TORONTO AND NIAGARA  
RAILWAY TO BE BUILT  
CITY CENTRE OF SYSTEM

**William Mackenzie Announces Immediate Construction of the New Road, and Talks of Local Links in the C.N. Lines.**

"A month or six weeks." That is the time set by Mackenzie and Mann, in which to start construction of the Canadian Northern line between Niagara River and Ottawa by way of Toronto. While spreading their rails at a marvelous rate over the whole of the Ontario provinces, the Canadian railway builders are not devoting all their energies to the west. Old Ontario is now to be the scene of Canadian American expansion, and the most interesting phase, so far as this city is concerned, of these proposals is that Toronto is to be the centre of the railway development.

Fresh from the London money market, William Mackenzie of the Canadian Northern Railway sat in his office yesterday afternoon, and reported something of his plans for the immediate future. The \$4,000,000 secured in England for railway development in Ontario, and the Niagara-Ottawa proposed road a good start, he said, in fact it would just build the branch between Niagara and Toronto as was near Mr. Mackenzie would go towards suggesting that the Toronto-Niagara branch would be constructed first.

"We have our right of way from Niagara, which brings us right into Toronto," he continued. "That will feed our Northern line and will also give us an opportunity to connect with the American roads at the International line. We need not follow the Electric Development pole line all the way, but the chances are that we will use the proposed line between Toronto and Ottawa will follow the route mapped out when the charter was applied for two years ago, with one or two local deviations. Between the Don and East Toronto the line will run a side-sideline north of the original route and further out it will keep closer to the lake, about dividing the distance between Brooklyn and White Horse, and then following the original route a few miles east of these points. Northern Union Station.

On the matter of gathering up the ends of the line, Mr. Mackenzie could not be induced to make a definite statement, although his words tended to corroborate what has been published. He said that the effect of that North Toronto will be entered by all the roads, and that a union station will be erected upon the question regarding the possibility of the C. P. and G. T. joining the C. N. in the establishment of a union station and joint railway facilities in North Toronto, Mr. Mackenzie merely replied: "We will be right in it if they do."

It was quite possible, he said, to build the great bridge, the power station, which is the eastern terminus of the Toronto-Niagara right of way, and the Canadian Northern line in the Don Valley, but it was not necessary to go down into the valley. The C. P. R. followed a route from North Toronto east above the valley, and the Canadian Northern could follow likewise and turn south some distance out. The president would not say, however, whether a route so feasible would be adopted. Asked when there was any possibility of his company securing running rights over the C. P. R. from North Toronto to the city limits, Mr. Mackenzie said that he had been taken with that end in view.

"We have enough to keep us busy outside of Toronto for some time," said Mr. Mackenzie, "and have lots of time to think about getting a right of way thru Toronto." It is the intention to use the right of way for the present, the question of electrification being for future consideration.

# RONGESVALES FOR DEPOT

Car Barns at Queen End of Stub Line May Be Used For Hamilton and Toronto Electric Road

Is the Toronto Railway Co. going to enlarge its Dundas car barns to convert the Rongesvales barns into a western depot for a Toronto Hamilton Interurban line? A rumor to this effect was spread in the World yesterday when investigating the work of relating the Rongesvales-Queen intersection.

The district served by the Rongesvales-Queen stub line is one of the coming parts of the city. Building activity is everywhere manifest. Home conversions are being fast built up, and there is not a cross-street from Queen up to Dundas on which going may not see some rows of completed houses and six or eight going up.

It might justly be expected that such a district would furnish a sufficiently large contributor to the coffers of the Toronto Railway Co. to merit some consideration. In point of fact it is said to be for its length the largest of any line in the city.

A general impression seems to obtain in the neighborhood that the present work is but the prelude to a further service and there are even rumors of a new line from the Rongesvales and Dundas. A workman who was waiting for a car at the corner of 280 Queen and the Rongesvales street, said: "This will only be for a few weeks more and then we'll have the King-street cars running up here."

Alas to shatter such trusting faith. The Toronto Railway Co. disclaims any such intention. "We are merely doing it to enable us to get the Rongesvales-Queen stub line into operation," said Divisional Superintendent John McCulloch. "The present arrangement is very satisfactory for the company. We are only able to run two cars up and down without turning them, giving a 6 minute service. It will take a month to complete the work."

"Will you put on more cars when it is finished?" he was asked. "Maybe the Rongesvales line will be first," he said. "We may add some as the traffic requires it. There is no intention of running the Rongesvales line other than as a stub line."

"I should think a stub line was hardly satisfactory to the company," said Dr. Young of 280 Rongesvales-street. "The company has done the best it could under the circumstances, but the service has been altogether inadequate. You should see the cars at about 8 o'clock, men hanging on to the steps. There was a complaint a while ago, when we never knew whether the car went down to Queen-street, or turned at the upper end of the car barns."

# WINNIPEG SHOT

Sergt. Blackburn Captures Prince of Wales' Badge and a Silver Cup at Bisley.

Team prizes won:  
Mackinnon Cup.  
Kolarope Cup.  
Jubilee Cup.  
Individual prizes:  
Wimbledon Cup.  
Prince of Wales' Badge.  
Birmingham M. M. Co. Cup.

BISLEY CAMP, July 19.—(C.A.P.)—Owing to the Transvaal's renewed protests against the Ross rifle, the Bisley committee summoned the Mackinnon and Kolarope teams to appear before them with rifles this afternoon. At this meeting the sportsmanlike kick of the Transvaal team was not entertained. The Transvaal objected to the removal of the hood from the foresight. The committee's decision is that the hood was simply a protection for the foresight and not part of it.

Using a Lee-Enfield rifle, Sgt. Blackburn of Winnipeg scored ten bullseyes in the Prince of Wales, at 600 yards. His total over the 200 and 600 yards was 84. He is declared winner of the first prize of £100, and the Prince of Wales' badge. The Prince of Wales' prize competition is fired over the 300 and 600 yard ranges, seven shots at the first and ten at the latter distance. Sgt. Blackburn is also the winner of the Birmingham Metal and Munitions Co. silver cup and 15. Lt. Mortimer was sixth, winning 20 shillings.

Clashes and prizes won by Canadians were: Prince of Wales' match, Forrest, 2nd, 57; Morris, 21st, 15; Mortimer, 24th, 15; Freeborn, 14th, 15; Mitchell, 40th, 10; Stack, 61st, 10; Smith, 58rd, 10.

Places and prizes won in the Alexandra match were: Sgt. Smith, 17th, 25; Lieut. Smith, 23rd, 25; Mitchell, 52nd, 20; McVittie, 72nd, 15; Forrest, 24th, 15; Freeborn, 14th, 15.

In the Daily Telegraph match Corp. McInnes of Edmonton was 22nd, winning 13 1/2; Lieut. Smith was 35th, winning 10.

# HARVEST AUG. 20

IS GOOD FROM THE WEST

Splendid Prospects Still Reported From Canadian West—Big Wheat Crop is in Demand.

WINNIPEG, July 19.—(Special.)—"Harvest should commence about August 20," says the Canadian Northern Railway weekly crop report, the message from Warman, and it is practically the same from all over the west.

Each of the agents tells the story of magnificent growths and still more magnificent prospects, with a great big crop in view. Wheat is now 40 to 46 inches high at Humboldt, and most other places it has attained a height of 30 inches. The grain is all said to be much ahead of last year's crop, and looking very well. No damage is reported. In some districts dealers report large sales of harvesting machinery in anticipation of bumper crops.

Concerning flax, the report says that there will be a heavy crop. Bulls and Bears Both Satisfied With Present Outlook. NEW YORK, July 19.—(Special.)—The Herald's survey of the grain situation says: Recent evidences of a very small surplus of old wheat have created a strong bullish feeling in the minds of traders generally, who believe that the new crop will be wanted and that buyers will be willing to pay a good price.

The world is waiting for the movement of the new American crop. In the first place shorts are waiting for wheat to fill contracts. Mills, many of which have been forced to close down on account of the lack of supplies, are anxiously waiting for new wheat to grind, and Europe is looking to America for a good supply of wheat to fill deficiencies in the foreign stocks and make up for rather poor crops abroad. The fact that old crop wheat for months has been selling around \$1.35 to \$1.45 from Kansas City to the seaboard, and that the strength of the situation, and while many authorities agree that it would be difficult to hold values at this figure, the market nevertheless is looking for a volume, it is the general belief that the new crop wheat will command a very good price.

Conditions point to a liberal crop of wheat this year in America and in Canada, but unless indications are very deceptive, a poor crop will be produced and readily absorbed. The outlook at present is for a total yield in the United States of around 700,000,000 bushels, and the price of wheat, which has been marketed will depend largely on the volume of the demand from abroad. The Canadian crop will be our chief competitor, and so far indications point to a very large Canadian crop this year. Wheat is still moving from the Argentine in considerable quantities, and reports from India and Russia also favorably, although on the continent and in the United Kingdom it is believed that the export yield will be somewhat deficient.

Weather Conditions Better. Weather conditions during the last week for improvement, and it is believed that little if any damage resulted from the heavy rains of a week ago. There were some complaints of the bad weather, and congested traffic in the north, but the crop was followed by clear and cool weather, and while the wheat plant has made very heavy growth, and there has been some intimation that the appearances are deceptive there have been no serious complaints and no indications of black rust, or in some previous seasons has played havoc with the northwestern spring wheat. Receipts at primary markets have continued to run light, ranging from about 150,000 to 200,000 bushels a day, which compares with about 500,000 of last year and the year before. This delayed movement is doubtless due to the bad weather and congested traffic conditions, and many authorities predict that during the coming week a sharp increase in new wheat so far has been rather light, doubtless due to the high prices asked, but there are apparently daily enquiries from abroad regarding prices, and last week some sales were reported of new winter wheat for shipment by way of out-ports. Reports from Argentina regarding the prospects for the new wheat crop have been features in the market during the last week, as many complaints have been received regarding the lack of moisture, and already traders are beginning to feel rather apprehensive regarding the probable yield. Argentine crop does not move, however, until about the first of the year, and reports are of a purely sentimental character, and it is believed that no serious damage has yet occurred. From Russia the reports are more favorable, and cable advices have indicated a more liberal movement from that country, with increased offerings from the interior. The favorable movement in India it is believed, is a favorable start for the new crop in that country, and is being used as an argument by the promoters of wheat conditions there during the coming year. Favorable Weather For Corn. The market last week was moderately active and prices were a little easier. The very favorable weather rate there are plenty of inferior hats around town waiting to be sold. Continued on Page 7.

FIREMEN KNOCKED OUT AT MUCK-SMOKE FIRE

\$30,000 Blaze in Bridgett Shoe Store Building—A Number of Firms Suffer Loss.

HAMILTON, July 19.—(Special.)—A fire which caused a loss of between \$20,000 and \$30,000 broke out at 7 p.m. in J. W. Bridgett's shoe store, 26 West King-street, started in the basement from defective wiring. It is supposed, and was pretty well confined to that part of the building. Mr. Bridgett estimates his loss at \$15,000, partly covered by insurance, but much damage was caused by smoke to the other parts of the building and to the stores adjoining. Other occupants of the building who suffered considerable loss are: Drs. Cowan and Thompson, dentists, the Hamilton Dental Co., and John S. Gordon, artist. H. E. Hawkins, druggist, who had just completed moving a large stock into the store adjoining, places his loss at \$3000. The firemen were kept busy until about 9 o'clock and many of them were overcome with smoke. Fireman James Wheaton of the Bay-street station had to be taken to Dr. Buller's office in an auto. Other firemen who were also overcome and had to be dragged out were: Captain Walsh and Firemen Gurrin, McIntyre, Stinson, Z. Wilson and Brittain.

No License Transfers. Although the license commissioners issued a list of licenseholders that would be out at the end of three months, and others who would be given three months in which to transfer their licenses, not one license has been transferred as yet, and the three months will expire at the end of July. It is said that the commissioners will revise the list, and make some changes. There were ten names on the list. David Melville, Stony Creek, who bit Constable Duffy's thumb, was fined \$20. Thomas A. Coates was acquitted of the charge of kidnapping Harry Kemp's child.

Peter E. A. Miller, Bertie Township, has dropped his action to prevent Thomas and James Crooks from selling liquor on the Fort Erie race track. The equipment of the Playground Association is being installed. A big gang was started at work this morning to make the excavation for the hydro-electric transferring station and reservoir near Dundas.

Several summonses have been issued for citizens who allowed their dogs to run at large, contrary to a civic by-law. Of the separate school pupils who wrote on the entrance examination, 82 per cent. passed as compared with 66 per cent. of the public school pupils. The pure milk distributing stations will be opened Wednesday.

Hotel Banquets. Corner Barton and Catherine streets, Hamilton, modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 1465.

Passengers Enjoyed It. Last Wednesday the Hamilton Steamboat Company engaged the 31st Highlander Band to play on the afternoon trips of the steamer Modjeska. The company has since been besieged with many requests to have the concert continued. This week, an exceptional treat is in store for the lovers of these delightful outings, the company having engaged Canada's famous 13th Battalion Band to play next Wednesday. The 13th will play on the Modjeska's 2:15 p.m. trip out of Hamilton and the 5:30 p.m. trip out of Toronto. The company will have the 50 cent fare in force for the return trip.

Was An Accident. That Frank Toms came to his death Sunday, July 18, in the Don River accident, from "drowning" was the verdict returned by Coroner S. Singler's jury at the morgue last night. Harvey Armstrong, who was with Toms in the punt, admitted that he had been drinking. T. L. Monahan acted for the crown.

Sugar Goes Down. Consumption of sugar during the first six months of the present year has been remarkably low, with the result that dealers have a large stock on hand. The price is about a quarter of a cent lower than the price of last year at this season. The weak demand is said to be due to the lateness of small fruits, which has delayed preserving.

TROOPS ON STRIKE DUTY GET A GOOD TRAINING

Detachment of Regulars Sleep Under Arms and Do Other Active Service Stunts.

GLACE BAY, N.S., July 19.—(Special.)—One good result of the calling of the troops to Glace Bay has been that the five hundred men of the Halifax garrison now doing duty here are receiving a training that they would not get under other circumstances. For over a week now the men have been living under active service conditions. Outside of warfare there is absolutely nothing that could smarten them up as well as the conditions that they now live under and when they finally return to Halifax they will be in better shape than any amount of ordinary garrison or camp duty could put them in. It has been a succession of night patrol duty. At the different collieries strong detachments are continuously on duty after dark and as much sleep has been thrown into the work as if a hostile force were assailing Glace Bay. The force is split up into a number of small garrisons. At headquarters on Table Head, the main body, about two hundred and fifty in number, are encamped. At Dominion No. 6, the most isolated of all the mines, there is a strong detachment of the troops. The fifty engineers garrison are at No. 3. At Caledonia there is a detachment of fifty artillerymen and another detachment of twenty is at the Bridgeport. At Dominion No. 1, there is an infantry garrison and all the rest of the troops are at the headquarters which the guards for Dominion No. 2 and Dominion No. 7 are supplied. The men stationed at No. 1 and Bridgeport are more directly under the eye of the headquarters staff than any of the other detachments and in consequence these outside places are thrown somewhat more on their own resources.

Turn Out at 4:00 A.M. At four o'clock each morning the troops stand to arms. Patrols are out at night watching the "danger points" of each fort, for such are the training. Between five and seven o'clock strong guards are placed on all the roads leading to the various pits. For two hours they march up and down the streets whereby the men who are still working come to the various mines and again in the afternoon they are turned out in case of any emergency. Between five and seven o'clock strong guards are placed on all the roads leading to the various pits. For two hours they march up and down the streets whereby the men who are still working come to the various mines and again in the afternoon they are turned out in case of any emergency.

Hydro Power Progress. Inspection of System Reveals Substantial Achievement. Hon. Adam Beck and the engineering staff of the hydro-electric power commission returned to the city yesterday after a week's stay at the hydro-electric power commission on a tour of inspection over the entire system.

Work for Signallers. Although all the detachments are connected with headquarters by telephone, very few officers use this means of communication, for they are giving the signallers all the practice they can. Signal flags are continually fluttering heliograph winking, and night lanterns flashing communications between the different pits.

Write us for illustrated catalogue of English and American billiard and pool tables of different sizes and styles, and price list of billiard and pool supplies.

OPENED WRONG DOOR. Mrs. Annie Mineberg is in St. Michael's Hospital suffering from what is thought to be a fractured skull, sustained at her home yesterday afternoon.

She was upstairs and when wanting to go into another room, walked through the wrong door. The door she opened led to the grating floor and not noticing her mistake, she walked off the top step and fell down to the bottom, a distance of fifteen steps. She landed on her head and not noticing the injury she went into convulsions and it is thought she will not recover. She is 41 years of age and lives at 461 West Adelaide-street.

The Toronto World

A Morning Newspaper Published Every Day in the Year.

NORTHERN ONTARIO'S SILVER MINES.

There are signs of a renewed effort to knock the silver mines of Ontario...

The World is now making a careful study of Cobalt, and all the evidence goes to show that even in the matter of high-grade ores only a beginning has been made.

And just as some of these critics are now more or less doubtful about Gowganda and James Township, we can recall the day when eminent engineers were without confidence in Cobalt.

TOWN PLANNING IN GERMANY.

In their report upon the recent visit to Germany, organized by the National Housing Reform Council of England, the Birmingham deputation call attention to the advantages derived from the policy of purchasing land in working out city planning and improvement schemes.

The deputation go on to observe that "private interest in Germany is almost entirely subordinated to the interests of the community, but from Germany's experience it is evident that land owners recognize that in town planning the interests of all parties concerned are studied and the ultimate effect is that the value of their properties is improved and much land is made marketable which would probably under individual development be of little value."

IMPROVE THE ROADBEDS.

Sixteen of the forty counties of Ontario have taken advantage of the provincial act authorizing any county and the province to co-operate in securing permanent roads.

York County is not one of the sixteen. In the matter of good roads York County is not of the twentieth century, but rather of the middle part of the nineteenth.

Situated as York County is, close to the legislative capital of Ontario, and the largest centre of population, it might be expected to have the finest macadam highways in the province.

But York County is building mud-gravel roads to-day, in utter disregard of advanced modern methods and of resultant and protracted loss to the public.

While sixteen counties in Ontario have realized that good roads are an essential part of our greater transportation system, York County remains indifferent and unprogressive.

The York County taxpayers continue to throw money away on their roads in the form of gravel or hardheads, and

BEST ROLL FILM MADE

Our "ENSIGN" Roll Film fits all Daylight-Loading Roll Film Cameras. Try the "ENSIGN" ROLL FILM—exposure for exposure—against any and every film on the market, and prove for yourself that it is the best Roll Film to be had to-day. "ENSIGN" is British made.

UNITED PHOTO STORES, Limited 15 ADELAIDE STREET EAST Stores also at Quebec, Montreal and Ottawa.

these grind additional toll out of the farmers' bugles and wagons. Every time a vehicle rolls over the bad roads of York County it returns to the driving shed worth less than when it was taken out. The loss caused by bad roads is out of all proportion to the cost of providing good, level roads.

The World candidly but respectfully informs the York County municipal legislators that they are continuing a policy entirely out of date. They must know better—The World cannot believe otherwise—and the only possible conclusion is that they are being influenced by extraneous considerations, perhaps because undue importance is attached to the advice of men who cling till death to mud-gravel days.

The whole tendency of the twentieth century is towards the saving of time and expense. The old railway with its sharp curves and high gradients will do no longer. Lower grades and heavier rolling stock, bigger loads and success in the battle of competition.

Permanent roads have become the immediate problem of New York State, where \$50,000,000 will be spent throughout its area for the improvement of the leading highways.

While York County wastes money because it does not regard true physical laws and principles, the rest of the world adopts the engineering methods which experience has proved to be the most profitable in the long run.

Local supervision has proven a failure. Every roadmaster has his own personal methods, some practical, others belated, but mostly unscientific.

The province, under the act, will pay one-third of the cost of building permanent roads in York County. It is time for the authorities to get busy.

"LET US NOT GET ANGRY."

Chicago Tribune editorial: A correspondent sends The Tribune an editorial which he would like to have his paper print. It is a translation of a paper published in a magazine of America and Americans.

The World says: "The Americans to the south of us are often offensive in the way they display their flag on the soil of other countries, especially in Canada, and it is time that if a Britisher were to put up a Union Jack a mob would at once make him take it down."

"Not a word more fancy," Every now and then some American who imagines himself the guardian of his country's honor, is guilty of the extreme patriotic act. One of them fired his shotgun last Fourth of July at an Italian flag in the front of a house in Cambridge Street, and filled it with holes. He was fined \$5 by a magistrate, who was unmoved by the fact that the no more patriotic could see without fierce indignation any other than the American flag floating over the building down on Independence Day.

There have been occasional instances where patriotic mobs have enforced the hauling down of the Union Jack. The World advises Americans to pay less attention to flag flying and more to the reform of politics. It says this is to-day "the worst governed country in the world."

"Americans who admit that everything is not perfect in this land of the free," says the World, "may as well legislate as they are filled with men who sell out the people they represent to corporations." It has been often made by men on this side of the international boundary line. The World says nothing more severe about municipal misgovernment in this country than Americans have said.

The World notices which Americans should be of such violent onslaughts as that of the World is to endeavor to get rid of evils to whose existence one must plead guilty.

ENGLISH WAY OF IMPROVING THE SUBURBAN TRAFFIC.

From July 1 substantial reductions will be made in the fares on important sections of the Great Eastern Railway Company's suburban lines. For some time it has been evident to passengers of the Great Eastern lines that some decisive measures would have to be taken by the company, in view of a continued falling off of passenger traffic. Tramways and motor omnibuses have, for five years, made an enormous difference, and suburban traffic has fallen at the rate of twenty-five million passengers per annum.

In order to arrest, if possible, this serious decline the Great Eastern Railway Company says The London Standard have decided to reduce the fares upon their suburban lines, the Watlington, Enfield and Palace Gate branches, and to stations as far as Waltham Cross, on the Cambridge main line. Season ticket rates are also reduced, as well as the prices of weekly packets of tickets.

Should these measures prove successful the company contemplates reductions in other directions. From the middle of July the train service between Walthamstow, Enfield, Palace Gates, and Liverpool-street will be doubled during evening hours of the day, and express between Hackney Downs and Liverpool-street. This will afford a quarter-hour service throughout the day to and from Chingford and Epping Forest.

In reply to a representative, a leading official of the Great Eastern Railway Company gave it as his opinion that the proposed extension of the Central London Railway to Liverpool-street would be a decided advantage, and attract passengers who might otherwise go by another line to Finsbury Park, taking the Piccadilly Tube from thence to the west end.

"Our policy," he said, "is to meet the constant and greatest number of passengers, and, by doubling our suburban service and reducing our fares, we are doing all in our power."

AN ONTARIO FENCE. Editor World: Your cartoon in The Sunday World, under the caption "On the Anxious Seat," was all right. The farmer is sitting on an Ontario fence. A top rail of fence and a strand of wire attached to posts constitute a western fence. S. A. West.

THAT JUNIOR MATRICAL. Editor Toronto World: May I take the liberty of asking you for space to criticize the questions and subjects submitted to those writing for the late Junior matriculation, claiming that it is unfair and useless. I fail to see the value of a difficult paper on poetry, French, German or Latin or even Greek history to a young man who requires a simple qualifying examination, embracing English grammar, English and Canadian history (no Greek), geography and arithmetic. That a profound knowledge of unnecessary and difficult subjects may prove a man to be cultured or that he requires these studies to develop the power of thought is all nonsense, and is the lame excuse for shutting out many deserving and clever men, who might overcome the profession. Instead of the many difficult and unnecessary subjects, a simple examination, embracing English grammar, English and Canadian history (no Greek), geography and arithmetic, would give fair play to many worthy men who are unable through lack of wealth to afford the expense of the study of unnecessary subjects before taking up that of their chosen profession. The examination for the degree should be thorough and only those possessing ability should receive it. J. K. J.

Toronto, July 19.

FAMOUS RAILWAY TRIP BY GOVERNMENT ROAD

Delightful Excursion Tendered Canadian Freight Association Thru Matapedia Valley.

Members of the Canadian Freight Association who have just returned from the convention held at Halifax speak in glowing terms of their trip to the Nova Scotia capital and the hospitality shown them by the people of that province and the officials of the Intercolonial Railway.

The convention was one of considerable business importance. Halifax is one of the few Atlantic ports that Canada has where navigation is uninterrupted both in winter and summer. The delegates were particularly impressed with the excellence of the gathering there of a body of men so closely in touch with the great problems of transportation.

To those who have never before made the trip over the Intercolonial it was a revelation. Leaving Montreal in the evening by special train, the morning found the delegates speeding thru the famed Matapedia Valley delighted with the glorious panorama of glistening water dotted with verdure clad hills, and flanked by lordly mountains in their brightest cloak of summer foliage.

The railway men showed a keen interest in the country and asked many questions concerning this or that locality. Those seeking information were soon pleased with the I.C.R. literature supplied them and more than one of the traffic officials expressed praise of the excellence of the picturesque scenery among the mountains used by the railway.

The meals served on the I.C.R. dining cars have been frequently praised by travelers, and it is scarcely necessary to state that those on the special train were heartily enjoyed. The western men, who were the guests at dinner, they being given the opportunity to marvel at the various and picturesque scenery among the mountains of the Bay of Fundy.

The delegates enjoyed another of the Intercolonial's best scenic features as the train passed thru the Cabotquid mountains overlooking the Wentworth sea level. All were delighted with the picturesque scenery among the mountains, with the pastoral picture of the winding valley below, dotted here and there with a few farm buildings. The men were more in railway construction were impressed with the stupendous task that must have confronted the Intercolonial's engineers in overcoming the barriers that nature had placed in their path.

During the final stage of the journey the delegates were treated to a complimentary banquet was tendered the delegates by Mr. Tiffin, general traffic manager of the I.C.R. and member of the board. This proved a most enjoyable function. At Halifax every arrangement for the entertainment of the delegates had been made and without confusion or delay they were made at home in the leading hotels. An elaborate program of entertainment was provided in Halifax during the two days following the opening of the convention.

SHERIFF CLEMENTS DEAD

County of Halton Loses an Aged and Respected Resident.

MILTON, July 19.—Matthew Clements, sheriff of the County of Halton, died this afternoon, after an illness extending over several weeks. Heart failure being the immediate cause of death.

The late sheriff was in his 83rd year, and was appointed by the Ontario Government in 1882, on the resignation of the late Hon. Geo. C. McKimsey. Prior to his appointment he had held many municipal offices and had been warden of the county.

He was a devoted and a diligent worker, and his death is a serious loss to the county.

TORONTO WOMAN FALLS, DYING.

A. OWEN SOUND, July 19.—Mrs. Thora A. Wells, of the city of Toronto, visiting relatives here, dropped on Bay-street this morning from heart failure and expired shortly after reaching the hospital.

Modern Educational Progress.

Dr. Locke, of the University of Toronto, will deliver the second of the lectures in the summer session course of the university.

Dr. Locke is an educationist of continental repute. He has been lecturer in education at Harvard, and dean of the College of Education in the University of Chicago. He has also been editor of The School Review, the leading journal of secondary education in America.

Alleged Lunatic is Released.

ORANGETOWN, July 19.—Albion Johnson, one of the three brothers committed as lunatics from Mulmur some months ago, and who have been since in the county jail here, has been discharged by the authorities on the certificate of the jail surgeon, having been employed as a farm laborer by Archie Greer, reeve of the township.

Kingston's Public Spirit.

KINGSTON, July 19.—(Special.)—A citizens fund is being raised to purchase a site for the new building of Queen's College, so as to preserve the Union-street campus.

Wanted Him Put Away.

CHEATHAM, July 19.—(Special.)—William Kane, alias Wm. Martin, was sentenced to six months in the Central Prison. Kane was arrested for vagrancy. He formerly lived in St. Catharines and the chief of police of that city asked the Chatham authorities to give him the limit.

The new energy telephone system, which has been promised by the Bell Company for years, has been put into operation. The system, which is being driven a team of colts, met with a serious accident near Darrell. The team ran away and the colts were thrown from the rig and his arm broken.

John Hanlan's Wounds Averged. Engineer Lamaron of the steamship E. M. Pellat has been suspended for three months for carelessness in connection with the collision between the Pellat and the John Hanlan some weeks ago. Wrecking Commissioner Demers held an investigation and decided that Lamaron was responsible for the accident.

MAIN FLOOR—QUEEN ST.

ELECTRIC IRON THE T. EATON CO LIMITED TORONTO CANADA

Speedy is still here. Has been induced to remain another week at Manlan's Point.

It was with considerable difficulty the Hanlan's Point management were able to obtain Speedy's consent to remain over for this week. His performance during the past two weeks has convinced the public that he is not only the highest, but also the most scientific driver of the day. His exhibition was given every afternoon and evening at 4.30 and 9.30 o'clock.

The delegates enjoyed another of the Intercolonial's best scenic features as the train passed thru the Cabotquid mountains overlooking the Wentworth sea level. All were delighted with the picturesque scenery among the mountains, with the pastoral picture of the winding valley below, dotted here and there with a few farm buildings. The men were more in railway construction were impressed with the stupendous task that must have confronted the Intercolonial's engineers in overcoming the barriers that nature had placed in their path.

Drinking more beer. Also More Tobacco—Spirit Consumption Decreases.

OTTAWA, July 19.—(Special.)—The people of Canada are drinking less spirits than they used to do, but at the same time the consumption of beer per capita is increasing.

This is the purpose of a statement prepared by the inland revenue department as to the consumption of articles which pay excise duty. For instance, while the per capita consumption of spirits in 1906 was .861, it was only .806 in the last fiscal year. On the other hand, the consumption of beer, which was 6.265 gallons per head in 1906, rose last year to 2.348 gallons. The consumption of wine also shows a decrease from .091 in 1906 to .088 last year.

The short fiscal year of 1907-8 holds the record for the consumption of tobacco. In that period it was 2.933 lbs. per head, and it fell to 2.988 when the depression struck the industry.

Band Concert For Ward Seven. The first and only band concert given by the city in ward seven this year will be held to-night, when the city band, under the direction of J. Andrew Higgins, will render the following program, assisted by Madam Kathryn Calla, soprano; Grand March, "Soudra" from England; "The Rose Tree," "Guillaume Tell," Rossini; "Gulliver's Travels," Wagner; Selection, "The Rose Tree," Rossini; "The Rose Tree," Rossini; "The Rose Tree," Rossini.

Do You Like Music? It is not often that Toronto citizens are offered the privilege of listening to Canada's famous 12th Regimental Band. By permission of Lieutenant Col. Moore and other selected program has been prepared for this occasion, consisting of sports and games of all kinds. There will be fencing contests, dancing contests, vaudeville acts, a host of such pastimes as climbing the slippery pole, catching the greased pig, sack races, one-legged races, and the whole gamut of such pastimes will be enjoyed by the public. Prizes will be awarded to the successful contestants in all the various events. The grounds will be absolutely free to all. No charge of admission will be made. Arrangements have just been completed for the appearance at Hanlan's Point on Thursday, Friday and Saturday of this week of Jack Johnson, the champion heavyweight pugilist of the world. Those who saw "Lefty" last week will no doubt be curious to have a look at Johnson and form their own opinions of the two men who are to meet next fall to decide who will be the champion next year.

Suspect Foul Play. BRAMPTON, July 19.—(Special.)—Provincial Detective Miller was in town to-day enquiring into the death of Ed. Fitzgibbon on Monday last. It is believed Fitzgibbon was struck over the head, the nature of the wound discounting the theory that his injury was due to a fall.

Doctor's Home Burned. AMELIASBURG, Ont., July 19.—The residence and barn of Dr. J. B. Moran at Redversville, five miles from here, were destroyed by fire this morning. W. K. Ostrom's house, adjoining, was badly damaged. Losses covered by insurance.

PLES. Dr. Chase's Ointment is a certain cure for all kinds of skin diseases, such as eczema, psoriasis, and other eruptions. It is a most valuable remedy for all who suffer from these ailments. It is sold by all druggists and chemists.

Afternoon Trips. Wednesday and Saturday afternoon via Niagara Navigation Company steamers. 75 cents return to Niagara, Lewiston or Queenston.

Michie's Cardinal Cream Chocolate. Assorted flavors, 30c. lb. For sale only by MICHIE & CO., Ltd. 7 King Street W.

ONTARIO LIQUOR LICENSE ACT. LICENSE DISTRICT OF WEST YORK. NOTICE is hereby given that Frank Armstrong of the Township of Etobicoke has made application for permission to transfer his tavern license to a premises known as The Humber Beach Hotel, in the Township of Etobicoke, to Thomas J. Boland of the City of Toronto, that said application will be considered at the meeting of the Board of License Commissioners, to be held at the Town Hall, Village of Weston, on the 3rd day of August, 1909, at the hour of 3 p.m. All persons interested will govern themselves accordingly. DONALD MACKENZIE, License Inspector. Dated at Woodbridge, July 19, 1909.

MORE ENGLISH IMMIGRANTS! Topped List During Month of May—U. S. Citizens Next.

OTTAWA, July 19.—The official figures of the immigration into Canada for the month of May issued to-day show a total of 29,080. The English lead with a total of 7,397, but the United States citizens are a good second with 2,887. Arrivals from Scotland numbered 274, those from Italy 300, and returned Canadians are given as 10,095. The immigration from Northern Europe continues, but on a small scale. It is stated at the department that the outlook is that this year's immigration will slightly exceed that of last year.

Magisterial Dispensations. William Smith, charged with threatening to kill James McEwen, was remanded a week in police court yesterday morning, so that he may be examined as to his sanity. George Burke, Chicago, a vagrant who frequents children's joints, and whose appearance shows the effect of dope, was sent to the Mercer for six months. Three others followed for like terms and like offences. Mary De Rose was one, and the others, Jessie McMillan and Beatrice McMahon. Cornelius Murphy, vagrant, was sent away for 60 days.

DODD'S KIDNEY PILS. CORNELL'S KIDNEY DISEASE. RHEUMATISM. BRUISES. HEADACHE. DIABETES. BRONCHITIS. ALLERGEN. 23 THE PR.

Amateur Baseball

The International Correspondence School baseball team easily defeated the Ontario Athletic Club in the Canadian National League at Centre Island Park Saturday afternoon. Battery for I.C.S. Wilson and Hargrett.

The following are the results of the Boy's Union games played at High Park on Saturday last: Junior, Perth 4, St. Joseph's 2; Intermediate—Westendians 13, Cardinals 10; St. Mary's 9, Mohawks 0; North Parkdale 9, Clifton 9; St. Paul's 10, Evangelists 4; Oriole 9, Daviville 6; Senators—Owagaw 2, St. Paul's 1; Carleton 17, Evangelists 7; Red Socks 12, Imperial Victors 10.

At Preston—The baseball game Saturday between Berlin and Preston resulted in a 2-1 in favor of Berlin.

At Berlin—The Beavers of Waterloo defeated the Cubs by 8 to 7 in the Ontario Baseball League. It was a good game.

St. Helens defeated Leondes on Saturday in a Senior Inter-Catholic League game. Score: St. Helens..... 1312100-8 2 Leondes..... 000100-5 2

Batteries—Hickey and McNamara; Downs and Baoune. Umpire—Conroy. In a Freelytarian League game on the Don flats between St. Giles and Baracaa the latter won by the score of 10 to 2.

The feature of the game was Brown's hitting. Hammitt had ten strike-outs to his credit. St. Giles only pitched four hits. The I.C.B.U. of the Don Valley League will practice Monday, Wednesday and Friday of the week and request all players to turn out.

At Picton—Bloomfield defeated Demorestville at Bloomfield Saturday by 13 to 3 in a Prince Edward County Baseball League game.

Two games were played on Saturday in the Toronto Senior League at Stanley Park. In the 7 o'clock game, the Beavers shut out the Strollers 2-0. The game was clean and fast. Farrell for Beavers held the heavy-hitting Strollers to one hit. In the 8 o'clock game both teams showed a decided reversal of form.

MORTGAGE SALE

Valuable Factory Property.

UNDER and by virtue of Power of Sale contained in a certain mortgage made by George E. Kingsley to the vendors, and now in default, and which will be produced at the time of sale, there will be offered for sale by Public Auction, at the Auction Rooms of Messrs. C. J. Townsend & Co., 28 King-street East, Toronto, on Saturday, the twenty-fourth day of July, 1909, at the hour of twelve o'clock noon, the following lands and premises, namely: Parts of Lots Three, Four and Five, according to Registered Plan 27, fully described in said mortgage.

The property is situated about seventy-five feet north of Queen-street, on the west side of a road or lane running north from Queen-street, at a distance of about one hundred and fifty feet east of River-street, and has a frontage of about seventy-five feet on the lane by a depth of about one hundred and seventeen feet five inches. There is also a wide lane running westerly to River-street.

ERECTED on the property is a large, solid brick building, forty by eighty feet, two stories and basement. This is a good, substantial building, suitable for a factory, and is in a fair state of repair. There is also a solid brick building, about thirty by forty feet, at present used for a stable. Both of these buildings are comparatively new, and are suitable for any kind of manufacture.

The property is supplied by a siding from the railway, running along the east side of the property. The purchase money will be required to be paid at the time of sale, and the balance according to favorable terms and conditions to be then made known. For further particulars apply to Beaty, Blacklock, Fasken, Chisholm, & W. W. Lingard, Solicitors for the Vendors.

Dated at Toronto, this fifth day of July, 1909.

J. A. CAMERON, Official Referee.

ESTATE NOTICES. JUDICIAL NOTICE TO CREDITORS, Contributories, Shareholders and Members of the Queen City Glass & Mirror Co., Limited.

PURSUANT to the Winding-Up Order in the matter of the above Company, notice is hereby given that the liquidator, designated will, on the 3rd day of August, 1909, at ten o'clock in the forenoon, at his chambers at 40 Queen's Hotel, in the City of Toronto, appoint a Permanent Liquidator of the Company; and let all parties then attend.

FINDS SMALLPOX GERM. RIO JANEIRO, July 19.—Dr. Oswald Cruz, director-general of the Brazilian sanitary service, announced today at the Rio Janeiro Academy of Medicine, that the microbe of smallpox, which is of animal origin, has been discovered during bacteriological researches at the Oswaldo Cruz Institute.

WASHINGTON IS GRIEVED. WASHINGTON, July 19.—Formal notice of ratification of the proposed Franco-Canadian treaty by the Canadian Parliament has reached the state department, and there are indications that the department is far from pleased with the effect the treaty will have on imports of American manufactures into France and Canada.

Various small advertisements and notices on the right margin, including 'BUYERS' DIRECTORY', 'TEACHER WANTED', 'HELP WANTED', 'MORTGAGES BOUGHT', etc.

Day's Doings in West Toronto North Toronto YORK COUNTY East Toronto

YORK TOWNSHIP COUNCIL MEETING HELD MONDAY

West Toronto Business Men Go to Peterboro—Lennox Picnic—Suburban News.

NORTH TORONTO, July 19.—(Special.)—Discussing the result of Saturday's voting W. G. Ellis, president of the Waterworks Association, said: "Last January Toronto board of control practically snubbed our council when proposing the annexing of the town to the city; Councilor Parkes resented their lack of courtesy and set to work to show that we are not only independent of the city, but could do better for our citizens by remaining a separate municipality by solving the question of sewerage. The system decided upon is inexpensive and thoroughly sanitary. It would have been caustic if the city's ancient and unsanitary system had been installed in North Toronto. Our citizens can well afford to take of their hats to Councilor Parkes, chairman of the sewerage committee."

The parallel roads question has been before the electorate as a dream for years. Councilor Home with his usual energy and resourcefulness has made it a reality. "North Toronto can now invite Toronto 'home-loving' citizens to locate and share with us the natural advantages of the locality afforded by the general levy will commence to carry the burden and in my opinion should not be one fraction higher than now."

Councilor Burnaby is delighted with the result. "I look for material advance in the town, now that these two important questions are settled," he said. Councilor Burnaby has declined an offer of \$15,000 for his handsome residence and grounds, some five acres. This is fair indication of the upward trend of prices in the northern town.

Rev. W. A. Back, pastor of Eglington Methodist Church, is enjoying a month's holiday in Muskoka, and will return about Aug. 15. Mrs. Kirby is shortly expected home from a holiday trip to the Province of Quebec, and up the Saguenay.

Mrs. W. Dougan and son of Brownlow-avenue are spending a few weeks at Cedarvale. Mrs. F. Boudin and her twin daughters of Sherwood-avenue are spending a month with friends in Chicago. Mrs. C. Spittel of Albertus-avenue is sunbathing at Balsam Lake.

GREAT FIRE FIGHTERS Engine Starts Fire in Barn Roof But Farmers Soon Get on the Job.

ELLESMERE, July 19.—(Special.)—Scarboro farmers demonstrated their fire fighting abilities when they put out a fire started by the sparks from a C.P.R. engine in the roof of John Marshall's barn about a mile west of this village about 5.30 this afternoon. Mr. Marshall's barns are about five acres from the track, and when the blaze was first noticed the Independent Telephone Co's lines were immediately put in use and the farmers summoned from all over the neighborhood. One of the mows was half full of hay, while a big load stood on the floor, and while the roof was partly burned away, so strong was the suction caused by the high wind that the sparks, instead of falling on the hay, were blown away and the buildings saved. A bucket brigade, organized by the farmers, put out the fire on the roof.

WEST TORONTO Deputation Visits City Hall to Urge New Hospital.

WEST TORONTO, July 19.—It looks now as if Ward Seven is going to have a hospital after all. For years there has been talk of establishing one here, but nothing but talk has resulted. A deputation of West Toronto citizens, headed by Ald. Anderson, asked the board of control this morning for assistance in establishing the much-needed hospital. Anderson explained that ward seven being an industrial centre many accidents occur, per week going to forty patients. The Heydon House, at West-end, and St. Clair-avenue, could be taken over and properly equipped by the management of a private hospital at present located on Pacific-avenue.

BRACONDALE BRACONDALE, July 19.—Contractors are busy with the erection of the parsonage for the Methodist Church. The building is being erected on St. Clair-avenue on the old site.

THE LENNOX PICNIC. The great Liberal-Conservative picnic, held under the auspices of the North York Association, which is advertised for Wednesday, July 21, at Jackson's Point, promises to be the biggest picnic ever held in the Province of Ontario.

The Hon. Sir James P. Whitney, K.C.M.G.; Hon. J. J. Foy, M.L.A.; Hon. F. Cochrane, M.L.A.; Hon. R. A. Payne, M.L.A.; Hon. J. S. Duff, M.L.A., and a number of private members will be present to address the electors. It is expected that there will be at least 20,000 present if the weather is favorable. In addition to the speaking there will be sports of all kinds, including lacrosse, baseball and football, also a full program of athletic and aquatic events. There will also be a baby contest, tug of war and grand display of fireworks.

PRIVATE DISEASES In potency, Sterility, Nervous Debility, etc. (the result of folly or excess) treated by Stricture treated by Glycerium (the only sure cure, and no bad after-effects).

SKIN DISEASES, what is the result of the cure, or not. mercurial used in treatment. DISEASES OF WOMEN, Pains of Profuse Menstruation, and all the ailments of the female system. The above are the specialties of DR. W. H. GRAHAM, No. 1 Clarence Square, Cor. Spadina, 2461st.

can be got to the hospital, except a private ambulance is used, and that costs money. Ward Seven needs a hospital, and needs it badly."

The public library on Annette-street is practically completed. As soon as the furniture, floor covering, etc. are procured, the building will be opened to the public.

As in other parts of the city so do ward seven citizens favor Dr. Sheard's oil innovation for sprinkling the streets. The dust horror, which formerly was so much of a provocation, is now practically a thing of the past.

Lloyd, the only child of Mr. and Mrs. Paul Scharbonneau, 46 Charles-street, died this morning.

Judging by the interest taken in the event it looks as if the excursion of the Business Men's Association to Peterboro on Wednesday will make West Toronto look deserted. Every store will be closed, and the event will take the form of a civic holiday. The official program has been prepared, and all the sport arranged. Upwards of \$500 worth of prizes will be completed for. Special train will leave local C.P.R. station at 7.45 a.m., returning will leave Peterboro at 8 p.m.

On account of the business men's excursion to Peterboro on Wednesday the vestry meeting of St. John's Church will probably be adjourned.

BEDFORD PARK. BEDFORD PARK, July 19.—(Special.)—The garden party held on the beautiful grounds of Mrs. A. H. St. Germain on Saturday afternoon in aid of the Baptist Mission, was a delightful affair, and heartily enjoyed by all present. The weather was ideal and the grounds beautifully decorated, while the refreshments served by the ladies all that could be desired.

The Royal Alexandra Orchestra furnished splendid music during the afternoon, and Miss Bertha McDonald of West Toronto was a charming vocalist. Among the speakers were Rev. P. A. MacEwen, B.D., the pastor of York Mills and Bedford Park mission, Rev. Mr. Schutt, Rev. Putnam of Willowdale and F. L. Fowke, M.P., South Ontario.

Mrs. St. Germain was unparalying in her efforts to add to the pleasure of the occasion, and indeed has always shown great interest in the work of the mission. Among those present were: Mrs. Boggs, Mr. and Mrs. Bathgate, Mr. and Mrs. B. Simpson, Mr. and Mrs. Thos. Bengough and Miss Bengough, Mr. and Mrs. L. C. Sheppard of Rosedale, and Councilor and Mrs. Burnaby of North Toronto.

YORK TOWNSHIP COUNCIL. Reeve Henry presided at Monday's meeting with Councilors Watson, Barker, Nelson and Jackson present. A meeting of the local board of health was held prior to the council, when the report showed eight cases of scarlet fever, one of diphtheria and one of smallpox during June, and five of scarlet fever, and two smallpox to date during July. Accounts totaling \$294 were paid Dr. Mooney re smallpox cases.

A report submitted to council by Frank Barber, C.E.R., re the cutting down of Bathurst-street, north of St. Clair, was submitted. Mr. Barber estimates the cost at \$12,000. Of this amount \$750 goes for grading, a \$15,000 culvert \$3800, fencing \$150, and engineering at \$550. Mr. Barber states that this expenditure would give a 3 per cent. grade on the south, and 5 per cent. on the north hill.

John MacDonald is the chief promoter of the movement, and if the property owners adjoining take up the work as a local improvement it will go thru. At the present time the north hill has a 15 per cent. grade, and the south 12.

George Booth complained about the sidewalks on Ossington-avenue from the C.P.R. to Davenport-avenue. City Solicitor Chisholm wrote stating that a petition re the Barlecount and Davenport association had been forwarded to municipal board.

Mr. McBride wants 150 ft. of sidewalk on Wheeler-avenue. East enders near Munro Park applied for electric light on Queen-street, near the ravine.

Jos. Pilling, on behalf of Todmorden residents, applied for a grant for a volunteer fire brigade. Next regular meeting of the council takes place on Aug. 3.

Robert Clarke of Oriole was granted permission to install Welsh scales near the City Hall at that point. Some slight changes were made in some of the various polling sub-divisions, notably No. 10.

H. H. FUDGER, President. J. WOOD, Manager. THE ROBERT SIMPSON COMPANY, LIMITED. PROBABILITIES Moderate variable winds; fine; and moderately warm.

When the Roof is On

MANY a new house owner thinks that once the roof of his cherished building is on his troubles are over. Not so. Finishing a house is far more of a trying experience than starting it. After the house is finished and the last workman has gone there comes the furnishing. That will occupy a larger share of a home builder's thoughts after the roof is on.

Join Our Housefurnishing Club

It's free. There are no fees or dues. You simply have the privilege of a charge account, a privilege unique in this cash store and all the more valuable in that we charge no more than cash prices. During July you may pick out your Carpets Awnings Pictures Curtains Screens and Draperies Furniture and Silverware

and have them charged to Club Account. Payments are arranged as mutually satisfactory, generally being spread over half a year. If this club plan would be of convenience to you, you are welcome to it. We limit the offer to July and 500 home owners. The club office is on the ground floor, James-street.

A Clearance of 300 New Pictures at 69c and \$1.49

WE BRING these Pictures from our stock room where they have been waiting for the new Picture Department to be ready. But "delay's insufferable suspense" has caused our picture man to lose patience. He, to use his own terms, is going to "kick about 300 of them out" on Wednesday. The opprobrious epithet refers to the price, it is needless to remark. The only question remaining is "do you like plenty of pictures about?"

300 Pictures go on Wednesday at much less than usual cost price—our new stock: 200 regular 98c stock. Wednesday 100 regular \$3.00, \$4.00 and \$5.00 stock. 69c. Wednesday \$1.49. Every picture worthy of inspection—Top Floor.

New Wash Goods Dept., 2nd Floor 25c to 35c Muslins, 15c

AN OFFER of high-class muslins usually priced at from 25c to 35c and upwards, at this season of the year, naturally calls for an explanation. Readers of our recent announcements already have it. It is a case of accumulated stock and of stocks purchased greatly under price. We have applied the remedy and that a strong one. The reductions explain it.

60 pieces of High-class French Muslins, Organdies, Lawns and Voiles, printed in all these "tony" effects the French capital is so noted for; colors pink, yellow, green, blue, grey, mauve, etc., with combinations of blending shades. Regular 25c to 35c, for 15c. 100 pieces of the very best French and Scotch Checked and Striped Zephyrs; here is an opportunity not to be missed, beautiful shades of various colors, in stripes and checks, Scotch plaids and self plaids; a regular line with us at 25c, for 15c. (No phone or mail orders.)

More Raw Silks at 75c and 63c

A new shipment just received of the fashionable Raw Silks. 300 pieces of first choice 34-inch natural color raw silks, extremely fashionable for coats, trousers, etc., guaranteed quality, selected with exceptionally bright, lustre; width: come in two quantities, 75c and 63c a yard.

More of Dress Waists Reduced

\$5, \$6, \$7, \$8 and \$10 Waists Reduced to \$2.49

THE approach of stock-taking leads us to do some remarkable things. The reduction of these waists, for instance. Lace and Net Waists will be in more demand in August and September than they are now, but rather than carry them into the inventory we positively sacrifice them. They are silk lined, mind you.

Lace and Net Waists, silk lined, new and effective styles, dainty lace yokes, fine tucking, trimmings of heavy Irish lace motifs and gipure bandings; dressy sleeves, finished with tucking and lace; other styles are in rich taffeta, messaline and silk crepe; beautifully made in tailored designs, black, navy, brown, sky, acru or white. Wednesday \$2.49. Regular prices \$3.00 to \$10.00. Wednesday \$1.95.

MULL AND LINGERIE WAISTS. A collection of fine Mull and Lingerie Waists, variety of dainty styles, pretty lace yokes, or fronts of lovely Swiss and Irish embroideries, clusters of the tucking, back and front, long or medium length sleeves, beautifully trimmed with insertion and lace, shoulders and sleeves are finished with heading; also a few tailored waists of fine Madras and vesting. Regular prices \$3.00 to \$4.00. Wednesday \$1.95.

LADIES' SUMMER DRESSES, \$1.95. A great clearing of Ladies' Summer Dresses, of linen, in soft shades, blues, grey, navy and natural, made in semi-princess style, yoke back and front of imitation Cluny lace, high collar and cuffs of lace, trimmed with piping of self, fold of self down centre of dress. 600 dresses in lot. Regular price \$2.25. Wednesday \$1.95.

GIRLS' NEW YORK DRESSES, 75c. On sale in James and Queen Street Section, of Cloak Department. Clearance sale of Girls' New York Dresses, made by one of the leading makers of these garments in New York; materials are fine chambray, in light and medium shades of fawn, brown, blue and red, fancy prints in stripes, spots, rings or checks, pink, red or black tones in the lot; styles are lar price \$1.49. Sizes 10, 12 and 14 years. Wednesday 75c.

A Cool, Comfortable Summer Suit for \$8.45

WOULD you pay \$8.45 for a Vacation Suit if you were satisfied you would look the part? It is not a high price for a gentlemanly suit, but you have the additional satisfaction of knowing they are sold regularly at \$12.50 to \$15.00. Stock-taking approaches.

157 only Men's Two-piece and Three-piece Summer Suits, made up, lined and unlined, from imported soft-finished tropical homespun and English tweeds, making a cool, comfortable summer suit; included in this lot are the very newest shades and colorings of the season. Made single breasted, newest cut. Regular \$12.50 to \$15.00. On sale Wednesday \$8.45.

\$6.50 Panamas for \$4.98

PERHAPS you never let your ambition soar to the height of a genuine Panama. Let it take a little whirl skyward now for once. You can pull a \$6.50 Panama down for \$4.98 in the Men's Store on Wednesday.

Men's Genuine Panama Hats, tourist shape, in fine close, even colors; fawn, brown, grey and blue, weaves, and thoroughly bleached. Regular \$6.50. Wednesday \$4.98. Men's Soft Hats, in fine fur felt, in fedora and crusher shapes. Regular \$1.50. Wednesday 95c.

Men's Underwear Reduced

REDUCED prices for Men's Underwear Wednesday—broken lines to hurry out before stock-taking. 50 Suits of Combination Underwear for Men, of "Health" Brand, elastic ribbed cotton, in pink or blue shades; sizes 34 to 46.
