clerk said, pointing.

"Let it stay there," snarped the man. "I'm going to bed." He started for the elevator.

"Hold on, my man; hold on," said Major John C. Smith, who has charge of the hotel venture for the army. "No one goes to bed in this hotel without first taking a bath."

The man looked incredulous.

"Do you mean for us to take a bath?" he asked.

"Don't you think you need it?" questioned the officer.

"No bath for him," exclaimed the fellow, when he saw that Major Smith was really in earnest. "No take a bath in the morning! No, sir! I take them in summer. Why, I'd catch my death of cold."

"Then you'll have to sleep somewhere else," said Major Smith, handing over the key to the man who had paid for his bed.

The man went, and in going said things which were rather peculiar to the ears of the Salvation Army Hotel.

It is in this rather peculiar rule which has caused the new lodging house to be dubbed "Hotel de Bath." It is a ten-story brick building, which looks out on Chatham-square from the north side and down upon all of the surrounding buildings. It stands on one of the highest corners of the city—third-street. There are eight floors of dormitories and 19 private rooms, each with a private bath and 10 cents more.

The bath, with towels and soap, is without charge. In the early evening the bathroom in the basement is a busy place. There are eight slate basins fitted with shower and needle baths. Most of the "guests" are glad of the chance to make themselves clean, and look upon the bath as a privilege. In another basement are three tubs, in which the men can wash their clothes. There is plenty of soap, and there are washboards to spare. Some men put everything into the tubs, and then they take their coats and trousers to a drying machine near by. There is a drying machine near by, and by the time they are done, they are all washed and dried. This is a good thing, for few of them have a change of apparel.

No Hoboes Here.

It is a case of early to bed for most of the men. More than half of them are called before 6 o'clock each morning, which is no longer a nest of "hoboes."

An Irishman came in to smoke his pipe, and by the time he had finished, he had a goodly pile of cigars.

"I've taken a puff or two," he explained, "but it is against the rules for anyone to smoke except in the reading room."

"Well, I'll just pass on the cigars, and tomorrow morning, who is in charge of the hotel, used to have direct control of all of the social work of the army in this state. On a recent night no less than 20 snobs registered, and even John Doe came in to smoke."

"I believe we are doing a good work," said Major Smith to a "T" reporter who has shined him over the hotel.

"We are trying to give the old man some of the other cheap beds seem to think we are trying to put them out of business. We are doing nothing of the kind, but I am afraid that some of them will be forced by our good example to improve their accommodations."

Rooms Full, But Guests Sober.

"Outside of the bathing and smoking rules we are absolutely without restriction."

FEDERAL LIFE

TWENTY-FIRST ANNUAL STATEMENT DIRECTORS' REPORT.

The new business of the year consisted of two thousand and two applications for insurance, aggregating \$2,808,000, of which nineteen hundred and forty-three applications for \$2,710,225 were accepted; applications for \$120,075 were rejected, or held for further information.

As in previous years, the income of the Company shows a gratifying increase and the assets of the Company have been increased by \$100,000.31, and have now reached \$1,642,387.81, exclusive of guarantee capital.

The security for Policyholders, including guarantee capital, amounted at the close of the year to \$2,322,287.81, and the liabilities for reserves and outstanding claims, \$1,474,740.48, showing a surplus of \$1,007,547.33. Exclusive of unallocated guarantee capital, the surplus to Policyholders was \$1,007,547.33.

Policies on active lives became claims through death, to the amount of \$132,328.88, of which \$16,048.54 was returned in other companies; a rate of mortality considerably under that provided for.

Detaching Cash Dividends and Dividends applied to the reduction of premiums, \$224,214.74, with annuities, the total payments to Policyholders amounted to \$201,411.58.

Careful attention has been given to the investment of the Company's funds in first-class bonds, mortgages, securities, and loans on the company's policies amply secured by reserves. Our investments have yielded better than the average results of insurance companies doing business in Canada.

Expenses have been continued to a reasonable limit, consistent with due efforts for new business.

The results of the year indicate a most gratifying progress in every desirable direction. Compared with the preceding year, the figures submitted to the Directors for your approval show an advance of eleven per cent. in income, thirteen per cent. in assets, and fourteen per cent. in the amount of insurance written.

The assurances carried by the Company now amount to \$13,081,577.56, upon which the Company holds reserves to the full amount required by law, and in addition thereto, a considerable surplus.

Directors and Agents of the Company are intelligent and loyal, and are entitled to much credit for their able representation of the Company's interests. The members of the Office Staff have also proved faithful in the Company's service.

DAVID DEATER, President and Managing Director.

AUDITORS' REPORT.

To the President and Directors of the Federal Life Assurance Company: Gentlemen.—We have made a careful audit of the books of your Company for the year ending 31st December, 1902, and have certified to their correctness. The securities have been inspected and compared with the ledger accounts and found to agree therewith.

The financial position of your Company as at 31st December is indicated by the accompanying statement.

Respectfully submitted, I. S. STEPHENS, J. J. MARON, Auditors.

Dropsical Swellings

Backache, deposits in the urine, pain, smarting and scalding when urinating, loss of flesh, rheumatic pains and headache are symptoms of

Kidney disease

When the swelling takes place about the heart death usually comes suddenly and unexpectedly in the form of Heart Failure or Apoplexy.

The kidneys when in health filter from the blood the urea, which is in reality poisonous waste matter. When the kidneys are weak and deranged the urea remains in the blood and causes it to become watery and deficient in nutritive quality. Dropsical swellings are the result. At times the ill-effects are felt about the heart and death comes suddenly in the form of heart disease or apoplexy. With others the legs swell until they become unwieldy proportions and require to be banded.

Dr. Chase's Kidney-Liver Pills prevent and cure dropsical swellings and all the dreadful symptoms of kidney disease. They cure thoroughly by striking directly at the root of the trouble and setting the kidneys right.

Mr. James Treneman, 538 Adelaide Street, London, Ont., states: "Two years ago I was laid up with kidney disease and urinary troubles. Besides the pain and inconvenience caused by these troubles, I became dropsical, and my legs would swell up so that I could scarcely go around at all. Hearing of Dr. Chase's Kidney-Liver Pills, I procured a box, and continued the use of this valuable medicine until now I can say for a certainty that I am entirely cured. I never took any medicine that did me so much good, and am firmly convinced that if it had not been for this medicine I would not be working to-day."

Dr. Chase's Kidney-Liver Pills

Are wonderfully successful in curing all diseases which arise from uric acid in the blood. They act directly on the kidneys and liver, invigorate these filtering organs to health and activity and insure their perfect working. In thousands of homes in Canada and the United States they are kept constantly on hand as a preventative and cure for kidney and liver derangements, Bright's disease, dropsy, biliousness, stomach troubles and constipation. There is no medicine that is so prompt and thorough in removing backache, bodily pains and all the distressing accompaniments of kidney disease. Dr. Chase's Kidney-Liver Pills. One pill a dose—25 cents a box. At all dealers, or Edmondson, Bates & Co., Toronto.

LEVEL CROSSINGS ARE BAD

Hon. Mr. Blair Puts Himself on Record in the Matter of Napanee Request.

G.T.R. OFFICIALS ON THE MATTER

Object to Crossing at Woodstock, But Committee Overrules the Objection.

Ottawa, March 4.—Hon. A. G. Blair, Sir William Mulock, Hon. Charles Fitzpatrick, Hon. James Sutherland and Hon. M. E. Bernier were present at a meeting of the Railway Committee of the Privy Council this morning.

Approval was given to the Algoma Central and Hudson Bay Railway Company's application to cross certain highways in the town of Saint-Sauveur and the townships of Kossau and Tarentorus.

The application of the Bay of Quinte Railway Company for approval of the place and mode of crossing at rail level of the Grand Trunk Railway near Sarnia station was once more up for consideration. J. Lorne Macdougall appeared for the Bay of Quinte Company and Mr. Biggar for the G. T. R. Hon. Mr. Blair said that level crossings were objectionable, and the engineer of the department had reported that a subway was practicable at moderate cost.

The motion was allowed to stand until the application had had the opportunity of studying the plans of the government engineer. The Woodstock, Thames Valley & Ingersoll Electric Railway Company made application to cross the Grand Trunk Railway at Dundas-street in order to extend the line for three blocks east of the latter line. It was pointed out that it was not practicable to have an overhead crossing or subway. Messrs. Biggar and Macdougall claimed there was danger to the public in a crossing at the point in question. The latter said the conditions would be favorable to a repetition of the case which recently occurred at Paterson, N.J., where nine young folks were killed in a collision between a street car and a train. If the application was allowed derailing and interlocking apparatus should be installed.

The Mayor of Woodstock, John White, said the extension of the electric railway was earnestly desired by the citizens, and the physical difficulties were not so great as had been represented. The cost of derailing and interlocking apparatus should not be borne wholly by the electric railway company. The G. T. R. committee maintained a watchman at the crossing. The committee announced that they had agreed to allow a crossing with proper protection. The protection must be at the expense of the company applying.

The committee approved of the Grand Trunk's application to construct a siding from a point on the Fort Dover & Hamilton branch to the Hagersville bluestone quarry.

The committee allowed the Sandwich, Windsor & Amherstburg Railway Company to cross the Canada Southern Railway near Amherstburg, in the town ship of Anderson, and also on Sandwiche-street, Amherstburg, subject to an agreement between both companies as to conditions.

Another crossing on Sandwiche-street, Windsor, was authorized, the expense to be borne by the applying company.

Toronto's application for an order routing the Grand Trunk and C. P. R. Railway Companies or either one of them, to construct a steel and iron bridge over the railway tracks on the Esplanade at the foot of Yonge-street was postponed by agreement. Mr. Creelman, for the C. P. R., said it was desirable to have an early settlement of the York-street bridge question. It was decided to fix Thursday, the 10th, at 10 a.m., for the hearing of the Toronto cases.

AFTER 38 YEARS' SERVICE

Mr. Cockburn Resigns From Navigation Co., Mr. Nicholson Succeeds.

Mr. A. P. Cockburn, manager and treasurer of the Muskoka and Georgian Bay Navigation Company, has confirmed the rumor of his intended retirement as manager at the end of the present month. Mr. Cockburn's relations with the company are, however, both cordial and harmonious, but nearly thirty-eight years of strenuous work in establishing and developing Muskoka transportation and the interests under difficulties, together with the additional turmoil of many severe election campaigns, are now beginning to tell upon his physical constitution, consequently he is seeking some well-earned relaxation from the brunt of the onerous duties incidental to Muskoka transportation affairs. Mr. Cockburn will continue to take a keen interest in all northern affairs, but in a quieter way for the future. Mr. C. H. Nicholson, an experienced water transportation official from Lake Ontario, will assume the duties of manager on April 1. Other changes are about taking place, the particulars of which will shortly be announced.

Died in Chicago.

At St. Luke's Hospital, Chicago, the death of Mrs. S. P. McMaster occurred about 10 o'clock Tuesday night as a result of a paralytic stroke received some weeks ago. Mrs. McMaster was the widow of the late S. P. McMaster of the former Toronto dry goods firm of McMaster & Co. She was a daughter of the late George E. Wylie, and was one of the original projectors of the Hospital for Sick Children, which for a year or two she was long and devotedly supported. Owing to ill-health, she was obliged to give up her work here and go to California. From there she returned east to become superintendent of the Children's Home in Schenectady. Mrs. McMaster had a daughter, the wife of Mr. Clarke, formerly of John Kay & Co., Toronto, and two sons, who are in business in the United States. She was a sister-in-law of Mr. Hart of the firm of Hart & Riddell. She will be buried in Chicago today.

Toronto Railway Wins

Before Judge Morson in the County Court Wednesday, Walter Larkin, a milkman, sued the Toronto Railway Company for \$200 damages as a result of being run into and his horse and rig badly damaged at the corner of King and John streets. After evidence had been produced on both sides, judgment was given in favor of the defendant. The jury disagreed as to a verdict in the trial of Wesley Fagnon charged with indecent conduct in the Court of General Sessions Wednesday.

New York, March 4.—James J. Hill, president of the Northern Securities Company, sailed today for Europe for rest and recreation. President Shaughnessy of the Canadian Pacific Railway also sailed on the same steamer.

Resting Squire's Estate.

New York, March 4.—Gen. William Booth, founder of the Salvation Army, who injured his knee a few days ago and who contracted a cold after his farewell meeting last night, was reported today to be resting easily.

Mrs. Eliza McCullough, who died last month, left to her children an estate amounting to \$1768.06. The widow of Robert Maxwell, who died intestate, applies for the administration of his estate, which amounts to \$2000. Douglas

"Mrs. Pinkham Saved me from an Operation."

Operations Avoided.

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, it of course frightens her.

The very thought of the operating table and the knife strikes terror to her heart.

And our hospitals are full of women who are there for ovarian and womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Mrs. Pinkham's medicine after the doctors had said the operation must be performed.

Lydia E. Pinkham's Vegetable Compound has been very successful in curing ovarian troubles. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

Ovarian troubles are easily developed from womb troubles, and womb troubles are so very common that ovaritis is steadily on the increase among women. It is, nevertheless, a most serious trouble, and to recommend wrong treatment for it is a crime for which there cannot be too deep a penalty.

It is, therefore, with full consciousness of the seriousness of the disease and the steady failure of other medicine to cure it, that we present for ovarian and womb trouble Lydia E. Pinkham's Vegetable Compound as the most certain to help of any medicine in the world to-day. Any person who could read the letters in Mrs. Pinkham's files at her office in Lynn, Mass., would be convinced of the efficiency of Mrs. Pinkham's Compound.

The strongest and most grateful statements possible to make come from women who have escaped the operating table by the use of this medicine. Let any woman suffering from these troubles, or anything which may develop into them, write and get Mrs. Pinkham's advice. If you are beyond the reach of the medicine, you will be frankly told so, but, if not, you will be fully and carefully and kindly advised.

The most serious of all the diseases of women, as well as the minor ills, are promptly overcome by

Lydia E. Pinkham's Vegetable Compound.

\$5000 REWARD

Earnest Words of Gratitude.

"DEAR MRS. PINKHAM:—Your Vegetable Compound has completely cured me of the worst form of womb trouble, and made me a strong, healthy, robust woman. Before using Lydia E. Pinkham's Vegetable Compound, I suffered with severe pains in back and side, headache and nervousness. Menstrual troubles sometimes occur every two weeks, and once I had a severe hemorrhage which lasted a month. I was confined to my bed and the attending physicians told me I would have to undergo an operation as soon as I was strong enough. I read in one of your little books several testimonials from ladies who were cured by your Compound after having been told by their doctors that an operation was necessary, and I made up my mind then and there to commence taking your Compound. I did so and it has completely restored me to good health. I have gained twenty-two pounds since taking it and my flesh is as solid as a rock. My friends remark about the change in me. I am a living advertisement of what Lydia E. Pinkham's Vegetable Compound can do, and have influenced many of my friends to try it, which has proved very gratifying in its results. I thank you for restoring me to health."—ANNIE BARTLEY, 209 S. Sangamon St., Chicago, Ill.

ANOTHER OPERATION AVOIDED.

"DEAR MRS. PINKHAM:—I feel very grateful to you for the benefit I derived from your kind advice and remedies. I was troubled with a complication of female troubles, had ovarian, painful and irregular menstruation, leucorrhoea, nervousness, and weakness. I had no appetite and could not sleep nights. The least exertion would cause shortness of breath and dull pains in my hips and side. The doctors all advised me to have an operation and have one of my ovaries removed, but this I could not bear to think of. I was induced to try Lydia E. Pinkham's Vegetable Compound, and after taking the first bottle I was much improved. It renewed my appetite, health, and strength. I continued taking it, also your Blood Purifier and Sanative Wash, until entirely cured of all my troubles. The pains have never returned, and my health is splendid. Your remedies have been a boon to me, and I am sure many a woman owes her life to them."—MARIE WEBB, 356 Columbus Ave., Boston, Mass.

"DEAR MRS. PINKHAM:—I feel it my duty to publish the wonderful help Lydia E. Pinkham's Vegetable Compound has been to me. I was like a crazy person—could not eat or sleep; there was no rest for me day or night. Physicians examined me and said an operation was necessary. Before undergoing it, however, I determined to try Lydia E. Pinkham's Compound. I am so glad I did, for it cured me. I am a well woman now and can do any kind of work. I want this published throughout the land, so that all my suffering sisters may read, and if in any way afflicted with female troubles, they may be induced by my sincere statement to try this wonderful Vegetable Compound and be cured."—MRS. MARGARET BAMPFORD, Centennial Ave., Crescent Beach, Revere, Mass.

"DEAR MRS. PINKHAM:—I wish to send you my testimonial stating the grand effect Lydia E. Pinkham's Vegetable Compound has had on my health. I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. Your medicine having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My system was toned up and I suffered no more with my ovaries. Your medicine is the greatest boon on earth to suffering women."—MRS. ANNIE ASTON, Box 137, Troy, Mo.

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

WESTON ALTERS LIGHTING RATES

Funeral of Late J. I. Kerr, V. S.—News Gathered From Different Sections of the County.

Toronto Junction, March 3.—A public meeting in the interest of temperance will be held in the Baptist Church to-morrow night.

The Brotherhood of Railroad Trainmen have decided to hold their annual ball and supper in James' Hall on Easter Monday.

At the Liberal Club meeting on Saturday night, Arch. Campbell, M. P., T. C. Robinson and others will give addresses.

The Village Council has decided to charge a uniform rate of 32 cents a month for 16-candle-power electric lights.

Heretofore, the rate has been 30 cents per 10-candle-power light, with a sliding scale of prices for the number of lights in use.

Where a person had a great number of lights, there is now a tendency to cut several of them off, and use just what is absolutely needed.

The Council has several applications in persons wanting a few lights. In every case, the person ordering lights has to pay for his own wiring and fixtures.

The funeral of the late J. I. Kerr, V. S., of Toronto Junction, took place yesterday at Riverside Cemetery, and was largely attended.

Dr. Kerr was born in this vicinity and received his education in the Weston schools.

The young people of the village will give a dance in the Fellowship Hall on Friday evening, on March 10.

Mr. Williamson, auditor of accounts for the Provincial Auditor, is auditing the books of H. W. Taylor, treasurer of Weston Public School.

Mr. Pearson will take charge of the West Toronto to-day. The Inspector will be out to make the transfer.

The location of the postoffice has not yet been decided, but will remain within six months, at least, it will remain where it is.

On Monday night the young ladies of the Wychoway Literary Society gave a program of pretty tableaux.

Mr. B. Cochran, in charge of the coming summer. A subscription list is being circulated in the city.

Thomas Dudley and Alfred Robinson have sent applications to the Council for the position of chief of the fire brigade of No. 10 division.

A Court of Revision was held last night at the Council Chamber to receive the Engineer's report.

IF WORCESTER SECURES REGATTA A. accounts of Toronto and Tittus Will Have a Chance to Compete.

Worcester, Mass., March 4.—Worcester will make a strong bid for the regatta of the National Association of Amateur Oarsmen, and the Executive Committee of the Le Quezantment Association to-day announced its intention of sending representatives to the meeting of the N.A.A.O.A. at New York prepared to outbid Philadelphia for the championship.

Worcester has already pledged here to duplicate last year's success, and the local committee has assurances from many clubs that they will support Worcester's claim.

Successful in securing the regatta it will be held about Aug. 15, in time to allow the city to take a nine-month graduate course at the Polytechnic Hospital. This would give Champion the opportunity to compete here.

Barrow Wanted Brain. Ed. Barrow, the Detroit manager, who had been trying to land brain, was disappointed when he failed to secure the Detroit address of Dr. Rogers. Dr. Rogers had been transferred to St. Louis, Brain had been transferred to St. Louis, and he had made George Stallings a couple of very likely propositions for his man.

These propositions were to pay Barrow \$100,000 to play a good game, in the Detroit market, and to pay him \$100,000 to play a good game, in the Detroit market, and to pay him \$100,000 to play a good game, in the Detroit market.

NOT UNANIMOUS APPROVAL. Retiring Speaker of U.S. House Treated Without Courtesy.

Washington, March 4.—The fifty-seventh congress expired at noon today by limitation. In many respects the closing scenes were similar to those at the end of every congress, but there has not been in many years such a demonstration in the House as occurred today owing to the fact that Speaker Henderson was retiring not only as presiding officer, but from the House as a member.

The bitter partisan feeling that has sprung up in the House of Representatives during the past week reached a pitch which prevented the Speaker receiving the unanimous approval of the House when the usual resolution of thanks and courtesy was offered. More than this, the resolution had come from the Republican side, and while this has occurred before, it is not the usual custom.

The usual resolution of thanks to pro tempore President Freyre was unanimously adopted in the Senate, two years ago, when the fifty-eighth congress expired, it was remarkable that only for the second inauguration of William McKinley, but also for the fact that Senator Carter of Montana talked the River and Harbor Bill to death, which occupied the time of the Senate up to within a few minutes of the end. To-day Senator Mason, whose term expired at noon, also talked an unimportant bill to death, but in his vocabulary he lectured the Senate for its unkindness in not allowing bills to be killed in that manner, and also made a final plea for the freedom of the Filipino.

All of the important supply bills had passed before the two houses took a recess this morning, so legislation was necessary and none was attempted. The bills which had passed and reached the President's desk were all signed by President Roosevelt, who, with members of his cabinet, occupied the President's room in the Senate wing of the Capitol.

FILED AT FOREST. Forest, March 4.—The Sons of Scotland Hall was burned at Aberdeen last night; cause of fire unknown. The building was owned by D. N. Sinclair of Sarnia.

And He May Die. London, March 4.—James Harris, 25 years of age, an employe at the G. T. R. car shops, met with a serious accident this morning. He was working a hole in a board with an auger operated by steam when he fell forward against the auger, which entered the abdominal wall of his intestine, causing a most painful injury, which may result in blood poisoning. He was taken to the hospital.

To Amalgamate Unions. Cincinnati, March 4.—The plan to amalgamate the Cincinnati Interurbans with the Iron Molders' Union of North America, recommended by the Commission's Convention last fall in Cincinnati, has been raised by a referendum vote in a large majority of the members, who will take several weeks to effect the consolidation of the two unions.

Died in Winnipeg. Winnipeg, Man., March 4.—Isaac Davidson, father of the Provincial Treasurer, Hon. John A. Davidson, died this morning. He was about 74 years of age. He came to Canada in 1871 from Iowa, and settled at Gladstone, where he enjoyed the confidence and esteem of a large circle of friends.

Model of a Soldier. Brampton, March 4.—A model of a South African soldier has arrived here from New York. The model represents a Canadian volunteer in uniform. A monument is to be placed in Jubilee Park near the Army, this summer.

Last Ship Given Back. Caracas, March 4.—The British steamer Talma arrived at La Guayra today having the gambol Bolivar, the last Venezuelan vessel in the possession of the allied powers. The Talma sailed for Port-au-Prince.
